#### Chapter 1211: Peerless In History

Om~

An azure glow flashed, and then Chen Xi's figure had already appeared at the 36th level of the Illusory Heaven Immortal Domain.

At practically the exact same time, sword qi that surged like a tsunami tore through the sky from all directions, and the sharp howls it emanated almost tore his eardrums apart.

The sword qi was like a thunderstorm that covered the heavens and the earth, and it came from the thirty six black clothed figures.

These black clothed figures were unlike the other levels. They were in groups of six, and they formed a Minor Sixunion Immortal Formation, whereas the six rounds of black clothed figures formed a Major Sixunion Immortal Formation together.

It was a formation over a formation, and it caused their attacks to be dense, murderous, and perfectly in order as if it was executed by a single person!

An indescribable feeling of pressure crushed down onto Chen Xi like a myriad of mountains, and it caused the spirit, energy, and essence within his entire body to seem as if it was on fire and boiling.

Early on when he was at the 35th level, the pressure he faced had already forced Chen Xi to bring out most of his potential, and his entire body and mind were already deeply immersed in a state of combat.

So at this moment, when he sensed this omnipresent pressure, he didn't feel uncomfortable at all. Conversely, the space between his brows was filled with a murderous, indifferent, and calm expression. His entire body was like a peerless sword that was hidden within a deep abyss, and it was unsheathed at this moment and revealed its edge!

Bang!

It was like a chaotic furnace had started to boil and blaze within him.

The comprehensions he'd obtained from the Scripture Reserve recently surged into his heart like tidewater, and they caused even his soul to shudder and arouse an impulse that was impossible to restrain.

This was the critical factor to advance! It was so strong and so filled with yearning, like a blazing flame that wanted to light Chen Xi's entire body ablaze. It wanted to blaze his essence, energy, spirit, and even the source of his vitality.

When looked at from afar, his entire body was suffused by a terrifying aura. Every single pore on his body emanated divine radiance and strands of blinding gold light.

I never expected that I would actually be unable to restrain it.

Nevermind, I've experienced the baptism of countless battles all along the way, and I endured the tempering of innumerable battles. I've passed through roars of blood that were covered in bones, walked through mountains that were covered in corpses... All my accomplishments now came from battles. Today, I'll break through in battle as well and step foot into the ranks of Golden Immortals!

It seemed like a thunderous voice was shouting in his heart, and it was like a fuse that lit Chen Xi ablaze.

Bang!

His imposing aura suddenly changed greatly. His entire body was suffused with an indescribable golden radiance that was sacred, pure, thick, and carried an aura that was clear like glass.

On the other hand, the Blackhole World, seas of the four-symbols, and the Cerebral Palace, Tanzhong acupoint, and Baihui acupoint that represented the barriers of the three mysterious seethed at this moment. They seemed as if they were about to charge through the barriers between them and converge together.

The Blackhole World was the origin of his Dantian, the place where his Dao Foundation resided.

The seas of the four-symbols were the foundation of a Heavenly Immortal and the place where his Immortal Force was stored.

The barriers of the three mysterious were where the three souls of the Mysterious Immortal Realm resided.

At this moment, these three areas actually rumbled and circulated in unison. It was like seething lava was whistling through his entire body, and if this terrifying energy wasn't completely vented, then it would probably be capable of instantly destroying a vast city of the Immortal Dimension!

Rumble! Immortal Force seethed, vital energy blazed, and Chen Xi's entire body started to undergo a shocking transformation at this moment.

All of this took a long time to be put in words, yet it actually occurred in an instant, and it had started as soon as Chen Xi stepped foot into the 36th level.

Wu~ Wu~ Wu~

At this moment, the sword qi that covered the sky had torn through the sky and arrived before him.

Clang!

With Starclasp in his hand, Chen Xi suddenly took a step forward like a golden arrow, and he left behind a dazzling and resplendent afterimage in space as he flashed past the rain of sword qi that covered the heavens and the earth.

Pu! Pu! Pu!

In merely an instant, everywhere Chen Xi passed, over ten black clothed figures were easily crushed by the Starclasp Immortal Sword in his hand, and they were paper that transformed into a rain of light that covered the sky before vanishing.

Kill!

Chen Xi's battle intent blazed while his will to fight was like a ray light that shot into the sky. He soared through the sky with an extraordinary imposing aura, and everywhere the edge of his sword passed, there were definitely a few black clothed figures that suffered death!

At this moment, Chen Xi was in a strange state. He seemed to be in battle, yet seemed to be breaking through, and as he moved, his movements actually faintly carried the aura of the Heaven Dao.

If this scene were to be seen by the others in the outside world, probably none of them would believe that someone in this world was actually able to breakthrough while in battle and charge into the Golden Immortal Realm!

After all, to the countless experts at the Mysterious Immortal Realm within the Immortal Dimension, the Golden Immortal Realm was so dangerous and difficult to surmount. Those that succeeded would attain an eternal gold body, and those who failed would turn to ash.

Under such circumstances, even supreme figures wouldn't dare to be careless in the slightest and would even prepare all sorts of resources like inviting numerous seniors of their sect to protect them as they broke through before possessing the courage to break through.

Yet Chen Xi actually chose to break through into the Golden Immortal Realm in battle!

Fortunately, this scene occurred within the Illusory Heaven Immortal Domain, otherwise if it was seen by others, it wouldn't be long before the entire academy would be stirred and would take Chen Xi to be a freak.

Of course, the precondition was that Chen Xi was able to succeed, otherwise others would think his actions at this moment were no different than the actions of a madman.

Bang!

An extraordinary and enormous strand of sword qi slashed down and swept away the lives of over ten more black clothed figures, and his all-powerful attacks made it simply seem like he was killing a group of helpless chickens.

It was even to the extent that when compared to the battle at the 35th level, Chen Xi was in a state of completely crushing his opponents at this moment. He swept through everything before him and none could bear the edge of his sword!

Even if it was at such a critical moment, Chen Xi hadn't lost his reason. But at this moment, his entire mind was locked onto the changes in the vital energy within his body, and he didn't have the time to pay attention to the changes in his surroundings.

The attacks that came from all directions had instead become like insignificant fleas that were unable to be of any threat to him.

"36th level, completed in the time of 27 breaths!" When Chen Xi had practically forgotten everything in the surroundings, the indifferent and utterly emotionless voice resounded by his ears.

He suddenly raised his head and saw that there were no more opponents on this level.

I passed just like that? When this thought flashed within Chen Xi's mind, his figure was already swept away by the azure glow, and he vanished from the 36th level...

Within a mysterious space at the depths of the academy, a mighty figure sat cross-legged on a rock. Not far away ahead of him was a boundlessly vast river of stars.

Suddenly, the mighty figure swiftly raised his head while his gaze seemed as if it could see through the profundities of the universe. It illuminated the river of stars and actually caused countless stars to shudder in unison.

"Breaking through in battle? Hah, Amazing!"

...

Right at the same time that Chen Xi was swept away by the azure glow, the green symbol that represented the 36th level on the wall of light outside the Illusory Heaven Immortal Domain had dimmed down.

"Chen Xi has broken the record for the first 36 levels. Results, 45 minutes and two breaths of time. First!"

At the same time, the spatial vortex at the entrance of the Illusory Heaven Immortal Domain surged violently, and then a voice that was like the ring of a bell swept out and slowly reverberated through the heavens and the earth.

The surroundings erupted in an uproar!

All the students present, no matter senior or new were dumbstruck at this moment.

They'd just seen Chen Xi enter the 36th level and originally thought it would continue for a period of time, yet never had they imagined that the curtains to the battle would be drawn before they could react from their shock!

On the other hand, Chen Xi's results made them filled with disbelief. He hadn't just made a new record, he'd even forcefully pushed down Yun Fusheng who'd occupied the position of first for countless years and ascended to the top himself!

The first! It was an entire thirty breaths of time faster than Yun Fusheng's results from all those years ago! Who could have imagined this?

"As expected, his name has already floated up onto the Passage Stone Stele..."

Some refused to believe it and shot their gazes towards the Passage Stone Stele, and when they saw Chen Xi's name replacing the position of first, they were instantly stunned on the spot.

The expressions of Ao Wuming and Jiang Canghai were extremely gloomy. No matter how they'd pondered about it, they'd never expected that Chen Xi would actually be able to make a new record, and it was even a record that had reached a height that Yun Fusheng from all those years ago couldn't compare to. It was sufficient to be considered unprecedented and peerless in history!

“Brilliant! Awesome! With this result in place, there’ll probably be very few people capable of breaking it!” Xuanyuan Yun spoke excitedly. Even with his cultivation in the Dao Heart, he was unable to restrain the excitement in his heart at this moment, and it obviously showed exactly how great was the shock and pleasant surprise that he felt from this news.

The other students instantly started chatting excitedly after they recovered from their shock while some immediately withdrew transmission jade slips in their possession and sent the news of Chen Xi’s record to their good friends.

“Hmph! So what if he broke the record? Isn’t he still unable to break through into the Golden Immortal Realm in the end?” At this moment, Ao Wuming could only console himself with this reason. It couldn’t be helped, Chen Xi’s results put extreme pressure on his as well, and it caused him to feel depressed and embarrassed in his heart. So, he naturally needed a reason to resolve this.

Even though Jiang Canghai hadn’t spoken, his expression eased up slightly when he heard Ao Wuming. Obviously, his feelings were exactly similar to Ao Wuming at this moment.

“Can both of you have a bit of poise?” Xuanyuan Yun frowned as he spoke with displeasure.

“I’m speaking the truth. Could it be that I said something wrong? If he has the ability, then why doesn’t he advance into the Golden Immortal Realm for all to see?” Ao Wuming sneered.

Meanwhile, someone suddenly exclaimed with surprise and bewilderment. “What’s going on? Why hasn’t Chen Xi been teleported out? Could it be that he has already advanced into the Golden Immortal Realm, and he has entered into the entrance area of the 37th level of the Illusory Heaven Immortal Domain?”

As soon as these words were spoken, everyone present realized that Chen Xi actually hadn’t been teleported out at this moment! When all of them shot their gazes towards the wall of light, they saw that the golden symbol that represented Chen Xi’s name had vanished, yet Chen Xi hadn’t made an appearance.

Thus, there was only a single explanation. He’d entered a higher level after passing through the 36th level, and it was common knowledge that the area above the 36th level and below the 73rd level was an area that only Golden Immortals could step foot into!

“He, he...couldn’t have broken through into the Golden Immortal Realm while he was still in battle, right?” Someone spoke with a trembling voice that carried shock that was impossible to conceal, and the words he spoke caused even he himself to be unable to maintain his calm.

Everyone looked at each other.

On the other hand, the expressions of Ao Wuming and Jiang Canghai were gloomy and unsightly to the extreme instead.

#### **Chapter 1212: Only Battle Can Bring Him Success**

The situation in the 36th level of the Illusory Heaven Immortal Domain couldn’t be seen from the platform below.

It was precisely because of this that they would suspect Chen Xi had advanced into the Golden Immortal Realm and had headed to a higher level when they saw Chen Xi hadn't emerged after so long.

Amidst this surprise and bewilderment, an instructor from the Dao Development Reserve sighed and confirmed their suspicion. "Based on the current circumstances, Chen Xi has definitely entered the entrance to the 37th level.

Everyone present was shocked and speechless.

It really is true!

This had exceeded the expectations of everyone. No one had imagined that someone could actually advance into the Golden Immortal Realm while challenging the Illusory Heaven Immortal Domain. All of this was simply like listening to a legend, and it was so unreal.

After all, it was the Golden Immortal Realm!

Moreover, the Golden Immortal Realm had always been taken to be a true difficult threshold in the long path to immortality. Since the ancient times until now, countless extraordinary and peerless geniuses had fallen before this threshold, causing most Mysterious Immortal Realm experts in the Immortal Dimension to fear trying to charge into the Golden Immortal Realm.

Even if it was those who had successfully advanced into the Golden Immortal Realm like Zhen Lu and Zhao Mengli, they'd made countless preparations before they advanced and even obtained the guidance and experience of numerous seniors. Moreover, they even had the protection of their seniors when they attempted to advance, and these seniors would protect them at the slightest sign of something going wrong.

Yet Chen Xi had advanced while challenging the Illusory Heaven Immortal Domain!

Comparatively speaking, it was naturally even more shocking.

Many people were astounded, and they felt that advancing into the Golden Immortal Realm for the first amongst the new students this time was simply as easy as eating. It caused them to be speechless, and they couldn't avoid from exclaiming with admiration.

How could there be such a person in the world?

Everyone present was unable to wrap their heads around this.

"No matter if Chen Xi is capable or not, at the very least he had advanced into the Golden Immortal Realm. Do the two of you have anything else to say?" Right amidst this silence, Xuanyuan Yun laughed loudly as he looked at Ao Wuming and Jiang Canghai with a smile on his face. Along with his voice resounding out, everyone shot their gazes over in succession.

Instantly, the expressions of Ao Wuming and Jiang Canghai sank.

Earlier, they didn't believe that Chen Xi was able to create a new record, yet Chen Xi had succeeded in the end, and it was even an unprecedented record!

After that, they used the fact that Chen Xi was unable to advance into the Golden Immortal Realm before the inner court exam to console themselves. Yet in the end, Chen Xi had directly advanced into the Golden Immortal Realm while challenging the Illusory Heaven Immortal Domain, and it was similarly unbelievable and aroused shock in everyone present here.

All of this was like a shapeless slap that struck their faces, and it burned and hurt.

It was even to the extent that the two of them were actually unable to refute Xuanyuan Yun's question.

"Hmph! You can feel complacent when he's able to participate in the inner court exam!" In the end, Ao Wuming spoke with rage before leaving with Jiang Canghai.

Xuanyuan Yun grunted coldly instead when he heard this. They just had to join forces with the Zuoqiu Clan. Sure enough, birds of a feather flock together.

...

Similarly, there was a vast platform between the 36th level and the 37th level and corresponding to this was a Passage Stone Stele and a wall of light that was capable of constantly revealing the situation within the 37th level to the 72nd level.

At this moment, many figures were standing here. All of them possessed mighty auras that were shockingly powerful, and all of them were at the Golden Immortal Realm.

Obviously, only existences at the Golden Immortal Realm were able to arrive at this area.

Om~

An azure glow swept out to reveal a tall figure. His entire body was bathed in dazzling golden radiance while his aura surged violently like an ocean. As soon as he appeared, his imposing aura instantly caused a mighty uproar.

However, before everyone could see this figure's appearance clearly, they felt a golden light flash before their eyes, and then that figure had already charged into the entrance of the 37th level and vanished in the blink of an eye.

"Who's that fellow?"

"It seemed to be... Chen Xi?"

"Chen Xi? How could that be possible? Could it be that he has already advanced into the Golden Immortal Realm?"

After they recovered from the shock they felt from this, all of them erupted into an uproar.

Practically all of them were the Golden Immortal Realm students of the outer court. They'd seen Chen Xi earlier when they were at the Dao Development Reserve, and they'd heard of some of Chen Xi's achievements and were clearly aware that Chen Xi had just advanced into the advanced-stage of the Mysterious Immortal less than two years ago.

So when they saw that golden figure that appeared abruptly earlier, even though they'd faintly recognized Chen Xi, they didn't dare believe it was him.

After all, this was a place that only Golden Immortals could arrive at, and no matter how they wracked their heads, they didn't dare believe that Chen Xi had actually advanced into the Golden Immortal Realm after less than two years...

Om!

Right at this moment, another figure appeared on the platform, and it was a young man in dark clothes.

As soon as he appeared, he quickly yelled. "Everyone! Everyone! Just moments ago, the record of the first 36 levels was broken, and even the record Yun Fusheng made all those years ago was pushed down!"

Everyone was shocked. Yun Fusheng's record was broken?

"It isn't just that. That fellow advanced into the Golden Immortal Realm while challenging the domain... Right, where is he? Why don't I see him?" The dark clothed young man swiftly swept the surroundings with his gaze as he spoke, yet he didn't notice that figure, and he couldn't help but be stunned.

"Who exactly are you talking about?"

Everyone started asking successively.

The dark clothed young man said casually, "Who? It's naturally the first amongst the new students, Chen Xi."

Chen Xi?

When they heard this extremely familiar name, the expressions of everyone was slightly dumbstruck. So that figure from before really was him!

"He broke Yun Fusheng's record and advanced into the Golden Immortal Realm while challenging the domain. This...this...this.... Is this fellow still human?" One of them was astounded and filled with disbelief.

The others looked at each other, and their hearts were wrapped in a wisp of shock and bewilderment.

Only the dark clothed young man asked while burning with impatience. "Everyone, did all of you see Chen Xi? I have a matter to discuss with him. I intend to help enroll my cousin brother into his Star Alliance."

"He has gone to the 37th level." One of them answered absent-mindedly.

"The...the 37th level?" At this moment, it was the dark clothed young man's turn to be shocked and spoke with a stutter. "Could it be that he intends to renew the records for the 72nd level?"

This guess was extremely absurd and preposterous. Even if all of them were shocked by Chen Xi's display, they still couldn't help but laugh when they heard this guess.

"If the record is so easily broken, then would it still be a record? This isn't the first 36th levels!"

“There isn’t a single outer court student like us on this Passage Stone Stele here. Moreover, amongst those ten names, only two are inner court students, and the other eight have already become a great figure in the Immortal Dimension!”

“Exactly. Look at the names of those two inner court students, one of them is the Flaming Rain, Ling Qingwu, and the other is the Iron Abyss, Ye Tang. The others are all seniors from countless years ago. If you say that Chen Xi who has just advanced into the Golden Immortal Realm is capable of making a new record in one go, then I wouldn’t believe it even if you bash me to death!”

Amidst their discussion, the shock in their hearts had dispersed greatly.

“No matter what, we have to make the best use of our time to improve our strengths. Presently, amongst the new students in the outer court, Zhen Lu, Ji Xuanbing, Zhao Mengli, Zhongli Xun... A total of seven of them have already advanced into the Golden Immortal Realm, and three amongst them are already ranked in the top 50 of the Allheaven Golden Rankings. It caused us senior students to lose three spots.” One of them spoke with a frown and was filled with anxiety. “Now, another one more has appeared. Even though less than half a year is left until the inner court exam begins, but can anyone guarantee that this fellow wouldn’t be ranked in the top fifty before the exam begins?”

As soon as these words were spoken, all the senior students went silent, and their expressions were extremely heavy.

There were only fifty spots to participate in the inner court exam, and merely in their outer court, there were almost three thousand Golden Immortal Realm senior students!

Three thousand people fighting for fifty spots, the competition amongst them was already extremely brutal. Now, some new students had joined this competition as well, and it undoubtedly caused this competition to become even more intense.

Even if it was merely a single spot, a qualification to participate in the inner court exam, but if it was seized away by someone else, then it would absolutely be worse than death to them.

At this moment, all the senior students deeply sensed the aura of danger.

...

Bang!

At the 37th level of the Illusory Heaven Immortal Domain, a strand of golden light flashed before a figure appeared with a bang. It was exactly Chen Xi.

Battle! I can’t stop, otherwise, I’ll definitely fail on the verge of success. Only battle can allow my advancement to obtain the most perfect transformation... In his heart, it seemed like there was a voice shouting and howling, and it was urging Chen Xi on since he left the 36th level. He didn’t have the time to consider anything at all and directly charged into the 37th level.

He was able to sense that his limbs, bones, meridians, and apertures were all filled with strands of golden lava-like Immortal Force. They seemed as if they were seething as they whistled, surged, and flowed throughout his body.

On the other hand, his spirit, energy, essence, and the vital energy within his entire body seemed to be on the verge of blazing amidst this transformation. So if he still didn't find a place to vent it, then he would probably burn from inside out in the next moment.

This was the danger associated with charging into the Golden Immortal Realm. At the same time that one attained the transformation, the entire process was filled with boundless danger! Rumble!

It was like countless mountains were colliding with each other within Chen Xi's body, and they emanated rumbling that sounded like muffled thunder. Moreover, a golden light that was violent, blazing, and resplendent was surging on the surface of his body.

When looked at from afar, he was like a dazzling and blazing sun at this moment, and it was blinding.

"The test of the 37th level. Begin!" The familiar indifferent and emotionless voice resounded.

Chen Xi's spirits were refreshed, and it felt like he was listening to the sound of nature. In the next moment, his gaze suddenly shot towards the distance, and there was a figure condensing into form there.

Come! Let me see if an opponent at the Golden Immortal Realm is capable of assisting me in charging through this last step! Chen Xi shouted in his heart while his battle intent surged, and his entire body seemed as if it was about to blaze up.

Clang!

In the next moment, he actually took the initiative to attack. He stomped the ground and held Starclasp in his hand as he slashed fiercely towards the figure in the distance.

#### **Chapter 1213: The Aura Of The Heaven Dao**

Swoosh!

A sword that flowed with the Laws shot into the sky. The swords of the five elements were easily overlapped and utilized by Chen Xi at this moment.

Moreover, unlike before, because Chen Xi's vital energy was undergoing a shocking transformation at this moment, the might of this strike seemed to be increasing explosively.

Clang!

However, the black clothed figure in the 37th level merely utilized a single strike to easily deal with Chen Xi's attack while still having some strength to spare, and it blasted Chen Xi flying.

Instantly, Chen Xi's mind cleared up greatly, and he clearly understood that his opponent's strength was probably at the true level of a Golden Immortal. Even though the black clothed figure's combat technique was inferior to Chen Xi, but everything was useless before absolute power. Under the force of such might, it was extremely difficult for him to fully utilize his combat technique.

Swoosh! Swoosh! Swoosh!

Before Chen Xi could attack once more, the black clothed figure flashed over with sword in hand to instantly arrive before Chen Xi. Sword qi crisscrossed as the black clothed figure instantly executed over a thousand slashes that seemed rain down like a dense thunderstorm.

Every single strand of sword contained a Golden Immortal Law. They were condensed, murderous, and filled with might. It had greatly exceeded the strength of Grand Dao Laws! Clang! Clang! Clang!

Because his opponent has mastered the ability to teleport, Chen Xi had instantly fallen into a passive state, and he could only block repeatedly yet was unable to execute a counterattack.

As they fought, their immortal swords howled and erupted with a myriad of strands of divine radiance while rumbling through the surroundings. Fortunately, this was the Illusory Heaven Immortal Domain, otherwise merely the aftershock from such a battle would create an unimaginable disaster.

The black clothed figure's attacks grew in strength while his figure teleported repeatedly in space. He was like a ghost that moved through space while the immortal sword in his hand grew in strength as well. Every single strike was accompanied by Golden Immortal Laws, and it was extremely terrifying.

The feeling of danger suddenly surged into Chen Xi's heart.

The strength of his opponent had greatly exceeded his expectations. Not only did he feel an indescribable pressure, most importantly, he'd very clearly realized that if this were to continue, then he would definitely be completely suppressed!

Moreover, the worst thing was that he was currently at a state of breaking through, and he was only a step away from completely advancing into the Golden Immortal Realm. If he were to be completely suppressed at this moment, then the consequences would absolutely be unimaginable.

Kill! Chen Xi gritted his teeth as he suddenly howled. He circulated the energy in his entire body and fully overlapped the swords of the five elements into one strike, allowing him to forcefully break through the black clothed figure's attacks and caused the black clothed figure's movements to reveal a trace of sluggishness.

But in merely an instant, this trace of sluggishness had vanished, and the black clothed figure attacked once more as if he intended to completely suppress Chen Xi in one go.

However, even though this trace of sluggishness had vanished in an instant, Chen Xi had still seized this opportunity to suddenly withdraw a jade bottle and swallow its contents. Numerous translucent and crystalline medicinal pills that were suffused with a vast and clear brilliance poured out and entered into his body.

Nine Aperture Clarity Divine Pills! Supreme immortal pills that were refined by the Nine Profundity Treasured Cauldron with over a hundred types of rare immortal materials as secondary ingredients and the peerless immortal herb, Primordial Azurelotus, as the main ingredient.

Only a single one of such medicinal pills had to be consumed when charging into the Golden Immortal Realm, and its medicinal strength would be sufficient to increase the possibility of success by almost 50%. It was absolutely a priceless and precious immortal pill. If it was placed in the outside world, it was sufficient to cause any Mysterious Immortal Realm expert to fight to the death to obtain it.

Yet at this moment, for the sake of breaking through into the Golden Immortal Realm, Chen Xi had swallowed almost eighteen Nine Aperture Clarity Divine Pills in one go!

Rumble! Instantly, the powerful medicinal strength of the pills melted before transforming into a torrent that rumbled loudly as it charged through every single inch of Chen Xi's body.

At the same time, Chen Xi's entire body was completely ablaze. His entire body flowed with golden light, causing him to seem like a god that had just walked out from a golden sea of flames, and his aura was rising steadily while becoming increasingly terrifying and horrifying...

Bang! At this moment, the black clothed figure slashed down once more, yet it was blasted back by a single strike of Chen Xi's Sword of Water.

Obviously, with the assistance of the Nine Aperture Clarity Divine Pills, Chen Xi's strength had increased explosively, and it had resisted a great deal of the pressure he faced.

But the pressure hadn't vanished completely!

Strictly speaking, this black clothed figure was a projection of Chen Xi himself. But the strange thing was that at this moment, Chen Xi was only in a state of transforming and advancing into the Golden Immortal Realm, and he still wasn't a true Golden Immortal.

However, his opponent was a true Golden Immortal, and this caused the black clothed figure's strength to virtually show signs of firmly suppressing Chen Xi.

It was even to the extent that one could say Chen Xi was in between the Mysterious Immortal Realm and Golden Immortal Realm at this moment. But he'd obtained the acknowledgement of the Illusory Heaven Immortal Domain, so he was actually in an unfair situation when he entered the 37th level.

It was precisely because Chen Xi didn't know this that he didn't care. Or perhaps, it could be said that he didn't have the mood to think about the reason at this moment. He only had a single thought, and it was to fight! Then break through!

...

Clang! Clang! Clang!

The collision of swords resounded through the heavens and the earth. Chen Xi and the black clothed figure locked in fierce battle. Sword qi shot out horizontally and vertically through space, and this entire area had become an utterly chaotic battleground.

The battle was extremely intense.

This won't do. The pressure is sufficient, but my own potential hasn't been completely unearthed... Chen Xi observed the changes in his body as he fought. He was very clearly aware that because his foundation was over a hundred times more solid than his peers, it caused his advancement to seem extremely difficult.

Coupled with the fact that he wasn't breaking through in meditation like everyone else and was breaking through in battle instead, thus the situation he was in became even more dangerous.

If an ordinary person were to be in this situation, then the person would have probably been unable to resist since a long time ago and would have failed the breakthrough.

Even if it was Chen Xi, this sort of situation was similarly extremely difficult and dangerous. But he was at a point of no return now. So he could only advance courageously and fight until the end.

Fight!

Fight!

Fight!

When he thought up to here, Chen Xi didn't hold back any longer while he stopped thinking about anything. He seemed as if he'd gone mad while his entire body and mind were clear. He was like a demon god that was born for battle and rampaged about.

Pu!

A blood hole was pierced through his left shoulder, yet Chen Xi seemed as if he hadn't noticed at all and continued charging towards his opponent.

Bang! His chest was blasted apart by a heavy strand of sword qi from the side, and then a clear and resounding sound of bone shattering to resound, causing him to spit out a mouthful of blood while his body trembled. However, he gritted his teeth and held his sword while charging forward once more.

In his eyes, battle intent blazed like flames, and it seemed as if it intended to burn the sky! Swish! A terrifying scar appeared from his left shoulder to his stomach, and it almost split his heart apart. But Chen Xi still didn't stop, and it was even to the extent that his attacks became even fiercer and swifter.

...

In merely ten minutes of time, Chen Xi was already bathed in blood, and not a single inch of skin was whole on his body. His appearance was extremely horrifying, yet his eyes seemed like a vast starry sky that was on fire and intended to melt the universe! It was battle intent! It was also the staunch and unyielding feelings he had towards his path towards the Grand Dao! Allheaven, Allheaven, boundlessly vast, without start not end. Its origins are unknown, so where does one find the path to traverse it...? Amidst this intense battle that could even be considered horrifying, a voice inexplicably arose in Chen Xi's heart. It was the description within an ancient scripture towards the Golden Immortal Realm, and it didn't carry any profundities or anything that was difficult to understand.

But at this moment, Chen Xi seemed as if he'd attained sudden enlightenment. His entire soul, vital energy, and even body and Dao Heart suddenly trembled.

At the same time, an enormous bang resounded as something seemed to have been broken within him. After that, his Blackhole World, sea of the four-symbols, barriers of the three mysteries.... All of them were linked together and fused into a whole! The Immortal Force that roared and seethed like lava and the thick medicinal strength that came from the eighteen Nine Aperture Clarity Divine Pills fused together perfectly at this moment, and they transformed into an expanse of a golden and brilliant ocean! It was a pure gold color that was without any impurities. It emanated a divine and grand aura, and it was the Allheaven Immortal Force that Golden Immortals possessed!

Success equaled an eternal gold body!

When he advanced into the Golden Immortal Realm, the apertures on his entire body linked together and merged into a whole. He himself was a vast world, and this world was called the Allheaven Level.

All of these were the signs that he'd advanced into the Golden Immortal Realm!

...

Bang!

At this moment, Chen Xi's entire body was clear, his soul was transparent, and the injuries on every single inch of his skin instantly closed up in this instant. His skin became clean, fair, and clear like glass, yet it seemed to be warm like jade.

It was even to the extent the striations on his skin revealed a bright aura, and it emanated a natural aura.

His eyes became deep like an abyss and vast like the starry sky. It seemed as if it was capable of revealing the entire universe and indescribable profundities.

On the other hand, the vital energy in his body rumbled as it rose explosively. Instantly, it was more than ten times stronger than before, and it was still rising continuously! At this moment, even though Chen Xi's clothes were tainted with blood and in rags, he seemed like the purest piece of fine jade in the world. Every single move he made revealed the terrifying imposing aura of a Golden Immortal, and he seemed like he was capable of ruling over the world and travelling through the ages! I've succeeded... Chen Xi muttered with an utterly emotionless and composed expression.

Swoosh! The black clothed figure slashed down from behind him. The blade of the sword was boundless like sharp, and it emanated a myriad of strands of the energy of Golden Immortal Laws.

Chen Xi didn't even turn around when facing this attack. He casually waved his hand, and a wave of sword qi crushed and rumbled through space like an expanse of tidewater before it easily drowned the black clothed figure along with the strand of sword qi.

Instantly, the black clothed figure transformed into a rain of light that dissipated into the surroundings! It was an extremely simple attack, and compared to the horrifying battle from before, it was like the difference between the heavens and the earth. It was incomparable!

"37th level, completed in the time of 15 minutes and 37 breaths!" The indifferent and utterly emotionless voice resounded, and it announced the outcome of Chen Xi's challenge this time. However, along with this voice resounding through the air, Chen Xi wasn't teleported to a higher level.

He raised his head, and then he sensed an indescribable aura had suddenly suffused the entire heavens and the earth of these 36 levels, causing the order in the entire Illusory Heaven Immortal Domain to fall into stasis.

It was the aura of the... Heaven Dao!

**Chapter 1214: Divine Crest Bestowed By The Heavens**

At this moment, it wasn't just Chen Xi who'd sensed the aura of the Heaven Dao, all the students outside the Illusory Heaven Immortal Domain swiftly raised their heads while revealing shocked expressions.

"The aura of the Heaven Dao!"

"Could it be that a tribulation is descending?"

"No, it's an auspicious sign. If I'm not wrong, it's because a student that obtained the Praise of the Gods has advanced into the Golden Immortal Realm, arousing the Karmic Luck of the Heaven Dao to bestow a Divine Crest!"

"What? A Divine Crest bestowed by the Heavens?"

"Chen Xi, it's definitely him. The Praise of the Gods he obtained before entering the academy exceeded the scope of the Resonance of the Heavens and the Earth!"

"Chen Xi? So, it's him..."

At this moment, no matter if it was the students or Saint Immortal Realm experts at the entrances at the 1st, 36th, and 72nd level of the Illusory Heaven Immortal Domain, all of them had guessed the answer. All of them exclaimed endlessly with admiration, and they more or less were unable to refrain from revealing a wisp of admiration.

A Divine Crest bestowed by the Heavens!

It was a blessing from the Heaven Dao, and a Golden Immortal Realm expert didn't have to condense and comprehend bitterly before directly obtaining an Allheaven Divine Crest!

It was a supreme source of temptation that was impossible to be resisted by any Golden Immortal.

After all, it was common knowledge that condensing an Allheaven Divine Crest was absolutely not easy, and it could even be said to be extremely difficult. An ordinary Golden Immortal was only able to condense and grasp a single Allheaven Divine Crest in their entire lifetimes.

"How formidable! He really has advanced into the Golden Immortal Realm. It has only been less than two years! He's truly an incomprehensible freak! How many types of Grand Dao Laws do all of you think the Divine Crest bestowed to Chen Xi will possess?" Someone exclaimed with admiration and asked curiously.

An Allheaven Divine Crest was something condensed into form from two or more Grand Dao Laws. Normally speaking, an ordinary Allheaven Divine Crest only contained two types of Grand Dao Laws, and some formidable Allheaven Divine Crests contained three or more Grand Dao Laws instead.

The difference in number caused the might contained within the Allheaven Divine Crests to be completely different.

If one wanted to differentiate an Allheaven Divine Crest's superiority, there were roughly two methods. The first was the amount of Grand Dao Laws it possessed, and the second was the easiest method to judge an Allheaven Divine Crest. The other method depended on the types of Grand Dao Laws contained within it.

After all, there were both ordinary and rare Grand Dao Laws. For example, the five elements, Yin, Yang, wind, lightning, and other similar Grand Dao laws were ordinary Grand Dao Laws, whereas, star, light, darkness, and so on and so forth were rare Grand Dao Laws instead.

For example, it was difficult to differentiate the superiority between an Allheaven Divine Crest that contained five ordinary Grand Dao Laws and an Allheaven Divine Crest that contained a rare Grand Dao Law.

At that time, perhaps it depended on the strength of the Golden Immortal that possessed the Allheaven Divine Crests.

Everyone's interest was instantly aroused when it was mentioned that Chen Xi was about to obtain a Divine Crest bestowed by the heavens, and all of them started guessing.

"When Zhen Lu advanced into the Golden Immortal Realm last year, he obtained the Four-symbol Divine Crest that contains the Grand Dao Laws of wood, fire, earth, and metal. After that, Ji Xuanbing advanced and obtained the Imperial Dao Divine Crest. Even though it only contained a single Grand Dao Law, but it was a rare Grand Dao Law, and it was on par with Zhen Lu."

"As for Zhao Mengli, she obtained a Divine Crest bestowed by the heavens as well, but no one knows exactly what Allheaven Divine Crest she obtained. However, it's probably on par with Zhen Lu and Ji Xuanbing."

"It's common knowledge that the Praise of the Gods Chen Xi obtained far exceeded the three of them. In my opinion, the Allheaven Divine Crest Chen Xi obtains will definitely far surpass them."

"In this way, Chen Xi will either obtain an Allheaven Divine Crest that contains more than four Grand Dao Laws or obtain one that contains a rare Grand Dao Law?"

"Definitely!"

"Don't forget that the might of the Praise of Gods Chen Xi obtained was roughly on par with Senior Yun Fusheng from all those years ago, and it's common knowledge that the Allheaven Divine Crest Senior Yun Fusheng obtained was the 'Shadow of Time!' It was a branch of the supreme Law, the Temporal Dao, and its might was unprecedented."

"You mean Chen Xi might be able to obtain a Divine Crest that contains a supreme Law like Senior Yun Fusheng?"

"It's possible, but there's not much hope. What's a supreme Law? There are only three that are known to all in the Immortal Dimension, and they're respectively Temporal, Spatial, and Life and Death! These are supreme profundities that can only be comprehended at the Immortal King Realm."

"Moreover, for example, the Temporal Laws are divided into numerous branches like the Lag of Time, the Shadow of Time, the Restriction of Time, Time Backtrack, and so on and so forth. Even then, not just anyone has the luck to comprehend it, and only existences at the Half-step Immortal King Realm are able to come into contact with the branches of these supreme profundities."

“The reason Chen Xi might be able to obtain it is because it’s the bestowal of the Heaven Dao. No one can be sure what it’ll be, but there’s very little chance to obtain the branch of any one of these supreme Laws, unless he’s as fortunate as Senior Yun Fusheng from all those years ago.”

The crowd discussed animatedly, and they were extremely curious towards the Divine Crest that was about to descend and be bestowed to Chen Xi.

Om~

At this moment, the sky above the Illusory Heaven Immortal Domain was suffused with a thick aura of the Heaven Dao. The secrets of the heavens were surging, and it emanated a myriad of strands of auspicious light that flowed with divine radiance.

Because the commotion caused by this was too great, it even alarmed many seniors in the academy and attracted their attention. In practically an instant, numerous formidable wills swept over.

“A Divine Crest bestowed by the Heaven Dao?”

“Interesting, I remember that many new students from this year obtained the Praise of the Gods. Which little kid is advancing into the Golden Immortal Realm this time?”

“Dammit! He’s actually advancing within the Illusory Heaven Immortal Domain, this makes it difficult for us to watch exactly what is happening.”

“Haha! Daoist Nun Jiang, didn’t you hear the discussions of those little fellows? It’s Chen Xi!”

“I know it’s him. But what I want to know is exactly what Allheaven Divine Crest he obtains. After all, his natural talent is on par with Yun Fusheng from all those years ago.”

“Alas, I want to know as well. Unfortunately, the Illusory Heaven Immortal Domain was personally created by the Dao Emperor himself, so we’re unable to see exactly what’s occurring within it. We can only wait for the Heaven Secret Divine Mirror to announce it.”

...

The aura of the Heaven Dao in the sky grew stronger and stronger, and it drew the attention of more and more gazes.

After an unknown period of time, a shapeless fluctuation suddenly arose, and it caused the aura of the Heaven Dao to completely transform into a wisp of refreshing wind that vanished completely.

At the same time, on a mountain within Dao Emperor Academy was an ancient and mottled stone mirror. Right when the aura of the Heaven Dao vanished, a wisp of clear light suddenly surged into appearance on the surface of the stone mirror, and then it condensed into a Divine Crest enshrouded by five colors before vanishing in an instant.

But this scene was noticed by many gazes.

“A Five Element Divine Crest? Five types of Grand Dao Laws?”

“It isn’t wrong, right? Why isn’t it the Divine Crest that contains a supreme Law?”

“The Heaven Secret Divine Mirror is able to grasp a trace of the secrets of the heavens, and it has stood in the academy for countless years. Have you ever seen it make a mistake? This matter is definitely true.”

“Unfortunately, even though this Five Element Divine Crest is unimaginably formidable, it’s inferior to the Shadow of Time that Yun Fusheng obtained all those years ago.”

In next to no time, everyone including the students outside and inside the Illusory Heaven Immortal Domain knew that Chen Xi had obtained the Five Element Divine Crest. There were those that exclaimed with admiration, those that felt pity for him, and many others that had varying reactions.

They exclaimed with admiration because the Divine Crest bestowed to Chen Xi was indeed slightly more formidable than the Divine Crests obtained by Zhen Lu, Ji Xuanbing, and the others.

They felt pity because the Five Element Divine Crest wasn’t rare and unique like the Shadow of Time obtained by Yun Fusheng all those years ago.

Swoosh! Right amidst these discussions, a bright light flashed at the entrance on the 36th level of the Illusory Heaven Immortal Domain, and then Chen Xi’s tall figure appeared on the platform.

At this moment, his clothes were in rags and tainted with blood while his aura was deep like an abyss, and his entire body was suffused with a pure, divine, and supreme imposing aura.

The discussions in the surroundings stopped abruptly when they saw Chen Xi appear, and then all their gazes shot towards Chen Xi in unison while they couldn’t help but reveal complicated expressions.

It was precisely this new student that had just broken the record for the first 36 levels and was peerless in history. Now he’d advanced into the Golden Immortal Realm and obtained a Divine Crest bestowed by the heavens. If he wasn’t standing right before their very own eyes, they would even think that they were dreaming.

Chen Xi seemed as if he didn’t notice all of this at all. Even though his expression was calm, the corners of his mouth were suffused with a strange expression, and he didn’t spare the surroundings a glance before leaving hastily.

“Hmm? Could it be that he’s continuing?”

“Idiot! Chen Xi has already advanced successfully into the Golden Immortal Realm and obtained a Divine Crest bestowed by the heavens. How could he have the mood to challenge the trials of the Illusory Heaven Immortal Domain now?”

The sounds of discussions resounded once more when they saw Chen Xi leave.

“Alas, let’s forget this. Everyone, we have to work hard as well. There are many freaks amongst the new students this time, and if we still don’t make the best use of our time, then not to mention the inner court exam this time, we probably wouldn’t have the qualifications to participate in the next inner court exam...” A senior student sighed with emotion in a complicated tone.

The others went silent as well. As they thought about everything they’d witnessed today and thought about the upcoming inner court exam, their hearts felt slightly heavy, and they unconsciously clenched their fists together.

...

Strange, truly strange. Why was I able to obtain two types of Divine Crests at the same time? Within the Emperor Grade Abode on Vastcloud Mountain, Chen Xi was sitting cross-legged since he returned, and he frowned as he contemplated everything that had occurred earlier within the 37th level of the Illusory Heaven Immortal Domain.

At that time, when the aura of the Heaven Dao descended, it caused him to instantly obtain a shapeless energy of the Grand Dao that completely condensed into a Five Element Divine Crest that was under his control.

Originally, he thought that all of this was about to end, yet never had he imagined before he could recover from his shock, the aura of the Heaven Dao descended once more, and it allowed him to obtain another Divine Crest!

At that time, the aura of the Heaven Dao entered my body and completely enveloped me. There seems to have been nothing exceptional that occurred... Wait, I remember now! A flash of inspiration suddenly flashed within Chen Xi's mind as he contemplated with a frown on his face, and he finally recalled that the aura of the Heaven Dao seemed to have come into contact with the River Diagram fragments within his sea of consciousness before it shook lightly...

### Talisman Emperor

#### **Chapter 1215: Spatial Divine Cres**

Yes!

It's definitely the River Diagram fragments!

The more carefully he thought about it, the more confident he felt that the second Divine Crest bestowed to him by the Heaven Dao was definitely related to the River Diagram fragments within his sea of consciousness.

"You've advanced into the Golden Immortal Realm?" Meanwhile, the tiny cauldron spoke abruptly.

Chen Xi nodded, and then he seemed to have realized something and asked. "Senior, have you heard of someone comprehending Spatial Laws at the Golden Immortal Realm?"

The tiny cauldron was obviously stunned, and it said after a short while. "During the primeval time, such incidents have occurred occasionally." When it spoke up to here, it couldn't help but ask. "Could it be that you've grasped the Spatial Laws?"

Chen Xi nodded. "I obtained two Divine Crests bestowed by the heavens earlier. One was the Five Element Divine Crest, and the other is the Spatial Divine Crest. But I don't dare confirm it with certainty."

He really didn't dare, and it was even to the extent that because he was unable to, he'd returned in advance from the Illusory Heaven Immortal Domain, and it was for the sake of studying this Spatial Divine Crest that he'd obtained by chance.

After all, time was exalted and space was king, this was a piece of common knowledge in the Immortal Dimension. No matter if it was time or space, both of them were supreme Laws that stood supreme above all the various Grand Daos.

Most importantly, such a supreme Law was something only those at the Immortal King Realm were able to comprehend and grasp! Even though a Golden Immortal was able to escape the spatial restraints of the Immortal Dimension's Laws and teleport freely, but it was only an ability of a Golden Immortal and not true grasp of the profundities of space.

The tiny cauldron was obviously shocked by what Chen Xi said, and it said with a strange tone after a long time, "You really are a freak."

"..." Chen Xi rubbed his nose and was slightly speechless.

"You ought to be very well aware that time, space, and life and death; these three supreme Laws can only be comprehended at the Immortal King Realm, and every single one of these supreme Laws are divided into numerous branches."

"For example, Time Backtrack, Spatial Lag, Life Manipulation, and so on and so forth."

The tiny cauldron spoke slowly, and when it spoke up to here, it couldn't help but ask once more. "Are you sure that you obtained the Spatial Divine Crest and not one of the branches of the Spatial Laws?"

Chen Xi noticed the seriousness in the tiny cauldron's tone, thus he sensed it solemnly once more before he said, "The Spatial Divine Crest I obtained seems to be able to advance. Its initial state is Spatial Vibration, the second level is Spatial Ripples, the third level is Spatial Tide... As for the highest level, I'm unable to sense it for now."

When the tiny cauldron finished listening to him this time, it didn't hesitate before it said, "According to what you said, it's definitely the Spatial Laws, and it's the Spatial Laws that're condensed into a Divine Crest..." When it spoke up to here, the tiny cauldron was slightly at a loss for words.

The tiny cauldron was entirely able to accept that Chen Xi had advanced into the Golden Immortal Realm within two years because it was clearly aware that Chen Xi possessed a rare treasure like the Star Manor. Moreover, Chen Xi's natural talent was the very best, so it was impossible for him not to advance in this time.

But the tiny cauldron was slightly unable to imagine that Chen Xi actually had been bestowed with two Divine Crests when he advanced into the Golden Immortal Realm. Moreover, one of them was even the complete supreme Law, the Spatial Laws!

This sort of heaven defying good fortune caused the tiny cauldron to be unable to help but feel slight envy towards Chen Xi.

Chen Xi didn't feel excited by all of this because he was clearly aware that this was luck, and it was a gift from the River Diagram fragments.

In fact, since he obtained the first River Diagram fragment until now, Chen Xi had obtained countless benefits from the River Diagram fragments. There were times when it helped him deal with the danger

he faced, there were times it indirectly helped him get through a difficult situation, and even a supreme Divine Ability like the Eye of Divine Truth had come from the River Diagram fragments.

Since the Spatial Divine Crest has arrived in my possession, then it proves that I can comprehend and utilize it with my current cultivation... Chen Xi pondered briefly before he took a deep breath, and then he pointed forward lightly.

Om~

Along with this action, the space in an area of 30m around Chen Xi suddenly started vibrating, and it created a sharp howling sound.

On the other hand, from the beginning until the end, Chen Xi hadn't utilized a shred of Immortal Force.

In other words, this was the might of the Spatial Divine Crest he possessed, and the force it created caused the surrounding space to vibrate.

Let me try my sword qi!

Swoosh!

Chen Xi pressed his fingers together to form the shape of a sword, and then he utilized the Spatial Divine Crest on it before suddenly slashing forward.

All he heard was a swishing and sharp wave of the sound of space shattering. It was clearly a sword strike executed with his fingers, yet it caused the space in an area of 30m to vibrate, and it caused numerous incorporeal strands of sword qi to shoot out.

When looked at from afar, it was like incorporeal sword qi shot out from every inch of space in an area of 30m, and it covered the entire surroundings. It was utterly impossible to catch a trace of them, and it was extremely mysterious.

"Your grasp of the Spatial Laws is too shallow now. A true existence at the Immortal King Realm is able to cause countless expanse of space to overlap with a wave of the hand. Even if you have the might to destroy the world, if you're unable to charge through the restraints of space, then it's utterly impossible to inflict any injury on the Immortal King." The tiny cauldron couldn't help but remind him. "Since you're clearly aware now that the first level of the Spatial Laws is Spatial Vibration, then completely grasp it first and perhaps you'll be able to bring forth its greatest might."

Chen Xi nodded. He'd indeed noticed that even though he'd obtained the Spatial Divine Crest, his grasp of it was superficial, and it was even to the extent that it couldn't even be considered as superficial.

Perhaps I can deduce it through the aid of the Infinite Divine Talisman once I completely grasp the first level, Spatial Vibration. I'll only be able to completely bring forth its might if I'm able to obtain an inheritance related to space, right? Chen Xi thought in his heart.

"Mmm, I was meaning to ask you how many Starpoints you've earned?" Meanwhile, the tiny cauldron coughed dryly while its voice was actually slightly bashful.

Chen Xi was stunned, and then he said with a smile, "I've earned around..." He hadn't finished speaking when his face froze because he suddenly recalled that he seemed to have lavishly spent too many Starpoints today...

320,000... He hurriedly withdrew the Violet Ribbon Starcrest and took a look, and when he saw the number on it, the corners of his mouth couldn't help but twitch.

After that, he came to a complete understanding, and he couldn't help but laugh bitterly without end. Originally, he possessed over seven million Starpoints, but after he entered the Scripture Pavilion, he'd successively read over 100 books and every single one of them were worth 8,000 Starpoints. After that, he'd given the Book Demon, Benji, 51,000 Starpoints in compensation for the guidance provided to him.

Besides that, he'd entered the Illusory Heaven Immortal Domain and paid 800,000 Starpoints to enter the first 36 levels before paying an entire 1,800,000 Starpoints to enter the 37th level!

After that... He was only left with 320,000 Starpoints.

No wonder A'xiu said that Starpoints were everything in the academy. Sure enough, one can't do anything without Starpoints. But isn't the academy too ruthless in the amount of Starpoints deduction? When Chen Xi thought about how he'd only entered the 37th level of the Illusory Heaven Immortal Domain yet had wasted 1,800,000 Starpoints, he couldn't help but feel pained while his heart almost started bleeding.

These Starpoints were all accumulated from the hard work of his clone all day and night, and it was obtained with great difficulty after an entire year. Now, it was completely spent away in a single day, so how could he not feel depressed?

When it saw Chen Xi's expression change repeatedly, the tiny cauldron very sensibly refrain from asking him this question a second time, and it just sighed faintly.

"Senior, don't be anxious. The Chaos Quintessence Fragment is still within the Starpoint Hall and no one has gone to exchange their Starpoints for it, so we still have a chance." Chen Xi said hurriedly, "Not to mention, I'm already ranked at the first position on the Passage Stone Stele for the first 36 levels of the Illusory Heaven Immortal Domain, so I'll be able to obtain a reward of one million Starpoints every single month. Once I've reinforced my cultivation realm, I'll go test my strength on the Allheaven Golden Rankings. So long as I'm able to be ranked on the rankings, then I'll similarly be able to obtain a huge amount of Starpoints every single month..."

The tiny cauldron interrupted angrily. "Why explain so much to me? I was just asking casually earlier, and I'm not angry, so why're you so nervous?" Even though it spoke in this way, but its tone had obviously turned for the better.

Chen Xi heaved a sigh of relief in his heart when he heard this. As he looked at the tiny cauldron that was completely round and white like jade, an absurd thought flashed in his mind for no reason — Why does the tiny cauldron's tone seem more and more like a woman's?

He was shocked by this thought of his, and he hurriedly shook his head before discarding this thought. If it's really like this, then it's too terrifying. A woman that has lived from the primeval times until now! Exactly how old would she be?

Afterwards, Chen Xi didn't waste any more time and entered the world of stars to reinforce his cultivation.

Advancing into the Golden Immortal Realm this time could be said to be extremely difficult and dangerous, but his gains were enormous as well. It allowed Chen Xi to perfectly attain the Golden Immortal Realm, and not only had a world been formed within his body, even his Immortal Foundation was over a hundred times greater than his peers.

Only less than half a year is left before the inner court exam. After I reinforce my cultivation, I'll head over to Dao Seeker Mountain to determine my position on the Allheaven Golden Rankings. Only in this way would I be able to confirm if I'm able to be ranked in the top fifty and obtain the qualifications to participate in the inner court exam... Chen Xi took a deep breath before he sat cross-legged within the world of stars, and he fell into deep meditation.

...

After one month in the outside world.

Swoosh! The tightly closed door of his abode opened before Chen Xi's figure flashed and vanished into thin air. He'd directly teleported towards Dao Seeker Mountain.

Dao Seeker Mountain was situated in the outer court of Dao Emperor Academy. The mountain was formed from the remains of a primeval Dragon Turtle Immortal Beast. A stone stele that shot into the sky stood towering on this mountain, and the Allheaven Golden Rankings were recorded on it.

Presently, along with the inner court exam coming closed and closed, the popularity of Dao Seeker Mountain was prospering. When Chen Xi arrived here, there were already many students standing here. Some were inspecting the rankings while some were determining their rankings. There were figures moving about all over it, and it seemed to be bustling.

"Senior Brother Chen Xi!"

"Senior Brother Chen Xi has arrived as well." "Look, that's Chen Xi. He created a new record in one go for the first 36 levels of the Illusory Heaven Immortal Domain last month, and he's ranked at the position of first. Moreover, he even advanced into the Golden Immortal Realm while challenging the domain and was bestowed with the Five Element Divine Crest!" "So he's Chen Xi. How extraordinary! Could it be that he came here today to determine his ranking as well?"

"Come, let's go over and watch."

When they saw Chen Xi arrive, it instantly drew the attention of many students, and the gazes of some new students shot at Chen Xi more or less carried a trace of adoration.

On the other hand, the gazes the senior students shot at Chen Xi were filled with a complicated expression, and it was even to the extent that their gazes were faintly vigilant and solemn. They seemed as if they'd taken him to be a formidable opponent.

Chen Xi was slightly stunned as well as he'd never expected that his reputation was on the verge of being known by all...

### **Chapter 1216: Endless Disturbance**

Right amidst this wave of discussion, Chen Xi walked over towards the stone stele.

The entire stone stele was suffused with golden radiance, and it clearly listed the first 500 names on the Allheaven Golden Rankings. These names flowed with a strange glow, and it was an honor that others looked up to.

According to Chen Xi's knowledge, outer court students that were able to be ranked in the top 500 of the Allheaven Golden Rankings would obtain a certain amount of Starpoints as a reward every single month.

For example, the first 500 would obtain 10,000 Starpoints every single month.

The first 400 would obtain 50,000.

The first 300 would obtain 100,000.

The first 200 would obtain 200,000.

The top 100 would obtain 400,000.

Moreover, the top 100 were differentiated into five levels according to their rankings, and it was respectively the top 50, top 30, top 10, top 5, and top 3.

These five levels were respectively able to obtain 800,000, 1,000,000, 1,500,000, 2,000,000, and 3,000,000 Starpoints, whereas, the first was able to obtain an extra 2,000,000 Starpoints every single month. So, it was a total reward of 5,000,000 Starpoints!

In other words, if one was able to obtain the first position on the Allheaven Golden Rankings, then even without accepting and completing a single assignment in a year, the person would be able to obtain 60,000,000 Starpoints!

Of course, it wasn't that easy to obtain the first. In the outer court, every single student was charging for the first, so it was practically impossible to occupy the first position for an entire year.

It wasn't just the first position, even all the first 500 positions on the Allheaven Golden Rankings frequently underwent changes. Names ascended into it every single day, and similarly, the names of some were pushed out of it.

It was practically impossible to occupy a position for a long period of time by relying on a single test before the stone stele.

Simply speaking, the rewards of Starpoints for the Allheaven Golden Rankings was extremely generous, but not anyone could occupy a position on the rankings, and even if one was able to occupy a position, it was impossible to occupy it for a long period of time.

Chen Xi was clearly aware of all of this, but similarly, he was rather moved by the rewards of the Allheaven Golden Rankings.

No matter if it was for the sake of the River Diagram fragment or the Chaos Quintessence Fragment, he urgently needed to earn even more Starpoints. Otherwise, once he missed the chance to obtain those two precious treasures, then he would absolutely regret it for his entire lifetime.

“Zhen Lu really is extraordinary. He ascended to the 35th position in one go when he tested himself last year, and now, only after a single year has passed, his ranking has already ascended to the 10th position!” “Actually, it isn’t just Zhen Lu. Look at Ji Xuanbing and Zhao Mengli, aren’t they both ranked at the 13th and 15th respectively?”

“I heard that from some seniors of the academy that there’re a large number of geniuses amongst the new students this time, and it’s the most when compared to the recruitments of the past. Now it would seem like they really deserve their reputation.”

When Chen Xi arrived here, there were many students that were discussing the rankings, and they mostly discussed Zhen Lu, Zhao Mengli, and Ji Xuanbing.

After all, amongst the top fifty, only three of them were new students, whereas all the rest were senior students. Thus, they seemed to be rather conspicuous.

When he heard these discussion, Chen Xi raised his eyes and looked at the top fifty names, and then he said in his heart, I suppressed all of you during the recruitment test while at the initial-stage of the Mysterious Immortal Realm. Now, all of you are Golden Immortal Realm, and I’m a Golden Immortal as well. I’ve already caught up to all of your footsteps in terms of cultivation, and in terms of combat strength, all of you are probably already inferior to me...

While thinking like this, Chen Xi immediately walked forward and took a deep breath. He was just about to determine his ranking when he was stopped by an urgent voice.

“Chen Xi!” A figure in a fiery red dress, with fair skin, a beautiful appearance, and an oppressive, noble, and proud aura drifted over.

“Miss Zhao, so you’re here as well.” Chen Xi raised his eyes and looked over, and he couldn’t help but be slightly stunned when he saw it was Zhao Mengli.

“You still have the mood to come here at a time like this?” Zhao Mengli’s beautiful brows knit together as she spoke.

“What’s wrong?” Chen Xi’s brows knit together. Coming here to determine my ranking doesn’t offend anyone, right?

Zhao Mengli couldn’t help but be slightly stunned when she saw Chen Xi’s innocent appearance, “Could it be that you really didn’t get the news?”

“What news? It’s related to me?” Chen Xi was even more puzzled.

At this point, Zhao Mengli finally affirmed that Chen Xi was really clueless, and she couldn’t help but feel slightly speechless as she glanced at him while she said in her heart, I really wonder exactly how this fellow became the leader of the Star Alliance. He actually doesn’t know anything about his Star Alliance...

She took a deep breath and said, "Just moments ago, the Zuoqiu Society's Liu Zefeng led many of his companions to issue a challenge to your Star Alliance. If your Star Alliance loses, then it has to be dismissed and enter their Zuoqiu Society."

She paused for a moment and looked at Chen Xi as she said, "You're probably very well aware that those members of your Star Alliance are all new students, and it's utterly impossible for them to be a match for the Zuoqiu Society."

Chen Xi was stunned, and then his face quickly sank as he said, "The academy allows such challenges?"

"This is a struggle between student societies. If one side issues a challenge and the other side consents, then it's considered to conform to the rules of the academy. I feel that Liu Zefeng is targeting you. After all, you defeated him at the Dao Development Reserve last year, causing his reputation to sweep the floor and be unable to hold his head high no matter where he went."

Zhao Mengli seemed to have thought of something as she said, "As for whether someone else put him up to it, I presume you're clearly aware of the answer."

Liu Zefeng!

Chen Xi's gaze turned cold while flames of rage rose in his heart. At the Dao Development Reserve last year, Liu Zefeng who was a Golden Immortal Realm expert at the time had challenged him, and it was already going too far. Now, not only did Liu Zefeng not know how to restrain himself, he was even trying to take a yard after given an inch, and he intended to dismiss the Star Alliance through a challenge. How could Chen Xi not be furious?

"He's ranked at the 8th position on the Allheaven Golden Rankings. His cultivation realm was suppressed when he fought you at the Dao Development Reserve last year, and perhaps he feels that he lost unjustly, so he intends to reclaim his honor after he found out that you've advanced into the Golden Immortal Realm." Zhao Mengli frowned as she said, "But the problem is the members of your Star Alliance have already accepted his challenge, so outsiders are unable to interfere at all. Such a situation is very disadvantageous to your Star Alliance, even if it's you that makes a move against them..."

She went silent as soon as she finished speaking.

But Chen Xi discerned the meaning behind her words, and he knew that Zhao Mengli felt that it was impossible for him to be a match for Liu Zefeng by himself.

After all, Liu Zefeng was an existence ranked at the 8th position of the Allheaven Golden Rankings while this challenge wasn't at the Dao Development Reserve, so it was impossible for Chen Xi to make Liu Zefeng suppress his cultivation realm like last year.

Chen Xi didn't feel like giving any reply to this. Presently, he was only concerned about why the Star Alliance which was always under A'xiu's leadership would accept Liu Zefeng's challenge under the situation that their forces were clearly inferior to the Zuoqiu Society?

Even though he hadn't met the members of the Star Alliance yet, he was clearly aware that these members A'xiu had recruited for him were new students that had passed through numerous tests. They had outstanding natural endowment and clean backgrounds, but there were only over ten of them, and it was impossible for them to have advanced into the Golden Immortal Realm.

Under such circumstances, the members of his Star Alliance had actually accepted Liu Zefeng's challenge, and this wasn't like something A'xiu would do.

But no matter what, this matter had occurred in the end, so Chen Xi didn't have the mood to think so much about it.

He was very clearly aware that this challenge towards the Star Alliance was obviously done with ill intent. Not only were they provoking his dignity, they even wanted to crush the Star Alliance to give him a heavy blow!

As Zhao Mengli gazed at Chen Xi who stood before her, she clearly noticed that the rage on his face had gradually calmed down instead, and only his eyes that were deep like an abyss still carried a wisp of piercingly cold and horrifying coldness.

"Miss Zhao, thank you. I lacked consideration in this matter." Chen Xi raised his head and cupped his hands towards Zhao Mengli as he spoke in a light voice.

Zhao Mengli nodded. "You've already obtained my respect by being able to advance into the Golden Immortal Realm before the inner court exam. So warning you is a matter of course. Right, do you need help? Even though outsiders can't interfere in this matter, you can get others to put pressure on them and caused them to not dare go too far."

Chen Xi smiled instead when he heard this. "Thank you for your good intentions. But since it's related to my Star Alliance, then I'll deal with it myself."

Zhao Mengli was stunned. As she gazed at Chen Xi's smile, she felt slight coldness in her heart. This young man of ordinary background seemed to have become truly infuriated.

Chen Xi turned around and was about to leave, but he stopped on the spot instead. He didn't even turn around when he suddenly stretched out his hand, and then he slapped down towards the stone stele behind him from afar.

Bang!

A shapeless and powerful force collided with the stone stele, and then a beam of light suddenly shot into the sky, causing everyone in this area to simultaneously raise their heads in astonishment. After that, they saw the beam of light charge towards the Allheaven Golden Rankings that represented glory and honor in the outer court! Om! At this moment, everyone noticed that there was a dazzling and blazing golden light on the Allheaven Golden Rankings, and it was ascending at a shocking speed.

In a short period of a few breaths of time, it has already arrived amongst the top fifty!

The surroundings exploded with a mighty uproar. Even though the Allheaven Golden Rankings was the lowest rankings in the outer court, but the top fifty couldn't be easily shaken. Yet now, there was actually a name that wasn't on the rankings in the past, and it had shot into the top fifty in a short few breaths of time. So, it was naturally extremely shocking.

Under the focus of these shocked gazes, the golden light charged past the top fifty, the top thirty, the top twenty...

Along with the ranking of this golden light rising, the shocking in the hearts of all grew gradually while their pupils slowly constricted, and their mouth gradually opened wider and wider....

When they saw that wisp of golden light stop at the fifth position in the end, everyone present here was shocked silent, and the atmosphere in the surroundings was deathly silent and they didn't even dare to breathe heavily.

Because that name was Chen Xi, the first amongst the new students that had caused numerous tempestuous waves and caused numerous stirring incidents since entering the academy for a short period of time of less than two years!

At this moment, Zhao Mengli's snow white and long neck was raised high as she stared blankly at the name ranked at the fifth position. Her clear eyes were filled with extraordinary splendor, and her smooth and red lips curled into an indescribable arc.

She suddenly had the feeling that Liu Zefeng seemed to have bitten off more than he could chew...

#### **Chapter 1217: Domineering Counterattack**

Swish!

Space surged like flowing water as Chen Xi's figure flickered through it. This was teleportation, and it was an ability of the Golden Immortal Realm.

However, to Chen Xi who possessed the Spatial Divine Crest, the layer upon layer of space around him seemed material, and he was able to sense it clearly, allowing him to move freely through it like a fist in water.

When he appeared once more, he'd already arrived at the outer court.

At this moment, Chen Xi didn't have the mood to size up the scenery in the surroundings that seemed like a paradise. His gaze was icy cold like a blaze as it swept through the outer court, and then his figure flashed over explosively.

Liu Zefeng! If you think I made you utterly lose face at the Dao Development Reserve that day, then this time, I'll make it so bad you have nothing left to lose!

...

Before an ancient building complex at the outer court.

At this moment, there were many figures gathered on the vast square, and they were pointing at one of the ancient buildings as they spoke.

"Senior Brother Liu Zefeng came over in a threatening manner this time. Obviously, he intends to avenge the humiliation he suffered that day."

"There's going to be a good show for us now. Chen Xi's showing off too much and doesn't know how to restrain himself, so he has naturally caused many seniors to be extremely displeased since a long time ago."

“Exactly. Since Chen Xi entered into our academy, he caused countless commotions. A tree that stands higher than the rest will definitely be destroyed by the wind. Coupled with the fact that he’s a new student that doesn’t possess the support of any power behind him, yet he actually established this Star Alliance. Isn’t he a bit too arrogant? Perhaps repressing him slightly and allowing him to realize his mistakes isn’t a bad thing.”

“Hmph! One can’t establish a society without any background? New students have to endure being repressed? What sort of logic is this? It looks to me that all of you’re envious of Chen Xi!”

The sounds of discussion rose and fell. Even though they were arguing amongst each other, yet their gazes had never left the ancient building in the distance as if they were deeply afraid of missing any detail.

At this moment, there similarly was a wave of conversation within the grand hall, but these voices were filled with rage that was impossible to suppress.

All of them were members of the Star Alliance. There were around ten plus of them. At this moment, all of them were looking towards the front of the hall with rage because there were numerous figures standing proudly there while smiling at them.

These people had careless expressions while their arms were crossed before their chests, and they seemed as if they considered everyone beneath them. But their bodies surged with a shocking imposing aura, and they were actually all at the Golden Immortal Realm.

The person in the lead was surprisingly the 8th on the Allheaven Golden Rankings, Liu Zefeng.

Such a force was obviously impossible to be resisted by those new students of the Star Alliance.

Liang Ren and Gu Yueming stood side by side at the front of all these members of the Star Alliance, and their eyes were filled with rage because these fellows had obstructed the entrance to this building since early in the morning until now.

Even though they could still continue cultivating within this hall, this feeling of others coming to provoke them and showing off on their territory caused Liang Ren and Gu Yueming to be extremely angry. They felt as if they were like criminals that had been imprisoned.

“These bastards are going a bit too far! If it wasn’t for Young Miss A’xiu going out to train and temper herself outside the academy with her master, they wouldn’t dare come looking for trouble with us no matter what!” Liang Ren gnashed his teeth as he cursed.

This was where the Star Alliance resided, and it was rented by A’xiu at the yearly price of 300,000 Starpoints. It was specially provided for the members of the Star Alliance to get together. Yet now, Liu Zefeng and the others had come here to look for trouble with them, so how could they not be furious?

It wasn’t just Liang Ren and Gu Yueming, the expressions of all the other members of the Star Alliance were gloomy. All of them were extraordinary geniuses amongst the new students. Even though they couldn’t compare to Chen Xi, Zhen Lu, and other such freaks, they were first-rate amongst the new students, so when had people like them been humiliated like this?

However, even though Liu Zefeng and the others made them feel extremely great pressure, not a single one of them had left until now. Because if they were to do this, wouldn't it be telling everyone else that the Star Alliance was afraid of these bastards?

Under such circumstances, their pride was unable to endure it.

It was precisely because of this sort of pressure that they held together tightly as a group, and it shapelessly strengthened the cohesion amongst them. They were curious to exactly what extent these bastards would force them to.

"It's about to be 45 minutes past noon. If all of you still don't send out a representative to receive our challenge, then don't blame us for striking all of you down!" Meanwhile, a fat young man by Liu Zefeng's side chuckled abruptly with a mocking expression.

"How dare you!?" All the members of the Star Alliance were furious.

"Oh, there's another 15 minutes left. At that time, all of you will know if I, Huang Tianhu, do as I say." The fat young man was utterly indifferent towards the threats from the members of the Star Alliance, and he continued smiling as he spoke slowly.

"Big Brother Liang Ren, it was all my fault. I've failed everyone. If it wasn't for me being unable to restrain my anger earlier and agreeing to their challenge, it would be utterly impossible for everyone to have been dragged into this." A young man with a rugged appearance and a strong figure was ashamed. After that, his expression turned serious as he suddenly took a step forward and said, "Allow me to bear the consequences!"

"Xue Hun! Stop right there! What do you think all of us are?" Liang Ren berated in a stern voice as he dragged Xue Hun back. "Since you're clearly aware that you've made a mistake, then could it be you intend to continue making mistakes? If you lose, no one is able to bear the consequences!"

"Xue Hun, listen to Liang Ren and stand back for now. Since it has already come to this, then we naturally have to stand by each other through thick and thin. Isn't it just a challenge? Since our Star Alliance has been established, then we can't avoid some tempering sooner or later. At this moment, you must not act on impulse." Gu Yueming advised from the side.

Xue Hun was stunned, and he seemed to be even more ashamed. But in the end, he listened to Gu Yueming and Liang Ren in the end, and he silently returned to where he stood before. However, his fists were silently clenched together tightly while he sword in his heart. If a battle really breaks out today, then I can't allow the Star Alliance's reputation to be disgraced even if I have to put my life on the line!

"Alas, I never expected that all of you are rather loyal. Unfortunately, since all of you have agreed to the challenge, then your Star Alliance has to be dissolved if you can't endure the challenge, whereas all of you have to obediently join my Zuoqiu Society. Haha! Of course, don't worry, I really admire all of your loyalty, so I'll treat all of you well once you join the Zuoqiu Society." Huang Tianhu roared with laughter while his chubby face was filled with complacency.

"You're going too far!" "Big Brother Liang Ren, let's fight we everything we have!"

“Fucking Zuoqiu Society, all they know is to bully the weak. Once I fucking enter the inner court, I’ll slowly challenge every single member of your Zuoqiu Society and return ten times the humiliation I suffered today!”

All the members of the Star Alliance were furious while their eyes almost split apart from rage, and the situation faintly showed signs of going out of control.

Liu Zefeng and the others sneered when they saw this, and their eyes revealed a wisp of anticipation as if they eagerly looked forward to them being unable to restrain themselves and charging into battle.

Everyone... Liang Ren muttered in his heart and was just about to stop them when his expression changed, and he suddenly raised his head to look outside the hall. Space flashed there before a familiar figure appeared, and then the figure shot swiftly towards the hall.

“It’s Chen Xi! Chen Xi has arrived!” Liang Ren yelled with a pleasantly surprised expression.

“Chen Xi has arrived?” At this moment, no matter if it was all the people watching the show from outside the hall or the others within the hall, all of their gazes swept successively towards the figure that appeared out of thin air.

“Chen Xi!” Liu Zefeng and the others turned around and saw that figure as well. Huang Tianhu immediately laughed coldly. “This kid is finally willing to make an appearance.”

On the other hand, Liu Zefeng that had always remained silent since the beginning swiftly raised his head at this moment, and then an expanse of ghastly coldness flashed within his eyes.

These bastards are really here!

Chen Xi’s figure entered the hall with a swish and saw Liang Ren, Gu Yueming, and the others, and when he saw Liu Zefeng and a large group of people were blocking the entrance of the hall, his deep eyes instantly surged with a wisp of piercing coldness.

“Chen Xi...” Liang Ren hurriedly moved forward to greet Chen Xi and was just about to explain.

Chen Xi interrupted him with a wave of the hand and said, “I already know what happened. Now that I think about it, it’s still the first time that I’ve entered the territory of our Star Alliance. But I’m curious who these people are? Why have they come to our territory?”

As he spoke, Chen Xi’s gaze had already turned icy cold as it descended onto Liu Zefeng and the others.

“Hmph! Who are we? We’re members of the Zuoqiu Society, and we’ve come this time to challenge your Star Alliance!” Huang Tianhu immediately grunted coldly when he saw Chen Xi speak so bluntly.

“So in this way, all of you aren’t members of my Star Alliance?” Chen Xi spoke with an emotionless expression.

“Heh! Star Alliance? It’s going to be destroyed after today!” Huang Tianhu roared with cold laughter.

“Now, I’ll give all of you a chance. Immediately get the fuck out of here, otherwise it wouldn’t be just as simple as leaving.” Chen Xi spoke word by word with a calm voice, yet it revealed an indisputable tone.

The spirits of the members of the Star Alliance was instantly refreshed when they heard this, and they rubbed their palms together.

On the other hand, the faces of Liu Zefeng and the others sank as they glanced at Chen Xi with hostile expression.

“You want us to get the fuck off? Haha, aren’t you a bit too arrogant, kid? Could it be that you think that you can look down on us seniors after you advanced into the Golden Immortal Realm...” Bang! He hadn’t finished speaking when a violent force that came from the swing of Chen Xi’s palm whistled over, and it was like a gale that tore through space as it charged towards Huang Tianhu.

This strike contained surging Golden Immortal Laws, and it seemed as if it was capable of enveloping the surroundings and suppressing the world. It caused others to have the feeling that it was impossible to avoid, and its speed was unbelievably swift.

In the next instant, the savage smile on Huang Tianhu’s face froze while the cheekbone on the right side of his face and the bridge of his nose sunk down abruptly. After that, his lips split apart while a row of teeth flew out.

Subsequently, his entire body wasn’t able to endure the strength within this palm, and his fat figure rolled out of the hall like a large meatball.

After that, a miserable and shrill cry that sounded like a pig being slaughtered resounded, and it shocked everyone outside the hall to the point of dodging successively in panic.

Chen Xi patted his hands together before he said emotionlessly, “I asked you to fuck off, yet you still continued running your mouth, so I could only send you out myself.”

As he spoke, his gaze descended onto Liu Zefeng and the others once more. “Now, will all of you get the fuck out yourselves, or should I send all of you rolling out?”

#### **Chapter 1218: Forced Back With A Single Strike**

As soon as Chen Xi’s words left his mouth, the expressions of Liu Zefeng and the others turned slightly grim.

No one had expected that Chen Xi would actually attack just like that, and since they were caught off guard, Huang Tianhu had actually been blasted back with a single strike and was endlessly coughing up blood and letting out shrill cries.

On the other hand, from the beginning until the end, they weren’t even in time to stop Chen Xi’s attack or assist Huang Tianhu.

“Is winning by launching a surprise attack anything worthy of showing off? Your despicable actions are going a bit overboard!” A senior student exploded with rage and shouted with a grim voice, and the Immortal Force within his body rumbled as he struck out with a punch.

Rumble! This punch actually contained the might of the Fire Lightning Divine Crest. It raged like fire and flashed like lightning, and its impetus was shocking to the extreme.

“Despicable? Do you even have the qualifications to talk about being despicable with me? Fuck off!” Chen Xi’s eyes were icy cold as he suddenly flicked his sleeve. Shocking Immortal Force surged out like a tempestuous wave, and it carried boundless force as it fiercely collided with the senior student.

Bang!

The terrifying collision of Immortal Force coupled with an enormous vibrating sound swept out, and then a wisp of paleness and shock surged onto the face of the senior student that attacked Chen Xi. He felt an enormous force sweeping over, and it was like a sledgehammer that smashed onto his palm.

Instantly, the fingers on his palm bent backwards, and every single one of them were distorted. After that, his palm split apart before blood sprayed from within.

Moreover, his entire body was forcefully blasted flying as well before falling outside the hall with a thump, and he rolled into a ball with Huang Tianhu who’d fallen outside of the hall earlier.

After colliding head on with Chen Xi, he’d actually been injured and suffered the same consequences as Huang Tianhu from before! “How could this be possible!?” All the other senior students present here were astounded. In the blink of an eye, he’d defeated two Golden Immortal Realm experts, and such strength was at the top even amongst some senior students and not many could accomplish it. Not to mention that Chen Xi was only a new student that had just advanced into the Golden Immortal Realm.

How did he accomplish that?

At this moment, everyone watching the show from outside the hall were dumbstruck before exploding into a might uproar. They were unable to imagine how Chen Xi, who’d just advanced into the Golden Immortal Realm, would possibly be able to erupt with such a shocking combat strength.

“We came here for the challenge. If you continue being so rude, then don’t blame us for joining forces against you.” Right amidst this mighty bustling noise from the surroundings, Liu Zefeng’s gaze was like a bolt of lightning as it swept coldly at Chen Xi.

“Rude? Is coming to my Star Alliance’s territory and blocking the entrance considered as rude as well?” Chen Xi spoke with an emotionless expression.

Liu Zefeng took a deep breath before he waved his hand and said, “Alright! We’ll wait for your arrival outside the hall!”

As he spoke, he turned around and left.

His companions couldn’t help but glance at each other when they saw this, and they followed behind him and left the hall in the end.

...

“Chen Xi!” Liang Ren and the others hurriedly came over and surrounded Chen Xi when they saw this.

“Are all of you fine?” Chen Xi gazed at all the people around him, and their faces were filled with pleasant surprise and not a shred of discontent or anger.

Besides causing Chen Xi to feel moved, he couldn't help but feel ashamed. After all, as the leader of the Star Alliance, it was the first time he'd come to the Star Alliance's hall to meet these members.

Moreover, it could be said that in terms of the matter that occurred today, they'd been dragged into it because of him.

"We're fine. Even though those bastards are arrogant, they don't dare to wantonly act against us." Liang Ren smiled while a wisp of shock still remained in his eyes. Earlier, Chen Xi had utilized two casual attacks to injure two Golden Immortal Realm experts. Compared to a year ago, Chen Xi's strength had actually undergone a tremendous change, and it couldn't be compared to Chen Xi's strength from before.

"I'm sorry. As a part of the Star Alliance, I've never done anything for it. All of you were dragged into this matter and received such humiliation because of my lack of consideration." Chen Xi took a deep breath while he revealed a solemn expression, and he cupped his fists as he apologized to all of them.

"Haha! Big Brother Chen Xi, what're you talking about? Young Miss A'xiu once said that you're the backbone of our Star Alliance, the one that controls it. Only by allowing your strength to become formidable would you be able to lead our Star Alliance to become stronger day by day."

"Right, Brother Xi, we noticed the situation you're in, and we joined the Star Alliance after considering it carefully, so you can't treat us like outsiders."

"Now that I speak of it, it's still because our ability is too weak, causing Big Brother Chen Xi to have no choice but to make a move. However, don't worry Big Brother Chen Xi, we've just entered the academy, and so long as we're given enough time, we'll definitely be able to become even stronger. Those senior students have only been in the academy longer than us, and it's nothing great!" All the members of the Star Alliance spoke successively. Since they were able to pass through the layer upon layer of tests to enter Dao Emperor Academy, they were all first-rate outstanding figures in the world. They were filled with high aspirations and pride. But when facing Chen Xi, all of them restrained the pride in their hearts, and it wasn't just that, the gazes they shot at Chen Xi carried a wisp of fervor and admiration.

Yes, only Chen Xi was able to make them treat him in such a way, and the reason they'd joined the Star Alliance was similarly because of Chen Xi.

Liang Ren smiled when he saw this scene, and then his brows knit together as he said to Chen Xi, "Chen Xi, the challenge outside..."

Before he could finish speaking, Chen Xi interrupted him, and Chen Xi swiftly raised his head and looked at all of them as he said word by word, "Don't worry everyone, I do not attack unless attacked. Since someone has come step on our Star Alliance, then we'll be looked down upon if we continue to endure it."

Liang Ren said anxiously, "I'm not talking about that."

Chen Xi smiled lightly before he turned around and walked out of the hall. "Isn't it just dissolving the Star Alliance? I'll let them know that one can't carelessly say some things."

His tone seemed to be indifferent. yet it actually surged with a wisp of piercingly cold resolution.

The blood of the members of the Star Alliance couldn't help but boil when they saw this, and they followed behind Chen Xi with large strides. At this moment, they seemed as if they'd found their backbone, and it was as if there was nothing worthy of making them feel fearful or worried with Chen Xi here.

...

The commotion here was rather great, thus it drew the attention of many people, and there were numerous figures swiftly rushing over towards here from all directions in the outer court.

The matter of Liu Zefeng obstructing the entrance to the Star Alliance's hall since early in the morning had spread throughout the outer court, and it caused most of the new students to be infuriated, yet they didn't dare say anything so as to avoid drawing trouble to themselves, whereas, the senior students mostly felt pleasure from the Star Alliance's misfortune and were watching the show.

At this moment, when they heard that the leader of the Star Alliance, Chen Xi, had made an appearance, it naturally drew the attention of numerous people.

At the same time, Zhao Mengli's beautiful figure stood alone extremely far away, and her clear eyes were looking over here from afar.

It wasn't just her, if one looked carefully, one would notice that the figures of Zhen Lu, Ji Xuanbing, Zhongli Xun, and the others could be faintly seen extremely far away.

Obviously, they wanted to see how Chen Xi would deal with Liu Zefeng who was at the eighth position on the Allheaven Golden Rankings.

Chen Xi remained indifferent towards all these gazes, and he seemed as if he didn't notice them at all. As soon as he walked out of the hall, his gaze swept towards Liu Zefeng and the others who'd been waiting there since a long time ago.

"I never expected that you're so narrow-minded that it actually exceeded my expectations. No wonder you've cultivated for almost a thousand years in the outer court yet you're still unable to enter the inner court." In the end, Chen Xi's gaze descended onto Liu Zefeng, and a wisp of a piercingly cold and ridiculing arc appeared on the corners of his mouth.

Liu Zefeng's face sank when he heard Chen Xi, and he said indifferently, "Having a sharp tongue isn't able to change the fate of your Star Alliance. So it's better for you to not try to provoke me with words."

"Don't worry. Even if you want to make a compromise today, I won't agree to it." Chen Xi shook his head and said slowly, "In other words, if anyone dares to provoke my Star Alliance like this in the future, I won't let the matter go at all."

Liu Zefeng was stunned, and then he seemed as if he'd heard a joke and couldn't help but laugh before he said, "You really are arrogant. Could it be that you think it's like when you were at the Dao Development Reserve last year?"

All his companions started laughing as well. Even though Chen Xi's attacks from before had injured two of their companions, but with a top expert of the outer court like Liu Zefeng amongst them, they didn't take Chen Xi seriously at all.

After all, as far as they were concerned, Chen Xi was only a Golden Immortal that had just advanced a month ago, so how could he possibly be a match for Liu Zefeng who'd cultivated for almost a thousand years?

"You'll know if it's the same after we fight." Chen Xi said with an emotionless expression, "I was able to defeat you while at the Mysterious Immortal Realm and cause you to thoroughly lose face last time. This time, I won't let you off so easily, so it's best that all of you join forces. Don't say that I didn't give you the chance."

As soon as these words were spoken, all the spectators in the surroundings were astounded in their hearts, and they felt Chen Xi was too arrogant.

Liu Zefeng's face sank while his gaze swept towards Chen Xi like a blade. Chen Xi's attitude had utterly infuriated him. He originally thought that under such circumstances, Chen Xi would at least restrain himself and reveal regret towards offending him. Yet never had Liu Zefeng imagined that after not seeing Chen Xi for just a little over a year, this kid would actually become even more unbridled.

"Kid, it's too late even if you regret it now!" Liu Zefeng suddenly clenched his fists before a terrifying aura surged out from his body. This might that belonged to a Golden Immortal effused out, and it caused the faces of many new students present here to turn slightly pale.

Such an imposing aura was shocking indeed, and it was worthy of Liu Zefeng's status as an expert ranked at the eighth position on the Allheaven Golden Rankings.

Some people couldn't help but look towards Chen Xi, yet they saw his face was still calm as water while his eyes that were dark like an abyss were utterly tranquil. Moreover, he didn't seem to be moved at all by the terrifying imposing aura Liu Zefeng revealed.

Bang! In the next instant, Liu Zefeng moved. His figure flashed before he tore space apart, and in the next moment, he'd arrived before Chen Xi before his fist smashed out. Instantly, the violent might of Golden Immortal Laws swept out like a torrent, and it smashed fiercely down towards Chen Xi's head.

This strike was unbelievably swift, and it arrived before Chen Xi in an instant. Moreover, the impetus of his fist was extremely terrifying, and it vividly displayed the might of a Golden Immortal.

However, even though he was swift, Chen Xi was swifter. Right at the instant when Liu Zefeng attacked, Chen Xi had formed a sword with his fingers before suddenly executing an explosively stab. An extremely sharp, murderous, and condensed strand of sword qi shot through space like a divine spear of judgment, and it revealed a might that struck directly at the heart.

Bang!

The sword qi and fist collided fiercely before Immortal Force erupted, and then a terrifying aura swept out.

Stomp! Stomp! Stomp!

Right amidst the dispersing dust and dirt, Liu Zefeng's figure actually retreated repeatedly by a few steps. Moreover, every single step he took smashed a hole open in space, and it seemed as if he was enduring a force that was impossible to resist.

On the other hand, the hearts of all the spectators jerked when they saw such a scene, and their pupils dilated. Liu Zefeng was actually forced back as soon as the battle began?

How...how could this be possible?

### Talisman Emperor

#### **Chapter 1219: Like Crushing Dry Leaves**

It was common knowledge that Chen Xi had just advanced into the Golden Immortal Realm one month ago, whereas Liu Zefeng had cultivated in the outer court for almost a thousand years.

So at the beginning of the battle, everyone felt that no matter how outstanding Chen Xi, if he were to collide head on with Liu Zefeng, the Chen Xi would definitely be in a disadvantageous position. No one had imagined that as soon as they fought, Liu Zefeng would be forced back by Chen Xi's first strike!

Swoosh! While everyone was surprised and bewildered, a blurry afterimage suddenly appeared above Liu Zefeng like a ghost, and then a dazzling strand of sword qi slashed down.

It was the inheritances of the sword from the Infinite Divine Talisman, and it was the might of the swords of the five elements overlapped together. As soon as it was executed, space was instantly torn into pieces like a piece of paper, and it emanated a terrifying imposing aura of slaughter and destruction.

This strand of sword qi caused Liu Zefeng's brows to knit together while he revealed a trace of a heavy expression. So it turns out that this kid was so arrogant because he has some ability.

Earlier, as soon as they fought, he'd only utilized 50% of his strength, and even though he'd been shaken by Chen Xi's strength to the point of moving back a few steps, he was still confident in being able to easily defeat Chen Xi. But when he sensed the terrifying aura contained within this sword strike, he finally noticed that the kid before him couldn't be compared to ordinary Golden Immortals at all.

It has only been a year, yet how could this kid's combat strength have increased so quickly? Even if he has advanced into the Golden Immortal Realm, how could his combat strength possibly become so terrifying in such a short period of time?

"Dark Asura King Fist!" Liu Zefeng didn't dare think any further. His figure didn't move at all while his fist charged through the sky. Golden light swept out from within it, and it seemed like an erupting volcano that smashed through space before heavily blasting onto the sword qi that was flashing down from above.

Bang! The two of them collided once more. Divine radiance erupted and covered an area of 500km in the surroundings, and it caused everyone in the surroundings to dodge while feeling astounded in their hearts. Fortunately, it was within the academy, and the academy was covered in restrictions, causing such a terrifying aftershock to be unable to damage the nearby buildings.

Otherwise, if these restrictions weren't there to resist the aftershock, then the collision of two Golden Immortals was sufficient to destroy the entire outer court in the blink of an eye! Stomp! Stomp! Even if Liu Zefeng had already made sufficient preparations, but when he really collided head on with Chen Xi, he was still forcefully blasted to the point his body swayed while he uncontrollably took another two steps back in the air.

This scene caused his expression to be extremely gloomy, and his eyes blazed with the flames of rage. Actually, he was slightly surprised and bewildered in his heart because the combat strength displayed by the young man before him truly exceeded his expectations.

On the other hand, all the others in the surroundings were shocked to the point their jaws almost hit the floor.

If the first collision between Liu Zefeng and Chen Xi from before could be considered as Liu Zefeng being careless, then the scene before their easy obviously proved that Chen Xi's combat strength was at least on par with Liu Zefeng, and it might even surpass Liu Zefeng! "I've said it before, you alone aren't enough. It's better for all of you to join forces." Chen Xi's figure flashed like a wisp of flowing light that moved through space, and he'd returned to where he stood earlier in the blink of an eye. In the next moment, his gaze swept coldly towards Liu Zefeng and Liu Zefeng's companions.

As soon as these words were spoken, everyone present was shocked once more. But compared with the disbelief from before, they were slightly doubtful now.

To Liu Zefeng, these words were like a poison needle that pierced deeply into his heart, and it caused his expression to become extremely gloomy.

At the same time, his companions gnashed their teeth as they felt their pride had suffered an extraordinary humiliation and insult.

"What? All of you're afraid that you'll be beaten down by a new student like me and you'll be unable to hold your heads high in the outer court. Then allow me." A wisp of a piercingly cold smile suffused the corners of Chen Xi's mouth.

In the next instant, an extraordinary golden glow suddenly surged from within him and shot into the sky. The terrifying might of Golden Immortal Laws coiled around Chen Xi's entire body, causing him to seem like an overlord that controlled the world, and his imposing aura shook the clouds and wind in all directions.

Clang!

Starclasp left its sheath, and then Chen Xi's figure flashed before turning blurry and indistinct. He transformed into numerous afterimages that moved through the surrounding space.

When looked at from afar, it seemed like a few hundred Chen Xi figures were flashing in different parts of space, and this scene was astounding.

It wasn't just that, at this instant, along with Chen Xi going into action was over a thousand strands of sword qi. Every single strand of sword was entirely different, some were like a monstrous azure ocean, some were like a purgatory of lava, some were like mountains that towered into the sky, some were like a forest...

They were all various different inheritances of the sword, and they fully displayed the supreme profundities of various Grand Dao Laws. While contained within these strands of sword qi, these Grand Dao Laws displayed a might that was sufficient to cause the heavens and the earth to be cast into a shade.

Rumble!

Numerous peerless strands of sword qi shot out like a wave. Instantly, they exploded all over and caused the heavens, earth, and space to be shattered and crushed while numerous horrifying spatial rifts were torn open.

In the distance, everyone that saw this shocking scene felt suffocated while boundless shock arose in their hearts. It was truly difficult to imagine that such a terrifying combat strength would appear on Chen Xi who'd just advanced into the Golden Immortal Realm for a single month.

"Perfect Grand Dao Laws that're overlapped onto each other before transforming into strands of sword qi that contain various different elements. I never expected that his knowledge of the Grand Dao would have actually attained such a state. If he completely condenses all of them into Allheaven Divine Crests, then their might will only be even more formidable..." At somewhere in the distance, Zhao Mengli's eyes were clear and beautiful as she muttered.

After that, she seemed to have thought of something, and her ink black brows suddenly rose as she said, "Wait! He obtained a Divine Crest bestowed by the heavens that day, yet he hasn't utilized it until now. He's obviously still holding back!"

When she thought up to here, a wisp of indescribable shock surged into Zhao Mengli's heart once more, and she took Chen Xi even more seriously. "Besides the unfathomable Zhen Lu and Ji Xuanbing that keeps a low profile, I'm afraid only you'll be my strongest opponent during the inner court exam six months from now..."

She didn't compare herself to the senior students of the outer court. Obviously, she felt that only Chen Xi, Zhen Lu, and Ji Xuanbing were existences at the same height as her.

"I originally thought that I'd taken him seriously enough, yet I never expected that it's far from enough!" On the other side, Ji Xuanbing stood with his hands behind his back while an expanse of admiration filled the space between his brows, and a strand of pressure surged in his heart as well.

"But it's fine. I can only improve when there's pressure. Having such an opponent amongst my peers is my fortune." After that, Ji Xuanbing laughed lightheartedly, and then when he looked towards the distance once more, his gaze only carried pure admiration.

"The outcome has been decided." Since he started watching the battle until now, Zhen Lu hadn't said a single word. But when he saw this scene, his tranquil expression flashed with a wisp of shock.

Bang! Bang! Bang! At the battlefield, sword qi shot out both horizontally and vertically like a myriad of torrents that emanated divine radiance were dancing wildly in the sky, and they slashed apart, crushed, and destroyed space, causing it to fall into a state of chaos.

On the other, Liu Zefeng and the others seemed as if they were amidst an expanse of tempestuous waves. No matter how they struggled, they were unable to escape being locked onto and crushed by the sword qi that covered the sky.

During this entire process, some of them suffered heavy injuries and blood sprayed violently from their mouths, some were injured by the sword qi and their bodies were covered in bloody scars... All of them showed signs of being unable to continue fighting and were in an extremely sorry state.

Everyone in the surroundings was shocked to the point of gasping while they looked with disbelief at this scene where Chen Xi seemed as if he was crushing dry leaves. Their entire bodies felt cold while they couldn't help but list Chen Xi as an extremely dangerous existence in their hearts.

Yes, only those that saw it with their own two eyes were able to understand that during this month of time since Chen Xi advanced into the Golden Immortal Realm, his strength had undergone a shocking transformation that could be described as capable of shocking the world.

In the past, no one dared to believe that someone in this world could actually bring forth their combat strength to such an extent after just advancing into the Golden Immortal Realm.

In a short period of time, besides Liu Zefeng, everyone else in the battlefield was injured. Shrill cries filled the sky while they were utterly defeated. It was a group of Golden Immortals! In the outside world, they were overlord level existences that could stand proudly above a continent, yet they seemed so miserable and horrifying at this moment.

Most importantly, from the beginning until the end, all their attacks or abilities were actually unable to be of any threat to Chen Xi, and it was even to the extent that they were unable to lock onto Chen Xi's figure that moved through space like a ghost! At this moment, Liu Zefeng was surprised and bewildered. He similarly didn't dare believe this scene that occurred before his eyes. All of them were utterly unaware that Chen Xi's combat strength had risen to such an extent, so it could be said that they brought this upon themselves.

In terms of cultivation, he had indeed advanced into the Golden Immortal Realm countless years before Chen Xi, yet combat strength wasn't determined by how long one had cultivated. It was determined by one's foundation, combat technique, combat experience, and grasp of the Grand Dao Laws! No matter which one of these aspects it was, Chen Xi completely crushed all of them. So, under such circumstances, how could they be a match for Chen Xi?

In short, it wasn't that they were too weak, and it was Chen Xi who was too strong! Bang!

A terrifying strand of sword qi approached him, causing Liu Zefeng to be unable to dodge it. In the end, he had no choice but to resist it head on, yet he was instantly blasted flying while a trace of blood flowed from the corner of his mouth.

At this point, Liu Zefeng was unable to avoid being injured as well.

At this moment, all of these members of the Zuoqiu Society that had come to cause trouble were looking at Chen Xi with disbelief, and their eyes revealed terrified expressions.

In their field of vision, the handsome young man that stood before them had an indifferent expression. He was like a demon that came from the darkness, and it caused them to instinctively feel fearful towards him.

This fellow is truly too terrifying! He isn't like a new student at all!

When they recalled how they'd arrogantly asked for the Star Alliance to be dissolved and desired to trample on Chen Xi, yet they'd fallen to such an extent now and had lost all face under the gazes of everyone present here, all these senior students revealed dejected expressions and were utterly regretful in their hearts.

But their dignity as Golden Immortals made them hold on bitterly until now, and they were unwilling to admit defeat.

At this moment, Chen Xi didn't stop. His expression was calm as he walked through space at a steady pace, and his body revealed dense killing intent that caused them to feel suffocated.

This sort of imposing aura was tempered through the countless bloody battles he'd gone through since he'd started cultivating until now. It was a true aura of slaughter, and it terrified the soul.

"All of you had the boldness to challenge my Star Alliance with just this little bit of ability?" Chen Xi held his sword in hand and was just about to completely bash up these bastards and utterly destroy their pride. However, right at this moment, a figure appeared out of thin air and obstructed Chen Xi's path.

"Stay your hand! What're you doing fighting in the academy?" The person that arrived had a cold expression while the space between his brows were filled with gloominess and ruthlessness. It was the head student of the Enforcement Hall, Zuoqiu Jun.

### Talisman Emperor

#### **Chapter 1220: Confrontation**

At the critical moment of the battle, Zuoqiu Jun appeared abruptly in a threatening manner, and he placed the blame on Chen Xi as soon as he spoke, causing him to seem extremely domineering.

What's he doing fighting in the academy?

Everyone in the surroundings was astounded. It was obviously the Zuoqiu Society's members that came to provoke the Star Alliance yet were bashed up instead, so how could it be Chen Xi's fault?

But all of them were clearly aware that even if Zuoqiu Jun was the head student of the Enforcement Hall in name, he was also a member of the Zuoqiu Society. Under such circumstances, he would naturally choose the society over reason.

On the other hand, in Chen Xi's mind, Zuoqiu Jun had interrupted him on many occasions.

He still remembered that when he'd just entered the academy, he was provoked by the Dragon Dimension's Ao Tianxing who'd incurred public wrath, and when the situation was on the verge of going out of control, it was similarly Zuoqiu Jun that appeared out of nowhere and intended to bring him to the Enforcement Hall to suffer punishment.

At that time, he was only at the Mysterious Immortal Realm, and it was utterly impossible for him to be a match for Zuoqiu Jun. Fortunately, Ji Xuanbing stood up for him at the critical moment, and it resolved the danger he faced at that time.

Yet now, Zuoqiu Jun had actually made an appearance once more with the intention of protecting Liu Zefeng and the others. This caused Chen Xi's gaze to instantly turn cold and carry a wisp of fierceness.

"I heard you're a member of the Zuoqiu Society as well, so I presume you're clearly aware about the whole story of what happened today. Could it be that you, Zuoqiu Jun, intend to make unfounded charges in front of everyone today?" Chen Xi's face was emotionless while he revealed a composed bearing, and he stood in confrontation with Zuoqiu Jun from afar.

"You're doubting my judgment?" A cold light flashed in Zuoqiu Jun's eyes, and it erupted with strands of electric that were sharp like blades as he locked onto Chen Xi. How could he not know what had occurred today? It was even to the extent that everything that happened today had received his tacit consent! "I'm not doubting your judgment, I'm doubting exactly how you became the head student of the Enforcement Hall. Even if the instructors of the academy were brought over, they would have nothing to say about what happened today. Because...it was your Zuoqiu Society that came looking for trouble!" Chen Xi spoke bluntly and didn't fear Zuoqiu Jun's background or authority at all.

"How audacious!" An injured senior by Liu Zefeng's side was filled with courage when he saw Zuoqiu Jun make an appearance, and he berated Chen Xi with a grim voice.

Slap! Everyone felt something flash before their eyes, and they were utterly unable to clearly see exactly how Chen Xi had attacked before the senior that berated Chen Xi was slapped on the face. It struck him to the point his face became swollen and teeth dropped out from his mouth, and he was blasted flying while he let out a shrill cry. His entire body shivered as if he was epileptic, and then he passed out.

How domineering!

The hearts of everyone present here shook when they saw this. They'd never expected that Chen Xi would still act in such a straightforward manner under the circumstances that Zuoqiu Jun was present here.

Chen Xi on the other hand didn't care about all of this. All he knew was that the members of his Star Alliance had suffered injustice today, whereas he hadn't violated the rules of the academy, so he naturally didn't care about Zuoqiu Jun's reaction.

"You... Very good!" Zuoqiu Jun's expression was icy cold and gloomy while he forcefully restrained the rage in his heart, and he lightly spat out a few words.

"I'm naturally good, and it'll always be the same." Chen Xi replied in a casual manner. As he spoke, his gaze had already descended onto Liu Zefeng and the others. "If there's nothing else, then please leave. This is a spar between student societies. Since they haven't admitted defeat, then I'll naturally accompany them until the end." As soon as these words were spoken, it caused the expressions of Liu Zefeng and the others to go slightly pale.

They'd already suffered a great deal of humiliation today, and their reputations could be said to have swept the floor and had lost all face. If Chen Xi still continued to refuse to let them off, then they were really at a loss for what to do.

Thus, in the next moment, all of them shot their gazes at Zuoqiu Jun.

On the other hand, Zuoqiu Jun stared at Chen Xi for a long time before he suddenly laughed and said, "Since it's like this, then I'll have to experience Junior Brother Chen Xi's extraordinary ability. After all, I'm a member of the Zuoqiu Society as well. Since it's a fight between student societies, then I'm duty bound as well." As he spoke, he rubbed his palms together. His movements seemed to be slow, yet his body effused a terrifying imposing aura that rumbled out.

At this instant, Zuoqiu Jun seemed to have become a completely different person. His entire body emanated a gloomy and murderous aura, and it was filled with oppressive and ghastly might.

Everyone present felt suffocated and terrified because Zuoqiu Jun was an existence with unfathomable strength ranked at the 2nd position on the Allheaven Golden Rankings, and he'd cultivated in the outer court for 321 years.

There were rumors that said if he put down the responsibility of the outer court's Enforcement Hall, he would have been able to easily pass through the inner court exam a long time ago and become an inner court student.

Even though Zuoqiu Jun was only a few positions above Liu Zefeng that was ranked at the 8th position, the gap between them could be described as like the gap between the heavens and the earth! At this moment, he actually intended to fight Chen Xi. Besides feeling nervous, everyone couldn't help but break out in cold sweat for Chen Xi and feel extremely worried.

It seems like the matter is growing greater and greater in proportion.

"That's for the best." Chen Xi's reply towards this was very simple, and it was only four words.

A wisp of a ghostly smile appeared on the corners of Zuoqiu Jun's mouth. He didn't speak any further, yet the aura of strands of Golden Immortal Laws rumbled around him and emanated an oppressive force that threw the wind and clouds in the surroundings into chaos.

"Wait!" Right at this critical moment when the battle could break out at any moment, a clear and resounding voice suddenly sounded out from afar. Along with this voice, A'xiu led a group of people to flash over here like bolts of lightning, and they arrived in the blink of an eye.

"My god! Those seem to be students of the inner court!" "Exactly. They're members of the Xuanyuan Society. Could it be that they intend to interfere in this matter?"

"Now we'll have a good show to watch." When they saw A'xiu's group arrive, whispered discussions instantly arose in the surroundings.

"Young Miss A'xiu!"

"Young Miss A'xiu has returned!"

The members of the Star Alliance let out a wave of cheers instead while they revealed undisguised respect towards A'xiu. Obviously, during the contact between them during this past year, A'xiu had established an extremely high status in their hearts.

On the other hand, Zuoqiu Jun, Liu Zefeng, and all the other members of the Zuoqiu Society revealed gloomy expressions.

How could they be unable to recognize A'xiu? This was the extremely dazzling little princess of the Xuanyuan Clan who hadn't passed the tests of the academy at all before entering the academy and becoming the disciple of the inner court's head instructor, Wang Daolu.

Besides that, even though he was unable to recognize most of the inner court students behind A'xiu, yet merely the identity of being an inner court student was sufficient to make have feel extraordinary pressure.

"Leave it to me." Chen Xi was just about to speak when he was stopped by A'xiu, whereas when he saw A'xiu resolute attitude, he instantly shrugged helplessly and moved aside. He was clearly aware that A'xiu was normally carefree and careless, yet once she decided on something, then no one could stop her.

"Miss A'xiu, this is a fight between our Zuoqiu Society and the Star Alliance, and it has been permitted by the academy. Moreover, according to the rules, other societies aren't allowed to interfere." Zuoqiu Jun took a deep breath and had a gloomy expression. Obviously, he felt that A'xiu's sudden arrival was slightly troublesome.

"Other societies? No, I'm a member of the Star Alliance as well, whereas all these people behind me are my cousins. I intend to stand up for the Star Alliance, and they intend to stand up for me, so it's justifiable, right?" Meanwhile, A'xiu was still grinning, but her fair and beautiful oval face didn't seem happy at all, and it was instead filled with horrifying indifference.

Obviously, A'xiu was utterly infuriated at this moment! The hearts of everyone shook fiercely when they heard this. Xuanyuan Xiu has joined the Star Alliance as well? This was something that they'd never heard of before!

In the past, they were only aware that Xuanyuan Xiu had always been managing the Star Alliance for Chen Xi, yet they'd never imagined that with her identity, she would abandon the Xuanyuan Society and join the Star Alliance instead. This is too illogical!

"Such irrational logic! Since it's like this, then according to this rule, can I get the help of some friends and family as well?" Zuoqiu Jun frowned and grunted coldly. He was actually shocked in his heart because he hadn't imagined that A'xiu would actually admit she'd joined the Star Alliance.

"Do as you please." A'xiu spoke calmly. "Your Zuoqiu Society can send out experts without end, then could it be our Star Alliance can't? Not to mention, I never intended to act according to your rules when I came here today."

When she spoke up to here, she turned around and said to the members of the Xuanyuan Society by her side, "Brothers and Sisters. According to the rules of our academy, 10,000 Starpoints will be deducted for bashing up someone. There are a total of 16 people here, so it's 160,000 Star points. I'll pay for it later."

These words were spoken with a murderous tone, and it caused the hearts of everyone in the vicinity to trembled. They felt that this little princess of the Xuanyuan Clan was really domineering and unreasonable.

"Little Princess, there's no need to say such things. Isn't it just some Starpoints, we can pay for it ourselves." A young man from the Xuanyuan Clan grinned.

"After being in the inner court all the time, being able to vent a little today in the outer court isn't bad as well. Hehe." A robust young man that was an entire 27m tall laughed slyly. As he spoke, he swept Zuoqiu Jun and the others with a bloodthirsty gaze, and he revealed an excited and battle addicted expression.

"Bullying the friends of the Little Princess is bullying the Little Princess. Those that bully the Little Princess are bullying my Xuanyuan Clan. Motherfucker! What a logical explanation. I wouldn't be able to

rest easy if we don't fight this battle today, and even logic won't allow it!" A disciple of the Xuanyuan Clan with a fiery temper even rubbed his palms together and was burning with eagerness.

The expressions of Zuoqiu Jun and the others turned extremely unsightly when they saw and heard this, and they gnashed their teeth because suffering such blunt insult in public caused them to be extremely infuriated.

However, they'd need to think about how they were showing off and seemed as if they were afraid the whole world wouldn't know when they were obstructing the entrance of the Star Alliance's hall in public.

"Could it be that Miss A'xiu really intends to cause a fight between my Zuoqiu Society and your Xuanyuan Society? The consequences of that are probably something even you're unable to bear!" Zuoqiu Jun's expression was extremely gloomy, and he forcefully gritted his teeth as he endured the fury in his heart while his voice seemed as if it was squeezed out from the cracks between his teeth.

"So what? Why would I care about what'll happen later if I can't take revenge for this?" A'xiu didn't care at all, and she said without the slightest hesitation, "Now, let's deal with the matter before us. One, admit defeat right now and fuck off obediently, or two, we'll fight. All of you make the choice yourselves."

As soon as she finished speaking, the atmosphere instantly turned confrontational and deathly silent.
