Chapter 1351: Cage Of The Grand Dao

The Eye of Divine Truth was an inheritance that came from the River Diagram fragments.

It was unfathomably profound and capable of seeing through reality and the profundities of the world. Moreover, it contained the Light of Eradication that's said to be capable of sealing and destroying all techniques.

Since Chen Xi created a clone of himself, he was restricted by the body refinement cultivation of his main body, causing the Eye of Divine Truth possessed by his main body to be lacking in might just as it was in the past. It could only be utilized for searching and detecting.

Yet now, the Eye of Divine Truth had appeared on its own from the unexpected awakening of the River Diagram fragments, and it actually instantly saw through the layer upon layer of obstructions to meet the gaze of the mysterious eye that lay above the chaotic sky.

That eye that had opened silently in the chaotic sky was too terrifying, indifferent, and icy cold. It was filled with boundless dignity, and it seemed like a supreme overlord, like the eye of the sky. When Chen Xi met its gaze with the Eye of Divine Truth, he even saw a peerlessly shocking scene!

Cages!

Countless cages!

They were distributed throughout an expanse of chaotic space. They formed a seemingly boundless dense mass, and there were actually numerous existences that were suffused with monstrous auras of divinity being restrained within those cages. They were like numerous true gods!

Some of their furious roars shook the heavens, some stood silently, some sighed sorrowfully on the ground, some seemed to have gone mad... They formed a horrifying and astounding scene.

Cages of the Grand Dao, supreme gods, chaotic space... At this instant, the scenes he witnessed caused Chen Xi's scalp to go numb while extreme rage arose from his soul that started to tremble violently.

Bang!

However, in merely an instant, those scenes vanished, whereas Chen Xi felt an extremely terrifying might envelop him, causing him to feel great horror from inside out.

Even his Dao Heart almost collapsed at this instant!

Om! Om!

In his sea of consciousness, the River Diagram fragments shook violently while a strange energy that surged like an ocean stretched out. It completely dispersed the horror that Chen Xi suffered from, allowing Chen Xi to escape this calamity.

Huff~ Huff~

Chen Xi gasped for breath with a pale countenance, and his entire body was damp with cold sweat. He wasn't terrified by the mysterious eye, and it was purely because the scenes he'd witnessed earlier were too shocking, causing his Dao Heart to be shaken and be on the verge of collapse.

His current cultivation of the Dao Heart had attained the Heart Infant Realm! This obviously showed exactly how shocking those scenes were.

What exactly was that? Why were so many terrifying existences that possessed monstrous auras and were suffused with divinity being confined there? Who's the owner of that eye? After a short moment, Chen Xi's heart finally calmed down.

The River Diagram fragments shook and revolved while the strange and obscure energy swept out. It once again dragged his heart and mind into a calm and indifferent state while filling him with the emotions of detest and rage.

Chen Xi was already accustomed to these feelings. It was like his soul had left his body, and he was a bystander that was observing his body that had been occupied by unfamiliar feelings.

It was so unfamiliar yet so calm.

This was a strange and indescribable state.

...

Rumble!

The unprecedented battles in the distance were growing in intensity.

Divine Artifacts fought for supremacy while Immortal Kings collided. Terrifying strands of energy spread out without end, and it actually forcefully destroyed the restrictions in an area of a few kilometers.

In other words, if one chose to ascend the altar at this moment, then one wouldn't have to resist and deal with the pressure from the restrictions before easily leaping up a certain distance.

However, the precondition was avoiding being affected by this terrifying battle.

Up until this point in the battle, the situation was obviously advantageous to Shi Yu's group because their paired up forces in each battle had already firmly suppressed Suiren Ting and Jiang Lingxiao.

However, killing Suiren Ting and Jiang Lingxiao wasn't something that could be accomplished in a short period of time.

After all, those that were able to cultivate to the Immortal King Realm were practically eternal, and they were absolutely not so easily killed.

"The Overlord Sage Path Pagoda and the Boundless World Mirror... For the sake of this trip to the God Attainment Region, your Sovereign Sect really invested heavily and actually allowed you to bring along so many Divine Artifacts that're inheritances in the sect. Once you die, I'll take good care of them for you!" During the battle, Shi Yu grunted coldly as he gazed at Suiren Ting who was suppressed to the point of being unable to escape, and his proud and cold face was covered in a murderous expression while his attacks grew even swifter and fiercer.

Suiren Ting remained silent while divine radiance surged around his figure. He burned the energy of time to forcefully resist the joint forces of Shi Yu and Heaven Trampler, and even though his figure was in a sorry state, his expression was actually calm to the extreme.

“The God Beating Whip is a Divine Artifact that was renowned in the three dimensions during the primeval times. Unfortunately, it fell into your hands, and it only covered up its glory.”

At the other side, Xiangliu Li spoke slowly while she utilized the Nine Clarity Divinelight to suppress the God Beating Whip in Jiang Lingxiao’s possession, and Midnight Immortal King seized the opportunity to launch attacks instead.

“Hmph! We’ll see who’ll have the last laugh!” Jiang Lingxiao gritted her teeth while her gentle face was covered in a ruthless and angry expression.

Xiangliu Li was just about to say something upon hearing this, yet her brows suddenly raised as she sensed a terrifying energy exploding out from the limestone path beneath her.

The target wasn’t any one of them but Chen Xi!

At this instant, Shi Yu and Heaven Trampler noticed this as well. Below them on the limestone path, Yi Ranfeng and the others had actually suddenly arrived, and they didn’t hesitate at all to directly make a move against Chen Xi!

This scene occurred too quickly, and no one had expected that the Prehistoric Sects would actually act so ruthlessly and directly. They didn’t say a single word before launching an attack, and it caught Shi Yu and the others off guard.

“Dammit!” Dian Dian couldn’t be bothered to attack Jiang Lingxiao, and she suddenly turned around before blocking in front of Chen Xi.

Rumble!

Amidst explosive divine radiance and rumbling that sounded like a myriad of volcanoes erupting, Dian Dian embraced Chen Xi before both of them were blasted flying, and she coughed up blood without end while her pretty face instantly turned ghastly pale.

Obviously, this attack had heavily injured her!

“Miss Midnight!”

“Bastard!”

“You’re simply courting death!”

Shi Yu, Heaven Trampler, and Xiangliu Li were instantly furious when they saw this. They immediately couldn’t be bothered to continue fighting Suiren Ting and Jiang Lingxiao, and they turned around to stand on guard before Chen Xi and Dian Dian so as to avoid their enemies seizing this opportunity to kill Chen Xi and Dian Dian.

Moreover, under this unexpected event, the battle that was on the verge of victory had been forcefully interrupted!

This caused the expressions of Shi Yu and the others to be extremely gloomy. Their gazes were like sharp blades as they glanced coldly at Yi Ranfeng, Sun Wuhen, Pang Du, and Dao Yao.

If it wasn't for these fellows, how could the situation have unfolded to such a state?

Behind Shi Yu and the others, Chen Xi stared blankly at Dian Dian while he embraced her, and he was in slight disbelief. She...actually risked her life to save me?

When he realized this, Chen Xi's heart shook abruptly while a strand of indescribable emotions surged out from within. He couldn't help but embrace her tightly as if he was deeply afraid that she would vanish.

At this moment, Dian Dian's pretty face was ghastly pale while her eyes were dim, and strands of golden blood were still flowing past her moist lips. She was heavily injured to the point she was actually unable to stand up, let alone struggle free from Chen Xi's arms.

Thus, she stopped struggling and smiled to Chen Xi. "Fortunately, you weren't injured, otherwise, if your Little Senior Sister found out, she'd definitely come take revenge from me."

After she finished saying this, Dian Dian fell unconscious.

The attack from before was too sudden, whereas she'd utterly never given it any thought before leaping over to stand in front of Chen Xi. It was equivalent to taking the initiative to suffer an attack from the enemy. Thus, the severity of the injury she suffered was obvious.

If she wasn't an Immortal King as well, this strike would have probably taken her life.

"You're an Immortal King... Are you trying to kill yourself? What ability do I, Chen Xi, possess..." Chen Xi stared blankly at Dian Dian who lay in his embrace and muttered without end.

The relationship between him and Dian Dian couldn't be considered to be deep, yet the more it was like this, the more shocked and touched he was when he saw Dian Dian risk her life without any hesitation to save him.

This had exceeded his expectations and even caused him to find it difficult to believe. At the instant he saw Dian Dian lose consciousness in his embrace, he finally dared to confirm that all of this was real!

For a time, all the feelings in Chen Xi's heart were replaced with rage!

Even though being touched was good, he didn't want to experience this a second time!

This could only even more clearly prove his lack of ability and powerlessness!

Chen Xi didn't like this sort of feeling. He would rather give up his life to save another than allow a friend or loved one of his to risk their lives to save him!

"Give her to me," said Xiangliu Li. As an Immortal King, she was naturally clearly away of the severity of Dian Dian's injuries. If she wasn't given help in time, it would probably leave injuries that were impossible to heal.

She raised her hand and embraced Dian Dian before feeding Dian Dian some divine pills, and then she placed Dian Dian into one of the treasures she carried.

During this entire process, Chen Xi didn't stop Xiangliu Li, and he just watched silently. Moreover, his expression became completely indifferent when Dian Dian's figure vanished before his eyes.

When he raised his head once more, he noticed that Yi Ranfeng, Dao Yao, and Pang Du had actually converged with Suiren Ting and Jiang Lingxiao.

"Fellow Daoist Yi, what's going on?" Only Sun Wuhen's expression was slightly gloomy as he stood all alone in the distance, and he was slightly dazed by the scene before him.

Yi Ranfeng's attack against Chen Xi had exceeded his expectations, and the scene of Yi Ranfeng leading the other two Immortal Kings over to join Suiren Ting's group exceeded his expectations even more.

But no matter what, he'd roughly perceived that Yi Ranfeng and the others had obviously colluded with the Sovereign Sect a long time ago!

This caused his expressions to become even more unsightly. He felt like he'd been deceived, and he felt extremely furious.

It wasn't just Sun Wuhen, Shi Yu, Xiangliu Li, and Heaven Trampler had similarly never expected that such a change in the situation would occur, and for a time, their expressions were extremely gloomy.

Presently, Midnight Immortal King was heavily injured and unconscious, and she wasn't able to participate in the battle any longer.

On the hand, after Yi Ranfeng, Dao Yao, and Pang Du converged with them, the Sovereign Sect's group had grown to a total of five members, and it was already severely threatening to Shi Yu and the others.

"Old monkey, have you still not realized? Those fellows you associated with had colluded with the Sovereign Sect since the beginning." Heaven Trampler laughed coldly as he spoke. "But you don't have to feel angry. It's already not bad that they didn't trick and kill you."

Sun Wuhen's expression became even more unsightly when he heard this, and he stared fixedly at Yi Ranfeng as he gritted his teeth and said, "Qiong Yaozi and Lu Xiaohan that died in the 1st Restriction of the Gods...were they killed because of the three of you?"

"They're already dead, so why pursue the matter?" Yi Ranfeng spoke with an expressionless face.

[Talisman Emperor](#)

Chapter 1352: Divineking Soul Streamer

As soon as Yi Ranfeng finished speaking, Sun Wuhen instantly understood that Yi Ranfeng had definitely schemed against Qiong Yaozi and Lu Xiaohan that perished in the 1st Restriction of the Gods!

When he thought up to here, Sun Wuhen's expression became unsightly as he said, "Why did you...let me off?"

A wisp of impatience suffused the corners of Yi Ranfeng's mouth. "Idiot. If the 36 Restrictions of the Gods in the God Attainment Palace didn't lose their might, then you would have died in the Shaman Python Restriction!"

Sun Wuhen's pupils constricted while his expression was extremely livid, and his voice seemed as if it was squeezed out from the cracks between his teeth. "Why?"

"Do you only understand now?" Yi Ranfeng roared with laughter and looked at Sun Wuhen as if he was looking at an idiot. "Once you refuse to join the Sovereign Sect, only a single path to death remains."

As they spoke, Shi Yu and the others were watching coldly from the side, and they'd roughly understood everything. Obviously, all of this occurred because of the interference of the Sovereign Sect, and it caused internal strife to arise between the Prehistoric Sects as they schemed against each other.

"You didn't hesitate to kill our companions from the Prehistoric Sects just because you want to seek refuge from the Sovereign Sect?" Sun Wuhen's eyes almost split apart as he asked word by word.

"The upheaval of the three dimensions is about to erupt. Presently, the Prehistoric Ruins has fallen to become the place where the upheaval begins. We're doing this for the sake of finding a way out for ourselves, and the Sovereign Sect is undoubtedly backing that we can trust!" Yi Ranfeng stood with his hands behind his back as he spoke calmly, and it caused Dao Yao and Pang Du to agree to him.

"Trust?" Sun Wuhen suddenly roared with laughter. "Does anyone in the three dimensions not know that the Sovereign Sect is cruel, emotionless, and heartless? All of you actually say that you can trust the Sovereign Sect? Hahaha! How laughable! Truly laughable!"

As he spoke, he suddenly flashed out while holding a dark green rod shaped treasure, and he tore through the sky as he charged at Yi Ranfeng.

"I want to kill all of you fucking bastards even if I have to give up the fucking method to become a god!" Obviously, Sun Wuhen was angry to the point he'd lost all reason and was on the verge of going mad.

"Hmph! Since you insist on courting death, then I'll fulfil your wish." Yi Ranfeng grunted coldly with disdain.

However, before he could make a move, he felt a terrifying and enormous force come from beside him. He didn't even have the chance to react before his throat was grabbed by a large hand, and then his head was forcefully broken off with a bang!

Swoosh!

Golden blood sprayed out and was completely filled into a black and ancient jade pagoda that descended onto Suiren Ting's hand.

This scene had occurred too quickly! And too suddenly!

Everyone had never expected that Suiren Ting would actually make a move against Yi Ranfeng at this moment, and as soon as he did make a move, he would actually forcefully break off Yi Ranfeng's head, causing Yi Ranfeng to perish on the spot!

Hiss!

At this instant, Shi Yu and the others couldn't help but gasp. This move of Suiren Ting's was extremely ruthless, and he'd taken Yi Ranfeng by surprise and instantly killed an Immortal King with a single strike!

It wasn't just Shi Yu and the others, even Sun Wuhen who'd charged forward felt horrified. He didn't dare to hesitate and swiftly retracted his attack before flashing back.

"Brother Yi!"

"Dammit! You..."

The nearby Dao Yao and Pang Du's souls almost left their bodies when they saw this, and they dodged repeatedly as they pulled open the distance between them and Suiren Ting's group of two.

When they noticed Suiren Ting and Jiang Lingxiao didn't pursue them, they finally stopped. However, their expressions had already become extremely livid while the space between their brows was filled with disbelief.

No one had expected that Suiren Ting would actually attack and kill Yi Ranfeng. After all, it was just moments ago that Yi Ranfeng had attacked Chen Xi to help Suiren Ting and Jiang Lingxiao to deal with the dangerous situation the two of them were in!

Yet now, Yi Ranfeng, this great contributor who'd sought refuge with the Sovereign Sect was actually killed by this disciple of the Sovereign Sect, Suiren Ting!

Who could have expected such a shocking unexpected event?

Swish!

In next to no time, Yi Ranfeng's headless corpse had been completely emptied of its blood, and it transformed into a dry corpse that turned to ash.

Suiren Ting smiled lightly when he saw this, yet it seemed extremely cold and emotionless.

"Why!?" Dao Yao and Pang Du asked in loud voices, and their expressions were livid and warped.

Earlier, if Suiren Ting didn't launch a surprise attack against Yi Ranfeng but them instead, then the consequences were unimaginable to them.

"Why?" Suiren Ting seemed as if he'd heard a joke, and he smirked as he said, "Didn't all of you seek refuge with my Sovereign Sect? Then all of you should be prepared to make sacrifices for the sect at any time. Is there any need to ask why for this?"

"You!!!" Dao Yao was angered to the point of being at a loss for words.

"Could it be that you're not afraid that we'll join forces with Nuwa's Dao Palace to deal with the two of you?" Pang Du's eyeballs spun as he glanced at Shi Yu and the others.

"Even though I really detest the both of you, we can join forces with the both of you for now." Shi Yu seized the opportunity when he heard this.

At this point in the situation, no one had expected that there would be so many twists and turns to the point it seemed slightly absurd.

First Chen Xi suffered an attack, and then Midnight Immortal King fainted from her heavy injuries. Before everyone could recover from their shock, Sun Wuhen had broken up with Yi Ranfeng's group, yet

right when the battle was about to erupt, Suiren Ting had suddenly attacked and killed Yi Ranfeng with a surprise attack...

This unexpected changes in the situation caused every single Immortal King present here to be shocked. They didn't understand Suiren Ting and Jiang Lingxiao's plans because in this way, the two of them had isolated themselves completely and fallen into a situation where they were surrounded by enemies.

After all, if Shi Yu and the others were to join forces with Dao Yao and Pang Du, then it would be sufficient for them to suppress Suiren Ting's group.

Even if it was Sun Wuhen, he would probably not stay out of this battle.

But it just so happened that they'd acted in this way, so what was their objective?

In next to no time, Shi Yu and the others got the answer they were looking for.

Because in the next instant, a completely jet black divine streamer suddenly floated up into appearance on Suiren Ting's palm. The streamer surged with a strange black qi, and as soon as it appeared, a strand of black smoke charged out from within it and shot into the nine heavens!

Rumble!

At this instant, the chaotic sky actually started to roil while emanating surging thunderclaps. At the same time, an indescribably terrifying aura spread throughout the surroundings!

At this moment, Shi Yu's group, Sun Wuhen, Dao Yao, and Pang Du's expressions had all turned grim as they cried out involuntarily. "The Divineking Soul Streamer!"

This was the ultimate treasure of the Sovereign Sect!

It was said that once the streamer was utilized, even divine kings couldn't hold on to their lives!

Early on during the primeval times, the Sovereign Sect had relied on this exact treasure to scheme against the Chaotic Divine Lotus in secret, causing the Chaotic Divine Lotus to perish at the critical moment when it was attaining the Dao. At that time during the primeval times, this matter had caused a mighty uproar in the world!

On the other hand, the Sovereign Sect's Divineking Soul Streamer was renowned throughout the world, and it caused others to feel horrified from just hearing its name.

If it wasn't for that, how could the Divineking Soul Streamer take the place of the ultimate treasure of one of the three supreme sects of the three dimensions, the Sovereign Sect?

At this moment, when they saw Suiren Ting actually withdraw the one of the Sovereign Sect's Master's proudest Divine Artifacts, Shi Yu and the others finally understood why Suiren Ting was utterly fearless.

Instantly, their expressions became extremely gloomy. None of them had imagined that the Sovereign Sect would put in such a huge investment, and besides the Overlord Sage Path Pagoda and Boundless World Mirror, the Sovereign Sect actually brought over a weapon of destruction like the Divineking Soul Streamer!

Rumble!

After he withdrew the Divineking Soul Streamer, Suiren Ting formed seals with his hands, and then completely fused all the blood of Immortal Kings absorbed by the Overlord Sage Path Pagoda into the Divineking Soul Streamer.

In an instant, the palm sized streamer inflated, and it surged with strands of golden light, causing it to seem like a bright lantern that illuminated the universe!

On the other hand, the chaotic sky started to roil violently, and it faintly showed signs of condensing into a funnel shaped vortex that hung down from the sky.

“Shit!”

“Stop him quickly!”

“He’s drawing down the energy of the Eye of Heavenly Tribulation!”

“Quickly!”

When they noticed such a scene, no matter if it was Shi Yu’s group, or Dao Yao, Pang Du, and Sun Wuhen, all of their expressions turned grim while they howled furiously.

As they spoke, all of them moved out and charged explosively at Suiren Ting.

For a time, various Divine Artifacts soared into the sky, causing time and space to fall into chaos and shatter into powder, and their attacks carried extremely shocked impetuses.

Rumble!

However, before they could come close to Suiren Ting, they were obstructed by a terrifying and indescribable force. It was like they’d collided onto a shapeless wall, and even the Divine Artifacts were blasted back by the shapeless wall.

“Hahaha! You bunch of idiots! How could the might of the Divineking Soul Streamer possibly be something that all of you can resist?” Suiren Ting roared with laughter and complacency. His clothes fluttered while he seemed like a peerless demon king, and the Divineking Soul Streamer in his hand grew brighter as it emanated black colored divine radiance that ceaselessly shot into the sky.

“All of you will be my stepping stones to ascend into Godhood! All of you can dream of escaping!” Suiren Ting’s rumbled through the surroundings like a thunderclap.

The expressions of Shi Yu and the others changed once more.

“What should we do?”

“If the Eye of Heavenly Tribulation appears, then we’ll definitely suffer a tribulation!”

“Don’t forget that the Chaotic Divine Lotus was a true supreme god all those years ago, yet it still perished beneath the Eye of Heavenly Tribulation!”

“Could it be that we have to give up like this?”

They were only 3km away from the peak of the God Attainment Altar, and it meant that they were only a step away from searching for the method to become a god. At this moment, how could they be willing to leave just like that?

But if they didn't leave, then the Eye of Heavenly Tribulation was about to appear. At that time, a great tribulation would descend, and with their cultivations at the Immortal King Realm, it was absolutely impossible for them to avoid it. They would definitely perish!

What should we do? Shi Yu and the others struggled to the extreme in their hearts.

For a time, the atmosphere was deathly silent and oppressive to the extreme.

No one had noticed that the eyes of Chen Xi who stood at the side had suddenly surged with a strand of surging and blazing flames of rage. He stared directly at the sky above him the obscure aura that enveloped his entire body had become violent.

"All of you still want to leave? Impossible!" Suiren Ting's crimson red hair fluttered while his expression was cold and indifferent, and he spoke word by word in a tone that carried horrifying killing intent.

Along with his voice, the chaotic sky surged and transformed into a vortex. At the center of the vortex, and icy cold, indifferent, and emotionless eye opened up without a sound!

At this instant, an extremely terrifying and supreme pressure enveloped down from the sky.

Even if Shi Yu and the others were Immortal Kings, when they witnessed this scene, a wisp of coldness couldn't help but surge out of their hearts, and it felt as if they'd fallen into an icy pit!

"Let's go!" They practically instinctively turned around with the intention of heading down the God Attainment Altar, and they couldn't be bothered about obtaining the method to become a god any longer.

However, their expressions turned unsightly because as soon as they made a move, their path of retreat was obstructed by Jiang Lingxiao. She held the God Beating Whip while the nearby space was densely covered in layer upon layer of smooth spatial mirrors, and it seemed like space had overlapped.

Shockingly, it was the 'Mirror Planes' of the Boundless World Mirror!

[Talisman Emperor](#)

Chapter 1353: Heavenly Tribulation Chains

The Boundless World Mirror!

An extremely terrifying Divine Artifact from the primeval times that possessed monstrous might. It was capable of throwing the workings of the heavens into disorder, concealing karma, and condensing numerous Mirror Planes that filled every inch of space.

These Mirror Planes were extremely miraculous. They were capable of transforming all attacks into Calamity Divinelight, so the stronger the opponent's attacks were, the more terrifying the Calamity Divinelight converted from it was.

Early on when Shi Yu and the others had fallen into the Nine Heaven Calamity Dao Annihilation Divine Formation, Suiren Ting had utilized this mirror to scheme against them, and it almost trapped and killed them. So how could they possibly not know how formidable this mirror was?

At this moment, Jiang Lingxiao held the God Beating Whip in hand while condensing layer upon layer of Mirror Planes with the Boundless World Mirror, and she completely blocked off an area of 5,000km in the limestone path. Thus, it instantly caused the expressions of the others to turn grim.

Bang!

Sun Wuhen didn't know how formidable the Boundless World Mirror was. He swept his rod over horizontally, and it carried boundless green divine radiance as it smashed fiercely onto the Mirror Planes and caused heaven shaking rumbling to resound.

Swish!

Unfortunately, this strike wasn't just unable to shake the Mirror Planes, it was even converted into a strand of thick Calamity Divinelight that shot out explosively.

Bang!

It shook Sun Wuhen to the point his figure couldn't help but stagger back by a few steps, and his face had become extremely unsightly.

The expressions of the others turned even more grim when they saw this scene.

The current situation was precarious. The Eye of Heavenly Tribulation was condensing into form in the chaotic sky above them, and once it launched an attack, not a single one of them would be able to survive.

Yet Jiang Lingxiao was obstruction their path of retreat with the Boundless World Mirror. So, even if they firmly believed they would be able to kill Jiang Lingxiao in a short period of time, the Eye of Heavenly Tribulation would probably have already launched an attack by that time!

After all, existences at their level of cultivation were able to decide the outcome of a battle in an instant, but killing an opponent wasn't something that could be accomplished in an instant.

Yet now, the Eye of Heavenly Tribulation was like a sharp sword hanging above their heads, and time utterly didn't allow them to waste it on Jiang Lingxiao!

This was precisely the reason why Shi Yu and the others had unsightly expressions.

Indeed, none of them had expected that Suiren Ting and Jiang Lingxiao would carry so many precious treasures with them. Especially the Divineking Soul Streamer, it was the ultimate treasure of the Sovereign Sect, yet Suiren Ting had actually brought it along.

If they were aware beforehand, Shi Yu and Xiangliu Li wouldn't have only brought the Five Color Rock and Nine Clarity Jade Crown with them, and they would have definitely prepared other supreme Divine Artifacts.

Unfortunately, a single mistake led to a string of mistakes, and there was no room for regret in the current situation.

It took a long time to explain, yet it was only a blink of the eye.

When Sun Wuhen was blasted back, Shi Yu immediately made a decision. He utilized his thoughts to instruct the other Immortal Kings to attack Jiang Lingxiao with all their strength while he looked at Chen Xi and said swiftly in a heavy voice, "Brother Chen Xi, please lend me the Dao Calamity Sword!"

The Dao Calamity Sword specially countered the energy of calamity!

All those years ago, the Sovereign Sect schemed against the Chaotic Divine Lotus because the Dao Calamity Sword in the Chaotic Divine Lotus' possession posed an extraordinary threat to the energy of calamity passed down in the Sovereign Sect.

As far as Shi Yu was concerned, the Dao Calamity Sword was undoubtedly the best choice to deal with the Boundless World Mirror in an extremely short period of time.

However, to Shi Yu's surprise, Chen Xi actually seemed as if he didn't hear Shi Yu's voice transmission. Chen Xi stood there on the spot while staring towards the chaotic sky above him, and he didn't move at all as if he'd been scared stiff.

"Brother Chen Xi!" Shi Yu's heart jerked. He thought Chen Xi's soul had been dragged out by the Eye of Heavenly Tribulation in the sky, and he immediately raised his hand with the intention of rescuing Chen Xi.

Bang!

Right at this moment, the mysterious, indifferent, and emotionless eye in the chaotic sky suddenly stopped moving before it opened up abruptly, and then a black colored divine chain descended from it!

It was like a wisp of black lightning, and it carried a supreme aura of divinity.

It seemed like a chain of the gods that was used to shackle prisoners, and it intended to shackle all the variants of the world!

When it descended from midair, the entire world fell into a state of extraordinary terror. Space became still while time froze, and dust, light, clouds, mist... Everything fell into deathly silence and was unable to move.

This scene was too terrifying, and it shocked all the Immortal Kings that were attacking Jiang Lingxiao. All of them stopped moving while their pupils constricted, and they felt horrified as if their souls were about to leave their bodies.

Because they were clearly aware that it was the Heavenly Tribulation Chains!

Once they were struck by it, then not to mention Immortal Kings, even the primeval gods would be unable to avoid death!

At this instant, it seemed as if time had frozen.

Suiren Ting held the Divineking Soul Streamer while a wisp of a cold and emotionless smile hung on the corners of his mouth.

Jiang Lingxiao heaved a sigh of relief in her heart.

On the other hand, Shi Yu, Xiangliu Li, Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du revealed astounded expressions.

Swish!

Amidst this strangely motionless state, the black colored chain smashed down!

Everything seemed...impossible to dodge...

A wisp of dense unwillingness and despair surged into the hearts of Shi Yu and the others, and their eyes almost split apart while they intended to fight with their lives on the line.

Bang!

However, at the critical moment, Chen Xi who'd been standing still at the side since the beginning suddenly moved!

At this instant, his entire body rumbled with violent and obscure fluctuations. His handsome face was covered in an indifferent and calm expression, and only his black eyes blazed with extremely ruthless flames of fury that seemed capable of incinerating the nine heavens!

His figure flashed before it appeared in midair, and then he fiercely smashed his fist towards the descending Heavenly Tribulation Chain.

The pupils of everyone dilated!

He flew into midair?

This was the God Attainment Altar that was enveloped by restrictions that were filled with divinity. Even if it was Immortal Kings like them, they had no choice but to walk on foot and were unable to fly or teleport.

Yet now, this little fellow, Chen Xi, had actually soared into the sky!

Especially shocking to them was that Chen Xi had actually charged towards the Heavenly Tribulation Chain...

Could it be that he intends to go against the Heavenly Tribulation Chain?

This scene was too unbelievable. It caused Shi Yu and the others to have no chance to stop him and could only watch nervously. Moreover, Xiangliu Li even couldn't bear to watch!

Because it was the Heavenly Tribulation Chains!

A terrifying force that even primeval gods feared, so how could it possibly be something a Saint Immortal like Chen Xi could resist?

"The ignorant really are fearless." Suiren Ting's eyes narrowed. However, when he saw Chen Xi's appearance clearly, a wisp of disdain couldn't help but suffuse the corners of his mouth, and it was as if he was watching an ant court death.

All of this took a long time to describe, yet it actually occurred in less than an instant.

In the next instant, Chen Xi's fist had already collided with the Heavenly Tribulation Whip!

Bang!

A terrifying and enormous bang that shook the heavens and the earth resounded. The collision at this instant created numerous phenomena like the heavens and the earth collapsing, Fiendgods wailing, blood raining down, and so on and so forth. Moreover, even the terrifying and obscure scenes of the gods shouting while the Grand Dao collapsed had appeared.

The might created by this attack was world shocking. All the Immortal Kings in the surroundings trembled because this sort of imposing aura caused them to be horrified as well.

Especially shocking to them was Chen Xi was actually still alive!

In midair, Chen Xi's figure appeared from within the dust and dirt. His figure was tall while his body was enveloped by a strand of terrifying, violent, strange, and obscure fluctuations. His long hair fluttered while his figure emanated bright and hazy radiance, and his entire body was like a spear that seemed to intend to pierce a hole through the sky!

On the other hand, the Heavenly Tribulation Whip that smashed down had vanished without a trace.

Obviously, in the collision from before, Chen Xi had wiped out the Heavenly Tribulation Chain with a single strike!

"This..." Shi Yu, Xiangliu Li, and Heaven Trampler opened their eyes wide as they stared at Chen Xi, and their eyes were filled with disbelief.

After all, they were clearly aware that Chen Xi was only a Saint Immortal and wasn't even at the Half-step Immortal King Realm. Yet now, he'd actually soared into the sky and obstructed a Heavenly Tribulation Chain that even horrified all of them who were Immortal Kings. If they didn't witness it with their own two eyes, would anyone dare believe this?

"Who's this kid?"

"Could he be a trump card that Nuwa's Dao Palace brought over?"

"I clearly remember that this kid was only at the Golden Immortal Realm when we saw him outside the God Attainment Palace!"

Sun Wuhen, Dao Yao, and Pang Du were dumbstruck. The scene that played out before their eyes had exceeded their imaginations, and it was too astounding.

"Dammit! How could this happen?" On the other side, Jiang Lingxiao and Suiren Ting were both shocked while the disdain and cold smiles on the corners of their faces froze abruptly, and their pupils dilated. A

little fellow that isn't even at the Immortal King Realm actually obstructed the Heavenly Tribulation Chain?

Chen Xi seemed to have not noticed all of this. He stood in midair while looking up towards the sky. At the end of his gaze, the mysterious, indifferent, and emotionless Eye of Heavenly Tribulation floated there, and it emanated supreme pressure.

After they witnessed this scene, all of them couldn't help but arouse a strand of shock in their hearts. Could it be that this kid...is able to resist the Eye of Heavenly Tribulation?

Swoosh!

Before they could recover from their shock, Chen Xi's figure moved abruptly. He actually instantly charged into the sky, and his figure was covered in a myriad of strands of obscure glows and erupted with boundless divine might.

Bang!

At practically the exact same instant, another Heavenly Tribulation Chain descended from the Eye of Heavenly Tribulation, and it was like the chain of the Grand Dao that intended to wipe out a variant like Chen Xi.

Chen Xi was fearless when facing this. His fist was translucent and clear like jade, and it was filled with an obscure and strange force as it once more met the Heavenly Tribulation Chain head-on. Surging divine flames erupted, and it seemed as if it intended to break open the cage that was the heavens and the earth to fight for supremacy with the supreme Heaven Dao!

Rumble!

The chaotic mist in the sky above the entire God Attainment Altar surged while the heavens and the earth seemed to collapse. Moreover, dust shot into the nine heavens while brilliant light illuminated the surroundings.

Before all of this calmed down, the Eye of heavenly Tribulation actually seemed to have been infuriated. Its pupil revolved like black lightning while the universe was indistinctly visible within it.

Swish!

Numerous thick and large pitch black divine chains surged out explosively from within it and smashed down fiercely.

This Eye of Heavenly Tribulation was truly too formidable, and it was supreme and paramount. Every single Heavenly Tribulation Chain emanated from it carried the terrifying aura to crush gods and shackle the Grand Dao, and even Immortal Kings didn't dare bear the brunt of its might.

However, Chen Xi seemed to be unafraid of it. The strange and obscure aura that covered his entire body shook like lightning, causing the sky to split apart, and then his fists tore through the sky and carried supreme divine might as it once again met the Heavenly Tribulation Chain head-on.

In an instant, the world was filled with rumbling, divine light and blood rained down, the sky shattered into pieces, and all the Grand Daos seemed to have collapsed and crumbled in this collision.

It was like the end of the world had fully erupted!

A collision like this couldn't be described as just terrifying.

Even if it was Shi Yu and the others, they were horrified by this sight because it couldn't be compared to a battle between gods, yet it was even more terrifying than that!

From the ancient times until now, could anyone forcefully resist the might of the Heavenly Tribulation?

Even the Chaotic Divine Lotus that possessed extraordinary ability and looked down on all the gods had perished beneath the Eye of Heavenly Tribulation, and that obviously showed how terrifying the Eye of Heavenly Tribulation was.

Yet now, Chen Xi was actually capable of resisting it and fighting it above the nine heavens. How could all the Immortal Kings who witnessed this scene not be moved by it?

Even if it was them in Chen Xi's place, it would be utterly impossible for them to accomplish this!

[Talisman Emperor](#)

Chapter 1354: Sovereign Jade Table

The Eye of Heavenly Tribulation, a forbidden force that came from the Heaven Dao.

Even if it was Suiren Ting, he could only rely on the Divineking Soul Streamer as a catalyst and sacrifice the Blood Essence of Immortal Kings in order to utilize the might of the Eye of Heavenly Tribulation, yet was unable to control it.

This obviously showed how terrifying the Eye of Heavenly Tribulation was.

So when all the Immortal Kings in the surroundings saw Chen Xi was actually capable of going against the Eye of Heavenly Tribulation, they felt shock and even disbelief.

It felt that like they suddenly saw an ant leap out and actually shake a towering tree. The extreme contrast caused them to feel unparalleled shock.

But in practically a short moment, Shi Yu and the others instantly recovered from their shock, and they realized that they couldn't waste any time now!

"Attack together and kill those two fellows!" Shi Yu had a murderous look at he withdrew the Five Color Rock, and he charged at Suiren Ting.

Presently, they weren't threatened by the Eye of Heavenly Tribulation any longer, so if they didn't make the best use of their time to kill their enemies, then they would simply be utterly idiotic.

"Kill!"

"I've been fucking waiting for this moment!"

"Attack together!"

Xiangliu Li, Heaven Trampler, Sun Wuhen, and even Dao Yao and Pang Du attacked furiously at this moment.

Earlier, they were forced deeply into a hopeless situation and were almost annihilated by the Eye of Heavenly Tribulation. Now that they had such a superb opportunity to kill their enemies, how could they possibly let it slip by?

Om~

The Five Color Rock emanated boundless radiance as it transformed into five colored divine lights that swept out.

Swoosh!

The Nine Clarity Jade Crown revolved in midair before it emanated Nine Clarity Divinelight.

Bang!

Heaven Trampler held the black and enormous axe as he charged out directly.

...

For a time, various Divine Artifacts soared through the sky while supreme Immortal techniques danced about. All of them were shocking abilities that would flabbergast others if one of them appeared at any ordinary time, yet various supreme and profound techniques had appeared in unison at this moment!

This was the ability of Immortal Kings. They stood at the peak of the three dimensions and illuminated the ages.

This time, it was Suiren Ting and Jiang Lingxiao's turn for their expressions to turn grim.

The Eye of Heavenly Tribulation that they'd exhausted great effort to prepare didn't even have the chance to reveal its might when it was obstructed by an unknown little fellow.

This had exceeded their imagination, and it caused them to instantly fall into a bad situation.

When they saw Shi Yu and the others charge over, their expressions became gloomy to the extreme while their hearts almost bled. They were on the verge of going mad.

They'd set up the Nine Heaven Calamity Dao Annihilation Divine Formation, yet it had failed.

They'd activated the full might of the 36 Restrictions of the Gods in the God Attainment Palace, yet it amounted to failure in the end as well.

Now, they'd paid a great price and exerted great effort in order to the Divineking Soul Streamer as a catalyst to utilize the might of the Eye of Heavenly Tribulation. Could it be that...we're going to fail once more?

Suiren Ting and Jiang Lingxiao's faces were gloomy to the extreme.

However, the situation obviously didn't allow them to think too much about it. In the next moment, they were already locked in battle with Shi Yu and the others.

Even though the situation was severe at this moment, it wasn't impossible to turn around yet. They still placed their hopes on the Eye of Heavenly Tribulation's ability to annihilate Chen Xi.

At that time, it would be the moment they launched their counterattack!

Kill!

Kill!

Kill!

The situation fell once more into chaos. Peerless divine radiance rumbled ceaselessly in this world shaking fierce battle between Immortal Kings. Various terrifying Divine Artifacts fought for supremacy with each other, and the grand scene simply seemed like days of chaos had descended and a great calamity had erupted.

It was very obvious that Suiren Ting and Jiang Lingxiao had quickly been firmly suppressed, and the situation was gradually turning bad and precarious for them. It was even to the extent that if they didn't possess a few peerlessly formidable Divine Artifacts to rely on, both of them would have been annihilated a long time ago.

...

The God Attainment Altar was bound to not be at peace today.

On the extremely long limestone path, numerous Immortal Kings were fighting, whereas Chen Xi was facing the Eye of Heavenly Tribulation head-on by himself in the sky!

At this moment, Chen Xi's mind and heart were occupied by rage and ruthlessness, and his entire body was enveloped by the obscure and strange aura of the River Diagram fragments.

He charged without end, and every single Dao Technique he utilized was mysterious and terrifying. They were utterly not techniques that he possessed, and merely a shred of its supreme might was sufficient to crush an entire world and collapse the universe. Even if it was the Immortal King Realm, it was probably impossible for Immortal Kings to possess such might.

It was precisely because of this that he was capable of ceaselessly facing the Eye of Heavenly Tribulation head-on. If he utilized his own cultivation instead, then he would probably be instantly obliterated into nothingness.

In other words, instead of saying that Chen Xi was fighting the Eye of Heavenly Tribulation, it could be said that the River Diagram fragments were fighting the Eye of Heavenly Tribulation.

One of them was a forbidden force that came from the Heaven Dao. It caused the Immortal Kings of the three dimensions to be filled with fear towards it, and even the primeval gods were unable to resist it. It was the energy of Heavenly Tribulation, and to the living beings of the three dimensions, it was a true supreme and paramount force.

The other was the River Diagram fragments. This precious treasure's origins were unfathomable, yet it contained supreme profundities. The Master of Oracle Mountain, Fuxi, had relied on the River Diagram to see through the profundities of the workings of the heavens, and then he ascended to the extremes of the Grand Dao. This obviously showed how terrifying the River Diagram was.

Presently, the River Diagram fragments were utilizing Chen Xi's body to resist the Eye of Heavenly Tribulation, and the conflict that erupted between them could be considered to be paramount. If it was in the outside world, then it would probably cause an extraordinary calamity.

Rumble! Rumble!

In the chaotic sky, the mysterious, indifferent, and emotionless Eye of Heavenly Tribulation surged and revolved. Its pupil revealed the myriad of worlds in the universe, the changes in the universe, the river of eternity...and various other grand scenes.

These scenes transformed into numerous terrifying 'Heavenly Tribulation Chains' in the end, and they shot down like a myriad of chains that were falling down from the depths of the universe with the intention of transforming the world into a cage that restrained everything and annihilated all variants.

Every single black divine chain contained the forbidden energy of the Heaven Dao, and they formed mysterious patterns that crushed the Grand Dao, collapsed the sky, and obliterated the surroundings.

If any Immortal King was here in Chen Xi's place, the Immortal King would probably instantly be shackled by these divine chains, and then his Immortal King Laws would be completely extracted before being crushed to death!

It was even to the extent that even if primeval gods were here, they would be powerless to resist these chains because it was the forbidden energy of the Heaven Dao, and so long as it was within the three dimensions, no one could compete against it!

Chen Xi wasn't an Immortal King nor was he a god. However, his body was occupied by the River Diagram fragments at this moment, and he was capable of fighting for supremacy with the Eye of Heavenly Tribulation!

If news of this were to be spread to the Immortal Dimension, then it would definitely cause a mighty uproar.

Of course, Chen Xi wasn't aware of all of this. His consciousness had been completely occupied by the obscure fluctuations of the River Diagram fragments, and it transformed into emotions of ruthlessness and rage. Besides that, he didn't have any other thoughts.

After an unknown period of time, an enormous bang that shook the heavens resounded. In the sky, the Eye of Heavenly Tribulation suddenly trembled violently before it actually rippled and vanished swiftly!

Yes, it had vanished!

It wasn't defeated by Chen Xi, and it suddenly left by itself...

However, at the instant that it left, the seemingly boundless pupil of the eye suddenly revealed that expanse of chaotic space once more. The space was densely filled with countless Cages of the Grand Dao, and every single cage contained a figure that possessed a monstrous aura of divinity.

This scene was shocking, and Chen Xi had witnessed it in the past. The only difference was that a blurry figure had suddenly appeared in the chaotic space, and the figure inadvertently glanced at Chen Xi...

Chen Xi felt as if he was struck by lightning!

After that, the aura of the River Diagram fragments that enveloped his entire body actually seemed as if it had suffered a severe blow, and it instantly collapsed completely!

It was merely a single glance of that blurry figure that caused all of this!

Who was he?

Why would he appear in the pupils of the Eye of Heavenly Tribulation?

Chen Xi hadn't realized at all that he'd recovered his consciousness...

...

Bang!

At the instant the Eye of Heavenly Tribulation vanished, the Divineking Soul Streamer in Suiren Ting's hand rumbled before the boundless divine light it emanated suddenly dimmed down to the extreme.

At the same time, Suiren Ting suddenly spat out a mouthful of golden blood, and his face instantly turned ghastly pale.

Obviously, the Eye of Heavenly Tribulation vanishing had caused the energy within the Divineking Soul Streamer to lose balance, and it caused Suiren Ting to suffer a certain amount of backlash.

After all, he was only an Immortal King while he'd relied on the Divineking Soul Streamer to utilize the might of the Eye of Heavenly Tribulation, and he wasn't able to truly control it. If it was the Sovereign Sect's Master who was here in his place, then the situation would be different.

"Senior Brother!!" Jiang Lingxiao exclaimed with shock, and a wisp of despair couldn't help but arise in her heart.

They'd been suppressed by Shi Yu and the others earlier to the point they were unable to catch their breaths, and they were suppressed in all aspects. They were in a precarious situation. Now that the Eye of Heavenly Tribulation had vanished as well while Suiren Ting suffered the backlash from it, it caused them to instantly fall into dire straits.

"Kill!"

"Let's kill the two of them at once!"

The spirits of Shi Yu and the others was refreshed when they saw this, and their attacks grew even more violent.

"Kill us? All of you aren't worthy of that!" Suiren Ting started laughing instead from extreme rage. He seemed to be in a frenzy as his entire body blazed with flames. At the same time, a bang resounded as an ancient, obscure, and mysterious jade tablet floated above his palm, and it actually revealed the terrifying scenes of gods dying miserably, Buddhas bathed in blood, Fiendgods wailing, and skeletons piled up into the sky.

As soon as it appeared, merely its imposing aura actually forced Shi Yu and the others back repeatedly!

"The Sovereign Jade Tablet!" All of them exclaimed with surprise.

Before they could make any reaction, a terrifying fluctuation droned through the surroundings. The ancient and mysterious jade tablet glowed, and it carried Suiren Ting and Jiang Lingxiao along with it as it instantly vanished into thin air!

This was the God Attainment Altar that was suffused with restrictions, and it was utterly impossible to teleport here. Yet Suiren Ting and Jiang Lingxiao had actually vanished into thin air, and this obviously showed how shocking the ability of the Sovereign Jade Tablet was!

It was indeed a fact. The Sovereign Jade Tablet belonged to the Master of the Sovereign Sect. Even though it didn't possess monstrous might like the Divineking Soul Streamer, yet it was said to have the title — 'The Universe In An Instant.'

Obviously, it meant that no matter where one's destination was, one could instantly traverse the universe by relying on this ancient jade tablet!

"The day of the upheaval of the three dimensions will be the day of your deaths!" Suiren Ting's voice that was filled with resentment, rage, and unwillingness still drifted through the sky, and it didn't vanish for a long time.

They actually fled successfully... Shi Yu and the others were disgruntled as well, and they stood on the spot with extremely gloomy expressions.

None of them had expected that the Sovereign Sect would actually prepare so many things for their trip to the God Attainment Region this time, and even their path of retreat was fully prepared.

"No wonder the Sovereign Sect was able to survive through the countless years even if it was the public enemy of the three dimensions..." Xiangliu Li sighed lightly, and her tone was filled with a sense of loss.

[Talisman Emperor](#)

Chapter 1355: Dao Fruit's Spiri

All of them went silent as soon as Xiangliu Li finished speaking.

Indeed, since the primeval times until now, the Sovereign Sect had been at war with countless sects, and it was absolutely considered as a public enemy of the three dimensions.

However, it was precisely such a sect that had survived through the countless years until now, and it was one of the three supreme sects of the three dimensions. It absolutely deserved its reputation.

Suiren Ting and Jiang Lingxiao's actions this time after they entered the God Attainment Region clearly displayed this.

First, they roped in the Prehistoric Sects to be of use for them, then they set up the Nine Heaven Calamity Dao Annihilation Divine Formation with the intention of annihilating Shi Yu's group.

After they failed, they completely activated the might of the 36 Restrictions of the Gods in the God Attainment Palace with the intention of obstructing all Immortal Kings from entering the God Attainment Altar.

Unfortunately, it ended in failure.

At this moment, Suiren Ting had even relied on the might of the Eye of Heavenly Tribulation with the intention of annihilating all the other Immortal Kings, yet history repeated itself and they failed once again.

During all these operations, Suiren Ting had utilized the Overlord Sage Path Pagoda, Boundless World Mirror, and Divineking Soul Streamer; and he'd sacrificed Le Qianchou, Bei Haoling, Wu Xiangchi, Yi Ranfeng, and many other Immortal Kings.

Even Qiong Yaozi and Lu Xiaohan that had perished in the 1st restriction of the God Attainment Palace had died because they were unwilling to join the Sovereign Sect.

It could be said that even though Suiren Ting and Jiang Lingxiao were only two people, their hands were covered with blood throughout their way in the God Attainment Region, and they'd utilized all sorts of schemes and strategies, causing them to seem extremely cruel and ruthless.

In the end, when they were about to be killed, they were teleported away by the Sovereign Jade Tablet and fled, allowing them to avoid suffering calamity.

All of this clearly displayed how merciless the Sovereign Sect was, and how cruel and bloody it was. Moreover, it seemed to be extremely difficult to kill members of the Sovereign Sect.

Especially Shi Yu, Xiangliu Li, and Heaven Trampler, their hearts grew colder the more carefully they thought about it. They were very clearly aware that if they didn't possess Chen Xi's assistance this time, then they would have probably been schemed against and perished at the hands of the Sovereign Sect.

It was even to the extent that it could be said that they wouldn't be able to arrive here at all without Chen Xi!

The reason was extremely simple. When they were trapped within the Nine Heaven Calamity Dao Annihilation Divine Formation, it was Chen Xi that relied on the Dao Calamity Sword to rescue them.

In the 36 Restrictions of the Gods in the God Attainment Palace, it was also Chen Xi that led them through all the difficulties they faced, allowing them to arrive at the God Attainment Altar in time.

Earlier, when they faced a lethal threat from the Eye of Heavenly Tribulation, it was also Chen Xi that fought the Eye of Heavenly Tribulation head-on, and he rescued the lives of all the Immortal Kings that were present here.

If the first could be considered luck, then what about the second and third times?

It could be said that it was because of Chen Xi that they were able to defeat Suiren Ting's group and make them return empty handed this time!

Thump!

While thoughts flashed within all their minds, a muffled thump resounded, and it jolted all of them awake from their thoughts.

They turned around to look, and they noticed that Chen Xi had actually fallen from midair and was sitting on the ground.

“Chen Xi!”

“What happened?”

Shi Yu, Xiangliu Li, and Heaven Trampler hurried over, and all of them instantly heaved sighs of relief when they noticed there was no danger to his life and Chen Xi was just physically exhausted.

“I’m fine.” Meanwhile, Chen Xi had recovered his consciousness. However, his countenance was ghastly pale while his entire aura was low. It was like his physical strength had been completely sucked away, and he seemed to be extremely weak.

His entire body was still covered in a strand of strange and obscure fluctuation. However, when compared to the fluctuations that covered him as he fought the Eye of Heavenly Tribulation, it was obviously greatly weaker.

But even then, it still protected him from being assaulted by the God Attainment Altar.

“Come, I’ll carry you on my back.” Shi Yu didn’t hesitate to carry Chen Xi on his back. “Rest well. Leave the rest to us.”

After they experienced all these successive unexpected events, all of these Immortal Kings had fully taken Chen Xi to be their life saving benefactor. At this moment, not to mention carrying him on their back, they would probably not hesitate to agree to any request of his.

Chen Xi was unable to refuse at all, and he just smiled lightly before he took a deep breath and started to regulate his breathing. After that, he started absorbing the Immortal Energy that the Dark Parasol Sapling provided without end.

“Thank you, Fellow Daoists.”

“If it wasn’t for all your help, we would have probably suffered misfortune a long time ago.”

“Thank you.”

Meanwhile, Sun Wuhen, Dao Yao, and Pang Du came over and cupped their hands as they spoke.

They were very clearly aware that if it wasn’t for the presence of Shi Yu’s group, they would have probably been tricked and killed by Suiren Ting a long time ago. So they naturally felt extremely grateful to Shi Yu and the others.

“Don’t worry about it.” Xiangliu Li smiled, yet she didn’t take their gratitude seriously. It couldn’t be helped, perhaps they were allies earlier, and they’d dealt with Suiren Ting and Jiang Lingxiao together.

However, the situation now had changed. They were about to ascend to the peak of the God Attainment Altar to search for the method to become gods. So their alliance would transform into a competitive relationship, and competition meant that there was a possibility for battle.

Most importantly, she clearly remembered that Dao Yao and Pang Du had sought refuge with the Sovereign Sect, and if it wasn’t for Yi Ranfeng’s death, they would still be helping Suiren Ting at this moment!

Under such circumstances, how could Xiangliu Li take their gratitude seriously? It was already sufficiently benevolent of her that she didn't look for trouble with them.

"I...want to search for the method to become gods with Fellow Daoists. Can I join your group? Don't worry, I guarantee that I won't interfere in the actions all of you take." Sun Wuhen hesitated for a moment before he suggested in a low voice. He had a bellyful of resentment towards Dao Yao and Pang Du, so even if they'd fought together earlier, he wasn't willing to have any relationship with them anymore.

So for the sake of obtaining the method to become a god, he could only seek to join Shi Yu's group. In this way, they wouldn't be competing against each other, and that couldn't be any better for him.

"How about we let him join us? I have a good relationship with this old monkey, and I'll be the first to kill him if he dares to act rashly." Heaven Trampler supported Sun Wuhen from the side.

Shi Yu and Xiangliu Li glanced at each other before they nodded with agreement because so long as Sun Wuhen wouldn't fight and compete with them, then everything else was fine.

Dao Yao and Pang Du couldn't help but revealed shy and embarrassed expressions when they saw this. They naturally knew that their actions of joining the Sovereign Sect earlier had aroused feelings of detest from Shi Yu and the others.

If it was any other time, they would naturally not mind, and they would just leave. However, it wasn't the same now. The method to become a god that lay at the top of the God Attainment Altar had never left their minds, and if they wanted to attain their objective, then they could only stay here and seek the forgiveness of Shi Yu and the others.

"Since it's like this, both of you can follow us as well. However, the precondition is that if you obtain a Dao Fruit's Spirit, you have to hand it over to us first, and the both of you'll only get a turn after all of us. Do the both of you agree?" asked Shi Yu. He knew that it was utterly impossible to drive Dao Yao and Pang Du away at this moment, and if they competed with the two of them, battles couldn't be avoided. Thus, he made such a suggestion.

"Sure, sure, sure! That's for the best!" Dao Yao and Pang Du nodded repeatedly.

They were both similarly worried that Shi Yu and the others would harm them, so how could they not agree to this suggestion?

Once all of them had reached an understanding, the atmosphere instantly eased up greatly.

All of them had come for the sake of the method to become a god, so they were naturally unwilling to fight each other.

...

After experiencing the shocking battle from before, the 3km long path up to the peak of the God Attainment Altar had been completely rid of the restrictions that suffused it in the past.

In practically an instant, Shi Yu and the others had arrived at the peak of the altar.

This was an extremely large flat platform. The ground was paved with ancient bricks, and as they stood there and looked up into the chaotic sky, the surroundings were covered in a layer of extremely thick chaotic mist.

“According to legend, the Dao Fruit’s Spirits are hidden within this expanse of chaos. If we’re able to obtain it, then a God Tablet will descend, and it’s equivalent to obtaining the method to attain the Dao and become a god. It wouldn’t be long before we attain Godhood!” Xiangliu Li swept the surroundings with her gaze and spoke slowly.

The Dao Fruit’s Spirit was a type of divine treasure that was born in the God Domain outside the three dimensions. It was something like a foundation establishment pill, and so long as one consumed and absorbed it, it would be able to establish one’s foundation to become a god!

In other words, the secret technique to become a god was hidden within the Dao Fruit’s Spirit!

“Everyone, be careful. The chaotic mist in the surroundings of the altar is filled with boundless divinity. It isn’t so easy to find and obtain a Dao Fruit’s Spirit.” Shi Yu reminded.

Even though the peak of the altar wasn’t that enormous in the eyes of Immortal Kings, every single inch of it was enveloped in chaotic mist, and the chaotic mist was suffused with divinity. Even the perceptions of Immortal Kings were unable to search through the mist, so finding and obtaining a Dao Fruit’s Spirit depended on their own luck.

According to legend, some Immortal Kings of the past were able to sense and find a Dao Fruit’s Spirit that conformed to their own Grand Dao as soon as they arrived here, whereas some were unable to find a single one no matter how many times they searched through the chaotic mist.

All of it depended on one’s own fortune.

It was no different than searching for fish in the mud, all of it was determined by one’s luck.

Most importantly, sometimes the Dao Fruit’s Spirit some found may not necessarily conform to their own Grand Daos, and the reason for this was that Dao Fruit’s Spirits were divided according to various different attributes as well.

The God Laws contained within every single Dao Fruit’s Spirit was different as well.

For example, amongst the five elements, an Immortal King grasped the Grand Dao of Metal, yet the Dao Fruit’s Spirit he obtained was of the fire element and contained the Fire God Laws. These elements conflicted with each other, so it was impossible to utilize it to advance into the Godrank Realm.

All of them were clearly aware of this, and they spread out once Shi Yu finished explaining. They headed towards the chaotic mist in the surroundings, and their figures quickly vanished.

Shi Yu stood on guard by Chen Xi’s side instead, and he didn’t take any action. He was worried that Suiren Ting would turn back and cause Chen Xi to suffer misfortune.

Chen Xi couldn’t refuse such arrangements, and he just asked casually. “Big Brother Shi Yu, how many Dao Fruit’s Spirits are there in total on this altar?”

“It’s impossible to confirm.” Shi Yu pondered for a moment before he spoke. “I heard from the seniors of the sect that this treasure possesses intelligence of its own. In the eyes of some people, the chaotic mist is filled with Dao Fruit’s Spirits, but in the eyes of some people, they’re unable to find a single one. Everything is determined by luck and fortune.”

When he spoke up to here, his voice revealed a wisp of helplessness, and he sighed with emotion. “This is the path to becoming a god. Fortune is the key that decides everything, and not everyone possesses the qualifications to leave the three dimensions and attain Godhood.”

“Oh?” Chen Xi was stunned. He regulated his breathing as he swept the surrounding chaotic mist with his gaze, and a wisp of strange light suddenly flashed within his eyes. “Then may I ask Big Brother Shi Yu, exactly what do these Dao Fruit’s Spirits look like?”

Talisman Emperor

Chapter 1356: Chaotic Devil Spiri

The reason Chen Xi asked this question was because he suddenly noticed that under the gaze of his Eye of Divine Truth, he was able to clearly notice flickering glows of divinity that filled the chaotic mist.

Crimson, indigo blue, dark green, dark red, orange... These glows of divinity were like dancing fairies that flickered within the chaotic mist while drifting about indeterminately, and they were rather gorgeous.

However, Chen Xi didn’t dare confirm his suspicions that those glows of divinities were Dao Fruit’s Spirits. Because those glows of divinity were dazzling and resplendent, and he was unable to see their true appearance.

Shi Yu opened his mouth and was about to answer Chen Xi when his eyes focused, and he shouted in a low voice. “Watch out! Don’t move!”

Bang!

Before his voice could finish resounding through the air, a wave of extremely intense fluctuation suddenly arose from the nearby chaotic mist, and then rumbling resounded as a jet black light shot out violently before striking fiercely at Shi Yu!

This scene had occurred too swiftly, and Chen Xi wasn’t even able to react in time, let alone see the appearance of the attacker clearly.

Clang!

Shi Yu held the God Mystery Sword in hand as he swiftly executed a slash, and it carried boundless divine might as it smashed fiercely at the attacker.

Rumble!

A wave of terrifying energy fluctuations stretched out.

Shi Yu stood there without moving, whereas the jet black light staggered back, and then it actually turned around and charged into the chaotic mist with a swish and vanished without a trace.

Shi Yu didn't pursue because his first consideration was Chen Xi's safety. He was worried that he would be drawn away and cause Chen Xi to be threatened instead.

"What was that?" Chen Xi spoke with a surprised tone. He'd never expected that even the peak of the altar wasn't safe as well.

"A Chaotic Devil Spirit. A spirit that's on par with an Immortal King in strength. It's born along with the Dao Fruit's Spirits." Shi Yu explained swiftly.

It turned out that these Chaotic Devil Spirits were existences that protected the Dao Fruit's Spirits, and they didn't possess much intelligence. However, once they noticed someone coveted the Dao Fruit's Spirits, they would kill that person with all their might, and they were extremely difficult to deal with.

Because these spirits were born alongside the Dao Fruit's Spirits, they themselves possessed a combat strength comparable to the Immortal King Realm, and if one didn't deal with them carefully, then one might even be killed by them before one's body would be occupied by them, reducing the person into a Devil Puppet!

During the boundless years of the past, such incidents had occurred on more than one occasion. All these experts had been careless while searching for the Dao Fruit's Spirits, and their bodies were occupied by the Chaotic Devil Spirits, causing them to be reduced to Devil Puppets that were neither man nor monster.

"Devil Puppets?" Chen Xi was shocked in his heart.

"Yes, it's no different from taking possession of another's body by force. After the Chaotic Devil Spirits occupy the body of an Immortal King to become Devil Puppets, they'll be able to absorb the Dao Fruit's Spirits themselves and become gods!" Shi Yu spoke in a low voice. "Existences that were Devil Puppets who'd become gods were called Devil Gods. Even though they can't compare to the Devil Gods born from the chaos at the beginning of the world, their strength isn't any different to the other gods."

Through Shi Yu's explanation, Chen Xi instantly understood how terrifying Chaotic Devil Spirits were. They seized the bodies of Immortal Kings, absorbed the Dao Fruit's Spirits, and actually attained the Dao to become Devil Gods that could rival the Gods!

"In this way, aren't Miss Li and the others in danger?" Chen Xi's heart tensed up, and he spoke with worry.

"Don't forget that these Chaotic Devil Spirits are completely devoid of any intelligence. Otherwise, they wouldn't have to seize the bodies of Immortal Kings before they can absorb the Dao Fruit's Spirits." Shi Yu smiled, and his face was covered in disdain. "So long as you're careful, no mishaps can possibly occur when dealing with these idiots, unless..."

Chen Xi couldn't help but ask. "Unless what?"

"Unless you're an idiot as well." Shi Yu roared with laughter.

Chen Xi was speechless, and then he realized something and said with a frown on his face, "Big Brother Shi Yu, does every single Dao Fruit's Spirit have a Chaotic Devil Spirit guarding it?"

Shi Yu said casually, "Of course."

Chen Xi was shocked in his heart upon hearing this, and he said in his heart, If all those glows of divinity I saw earlier were Dao Fruit's Spirits, then doesn't that mean that there are an equal amount of Chaotic Devil Spirits on the altar?

"AH!!!! Save me! Fellow Daoists, save me!" Right at this moment, a howl of terror and shock suddenly sounded out from within the chaotic mist.

It was Pang Du's voice!

Shi Yu revealed a shocked expression as his gaze suddenly swept towards the distance. After that, he noticed that a figure was tearing through the chaotic mist and struggling to flee towards him.

Because the chaotic mist was filled with the energy of divinity, it caused Pang Du to seem as if he was dashing through mud, and his speed was actually extremely slow. Moreover, it was utterly impossible to teleport, and he could only run step by step.

Shockingly, there were five jet black lights pursuing Pang Du from behind!

At this moment, Chen Xi finally saw the appearance of those jet black lights clearly. All of them actually seemed as if they were translucent. Their entire bodies were enveloped in a chaotic aura, and it was extremely difficult to notice them within the chaotic mist.

Clang!

The God Mystery Sword in Shi Yu's hand let out a clear howl while he stood on the spot without moving, and then he suddenly slashed forward with his sword. Sword Insight shot into the sky, and it was filled with boundless light and the supreme might of an Immortal King.

Rumble!

An enormous bang resounded as the chaotic mist was torn apart to reveal a pathway, and then Pang Du swiftly dashed towards this pathway upon noticing it.

A wave of sharp and furious cries sounded out from within the chaotic mist. The five Chaotic Devil Spirits that were pursuing Pang Du didn't continue chasing after him, and they flashed instead and vanished once more within the chaotic mist.

"Dammit! That almost scared me to death! I was almost trapped to death by those damnable bastards!" Pang Du gasped rapidly for breath. At this moment, his clothes were disheveled while his countenance was pale, and the space between his brows still carried a wisp of terror. It was impossible to imagine exactly what sort of dangers this Immortal King had encountered earlier.

"Thank you for your assistance, Daoist Brother Shi Yu. I can't thank you enough." Pang Du calmed himself before he stood up and bowed to Shi Yu.

"What exactly happened?" Shi Yu frowned. If they hadn't come to an agreement earlier, Shi Yu couldn't be bothered to rescue Pang Du at all. So he was naturally slightly frank with his words.

"I found a Dao Fruit's Spirit earlier and was just about to take it, yet never had I expected that so many Chaotic Devil Spirits suddenly charged out from the side. They caught me by surprise, and I was almost trapped and killed there." Pang Du smiled bitterly, and it revealed a wisp of dense anger and terror. He

was just about to obtain a Dao Fruit's Spirit, yet never had he expected that such an unexpected event would occur.

Shi Yu frowned when he heard this, and he faintly felt that the situation seemed to be slightly bad. Right at this moment, another unexpected event occurred.

"Shit! Retreat!"

"Dammit! What's going on? There are so many Chaotic Devil Spirits!"

"Fuck!"

A wave of shocked and furious shouts resounded at practically the exact same time from all over the chaotic mist. After that, Xiangliu Li, Heaven Trampler, Sun Wuhen, and Dao Yao dashed out in extremely sorry states.

Moreover, there were numerous Chaotic Devil Spirits pursuing them from behind!

Shi Yu and Pang Du didn't dare hesitate when they saw this, and they hurriedly extended a helping hand.

...

After a short moment, Shi Yu, Xiangliu Li, Heaven Trampler, and all the others were gathered together, and a layer of gloominess enveloped the space between their brows.

Just like Pang Du, after they entered the chaotic mist, all of them had suffered the surprise attacks of numerous Chaotic Devil Spirits.

Especially Dao Yao, if it wasn't for Shi Yu's timely assistance, his body would have almost been completely taken over by the Chaotic Devil Spirits!

At this moment, after he survived disaster, a wisp of terror that was impossible to eliminate still remained between his brows. Obviously, the scene from before had struck a great blow onto his heart.

"The situation this time seems to be bad. There are too many Chaotic Devil Spirits, and they're moving in groups. It's impossible to guard against them." Xiangliu Li frowned with a heavy expression. "Coupled with the chaotic mist being filled with the energy of divinity, if we aren't able to escape in time, then the consequences would be unimaginable."

The others deeply agreed as well. Their brows were knit together tightly, and they felt that this matter was rather troublesome.

If it was any other place, they would be able to annihilate these mindless things in a very short amount of time. However, when it was within the chaotic mist, and when these mindless things swarmed them in groups, it wasn't something they were able to resist.

"Could it be that all of you've forgotten? The more Chaotic Devil Spirits within the mist, the more Dao Fruit's Spirits there are!" Shi Yu smiled lightly while his eyes burned with desire. "Why don't all of you act together? In this way, not only would all of you be able to deal with the threat posed by the Chaotic Devil Spirits, all of you might even be able to obtain even more Dao Fruit's Spirits!"

As soon as these words were spoken, all their eyes lit up.

Indeed, if they acted according to Shi Yu's suggestion, then the risk would undoubtedly be very small.

Chen Xi was utterly unable to interrupt in this conversation, and he could only silently recover his strength. As he listened to them, he'd roughly determined in his heart that the various glows of divinity he saw were probably the Dao Fruit's Spirits.

Xiangliu Li, Heaven Trampler, and the others immediately set out. They entered into the chaotic mist once more, and Shi Yu still continued to stay behind and protect Chen Xi.

At this moment, Shi Yu didn't have the mood to have a conversation as well. He was paying attention to Xiangliu Li and the others at all times, and he would instantly extend a helping hand to them on the slightest sign that the situation was going bad.

On the other hand, Chen Xi had restrained his thoughts and was recovering silently.

He wasn't able to interfere with everything that was occurring before him and paying any further attention to it would only give him more worries.

Swish!

Strands of pure and thick Immortal Energy surged out from within the Dark Parasol Sapling, and it transformed into surging torrents that replenished the Immortal Force in Chen Xi's body.

At the same time, the Heart Infant sat cross-legged in his Dao Heart while circulating the Immeasurable Virtue technique. Its body was suffused with brilliant golden light, and ceaselessly recovered Chen Xi's Heart Energy.

Chen Xi believed that it wouldn't be long before his physical strength and Heart Energy would be completely recovered.

Unfortunately, if I possessed the complete River Diagram this time, then I might have been able to completely destroy the Eye of Heavenly Tribulation... As he recovered, Chen Xi paid attention to the movement in his sea of consciousness. The River Diagram fragments were floating silently while emanating strands of strange and obscure fluctuations, and its aura didn't contain the feelings of ruthlessness, detest, and anger that he possessed earlier.

However, Chen Xi was able to sense that the River Diagram fragments hadn't fallen into silence yet. It seemed to have exhausted too much of energy, and it was ceaselessly recovering...

Wait! Suddenly, Chen Xi noticed that something wasn't right. The strange and obscure fluctuations emanated by the River Diagram fragments hadn't been withdrawn, and it seemed to be stretching out like strings. It had silently spread throughout the chaotic mist in a way that Chen Xi was utterly unable to detect.

It...seems to be searching for something?

This sort of feeling was extremely strange. It was like the River Diagram fragments had suddenly transformed into a fisherman that was utilizing its own aura as a fishing rod, and it intended to hook some sort of prey...

Chen Xi was instantly stunned.

Talisman Emperor

Chapter 1357: Falling Into His Arms

With Chen Xi as the center, strands of obscure and strange fluctuations stretched out like tentacles and entered the chaotic mist.

At this moment, in his daze, Chen Xi felt as if he'd become a spider, and he was laying down on a dense crisscrossed web while waiting to reap his prey.

This was an extremely strange feeling.

Along with the gradual passage of time, this strange feeling grew stronger and stronger, whereas the River Diagram fragments within his sea of consciousness started to tremble. Obviously, it seemed to be slightly impatient.

It seemed like a starving beast that was waiting to have its meal.

Om!

Suddenly, a wave of intense droning arose from the River Diagram fragments.

"Eh!" At practically the exact same time, an exclaim of surprise from Shi Yu sounded out by Chen Xi's ears.

...

In the depths of the chaotic mist, Xiangliu Li, Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du were in battle.

There were over ten Chaotic Devil Spirits attacking them madly from the surroundings, and they emanated various terrifying divine radiances that swept through the chaotic mist.

However, this level of attacks was obviously incapable of harming Xiangliu Li and the others at all, so the situation wasn't dangerous.

Not far away from them was a green and hazy flickering glow of divinity.

If one looked carefully, the green colored glow of divinity was perfectly round and around the size of an infant's fist. It seemed like a brilliant and tiny green colored sun that emanated strands of pure divinity.

As it flickered, the glow of divinity transformed without end, and it revealed all sorts of mysterious and profound scenes. There was the scene of the gods chanting, green flowers falling from the sky, auspicious birds and beasts dashing, the ancient tune of the Dao drifting through the sky...

All these phenomena were so divine, supreme, paramount, and seemed to come from the legendary Kingdom of Gods.

The Dao Fruit's Spirit!

Only such a divine treasure was capable of revealing such divine and supreme phenomena.

“Everyone, help me resist the attacks from the surroundings. I’ll subdue this Dao Fruit’s Spirit that contains the God Laws of Wood.” Xiangliu Li instructed before she suddenly formed a supreme divine seal that enveloped down towards the Dao Fruit’s Spirit in the distance.

Swoosh!

She was just about to capture the Dao Fruit’s Spirit when an unexpected event occurred!

A shapeless force suddenly surged into appearance and grabbed the Dao Fruit’s Spirit before Xiangliu Li, and then it flashed before it actually vanished into thin air!

Xiangliu Li was stunned, and her pupils constricted.

What’s going on?

It wasn’t just her, the others had noticed this scene as well, and all of them were shocked. *Could it be that we have rivals in the vicinity?*

The nearby Chaotic Devil Spirits let out extremely furious and sharp cries, and they seemed to have gone completely mad because the Dao Fruit’s Spirit had vanished.

Along with their sharp cries, wave after wave of extremely furious roars resounded at practically the exact same moment within the chaotic mist above the altar.

It seemed like all the Chaotic Devil Spirits hidden within the chaotic mist had been infuriated at this moment!

“Dammit! What’s going on?”

“Shit! Retreat! Quickly!”

“Retreat!”

The faces of Xiangliu Li and the others sank when they noticed this sudden scene, and they felt extremely threatened. So they didn’t dare hesitate any longer and immediately returned the same way they came here.

...

Rumble! Rumble!

At this moment, the chaotic mist on the entire peak of the God Attainment Altar was surging violently while waves of extremely sharp and furious roars resounded from within it, and these roars resounded like thunderclaps.

Numerous jet black lights could clearly be seen dashing madly through the mist. It was numerous Chaotic Devil Spirits that were like an infuriated group of beasts at this moment.

At the same time, numerous multicolored glows of divinity ceaselessly charged out from the chaotic mist like flowing lights, and they charged towards the same direction from all over the chaotic mist.

The chaotic mist was seething!

The Chaotic Devil Spirits were furious!

The Dao Fruit's Spirits were flying towards the same direction!

This shocking change of events caused Shi Yu who stood on guard by Chen Xi's side to be horrified, and he revealed a solemn expression while feeling slight disbelief.

"Dammit! What's going on?" Shi Yu had never imagined that after they arrived at the God Attainment Altar with great difficulty and should obtain Dao Fruit's Spirits, it just so happened that an unexpected event would occur at this moment.

"Leave quickly! Something isn't right!" Meanwhile, Xiangliu Li and the others returned from within the chaotic mist. All of their expressions were extremely unsightly and revealed anxiousness, unwillingness, rage, and gloominess.

The situation was extremely severe indeed.

An unexpected event had enveloped the entire altar. All the Chaotic Devil Spirits had been infuriated and were charging over towards here. The Chaotic Devil Spirits probably amounted to a total of forty to fifty, whereas, their group only consisted of six Immortal Kings, so how could they be a match for the Chaotic Devil Spirits?

So they could only choose to flee the altar first!

It was obvious that this sort of situation was horrible to Shi Yu and the others, and it caused all their expressions to become extremely gloomy.

But no matter how furious they were, for the sake of their lives, they could only avoid the Chaotic Devil Spirits for now by leaving!

Om!!!

However, right when they intended to leave, a wave of a grand and obscure fluctuation swept towards the surroundings.

At this instant, the figures of Shi Yu and the others stiffened while their entire bodies were swept through by what felt like the supreme intent of a god, and it caused their entire bodies to go cold.

After that, a shocking scene appeared in their fields of vision!

Along with the grand and strange fluctuation spreading towards the surroundings, the Chaotic Devil Spirits within the chaotic mist seemed as if they'd been grabbed by a shapeless hand. Their bodies shrunk rapidly while they let out shrill cries filled with extreme terror, and it was in vain no matter how they struggled.

Bang! Bang! Bang!

In the next moment, the Chaotic Devil Spirits were actually crushed and perished on the spot!

Shi Yu and the others were shocked, and they simply didn't dare believe their eyes.

Because those wore around forty or fifty existences comparable to Immortal Kings. Even though they didn't possess any intelligence, once they successfully seized the body of an Immortal King, they would be able to absorb the Dao Fruit's Spirit and attain the Dao to become Devil Gods in one go!

Yet now, they'd actually been easily crushed to death like ants by the strange and obscure fluctuation!

If this were to occur to all of us... When they thought up to here, the hearts of Shi Yu and the others went cold, and they didn't dare continue on this train of thought.

Swoosh! Swoosh! Swoosh!

While Shi Yu and the others felt shocked, numerous blazing and gorgeous glows of divinity tore through the sky, and they were like numerous divine rays of light that charged over simultaneously.

Black, white, indigo blue, dark green... Shockingly, all of them were Dao Fruit's Spirits!

An indescribable strand of extreme joy surged into the hearts of Shi Yu and the others. Even though they were unable to figure out why such an unexpected change in the situation would occur, when they saw numerous Dao Fruit's Spirits actually fly over towards them, the pleasant surprise and shock they felt was simply indescribable.

"Quickly make a move!"

"Get them!"

"This Dao Fruit's Spirit that contains the God Laws of Water is mine!"

Without practically any hesitation, Shi Yu and the others made a move to seize them.

However, the scenes that they witnessed next exceeded all of their expectations, and it caused them to feel astounded and shocked. Because no matter how they attacked, they were actually unable to approach the Dao Fruit's Spirits at all!

It seemed as if a shapeless force had completely enveloped the Dao Fruit's Spirits.

This caused them to be shocked and were slightly taken by surprise. When they looked carefully, they noticed to their disbelief that those Dao Fruit's Spirits were actually charging towards Chen Xi!

"This..." All of them opened their eyes wide while their jaws almost hit the floor from shock. *The Dao Fruit's Spirits are actually obediently falling into Chen Xi's arms? Isn't this too unbelievable?*

Not to mention them, even Chen Xi felt indescribably shocked at this moment.

He'd noticed the extremely strange fluctuations emitted by the River Diagram fragments earlier, yet he'd never expected that such a scene would actually occur.

The Chaotic Devil Spirits were all annihilated like pieces of paper, whereas the Dao Fruit's Spirits took the initiative to fly towards him... If he hadn't witnessed the extraordinary ability of the River Diagram fragments in the past, he would almost think that he was dreaming.

Swoosh!

A Dao Fruit's Spirit that was suffused with a crimson red glow of divinity flashed before it surged into Chen Xi's body.

However, before he could react to this, this Dao Fruit's Spirit transformed into pure fiery red energy of divinity with a bang, and it was completely absorbed by the River Diagram fragments in his sea of consciousness.

At the exact same time, strands of bright light suddenly appeared on the surface of the River Diagram fragments, and it wasn't so dim like it was moments ago.

Earlier, after the battle with the Eye of Heavenly Tribulation, the River Diagram fragments' aura had weakened. At this moment, after it consumed a Dao Fruit's Spirit, the Dao Fruit's Spirit obviously allowed it to recover greatly.

Now Chen Xi finally understood. The reason the River Diagram fragments had done this was because it urgently needed the energy of the Dao Fruit's Spirits to recover its exhausted strength.

Swoosh! Swoosh! Swoosh!

Subsequently, other Dao Fruit's Spirits ceaselessly surged into Chen Xi's body in succession, and then they transformed into various types of pure energy of divinity that was absorbed by the River Diagram fragments.

When this scene was noticed by Shi Yu and the others, tempestuous waves couldn't help but arise in their hearts.

These are Dao Fruit's Spirits that contain the secret to becoming a god. How can a little fellow at the Saint Immortal Realm possible absorb and consume them while they ceaselessly surged into his body?

This had exceeded their imagination.

"Little Brother Chen Xi probably possesses some sort of secret treasure from Oracle Mountain, and it possesses unbelievable ability." Xiangliu Li spoke in a low voice.

"That's probably the case. Earlier, I suspected that he probably possesses another treasure that's even more mysterious and formidable than the Dao Calamity Sword, otherwise how could he possibly be able to resist the Eye of Heavenly Tribulation?" Shi Yu nodded and agreed with Xiangliu Li's opinion.

No matter if it was overcoming the 36 Restrictions of the Gods in the God Attainment Palace, resisting the Eye of Heavenly Tribulation, or even ascending the God Attainment Altar, it was impossible for a little fellow at the Saint Immortal Realm to accomplish all of this.

Only this sort of explanation could logically explain all the unusualness that had occurred.

Otherwise, if a Saint Immortal could accomplish all of this, then all of them Immortal Kings could just cut their own throats and commit suicide.

"So in this way, the Dao Fruit's Spirits are being absorbed by some sort of secret treasure in this kid's possession? This...this...this... This is really painful!" As he watched the Dao Fruit's Spirits vanish one by one, Heaven Trampler couldn't help but hammer his chest and stomp his feet. *All of them contain the*

secret to become a god! Every single one of them is a supreme treasure that every single Immortal King dreams of!

Hadn't they risked their lives and overcome difficulties all the way for the sake of this treasure?

Yet now, it was charging into Chen Xi's body like free food, so how could Heaven Trampler's heart not hurt from this loss? His heart was bleeding...

Talisman Emperor

Chapter 1358: Heavy Oath

It wasn't just Heaven Trampler, the hearts of Shi Yu and the others hurt as well, and if it wasn't out of consideration for their status, they would wish for nothing more than to seize the Dao Fruit's Spirits from Chen Xi!

Of course, it was useless even if they did. The Dao Fruit's Spirits were enveloped by the aura of the River Diagram fragments, and it caused them to be utterly unable to approach the Dao Fruit's Spirits and could only watch from the side as this happened.

There was a total of fifty Dao Fruit's Spirits that flew before their eyes, and entire twenty plus had surged into Chen Xi's body at this moment.

If it continued at this speed, then it probably wouldn't be long before all the Dao Fruit's Spirits would be completely absorbed by Chen Xi. At that time, all of them would be depressed to the point of spitting out blood!

At this moment, Chen Xi's heart hurt from the loss as well, yet he was unable to stop it.

Those are Dao Fruit's Spirits! Can you leave a few behind?

As if it had heard the voice in Chen Xi's heart, after it absorbed over thirty Dao Fruit's Spirits, the surface of the River Diagram fragments flowed with a lustrous glow of divinity and emanated a strand of the aura of completeness, and it immediately fell into deep silence.

There were another seventeen Dao Fruit's Spirits that remained!

Chen Xi instantly revealed an extremely relieved smile when he saw this. All of these are supreme and paramount treasures, and they all belong to me now!

Swish!

After the River Diagram fragments stopped enveloping them with its energy, the few Dao Fruit's Spirits that remained fell down like raindrops, and they were put away by Chen Xi. He stored them into jade boxes and carefully sealed them up.

Fortunately, the River Diagram fragments had tamed the Dao Fruit's Spirits since a long time ago, otherwise merely putting these divine treasures away wouldn't be something a Saint Immortal like Chen Xi could accomplish.

After he finished doing all of this, Chen Xi heaved a sigh of relief, and when his gaze inadvertently swept towards the surroundings, he noticed that Shi Yu and the others were staring at him with their eyes open wide. They seemed as if they were looking at a freak, and it was indescribably strange.

Chen Xi instantly understood that everything had been witnessed by these Immortal Kings, and he felt a wave of speechlessness in his heart. All of that was caused by the River Diagram fragments, and it has nothing to do with me.

Unfortunately, he was unable to give them an explanation about this.

“Brother Chen Xi, well done!” Fortunately, Shi Yu and the others didn’t pursue the matter, and they just praised Chen Xi repeatedly.

Earlier, they’d never imagined that such an unexpected event would occur at the peak of the God Attainment Altar, and they’d never imagined that so many Chaotic Devil Spirits and Dao Fruit’s Spirits were hidden within the chaotic mist...

Especially when they saw the Dao Fruit’s Spirits actually fall into Chen Xi’s arms on their own, the shock in their hearts was indescribable.

Now that everything had returned to calm, and there were still over ten Dao Fruit’s Spirits in Chen Xi’s possession, they naturally felt extremely envious. So it was impossible that they would be stingy with their praise.

It couldn’t be helped. They were still hoping that Chen Xi would give them a Dao Fruit’s Spirit each.

As for taking it by force, Sun Wuhen, Dao Yao, and Pang Du had such thoughts in their hearts, but when they looked at Shi Yu, Xiangliu Li, and Heaven Trampler, they immediately gave up.

They were very clearly aware that even though Chen Xi was only a junior at the Saint Immortal Realm, the Midnight Immortal King had suffered a heavy injury earlier because of him!

Even if that was disregarded, merely based on his combat strength that was capable of going against the Eye of Heavenly Tribulation, it was sufficient to make Sun Wuhen and the others to be filled with terror, and they didn’t dare arouse any ill intent.

If it was any other Saint Immortal, they wouldn’t hesitate in the slightest and directly take it by force.

“Young Brother Chen Xi, I wonder if those...if those...Dao Fruit’s Spirits of yours...” Xiangliu Li hesitated over and over again before she finally mumbled, and her clear and beautiful face carried a wisp of a blush as she seemed to be slightly shy.

It could be considered extremely rare for an Immortal King from Nuwa’s Dao Palace to reveal such an appearance.

As she spoke, the others revealed a wisp of burning desire from their eyes as well, and they glanced repeatedly at the jade boxes in Chen Xi’s hands while seeming to be hesitating to speak.

“Miss Li, there’s no need to say any more. I never intended to take possession of all these Dao Fruit’s Spirits.” Chen Xi spoke swiftly as he didn’t dare to make Xiangliu Li continue feeling embarrassed like this.

As he spoke, he immediately spread out the 17 boxes that contained Dao Fruit's Spirits in a row, and he placed it before him as he said, "I don't know what Grand Dao all of you've comprehended, so please choose yourselves."

Shi Yu and the others were extremely relieved when they saw Chen Xi give the Dao Fruit's Spirits to them so readily, and the gazes they shot at Chen Xi revealed extreme friendliness.

"Brother Chen Xi, then I won't hold back." Shi Yu roared with laughter as he moved forward first, and he looked through them briefly before he chose a Dao Fruit's Spirit that contained the God Laws of Metal.

"Big Brother Shi Yu, aren't you cultivating in the Laws of Light?" Chen Xi asked with shock. According to his previous understanding, if one chose a Dao Fruit's Spirit that contained a God Law that didn't confirm to one's own Immortal King Grand Dao, then it was impossible to become a god.

Shi Yu was in a happy mood, so he naturally wouldn't be stingy with his guidance to Chen Xi, and he said with a smile, "There are a total of nine types of God Laws utilized to attain the Dao and become a god. They're respectively the five elements, Yin, Yang, wind, and lightning. They're also called the Nine Godrank Daos."

According to Shi Yu, the Dao Fruit's Spirits contained the secret to become a god, and they contained nine types of God Laws. If it was an Immortal King that utilized one of these Laws, the Immortal King was naturally only able to choose a Dao Fruit's Spirit that conformed to the Law.

However, if it was an Immortal King that utilized a rare Immortal King Grand Dao, then the Immortal King could choose any one of the Dao Fruit's Spirits.

Just like the rare Grand Daos of Light, Darkness, Oblivion, and other similar Grand Daos. All of them were superior to the Grand Daos of the five elements, Yin, Yang, and various other ordinary Grand Daos. So choosing any one of these Dao Fruit's Spirits would naturally not conflict with the rare Grand Daos.

After he finished listening to all of this, Chen Xi finally had a comprehensive understanding towards attaining the Dao and becoming a god.

All of this knowledge was temporarily useless to him. However, once he advanced into the Immortal King Realm and was about to become a god, all this knowledge would be of use then.

After that, Xiangliu Li, Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du chose a Dao Fruit's Spirit one after the other, and they naturally thanked Chen Xi endlessly.

At this point, another eleven Dao Fruit's Spirits remained in Chen Xi's possession!

"Fellow Daoists, I hope that not a single word of what happened today will leak out to anyone else. Do all of you agree?" Suddenly, Shi Yu's expression became solemn while his gaze was like an icy bolt of lightning as it swept past Sun Wuhen, Dao Yao, and Pang Du, and his voice carried a stern and cold tone.

As soon as these words were spoken, Xiangliu Li and Heaven Trampler revealed solemn expressions as well. They understood Shi Yu's intentions, and they swept their gazes over coldly.

Chen Xi had eleven Dao Fruit's Spirits in his possession, and it was a piece of wealth that was sufficient to cause Immortal Kings to drool covetously at. If news of it were to spread to the Immortal Dimension, then it would definitely cause boundless storms.

At that time, it was utterly impossible to keep the Dao Fruit's Spirits by relying merely on Chen Xi's current strength. So Shi Yu and the others were doing this to avoid any future troubles that might harm Chen Xi in the future.

Sun Wuhen and the others were filled with feelings of excitement at this moment, and their hearts jerked upon hearing this, causing their expressions to change slightly as well.

"Don't worry. Before all of you today, I, Sun Wuhen, swear on my Grand Dao that if I expose anything that happened today, then I'll suffer the wrath of the heavens from the God Dao and eternally be unable to have a natural death!" Sun Wuhen took a deep breath, and then he swore with a solemn expression!

Dao Yao and Pang Du couldn't help but feel a wave of helplessness when they saw this. Originally, they were thinking of relying on the information they obtained today to exchange this information for some benefits. However, the warning and threats from Shi Yu and the others caused them to instantly discard these sort of thoughts.

Under the threatening and icy cold gazes of Shi Yu, Xiangliu Li, and Heaven Trampler, the two of them had no choice but to swear obediently.

To existences at their cultivation, so long as they made an oath, then it would imperceptibly bind them, and even if they became gods and left the three dimensions, they would suffer the wrath of the heavens upon going against their oath!

At the bottom of it all, the key was the words 'God Dao' in their oaths!

The gods grasped the God Dao, and if they went against their own God Dao, then they would naturally suffer the wrath of the heavens.

When they saw Sun Wuhen and the others make heavy oaths, Shi Yu and the others revealed relaxed expressions.

Chen Xi was naturally extremely pleased with such arrangements. However, he still felt a trace of worry in his heart. I'm a disciple of Oracle Mountain, so no matter how good my relationship with Shi Yu and the others is, what if they reveal this information to their relatives and friends? At that time, even if they don't make a move against me, but what if they come looking for me to ask for a Dao Fruit's Spirit. That would be troublesome...

After all, they were disciples of Nuwa's Dao Palace, and they definitely had many brothers and sisters in the sect. Once their senior and junior brothers and sisters in the sect found out about this, it would be troublesome in the end.

"Fellow Daoist Shi Yu, since we've all made heavy oaths, then shouldn't all of you as well?" Dao Yao was slightly disgruntled that he was restrained like this, so he couldn't refrain himself from asking this.

As soon as these words were spoken, Chen Xi's expression remained unchanged, yet he heaved a sigh of relief in his heart, and he suddenly felt that Dao Yao was much more pleasing to the eye...

"Of course." Shi Yu, Xiangliu Li, and Heaven Trampler instantly guessed Dao Yao's intentions, and they didn't feel uncomfortable because of this.

They immediately made heavy oaths as well.

Chen Xi felt completely at ease when he saw this, and his entire body felt relaxed.

After that, he noticed that Shi Yu and Xiangliu Li glanced imperceptibly at him. This allowed him to instantly realize that Shi Yu and the others had seen through his thoughts since the beginning, and they just didn't mention it.

Chen Xi naturally wouldn't say anything about it as well. Through this period of contact with them, Chen Xi was very clearly aware of Shi Yu and the others' character, so he naturally wouldn't worry that they would have any complaints.

Conversely, they were probably having a headache thinking about how they should repay him.

After all, all along the way here, Chen Xi had helped them greatly and dealt with more than one calamity. Now that he'd given them a Dao Fruit's Spirit each, and they weren't emotionless people like the members of the Sovereign Sect, so they would definitely remember all of this in their hearts.

This was what Chen Xi attached the most importance to.

Suddenly, Shi Yu placed his hands behind his back and looked up into the chaotic sky. His gaze was like a bolt of lightning while his face carried anticipation, and he spoke slowly. "I heard that if one refines and absorbs the Dao Fruit's Spirit at the peak of the God Attainment Altar, then it's extremely likely for one to see into the Godrank Chart. I want to give it a try."

[Talisman Emperor](#)

Chapter 1359: Godrank Char

The Godrank Chart!

According to legend, when every single Immortal King attained the Dao and became a god, the Immortal King's name would appear on the Godrank Chart once the Immortal King had obtained the God Tablet, and it became the expert's eternal glory.

Even if the god perished, the world was destroyed, or a new era arrived, a mark of that expert would still be branded on the Godrank Chart!

Most importantly, it represented a form of acknowledgement of the mysterious God Domain towards one's identity as a god. It was even to the extent that rumors said one could pry into the profundities of the supreme God Domain through the Godrank Chart!

On the other hand, when Chen Xi heard the name, Godrank Chart, he instantly recalled the grand scene that he'd once witnessed in his sea of consciousness. It was a brilliant golden scroll that lay across the edges of the heavens, and it was hidden within the chaotic mist, causing Chen Xi to be unable to see exactly what was recorded on the scroll.

But needless to say, it was probably the Godrank Chart!

The reason he was able to witness such a scene was naturally because of the unexpected awakening of the River Diagram fragments.

Chen Xi wasn't clearly aware what it represented, and he was similarly very curious. If this Godrank Chart exists, then who controls it? Why would such a supreme chart be published?

...

After he decided to refine and absorb the Dao Fruit's Spirit and witness the Godrank Chart for himself, Shi Yu didn't hesitate any longer and immediately sat cross-legged on the altar.

He had a solemn expression while his entire body was enveloped by Immortal King Laws, and he swiftly formed numerous profound and mysterious supreme seals with his hands. These seals surged like tidewater into the Dao Fruit's Spirit that floated before him.

Rumble!

Along with the various profound seals surging into it, the Dao Fruit's Spirit suddenly glowed brightly and emanated an extremely grand rumbling of the Dao, and then everyone could clearly see that numerous mysterious phenomena were being produced from it.

The gods were emanating praise, golden radiance shot into the sky, auspicious qi drifted faintly in the surroundings, vast sounds of chanting resounded...

In the end, all of these phenomena transformed into a clear and glistening stream that Shi Yu swallowed into his body.

At this instant, his entire body suddenly surged with a strand of a blazing golden glow of divinity, and it was like a brilliant Suncrow had shot into the sky and illuminated the world.

This scene was extremely divine, and it caused all the others to reveal shocked expressions that carried anticipation within it.

The Dao Fruit's Spirit contained the secret to becoming a god, and so long as one refined and absorbed the Dao Fruit's Spirit, one would be able to obtain a God Tablet bestowed by the heavens. After that, one only had to continue cultivating before one would be able to attain the Dao and become a supreme god!

That was a cultivation realm that every single Immortal King dreamt of!

In Chen Xi's opinion, witnessing such a process was similarly a rare piece of experience, and it would be extremely beneficial when he attained the Dao and became a god in the future.

Rumble!

The blazing golden glow of divinity tore through the sky, causing the chaotic mist in the sky to be torn apart. After that, an indescribably dignified aura rumbled as it descended from above the sky.

It seemed as if a supreme god was about to descend into the world. As they felt this supreme and dignified aura, all the Immortal Kings in the surroundings couldn't help but arouse a wisp of reverence in their hearts, and it was like they were sincerely showing respect to the gods.

In the next moment, a grand and mysterious scroll that was enveloped in the golden radiance of divinity gradually appeared above the sky.

It was too blazing and dazzling, and it completely enveloped the entire God Attainment Altar, causing the entire heavens and the earth to be dyed in a brilliant gold color while it emanated a supremely dignified imposing aura.

The Godrank Chart!

Xiangliu Li and the others were extremely shocked in their hearts. They opened their eyes wide while a wisp of respect, admiration, and fervor appeared on their faces.

Chen Xi was truly unable to imagine exactly what sort of secrets were hidden on the Godrank Chart that it could actually make all of these Immortal Kings feel so excited.

But in next to no time, he couldn't be bothered about all of this. Because the mysterious and dignified golden scroll above the sky was gradually unfolding.

The gazes and attention of everyone in the surroundings was drawn over by it, and they were deeply afraid that they would miss the slightest detail.

Thump! Thump! Thump!

Along with the unfolding of the Godrank Chart, a wave of divine tunes that sounded like the ring of the bell in the morning resounded through the heavens and the earth. It was so powerful, so dignified, and as it entered into the ears of all, it felt like the sound of nature, causing all of their minds and bodies to feel tranquil and at ease.

But in next to no time, the expressions of Xiangliu Li, Heaven Trampler, and the others changed, and they couldn't help but let out muffled groans while a wisp of an expression of pain appeared on their faces.

Because their minds and will were being suppressed at this moment by the supreme pressure emanated by it, and it caused them to actually be unable to see the Godrank Chart above the sky even if they opened their eyes wide!

They didn't dare struggle because the might of that supreme dignified pressure was too terrifying. They immediately dispelled all of their thoughts and sat cross-legged on the ground, and they didn't dare arouse any improper thoughts.

Only Chen Xi was unaffected because when he sensed the supreme dignified aura descend, the River Diagram fragments in his sea of consciousness instantly emanated a fluctuation that completely dealt with it.

At this instant, Chen Xi acutely noticed that even though the River Diagram fragments couldn't be said to feel detest and anger towards this energy, the River Diagram fragments refused and rejected it to the extreme.

This caused Chen Xi to recall the scenes of him going against the Eye of Heavenly Tribulation earlier.

He faintly sensed that no matter if it was when he was facing the Eye of Heavenly Tribulation or the Godrank Chart that had appeared at this moment, the River Diagram fragments were unable to maintain silence and emanated a will and feelings of its own.

Chen Xi was unable to figure all of this out, so he stopped thinking about it. He stared fixedly at the Godrank Chart above the sky, he saw it gradually unfold, and then he finally saw some extremely dazzling names!

There were rows and rows of names.

Columns and columns of them.

They were like a dense mass of bright pearls that studded the starry sky while emanating various different supreme imposing auras.

Some were fierce like sharp swords and filled with peerless killing intent.

Some raged without restraint like flames.

Some were gentle like a refreshing breeze that filled the surroundings.

Some were silent like rocks, yet they emanated an unshakeable force.

...

Every single name was so dazzling and resplendent, supreme and mighty. When they appeared on the Godrank Chart, they seemed like a myriad of stars converged together, and they brought unparalleled shock to the hearts of all that lay their eyes upon them.

Unfortunately, no matter how hard Chen Xi tried, he was actually unable to see those names clearly, and no matter how he counted, he was unable to determine exactly how many there were.

Because the Godrank Chart was too supreme and dignified. It was enveloped in divinity, causing him to be only able to see row after rows of names that seemed like the traces of gods, yet he was unable to see exactly who those names belonged to.

However, Chen Xi was sure that those names of the Godrank Chart definitely represented all the supreme existences that had attained the Dao and become the gods throughout the innumerable years since the chaos was split open at the beginning of the world.

Who're they? Are the names of Fuxi, Nuwa, the Master of the Sovereign Sect, the Chaotic Divine Lotus, the Third Netherworld Emperor, the Dark Parasol Divine Tree, the Ant Exalt, the Five Primeval Emperor...all on there?

Chen Xi's thoughts flashed swiftly as he recalled all the extraordinary figures he heard of since he started cultivating.

In his daze, the mysterious, indifferent, and emotionless eye appeared within his mind for no rhyme or reason, and he recalled the blurry figure within the eye that had inadvertently turned around to look at him...

After that, his heart shook as he felt a strand of indescribable terror. The hairs on his entire body stood on end while he shuddered, and he was suddenly jolted awake from his disordered thoughts.

Huff!

Chen Xi couldn't help but let out a long sigh while he revealed an expression of wonder. Who exactly was that blurry figure that appeared within the Eye of Heavenly Tribulation? Why would I feel extremely horrified when I thought about him?

Swish!

Right when Chen Xi was in deep contemplation, the golden light above the sky restrained itself while the supreme and dignified aura vanished. The Godrank Chart gradually vanished along with this, and it was drowned within the dense chaotic mist.

At this moment, Shi Yu opened his eyes and woke up as well.

Meanwhile, a strange glow that seemed like the glow of wisdom flickered in the space between his brows, and he revealed a smile on the corners of his mouth that carried a trace of indescribable excitement and delight.

All the others instantly surrounded him when they saw this, and they asked successively.

"Did you obtain the method to cultivate and become a god?"

"Exactly what secrets did you discover? Is the Godrank Chart related to the Ancient God Domain?"

"Exactly how many brands of the gods are there on the chart?"

At this moment, even Chen Xi couldn't help but look over curiously. Even though he'd seen the extremely brilliant names on the Godrank Chart earlier, he didn't know exactly who they were.

Shi Yu was stunned by all these questions, and he knit his brows and pondered for a long time before he laughed bitterly and shrugged. "I can only firmly believe that I'm not far away from the Godrank Realm. As for everything else... Hmm, it's very difficult to say, and I'm unable to explain it. It can only be comprehended in the heart."

This was as it was said, the Dao was nameless, and it was impossible to speak of the Dao.

Some comprehensions and experiences were clearly obtained, yet it was just impossible to speak of and describe.

All of them couldn't help but be slightly disappointed when they heard this.

Chen Xi was slightly stunned by this. Perhaps only the Grand Dao of the Gods can provide supreme comprehensions that even an Immortal King is unable to describe, right?

"Why don't I try to refine and absorb the Dao Fruit's Spirit as well and see if I'll be able to comprehend something from the Godrank Chart." As she spoke, Xiangliu Li intended to sit down cross-legged on the ground and begin.

However, right at this moment, the God Attainment Altar beneath her feet suddenly trembled violently, and it caused her to be slightly shocked before everyone's expressions changed.

"Shit! This God Attainment Altar is about to collapse!"

“It isn’t just this altar. It seems like this entire expanse of the heavens and the earth has started to break apart and is about to shatter into pieces!”

“Let’s leave quickly! Before anything else happens!”

Before Chen Xi could recover from his shock, he was grabbed by Shi Yu who revealed a solemn expression, and then Shi Yu flew quickly down the altar.

It wasn’t just Shi Yu, Xiangliu Li and the others had made a move successively as well, and they were deeply afraid of being a bit too slow.

What happened? Chen Xi was puzzled, and he was slightly unable to figure out why Shi Yu and the others would see so nervous and hasty.

But in next to no time, he came to an understanding.

Because right when Shi Yu brought him along and left the God Attainment Altar, the space above the sky started to split apart, collapse, and shatter. It transformed into layer upon layer of shattered spatial turbulence that rained down.

In practically an instant, it drowned the entire God Attainment Altar, causing it to transform into a horrifying black hole and rifts. Moreover, the black hole and rifts were rapidly spreading without end...

This scene was too terrifying. It was like the black hole in the universe was ceaselessly devouring and swallowing this expanse of the heavens and the earth, and if Shi Yu and the others didn’t leave in time just now, then the consequences would be unimaginable.

Because this was a calamity that even the might of Immortal Kings were unable to undo!

Rumble!

In the next moment, Chen Xi’s vision turned black, and then his figure flickered through the sky as Shi Yu teleported Chen Xi along with himself. Chen Xi could only hear waves of extremely terrifying sounds of explosions and shattering rumbling in the surroundings...

[Talisman Emperor](#)

Chapter 1360: The Destruction Of The Prehistoric Ruins

Rumble!

The sky split apart while space collapsed, and violent spatial turbulence raged through the surroundings.

This was a disaster like the heavens and the earth were suffering a calamity, and the world was filled with destruction.

At this moment, the God Attainment Altar, the God Attainment Palace, the boundless chaotic space... Every single inch of the world was collapsing and shattering, and it revealed numerous terrifying black holes and rifts.

These black holes and rifts were spreading at an unbelievable speed. Everywhere they passed, stars collapsed, divine mountains shattered into powder, and everything fell into destruction.

In practically less than ten minutes, this sort of destruction had already spread to the Godslaughter Bloodlands!

This meant that the God Attainment Region that had existed through the boundless annals of time had been completely destroyed!

The destruction hadn't come to an end.

In the subsequent period of time, with the Godslaughter Bloodlands at the center, the terrifying black holes and rifts spread out towards the surroundings, and they devoured the sky, shattered the ground, and throw time and space into chaos...

It was like a torrent of chaos had suddenly erupted and started to sweep through the entire Prehistoric Ruins!

...

"Shit! The Prehistoric Ruins are about to collapse!"

"Let's leave quickly! Anything could happen if we're slow!"

"Dammit! Why would it occur so suddenly?"

"Quickly! Quickly! Quickly! We can't waste any more time. We must leave immediately!"

At this moment, all the Prehistoric Sects, ferocious beasts, and all living beasts in the Prehistoric Ruins were alarmed.

Roar! Roar! Roar!

Ferocious beasts roared as they fled in panic, and they converged into a vast chaotic torrent that dashed madly towards the Dimensional Barrier in the distance. The ground was trembling and splitting apart while the sky was covered by various ferocious living beings, and they were flying madly like a dark cloud.

At this moment, the entire Prehistoric Ruins was filled with boundless terror, rage, frustration, and unwillingness.

Before this chaos of the heavens and the earth, even formidable existences like Immortal Kings sensed extreme danger, and they didn't dare hesitate to flee for their lives.

Rumble! Rumble!

Thunderclaps rumbled as lightning tore through the sky, and the entire Prehistoric Ruins was enveloped in a terrifying atmosphere that seemed like it was doomsday.

A long time ago, the Prehistoric Ruins had already become the place where the upheaval of the three dimensions began, and because of this, the numerous Prehistoric Sects had taken action to set their sights on the Immortal Dimension. They intended to move their sects from the Prehistoric Ruins to the Immortal Dimension.

However, never had they imagined that this calamity would actually erupt so quickly, and it appeared before their eyes even before they were able to make sufficient preparations!

At this moment, no one dared to think twice or hesitate, and all of them fled with all their might.

After the time for an incense stick to burn, explosions that shook the heavens and the earth arose in the entire Prehistoric Ruins, and the energy of the Heaven Dao that maintained the existence of the entire Prehistoric Ruins had started to rumble and collapse!

This meant that the quintessence world energy of the Prehistoric Ruins was about to be completely obliterated!

“Flee!”

“The world energy is collapsing. We’ll definitely perish if we still don’t leave this place!”

...

After an unknown period of time, Chen Xi’s consciousness recovered. He’d been brought through space via teleportation by Shi Yu, and he was only able to hear the endless enormous explosions and rumbling all along the way. It shook him to the point his eardrums still faintly hurt at this moment.

He was above a surging and violent sea that raged with lightning and tempestuous waves that shot into the sky.

At his side, Shi Yu, Xiangliu Li, Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du had solemn expressions as they flew with all their strength.

None of them said anything, and the atmosphere was extremely oppressive.

After a short moment, Chen Xi finally dared to confirm that he’d actually already left the Prehistoric Ruins, and he was moving above the Endless Sea right now.

“What exactly happened earlier?” After pondering about it for some time, Chen Xi was unable to refrain himself from asking in the end.

“The Prehistoric Ruins were completely destroyed...” Shi Yu sighed with a frown on his face.

What!?

Chen Xi was shocked when he heard this, and he still didn’t dare believe his ears. He turned around to look, yet he was only able to see an expanse of blurry lightning and thunder, and he wasn’t able to see anything else.

The Prehistoric Ruins were actually destroyed! Doesn’t this mean that the upheaval of the three dimensions has already begun?

This sudden news was too astounding, and it caused Chen Xi to be unable to recover from his shock.

After that, Chen Xi suddenly thought of something and hurriedly asked Heaven Trampler. “What about Miss Zhen and the others? Have they left the Divine Abyss of Darkness?”

He was very clearly aware that Heaven Trampler had once promised to take him to the Divine Abyss of Darkness after they left the God Attainment Region so that he could meet Zhen Liuqing and the others. Yet now, they'd encountered such a shocking unexpected change in the situation, and it caused him to instantly feel slightly anxious.

"Don't worry. With my Master at their side, they've definitely left a long time ago." Heaven Trampler patted Chen Xi on the shoulder to console him.

His Master, Daoist Dao Que, was a true expert that lived in seclusion. With his protection, Zhen Liuqing and the others had definitely left the Prehistoric Ruins a long time ago.

Chen Xi felt slightly at ease when he heard this. Even though he'd missed the opportunity to meet Zhen Liuqing and the others, so long as they didn't suffer this calamity, then it naturally couldn't be any better.

"Junior Sister Li, have you deduced anything?" Suddenly, Shi Yu's question drew Chen Xi's attention.

"I've roughly determined that the destruction of the Prehistoric Ruins this time is only an omen of the upheaval of the three dimensions, and it probably won't affect the three dimensions for another thousand years." Xiangliu Li seemed to be lost in thought, and her fair forehead was suffused with a glow of wisdom.

All of them heaved sighs of relief in their hearts upon hearing this.

Obviously, all of these Immortal Kings were similarly worried that the unexpected events in the Prehistoric Ruins this time would cause the upheaval of the three dimensions. Now that they heard Xiangliu Li's deduction, all of them felt greatly relaxed.

A thousand years of time? That's sufficient to make preparations to resist this calamity!

Presently, Chen Xi wasn't able to understand the profundities of the energy of deduction. But when he heard Xiangliu Li's answer, he felt much more at ease, and he said in his heart, I must make a trip back to the Darchu Dynasty before the upheaval of the three dimensions to make arrangements for Chen Hao and the others!

...

Under the lead of Shi Yu and the other Immortal Kings that were teleporting through space, Chen Xi and the others arrived at the banks of the Endless Sea in less than two hours.

As he gazed at the familiar Sin City, Chen Xi felt as if years had passed.

The trip to the Prehistoric Ruins this time had allowed his vision and experience to be improved greatly. Not only had his cultivation broken through to the Saint Immortal Realm, he'd even obtained countless supreme fortuitous encounters.

For example, the eleven Dao Fruit's Spirits he possessed were supreme precious treasures that could cause the eyes of any Immortal King to go red with greed.

Besides that, his experiences all along the way allowed Chen Xi to have a deep and comprehensive understanding of the Immortal King Realm, Godrank Realm, and even the entire three dimensions.

For example, the Immortal King Realm grasped Immortal King Laws, and it was a supreme existence in the three dimension that pursued the Grand Dao of the Gods.

For example, in the Godrank Realm, the Dao Fruit's Spirit was required as foundation in order to step into the ranks of gods.

He possessed various other pieces of knowledge like these, and they were greatly beneficial to his cultivation in the future.

At the same time, Chen Xi was clearly aware that after this trip, the Sovereign Sect would probably hate him to the bone. No matter if it's because of the Dao Calamity Sword he possessed or the fact that he repeatedly foiled their plans, it was sufficient to make the Sovereign Sect be determined to kill him.

However, Chen Xi wasn't afraid.

Presently, he'd formed a deep friendly relationship with Shi Yu and the others, and he was a disciple of Oracle Mountain, so he didn't have to be afraid of the Sovereign Sect at all.

The only thing that still puzzled Chen Xi was exactly what sort of existence the Eye of Heavenly Tribulation was and exactly who was the blurry figure that appeared within the pupils of the Eye of Heavenly Tribulation?

Chen Xi wondered about the Godrank Chart and exactly who controlled it.

He wondered why the River Diagram fragments would awaken repeatedly and reveal feelings of rejection, rage, and detest towards the Eye of Heavenly Tribulation and the Godrank Chart.

Perhaps I'll be able to obtain the answer once I completely gather all the River Diagram fragments? Chen Xi muttered in his heart.

"Come, let's enter the city and rest for a while." Meanwhile, Shi Yu gazed at Sin City in the distance as he spoke with a smile on his face.

The others nodded in agreement.

Right when Shi Yu and the others were entering Sin City, all the senior figures of the three dimensions that possessed extraordinary cultivations seemed to have noticed something, and they looked towards a single direction in succession.

"The Prehistoric Ruins has been destroyed..."

"The upheaval of the three dimensions isn't far away. Sigh!"

Emotional sighs like these resounded from time to time. All the top ancient sects of the Immortal Dimension received this news in a short period of time, and all of them were extremely shocked.

However, such a secret piece of information only caused a mighty uproar amongst the great figures and higher-ups of the Immortal Dimension.

As for the myriad of living beings that lived in the 4,900 continents of the Immortal Dimension, they were utterly unaware of the existence of the Prehistoric Ruins, so they naturally didn't know that this ancient land that had existed for countless years had been completely destroyed now.

...

"Dean, the Prehistoric Ruins is gone." Within a grand Secret Realm in Dao Emperor Academy, the short and thin Chi Cangsheng who possessed a vicious imposing aura spoke with a voice that carried a wisp of melancholy and disappointment.

A young man was sitting cross-legged on a meditation cushion before Chi Cangsheng. The young man had an ordinary appearance, yet the space between his brows revealed an aura of age and experience, and he seemed as if he'd experienced the passage of countless years.

When one looked at him from afar, it seemed as if one wasn't looking at a person but a vast, boundless, and deep starry sky.

The young man held an ancient green colored jade scripture in his hand, and he was looking through it. He didn't even raise his head upon hearing this, and then he said, "This was something that was predetermined a long time ago."

Chi Cangsheng smiled bitterly and hesitated before he said, "I... I just..."

"You're feeling regretful that you weren't able to go fight for the method to become a god?" The young man raised his head and glanced at Chi Cangsheng with amusement, and then he said casually, "In this world, it isn't just the God Attainment Region that contains the secret to becoming a god. So why become obsessed by this?"

"Alas!" Chi Cangsheng who'd always possessed a vicious and unreasonable temper revealed a disgruntled and aggrieved appearance at this moment, and he let out a long sigh. "I've already waited for a few tens of thousands of years. Now, the upheaval of the three dimensions is about to erupt, and if I'm still unable to step into the Godrank Realm, then... then..."

"Alright." The young man put the ancient scripture away and seemed to be lost in thought as he said, "Go make preparations for the Ancient Dao Emperor Grounds first. Once everything is prepared, I'll naturally guide you towards a path to become a god."

Chi Cangsheng was stunned, and then his spirits were refreshed. He hurriedly smiled as he cupped his hands. "Then thank you, Dean!"

After that, he scratched his head and said with a shocked expression. "The Ancient Dao Emperor Grounds? Aren't we waiting for that kid, Chen Xi, to return?"

"He's about to return soon." The young man thought for a moment before he waved his hand and said, "Go on. When the Ancient Dao Emperor Grounds is opened, Ling Qingwu and Ye Tang can be allowed to enter with the others."
