Chapter 1361: Zuoqiu Linghong

Sin City.

Unlike before, the entire Sin City was completely desolate. There were very few people on the spacious streets, and the number of villains that gathered here had clearly reduced greatly.

It was dusk.

A shrill howl suddenly resounded before the Dragonsoul Restaurant at the center of the center, and then a thump sounded out as a corpse was tossed onto the streets.

There were many villains on the distant street that witnessed this scene, and all of them were terrified to the point their necks shrunk back while they revealed terrified expressions.

“That’s the 857th! Dammit!” Someone muttered while revealing a resentful expression.

The others were felt sorrow and worry in their hearts as well.

A few months ago, an Immortal King had arrived in Sin City and killed Elder Ge Yun before leaving swiftly. At that time, it caused a mighty uproar in Sin City. During that entire period of time, everyone in Sin City was filled with panic, and many villains intended to flee as they were worried that they would suffer misfortune.

However, this was followed by a period of peace, and nothing occurred during this period of time. This caused all the villains in Sin City to heave a sigh of relief.

However, right when this matter was gradually fading from their memories, a pair of young and old came to the city once more. The two of them seemed to be waiting for someone, thus they temporarily took up residence in Dragonsoul Restaurant.

It was also from that day onwards that Sin City fell into extreme terror!

Because the young man had an extremely bad temper, and he would utilize the villains of the city to vent his rage without any reason. Mostly, he would kill an entire fifty or sixty villains in a single day.

Such actions directly infuriated numerous formidable villains within the city. Thus, they came looking for him to seek revenge. Unfortunately, it ended with all of them dying a miserable death, and it instantly shook Sin City.

No one had expected that the pair would actually possess such terrifying strength. But most importantly, they were extremely unreasonable. They vented their rage on the villains in the city for no rhyme or reason, and they killed almost every single day.

This naturally caused all the villains in the city to panic.

In practically a short period of a few months, more than half of the villains gathered in the city were unable to resist this sort of terror and fled.

It could be said that it was precisely because of this pair that Sin City had fallen into an extremely oppressive and terrified atmosphere. Moreover, it was still going on and hadn't ended until now!

Along with the passage of time, there were some rumors that started spreading. The rumors said that the pair were from the Zuoqiu Clan, and the young man in the pair was a direct line descendent of the Zuoqiu Clan, one of the seven blazing suns of the Immortal Dimension, Zuoqiu Kong.

On the other hand, the old man was a senior of the Zuoqiu Clan that possessed extraordinary strength!

Of course, this was merely a rumor, and not a single villain dared to confirm this rumor because they were utterly unable to come into contact with information of that level with their status and identities.

...

Dragonsoul Restaurant was completely empty and desolate.

A grey clothed old man with grey hair and a thin appearance sat there silently with his eyes slightly closed.

"Kong'er, your heart is getting more and more restless." The old man couldn't help but shake his head as he looked at the young man who'd just returned after tossing the corpses of a few villains out on the streets.

"At any rate, these dirty bastards deserve death. So killing them can be considered to be a way to vent the depression in my heart." The young man smiled and was completely indifferent. He had a handsome appearance, bright eyes, and every single move he made carried a noble and graceful aura.

Shockingly, this young man was Zuoqiu Kong!

"Ancestral Uncle Linghong, didn't you say earlier that you've deduced that the Prehistoric Ruins has been destroyed? Since it's like that, then if Chen Xi hasn't died, he has definitely returned." Zuoqiu Kong sat facing the old man, and his eyes glistened as he said, "We've already been waiting here for a few months. No matter what, we must kill that damnable bastard this time!"

As he finished speaking, his voice carried a wisp of rage and hatred.

A few months ago, when he found out that Chen Xi had obtained the position of champion in the Seven Academy Dao Discussion, a strand of an indescribable feeling of danger surged into his heart.

Unfortunately, when he reported all of this to the clan and intended to mobilize the forces of the clan to make a move against Chen Xi in order to eliminate this latent trouble, he encountered refusal instead.

However, all of this didn't extinguish the resolution in Zuoqiu Kong's heart. He immediately paid a visit to all the seniors of the clan, and he utilized all his ability to ask them to make a move against Chen Xi.

The reason he did this was because he was clearly aware that Chen Xi's growth was too swift. Since Chen Xi entered the Immortal Dimension, Chen Xi had been advancing triumphantly all along the way. Chen Xi had entered Dao Emperor Academy in a short period of time and even advanced into the Golden Immortal Realm within a few years of time to become an inner court student. Now, Chen Xi had even ascended into the ranks of the seven blazing suns and was renowned in the world.

If Chen Xi continued developing at this rate, then it probably wouldn't be long before this bastard that shouldn't have been born into this world would mature completely. At that time, it would be too late to deal with Chen Xi!

It was precisely because he'd realized this that Zuoqiu Kong didn't hesitate to pay any price and pleaded bitterly, and he was finally able to make a senior of the clan make a move against Chen Xi!

That senior was Zuoqiu Linghong who sat before him!

Zuoqiu Linghong was a terrifying existence at the Immortal King Realm who'd lived in seclusion for a very long time. His status in the clan was even higher than Zuoqiu Kong's father, the current Patriarch of the Zuoqiu Clan, Zuoqiu Feng.

Being able to make Zuoqiu Linghong assist him had greatly exceeded Zuoqiu Kong's expectations, and it caused him to be overjoyed. Because he was very clearly aware that Zuoqiu Linghong's status in the clan was absolutely superior to Zuoqiu Taiwu that living in seclusion within Dao Emperor Academy now!

With the assistance of Zuoqiu Linghong, wouldn't killing Chen Xi be as easy as crushing an ant?

After he found out that Chen Xi had once appeared in Sin City, Zuoqiu Kong rushed here without stopping. However, to his surprise, in the information he obtained, Chen Xi had set out to the Prehistoric Ruins with an Immortal King!

This caused his heart to feel very heavy. However, after he discussed it with Zuoqiu Linghong, he decided to stay here in the end and wait for Chen Xi to return. At that time, Zuoqiu Linghong would deal with the Immortal King by Chen Xi's side, whereas he would annihilate Chen Xi.

Of course, for safety's sake, Zuoqiu Kong had prepared all sorts of tricks, and Zuoqiu Linghong had even promised Zuoqiu Kong that he would do whatever it took to annihilate Chen Xi this time.

In this way, Zuoqiu Kong felt much more at ease.

Unfortunately, they'd waited here for a few months, yet saw no signs of Chen Xi returning. This caused Zuoqiu Kong's heart to become slightly restless, and the villains within the city naturally became the place he vented his emotions.

"Kong'er, remember that after we kill that bastard, you absolutely must not expose any information about it. Otherwise, if Dao Emperor Academy finds out about it, it will only bring endless disasters to our Zuoqiu Clan." Zuoqiu Linghong reminded.

"Of course. At that time, I hope Ancestral Uncle will make a move and wipe out Sin City as well, so as to avoid news of this being exposed by others." Zuoqiu Kong spoke with a smile on his face.

"Alas, there's no absolute secret in this world. I'm slightly worried now that even if no one finds out about this, Dao Emperor Academy will be able to deduce it..." Zuoqiu Linghong sighed.

Zuoqiu Kong was terrified in his heart. I never considered all of this.

"Nevermind. Let's see what Dao Emperor Academy's reaction is after we kill this bastard. If worse comes to worse, then I'll stand out to calm their rage." Zuoqiu Linghong went silent for a short moment before

he decided, and even though his thin face was covered in a calm expression, it revealed an indisputable feeling.

“Ancestral Uncle...” Zuoqiu Kong was shocked in his heart and felt slight disbelief.

“All of this is for the honor of the Zuoqiu Clan.” Zuoqiu Linghong smiled with a deep gaze, and he said calmly, “Child, do you know that our Zuoqiu Clan is currently divided into two sides? One side supports your father, and the other supports your little aunt. If this situation of internal strife isn’t changed, then our Zuoqiu Clan will probably split apart.”

He paused for a moment and continued. “I only hope that our Zuoqiu Clan will be able to exist longer through the hard work of you and your father, and not fall into decline because of internal strife...”

His voice carried a tone of entrusting the future to Zuoqiu Kong and his father.

Zuoqiu Kong was extremely moved and said firmly, “Don’t worry, Kong’er will definitely not disappoint you!”

Zuoqiu Linghong smiled, and then his eyes suddenly focused as he seemed to have sensed something, causing him to cry out involuntarily. “This...this... Shit! Leave! Quickly!”

As he spoke, he suddenly stood up and brought Zuoqiu Kong along as he instantly charged out of Dragonsoul Restaurant.

...

“A foul atmosphere covered in dirt. It’s such a fine city, yet it has been tainted by villains.” In midair above Sin City, Shi Yu swept the surroundings with his gaze and shook his head without end.

“Why don’t we uphold justice on behalf of the heavens and purify this city?” Xiangliu Li laughed lightly at the side.

Chen Xi couldn’t help but be astounded when he heard this. Purify a city? I’m afraid only Immortal Kings would dare speak such words.

“Eh! I never expected that there would actually be a Fellow Daoist in this tainted city.” Suddenly, Shi Yu’s slanted brows raised as he swiftly locked onto a spot in the distance.

At practically the exact same time, Xiangliu Li, Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du raised their heads successively and looked over towards the same direction.

In an instant, the terrifying might of Immortal Kings enveloped the entirety of Sin City!

All of this happened too quickly. When Chen Xi had just recovered from his shock, the terrifying auras of these six Immortal Kings had already locked onto this expanse of the heavens and the earth.

After that, Chen Xi saw a thin figure suddenly appear extremely far away in the distance, and the thin figure was bringing a young man along with him.

As soon as the pair appeared, they intended to teleport away.

“Seniors, please stop them!” Chen Xi suddenly sent out a voice transmission because he noticed that the young man by the old man’s side was Zuoqiu Kong! Even though he was unable to determine why Zuoqiu Kong would appear here, how could he just watch as Zuoqiu Kong fled?

“Oh?” Xiangliu Li and Heaven Trampler were stunned.

Only Shi Yu was the quickest to react. At practically the exact same moment Chen Xi sent the voice transmission, his entire body suddenly erupted with a myriad of strands of blazing light. In an instant, it enveloped the entire city!

“Shit!” In the distance, Zuoqiu Linghong’s face turned grim. He was obstructed by the terrifying energy of light, and he was forced to stop and resist it, causing him to be unable to teleport away.

It was also at this instant that Shi Yu had appeared out of thin air and obstructed Zuoqiu Linghong’s path!

Chapter 1362: Cousin Brothers

The light was boundless, brilliant, and powerful.

Originally, it was already dusk, and the entirety of Sin City was gradually being enveloped by the veil of night, yet when this expanse of light appeared, it instantly seemed like day had descended and the world was illuminated.

The aura of sin that suffused the entire city was instantly purified, and it emanated hissing sounds.

On the other hand, no matter what their cultivations were, all the villains that resided within the city howled miserably with pain at the exact same moment. Their bodies were enveloped by light and were completely incinerated in an instant. It was as if they’d been evaporated from the world.

This was caused by merely the imposing aura of an Immortal King that Shi Yu emanated, and his target wasn’t them at all. Yet at this moment, all of them were affected and purified.

In midair, Zuoqiu Linghong’s expression turned grim as he gazed at Shi Yu who’d appeared abruptly, and his face was extremely gloomy.

At his side, even up until this moment, Zuoqiu Kong hadn’t understood what had occurred. He looked at Shi Yu with a puzzled expression, and then his heart sank because he realized that Shi Yu was an Immortal King!

Could it be that he’s the Immortal King that’s following by Chen Xi’s side? Then where’s Chen Xi?

Zuoqiu Kong couldn’t help but sweep the surroundings with his gaze. Sure enough, he noticed that Chen Xi was flying over towards him from a short distance away...

Hatred that was impossible to conceal couldn’t help but arise in his heart at this moment, and his expression turned icy cold and ghastly. He swiftly sent a voice transmission to Zuoqiu Linghong.

“Ancestral Uncle, that little bastard is Chen Xi. You deal with this Immortal King before us later, and I’ll deal...”

“Shut up! Could it be that you haven’t noticed there are six Immortal Kings here?” Before Zuoqiu Kong could finish speaking, he was interrupted by Zuoqiu Linghong’s extremely serious voice.

What!?! These words shocked Zuoqiu Kong to the point he seemed as if he’d been struck by lightning, and his pupils dilated. Only now did he notice that another five figures were following by Chen Xi’s side. There were both men and women, and every single one of them possessed a supreme, lofty, and terrifying aura. It was definitely the aura of Immortal Kings!

In an instant, Zuoqiu Kong was extremely shocked in his heart, and he was extremely dazed.

What’s going on? Isn’t there only a single Immortal King by Chen Xi’s side? Why have another five suddenly appeared? Dammit! This isn’t a hallucination, right?

If Zuoqiu Kong was able to see his own expression at this moment, he would definitely notice that it was extremely colorful. There was shock, wonder, bewilderment, hatred, astonishment... It was complicated to the extreme, and he was stunned on the spot.

It wasn’t just him, Zuoqiu Linghong’s heart sank to rock bottom as well. Six Immortal Kings! Who would have expected that such a scene would occur?

Earlier, he’d decided that even if he fought to the point of suffering a heavy injury and being on the verge of death, he would still annihilate Chen Xi. However, at that time, he was merely aware that there was a single Immortal King by Chen Xi’s side. No matter how he wracked his brains, it was impossible for him to have imagined that as soon as Chen Xi appeared, six Immortal Kings would actually appear along with him!

“Zuoqiu Kong?” Meanwhile, Chen Xi and the others had arrived here as well. Xiangliu Li, Heaven Trampler and the others stood by Shi Yu’s side, and they completely blocked off Zuoqiu Kong and Zuoqiu Linghong’s paths of retreat.

At this moment, Chen Xi’s expression seemed to be calm, yet his gaze was extremely strange. There was rage, surprise, and hatred within his eyes.

This was the first time he’d met Zuoqiu Kong, and the reason he’d immediately recognized Zuoqiu Kong was because Zuoqiu Kong was too famous. Zuoqiu Kong was one of the seven blazing suns of the Immortal Dimension and a direct line descendant of the Zuoqiu Clan. There was no lack of students in Dao Emperor Academy that possessed Mirage Jade Slips with recordings related to Zuoqiu Kong, and Zuoqiu Kong’s appearance was within them.

To Chen Xi, since he desired to take revenge on the Zuoqiu Clan, he would naturally not overlook this renowned genius.

If he considered it carefully, Zuoqiu Kong was even his ‘cousin brother!’

Of course, Zuoqiu Kong wouldn’t acknowledge this, and Chen Xi wouldn’t as well. Because even though they hadn’t met each other, they’d fought both openly and in secret for countless years.

“Chen Xi, I never expected that I would actually be able to meet you here.” Zuoqiu Kong took a deep breath and forcefully restrained the feelings in his heart before he spoke calmly, and it was even to the extent that the corners of his mouth carried a trace of smile that he felt was warm.

“Oh, you didn’t come here to kill me?” Chen Xi feigned shock as he spoke. As soon as he saw Zuoqiu Kong make an appearance here, how could Chen Xi have been unable to guess that Zuoqiu Kong had definitely heard the news of his appearance in Sin City and had come here to kill him?

However, Chen Xi had never expected that Zuoqiu Kong would actually seek the help of an Immortal King to deal with him, and this could absolutely be considered as an extravagant act!

This obviously showed how firm Zuoqiu Kong’s resolution to kill him was.

When they heard Chen Xi’s words, even though Shi Yu and the others didn’t know the reason, they roughly came to an understanding that this pair before them had actually been especially waiting here to kill Chen Xi.

For a time, the gazes Shi Yu and the others shot at Zuoqiu Kong and Zuoqiu Linghong became cold.

During their trip to the God Attainment Region this time, Chen Xi had helped them deal with the dangers they faced on more than one occasion and had even given them a Dao Fruit’s Spirit each. So they naturally didn’t mind helping Chen Xi deal with these two fellows before them.

When they noticed the changes in the expressions of these Immortal Kings, the expressions of Zuoqiu Kong and Zuoqiu Linghong changed slightly once more while their hearts felt cold. They finally confirmed that these Immortal Kings were really on Chen Xi’s side, and it seemed like their relationship was very good!

“Chen Xi, what do you mean by that? Why don’t I understand what you mean?” Zuoqiu Kong forced out a smile because not to mention a Golden Immortal like him, even a Half-step Immortal King would be nothing before the terrifying might of six Immortal Kings.

“It doesn’t matter if you can’t understand it. Let me tell you that today is probably the day of your death.” Chen Xi spoke indifferently and without any emotion on his face.

Zuoqiu Kong’s expression finally changed, and he stared resentfully at Chen Xi while he gritted his teeth and said, “Cousin Brother, do you intend to go to such extremes?”

Cousin Brother?

Shi Yu and the others were stunned, and they were slightly unable to figure out the relationship between Zuoqiu Kong and Chen Xi.

“Cousin Brother?” Chen Xi seemed to have heard an absurd joke, and he smiled spuriously. “In the Mortal Dimension, your father caused the ruin of my Chen Clan, and my parents went missing. When I arrived at the Immortal Dimension, your Zuoqiu Clan constantly sent people after me. Do you still have the face to call me... Cousin Brother?”

As he finished speaking, his voice couldn’t help but carry a wisp of anger.

He’d suppressed this hatred in his heart for too many years, and when he thought about everything that he’d encountered all along the way, a wisp of dense killing intent couldn’t help but surge out from his heart!

"Cousin Brother, you've misunderstood. Why don't you return to the clan with me and meet Little Aunt? Perhaps she'll tell you what you should do." Zuoqiu Kong's heart jerked when he saw the killing intent Chen Xi revealed, and he spoke hastily.

"Haha! Even at a time like this, you still intend to use my mother to threaten me? Could it be that you think that my mother will suffer misfortune if I kill you? Idiot! If it was so easy for my mother to suffer misfortune, then your father would have probably killed her all those years ago!" Chen Xi started laughing from extreme rage, and his expression turned even more calm and indifferent while he stopped concealing the killing intent in his heart.

"If Kong'er dies today, then the Zuoqiu Clan will definitely fall into internal strife. At that time, your mother will definitely become a sacrifice for the clan's internal strife." Suddenly, Zuoqiu Linghong spoke in a deep voice. "Young man, I advise you that it's best for you to calm down. Don't act on impulse."

"Old Fellow, looks like you are part of the side that supports Zuoqiu Feng?" Chen Xi glanced at Zuoqiu Linghong. Even though he was clearly aware that Zuoqiu Linghong was an Immortal King, there were six Immortal Kings by his side, so he was naturally unafraid of Zuoqiu Linghong.

Old Fellow!

Zuoqiu Linghong's face couldn't help but twitch when he heard this extremely disrespectful method of address, and rage surged in his heart. However, he forcefully endured it in the end.

It couldn't be helped. He'd already recognized that at least two of the six Immortal Kings before him were from Nuwa's Dao Palace. That was one of the three supreme sects, and he had no choice but to fear them.

"Hmph!" Zuoqiu Linghong frowned as he said, "Young man, even your mother has to address me as Uncle when she sees me. So speaking like that is going a bit too far. I won't make a fuss about it with you because you're still young. Quickly move aside, don't cause unnecessary misunderstandings."

When he heard the old fellow flaunting his seniority, Chen Xi almost thought that he's ears weren't working properly, and he laughed as he said, "Old Bastard, do you know why I wasted my breath with you?"

Zuoqiu Linghong frowned while his face sank, and his heart sank to rock bottom as he faintly felt that they probably had a slim chance of surviving today...

"It's very simple, I just wanted to tell you some things before both of you died, so you can die slightly enlightened." Chen Xi's expression became even calmer, and he said with an emotionless face. "In a short few years of time, I've already stepped into the Saint Immortal Realm from the Mysterious Immortal Realm, and I believe it won't be long before I'll be able to advance into the Immortal King Realm. That moment will be the time I obliterate the Zuoqiu Clan!"

He spoke word by word in a resolute manner.

Shi Yu and the others were shocked when they heard this. They weren't surprised by Chen Xi's intentions to take revenge, and it was because they'd never imagined that Chen Xi's speed of advance was so swift!

In a few years of time, he'd surpassed the Golden Immortal Realm from the Mysterious Immortal Realm and attained the Saint Immortal Realm! How many people in the three dimensions could accomplish this?

The hearts of Zuoqiu Kong and Zuoqiu Linghong shook fiercely, and their expressions changed indeterminately.

In the past, if Chen Xi dared to speak so boastfully, they would definitely snicker at his words. But it was different now because Chen Xi had utilized the strength and cultivation he possessed now to prove that he possessed such ability!

Yes, since Chen Xi was able to advance from the Mysterious Immortal Realm into the

Saint Immortal Realm in a short period of a few years, then why couldn't he advance into the Immortal King Realm within a short period of time?

Even if he used more time, and his speed of cultivation was slower, so long as he was still alive, then according to the potential and natural talent he revealed, it was extremely likely for him to advance into the Immortal King Realm!

At this moment, Zuoqiu Kong finally couldn't restrain to terror in his heart and said with a grim voice, "Chen Xi, I'm the heir of the Zuoqiu Clan. If you kill me today, then you'll become utter enemies with the Zuoqiu Clan. Could it be that you think you're able to resist the rage of my Zuoqiu Clan? Remember! You aren't an Immortal King yet! You're merely a student of Dao Emperor Academy! Once you kill me, you can dream of living for a few more days!"

He was almost roaring, and it was filled with rage and madness.

However, his heart went cold because these extremely threatening words weren't only of no effect, it even drew numerous gazes of pity towards him.

Yes, at this moment, it wasn't just Chen Xi, but even Shi Yu and the others were looking at him with pity. It was like they were looking at a dying ant that was struggling in vain.

Chapter 1363: A Blazing Sun Falls

To Shi Yu and the other Immortal Kings, they were indeed extremely surprised when they heard Zuoqiu Kong's furious threats, but they felt even more amused.

This little fellow has obviously gone stupid from his terror! Could it be that he isn't aware that Chen Xi isn't just a student of Dao Emperor Academy, he's even a disciple of Oracle Mountain?

Even if Chen Xi's identity was disregarded, how could all of these six Immortal Kings stand by idly when Chen Xi was threatened?

Indeed, the Zuoqiu Clan was extremely strong. As one of the seven great ancient clans, it was a top ancient power of the Immortal Dimension, yet no matter how formidable it was, could it be more formidable than Oracle Mountain? Could it be more formidable than Nuwa's Dao Palace?

As for Heaven Trampler, Sun Wuhen, Dao Yao, and Pang Du, they represented the forces of the Prehistoric Ruins. Even though they seemed to be all alone now, they were Immortal Kings!

Could the Zuoqiu Clan afford to offend four Immortal Kings in one go?

If Midnight Immortal King knew of this matter, would she stand by idly?

Even if all of this was disregarded, Chen Xi possessed eleven Dao Fruit's Spirits. If he was determined to annihilate the Zuoqiu Clan, then if utilized the Dao Fruit's Spirits as a means of exchange, he would absolutely be able to obtain the help of even more Immortal Kings!

Under such circumstances, Zuoqiu Kong had actually hysterically threatened Chen Xi, so he was naturally like an enormous joke. Only an idiot that was overcome by rage would speak such words, right?

So, at this moment, their gazes towards Zuoqiu Kong had turned into pity, and it seemed as if they were looking at an idiot.

Being looked at by these gazes was simply like a million swords piercing his heart, and it caused Zuoqiu Kong's handsome face to become savage, livid, and warped.

When had he, a blazing sun and a direct line heir of the Zuoqiu Clan, suffered such humiliation?

Never!

So this was the reason Zuoqiu Kong was so furious and had lost his composure at this moment. If it was at any ordinary time, he would have already attacked from his rage and killed all those that dared ridicule him.

But unfortunately, he was facing six Immortal Kings!

He could only forcefully grit his teeth and endure it, and he was aggrieved and humiliated to the extreme in his heart.

Damnably bastard! If I knew earlier, I would have sliced him up into a thousand pieces and burned his bones before scattering his ashes a long time ago in the Mortal Dimension! How could I have suffered the humiliation I've suffered today if I did that? Zuoqiu Kong roared in his heart while he stared fixedly at Chen Xi with an extremely resentful gaze.

Zuoqiu Linghong sighed in his heart when he saw this, and a wisp of despair surged onto his face.

He'd lived for countless years, so how could he be unable to discern that Chen Xi seemed to have already completely become accomplished now. It wasn't just Chen Xi's cultivation, even the relationships he possessed were sufficient to severely threaten the Zuoqiu Clan.

How unfortunate! All those years ago, this little fellow was allowed to live because of Zuoqiu Xue, and we missed the best opportunity to annihilate all future troubles...

These thoughts merely flashed in Zuoqiu Linghong's mind before he made a decision.

...

“Kong’er, your Ancestral Uncle hasn’t attained the Dao and become a god, so I can only wrong you...” Suddenly, Zuoqiu Linghong’s voice transmission sounded out by Zuoqiu Kong’s ears. This caused him to be slightly stunned, and then his mind cleared up greatly from his furious and hateful emotions before his heart jerked as a wisp of a bad premonition surged into his heart.

“Ancestral Uncle...” He hadn’t finished speaking when he saw Zuoqiu Linghong suddenly let out a long howl, and then Zuoqiu Linghong’s figure flashed and charged towards Chen Xi who stood in the distance.

Rumble!

Divine radiance erupted from Zuoqiu Linghong’s entire body while his hands were enveloped in terrifying Immortal King Laws. As soon as he attacked, the nearby space rumbled, shattered, and fell into disorder while the surroundings dimmed. The impetus of his attack was shocking to the extreme.

In an instant, the battle erupted!

Chen Xi’s eyes focused, yet he didn’t panic at all because he’d expected this since the beginning. Under such circumstances, Zuoqiu Linghong would definitely make a desperate move, otherwise, it would be strange.

“Hmph!” Shi Yu was prepared since a long time ago. A wisp of killing intent flashed within his eyes as he stretched out his right arm, and then his fingers extend out to form a palm that seemed capable of blotting out the sky. Every single finger of his was covered in layers of overlapping space, and every single layer of space contained worlds that were forming and being destroyed. He vividly displayed the supreme Grand Daos of space and time.

Bang!

Their attacks collided head-on like a myriad of divine mountains colliding with each other. The world shook while the sky dimmed, and then terrifying rifts and black holes appeared in the space in an area of 500,000km in the surroundings.

Swoosh!

However, to all of their surprise, after Zuoqiu Linghong executed this attack, his figure suddenly retreated explosively before he raised his hand and tore space apart. He suddenly executed teleportation and fled, and he seemed to be resolute, decisive, and didn’t hesitate at all.

It was even to the extent that he didn’t bother about Zuoqiu Kong at all!

This obviously showed that how abundant Zuoqiu Linghong’s combat experience was as an Immortal King. He first attacked Chen Xi desperately, yet he actually intended to flee since the beginning.

Moreover, for the sake of his own life, he even intended to abandon Zuoqiu Kong who was a direct line heir of the Zuoqiu Clan!

Zuoqiu Kong’s expression turned pale when he saw such a scene.

Chen Xi was slightly stunned as well.

Only Shi Yu and Xiangliu Li seemed to have expected such a situation since the beginning. Right at the instant that Zuoqiu Linghong fled, the two of them had instantly moved out in pursuit!

Swoosh! Swoosh! Swoosh!

In an instant, the two Immortal Kings executed teleportation and vanished in the blink of an eye.

Even Chen Xi was unable to react to their reaction speed. When he recovered from his shock, Shi Yu, Xiangliu Li, and Zuoqiu Linghong had vanished on the spot.

This was very normal. A single teleportation of an Immortal King could stretch over a continent, so a pursuit and battle between Immortal Kings had long since exceeded Chen Xi's imagination.

For a time, only Chen Xi, Heaven Trampler, Sun Wuhen, Dao Yao, Pang Du, and Zuoqiu Kong remained here.

However, at this moment, Zuoqiu Kong's expression was extremely unsightly. He seemed as if he was scared out of his wits, and he stood there while his mind was in chaos.

I was actually...abandoned by my Ancestral Uncle?

This sort of feeling of being betrayed by a close relative and being abandoned caused Zuoqiu Kong to almost go mad!

In this short period of time, he experienced extreme humiliation for the first time in his life, and now he'd experienced the feeling of being betrayed by a relative for the first time.

These two blows caused him to be on the verge of collapse.

Why is this happening? Why? Why!

He shouted hysterically in his heart like a madman, and he was angry, hateful, disgruntled, terrified.... All of these complicated feelings erupted like a volcano and fiercely struck his heart and mind.

His face warped and turned livid while his eyes almost split apart from rage, and his entire body was filled with a violent and frenzied aura.

If it was someone who didn't know the facts of the situation, that person would probably feel extreme pity towards the situation Zuoqiu Kong faced at this moment. However, Chen Xi wouldn't while Heaven Trampler and the others wouldn't either.

"Chen Xi! It's all your fault! You damnable bastard! Piece of shit! I'll kill you!" Zuoqiu Kong felt extreme despair, and he was clearly aware that it was impossible for him to survive today. His mind collapsed completely, and he roared madly as he charged towards Chen Xi!

Heaven Trampler grunted coldly and intended to make a move, yet he was stopped by Chen Xi. "Let me do it."

As he spoke, Chen Xi suddenly flashed through the air, and his hands carried terrifying divine might as they slapped fiercely onto Zuoqiu Kong's face.

Pu!

Zuoqiu Kong arrived swiftly and left swiftly as well. He was blasted flying by this slap, and fresh blood sprayed from his mouth while a few of his teeth fell out.

This was normal because even though Zuoqiu Kong was one of the seven blazing suns of the Immortal Dimension, his cultivation was only at the Golden Immortal Realm after all, whereas, Chen Xi was a Saint Immortal!

“How could this be possible? How could a piece of trash from the Mortal Dimension like you possibly surpass me!?” Zuoqiu Kong was obviously overcome by rage, and he’d completely lost all reason. Not only did this strike from Chen Xi fail to clear his mind, it caused him to become even more frenzied, and he charged towards Chen Xi once more.

Heaven Trampler and the others couldn’t help but look at him with pity when they saw this scene.

Bang!

Zuoqiu Kong was blasted flying once more. Countless bones in his entire body broke while he was completely bathed in blood, and he was in an extremely miserable state that seemed even worse than the beggars on the streets.

At this moment, if someone from the Zuoqiu Clan was here, that person would probably be unable to recognize this heir of the clan at all.

“I’ll kill you, kill you!!!” Zuoqiu Kong charged over once more, and he was actually extremely tenacious. This obviously showed how much hate he had towards Chen Xi.

Bang!

Chen Xi waved his hand casually and blasted Zuoqiu Kong flying once more. This strike caused Zuoqiu Kong’s aura to fall into complete disorder, and he smashed down onto the streets of Sin City, causing dust and dirt to suffuse the air.

This time, Zuoqiu Kong wasn’t able to stand up again. His face was mangled while his entire body shivered without end, and he was already heavily injured and on the verge of death.

Swoosh!

Chen Xi’s figure flashed and stood before Zuoqiu Kong. He looked down at Zuoqiu Kong with a calm and indifferent expression that seemed as if he was looking at a corpse.

At this instant, he recalled his grandfather that had passed away, recalled the clansmen of the Chen Clan that had been completely slaughtered, and he recalled his parents that had gone missing for many years....

The rage in his heart was filled with boundless sorrow!

“Haha... Haha... I truly regret it... Why didn’t I personally...kill you all those years ago!?” Zuoqiu Kong who lay on the ground while on the verge of death stared at Chen Xi with a resentful gaze, and he gasped rapidly for breath as he said, “Unfortunately, it’s all too late. Too late...”

When he spoke up to here, a wisp of extremely ruthless flames suddenly surged into his bloodshot eyes, and he roared hysterically with rage. “Chen Xi, I curse you to never die a natural death!”

Chen Xi’s eyes narrowed. Before Chen Xi could make a move, a strand of a terrifying fluctuation suddenly arose from Zuoqiu Kong’s entire body, and it seemed like he was a volcano that was about to erupt.

Shit!

Chen Xi’s figure flashed, and he teleported away.

Rumble!

An enormous world shocking bang resounded. A terrifying explosive force stretched out from Zuoqiu Kong’s body and shot into the sky, and it formed a mushroom cloud that covered an enormous area. It shook the clouds and wind in the surroundings, and the nearby buildings, streets, space... Everything was shattered into powder at this moment!

Zuoqiu Kong, one of the seven blazing suns of the Immortal Dimension and the heir of the Zuoqiu Clan, had actually chosen to take his own life at this moment!

Chen Xi’s face instantly turned gloomy, and he stood silently in midair.

Chen Xi originally intended to utilize Zuoqiu Kong’s life to get his mother, Zuoqiu Xue, back. Yet never had Chen Xi imagined that this fellow would actually rather detonate himself than allow himself to be captured.

Swish!

A wave of fluctuation arose in space, and then Shi Yu and Xiangliu Li’s figures walked out successively.

Moreover, Shi Yu was holding a head in his hand. Shockingly, it was Zuoqiu Linghong’s head!

In other words, this Immortal King of the Zuoqiu Clan, Zuoqiu Linghong, had been sent to hell! If news of this were to reach the ears of the Zuoqiu Clan, then it would surely cause a mighty uproar.

Chapter 1364: The Zuoqiu Clan’s Shock

As one of the seven great ancient clans of the Immortal Dimension, exactly how many Immortal Kings did the Zuoqiu Clan possess?

Chen Xi wasn’t aware.

But he was certain that the death of Zuoqiu Linghong would definitely be a blow to a certain extent to the Zuoqiu Clan!

This was enough for him.

However, Chen Xi still couldn’t help but be slightly worried. Now that Zuoqiu Kong had died, Zuoqiu Feng who was the Patriarch of the Zuoqiu Clan would definitely be enraged. It was fine if Zuoqiu Feng

came to seek revenge from him, but if Zuoqiu Feng vent his rage on Chen Xi's mother, Zuoqiu Xue. Chen Xi wondered what he would do then.

Of course, Chen Xi was very clearly aware that these worries were purely unnecessary because if his mother, Zuoqiu Xue, was so easy to deal with, then she would have probably been killed by Zuoqiu Feng all those years ago.

Not to mention there was even a force in the Zuoqiu Clan that supported his mother, Zuoqiu Xue. As the Patriarch of the Zuoqiu Clan, once Zuoqiu Feng acted in such a manner, it would definitely cause the entire Zuoqiu Clan to split apart.

Even Zuoqiu Feng was probably unwilling to see such consequences occur.

...

Sin City, Dragonsoul Restaurant.

Chen Xi held a banquet here to display his gratitude.

Shi Yu and the others naturally wouldn't refuse it.

"Brother Chen Xi, you have to be careful from now on. Even though the Zuoqiu Clan won't go against you in the open, the tricks they play in secret are troublesome in the end." After they drank happily, Shi Yu warned Chen Xi.

Chen Xi smiled and agreed.

"If you're in trouble in the future, then head to Nuwa's Dao Palace. We naturally won't sit idly by as you're being bullied." Xiangliu Li's face was covered in smiles as she spoke, and then she withdrew a snow white and translucent command token before passing it to Chen Xi. "This is the Nuwa Token, and there's a door towards Nuwa's Dao Palace within it. If you encounter danger, then you just have to crush it, and it'll teleport you into Nuwa's Dao Palace. Don't refuse it."

When they saw this, Sun Wuhen, Dao Yao, and Pang Du glanced at Chen Xi with slight envy because that was a life-saving treasure. With it in hand, it was undoubtedly like possessing a life-saving talisman, and it was even protection that came from Nuwa's Dao Palace.

"Thank you, Miss Li." Chen Xi quickly put it away and thanked her.

Shi Yu seemed to have thought of something as he looked at Sun Wuhen and the others, and then he said abruptly, "What do the three of you plan to do after this?"

Sun Wuhen and the others were stunned as they hadn't considered this.

After all, they were heirs of Prehistoric Sects. Presently, the Prehistoric Ruins had been completely destroyed, and it had slightly taken them by surprise.

"How about this. If the three of you don't mind, then why don't you return to Nuwa's Dao palace with us? With your strengths, you'll definitely be able to possess a place there." Shi Yu smiled as he invited them. These were three Immortal Kings, and they presently possessed Dao Fruit's Spirits, so it probably

wouldn't be long before they were able to attain the Dao and become gods. Thus, if Shi Yu was able to draw them over into his sect, then it would absolutely be beneficial to the sect.

"This..." Sun Wuhen and the others hesitated slightly. They were naturally tempted by this suggestion, but Nuwa's Dao Palace was one of the three supreme sects, and they were worried whether they would be able to gain a foothold and not be pushed aside there.

Shi Yu wasn't in a hurry to get a reply from them, and he gave them time to consider.

In the end, Sun Wuhen was the first to speak. "Since it's like this, then I'll gladly accept."

Shi Yu roared with laughter and raised his wine cup as he said, "Then I'll represent the sect to welcome Fellow Daoist in advance."

"Fellow Daoist Shi Yu, you're too kind. At that time, I'll need to rely on Fellow Daoist to take care of me." Sun Wuhen chuckled as he raised his wine cup and knocked it on Shi Yu's wine cup before finishing the wine in it.

When they saw this, Dao Yao and Pang Du exchanged glances before they immediately agreed as well.

Both of them had the same opinion. They'd always been cultivating in the Prehistoric Ruins and hadn't come into contact with the Immortal Dimension for very long. Since they could only cultivate in the Immortal Dimension now, then Nuwa's Dao Palace was undoubtedly a good choice.

Most importantly, they had a precious treasure in their possession, the Dao Fruit's Spirit, and they needed to look for a safe place to refine and absorb it before they could charge into the Godrank Realm.

As one of the three supreme sects of the three dimensions, Nuwa's Dao Palace was naturally able to satisfy all their requirements.

Shi Yu was rather happy when he saw that all three of them had agreed. In the next moment, he gazed at Heaven Trampler. "Fellow Daoist Heaven Trampler..."

"Don't. I still have to go look for my Master, and it's impossible for me to join your Nuwa's Dao Palace." Before Shi Yu could invite him, Heaven Trampler hurriedly refused. Even though his Integration Sect had fallen into decline, it was an existence that rivaled Nuwa's Dao Palace in the past, so he would naturally not join Nuwa's Dao Palace.

Shi Yu shrugged, and then smiled as he said, "Take it as if I never said a word."

Chen Xi witnessed all of this, and he couldn't help but sigh with emotion in his heart. If Senior Sister Li Yang was here, then perhaps she would be able to draw Sun Wuhen and the others into Oracle Mountain as well.

...

After the banquet ended, Shi Yu, Xiangliu Li, Sun Wuhen, Dao Yao, and Pang Du left. They intended to return to the sect and comprehend the Grand Dao of the Gods in meditation.

However, before they left, Xiangliu Li placed the unconscious Dian Dian in Chen Xi's care.

On the other hand, Chen Xi left under Heaven Trampler's protection, and he left Sin City and travelled towards Dao Emperor Academy.

...

Right after Chen Xi and the others left Sin City, a shocking piece of news spread to the Zuoqiu Clan and caused a mighty uproar.

Iris Continent.

In a grand and ancient hall within the Zuoqiu Clan.

A beardless middle aged man with a dignified expression sat upright at the center of the hall, and he had a gloomy and livid expression while his eyes surged with monstrous flames of rage.

He was the Patriarch of the Zuoqiu Clan, Zuoqiu Feng!

When he heard the grievous news, Zuoqiu Feng who'd always been cultivating behind closed doors to charge into the Immortal King Realm couldn't restrain himself and emerged from his closed door cultivation.

It couldn't be helped, this news was too shocking, and it was slightly impossible for him to accept.

At the sides of the hall was numerous mighty figures. All of them possessed monstrous imposing auras that seemed deep like abysses, and they were all the elders of the Zuoqiu Clan. There was over a hundred of them.

Shockingly, the Vice Dean of Dao Emperor Academy's outer court, Zuoqiu Hong, and the head instructor of the Pill Reserve, Zuoqiu Sheng, were amongst them.

Moreover, there were numerous figures seated cross-legged at the sides of the seat of the host situated at the center of the hall. All of their bodies were suffused with even more terrifying auras. Shockingly, all of them were the seniors of the Zuoqiu Clan that lived in seclusion.

In other words, at this moment, practically all the higher-ups of the Zuoqiu Clan were gathered here!

All of this was merely because of the grievous news that just arrived at the clan — The heir of the clan, Zuoqiu Kong, had perished, and the senior of the clan, Zuoqiu Linghong, had been killed!

"Dammit! Who allowed that bastard to go out?" Suddenly, Zuoqiu Feng was unable to restrain the rage in his heart any longer, and he roared with a grim voice that sounded like a thunderclap. It rumbled through the hall and shocked the two attendants outside the hall, causing their bodies to go limp and fall to the ground.

He couldn't be blamed for being so furious. He only had a single son, Zuoqiu Kong, and he'd always been fostering Zuoqiu Kong as the heir of the position of Patriarch in the clan. Moreover, Zuoqiu Kong didn't disappoint him. Zuoqiu Kong revealed extremely outstanding natural talent at a young age and had even ascended into the ranks of the seven blazing suns of the Immortal Dimension to become renowned throughout the world.

Yet now, Zuoqiu Kong had died!

As a father, how could he accept this?

“Patriarch, Kong’er acted on his own in this matter, and if he didn’t act willfully, then such a tragedy wouldn’t have occurred,” said an old man that sat at the left side of the hall. He had hair that was pitch black like ink, a cold appearance, and revealed a firm and strong aura. His name was Zuoqiu Lie.

“Hmph! He acted on his own? Could it be that all of you don’t know how to stop him?” Zuoqiu Feng’s eyes narrowed when he heard Zuoqiu Lie speak, and he berated in a grim voice. As the Patriarch, he was naturally clearly aware that Zuoqiu Lie and many other elders present here seemed to be submitted to him, yet they’d always been going against him.

If it wasn’t for the sake of maintaining the stability of the clan, he would have annihilated all of these old bastards a long time ago!

“Stop him? With Ancestor Linghong by his side, would anyone be able to stop him? Not to mention that it wasn’t just Kong’er that lost his life this time. Because of Kong’er’s willful actions, even Ancestor Linghong was implicated and met with misfortune as well!” Zuoqiu Lie argued without holding back at all.

“So in this way, you think that Kong’er caused Ancestor Linghong’s death?” Zuoqiu Feng started laughing from extreme rage. It’s already at a time like this, yet this fellow is actually still going against me and refusing to budge at all. I truly wish for nothing more than to kill him right now!

“Enough!” Suddenly, a thin and green clothed old man by Zuoqiu Feng’s side spoke. His brows were sharp like blades, and his gaze seemed like thunderstorm vortexes. He swept everyone in the hall with an icy cold gaze before he said coldly, “It has already come to this yet all of you still have the mood to fight with each other?”

Zuoqiu Lie instantly kept quiet.

This thin green clothed old man was called Zuoqiu Huanglin. His seniority was shockingly high, and his cultivation was unfathomable. All those years ago when Zuoqiu Feng ascended to the position of Patriarch, it was Zuoqiu Huanglin that supported Zuoqiu Feng.

Otherwise, with Zuoqiu Feng’s ability, it would be absolutely impossible for him to easily take the position of Patriarch.

As soon as Zuoqiu Huanglin spoke, all the elders present within the hall instantly went silent.

When he saw this, Zuoqiu Feng didn’t dare continue letting his temper flare any longer, and he grunted coldly with a gloomy expression. “The matter has already been investigated clearly. Kong’er and Ancestor Linghong suffered misfortune in Sin City, and the culprits...”

When he spoke up to here, Zuoqiu Feng’s became extremely agitated and furious once more, and he was actually unable to speak for a long time.

All of the higher-ups of the Zuoqiu Clan frowned when they saw this.

“Speak frankly if you have something to say.” Zuoqiu Huanglin frowned as well. Is there any need to be secretive at a time like this?

Zuoqiu Feng took a deep breath and forcefully restrained his anger before he said, "It was six Immortal Kings that did it, and two of them were from Nuwa's Dao Palace. They were Nuwa's Dao Palace's Dao Protecting Disciple, Shi Yu and Xiangliu Li. Besides them, the identities of the other four haven't been determined yet..."

Before he could finish speaking, the hall exploded into an uproar, and it was like a stone that caused a thousand waves.

Six Immortal Kings! Nuwa's Dao Palace! These words shocked everyone within the hall to the point of gasping without end, and they almost didn't dare believe their ears!

"How could this be possible?"

"When did our Zuoqiu Clan incur enmity with Nuwa's Dao Palace?"

"Six Immortal Kings! No wonder... No wonder even Ancestor Linghong suffered misfortune..."

An uproar instantly arose in the hall. Even the extremely senior Zuoqiu Huanglin's eyes narrowed at this moment, and then a strand of an extremely shocking divine glow erupted from them.

The thing that truly drew his attention wasn't that there were six Immortal Kings but there were two heirs of Nuwa's Dao Palace amongst them!

Chapter 1365: Endless Internal Strife

The hall was filled with chaos, and all the higher-ups of the Zuoqiu Clan had lost their composure.

The main reason was that this news was too shocking. Six Immortal Kings! Moreover, two of these Immortal Kings were disciples of Nuwa's Dao Palace, so how could they not be shocked?

Even though the Zuoqiu Clan was one of the seven great ancient clans, it was still greatly inferior when compared to one of the three supreme sects of the three dimensions like Nuwa's Dao Palace.

"Silence!" Zuoqiu Feng shouted loudly in a deep voice, and it instantly stopped the clamorous noise in the hall.

However, all their expressions were slightly surprised and bewildered at this moment.

"Could it be that all of this is related to that bastard child?" An elder couldn't help but ask this question.

Which bastard child?

It was naturally Chen Xi!

This name wasn't unfamiliar to all the great figures of the Zuoqiu Clan since a long time ago.

"Bastard child? Hmph! Don't forget that he's A'Xue's son! The blood of our Zuoqiu Clan flows within him!" An elder refuted.

"What audacity! If all of you continue arguing, then get the fuck out of my Zuoqiu Clan!" Zuoqiu Huanglin suddenly stood up while an extremely terrifying imposing aura swept out, and it shocked all

the higher-ups present here to the point of going silent like cicadas in the winter, and they didn't dare speak rashly again.

This obviously showed how intense the internal strife between the higher-ups of the Zuoqiu Clan had become.

"Yes, the misfortune Kong'er and Ancestor Linghong suffered was related to that bastard child." Zuoqiu Feng had a gloomy expression as he spoke slowly. "Those six Immortal Kings appeared alongside that bastard child as well. Otherwise, all of this wouldn't have occurred."

"Yet now, all of this has already occurred. So what do you intend to do?" The person that spoke this time was a senior that sat at Zuoqiu Feng's side. He was barefooted, wore linen clothes, had an ordinary appearance, a calm expression, and gave others the feeling that he was firm like a mountain. He was similarly a senior of the Zuoqiu Clan that lived in seclusion, and he was called Feiming.

"I naturally intend to kill that bastard child at all costs!" Zuoqiu Feng gritted his teeth while his voice seemed to have been squeezed out from the cracks between his teeth, and it revealed boundless killing intent.

Zuoqiu Feiming frowned and seemed to feel that the words bastard child was extremely ear piercing. He said after a short moment, "Don't forget that besides those six Immortal Kings, he's a student of Dao Emperor Academy now, and numerous old fellows think very highly of him. Are you sure you want to do this?"

As soon as these words were spoken, everyone shot their gazes towards Zuoqiu Feng.

However, many gazes carried a wisp of pleasure from Zuoqiu Feng's misfortune. Obviously, those gazes belonged to the elders that didn't support Zuoqiu Feng as the Patriarch.

"If we don't do that, then could it be we should exercise forbearance?" Zuoqiu Feng spoke with displeasure.

"If you're willing to go to war with Dao Emperor Academy and Nuwa's Dao Palace, then do as you please. Forgive me, but I won't accompany you in this." Zuoqiu Feiming spoke indifferently before he stood up and vanished into thin air.

Zuoqiu Feng's expression instantly sank. All those years ago when he took over the position of Patriarch, this old fellow had always been leading the other elders of the clan to go against him. Now, this old fellow had stood out to disagree with him again, and it angered Zuoqiu Feng to the point he almost gnashed his teeth into pieces.

These damnable bastards! One day, I'll definitely annihilate all of you!

As if they possessed some sort of tacit understanding, as soon as Zuoqiu Feiming left, many elders present within the hall left successively as well.

This caused Zuoqiu Feng's expression to become even more unsightly, and he was almost unable to restrain the flames of rage in his heart. It's already at a time like this yet these bastards are still going against me. Could it be that none of them care about the overall situation of the clan!?

Zuoqiu Huanglin said, "No matter what, the Zuoqiu Clan can't fall into chaos now, so let them do as they please."

Zuoqiu Feng took a deep breath and nodded.

He swept the remaining elders with his gaze, and he was very clearly aware that if he didn't deal with this matter perfectly, then it would be unavoidable that some of them had some other thoughts.

After that, Zuoqiu Feng patiently discussed the method to deal with this matter with all the elders within the hall.

"Firstly, we have to figure out what sort of relationship that bastard has with Nuwa's Dao Palace. Otherwise, no matter what action we take, we'll suffer the obstruction of Nuwa's Dao Palace."

"I think that we can send some formidable experts to assassinate that bastard in secret. After all, he's only a little fellow, and it's impossible that an Immortal King would be protecting him at all times. So long as we seize the moment that he's all alone, then it would be sufficient to eliminate him. At that time, none would be the wiser. Even if they suspect our Zuoqiu Clan, we can deny everything."

"That won't do, that won't do at all. Since that bastard dared to act in this way, he has definitely made sufficient preparations. I'm worried that after he returns to Dao Emperor Academy this time, he won't take a step out at all. How would we assassinate him then?"

"Dao Emperor Academy? Hmph! Don't forget that numerous elders of our Zuoqiu Clan are holding positions in Dao Emperor Academy. It's fine so long as we find an opportunity to eliminate him."

"That won't do. That's Meng Xinghe's territory. Even if an Immortal King makes a move, it would probably be noticed by him at the first possible moment."

This sort of discussion continued for an entire day, and it was still going on.

The reason all these elders felt it was extremely troublesome was because Chen Xi had too many forces protecting him. No matter if it was Nuwa's Dao Palace or Dao Emperor Academy, these weren't powers that their Zuoqiu Clan could go against head-on.

So they could only find another way, a method that was the most appropriate. A method that couldn't just kill Chen Xi without anyone knowing, but capable of allowing the Zuoqiu Clan to avoid being affected by it.

However, it wasn't so easy to accomplish this goal.

"Patriarch! Things aren't looking good!" Suddenly, a voice that was short of breath sounded out from outside the hall. Along with this voice, an old man that seemed like a manager walked hurriedly into the hall.

In an instant, the discussions in the hall stopped while all of them shot their gazes towards that figure. They recognized the figure as a manager by Zuoqiu Kong's side, and he was called Shi Xiang.

Everyone was shocked in their hearts when they saw his uneasy and anxious expression. Could it be that something terrible has occurred?

“What is it? Speak!” Zuoqiu Feng frowned while he spoke in a deep voice because he was extremely unhappy that the discussion had been interrupted.

“Patriarch, news just came from Southbridge Continent. We’ve found out that Chen Xi seems to be greatly related to Oracle Mountain!”

Oracle Mountain!

Everyone present within the hall was horrified while tempestuous waves surged in their hearts because that was the most mysterious supreme sect in the three dimensions. Why is that bastard related to Oracle Mountain as well now?

Zuoqiu Feng was extremely shocked in his heart while his pupils constricted. He forcefully restrained the agitation in his heart and asked. “Is the source of the information reliable?”

Shi Xiang hurriedly said, “The information is absolutely reliable. Since the Young Master decided to start dealing with Chen Xi, I’ve been continuously investigating Chen Xi’s background. This bastard had once cultivated within the Southbridge Continent’s Liang Clan for a few years, and thus I sent people to investigate.”

He paused for a moment and continued. “Because the Liang Clan issued an order of secrecy and sealed all information related to that bastard, and I was only able to bribe a high ranking elder of the Liang Clan and obtain this information from him. Moreover, this information was confirmed by some higher-ups of the Yin, Gu, and Luo Clans.”

As soon as these words were spoken, the hall was filled with shock.

Oracle Mountain! That bastard child didn’t just obtain the assistance of two Immortal Kings from Nuwa’s Dao Palace, he’s actually even related to Oracle Mountain?

This was no different than a huge bomb that exploded in the hearts of every single higher-up of the Zuoqiu Clan present within the hall, and it shocked them to the point their scalps went numb and they felt that it was difficult to accept.

The atmosphere instantly became oppressive to the extreme.

At this moment, even Zuoqiu Feng’s gloomy face fell into silence.

After a long time, it was Zuoqiu Huanglin that broke the silence and said, “This kid has already matured, and he must be killed as soon as possible. Otherwise, once he grows, it’ll be the time our Zuoqiu Clan is annihilated!”

As soon as these words were spoken, everyone was shocked once more!

This could be considered as a form of acknowledgement towards the strength Chen Xi possessed now. When they thought about it carefully, it was indeed so. Presently, Chen Xi wasn’t just on friendly terms with Oracle Mountain and Nuwa’s Dao Palace, he was even a student of Dao Emperor Academy that numerous great figures of the academy were deeply fond of. If they waited until he grew accomplished, then how could the Zuoqiu Clan possibly suppress him?

When facing such circumstances, as the Patriarch of the Zuoqiu Clan, Zuoqiu Feng's, heart was in chaos, and he felt that it was extremely difficult to deal with.

What should I do? If we don't kill this bastard, then the Zuoqiu Clan would probably never have peace again. If we kill this bastard, then we'll completely offend Dao Emperor Academy, Nuwa's Dao Palace, Oracle Mountain... The consequences are unimaginable.

"A'Hong, A'Sheng." Suddenly, Zuoqiu Huanglin spoke with a voice that resounded through the hall.

Zuoqiu Hong and Zuoqiu Sheng hurriedly stood out. They were already extremely senior in the clan, yet they were merely juniors when facing this senior, Zuoqiu Huanglin.

"Hand this jade slip over to Taiwu. Tell him that if he doesn't act according to the instructions in this jade slip, then the Zuoqiu Clan will fall completely into chaos and internal strife. I believe that this isn't an outcome he's willing to see happen." Zuoqiu Huanglin withdrew a jade slip and passed it over through the air.

The Taiwu he spoke of was naturally the inner court head instructor, Zuoqiu Taiwu, that lived in seclusion within Dao Emperor Academy.

Zuoqiu Hong hurriedly moved forward and received it respectfully.

"Ancestor, in the Outerealm Battlefield that day, it was Ancestor Taiwu that stopped our plans of assassinating that bastard. Will he...agree this time?" Zuoqiu Hong couldn't help but ask.

"Don't worry, Taiwu himself will make the right choice." Zuoqiu Huanglin instructed indifferently, and then he glanced at Zuoqiu Feng who stood by his side and said, "A'Feng, take some time to see A'Xue before this. Tell her that if she lets the enmity of the past go, then we can accept that bastard child into the Zuoqiu Clan and admit that he's a member of the Zuoqiu Clan. It's even to the extent that if he changes his surname to Zuoqiu, then he can be the next Patriarch of the Clan."

Everyone was shocked while their expressions were extremely colorful. What? He actually intends to accept that bastard child?

Zuoqiu Huanglin had a calm expression and seemed as if he didn't notice the change in everyone's expressions. He just stared at Zuoqiu Feng, and said seriously, "Remember, no matter if she agrees or not, you must not act arbitrarily. The Zuoqiu Clan can't endure falling into chaos when the upheaval of the three dimensions is about to erupt."

Zuoqiu Feng was shocked in his heart as well upon hearing Zuoqiu Huanglin's suggestion, and a wisp of an indescribable feeling of refusal and rage surged into his heart. However, when he met Zuoqiu Huanglin's gaze, his heart suddenly trembled while a wisp of bitterness appeared on the corners of his mouth, and he nodded with great difficulty in the end. "Everything will be done as Ancestor instructed!"

"Of course, if A'Xue refuses... Then Taiwu will give us a right answer." Zuoqiu Huanglin spoke indifferently.

Chapter 1366: Ladies Man

Midnight Continent.

Autumn Leaf City.

The city was covered in ancient maple trees. The maple leaves were red like fire and brilliant like the clouds during sunset, and it was a picturesque and beautiful scenery.

Within an antique styled restaurant.

Chen Xi, Heaven Trampler, and Dian Dian sat by the window in the tall building, and fiery red maple tree leaves filled their vision. It was like sunset had risen, and it was an extremely magnificent scene.

Originally, According to Chen Xi's plans, he intended to return directly to Dao Emperor Academy. However, on the way there, the heavily injured and unconscious Dian Dian had suddenly awoken. After a brief discussion, they turned around and went to Midnight Continent.

Dian Dian was called Midnight Immortal King, and Midnight Continent was naturally her territory.

After they arrived here, Heaven Trampler intended to leave and search for his Master, Daoist Dao Que, and the others. Thus, Chen Xi chose this restaurant to give Heaven Trampler a farewell meal.

"Don't worry, once I find my Master and the others, I'll send the news to you." Heaven Trampler finished the wine in his cup before he stood up. "There's no time to lose, so I'll be making a move first."

Chen Xi knew that Heaven Trampler was worried about the safety of his sect, so Chen Xi didn't stop him and immediately stood up to send him off.

...

"Are you alright?" When Chen Xi returned, he noticed Dian Dian was holding her chin up with one hand while staring out the window, and her entire body emanated a wisp of a delicate bearing.

Even though she'd woken up now, because her injuries were too severe, she could only maintain her consciousness. According to Chen Xi's inference, any Immortal King would probably be able to easily take Dian Dian's life at this moment.

Of course, no matter how weak Dian Dian was, merely based on the Immortal King Laws she possessed, she wasn't someone that experts of the other lower realms could go against.

"I'm fine." Dian Dian smiled while her clear and pitch black eyes still stared towards the distance, and she muttered. "It's been very long since I've come to Autumn Leaf City. I remember that when I was young, this was a maple tree forest, and there were only a few cottages here. I grew up here..." Her voice was pleasing to the ear and carried a trace of recollection.

She wore a light violet dress while her beautiful hair flowed down like a waterfall, and her clear eyes seemed misty. Her jade white countenance was beautiful and otherworldly, and her entire body emanated a lazy and delicate aura, causing her to reveal a unique form of beauty.

At this moment, she didn't seem like an Immortal King that looked down upon the world, and she seemed like a gentle and gorgeous young woman that was recollecting the past.

Chen Xi sat at the other side of the table and seemed to be lost in thought.

Only now did he know that Autumn Leaf City was actually Dian Dian's hometown where she grew up.

"I grew up in the Mortal Dimension, and my hometown is within a kingdom in a small world. It's called Pine Mist City. The city was filled with numerous ancient pine trees, and every time dusk fell, the city would be enveloped in what seemed like a mist of pine leaves..." Chen Xi smiled as he spoke. At this moment of peace and quiet, he'd inadvertently recalled the past as well.

"Oh? If I have the chance, I'd be willing to go have a look." Dian Dian grinned as she glanced at Chen Xi.

"You're always welcome." Chen Xi smiled lightheartedly.

Right at this moment, a wave of clamorous noise came from the stairway.

Along with this noise, a group of people walked into the restaurant, and a young man in embroidered clothes was in the lead. He wore luxurious clothes, had a handsome appearance, and a wisp of a proud and arrogant smile hung on the corners of his mouth.

A group of women surrounded him like a crowd of orioles, and all of them were unique in their own way. There was over ten of them in total.

Besides that, there were a few more lackeys following by his side. These lackeys had capable appearances and heavy bearings. Especially the two lackeys in the lead, they actually possessed cultivations at the Saint Immortal Realm!

Such a group of people walked into the restaurant in a formidable array and put on haughty airs, and they instantly caused many customers in the restaurant to burst into an uproar.

"The Immortal Monarch's Estate's Young Monarch, Luqiu Ye!"

"No wonder they put on such a display, so it's the Young Monarch that possessed the nickname 'Ladies Man'."

"I heard the Young Monarch possesses 3,000 beauties, and he has romantic affairs throughout the world. I wonder if it's true."

"It's definitely true. His father, Luqiu Bin, is the ruler of the Immortal Monarch's Estate in Midnight Continent and one of the ten great Marquis of the Immortal Court that possesses the title, the Unfettered Marquis, causing him to possess monstrous authority. This Young Monarch is deeply loved by his father."

The crowd discussed animatedly, and the gazes they shot at the young man in embroidered clothes carried a wisp of reverence and admiration.

Chen Xi and Dian Dian frowned simultaneously when faced with this because the originally peaceful and quiet atmosphere had been disturbed, and it naturally caused them to be displeased.

"This kid is a bastard. He's lustful by nature, and even I've heard many despicable things he has done. If it wasn't out of consideration for his father, I would have crippled this little bastard a long time ago." Dian Dian puckered her lips and sighed faintly.

Chen Xi was speechless because since Dian Dian evaluated him in such a manner, then it was obvious how lustful this 'Ladies Man' was. However, in Chen Xi's opinion, being despicably lustful isn't romantic but dirty.

"Fellow Daoists, I'm sorry, this level of the restaurant has already been booked by my estate's Young Monarch. Please give us some face and leave quickly." A middle aged lackey spoke in a deep voice and actually wanted to clear the restaurant out for the Young Monarch and his female companions to enjoy themselves in private.

As soon as these words were spoken, most of the customers in the restaurant didn't think anything was wrong with this. They seemed to be aware of this Young Monarch's nature, and they left immediately. However, there were some customers that felt displeased, but because of the extraordinary power and influence the Young Monarch possessed, they could only restrain their displeasure and leave obediently.

"Let's go as well. I've lost my appetite from being disturbed by that bastard." Dian Dian frowned, and she couldn't be bothered to make a fuss about it in the end.

"Alright." Chen Xi immediately stood up with her, and then they turned around and headed towards the stairway.

After the trip to the Prehistoric Ruins, Chen Xi's gaze had looked past his peers since a long time ago, and he'd placed it onto a higher level, so he naturally wouldn't make a fuss about it with this bastard.

As for Dian Dian, as an Immortal King, these fellows were like laughable ants in her eyes, so she naturally couldn't be bothered to pay any attention to them. It was like the difference between a hawk in the sky and an ant of the ground, when had the hawk ever paid attention to the cries of the ant from the ground?

However, even though the two of them couldn't be bothered to pay attention to Luqiu Ye, Luqiu Ye just happened to look for trouble with them.

Right when they passed by this Young Monarch, Luqiu Ye, they were instantly stopped by the latter.

"Wait!" Luqiu Ye's eyes lit up. What a beautiful little girl! This bearing is simply matchless!

He felt he was a veteran in picking flowers, and he'd experienced countless beautiful women, yet he'd never seen one that possessed such an extraordinary bearing like the woman before his eyes. So it instantly drew out his desire to possess her.

As he thought like this in his heart, his gaze was already staring with burning desire at Dian Dian, and he revealed a smile that he felt was elegant as he said, "Miss, you're really beautiful. I'm Luqiu Ye, may I know if I can have a drink of wine or tea with you?"

As for Chen Xi, he was directly overlooked.

Luqiu Ye's lackeys were extremely clearly aware of their Young Monarch's nature, so when they saw this scene, they instantly imperceptibly obstructed Chen Xi and Dian Dian's path.

On the other hand, when Luqiu Ye's female companions saw this, all of them revealed unhappy and sour expressions.

"Hmph! He's chasing after women again. Does he feel us sisters aren't enough?"

"What's so good about that little girl? Why haven't I noticed anything?"

Some of the women couldn't help but mutter sourly with sharp voices, and they seemed to be jealous.

Chen Xi was instantly speechless. What sort of Immortals are these women, and what Dao do they seek?

Actually, Chen Xi was thinking too much. The reason these women acted in this way was none other than to compete for Luqiu Ye's favor, and the objective of this was naturally for the sake of obtaining even more benefits from this Young Monarch for their own future.

Dian Dian seemed as if she didn't notice all of this instead, and she didn't even spare a glance at Luqiu Ye before she said frankly. "I'll give you a chance. Ask your subordinates to move aside, and I won't make a fuss about it with you."

Her voice was calm, yet it carried extraordinary might.

However, when it entered into Luqiu Ye's ears, it caused him to feel a fresh sort of excitement. Amongst the women he'd played with, most of them obediently fell into his arms as soon as they heard of his identity. So when had he even encountered one that dared speak to him in this way?

Clap! Clap! Clap!

This fellow actually roared with laughter and started clapping. "Not bad, not bad. This Young Master loves a disposition like yours. Since it's our first meeting, take this little thing as a meeting gift. I hope you will accept it."

As he spoke, he flipped his palm, and a light blue and exquisite jade hairpin that glowed brightly appeared. Moreover, it was suffused with strands of gentle auspicious light.

A Valiant Grade Immortal Artifact!

In an instant, the eyes of all the women by Luqiu Ye's side lit up, and they felt even more envious, causing even the gazes they shot at Dian Dian to become hostile.

Obviously, in their hearts, Dian Dian was their number one enemy in their competition for Luqiu Ye's favor.

Luqiu Ye felt even more complacent in his heart upon noticing this, and he said in his heart, "No matter how noble and extraordinary you are, this Young Master doesn't believe you won't submit to me!"

Chen Xi couldn't help but explode with laughter. This fellow is actually trying to seduce an Immortal King with a Valiant Grade Immortal Artifact? Is there anything more absurd and laughable than this?

"Young Master over there, what're you laughing about?" When they saw Chen Xi was actually laughing, Luqiu Ye frowned and glared at Chen Xi with displeasure.

"Friend, leave quickly. You have no business staying here!" The lackeys glanced coldly at Chen Xi and spoke in an extremely threatening manner.

Chen Xi rubbed his nose and couldn't be bothered to pay any attention to these fellows. He just turned around to look at Dian Dian. He was very curious because Dian Dian actually didn't flare up until now, and he actually wondered what her intentions were.

On the other hand, Dian Dian looked at Chen Xi at practically the exact same time, and she said with a grumbling tone, "It's already at a time like this, yet you're still able to continue watching?"

As she spoke, she suddenly held onto Chen Xi's arm and rested her head intimately on Chen Xi's shoulder, and then her eyes narrowed from feeling comfortable before she said, "You said that you would be responsible for me."

Her voice was gentle, and she slightly acted like she was spoiled.

Chen Xi's figure instantly stiffened while he laughed bitterly in his heart. What's this Big Sister Immortal King trying to do!?

On the other hand, when this scene entered into Luqiu Ye's eyes, it instantly caused him to be extremely infuriated in his heart, yet he smiled casually instead and said, "Miss, in my opinion, this fellow by your side isn't worthy of you. Why don't you consider this Young Master?"

Dian Dian's eyes narrowed while she leaned on Chen Xi's side, and she acted indifferent towards this. Obviously, she'd decided to allow Chen Xi to deal with all of this.

"Friend, what do you think?" When he saw this, Luqiu Ye was even more irritated, and he shot his gloomy gaze at Chen Xi while his voice revealed an oppressive and threatening tone.

It wasn't just him, all the lackeys in the vicinity stared coldly at Chen Xi, and they seemed to be saying that Chen Xi shouldn't blame them for being ruthless if Chen Xi didn't act sensibly.

Chapter 1367: Presumptuous Junior

Luqiu Ye was naturally not ignorant.

The reason he dared to act to fearlessly was firstly because he possessed the backing of the Immortal Monarch of Midnight Continent, Luqiu Bin, and secondly, it was because he would have never imagined that this woman with a delicate bearing would be the king of Midnight Continent.

At the bottom of it all, it was because Dian Dian's injuries were too severe, and she was worried about exposing her identity, so she intentionally concealed her imposing aura. As for Chen Xi, he was only a Saint Immortal now.

On the other hand, the Young Monarch had two Saint Immortal Realm lackeys by his side, so he would naturally not take the two of them seriously.

Not to mention that this was Midnight Continent, and because of his father, this Young Monarch had deep connections. So even if he caused trouble, there would be someone to clean up his mess, and this was exactly the reason he'd fostered such an arrogant, domineering, and haughty nature.

Chen Xi just shrugged when facing all these extremely threatening gazes, and he said with a smile, "I think that if all of you don't move aside, then the consequences will be unimaginable."

His tone was flat and carried a trace of ridicule, causing the expressions of Luqiu Ye and the others to instantly turn grim. *This kid is simply tired of living. He actually dared to threaten us!*

"Look like you don't intend to give this Young Master any face?" Luqiu Ye laughed coldly while he shot at glance at one of the lackeys by his side.

"You bastard that doesn't know what's good for you! Quickly get the fuck out of here!" The lackey instantly understood Luqiu Ye's intentions, and he revealed a savage smile as he suddenly stretched his arm out. His fingers gripped together slightly as tore through space with a swish and swiftly grabbed towards Chen Xi's neck.

This grab carried a heavy force and was swift like a bolt of lightning. Moreover, his fingers were filled with powerful energy of the Laws, and it vividly displayed the strength possessed by a Saint Immortal.

All the others gazed at Chen Xi with a wisp of pity in their eyes when they saw this. They were very clearly aware how ruthlessly this lackey's attacks were. He was a formidable general under the command of the Immortal Monarch's Estate, and he was called Yuwen Dong. The Unfettered Marquis, Luqiu Bin, greatly appreciated his ability. Moreover, so long as it was an opponent of his, then he would either cripple that person's cultivation or kill that person on the spot. There was never any exception to this.

The young man before their eyes seemed to possess a cultivation at the Saint Immortal Realm, and it was sufficient for the young man to take pride in at any ordinary time. However, when he was before Yuwen Dong who'd experienced countless battles, it was utterly nothing.

Especially when they saw Chen Xi actually seemed to not move at all as if he'd been scared stiff when facing this attack, all of them felt even more disdain towards Chen Xi. *This kid looks to be impressive, but he's actually just a piece of trash!*

Chen Xi really didn't move, and he still maintained the posture where his arm was held by Dian Dian. Only his right hand casually swept through the air in an otherworld manner.

Bang!

A muffled bang resounded, and it surged through the surroundings like a thunderclap.

Chen Xi stood on the spot without moving, and he had a carefree expression.

On the other hand, Yuwen Dong staggered back without end. His countenance turned paler with every step back he took, and when he took an entire nine steps back, his countenance was already ghastly pale. His chest rose and fell before he suddenly opened his mouth and a mouthful of blood sprayed out from within, and then his aura instantly weakened.

Everyone in the surroundings were instantly shocked, their pupils dilated, and the disdain and pity on the corners of their mouths froze while they seemed as if they'd seen a ghost.

This scene was too unexpected, and it had taken them by surprise. None of them had imagined that Yuwen Dong who was usually peerlessly formidable, ruthless, and merciless would actually be heavily injured by a single strike.

Swoosh!

Someone refused to believe this and flashed through the air before swiftly smashing his fist down at Chen Xi's head. His fist surged like a roaring dragon, and it was suffused with terrifying energy of the Laws.

This was the other Saint Immortal amongst Luqiu Ye's lackeys, and he was called Yuwen Bei. He was Yuwen Dong's younger brother. Both their strengths were on par, and he was similarly ruthless and decisive.

"You're overestimating your strength." Chen Xi acted even more casually this time. He flickered his sleeve, causing Immortal Force to rumble as it swept out like a tempestuous wave, and it blasted Yuwen Bei flying with a bang. Yuwen Bei smashed forcefully onto the walls of the building, and then he fell outside the restaurant with a thump.

At this moment, this scene completely shocked everyone present here.

All of their mouths had opened wide while they stared at Chen Xi as if they were looking at a monster. Moreover, coldness flowed within their hearts as they felt a chill run down their spines.

Who exactly is this fellow?

He was able to easily defeat the Yuwen brothers. He's absolutely not an ordinary figure!

"Not bad, but it isn't ruthless enough. You should have killed them." Dian Dian grinned as she spoke amidst this deathly silent atmosphere. From the beginning until the end, she was leaning on Chen Xi's shoulder and seemed to have expected that such a scene would occur.

The facts proved this indeed.

Even though the Yuwen brothers were Saint Immortals, they hadn't fused the Dao and established Saint Dao Laws of their own. So even if their strengths were formidable, it was impossible for them to be a match for Chen Xi.

After all, even though Chen Xi had just stepped into the Saint Immortal Realm now, he'd attained perfection in his grasp of all the Golden Immortal Laws he possessed under the assistance of the River Diagram fragments. Most importantly, his Immortal Force was more than a hundred times thicker than his peers, so dealing with these two brothers was naturally as easy as blowing off dust.

Chen Xi was stunned when he heard Dian Dian, and he couldn't help but smile bitterly. "I wasn't ruthless enough? Could it be that I should annihilate them all?"

Dian Dian said seriously, "That's not a problem at all."

When they heard the two of them fearlessly discussing their fate, the expressions of Luqiu Ye and the others changed, and they were both terrified and furious.

Especially Luqiu Ye's female companions, they were terrified to the point their beautiful faces turned pale while they shivered without end.

"Hmph! You're going too far! Do you know who this Young Master is? You actually dare to act so arrogantly!? Quickly apologize to this Young Master, otherwise don't dream of leaving Autumn Leaf City today!" Luqiu Ye shouted loudly in a deep voice. He knew that he'd bitten off more than he could chew

this time, but he didn't feel that he was in danger because this was Midnight Continent. Besides those extraordinary figures, would anyone dare to harm the descendant of the Immortal Monarch?

In his eyes, no matter if it was Chen Xi or Dian Dian, they still didn't have the qualifications to be called an extraordinary figure. So he still had the confidence and courage to go against them!

Not to mention that even though he was domineering and arrogant, he possessed some methods to protect his life, so he naturally wouldn't be terrified and scared stiff by Chen Xi and Dian Dian.

Slap!

However, to Luqiu Ye's surprise, a slap swung at his face as soon as he finished speaking. His head droned while he saw stars, and he let out a shrill cry as he fell to the ground on his knees.

"Idiot!" Chen Xi lightly spat out a single word.

"Young Master!"

"Young Master!"

This scene terrified Luqiu Ye's lackeys and female companions to the point of panicking. All of them swarmed over to protect this Young Master as they were deeply afraid that he would suffer misfortune.

"Both of you are...simply courting death!"

"The Young Monarch is the son that the Immortal Monarch, the Unfetter Marquis, loves the most! Could it be that both of you aren't afraid of being wanted and pursued by the entire Immortal Monarch's Estate?"

"You're courting death! Quickly kneel down and apologize, otherwise you're dead!"

All the lackeys and female companions shouted with grim voices.

They'd followed by Luqiu Ye's side for a very long time and relied on the reputation of the Immortal Monarch's Estate to be flattered by everyone no matter where they went. Yet now, this pair of man and woman actually dared to go against them, so weren't the two of them courting death?

However, even though they kept shouting, not a single one of them dared to launch an attack. It couldn't be helped. Earlier, they weren't even able to clearly notice how Chen Xi had attacked before the Yuwen brothers were heavily injured and defeated. So how could they possibly be a match for Chen Xi?

Chen Xi couldn't help but frown when he heard these flies clamoring without end, and his eyes glowed coldly. Everywhere his gaze passed, all the clamoring stopped abruptly, and they were terrified to the point their entire bodies shivered.

Truly a bunch of clowns! Chen Xi couldn't be bothered to make a move against them, and he said to Dian Dian, "Why don't we leave?"

Dian Dian smiled sweetly and said, "Since I started cultivating until now, I've never experienced the feeling of being rescued by a hero." She frowned, and then sighed. "Unfortunately, these fellows are too weak, and it's really boring for me."

Chen Xi grinned and finally understood Dian Dian's intentions.

As they spoke, both of them intended to leave. Right at this moment, a voice suddenly sounded out from the stairway. "Hmph! Let me see exactly who dared to bully my good nephew!"

As soon as this voice resounded, a robust figured old man appeared out of thin air and appeared within the restaurant. He had dense hair and a gaze that was like a bolt of lightning. His entire body emanated a powerful aura that was lofty like a mountain and vast like an ocean. Surprisingly, he was an existence at the Half-step Immortal King Realm.

"Uncle Zhu Ming! You've come just in time. It's these two fellows that just humiliated me and even heavily injured the two subordinates my father gave me!" When he saw the mighty old man, the spirits of Luqiu Ye who'd been beaten to the point his face was swollen and sat dejectedly on the ground was suddenly refreshed, and he spoke with wild joy.

Chen Xi and Dian Dian exchanged glances, and both of them revealed a wisp of a strange expression. They felt that it was boring because they never expected that an old fellow would actually appear.

"Nephew, calm yourself. With me here, I'll absolutely not allow anyone to bully you!" Zhu Ming spoke in a deep and resolute voice. After that, he swiftly turned around before his gaze shot out like a bolt of lightning and descended onto Chen Xi. "Fellow Daoists, I wonder how this nephew of mine offended... Hmm?"

As he finished speaking, his eyes suddenly focused and stared fixedly at Dian Dian. He seemed to have noticed something yet didn't dare confirm it, and his brows instantly knit tightly together.

"Uncle Zhu Ming, why waste your breath on them? Quickly kill that kid!" With Zhu Ming to rely on, Luqiu Ye returned to his previous attitude. He covered his swollen face as he shouted resentfully. "As for this little girl, you must not injure her. This Young Master refuses to believe..."

Bang!

Before he could finish speaking, Chen Xi suddenly grunted coldly. Along with his voice resounding out, a shapeless energy of space condensed out of thin air, and it was like a shapeless hand that slapped Luqiu Ye flying.

This scene occurred too quickly, causing Zhu Ming to be unable to assist Luqiu Ye in time. When he reacted to it, Luqiu Ye had already been struck to the point blood sprayed from his mouth while his teeth flew out, and Luqiu Ye let out a shrill cry that sounded like a boar being slaughtered, causing all the people in the vicinity to gasp without end.

The reason was that this was the energy of the supreme Spatial Laws. Even an existence at the Half-step Immortal King Realm like Zhu Ming had never imagined that a Saint Immortal would actually be able to grasp such a force, and it instantly took him by surprise.

"Junior, how presumptuous of you!" Zhu Ming face sank, and it was extremely unsightly. Because the kid before him actually dared to attack Luqiu Ye right before his eyes, and it was simply an extraordinary insult to his dignity.

As he spoke, he was about to make a move. However, right at this moment, a wave of terrifying fluctuations of energy suddenly swept over from outside the restaurant, and it was like a dark cloud pressing down onto the city. It surged over and enveloped the entire restaurant.

In an instant, Zhu Ming's face turned pale!

Chapter 1368: Azure Phoenix Divine Carriage

Bang! Bang! Bang!

A wave of heavy footsteps resounded. The earth shook like resounding thunderclaps. The faces of everyone inside and outside the entire restaurant turned pale while they felt great terror from inside out.

This sudden unexpected change in the events caused the expression of the furious Zhu Ming to change. He moved his gaze out of the restaurant, and then his pupils dilated while he himself was stunned on the spot.

It wasn't just him, Luqiu Ye, his lackeys, and his female companions trembled and felt extremely astounded. They looked in unison towards the source of the sound.

When they saw the scene in the distance clearly, everyone inside and outside the restaurant was stunned and extraordinarily shocked.

It was a vast and magnificent group that moved through the ancient maple trees that were red like the color of the sunset, and they flashed on the broad and flat streets. Everywhere they passed, the crowd retreated with shock.

The group was led by two men that were 300m tall, and they were like two enormous Fiendgods.

The man on the left bared his bronze skin that was firm like a rock, and his back that was tall and broad like a mountain carried two enormous axes that were crossed over each other. He had a curly beard and crimson hair, and he was peerlessly imposing.

The man on the right was completely enveloped beneath a black cloak, and it was impossible to see his appearance clearly. He only revealed a ghastly pale and sharp chin while jet black and thick chains coiled numerous circles around his hands and legs, and the surface of the chains was covered densely in obscure and dense markings.

As the two of them opened up the path, a strand of an extremely terrifying aura enveloped the heavens and the earth, and it pressed down onto the living beings in an area of 500,000km, causing them to feel suffocated, shiver, and be horrified.

It was truly because these two tall figures that seemed like Fiendgods were too terrifying. All living beings seemed tiny like ants before them.

Behind the two of them was two rows of extremely beautiful female attendants that wore ancient dresses, and they stood at the sides of a magnificent and exquisite gold colored carriage.

No matter if it was appearance, dressing, bearing, or actions, all of these female attendants possessed a noble, elegant, and composed aura. There were over a thousand of them, and it was a rather magnificent sight.

Moreover, the magnificent golden carriage at their center was even being pulled by nine pure blooded Azure Phoenixes, and they emanated boundless divine radiance and were noble and gorgeous to the extreme.

There were two Fiendgod-like figures leading the way, over a thousand beautiful attendants following behind, and a carriage pulled by Azure Phoenixes at the center... It was impossible for such a grand group to not draw the attention of everyone.

It was indeed so. Since this group entered into Autumn Leaf City, everywhere they passed, they caused a great uproar, and no one dared to obstruct their path.

Because the imposing aura emanated by this group was truly too deterring. When one looked at it from afar, it caused one to uncontrollably arouse a wisp of shock and reverence.

Everyone within the restaurant was astounded. Because they noticed to their surprise that this vast group was moving towards them.

"That's... That's..." Someone's teeth shivered as he stuttered, and he was shocked to the point of being unable to speak.

"The Azure Phoenix Divine Carriage!"

"That's the Midnight Immortal King's carriage!"

"My god! The Midnight Immortal King wouldn't have arrived at Autumn Leaf City, right?"

Luqiu Ye, his lackeys, and his female companions were shocked to the point they opened their eyes wide, and the space between their brows surged with a wisp of respect and fervor that was impossible to restrain.

"It's definitely the Midnight Immortal King. I once headed to Midnight Palace with my father, and I was lucky enough to see the Azure Phoenix Divine Carriage from afar. I never expected that it would actually appear here now..." Luqiu Ye muttered while he revealed a wisp of pride on his face. It seemed like being able to enter Midnight Palace was already something that was extremely worthy to be proud of to him.

As soon as these words were spoken, it really did draw over a mass of envious and reverent gazes.

"Young Master, I presume Lord Unfettered Marquis and Lord Midnight Immortal King have a very good relationship, right?"

"Young Master, have you seen Midnight Immortal King's true appearance?"

"Young Master, could it be that those two in the lead are Midnight Palace's Lord Xue Yan and Lord Qing Ying?"

Those female companions of Luqiu Ye spoke successively, and they revealed expressions of curiosity and respect.

The Midnight Immortal King was the supreme existence in the Midnight Continent and was even the most mysterious Immortal King in the Immortal Dimension that was equally famous as Valiant Star Immortal King, Profound Path Immortal King, and Icesky Immortal King. To all of them who were cultivators from Midnight Continent, Midnight Immortal King was simply like a legend that they could only look up to!

“How could I have possibly meet Lord Midnight Immortal King?” Luqiu Ye laughed with self ridicule, and then he said proudly, “However, my father does have a good relationship with Midnight Immortal King.”

At this moment, he’d actually directly disregarded Chen Xi and Dian Dian, and he’d placed all his attention onto the vast group that was about to arrive.

Amongst the people present, only Zhu Ming’s expression changed once more, and he couldn’t help but glance at Dian Dian once more. Yet he saw that the latter was still holding onto the young man’s arm while her head leaned on his shoulder, and her beautiful face was covered in smiles.

When she noticed Zhu Ming’s gaze, a wisp of a spurious smile appeared on the corners of Dian Dian’s mouth, and it instantly caused Zhu Ming’s heart to jerk as if he’d been struck by lightning. After that, he seemed as if he’d lost his soul.

“Uncle Zhu Ming, please be careful. You must not allow those two fellows to seize the opportunity to escape.” Suddenly, Luqiu Ye took a deep breath and straightened out his clothes before he raised his chest. “I’ll go greet Lord Xue Yan and Lord Qing Ying. With the two of them here, I’ll definitely be able to avenge this enmity by ten times!”

As he finished speaking, he couldn’t help but glare fiercely at Chen Xi and Dian Dian, and his gaze was extremely resentful and even revealed a wisp of greedy and desire to possess Dian Dian.

The lackeys and female companions were extremely excited when they heard this.

“Wait!” Zhu Ming couldn’t help but intend to warn Luqiu Ye when he saw this.

“Uncle Zhu Ming, you want me to introduce you to those two Lords? Of course.” Luqiu Ye smiled complacently and couldn’t be bothered to waste his breath on Zhu Ming at all. He turned around and headed out of the restaurant.

The corners of Zhu Ming’s mouth couldn’t help but twitch when he saw this, and he opened his mouth with the intention of saying something. However, he inadvertently saw Dian Dian was smiling spuriously as she glanced at him once more, and he was instantly stunned on the spot before he felt extremely bitter and dejected in his heart.

...

The vast group stopped abruptly upon arriving before the restaurant.

“I’m Luqiu Ye, my Father is the Immortal Monarch, Luqiu Bin. Greetings Lord Xue Yan and Lord Qing Ying!” At the same time, Luqiu Ye flashed over and bowed respectfully and reverently.

However, to his embarrassment, no matter if it was the robust middle aged man with two enormous axes on his back or the other figure that was enveloped beneath a black cloak, both of them paid no heed to him.

Their gazes descended within the restaurant in unison, and they didn't pay any attention to Luqiu Ye who'd made a sudden appearance before them.

This caused Luqiu Ye to be embarrassed while his face burned. Earlier, he'd bragged about wanting to introduce Lord Xue Yan and Lord Qing Ying to Zhu Ming, yet now, they didn't pay any attention to him at all.

Under the gazes of everyone present in the surroundings, Luqiu Ye was stuck between raising his bent body or not, and he seemed to be in an extremely embarrassing state. He was like a clown that had been abandoned.

Fortunately, no one paid any attention to this scene at this moment. The attention of everyone had been drawn by this vast group that had appeared abruptly.

Why did the group from Midnight Palace come here?

Could it be that the Midnight Immortal King is resting and eating here?

Rumble!

Before everyone could recover from their shock, the 300m tall figures of Xue Yan and Qing Ying suddenly knelt on one leg, and they cupped their hands while they spoke in unison. "Greeting my King!"

"Greeting my King!"

At practically the exact same time, over a thousand beautiful female attendants bowed in unison. It was completed with extreme order, and their voices that were pleasing to the ear naturally carried a solemn and grand imposing aura as it reverberated through the heavens and the earth.

At this moment, even the nine Azure Phoenixes that pulled the luxurious golden carriage had descended to the ground in unison, and they lowered their prideful heads as they let out long cries.

Greeting my King!

Their voices rumbled through the heavens and the earth, and the atmosphere within the restaurant instantly froze and turned deathly silent. Everyone was completely stunned while their pupils dilated, and their bodies froze.

What's going on?

Could it be... Could it be that the Midnight Immortal King isn't on the Azure Phoenix Divine Carry but within this restaurant instead!?

Zhu Ming's mind droned and was on the verge of exploding. At this moment, he finally dared to believe his guess from before. When he thought about how he'd almost made a move against her, his entire body turned cold, and it felt as if he'd taken a trip around the entrance to hell...

Amongst the people present here, only Chen Xi's mind was still clear, and he watched coldly as all of this occurred. However, he couldn't help but still be slightly shocked in his heart. He'd never expected that Dian Dian's subordinates would form such an imposing array to welcome her return.

When he thought up to here, he felt utterly uncomfortable. It couldn't be helped. At this moment, Dian Dian was still holding his arm while leaning on his shoulder under the gazes of everyone present here. Moreover, she didn't seem to intend to let go...

"Why don't you let go of my hand first?" Chen Xi couldn't help but send her a voice transmission.

"Don't you think this is really fun?" Dian Dian glanced at him, yet she still agreed in the end so as to avoid Chen Xi being too embarrassed.

In the next moment, Dian Dian's expression recovered its calm while her eyes cleared, and her entire body was suffused with light violet divine radiance and emanated a terrifying and supreme imposing aura.

She walked side by side with Chen Xi and headed directly out of the restaurant.

Everywhere they passed, everyone in the vicinity was shocked. They felt a strand of a supreme force that oppressed their minds and hearts surge through their entire bodies, causing them to feel as if they'd fallen into an endless abyss, and they felt extraordinary terror.

Especially Luqiu Ye's lackeys and female companions. They were astounded to the point their bodies went limp and they fell to the ground. Moreover, the gazes they shot at Chen Xi and Dian Dian already carried a wisp of indescribable horror and disbelief.

Could it be... Could it be that woman is Midnight Immortal King?

"Rise." Outside the restaurant, Dian Dian waved her hand. Her entire body was enveloped by violet divine radiance, causing her beautiful face to seem illusory, and it was impossible for others to see her true appearance clearly any longer.

"Yes!" The entire vast group accepted their orders at the same time, and the grand and orderly imposing aura they revealed shocked everyone once more.

At this instant, Luqiu Ye couldn't help but raise his bent figure. When he saw Chen Xi and Dian Dian that were standing in midair, his expression instantly transformed into extreme shock as he cried out involuntarily. "How could it be the two of you?"

"Disrespect to my King, die!" Suddenly, the curly bearded and crimson haired Xue Yan whose muscles and skin looked like rocks spoke in a deep voice, and then he pressed his palm down at Luqiu Ye!

[Talisman Emperor](#)

Chapter 1369: Immortal Emperor Zi Heng

His hand smashed down from midair while filled with terrifying divine might, and it seemed to envelop the world within it, causing it to be impossible to avoid.

While residing beneath it, Luqiu Ye was terrified to the point his soul almost left his body.

Right at this moment, Dian Dian said abruptly, "Wait."

As soon as she spoke, the hand stopped abruptly before it was instantly withdrawn by Xue Yan. Obviously, his control of his strength had arrived at a state where he could control it at will.

Thump!

Surviving a hopeless situation caused Luqiu Ye to be unable to refrain from kneeling any longer. He kowtowed repeatedly as he spoke in a shrill voice. "Thank you Lord Immortal King for this kindness of sparing my life. Thank you Lord Immortal King for this kindness of sparing my life..."

His terrified voice surged through the surroundings.

Those lackeys and female companions that were still within the restaurant were shocked to the point their bodies shivered, and they wore expressions of grief as if someone had died. They were terrified and worried to the extreme, causing them to emanate a wave of thumps as they knelt on the ground.

When they thought about how they'd actually threatened an Immortal King earlier and almost made a move to forcefully seize an Immortal King to be Luqiu Ye's female companion, they were terrified to the point their souls almost left their bodies while their insides turned green from regret.

As for Zhu Ming, his expression wasn't any much better at this moment, and he was deeply afraid that Midnight Immortal King would come to get even with him.

As he looked at all of this, Chen Xi couldn't help but feel extremely bored. These fellows were arrogant, domineering, and flaunting their status earlier, yet they seem so contemptible and are terrified like dogs at this moment. Why did all of you have to act like that earlier?

Dian Dian seemed as if she couldn't be bothered to pay any attention to these fellows as well. She waved her hand and said, "Cripple him and hand him over to be dealt with by the Unfettered Marquis. When I return, I require a satisfying answer from the Unfettered Marquis."

As soon as she finished speaking, she'd led Chen Xi into the Azure Phoenix Divine Carriage.

Swish!

Space fluctuated, and under the shocked gazes of everyone present here, the Azure Phoenix Divine Carriage tore through space and vanished into thin air along with the vast group.

Amongst the members of the group, only the crimson haired and curly bearded Xue Yan stayed behind, and his eyes were cold light lightning as they swiftly swept towards Luqiu Ye.

"Don't! Don't... AH!!!!" Luqiu Ye let out a shrill cry that resounded through the heavens and the earth.

...

The Azure Phoenix Divine Carriage had a world of its own within it, and there was an elegant and beautiful jade palace within it.

"You'll probably offend the Unfettered Marquis by crippling that amorous Young Master, right?" Chen Xi recalled Luqiu Ye's countenance that had turned pale before they left, and he couldn't help but find it amusing.

"If I offend him, then so be it. It isn't like I've offended the ruler of the Central Immortal Court." Dian Dian smiled and was indifferent towards this. The two of them were sitting cross-legged within the place, and a beautiful female attendant was pouring them tea from the side.

Chen Xi was stunned and asked curiously. "Exactly what sort of power is the Central Immortal Court?"

He was curious indeed. Since he entered into the Immortal Dimension, he'd always heard about the Central Immortal Court, yet he didn't know anything about this power up until now.

Presently, he was merely aware that every single one of the 4,900 continents in the Immortal Dimension had an Immortal Monarch's Estate, and it governed the affairs of its respective continent and possessed extraordinary authority.

On the other hand, these Immortal Monarch's Estates had to obey the orders of the Central Immortal Court.

"The Central Immortal Court is situated in Divine Radiance Continent, and it's controlled by Immortal King Zi Heng. Beneath him are the ten great Marquises, 4,900 Immortal Monarchs, and countless Saint Immortals, Golden Immortals, Mysterious Immortals, and Heavenly Immortals that serve him."

"On the surface, the Central Immortal Court can be considered to be the largest power that governs the Immortal Dimension. But at the bottom of it all, it's only an alliance formed by the experts of the various top powers within the Immortal Dimension. No matter if it's the Immortal Monarchs or Marquises, all of them are from various different powers."

"For example, the Unfettered Marquis, Luqiu Bin, that's the Immortal Monarch of Midnight Continent, he's one of the ten great Marquis of the Immortal Court, and another identity of his is that he's a senior of the Luqiu Clan in Midnight Continent."

Dian Dian spoke confidently, and she'd roughly described the Central Immortal Court in a clear manner with merely a few sentences.

"The only difference is that the Immortal Emperor of the Central Immortal Court is only a title. The Immortal Emperors are appointed from the three supreme sects of the Immortal Dimension. For example, the current Immortal Emperor Zi Heng is an elder from the Sovereign Sect."

"Every 100,000 years, a new Immortal Emperor would be appointed. For example, the last Immortal Emperor, Immortal Emperor Ran Ning is the 9th disciple of Oracle Mountain, Bai Ran'ning."

When he heard up to here, Chen Xi was shocked in his heart. Bai Ran'ning? My Ninth Senior Brother?

Since he'd started cultivating until now, he'd only met his Little Senior Sister Li Yang and Third Senior Brother. As for the other senior brothers and sisters of the sect, he didn't even know their names.

At this moment, he suddenly found out from Dian Dian that his Ninth Senior Brother, Bai Ran'ning, whom he'd never met yet had actually taken up the position of the Central Immortal Court's Immortal Emperor, so he couldn't help but be slightly astounded.

"That Immortal Emperor Zi Heng is actually from the Sovereign Sect?" After that, Chen Xi frowned as he had a bad impression of this sect.

Especially after this trip to the Prehistoric Ruins, it caused him to have an even deeper understanding of the Sovereign Sect's Dao of emotionlessness. When he heard that a member of the Sovereign Sect was in control of the Immortal Court, he naturally felt extremely disgusted.

"It can't be helped. The Sovereign Sect is one of the three supreme sects of the three dimensions!" Dian Dian smiled and spoke with a relaxed tone. "However, you don't have to be worried. In the present three dimensions, the authority of the Immortal Emperor might be able to terrify the myriad of living beings in the world, yet in the eyes of true great powers, it's like the Immortal Emperor only exists in name."

According to Dian Dian, no matter if it was the Central Immortal Court or the Immortal Monarch's Estates in the 4,900 continents of the Immortal Dimension, all of it was for the sake of maintaining order in the Immortal Dimension.

Yet now, most of the experts that held a position in the Immortal Monarch's Estate or Central Immortal Court were from the various powers of the Immortal Dimension. In this way, they naturally wouldn't fully submit to the Immortal Emperor's orders.

Especially under the circumstances that it affected their own interests. No power would truly obey the Immortal Monarch's Estate and Central Immortal Court, and the reverse was also true.

The true motive behind appointing an Immortal Emperor was to make preparations for going to war with the Xeno-race. After all, once a full scale war broke out between the three dimensions and the Xeno-race, then they needed a ruler that was like a sovereign to command the war.

Obviously, there were no signs of a full scale war with the Xeno-race now, so the existence of the position of Immortal Emperor was mostly symbolic.

After he understood all of this, Chen Xi had the feeling that he was suddenly enlightened.

However, when he thought about how the Immortal Emperor was from the Sovereign Sect, he still felt slightly uncomfortable in his heart.

...

Midnight Immortal Realm.

A large world that was established within space. It was a picturesque place with beautiful scenery.

This was the place Dian Dian resided and cultivated at.

After he followed Dian Dian back here, Chen Xi stayed here for a few days, and he decided to leave today because he was worried about Ling Bai and the others.

Dian Dian didn't stop him and sent him to a teleportation formation within the immortal realm before she said, "With the assistance of the Dao Fruit's Spirit you gave me, I would at most take a hundred years before I'll be able to establish my foundation to become a god, and then I'll step into the ranks of gods. Perhaps it wouldn't be too late for you to make a move against the Zuoqiu Clan after I emerge from my closed door cultivation."

Presently, she was aware of the enmity between Chen Xi and the Zuoqiu Clan, so she naturally wouldn't refuse to help Chen Xi take revenge.

One hundred years? Chen Xi laughed bitterly in his heart. Dian Dian really thinks highly of me. In Chen Xi's opinion, he was indeed capable of seeking the help of many Immortal Kings at this moment, but the main point was that his own cultivation wasn't sufficient to allow him to act in this way.

Not to mention that when he took revenge, he naturally had to do it with his own two hands!

In Chen Xi's heart, there were some things that he couldn't rely on the assistance of others to accomplish. For example, taking revenge on the Zuoqiu Clan. He would absolutely not allow himself to merely be a bystander.

Most importantly, as one of the seven great ancient clans of the Immortal Dimension, the Zuoqiu Clan's foundation was extremely deep, and it was utterly impossible to annihilate it in a short period of time.

This matter had to be planned carefully and couldn't be rushed.

"Thank you." Chen Xi cupped his hands. He wasn't just thanking Dian Dian for entertaining him in these past few days, he was thanking her for helping him obstruct that lethal strike in the God Attainment Region.

He'd never forgotten that Dian Dian who was an exalted Immortal King had actually disregarded her own life in order to obstruct that lethal strike for him, and she almost perished on the spot instead.

Dian Dian smiled and stared at Chen Xi for a long time before she said, "Compared to that, my gains are greater."

...

Darkombat City.

Om!

Space fluctuated before a handsome figure walked out from within, and it was exactly Chen Xi that returned from the Midnight Immortal Realm.

As he looked at the familiar outline of Dao Emperor Academy in the distance and felt the familiar aura in the air, Chen Xi couldn't help but take a deep breath while his entire body relaxed completely.

He didn't stop here and directly teleported towards the academy.

...

Presently, the entire Dao Emperor Academy was animatedly discussing a single topic — One of the seven blazing suns of the Immortal Dimension, Zuoqiu Kong, perished in Sin City, and a senior of the Zuoqiu Clan at the Immortal King Realm was killed on the spot!

Once news of this spread, it wasn't just Dao Emperor Academy, but the entire Immortal Dimension was stirred. A blazing sun and an Immortal King had actually perished in Sin City at the same time. How could this now be shocking?

It could be said that because of this news, it caused this matter to be the hottest topic on the streets and within restaurants lately. Moreover, it showed signs of growing in popularity.

Everyone was guessing exactly who'd killed Zuoqiu Kong, and which great figure had annihilated an Immortal King that stood at the peak of the three dimensions?

In the wake of this matter, as one of the seven great ancient clans of the Immortal Dimensions, what sort of reaction would the Zuoqiu Clan make?

All of this caused everyone to feel curious and discuss it without end.

On the other hand, the great figures of the Immortal Dimension were clearly aware of the entire truth. Especially Chen Xi's name had even become the center of attention of the various great powers in the Immortal Dimension.

"Bullshit! How could it have possibly been done by Senior Brother Chen Xi. If you said he killed Zuoqiu Kong, then it's understandable. But you said Senior Brother Chen Xi killed an Immortal King, and that's bullshit."

"Hmph! Idiot! I didn't say Senior Brother Chen Xi did it himself, he had the assistance of other experts!"

"Yes, I heard from an elder of my clan that six Immortal Kings appeared at that time in Sin City, and they were the reason for the Zuoqiu Clan's Zuoqiu Linghong's death."

"Six Immortal Kings? Really? Is Senior Brother Chen Xi really that capable?"

"I don't know if he is or isn't. But I heard that two of these six Immortal Kings were from Nuwa's Dao Palace!"

Hiss!

As soon as these words were spoken, it instantly caused a wave of gasps to fill the surroundings.

When Chen Xi entered the academy, he encountered such a scene right before him.

Chapter 1370: Back At The Academy

To the students of Dao Emperor Academy, it wasn't difficult to investigate the incident that occurred in Sin City that day, and the reason was practically all of them were descendants of the various top powers.

However, because of their lack of seniority in the clan, the information they obtained was mostly just a few odd bits of the whole picture, and they were unable to see through the truth behind all this information.

However, they could confirm that this incident was definitely related to Chen Xi.

Chen Xi was the most renowned inner court student within Dao Emperor Academy now, and the glories that covered him were too numerous. He entered the academy as the first amongst the new students, repaired the Nine Profundity Divine Cauldron, ascended to the top ten of the outer court's Allheaven Gold Rankings, obtained first in the inner court exam, ascended to the first position in the Violet Ribbon Gold Rankings, obtained the position of champion in the Seven Academy Dao Discussion...

Especially the first 72 levels of the Illusory Heaven Immortal Domain, there were still two of his records that were maintained until now, and these records were unprecedented while no one had been able to shake them.

These various glories caused Chen Xi to become the most dazzling star in the academy, and he was renowned in the world and became one of the seven publicly acknowledged blazing suns of the Immortal Dimension.

Of course, along with Zuoqiu Kong's death and Chen Xi's advancement into the Saint Immortal Realm, they could only be called the five blazing suns of the Immortal Dimension.

After all, all these blazing suns were at the Golden Immortal Realm, and those that exceeded the Golden Immortal Realm had already stepped onto the path towards seeking to become a god.

Under such circumstances, Chen Xi actually might have acted along with six Immortal Kings to not just kill Zuoqiu Kong who was a direct line descendant of the Zuoqiu Clan, he even struck down an Immortal King from the Zuoqiu Clan. As soon as this news appeared in the world, it was simply like a thunderclap that instantly pushed Chen Xi's reputation up to an unprecedented height, and it shook the entire Immortal Dimension!

Up until now, no matter if it was the students or the instructors, everyone in Dao Emperor Academy was discussing this incident, and Chen Xi's name naturally frequently appeared in these various topics.

Chen Xi's brows knit together when faced with this. Never had he imagined that the news would actually spread so quickly. In this way, even if he hid within Dao Emperor Academy, the Zuoqiu Clan would probably not let the matter rest.

This really is troublesome! Chen Xi sighed in his heart. It wasn't that he felt the Zuoqiu Clan dared to openly go against him in Dao Emperor Academy, and it was that he'd probably have to be more careful if he intended to leave Dao Emperor Academy.

It was even to the extent that he suspected the Sovereign Sect had already taken to him to be a thorn in their flesh, and the Sovereign Sect might already be planning an operation against him.

After all, he'd successively foiled the Sovereign Sect's plans in the God Attainment Region, causing them to fail time and time again. Moreover, they didn't even obtain the Dao Fruit's Spirits before leaving empty handed. This hatred wasn't small at all.

Looks like I can only lie low in the academy for the near future... Chen Xi immediately decided in his heart. It couldn't be helped. The limelight was shining too brightly on him now, and the enmity between him and the Zuoqiu Clan and the Sovereign Sect had arrived at an intense state. Once he left the academy, they would definitely seize an opportunity to annihilate him.

"Senior Brother Chen Xi!"

"Senior Brother Chen Xi has returned!"

"Quickly! Ask Senior Brother Chen Xi if that battle in Sin City was related to him or not!" When they noticed Chen Xi's figure appear within the academy, it instantly caused an uproar amongst the students, and all of their eyes seemed to glow as they surged towards Chen Xi.

Some beautiful female students even ceaselessly let out sharp cries while shooting gazes of adoration at him, and they shouted his name loudly while fully revealing their adoration towards him.

Presently, it was an expanse of chaos. Chen Xi was instantly shocked and didn't dare greet them at all before he flashed away, and he couldn't be bothered about maintaining politeness.

It couldn't be helped. If he was caught by them, then it would be troublesome.

On this day, the entire Dao Emperor Academy knew that Chen Xi had returned to the academy, and it caused a mighty uproar in the academy. Group after group of students and instructors headed to the Sword Room to pay Chen Xi a visit, and it continued all the way until deep into the night. Unfortunately, they didn't have the fortune to meet him.

In the end, it was the inner court's Dean, Chi Cangsheng, who had the nickname 'Old Devil Chi' stood out and calmed this chaotic situation.

"As soon as this little bastard came back, he instantly caused such a commotion, and it just so happened that I had to fucking clean it up for him. He really is a troublemaker that gives me a headache..." Chi Cangsheng sighed endlessly with emotion when facing such a situation.

The other instructors had the same feelings as him. For example, the head instructors of the inner court like Xuanyuan Pojun and Wang Daolu, the outer court's Dean Zhou Zhili, the Dean of the Pill Reserve, Chen Haotian, and many others.

...

"Chen Xi, this fish meat isn't bad, it tastes extremely fresh."

"I think this Hua Snake tendon isn't bad. It has a crispy texture."

Aowu! Aowu!

In the Sword Room, various delicacies covered the ground, and all of them were personally cooked by Chen Xi. The ingredients came from the various 'seafood' in the Endless Sea instead. Every single one of them were precious immortal materials that were rare in the world and were priceless. Yet now, they'd been cooked into various delicacies for Ling Bai, A'Man, Bai Kui, and Starry to feast on, and they grinned from ear to ear as they ate with great pleasure.

The four little fellows weren't really lonely during this period of time. They'd been running about Dao Emperor Academy all day, and it was only a slight pity to them that they didn't have Chen Xi's cooking to eat any longer.

Now that Chen Xi had finally returned, the four little fellows were instantly overjoyed.

"I never expected that your experiences in the Prehistoric Ruins would actually be filled with so many ups and downs. If I knew earlier, I would have gone along with you to have a look." A'Xiu wore a green dress, her jet black and beautiful hair hung loosely on her shoulders, and she wrapped her arms around her legs as she sat by Chen Xi's side. She grinned as she watched the four little fellows fight for food and spoke casually.

She'd returned from outside the academy with the members of the Star Alliance a few days ago, and she immediately rushed over when she found out Chen Xi had returned today.

Besides her, Liang Ren, Gu Yueming, and Xuanyuan Yun were here as well.

After they chatted for some time, they finally found out from Chen Xi that he'd actually headed to the Prehistoric Ruins and took a trip through the God Attainment Region, and Chen Xi's experiences that could be said to be filled with ups and downs caused them to exclaim repeatedly with surprise while they really yearned to experience it for themselves.

Of course, Chen Xi concealed many things like the Dao Calamity Sword, River Diagram fragments, Eye of Heavenly Tribulation, Godrank Chart, and various other secrets.

It wasn't that he was unwilling to share it with his companions, but these secrets implicated too many things. Many of them were related to the Sovereign Sect, and he didn't want A'Xiu and the others to be swept into this.

After all, their strengths were still rather weak when compared to those Immortal Kings, and the more they knew, the worse it would be for them.

"Ups and downs? I was a burden. If it wasn't for the protection of Midnight Immortal King and the others, I wouldn't have survived even if I had nine lives." When he saw the yearning and curiosity on A'Xiu's face, Chen Xi couldn't help but shrug before he laughed with self-ridicule.

What he said wasn't a lie because the God Attainment Region wasn't a place that a Saint Immortal could step foot in at all.

A'Xiu and the others were clearly aware of this as well, and that was why they admired Chen Xi, because there wasn't any other lucky fellow like him in the Immortal Dimension that was able to step foot into the God Attainment Region!

Not to mention that Chen Xi was even accompanied by numerous Immortal Kings, and this was an even greater cause of envy because it was probably only Chen Xi who could encounter such a fortuitous thing.

"Right, what does the Midnight Immortal King look like? Is the Midnight Immortal King a man or woman?" A'Xiu asked curiously.

The others perked their ears and listened because the Midnight Immortal King was the most mysterious existence in the Immortal King, so how could anyone not be curious?

"A woman." Chen Xi answered succinctly.

"Hmph! I guessed so." A'Xiu seemed to have thought of something, causing her to wrinkle her nose before she grunted, and then her pitch black and large eyes spun as they stared at Chen Xi. "How did she seduce you?"

Seduce? Liang Ren, Gu Yueming, and the others instantly opened their eyes wide while they were flabbergasted. She actually said the Midnight Immortal King seduced Chen Xi? This Eldest Young Miss of the Xuanyuan Clan way of speech is really formidable...

Chen Xi was extremely speechless as well, and he hurriedly said, "There was no such thing. We were just cooperating once. Not to mention that she's an Immortal King, so how could she possibly like me, let alone seduce me?"

Liang Ren and the others nodded repeatedly, and they deeply agreed with what Chen Xi said.

Only A'Xiu tilted her head and thought for a moment before she said with a serious expression, "That might not necessarily be the case. No matter if she's Immortal King or a commoner, she's a woman in the end. So long as she's a woman, then how could her interest possibly not be aroused after coming into contact with you?"

As soon as these words were spoken, it caused Liang Ren and the others to instantly feel speechless. This Eldest Young Miss really won't stop until she shocks everyone with her words! How could Chen Xi possibly possess such great charm? That's an Immortal King that has seen through life and death a long time ago! How could she possibly fall for him so easily?

Chen Xi was shocked by A'Xiu's formidable analysis as well, and he opened his mouth yet was at a loss for what to say.

A'Xiu's seemed to have not noticed this at all, and she held her face with both hands while still seeming to be lost in thought. She muttered. "It isn't normal, the relationship between the two of you is definitely not normal..."

Chen Xi held his hand to his forehead and was completely speechless.

He hurriedly changed the topic and said, "Right, how's the Star Alliance's development?"

Sure enough, as soon as the Star Alliance was mentioned, A'Xiu's attention was instantly drawn away. Her spirits were refreshed while her eyes glowed brightly, and she spoke happily and described the situation of the Star Alliance during this period of time.

As Chen Xi gradually steadied his footsteps in the academy and became an existence that could rival Ling Qingwu and Ye Tang, the Star Alliance was swiftly strengthening like a rolling snowball. It already possessed over two hundred outer court students and over a hundred inner court students. Merely in terms of its forces, it was already sufficient to go against any one of the student societies in the academy.

For example, student societies like the Xuanyuan Society and Zuoqiu Society only possessed a little over three hundred members now.

After all, there were only around eight hundred students in the inner court now that had attained a cultivation at the Golden Immortal Realm, and there were an entire few tens of student societies.

The Star Alliance could be proud of itself for being able to develop to such a size in a short few years of time!

All of this was naturally related to A'Xiu's contributions.

It was even to the extent that it could be said that it would be absolutely impossible for the Star Alliance to develop to such an extent without A'Xiu.

Most importantly, all the members gathered in the Star Alliance now had gone through layer upon layer of selections and tests, and this determined that there would absolutely be no spies in the Star Alliance.

As for trash...

What a joke! How could there be any trash in the Star Alliance if they were able to pass the numerous tests to enter Dao Emperor Academy?

Dao Emperor Academy was the place where the top figures of the Immortal Dimension's younger generation gathered. So not to mention trash, it was impossible to find even a single ordinary cultivator here!
