#### Chapter 1451: The Fall of An Immortal King

The battle was still going on.

Chen Xi was silent, murderous, swift, and fierce. As the battle went on, not only did his imposing aura not weaken, it rose steadily instead, and he revealed an aura of sweeping through the heavens and the earth.

If they didn't witness it with their own eyes, it would be absolutely impossible for them to imagine that Chen Xi was already formidable to such an extent, and he could be considered a peerless genius.

In the battlefield, a rain of blood poured down from the sky while shrill cries shook the heavens.

It was like a bloody purgatory had descended into the world.

In the end, Wei Xing's heart felt cold, and he didn't dare hesitate at all to shout in a grim voice and order the other higher-ups in Zuoqiu Feng's faction to join the battle.

There were more than thirty higher-ups in Zuoqiu Feng's faction, and every single one of them was at the Half-step Immortal King Realm. They were originally unwilling to join the battle, but they were clearly aware that once Chen Xi was allowed to continue slaughtering the others like this, then it would be their turn once all those dogs of the Sovereign Sect had perished.

Thus, they joined the battlefield in the end.

In an instant, Chen Xi's opponents increased by over thirty. Moreover, the addition of these elders from the Zuoqiu Clan did indeed greatly increase the pressure upon Chen Xi.

"These damnable bastards! They're actually attacking A'Xue's son with the dogs of the Sovereign Sect!"

"They're simply shameless to the extreme!"

"I really wish for nothing more than to annihilate these bastards!"

When they witnessed this scene, Zuoqiu Feiming and the others were angered to the point their entire bodies trembled, and they felt both furious and sad in their hearts. Because all of them were originally clansmen that had the same bloodline flowing within them, yet they'd now turned hostile against each other and were killing each other...

How sad was that!?

It was even to the extent that for the sake of killing their clansmen, they didn't hesitate to rely on the strength of the infamous Sovereign Sect. If the Ancestors of the Zuoqiu Clan saw this scene, they would probably be angered to death by this scene.

...

All of this did indeed greatly increase the pressure Chen Xi felt.

However, he wasn't fearful but delighted instead.

Compared to these important pawns of the Sovereign Sect, he hoped even more to be able to personally annihilate these bastards of the Zuoqiu Clan!

If it wasn't for them, would my mother, Zuoqiu Xue, be imprisoned? And how could the Chen Clan have possibly been completely slaughtered and almost annihilated?

Chen Xi had come here precisely for the sake of taking revenge on the Zuoqiu Clan. At this moment, when they actually took the initiative to fight him, Chen Xi naturally wouldn't refuse this superb opportunity to take revenge.

Kill!

In the next moment, Chen Xi focused on these higher-ups of the Zuoqiu Clan, and he attacked ruthlessly and mercilessly. He didn't give them any chance to survive!

Bang!

An elder of the Zuoqiu Clan wasn't able to dodge in time, and his neck was directly twisted apart by a palm strike from Chen Xi. He transformed into a headless corpse that shot out and perished on the spot.

"Damnable bastard! If we knew this would happen, we shouldn't have spared your life all those years ago!" Another black clothed old man roared furiously, and he was madly enraged. His arms stretched out as he executed the profundities of space, and it formed a myriad of shapeless palm shadows that smashed down at Chen Xi.

From the beginning until the end, Chen Xi remained silent, indifferent, cold, and murderous. He took a step forward, causing space to shatter into pieces, whereas his entire body suddenly vanished on the spot.

In the next moment, his figure appeared before the black clothed old man, and he suddenly stretched out his hand to grab the old man's neck. After that, he twisted fiercely and forcefully twisted the old man's head off.

Swish!

A strand of thick blood sprayed out from the old man's neck, and it sprayed all over Chen Xi's body, dying his clothes red. It caused him to seem even more indifferent and cruel, and he revealed a bloody and merciless aura.

Bang!

Chen Xi casually crushed the head, and then his figure flashed. He left an afterimage in space while he charged towards another elder of the Zuoqiu Clan at the side.

At this moment, the hatred that had accumulated throughout the years in Chen Xi's heart had erupted like a volcano. It surged throughout his body, and it caused every inch of his skin to tremble.

He needed to vent!

Because he'd exercised forbearance for too many years, and he'd exhausted an innumerable amount of sweat and blood for this! Moreover, he'd experienced countless slaughters and battles for this!

Now, this day had finally come, so how could he possibly restrain himself?

If he didn't vent, then all this hatred would transform into a knot in his heart that was impossible to undo, and it was even to the extent that it would become an inner demon that severed his path towards the Dao!

Kill!

Kill!

Kill!

At this moment, Chen Xi had even forgotten the battle between Immortal Kings that was being carried out above the sky, and he'd forgotten exactly how many opponents he had. There was only a single thought in his heart — Vent!

Vent his hatred!

Only the blood and death of his enemies could calm the hatred in his heart!

Expanse after expanse of rains of blood that contained severed limbs poured down while shrill and miserable cries resounded like a song of death. It surged ceaselessly in the surroundings, and it caused Chen Xi's battle intent to grow exuberant, burn like lava, and seem as if it could incinerate the sky!

At this moment, no matter if it was Wei Xing and the others from the Sovereign Sect, or the elders of the Zuoqiu Clan, all of them noticed to their shock that Chen Xi seemed as if he'd become a completely different person.

His eyes were scarlet red like blood while his dense jet black hair fluttered, and the imposing aura he emanated grew in strength and viciousness. It seemed like a primeval ferocious beast had awakened inside him, and it intended to swallow his enemies!

Under such circumstances, they ceaselessly retreated in defeat while death arrived without end. No matter how they struggled and resisted, they were actually unable to obstruct Chen Xi at all.

It was too terrifying!

It was horrifying!

Everyone, including Wei Xing, felt their souls almost leave their bodies, and their will to fight collapsed inch by inch. They were on the verge of being unable to endure this lethal pressure.

Who would have imagined that all of this was actually caused by Chen Xi alone?

Actually, they were utterly unaware that if it was in terms of cultivation, Chen Xi's cultivation was over a hundred times deeper than ordinary Half-step Immortal Kings. Moreover, he even possessed the assistance of the Dark Parasol Sapling that guaranteed his Immortal Force wouldn't be exhausted.

In terms of his cultivation in the Dao Heart, Chen Xi had attained the Heart Infant Realm a long time ago when he was at the Saint Immortal Realm, and it could compare with a true Immortal King. It was utterly not something that a Half-step Immortal King could compare to, and it guaranteed that he possessed sufficient reserves to endure for a long time in battle.

In terms of his cultivation in the Sword Dao, he'd attained perfection in the Sword God Realm. Even most of the seniors in Dao Emperor Academy had been left far behind by Chen Xi.

In terms of his cultivation in Dao Insights, merely the Talisman Saint Dao he'd established himself was sufficient to crush all Saint Immortals in the world. Now that he'd advanced into the Half-step Immortal King Realm, his Talisman Saint Dao had fused with the three supreme Laws of time, space, and life and death. Thus, it was obvious how terrifying his Talisman Saint Dao was.

As for combat experience, combat will, and other aspects. Even if Chen Xi still hadn't stepped foot into the peak, it wasn't something that an ordinary expert could compare to.

When all of this was included together, it transformed into the terrifying combat strength that Chen Xi possessed now. Under such circumstances, how could Chen Xi be afraid when facing a group of opponents that possessed the same cultivation realm as him?

It was even to the extent that under the effect of his hatred, the combat strength Chen Xi revealed was even slightly stronger than normal!

On the other hand, even though Wei Xing and the others were Half-step Immortal Kings, how could they compare to Chen Xi? In other words, they didn't have the qualifications to compare themselves with Chen Xi at all!

...

Once the will to fight had collapsed, they were bound to be utterly defeated.

As they faced Chen Xi that seemed like a Fiendgod that was impossible to shake at all, Wei Xing and the other Half-step Immortal Kings felt a wisp of dense terror in their hearts.

At this moment, they were like camels that were on the verge of death, and only the weight of a single straw would be sufficient to completely collapse them!

"Ah!!!" However, right at this moment, an extremely miserable shrill cry resounded from above the sky, and it was so ear piercing that it didn't just cause the hearts of Wei Xing and the others to tremble, even the heart of Chen Xi that had fallen into an enraged and almost mad state shook abruptly at this moment, causing him to recover some clarity.

It wasn't just that, even Zuoqiu Feiming and the others in the distance shot their gazes towards the sky in succession, and they revealed astounded expressions.

Swish!

A golden rain of blood started to pour down from above the sky, and it was dazzling, blazing, and illuminated the heavens and the earth.

"Ancestor Huanglin!" Zuoqiu Feng's sorrowful and furious howl resounded from above the sky.

Everyone came to an understanding when they heard this. The golden and dazzling blood of an Immortal King that poured down actually belonged to Zuoqiu Huanglin, and Zuoqiu Huanglin himself had transformed into mangled corpse that floated in midair now...

An Immortal King had actually fallen!

Everyone gasped.

Obviously, that extremely shrill and miserable cry from before had come from Zuoqiu Huanglin.

On the other hand, the person that caused all of this was naturally Midnight Immortal King!

At this moment, her clothes fluttered while her figure floated there, and her peerlessly pretty face revealed an otherworldly and proud expression. Her entire body was enveloped by a wisp of light violet divine radiance, and she seemed like a female god.

It was truly difficult to imagine exactly what technique she'd utilized to be actually able to kill Zuoqiu Huanglin while facing two opponents by herself.

"Do you need my help?" Dian Dian grinned in midair as she looked at Chen Xi.

"If it's possible, then go help him first." Chen Xi shook his head, and then shot his gaze towards the sky. At the place he gazed at, Hua Jiankong was fighting three opponents by himself. However, at this point in the battle, he'd started to faintly show signs of being suppressed.

It wasn't just Hua Jiankong's battle, Xuanyuan Shao, Xuanyuan Fengchen, and Xuanyuan Tabei's battles were still going on as well. Even if Zuoqiu Huanglin had perished, it didn't affect them at all.

But comparatively speaking, Hua Jiankong's situation was slightly bad.

So Chen Xi suggested that Dian Dian went to help Hua Jiankong.

"I'll listen to you." Dian Dian agreed, and then she glanced inadvertently at Zuoqiu Feng before she said, "This old fellow helped you resist a strike earlier, and that was the reason I was able to kill him. Now, there's no one to help you anymore."

As she spoke, her fair hand shook, and then two violet battle axes soared up. One of them shot towards Zuoqiu Feng while the other tore through the layer upon layers of space to assault Hua Jiankong's opponent.

Chen Xi's felt reassured when he saw this. The situation was already leaning towards their side, and what he had to do now was to seize this opportunity to deal with all these fellows before him!

When he thought up to here, he didn't hesitate any longer. However, right at the instant he was about to make a move, his gaze glance inadvertently, and he suddenly noticed that Zuoqiu Huanglin's corpse was actually enveloped by a strand of strange energy at this moment. It seemed like his energy, essence, spirit, and even flesh and thoughts were being condensed and revived gradually...

The Calamity Resurrection Pill!

Chen Xi had once witnessed this scene when he killed Bing Shitian. So how could he not understand that Zuoqiu Huanglin had definitely consumed this pill that allowed one to be instantly resurrected!?

Chen Xi practically instinctively intended to flash up into the sky and execute the energy of Terminus to completely annihilate Zuoqiu Huanglin. Unfortunately, he was a step too late in the end.

Right when he realized this, Zuoqiu Huanglin had already come back to life.

This scene instantly shocked everyone in the surroundings!

#### **Chapter 1452: Travelling Atop A Dragon**

Zuoqiu Huanglin had resurrected!

Everyone was shocked when they witnessed this scene.

However, if one looked carefully, one could notice that Wei Xing, Zuoqiu Feng, and the pawns of the Sovereign Sect weren't really moved by this scene and seemed as if they'd expected it.

Only Hua Jiankong, Midnight Immortal King, Xuanyuan Shao, and the others were extremely surprised by this.

After that, their expressions became solemn.

A killed Immortal King was actually able to be instantly revived. This caused them to similarly realize a possibility, the Calamity Resurrection Pill!

Thus, there was utterly no need for Chen Xi to warn them before they understood how serious the situation was.

It was very simple. If all of their opponents possessed the Calamity Resurrection Pill, then this already unfair battle would be impossible to win!

Because even if their opponents were killed, they could be resurrected instantaneously. So, how would they fight this battle?

But no matter what, this battle wouldn't go according to their will at all, and they could only continue.

However, the atmosphere had become oppressive instead.

...

Chen Xi didn't say anything about this. All he could do was to kill these opponents of his as soon as possible, and then seize the opportunity to assist the others.

Because only he was clearly aware that the energy of Terminus he possessed could be utilized to kill those fellows that possessed the Calamity Resurrection Pill.

However, the scene that arose next threw Chen Xi's plans into disorder, and it was even to the extent that it exceeded the expectations of everyone in the surroundings.

After Zuoqiu Huanglin was resurrected, he didn't continue to fight Midnight Immortal King with Zuoqiu Feng, and he turned around and charged towards Chen Xi instead!

Obviously, this old fellow had discerned that it was utterly impossible for Wei Xing and the other Half-step Immortal Kings to be a match for Chen Xi.

So as soon as he was resurrected, he intended to deal with Chen Xi first!

Swoosh!

The impetus of an Immortal King was extremely terrifying and coupled with Zuoqiu Huanglin's actions being carried out in an extremely swift manner while it exceeded the expectations of everyone, a palm strike pressed down from afar at Chen Xi. In an instant, it completely sealed off all Chen Xi's paths of retreat.

Chen Xi didn't have the time to react at all before he sensed that the heavens, the earth, time, and space in his surroundings were completely frozen, whereas he was like an insect that had fallen into the web. He was firmly stuck to the web, and no matter how he struggled, he was actually unable to move at all!

This caused his expression to turn grim while a feeling of terror from extreme danger arose in his heart. It was the aura from being on the verge of death, and he'd experienced it innumerable times since he'd started cultivating until now.

However, it had never been so strong as it was at this moment, and it was even to the extent that he sensed the smell of death!

At this instant, Chen Xi even saw Wei Xing and the others heave a sigh of relief while looking at him with a savage and complacent expression, and their gazes seemed as if they were looking at a dead person.

On the other hand, Hua Jiankong, Dian Dian, Xuanyuan Shao, and the others revealed furious expressions, and they intended to struggle free of their opponents to rescue Chen Xi...

Unfortunately, all of this seemed to be too late!

Zuoqiu Huanglin had attacked too quickly and too suddenly. It was even to the extent that he'd utilized his entire strength as soon as he attacked with the intention of eliminating Chen Xi with a single strike, so he utterly didn't leave behind any opportunity for others to seize.

If an Immortal King intended to kill a Half-step Immortal King with all his strength, then it was no different than crushing an ant. It was as easy as turning one's hand over.

It was even to the extent that Chen Xi could see the pity in Zuoqiu Huanglin's eyes at this moment...

What's he feeling pity for?

Is he laughing at me for overestimating my ability? Or perhaps he's laughing at me because everything I did was in vain?

Hmm? Wait! At this critical moment between life and death, Chen Xi suddenly noticed that the pity in Zuoqiu Huanglin's eyes had suddenly changed. It was enveloped with a wisp of fear that changed into panic, and then it transformed into terror...

What's he feeling terrified about?

Right at this moment, Chen Xi felt his entire body shake. All of the pressure and restraints on his body had receded like tidewater, and he recovered his freedom. After that, his figure was carried up and suddenly vanished on the spot.

Rumble!

At this moment, Chen Xi felt as if he was moving through the universe. He moved through the clouds, whistled through the heavens, and he wasn't even able to open his eyes.

"Roar!!!" After that, a shocking dragon roar resounded through the world. Chen Xi felt his entire body shake before he instantly recovered his senses, and when he looked forward, he realized that he'd suddenly arrived above the nine heavens.

Moreover, he was actually standing on the back of a dragon!

This was an ancient azure dragon!

Its serpentine body that was an entire 50,000km in length seemed like a continuous mountain range that lay across the heavens. Its whiskers swayed like two silver rivers were descending from the universe. Its head was enormous like a mountain, and even every single one of the scales that densely covered its body were extremely enormous and were branded with countless dense Dao markings.

This dragon was truly too mighty, and it resided above the nine heavens because only such a place was able to support its body!

Bang!

In the next moment, Chen Xi felt a tremor come from his feet. The azure dragon's figure swiftly transformed into a 30m tall golden robed old man with an ancient appearance and a bearing that was noble and proud.

Chen Xi had no reason to doubt that this golden robed old man was definitely the Dragon Dimension's Ancestor, Ao Jiuhui, a terrifying existence that had cultivated for countless years.

Obviously, it was Ao Jiuhui that had made a move and rescued Chen Xi from Zuoqiu Huanglin.

"Fortunately, we weren't too late." Ao Jiuhui glanced at Chen Xi before he said with a smile, "It's fine now. There's no need to be nervous."

As he spoke, his figure flashed, and he brought Chen Xi along as he descended from the nine heavens and arrived in the sky above Iris Desert.

At this moment, Chen Xi noticed that it wasn't just Ao Jiuhui that had come, even Zhao Taici and Chi Cangsheng were shockingly standing proudly in the surroundings at this moment.

Zhao Taici's snow white hair was coiled into a bun, and it revealed a peerlessly beautiful face that looked like a young woman. As she stood there casually, she emanated a supreme imposing aura that looked down upon all living beings and looked proudly throughout the nine heavens, and she was an existence that no one could overlook.

Chi Cangsheng was thin, bad tempered, and unreasonable as always, yet his imposing aura was obviously unlike before. It carried an extra otherworldly aura of divinity.

It wasn't just him, even Zhao Taici and Zhao Jiuhui were both filled with the energy of divinity. According to Chen Xi's judgement, the three of them had definitely stepped into the Godrank Realm!

In other words, the three of them were ‘gods’ of legend that had surpassed the three dimensions and weren’t part of the five elements!

“Disciple Chen Xi greets Seniors.” Chen Xi forcefully restrained the excitement in his heart and bowed to them.

“There’s no need for courtesy. Let’s first deal with the matter before us before we catch up.” Zhao Taici smiled, and then she shot her gaze towards the battlefield.

...

Three seniors from Dao Emperor Academy at the Godrank Realm had arrived in succession, and it instantly changed the situation.

The Immortal Kings that were originally in intense battle had actually stopped simultaneously at this moment, and they split apart from their opponents.

The mysterious cloaked figures converged with Zuoqiu Feng, Zuoqiu Huanglin, Wei Xing, and the others, and they looked at Chen Xi’s side with solemn expressions. Without exception, all their gazes had descended onto Zhao Taici, Ao Jiuhui, and Chi Cangsheng.

The longer they looked, the more terrified they became, and their expressions turned even more solemn.

Hua Jiankong, Midnight Immortal King, Xuanyuan Shao, Xuanyuan Fengchen, Xuanyuan Tabei, and the others had converged by Chen Xi’s side, and they were similarly sizing up Zhao Taici, Chi Cangsheng, and Ao Jiuhui.

However, their expressions were covered in excitement, shock, and pleasant surprise.

Gods!

If Immortal Kings were said to already be standing at the supreme peak of the three dimensions, then experts at the Godrank Realm could be considered as paramount. They’d overcome the restraints of the three dimensions and weren’t part of the five elements. They were truly free, and they would remain eternal so long as their divine flame remained lit!

Merely a single existence at such a level was sufficient to deter everyone and cause all Immortal Kings to not dare act rashly.

Yet now, three existences at the Godrank Realm had appeared at once. This was like divine warriors descending from the heavens, and it utterly undeniably turned the entire situation around.

“Dammit! Why is this happening?” Zuoqiu Feng had a gloomy expression while even his heart felt like it was bleeding. Earlier, all of them occupied a position of absolute advantage, and they were on the verge of annihilating all the traitors within their clan. Yet who would have imagined that Hua Jiankong and Chen Xi would simultaneously make an appearance at the critical moment.

Moreover, before they could kill the two of them, Xuanyuan Shao, Xuanyuan Fengchen, and Xuanyuan Tabei arrived successively, and it was even to the extent that Midnight Immortal King had come on her own accord as well.

Even then, they were still in a fairly advantageous position. Yet who would have imagined that Chen Xi would actually reveal an extremely terrifying combat strength that the Half-step Immortal Kings on their side couldn't withstand at all.

On the other hand, in the battles between Immortal Kings, Zuoqiu Huanglin was even annihilated by Midnight Immortal King, and if it wasn't for the Calamity Resurrection Pill, Zuoqiu Huanglin would have probably perished for real.

Fortunately, the situation at that time was still within their control, and Zuoqiu Huanglin was about to annihilate Chen Xi. Yet it just so happened that another unexpected event occurred at this critical moment!

This unexpected event was so great that it entirely exceeded their imagination. It was actually three existences at the Godrank Realm from Dao Emperor Academy!

In this way, it had completely destroyed any advantage they possessed, and they were in imminent danger.

How could Zuoqiu Feng accept all of this?

However, even though Zuoqiu Feng was furious, Wei Xing was even more furious than him, and it was even to the extent that Wei Xing almost gnashed his teeth into pieces.

He'd mobilized nine Core Pawns at the Immortal King Realm and sixty nine Major Pawns during the operation this time. Yet it just so happened that Zuoqiu Feng was unwilling to cooperate with him and allow him to interfere in the internal strife of the Zuoqiu Clan.

Now, the rebels hadn't even been eliminated when wave after wave of opponents had appeared instead. Moreover, three terrifying existences at the Godrank Realm had even made an appearance now. How could Wei Xing not be furious because of this?

"He really is useless!" Wei Xing almost went mad with hatred. Even he'd started to feel despair when facing the current situation, and he was very clearly aware that they practically had no chance to turn the situation around before three existences at the Godrank Realm.

It wasn't just Zuoqiu Feng and Wei Xing. At this moment, when they faced these three existences at the Godrank Realm, the hearts of those mysterious cloaked figures and Zuoqiu Clansmen behind the two of them felt heavy beyond compare.

"Hmph! How truly patient. Since it's like this, then we can only deal with these fellows first." Suddenly, Zhao Taici grunted coldly and spoke words that were incomprehensible.

However, everyone in the surroundings did understand the second half of what she said, and it instantly caused Zuoqiu Feng, Wei Xing, and the others' hearts to jerk while their faces turned grim.

At this instant, Zuoqiu Feng's heart was drowned with terror, and he'd completely lost all composure. So, he didn't dare retain any hope or hesitation and immediately roared towards the sky. "Ancestors, please quickly lend us a hand!"

[Talisman Emperor](#)

**Chapter 1453: Silent And Coldblooded Revenge**

Zuoqiu Feng's howl resounded throughout the surroundings.

Ancestors?

It naturally referred to the two existences at the Godrank Realm within the Zuoqiu Clan — Zuoqiu Beiyong and Zuoqiu Lenghua!

When they heard this word, the spirits of Zuoqiu Huanglin and the others was refreshed, and a wisp of hope had rekindled within their hearts that were originally drowned in terror.

Wei Xing and the other members of the Sovereign Sect revealed a wisp of hope as well.

Even though the enemy had an entire three existences at the Godrank Realm, so long as the two ancestors of the Zuoqiu Clan made an appearance, then even if they were unable to turn the situation around, it would be sufficient to resolve the danger to their lives!

It was even to the extent that... it should be possible for the two ancestors to rescue them and flee, right?

.....

When they heard Zuoqiu Feng's cry for help, Zuoqiu Feiming and the others seemed to have realized something as well, and it caused their expressions to immediately turn gloomy while they were extremely resentful in their hearts.

Even though these two ancestors hadn't made a move themselves until now in the internal strife of the Zuoqiu Clan, yet they'd always been supporting Zuoqiu Feng's faction from behind the scenes. Under such circumstances, it was utterly impossible for Zuoqiu Feiming and the others to have a favorable impression of these two ancestors.

Chen Xi wasn't aware of all of this. However, when he found out about all of this from Zuoqiu Feiming, he couldn't help but be surprised in his heart. Never had he imagined that the Zuoqiu Clan actually had two existences at the Godrank Realm!

Fortunately, Senior Zhao Taici and the others were called over. Otherwise, the consequences would be unimaginable. Chen Xi glanced at Zhao Taici, Ao Jiuhui, and Chi Cangsheng that stood at his side, and he felt fortunate in his heart.

Moreover, he'd already perceived that the reason Zhao Taici and the others hadn't made a move until now was obviously because they were waiting for the appearance of Zuoqiu Beiyong and Zuoqiu Lenghua.

However, to Chen Xi's surprise, there was utterly no movement in the surroundings after Zuoqiu Feng's cry for help resounded out, and no one came to rescue them after quite some time passed!

What's going on?

It wasn't just Chen Xi that was bewildered. Hua Jiankong, Midnight Immortal King, Xuanyuan Shao, and the others frowned in their hearts as well. It has already come to this, yet those two gods of the Zuoqiu Clan still aren't making an appearance. Could it be that they intend to watch as Zuoqiu Feng and the others are slaughtered?

No one responded to his cry for help even after a long time had passed!

This caused the countenance of Zuoqiu Feng and the others to turn ghastly pale. The wisp of hope that had arose in their hearts was instantly replaced by boundless despair.

Why is this happening? Where're the two Ancestors? Could it be that they intend to abandon us?

At this moment, the last pillar of support within Zuoqiu Feng's heart had collapsed with a bang, and he couldn't help but roar loudly. "Why!? Why!? Ancestors, quickly make an appearance! Could it be that the both of you intend to watch as my Zuoqiu Clan is annihilated?!"

His almost mad shouts resounded through the heavens and the earth, and it reverberated without end, yet there was still no one that responded.

Zhao Taici frowned when she saw this, and her peerlessly beautiful and youthful face revealed a wisp of impatience. "Forget it. Since they're hiding and don't intend to make an appearance, then let's make a move and annihilate these fellows first."

Aoi Jiuhui and Chi Cangsheng nodded as well.

As soon as these words were spoken, it was like the final straw that crushed the camel, and it caused Zuoqiu Feng, Wei Xing, and the others to collapse.

"Flee!"

"Quickly flee!"

"Dammit! Dammit!"

A wave of panicked shouts resounded. No matter if it was Zuoqiu Feng and his clansmen or Wei Xing and the members of the Sovereign Sect. At this moment, all of them had simultaneously chosen to flee.

They seemed as if they truly wished for nothing more than for their parents to have given birth to them with two extra legs.

The reason for this was none other than existences at the Godrank Realm were too terrifying. Even if they were Immortal Kings, they could only flee before existences at the Godrank Realm because the gap between them was like the difference between a hawk and an ant.

One of a supreme existence in the three dimensions while the other had long since surpassed the three dimensions and weren't part of the five elements. When the two of them were compared, the difference was obvious.

So, they could only flee!

"If enmity isn't severed, then it'll only lead to more worries. Everyone, it's better if all of you leave your lives behind!" All of this seemed to have been within Zhao Taici's expectations, and she suddenly sighed lightly before she stretched out her hand and pointed it towards the sky in the next moment.

Bang!

It was just a casual movement, yet it was like a divine decree had been sent down from the heavens, and a strand of the aura of divinity suddenly suffused the heavens and the earth.

Time, space, light, dust, and even the aura of the Grand Dao and the Immortal Energy in the world. Everything within the entire world seemed to have been restrained by a shapeless and obscure aura of divinity, and it seemed as if everything had fallen into an absolute motionless and frozen state at this instant!

With a single point, the world had been frozen, and the Grand Dao submitted!

Such world shocking ability could only be possessed by the gods of legend.

At this moment, Zuoqiu Feng, Wei Xing, and the others that were originally tearing space apart to teleport away seemed like fishes that were frozen within ice, and their figures suddenly stopped moving before they were unable to move at all!

When looked at from afar, all of them maintained all sorts of fleeing postures, yet they were like numerous motionless statues, and it was an extremely amusing sight.

However, when this scene entered Chen Xi's eyes, it caused him to feel extremely shocked.

After all, these were many Immortal Kings amongst those experts, and every single one of them possessed supreme strength in the Immortal Dimension. Yet now, they were actually unable to resist a casual point from Zhao Taici!

How terrifying was such might?

In the past, when he witnessed the battles between Immortal Kings in the God Attainment Region, it had already caused Chen Xi to be shocked, and he felt tiny before them. Now, when he witnessed the attack of an existence at the Godrank Realm, the shock he felt at that moment was simply beyond compare.

Yes, this was the first time that Chen Xi had witnessed the strength of a 'god'!

Even though he didn't experience it himself, as he gazed at those motionless figures in the distance and looked at those Immortal Kings that seemed like shackled prisoners that were unable to struggle at all, it was sufficient to prove exactly how terrifying the strength of gods was.

Actually, it was precisely because of this that such a strength couldn't be possessed in the three dimensions, and it had exceeded the scope of the three dimensions to arrive at a completely new height. Thus, its might naturally wouldn't be ordinary.

It wasn't just Chen Xi, even Hua Jiankong, Xuanyuan Shao, and the others revealed shocked expressions, and they felt a wisp of fear towards the might of gods.

Only Midnight Immortal King revealed burning anticipation in her eyes. Because she was currently only a trace away from becoming a god. Thus, she had a better understanding of how terrifying the might of gods was.

Bang! Bang! Bang!

A wave of explosions resounded without end. Everyone could clearly see that no matter what cultivation they possessed, the figures of Wei Xing and the mysterious cloaked figures by his side exploded into pieces like glass at this moment. All of them exploded into pieces, transformed into a thick rain of blood, and were disintegrated by strands of shapeless energy of divinity.

It was completely in a mere breath of time!

Wei Xing, the nine Core Pawns of the Sovereign Sect that were at the Immortal King Realm, and the 25 Major Pawns had all perished at the same moment!

This scene wasn't just terrifying, it was simply astounding!

Nine Immortal Kings had perished in an instant. If word of this were to spread in the Immortal Dimension, then it would definitely cause a monstrous uproar!

Even Hua Jiankong and the others couldn't help but be shocked when they witnessed this scene. It wasn't that they pitied Wei Xing and the others, and it was instead because they were Immortal Kings as well. They were existences that were respected and worshipped no matter where they went in the Immortal Dimension, and they possessed supreme might. Yet when facing a god, all their pride, arrogance, and supremeness didn't exist at all.

This was the gap between them!

To the myriad of living beings in the three dimensions, they were Immortal Kings, existences that could only be looked up to. Yet when all of these Immortal Kings faced the gods, they could only look up to the gods as well, and they were no different than the myriad of living beings that looked up to them.

"I'll leave the rest to you." Suddenly, Zhao Taici turned around and looked at Chen Xi.

Along with the death of Wei Xing and the others, only Zuoqiu Feiming, Zuoqiu Huanglin, and over 20 plus elders of the Zuoqiu Clan remained.

They were restrained by a strand of divinity, so they were still conscious yet were unable to move at all. They were even worse off than lambs that were waiting to be slaughtered. At the very least, the lambs could still struggle, yet they weren't even able to move a single finger!

Chen Xi's heart shook, and then he instantly understood what Zhao Taici meant. He took a deep breath and said solemnly, "Thank you for fulfilling my wish, Senior!"

As soon as he finished speaking, he turned around and strode towards Zuoqiu Feng and the others. Because this enmity was between him and the Zuoqiu Clan in the end! So, it should naturally be personally dealt with by him. To kill or to torture, it was all in his hands.

Because this was a knot in his heart, a shackle on his Dao, and only by breaking free from it would he be able to eliminate all his inner demons!

.....

When he saw Chen Xi walking over, step by step, a wisp of despair couldn't help but surge out from the hearts of Zuoqiu Feng and the others. They were both furious and terrified, yet they just so happened to be unable to make a sound or move at all.

In other words, they could only watch as death approached step by step towards them!

This sort of feeling where their fate was controlled in the hands of another was something they hadn't experienced in countless years. Yet now, they could only wait for death to arrive, and this sort of feeling was utterly indescribable unless one experienced it on one's own.

It was even to the extent that this sort of helplessness, rage, despair, and sorrow caused them to be on the verge of collapsing. If it was possible, they would rather die grandly in battle than wait for death to arrive in such an unjust manner.

This sort of method wasn't just cruel, it was simply ruthless!

It seemed to be a silent death without any torture, yet the impact and humiliation they felt in their hearts was like suffering torture in purgatory, and they truly wished for nothing more than to commit suicide and end their lives as soon as possible.

But the sad part was that... even their strength to commit suicide had been taken away at this moment!

Pu!

Chen Xi began his revenge. An elder of the Zuoqiu Clan was killed, and Chen Xi reaped the elder's head and carried it in his hand while the elder's corpse crashed to the ground.

At this moment, Chen Xi's expression was calm and without any emotion at all. He seemed to have completely transformed into an emotionless executioner, and he reaped bloody head after blood head with every step he took.

From the beginning until the end, he didn't speak a single word, nor did he reveal a trace of emotion from being able to take revenge. He seemed to be extremely calm and even indifferent.

This enmity had accumulated in his heart for so many years, so was there anything left to say?

If wasting his breath could resurrect those fallen members of the Chen Clan, if pity could calm the hatred in his heart, then was there any need for him to fight and slaughter until today?

So, he wasn't willing to say anything!

So, he would absolutely not feel pity for them!

All this hatred had to be washed away with blood and death in the end, and there was no other way!

It was even to the extent that for the sake of avoiding any unexpected events from occurring at this moment, his movements seemed to be extremely decisive, precise, and ruthless. He didn't hesitate at all, nor did he waste even a shred of time.

Because all he wanted was to take revenge!

Only that.

**Chapter 1454: Overcoming The Shackles On His Hear**

Pu! Pu! Pu!

Hot and scarlet red blood sprayed throughout the air, and it dyed the sky red.

There were no miserable and shrill cries before death, nor were there furious and resenting curses, and there weren't even words of torture or humiliation resounding through the air. From the beginning until the end, there was only the oppressive sound of slaughter.

Heads were reaped with decisive and direct attacks!

The oppressive sounds were sounds created when the blade sliced through bone and flesh while Chen Xi reaped their heads, and it caused others to feel a chill run down their spines when they heard this.

Chen Xi seemed to be extremely silent and indifferent towards all of this.

At this moment, he seemed to have transformed into a merciless and emotionless god of death, and he reaped the lives of others in a precise and ruthless manner in order to vent the hatred in his heart.

The Iris Desert had experienced a few days of world shocking battles, and it had been transformed into ruins long ago. It was covered in desolation while the heavens and the earth were covered in bloodstains, and the entire surroundings were filled with damaged corpses, wrecked treasures, space and time that were in disorder, and the chaotic aftermath of war...

Amidst such a background that seemed like purgatory, Chen Xi's current method of killing was clearly so calm and silent, yet when it entered into the eyes of others, it caused all sorts of complicated feelings to arise in their hearts, and they felt their hairs stand on end from terror.

At this moment, Chen Xi seemed to be so unfamiliar to them!

"Alas!" Zuoqiu Feiming sighed and couldn't bear to watch.

At his side, the other eight elders of the Zuoqiu Clan were the same as well, and they had gloomy expressions.

This scene was too horrifying. It was an utter slaughter, and the people that were being slaughtered were their own clansmen. Even if Zuoqiu Feiming had ceased to acknowledge them to be his clansmen long ago, the same bloodline still flowed in their bodies after all.

At this moment, when he saw Chen Xi kill these clansmen in such a cold and bloody manner, his heart couldn't help but hurt, and he wasn't willing to continue watching.

They were very clearly aware that it wasn't worth for them to pity Zuoqiu Feng and the others at this moment because if it wasn't for the arrival of Chen Xi and the others, then they would have been killed by Zuoqiu Feng.

If that happened, would Zuoqiu Feng and the others not be able bear it?

All of this was something that was predetermined a long time ago, and it could only be ended with death!

"The hatred in this kid's heart is too strong. I wonder how he restrained it all these years that inner demons actually didn't invade his heart, causing his disposition to change greatly. It truly is rare."

Xuanyuan Shao was shocked in his heart as well. The methods Chen Xi revealed at this moment were

too calm and indifferent, and it was precisely because of this that the visual impact it gave everyone was the most shocking.

Since Xuanyuan Shao started cultivating until now, he'd seen countless ruthless murderers that were perverted, cruel, and slaughtered madly, yet it was still the first time he'd seen someone that was calm and silent like Chen Xi.

If it was another person who had accumulated so much hatred in their heart, that person's disposition would have probably changed greatly a long time ago. Yet it just so happened that Chen Xi's Dao Heart was pure, and it didn't contain any inner demons at all.

Such comparison brought great shock to Xuanyuan Shao.

At the same, Xuanyuan Fengchen and Xuanyuan Tabei nodded as well, and they deeply agreed with Xuanyuan Shao.

"Not shackled by hatred and not going against the Dao Heart because of hatred. Isn't this very good?" Midnight Immortal King expressed disapproval. She'd similarly witnessed countless moments of life and death, and she witnessed numerous great figures destroying the surroundings, slaughtering cities, and annihilating countless innocent living beings because a moment of anger.

Comparatively speaking, Chen Xi was only taking revenge now, and merely his methods were slightly unusual. Compared to those vicious villains that slaughtered madly, this was nothing.

Hua Jiankong puckered his lips and kept silent, yet the gaze he shot at Chen Xi faintly carried a complicated expression of admiration. He has such deep hatred buried in his heart, yet he was actually able to prevent his Dao Heart from falling to inner demons. Compared to him, the me from all those years ago was really slightly inferior.

Zhao Taici, Ao Jiuhui, and Chi Cangsheng didn't speak at all, and they just watched the scene before them. They were rather moved in their hearts as well, and a thought arose simultaneously in their minds. If anyone becomes enemies with this little fellow in the future, then the consequences will be unimaginable.

"The situation is slightly off." Suddenly, Zhao Taici spoke with a focused gaze.

"Indeed." Ao Jiuhui and Chi Cangsheng seemed to have noticed it a long time ago, and they exchanged glances before they started raising their guards towards the surroundings.

It wasn't just them. At this moment, a trace of a bad feeling faintly arose in the hearts of Hua Jiankong and the others as well.

The reason was extremely simple, the atmosphere was too calm!

Since the moment Wei Xing and the other members of the Sovereign Sect were annihilated and until Chen Xi took revenge himself, everything in the heavens and the earth had actually fallen into a strange deathly silent state during this entire process.

Originally, Zhao Taici and the others expected that Zuoqiu Beiyong and Zuoqiu Lenghua would make an appearance, yet from the beginning until the end, they showed no signs of making an appearance.

Could it be that they already intended to abandon Zuoqiu Feng's faction? The matter probably won't be so simple! Zhao Taici and the others were very clearly aware that this internal strife of the Zuoqiu Clan seemed to be an internal matter, yet in actuality, the destruction it caused had long since affected the entirety of Iris Continent. Now, it was even the center of attention of the entire world.

After all, the Zuoqiu Clan was one of the seven great ancient clans, and its resources and reserves were ancient and deep. Once an internal strife erupted in such a power, the impact it had on the entire Immortal Dimension was obvious.

Moreover, the interference of the forces of the Sovereign Sect caused this internal strife of the Zuoqiu Clan to be covered in a strange aura. So long as it was someone that was observant, that person would notice that this battle might even affect the situation in the entire Immortal Dimension.

Yet now, the Sovereign Sect hadn't made any move for so long after it lost nine Core Pawns at the Immortal King Realm and seventy Half-step Immortal Kings. It was even to the extent that it seemed like the Sovereign Sect had forgotten this matter, and this in itself seemed to be slightly unusual.

Nine Immortal Kings had been killed!

Even if the Sovereign Sect was one of the supreme sects in the three dimensions, such losses could still be considered as enormous!

So how could they possibly let the matter go?

Of course, it was also possible that the Sovereign Sect felt nine Immortal Kings were sufficient to help Zuoqiu Feng deal with all obstructions within the Zuoqiu Clan.

But since the Sovereign Sect had exhausted such great efforts, how could it be merely for the sake of kindheartedly assisting the Zuoqiu Clan?

Obviously, it was impossible. The Sovereign Sect was definitely seizing this opportunity to carry out some sort of scheme! Moreover, it was an enormous scheme!

"Everyone, be careful and prepare yourselves. With my ability of deduction, I'm merely able to notice that the workings of the heavens are fluctuating strangely today, and scenes of chaos are surging. Even though I'm unable to deduce any signs, yet it causes my heart to palpitate slightly. This isn't a good sign at all." Zhao Taici looked up at the sky while her expression gradually became serious. Her clear eyes seemed electrifying while two golden glows formed from divine flames surged out from them, and she seemed to intend to see through all the secrets of the world.

"Exactly. In my opinion, the workings of the heavens faintly show signs of being controlled by someone today. If it's really like that, then it's probably that a great figure of an even higher realm has interfered in this matter today..." Ao Jiuhui spoke in a low voice, and his aged face was suffused with a wisp of a solemn expression!

The hearts of everyone shook when they heard this. Even two existences at the Godrank Realm were unable to deduce anything. Could it be that some other calamity is descending today?

...

While the others were lost in thought, Chen Xi had already arrived before Zuoqiu Feng. This time, his actions finally stopped for an instant.

He carried a string of bloody heads in his hand, and he dragged on the ground beside him. There were more than twenty of them, and the expressions their owners had before death still remained on their faces. It was either terror, fury, resentment, release, unwillingness, ferociousness...

But all of this was unable to cause a trace of change on Chen Xi's calm and indifferent face.

At this moment, as he gazed at Zuoqiu Feng that was motionless like a stone statue, and as he gazed at the terror, fury, despair, and resentment in Zuoqiu Feng's eyes, Chen Xi didn't say anything in the end and raised his hand before his sword descended!

Pu!

Zuoqiu Feng's head was chopped off, causing a fountain of blood to spray out while his headless corpse crashed to the ground.

This Patriarch of the Zuoqiu Clan, this Immortal King that possessed monstrous authority in the Immortal Dimension, this existence...that was Chen Xi's Uncle in name had perished on the spot!

At this point, all the higher-ups of the Zuoqiu Clan led by Zuoqiu Feng had been annihilated.

However, even at this moment, Chen Xi still didn't reveal any emotion because of this. He still strung up Zuoqiu Feng's head along with the other heads, and his palm was strong and firm while his actions were meticulous.

It felt like an old craftsman was weaving a rope to tie up goods, and his expression was concentrated and serious.

Since I could remember, I've been carrying a shackle on me, and it was heavy to the point it was even difficult for me to take a step. I didn't dare to slack off in the slightest because I knew that others could be forgiven if they slacked off, yet I couldn't. If I slacked off slightly, then it would mean that I'd be slightly closer to despair and death because this shackle on me was too heavy! It was even to the extent that I didn't dare allow my younger brother to bear it along with me...

As he carefully put away the string of heads in his hand, Chen Xi muttered in his heart.

All of you are the great figures of the Immortal Dimension. You can take all living beings to be ants, and a single thought of yours can decide the fate of countless people. Not to mention that all those years ago, I was merely a jinx at a remote little city in the Mortal Dimension. I wasn't even comparable to an ant... So all of you would probably be unable to understand the pain and hatred in my heart. Since you don't understand it, then why should I waste my breath? This is hatred, and the only reason I cultivated at the beginning was merely for the sake of taking revenge. Yet now...it isn't any longer. In my opinion, there are many ways to take revenge. For example, crippling all your cultivations and reducing all of you to slaves in the mines, causing all of you to be unable to ever hold your heads up high. Or for example, extracting all of you souls and utilizing all sort of methods to torture all of you all day and night, causing all of you to be unable to live or die forever...But in the end, all of this isn't as relieving as killing you. So all of you can only die.

The mutters in his heart seemed to be very calm. There was no powerful resolution, and he was merely describing a fact. During this entire process, Chen Xi had already put away that string of heads, and once he returned to Dao Emperor Academy, he would send it into Pine Mist City within the Nine Continent Divine Cauldrons to hold a memorial for those clansmen of the Chen Clan that had perished all those years ago.

On the other hand, after he finished doing all of this, it seemed like a shackle in the depths of his Dao Heart had been completely broken, allowing his entire body to feel unprecedentedly relaxed from the inside out.

It seemed as if at this moment, his life had walked out from the darkness, and it was bathed in light. His entire body seemed to have undergone a transformation, let a phoenix reborn from the ashes, and he'd gained new life!

It was like the shackles had burdened and tortured him throughout the first half of his life, yet his Dao Heart hadn't fallen to inner demons, and now that all his enmity had been resolved, his body was remade once more into gold!

Attain enlightenment and instantly attain greatness, lose one's way and fall into eternal damnation. Good and bad was decided within a single thought, if one could attain enlightenment then one could escape the sea of misery and ascend to greatness!

#### **Chapter 1455: The Last Days Vortex**

The sky above Iris Desert was dyed red with blood, and the ground was covered in a scene of desolation.

After experiencing this world shocking battle, numerous Immortal Kings had perished, causing golden blood to dye the sky while damaged corpses covered the ground. Moreover, there were numerous formidable Immortal Artifacts amongst them that were unowned now.

If Chen Xi and the others weren't here, then an area like this would very swiftly draw over countless experts from the Immortal Dimension to search for treasures as they would seek to obtain 'fortuitous encounters' from these fallen great figures.

Most of the Secret Realms throughout the three dimensions had been formed like this.

No matter how grand the scale of a battle was, once the curtains to it were drawn, then all that was left behind was those damaged corpses, ruins, blood, and treasures, causing it to become a 'place where treasures were buried' in the eyes of the outside world.

But it was very obvious that the curtains to all of this hadn't been drawn yet.

After he killed Zuoqiu Feng and put the string of bloody heads away, Chen Xi's gaze descended onto those treasures that had been left behind.

The enmity had been resolved, so it was naturally the time to reap the benefits.

Obviously, if he were able to obtain these benefits, then it would absolutely exceed his imagination.

After all, a few days of intense battles had occurred here, and numerous great figures had fallen. Merely in terms of Immortal Kings, over ten had perished here, and the Half-step Immortal Kings were over a hundred in number.

Obviously, how could the treasures possessed by such great figures be small in number?

Not only would it not be small in number, if they were placed in the outside world, then every single treasure would absolutely be able to cause countless people to fight for them!

“Watch out!” However, before Chen Xi could make a move, his entire body was suddenly enveloped by a strand of obscure energy of divinity, and then he uncontrollably arrived by the side of Zhao Taici and the others.

As soon as he steadied himself, a deep and dark time-space vortex suddenly surged into appearance in the sky above the area he was standing at just moments ago!

“The Last Days Vortex! As expected, I knew the Sovereign Sect wouldn’t give up just like that!” When she saw that dark vortex, the eyes of Zhao Taici that was an existence at the Godrank Realm actually focused while she revealed a shock expression, and she suddenly shouted loudly. “Retreat! Quickly!”

Swoosh!

Her figure flashed along with Ao Jiuhui and Chi Cangsheng, and they brought Chen Xi and the others along to flash away. In an instant, they’d teleported out of this area.

However, the entire Iris Desert had suddenly been enveloped by a strand of a terrifying and mysterious force, and it actually caused Zhao Taici and the others at the Godrank Realm to be unable to break through and pass through it!

This caused their expressions to turn slightly gloomy. They immediately stopped moving and created a light barrier formed from the energy of divinity to envelop their surroundings and guard against everything.

“Why has the Last Days Vortex appeared here? Could it be that the calamity that’ll affect the three dimensions is going to erupt from here?” Ao Jiuhui had a gloomy expression while cold lightning flowed in his eyes.

“We can’t teleport anymore. Looks like it’s really as the rumors say. Once the Last Days Vortex appears, the Grand Dao is like a cage!” Chi Cangsheng frowned while his thin face revealed a wisp of a rare solemn expression.

The hearts of the others jerked when they heard this, and their expressions turned slightly grim.

A dark vortex that appeared out of thin had actually caused three existences at the Godrank Realm to feel so fearful towards it. Then, exactly how terrifying would its might be?

Especially horrifying to them was that based on what Zhao Taici and the others said, this Last Days Vortex was actually related to the calamity that was about to sweep through the three dimensions. This was slightly shocking!

“Senior, what’s the Last Days Vortex?” Chen Xi couldn’t help but ask this question. He’d just finished taking revenge when he encountered such an unexpected turn of events, and he couldn’t help but be surprised and bewildered in his heart. He faintly felt that even though all of this seemed to be like a coincidence, yet it was actually planned by someone a long time ago.

“A form of Heavenly Tribulation that possesses the might to destroy the world, and it’s from the Heaven Dao. Once it appears, it means that a calamity is descending. At that time, the Grand Dao will be like a cage, and it can restrain and destroy all techniques! At that time, it might...” Zhao Taici explained swiftly, and as she finished speaking, she seemed to not dare confirm something and instantly stopped mentioning it.

Ao Jiuhui similarly warned solemnly from the side. “Everyone be careful. Even though all of this is a rumor, yet it has suddenly made an appearance now. Such a sign is slightly strange, and it’s probably being controlled by a terrifying figure from behind the scenes.”

After they heard all of this, the hearts of everyone was filled with terror. All of this actually might be controlled by someone from behind the scenes? It wouldn’t be a meticulous scheme of the Sovereign Sect, right?

Om!

Right at this moment, the dark vortex that hung in the distant sky suddenly started to revolve madly. It was like a bloody mouth had opened up in the world, and it emanated a strand of a terrifying energy that caused one’s heart to palpitate. It seemed as if it intended to swallow the world and take all things within it.

In an instant, the entire sky was suddenly effused by a layer of black color. It covered the sky and blotted out the sun, and the day was invaded by eternal night that caused the entire world to fall into darkness.

After that, an extremely oppressive pressure suddenly stretched out, causing all things to fall into terror and deathly silence. Only the dark vortex was still revolving madly.

They could clearly notice that in merely the time of a few breaths, the damaged corpses, blood, and even the treasures left behind had been completely absorbed and swallowed by the dark vortex!

“This is the energy of blood sacrifice...” When she saw this startling scene occur, Zhao Taici’s expression instantly became murderous before she gritted her teeth and said, “We seem to have fallen into the Sovereign Sect’s trap. Everything had clearly been set up in this Iris Desert since a long time ago!”

“So in this way, these fellows that died on Iris Desert are equivalent to have been used?” Divine light flashed within Ao Jiuhui’s eyes.

“Of course. Hmph! The Sovereign Sect!” Chi Cangsheng grunted coldly. “Only the Sovereign Sect would exhaust such efforts to set up all of this and rely on the blood and souls of these fallen Immortal Kings to draw out the might of the Last Days Vortex through a blood sacrifice technique!”

The expressions of the three existences at the Godrank Realm were slightly gloomy. Because they’d actually not noticed all of this earlier, and this caused a trace of a bad premonition to arise in their hearts. They faintly felt as if they were being schemed against and controlled by another.

Rumble!

Along with the passage of time, the Last Days Vortex revolved even more madly, and it emanated terrifying thunderclaps that resounded through the heavens and the earth, causing others to feel an extremely oppressive and terrifying feeling.

The energy emanated from it was too terrifying, and it caused Chen Xi's scalp to go slightly numb. He felt that if he were to face it by himself, then he would probably be instantly torn into powder by the vortex.

The others didn't seem much better. Even if they were either Half-step Immortal Kings or existences at the Godrank Realm, they still felt deep fear when facing this Last Days Vortex.

"What should we do? We can't just sit and wait for death to arrive." Ao Jiuhui frowned while he madly deduced the method to overcome this situation in his heart. Yet he noticed that the workings of the heavens were in a chaotic state, and all sorts of unknown auras were hidden within it.

"Even though we've surpassed the three dimensions and aren't controlled by the energy of the Heaven Dao in the three dimensions, the Last Days Vortex has appeared unexpectedly now, and the Grand Dao is like a cage. Moreover, we're in the Immortal Dimension now, so we're bound to be unable to avoid this tribulation." Zhao Taici sighed lightly, and then her clear eyes surged with a proud and arrogant expression. "However, even if this Last Days Vortex draws down a calamity, it might not necessarily be able to do anything to us."

"Could it be that both of you've forgotten what the Dean said before we came here?" Suddenly, Chi Cangsheng seemed to have thought of something, and his thin face surged with a wisp of burning anticipation. "The chaos in the universe has arrived, and the fortuitous encounter we've been waiting for many years to obtain is bound to accompany it!"

The hearts of Zhao Taici and Ao Jiuhui shook when they heard this, and they seemed to have realized something, causing a wisp of burning anticipation that was exactly like Chi Cangsheng's to surge out simultaneously from their eyes.

At this moment, their gazes towards the vortex had changed. There was no fear, no surprise, and no bewilderment any longer, and their gazes carried a trace of strange emotion instead.

The others were bewildered in their hearts and seemed to be lost in thought.

Only the eyes of Midnight Immortal King who was only a trace away from stepping into the Godrank Realm had suddenly lit up when she heard this, and she muttered. "Fortuitous encounter... Fortuitous encounter..."

"Hahaha! Sorry everyone, I'm a bit late and have made all of you wait!" Right at this moment, roaring laughter that shook the heavens suddenly reverberated through the heavens and the earth, and this voice revealed a domineering and arrogant tone as it reverberated through the heavens and the earth like a thunderclap.

Swoosh! Swoosh! Swoosh!

Along with this voice, three figures tore through the sky and teleported over. The person in the lead had a handsome appearance while his entire body surged with blazing flames, and he had an arrogant and unrestrained bearing. He seemed like a king that controlled all flames in the world.

Surprisingly, it was Suiren Ting!

However, at this moment, a violet colored decree was floating in the sky 1m above his head. It emanated a terrifying, supreme, and eternally immovable might. Moreover, it actually formed a trace of a unique link with the Last Days Vortex and seemed to respond and cooperate with it from afar!

When he saw this person, Chen Xi's pupils suddenly constricted. He instantly understood that it was really as Zhao Taici and the others had guessed. All of this was planned by the Sovereign Sect from behind the scenes.

There was a bearded old man in yellow robes and a woman who wore plain clothes and had an indifferent expression standing by Suiren Ting's sides. The only similarity between them was that both of their bodies were coiled by the energy of divinity, and they possessed a supreme imposing aura.

Obviously, they were two existences at the Godrank Realm!

"Ancestors!?" When they saw these two people, the expressions of Zuoqiu Feiming and the others changed abruptly, and they revealed disbelief. After that, their expressions simultaneously turned gloomy and extremely unsightly.

These two people were the last two existences at the Godrank Realm within the Zuoqiu Clan — Zuoqiu Beiyong and Zuoqiu Lenghua!

When they saw the reactions of Zuoqiu Feiming and the others, Chen Xi and the others instantly guessed the identities of those two people, and their expressions changed slightly.

The two of them hadn't made an appearance earlier, yet they'd simultaneously appeared with Suiren Ting who was ranked at the 2nd amongst the seven Elite Disciples of the Sovereign Sect. Even a blind person would be able to discern that they'd joined forces since a long time ago.

This wasn't the main point. The main point was that the appearance of the Last Days Vortex was obviously related to Suiren Ting and the others. Especially when they saw the violet decree that floated above Suiren Ting, Zhao Taici and the other existences at the Godrank Realm immediately confirmed this.

Because that violet decree was the Sovereign Decree possessed by the current Sect Master of the Sovereign Sect!

In other words, the Sovereign Sect's Master was behind all of this!

The Sect Master of the Sovereign Sect was a supreme existence comparable to the Master of Oracle Mountain, Fuxi, and the Master of Nuwa's Dao Palace, Nuwa. Since the primeval times until now, he'd personally schemed countless calamities that shook the three dimensions, and he was a paramount legend that caused others to fear and revere!

I was no wonder that they didn't notice anything at all. Because if all of this was a scheme of the Sovereign Sect's Master, then how many people in the three dimensions could possibly notice it?

## Talisman Emperor

### **Chapter 1456: The Grand Dao Is Like A Cage**

Along with the arrival of Suiren Ting, Zuoqiu Beiyong, and Zuoqiu Lenghua, everything became clear now.

This was a scheme that had been meticulously set up a long time ago!

After the Sovereign Sect interfered in the internal conflict within the Zuoqiu Clan, the meaning behind it had changed completely.

This caused Hua Jiankong to suddenly recall his conversation with his Master, Meng Xinghe, before he left the academy.

The Sovereign Sect has been constantly making plans in secret throughout the years, and it intends to seize the opportunity that the arrival of this calamity provides to bring disaster to the world and re-establish the Sovereign Sect's control over the three dimensions. Now that the aura of the Five Signs of Death has descended, this is a sign that it'll probably not be long before the Sovereign Sect's shadow will spread throughout the Immortal Dimension...

At that time, Hua Jiankong had suspected that the Sovereign Sect intended to utilize this internal strife within the Zuoqiu Clan to be its first step to sweep through the world once more, and when he compared it to everything that had occurred before him, it proved all of this.

Presently, the Last Days Vortex had already appeared, and the Heaven Dao had transformed into a cage. Moreover, Suiren Ting had made an appearance while in control of the Sovereign Decree. All of this indicated that the internal strife of the Zuoqiu Clan was merely the first step in the Sovereign Sect's plans.

It wasn't just Hua Jiankong, the others had roughly guessed this as well, and a wisp of gloominess covered their faces.

Exactly what was the final objective of the Sovereign Sect?

This didn't need to be guessed at all. Since the moment the Last Days Vortex appeared, it omened that the upheaval which was about to sweep through the three dimensions was about to erupt completely.

Moreover, all of this was caused by the Sovereign Sect!

Of course, this calamity had been predicted a long time ago, and it came from the energy of the Heaven Dao, so it was impossible for the Sovereign Sect to control it as well. However, even then, they could intensify and influence it, causing this calamity to erupt in advance!

...

"Everyone, I presume all of you've already guessed a little bit of it. However, unfortunately, your understanding is still a bit too late. Now, the Last Days Vortex has come down, and it's impossible to turn everything around, not even for gods." After he arrived here, Suiren Ting grinned as he spoke, and he seemed as if he controlled the world and victory was within his grasp.

The violet decree above his head emanated a supreme imposing aura, and it faintly responded and cooperated with the Last Days Vortex from afar, causing it to form a unique imposing aura. So, even if he was at the Immortal King Realm, he was actually not afraid of Zhao Taici and the others at all.

“All of this was planned by your Sovereign Sect since the beginning?” Zhao Taici spoke coldly.

“Exactly. Otherwise, how could we be able to use all of you to annihilate so many Immortal Kings and sacrifice their blood and souls to draw the Last Days Vortex down?” Suiren Ting answered in a very frank manner, and his tone was filled with absolute confidence.

“There were nine Immortal Kings and seventy Half-step Immortal Kings from your Sovereign Sect amongst them. Your Sovereign Sect really is assertive!” Zhao Taici spoke with a ridiculing tone.

“No, you’re wrong.” Suiren Ting shook his head and was still grinning. “They were just the pawns of my Sovereign Sect, and their fate was predestined when the Sect Master placed them within the Immortal Dimension all those years ago.”

He paused for a moment and continued. “Only Wei Xing’s death is slightly regretful because he could be considered to be a talented person as well. However, for the sake of the future glory of the Sovereign Sect, his sacrifice is a matter of course.”

He made excuses for everything in a few words, and he seemed to be extremely ruthless and cold.

This was the way of disciples of the Sovereign Sect. The Sovereign forgot all emotion, and thus it was emotionless!

“Zuoqiu Beiyong, Zuoqiu Lenghua. Both of you’ve seen it as well, you’ll only be reduced to pawns by siding with the Sovereign Sect. Yet both of you actually willingly became their dogs. How sad is that!” Suddenly, Zuoqiu Feiming shouted angrily in a stern voice, and his voice revealed deep-rooted hatred.

However, Zuoqiu Beiyong and Zuoqiu Lenghua had calm expressions, and they remained unmoved.

“Early on before the last Patriarch of the Zuoqiu Clan perished, we were already Elders of the Sovereign Sect, and we can’t be compared to those pawns. The reason we’ve been laying dormant in the Zuoqiu Clan for all this time was none other than to gain benefits for my Sovereign Sect.” Zuoqiu Beiyong spoke indifferently and in a composed manner.

As soon as these words were spoken, the hearts of everyone went cold. All of them had never imagined that these two existences at the Godrank Realm would have actually been bought over by the Sovereign Sect long ago!

“So in this way, the death of my Big Brother was directed by the two of you from behind the scenes?” Zuoqiu Feiming’s heart shook, and he revealed boundless sorrow and rage.

“It couldn’t be helped. It was his fault for being indecisive and unwilling to join the Sovereign Sect! We could only annihilate him and support a Patriarch that was willing to surrender to the Sovereign Sect.” This time, it was Zuoqiu Lenghua that spoke.

Chen Xi’s expression turned gloomy. According to his knowledge, the last Patriarch of the Zuoqiu Clan was his mother’s father, his grandfather.

Now, when he heard this grandfather of his had actually died because of being unwilling to surrender to the Sovereign Sect, a wisp of fury surged out from Chen Xi's heart, and he felt sorrowful for his mother.

Because at this moment, he finally understood why his mother who was clearly the inheritor of the position of Patriarch in the Zuoqiu Clan had her position usurped by Zuoqiu Feng in the end. The reason was actually Zuoqiu Beiyong and Zuoqiu Lenghua!

Moreover, the culprit behind all of this was actually the Sovereign Sect!

"How...ruthless of the two of you!" Zuoqiu Feiming's eyes almost split apart with rage, and he almost gnashed his teeth into pieces. After that, he took a deep breath and asked. "Since both of you supported Zuoqiu Feng up to his position as Patriarch, why didn't the two of you rescue them earlier? They'd clearly joined the Sovereign Sect already! Why?"

He wasn't grumbling on behalf of Zuoqiu Feng and the others, and he was just slightly unable to accept such a fact.

This time, Zuoqiu Beiyong and Zuoqiu Lenghua didn't speak, and they just gazed at Zuoqiu Feiming with pity and indifference. It was as if they were looking at a stupid idiot.

"They pursue the Dao of emotionlessness. Since they're emotionless, then it's perfectly understandable that they take actions that cause widespread indignation and discontent." Chen Xi took a deep breath and spoke slowly.

Zuoqiu Feiming and the others had naturally guessed this a long time ago, yet they were unable to accept it in a short period of time.

Merely because of the word 'emotionlessness,' they were able to sever all ties of blood and betrayed their own clan and clansmen! This wasn't just treacherous, it simply deserved death!

There was probably no one that was capable of accepting such a blow!

In an instant, the expressions of Zuoqiu Feiming and the others became gloomy to the extreme, and they revealed unparalleled anger and hatred. Because the internal strife of the clan had now been reduced to a scheme controlled by the Sovereign Sect, and it caused them to almost go mad with hatred.

"Haha! Actually, Chen Xi, you ought to thank my Sovereign Sect." Suiren Ting's gaze suddenly locked onto Chen Xi, and he grinned as he said, "If we didn't stand by idly earlier, then how could you have been able to take revenge so smoothly? How is it? It feels really satisfying, right?"

Chen Xi said calmly, "So in this way, shouldn't I have to thank all of you as well?"

Suiren Ting roared with laughter. "There's no need for that. I'll be satisfied so long as you hand over the Dao Calamity Sword and River Diagram fragments."

Dao Calamity Sword! River Diagram fragments!

Many people present here weren't aware of this, so their hearts shook when they heard these words. They'd never expected that Chen Xi actually possessed such top-rate treasures of the three dimensions.

Even Zhao Taici, Ao Jiuhui, and Chi Cangsheng were extremely moved. No matter if it was the Dao Calamity Sword or the River Diagram fragments, they were all precious treasures that the three of them didn't dare dream of obtaining!

"So long as you agree to allow me to kill your entire Sovereign Sect just like I killed Zuoqiu Feng and the others, then not to mention these two treasures, I wouldn't frown even if you asked for more." Chen Xi spoke indifferently.

Suiren Ting's face sank, and then he suddenly said with a smile, "Little Fellow, don't forget that your mother is still being confined within Iris Immortal Prison. Once some sort of mishap befalls her...then you probably wouldn't be willing to accept it as well, right?"

A cold glow flashed in Chen Xi's eyes while a wisp of piercingly cold killing intent surged out uncontrollably from his heart.

"Don't be affected by his exaggeration. I'm able to sense that Iris Immortal Prison still exists, and it hasn't been infiltrated by any other external forces." Zhao Taici spoke swiftly via voice transmission, and it undoubtedly calmed Chen Xi's heart.

Up until this point in their conversation, the Last Days Vortex was still revolving and rumbling without end, and it pulled on the space in an area of 50,000km, causing it to collapse and break apart into a terrifying and chaotic black hole.

Moreover, this destructive force was still spreading at a shocking speed, and it wouldn't be long before it would even swallow the entire Iris Desert.

"This fellow has been buying time since the beginning. We can't continue waiting any longer." Ao Jiuhui frowned as he spoke via voice transmission.

"He possesses the Sovereign Decree that's linked to the Last Days Vortex to form a complete whole. Going against him is equivalent to going against the Last Days Vortex, so it's probably impossible to kill him." Chi Cangsheng sighed with a heavy voice. If it wasn't because of this, he would have made a move to annihilate Suiren Ting as soon as Suiren Ting made an appearance. How could he have possibly listened to Suiren Ting's nonsense until now?

"Calm yourself. Even though the Last Days Vortex is formidable, it's unable to do anything to us for now. Perhaps there'll be some sort of turn for the better." Zhao Taici spoke abruptly. "Don't forget that the Sovereign Sect is behind all of this, whereas the Dean instructed before we left that some fortuitous encounters might be hidden within all of this. No matter what, we just have to guarantee that we survive and don't have to worry about anything else."

Ao Jiuhui and Chi Cangsheng went silent when they heard this.

Indeed, they could only wait now, and wait for a favorable turn in the situation to arrive. However, would such a favorable turn actually appear or not?

No one was able to confirm it!

"Hahaha! What is it? Could it be that all of you think you'll be able to escape this place today?" Suiren Ting couldn't help but roar with laughter instead when he saw this, and his expression instantly became

icy cold and merciless. “When the calamity arrives, the Grand Dao is like a cage, and no one is able to escape it. So what if all of you’ve become gods? You’ll only be reduced to prisoners in the end!”

He paused for a moment and swept Zhao Taici, Ao Jiuhui, and Chi Cangsheng with his gaze before he said with a smile, “Of course, all of you probably think that perhaps you’ll be able to obtain the chance to enter the ancient God Domain from this. I’m not afraid to tell all of you that it’s utterly impossible!”

The expressions of Zhao Taici and the others turned grim as their thoughts had obviously been seen through.

On the other hand, a wisp of tempestuous waves couldn’t help but arise once more in the hearts of the others when they heard this. Could it be that the arrival of this calamity is related to the ancient God Domain of legend?

The ancient God Domain!

According to legend, that was a kingdom where gods resided, and it only existed within extremely ancient books. It was utterly not something that could exist in the three dimensions, and it had already existed a long time ago before the chaos was split open at the absolute beginning of the world!

However, in the countless years since the ancient times until now, there was rarely any news of anyone arriving at the ancient God Domain. Thus, this legend had long since faded from the memory of the world.

Only a very small portion of great figures that stood at the peak of the three dimensions were clearly aware that the existence of the ancient God Domain wasn’t a legend, and it really did exist!

#### **Chapter 1457: The Dean Arrives**

There were many legends about the ancient God Domain, and it had long been buried in the boundless annals of time.

Even if they were existences at the Godrank Realm like Zhao Taici, Ao Jiuhui, and Chi Cangsheng, they were merely sure that the ancient God Domain definitely existed, and they knew that it was a place where gods resided. An eternal kingdom!

However, they didn’t know anything about the exact location of the ancient God Domain or exactly what existed there.

However, the more it was like this, the more mysterious the ancient God Domain seemed, and it was a lethal temptation to those existences at the Godrank Realm.

This was just like how the cultivators of the Mortal Dimension yearned to ascend into the Immortal Dimension. The existences at the Godrank Realm similarly yearned to escape the domain of the three dimensions and arrive at the ancient God Domain to seek the ultimate profundities of the path of gods!

...

Now, what Suiren Ting said had undoubtedly and directly rejected the thoughts of Zhao Taici and the others, and it naturally caused them to be slightly unable to accept it.

Yes, they'd long since discerned from what the Dean, Meng Xinghe, said that to them who were existences at the Godrank Realm, a trace of a fortuitous encounter accompanied the dangers within the arrival of this calamity.

This trace of a fortuitous encounter was the path to enter the ancient God Domain!

Yet now, Suiren Ting had flatly denied all of this, so how could they possibly accept it?

Of course, they wouldn't become dejected or allow their Dao Hearts to be affected by this. However, when they thought about how they were unable to find that trace of fortuitous encounter within this calamity, then they felt they would be unable to escape this calamity any longer...

"Hmph! If we're unable to avoid this calamity, then your Sovereign Sect might not necessarily be able to avoid getting involved either!" Chi Cangsheng grunted coldly.

"Heh! Such ignorance. Don't forget that my Sovereign Sect controls and maintains the energy of the Heaven Dao, and we receive the karmic luck of the heavens. No calamity can do anything to us. This is called upholding justice for the heavens!" Suiren Ting sneered while his voice was filled with disdain and contempt.

As soon as these words were spoken, it did indeed cause Zhao Taici and the others to be unable to refute it. Because it was just as Suiren Ting had said, the Sovereign Sect's ability to utilize the energy of the Heaven Dao hadn't been a secret for a very long time.

For example, the tribulations cultivators experienced or the numerous calamities of the heavens and the earth that had erupted since the ancient times until now, the shadow of the Sovereign Sect could be seen behind practically all of them.

"Upholding justice for the heavens? After all is said and done, your Sovereign Sect is only a dog under the control of the Heaven Dao. Is there anything worthy of being proud of?" Chen Xi spoke coldly when he heard this, and his voice was similarly filled with a ridiculing tone. These words were spoken by the Dao Emperor, Ji Yu, and he'd just utilized it against Suiren Ting.

As soon as these words were spoken, Suiren Ting's face instantly turned gloomy. A tiny little ant actually dared to call my Sovereign Sect a dog?! He's simply courting death! It wasn't just him, Zuoqiu Beiyong and Zuoqiu Lenghua's faces sank as well, and they revealed killing intent.

For a time, the atmosphere was oppressive and deathly silent, and it seemed as if a great battle would erupt in the next moment.

Clap! Clap! Clap!

However, right at this moment, a wave of clear and resounding clapping suddenly resounded from afar. It was extremely rhythmic, and it gave others a relaxing and joyful feeling.

"Well said. However, in my opinion, the members of the Sovereign Sect are even inferior to dogs, and they're at most a group of monsters without any emotions." Along with this clapping, a wave of fluctuation arose from the distant space, and then two figures appeared. One had an ordinary appearance and seemed like a young man, yet his eyes were filled with the color of experience and age. It seemed as if he'd experienced the baptism of countless years long ago.

When looked at from afar, he was like an expanse of a boundless starry sky, and he revealed a boundless and imposing bearing.

At his side was a beautiful young man with red lips, white teeth, and glistening eyes. The handsome young man wore an embroidered robe and possessed a natural charm.

Shockingly, these two people were Dao Emperor Academy's Dean, Meng Xinghe, and Oracle Mountain's Li Yang!

"Dean!" The eyes of Zhao Taici and the others lit up. They didn't recognize Li Yang, yet their hearts instantly became calm and weren't so heavy as it was earlier upon seeing Meng Xinghe make an appearance.

"Meng Xinghe!" At practically the exact same moment, Xuanyuan Shao, Xuanyuan Fengchen, Xuanyuan Tabei, Zuoqiu Feiming, and the others recognized him, and their spirits were refreshed because of this.

After so many years, this Dean of the number one academy in the Immortal Dimension had once again made an appearance in the world, and his arrival was indeed capable of giving others extremely great confidence.

"Oracle Mountain's Li Yang..." Amongst the people present, besides Chen Xi, only Midnight Immortal King recognized the beautiful young man in embroidered clothes. For a time, a wisp of an unusual glow surged onto her face, and she seemed to be excited, fearful, and so on and so forth.

Of course, the most excited was definitely Chen Xi. Since he entered the Immortal Dimension, it was the still the first time he was meeting his Senior Sister, so how could he not be excited?

It could be said that in Chen Xi's heart, his Senior Sister Li Yang was simply no different than family. In the years of the past, she'd helped him on countless occasions, and now that they'd been unexpectedly reunited, he was naturally both delighted and surprised.

"Senior Sister..." He couldn't help but call out to her.

"Oh, Little Junior Brother." When she saw Chen Xi, Li Yang that was dressed up as a man smiled to the point her eyes narrowed, and they curved into crescents while she smiled amiably. Moreover, her smile carried heartfelt happiness.

As she spoke, she'd arrived out of thin air by Chen Xi's side, and she patted Chen Xi on the shoulder before sighing with emotion. "We've finally met each other. You've really suffered in these years."

Chen Xi shook his head. "There was no such thing."

When they saw the two of them being so intimate and even calling each other as Senior Sister and Junior Brother, Zhao Taici and the others couldn't help but be curious. When did Chen Xi actually have a Senior Sister?

Zuoqiu Feiming and the others were stunned by this scene. Because since this young woman that was dressed as a man was able to arrive with Meng Xinghe, her background was probably extraordinary, but they'd never imagined at all that she would be Chen Xi's Senior Sister!

Who...is she?

“Hmph! Dao Emperor Academy’s Meng Xinghe, Oracle Mountain’s 13th disciple, Li Yang. Both of you really have made an appearance here.” In the distance, when he noticed the arrival of Meng Xinghe and Li Yang, Suiren Ting’s pupils merely constricted before he recovered his calm, and he seemed as if he wasn’t really surprised.

On the other hand, the hearts of Zhao Taici and the others shook fiercely when they heard this, and they came to a complete understanding. It turned out that this beautiful young man was actually Li Yang who was ranked 13th amongst the personal disciples of Oracle Mountain!

Oracle Mountain!

That was the most mysterious and paramount existence in the three supreme sects of the three dimensions, and it only possessed a mere ten plus disciples. Even though it couldn’t compare to the forces of Nuwa’s Dao Palace and the Sovereign Sect, no one dared to underestimate them, and this itself was sufficient to prove exactly how formidable the resources and reserves of Oracle Mountain were.

Most importantly, the impression Oracle Mountain gave the three dimensions had always been mysterious. Its disciples very rarely appeared within the three dimensions, and they could be said to be elusive. This caused the impression of Oracle Mountain in the eyes of the numerous sects within the Immortal Dimension to become even more mysterious and paramount.

Now, the disciple of Oracle Mountain, Li Yang, had made an appearance here. Moreover, she’d come along with the Dean of Dao Emperor Academy, Meng Xinghe. So, how could this not arouse shock in the hearts of all?

However, it was precisely because of this that they quickly understood why Chen Xi addressed her as Senior Sister. Because they’d been aware since a long time ago that Chen Xi was deeply related to the Oracle Mountain, yet none of them had ever imagined that he would be a personal disciple of Oracle Mountain!

If news of this were to spread into the outside world, it would probably cause the entire world to be stirred.

...

The Last Days Vortex rumbled and revolved without end in the distance while Suiren Ting’s group of three were eyeing them with hostility, so this moment was obviously not suitable for them to catch up.

In next to no time, everyone placed their attention back towards the matter before them. However, the atmosphere was completely different because of the arrival of Meng Xinghe and Li Yang.

This was the imperceptible influence they possessed. It allowed others to feel at ease and embolden them greatly.

“So what if you guessed we would make an appearance? This calamity is related to your Sovereign Sect in the end. At most, your Sovereign Sect just relied on some techniques to make this calamity arrive in advance. If your Sovereign Sect was capable of fully controlling the Heaven Dao, then all of us would naturally accept our fate. But now...the outcome is still uncertain!” Li Yang spoke while her beautiful face revealed a composed expression. Her eyes glistened brilliantly, and every single move she made was filled with confidence that convinced others.

Even if Chen Xi had stepped foot into the Half-step Immortal King Realm now, he was actually still unable to see through Li Yang's cultivation!

"Hmph! All living beings are like ants and dogs before calamity, and they'll just be able to barely survive for a period of time. However, to all of you at the Godrank Realm and Immortal King Realm, it's no different than the end of the world. Could it be that all of you think you're able to go against the Heaven Dao with just that little bit of ability? Moreover, no matter what your identities are, all of you are only prisoners that're waiting to be slaughtered before the Heaven Dao!" Suiren Ting grunted coldly, yet he didn't deny what Li Yang said.

In other words, the Sovereign Sect was indeed only able to utilize the energy of the Heaven Dao, yet was unable to fully control it. Otherwise, the Sovereign Sect would have probably taken control of the entire three dimensions during the primeval times.

"Arguing like this is useless in the end. We'll know the answer after we give it a try before the calamity arrives." Li Yang replied in a casual manner. When she spoke up to here, her beautiful brows suddenly raised up, and she seemed to be smiling spuriously. "Suiren Ting, do you still intend to intentionally buy time like this?"

As she spoke, she said via voice transmission to the others, "This calamity can't be undone any longer. Everyone, stay calm, the situation isn't as bad as all of you think. At this point, this battle has long since exceeded the scope of the three dimensions, and it has become a struggle between my Oracle Mountain, Nuwa's Dao Palace, and the Sovereign Sect. Even if the calamity descends, there'll definitely be a trace of fortune for all of you."

The spirits of everyone were refreshed, and they felt much more relaxed when they heard this.

Especially Zhao Taici, Ao Jiuhui, and Chi Cangsheng. When they heard they could obtain that trace of fortune, their hearts were moved, and they aroused a wisp of blazing hope.

What were they hoping for?

It was naturally that trace of fortune because if they were able to obtain it, then it meant that they would be able to find a path to the ancient God Domain from within the calamity!

As for Chen Xi... All of this had exceeded his understanding. All he could do was wait silently, and he seemed to have been reduced to playing a supporting role, yet only those truly observant would notice.

If Chen Xi wasn't here, then Xuanyuan Shao, Xuanyuan Fengchen, and Xuanyuan Tabei wouldn't have made an appearance here, whereas Midnight Immortal King wouldn't have rushed over while in closed door cultivation to charge into the Godrank Realm.

It was even to the extent that Zhao Taici, Ao Jiuhui, and Chi Cangsheng would have probably not have gotten mixed up in this battle either.

On the other hand, Meng Xinghe was Chen Xi's Senior Brother while Li Yang was Chen Xi's Senior Sister. It could be said that he was like a core pivot between all of them, and all he lacked was merely in terms of cultivation.

Even Suiren Ting wouldn't underestimate Chen Xi because the Dao Calamity Sword in Chen Xi's possession was the counter to the inheritance of the Sovereign Sect, whereas the River Diagram fragments in his possession was capable of hiding itself from the workings of the heavens and possessed numerous miraculous and heaven defying abilities.

So even though Chen Xi's seemed to have a weak presence, it would absolutely not work without him!

#### **Chapter 1458: Gods Raining Down**

Suiren Ting's face sank when he heard Li Yang, and then he said with a speechless expression. "What? Fellow Daoist Li Yang is already anxious to go on your way?"

Li Yang seemed slightly impatient instead, and she frowned as he said, "If I wasn't clearly aware that the Sovereign Sect's seven Godslaughter Generals are nearby, could it be that you thought you would be able to survive until now by merely relying on the Sovereign Decree?"

The seven Godslaughter Generals!

The hearts of Zhao Taici, Ao Jiuhui, and Chi Cangsheng suddenly shook because those were seven existences of the Sovereign Sect that had become gods a long time ago. They'd slaughtered and fought throughout the three dimensions by the side of the Sovereign Sect's Master for countless years, and they possessed monstrous divine might. Their strengths were so formidable that all of them who'd just advanced into the Godrank Realm couldn't compare to these seven Godslaughter Generals at all.

Moreover, according to Li Yang, the seven Godslaughter Generals had obviously arrived here a long time ago!

How could they not be shocked by this?

Even if the others had never heard of the seven Godslaughter Generals, but since they were able to make Li Yang point out their existence, then that itself was sufficient to prove that the seven Godslaughter Generals were definitely not ordinary.

On the other hand, Suiren Ting's expression suddenly changed as well when he heard this, and he was unable to maintain his composure any longer. "You already guessed it?"

Li Yang said with disdain, "Only you would take us to be idiots, huh?"

Rumble!

Suddenly, a wave of intense fluctuation resounded from above the sky, and for a time, divine rain descended from the heavens. It was misty and ethereal, and it covered the entire heavens and the earth in divine radiance.

After that, under the focused gazes of everyone in the surroundings, seven figures that were like gods stood on rays of light and were enveloped in divine radiance as they arrived. Every single one of them was enveloped by the dense aura of divinity, and it shot into the heavens while their brilliance illuminated the boundless universe!

Their imposing aura wasn't just monstrous, it simply caused even the heavens and the earth to tremble, submit, and not dare be the slightest bit disrespectful to these seven gods at this moment.

Along with their arrival, this expanse of the heavens and the earth was filled with an extremely terrifying pressure. It pressed down to the point that time and space fell into disorder, Yin and Yang flowed in the opposite direction, and the world was in chaos. Every single thing in the world fell into a deathly and terrifying atmosphere.

Obviously, they were the seven Godslaughter Generals of the Sovereign Sect!

Even if it was Chen Xi, he couldn't help but feel suffocated. He felt an oppressive aura that caused him to feel extremely tiny, and it seemed as if a single thought or gaze from these seven gods would be sufficient to easily annihilate him!

Fortunately, Li Yang and Meng Xinghe were standing by his side, and this extremely terrifying and oppressive aura was jointly dissipated by them in a mere instant, causing Chen Xi's countenance to take a turn for the better.

But even then, this rare experience allowed Chen Xi to realize that the strengths of these seven Godslaughter Generals from the Sovereign Sect was probably terrifying even amongst the gods!

Chen Xi had such a feeling, and the others weren't any better. Only Li Yang and Meng Xinghe were the two people amongst the group that had a composed bearing from the beginning until the end.

"Disciple Suiren Ting greets Martial Uncles." When they saw these seven gods descend, Suiren Ting, Zuoqiu Beiyong, and Zuoqiu Lenghua became respectful and reverent.

"There's no need for courtesy. Place our objectives at the highest priority." The robust middle aged man in the lead that was covered in strands of crimson colored chains of divinity spoke in a low voice. His figure was extremely tall, and as he stood there, it was like a volcano was towering there, and he was filled with explosive and terrifying divine might.

It wasn't just him, there were six other Godslaughter Generals of both genders by his side, and they similarly possessed supreme divine might. Their entire bodies were enveloped in the radiance of divinity, and they were like seven overlords and gods of death.

"That's Divine General Chi Lian, and the others by his side are respectively Divine General Qing Mo, Divine General Huang Zhong, Divine General Hei Ling, Divine General Jing Guang, Divine General Lan Cai, and Divine General Bai Ku. Every single one of them possesses a strength at the peak of the World Enlightened True God Realm. They're the most loyal wolfhounds by the side of the Sovereign Sect's Master, and they've been renowned for slaughter since the primeval times until now." Li Yang seized this opportunity to swiftly explain their background.

"For example, these seven Godslaughter Generals were present behind the Sage Annihilation Calamity during the primeval times and the Fiendgod Calamity from a million years ago, and they've killed countless experts from the three dimensions. However, they've always been by the side of the Sovereign Sect's Master at all times, allowing them to avoid numerous tribulations and calamities. Otherwise, they would have probably fallen long ago.

“In short, all of you just have to be careful and watch the battle. Don’t act arbitrarily because all of you can’t go against existences that are at such a level.”

After she finished instructing them, Li Yang specially reminded Chen Xi. “Little Junior Brother, you must remember to follow by my side later. Don’t push yourself.”

After these words were spoken, not to mention Chen Xi, even Zhao Taici and the others at the Godrank Realm could only be reduced to spectators...

The matters of the world were just so unpredictable.

When the gap between the strengths of two parties had exceeded a limit, then one could only face reality and accept it.

...

“Li Yang, I never expected that you would still remember the seven of us after so many years.” Suddenly, Divine General Chi Lian spoke, and numerous strands of crimson red chains coiled around him like flame dragons, causing him to seem even more divine, mighty, and extraordinary.

As he spoke, the gazes of the other six had simultaneously descended onto Li Yang and Meng Xinghe. As for the others, they were directly overlooked.

It wasn’t just them, even Suiren Ting, Zuoqiu Beiyong, and Zuoqiu Lenghua could only stay at the side as well.

“How could anyone forget the seven loyal dogs by the side of the Sovereign Sect’s Master?” Even if she was facing seven divine generals that possessed monstrous divine might and were renowned since the ancient times, Li Yang’s expression remained unchanged, and she spoke bluntly and directly called them seven dogs!

Chi Lian grunted coldly while his expression remained unchanged. “Hmph! Cut the crap. Since we’ve made an appearance, then shouldn’t all of you from Nuwa’s Dao Palace make an appearance as well?”

Nuwa’s Dao Palace! Chen Xi and the others opened their eyes wide. The experts of Nuwa’s Dao Palace have already a long time ago as well?

When they realized this, all of their hearts shook. Earlier, they’d never imagined that the situation would develop to such an extent.

First, the Last Days Vortex appeared, and then Suiren Ting’s group of three appeared in unison. Just when their hearts felt heavy, Meng Xinghe and Li Yang arrived together.

Originally, they thought the outcome would be determined after that, yet no one expected that the seven Godslaughter Generals of the Sovereign Sect were in the vicinity as well, and it was even to the extent that the disciples Nuwa’s Dao Palace had also arrived a long time ago!

When they thought about how they were actually completely unaware of all of this earlier, even the hearts of Zhao Taici and the others at the Godrank Realm couldn’t help but turn cold.

It was precisely because of this that they finally understood why Li Yang had said this battle had already exceeded their scope long ago, and it had become a battle between the three supreme sects of the three dimensions.

“Since it’s like that, then Fellow Daoists of Nuwa’s Dao Palace, show yourselves as well.” Li Yang smiled lightly.

Before her voice could finish resounding through the air, an ancient and lofty treasured vessel suddenly shot over. The treasured vessel was completely covered in blazing and surging divine flames of light, and it was like a Sun Crow flying in the universe while illuminating the world.

In merely an instant, the treasured vessel swiftly arrived here, and then it flashed before six figures appeared.

The person in the lead was a young woman with a clear and beautiful appearance, and she wore a robe that was tied with a belt and had wide sleeves. Her entire body was enveloped by the sparkling divinity, and she was like a god that had come from the light.

There were three more figures by her side, and they were similarly women. They each possessed varying appearances, and all of them were beautiful, elegant, and suffused with the aura of divinity. The last two figures at the back were two familiar faces. Shockingly, it was Nuwa’s Dao Palace’s number one Dao Protecting Disciple, Shi Yu, and Xiangliu Li.

Both of them had obviously advanced into the Godrank Realm, yet at this moment, they could only follow behind those four women while their expressions revealed a strand of respect and reverence.

Obviously, those four women in the lead were definitely great figures in Nuwa’s Dao Palace.

“Fellow Daoist Li Yang, Fellow Daoist Meng.” The group from Nuwa’s Dao Palace walked over under the lead of the robed woman, and they nodded to Li Yang and Meng Xinghe.

Li Yang smiled, and then she introduced via voice transmission. “These four are the Palace Masters of Nuwa’s Dao Palace’s Four Spirit Palaces. The person in the lead is the Eastern Spirit Palace’s Master, Yuan Che, and the other three are respectively the Western Spirit Palace’s Master Kong Lin, the Southern Spirit Palace’s Master Yuchi Wan, and the Northern Spirit Palace’s Master Yun Su.”

“All four of them possess cultivations at the World Enlightened True God Realm, and they’re on par with the seven Godslaughter Generals of the Sovereign Sect. Especially the Eastern Spirit Palace’s Master Yuan Che, she’s a strand of spirit from Chaotic Light that attained the Dao, and her strength is unfathomable.”

As for Shi Yu and Xiangliu Li, Li Yang didn’t introduce them.

But even then, Chen Xi and the others still felt shocked in their hearts when they found out that these four beautiful and elegant women were existences that could rival the seven Godslaughter Generals.

This was the resources and reserves of the three supreme sects. They usually kept a low profile, yet when they truly made an appearance in the world, their might was sufficient to make all living beings feel reverent and not dare be disrespectful.

Meanwhile, Chen Xi greeted Shi Yu and Xiangliu Li, and they tacitly exchanged a few words before placing their attention onto the scene before them.

After all, this wasn't the best time to catch up.

Actually, once the group from Nuwa's Dao Palace made an appearance, the atmosphere in the surroundings had started to change abruptly. The air was filled with a murderous aura while undercurrents surged, and it seemed as if a storm was coming.

It seemed as if Li Yang was casually greeting the group from Nuwa's Dao Palace, but everything they did was part of the ongoing confrontation with the Sovereign Sect's forces, and it could be said to be filled with killing intent.

If an ordinary person dared to casually greet others at a time like this, then that person would have probably been annihilated countless times over.

...

When they saw the group from Nuwa's Dao Palace make an appearance, the expression in the eyes of the seven Godslaughter Generals had become even colder, and it carried a trace of a murderous expression.

"The forces of Nuwa's Dao Palace have made an appearance. What about your Oracle Mountain? The Grand Lord Wu Xuechan, the Second Lord Daoist Sheng Ji, the Third Lord Tie Yunhai, and the Old Scholar... All of them would probably be unwilling to stay out of the action, right?" Suddenly, Chi Lian spoke once more, and divine light rumbled with his eyes and flickered with a shocking aura. "Oh, I misremembered. The Second Lord Daoist Sheng Ji went missing a very long time ago. But no matter what, your Oracle Mountain wouldn't go so far as to make you take a risk here by yourself, right?"

When he spoke up to here, he glanced at Meng Xinghe and smiled spuriously as he said, "As for him, he's the disciple of the Criminal of the Three Dimension, the Dao Emperor, and he can be considered as an inheritor of the Oracle Mountain as well. Unfortunately, you inherited the Heaven Defying World Destruction Dao. So once the calamity descends, you'll probably be the first one to suffer disaster."

Meng Xinghe smiled as well when facing this, and he was indifferent and carefree about it.

#### **Chapter 1459: The Sovereign God Eradication Formation**

Chen Xi was especially interested towards Oracle Mountain's Grand Lord Wu Xuechan, Second Lord Daoist Sheng Ji, Third Lord Tie Yunhai, and the Old Scholar that Divine General Chi Lian spoke about... Could it be that they're my Senior Brothers?

Li Yang suddenly started smiling when she saw Chi Lian mention Oracle Mountain, and she said word by word, "If my Eldest Senior Brother was here, then all seven of you together would still be insufficient. Unfortunately, he isn't interested in paying attention to such foul matters. If my Second Senior Brother was here, then probably more than half of you would already be dead. Unfortunately, it's just as you've said, he has gone missing."

She paused for a moment and continued. "If it was my Third Senior Brother, then he wouldn't come here, and he would instead kill his way into the 33 levels of your Sovereign Sect. If it was my Fourth Senior Brother... Haha! He'll teach all of you how to make a fresh start."

When she spoke up to here, her voice already revealed a wisp of pride. "As for my other Senior Brothers and Senior Sisters, besides Fifth Senior Brother Li Fuyao that is re-cultivating the Grand Dao of Immortal Kings and Seventh Senior Sister Gu Liangqin that swore to not kill, is any one of them unable to suppress all of you?"

Every single word she spoke was filled with pride!

It was pride that came from the bone, and it was something that every single disciple of Oracle Mountain possessed.

Indeed, including Chen Xi, everyone knew that their Oracle Mountain only had fourteen personal disciples, and in terms of numbers, it was far from being able to compare to Nuwa's Dao Palace and the Sovereign Sect.

However, if it was in terms of ability and strength...then would anyone dare say they were able to suppress Oracle Mountain?

Even though the Master of Oracle Mountain had left for countless years, Oracle Mountain still stood towering amongst the three supreme sects of the three dimensions, and its foundation had never been shaken!

This was its resources and reserves!

Now, it was being reflected on all of them personal disciples from Oracle Mountain. So all of this was worthy of Li Yang feeling proud of.

At the side, emotion surged in Chen Xi's heart while his blood boiled without end from hearing all of this. He was able to sense the pride in Li Yang's tone, and he couldn't help but feel proud because of this as well.

The disciples of Nuwa's Dao Palace didn't reveal any emotions because they knew Li Yang was telling the truth.

Zhao Taici, Ao Jiuhui, Chi Cangsheng, Xuanyuan Shao, Zuoqiu Feiming, Hua Jiankong, and the others were astounded instead when they heard this. Only a disciple of Oracle Mountain had the confidence to speak such words before the seven Godslaughter Generals, right?

On the other hand, hearing all of this caused the expressions of Chi Lian and the others to become even more ghastly, and their eyes flickered with divine flames of rage, yet they didn't refute it at all.

This sort of argument was very unnecessary. Truthfully, they were indeed rather afraid of many disciples from Oracle Mountain. For example, the Grand Lord Wu Xuechan, the Second Lord Daoist Sheng Ji, and the Third Lord Tie Yunhai, but it didn't mean that they would fear them.

Not to mention that the Sovereign Sect had no lack of existences that could rival all the disciples of Oracle Mountain!

...

While they spoke with each other, the Last Days Vortex beneath the distant sky was revolving continuously, and it had gradually transformed from the thunderous rumbling at the beginning to soundlessness now.

However, the vortex was still revolving madly, and it was just silent now and revealed a deathly silent force that caused one's heart to palpitate. Especially the depths of the vortex, a strand of an extremely terrifying world destructive energy was indistinctly being developed there.

If this continued, then it probably wouldn't be long before that world destructive energy would surge out from within the Last Days Vortex!

As if she'd realized this sort of change in the situation as well, Li Yang's expression suddenly became calm while a wisp of a murderous expressions surged onto the space between her brows. She said, "It seems like this battle has arrived at the moment for the outcome to be decided. What do all of you think?"

As soon as these words were spoken, the atmosphere became murderous!

"Actually, your words are roughly correct. However, it's a slight pity in the end that those disciples from your Oracle Mountain didn't come here." Suddenly, Chi Lian revealed a strange and thought provoking smile.

Right when his voice finished resounding through the air, Suiren Ting suddenly spread out his arms while the violet colored Sovereign Decree floating above his head swiftly soared into the sky.

Om!

A strand of a terrifying and supreme black colored beam of light shot into the sky from within the Sovereign Decree, and it caused the wind and clouds in the surroundings to surge while the heavens and the earth dimmed down.

In merely an instant, numerous winding and violent black colored divine chains rumbled and surged out from the sky above Iris Desert. Every single divine chain was a few meters thick, and extremely dense and obscure symbols were branded on their surface.

When looked at from afar, the entire Iris Desert seemed to have been instantly chained and confined by a myriad of black colored chains! It had transformed into a cage that enveloped the surroundings!

Iris Desert was extremely large, and it covered an area of a few tens of millions of km. Yet at this moment, it was actually enveloped completely by dense black colored chains. Moreover, every single divine chain was filled with the aura of annihilation and calamity, and it forcefully confined this expanse of the heavens and the earth. Such a scene was simply astounding to the limit.

This scene occurred too quickly. From the moment Chi Lian finished speaking until Suiren Ting activated the Sovereign Decree, the entire process didn't give the others any chance to react.

It was even to the extent that even Li Yang, Meng Xinghe, Yuan Che, and the others were taken slightly by surprise.

It wasn't that they hadn't noticed all of this, and it was instead because this scene had occurred too suddenly while the impetus it created was too terrifying. So even if they wanted to make a move, it had caused them to instinctively protect the others by their side and not kill their enemies.

Because they'd sensed that this was surprisingly a divine formation that had been meticulously prepared! Moreover, the might it revealed as soon as it was activated caused them to sense a trace of the aura of danger!

"This is the Sovereign God Eradication Formation! It's from the ancient God Domain and not from the three dimensions. I never expected that the Sovereign Sect's Master would actually utilize such a supreme formation diagram that's a trump card of the Sovereign Sect!" Li Yang's pupils constricted, and she revealed a solemn and fearful expression for the first time.

As she spoke, divine radiance arose from her entire body while she withdrew a glasslike pagoda to forcefully create a defensive light barrier in the surroundings, and she utilized this to resist the attacks of the black colored divine chains!

Presently, the area they resided at was completely covered by countless black colored divine chains. These black divine chains grew and whipped down without end, and their strength was so terrifying that it minced space apart into powder. It was extremely astounding.

Not to mention an Immortal King, even Zhao Taici and the others that had just stepped foot into the Godrank Realm felt lethally endangered from it. They didn't dare hesitate to withdraw all sorts of Immortal Artifacts and resisted these divine chains with all their might.

"The Sovereign God Eradication Formation... It's utterly impossible to set up such a divine formation without spending a hundred years of effort. Looks like we were tricked earlier, and the Sovereign Sect had started to prepare in order to attain victory in this battle a very long time ago," said Yuan Che from Nuwa's Dao palace. Even though she said this, her expression was still calm, solemn, pure, and composed. She withdrew a jade bowl with a wave of her hand, and it emanated blazing divine energy of light that enveloped everyone.

The expressions of the others became extremely gloomy when they heard this.

All of them had never expected that before the battle had even began, the situation they were in would actually become critical in an instant. Such a sudden and unexpected change in the situation caused all of them to be unable to help but have a heavy feeling in their hearts.

Especially when they heard that the Sovereign God Eradication Formation actually didn't belong to the three dimensions, and it was an inheritance that came from the Ancient God Domain and was taken to be a precious treasure by the Sovereign Sect. Now, it was actually being utilized to trap and annihilate them, so the dangers of this situation was obvious.

Obviously, the Sovereign Sect had started to prepare all of this at least a hundred years ago, and such scheming ability was sufficient to make anyone's heart go cold.

"It's something like this again!" Chen Xi's expression was icy cold as he suddenly recalled that when he was at the God Attainment Region, Chen Xi, Shi Yu, and the others had similarly been trapped within the

Nine Heaven Calamity Dao Annihilation Divine Formation that Suiren Ting and the others had set up long ago.

At that time, if it wasn't for the assistance of the River Diagram fragments and Dao Calamity Sword, their group would have almost been buried there.

Now, this scene before his scene was extremely similar to the scene from that day!

The only difference was that this Sovereign God Eradication Formation was obviously even more terrifying, and the might of such a divine restriction was something that even he couldn't see through at all, let alone deal with!

It was obvious from the solemn expressions of Li Yang, Meng Xinghe, Yuan Che, and the others that the might of this divine formation was extremely terrifying.

Presently, even they were temporarily at a loss for what to do, and they could only resist it passively!

Rumble! Rumble!

Numerous black divine chains shot into the sky and linked up with the heavens and the earth. They were like whips of the heaven's wrath that were controlled in the hands of a god, and they ceaselessly whipped down at Chen Xi and the others with explosive energy of divinity and terrifying destructive force.

For a time, their figures were covered by the boundless black divine chains and were unable to move at all. They could only stand on the spot and resist these divine chains.

"The situation is slightly bad." Meng Xinghe frowned. He held the Myriad Starnet Disk in his hand while standing side by side with Li Yang and resisting the attacks from all directions, and it allowed everyone to clearly perceive how terrifying this divine formation was.

Even though they didn't have to worry about being in any danger for now, if this were to continue, then they would probably be exhausted to death!

"I really hadn't considered this move earlier. However, it isn't just their Sovereign Sect that prepared contingency plans. Senior Brother Meng, there's no need to be worried." Li Yang remained composed as she spoke in a light voice. However, her eyes surged with icy cold and ghastly rage. She'd similarly planned this operation for a very long time, yet she'd never expected that they would fall into the Sovereign Sect's trap before they started the operation, and this caused her to feel slightly angry from embarrassment.

As she spoke, she similarly told the others about this as well, and it allowed them to feel much more at ease.

"Fellow Daoist Li Yang, if we're pressured to the end and have to break open the formation, then please notify me. We've brought along quite a few secret treasures this time, and it can be of some use." Yuan Che had a composed expression as she spoke via voice transmission in a composed manner.

"Then I'll thank Fellow Daoist Yuan Che first. However, it's hard to say if there'll be any need to use it." Li Yang smiled and spoke in a relaxed manner.

As they spoke, they'd been constantly resisting the attacks of the divine formation with all their strength. The black divine chains were truly too terrifying, and they formed a dense and endless mass that was filled with obscure and terrifying destructive energy of divinity.

It was even to the extent that every single attack of the divine chains was sufficient to easily annihilate an Immortal King. So even if it was Zhao Taici and the others whom had just advanced into the Godrank Realm, they didn't dare guarantee that they would be able to survive without the protection of Li Yang and the others.

"Hahaha! Fellow Daoists, how does it feel to be reduced to prisoners? This divine formation was personally prepared for all of you by my Sect Master, and it's absolutely not as simple as all of you think!" Suddenly, Suiren Ting roared complacently with laughter from outside the formation, and he was smug and haughty.

### Talisman Emperor

#### **Chapter 1460: Unexpected Event Within The Formation**

The Sovereign God Eradication Formation was actually personally set up by the Sovereign Sect's Master!

When they heard Suiren Ting's complacent laughter, Chen Xi and the others felt surprised and anxious in their hearts.

"It isn't so simple?" Li Yang remained composed while the glass pagoda in her hand emanated a myriad of dense talisman markings, and they condensed into a gorgeous screen of light that firmly resisted the attacks from all directions.

"Of course!" Suiren Ting roared with laughter outside the formation. "The Iris Immortal Prison is right beneath this Iris Desert, and it's said that Immortals and devils flee from it while gods can't shake it! But do all of you know that this immortal prison is actually called the Calamity Shackles!? It's something created by my Sovereign Sect's Master. This immortal prison was created all those years ago not for the sake of suppressing the prisoners of the Zuoqiu Clan, and it was instead for the sake of crushing all of you heretics today!"

Suddenly, Suiren Ting's voice roared louder and resounded through the heavens and the earth, and it was filled with arrogance of controlling the world. "With the Iris Immortal Prison as the foundation of the formation and relying on the Last Days Vortex as the core to assist the Sovereign God Eradication Formation from the ancient God Domain. With such great preparations, even if all the disciples of Oracle Mountain personally arrive here, they would definitely be unable to escape with their lives!"

As soon as he finished speaking, he roared with laughter, and he was domineering and haughty to the extreme.

Bang!

As if it was to prove Suiren Ting's words, the might of the Sovereign God Eradication Formation that covered the entire Iris Desert suddenly rose explosively at this moment. Countless black divine chains that were thick like millstones twisted and whipped down madly...

At this instant, this divine formation had once again erupted with a myriad of strands of destructive energy of divinity. It was like a vast oceanic torrent that seemed to intend to completely confine this

expanse of the heavens and the earth, shatter time and space in this area into powder, and crush everything in the world!

Its might had risen explosively by more than two times!

All of this had come from the Last Days Vortex that resided above the sky. It was like a fountain of energy that was studded within the formation, and it echoed in cooperation with it from afar and fused together with it while ceaselessly improving the might of the formation!

At this moment beneath Iris Desert, strings of obscure and dense symbols suddenly lit up on Iris Immortal Prison that was originally sealed with a Secret Realm. It completely fused with the Sovereign God Eradication Formation and Last Days Vortex to the point they were a complete whole.

In the countless years of the past, Iris Immortal Prison had confined countless traitors and rebels from within the Zuoqiu Clan, and every single one of them had perished simultaneously at this moment!

Their blood, souls, corpses, Immortal Force, vital energy... Everything had transformed into strands of shapeless energy that was absorbed by the formation and instantly vanished.

If Chen Xi witnessed this scene, his expressions would probably instantly change and start worrying about the fate of his mother, Zuoqiu Xue!

...

Suiren Ting's roaring laughter and the obvious changes in the formation caused the expressions of everyone trapped within the formation to change once more, and they became solemn and gloomy.

Because at this moment, they truly sensed a strand of terrifying pressure, and it was because the might of the formation was ceaselessly growing at a mad pace!

At this moment, Li Yang revealed a rare moment of silence while her expression gradually became solemn. All of this had indeed exceeded her expectations.

Meng Xinghe's brows knit together.

At this moment, the expressions of the four Palace Masters from Nuwa's Dao Palace had become solemn as well.

The terrifying destructive force of the formation that was rising without end pressured them to the point they started to feel strained, and they had no choice but to utilize all their ability to resist it.

At this moment, even Zhao Taici, Ao Jiuhui, and Chi Cangsheng didn't dare hold back and lent a hand as well to resist the pressure that came from all directions.

As for Chen Xi, Xuanyuan Shao, Hua Jiankong, Midnight Immortal King, and the others, they could only watch helplessly at this moment, and they could only feel extremely anxious, yet were unable to help at all.

Because compared to the might of this formation, a cultivation beneath the Godrank Realm was utterly insufficient!

"I understand now. They intend to rely on the strength of the Sovereign God Eradication Formation, Last Days Vortex, and Iris Immortal Prison to crush all of us, then utilize a blood sacrifice with our God Blood to feed the Last Days Vortex in order to draw down the upheaval of the three dimensions." Suddenly, Li Yang spoke in a low voice, and her expression was extremely solemn. "What ruthless schemes! No wonder Master said all those years ago that if it was in terms of schemes, then the Sovereign Sect was the most formidable in the three dimensions. Now it would seem like he was really telling the truth!"

Her voice already carried a wisp of hatred.

As soon as these words were spoken, it instantly caused the others to shudder with fear while their entire bodies felt cold. *They intend to kill gods, and then sacrifice the blood of the gods to drawn down the upheaval of the three dimensions!?*

*This Sovereign Sect's ability in scheming is simply astounding and unbelievable!*

Especially Chen Xi, he couldn't help but recall the fall of the Nine Radiance Sword Sect's Founding Ancestor, the Chaotic Divine Lotus. A great figure of the primeval times like that had been horribly schemed against by the Master of the Sovereign Sect and perished while ascending to the peak of the Grand Dao and failed a step short of success. This obviously showed exactly how terrifying the ability of the Sovereign Sect's Master was.

"Junior Sister Li Yang, we can't wait any longer." Meng Xinghe spoke while divine light rumbled within his eyes. "The strength of the Sovereign God Eradication Formation is increasing without end. If this continues, then the situation we're in will only become more and more dangerous. So the important matter at hand is to give it our all and break through this formation!"

The others deeply agreed when they heard this, and they shot their gazes at Li Yang.

Li Yang raised her beautiful brows instead and said, "Before I came here, I asked my Eldest Senior Brother Wu Xuechan to utilize the Chaotic Divine Wall to deduce this tribulation. Even though he was unable to deduce any specific signs, according to my Eldest Senior Brother, there'll naturally be a chance to turn the situation around at the end of the tribulation. Now, this opportunity hasn't made an appearance yet..."

"Since the Grand Lord said so, then it probably won't be wrong." Yuan Che from Nuwa's Dao Palace seemed to be lost in thought as she spoke. All of them were clearly aware that if it was in terms of the ability of deduction, then Oracle Mountain was the publicly acknowledged number one amongst the three supreme sects.

Moreover, along with the departure of the Master of Oracle Mountain, Fuxi, a long time ago, the Eldest Disciple of Oracle Mountain, Wu Xuechan, seemed to have become the leading figure of Oracle Mountain, and it was even to the extent that his reputation was right beneath Fuxi!

This could be discerned from the fact that Yuan Che and the others addressed him respectfully as the 'Grand Lord.'

It was even to the extent that those seven Godslaughter Generals had addressed Wu Xuechan as the Grand Lord and not the Eldest Disciple of Oracle Mountain. This difference in method of address naturally carried a completely different meaning.

As for the Chaotic Divine Wall, it was an inheritance treasure of Oracle Mountain. According to legend, it was capable of deducing all secrets in the three dimensions and seeing through the quintessence of the movements of the universe. It was a Divine Artifact that possessed supreme abilities of deduction, and it was given to the Grand Lord Wu Xuechan by Fuxi.

Now, Wu Xuechan had relied on the Chaotic Divine Wall to deduce this tribulation, and he'd even said that there was an opportunity to turn the situation around, so it naturally convinced everyone to the extreme.

"But I'm worried that we'll suffer misfortune before this opportunity makes an appearance..." Li Yang sighed. It wasn't that she didn't believe her own Eldest Senior Brother, but the situation before her was truly too dangerous. Merely the Sovereign God Eradication Formation had caused the situation they were in to be critical.

If this continued, then the consequences would be unimaginable.

"Since it's like that, then let's try our best first. Instead of waiting for an opportunity to appear, why don't we take the initiative to strive for its appearance?" Meng Xinghe spoke with a resolute expression.

As soon as these words were spoken, it immediately received the agreement of the others.

Obviously, no one was willing to continue being trapped within the formation like this because this was no different than waiting for death to arrive. It was better to try their best and strive to obtain an opportunity to turn the situation around.

Om!

Suddenly, four ancient and pure divine swords that were suffused with pure energy of light appeared respectively in the hands of Yuan Che, Kong Lin, Yuchi Wan, and Yun Su.

As soon as they were withdrawn, four terrifying and supreme Sword Insight of the gods rumbled and surged out, and it glowed brilliantly. Merely the sword qi emanated from them actually caused the black divine chains that surged and crushed down from the surroundings to be completely incinerated and destroyed!

They could be called world crushing divine weapons from the might they revealed!

"The Grand Exuberant Light Swords!" Li Yang spoke with surprise, and a wisp of bright light surged from her eyes. "I never expected that all of you actually brought such divine treasures with you."

Even though the others didn't recognize the origins of these four divine swords, merely the might revealed by the swords allowed them to determine that these were absolutely a set of extraordinary Divine Artifacts!

Divine Artifacts were naturally precious treasures that only experts at the Godrank Realm could control!

"These were originally prepared to annihilate the seven Godslaughter Generals. Unfortunately, we can only expose them in advance." Yuan Che spoke slightly regretfully.

"It's fine, I still have a scripture in my possession." Meng Xinghe smiled as he spoke, and then he opened his mouth and spat. A blood colored scripture surged out into appearance. It was completely ancient

while the ancient words 'Dao Emperor World Destruction Scripture' floated up into appearance from its surface. The words were scarlet red like fresh blood, and they emanated terrifying killing intent that assaulted the face.

The Dao Emperor World Destruction Scripture!

Instead of calling it a scripture, it could be called a Divine Artifact that slaughtered the world! Early on during the primeval times, it was renowned for destroying the heavens, destroying the earth, and destroying the gods! It was said to possess might capable of destroying the world!

The eyes of the others lit up when they saw this treasure. It was common knowledge that the Dao that the primeval Dao Emperor sought was the Heaven Defying World Destruction Dao, and this World Destruction Scripture was the most destructive and murderous weapon in the Dao Emperor's possession. All those years ago, it had slaughtered countless enemies of his generation.

"With the Grand Exuberant Light Swords and Dao Emperor World Destruction Scripture supported by our strengths, it should be sufficient to break through this formation..." A wisp of a relaxed expression appeared on Li Yang's face.

"Then let's make a move immediately!" A murderous expression surged onto Meng Xinghe's face while the scarlet red Dao Emperor World Destruction Scripture floated in his hand, adding a heaven defying and murderous aura to him.

At this moment, the others had successively withdrawn their best treasures as well. Every single treasure could be said to be peerless, and even Zuoqiu Feiming and the others possessed precious treasures that were at the extreme-rank of the Void Grade.

It caused Chen Xi who stood at the side to be dazed and extremely astounded by this sight.

After they made a decision, all of their spirits were refreshed, and they didn't seem to be so solemn as before. As it was said, indecisiveness leads to trouble.

However, right when they were about to take the initiative to attack, Li Yang suddenly seemed to have noticed something, and she said, "Wait!"

Right when she finished speaking, everyone felt their figures shake, and then they acutely noticed that the crushing might of the Sovereign God Eradication Formation had actually become much weaker!

It seemed as if an invulnerable defense suddenly had a gap split open on it!

Even though the might of the formation was still much stronger than it was at the beginning, it had already weakened when compared to moments ago. It was even to the extent that its might wasn't rising steadily any longer, and it started to weaken instead.

This sudden change in the situation instantly caused the eyes of Li Yang and the others to light up. Even though they weren't clearly aware of the reason behind this, they simultaneously chose to make a move at the first possible moment!
