Chapter 1511: Young Woman In A Violet Dress

Dao Emperor Divine Palace.

Om!

A shadow flashed before Chen Xi's figure appeared out of thin air.

"Youngest Martial Uncle." To Chen Xi's surprise, Qiu Xuanshu seemed to have been waiting for him a long time ago.

"What's happened?" Chen Xi's brows raised as he asked. "Could it be that the Sovereign Sect has come to attack on a large scale again?"

Qiu Xuanshu shook his head. He first glanced at Chen Xi with surprise before he said, "Three days ago, a young lady arrived outside the academy, and she insists on meeting you."

Chen Xi frowned. "Could it be that there's something different about this young lady?"

Since the moment he became the Dean of Dao Emperor Academy, countless great figures desired to meet him every single day. Perhaps they had something to ask of him, or perhaps it was for the sake of forming goodwill with him.

At the beginning, he was still willing to meet them one by one. But as time passed, he couldn't help but feel slightly bored by it, so unless it was an important matter, he'd stopped entertaining any outside guests.

Qiu Xuanshu was obviously clearly aware of this, yet he'd come here at this moment for the sake of a young lady, and it instantly caused Chen Xi to realize that there was probably a reason behind all of it.

"I've asked her about it in detail, yet she wasn't willing to say anything. Originally, I thought she'd come here out of admiration towards you and intended to pay you a visit, yet later on, I noticed that she..." When he spoke up to here, Qiu Xuanshu couldn't help but hesitate slightly.

"What did you notice?" At this moment, Chen Xi's curiosity couldn't help but be aroused.

"Youngest Martial Uncle, it's better for you to meet her. Perhaps you'll understand once you see her." Qiu Xuanshu considered it over and over again, and he didn't know how to explain it to Chen Xi in the end. So he just suggested that Chen Xi went to meet the young lady.

"Oh? Where's she?" Chen Xi glanced at Qiu Xuanshu while seeming to be lost in thought.

"Wait a moment, I'll go bring her over." As he spoke, Qiu Xuanshu was about to leave hastily.

"It's fine, I'll go there with you." Chen Xi thought for a moment before he immediately made a decision.

Qiu Xuanshu's reaction was slightly strange, and it caused him to be unable to help but arouse curiosity towards the young lady.

Most importantly, after he heard all of this, a feeling had suddenly arisen in his heart, and he'd faintly sensed something. However, he was unable to deduce anything, so it instantly caused him to attach even more importance to this matter.

Once one attained a cultivation like Chen Xi's, one would possess one's own understanding and grasp towards the secrets of the heavens, karma, and fate. So when they faced ordinary people, they were even able to see through the ordinary person's fate with a single glance, and it was even to the extent that they were able to accurately determine when that person would suffer a calamity or perish.

Even if it was towards cultivators, they could rely on their ability of deduction to deduce the fortune and disasters in the cultivator's fate.

This wasn't divination, and it was a sort of innate ability they obtained after attaining the Immortal King Realm. They were supreme existences that had overcome the restraints of the heavens and the earth, so they were able to see through life and death with a single glance.

Just like this very moment. He was suddenly seized with an impulse, and it was a type of sign that came from his instinct. Moreover, since Chen Xi was unable to deduce the exact situation, it proved that this matter wasn't trivial at all.

...

Outside Dao Emperor Academy and before a beautiful abode.

The setting sun illuminated the sky with a reddish orange glow, and a young woman in a violet dress sat all by herself before the abode. Her arms were wrapped around her knees as she stared blankly at the setting sun in the distance.

She had wine red long hair that was soft and wavy. It was tied in a bundle behind her head with a silk ribbon, and it revealed a pretty and fair oval shaped face. Moreover, her pair of ink black brows above her eyes were dense, pitch black, and fine and long like a sword, and she revealed a lively and heroic aura.

However, at this moment, her beautiful brows were tightly knit together, and her thin, red, and tender lips were puckered together tightly and drew out an unyielding arc. Besides that, the expression of worry on her pretty and fair oval face was impossible to conceal.

Such a beautiful young woman in a violet dress sat all alone beneath the setting sun with her arms wrapped around her knees. When looked at from afar, she was like a bamboo which allowed others to sense the strength in her heart, yet others couldn't help but pity her at the same time.

"Martial Uncle, look, that's..." In the distance, Qiu Xuanshu pointed at the back of the young woman as he spoke in a light voice.

Along with this voice, the young woman's figure seemed to stiffen, and she swiftly turned around while her pair of clear eyes looked over towards Qiu Xuanshu like two sharp swords. After that, her gaze moved and descended onto Chen Xi that stood at the side.

At the instant she laid eyes on Chen Xi, even the young woman's breathing stopped while her eyes opened wide and revealed emotions like excitement, happiness, bitter hatred, struggling... All sorts of emotions appeared within her eyes, and in the end, all of them transformed into wonder.

She seemed to have been stunned and forgot everything.

On the other hand, practically at the instant the young woman turned around, Chen Xi's pupils constricted uncontrollably as well, and he felt as if his heart was struck by a sledgehammer. He was extremely shocked, and the usual calm and composed expression on his face was replaced by a wisp of astonishment, surprise, and disbelief at this moment. In the end, all of these emotions transformed into wonder.

Time seemed as if it had stopped at this instant.

Chen Xi and the young woman gazed at each other, and both of them felt wonder towards each other.

Qiu Xuanshu noticed this scene, and his mouth opened yet closed once more because he didn't know what to say.

Or perhaps, when he met the young woman for the first time three days ago, shock had arisen in his heart, and he was unable to refuse her request, nor could he bear to kick her out of the academy.

Even if he didn't know this young woman at all, but her appearance...was truly too alike to his Youngest Martial Uncle!

...

Yes, the appearance of this young woman in a violet dress was 70% similar to Chen Xi!

Especially her brows that were pitch black like inch and straight like sharp swords and her straight nose, they simply seemed as if they were cast from the same mold as Chen Xi.

No matter who laid eyes upon this young woman, Chen Xi's appearance would float into appearance in their minds at the first possible moment. Under such circumstances, there was probably no one that dared deny any relationship being present between her and Chen Xi!

Who is she?

What sort of relationship does she have with Chen Xi?

For three whole days, Qiu Xuanshu had been constantly thinking over these questions. He'd been constantly questioning her in a roundabout way with the intention of obtaining the answer from the young woman. Unfortunately, no matter how he asked, she wouldn't answer him at all.

"You're..." Chen Xi suddenly spoke while his face carried a wisp of an indescribably complicated expression. He seemed to be excited yet didn't dare confirm his suspicions, and only after he spoke did he notice that his voice had actually become hoarse and was trembling at this moment, yet even he himself was unable to control it.

The young woman seemed as if she'd awakened from a dream. She took a deep breath and stood up while her red lips were puckered together tightly, and she seemed to be stubborn as she raised her head and stared at Chen Xi, yet she still didn't speak a single word.

It seemed as if...she wanted to confirm that the man before her was that figure that she'd always been thinking about and looking forward to meeting in all these years.

The fiery red glow of the setting sun covered the young woman's slender and graceful figure in a divine glow, and her soft wine red long hair swayed in the wind, causing her to seem extremely striking.

For some unknown reason, when he saw the young woman pucker her red lips together tightly and gazed upon her firm and stubborn expression, Chen Xi's heart felt as if it was blocked up, and he inadvertently thought of his youth. At that time, for the sake of surviving and taking care of both his grandfather and younger brother, wasn't Chen Xi silent, sedate, stubborn, and firm like this?

Suddenly, the young woman seemed to have made up her mind, and she gazed at Chen Xi as she said seriously, "My mother was captured. After I thought about it over and over again, the only person left in this world that can help me and my mother is you. So...I came."

As she finished speaking, she silently clenched her fair hands together tightly, and because she used too much force, the nerves on the back of her hand bulged up. She seemed as if she was utilizing her entire strength to try her best and control her emotions.

However, when she finished speaking, her entire body still trembled imperceptibly, and she was on the verge of losing control.

She seemed like a firm yet lone wolf cub that was utilizing icy cold reason to warn itself to stay calm because only in this way would she be able to at least maintain some dignity.

Unfortunately, some things were bound to exceed one's calm and reason. Just like this very moment, once she faced Chen Xi, she was already unable to maintain the strength she usually possessed.

On the other hand, when he heard these words, Chen Xi's mind rumbled, and he felt as if he was struck by lightning. He couldn't help but speak in a trembling voice. "Your mother is... Fan Yunlan?"

This was a name that he was bound to be unable to avoid for his entire life.

Because that incident from all those years ago had somehow caused an intimate relationship to be formed between him, Fan Yunlan, and Qing Xiuyi.

After so many years had passed, he was only aware that Qing Xiuyi had given birth to a son for him, Chen An. But never had he imagined that Fan Yunlan...had actually given birth to a daughter for him as well...

This sort of feeling was truly too complicated!

It caused him to be surprised, overjoyed, guilty, uneasy, and so on and so forth. A myriad of emotions coiled around his heart, and he was entirely taken by surprise.

He was naturally sure that the young woman standing before him was his daughter because the natural blood relation between them couldn't deceive Chen Xi's gaze at all!

When she heard the words 'Fan Yunlan,' the young woman puckered her lips and kept silent, and she seemed to tacitly approve it.

Chen Xi was unable to restrain the emotions in his heart when he saw this, and he intended to move forward because he had too many things to ask...

However, the young woman seemed to arouse vigilance towards him, and she said, "Don't come any closer!"

Chen Xi was instantly stunned, yet not only was he not infuriated, he felt even more guilty, and he said, "I've let both you and your mother down in these years." He spoke word by word, and it revealed a wisp of sadness.

"You're probably forgotten us, right?" The young woman suddenly laughed coldly, and her voice revealed a wisp of ridicule and even hatred.

These words were like blades that forcefully pierced into Chen Xi's heart, causing his countenance to instantly become pale. At this moment, he suddenly recalled the scene of him listening to his father, Chen Lingjun.

At that time, he hated his father just like this, and he didn't understand why his father had acted in that way...

Yet now, when facing this young woman in a violet dress, when facing his own daughter, Chen Xi finally understood Chen Lingjun's feelings at that moment.

That sort of guilt and pain was truly impossible to be described with words.

"I'm sorry. I don't have any reason to question anything about you." Suddenly, the young woman lowered her head and said, "Out of consideration for the blood relation between us. Please help me save my Mother. Once this matter is resolved, I guarantee that I'll never appear before you again."

Chen Xi's expression instantly became extremely unsightly, and his heart was blocked up to the point he was almost suffocated. His own daughter had actually sworn to never meet him again after meeting him for the first time...

A strand of dense hatred, regret, and self-blame erupted like a volcano and surged into Chen Xi's heart, and he lowered his head and fell into silence.

After a long time, he finally raised his head and looked at the young woman as he said, "Come, let's go rescue your mother first."

Chapter 1512: Intent To Kill

The young woman couldn't help but be slightly stunned when she suddenly heard Chen Xi's decision, and she puckered her lips while her gaze towards Chen Xi wasn't so stubborn and unyielding as before.

"I'm going out for a while. I'll leave the academy to you." Chen Xi turned around and looked at Qiu Xuanshu.

“Martial Uncle, go at ease.” Qiu Xuanshu hurriedly agreed. At this moment, he finally knew that the young woman was actually his Youngest Martial Uncle’s daughter, and he couldn’t help but sigh with emotion in his heart while feeling embarrassed.

After all, this could already be considered a family affair of Chen Xi’s, and it wasn’t really good for an outsider like him to be present here.

“Let’s go.” Chen Xi flicked his sleeve and teleported with the young woman to leave the academy.

Youngest Martial Uncle’s current cultivation has obviously stepped foot into the Halfgod Realm. I wonder who captured that young woman’s mother. He really has touched Youngest Martial Uncle’s reverse scale now... Qiu Xuanshu stood on the spot and pondered deeply without end.

Earlier, when he met Chen Xi, he’d noticed that Chen Xi’s aura had changed after returning from Oracle Mountain. It had exceeded the Immortal King Realm and stepped foot into the ranks of Halfgods!

This meant that even if the gods of the three dimensions made a move against Chen Xi, they would be unable to harm Chen Xi’s life at all!

It was precisely based on this understanding that Qiu Xuanshu suddenly felt slight pity towards those enemies that had touched Chen Xi’s reverse scale, because wasn’t this no different from courting death?

Especially because Qiu Xuanshu had also noticed that Chen Xi’s current mood was...very bad!

...

“Who took your mother?”

“The Xeno-race.”

“The Xeno-race?”

“Yes.”

“When?”

“Five days ago.”

“Do you know where she was taken?”

“The Outerealm Battlefield.”

Swoosh!

A ray of glowing light tore through space. Chen Xi teleported with unbelievable speed, and he shot towards the Outerealm Battlefield at full speed.

Chen Xi had come to the Outerealm Battlefield in the past. At that time, he was still a student of the outer court, and he’d come here along with the instructors of the academy to participate in the inner court exam.

It was also at that time that he’d obtained Emperor Yu’s Nine Continent Divine Cauldrons

Now, when he headed here once more, Chen Xi couldn't be compared to the past any longer. No matter if it was his Heart Energy or cultivation, they'd long since stepped foot onto a height that could look down proudly upon all Immortal Kings in the three dimensions. So he naturally wouldn't take those Xeno-race experts seriously.

All along the way, Chen Xi tried to talk with the young woman. Unfortunately, besides some matters related to Fan Yunlan's capture, the latter would pucker her lips and keep silent without answering him at all.

This caused Chen Xi to sigh once more in his heart. He only hoped that once he rescued Fan Yunlan, he would be able to improve this relationship between him and his daughter that seemed like a 'cold war' right now.

"Why would the Xeno-race suddenly capture your mother?" At this moment, Chen Xi could only discuss topics like this. Actually, it didn't matter if he knew the answer or not because since the moment he knew Fan Yunlan had been captured by the Xeno-race, it was sufficient reason for Chen Xi to kill.

"After my Mother's master left, my Mother and I left the Devil Dimension, and we lived in a world near the Outerealm Battlefield. Originally, we thought that we would live out our lives like this, yet never had we expected that the calamity of the three dimensions would erupt, and then the Xeno-race that lived on the other side of the Boundary River seized this opportunity to launch a large scale attack. They attacked many areas of the three dimensions, and the world my mother and I lived in was unable to escape them either..." The young woman spoke with a calm tone that didn't contain any fluctuations of emotions. It was as if she was describing a fact.

However, she'd already spoken in the end, and it caused Chen Xi to be very gratified in his heart. But right after that, his attention descended onto the Xeno-race.

Recently, he'd been constantly going against the Sovereign Sect, and it had caused him to almost forget the existence of the Xeno-race. Yet now, he'd finally come to realize that at this moment where the three dimensions were in upheaval, the Xeno-race would definitely not miss such a superb opportunity to invade the three dimensions.

"What're their strengths like?" Chen Xi continued with another question.

"There are a few Xeno-race experts equivalent to the Immortal King Realm amongst them. If it wasn't for that, they would absolutely be unable to do anything to my mother." When she spoke up to here, the young woman suddenly raised her head and glanced at Chen Xi. She wanted to say something, yet she restrained herself in the end and lowered her head once more.

However, this action of hers caused Chen Xi's spirits to be raised. Was she...worrying about whether I would be a match for those Xeno-race experts just now?

When he thought up to here, a strand of indescribable happiness surged within his heart, and it was even to the extent that he was even happier than when his cultivation improved. Moreover, a wisp of a smile couldn't help but suffuse the corners of his mouth.

“Don’t misunderstand. I’m just worried that you won’t be able to rescue my mother once you die.” The young woman glanced at him and spoke coldly while her soft wine red long hair fluttered with the wind, and it caused her pretty and fair face to seem even more extraordinary.

Chen Xi was stunned, and then he said in a serious tone, “Don’t worry, even if I have to pierce a hole through the heavens, I’ll definitely rescue your mother.”

His calm voice didn’t carry a resolute tone at all, yet it revealed absolute confidence. Moreover, it faintly carried a great spirit of looking down upon all living beings in the three dimensions.

It was unknown if she was affected by Chen Xi’s aura, but the young woman’s expression became much gentler, and she went silent for a long time before she said, “I hope you can accomplish it.”

Chen Xi smiled and neither agreed nor disagreed.

He knew that the gap between him and his daughter was too deep, and it was impossible to change her views of him in a short period of time. However, so long as he ceaselessly worked hard on it, he would definitely be able to make her truly accept him.

...

Ten minutes later, a vast silver river appeared within their field of vision.

This silver river was like a natural chasm that lay across the universe, and it completely separated the Immortal Dimension and the Outerealm. The forces of the three dimensions were on this side of the river while the Xeno-race were on the other side.

This was the Boundary River. It was deep, boundless, and continued on without end. From the ancient times until now, it had always been a place of war and slaughter. Countless wars that shook the heavens and the earth had erupted here, and the bones of innumerable shocking figures had been buried here.

Chen Xi still remembered that when he arrived here for the first time all those years ago, the outer court’s Dean, Zhou Zhili, had said pridefully that the three dimensions were able possess peace and flourish now because of the hot blood and lives of their predecessors that had fought here. They were the true meritorious figures of the three dimensions!

Now, when he revisited this place, Chen Xi was unable to arouse such pride instead.

Because the Boundary River before him had long since been invaded and occupied by the Xeno-race while even the territory of the three dimensions on this side of the Boundary River had fallen into the hands of the Xeno-race!

When Chen Xi gazed over at this moment with his current ability, all the territories, areas, space, and Secret Realms outside and inside the Boundary River were filled with the figures of Xeno-race experts, and they formed a dense mass like locusts.

On the other hand, when he looked around the surroundings, he couldn’t find a single cultivator from the three dimensions!

In other words, the entire Boundary River had become the territory of the Xeno-race.

Besides making Chen Xi feel infuriated in his heart, Chen Xi couldn't help but hate the Sovereign Sect even more deeply. Even if the calamity had descended, if the Sovereign Sect didn't seize the opportunity to cause trouble, then it would be impossible for the Xeno-race to have broken the three dimension's line of defense at the Boundary River and kill their way into the three dimensions!

"Who is it!?"

"Hmm? There are actually two more natives of the three dimensions!"

"Quickly capture them!"

Meanwhile, a group of Xeno-race experts suddenly charged out of space, and their faces surged with a wisp of undisguised savage and delighted expressions when they saw Chen Xi and the young woman in violet clothes.

The young woman's heart constricted. Never had she imagined that they would be discovered as soon as they arrived here.

Swish!

Chen Xi didn't even spare them a glance when facing such a situation, and he lightly flicked his sleeve, causing a strand of invisible energy to sweep out. In an instant, that group of Xeno-race experts didn't even have the time to react before they were completely obliterated!

Even their voices had vanished without a trace, and they didn't leave any trace of their existence behind at all!

"Come, let's go rescue your mother first, and we'll deal with these pieces of trash on the way back."

Chen Xi spoke with a calm expression, and he seemed as if he'd done an extremely ordinary and trivial thing.

However, it was indeed a trivial matter to him now. If it wasn't for the sake of not alarming the Xeno-race and allowing any mishaps to occur, he would be able to completely annihilate all the Xeno-race experts inside and outside the Boundary River in mere moments!

This wasn't exaggerated. After all, he was currently an existence at the Half-god Realm. Moreover, he'd attained an unprecedented height in this realm. He was able to shatter an entire world into pieces by just blowing out a mouthful of air!

...

Fan Yunlan was captured from the Gold Bamboo World, and it was a small territory at the border of the Boundary River.

Swoosh!

Under the instruction of the young woman, Chen Xi arrived here in next to no time.

The Gold Bamboo World wasn't big at all. It was densely covered in desolate plains, deserts, barren mountains... The heavens and the earth were boundless, and the environment was extremely adverse.

Chen Xi was truly unable to imagine why Fan Yunlan hadn't come looking for him during these years and just had to bring their daughter along to live in such a place.

Could it be that...she was worried I wouldn't meet her? Or perhaps, she forgot me a long time ago?

Chen Xi took a deep breath and shook his head as he discarded the distracting thoughts in his mind.

After that, an extremely enormous will suddenly swept out from within his body, and in the time of a few breaths, it had enveloped every single area of the entire Gold Bamboo World.

After that, all sorts of scenes were reflected within Chen Xi's mind.

Groups of Xeno-race experts resided within every single area of Gold Bamboo World. Some were torturing and murdering their prisoners, some were cultivating, some were drinking wine and celebrating...

Amongst them, the Xeno-race expert with the highest cultivation was comparable to the Immortal King Realm. His entire body was covered in black fur that seemed like iron needles, his figure was tall like a mountain, and his eyes that were like bronze bells revealed a strange light violet glow. His entire figure seemed like that of a barbaric bear from the primeval times.

Chen Xi identified this expert to be an expert from Barbatu World. They were born with boundless physical strength, and they were savage and cruel. Moreover, they loved to devour the flesh and blood of their enemies.

Just like at this moment, this expert from Barbatu World was utilized a sharp blade to enjoy a bloody feast. Shockingly, all the dishes were pieces of severed limbs, and there was no lack of internal organs, tendons, blood, and other such parts amongst them!

When he sensed this scene, Chen Xi's expression instantly sank, and a wisp of a bad feeling surged into his heart. He asked. "Was your mother captured by him?"

As he spoke, he flicked his finger, causing a screen of light to appear before the young woman. Shockingly, the scenes of that expert from Barbatu World eating raw flesh and blood appeared on it.

"Yes. This fellow was amongst the Xeno-race that attacked my mother!" The young woman recognized this expert with a single glance, and her clear eyes revealed a wisp of deep-rooted hatred.

"Let's go." Chen Xi's eyes narrowed while a sharp glow and killing intent surged within them.

"Go where?" The young woman was stunned.

"To kill." Chen Xi lightly spat out these two words, and then with a flick of his sleeve, he took the young woman along as he flashed and vanished on the spot.

At practically the exact same time, a strand of terrifying killing intent silently effused out throughout the entire Gold Bamboo World. At this moment, even the heavens and the earth wailed while the surroundings dimmed.

Chapter 1513: Crushing His Enemies In An Overbearing Manner

Gold Bamboo World.

Within a tent of the Xeno-race army.

Tu Guang was swallowing down his blood feast. The plates were filled with severed limbs, and all of them belonged to cultivators of the three dimensions that he'd killed himself. Moreover, their cultivations were at least at the Half-step Immortal King Realm.

Such meat was the most delicious. As a supreme Immortal King of the Barbatu World, even Tu Guang was never able to enjoy a feast of such a level before they'd invaded the three dimensions.

However, it was different now. Their Xeno-race army had already passed the Boundary River and captured many territories of the three dimensions. This also meant that so long as he wanted to, he could enjoy all sorts of fresh feasts of meat at any time.

"Alas! What a pity! That little girl was seized away by those fellows, otherwise if I was able to eat a piece of her flesh, then my cultivation would absolutely be able to improve." Tu Guang was biting on a bloody severed arm when he suddenly recalled the female Immortal King that they'd captured here a few days ago, and he couldn't help but sigh.

Ah! An Immortal King! How tasty would her flesh be?

Tu Guang couldn't remember the last time he'd tasted the flesh of an Immortal King.

He was suddenly felt his interests flagging slightly, and he tossed away the severed arm in his hand that he hadn't finished. After that, he wiped the stains of blood on the corners of his mouth and muttered. "Presently, the three dimensions are in great chaos while the gods have ceased to exist. It's the best time to hunt and kill Immortal Kings. Perhaps I'll be able to capture a real Immortal King next time and enjoy myself properly... Hmm?"

Right at this moment, his brows raised as he seemed to have noticed something, and he suddenly stood up.

Rumble!

His figure that was enormous like a mountain instantly tore apart the entire tent, and the black hair that were like iron needles on his entire body were suffused with strands of violent aura.

"Who is it!?" His large eyes that were like bronze bells swept towards the distance, and they emanated a ferocious glow.

Over ten thousand members of the Xeno-race army were stationed nearby this tent. So when they saw this scene, all of them were alarmed, and they immediately stopped what they were doing before they stood up and prepared for battle.

Wu~ Wu~ Wu~

At this moment, the heavens and the earth had suddenly dimmed down, and it seemed as it was wailing while the wind and clouds surged. A strand of extremely terrifying killing intent swept over like tidewater, and it instantly enveloped this entire expanse of the heavens and the earth.

As a Xeno-race expert comparable to the Immortal King Realm, Tu Guang felt a strand of an oppressive aura at the first possible moment. However, not only did he not become nervous because of this, it made him feel even more excited, and his eyes surged with a bloodthirsty and excited glow.

He roared with laughter with his head held high. “Hahaha! An Immortal King from amongst the natives of the three dimensions! I was just thinking of trying the taste of an Immortal King, yet I never expected that one would actually come give himself up to me!”

Amidst his roaring laughter, his figure suddenly rose from the ground, and a bloody halberd had already appeared in his right arm that was thick like a stone pillar. It emanated a myriad of strands of blood red light that dyed the heavens and the earth red, and its aura was monstrous.

An Immortal King!

All of the members of the Xeno-race army became excited when they heard an Immortal King had actually come to attack. They firmly believed that with the presence of Commander Tu Guang, it would be sufficient to make this Immortal King from the natives of the three dimensions to leave his life behind!

Two figures suddenly appeared in the distant horizon, and they strode through space and didn’t conceal their figures at all.

It was exactly Chen Xi and the young woman in violet dress.

“Haha! Commander, there’s even a little girl by that Immortal King’s side. Why don’t you leave that little girl for us to enjoy after we kill him?” A Xeno-race expert whose face was covered in tattoos and possessed a ferocious imposing aura smirked.

All the nearby Xeno-race experts started roaring with laughter when they heard this, and they all had lustful expressions. They seemed as if they’d taken Chen Xi and the young woman to be food on their plates.

Pu!

But right at this moment, the eyes of that Xeno-race expert who’d just spoken suddenly opened wide while his smile froze. In the next instant, his neck was suddenly sliced open, causing a torrent of scarlet red blood to shoot out, and then his entire body crashed to the ground.

Everyone present in the surroundings was shocked by this scene, and they fell into silence while feeling disbelief.

Because one of their companions had actually been soundlessly annihilated right under Commander Tu Guang’s nose!

At this moment, Tu Guang’s eyes couldn’t help but narrow as well.

Stomp! Stomp! Stomp!

Chen Xi strode over, step by step, through the sky. From the beginning until the end, his expression was calm and composed, and he seemed as if he was strolling through his own backyard.

On the other hand, along with every single step he took, an invisible spatial ripple would spread out, and everywhere it passed, it was like an invisible blade that swept through the surroundings.

Pu! Pu! Pu!

In an instant, blood sprayed throughout the surroundings like a string of fireworks, and one could clearly notice that everywhere Chen Xi passed, all the nearby Xeno-race experts would be like weeds that were reaped by a sickle and fell down in groups.

From the beginning until the end, no one was able to evade death, nor was anyone able to survive. Only fresh blood sprayed through the surroundings while corpses fell to the ground, and the oppressive sound of death resounded.

The pungent smell of blood started to suffuse the heavens and the earth, yet everything occurred soundlessly.

The young woman at the side was originally perturbed. After all, they were facing a Xeno-race army that consisted of over ten thousand members, and a Xeno-race expert comparable to the Immortal King Realm. It caused her to be unable to avoid feeling nervous.

However, when she saw this scene, besides feeling shocked, the anxious emotions that coiled around her heart couldn't help but be dispersed completely. Especially when she looked at that man who accompanied her, an unprecedented feeling of safety actually arose in her heart.

It seemed as if so long as he was present, then no one in the world could harm her.

This sort of feeling was unfamiliar to her, yet she felt a feeling of safety that she hadn't felt in her entire lifetime. It caused her to even be taken slightly by surprise, and she didn't know if she should accept such a feeling.

She who'd lived with her mother since she was young had never felt such a feeling of safety from a stranger.

Wait!He...he isn't a stranger...

When she thought of the relationship between herself and Chen Xi, the young woman's heart was in chaos, and she puckered her lips and kept quiet.

The slaughter was still going on.

Group after group of Xeno-race experts were silently falling to their death while blood sprayed throughout the surroundings, and it dyed the ground red to the point it was horrifying, yet gorgeous.

Tu Guang's pupils constricted once more when he witnessed this scene, and the veins on the hand he held the halberd with had bulged up.

"Damnable native, die!" In the end, he was unable to restrain himself any longer, and he took the initiative to attack. The halberd fluttered through the sky and carried along a monstrous wave of blood as it shot explosively towards Chen Xi who stood in the distance.

Right at this moment, Chen Xi suddenly stopped moving.

At this instant, a strand of terrifying fluctuation suddenly swept out from his body, and the remaining members of the Xeno-race army seemed as if their throats were being choked at this moment. Their entire bodies stiffened before their entire bodies exploded into pieces!

Bang!

Chen Xi didn't spare a glance towards all of this, and he raised his hand and flicked it lightly. A strand of shapeless Sword Insight sprayed out and carried an otherworldly aura as it forcefully dispersed Tu Guang's attack.

"Tell me where that woman you captured five days ago is." Chen Xi spoke while his dense jet black long hair fluttered. As he stood there casually, he naturally emanated an extremely oppressive aura of supremacy and arrogance.

Even though his voice was calm, it revealed an unquestionable tone. It seemed like if Tu Guang dared to not answer him, then Tu Guang would be annihilated in the next moment.

This sort of overbearing and oppressive force caused Tu Guang's expression to change once more, and he finally realized that this fellow before him was absolutely not an ordinary Immortal King from the three dimensions.

"Hehe. So, you've come for her. Unfortunately, I've already torn her to pieces and swallowed her piece by piece. Look, just like that." Tu Guang took a deep breath and started to laugh in a savage manner. As he spoke, he suddenly pointed behind him. Originally, there was a tent there, yet it had already collapsed now, and one could clearly see plates that were filled with severed limbs piled up there.

Swish!

Strands of the glow of divinity suddenly surged explosively within Chen Xi's eyes, and then they transformed into bolts of lightning that sliced the space before him into pieces.

He was enraged because this bastard had already touched his reverse scale!

"Since you're unwilling to tell the truth, then I'll make you tell me obediently!" Amidst his indifferent and icy cold voice, Chen Xi's figure suddenly vanished on the spot.

Tu Guang's heart jerked because he was actually unable to lock onto Chen Xi's aura. This caused him to suddenly arouse a feeling of extreme danger, and he instinctively swung the halberd in his hand in a sweeping arc to defend himself.

Bang!

A large hand that blotted out the sky tore through the sky and arrived before him. It utterly disregarded how perfect Tu Guang's defense was and forcefully descended, and it seemed to be extremely simple and crude.

Bang!

The halberd trembled as Tu Guang's enormous body was actually forcefully smashed down to the ground like a comet, and he smashed open a large crater in the ground.

He was actually completely defeated by a single strike!

This obviously showed exactly how shocking Chen Xi's strength was now.

"No!!! It's impossible for you to possess such a terrifying strength. Who exactly are you!?" Amidst his loud roar, Tu Guang's figure emerged from within the ground, and his expression was filled with extreme terror.

Bang!

Chen Xi didn't speak. He moved forward once more and then smashed his fist down towards Tu Guang.

It was an extremely simple punch, yet it was covered in a strand of the aura of divinity, and it even emanated boundless profundities of the Grand Dao. It enveloped the entire surroundings, and it locked down all Tu Guang's paths of retreat.

"Damnable native! I'll fight you with all I have!" Tu Guang's expression suddenly changed as he'd realized how terrifying this punch was. Strands of terrifying fluctuations surged out from the black hair on his body that seemed like iron needles, and he held the halberd in his hand as he attacked Chen Xi desperately.

Bang!

Unfortunately, he'd overestimated himself and underestimated Chen Xi's might. When this punch descended, it didn't just heavily injure him, even the halberd in his hand was blasted into pieces, and it transformed into a rain of light that sprayed throughout the surroundings.

Pu!

Tu Guang coughed up mouthfuls of blood. His chest had sunk down while countless bones within his body had broken, causing blood to spray from his entire body, and he seemed to be in an extremely horrifying state.

"Why! Why is it like this? Is this strength something an Immortal King can possess?" Tu Guang roared loudly. He was finally terrified, and the gaze he shot at Chen Xi couldn't help but carry a wisp of horror and fear now.

Bang!

Chen Xi remained silent as he attacked explosively once more.

"Bastard! Damnable native! Just you wait! This time, there are more than ten supreme commanders residing within my Xeno-race army, and you'll die soon enough!" Tu Guang's entire body shivered, and he actually tore space open with the intention of fleeing.

Bang!

But right when he tore space open, a strand of enormous force smashed onto him, causing his head to drone and feel dazed. His entire body was once again forcefully smashed onto the ground, and all the tendons and bones within his body had exploded into pieces!

When looked at from afar, his entire body was like an enormous 'meat biscuit,' and his figure was mangled and in an extremely horrifying state.

"Kill me if you have the balls! Bastard!!" Tu Guang roared furiously.

"Kill you? It won't be that easy." Chen Xi walked over while his expression still remained calm and composed as before. However, it was precisely this sort of expression that terrified Tu Guang to the point his soul almost left his body, and he felt as if he'd fallen into an icy pit.

Talisman Emperor

Chapter 1514: Attacking Demonification Gorge

In the blink of an eye, a Xeno-race expert comparable to the Immortal King Realm was defeated by Chen Xi and was powerless to struggle before him!

The young woman couldn't help but be slightly stunned when she witnessed this scene, and she gasped without end. She finally realized that the man in the distance who was related to her by blood was far more formidable than she'd imagined!

But...since he's so formidable, then why hasn't he come looking for us in all these years? The young woman was stunned while waves surged within her heart, and she was unable to calm down.

Om!

A green palace lantern floated into appearance, and then strands of divine flames drifted out from within it.

Chen Xi stretched out his hand and grabbed, and then a strand of talismans and restrictions swept out. It forcefully removed Tu Guang's spirit from his body, and then it was sealed within the Greensilk Palace Lantern with a bang.

Fizz! Fizz!

The Greensilk Palace Lantern was an ancient Immortal Artifact, and the flames within it were matchlessly violent. As soon as Tu Guang's spirit was sealed within it, it was burned by waves of flames, and it emanated the sound of oil being burned.

"AHH!!! I'll speak, I'll tell you everything. I beg you to grant me a swift death!" It hurt Tu Guang to the point he hissed and let out sharp cries, and his entire soul was twisting violently. He was unable to endure this intolerable pain, and he surrendered completely.

"I'll give you the time of three breaths," said Chen Xi indifferently.

"That woman...isn't dead. She was taken away by the Lord of Emperor Spirit World, Saint Emperor Xu Xiang!" Tu Guang swiftly answered Chen Xi, and his voice carried a wisp of indescribable despair and dejection.

"Saint Emperor Xu Xiang? Where's he now?" Chen Xi continued, and he heaved a sigh of relief in his heart because Fan Yunlan hadn't suffered disaster yet.

"The Demonification Gorge at the center of the Boundary River."

“How many forces are there?”

“There are a total of eight Xeno-race Immortal Kings including Saint Emperor Xu Xiang there, and a Xeno-race army of one hundred thousand. That’s the base camp of our Xeno-race’s forces to attack the three dimensions this time.”

Bang!

When he found out about all of this, Chen Xi didn’t show any mercy and directly annihilated Tu Guang’s soul.

“You...aren’t worried that he’ll deceive you?” The young woman couldn’t help but ask when she saw this.

“He wouldn’t dare.” Chen Xi smiled and didn’t give her any further explanation. With his current senses, it was utterly impossible to deceive him.

“Let’s go to the Boundary River,” said Chen Xi. After that, he teleported and took the young woman along with him as he left.

...

The Boundary River was vast, and it split the Outerealm and three dimensions apart.

A black colored expanse of land floated at the center of the Boundary River, and it stretched on boundlessly.

This expanse of land was the Demonification Gorge.

From the beginning until the end, it had always been a place the forces of the three dimensions and the Xeno-race had contested for because so long as they gained control of Demonification Gorge, they could march into the other side of the Boundary River.

Yet now, Demonification Gorge had fallen to the hands of the Xeno-race.

At this moment, a Xeno-race army of a hundred thousand were camped on Demonification Gorge, and they formed a dense mass that were like locusts and were distributed in every single area of this expanse of land.

Each one of them had a murderous aura, and when converged together, the baleful aura emanated by the army was like numerous black dragons that surged without end in the sky to form an extremely shocking sight.

There was a city that seemed like a fort at the center of Demonification Gorge.

At this moment, numerous mighty figures with imposing auras that shot into the sky were standing on the city wall. There was a total of eight of them, and every single one of them could rival an Immortal King in might!

These eight people were the supreme kings from eight worlds in the Outerealm!

"Tu Guang is dead." The thin black robed man at the center spoke while frowning. He had fair and clear skin and eyes that were like a pair of red gemstones and completely scarlet red, and they emanated a terrifying glow. He was Saint Emperor Xu Xiang.

If Chen Xi was here, he would definitely be able to identify that Xu Xiang was that white haired Saint Emperor that had escaped from behind the Door of Profundity within the Dark Parasol's Abyss!

At that time, even the joint forces of the tiny cauldron and the brand left behind by the Ant Exalt were unable to make him leave his life behind, and his strength was extremely terrifying.

"Chi Yan, have you deduced the identity of this person?" Saint Emperor Xu Xiang glanced at a man at the side.

This man wore a fiery red robe, and the space between his brows was branded with an obscure talisman tattoo. At this moment, he was deducing something with his eyes closed, and his entire body surged with strands of a mysterious fluctuation.

He was Saint Emperor Chi Yan, a supreme king that came from Spark Blaze World, and he was extremely skilled in the art of deduction.

"I'm unable to deduce anything. This person's fate is extremely unusual, and it's actually completely concealed..." Saint Emperor Chi Yan frowned as he opened his eyes, and it revealed a wisp of a solemn expression. "This sort of signs display that this person's strength is probably extraordinary."

The other Saint Emperors frowned when they heard this, and their eyes narrowed.

The three dimensions were currently suffering the Sovereign Sect's invasion, so all the Immortal Kings worried for their own safety. Under such circumstances, would anyone have the time to pay attention to the matters here?

"Do all of you think it might be that young man that has just taken over Dao Emperor Academy? Presently, he's the most famous within the three dimensions, and he has annihilated many Immortal Kings in succession. Even the Sovereign Sect retreated in defeat before him and were unable to do anything to him." Saint Emperor Xu Xiang's brows raised as he spoke.

"Chen Xi?" The other Saint Emperors recalled who this was when they heard this. During this period of time, the news of Chen Xi furiously slaughtering groups of Immortal Kings was truly too shocking. It caused all of these experts from the Xeno-race to pay attention to Chen Xi since a long time ago.

"If it really is that young man, then he'll probably be slightly difficult to deal with." Saint Emperor Chi Yan pondered deeply before he spoke.

"Hmph! What're you afraid of? If he really does come, then our ability would be sufficient to make him leave his life behind. In this way, it's equivalent to sweeping away a barrier to our attack on the three dimensions." Another Saint Emperor spoke coldly and was indifferent.

"No matter what, since this Chen Xi was able to obtain such a reputation in the three dimensions, he absolutely can't be compared to an ordinary Immortal King. We should still prepare first." Saint Emperor Xu Xiang waved his hand and decided. "Gui Su, Chi Yan, Xuan Chen... All of you command the troops and jointly set up the Ancestral Spirit God Refinement Formation."

The Ancestral Spirit God Refinement Formation! The other Saint Emperors were surprised when they heard this because it was their trump card. Yet Saint Emperor Xu Xiang intended to mobilize the troops to set up this formation merely for the sake of a guess, and they felt that he was making a big deal out of nothing.

“Tu Guang is dead. I don’t wish to see anyone else perish.” Saint Emperor Xu Xiang swept all of them with his gaze and said, “Just do as I’ve said.”

At this moment, even if the other Saint Emperors still felt indifferent towards this matter in their hearts, they could only receive their orders and immediately split up and leave the city wall.

“Saint Emperor, that woman still refuses to submit.” Suddenly, a voice entered into Saint Emperor Xu Xiang’s ears.

He frowned while a wisp of dense killing intent surged out from his eyes. “Tell her that if she doesn’t cooperate, then we’ll extract her soul and seal it within a Soul Combat Puppet. At that time, she’ll have no consciousness at all, and she can only transform into a monster that’s neither man nor beast!”

After he gave these instructions, his gaze swept towards the distance. He suddenly noticed a figure was traversing the Boundary River from extremely far away, and it was passing through layers of space and heading over here swiftly.

“It really is that kid!”

“Haha! I never expected that he would really dare come here!”

“Only a little girl is following by his side. This kid is really arrogant, huh? Could it be that he thinks our Xeno-race army is just a decoration?”

At practically the exact same moment, the other Saint Emperors that were spread throughout the various areas of the Demonification Gorge since a long time ago had noticed this figure, and all of them sneered.

“Set up the formation!” Saint Emperor Xu Xiang waved his hand from the city wall.

Rumble!

In an instant, the entire Demonification Gorge was covered in movement. Group after group of Xeno-race troops flew into the sky, and they joined forces to set up numerous restrictions under the command of the seven Saint Emperors.

In the end, all of these restrictions fused together and transformed into a complete grand formation, and it covered the entire Demonification Gorge and emanated a strand of a terrifying and monstrous aura.

...

Chen Xi witnessed this scene from afar, yet his figure didn’t stop at all, and from the beginning until the end, he didn’t reveal any emotions and was calm to the extreme.

“You...intend to go head on against them?” As she looked at Demonification Gorge that lay in the distance and sensed the terrifying killing intent that effused out from it, the young woman couldn’t help but feel a wave of terror in her heart.

Eight Saint Emperors and an army of a hundred thousand Xeno-race troops!

Could anyone not be terrified when facing such a terrifying force?

Chen Xi patted her on the shoulder. “I won’t act rashly. I’ll have to make you hide for now, and you can come out once I’ve rescued your mother.”

The young woman’s entire figure stiffened when she was patted by Chen Xi’s palm. She seemed to resist it slightly, yet she didn’t struggle in the end, and it could be considered that she’d tacitly approved of this sort of concern from him.

Chen Xi couldn’t help but grin when he saw this, and then he flicked his sleeve and hid the young woman within an Immortal Artifact in his possession.

Swoosh!

After he did all of this, Chen Xi didn’t hesitate any longer, and he rushed to Demonification Gorge at full speed. His speed was exceptionally swift as he tore open layer upon layer of space, and he’d actually arrived before Demonification Gorge in an instant.

“That quick?” All the seven Saint Emperors residing in the various areas of Demonification Gorge were shocked.

“Hmm?” At practically the exact same moment, a cold light flashed within the eyes of Saint Emperor Xu Xiang that stood on the city wall as he gazed at Chen Xi’s who’d instantly rushed over, and then latter’s gaze looked over from afar as well.

Their gazes that were filled with killing intent collided.

“Interesting. His strength seemed to have already arrived at the Utter Peak Rank of the Immortal King Realm. No wonder he dared to attack by himself.” Saint Emperor Xu Xiang laughed coldly.

“Unfortunately, isn’t attacking all by yourself like putting a noose on your head? Could it be that this fellow thinks he’s a god that can sweep through everything?”

...

Meanwhile, the hundred thousand Xeno-race troops on Demonification Gorge had noticed Chen Xi as well.

“Has this native of the three dimensions gone mad?”

“That’s Chen Xi, right? I heard he’s the most renowned Immortal King in the three dimensions now. However, he’s actually arrogant to the point of daring to directly charge over like this. He’s simply courting death.”

“I think so too.”

When they saw Chen Xi arrive all by himself, all of those Xeno-race troops felt that this rather renowned Immortal King of the three dimensions had gone mad and was simply courting death.

Clang!

Chen Xi remained indifferent towards all of this, and he casually withdrew the Talisman Armament before he attacked.

“Go, stop him!” Within Demonification Gorge, Saint Emperor Gui Su gave the order and commanded an army of over ten thousand Soul Combat Puppets to attack.

Bang! Bang!

Instantly, group after group of Soul Combat Puppets soared into the sky like a dark cloud. They formed a dense mass that attacked explosively, and they even caused the surrounding space to shatter into pieces. All of these Soul Combat Puppets were created by the Ghostcraft Clan, and the most formidable amongst them was comparable to the Half-step Immortal King Realm.

Saint Emperor Gui Su didn’t hope that they would be able to annihilate Chen Xi because so long as they were able to keep Chen Xi busy for a moment, then it would be sufficient for him to set up a slaughter formation to trap and kill Chen Xi.

[Talisman Emperor](#)

Chapter 1515: Invincible

Soul Combat Puppets weren’t new to Chen Xi.

A long time ago in the Dark Reverie, he’d once obtained the Emperor of Control’s Scripture, and it was the supreme inheritance of the Ghostcraft Clan that contained the methods to forge Soul Combat Puppets.

Moreover, Mortis was similarly a Soul Combat Puppet. All those years ago while he was in the Mortal Dimension, it had revealed extremely shocking combat strength and astounding potential.

At this moment, when he saw these groups of Soul Combat Puppets soaring into the sky and flying explosively towards him, a wisp of a teasing smile couldn’t help but appear on the corners of Chen Xi’s mouth. “What a group of idiots.”

Swoosh!

A golden glow flashed.

The Talisman Armament flashed through the sky and tore apart an otherworldly trace through the sky. As soon as he attacked, the expressions of many experts on Demonification Gorge changed. No matter if it was Saint Emperor Xu Xiang, Saint Emperor Chi Yan, or the other Saint Emperors, all of their gazes were extremely discerning, so they were naturally able to discern how terrifying Chen Xi’s sword strike was.

“What terrifying Sword Insight.” Saint Emperor Xu Xiang spoke with shock.

“This attainments in the Sword Dao...”

Rumble!

This strand of sword light was like a boundless ray of light. It tore through space and carried peerless might as it swept out.

Those Soul Combat Puppets were originally filled with confidence. After all, their own bodies were Immortal Artifacts, so they were the most adept at stalling their enemies. Even if an Immortal King attacked them at full force, it would be very difficult to injure them because all the materials utilized to refine Soul Combat Puppets were rare, and their toughness was no different to a Void Grade Immortal Artifact.

However, when this strand of sword light lit up, all of these Soul Combat Puppets were dazed while their souls trembled. Even if their bodies were heaven-defying, they were existences that possessed souls.

“My god!” They tried to resist with all their might.

Bang! Bang! Bang!

However, this wisp of sword light was sharp to the extreme. Everywhere it passed, Soul Combat Puppets were torn apart one after the other into a mess of limbs. In practically an instant, all of them were crushed into powder and pieces.

It was a stunning scene that threw everyone into silence!

The entire Demonification Gorge had instantly become silent.

Chen Xi remained completely indifferent towards all of this, and it seemed as if he’d done something that was extremely trivial. Moreover, he was still charging forward at a terrifying speed.

“Shit!” On the city wall, Saint Emperor Xu Xiang’s face turned grim. “This kid’s strength is too formidable. Even if it’s in the Immortal King Realm, he’s at the extreme top!”

Earlier, he’d instructed Saint Emperor Gui Su to utilize the Soul Combat Puppets to stall Chen Xi so that the other Saint Emperors could join forces and crush Chen Xi.

But now it would seem like he had no choice but to change his plan.

“Everyone, quickly activate the Ancestral Spirit God Refinement Formation!” Saint Emperor Xu Xiang immediately gave the order.

“Rise!” The other Saint Emperors were already prepared, so they didn’t hesitate to act as soon as they heard this and activated the formation.

Bang!

A strand of terrifying fluctuations of restrictions swept out. It caused the heavens and the earth in the surroundings to fall into an expanse of chaotic black mist, and it even surged with strands of lightning that struck down at Chen Xi.

This formation was said to be capable of refining the gods, and when it controlled by numerous Saint Emperors, they didn’t even have to fear fighting a real god.

“Restrictions?” As he gazed at the strands of the energy of restrictions that was smashing down towards him and the numerous figures of Saint Emperors that could be faintly noticed amidst the restrictions, a wisp of a cold arc couldn’t help but curl up on Chen Xi’s lips.

Swoosh!

He attacked once more with his sword.

In an instant, it seemed as if a strand of lightning had appeared in this expanse of the heavens and the earth! However, it was even swifter than a bolt of lightning!

The terrifying energy of restrictions that surged over were like bubbles before this strand of sword qi, and they were instantly torn apart, whereas the numerous Xeno-race experts that resided within the restrictions were annihilated instantaneously.

Swoosh! Swoosh! Swoosh!

Chen Xi seized this opportunity to repeatedly strike with over a thousand strands of sword qi. They surged and whistled through the surroundings, and they covered the grand formation that enveloped Demonification Gorge with countless holes, causing it to reveal flaws all over it.

Under such an assault, group after group of Xeno-race troops hidden within the grand formation were annihilated, causing blood to spray while corpses crashed to the ground. They didn’t even have the time to react or evade it.

“How could this be possible!?” Saint Emperor Xu Xiang was astounded. “That’s the Ancient Spirit God Refinement Formation. It can even trap a god, so how could it possibly be destroyed so quickly? This...is impossible!”

“Ah!!!”

“Help me! Save me!”

“Quickly evade it!”

Within Demonification Gorge were an entire hundred thousand troops, yet a few tens of thousands of them had actually been killed or injured under Chen Xi’s attack. Such a terrifying and horrifying scene instantly caused all those troops that had survived to collapse. They cried and yelled while they’d completely lost their will to fight.

Even the Ancestral Spirit God Refinement Formation was unable to defend against such an attack, and it caused them to simply seem like ants that might be slaughtered at any moment.

Most terrifying of it all was that from the beginning until the end, Chen Xi hadn’t stopped attacking at all. Sword lights flew through the sky while extremely large expanses of troops were annihilated in the time of a few breaths. They were utterly unable to resist him at all!

“This attainments in the Sword Dao...are too terrifying!”

“No, no it isn’t just that. This kid’s cultivation had clearly exceeded the Immortal King Realm by a great deal. Even if he hasn’t become a god, he’s probably not far away!”

“Wrong! All of you’re mistaken. This kid’s attainments in restrictions are extremely extraordinary. Every single attack of his was struck on the weak point of the formation. It’s simply unimaginable! If it wasn’t for this, he would absolutely be unable to accomplish this.”

At this moment, all the Saint Emperors were shocked, and their expressions turned grim.

“We’re in big trouble!” On the city wall, Saint Emperor Xu Xiang’s heart suddenly sank because Chen Xi’s combat strength was too heaven defying. Even if he’d never underestimated Chen Xi, but when they actually fought, he noticed that the strength Chen Xi possessed had far exceeded his expectations.

However, before he could recover from his shock, an icy cold voice suddenly resounded through the heavens and the earth. “Little Bastard! Do you still remember me? You were only a tiny little cultivator in the Mortal Dimension all those years ago, yet I never expected you’d actually possess your current accomplishments. You can go satisfied to hell when you die here!”

It was the white haired Saint Emperor that had suddenly moved out!

Bang!

His figure flashed through the sky while his silver long hair suddenly straightened. It ceaselessly fluttered and grew before it transformed into silver threads that covered the sky as they shot towards Chen Xi.

Those bright silver strands of hair were like swords and spears. Every single strand was filled with an aura that was peerlessly murderous and fierce. It minced space apart into pieces, and its imposing aura was extremely shocking.

Chen Xi had naturally recognized this Saint Emperor with a single glance. In the past when he was at the Dark Parasol’s Abyss, he didn’t have the slightest strength to shake this Saint Emperor, and it was even to the extent that a single thought of this Saint Emperor would have been sufficient to easily annihilate him then.

But it was different now, Chen Xi wasn’t that tiny little cultivator from all those years ago any longer! It was even to the extent that Chen Xi was afraid of no one in the entire three dimensions!

Swoosh!

At practically the exact same time the white haired Saint Emperor attacked, Chen Xi attacked as well. The Talisman Armament tore through the sky, and a strand of strange and unfathomable sword qi instantly flashed.

Swish! Swish!

The myriad of strands of hair that were silver like snow were severed inch by inch.

Pu!

After that, the head of that white haired Saint Emperor flew into the sky, whereas his headless corpse instantly collapsed while his soul was obliterated. This caused a large number of Xeno-race troops that formed the grand formation to be revealed. The hearts of all these Xeno-race troops collapsed, and they didn’t have the slightest intention to fight desperately. All of them fled madly towards the surroundings.

Swish!

Sword light swept out like a wave, and it drowned all of these Xeno-race troops.

As soon as Chen Xi attacked, he'd utilized his strongest combat strength, and he purely sought to end the fight as quickly as possible because he didn't have the time to waste with these Xeno-race experts. Earlier, he hadn't utilized his Sword Dao when annihilating Tu Guang, yet he was already able to crush and annihilate Tu Guang as easily as snapping a dry twig apart. Now that he'd utilized his full strength, it was obvious how terrifying the might he possessed would be.

No matter if it was the white haired Saint Emperor or the Xeno-race experts within the grand formation. Even though they were huge in number, their strengths were truly too inferior when compared to Chen Xi. So the outcome was predetermined since the moment the battle had begun.

"No!!!"

"Why is it like this!?"

"How could this damnable bastard possibly be so strong!?"

All of this had occurred too quickly. When all of the other Saint Emperors recovered from their shock, the white haired Saint Emperor and all the Xeno-race troops near him were already minced into pieces by the sword qi from Chen Xi. They were completely annihilated!

...

Saint Emperor Xu Xiang's expression turned extremely livid when he witnessed this scene, whereas the other Saint Emperors were shocked in their hearts and felt extremely terrified. This was their base camp that had a hundred thousand troops and eight Saint Emperors residing within it. Moreover, they'd even set up a grand formation that could trap and kill a god. Yet they were still unable to harm Chen Xi at all!

It was even to the extent that all the action they took were actually like paper before Chen Xi and were easily destroyed. Even the white haired Saint Emperor was easily annihilated. How could they not be terrified by this?

"Even if I were to go up against it, I don't have the slightest confidence to defend myself against that sword strike..." Saint Emperor Xu Xiang's heart trembled. That sword strike Chen Xi utilized to annihilate the white haired Saint Emperor earlier was too strange. It was extremely simple, and it caused him to never imagine that it would actually erupt with such a terrifying might. Even he'd misjudged the might of that sword strike because of this.

Chen Xi actually made me, the highest commander of the Xeno-race army, to faintly feel terror? Saint Emperor Xu Xiang was naturally unwilling to believe this. "How could he be so strong? It doesn't make sense. He isn't an existence at the Godrank Realm, so it's utterly impossible for him to accomplish this..."

He swore to god, he absolutely dared to guarantee that Chen Xi hadn't attained the Godrank Realm. However, no matter how he wracked his brains, he was unable to figure out how Chen Xi could be so strong.

It wasn't just him. The other Saint Emperors were horrified as well. They were unable to see through Chen Xi's strength, and it was precisely because of this that Chen Xi seemed even more mysterious in their eyes.

...

Swoosh! Swoosh! Swoosh!

After he annihilated the white haired Saint Emperor, Chen Xi didn't stop at all and continued killing with the Talisman Armament in hand. Sword qi surged and whistled both horizontally and vertically through the heavens and the earth, and it covered the entire Demonification Gorge.

At this moment, this area seemed as if it had transformed into an expanse of purgatory. Shrill and miserable cries filled the surroundings as group after group of Xeno-race troops fell into pools of blood.

The scene was extremely astounding.

Chen Xi was clearly all by himself, yet he seemed like a devil that ruled over life and death. Everywhere the tip of his sword pointed, all things were destroyed, and he reaped numerous lives without showing any mercy at all.

If the living beings of the three dimensions witnessed this scene, their blood would definitely boil as they cheered for Chen Xi. Because if it was in the past, such accomplishments in battle were sufficient to leave a mark that couldn't be erased in the annals of history within the three dimensions, and the myriad of living beings of the future generations would sing praises of this accomplishment.

"Stay your hand!" Suddenly, Saint Emperor Xu Xiang roared furiously, and his voice shook the nine heavens. He was unable to maintain his calm any longer because a single person was about to completely annihilate their Xeno-race's troops that were prepared to invade the three dimensions. He was unable to endure such heavy losses.

However, Chen Xi seemed as if he didn't notice Saint Emperor Xu Xiang's voice at all. His Sword Insight shot into the sky and covered the surroundings, and he was murderous, cold, and emotionless. He seemed as if he'd resolved to annihilate all the enemies that resided here.

"Bastard!!" Saint Emperor Xu Xiang was overwhelmed with rage, and he was unable to restrain himself any longer. His figure suddenly flashed into the sky. "Everyone, join forces with me to crush this bastard! We must not allow him to continue killing!"

Talisman Emperor

Chapter 1516: Crushing The World With A Sword In Hand

Saint Emperor Xu Xiang was utterly enraged.

"Saint Emperors, quickly activate the formation and annihilate this bastard with me!" Amidst his furious howl that shook the heavens, his figure flashed up and entered the battlefield.

Their Xeno-race army had traversed the Boundary River and invaded the three dimensions without difficulty this time, and it could be said to be completely unobstructed and smooth. But no one had imagined that just Chen Xi alone would actually cause them to suffer heavy losses!

Under normal circumstances, the hundred thousand Xeno-race troops and eight Saint Emperors amongst them would be entirely capable of utilizing the Ancestral Spirit God Refinement Formation to restrain the enemy before relying on the might of the grand formation to annihilate the enemy.

However, Chen Xi's strength was too heaven defying, and it had long since exceeded the scope of the Immortal King Realm. As soon as he arrived here, he'd easily destroyed the grand formation and annihilated a few tens of thousands of Xeno-race experts in one go. Even the white haired Saint Emperor had been annihilated in an instant.

Such terrifying and destructive might had utterly terrified Saint Emperor Xu Xiang, he was fearful and filled with disbelief.

He didn't dare hesitate and intended to attack with full force.

As the supreme commander of the Xeno-race army, Saint Emperor Xu Xiang was absolutely unable to watch as all of his subordinates were slaughtered mercilessly.

"Kill!"

"Attack together and annihilate this kid!"

"It's a matter of life and death! We have to go all out!"

The other Saint Emperors received Saint Emperor Xu Xiang's voice transmission, and all of them acted immediately. They were clearly aware that they were already in a life or death situation right now, and their success or failure hinged on this!

Bang!

The numerous restrictions that covered Demonification Ridge were activated once more!

Saint Emperor Xu Xiang resided at the center of the grand formation while the other six Saint Emperors took control of the other areas. Moreover, they'd joined forces and utilized all their trump cards.

Swish!

The image of an enormous axe suddenly condensed into form in the sky, and along with the convergence of godly might, the image of the axe became more and more condensed while its aura grew more and more terrifying.

The axe seemed as if it had chopped the Chaos at the absolute beginning of the world to emerge. It was coiled with strands of the obscure and terrifying aura of Ancestral Spirits, and it was extremely miraculous. The aura of the Heaven Dao it possessed was completely different from the three dimensions, yet it was extremely terrifying.

Rumble!

The grand formation circulated, causing the heavens and the earth to rumble. After this image of an axe appeared, numerous jet black bolts of divine lightning, divine flames, divine light, and divine swords rumbled out from the grand formation.

Every single one of them possessed terrifying and monstrous strength, and they caused the heavens and the earth to be thrown into disorder while their might was sufficient to threaten the gods!

This was the strongest trump card of the Ancestral Spirit God Refinement Formation. It utilized the energy of Ancestral Spirits and was capable of revealing strength that was sufficient to trap and kill gods. The might that swept out from the grand formation was simply unimaginable.

“Hmph! Restrictions? That’s like displaying your slight skill before an expert!” Chen Xi stood on the spot while the cold arc on the corner of his mouth grew wider, and he didn’t conceal his disdain at all. After all, he’d grasped the Infinite Divine Talisman now, and he’d obtained another breakthrough in the Talisman Dao. So even if it was a Divine Restriction, it couldn’t trouble him at all any longer.

“Break apart!!” Chen Xi raised his head and looked towards the distance while he shouted loudly.

A myriad of brilliant strands of sword qi effused out and soared into the sky from Chen Xi, and they transformed a surging rain of sword qi that whistled over. Every single strand of sword qi was brilliant like a flowing ray of light, was covered in the aura of divinity, and possessed the obliterating might!

Bang! Bang! Bang!

Numerous explosions resounded in the sky above Demonification Gorge, and it shook the heavens and the earth.

A myriad of strands of sword qi fought head-on against the axe image, divine lightning, divine flames, divine light, and divine swords.

Firstly, it was the divine flames that were extinguished, and besides the divine flames, the terrifying divine light that existed everywhere was slashed into pieces by the sword qi, then collapsed and vanished into nothingness.

However, the image of the axe, the divine lightning, and divine swords were extremely formidable, and they were locked in combat with Chen Xi’s sword qi.

“Crush!” Numerous strands of divine lightning tore through the sky and actually emanated rumbling that sounded like the shouts of Fiendgods. Everywhere they passed, space was crushed into powder while all things were destroyed. It was of extreme Yang, and it was extremely domineering.

“Slash!” The divine sword slashed down through space, and it continued on without end. Sword Insight surged out from it like a torrent as it slashed violently towards Chen Xi.

“Destroy!” The axe image was the most terrifying. It covered the heavens and the earth and emanated Chaotic Qi, and it carried strands of obliterating might as it smashed down.

...

“Kill! Annihilate this bastard!” Saint Emperor Xu Xiang gnashed his teeth as he watched this scene from afar at the center of the grand formation, and he ceaselessly cursed in his heart. He yearned, he yearned to crush Chen Xi into powder in one go.

Because Chen Xi was too strong, strong to the point that he was terrified. So he would absolutely not allow Chen Xi to continue living!

“He must die! Die!” The other Saint Emperors in control of the formation looked forward to this as well.

The strength Chen Xi revealed caused them to feel unprecedentedly threatened. It was even to the extent that they’d taken him to be the most difficult to deal with on their path to invading the three dimensions. If they were able to seize this opportunity to eliminate Chen Xi, then it would absolutely be an unprecedented victory to them.

...

At the depths of Demonification Gorge and within a pitch black and icy cold underground cave was an expanse of pitch black darkness.

“Who is it that has come? Could it be a god of the three dimensions? No, the calamity has already descended, so the gods have ceased to exist. Can anyone in the three dimensions kill their way into the Xeno-race army by themselves?” A weak sound of muttering resounded within the dark cave, and one could faintly notice a beautiful figure sitting cross-legged on the ground, yet it was impossible to see her appearance clearly because of the darkness.

“Could it be...him?” Suddenly, she sat upright, and her voice carried a trace of trembling and was extremely complicated.

After that, she sighed faintly and said with self ridicule. “How could that be possible? How good would it be if he really had such ability? I only hope that, he’ll...acknowledge Nuo’nuo as his daughter...” After that, everything fell once more into deathly silence.

...

“Hmph!” Chen Xi grunted coldly once more as his figure flashed, and his entire body emanated monstrous dark golden Immortal King Energy that illuminated the world. Moreover, his aura even faintly flowed with strands of the aura of divinity, and it was extremely unique. Even though he hadn’t attained the Godrank Realm, it allowed him to possess a strand of the energy of the gods.

This was the Halfgod Realm, an extremely rare cultivation realm that very few people were able to attain since the ancient times until now!

“Drum! Drum!” In the distance, numerous bolts of divine lightning smashed down like the frenzied shouts of Fiendgods, and it surged throughout the surroundings.

Swoosh!

Chen Xi held the Talisman Armament in hand as he flashed forward and utilized the Talisman Armament to condense a divine talisman diagram formed from a myriad of strands of sword qi.

When this attack was executed with Chen Xi’s current cultivation and supported by the Talisman Armament that was comparable to an Artificial Spirit Treasure, it possessed the might of the gods, and it was imposing and invincible.

Rumble!

The divine talisman formed from sword qi collided with the divine lightning. After that, all the bolts of divine lightning were crushed into nothingness by the divine talisman formed from sword qi.

Bang!

At practically the exact same time, another divine talisman diagram formed from sword qi that covered the surroundings soared into the sky, and it collided head-on with the divine swords. The outcome was that the divine swords were directly struck to the point of collapsing.

Crack! Crack!

Moreover, another divine talisman diagram formed from sword qi had similarly collided head-on with the axe image that covered the heavens and the earth, and it struck the latter to the points cracks spread like spiderwebs on its surface before it rumbled and shattered in the end.

In the blink of an eye, Chen Xi had executed the techniques he possessed, causing sword qi to soar into the sky and form into numerous divine talisman diagrams that directly slashed the bolts of divine lightning, divine swords, and axe image into pieces!

This scene caused all the Xeno-race experts in Demonification Gorge to be stunned, and they fell into a strange moment of silence.

“Hiss! This... This...”

“Isn’t he too terrifying!?”

“Could he be a god of the three dimensions?”

All the Xeno-race experts including those Saint Emperors were terrified at this moment. They opened their eyes wide and were filled with disbelief because an all-out attack of theirs was actually still unable to deal with Chen Xi?

How could this be possible!?

“The might of this Divine Formation isn’t bad. Unfortunately, formations are utterly unable to harm me.” Chen Xi shook his head. “As for the might of that axe image, divine swords, and bolts of divine lightning, they already possessed the aura of divinity, yet they aren’t real existences at the Godrank Realm in the end.”

The might of those divine lights, divine swords, bolts of divine lightning, and axe image was extremely terrifying, and any other Immortal King at the Utter Peak Rank would absolutely be unable to go against it.

It was even to the extent that if one was trapped within the Ancestral Spirit God Refinement Formation, then even a god would probably be unable to escape.

However, Chen Xi was different. His attainments in the Talisman Dao caused the entire grand formation to be of no threat at all, whereas the strength he himself possessed was sufficient to surmount a realm and go head-on with a god. So destroying all of these attacks was naturally nothing difficult to him.

“What should we do? What should we do?” Saint Emperor Xu Xiang was anxious like an ant that was stuck on a heated pan. “We’re unable to do anything to him when we attack with full force. Could it be that we have to flee?”

At this moment, he'd completely lost the bearing of a Saint Emperor.

"Xu Xiang, what should we do?"

"What should we do now?"

The other Saint Emperors were extremely anxious as well, and they were terrified and furious to the extreme. They were unable to harm Chen Xi at all even when they fought with their lives on the line, and this caused them to be slightly unable to accept such a reality.

Saint Emperor Xu Xiang's eyes had already turned red, and his eyes almost split apart from rage as he roared furiously. "Once we retreat, then the advantage we obtained from invading the three dimensions this time will completely vanish. Even if we return, all the great figures in the Council of Elders will definitely punish us. Under such circumstances, we only have a single path, and that's to fight with our lives on the line!"

When he spoke up to here, he suddenly roared and said, "Everyone, there's no need to panic. This kid only possesses a cultivation at the Immortal King Realm, yet he possesses such a heaven defying combat strength. He has definitely utilized some sort of restricted technique, and the more he fights, the more exhausted he'll become. He'll definitely be unable to hold on for too long. On the other hand, we're relying on the divine formation. So even if we're unable to kill him for now, we can exhaust all his strength!"

"Right!"

"We'll exhaust him to death!"

"Exactly. He's clearly not a god, yet he's able to utilize a strength that's comparable to a god. He's definitely unable to support such consumption of energy for a long time!"

They already had no way to back down, so they could only fight Chen Xi until the end.

Moreover, when they utilized the formation, they were able to combine all their forces in Demonification Gorge while linking up with and utilizing the energy of the heavens and the earth. This made the consumption of their own strength to be extremely small, so they only had to persist in the battle, and it would be sufficient for them to turn the situation around.

...

Rumble!

The conversation between them was done via voice transmission, and it was completed in an instant. When they'd made this decision, the image of an axe, divine swords, divine light, divine flames, and so on and so forth had once more floated up into appearance within the heavens and the earth.

Chen Xi couldn't help but shake his head when he saw this.

They intend to use a conservative strategy and engage in a battle of attrition? A formation isn't a living being in the end, so its attacks follow a set pattern and require a specific interval between acts. So long as I utilize my full strength, how could this formation resist me?

Not to mention that even if it was a battle of attrition, with the assistance of the Dark Parasol Sapling within his body, Chen Xi wasn't afraid of it at all.

Swoosh!

Chen Xi's figure flashed through the sky and into the nine heavens, and he looked down at the entire Demonification Gorge.

"Break apart!" At this moment, his entire body flowed with brilliant divine radiance while his hair fluttered, and he'd utilized his entire strength. He lightly raised up the Talisman Armament in his hand, causing it to emanate a wave of clear howls while Sword Insight shook the universe.

Swoosh!

A casual and otherworldly strand of sword qi slashed down.

Talisman Emperor

Chapter 1517: Two Supreme Swords

Swoosh!

Sword qi flashed through the sky.

At this moment, the entire Demonification Gorge was completely covered by the grand formation, and it surged with layer upon layer of the glow of restrictions. When this wisp of sword qi slashed down, it merely shattered the outermost layer, and it immediately recovered back to its original state as soon as it was shattered.

Originally, Saint Emperor Xu Xiang and the others were extremely anxious and nervous in their hearts, but they couldn't help but feel overjoyed when they saw this.

"Hahaha! You can't break through it! This formation had covered the Demonification Gorge, an area of 500,000km. It utilizes Ancient Baleful Qi as the source of its energy, and it's divided into nine layers of restrictions. You've merely broken open a single layer, and you're still far from being able to break through it!"

"Bastard! Don't dream of breaking through this formation! You're simply courting death! We don't believe that you can keep up such strength forever! At that time, it'll be the time of your death!"

All the Saint Emperors laughed coldly.

Chen Xi looked down and witnessed all of this from high above in the sky, yet his expression didn't change at all.

Bang!

Right at this moment, to the surprise of all those Xeno-race experts, the wisp of sword qi Chen Xi slashed out earlier seemed to have dispersed into a rain of light, yet these specks of light hadn't vanished. They fused together with each other instead, and they transformed into numerous mysterious and obscure divine talismans.

These divine talisman diagrams linked up with each other before they fiercely smashed down towards the formation!

In an instant, a wave of bangs resounded while layer after layer of restrictions was shattered into pieces. Seven of the nine layers of restrictions that covered Demonification Gorge were destroyed successively, and the aftershock it caused rumbled as it swept throughout the surroundings, causing meteors and stars in the surroundings to start collapsing while countless ancient mountains transformed into powder.

As a result of suffering such a terrifying concussive force, the few tens of thousands of Xeno-race troops that still remained instantly felt as if they were being pushed by a myriad of mountains. Their bodies were successively smashed apart and transformed into a bloody mist that effused out into the air.

It was even to the extent that those seven Saint Emperors were affected by it as well, and their expressions changed abruptly while they almost coughed up blood.

"This..." Saint Emperor Xu Xiang was terrified to the point his countenance turned ghastly pale, and then he swallowed a mouthful of saliva before he said, "Luckily, the grand formation wasn't completely destroyed. His might is still insufficient."

"I knew he wouldn't be able to keep it up because bringing forth such heaven defying might would require an extremely enormous consumption of one's own strength." Even though the other Saint Emperors were shocked in their hearts, they couldn't help but heave sighs of relief when they saw the grand formation had recovered once more.

"Right, he's only a single person after all, and he's bound to be unable to persist in battle for long."

"He'll definitely be unable to defeat us while we rely on the might of the grand formation!"

The Saint Emperors continued to control the grand formation to attack Chen Xi, and they didn't slack off at all.

Chen Xi's brows raised when he saw such a scene, and he said to himself, This grand formation has completely fused with the entire Demonification Gorge, so its defensive capability really can't be underestimated.

This formation could already be called a Divine Formation, and the core of the formation was the entire Demonification Gorge. Thus, if Chen Xi wanted to destroy this formation, then it was equivalent to destroying the entire Demonification Gorge.

On the other hand, Demonification Gorge was a continent that floated within the Boundary River. It possessed an entire 500,000km of land, and it was suffused with Ancient Baleful Qi. So it really wasn't easy to destroy it.

"Looks like I have to add a bit more fuel to the flame." A wisp of a resolute expression arose on the corners of Chen Xi's mouth, and then he stretched out his left hand.

Clang!

A blood red sword appeared in the air, and it fell into Chen Xi's left hand.

“Another sword!”

“He only withdrew this sword now. Looks like this sword is very formidable.”

“Be careful. This kid is probably going to go all out.”

All the Xeno-race experts within Demonification Gorge had noticed this scene, and their expressions instantly became extremely solemn. Moreover, they didn’t dare hesitate to control the grand formation with all their might.

Swoosh!

At the instant Chen Xi drew the Dao Calamity Sword, the Talisman Armament in his right hand was raised at the same time.

“Slash!” Chen Xi swung his sword. A myriad of clear sword lotuses appeared from within the Dao Calamity Sword, and they bloomed in every single area of Demonification Gorge, whereas the Talisman Armament emanated strands of sword qi that formed divine talismans. The divine talismans cooperated with the clear sword lotuses and attacked together with it.

These were the two most formidable abilities he possessed at this point of time.

The first was the attack of the clear sword lotuses from the Dao Calamity Sword. It came from the energy of Dao Calamity within the sword itself, and it was mysterious and formidable. Moreover, even the Sovereign Sect was extremely afraid of it.

The second was his own Talisman Armament that was inscribed with numerous divine talismans. Not only could it be utilized to execute the Sword Dao, it allowed the Sword Dao and Talisman Dao to complement each other. It was matchlessly profound.

At this moment, for the sake of destroying this formation, he’d already executed both of these supreme abilities!

“Go!” Two completely different attacks in the Sword Dao descended like stars, and they simultaneously struck violently onto the grand formation.

Rumble!

The entire grand formation surged like an ocean, and it fluctuated violently while droning and trembling. Moreover, layer upon layer of restrictions were destroyed successively!

At that instant, the heavens and the earth seemed to be wailing while the world fell into chaos. Peerlessly terrifying sword qi swept through the heavens and the earth, and it truly seemed as if it intended to obliterate the world. It was terrifying to the extreme.

Rumble!

In the end, the area where Saint Emperor Chi Yan resided in the grand formation was the first to be destroyed, and it rumbled as it shattered into pieces. For a time, this entire area seemed as if it had gone quiet, and the figures of all the Xeno-race experts trembled while they felt terrified to the extreme upon witnessing this scene.

Huff!

At practically the exact same moment, Chen Xi charged down, and in merely the time for a single breath, he'd arrived at this area.

"Slash!" Two strands of sword qi swept out horizontally. Everywhere they passed, they were practically all-powerful, and they caused group after group of Xeno-race experts to be annihilated on the spot.

"You're courting death!" Saint Emperor Chi Yan tore through the sky towards Chen Xi. His imposing aura was violent to the extreme, and he surged over like a flaming ocean.

"Hmph!" Chen Xi executed a backhanded sword strike.

Swish!

The sky seemed to have turned dark. In the next moment, Saint Emperor Chi Yan's entire body was slashed into two at the waist before he could even touch Chen Xi, causing fresh blood to spray out like a waterfall. In the end, he was completely slashed into powder by the aura of the sword qi, and he perished on the spot.

Crack!

The Ancestral Spirit God Refinement Formation was divided into different areas, and all of them were enveloped by restrictions. Along with the destruction of this area that Saint Emperor Chi Yan managed, it was like a chain reaction had occurred, causing the restrictions of a nearby area to be unable to support itself any longer, and it rumbled as it shattered into pieces.

When he saw this, Chen Xi didn't waste any time to flash over.

...

"Dammit! He actually broke through it!"

"Saint Emperor Chi Yan was killed! What should we do now?"

"Can't...we can't stop him..."

"We're finished."

"We're completely finished."

At this moment, the entire Demonification Gorge had fallen into chaos and unrest while the sound of crying and yelling resounded throughout the surroundings. Their will to fight had collapsed, and even those Saint Emperors were unable to stop this from happening.

On the other hand, Chen Xi seized this opportunity to easily break through numerous areas within the restrictions, and he annihilated all the Xeno-race troops and Saint Emperors residing in these areas without leaving a single one alive.

For a time, fresh blood sprayed while shrill howls shook the heavens, and it was like an expanse of purgatory.

“They’re all finished...” At the center of the restrictions, Saint Emperor Xu Xiang’s face turned pale as he looked towards the outside. “He’s already impossible to resist. How could this kid...possibly be so terrifying?”

At this moment, he was utterly terrified, and he felt extremely uneasy.

“That’s the only thing I can do!” Suddenly, Saint Emperor Xu Xiang flipped his right hand, and a black colored jade slip appeared at the center of his palm. He gritted his teeth before he crushed the jade slip into powder.

“We’re bound to be unable to survive this time. I can only send the news back and tell them that we’ll be utterly unable to encroach on the three dimensions without eliminating this kid, Chen Xi!”

Bang!

Right when he’d finished doing all of this, the central restrictions where he stood at rumbled and exploded into pieces. At practically the exact same time, numerous strands of terrifying sword swept over.

Pu! Pu! Pu!

All the Xeno-race troops hiding behind the restrictions were the first to suffer calamity, and they were slaughtered mercilessly.

Saint Emperor Xu Xiang’s countenance was ghastly pale. He didn’t take action to rescue them or obstruct Chen Xi, and he just gazed into the distance. There was a figure moving through space there, and that figure was moving towards him.

The figure wore green clothes and had dense long hair that fluttered with the wind. He was all alone, yet at this moment, he was like an invincible Fiendgod from the primeval times. He’d destroyed the Ancestral Spirit God Refinement Formation by himself, slaughtered all the Saint Emperors, and annihilated a hundred thousand Xeno-race troops!

Such supreme might was unprecedented!

Thump!

The last Xeno-race expert was slaughtered, and his corpse exploded into pieces. Within the entire Demonification Gorge, only Saint Emperor Xu Xiang alone remained.

Clang!

Chen Xi casually put the Dao Calamity Sword away, and then with a raise of his hand, the Talisman Armament pointed towards Saint Emperor Xu Xiang from afar while emanating killing intent.

“Tell me where that woman all of you captured five days ago is, and I’ll allow you to have a swift death.” Chen Xi said coldly, “You better not try to play any tricks. At such a short distance, I can guarantee that I’ll capture you before you can detonate yourself. At that time, it’ll probably be impossible for you to die even if you want to.”

Saint Emperor Xu Xiang had a grim expression and was scared out of his wits. He'd seemed to have already given up on struggling.

"It's actually only because of a single woman... Haha, can this be considered as arousing fury for the sake of a beauty?" He muttered while he revealed a wisp of a dazed expression.

He'd never imagined that Chen Xi had actually come here by himself before violently slaughtering a hundred thousand troops and annihilating all the Saint Emperors...merely for the sake of a single woman!

Swish!

Chen Xi's Talisman Armament flashed, and he directly severed Saint Emperor Xu Xiang's right arm, causing blood to spray like a fountain.

"I don't have the time to listen to your emotional sighs." Chen Xi spoke coldly, and he was cold and indifferent.

Saint Emperor Xu Xiang's face twisted together in pain, and he let out a muffled groan. "I can tell you where she is. But can you first tell me if you're an Immortal King or a god?"

As he finished speaking, his expression revealed yearning that carried a wisp of a begging expression. Perhaps in his heart, this question had already become something that he couldn't forget.

"The Halfgod Realm." Chen Xi spoke casually.

"Halfgod?" Saint Emperor Xu Xiang was stunned, and then a strand of terrifying light suddenly erupted from his eyes. He roared loudly and miserably with laughter. "No wonder, you're...actually the disciple of Oracle Mountain's Fuxi!"

Within his voice was relief and a type of indescribable hatred.

Pu!

When he finished speaking, Saint Emperor Xu Xiang didn't choose to detonate himself, yet he chose to commit suicide. He shattered his own soul and instantly perished on the spot!

If a Xeno-race expert comparable to an Immortal King intended to take his own life, then even a god would probably be unable to stop him. So it was naturally impossible for Chen Xi to accomplish this as well.

"At least you knew the limits of your own ability." Chen Xi was very clearly aware that this fellow had probably affirmed before he detonated himself that his detonation would be unable to harm Chen Xi at all. So instead of suffering humiliation, it was better for Saint Emperor Xu Xiang to take his own life as soon as possible. At the very least, he would die with dignity.

I wonder where Fan Yunlan is being kept now... Chen Xi took a deep breath while his enormous will swept out. It enveloped the entirety of Demonification Gorge before starting to search it inch by inch. At this moment, he couldn't help but feel slightly perturbed.

He was worried that Fan Yunlan had suffered misfortune, and he was even more worried that had he would feel guilty to the point of being unable to face her when he saw her...

"Over there!" After a short moment, Chen Xi's heart shook. In his mind, an underground cave had appeared, and amidst the darkness of the cave was a beautiful figure sitting cross-legged there...

Talisman Emperor

Chapter 1518: Returning To Darkombat City

Corpses were piled up all over Demonification Gorge while the smell of blood suffused the air. The entire continent was covered in ruins.

If someone else was here, that person would probably not dare believe that all of this was the work of a single person.

Chen Xi stood all by himself amidst the ruins, yet his heart was filled with a surge of emotions. He hadn't paid any attention to all of this, and the annihilation of the Xeno-race army wasn't able to make him feel any pride or glory at all.

He was only concerned about a single person.

Fan Yunlan.

"Is it you?" When a strand of Chen Xi's will spread to the underground cave, it was noticed by that beautiful figure that sat cross-legged within the cave as well. Her figure suddenly straightened up while her eyes revealed a wisp of unusual light.

Moreover, her voice even trembled slightly.

It really is her... When he heard this voice, Chen Xi's entire body stiffened, and he stood on the spot for a long time before he suddenly flashed into the sky.

Clang!

When this sword strike was executed, the ground was easily sliced open like tofu to reveal that underground cave, causing a strand of light to descend into it. The light drove out the darkness, and it revealed a figure.

She wore a plain dress, had wine red and soft long hair that hung loosely on her shoulder, and she possessed a drop dead gorgeous appearance. However, her face was pale at this moment while her clear eyes were dim, and her aura was rather weak. She seemed as if she'd suffered a heavy injury.

At the moment they saw each other, both Chen Xi and Fan Yunlan were stunned. They stared at each other and fell into silence.

On the whistling of the wind resounded through the air. It was evening right now, and the reddish orange glow of dusk dyed the heavens and the earth in its color, and when it covered their bodies, it added a solemn feeling to them.

"All these years..."

"Sorry."

After a long time, Chen Xi and Fan Yunlan spoke simultaneously. The former's voice carried guilt while the latter's voice carried a strand of sorrow. As soon as they spoke, both of them were stunned and shut their mouths in unison as if they intended to wait for the other to speak first.

Thus, the atmosphere between them became deathly silent once more.

Chen Xi suddenly felt as if his heart was slightly blocked up. He wanted to tell her something, yet he was powerless to explain. Because in all these years, he had indeed let Fan Yunlan down. Now that they'd been reunited after such a long time, he actually didn't know where to start.

"Walk with me." Fan Yunlan stood up and glanced at Chen Xi.

"Alright." Chen Xi hurriedly nodded.

...

Under the rays of the setting sun, the two of them strolled side by side on Demonification Gorge that had already been reduced to ruins, and the terrifying scenes of pools of blood, ruins, and corpses filled the surroundings.

Fan Yunlan swept her gaze through the ruins of the battlefield, and she suddenly said, "I never expected that you're already strong to such an extent now."

Chen Xi laughed bitterly. "No matter how strong I am, I wasn't able to come get you earlier, so what's the point of being strong?"

Fan Yunlan was stunned, and then she said, "You don't have to blame yourself. I heard a great deal about you in the recent years, and I was just unwilling to go meet you."

Beneath the setting sun, her wine red and soft long hair fluttered with the whistling breeze from the surroundings, and her clear eyes reflected the red glow of sunset and glistened like water. This scene was beautiful to the point even the heavens and the earth dimmed in comparison.

"Why?" Chen Xi couldn't refrain himself from asking this question.

Fan Yunlan went silent for a long time before she said, "I didn't know how to face you. After all, you already have Qing Xiuyi and Chen An. I...I wasn't able to find any reason to interfere in your life."

At this moment, it was Chen Xi instead who was stunned. Never had he imagined that the reason Fan Yunlan hadn't come to see him for all these years was actually because of such a reason.

He stood on the spot before he turned around and looked Fan Yunlan in the eyes. "Then what about now?"

"Now..." Fan Yunlan was slightly dazed, and she seemed to be at a loss for what to do.

"Go back with me. No matter if it's for yourself or for the sake of our daughter." Chen Xi sighed lightly. He didn't feel like speaking all the words that had accumulated in his heart throughout the years, and he just wanted to bring Fan Yunlan and his daughter back with him so that he could make it up to them in the coming days.

Fan Yunlan's entire figure stiffened while her beautiful face changed indeterminately. She said after a long time, "Allow me to consider it first, alright?"

Chen Xi stretched out his hand and grabbed her arm, and he grabbed it tightly as he spoke word by word. "There's no need to consider. Just do as I say."

Fan Yunlan suddenly started to struggle, yet she was utterly unable to struggle free of Chen Xi's hand. In the end, she glared at Chen Xi as if she was angry and resentful before she lowered her head and seemed to have...tacitly agreed.

Chen Xi heaved a sigh of relief in his heart when he saw this. He was truly worried that Fan Yunlan would overreact because if that happened, then he would really not know what to do.

"Come, let's return." Chen Xi smiled as he spoke. As he gazed at Fan Yunlan who stood at his side with her head lowered, his eyes were filled with gentleness.

Even though some things had passed for many years, the reason they were accumulated in the heart was none other than because one was unable to get over it. Now, they'd already met, and everything remained unchanged, so the matters of the past didn't have to be brought up again.

"Where's Nuo'nuo?" Fan Yunlan suddenly raised her head and asked Chen Xi.

"Nuo'nuo?" Chen Xi was stunned, and then he suddenly recalled the young woman in a violet dress, and he said with a smile, "So our daughter's name is Nuo, Chen Nuo. This name sounds good."

As he spoke, he flicked his sleeve, causing a glow to flicker before that young woman's beautiful figure appeared.

"Hmm? This is..." When the bloody battlefield that was like an expanse of ruins was reflected in her eyes, the young woman's eyes couldn't help but constrict. But right after that, she noticed Chen Xi and Fan Yunlan who stood by her side.

In an instant, she cried with pleasant surprise in a melodious voice. "Mother!"

She immediately hugged Fan Yunlan.

At this moment, she was completely vulnerable while her beautiful and extraordinary oval shaped face was covered in happiness and excitement. Moreover, tears glistened in her eyes and were on the verge of flowing.

In these past few days, she'd been living through them in a state of anxiety like an infant beast that had fallen into despair. Moreover, the pressure she endured in her heart caused her to be on the verge of collapse.

Now, at the instant she saw Fan Yunlan, the aggrievance, terror, despair, and all the other emotions in her heart seemed as if they had a place to be vented, so she immediately couldn't help but cry.

Just like a child.

At this moment, Fan Yunlan was extremely happy as well. She hugged her daughter tightly while her tears blurred her vision. In these days that she'd been captured by the Xeno-race, she herself was

suffering bitterly in despair as well. Now, not only had she been reunited once more with her daughter, she'd been reunited with Chen Xi as well, so the happiness in her heart was obvious.

Chen Xi stood at the side as he watched this scene, and he felt both happy and guilty in his heart. If he'd made an appearance sooner, then the two of them wouldn't have suffered so many hardships.

"Nuo'nuo, this is your father." Suddenly, Fan Yunlan's expression became serious as she pulled the young woman from her embrace and spoke in a serious tone.

The young woman's expression instantly became cold. Obviously, she still carried a great deal of grudge towards this father of hers, Chen Xi, in her heart.

When she saw her daughter actually reveal a cold and indifferent appearance while ignoring Chen Xi, Fan Yunlan was instantly displeased and said, "Nuo'nuo!"

Chen Xi hurriedly said when he saw this, "It's fine. Nuo'nuo and I've just met each other, and we're slightly unfamiliar with each other in the end. I'll slowly change that in the future."

Fan Yunlan thought for a moment, and then she sighed in her heart in the end and didn't speak any further.

Chen Nuo didn't feel grateful at all instead, and she glanced coldly at Chen Xi, yet didn't speak any further.

Chen Xi didn't feel angry at all because of this because she was his flesh and blood. Moreover, it was understandable that she carried grudges in her heart, as they'd never met throughout all these years.

Swoosh! Swoosh! Swoosh!

Right at this moment, waves of spatial fluctuations suddenly arose in the distance. After that, numerous figures surged into appearance from extremely far away in the Boundary River, and they rushed towards the Demonification Gorge.

Surprisingly, they were Xeno-race experts!

Obviously, the Demonification Gorge was only the base camp of the Xeno-race army to invade the three dimensions, and besides the Demonification Gorge, there were many other Xeno-race troops scattered throughout both sides of the Boundary River.

At this moment, they'd obviously made an appearance here because they noticed the commotion here.

"Let's go." Chen Xi's brows raised as he teleported, and he soared into the sky while bringing Fan Yunlan and Chen Nuo along.

"They're...actually all dead!"

"How could this have happened? Could it be that all the Lord Saint Emperors have fallen?"

"Dammit! Who did this!?"

As soon as Chen Xi left, numerous figures of Xeno-race experts appeared on Demonification Gorge, and when they saw the scene of desolation in the ruins, all of their eyes almost split apart from rage while they were surprised and furious to the limit.

Rumble!

Right at this moment, a wisp of sword descended from the sky, and it was brilliant and blazing while it traversed through the boundless space. Under the might of this single strike, the entire Demonification Gorge was slashed into two, and it rumbled as it shattered within the Boundary River.

All those Xeno-race experts that rushed over didn't even have the time to react before they were obliterated along with Demonification Gorge.

...

On this day, Chen Xi attacked all by himself and annihilated all that stood before him. He'd successively annihilated nine Xeno-race Saint Emperors, and completely eliminated the troops the Xeno-race had prepared to invade the three dimensions with.

"From today onwards, those who dare exceed the limits of the Boundary River will be slaughtered without mercy!" Before he left, Chen Xi left behind a Will Brand here, and it emanated supreme might that resounded throughout the universe and didn't disperse for a very long time.

Later on, this action would come to be known by all the living beings of the three dimensions, and they would be shocked and excited. Moreover, it would raise Chen Xi's reputation once more to an unprecedented height, allowing him to become a legend that no one could surpass from ancient times until the present!

...

Darkombat City.

Om!

Space fluctuated before the figures of Chen Xi, Fan Yunlan, and Chen Nuo appeared.

Presently, Darkombat City had already been rebuilt, and row upon row of grand buildings that spread towards the surroundings stood towering on the ground that was once covered in ruins.

The spacious streets that led towards all directions like a spiderweb had already recovered their past business. People and wagons streamed through them, and it seemed to be rather bustling.

Presently, all the people gathered within the city were from the powers that had joined Dao Emperor Academy. They were from all over the Immortal Dimension, and because the grounds within the academy were limited, they could only reside within Darkombat City.

However, even then, these powers were still very satisfied. Because the Immortal Dimension was currently filled with the signs of battle and unrest. Moreover, more than half of the Immortal Dimension had fallen into the control of the Sovereign Sect. Since these powers were unwilling to be controlled by the Sovereign Sect, then joining the Dao Emperor Academy's side was naturally the choice they were most willing to make.

“Dean Chen Xi!”

“It’s actually Senior Chen Xi!”

“Greetings Dean Chen Xi!”

As soon as Chen Xi’s figure appeared, he was instantly recognized, and it caused a wave of bustling noise in the nearby surroundings. All of them revealed respectful expressions as they greeted Chen Xi successively.

Bringing Fan Yunlan and his daughter, Chen Nuo, back this time caused Chen Xi to be in an extremely good mood, so he smiled and nodded to every single one of them when he heard their greetings. Moreover, he didn’t reveal a trace of impatience at all.

All the cultivators on the street became even more excited when they saw this, and many of them couldn’t refrain themselves from crying out. “Dean Chen Xi, when will we launch a counterattack against the Sovereign Sect? I’ve already made preparations a long time ago, and I’ve been waiting for you to give the order.”

“When the time comes, I’ll notify all of you at the first possible moment,” said Chen Xi with a smile.

All of them agreed, and they were excited to the extreme.

At the side, the gazes of Fan Yunlan and Chen Nuo towards Chen Xi changed slightly when they witnessed all of this. In the past, they’d heard a great deal about Chen Xi, but those were all rumors after all. Now that they’d personally witnessed that Chen Xi actually possessed such a lofty status, the feelings in their hearts were naturally completely different.

TL Trivia: Chen Nuo (陈诺) sounds almost alike to (承诺) which means promise.

Chapter 1519: The Joys Of Family Reunion

Dao Emperor Academy.

When Chen Xi returned here with Fan Yunlan and Chen Nuo, it drew the attention of all the instructors.

“Dean, these two people are?” All along the way, more than one instructor had asked this question.

“This is my Dao Companion, Fan Yunlan, and this is my daughter, Chen Nuo.” Chen Xi didn’t avoid the question at all, and he answered like this with a smile on his face no matter who asked this question. Moreover, he seemed to be rather proud and happy.

However, while he was happy, he left behind a group of dumbstruck gazes and chins that almost hit the ground.

This caused Fan Yunlan and Chen Nuo to both be slightly uncomfortable because those gazes were truly too strange. They carried shock, surprise, astonishment, wonder, and so on and so forth, and it caused the two of them to be slightly unable to accept it.

When Zuoqiu Feiming and the other clansmen of the Zuoqiu Clan found out about this, all of them sighed with emotion and felt extremely gratified, proud, and happy. Half of the blood flowing within Chen Xi's body flowed with the bloodline of the Zuoqiu Clan, so now that he possessed a Dao Companion and daughter, all of them who were clansmen of the Zuoqiu Clan naturally felt proud as well.

While some were happy, there were always those that were distressed.

When all the great figures of the Xuanyuan Clan found out about this, all of them seemed as if they'd been struck by lightning, and they revealed distressed expressions. Earlier, when the Xuanyuan Clan's Patriarch, Xuanyuan Shao, was still in the Immortal Dimension, they'd taken Chen Xi to be the son-in-law of their clan and an ideal match for A'Xiu.

It was even to the extent that because of this relationship, their Xuanyuan Clan had received all sorts of generosity while they were in Dao Emperor Academy, so they took pride in having Dean Chen Xi as the son-in-law of their clan.

But who would have expected that after Chen Xi left the academy this time, he didn't just bring back a drop dead gorgeous Dao Companion, he even brought back a gorgeous daughter?

This instantly caused all the clansmen of the Xuanyuan Clan to be dumbstruck.

In short, after Chen Xi brought Fan Yunlan and Chen Nuo back to Dao Emperor Academy, news related to him swept through the entire academy like a storm.

In less than a day of time, practically everyone knew that about the matter of Chen Xi bringing a Dao Companion and daughter back to the academy, and for a time, it actually caused quite a huge stir.

After all, Chen Xi couldn't be compared to the past now. He occupied the position of Dean in Dao Emperor Academy, and he'd even violently slaughtered a group of Immortal Kings and revealed boundless might a few days ago. He seemed to have become the most dazzling Immortal King in the Immortal Dimension, and no one could compare to him.

Now, he'd actually brought his own Dao Companion and daughter back to the academy, so this matter naturally became the center of attention.

Fan Yunlan?

Who's this woman?

When did she become Dao Companions with Dean Chen Xi?

Chen Nuo was already so old. Why weren't they aware in the past that her father is actually Dean Chen Xi?

Questions like these had even become the hot topics of discussion amongst everyone.

...

Dao Emperor Divine Palace.

Chen Xi was completely unaware of everything that occurred in the outside world. As soon as he returned, he asked Fan Yunlan and Chen Nuo to take their seats before he excitedly headed off to prepare the food.

“Today, our family will have a proper gathering.” Chen Xi smiled as he spoke. What was the warmest moment when a family gathered together? It was naturally when they ate together happily and spoke their mind freely.

At this moment, Chen Xi had completely forgotten his current status, and he seemed like a chef instead. He cheerfully and energetically utilized his skill to start cooking.

If anyone from the Immortal Dimension were to witness this scene, that person would definitely go mad. Because who would dare imagine that the dignified Dean of Dao Emperor Academy, a supreme existence that possessed paramount power and influence in the Immortal Dimension now would cook himself?

Even Fan Yunlan and Chen Nuo couldn’t help but feel daze and slight disbelief when they saw this scene.

But right after that, their hearts felt warm. With Chen Xi’s current status, power, and influence, he actually disregarded everything and personally went to prepare food for them. Merely these intentions were sufficient to move them.

Before long, a table full of both tasty and fragrant dishes were served.

Chen Xi asked Fan Yunlan and Chen Nuo to sit down before he served them rice and poured them wine, and he seemed like a qualified husband and father.

At the table, it was basically Chen Xi and Fan Yunlan that were chatting while Chen Nuo didn’t say a single word, and she remained cold and indifferent towards Chen Xi’s questions as well.

However, Chen Xi was already very satisfied, and it was even to the extent that he really enjoyed this sort of atmosphere.

When they had filled themselves and emptied their glasses, this meal was finally over.

Chen Xi made some tea and passed it to Fan Yunlan and Chen Nuo before he sighed with emotion. “Sometimes, I hope all of this can continue, and I don’t have to pay any attention to other affairs of the world. Unfortunately, there are too many occasions when I have no other choice.”

Fan Yunlan puckered her lips and deeply agreed.

Chen Nuo grunted coldly instead.

At this moment, A’Xiu had suddenly come to pay him a visit, and Chen Xi couldn’t help but be slightly stunned by this.

“A’Xiu, is there anything you need?” A’Xiu stood outside the divine palace and took a glance at Fan Yunlan and Chen Nuo within the divine palace from afar before she shook her head. “I heard that you’d returned, so I came to pay you a visit. It’s fine now, go ahead and continue.”

As soon as she finished speaking, she turned around and left, and Chen Xi didn't even have the chance to persuade her to stay.

"This little girl is acting slightly unusually today." Chen Xi frowned and was slightly bewildered.

"Hmph!" Suddenly, Chen Nuo grunted once more, and she was rather displeased.

"What's wrong?" asked Chen Xi.

"It's nothing. This little girl is spoiled." Fan Yunlan glared at A'Xiu before she spoke to Chen Xi with a calm expression. However, she didn't reveal any fluctuations in her emotions with regards to A'Xiu.

Chen Xi instantly realized what the problem was instead, and he couldn't help but be slightly stunned before he opened his mouth with the intention of explaining.

However, Fan Yunlan smiled lightly before her red lips parted lightly, and she said, "There's no need to say anything. It's enough if you're able to accompany me."

"What do you mean by it's enough? That woman obviously has...an unordinary relationship with him!" Chen Nuo spoke angrily, and she felt slightly anxious for her mother.

"Nuo'nuo, don't even mention this topic again. Otherwise, don't blame me for making you enter into closed door cultivation." Fan Yunlan spoke casually, yet it caused Chen Nuo to be stunned. She was both angry and irritated. She stamped her feet furiously, and then she sat sulkily by herself.

Chen Xi couldn't help but laugh bitterly when he saw this. The prejudice this daughter of mine has towards me is getting greater and greater...

"Qing Xiuyi had probably already left with the cultivators of Nuwa's Dao Palace, so where's Chen An?" Fan Yunlan paid no further attention to her angry daughter because there were some things that she understood better than her daughter. However, she wouldn't say anything about it because it was something that required experience.

"An'er?" Chen Xi was stunned, and then he said, "He's currently cultivating in the world within the Nine Continent Divine Cauldrons." Chen Xi paused for a moment, and then he told her the truth in the end. "An'er already has his own Dao Companion, and he even gave me a granddaughter... The little fellow's name is Yunyun. She's very cute."

As he finished speaking, a wisp of a smile couldn't help but suffuse the corners of his mouth.

Fan Yunlan's heart couldn't help but stop slightly. This fellow has actually become a grandfather now?

"Hmph!" The brows of Chen Nuo that was sulking at the side rose, and she grunted coldly once more. "Mother, I think we should leave, so as to avoid disrupting his life and be ridiculed by others instead."

Chen Xi couldn't help but feel his head ache slightly, and he was slightly helpless towards this daughter of his.

"Nuo'nuo!" Fan Yunlan's gaze was stern, and it carried a wisp of anger. This terrified Chen Nuo to the point she puckered her lips and didn't dare speak any further.

“Alright, don’t blame her. Actually, Nuo’nuo said all of that for your sake. She’s worried that you’ll be left out, and I understand her feelings.” Chen Xi smiled lightly and spoke warmly.

Usually, it was said that the father would be stern while the mother would be loving. Yet now, when it came to Chen Nuo, Chen Xi and Fan Yunlan had changed places and became a loving father and stern mother.

...

After this, Fan Yunlan and Chen Nuo settled down in Dao Emperor Academy.

Normally, besides dealing with some affairs, Chen Xi would always accompany the two of them because only by doing this would he be able to slightly pacify the guilt in his heart.

On the other hand, along with the passage of time, Chen Nuo’s attitude towards him had gradually eased up. Even though she was still unwilling to speak with him, yet at the very least, she didn’t give him unpleasant looks.

This caused Chen Xi to be rather gratified because she was his daughter in the end!

It was even to the extent that for the sake of making Chen Nuo work hard and cultivate, he even replaced Fan Yunlan and started to personally guide Chen Nuo in her cultivation, and he passed down everything he knew to her without holding back at all.

As for things like Immortal Artifacts, he even chose the best for her. He seemed as if he wished for nothing more than to give all the best things in the world to his daughter.

This was completely different to how he treated Chen An because Chen An was a man and had even become a father now. So there was no need for Chen Xi to provide any guidance to Chen An since long ago.

On the other hand, Chen Nuo was a girl that was naturally doted on by the father. As it was said, raise a boy poor and raise a girl rich. In other words, no matter how favorable the financial situation of a family was, a boy had to be raised poor because it would be able to foster the boy’s willpower. Similarly, no matter how poor one’s family was, one had to give the best to one’s daughter. In this way, it would allow one’s daughter to not be deceived by all sorts of temptations while she roamed the outside world by herself.

Chen Xi’s current attitude towards his daughter, Chen Nuo, was roughly like this.

...

“Nuo’nuo, you have to remember that as you continue cultivating, emphasis is placed on cultivating the Dao Heart while everything else isn’t essential, including the Heaven Dao! If the heart is covered beneath a shadow, then you’ll be utterly unable to sense the essence of Grand Dao.”

“Simply speaking, cultivating is the cultivation of the heart.”

On this day, Chen Xi had a serene expression as he spoke about his understanding of the Grand Dao.

Chen Nuo sat at the side instead and was holding her chin up with two hands as if she was bored to death. She stared blankly towards the distant sky and seemed to have not listened to what Chen Xi had said at all.

Chen Xi didn't mind this because some profundities of the Dao were very boring indeed. With Chen Nuo's current cultivation, it was very difficult for her to understand it too. But so long as she remembered it, then she would understand it sooner or later.

Slap!

Fan Yunlan who sat at the side couldn't watch any longer, and she slapped her daughter on the head while her willow leaf shaped brows knit together as she berated. "If you continue acting like this, then go into closed door cultivation!"

She was slightly angry indeed because with Chen Xi's current status and cultivation, if he announced that he would explain the Dao, then probably all the cultivators in the three dimensions would fight to the death in order to be able to listen to it.

However, Chen Nuo had such an opportunity yet actually didn't care at all. This caused Fan Yunlan to gnash her teeth with anger, and if it wasn't out of concern for Chen Xi, she really wanted to give this disobedient daughter of hers a good beating.

"Yunlan!" Chen Xi glared at Fan Yunlan. "Nuo'nuo is just a child. Don't be too harsh on her."

Fan Yunlan instantly smiled bitterly, yet she felt unspeakably happy in her heart. Chen Xi doted on her daughter so much, and as Chen Nuo's mother, how could she not be happy because of it?

"Who needs you to berate my Mother?" Chen Nuo glared at Chen Xi.

Chen Xi's face instantly froze, and he said, "Alright, alright, alright! Nuo'nuo is right, I guarantee that it won't happen again."

Fan Yunlan couldn't help but smile when she saw this. There really always is one thing to conquer another. They really were like a family that had the same temper...

The atmosphere while they were all together was actually extremely harmonious and filled with happiness. Unfortunately, all of this was bound to be unable to continue for long.

On this day, Qiu Xuanshu arrived hastily to meet Chen Xi, and he brought Chen Xi a piece of information that was utterly unexpected.

Chapter 1520: Violet Frost City

Dao Emperor Divine Palace.

"You're saying that all the forces of the Sovereign Sect scattered throughout the Immortal Dimension have retreated?" Chen Xi was slightly surprised.

"Yes, all those powers in the control of the Sovereign Sect have been abandoned by it now." Qiu Xuanshu nodded.

“Have you found out the reason?” Chen Xi pondered deeply before he asked.

Presently, the calamity was hanging in the sky above the entire universe, and it was precisely the best opportunity for the Sovereign Sect to sweep through the three dimensions. It was even to the extent that it had already invaded more than half of the Immortal Dimension.

But under such circumstances, the forces of the Sovereign Sect that had invaded the three dimensions had actually retreated. This was extremely strange.

Qiu Xuanshu said, “Presently, the widespread rumor in the Immortal Dimension is that something unexpected occurred internally within the Sovereign Sect, and it doesn’t have the time to pay attention to the affairs in the outside world. On the other hand, according to my understanding, something seems to have indeed occurred in the 33 levels of the Sovereign Sect. However, I don’t dare affirm if it’s related to internal strife within the Sovereign Sect.”

Chen Xi thought for a moment and said, “If it’s true, then this can be considered as a good incident.”

Qiu Xuanshu said with a smile, “Exactly. Presently, all the various powers that have sided with us are already eager to get into action, and all of them intend to seize this opportunity to launch a counterattack against the Sovereign Sect.”

Chen Xi’s brows raised as he said, “What do you think?”

“I think that instead of constantly being on the defensive here, we should give it a try.” Qiu Xuanshu pondered deeply for a moment before he spoke.

Chen Xi shook his head. “The Sovereign Sect is extremely cunning and full of tricks, and it’s renowned in the world for its strategic ability. Since the situation has suddenly turned around now, does anyone dare to confirm that this isn’t the Sovereign Sect’s plan to loosen its rein before crushing everyone?”

Qiu Xuanshu was stunned. “Then what does Martial Uncle think we should do?”

“We should naturally find out about the exact situation first before we make a decision.” When he spoke up to here, Chen Xi suddenly glanced at Qiu Xuanshu and said, “Xuanshu, no matter if the Sovereign Sect is playing some sort of deceptive strategy or not, there are some things that should be put an end to already.”

Qiu Xuanshu’s heart shook as he said, “Martial Uncle, what’s your plan?”

“I don’t have much time left.” Chen Xi sighed lightly while he looked towards the area outside the divine palace, and his gaze passed through boundless space to look above the heavens.

There was a door standing towering in the sky there, and it was the entrance that led to the Last Days Domain.

Recently, a wisp of a sign had uncontrollably arisen in his heart. If he didn’t make the best use of his time to head to the Last Days Domain, then he would probably be eternally unable to arrive at the Ancient God Domain.

Moreover, his cultivation had already arrived at the border to break through to the Godrank Realm. At this moment, even if he didn't rely on the might of the Dao Fruit's Spirit, it would be long before he would be able to become a god in one go!

At that time, even if he was unwilling to leave, he would be noticed by the Divine Chains of Order and would be taken away forcefully.

So, he had to make the best use of his time and make arrangements for everything in the three dimensions before he headed to the Last Days Domain. So, he naturally had to completely eliminate the Sovereign Sect that was like a malignant tumor in the three dimensions.

Just a sentence from Chen Xi allowed Qiu Xuanshu to understand the meaning behind it, and he couldn't help but be shocked in his heart before he said, "Martial Uncle, since it's like that, then I'll accompany you to the Sovereign Sect?"

Chen Xi shook his head. "There's no need for that. I'm only going to obtain information, so I alone am enough. Not to mention that the academy needs someone to reside here and protect it. If you leave, then I wouldn't feel assured with anyone else in such a position."

He was telling the truth. Presently, Qiu Xuanshu's strength was merely inferior to him within the academy, and Qiu Xuanshu was his Martial Nephew. Compared to the others, he trusted Qiu Xuanshu more to take care of the academy.

This didn't mean that Chen Xi didn't trust Wang Daolu, Zhou Zhili, and the others, and it was instead because their cultivations and strengths were comparatively inferior. Perhaps they would be able to control the academy for a short period of time, but as time passed, it would be extremely easy for trouble to arise.

Moreover, Chen Xi words even carried a deeper meaning, and it was that if he left the academy to head to the Last Days Domain one day, then the position of Dean within the academy would be handed to Qiu Xuanshu!

"Martial Uncle, I'm afraid... this is slightly inappropriate, right?" Qiu Xuanshu naturally understood Chen Xi, and he couldn't help but be shocked. After all, if one were to consider it carefully, then he didn't belong to Dao Emperor Academy.

"This Dao Emperor Academy was established by Martial Uncle Ji Yu, and Martial Uncle Ji Yu is your Martial Ancestor Uncle, so it isn't inappropriate to pass down the position of Dean to you." Chen Xi explained in a light voice, and then he decided to not allow Qiu Xuanshu to refuse.

.....

"I'm heading to the 33 levels of the Sovereign Sect. Don't worry, I'll be back soon." After he made his decision, Chen Xi went to look for Fan Yunlan and told her everything.

"That's where the Sovereign Sect resides, and it's extremely dangerous. If you're all alone...." Fan Yunlan looked at Chen Xi with a worried gaze, and she was truly unwilling to allow Chen Xi to take this risk by himself.

Chen Xi grabbed Fan Yunlan's palm and said in a serious tone, "There are some things that have to be put an end to in the end. Moreover, don't you believe in my strength?"

Fan Yunlan raised her head to look Chen Xi in the eyes, and then she said, "Come back soon."

She didn't give him any warning or instructions because she was clearly aware that since Chen Xi had decided on this, then it was utterly impossible to change anything. The only thing she could do was silently wait for his return.

"Hmm, don't tell Nuo'nuo about this." Chen Xi smiled, and then he suddenly lowered his head and kissed Fan Yunlan. After that, he turned around and left swiftly under her surprised, tender, and shy gaze.

"This fellow... finally took the initiative for once...." Fan Yunlan bit her red lips while her clear eyes glistened, and her peerlessly beautiful and fair face blushed like blazing flames, causing her to seem peerlessly beautiful. The beauty she revealed at that instant caused the heavens and the earth to dim in comparison.

"Mother, where's he?" After a short while, Chen Nuo walked over listlessly while yawning. However, when she saw Fan Yunlan was all alone, she couldn't help but be slightly stunned.

Every day at this time, no matter rain or shine, Chen Xi would devote all his attention to guiding her in her cultivation. Even if she wanted to slack off, she would be fiercely forced back here by Fan Yunlan, so it gradually became a habit for her.

"Who?" Fan Yunlan was stunned, and she still hadn't returned to her senses from that scene from before.

"Him." Chen Nuo glanced at Fan Yunlan with a questioning gaze.

"He's gone." Fan Yunlan suddenly returned to her senses and glanced at her daughter. "Now you can be happy. There won't be anyone that forces you to cultivate now."

As she spoke, she turned around and left.

"He's gone?" Chen Nuo was stunned. Her lips split apart with the intent to laugh, yet she noticed that she was actually unable to laugh, and an indescribable sense of loss filled her heart instead. How... could he have left? Didn't he say that he'll always cultivate with me?

"Mother, wait! Where exactly did he go? Why did he break his promise? That huge liar! I'll never believe him again!" Chen Nuo was slightly angry, and she jogged all the way and caught up with Fan Yunlan before she spoke swiftly.

"Nuo'nuo, he isn't just your father, he's also the Dean of Dao Emperor Academy, and most importantly, he doesn't owe the both of us anything." Fan Yunlan stopped walking, and she raised her hand to stroke her daughter's hair as she said in a light voice, "You've already grown up, right?"

Chen Nuo was stunned. She puckered her lips and lowered her head, and she said in a low voice after a long time, "I just... I just wanted to make him pay more attention to me, and I'm not a child that causes trouble intentionally."

Fan Yunlan stretched out her hand and embraced her daughter before she muttered. "Mother understanding. But you have to understand that your father isn't almighty, and he needs others to understand and support him as well...."

When she spoke up to here, Fan Yunlan's voice carried a wisp of sorrow. "He came all this way from the Mortal Dimension. Everyone else can only see his glory, but besides us, who else truly cares about the hardships and loneliness he faces behind the scenes?"

.....

Swoosh!

Space fluctuated as Chen Xi's figure flickered repeatedly.

After the time for an incense stick to burn, Chen Xi's figure floated up into appearance at Violet Frost City within Icesky Continent.

The place where the Sovereign Sect resided formed a world of its own, and it was called the Sovereign Realm. It was extremely mysterious. Since the ancient times until now, very few people were able to know its exact location.

Chen Xi wasn't aware of it as well, but he could find someone to inquire about it.

Before he left the academy, he'd found out from Qiu Xuanshu that the Nangong Clan within Violet Frost City had been infiltrated and taken control of by the Sovereign Sect at the start of the calamity.

Presently, the forces of the Sovereign Sect had retreated from the entire Immortal Dimension, and the Nangong Clan was no exception. However, according to the information Qiu Xuanshu possessed, the disciples of the Sovereign Sect within the Nangong Clan hadn't retreated completely yet.

.....

Violet Frost City was the Nangong Clan's base of operations.

At this moment, within the grand hall of the clan, all the elders of the clan were gathered here, and their gazes shot towards a thin grey haired old man that sat at the seat of the host.

He was the one and only senior of the Nangong Clan that had lived for a million years, Nangong Lie. He was an existence at the Immortal King Realm that had conceal his strength very well.

"I summoned all of you here today because I have an important matter to announce." Nangong Lie spoke with a low and hoarse voice, and it was filled with a supremely dignified tone.

The hearts of all the others shook, and they listened respectfully.

"I'm going to leave the clan soon, and I might be unable to return for a very long time. So, the I'll need all of you to undertake the affairs of the clan. Remember, the current situation in the Immortal Dimension is confusing and complicated, so you must not take any drastic action, nor can you reveal that our Nangong Clan is related to the Sovereign Sect!" Nangong Lie's expression was solemn, and his voice carried a cold and stern tone that was ordering.

"Don't worry Ancestor!"

“There’s no need to worry, Ancestor. We’ll naturally not play games with the survival of the clan.”

All the others agreed successively.

On that very night, Nangong Lie left the clan by himself, and he silently teleported away from Violet Frost City.

“Nangong Lie?” However, right when he just teleported out of Violet Frost City, he felt his entire body become sluggish, and he was actually unable to teleport any longer, causing his figure to be instantly forced out from within space.

It was also at this moment that a voice resounded by his ears, causing his expression to immediately change. “Who is it?”

“Bring me to the Sovereign Sect and you can avoid death, otherwise, the entire Nangong Clan will be buried along with you.” That voice resounded once more. It was faint and obscure to the point that Nangong Lie was utterly unable to lock onto its exact location. This caused his heart to sink once more. His years of experiences allowed him to instantly distinguish that the enemy’s strength was at least above his own!

“Friend, I’m afraid you’re mistaken. I’m not a disciple of the Sovereign Sect. So, how could I possibly know the location of the Sovereign Sect?” Nangong Lie took a deep breath and spoke slowly.

“My patience is limited. If you don’t agree within the time of three breaths, then I’ll allow you to personally witness the destruction of the entire Nangong Clan.” The voice resounded calmly and indifferently, and then he fell into deathly silence again.

Three breaths of time! Slaughter the entire Nangong Clan!?

Nangong Lie’s pupils suddenly constricted while he flared up with rage. The hairs on his entire body stood on end while he was both terrified and furious to the extreme.
