#### Chapter 1521: Primordial Heaven Devouring Beas

Three breaths of time!

Such a short period of time seemed to pass so slowly and torturously for Nangong Lie, and he felt unprecedentedly terrified, enraged, and unwilling....

"I agree." At the instant before the time of three breaths was up, Nangong Lie spoke practically instinctively, and even he himself felt bewildered after he made this decision.

What's going on?

I've already lived for countless years and experienced all sorts of storms. Why would I be so terrified, at a loss for what to do, and unable to maintain my calm today?

"A wise decision." Suddenly, that voice resounded once more, and to Nangong Lie's horror, this voice actually came from behind him, yet from the beginning until the end, he hadn't noticed that someone had already approached him.

He turned around with great difficulty, and a tall figure was reflected within his eyes. The figure wore green clothes, had a handsome appearance, and a pair of eyes that were even deeper than the starry sky and brighter than the stars.

"Chen Xi!?" Nangong Lie cried out involuntarily. Never had he imagined that the person who threatened the annihilation of his entire clan would actually be the young Immortal King that was the most renowned within the Immortal Dimension now.

"How despicable!" Nerved bulged up on Nangong Lie's forehead, and he was overwhelmed with rage, causing him to swing his palm towards Chen Xi.

However, his palm seemed as if it had struck onto an expanse of invisible mud, and the force within his palm hadn't even approached Chen Xi when it was soundlessly dispersed.

This caused him to feel another wave of terror, and then he roared furiously. "As the dignified Dean of Dao Emperor Academy, you actually act in such a despicable manner. Could it be that you aren't afraid of incurring the disdain and disgust of everyone!?"

"If you didn't still have some worth, you would already be dead now." Chen Xi spoke calmly. "As for why I came looking for you and not anyone else, you ought to be clearly aware of it yourself."

Nangong Lie's heart shook. "What am I supposed to understand?"

"Are you sure you want to continue acting?" A wisp of a piercingly cold glow surged out abruptly from Chen Xi's eyes, and it was extremely terrifying.

Nangong Lie swallowed a mouthful of saliva with great difficulty, and his expression changed indeterminately. In the end, he revealed a dejected expression and seemed as if he'd given up on resisting.

“Being a dog of the Sovereign Sect isn’t such an easy thing.” Chen Xi glanced coldly at him. “Lead the way. Don’t make me remind you again, otherwise, it might mean death for you.”

.....

Swoosh!

Space fluctuated while Nangong Lie led the way ahead, and Chen Xi followed closely behind him.

The reason Chen Xi asked Nangong Lie to lead the way and didn’t ask Nangong Lie to tell him where the Sovereign Sect resided was because Chen Xi didn’t trust this old fellow to give him a precise and accurate answer at all.

Forcing Nangong Lie to personally lead the way was the safest way.

.....

To an Immortal King, space could be traversed in an instant to arrive a million of kilometers away.

However, Nangong Lie led Chen Xi along and teleported for almost six hours this time. They traversed countless cities and land while heading west all along the way.

In the end, after they passed through Serpent Dragon City at the western border of the Immortal Dimension, Chen Xi understood that the Sovereign Sect’s Sovereign Realm had left the territory of the Immortal Dimension since a long time ago.

At the extreme west of the Immortal Dimension was a boundless and deathly silent desert. Space was in disorder while shattered and flowing blackholes covered the surroundings, and it was an extremely terrifying sight. Not to mention an ordinary cultivator, even an Immortal King had to be extremely careful here and not dare be careless at all.

All along the way, Nangong Lie was extremely cooperative, and he seemed to have given up all resistance.

It was even to the extent that when they arrived here, he even introduced the place to Chen Xi in a low voice. “This desert is called the Heaven Devouring Desert, and it’s densely covered in chaotic flows of space. We’ll arrive at the Ruins of Deep Chaos where the Sovereign Sect resides after we traverse this desert.”

Chen Xi nodded, and then he suddenly asked. “I heard that you stepped foot into the Immortal King Realm a million years ago?”

Nangong Lie was stunned, and he seemed to have never expected that Chen Xi would actually ask such a question. He nodded instinctively and said, “Yes, the calamity of Fiendgods had just ended at that time, and I just happened to have captured a trace of the Karmic Luck of the heavens. Thus, I stepped foot into the ranks of Immortal Kings in one go.”

“But after a million years later, you still haven’t attained the Dao and become a god. According to what Shi Yu from Nuwa’s Dao Palace said, your natural talent is truly horrible.” Chen Xi glanced indifferently at him, and Chen Xi’s words were actually completely blunt.

Nangong Lie's face froze before the corners of his mouth twitched fiercely, and then he said in a low voice, "Dean Chen Xi's natural talent is peerless, and an ordinary person like me naturally can't compare to you."

"Being ordinary isn't important, it can be made up for with time. But if there's a problem with your mentality, then you're beyond saving." Chen Xi suddenly stopped moving, and he smiled spuriously as he gazed at Nangong Lie.

"Dean Chen Xi, what do you mean by this?" Nangong Lie frowned as he spoke.

"I originally intended to let you live. But it's very obvious that you didn't appreciate my kindness." Amidst his indifferent voice, Chen Xi didn't seem to move yet his right hand had already suddenly grabbed onto Nangong Lie's throat.

"Dean Chen Xi! You..." Nangong Lie's face flushed red from suffocation, and he was on the verge of suffocating. The strength within his entire body was restrained, and he was like a weak man that was struggling desperately while feeling extremely terrified and furious.

"Everyone, please show yourselves." Chen Xi paid no attention to Nangong Lie, and his gaze was like a bolt of lightning as it swept coldly towards the distance.

They currently resided on a desert that was deathly silent. The heavens and the earth were dim while spatial storms that sounded like the wails of ghosts raged throughout the surroundings, and it was completely desolate.

However, along with Chen Xi's voice sweeping out, the space in the distance suddenly started to fluctuate violently, and it seemed as if something was about to emerge from it.

Nangong Lie's face instantly turned ghastly pale when he saw this, and there wasn't a trace of redness left on his face. Moreover, his eyes revealed an expression of disbelief. He seemed like he'd never imagined that Chen Xi would be aware of all of this as if Chen Xi could predict the future.

"Looks like all of you intend to make me 'invite' all of you out here?" Chen Xi frowned before he flicked his sleeve. An invisible force surged out and crushed expanse after expanse of space into powder, and then rumbling resounded as it swept fiercely towards that expanse of space that was fluctuating violently.

Swoosh! Swoosh! Swoosh!

Right at this moment, numerous figures suddenly emerged from that expanse of space, and they instantly avoided Chen Xi's attack.

There were an entire 10 figures of both men and women. All of their bodies surged with a supreme and terrifying aura, and as soon as they appeared, they actually caused the chaotic flows of space in an area of 500,000km to fall into a motionless state.

"Dean Chen Xi, you really have a discerning gaze."

"Exactly, you really do deserve your reputation, and you're slightly stronger than we'd anticipated."

“Hmph! If he was formidable, then how could he have possibly been tricked over to this Heaven Devouring Desert? He’s just an idiot. This kid doesn’t deserve praise at all.”

All of these figures sneered as they approached step by step, and their eyes revealed utterly undisguised killing intent.

Chen Xi remained indifferent towards this, and his expression remained unchanged. He turned around to look at Nangong Lie whose throat he held, and he said, “Now, do you have anything to say?”

“I...” Nangong Lie’s heart jerked, and he just intended to use all his energy to say something when he felt his throat crack and shatter. After that, a strand of terrifying force surged into his body and instantly smashed the universe within his body into pieces, and even his soul was directly crushed into body!

This senior of the Nangong Clan that had lived for countless years had actually perished on the spot here without any room to resist.

Bang!

Chen Xi casually tossed Nangong Lie’s corpse away before he looked at the 10 people in the distance, and then he said, “I felt something wasn’t right when I heard about Nangong Lie in the academy because how could an old fellow that has lived for a million years be so silly and wait for me to come looking for him before he intended to leave in a hurry?”

Chen Xi paused for a moment, and then he suddenly said with a smile, “Now, I finally understand. It turns out that it was all for the sake of drawing me here.”

“You’ve understood that a bit too late now.” A robust middle aged man spoke coldly. He wore light green armor and held a spear in hand while his entire body was enveloped in terrifying black mist.

“It isn’t too late, I just happen to intend to make a trip to the Sovereign Sect, whereas, Nangong Lie didn’t lie to me. At the very least, the location of the Sovereign Sect has already been clearly revealed to me.” Chen Xi said flatly, “I’m just slightly curious, on what basis are all of you so confident in being able to kill me? With just the 10 of you?”

Chen Xi seemed too composed, and it caused them to be slightly surprised instead, so they didn’t make a move impatiently.

“You’re wrong, the Heaven Devouring Desert isn’t the correct path to my Sovereign Sect.” The robust middle aged man in the lead laughed coldly, “If my Sovereign Sect was so easily located, then my Sovereign Sect would seem to be too incompetent.”

“So what if I’m wrong? Aren’t all of you still here?” Chen Xi spoke casually. “If I capture one of you, then I’ll naturally be able to locate the correct path.”

He spoke these words with extreme confidence, yet it had become arrogance and haughtiness when it entered into the ears of those disciples from the Sovereign Sect, and it caused their expressions to become gloomy.

“Very good! Then I’ll allow you to understand why this place is called the Heaven Devouring Desert!” The robust middle aged man spoke coldly.

Bang!

His voice hadn't finished resounding through the air when the ground suddenly started quaking and rumbling like a thunderclap.

Roar!!!

After that, a beast roar resounded through the sky and surged through the world. It was filled with an extremely terrifying, bloodthirsty, and vicious aura that caused the heavens and the earth to dim down.

This roar was extremely shocking. It swept out towards the surroundings like wave of sound, and it minced space apart while causing the ground to split apart. If it was any other ordinary cultivator that was present here, perhaps just hearing this roar would be enough to cause that cultivator to be utterly terrified and perish on the spot.

Bang! Bang! Bang!

A shadow that could tower into the sky covered the ground and enveloped the world. Chen Xi could clearly see that an ancient beast that was unimaginable enormous had suddenly torn through the sky towards him.

Its figure was extremely huge. It was shaped like a tortoise, yet its head seemed like the head of a dragon, and its limbs were like pillars that could support the heavens. Its entire body was enveloped in strands of obscure fluctuations of energy that crushed space into nothingness, and it was an extremely shocking sight.

If one looked down from the sky, one would notice that this beast's figure was so enormous that it covered an entire area of 50,000km, and it was like a myriad of mountains moving in unison.

A Heaven Devouring Beast! Chen Xi's eyes narrowed as he recognized the origins of this beast. It was a terrifying variant species that had gone extinct since the primeval times, and it was called a Primordial Beast. According to legend, it was born from within the Chaos at the absolute beginning of the world and possessed boundless physical strength. A single roar from it could shatter the moon and sun while every single breath it took could overturn an ocean and cause the world to change, it was extremely formidable.

Moreover, according to Chen Xi's knowledge, the aura of this Heaven Devouring Beast before him was at least at the Immortal King Realm!

This was extremely shocking. Primordial Beasts were unlike cultivators, their figures were extremely enormous and stored unimaginably vast amounts of Immortal Force. Moreover, they innately possessed some terrifying Bloodline Divine Abilities and restricted techniques, so they were capable of easily crushing cultivators at the same cultivation realm!

### [Talisman Emperor](#)

#### **Chapter 1522: Furiously Devouring The World**

Heaven Devouring beasts were extremely rare indeed, and they were even rarer than Primeval Divine Beasts and ferocious beasts like the Phoenix, Yazhi, Xiezhi, Yayu, Jiuying, and so on and so forth. Because a long time ago during the primeval time, it had already become extinct.

According to legend, this beast was born from the Chaos at the absolute beginning of the world. It devoured everything, and its might was so formidable that it was merely inferior to a true Roc!

It was precisely because of this that Chen Xi couldn't help but be surprised when he saw this Heaven Devouring Beast appear. He'd entirely never imagined that he would actually be able to see such a variant beast in the territory of the Sovereign Sect.

"Animal, it's time for you to redeem yourself. If you dare go against my orders, then I'll definitely make you suffer a fate worst than death!" The robust middle aged man suddenly shouted loudly in a grim voice.

As he spoke, he and the other nine disciples of the Sovereign Sect flashed as they actually fled far away, and they intended to leave Chen Xi to be dealt with by the Heaven Devouring Beast.

Obviously, as far as they were concerned, it was entirely impossible for Chen Xi to be a match for the Heaven Devouring Beast.

Chen Xi didn't stop them, and he gazed at the Heaven Devouring Beast while seeming to be lost in thought instead. The words of that robust middle aged man allowed him to instantly understand a single thing.

This Heaven Devouring Beast had obviously not been tamed by the Sovereign Sect, and it was imprisoned here!

Roar!!!

Amidst a roar that shook the heavens, the Heaven Devouring Beast's pair of lake sized eyes suddenly locked onto Chen Xi while revealed a ferocious glow, and it emanated vicious and bloodthirsty killing intent.

Rumble!

Its enormous paw covered the sky as it slapped down towards Chen Xi, and it was like an expanse of eternal night was descending while this expanse of the heavens and the earth was crushed into powder.

Its figure was truly too enormous and covered an area of an entire 50,000km. A single right paw of it could even blot out the sky, and as it slapped down, it was like the sky was collapsing. It was an extremely terrifying sight.

"You really are an animal!" Chen Xi grunted coldly and didn't evade. His right arm shook before he pushed his palm into the sky, and he actually intended to go head-on against the Heaven Devouring Beast's attack.

When looked at from afar, it was like an ant intended to collide with the foot of a mammoth, and it truly seemed like the scene of a 'mantis trying to stop a chariot'. It seemed extremely absurd.

The robust middle aged man and the others were still extremely far away in the distance and hadn't left. All of them were stunned when they witnessed such a scene, and they almost didn't dare believe their eyes. Could it be that this fellow has gone mad from terror?

Rumble!

Before they could recover from their shock, Chen Xi and the Heaven Devouring Beast had collided head on. A terrifying fluctuation was created from the collision between the two of them, and it was like a myriad of volcanos had erupted between them, causing the heavens and the earth to quake.

At this moment, the ground in an area of a few tens of thousands of kilometers was crushed into powder while everything in that area was obliterated into nothingness. This obviously showed how terrifying the might of their collision was.

“Vile beast, I’ll give you a chance to turn over a new leaf. Submit to me, and I’ll bring you out of the Sovereign Sect and away from this suffering!” Amidst the dust and dirt that suffused the air, Chen Xi’s voice resounded. It caused the robust middle aged man and the others to be horrified while the wisp of a cold smile that hung on the corners of their mouths instantly froze.

In their fields of vision, Chen Xi stood towering on the spot, his clothed fluttered in the wind while he remained completely unharmed. However, the ground beneath his feet had already sunken and collapsed a long time ago, and it had transformed into an abyss.

He actually... blocked an attack from the Heaven Devouring Beast?How could this be possible?

All of them were dumbstruck with their eyes wide open. They were clearly aware that when the Sovereign Sect established the Sovereign Realm, the Master of the Sovereign Sect had personally tamed this beast within a Primordial Secret Realm before restraining it here, and it had been ordered to guard the Sovereign Sect’s entrance here. It had already been countless years since then.

It was precisely because of this beast that all the cultivators who stepped foot into this place since the primeval times with the intention of finding the Sovereign Sect had lost their lives in the mouth of this beast. Not a single one of them had survived!

All of this was sufficient to prove how formidable this beast was. Because it was impossible for even the joint forces of seven or eight Immortal Kings to be a match for this beast. Yet now, Chen Xi alone had actually gone head-on against this beast without being defeated, so how could they not be shocked?

“Bastard! You actually dared to hold back! Trust me, I’ll destroy your soul if you continue doing this!” The robust middle aged man roared in a stern voice because he felt the Heaven Devouring Beast had held back intentionally.

A dark whip appeared in his hand as he suddenly whipped it down onto the Heaven Devouring Beast!

Whip! Whip! Whip!

The Heaven Devouring Beast that possessed monstrous might was actually whipped to the point of roaring repeatedly with pain, and its entire body trembled.

“Go! Kill this kid! Quickly!” The robust middle aged man berated.

Rumble!

There was utterly no need for his orders because the Heaven Devouring Beast had already entered into a frenzy. Its limbs shook, and it was attacked Chen Xi in an extremely violent manner. Every single one of its enormous limbs surged with devouring energy that warped the surrounding space while emanating a terrifying aura of the Grand Dao. It truly seemed as if it intended to destroy the world.

Swoosh!

Chen Xi's clothes fluttered as he rose into the sky, and he actually repeatedly collided head-on with the Heaven Devouring Beast while remaining barehanded. Every single move he made seemed to be weak like that of an ant, yet every single strike actually evenly rivalled the Heaven Devouring Beast.

For a time, sand and rocks shot out while gales surged throughout this expanse of the heavens and the earth, and the sun and moon dimmed in comparison. It was even to the extent that various terrifying scenes like gods roaring furiously, lightning flickering, blood pouring, and the tune of the Dao collapsing appeared in the surroundings.

At this instant, even the robust middle aged man and the others in the distance dodged repeatedly as they were deeply afraid of being affected by all of this.

They were all Immortal Kings, yet at this moment, they'd actually simultaneously chosen to evade it. This obviously showed how terrifying the destructive force of the battle between Chen Xi and the Heaven Devouring Beast was.

"This kid really is as formidable as the rumors said. That day, Eldest Senior Brother and the others launched an attack against Dao Emperor Academy yet returned in failure, and I felt that it was because of Li Fuyao. But now it would seem like this kid can't be underestimated as well." A man with a sharp nose spoke in a serious tone.

"He was able to slaughter a group of Immortal Kings while not relying on the might of the Dao Emperor Divine Palace, so he naturally can't be compared to an ordinary Immortal King. Otherwise, all 10 of us wouldn't have been sent here while having the assistance of the Heaven Devouring Beast. Such a force is sufficient to explain everything." An old man spoke in a cold and gloomy voice.

"However, all of this will end today! So long as this kid is eliminated, then there'll be no obstruction before my Sovereign Sect in the entire Immortal Dimension." The robust middle aged man in the lead crossed his arms before his chest and spoke indifferently.

Om!

Right at this moment, a wave of strange fluctuation suddenly arose, and it entered into the ears of the robust middle aged man, causing his expression to instantly change slightly and become gloomy.

"Dammit! I never expected that someone really seized this opportunity to trespass into our sect...." The robust middle aged man gritted his teeth while his eyes were filled with an icy cold expression.

He turned around and directly instructed five of them. "You five quickly return to the sect and annihilate that uninvited guest with Eldest Senior Brother and the others."

"What?"

"Someone has trespassed into our sect?"

The expressions of the others changed, and they seemed as if they'd never imagined that someone in this world could accomplish this.

"Go! Quickly!" The robust middle aged man ordered in a stern voice.

“Yes!” The five of them didn’t dare hesitate and cupped their hands simultaneously, and then they teleported away and vanished in an instant.

“We’ll stay behind and annihilate Chen Xi together. Our Sovereign Sect paid a huge price and summoned back all the disciples of our sect in the Immortal Dimension just for the sake of drawing him out this time. So, we absolutely can’t fail in the end!” The robust middle aged man spoke word by word.

.....

Bang!

Suddenly, Chen Xi smashed down his fist onto the Heaven Devouring Beast’s head from afar, causing sparks to fly, yet he was actually unable to break through its defenses.

However, this punch caused the Heaven Devouring Beast to roar loudly in pain. Obviously, the might of Chen Xi’s punch caused it to feel extreme pain.

“How about it? Do you agree to what I said earlier? Instead of assisting the wicked Sovereign Sect to commit evil, why don’t you leave with me? I guarantee to return your freedom to you.” Chen Xi sent a voice transmission as he fought.

“If you’re truly willing to help this Ancestor, then obediently allow me to devour you alive. Perhaps you’ll be able to avoid suffering some pain if you do that!” The Heaven Devouring Beast sent an icy cold and bloodthirsty voice transmission to Chen Xi.

“Don’t blame me for not warning you. You only have a single chance. If you miss it, then not only would you be unable to continue committing evil, you’ll probably be buried here forever.” Chen Xi didn’t get angry. He was able to discern that the Heaven Devouring Beast was being coerced by the Sovereign Sect, and it had been forcefully suppressed for countless years. So, it definitely felt extreme resentment towards the Sovereign Sect since a long time ago.

“How laughable! Defeat this Ancestor first before you talk about such things!” The Heaven Devouring Beast wasn’t moved at all, and its attack grew even more terrifying. Its limbs were wheels that swept through the surroundings, and they surged with an extremely terrifying and shocking devouring energy.

Chen Xi didn’t speak any further when he heard this, and a wisp of rage appeared within his eyes. This animal simply doesn’t know what’s good for itself!

Bang! Bang! Bang!

He stopped holding back. His figure flashed through space as he executed a profound and unfathomable fist technique, and it tore through the sky towards the Heaven Devouring Beast. Every single punch struck forcefully onto its body and emanated rumbling that sounded like thunderclaps.

It was the Flare Godfist, a supreme technique that came from within the Netherworld Register, and it contained the profundities of Paramita. Once it was executed, it was like the path illuminated by fire was paved, and it intended to draw all beings into the cycle of reincarnation within the Netherworld.

This was something Chen Xi had learned in the Netherworld. Besides this, he also possessed two other supreme techniques, the Seven Moved of Judgment and the Heaven Suppression Scripture of Oblivion.

When these techniques were executed by Chen Xi now, they transformed into divine talismans that were suffused with the aura of divinity, and their might couldn't be compared to the past at all.

At this moment, even if the Third Netherworld Emperor came back to life, he would probably praise Chen Xi repeatedly.

This was the state of mastering all techniques through the mastery of one.

Once one possessed such attainments like Chen Xi's, then any casually executed technique could bring forth a terrifying might that was beyond imagination.

Under the force of such attacks, the Heaven Devouring Beast's body trembled without end. Even though every single one of these punches couldn't break through its skin and flesh, yet the force transmitted into its body was extremely terrifying, and it caused the Heaven Devouring Beast to suffer quite a bit of injury.

This caused the expressions of the robust middle aged man and the others to turn grim. They didn't dare believe that Chen Xi would actually be able to take the upper hand and gradually show signs of suppressing the Heaven Devouring Beast.

"Animal! Will you still not utilize your entire strength even at a time like this!?" The robust middle aged man roared furiously as he withdrew the dark whip, and it whipped down through the air and fiercely struck the Heaven Devouring Beast.

The Heaven Devouring Beast was suppressed by Chen Xi, and not it even suffered the whipping of the robust middle aged man. This caused it to fall completely into a state of mad rage, and its eyes turned dark red and were on the verge of bleeding.

Roar! Roar! Roar!

The Heaven Devouring Beast suddenly roared towards the sky. When its bloody mouth was opened wide, it seemed like a bottomless abyss had appeared in the world and intended to devour the heavens and the earth.

Along with this roar, a strand of an extremely terrifying devouring energy swept out. Space, light, dust, rocks, airflow.... At this moment, everything in the world was uncontrollably being devoured into the mouth of the Heaven Devouring Beast.

This was its Innate Forbidden Ability — Heaven Devour!

At this instant, everything within an area of 500,000km was restrained and uncontrollable surged into the Heaven Devouring Beast's mouth from all directions. Even the sun, moon, and stars above the nine heavens were shaking as if they were on the verge of falling down. It was an extremely astonishing scene.

[Talisman Emperor](#)

**Chapter 1523: Transforming Into A Roc**

Heaven Devourer!

This scene seemed very much like it intended to devour the heavens and the earth, and it was shocking.

This was the Innate Forbidden Technique of the Heaven Devouring Beast, and it possessed a supreme and terrifying might. When combined with its enormous body that covered an area of 50,000km, the might it revealed seemed to be extremely horrifying.

Rumble!

The sky collapsed into pieces while the ground split apart, and everything surged uncontrollably towards the Heaven Devouring Beast's mouth.

On the other hand, at this moment, Chen Xi whose aura had been locked onto by the Heaven Devouring Beast had similarly suffered the effect of a copious, irresistible, and terrifying suction force, causing his figure to be unable to help but shake while he was almost dragged uncontrollably into the Heaven Devouring Beast's mouth.

This suction force was extremely unique, and it contained the energy of the Grand Dao. It twisted and tore as if it intended to tear everything apart and obliterate it into powder.

If it was any other Immortal King in Chen Xi's place, that Immortal King would absolutely be unable to resist it.

Because it felt like one was an ant that was resisting a storm vortex, and the gap between the two was too great.

"Kill him! Quickly! Kill him!"

"The Heaven Devourer! It really does deserve its reputation. If it wasn't for the rules of the sect, I would truly wish for nothing more than to kill this beast and extract its Innate Bone so that I can properly comprehend this devouring energy. Perhaps it would be able to allow my cultivation to advance by leaps and bounds."

"Now, let me see how that Chen Xi deals with this!"

The robust middle aged man and the others were excited and revealed expressions of anticipation in the distance. They were clearly aware that the Heaven Devouring Beast had already fallen into a frenzied state, and it had executed its trump card.

Even if all of them joined forces, they didn't dare boast of being capable of resisting such an attack!

.....

"Heaven Devourer? Hmph! Allow me to let you experience the true technique of devouring!" Amidst the peerlessly violent devouring energy, Chen Xi's long hair fluttered while he seemed like a kite that was struggling through a gale and was on the verge of falling. This caused his face to instantly turn grim, and he grunted coldly.

Rumble!

In an instant, a myriad of strands of brilliant and dazzling dark golden Immortal King Energy surged out explosively from Chen Xi's entire body. Moreover, it even faintly contained strands of the aura of divinity.

After that, his entire figure suddenly flashed and vanished.

On the other hand, in the vision of the robust middle aged man and the others, they saw a Roc that carried the might of the heavens and the earth whistle down from the sky!

It was indeed a Roc, and it was said to be the number one ferocious beast during the primeval times after the Chaos had been split apart. Its figure lay across the entire universe, and its wings blotted out the sky and covered an area of a few tens of thousands of kilometers.

As soon as it appeared, the entire heavens and the earth were filled by its enormous figure, and it seemed as if the world would explode into pieces from being unable to contain its massive figure!

The Roc Divine Technique!

When they witnessed this scene, figures of the robust middle aged man and the others stiffened, and they seemed as if they'd been struck by lightning.

“The Roc Divine Technique!?” Suddenly, the Heaven Devouring Beast let out an extremely shocked, furious, and loud roar, and then its bloody mouth rumbled as it moved to devour Chen Xi like a descending bottomless abyss.

It had existed until now for countless years, so how could it be unaware of how terrifying the Roc Divine Technique was. Amongst the ferocious beasts of the primeval times, perhaps it was even rarer than existences like the phoenix, Yayu, and Xiezhi, but in terms of might, it had to admit that even it was inferior to the Roc!

The Roc was the number one ferocious beast during the primeval times that devoured the world. It possessed monstrous ferocious might, and it had killed countless gods.

So, when it noticed that Chen Xi actually executed the Roc Divine Technique, the Heaven Devouring Beast didn't dare hesitate to exert its entire strength with the intention of annihilating Chen Xi in one go.

On the other hand, the reason it dared to act in this way was because it felt that Chen Xi wasn't a real Roc, so in terms of ability and foundation, Chen Xi was utterly unable to compare to a real Roc.

Rumble!

At practically the exact same time, the Roc Chen Xi had transformed into whistled over to the Heaven Devouring Beast. Its enormous tail swept down like a river of stars descending from the universe.

With a single strike, the heavens and the earth were thrown into chaos while space collapsed, and all things were crushed into powder before it!

Bang! Bang! Bang!

The Heaven Devouring Beast and Roc collided and entered into battle, and it seemed like the sun and moon were colliding repeatedly. The terrifying fluctuations created by this swept towards the surroundings, and it threw an area of 500,000km in the surroundings into chaos. It transformed into an area of destruction and chaos.

At this moment, if someone was within this area, that person would probably be instantly obliterated!

This scene was too horrifying. If one looked down at it from the sky, one would notice that the Heaven Devouring Beast and Roc that Chen Xi transformed into seemed like two extremely enormous storm vortices.

One possessed the might to devour the heavens.

The other possessed the might to devour everything.

The collision between the two consisted of 'devouring'. At this moment, all things in the world were torn into powder by two completely different yet terrifying forces, and it was chaotic to the extreme.

The expressions of the robust middle aged man and the others changed, and they retreated back successively as they were deeply afraid of being affected by this battle. At this moment, even with their cultivations, they felt terrified and horrified.

This was simply an unprecedented battle that ordinary Immortal Kings could only watch from afar and wouldn't dare come close to at all.

"Your heaven devouring energy merely bows beneath the Dao of Devour, yet my devouring energy can devour the energy of the heavens and the earth and absorb it for my own use. This is the difference between you and me. Under such circumstances, how can you possibly fight me?" The Roc Chen Xi had transformed into spoke with a voice that revealed arrogance, and it carried an aura of supremacy in the world.

"Little Fellow, you aren't a Roc!" The Heaven Devouring Beast roared furiously, and it was furious to the limit.

"Vile beast, since you remain unconvinced, then I'll bash you until you are!" Chen Xi spoke in an icy cold voice.

Rumble!

After a short moment, the Roc swung its tail at the Heaven Devouring Beast's mouth, and it struck the Heaven Devouring Beast's extremely enormous body to the point of suddenly being blasted flying and smashing the heavens and the earth apart.

This caused the expressions of the robust middle aged man and the others to change once more, and they were extremely astounded. Because a Primordial Beast that had guarded the Sovereign Sect for countless years had utilized its entire strength, yet it was actually unable to harm Chen Xi at all?

Isn't this kid a little bit too strong?

Bang!

Before they could recover from their shock, the Roc soared into the sky before its wings descended, and with a light lift of its wings, it blasted the Heaven Devouring Beast flying once more while blood effused out from the Heaven Devouring Beast's enormous body.

The Heaven Devouring Beast roared loudly with fury, and it was extremely disgruntled as it attacked once more. The heaven devouring energy swept out like a blackhole, and it intended to sweep the Roc into it.

Unfortunately, when this sort of devouring energy encountered the devouring energy of the Roc, it was unable to bring forth its might, and it was suppressed by Chen Xi instead, causing the Heaven Devouring Beast to be blasted flying repeatedly.

Bang! Bang! Bang!

In the next period of time, Chen Xi didn't say a single word. He forcefully suppressed the Heaven Devouring Beast in the form of the Roc, and he caused blood to erupt from all over the Heaven Devouring Beast's body. It roared in pain without end, and it was unable to turn the situation around any longer.

This caused the bodies of the robust middle aged man and the others to go cold as if they'd fallen into an icy pit. The combat strength Chen Xi possessed was so formidable that it far exceeded their expectation.

It was even to the extent that they suspected Chen Xi wasn't at the Immortal King Realm any longer, otherwise, how could he possibly suppress the Heaven Devouring Beast to such an extent?

They weren't wrong. Chen Xi wasn't an Immortal King now, and he'd stepped into the extremely rarely seen Halfgod Realm. He far exceeded Immortal Kings, and it was even to the extent that he could step into the ranks of gods at any time.

On the other hand, their understanding of Chen Xi was still at the time Chen Xi had just advanced into the Immortal King Realm. If they knew that Chen Xi had once annihilated eight Xeno-race Saint Emperors, destroyed a Divine Formation, and wiped out 100,000 Xeno-race troops by himself, they would probably not be so shocked.

.....

Bang!

Suddenly, Chen Xi's figure flashed, and he'd already recovered his original form. He stepped onto the Heaven Devouring Beast's head, and no matter how the latter struggled, it was utterly powerless to resist him.

The scene at this moment was extremely visually impacting. The Heaven Devouring Beast's figure covered an area of an entire 50,000km, and when it was compared with Chen Xi's figure, it was like the difference between an ant and a mammoth.

But it just so happened that this 'ant' was standing on the 'mammoth' and caused the mammoth to be unable to struggle at all!

"Are you convinced now?" asked Chen Xi in a casual manner.

"Kid, if the Sovereign Sect's Master didn't extract a strand of my soul's quintessence all those years ago and confined me here, do you think you'd be able to shake me with that little bit of ability you possess?" The Heaven Devouring Beast roared furiously with a voice that carried boundless rage and unwillingness. Because being defeated by a human caused it to feel extremely humiliated and aggrieved.

"Submit to me, and I'll help you reclaim that strand of soul." Chen Xi spoke abruptly.

“You...” The Heaven Devouring Beast was stunned. It had obviously never imagined that not only did Chen Xi not immediately kill it at this moment, Chen Xi had put forth such a request instead.

For a time, it couldn't help but hesitate.

“Animal! That strand of your soul is being kept above the 33 levels of the Sovereign Realm. Do you think Chen Xi can accomplish that? You're simply an idiot!” The robust middle aged man shouted loudly in a stern voice from extremely far away. The defeat of the Heaven Devouring Beast caused him to feel terrified, but when he heard that Chen Xi actually boasted about rescuing the Heaven Devouring beast, he couldn't help but start laughing from extreme rage.

As he spoke, he raised the dark whip in his hand, and it surged through space as it whipped fiercely at the Heaven Devouring Beast.

Clang!

Right at this instant, Chen Xi made a move as well, and the Talisman Armament soared through the sky and slashed down.

Bang!

The whip was still halfway towards the Heaven Devouring Beast when it was blasted away by this strand of sword qi, and it shook his hand to the point his wrist hurt while his wrist bone almost broke.

This caused his expression to change, and he glanced at Chen Xi with slight fear.

“Let's go!” He practically didn't hesitate to lead the other four Immortal Kings to teleport away and flee for their lives!

He had no choice but to leave. That battle from before had already allowed him to realize that Chen Xi's strength was so terrifying that merely the five of them were definitely unable to be a match for Chen Xi.

Under such circumstances, entering a desperate fight against Chen Xi would be no different than giving their lives away.

Now, they could only place their hopes in the sect and ask their Senior Brother Yin Huaikong and the others to crush Chen Xi.

As for the Heaven Devouring Beast's fate, they didn't care about it at all, nor would they believe that the Heaven Devouring Beast would dare to betray the Sovereign Sect. After all, a strand of its soul's quintessence was being kept in the Sovereign Sect, so it was impossible for it to flee.

“Even if you don't believe me, you can go with me and lead me to the Sovereign Sect. It wouldn't be too late for you to make a decision after I reclaim that strand of your soul's quintessence.” Chen Xi didn't pursue them, and he just glanced at the robust middle aged man and the others before he gazed at the Heaven Devouring Beast beneath his feet.

“Why exactly are you doing all of this?” The Heaven Devouring Beast was silent for a short while before it spoke.

“I want you to protect my Dao Emperor Academy, and I’ll return your freedom to you once the calamity of the three dimensions ends.” Chen Xi spoke without thinking, and he didn’t conceal anything.

“It’s to make me a watchdog again....” The Heaven Devouring Beast roared loudly with sorrow.

Chen Xi said, “One is to live with dignity, and the other is to forever be confined and enslaved. Decide for yourself.”

### Talisman Emperor

#### **Chapter 1524: It Seems Like An Old Acquaintance Has Arrived**

Bang! Bang! Bang!

A primordial beast that was shaped like a tortoise and covered an area of an entire 50,000km walked towards the distance. Every single stride it took caused space to shatter into pieces, and it wasn’t inferior to teleportation at all.

Chen Xi sat cross-legged atop the Heaven Devouring Beast’s head while looking towards the distance.

Earlier, the Heaven Devouring Beast had already agreed to his conditions. However, if Chen Xi wanted it to submit to him, then Chen Xi had to successfully retrieve that strand of its soul’s quintessence from the Sovereign Sect.

Chen Xi naturally didn’t have any objections towards this.

He’d come to the Sovereign Realm this time with the intention of putting an end to the Sovereign Sect. So, he was naturally extremely willing to rescue a primordial beast that was already on the verge of extinction during the primeval times while doing this.

This fellow possessed the might to go against a group of Immortal Kings. So, if Chen Xi was able to make it guard the academy, then even if Chen Xi headed to the Last Days Domain, he could be completely at ease.

.....

At this moment, the Heaven Devouring Beast was carrying Chen Xi through the Heaven Devouring Desert.

After a short while, a strange expanse of ruins appeared within Chen Xi’s field of vision.

There were actually numerous damaged Secret Realms floating amidst the ruins, and they formed a seemingly boundless dense mass.

Every single damaged Secret Realm revealed a different scene. One emanated boundless sword qi, one possessed a roaring ocean of lava, one possessed a mountain that was covered in strange plants and flowers....

All of these scenes were interweaved together and appeared amidst the ruins. It revealed a strange and unusual yet beautiful scene. If was like with a single glance, all sorts of minor worlds were being displayed before one’s eyes.

Ruins of Chaos!

In an instant, Chen Xi determined the name of this place. According to Nangong Lie, the entrance to the Sovereign Realm was hidden within the Ruins of Chaos.

“This is a place of absolute death, and it was intentionally left behind by the Sovereign Sect. All those fellows that tried to enter the Sovereign Sect through here died miserably without any exception.” After they arrived here, the Heaven Devouring Beast suddenly stood still and spoke in a booming voice.

Chen Xi brows raised. “Then where’s the correct path?”

“Beneath that ruins,” said the Heaven Devouring Beast. Suddenly, its figure shook, and then it transformed into a thick ray of light that tore through layer upon layer of space to actually charge beneath the ruins.

This caused Chen Xi to be shocked. Who would have imagined that the Sovereign Realm would actually be underground?

But in next to no time, he noticed that all along the way, even though the Heaven Devouring Beast seemed to be flying downwards, their position had actually always been moving upwards.

A restriction that turns the world around.... No wonder, the heavens are the earth, and the earth is the heavens. Most importantly, there are no signs of the fluctuation of restrictions at all, and it seemed as if it was formed naturally. If one’s unable to see through its secrets, then there would probably be no one that could find this path that heads to the Sovereign Realm. Chen Xi seemed to be lost in thought. His attainments in the Talisman Dao were extremely formidable, so he’d practically deduced all the secrets of the Ruins of Chaos in a moment.

.....

“Kid, I can only send you here.” It wasn’t long before the Heaven Devouring Beast stopped moving and spoke in a low voice.

Chen Xi noticed that they’d arrived at an extremely deep and quiet space at this moment. It was covered in an darkness while numerous balls of flames that seemed like bones floated in the surroundings. Moreover, the flames surged with strands of the aura of calamity.

This area was extremely vast. When looked at from afar, those floating balls of flames seemed like a myriad of will-o’-wisps embedded in the darkness, and it was extremely strange and terrifying.

Moreover, a river was flowing extremely far in the distance. The river was vast and flowed with thick blood while numerous skeletons floated in it. It seemed like the river of blood that flowed in the Netherworld.

“Traverse the Calamity River, and the first level of the 33 levels of the Sovereign Realm, the Crimsonlight of Slaughter Heaven, will be on the other bank of the river.... Hmm? Wait, it seems like a battle has occurred nearby the Calamity River!” The Heaven Devouring Beast was speaking when it suddenly seemed to have noticed something, and its voice suddenly became louder.

A battle? Chen Xi’s eyes narrowed while his enormous will swept out. Sure enough, he noticed that the area around the vast river of blood was suffused with the aura of battle. Moreover, there were many shattered corpses, fresh traces of blood, and collapsed ground nearby the river....

Could it be that someone has already trespassed into the Sovereign Sect before me? Chen Xi was shocked in his heart because this was slightly shocking. Presently, the calamity had descended onto the three dimensions, and the Sovereign Sect seemed monstrous and practically peerless.

Under such circumstance, there was actually someone that didn't fear the Sovereign Sect and had forcefully killed their way into the Sovereign Sect. This was slightly inconceivable.

Who's this person?

Could it be that this person has the same objective as me?

But is there any Immortal King in the Immortal Dimension now that possesses such domineering resolution?

"The battle just occurred not too long ago. It would seem like someone has indeed trespassed into the Sovereign Sect. Hah, how bold. If the Sovereign Sect was so easy to deal with, then how could I have been restrained for countless years?" The Heaven Devouring Beast laughed coldly, and its voice carried disdain, anger, unwillingness, and even a strand of resentment. It was complicated to the extreme.

Chen Xi directly overlooked these words and asked. "Is this the only path into the Sovereign Realm?"

"No, according to my knowledge, there are a total of four paths that lead here. They're divided into the four directions of north, south, east, and west. The path we took was situated at the west, and it's a path of slaughter. Very few people know about it." The Heaven Devouring Beast spoke casually.

"No wonder five of the 10 disciples from the Sovereign Sect left halfway through the battle earlier. Obviously, they found out that someone had trespassed into the Sovereign Sect, and they left to provide support." Chen Xi pondered deeply for a short moment before he made a decision, and then he stood up and moved towards the river in the distance.

"Kid, you have to be careful. It's the Sovereign Sect's residence after all, and it's filled with countless restrictions. Don't try to flaunt your strength and lose your life there...." The Heaven Devouring Beast's booming reminder resounded from behind him. Obviously, he didn't look favorably upon the action Chen Xi was about to take.

.....

The Sovereign Sect.

Crimsonlight of Slaughter Heaven.

This was the first of the 33 levels in the Sovereign Realm, and it was a boundlessly vast world. It was the place where the disciples of the Sovereign Sect with the lowest status cultivated at.

The buildings, mountains, rivers, and even ground here was actually pitch black in color. When he arrived here, it was like entering into a world of darkness, and it gave him an extremely oppressive feeling.

There were a total of 33 levels or heavens in the Sovereign Realm. Every single level represented a level of status, and the lower it was, the lower one's status in the Sovereign Sect was.

Conversely, the higher it was, the higher one's status in the Sovereign Sect was.

For example, the area above the 33 levels was where the Sovereign Sect's Master resided and cultivated.

However, the calamity had descended now, and all the gods within the Sovereign Sect were unable to escape heading to the Last Days Domain with the Master of the Sovereign Sect.

So, it was all the elders and Elite Disciples of the Sovereign Sect that possessed the higher status in the Sovereign Sect now. Practically all of their cultivations were at the Immortal King Realm.

Of course, there was a difference between Immortal Kings.

For example, the Elite Disciple Yin Huaikong, the Sect Priest Elder Kong Zhao, and the Sect Priest Daoist Tuo Kong were originally existences at the Godrank Realm, but their cultivations had been suppressed instead, and they appeared to be Immortal Kings. They'd done this for the sake of allowing them to reside in the three dimensions and lead the Sovereign Sect to take control of the world.

On the other hand, the might they possessed naturally wasn't something those other Immortal Kings could compare to.

Besides them, the cultivations of all the other Elite Disciples in the Sovereign Sect couldn't be underestimated as well. Because most of them were lingering at the Utter Peak Rank of the Immortal King Realm.

Swoosh!

Chen Xi's figure appeared out of thin air within the Crimsonlight of Slaughter Heaven, and his entire body surged with Immortal Force while he seemed extremely vigilant like an arrow that was waiting to be released.

However, to his surprise, this world was actually completely deathly silent, and it was even to the extent that his arrival didn't draw any attention.

As expected, a battle had occurred here.... After that, Chen Xi sensed that this expanse of the heavens and the earth was covered in numerous corpses and pools of blood.

He sensed that the aura of those corpses was suffused with strands of the aura of calamity. Shockingly, they were disciples of the Sovereign Sect.

Extraordinary! That person was actually able to trespass into the Sovereign Sect and carry out a slaughter. This person's strength is probably absolutely not something an ordinary Immortal King can compare to.... Chen Xi pondered deeply for a moment, and then his will swept out. He sensed carefully for a moment before his figure flashed, and he teleported away and vanished on the spot.

.....

The level above the 1st level was the Pillar of Dazzling Light Heaven.

After he arrived here, Chen Xi still only noticed corpses covering the ground and numerous layers of completely destroyed restrictions.

How formidable! This ability of slaughter is simply all-powerful. With such a strength, this person is definitely not an ordinary person in the Immortal Dimensions. But who exactly is it? Why am I unable to deduce anything about this person? Chen Xi felt even more curious towards this 'expert' that had trespassed into the Sovereign Sect just like he had.

After that, he stopped hesitating and staying here, and he continued up the Sovereign Realm.

The Void Blaze of Exile Heaven.

The Big Dipper Gem Heaven.

The Auspicious World Origin Heaven.

.....

Practically without stopping at all, Chen Xi traversed numerous levels and noticed numerous scenes of battle and slaughter all along the way, and the shock within his heart continued to grow.

At the 18th level, the Colorless Brahma Glow Heaven.

When Chen Xi arrived here, he suddenly sensed a wave of violent fluctuations of battle.

This caused him to be shocked in his heart, and he understood that this 'expert' that had trespassed into the Sovereign Sect was in battle at the 18th level of the Sovereign Realm at this moment.

Chen Xi didn't dare dally, and his figure flashed as he rushed towards the distance.

Rumble!

This was an expanse of boundless verdant plants. At this moment, it had been transformed into a vast battlefield instead. The glow of Immortal Force erupted all over the plains while chaotic flows of energy shot through the sky. Moreover, the fluctuation of restrictions filled the surroundings while Immortal Artifacts collided with each other and techniques flashed through the sky. It was a scene of chaos.

An entire 1,000 over disciples of the Sovereign Sect had joined forces to form a variety of restrictions to trap a slender figure. Blazing light drowned this entire area, and it caused others to be utterly unable to clearly witness the battle that was occurring there.

However, when Chen Xi arrived far away from this place and saw this scene, his eyes focused instead. Because that battlefield... actually surged with matchlessly pure energy of light!

Could it be that 'expert' is from Nuwa's Dao Palace?

After that, his terrifying will swept towards the distant battlefield. When he was finally able to clearly see the figure that was trapped at the center of the battlefield, his figure instantly stiffened while his pupils dilated, and he seemed as if he'd been struck by lightning.

It's actually... it's actually... her? Chen Xi cried out involuntarily, and his voice couldn't help but tremble. Moreover, it even carried a wisp of indescribable excitement. He seemed as if he'd never expected that he would actually meet her right here and right now.

This had exceeded his expectations, and he was extremely surprised. It caused him to be slightly stunned on the spot while waves surged within his heart.

### Talisman Emperor

#### **Chapter 1525: Following Closely Behind**

In the battlefield, that graceful figure seemed otherworldly and extraordinary. She wore snow white clothes, and she had jet black and beautiful hair that flowed down like a waterfall. Her eyes seemed illusory while her beautiful and tranquil face seemed as if it was covered beneath misty rain, causing her to emanate a dreamlike and otherworldly aura.

Her figure swayed as she flickered through her opponents, and her entire body was suffused with strands of the aura of pure light. Every single move she made carried a composed, calm, and cold aura, causing her to seem extremely extraordinary.

There was no lack of existences at the Immortal King Realm amongst the over 1,000 disciples of the Sovereign Sect in the surroundings, and the battlefield was even covered by numerous layers of restrictions, yet it was all actually unable to harm her at all.

When looked at from afar, she seemed like a wisp of light moving above a mountain of blades and an ocean of flames, and she was extremely dazzling.

Shockingly, she was Qing Xiuyi!

This was the reason why Chen Xi's entire body had stiffened at that instant and seemed as if he'd been struck by lightning. It was because that was his Dao Companion, his wife!

Early on when he was still at the Nine Radiance Sword Sect within the Dark Reverie, Qing Xiuyi had broken through the restraints of the heavens while at the Golden Immortal Realm and ascended into the Immortal Dimension.

At that time, she'd promised Chen Xi that she would come look for Chen Xi after Chen Xi arrived at the Immortal Dimension.

But even after so many years had passed, the both of them still hadn't met each other because of various reasons, and it really showed how the destiny played tricks on people.

Later on, the calamity of the three dimensions descended, and Chen Xi finally obtained information about Qing Xiuyi from Shi Yu.

However, before he could head to Nuwa's Dao Palace to bring Qing Xiuyi back with him, he heard the news that the Skandha World where Nuwa's Dao Palace resided had been closed up and vanished from the world, whereas, most of the cultivators from Nuwa's Dao Palace had headed to the Last Days Domain.

This had caused Chen Xi to always feel extremely regretful in his heart.

However, never had he imagined that he would actually see her in the Sovereign Realm!

Why has she come here?

Since she's clearly in the three dimensions, then why didn't she come to see me?

Waves rose and fell within Chen Xi's heart while he thought swiftly. No matter how he wracked his brains, he was unable to figure out why Qing Xiuyi had acted in this way.

Fan Yunlan didn't come to see me because she didn't want to interfere in my life. What about her? Even if she's unwilling to meet me, could it be that she's even unwilling to meet An'er?

When he thought up to here, Chen Xi actually couldn't help but feel slightly sad.

.....

The battle in the distance was still going on.

In the end, Chen Xi didn't show himself. Firstly, he'd discerned that Qing Xiuyi's current strength was sufficient to deal with all the enemies before her. Secondly, he wanted to find out exactly why Qing Xiuyi had come here.

He was very clearly aware that if he were to meet Qing Xiuyi now, then with her quiet and reticent disposition, she would definitely not tell him the true reason.

Because she was too proud, proud to the point she couldn't be bothered to explain everything, and this included the times she was dealing with Chen Xi. Moreover, this disposition of hers was impossible to change.

If it was changed, then she wouldn't be Qing Xiuyi any longer.

Swoosh!

Chen Xi's figure flashed as he executed a secret technique to silently hide himself. Unless it was an existence who possessed a strength that obviously exceeded him greatly, otherwise, others would be utterly impossible to notice him.

After he did all of this, he carefully sized Qing Xiuyi up.

Unfortunately, Qing Xiuyi's beautiful face was indifferent and tranquil, and it was utterly impossible to discern her feelings at this moment.

Thus, Chen Xi was only able to determine that with her current cultivation, she'd already attained the Utter Peak Rank of the Immortal King Realm, and the Dao Techniques she possessed had even attained perfection. So, the joint forces of five or six ordinary Immortal Kings wouldn't be a match for her at all.

Obviously, during her cultivation within Nuwa's Dao Palace throughout these years, Qing Xiuyi's strength had improved by leaps and bounds, and it could even be considered as inconceivable.

However, Chen Xi came to an understanding when he thought about it.

According to his knowledge, Qing Xiuyi had experienced 100 reincarnations, and her identity was even more mysterious than his father, Chen Lingjun. With her natural talent and foundation and coupled with the various experiences she'd accumulated throughout her past lifetimes; it was impossible for her strength to not improve.

Rumble!

Suddenly, waves of world shaking rumbling resounded from afar.

Qing Xiuyi's clothes fluttered as she moved throughout the battlefield by herself. She'd actually destroyed all the restrictions, and even most of the over 1,000 disciples from the Sovereign Sect had been annihilated by her.

In the battlefield, blood sprayed while shrill howls resounded without end. The few remaining disciples of the Sovereign Sect were terrified to the point of fleeing when they noticed that the situation was bad, and they didn't dare continue fighting Qing Xiuyi.

Qing Xiuyi didn't pursue them.

She stood in snow white clothes on the battlefield that was filled with pools of blood, and she seemed like a pure white cloud that was pure, tranquil, otherworldly, and extraordinary.

She raised her eyes and stared silently towards the distance for a moment, and then her figure flashed before she left swiftly.

Are you still going to continue killing? Chen Xi frowned from extremely far away. He distinguished that Qing Xiuyi intended to leave the 18th level and head to the 19th level, the Suffering Calamity Heaven.

He pondered deeply for a moment before he followed her silently.

.....

"Set up the formation!"

"Quickly make a move!"

"Kill this woman from Nuwa's Dao Palace!"

At the Suffering Calamity Heaven, row after row of disciples of the Sovereign Sect were gathered here, and they'd set up numerous restrictions under the lead of five Immortal Kings and were ready to enter into battle.

Actually, the defenses of the Sovereign Sect was extremely formidable. Every single level was covered in numerous restrictions, and once they were activated, it could be said that every step one took was filled with killing intent and extreme danger.

If it was an ordinary Immortal King that had come here, that Immortal King would have probably been trapped and killed at the 1st level.

On the other hand, the reason Qing Xiuyi was able to easily kill her way through to the 19th level by herself was because her strength far exceeded an ordinary Immortal King. So, those restrictions were utterly unable to harm her at all.

Even Chen Xi had no choice but to admit that the might Qing Xiuyi possessed now wasn't much different to the strength he possessed when he advanced into the Immortal King Realm that day.

It was even to the extent that Qing Xiuyi's combat strength was even slightly superior to Qiu Xuanshu.

This caused Chen Xi to be even more curious. Why exactly did she come here?

“Kill!”

“Kill!”

“Kill!”

The battle directly erupted once more.

3,600 enemies, five Immortal Kings, 168 layers of restrictions.... How could such a force possibly harm her? In an instant, Chen Xi determined the situation of the battle. Even though he'd done that, he still couldn't help but feel slightly worried for Qing Xiuyi.

He accumulated strength and got ready. Once even the slightest mishap occurred, he would hesitate to lend her a hand because compared to figuring out the true reason Qing Xiuyi had come here, he cared more about her safety.

She had already killed her way to the 19th level, could it be that the others within the Sovereign Sect are unable to determine the situation? Where the Eldest Elite Disciple, Yin Huaikong? Could it be that he's going to just watch as all of these disciples are killed? Suddenly, Chen Xi noticed something was off. Up until now, the Sovereign Sect seemed to have not taken Qing Xiuyi seriously at all, and they still hadn't sent over a true expert in the Immortal King Realm.

This was slightly unusual.

No matter what, since I've come here this time, then I'll absolutely not allow her to be in any danger.... Chen Xi took a deep breath while a wisp of resolution flashed in his eyes.

.....

At practically the exact same time in the area above the 33 levels.

Numerous figures were seated cross-legged atop an ancient Dao Platform. All of them possessed monstrous divine might and revealed supreme and formidable imposing auras.

Shockingly, the Eldest Elite Disciple of the Sovereign Sect, Yin Huaikong, and the 5th amongst the Elite Disciples, Jiang Lingxiao, and various other Elite Disciples were amongst them.

Besides these Elite Disciples, there were two old man in blood red robed that were extremely striking. One had an emaciated face, a gloomy expression, sunken eyes, and his entire body flowed with strands of obscure mist of the Grand Dao that enveloped his entire body.

The other had an upright appearance and meticulous expression. The space between his sharp brows were filled with an oppressive aura of slaughter while cold lighting flowed within his eyes, and it was extremely terrifying.

These two old men were the two Sect Priests of the Sovereign Sect, Elder Kong Zhao and Daoist Tuo Kong!

“Eldest Senior Brother, that Qing Xiuyi from Nuwa’s Dao Palace has already killed her way to the 19th level.” An Elite Disciple spoke with worry. He held a bronze mirror in his hand, and the mirror shockingly displayed the scenes of the battle at the 19th level.

Yin Huaikong who wore a large bamboo hat frowned, and then he glanced at Jiang Lingxiao before he said, “Junior Sister Jiang, lead a few Junior Brothers over and end the battle as soon as possible.”

Jiang Lingxiao nodded before she stood up, and then she led three Elite Disciples away swiftly.

After he gave these instructions, Yin Huaikong swept the others with his gaze and said, “I sent urgent summons to all of you today because important news came from the Last Days Domain.”

The Last Days Domain! All of their hearts shook. Even the eyes of those two Sect Priests narrowed slightly, and they revealed a wisp of a serious expression.

“According to the information sent back by the sect from the Last Days Domain, the situation there is slightly bad. Even though I’m unable to find out the exact situation, I can confirm that someone has already entered into the ancient God Domain.” Yin Huaikong’s expression had become serious at this moment.

“What?”

“How could this be possible? Our Sovereign Sect has placed numerous forces within the Last Days Domain and has long since fully blocked that path towards the ancient God Domain. How could such a thing have occurred?”

The hearts of the others jerked, and they couldn’t help but start discussing it.

“No matter what, this matter has already been proved to be a fact.” Yin Huaikong’s voice was hoarse yet feminine, and he said slowly, “According to my inference, since such an incident has occurred, it won’t be long before the door to the ancient God Domain will close completely, and even the Sect Master won’t be able to change this.”

All of their expressions became gloomy.

Even though they were always acting on behalf of the ‘Heaven Dao’, if they wanted to enter the ancient God Domain, they still had to possess the qualifications to enter it. Now, if the door to the God Domain were to close, then they were bound to be unable to step foot on that divine land!

“Eldest Senior Brother, then what should we do?” Someone couldn’t help but ask this question.

The others shot their gazes towards Yin Huaikong as well.

“There’s no need to be anxious. It will still take a period of time before the passageway to the ancient God Domain closes. During this period of time, our task of top priority is to....” Yin Huaikong took a deep breath while his voice revealed a wisp of killing intent. “Eliminate Chen Xi, crush Dao Emperor Academy, and eliminate all the Immortal Kings in the three dimensions!”

He paused for a moment and continued. “Only in this way would we be able to leave as soon as possible and head to the Last Days Domain. Then, we can converge with the others from the sect and head to the ancient God Domain together.”

When they heard this, all of them pondered deeply for a moment before they agreed successively.

“Now, please lend me a hand to refine a Natural Spirit Treasure. With this treasure, even killing that kid, Chen Xi, would be as easy as turning over a palm!” Suddenly, Yin Huaikong flipped his palm, and then three gold and brilliant copper coins floated up into appearance. They revolved endlessly in the air and emanated strands of terrifying and obscure auras of chaos.

### Talisman Emperor

#### **Chapter 1526: The Rankings Of Spirit Treasures**

The three gold and brilliant copper coins floated in the air while suffused with the aura of chaos.

If one looked carefully at it, these coins were round on the outside and square at the center. Their surface was branded with obscure markings of chaos, and they respectively revealed the scenes of the ‘heavens’, ‘earth’, and ‘man’. They were extremely profound.

As soon as they appeared, they emanated a strand of oppressive Divinity that was pure, thick, and striking.

The Natural Spirit Treasure — the Copper Coin of Treasurefall!

When they saw this treasure, all of their pupils constricted and revealed a wisp of shock. This was a supreme Divine Artifact that was born within the quintessence of Chaos, and it belonged to the Sovereign Sect’s Master. It possessed miraculous and monstrous might that was beyond imagination.

According to legend, so long as it was utilized, then this treasure was capable of making all Artificial Spirit Treasures fall before it. It was a rare treasure even amongst the ranks of Natural Spirit Treasures.

Early on during the primeval times, the Sovereign Sect’s Master had relied on this treasure to seize the treasures of countless Fiendgods, and it could be said to be a miraculous and precious treasure.

“I never expected that the Sect Master actually passed down this treasure to Eldest Senior Brother.” An Elite Disciple spoke with admiration.

It wasn’t just him, even those two Sect Priests were unable to maintain their composure at this moment, and they glanced at Yin Huaikong with gazes that were slightly complicated. They seemed as if they’d similarly not imagined that this treasure would be in the latter’s possession.

“The Sect Master passed this treasure down to me for the sake of making it easier for us to sweep through the three dimensions. My status alone is definitely insufficient to deserve such a precious treasure.” Yin Huaikong smiled humbly, yet his tone carried a wisp of pride.

A Natural Spirit Treasure was a Natural Divine Artifact.

A precious treasure that was born from within the Chaos. Since the Chaos had been split open until now, there were merely 108 known Natural Spirit Treasures in the entire three dimensions.

This Copper Coin of Treasurefall was one of them, and in terms of might and usage, it was even ranked at the 24th position amongst the 108 Natural Spirit Treasures.

Just think about it, there were countless Fiendgods and gods since the Chaos had been split apart until now, yet there were merely 108 Natural Spirit Treasures. This obviously showed how precious and rare such treasures were.

On the other hand, since the Copper Coin of Treasurefall was able to be ranked at the 24th position, it seemed to be even more extraordinary.

“Everyone, let’s begin the refinement.” Yin Huaikong instructed before he opened his mouth and spat out a ball of dark golden Immortal Force that covered the three copper coins. After that, he formed profound seals with his hands and started to refine it.

It was precisely because this treasure’s might was too formidable that even with Yin Huaikong’s current strength, he was utterly unable to refine it by himself, and he had no choice but to rely on the assistance of others.

“Let’s begin.” The others glanced at each other, and all of them had solemn expressions as they circulated their cultivations and started to assist Yin Huaikong.

Om!

A strand of terrifying fluctuation effused out. The three copper coins droned and emanated clear howls, and it was like the chaotic tune of the Heaven Dao as it resounded throughout the area above the 33 levels of the Sovereign Realm.

.....

At the 19th level of the Sovereign Realm, the Suffering Calamity Heave.

Rumble!

The intense battle was still going on. Qing Xiuyi moved around the battlefield all by herself, and her beautiful hair fluttered while she revealed a tranquil expression. Every single move she made reaped the life of an enemy, and she seemed to act extremely decisively.

Blood was spraying while shrill howls resounded.

From the beginning until the end, Qing Xiuyi didn’t even blink, and she remained composed. Her clothes fluttered with her movements, and she seemed otherworldly and pure like a celestial maiden that was walking through the waves on the ocean. She was clearly killing her enemies, yet not only did she not seem cruel and bloody, it was gladdened the hearts and pleased the eyes of others instead.

In next to no time, the battle had completely leaned towards her.

Luckily, there’s no need for me to lend a hand.... Chen Xi noticed all of this, and he heaved a sigh of relief in his heart.

But right at this moment, his pupils suddenly constricted as he swiftly looked towards the side. He saw numerous figures flicker in midair, and they were swiftly whistling over from afar at an unbelievable speed.

Jiang Lingxiao! Chen Xi instantly recognized the woman in the lead. Surprisingly, it was one of the Sovereign Sect's Elite Disciples, Jiang Lingxiao.

There were another three men and a woman by her side, and all of them possessed extremely powerful auras. At the very least, they were already standing at the peak of the Immortal King Realm.

They'd finally sent out some decent experts.... Not only did Chen Xi not become anxious because of this, he heaved a sigh of relief instead. He was most worried that the Sovereign Sect's forces didn't make an appearance for a long time while playing some tricks from the shadows.

Now, since they'd exposed themselves, then he didn't have to worry about the threat of any schemes.

Rumble!

Meanwhile, Qing Xiuyi noticed Jiang Lingxiao and the others as well. However, she didn't stop what she was doing, and her attacks grew even fiercer.

"Hmph! What a ruthless woman! You trespassed into my Sovereign Sect yet still dare to act so arrogantly! You're simply courting death!" Jiang Lingxiao grunted coldly and waved her hand.

The four Elite Disciples by her side immediately flashed out and charged towards the distant battlefield.

Swish!

Numerous peerlessly formidable Immortal Artifacts soared through the sky, and they tore through space as they smashed down towards Qing Xiuyi from all directions.

"Everyone else step back! Allow us to crush this woman!" At practically the exact same time, Jiang Lingxiao's clothes fluttered as her slender and fair palms spread opened, and she withdrew a bronze mirror that was densely inscribed with talismans before pointing it at Qing Xiuyi from midair.

Swish!

A glow flashed on the surface of the bronze mirror, and then a strand of violet divine light flashed out like lightning from within it. It carried a peerlessly fierce aura as it tore open layer upon layer of space to shoot over violently.

The Artificial Spirit Treasure — Violet Myrtle Mirror!

This mirror contained surging 'Violet Myrtle Divinelight', and it possessed the aura of divinity. It was capable of eliminating the soul and destroying the intelligence of all things. Its might was extremely terrifying.

In an instant, Qing Xiuyi was surrounded from all directions and fell into an encirclement. However, she was completely unafraid, and she held a snow white immortal sword in her fair hand while she stood there in an imposing manner and actually deal with all of these attacks.

Bang! Bang! Bang!

Terrifying sounds of collision resounded and shook the heavens and the earth.

Even though she'd resisted these numerous attacks, Qing Xiuyi's countenance had turned slightly pale. Obviously, it was strenuous to her, and it wasn't so easy as it was before.

However, she remained silent and continued to fight. Her entire body seethed with the energy of light, and it illuminated the heavens and the earth, causing her to seem like a god that had emerged from within the light and possessed vast might.

"Hmph! She just putting up a desperate fight! Everyone, there's no need to hold back any longer! Kill her!" Jiang Lingxiao grunted coldly while the Violet Myrtle Mirror revolved endlessly in the air, and it emanated a myriad of strands of Violet Myrtle Divinelight that transformed into numerous terrifying and zig-zagged bolts of lightning before descending explosively towards Qing Xiuyi.

The other four Elite Disciples utilized their entire strengths as well, and they cooperated with Jiang Lingxiao to completely block off all Qing Xiuyi's paths of retreat. She was like a bird trapped in a cage, and there was utterly no chance for her to escape.

These bastards are truly merciless. They utilized their entire strengths as soon as they entered into battle... Chen Xi's brows raised while wisp of piercingly cold killing intent flashed within his deep and dark eyes.

"Descend!" However, right when Chen Xi intended to lend Qing Xiuyi a hand, he noticed that Qing Xiuyi had suddenly withdrawn a treasure that was shaped like a yellow cloud. As soon as it appeared, it seemed as if it possessed a boundless force of gravity that actually easily smashed and collapsed that expanse of the heavens and the earth.

Surprisingly, that treasure shaped like a yellow cloud was a piece of dirt. It was brown in color, and it emanated strands of the aura of Fifth-Earth.

It lightly shook before it blasted back all the Immortal Artifacts that attacked Qing Xiuyi from all directions, and it obstructed all the various attacks that descended as well. Its might was extremely formidable.

"Nuwa's Dao Palace's Nine Heaven Lifesoil! No wonder you dared to trespass into my Sovereign Sect all by yourself. So, it turns out that you actually possess such a Natural Spirit Treasure to rely on." Jiang Lingxiao's eyes focused as she spoke with surprise. This treasure was a renowned Divine Artifact in Nuwa's Dao palace, and it was ranked at the 54th position amongst the 108 Natural Spirit Treasures.

However, no matter how formidable a Divine Artifact was, it still has to depend on its user. Not to mention that there were five of them here, so Jiang Lingxiao was still extremely confident in her ability to annihilate Qing Xiuyi.

"Bind!" However, to Jiang Lingxiao's surprise, Qing Xiuyi withdrew another treasure after she'd just utilized the Nine Heaven Lifesoil. It was a silver and brilliant rope that revealed a practically translucent amber color.

The surface of this rope flowed with strands of talismans and was coiled with the aura of divinity. As soon as it appeared, it vanished into thin air with a swish.

"The God Binding Rope! Watch out!" Jiang Lingxiao spoke with shock as she'd recognized that this was another Natural Spirit Treasure. It was ranked at the 39th position, and it was even more formidable

than the Nine Heaven Lifesoil. According to legend, Nuwa herself had relied on this rope to restrain and kill countless gods all those years ago!

Unfortunately, her warning was a little too late.

Swish!

An Elite Disciple was restrained, and he was utterly unable to struggle and lost the ability to do battle.

“Kill her!” Jiang Lingxiao and the others hurriedly moved forward to save him when they saw this, and they attacked Qing Xiuyi with all their might.

However, Qing Xiuyi actually didn't try to evade them at all. Her figure flashed as she forcefully headed towards that Elite Disciple that had been restrained, and she seemed as if she was fighting without any concern for her life.

Bang!

A muffled bang resounded as the Nine Heaven Lifesoil smashed forcefully onto that restrained Elite Disciple, and his figure rumbled and shattered into pieces like a piece of paper, causing him to perish on the spot.

A Peak Rank Immortal King had actually perished just like this!

But at practically the exact same moment, Qing Xiuyi suffered the attacks of the others, and a strand of Violet Myrtle Divinelight shot through her left shoulder.

At the same time, the attacks of the other two Immortal Kings smashed down onto her backbone, causing her entire body to be blasted flying.

Pu!

A mouthful of blood sprayed out from her mouth, and her countenance instantly turned pale.

This way of fighting was unexpected, and it entirely seemed as if she was fighting desperately with the intent of bringing them down with her.

It wasn't just Jiang Lingxiao and the others that hadn't expected it, even Chen Xi who stood in the distance had never expected that Qing Xiuyi would actually be so ruthless towards herself, and it caused him to be entirely unable to assist her in time.

“Kill! Kill her!!” Losing a fellow disciple as soon as the battle began caused Jiang Lingxiao to be utterly infuriated, and she intended to seize the moment Qing Xiuyi suffered an injury to annihilate her.

“Dammit!” Chen Xi's face instantly became gloomy. He couldn't be bothered to hide himself any longer, and his figure flashed with the intention of charging over.

Om!

But right at this moment, the energy of light flashed throughout Qing Xiuyi's body, and she actually withdrew a crystalline and snow white lantern. In an instant, it emanated a myriad of strands of light that illuminated the heavens and the earth, and it was extremely dazzling.

It caused Chen Xi's eyes to narrow, and his figure became slightly sluggish.

"The Universe Void Lantern! Dammit! Nuwa even passed down such a precious treasure to you!? Who exactly are you!?" Amidst the expanse of light, Jiang Lingxiao's sharp cry that was filled with shock and fury resounded.

"AH!!!" At practically the exact same moment Jiang Lingxiao's sharp cry resounded, a shrill cry resounded as well, and it was extremely miserable before it stopped abruptly in the next moment. Obviously, another person had been killed.

This caused Chen Xi to be shocked and filled with disbelief. Never had he imagined that all the treasures in Qing Xiuyi's possession would actually be so formidable, and all of them were Natural Spirit Treasures!

### [Talisman Emperor](#)

#### **Chapter 1527: Ascending Step By Step**

The Universe Void Lantern floated in midair, and it emanated brilliant light.

This lantern was nine inch in height and completely pure white as if it was carved out of ice. It was shaped like a bloomed lotus, and the wick of the lantern was at the heart of the lotus.

Swish!

Strands of chaotic divinity transformed into pure light that swept out like a tide and illuminated the heavens and the earth. It was extremely dazzling, and the aura it emanated carried a terrifying might capable of purifying and destroying all evil in the world.

This Natural Spirit Treasure was drawn from within the Chaos by Nuwa herself, and then she refined it with supreme energy of light for countless years, causing it to possess unfathomable might. It was ranked at the 27th amongst the 108 known Natural Spirit Treasures!

During this dangerous moment, Qing Xiuyi had suddenly utilized it and annihilated an Elite Disciple from the Sovereign Sect. It shocked everyone present in the surroundings and caused Jiang Lingxiao and the others to cry out involuntarily with rage while dodged successively without end.

On the other hand, Chen Xi suddenly stopped moving while similarly feeling shocked in his heart.

Earlier, Qing Xiuyi had charged all along the way into the 18th level of the Sovereign Realm, yet from the beginning until the end, she hadn't utilized a single Immortal Artifact. However, as soon as she entered into battle with Jiang Lingxiao and the others, she'd successively utilized the Nine Heaven Lifesoil, the God Binding Rope, and the Universe Void Lantern. Every single one of these treasures possessed formidable might, and all of them were Natural Spirit Treasures!

Such possessions allowed her to actually annihilate two Elite Disciples of the Sovereign Sect that were at the Peak Rank of the Immortal King Realm while she was in a tight encirclement. This obviously showed that she'd obviously come prepared when she trespassed into the Sovereign Sect by herself.

.....

Rumble!

The energy of light swept out like a raging wave, and it emanated boundless might.

Under such suppression, Jiang Lingxiao and the last two Elite Disciples could only resist with all their might, and the situations had flipped, causing them to be in a precarious position.

Even if Qing Xiuyi was injured at this moment, but she possessed three Natural Spirit Treasures, so even with the ability possessed by Jiang Lingxiao and the other two Elite Disciples, they were unable to do anything to her.

Most importantly, amongst all of these three Immortal Kings, only Jiang Lingxiao possessed an Artificial Spirit Treasure, let alone a Natural Spirit Treasure....

In terms of treasures, they were already completely suppressed.

This didn't mean that the resources and reserves of the Sovereign Sect was inferior to Nuwa's Dao Palace, and it was instead because the Sovereign Sect had numerous disciples and elders. So, no matter how many Natural Spirit Treasures it possessed, it was utterly insufficient to be distributed amongst them.

In terms of cultivation and combat strength, even though Qing Xiuyi was injured, it was still sufficient to go head-on against any one of them.

In such a situation, Jiang Lingxiao and the others had completely lost any advantage in the battle.

Bang!

After a short moment, Qing Xiuyi captured an opportunity and utilized the God Binding Rope to restrain an Elite Disciple of the Sovereign Sect, and then she utilized the Universe Void Lantern to directly incinerate that Elite Disciple into nothingness.

Moreover, that Elite Disciples shrill and miserable cry before death caused one's hairs to stand on end.

This scene directly crushed Jiang Lingxiao and the other Elite Disciple's will to fight, and they turned around and fled. They'd stopped participating in the battle because it was already impossible to turn the situation around.

Swoosh!

When she saw this, Qing Xiuyi commanded in her heart, and the silver and brilliant God Binding Rope soared into the sky and vanished. When it appeared next, it had actually caught up to the other Elite Disciple and restrained him, causing him to cry out loudly in terror and rage yet was unable to struggle free.

Rumble!

The Nine Heaven Lifesoil transformed into a yellow cloud that crushed down, and it directly crushed that Elite Disciple into powder.

All of this had occurred too quickly. From the moment Jiang Lingxiao and the other Elite Disciple fled to the point Qing Xiuyi utilized the God Binding Rope to restrain that Elite Disciple, all of it had been completed in an instant.

This obviously showed how intense and horrifying this battle was.

“Bitch! It won’t be long before I’ll make you die a graveless death!” Jiang Lingxiao’s voice was filled with extreme rage, and her figure flashed before she vanished from the 19th level.

When Chen Xi saw this scene from afar, he thought about it for a moment before he forcefully restrained the killing intent within his heart in the end, and he didn’t go annihilate Jiang Lingxiao. Presently, the Sovereign Sect’s Eldest Elite Disciple, Yin Huaikong, still hadn’t shown himself, so he didn’t want to expose himself beforehand just because of Jiang Lingxiao.

After Jiang Lingxiao left, Qing Xiuyi didn’t pursue her as well. She gestured with her fair hand to put the three Natural Spirit Treasures away, and then she suddenly let out a muffled groan while her countenance became even paler.

Pu!

After that, she actually couldn’t help but cough out a mouthful of blood, and her body was on the verge of collapse.

Earlier, she’d already suffered an injury, and then she’d successively utilized three Natural Spirit Treasures to kill her enemies. Even though she’d defeated her enemies, the consumption it placed on her strength was extremely great. After all, they were Natural Spirit Treasures. Supposedly, only existences at the Godrank Realm were able to bring forth the entire might of such precious treasures, and their consumption of strength was shocking to the extreme as well.

Qing Xiuyi’s ability to support them until now was sufficient to show how deep her cultivation was, and if it was any other ordinary Immortal King, that Immortal King would probably already be powerless to continue fighting.

“I’m only at the 19th level now....” Qing Xiuyi took a deep breath and withdrew a pill bottle before swallowing its entire contents. After that, her originally waning aura instantly recovered at a shocking speed.

In practically a short time of a few breaths, her originally exhausted strength had actually been almost completely recovered while her ghastly pale face glowed slightly.

She puckered her cherry lips, and her white clothed fluttered as she flashed off once more. From the beginning until the end, she actually didn’t have any intention to retreat or leave.

So, she actually made all sorts of preparations for today’s battle.... Chen Xi muttered as he appeared from the shadows, and a trace of wonder coiled around his heart as he gazed at the spot where Qing Xiuyi vanished from. Why... is she fighting so desperately?

This thought had just flashed in his mind when Chen Xi discarded all the distracting thoughts in his mind and chased after her.

According to his deduction, even if Qing Xiuyi possessed those three Natural Spirit Treasures now, it was still absolutely impossible for her to completely crush the Sovereign Sect.

Because the Sovereign Sect still had Yin Huaikong, Daoist Tuo Kong, and Elder Kong Zhao, and the three of them had attained the Godrank Realm since a long time ago. Even if their cultivations were

suppressed at the Immortal King Realm now, it was absolutely impossible for Qing Xiuyi to be a match for them.

.....

The 20th level, Golden Dispersal Heaven.

The 21st level, Dark Energy Without Silence Heaven.

The 22nd level, Eight Eternal Calamities Heaven.

To Chen Xi's surprise, since the 19th level of the Sovereign Realm, Qing Xiuyi actually didn't encounter any obstruction all along the way, and there wasn't even a sign of an enemy.

Strange. The Sovereign Sect has obviously noticed all of this since a long time ago, yet it still hasn't made a move until now. Could it be that they're setting up a trap and accumulating strength in the shadows? Chen Xi's brows gradually knit together. All along the way, he'd been following Qing Xiuyi in secret. However, up until now, they'd arrived at the 29th level, yet they'd actually not encountered any obstruction. This sort of unusual situation caused him to suddenly become vigilant.

On the other hand, Qing Xiuyi seemed as if she hadn't noticed all of this at all. Since there were no obstructions, she continued forward without end with a tranquil expression, and she seemed as if she was afraid of nothing at all.

Chen Xi couldn't help but sigh with emotion when he noticed this. It seems as if since I've known her, I've never seen her be afraid or fearful. No matter where she is, she's always seems so indifferent and otherworldly.

The two of them moved forward all along the way, yet one moved openly at the front while the other remained in the shadows at the back.

.....

Om! Om!

Above the 33 levels of the Sovereign Sect, strands of the clear howls of the Grand Dao resounded through the heavens and the earth, and it was extremely enlightening.

Along with these clear howls, strands of extremely dazzling golden light that were sharp like bolts of lightning shot out towards the surroundings. They threw the wind and clouds into disorder while space was torn apart and penetrated. It was extremely terrifying.

On the other hand, at the source of those strands of golden light was three golden and brilliant copper coins that revolved in the air. The surface of the copper coins flowed with extremely dense Divinity, and they were like three resplendent suns.

Yin Huaikong and the others sat cross-legged on the Dao Platform with solemn expressions, and they utilized various profound seals to ceaselessly refine this treasure, causing the atmosphere around them to be heavy and solemn.

Jiang Lingxiao watched all of this from aware while her brows were knit tightly together, and her heart burned with anxiety. Why hasn't it been completed yet? If this continues, then that bitch will definitely arrive here.

After she fled from the 19th level and while she was on the way here, Jiang Lingxiao had already ordered those other disciples of the Sovereign Sect who were originally standing on guard there to retreat.

Because she was clearly aware that Qing Xiuyi who possessed those three Natural Spirit Treasures was utterly not someone those ordinary disciples of the Sovereign Sect could go against. Only her Eldest Senior Brother, Yin Huaikong, or the two Sect Priests, Elder Kong Zhao and Daoist Tuo Kong, were capable of crushing that bitch.

However, Jiang Lingxiao had never expected that her Eldest Senior Brother and the others were actually jointly refining the Copper Coin of Treasurefall, and they still showed no signs of stopping up until now.

This caused her to be unable to avoid feeling worried, and she only hoped that they would be able to succeed before Qing Xiuyi arrived here.

If Eldest Senior Brother and the others weren't busy, then how could that bitch have possibly entered so far into my Sovereign Sect with such ease!? When she thought of how Qing Xiuyi had actually passed through level after level of her sect without any difficulty, Jiang Lingxiao couldn't help but feel aggrieved and infuriated in her heart.

Since the ancient times until now, had any fellow dared to trespass into the Sovereign Sect?

No!

Even gods didn't dare do such a thing!

Yet now, along with the departure of the Sovereign Sect's Master and all the gods within the sect that headed to the Last Days Domain, only all of these disciples, Elite Disciples, and the two Sect Priests remained within the Sovereign Realm.

Logically speaking, such a force was sufficient to sweep through the entire three dimensions, crush the world, and cause all living beings to shudder in fear.

Yet Jiang Lingxiao had never expected that Nuwa's Dao Palace's Qing Xiuyi would possess such a formidable strength. Moreover, Qing Xiuyi even possess three Natural Spirit Treasures that were ranked in the top 50 amongst all the known Natural Spirit Treasures, and she'd actually forcefully killed her way into the Sovereign Sect!

This was simply an extraordinary humiliation to the Sovereign Sect!

Bitch! Since you dared to come cause trouble in my Sovereign Sect, then the only outcome waiting for you is eternal suffering! Jiang Lingxiao gnashed her teeth with hatred.

Om!

Right when her thoughts were running wild, a terrifying fluctuation swept out, and it emanated blazing golden light that caused her to feel a wave of sharp pain from her eyes.

They've succeeded? Jiang Lingxiao's spirits rose.

"Hahaha! With this treasure, even if I don't recover my strength as a god, can anyone in these three dimensions go against me?" Yin Huaikong roared with laughter, and his hoarse and feminine voice was filled with pride.

Three copper coins revolved and floated at the center of his palm, and they were surrounded by extremely terrifying strands of the golden glow of divinity.

Jiang Lingxiao seized this opportunity to hurriedly head forward, and then she told them about everything that occurred earlier.

"Three Natural Spirit Treasures?" Yin Huaikong's eyes focused, and then a wisp of excitement that was impossible to conceal suffused the corners of his mouth. "I never expected that this Copper Coin of Risefall of mine would be able to be of use in advance!"

### Talisman Emperor

#### **Chapter 1528: The Mantis Stalks The Cicada**

At the 32nd level of the Sovereign Realm, the Treasure Heaven World Obliteration Heaven.

After Qing Xiuyi arrived here, she still didn't encounter any obstruction.

At this moment, she raised her eyes and gazed towards the distance while lightly puckering her lips. Her figure showed a trace of hesitance, but in the end, she still walked forward and flashed towards the 33rd level.

Chen Xi's brows raised when he saw this, and then a wisp of resolution flashed between his brows.

He was unable to determine what sort of tricks the Sovereign Sect had prepared in secret, but he was sure that at the moment Qing Xiuyi stepped foot onto the 33rd level, she would definitely be obstructed.

At that time, the danger she encountered was bound to be extraordinary.

So, he'd decided to show himself and stop her before giving the matter further thought and discussion. No matter what objectives she came here with, Chen Xi would help her complete it, but he wouldn't allow her to fight desperately.

Because that was too dangerous!

Swish!

However, as soon as Chen Xi intended to show himself, a wave of fluctuation arose from far away in the heavens and the earth. It was like a surging wave, and then numerous mighty figures appeared out of thin air.

Shockingly, the person in the lead was the Sovereign Sect's Eldest Elite Disciple, Yin Huaikong!

There were another 36 Elite Disciples following by his side, and every single one of them possessed a might at the Peak Rank of the Immortal King Realm. Moreover, Jiang Lingxiao was surprisingly amongst them.

When he noticed this scene, Chen Xi's pupils suddenly constricted. It seemed that besides those two Sect Priests, all the most elite forces of the Sovereign Sect had moved out at this moment!

.....

At this instant, Qing Xiuyi stopped abruptly as well. Her gaze swept past Yin Huaikong and the others, and a wisp of a solemn expression appeared on her tranquil and beautiful face.

Obviously, she'd realized that the situation was grave.

At this moment, the originally deathly silent atmosphere in the surroundings had become oppressive and murderous, and it caused space to walk and almost collapse into pieces.

"You're Qing Xiuyi, right? I heard that you experienced 100 reincarnations and severed the karma of your past a few hundreds of years ago before returning to Nuwa's Dao Palace. However, very few people are aware of your origins from before those 100 reincarnations. I wonder if you can tell us about it?" After he arrived here, Yin Huaikong's gaze was like a bolt of lightning that instantly locked onto Qing Xiuyi, and a wisp of a teasing and gloomy smile suffused the corners of his mouth.

As he spoke, the 36 Elite Disciples by his side set out in unison, and they occupied positions in the surroundings to completely encircle Qing Xiuyi's lone figure at the center.

Qing Xiuyi paid no attention to this, and her starry eyes just stared at Yin Huaikong as she said indifferently, "If I was you, I wouldn't talk nonsense at a time like this."

Yin Huaikong's eyes narrowed, and he said in a ghastly tone, "Talk nonsense? Haha, even though you're a woman, but your courage isn't inferior to all the men in the world. I'm really curious, after Nuwa's Dao Palace sealed the Skandha World, why would it allow a single person to come give her live away at my Sovereign Sect? Could it be that Nuwa's Dao Palace has no one capable?"

Qing Xiuyi didn't seem infuriated at all, and she said calmly, "It's just crushing the Sovereign Sect. I alone am sufficient."

Her flat voice revealed a strand of strong arrogance instead, and it carried a heroic spirit of marching forward courageously even in the face of a myriad of enemies.

"How arrogant!"

"How presumptuous!"

"Hmph! You still remain ignorant while you're facing imminent death! How pitiful!"

All those Elite Disciples of the Sovereign Sect laughed coldly because they felt extremely provoked by these words. Crush the Sovereign Sect? This woman even dared to speak such words!?

Yin Huaikong waved his hand to make the others stop speaking, and then he said, "Tell me, for exactly what reason did you trespass into my Sovereign Sect by yourself, and perhaps I'll leave your corpse intact out of consideration for your cooperation."

Chen Xi frowned from afar, and dense killing intent surged out from his heart. However, he restrained it in the end because he really wanted to know exactly why Qing Xiuyi had come here.

Qing Xiuyi puckered her lips and seemed to have fallen into silence.

“I just can’t bear the sight of your Sovereign Sect.” Right when Yin Huaikong and the others were about to lose their patience, Qing Xiuyi spoke abruptly and gave them an answer.

She can’t bear the sight of our Sovereign Sect? This caused Yin Huaikong and the others to be stunned, and then their expressions turned gloomy. What sort of reason is this? She’s obviously provoking us!

She... At this moment, Chen Xi couldn’t help but be slightly astounded. He was clearly aware in his heart that Qing Xiuyi would definitely not come here by herself because of this reason, and she was just unwilling to tell them about it.

It was even to the extent that according to Chen Xi’s understanding of Qing Xiuyi, such an answer was to be expected from her. Because she was always a person like this. She seemed to remain aloof from the world and extremely proud.

“Eldest Senior Brother, there’s no need to continue wasting your breath with this bitch. I don’t believe she won’t speak after we capture her!” Jiang Lingxiao gritted her teeth as she spoke, and she could be said to have deep-rooted hatred towards Qing Xiuyi.

Swish!

Unexpectedly, Qing Xiuyi actually took the initiative to attack. She suddenly withdrew the God Binding Rope, and it transformed into a wisp of silver and brilliant light that charged through the air towards Jiang Lingxiao.

Rumble!

At the same time, the Universe Void Lantern and Nine Heaven Lifesoil were withdrawn as well. The formed emanated a blinding glow of divinity that enveloped Qing Xiuyi, and the latter transformed into a vast yellow cloud that shot explosively towards Yin Huaikong who was in the lead.

In an instant, all three Natural Spirit Treasures had been utilized!

.....

“How audacious!”

“You’re courting death!”

All the Elite Disciples were furious. Never had they expected that under such circumstances, Qing Xiuyi that had already become a trapped beast would actually dare to take the initiative to attack, and it instantly infuriated them.

In the next instant, all of them stopped hesitating and attacked. They withdrew various treasures that possessed extraordinarily great might and executed various techniques that smashed down towards Qing Xiuyi in unison.

Rumble! Rumble!

This expanse of the heavens and the earth was instantly covered by the blazing glow of treasures. The glow of Immortal Force flowed while fluctuations rumbled, causing space to collapse while the landscape and everything in the world fell into chaos.

.....

Swoosh!

Yin Huaikong's figure flashed and evaded the Nine Heaven Lifesoil's attack.

"As expected, this woman possesses three Natural Spirit Treasures.... I really wonder exactly what her identity was before she underwent 100 reincarnations. Why would Nuwa's Dao Palace bestow so many treasures to her?" Yin Huaikong's eyes sparkled brilliantly, yet he wasn't in a rush to attack. He stared at Qing Xiuyi's three Natural Spirit Treasures and observed them in detail instead while his face revealed an undisguised wisp of greed.

All three Natural Spirit Treasures were ranked in the top 50. Especially the Universe Void Lantern, it was even a Divine Artifact ranked at the 27th position, and it was merely three ranks behind the Copper Coin of Treasurefall.

If he was able to obtain them, then Yin Huaikong was absolutely confident that even if he entered the Ancient God Domain, no one would dare underestimate him!

This time, I must seize these three Divine Artifacts! After he made his decision, a wisp of ruthlessness flashed in Yin Huaikong's eyes, and he didn't hesitate any longer and suddenly entered the battlefield.

.....

As soon as the battle erupted, Qing Xiuyi fell into a disadvantageous position!

After all, she was going against 36 Immortal Kings at the Peak Rank, and an existence like Yin Huaikong that had become a god since a long time ago yet currently had his strength suppressed at the Immortal King Realm.

Under such an encirclement, even if Qing Xiuyi possessed three Natural Spirit Treasures that possessed peerlessly formidable might, it was utterly impossible for her to go against them.

Not to mention that because she'd been injured early, Qing Xiuyi's current state was far from being able to recover to her peak state.

Under such circumstances, her current situation could only be described at one where she was in imminent danger, and it was extremely likely that she would be captured or killed at any moment.

However, even if she was in such a situation, Qing Xiuyi's expression was still indifferent and composed, and only the space between her brows carried a trace of unprecedented resolution.

It seemed as if....

She'd expected such a situation to occur since the beginning, thus she was prepared to fight desperately with her life on the line since the very beginning?

Bang!

A bronze hammer assaulted Qing Xiuyi from behind.

Qing Xiuyi didn't even turn around as she controlled the God Binding Rope to transform into a silver and brilliant wisp of light that moved to restrain the bronze hammer.

However, right at this moment....

Om! Om! Om!

Suddenly, three strands of extremely dazzling golden light that were sharp like bolts of lightning tore through the sky as if they'd formed the character '品', and a bang resounded as they collided with the God Binding Rope before it could restrain the bronze hammer.

The golden glow of Divinity flowed as the extremely ancient and mysterious characters '天', '地', and '人', that came from the times the Chaos still existed floated up into appearance from the three golden and brilliant copper coins, and they pressed down onto the God Binding Rope.

In merely an instant, the God Binding Rope seemed like a snake that had been struck at its weak point, the glow it emanated trembled, and then it fell to the ground with a thump.

Pu!

Losing control of the God Binding Rope caused Qing Xiuyi to be affected as well, and she coughed up a mouthful of blood.

However, before she could react to this, those three golden and brilliant copper coins suddenly vanished into thin air. They seemed as if they had pairs of spatial wings on them, and they actually seized this opportunity to strike the Nine Heaven Lifesoil and Universe Void Lantern to the ground as well!

All of this occurred in less than a thousandth of an instant. It was inconceivably fast, and it was shocking.

This obviously showed how precise the moment Yin Huaikong chose to take action at was, and how terrifying the might of the Copper Coin of Treasurefall in his possession was.

When all of this had been done, Qing Xiuyi had already lost control of all those three Natural Spirit Treasures, and her beautiful face instantly became ghastly pale to the extreme.

"Haha! Junior Brothers, I'll leave this woman to all of you!" After he succeeded with a single strike, Yin Huaikong couldn't help but roar with laughter and feel enormously proud of his success. Three Natural Spirit Treasures were within his reach, so no matter who it was, that person would absolutely be unable to not feel happy.

After he gave this instruction, he stretched out his hand and grabbed with the intention of putting away the Copper Coin of Treasurefall and those three Divine Artifacts.

Swish!

However, right at this moment, a large net that was chilly and seemed as if it was made from starlight appeared out of thin air, and it instantly captured the Copper Coin of Treasurefall along with those three Divine Artifacts!

This scene was extremely sudden, and it caught Yin Huaikong off guard.

His expression changed abruptly while his pupils dilated, and the veins on his forehead suddenly bulged explosively. Because those precious treasures were right within his reach, yet he'd been obstructed in an instant, and that sort of feeling caused him to immediately fall into an enraged state.

"Which Bastard did that!? Get the fuck out here!!" As he spoke, his hand suddenly grabbed, and he exerted strength once more with the intention of taking that large net.

Rumble!

Right at this moment, a wisp of thick and blazing sword qi swept over. It was like a river of stars sweeping down from the heavens, and it crushed the layers of space before it and carried a monstrous force. It truly seemed as if it intended to obliterate the world.

This sword strike was too terrifying, and it didn't just envelop Yin Huaikong, even all the other Elite Disciples in the vicinity were locked onto by it.

In an instant, the situation in the battlefield changed abruptly.

All of them revealed shocked expressions as they sensed how terrifying this sword strike was, and even their actions showed a trace of sluggishness.

What a terrifying sword strike! Who exactly is it?

"You're courting death!" Yin Huaikong's clothes fluttered as his entire body erupted with a myriad of strands of the glow of Immortal Kings, and then a buzz resounded from his hand as a black, narrow, and long sword appeared there before he slashed down ferociously with it.

### Talisman Emperor

#### **Chapter 1529: Vying For Supremacy With The Dao Calamity Sword**

Bang!

Yin Huaikong held his sword with rage as he slashed with it, and it collided with the thick and blazing strand of sword qi, causing a terrifying fluctuation to arise and sweep towards the surroundings.

This might of this strike shook the other Elite Disciples in the vicinity to the point of staggering back. Even though they weren't injured, it caused their expressions to change.

Merely a single strike allowed them to fully understand that this opponent who'd suddenly made an appearance possessed an extremely terrifying strength!

Yin Huaikong felt this even more strongly because he'd already utilized 70% of his strength in this attack. Yet who would have imagined that it would actually only be on par with his opponent? This caused a trace of vigilance to suddenly arise in his heart.

Who exactly is it? Why didn't I notice any traces of this person earlier?

While he thought like this in his heart, his eyes glanced over, and he noticed the person that had arrived. It caused his pupils to instantly constrict before revealing a wisp of surprise.

.....

Swoosh!

Qing Xiuyi felt her entire body become light while she was embraced at the waist by a strong arm. This caused her to be horrified, and she was just about to resist when she noticed the person's appearance, and she instantly stopped struggling.

"Why is it... you?" Qing Xiuyi gasped for breath as she spoke. As soon as she finished speaking, her beautiful face turned pale before she couldn't help but cough up a mouthful of blood. She'd suffered numerous attacks earlier, and even her three Natural Spirit Treasures had been seized. At this moment, as soon as she relaxed, her injuries instantly surged throughout her body, causing her aura to wane.

"Don't say anything. Recuperate properly and leave the rest to me." It was naturally Chen Xi whom had arrived. When he saw Qing Xiuyi's injuries were actually severe to such an extent, his heart couldn't help but jerk, and he didn't ask for her permission at all before placing her within an Immortal Artifact in his possession.

.....

While Chen Xi rescued Chen Xi, the illusory Overarching Heaven Net in midair that was suffused with chilly starlight had long since restrained the Copper Coin of Treasurefall and the other three Natural Spirit Treasures. However, it hadn't completely subdued them, and they were in a stalemate in midair.

The reason was that the Copper Coin of Treasurefall possessed extremely shocking might. Under Yin Huaikong's control, it emanated dazzling golden like that was sharp like bolts of lightning, and it surged and struggled madly within the net, causing even the Overarching Heaven Net to be on the verge of collapse while it was on the verge of struggle free of the net's restraints.

"The Overarching Heaven Net! Dammit! So, it's that Divine Artifact. I knew those disciples of Oracle Mountain didn't have any good intentions before they left, and they actually passed this treasure to you!" After this unexpected event occurred, Yin Huaikong recovered his calm. He'd recognized Chen Xi, and he'd even recognized the Overarching Heaven Net as well, causing his expression to become gloomy and icy cold.

The Overarching Heaven Net!

It was an ultimate treasure of Oracle Mountain, and amongst the 108 known Natural Spirit Treasures in the three dimensions, it was ranked at the... 16th position!

This treasure was most miraculous because it could capture the trace of the Heaven Dao, fate, and Karmic Luck. During the primeval times, the Master of Oracle Mountain, had relied on this treasure to seize the River Diagram from amidst a chaotic battle between numerous Chaotic Fiendgods and supreme gods, thus relying on the River Diagram to establish Oracle Mountain!

How could Yin Huaikong not recognize such a Natural Spirit Treasure?

Originally, he thought that utilizing the Copper Coin of Treasurefall would be sufficient to eliminate this thorn within his eye, Chen Xi, thus allowing him to eliminate all obstructions in his Sovereign Sect's path to take control of the Immortal Dimension.

Yet never had he imagined that Chen Xi actually possessed the Overarching Heaven Net!

This caused Yin Huaikong's plans to instantly fall through, so how could he possibly be happy?

Especially shocking to him was compared to that day when he met Chen Xi outside Dao Emperor Academy, Chen Xi's current strength had obviously undergone a qualitative transformation, and Chen Xi was so formidable that even he felt heavily pressured.

.....

"Chen Xi!"

"So, it's this fellow. He actually dared to sneak into our Sovereign Sect by himself!?"

"The heavens are on our Sovereign Sect's side. It just so happens that we can seize this opportunity to annihilate him. In this way, the Dao Emperor Academy would be nothing to worry about!"

Meanwhile, Jiang Lingxiao and the other Elite Disciples had recognized Chen Xi as well, and after they recovered from their shock from before, all of their faces revealed a wisp of exuberant killing intent.

In an instant, all of this killing intent locked onto Chen Xi.

"Attack together and kill this kid!" Yin Huaikong took a deep breath while he ordered in a grim voice. On the other hand, he utilized his full strength instead with the intention of seizing the Overarching Heaven Net because if he were to accomplish this successfully, then it would mean that he would be able to obtain four Natural Spirit Treasures today!

"Kill!"

"Kill!"

"Kill!"

36 existences that possessed cultivations at the Peak Rank of the Immortal King Realm attacked, and they executed supreme abilities as they smashed down towards Chen Xi from all directions.

In an instant, all sorts of Immortal Artifacts soared into the sky while various techniques whistled through the air. They were blazing and powerful as they threw the heavens and the earth into chaos. If this occurred in the outside world, then merely such attacks would probably destroy numerous cities.

Clang!

At practically the exact same time, the Dao Calamity Sword that flowed with a bloody glow floated into appearance in Chen Xi's palm, and then his figure suddenly flashed up. He paid no attention to those Elite Disciples that attacked him from all directions, and he shot directly towards Yin Huaikong instead.

Swish!

Numerous clear colored sword lotuses sword into the sky and fluttered throughout the sky. Every single one of them were condensed from numerous strands of sharp and murderous sword qi, and not that they'd swept out, they practically enveloped the entire battlefield.

At this instant, the sounds of god and ghosts wailing, Fiendgods roaring furiously, sages howling sorrowfully, blood raining down, and various other terrifying phenomena appeared in the heavens and the earth.

This was the might of the Dao Calamity Sword!

It was inherited from the Chaotic Divine Lotus. A strand of terrifying energy was branded within the sword, and it innately countered the energy of calamity within the Sovereign Sect's inheritance.

Yet now, this sword was in Chen Xi's control, and he was utilizing it to carry out a slaughter in the Sovereign Realm. If such a scene was witnessed by the Chaotic Divine Lotus, Dao Lotus, or Evil Lotus, they would probably be laughing in the afterlife.

Pu! Pu! Pu!

Beneath the might of the clear colored sword lotuses, all attacks seemed like snow melting into water, and they were easily dissipated.

"How could this be possible?"

"The Dao Calamity Sword!"

"No, even if he's relying on the Dao Calamity Sword, it's impossible for him to crush our joint attack so easily. Could... could it be that he has already stepped foot into the Godrank Realm?"

All the Elite Disciples of the Sovereign Sect were astounded. Never had they imagined that as soon as they fought, not only would they be unable to harm Chen Xi, he would actually be able to easily fight his way out of their encirclement!

This was extremely astounding, and it exceeded their expectations.

Chen Xi's expressions remained calm and murderous when facing all of this, and he seemed to have not noticed it at all. He accomplished all of this without difficulty, and after he broke free of the encirclement, he flashed over and slashed down his sword towards Yin Huaikong.

Swoosh!

Sword Insight surged while a bloody glow dyed the sky red.

.....

Yin Huaikong was just utilizing his full strength with the intention of seizing the opportunity created by the encirclement of the other disciples towards Chen Xi to subdue all the Natural Spirit Treasures in one go and take possession of them.

However, to his horror, before he could even accomplish this, Chen Xi had already arrived with sword in hand. Moreover, Chen Xi's imposing aura was like that of a peerless emperor, and his Sword Insight was like that of a peerless sword emperor!

"Slash!" Yin Huaikong didn't dare hesitate to wave the narrow, long, and pitch black sword in his hand to meet Chen Xi's attack head-on.

Rumble!

Both of them collided in an instant, causing Sword Insight to crisscross and surge through the world.

Swoosh!

An Elite Disciple seized this opportunity to flash over, and he grabbed fiercely at the Overarching Heaven Net in the sky.

Just when he was about to succeed....

“You’re courting death!” Suddenly, a cold grunt that sounded like a thunderclap resounded. Chen Xi’s tall figure suddenly flashed out from the battlefield, and a sword strike swished towards that disciple before he could touch the net.

This sword strike flowed with a bloody glow and formed into a clear colored sword lotus. In the end, it transformed into numerous divine talismans that rumbled as they smashed down. Its terrifying might actually minced apart the body of that Elite Disciple, causing blood and flesh to spray towards the surroundings while he perished on the spot!

“Bastard!” A furious howl resounded as Yin Huaikong charged over explosively with the intention of rescuing that Elite Disciple. Unfortunately, he was a trace too slow, and he could only vent his rage on Chen Xi.

In an instant, the two of them collided once more.

Besides causing Yin Huaikong to feel shocking and furious, the death of that Elite Disciple at the Peak Rank of the Immortal King Realm finally allowed Yin Huaikong to realize that the combat strength Chen Xi possessed now had already exceeded the Immortal King Realm!

Even though Chen Xi hadn’t attained the Godrank Realm, Chen Xi wasn’t far away from it!

It was even to the extent that even Chen Xi’s attacks carried strands of the aura of divinity. This caused a term to instantly float up into appearance within Yin Huaikong’s mind — The Halfgod Realm!

Since the Chaos had been split open until now, only a small group of people in the entire three dimensions were capable of stepping foot into such an extremely rare cultivation realm like the Halfgod Realm.

Moreover, all of these people were from Oracle Mountain!

The reason was that only Oracle Mountain possessed the inheritance of the Infinite Divine Talisman, and only Oracle Mountain possessed such a miraculous place like the Divine Abyss of Star Refinement.

But most importantly, all of these inheritances were comprehended by the Master of Oracle Mountain, Fuxi, from within the River Diagram!

In other words, the reason Oracle Mountain was able to allow its disciples to step foot into the Halfgod Realm was entirely because of the River Diagram, whereas, it was common knowledge that there was only one River Diagram in the entire three dimensions!

Right, this bastard possesses numerous River Diagram fragments.... Suddenly, a flash of enlightenment arose in Yin Huaikong's heart while he fought, and he recalled something, causing his eyes to instantly light up. So long as I kill this kid, not only would I be able to obtain the Overarching Heaven Net, God Binding Rope, Nine Heaven Lifesoil, and Universe Void Lantern, I'll even be able to obtain numerous River Diagram fragments!

When he thought up to here, besides carrying icy cold killing intent, Yin Huaikong's gaze towards Chen Xi even carried a wisp of burning greed. Even if he'd already stepped into the Godrank Realm a long time ago, he was utterly unable to not be tempted by such supreme temptation.

"Kill him! Join forces and kill him! No matter what, we have to kill this kid today!" Yin Huaikong let out a long howl with a grim voice, and he was slightly impatient to unite all their forces to end the battle as soon as possible.

Swish!

However, right at the instant he spoke, a sword light flashed from Chen Xi as an extremely mysterious and obscure strand of sword qi suddenly surged out, and it struck lightly before actually slashing off a strand of Yin Huaikong's hair.

If he hadn't dodged in time, then this sword strike would have almost taken his life!

Bang!

On the other hand, at the same time he executed that sword strike, Chen Xi suddenly took a step in space.

Rumble!

Space exploded into pieces while this expanse of the heavens and the earth suddenly transformed. Numerous grand divine talismans rose from the ground and floated in midair while surging with boundless talisman markings. They cooperated with each other from afar and enveloped this entire expanse of the heavens and the earth.

These divine talismans and talisman markings were dense and vast like the starry sky. They surged with strands of the aura of divinity and monstrous divine light that restrained space and enveloped everything in the world.

"A Divine Restriction!"

"This bastard actually set up a Divine Restriction in an instant?"

A wave of shocked cries resounded. All of the Elite Disciples from the Sovereign Sect were shocked, and their expressions were extremely colorful. Their figures that were originally charging forward couldn't help but reveal a trace of sluggishness, and they discerned that this expanse of the heavens and the earth had already been covered by an expanse of obscure and mysterious Divine Restrictions, causing it to be extremely dangerous.

[Talisman Emperor](#)

**Chapter 1530: A Battle For Treasures**

He'd established a grand formation from divine talismans after taking a single step!

Divine radiance surged while the aura of divinity flowed within it, and it emanated a terrifying aura that enveloped this expanse of the heavens and the earth.

Everyone was horrified and felt disbelief.

Even if they were aware from the beginning that Chen Xi was a personal disciple of Oracle Mountain, but in their understanding, Chen Xi was merely at the Immortal King Realm. None of them had expected that he would actually be able to instantly establish a Divine Restriction by relying solely on his own cultivation.

Especially unacceptable to them was that this was the territory of their Sovereign Sect! Now, an outsider like Chen Xi had actually set up a formation here in order to go against them instead, and this was simply absurd to them!

But no matter what, all of this had occurred.

The Divine Restriction had enveloped them, and it caused the figures of all the Elite Disciples to fall within it. Thus, they were unable to join forces any longer and could only fight on their own.

Bang!

On the other hand, Chen Xi seized this opportunity to attack ferociously. He intended to utilize his entire strength to completely subdue and take away the Copper Coin of Treasurefall via the Overarching Heaven Net.

Because the Copper Coin of Treasurefall was ceaselessly struggling. So if he left it there, then it would cause Chen Xi to be restrained by it and be unable to annihilate his enemies as he pleased.

Yin Huaikong was in a similar situation as well. He similarly desired to utilize the Copper Coin of Treasurefall to break free of the Overarching Heaven Net and take those Natural Spirit Treasures away, otherwise he wouldn't be able to feel at ease as he tried to annihilate Chen Xi with all his strength.

Originally, he'd placed his hopes on all of them being able to occupy Chen Xi when they attacked in unison, allowing him to have the time to accomplish all of this. Yet now, Chen Xi had set up a Divine Restriction in an instant, causing all those disciples to fall within it, and they were unable to provide him with any help for some time.

Thus, at the instant Chen Xi made a move, Yin Huaikong moved as well, and his target was surprisingly the Overarching Heaven Net.

"Hmph! Little Bastard, I never imagined that your strength would actually improve to such a state in a short few months of time. Could it be that you've stepped foot into the Halfgod Realm?" Amidst his murderous and gloomy voice, Yin Huaikong soared into the sky while his black colored sword slashed out, and he didn't give Chen Xi any chance to approach the Overarching Heaven Net.

Clang!

Chen Xi had no choice but to utilize the Dao Calamity Sword and collide head-on with Yin Huaikong.

He was very clearly aware that Yin Huaikong obviously intended to occupy him and buy time so that those other disciples of the Sovereign Sect could seize this opportunity to destroy the formation and thus spoil his plans.

After all, Chen Xi's strength was required to maintain that Divine Restriction.

So Chen Xi didn't intend to waste time with Yin Huaikong, and he utilized his entire strength as soon as he attacked.

"Fuck off!" Chen Xi roared while the Dao Calamity Sword soared through the sky, and it carried clear colored sword lotuses and was suffused with the surging flow of divinity as it slashed down.

This sword strike was filled with obliterating might, and it was obscure and mysterious. It seemed as if it shouldn't be possessed within the three dimensions at all, and it was too swift and terrifying.

This sword strike came from that incomplete diagram on the River Diagram fragments. It was the might contained within a damaged sword that was suffused with blood, and since Chen Xi had laid eyes upon it by chance, he'd frequently comprehended and studied it, allowing him to obtain rather great gains.

It was even to the extent that his cultivation in the Sword Dao already faintly showed signs being on the verge of breaking through and advancing into the Sword Emperor Realm.!

Presently, when he executed this sword strike with the entire strength of his cultivation at the Halfgod Realm, the might it revealed was simply indescribable. It caused the heavens and the earth to fall into deathly silence, and only that clear and melodious sword howl resounded.

The formidable seemed as if they didn't exist while the loud seemed as if they were silent!

It was precisely because this sword strike was too formidable that it revealed might that had shed all extravagance and returned to simplicity.

...

"Shit!" Yin Huaikong's pupils dilated while coldness arose in his heart. This sword strike from Chen Xi caused him to sense a strand of lethal danger, and it was too terrifying to the point it caused all his hair to stand on end.

He'd never imagined that Chen Xi's grasp of the Sword Dao had actually attained such a shocking state, and it was precisely because of this that he would seem so furious and astounded.

He didn't dare hesitate and suddenly took a deep breath before his aura suddenly became violent. His long hair fluttered along with his clothes, and it seemed like a god was awakening within his body.

Obviously, Yin Huaikong intended to utilize some sort of forbidden technique.

Rumble!

However, he was still a bit too late. This sword strike of Chen Xi's was too swift, and it utterly didn't give him any time to react before it smashed down with surging Sword Insight. Moreover, it locked down all his paths of retreat, causing him to be unable to evade it.

Bang!

Yin Huaikong had no choice but to collide head-on with it, and his entire body was instantly blasted flying. His entire body trembled while his face warped and revealed a savage expression, and blood almost sprayed from his mouth.

The strength of this strike was too terrifying, and it caused the essence, spirit, and energy within his entire body to be on the verge of falling into chaos. It felt like a myriad of mountains had fiercely smashed down onto him, and the bones within his entire body started cracking from being unable to endure such force.

How formidable! Yin Huaikong's expression changed abruptly because the strength Chen Xi revealed was extremely formidable and had exceeded his expectations.

Swish!

Before he could catch his breath, Chen Xi attacked explosively once more. It was still that terrifying sword strike supported by the Dao Calamity Sword, and its might was so formidable that it had already arrived at an astonishing degree.

Bang! Bang! Bang!

After suffering a setback from a single strike, Chen Xi seized the initiative from Yin Huaikong and caused him to be struck to the point of retreating successively in defeat while seeming inferior in comparison to Chen Xi. The might contained within every single sword strike shook his entire body to the point of trembling while his countenance grew slightly paler, and he didn't have any room to resist at all and could only passively ward off these strikes.

It wasn't that Yin Huaikong wasn't formidable, and it was instead because the combat strength Chen Xi possessed now had already surpassed him!

Even though he'd stepped into the Godrank Realm a long time ago, his cultivation was suppressed right now, and it was maintained at the Immortal King Realm, whereas Chen Xi's strength had long since exceeded the scope of the Immortal King Realm and stood at the peak of the Halfgod Realm.

Merely by comparison of cultivation, Yin Huaikong was already inferior.

On the other hand, in terms of Immortal Artifacts, Chen Xi's Dao Calamity Sword even innately countered the Sovereign Sect's inheritance, whereas in terms of combat ability, the techniques and strength Chen Xi possessed weren't inferior to Yin Huaikong at all and even surpassed him!

Under such circumstances, how could Yin Huaikong go against Chen Xi?

...

Bang!

Another sword strike slashed down. This time, even though Yin Huaikong had warded it off, he was shaken to the point of being unable to restrain himself from coughing up a mouthful of blood any longer. Moreover, his entire body was blasted flying like a punching bag, and his figure smashed space into pieces before falling fiercely to the ground in an extremely sorry state.

On the other hand, Chen Xi seized this opportunity to suddenly stop attacking, and then his figure flashed as he grabbed once more towards the Overarching Heaven Net in the sky.

He was clearly aware that even if he seized the initiative in the battle now, he would be utterly unable to kill Yin Huaikong. Because Yin Huaikong was at the Godrank Realm in the end, and once Yin Huaikong removed the seal on himself, he would attain a terrifying rise in strength.

At that time, perhaps Chen Xi's strength would be sufficient to fight Yin Huaikong, yet it would probably be a bit too late to retrieve the Overarching Heaven Net.

Swish!

Strands of terrifying Divinity surged out from Chen Xi's palm and were utilized on the Overarching Heaven Net that smashed down fiercely towards the Copper Coin of Treasurefall.

The three copper coins wailed as they trembled violently, and they were on the verge of being subdued.

"Bastard! I'll kill you!" Suddenly, Yin Huaikong's howl resounded from afar, and his voice was filled with boundless rage. His expression was savage and gloomy while the veins on his forehead had bulged up explosively, and his entire face had twisted together.

He was the Eldest Elite Disciple of the Sovereign Sect, and a god that had surpassed the three dimensions and wasn't part of the five elements.

Yet now, he'd been forced into such a state by Chen Xi, and even the Copper Coin of Treasurefall had been taken away! Such a blow caused him to feel as if he'd suffered an extraordinary humiliation and fallen into fury.

Swoosh!

The aura in his entire body surged violently, and he tore through space as he attacked explosively.

At this moment, Chen Xi was only one last step away from reclaiming the Overarching Heaven Net. If it was interrupted by Yin Huaikong, then he would be bound to achieve nothing.

It was an extremely pressing situation!

At this instant, a wisp of resolution suddenly flashed in Chen Xi's black eyes, and he opened his mouth to spit out a mouthful of gold and brilliant Quintessence Blood Essence towards the Overarching Heaven Net.

At the same time, he executed a backhanded sword strike and slashed furiously at Yin Huaikong who was charging at him.

Bang!

The two of them collided, and it seemed like two stars colliding in the universe, causing a strand of terrifying fluctuation to arise and sweep towards the surroundings before crushing the heavens and the earth into powder.

At practically the exact same instant and before all of this could subside, a wave of shocking fluctuation rumbled and resounded right after it.

With the assistance of Chen Xi's Quintessence Blood Essence, the might of the Overarching Heaven Net suddenly rose explosively, and it emanated dazzling chilly starlight and actually fiercely suppressed and subdued the Copper Coin of Treasurefall in an instant.

After that, it droned and descended into Chen Xi's palm.

"No!!!" Yin Huaikong's extremely shocked, furious, and disgruntled howl resounded from amidst the blazing light, and it resounded through the nine heavens. At this moment, his face had twisted in a bunch while his eyes surged with peerlessly violent divine flames that seemed to be on the verge of incinerating the sky.

The Copper Coin of Treasurefall had been taken away!

The precious treasures he'd taken great pains to refine with the help of everyone and relied on as his strongest trump card had been subdued by Chen Xi before it could even reveal its true might!

How could Yin Huaikong tolerate such a heavy blow?

It was even to the extent that in his eyes, this didn't just mean that he'd lost the Copper Coin of Treasurefall, it meant that he'd also lost the God Binding Rope, Nine Heaven Lifesoil, Universe Void Lantern, and Overarching Heaven Net as well!

This was the true reason that Yin Huaikong was so furious.

Rumble!

Meanwhile, the Divine Restriction Chen Xi set up had been destroyed because the Elite Disciples of the Sovereign Sect within it had utilized all their strength and had finally managed to escape from it.

Originally, they were extremely excited from being able to escape. However, when they heard Yin Huaikong's howl that was filled with rage, all of their expressions couldn't help but change.

"Eldest Senior Brother, what happened?"

"Eldest Senior Brother, what is it?"

All of them whistled over.

"You bunch of trash! It took so long just for all of you to break through a single Divine Restriction! All of you are useless!" Yin Huaikong had nowhere to vent his rage. When he saw these disciples escape the Divine Restriction, it was like he'd found a place to vent, and he roared loudly.

All of them were cursed at to the point their expressions changed indeterminately, and they felt extremely aggrieved.

"What're all of you still standing there for? Quickly made a move and kill this bastard!" Yin Huaikong was infuriated to the point of stamping his feet with rage.

Swish!

Right at this moment, Chen Xi had already slashed over with his sword, and it contained vast and invincible Sword Insight.

“Bastard!” Yin Huaikong’s eyes almost split apart from rage when he saw this, and the black sword in his hand soared into the sky before attacking fiercely.

Bang!

He was blasted back once more while the tendons and bones in his entire body emanated cracking sounds and were on the verge of breaking. Moreover, a trace of blood had even seeped out from the corner of his mouth.

This simply made him almost go mad with rage, and his chest almost exploded from anger. A dignified god had actually been oppressed to such a state, and it was truly aggrieving.

“Kill!” At this moment, the other disciples didn’t dare dally at all, and they encircled and attacked Chen Xi from all directions. Moreover, all of them attacked furiously and didn’t dare hold back at all.
