Chapter 1591: Advancing In Battle

The star exploded into pieces, and it was crushed into powder. Chen Xi instantly teleported into the starry sky, and he broke out in cold sweat from his shock before his expression turned grim.

Because in his field of vision, a wisp of red light seemed like a crimson torrent as it instantly arrived before him.

Ye Yang!

Unlike before, at this moment, Ye Yan's black hair were tied up into a ponytail that hung down behind her head, and it revealed a peerlessly beautiful appearance. The space between her brows didn't carry the charm it usually carried in the past, and it was filled with a ferocious and murderous aura instead.

"You were actually able to conceal the vital energy in your body. This technique really is rare. Chen Xi, it has been a year. I've really missed you!" As her voice drifted out from between her jade white teeth, it wasn't gentle as it was in the past, and it carried a trace of icy cold hatred instead.

"Hmph! If a strand of my vital energy didn't transform into a blade of grass, how could you have possibly noticed me?" Chen Xi sneered.

"You're pretty smart. However, why don't you guess if you'll be able to escape this time?" Ye Yan flipped her palm, and a pitch black copper ring revolved endlessly above it while emanating terrifying divine might.

Chen Xi smiled, and then he lightly spat out a few words from between his lips. "I guess I can."

As soon as he spoke, a blood red sword suddenly appeared in his hand. The sword was over 1m long and seemed as if it had been dipped in a pool of blood, and it emanated a terrifying and monstrous aura of Dao Calamity.

Om!

Numerous words formed by swords floated up into appearance in this expanse of the starry sky. Golden words that twisted about like earthworms, strange inscriptions, obscure words of the Fiendgods, words of Chaos that possessed a boundless aura of the Dao....

All of these different ancient words represented the word 'sword', and they were branded with the energy of history and contained the might of time. As soon as they appeared, all of them coiled around the blood red sword fluttered lightly without end.

In merely an instant, the blood red sword seemed as if it was assisted by the gods. Numerous clear colored, pure, and seemingly translucent divine lotuses floated up into appearance on its surface, and it emanated boundless divine light that shot into the sky and threw the surroundings into disorder!

The Dao Calamity Sword! The Confucianist Sword Decree!

Ye Yan's starry eyes suddenly constricted. The former was a precious treasure that specialized in countering the inheritance of calamity in the Sovereign Sect, and the latter was the peerlessly murderous quintessence of the sword in the Confucianist Dao that the Oracle Mountain's Fourth Lord has comprehended.

At this moment, when this sword and technique were executed while complementing each other, the might they revealed had already arrived at an inconceivable height, and it even caused a Universe Enlightened Ancestral God like Ye Yan to be extremely shocked in her heart.

Of course, she was shocked because Chen Xi was actually able to execute such a formidable force with a cultivation at the World Enlightened True God Realm, and it was even superior to the might of most Domain Enlightened Spirit Gods.

"Vorpall Strike!"

Swoosh!

The blood red sword tore through the sky, yet it was shapeless and immaterial. It had shed all brilliant and become soundless, and it didn't reveal any magnificent and vast phenomena of the past.

This caused Ye Yan to be slightly stunned, and then a wisp of sword suddenly appeared at her throat and struck down.

This sword strike was unlike how it was in the past. It had fused with the might of the Confucianist Sword Decree and was supplemented by the strength of the Dao Calamity Sword. In the end, it was executed with the third move Chen Xi comprehended at the Sword Emperor Realm, the Vorpall Strike, and it was absolutely the strongest strike that Chen Xi had executed up until now!

If it was a year ago, he would absolutely be unable to execute this.

Bang!

The sword qi passed through the shackles of time, and it attacked at an inconceivable speed. It was so sudden and so mysterious.

With Ye Yan's cultivation, she still couldn't help but feel a trace of terror at this instant. Never had she imagined that a World Enlightened True God could actually execute such a terrifying strike.

Bang!

However, with her ability from numerous years of battle, and her cultivation at the Universe Enlightened Ancestral God Realm, she instinctively launched a counterattack at this moment. The pitch black copper ring tore through the sky and was barely able to block before her throat. It collided head-on with that wisp of sword qi and caused terrifying rumbling to resound.

In an instant, the sword qi shot over while the copper ring shook. Boundless divine radiance sprayed out like raindrops and terrifying waves of air raged like a spatial gale. It rumbled as it swept out, and it shattered all the stars in an area of 50,000km while the space in the surroundings were crushed into powder!

Stomp! Stomp! Stomp!

Ye Yan's figure was like a bolt of lightning that retreated by over 3km in space before she stopped herself.

It was right at this moment that a strand of hair was chopped off from the side of her head. As it swirled down, a drop of blood even seeped out from her snow white throat, and it vanished in an instant.

In other words, this strongest attack of Chen Xi's had merely slashed off a strand of her hair and caused a drop of her blood to flow!

On the other hand, Chen Xi's figure had long since vanished from here.

"That damnable little bastard!" Ye Yan gnashed her teeth with hatred, and her clear eyes were filled with piercingly cold and seething killing intent.

Bang!

She strode through space while her red dress fluttered, and she instantly transformed into a bolt of lightning that gave chase to Chen Xi.

...

The gap between us is truly too huge. Chen Xi sighed in his heart. His figure flickered repeatedly in the boundless starry sky, and he teleported at full speed. At the same time, he crushed bunch after bunch of Divine Crystals before swallowing all the Divine Energy within them into his body. He ceaselessly circulated his cultivation, and it endlessly replenished his strength.

Even though the might of that strike from before was formidable, its consumption of Divine Energy was extremely shocking. It instantly exhausted almost 30% of his strength, yet the outcome was barely satisfactory as it hadn't been able to cause any material harm to Ye Yan.

However, Chen Xi wasn't dispirited. Compared to the first time he fought Ye Yan at the Last Days Domain and could only receive a beating; and compared to when he relied on the spatial turbulence to flee, he was able to go head-on against Ye Yan for a single strike this time, and this was improvement!

This sort of improvement had merely occurred in a year of time, and if other cultivators were to find out about this, they would probably be flabbergasted. After all, not to mention accomplishing this, it was extraordinarily difficult for most cultivators to even guarantee their survival.

Chen Xi on the other hand was different. Being pursued aroused his potential instead. The greater the danger, the quicker he would transform, and this shocking speed of improvement could be described as world shocking.

Swoosh!

After a short while, Chen Xi utilized the Dao Seal Mark and concealed himself on a desolate star, then tensed the nerves in his entire body and accumulated strength in preparation to deal with Ye Yan.

In merely a few breaths of time, Ye Yan had arrived here.

"His aura has vanished again...." This time, Ye Yan seemed to be extremely calm. She practically didn't think before her jade white hand fluttered about, and she executed over a thousand palm strikes.

Bang! Bang! Bang!

Star after star in the vicinity were blasted into pieces and transformed into powder.

If this had occurred on a star that was inhabited like the star Voidsy City resided on, then merely this palm strike would have annihilated countless living beings!

This woman has learnt from her past mistake. Chen Xi's eyes narrowed, and he could only flash and teleport into space before the force of her palm strike approached.

However, in this way, it exposed his tracks.

"Little Bastard! Go on and flee!" Ye Yan couldn't help but reveal a wisp of ridicule on her face. As she spoke, her figure moved while she suddenly withdrew the copper ring, and it smashed fiercely towards Chen Xi.

This time, Chen Xi didn't flee. He took a deep breath instead while surging divine radiance suddenly erupted from his eyes. The vital energy in his body suddenly transformed at this moment, it seemed to burn like scorching flames, and it seemed like the essence, energy, and spirit within his entire body was seething at this moment.

Bang!

Chen Xi withdrew the Copper Coin of Treasurefall and forcefully collided head-on with the copper ring. However, Chen Xi's attack was easily dispersed. All of this was within his expectations, and he suddenly slashed once more with the Dao Calamity Sword.

Bang!

A strand of extremely terrifying impact smashed down, and it struck Chen Xi to the point his entire body seemed like a meteor that was blasted flying. He shot forcefully through space, and he smashed into the surface of a star, causing a bottomless hole to be split open on it.

Bang!

Another enormous bang resounded as that star was directly shattered into pieces with a single slap from Ye Yan.

One could clearly see Chen Xi's figure flying out from the within in a sorry state, and he flashed over towards the opposite direction. At this moment, the clothes on his entire body were tattered while his body was covered in injuries, and blood seeped out from both his mouth and nose. He seemed to be in a rather miserable state.

However, his aura was growing more and more exuberant. It was surging and seething like a furnace of the heavens and the earth, and it caused his imposing aura to rise steadily.

It seemed... as if a world shocking transformation was occurring to him.

"Hmm? This kid is actually advancing in battle?" Ye Yan's eyes narrowed while she revealed a wisp of surprise for the first time, and she seemed to feel disbelief. But right after that, it was replaced by a wisp of extremely dense killing intent.

Chen Xi's strength had improved too quickly, and he was like a peerless genius. Since the day she'd started pursuing him up until now, only a little over a year had passed, yet Chen Xi's combat strength had undergone too many changes.

It felt like every single time he fled successfully, his strength would improve by a level, and he grew stronger the more he fought. It was extremely inconceivable.

If Ye Yan wasn't wrong, Chen Xi had just stepped into the World Enlightened True God Realm when he entered the Last Days Domain, and it had been less than two years since he'd entered Snow Ink Region, yet he was actually about to advance into the Domain Enlightened Spirit God Realm!

If news of this were to spread, the entire Snow Ink Region would definitely fall into a mighty uproar!

It was even to the extent that no one would dare to believe it. After all, leaping into another realm within a short period of two years was something that had practically never happened in history, so who would dare believe it?

After all, this was a cultivation realm of the Divine Dao!

Every single step was extremely obscure and difficult. Within the practically boundless lifespan of a god, even though time wasn't the standard to determine strength any longer, some people were unable to step into the next cultivation realm in their entire lifetimes.

However, Chen Xi was actually about to advance into the next cultivation realm in less than two years of time, and this obviously showed how extraordinary and outstanding his natural talent, physique, and accumulations were.

It wasn't going too far to describe him as a peerless genius.

Ye Yan had been constantly pursuing Chen Xi in this period of over a year of time, and she was naturally extremely clearly aware of the changes in Chen Xi's strength during this period of time.

However, she'd never imagined that he would actually be advancing so quickly, and he would even advance in battle. So, how could Ye Yang not be shocked by this?

It was precisely because of this that the killing intent within her heart had arrived at an unprecedented height. She was unable to tolerate Chen Xi being able to complete his advancement and transformation right before her eyes.

She couldn't!

Swoosh!

These thoughts flashed through her mind in an instant, whereas, Ye Yan's movements hadn't stopped at all since the beginning until the end, and she assaulted Chen Xi once more.

Bang!

The pitch black copper ring glowed, and it seemed like a black gale that soared through the universe. Everywhere it passed, space collapsed, stars exploded into pieces, and it caught up to Chen Xi with unbelievable speed before it smashed down towards him.

This strike vividly displayed the ability of a Universe Enlightened Ancestral God, and it was similarly terrifying and astounding to the extreme.

Talisman Emperor

Chapter 1592: Spirit Light Shooting Into The Sky

The pitch black copper ring was called the Grand Heaven Copper Ring, and it was a Natural Spirit Treasure born from within the Chaos of the three dimensions. It was ranked at the 35th position, and it was said to be a divine weapon that slaughter and reaped souls. Its might was capable of separating evil from good, splitting Yin and Yang, and was ferocious and firm.

Even though this treasure's ranking was far inferior to the Copper Coin of Treasurefall and Overarching Heaven Net, when utilized in the hands of a Universe Enlightened Ancestral God, it was sufficient for its might to be fully displayed.

On the other hand, even though Chen Xi possessed the Copper Coin of Treasurefall and the Overarching Heaven Net, his current cultivation could only bring forth a portion of these Divine Artifact's entire strength.

Simply speaking, all of this wasn't because of the Divine Artifacts, and the crux was the cultivation realm of the god that was utilizing them.

Bang!

At this moment, the Grand Heaven Copper Ring tore through space with a monstrous imposing aura, and it erupted with a terrifying imposing aura as it shot directly towards Chen Xi.

Space exploded apart while the stars trembled and collapsed. It seemed to be all-powerful throughout its path.

Bang!

Chen Xi's figure flashed with the Dao Calamity Sword in hand, and he utilized the Copper Coin of Treasurefall with all his strength to go head-on against it once more.

After that, blood flowed from all seven of his apertures while his ribs were broken apart by a strand of terrifying impact. Moreover, the universe within his body had almost been shaken to the point of collapse.

Rumble!

At this moment, Chen Xi was blasted flying in a miserable and horrifying state. His figure tore swiftly through layer upon layer of space like a meteor, and he smashed through numerous stars.

When he was finally able to barely bring himself to his feet and stand steadily, his entire body was wrecked. His skin had split open to the point his bones were visible, and he seemed to be in such a miserable state that if it was any other existence at the Godrank Realm in his place, that existence would probably be on the verge of death and unable to stand up again.

Pain!

Heart rending pain!

It filled his body like lava that erupted from a volcano, and it ceaselessly struck Chen Xi's Dao Heart and will. The harm he suffered from this attack had surpassed the limits of his body.

However, surprisingly, Chen Xi's expression still maintained a type of extreme calm, and his deep eyes seemed like bottomless abysses that didn't reveal any emotion.

In his sea of consciousness, the River Diagram fragments had suddenly started to circulate since some time ago. It droned and surged while emanating strands of strange and obscure fluctuations, and it seemed as if it possessed intelligence. Not only did it prevent his vital energy from being severed because of his heavy injuries, his vital energy grew more and more exuberant and stronger instead.

Rumble!

On the other hand, in the universe within his body, the myriad of stars were guided by the Infinite Divine Talisman at the center to circulate madly. They emanated strands of Divine Energy that surged like tidewater, and they seemed to be ceaselessly circulating and improving along with Chen Xi vital energy. They were expanding without end, and they were transforming at extreme speeds at all times.

A seething ball of light that seemed like a seed could be faintly noticed within the divine flames that burned in his soul. It was thumping and vibrating like a heart, and it seemed like something was about to emerge from it.

All of this took a long time to describe, yet it actually occurred within Chen Xi's body, and it was utterly impossible for outsiders to notice it.

"Why aren't you fleeing?" Ye Yan's slender and graceful figure drifted over. This was the second time she'd said something like this, yet this time, her tone carried an indifferent feeling of being in control of the situation and Chen Xi's fate.

Obviously, as far as she was concerned, Chen Xi was powerless to struggle.

Swoosh!

The reply she received was a surging and blazing strand of extraordinary sword qi.

The sword qi came from the Dao Calamity Sword in Chen Xi's hand, and it was still domineering, swift, murderous, and slashed out in a strange way.

Ye Yan's brows couldn't help but raise because of this, and a trace of surprise suffered her clear eyes. She seemed to have never imagined that even after this heavily injured little bastard before her had been reduced to such a state, not only did he not accept his fate, he actually still had the strength to struggle.

Bang!

She gestured with her fair hand, and the Grand Heaven Copper Ring revolved and easily crushed this wisp of sword qi in one go, causing a rain of light to spray into the surroundings.

“What? Do you still refuse to accept your fate? You can die without regrets from being able to persist for over year while being pursued by me! Why do you still struggle?” Ye Yan’s moist and sexy red lips curled into a wisp of a happy arc, and she actually faintly felt a feeling of happiness in her heart. She seemed like a cat that was teasing a mouse.

“Idiot.” Chen Xi seemed to be extremely calm when facing this, and he lightly spat out a single word.

Presently, his appearance was horrifying. His entire body was drenched with blood while his bones were indistinctly visible, yet he still seemed to be so domineering when he spoke, causing Ye Yan to be unable to help but frown.

“Originally, if you admitted defeat and begged for mercy, then perhaps I would have allowed you to live for a while longer. But now, I can only send you on your way....” Amidst her gentle and pleasing voice, Ye Yan smiled lightly, and then she stretched out her fair hand that was coiled by strands of terrifying divine radiance.

But right at this moment, she seemed to have noticed something, and her pupils constricted abruptly while she said with surprise, “You... you’re actually still advancing!?”

Her voice was filled with a strand of shock, rage, and disbelief.

Because in her field of vision, a strand of terrifying and seething vital energy had suddenly arose from Chen Xi’s body, and it was like a boundless strand of surging smoke that shot into the nine heavens!

After that, a crimson red beam of light arose from Chen Xi’s body. This beam of light was filled with the pure aura of the Dao, and it was filled with life and seemed to not be tainted by even a trace of impurities.

“Divine Altar Spirit Light!” Ye Yan’s extraordinarily charming face was completely covered in a wisp of extreme icy coldness. This was the sign of establishing a Divine Dao Altar when advancing into the Domain Enlightened Spirit God Realm!

All of this had exceeded her expectations. Never had she imagined that Chen Xi who was clearly heavily injured and on the verge of death would be able to maintain this sort of seething vital energy and take that step to advance into the Domain Enlightened Spirit God Realm.

“That damnable ant! He’s simply a heaven defying little freak. If I’m unable to eliminate him today, then he’ll definitely become a calamity in the future!”

Swoosh!

As these thoughts flashed within her mind, Ye Yan had charged out ferociously, and she tore space apart as she attacked explosively.

At this moment, killing intent shot out from her as she executed her strongest ability, and she intended to completely annihilate Chen Xi with this strike and put an end to all future troubles.

Bang!

However, right at the instant when her attack was barely about to touch Chen Xi, another orange colored beam of light suddenly charged out from Chen Xi’s body. It was like the light of the sun, brilliant

and vast, and not only did it shatter this strike of hers, even Ye Yan's entire body was shaken to the point of staggering back without end in space.

"It's merely the second Divine Altar Spirit Light, how could it possibly emanate such terrifying force that even caused me to be shaken by it..." Ye Yan's expression changed slightly. She was a Universe Enlightened Ancestral God! At this moment, it was the critical moment of advancement for Chen Xi, and Chen Xi didn't have any ability to counterattack. Under such circumstances, killing Chen Xi would be as easy as slaughtering a chicken to anyone, yet it just so happened that she'd been blasted back after attacking him this time!

What's going on? Ye Yan was slightly surprised and bewildered. She felt that there was definitely a reason for this, and she just hadn't discovered it yet.

However, at this moment, she couldn't be bothered about all of that. She suddenly gritted her teeth and utilized the Grand Heaven Copper Ring to attack ferociously once more.

When a cultivator advanced into the Domain Enlightened Spirit God Realm, a Divine Dao Altar would be created within the Soul Divine Flame, and it was the core where the cultivator's Grand Dao quintessence, spirit, energy, and essence converged.

Once the Divine Dao Altar was condensed into form, it meant that Chen Xi had advanced successfully. At that time, she would definitely have to exhaust a great deal of effort to kill Chen Xi, and it was even to the extent that a mishap might occur.

Under such circumstances, how could Ye Yan possibly watch helplessly as Chen Xi advanced successfully?

Kill!

Ye Yan charged explosively toward Chen Xi.

However, this time, she was blasted back once more, and the vital blood in her entire body surged while her beautiful face turned slightly pale.

The reason was extremely simple, another beam of yellow light that was simple, thick, bright, and lofty had charged out from Chen Xi's body.

"The third Divine Altar Spirit Light!" Ye Yan's expression changed slightly indeterminately when she saw this, and she felt surprised, bewildered, and disbelief in her heart. Why! Why are those beams of light able to force me back?

Not to mention that she hadn't witnessed such a scene in her lifetime, no one within the entire Ancient God Domain had witnessed such a scene.

After all, it was common knowledge that while cultivators charged into another realm of cultivation, it was also the time they were in the most danger.

At this moment, not to mention someone attacking them, merely slight movement in the surroundings might cause them to suffer from qi deviation before failing in their advancement in the end. It was even to the extent that severe cases might end in death.

This was general knowledge amongst cultivators, yet it just so happened to be unsuitable to be used on Chen Xi.

He was clearly heavily injured and on the verge of death, yet it just so happened that his vital energy was growing more and more exuberant, and his path of advancement hadn't been severed at all.

Ye Yan had clearly attacked him twice in succession, and it was even the full force of the Universe Enlightened Ancestral God, yet not only was it unable to obtain any results, she was shaken to the point of staggering back instead!

Why did this happen?

Ye Yan was unable to figure it out, but it allowed her to sense the aura of danger, and she didn't hesitate and intended to attack once more.

Om! Om! Om!

But right at this moment, a change actually occurred once more in the situation. Beam after beam of blazing light actually shot out successively from Chen Xi, and they were pine green, dark blue, indigo, violet.... Every single beam of light was so pure and so vast, and they were like numerous sharp swords that shot directly into the sky.

In an instant, another four beams of light had actually appeared, and coupled with the three beams of light from before, there were an entire seven beams of light!

"Dammit! Ye Yan was extremely shocked in her heart when she witnessed this scene, and her expression changed indeterminately. She was very clearly aware what seven beams of light represented when a god was advancing into the Domain Enlightened Spirit God Realm.

Pu!

Ye Yan suddenly bit the tip of her tongue and spat out a mouthful of Blood Essence, and then she executed some sort of secret technique. Terrifying black divine radiance arose from her entire body, and the Grand Heaven Copper Ring in her hand even started droning madly while her imposing aura actually improved enormously.

She's actually not hesitated to harm her quintessence energy in order to obstruct all of this!

Bang!

A strand of terrifying fluctuations carried the Grand Heaven Copper Ring as it rumbled and crushed space, and it smashed down ferociously at Chen Xi who resided in the distance.

In an instant, the stars in an area of 500,000km had actually started to tremble intensely, whereas, the stars that were close to this terrifying might had long since been unable to endure it and were shattered into powder.

Bang!

The Grand Heaven Copper Ring collided forcefully onto the seven beams of light that enveloped Chen Xi, and it emanated a terrifying and enormous bang that surged through the universe. Divine radiance shot

out explosively while a rain of light sprayed, and boundless chaotic torrents of air rumbled as they swept towards the surroundings. It caused this expanse of space to instantly transform into a shattered area where space had split apart.

This attack had finally obtained results. It shook those seven beams of light to the point of trembling, and it shook Chen Xi's already damaged and tattered figure to the point his flesh exploded open, his bones broke apart, and his entire body was on the verge of being unable to endure this pressure and transform into mush.

Chen Xi's entire body seemed as if it was about to be obliterated right here and now....

However, before Ye Yan could heave a sigh of relief, and at this extremely critical moment, a black and a white beam of light had actually simultaneously surged out from Chen Xi's body!

Talisman Emperor

Chapter 1593: Exalt Amongst Spirit Gods

The black and white beams of light shot into the sky like two gods had arrived into the world, and they were magnificent and boundless. They caused the seven beams of light that were being suppressed by the Grand Heaven Copper Ring to suddenly rumble before glowing brilliantly.

In an instant, nine beams of light had assembled, and they resided in the position of the Nine Palaces. They seemed to have formed a perfect force field, and their impetus had more than just risen explosively by two times when compared to before.

It was even to the extent that a strand of the grand and indistinct tune of the Dao had resounded within the entire universe at this instant, it seemed like a dragon roar, the cry of a phoenix, and the tune of nature.

Those living beings that lived on the stars and the cultivators that resided throughout the region had heard this sound, and for a time, their hearts trembled for no rhyme or reason.

It seemed as if something inconceivable was occurring!

Violethell Star.

At the rear mountains of the Violethell Divine Sect, a voice that carried shock suddenly resounded. "Could it be that another peerless figure with the potential to become an exalt amongst spirit gods is about to be born within this Jaderock Universe?"

At this moment, all the cultivators in Jaderock Universe turned pale with fright, and their Dao Hearts were shaken by an unfathomable force.

...

Nine light have assembled! An exalt amongst spirit gods!" Ye Yan's sharp cry suddenly resounded from afar, and her voice carried a rare wisp of terror.

Bang!

Before her voice could finish resounding, the Grand Heaven Copper Ring that was colliding head-on against the nine beams of light suddenly wailed, and it was forcefully blasted flying.

Pu!

Ye Yan suffered backlash from this, and a mouthful of blood sprayed from her mouth. Her beautiful and charming face turned extremely ghastly pale, and her graceful and delicate figure couldn't help but tremble.

This counterforce had actually caused a Universe Enlightened Ancestral God like her to suffer a huge injury! If other cultivators were to have witnessed this scene, their jaws would definitely drop to the ground from shock.

However, Ye Yan couldn't be bothered about all of this. Her expression was livid while her pupils had constricted, and she stared fixedly at Chen Xi who stood in the distance. She stared at the nine beams of light that arose around him, and her heart trembled uncontrollably.

Nine light have assembled! How long has it been since such a scene has appeared? How could it possibly appear on a little bastard that came here from the lower dimensions?

A wisp of horror couldn't help but surge into Ye Yan's heart.

She was extremely clearly aware what the convergence of nine lights meant.

Cultivators were able to establish a Divine Dao Altar within their Soul Divine Flames upon advancing into the Domain Enlightened Spirit God Realm.

However, there was a difference between these Divine Dao Altars, and this sort of difference was reflected by the beams of light that appeared when the Divine Dao Altar was formed.

There was a total of nine Divine Altar Spirit Lights. If only three beams of light appeared, then it meant that the cultivator's natural talent could only be considered to be ordinary. If more than three and less than six types appeared, it was sufficient to prove that a cultivator's natural talent was extremely outstanding.

If more than six beams of light appeared, then it wasn't just simply extraordinary, and all such figures were peerless geniuses that were born along with great Karmic Luck!

On the other hand, if all nine types of Spirit Lights appeared, then that cultivator was a peak existence amongst peerless geniuses and was rare within the world, and it might be impossible to find one such existence amongst a myriad of Domain Enlightened Spirit Gods.

Such an existence was called a Spirit God Exalt!

World Enlightened True Gods obtained clarity from attaining enlightenment, and they were called True Gods.

Domain Enlightened Spirit Gods possessed spirit because of the Spirit Light, and thus they were called Spirit Gods!

To put it simply, True God was the method of address for World Enlightened True Gods, and Spirit Gods was the method of address for Domain Enlightened Spirit Gods.

So, a Spirit God Exalt was naturally an exalt amongst Domain Enlightened Spirit Gods.

This wasn't a sign of strength, and it represented a form of potential. They were a type of genius that were favored by the heavens and far exceeded ordinary cultivators, and so long as they didn't die early, then they would definitely become top-rate overlords in the Ancient God Domain!

However, in the entire Ancient God Domain, cultivators that could possess the potential to become Spirit God Exalts were extremely rare existences that were practically rare like phoenix feathers and qilin horns.

Now, such a scene had appeared on Chen Xi, and the intensity of the shock Ye Yan felt from it was obvious.

After all, when she advanced into the Domain Enlightened Spirit God Realm all those years ago, only seven beams of light had surged into appearance, yet she'd been reputed to be a top-rate and rare genius in the Sovereign Sect, and she deeply received the high regard of numerous great figures.

This obviously showed exactly how monstrous cultivators that possessed nine Divine Altar Spirit Lights were.

However, according to Ye Yan's knowledge, amongst the known 1,000 plus regions within the Ancient God Domain, practically all the Spirit God Exalts were from the Imperial Region.

The Imperial Region was called the heart of the Ancient God Domain, and it was extremely mysterious. Unless one was someone with great fortune, otherwise, not to mention entering the Imperial Region, it would even be impossible for one to locate the Imperial Region.

Most importantly, Ye Yan was very clearly aware that in these few thousands of years, only a few Spirit God Exalts had been born in the other 1,000 plus regions outside the Imperial Region. Moreover, as soon as these Spirit God Exalts were born, they would be directly brought into the Imperial Region to cultivate. So, it was utterly impossible to see such existences in the outside world.

A single region contained at least a few hundreds or even a few thousands of universes while every single universe contained countless stats. However, in these few thousands of years, merely a few Spirit God Exalts had been born here. Thus, so long as one wasn't an idiot, one would understand what all of this meant.

So, this was the reason why Ye Yan was so shocked and terrified in her heart at this moment, and with her cultivation at the Universe Enlightened Ancestral God Realm, she still found it difficult to maintain her composure.

...

The nine beams of light radiated through the sky and illuminated the universe, and its beauty and exuberance were filled with a pure aura of the Dao.

At this moment, Chen Xi was covered by these nine beams of light, and his entire body was glowing and seemed ethereal. It caused it to be extremely difficult for others to determine if his figure actually existed, and it gave others an unreal feeling.

“This won’t do. No matter what, I must not allow him to survive!” Ye Yan gnashed her teeth while her eyes suddenly surged with a wisp of a ruthless and resolute expression.

Chen Xi possessed the Dao Calamity Sword and River Diagram fragments, and he’d seized her Sovereign Sect’s Copper Coin of Treasurefall. Moreover, he was even an heir of Oracle Mountain. Now, he’d revealed the potential to become a Spirit God Exalt while advancing into the Domain Enlightened Spirit God Realm.

All of them caused Ye Yan to be absolutely unable to watch on as Chen Xi survived just like that.

Without any hesitation, Ye Yan moved out in the next moment. Her tied up long hair had broken upon from its restraints and fluttered wildly, and every single inch of her skin surged with dazzling light.

Moreover, at this moment, her imposing aura had actually risen explosively as well. The terrifying fluctuations of her aura caused the nearby space, stars, dust, light, and everything else to collapse and be obliterated.

When looked at from afar, she seemed like an empress that ruled over the starry sky, and she possessed a monstrous imposing aura that pressured the hearts and souls of others.

Bang!

The pitch black Grand Heaven Copper Ring seemed as if it was burning. At this instant, it became extremely red while numerous obscure markings of Chaos floated up into appearance on its surface. It was the quintessence energy of a Natural Spirit Treasure, and it was the Natural Energy that was born from within the Chaos!

“Sacrifice my energy and return to quintessence, Obliterating Strike!” Suddenly, killing intent erupted explosively from Ye Yan’s eyes, and then she utilized the Grand Heaven Copper Ring with a swing of her hand. It was crimson red like the scorching sun as it smashed fiercely towards Chen Xi who stood in the distance.

She’d already exhausted her entire ability to execute this strike, so not to mention a Domain Enlightened Spirit God, even a Universe Enlightened Ancestral God would at least be injured by it!

Rumble!

This expanse of the starry sky exploded into pieces, and it shook the surroundings.

However, when the Grand Heaven Copper Ring descended into the area enveloped by the nine beams of light, it seemed as if it had fallen into a swamp, and no matter how it charged, it was actually unable to move at all.

“Impossible! This is absolutely impossible to be the might of a Spirit God Exalt!” Ye Yan couldn’t help but cry out sharply when she saw this, and she was on the verge of going mad.

No matter how formidable a Spirit God Exalt was, that existence was still merely a Domain Enlightened Spirit God. So, how could a Domain Enlightened Spirit God possibly resist an attack that a Universe Enlightened Ancestral God like her had exhausted her entire ability to execute?

There's definitely some sort of unknown force within this!

When she realized this, a wisp of coldness couldn't help but surge out from Ye Yan's heart. Could it be that another great figure is helping this damnable little fellow from the shadows?

Bang!

Before Ye Yang could recover from her shock, the Grand Heaven Copper Ring was blasted back forcefully. This Natural Spirit Treasure that was ranked at the 35th position actually seemed as if it had suffered a heavy injury at this moment, and the glow it emanated had dimmed down while it wailed violently without end.

Pu!

Ye Yan suffered backlash from this, and she coughed up blood while she felt as if she was on the very of collapse. Obviously, she was already heavily injured.

"That... that's a Natural Spirit Treasure! How could it possibly be unable to resist the nine beams of Divine Altar Spirit Light emanated by that little bastard?" As she gazed at Chen Xi who seemed impossible to kill and gazed at the Grand Heaven Copper Ring in her hand that had dimmed down, Ye Yan's expression changed abruptly. Her red lips lost all color, and she felt utterly terrified.

She was sure that an even more terrifying force definitely existed in Chen Xi's body, otherwise, Chen Xi would be absolutely unable to accomplish this!

...

Om!

At this moment, a crystalline and translucent Divine Dao Altar was floating and revolving in Chen Xi's soul, and it emanated lights of nine colors. They were dazzling, resplendent, pure, divine, and suffused with a pure aura of the Divine Dao.

Especially at the universe within his body, Divine Energy surged while the myriad of stars within it glowed brilliantly, and they circulated without end along the pathways of the Infinite Divine Talisman. It was an extremely vast and brilliant scene.

Swish! Swish!

At this moment, the nine Divine Altar Spirit Lights that shot out of his body surged back into his body like tidewater.

After that, his broken tendon and bones, split flesh, injured apertures.... Everything started to be repaired and healed at this instant, and they recovered to their original state at an unbelievable speed.

In merely the time of a few breaths, Chen Xi seemed as if he'd been reborn from flames like a phoenix, and his figure appeared once more in Ye Yan's field of vision.

However, unlike before, Chen Xi's entire body was suffused by Divine Energy at this moment. His body surged with the glow of Divine Altar Spirit Light, and strands of the crystalline and pure aura of the Dao coiled around his entire body, causing his indifferent and calm bearing to even carry an aura of superiority that couldn't be overlooked.

It was the aura of a Spirit God Exalt. It was unique, unusual, profound, and extremely rare.

Swoosh!

Chen Xi opened his eyes, and they were deep, bright, calm, and indifferent.

Right at this moment, the River Diagram fragments that were ceaselessly droning within his sea of consciousness had fallen into deathly silence.

The Domain Enlightened Spirit God Realm!

At this moment, Chen Xi had completely advanced while in a life and death pursuit, and he'd stepped foot into an even higher realm of cultivation. Moreover, his strength had once again undergone a tremendous transformation!

He'd accomplished all of this in less than two years of time....

"Little Bastard, your advancement is complete, and you've lost the protection of those nine beams of light. I refuse to believe that I won't be able to kill you now!" Right at the instant when the nine surging beams of light on Chen Xi's body had been withdrawn, and he'd opened his eyes, Ye Yan's eyes surged with killing intent. She actually dragged her heavily injured body along and charged over explosively once more.

Talisman Emperor

Chapter 1594: The Divine Chart Descends

Swish!

This time, Ye Yan held a 1m long dark blue awl, and it tore a rift open in space as it shot over explosively.

Even though she was heavily injured, as a Universe Enlightened Ancestral God, when she attacked without sparing any effort, the might she emanated still seemed to be extremely terrifying.

As it was said, a starved camel is bigger than a horse.

Om!

When facing this, Chen Xi raised his hand and gestured. The Overarching Heaven Net swept out like a wisp of chilly starlight that was blooming in space, and it instantly and forcefully enveloped Ye Yan's entire body.

"The Overarching Heaven Net!" Ye Yan let out a sharp cry, and she was extremely shocked and furious. Up until this point in her pursuit of Chen Xi, she'd never imagined that besides the Copper Coin of Treasurefall and Dao Calamity Sword, Chen Xi actually possessed this Natural Spirit Treasure that was ranked at the 16 position in the three dimensions.

As soon as she was trapped at this moment, she realized that the situation was bad. However, she didn't hurry to struggle free from it, and she remained beneath the net instead and completely disregarded its restrictive force as she forcefully charged once more at Chen Xi with the intention of forcing him withdraw the Overarching Heaven Net.

However, before she could even move, Chen Xi had suddenly carried the Overarching Heaven Net, and he swung it like a sledgehammer and smashed it forcefully onto a nearby star.

Bang!

The star exploded into pieces, whereas, Ye Yan who resided within the net seemed as if she'd been struck by a sledgehammer, and her figure had forcefully collided with the star. Amidst the dispersing dust and dirt, she suddenly coughed up another mouthful of blood, and her extremely charming and beautiful face had warped.

"Little Bastard! I'll kill you!" Ye Yan let out a sharp cry and seemed as if she'd gone mad, and even her eyes had turned red. She spared no effort to struggle within the Overarching Heaven Net with the intention of assaulting Chen Xi once more.

Bang!

How could Chen Xi possibly allow her to succeed? He hadn't stopped for a single moment, and he continued swinging the Overarching Heaven Net. His figure moved through space while he ceaselessly smashed Ye Yan onto star after star.

The rage and aggrivement accumulated in his heart over this year of being pursued had been completely vented at this moment.

For a time, this expanse of the starry sky was filled with the rumbling of stars exploding into pieces and Ye Yan's sharp howls. Her howls resounded through the universe, and they seemed to be extremely miserable and filled with rage.

At this moment, Ye Yan's hair was disheveled, dust and dirt covered her entire body, and her body was drenched in blood. Moreover, her tender skin was covered in injuries. Compared to her usually peerlessly charming appearance, she simply seemed like a miserable beggar at this moment.

Chen Xi seemed to feel no pity towards this, and his actions didn't show the slightest sign of hesitation.

Over a year ago, if A'Liang hadn't risked her life to save him within the spatial tunnel in the Last Days Domain, he would have almost been annihilated by this woman. In the end, even though he'd survived, A'Liang had fallen into an unconscious state, and she still hadn't awakened until now.

When they entered the Jaderock Universe, Ye Yan had even relied on the forces of the Violethell Divine Sect to launch a full forced search and kill operation towards him, causing him to have no choice but to hide and fall into an extremely difficult situation.

After that, it was over an entire year of continuous pursuit. During this period of time, he'd ceaselessly been injured and ceaselessly been bullied and tortured by Ye Yan. If he hadn't been able to finally advance in cultivation by chance and attain the Domain Enlightened Spirit God Realm, then Chen Xi was utterly unable to imagine the end that would have been awaiting him.

Under such circumstances, how could Chen Xi hold back?

Bang!

Bang!

Bang!

Star after star exploded into piece. During this entire process, Ye Yan's body was constantly being rammed, and the flesh on her entire body was damaged and mangled. She seemed as if she was covered in blood.

"Chen Xi! You forced me to do this!!" Suddenly, Ye Yan's extremely resentful voice resounded once more, and it sounded as if it was squeezed out from the cracks between her teeth and carried a tone of insanity.

Chen Xi's pupils constricted. He suddenly noticed that a strand of terrifying energy was surging in Ye Yan's body, and she seemed like a volcano that was about to erupt.

Shit! Could it be that this venomous bitch intends to detonate herself?

Chen Xi stretched out his hand and gestured, and he suddenly put the Overarching Heaven Net away before swiftly teleporting away.

Bang!

Right at this moment, a strand of terrifying fluctuation swept out from Ye Yan, and it instantly affected an area of 50,000km in the starry sky. All the stars, meteors, dust, and even airflow within this area were completely obliterated!

It was too terrifying. If Ye Yan had executed such a desperate attack right at the beginning, it would be absolutely impossible for Chen Xi to survive until now.

However, unfortunately, she felt her own cultivation was extraordinary and far exceeded Chen Xi, so she'd constantly taken Chen Xi to be an ant that could be trampled. So, how could she have possibly tried to take Chen Xi down with her?

At this point of the situation, Ye Yan deserved to suffer misfortune for encountering such a monstrous figure that was beyond understanding like Chen Xi.

Is she dead? Chen Xi stood extremely far away in the starry sky, and he stared over from there. That expanse of the starry sky had already transformed into an area covered in spatial turbulence, and it was covered in chaos.

Swoosh!

Right when Chen Xi thought that Ye Yan had perished from incinerating herself, a shadow suddenly shot out, and then it fled towards the distance.

"Little Bastard! Just you wait! I'll definitely make you pay a hundredfold for this!" Ye Yan's extremely furious and resentful sharp cry resounded abruptly.

She actually survived! Chen Xi's pupils constricted because this had really exceeded his expectations. However, after he thought about it for a moment, he could only accept this outcome in the end.

He didn't continue pursuing here, and there were many reasons for this decision. However, the most important was that even if he caught up to her now, Chen Xi was similarly unable to bear the consequences if she detonated herself again.

After all, Ye Yan was a Universe Enlightened Ancestral God while he'd only just advanced into the Domain Enlightened Spirit God Realm. If Ye Yan wasn't already heavily injured this time, then it would be utterly impossible for him to rely on the Overarching Heaven Net to abuse her to such a horrible state.

This was the gap between their cultivation realms, and it was impossible to surmount.

However, Chen Xi was extremely confident now. Even if Ye Yan recovered to her prime state, it wouldn't be so easy for her to defeat him like she had in the past.

As for the heavy injuries Ye Yan suffered, the reason for that wasn't the nine beams of light that shot into the sky from him, and it was the might of the River Diagram fragments instead!

At the critical moment of Chen Xi's advancement, the River Diagram fragments had emanated a strange fluctuation, and it was like a barrier that maintained the transformation and circulation of the vital energy within him. On the other hand, when Ye Yan's attacks arrived before him, without any exception, all of them were repulsed by the might of the River Diagram fragments.

Fortunately, the energy of the River Diagram fragments had merely put up defenses when Chen Xi was advancing, and it didn't take the initiative to attack, otherwise, the destructive force caused by it would probably cause even the joint forces of 10 Universe Enlightened Ancestral Gods like Ye Yan to be annihilated.

Of course, all of this was based on Chen Xi's own deduction. As for why the River Diagram fragments would have awakened from their deathly silent state at that moment, Chen Xi himself was unable to figure out the answer as well.

However, he was able to faintly sense that the movement of the River Diagram fragments was probably related to the nine Divine Altar Spirit Lights that he'd emanated.

...

Ye Yan had fled towards the distance, whereas, Chen Xi had stood on the spot and pondered deeply for a long time. Right when he intended to leave, a wisp of a premonition arose abruptly in his heart, and he raised his head to look above.

Om!

Right at this moment, a wisp of golden light suddenly bore through space and descended swiftly. Before Chen Xi could even react, it surged like a bolt of lightning into the top of his head, and it instantly entered his sea of consciousness.

Swish!

As soon as the golden light stopped in his sea of consciousness, it sprawled out and transformed into a gorgeous and brilliant chart. Shockingly, a row of ancient words that contained the natural aura of the Dao floated up into appearance at the top of the chart —Domain Enlightened Chart, 99th!

This is actually the rankings on the Godrank Chart? Chen Xi was shocked in his heart. Never had he imagined that a golden chart would descend into his sea of consciousness at this moment, and he was actually unable to resist it at all!

In the past, A'Liang had once told him that those names who were able to be ranked on the Godrank Chart were all the peak experts amongst their peers.

According to the different cultivation realms of the gods, this chart was divided into the World Enlightened Chart, the Domain Enlightened Chart, the Universe Enlightened Chart....

Every single name on the chart represented a form of supreme glory, and similarly, the figures they represented were the leading existences in their respective realms of cultivation.

Now, the golden light had descended, transformed into the divine chart, and revealed a string of words. So, that 99th ranking was undoubtedly a form of judgment towards Chen Xi's strength!

In other words, within the over 1,000 unknown regions within the entire Ancient God Domain and amongst all the Domain Enlightened Spirit Gods in these regions, Chen Xi who'd just advanced into the Domain Enlightened Spirit God Realm had actually ascended to the 99th position!

This was absolutely a miracle that could cause a myriad of living beings to exclaim with admiration, and news of this spread into the Ancient God Domain, it would definitely cause a mighty uproar.

After all, there was no lack of gods in the Ancient God Domain at all, and the number of gods was so enormous that it was vast like an ocean. On the other hand, Chen Xi had just advanced into the Domain Enlightened Spirit God Realm yet was already able to ascend to the 99th position on the Domain Enlightened Chart. It was obvious how striking such a ranking was.

However, right when this chart had just appeared, not only did Chen Xi not feel any happiness or feel that he was acknowledged, a strand of extreme aversion and detest arose in his heart instead.

In merely an instant, the River Diagram fragments that had fallen into deathly silence droned as they emanated a strand of fluctuation.

Crack!

It tore the gorgeous and brilliant chart apart, and then obliterated it to the point not a trace of it was left behind!

This caused Chen Xi to be stunned again, and he said in his heart, As expected, the River Diagram fragments made a move again....

This outcome didn't surprise him because a long time ago while he was at the God Attainment Region in the three dimensions, the River Diagram fragments had once taken the initiative to attack and go against the Godrank Chart that had appeared at that time.

In other words, that strand of aversion and detest that arose in Chen Xi's heart was entirely because he was affected by the River Diagram fragments.

However, no matter what, this experience allowed Chen Xi to realize exactly what sort of position he was at in the Domain Enlightened Spirit God Realm.

That venomous woman, Ye Yan, will definitely not let the matter go. However, if I constantly wait for her to come looking for trouble with me, it would cause shackles to envelope my heart instead. I should seize this opportunity to make a trip to Violet Hell Divine Sect and accomplish what Tie Kun entrusted to me.... Chen Xi took a deep breath and confirmed his objective before he stopped thinking about all of this.

However, right when he intended to leave, he couldn't help but frown instead. It couldn't be helped, he was in the depths of the universe, and if he didn't possess a star atlas, then he would be utterly unable to distinguish the direction he should travel towards.

Hah! I knew it! This battle caused such a huge commotion, so how could these cultivators of Jaderock Universe possibly not pay attention to it? But in next to no time, Chen Xi seemed to have noticed something, and his tightly knit brows eased up. His figure flashed, and he vanished soundlessly on the spot like a wisp of an ethereal shadow.

Swoosh! Swoosh! Swoosh!

Right after Chen Xi concealed himself, a wave of spatial fluctuations arose, and then numerous figures flashed out from within space.

Talisman Emperor

Chapter 1595: Radiant Star Worms

There were people of all ages and genders amongst them, and they amounted to a total of over 10 people. They'd arrived here swiftly under the lead of a sage-like old man in yellow robes.

When their gazes descended upon the ruins of around 50,000km in area created by the battle, their expressions carried a wisp of surprise and solemnness.

"Only an expert at the Universe Enlightened Ancestral God Realm is capable of creating such destruction!" The old man in the lead spoke in a low voice.

"Martial Uncle, didn't you say that a Spirit God Exalt was born today. Why would it be related to a Universe Enlightened Ancestral God?" All of the others were extremely bewildered.

The yellow robed old man was stunned, and then he shook his head and laughed bitterly. "How would I be able to deduce all of that? However, according to the trace left behind from the battle, it was definitely a Universe Enlightened Ancestral God. As for how this matter is related to that Spirit God Exalt that was just born, I'm unable to determine that."

All of the others frowned, and they felt that this matter was rather strange as well.

"Come on, we'll just report everything we've seen to the sect. Regardless of whether it's the battle between Universe Enlightened Ancestral Gods or that Spirit God Exalt, they both carry great

implications, and it's far from something we can interfere in." The yellow robed old man took a deep breath and decided.

Swish!

Space fluctuated as the yellow robed old man immediately lead all of them away.

They'd completely not noticed that a figure was already following silently behind them.

...

At the same time.

The Imperial Region

Numerous mighty and ancient figures sat cross-legged before an ancient altar that was suffused with Chaotic Qi. All of them possessed obscure and mysterious auras, and they remained motionless like statues that stood towering through the ages, had experienced the passage of countless years, and emanated an indescribably solemn and divine imposing aura.

The area above the altar was an expanse of chaos. It seemed like the scene before the chaos had been split apart, and it was filled with a primitive aura. Shockingly, a gorgeous, dazzling, grand, and brilliant chart floated within that chaos.

The Godrank Chart!

If Chen Xi was here, he would definitely be able to recognize this chart with a single glance. It was indistinctively visible within the chaos, and its surface was branded with row after row of ancient words that possessed the natural aura of the Dao.

Suddenly, a wisp of bright light suddenly suffused the deathly silent surface of the Godrank Chart. In the end, it transformed into a name that floated up into appearance at the 99th position on the Domain Enlightened Chart.

However, in merely an instant, this name suddenly vanished as if someone had forcefully sliced it off the chart with a blade.

Om!

After this scene occurred, the Godrank Chart that was originally floating silently had suddenly started to tremble violently, and it emanated an extremely terrifying aura.

"Hmm?"

"This is?"

"After so many years, why would the Godrank Chart suddenly act unusually?" At this instant, all those figures that sat like statues before the ancient altar were alarmed, and they opened their eyes.

As soon as those eyes opened, this expanse of the heavens and the earth was illuminated. Everything in the surroundings fell into a shivering state, and it was as if numerous overlords of the heavens and the earth had awakened from their slumber!

However, when their gazes shot towards the sky and looked at the Godrank Chart that was indistinctly visible in the chaos, everything had returned to its previous state, and it seemed as if all of that hadn't occurred.

However, all of these figures that seemed like overlords of the heavens and the earth were extraordinary figures, they were accustomed to all sorts of storms and had experienced the tempering of countless years, so they would naturally not think that scene from before was an illusion.

"Once this occurs, it definitely means that something huge is about to occur?" A voice that was heavy like a bell resounded.

"Could it be that an Era Artifact has appeared in the Imperial Region, and it was detected by the Godrank Chart?"

"Impossible. If an Era Artifact appears, then the movement of the Godrank Chart wouldn't be so simple. Based on my deduction, it's definitely because of the appearance of a force that surpasses the energy of the Order of the Heaven Dao in the God Domain."

"It's hard to say for sure, it really is hard to say for sure."

"Since it's like that, then give the order to send some people to investigate, and not just the Imperial Region, the other regions need to be investigated as well so that we can confirm if any extremely shocking unexpected event is about to occur."

"That's good as well. Then we'll allow the disciples of the Sovereign Sect to deal with this matter."

"The Sovereign Sect?"

"What's wrong?"

"Forget it, just allow them to get it done."

These figures conversed with their thoughts, and they quickly came to a decision. After that, they closed their eyes successively and recovered that appearance of seeming deathly silent like statues.

This little bit was unexpected movement was insufficient to cause any waves to arise in their mental state.

...

At the same time, on a star in Gansu Universe within the Imperial Region.

The ground suddenly shattered apart before a tall and robust man leaped out from beneath it. He had dense long hair that hung loosely above his shoulder, and his gaze was like a bolt of lightning while his aura was wild and unrestrained.

"Strange, why did my name vanished from the Domain Enlightened Chart then reappear once again? That's slightly unusual...." The man scratched his head and was slightly puzzled. In his sea of consciousness, a gorgeous and dazzling chart was floating there, and surprisingly the words 'Chen Xuan, the 99th position' was written on it.

“Could it be that someone’s able to hide from the Godrank Charts judgment?” This man that had the same surname as Chen Xi stood on the spot, and he fell into deep thought.

After a long time, he shook his head, and then he entered back into the ground with a thump.

...

Chen Xi was completely unaware of all of this. At this moment, he was following behind the yellow robed old man’s group, and he was moving ceaselessly through space.

All along the way, because he possessed the assistance of the Dao Seal Mark, Chen Xi was able to hear all their conversations, and he figured out their background in the end.

The yellow robed old man was called Yan Chixing, and he was from a power called the Strategist Sect, and all those man and women by his side were disciples of the Strategist Sect.

The Strategist Sect was situated on Rayrise Star in Jaderock Universe, and it was considered as a renowned first-rate power in Jaderock Universe. It was merely inferior to the number one sect, Violethell Divine Sect.

After he found out about all of this, it caused Chen Xi to be moved in his heart. Presently, Mutou and Zai’zi were still within a Divine Artifact in his possession, and he’d promised to help the two of them find an opportunity to take a master and learn to cultivate. Now, he could try to allow them to enter into the Strategist Sect to cultivate.

As for the Violethell Divine Sect, Chen Xi didn’t give it any consideration any longer. Because they’d assisted Ye Yan to pursue him for a very long time, and it was already good of him if he didn’t try to get even with them.

Coupled with the fact that Chen Xi had once killed Zhu Dongting, the grandson of the Violethell Divine Sect’s Grand Elder Zhu Gangshan, and that Domain Enlightened Spirit God Realm expert Moli Chou, if Chen Xi sent Mutou and Zai’zi to cultivate in the Violethell Divine Sect, then he would truly be unable to avoid feeling worried. If the Violethell Divine Sect noticed the relationship between him and these two young men, then the consequences weren’t something that these two young men could endure.

Looks like making arrangements for Mutou and Zai’zi in the Strategist Sect isn’t a bad choice as well. I’ll do just that. Once this matter is accomplished, I can be considered to have made up for that trace of guilt in my heart. Chen Xi pondered deeply for a moment before he’d come to a decision. He intended to follow the yellow robed old man’s group back to the Strategist Sect before looking for an opportunity to send Mutou and Zai’zi in safely.

“Shit! It’s a Radiant Star Worm swarm. Watch out everyone!”

Right at this moment, Yan Chixing’s extremely serious and loud shout resounded abruptly from afar, and it instantly jolted Chen Xi awake from his deep thoughts.

He raised his eyes to look towards the distance, and his brows couldn’t help but raise. Radiant Star Worms?

...

Om! Om! Om!

A wave of sharp and ear piercing droning resounded in the starry sky, and along with this droning, an expanse of shadows that were like multicolored flowing lights swarmed over from the distant space like tidewater.

When looked at from afar, it was like an expanse of a raging and colorful mist surging over, yet if one looked carefully, one would notice that it wasn't mist but an expanse of worms!

These worms were only the size of a thumb and multicolored. They had a pair of wings that seemed like sharp blades on their backs while their eyes were scarlet red like blade, and fangs protruded out of their mouths, causing them to seem extremely savage.

Crack! Crack!

Everywhere they passed, star after star were like fruits that were being nibbled away, and they were instantly riddled with holes before rumblings and shattering into pieces.

This was terrifying. Because a star was extraordinarily enormous, and the full forced strike of an ordinary World Enlightened True God was utterly unable to destroy a star in one go, so this obviously showed how terrifying this swarm of worms was.

These were Radiant Star Worms. They roamed through the starry sky and lived by devouring stars. Even though they were small, their destructive ability was extremely shocking. Moreover, they were most difficult to deal with because Radiance Star Worms were immune to water and fire, and their vitality was extremely tenacious. Unless one was able to annihilate their souls, otherwise, it was very difficult to obtain any results by merely destroying their bodies.

Of course, the most terrifying thing about these worms was that they moved in an enormous group. As soon as they moved out, it would definitely be in a dark mass that was like an army of locusts, and it was horrifying.

At this moment, when they saw that expanse of multicolored worms whistling over, the yellow robed old man's group had stopped on the spot since a long time ago, and all their expressions were extremely heavy.

When Radiant Star Worms appeared in such a scale, even Domain Enlightened Spirit Gods would feel that it was extremely difficult to deal with, yet Yan Chixing was the only Domain Enlightened Spirit God in their group, and the others were all World Enlightened True Gods. Once they were to go against those worms, the consequences were obvious.

"These damnable things have already set their sights on us, and we can't move forward anymore!" Yan Chixing gritted his teeth and waved his hand. "Retreat!"

All the others were already terrified, and they didn't hesitate to agree as soon as they heard this.

Om! Om!

However, right when they turned around and intended to flee, a wave of spatial fluctuation suddenly arose in the starry sky behind them, and then a vast expanse of Radiant Star Worms actually surged out from there!

It was a pincer attack!

When he saw this scene, Yan Chixing's expression changed as well. He'd finally realized that they'd actually fallen into the meticulously planned trap of these worms since a long time ago!

In an instant, all of their expression turned grim, and they were shocked, terrified, and furious to the extreme. Moreover, the expressions of a few men and women had already turned ashen from fear, and they were terrified and uneasy.

Under such an encirclement, how could they possibly escape with just their strengths?

Could it be that we're really going to perish here today?

However, there wasn't any time for them to think so much about all of that now. Because the swarm of Radiant Star Worms had already surged over menacingly from all directions!

"Disciples, hear my orders! Follow behind me! Even if I have to give up this life of mine, I'll kill open a path of blood for all of you!" Yan Chixing withdrew a black spear while he shouted loudly, and he had a resolute expression.

"Martial Uncle!" All the other disciples were extremely moved by this, and they were filled with heroic sentiments. The terror in their hearts actually vanished completely at this moment, and they cried out successively with the intention to live and die with Yan Chixing.

"Kill!" Yan Chixing was filled with heroic sentiments as well upon seeing this, and he roared loudly before charging towards the swarm of worms.

Swish!

However, right at the instant that he took action, a wisp of light that was chilly like starlight erupted in the heavens and the earth. It transformed into a misty large net that enveloped down towards those Radiance Star Worms before they could unleash their assault....

[Talisman Emperor](#)

Chapter 1596: Fulfilling A Wish

Hmm? Yan Chixing and the others were shocked, and they immediately stopped moving.

Swish!

Right at this moment, that large net descended silently, and it enveloped all the Radiant Star Worms that were surging over before forcefully restraining them.

Om! Om! Om!

The dense expanse of worms struggled violently with the intention of struggling free, yet it was utterly in vain. The large net constricted, and it crushed all their souls into powder, causing them to be reduced to empty corpses.

Yan Chixing and the others were flabbergasted by this scene. That was a myriad of Radiant Star Worms that were extremely ferocious, vicious, and difficult to deal with. Yet now, they'd actually been easily captured by the large net and instantly annihilated!

If they hadn't witnessed this scene with their own two eyes, they would almost not dare believe their eyes.

It was at this moment that a tall figure appeared. He put the large net away, and then he stretched out his hand and grabbed to put all the corpses of the Radiance Star Worms away as well.

The corpses of these Radiant Star Worms were extremely superb weapon refinement materials, and they were extremely valuable.

This figure was naturally Chen Xi. After he finished doing all of this, his figure flashed, and he utilized the Overarching Heaven Net again to forcefully envelop down towards the other side.

Om! Om! Om!

Those Radiant Star Worms that were surging over from behind had noticed that the situation was bad since a long time ago, and they intended to flee. However, right at this moment, the Overarching Heaven Net had already enveloped down.

A dense wave of shrill cries resounded from the worms, yet it quickly returned once more to deathly silence.

At this point, the swarm of Radiant Star Worms that had appeared abruptly and charged over from all directions were completely eliminated, and not a single one of them survived.

All of this had occurred too quickly. Since the moment Chen Xi utilized the Overarching Heaven Net to successively annihilating those Radiance Star Worms with two moves, only the time of a few breaths had passed.

So, when Yan Chixing and the others recovered from their shock, the surroundings had already recovered its calm.

However, they were unable to calm down for a long time, and the space between their brows were covered in shock. They were utterly unable to imagine that the swarm of Radiant Star Worms could actually be annihilated so easily....

"I'm the Strategist Sect's Yan Chixing, thank you for your assistance, Fellow Daoist." Yan Chixing took a deep breath and cupped his hands towards Chen Xi who stood in the distance.

His gaze was extremely discerning. He was clearly aware that it wasn't the swarm of Radiant Star Worms that were weak, and it was this young man's strength that was too formidable!

Even though he'd discerned with a single glance that the young man was merely at the Domain Enlightened Spirit God Realm, but he didn't dare look down upon the young man at all. After all, if he were to face the siege of these Radiant Star Worms, then he might not even be able to guarantee his own survival.

This was the gap between them, and Yan Chixing had no choice but to admit it.

"Thank you for your assistance, Senior." Meanwhile, the others had recovered from their shock as well, and they cupped their hands and bowed to Chen Xi in succession. However, besides gratitude, their gazes towards Chen Xi also contained a wisp of curiosity.

It couldn't be helped, Chen Xi's appearance was truly too young, and his bearing was tranquil and indifferent. He didn't seem like those great figures that possessed monstrous imposing aura. This caused them to be unable to avoid feeling curious about exactly how he accomplished all of this.

Chen Xi put the corpses of those Radiant Star Worms away first before he smiled as he cupped his hands and said, "I was just passing by, and it wasn't difficult at all, so don't mention it."

When they noticed that Chen Xi had a modest attitude, Yan Chixing and couldn't help but heave a sigh of relief in his heart. He smiled as he engaged in small talk with Chen Xi, and then he asked. "Fellow Daoist, where're you going?"

"To tell you the truth, I came out here this time because I intend to search for a sect and seek out an opportunity for two juniors of mine to cultivate." Chen Xi smiled as he spoke.

Yan Chixing had a flash of understanding in his heart, and he seemed to be lost in thought as he glanced at Chen Xi and said, "If Fellow Daoist doesn't mind, then you can allow those two juniors by your side to come with me to cultivate at the Strategist Sect."

"Yeah, my Strategist Sect is a first-rate power in Jaderock Universe, and there're countless profound techniques within the sect. It'll definitely satisfy Senior." The others spoke successively from the side as well, and their attitudes were rather fervent.

Chen Xi hesitated for a moment and said, "That doesn't seem to be appropriate."

Yan Chixing roared with laughter and said, "What're you saying, Fellow Daoist? If you hadn't lent us a hand just now, then we would have probably suffered misfortune by now. Now, it's just making arrangements for two juniors to enter the sect to cultivate, and I, Yan Chixing, am able to make the decision for such a trivial matter."

When he'd already spoken like this, Chen Xi would naturally not refuse.

Actually, when he rescued Yan Chixing's group this time, Chen Xi had some motives of his own in his heart. Because he was just worrying about how to smoothly send Mutou and Zai'zi into the Strategist Sect, yet it just so happened that a swarm of Radiance Star Worms actually made an appearance, and they instantly created a superb opportunity for him.

At this moment, Yan Chixing's answer had obviously already fulfilled Chen Xi's objective.

Chen Xi immediately started travelling with Yan Chixing's group, and they traveled towards the location of the Strategist Sect — Emerald Mist Star.

...

On the way, Chen Xi told Mutou and Zai'zi about this matter as well, and he introduced the two young men to Yan Chixing's group.

Mutou and Zai'zi had actually heard of the Strategist Sect's reputation as well. When they heard they would actually be able to join such a large sect, they were instantly surprised, delighted, and touched, and they were excited to the point they didn't know how to thank Chen Xi.

At this moment, if Chen Xi had any requests for them, they would probably not hesitate to agree.

Chen Xi finally heaved a sigh of relief when he saw all of this. It was he who'd brought these two young men out of the mountains. Now, when he saw that they could fulfil their dreams and join the Strategist Sect to cultivate, he felt rather gratified in his heart.

However, in next to no time, Chen Xi noticed that Mutou and Zai'zi seemed to be very reserved amongst the other youths from the Strategist Sect, and the two of them didn't dare speak at all while the others were chatting happily.

This caused Chen Xi to instantly realize a problem, Mutou and Zai'zi's origins were too impoverished in the end, and they were unable to compare with these youths at all. Moreover, these youths were cultivators while Mutou and Zai'zi hadn't stepped onto the path of cultivation yet, so there was an extremely huge gap between them.

Even if Mutou and Zai'zi were able to enter the Strategist Sect to cultivate in the future, but based on their honest dispositions, they would definitely be bullied.

When he thought up to here, Chen Xi immediately called Yan Chixing over to the side and passed a storage pouch to him before Chen Xi said, "Fellow Daoist, these two juniors of mine have honest dispositions, and they don't know the ways of the world. Please take good care of them after they enter your sect to cultivate, so as to prevent them from taking the wrong path."

Yan Chixing refused repeatedly, but he was unable to overcome Chen Xi in the end and received it.

Chen Xi smiled when he saw this, and then he turned around and walked towards those disciples from the Strategist Sect.

Yan Chixing secretly took a look in the storage pouch, and he noticed that there were actually an entire 3,000 Divine Crystals and five Artificial Spirit Treasures within it, and his heart instantly jerked wildly. What extravagance!

At practically the exact same time, he saw Chen Xi pass storage pouch after storage pouch to the other young men and women, and each of those storage pouches had 300 Divine Crystals within them. Moreover, the reason Chen Xi gave them all of this was because he wanted them to take good care of Mutou and Zai'zi. Because if the two young men were bullied in the sect, then there would be people to support Mutou and Zai'zi.

After all, Yan Chixing was a Domain Enlightened Spirit God, and it was impossible for him to take care of Mutou and Zai'zi at all times, whereas, these young men and women were different. As disciples of the sect that had joined the sect much earlier, others would have to consider the consequences of bullying Mutou and Zai'zi with their care.

After he finished doing all of this, Chen Xi smiled as he called Mutou and Zai'zi over to his side, and then he instructed them attentively. He told them that if they encountered any serious matters, then they should go look for Yan Chixing, and if it was an ordinary and small matter, then they could look for those young men and young women. Of course, the most important instruction he gave them was that they should work hard and cultivate, so that they could stabilize their position in the Strategist Sect.

Mutou and Zai'zi noticed all of this, and they'd long since taken Chen Xi to be a senior of their own family. The two young men were filled with gratitude when they heard this, and they immediately intended to kneel down and kowtow to Chen Xi, yet they were stopped by the latter.

"Working hard is the best repayment to me. Don't forget your aspirations at that time. After you became accomplished in your cultivation, you intended to return to your village and help all your friends and family in the village." Chen Xi smiled as he instructed. As he gazed at Mutou and Zai'zi, it was as if he was looking at himself and Chen Hao when they were both young, and his heart was filled with emotion.

"Yes, we definitely will!" The two young men nodded their heads with force.

During the next period of the journey, Chen Xi acutely noticed that the attitudes of those other young men and young woman towards Mutou and Zai'zi had obviously become much more fervent, and Chen Xi couldn't help but grin because of this.

Wealth may not necessarily be all-powerful, yet it was sometimes able to provide the miraculous ability to improve relationships, just like what was happening right now.

"Fellow Daoist, here's the Star Atlas." Meanwhile, Yan Chixing passed a jade slip to Chen Xi.

"Thank you, Fellow Daoist." Chen Xi cupped his hands. While they were on their way earlier, he'd mentioned that he intended to head to Violethell Star where Violethell Divine Sect resided to look for someone, yet he didn't know how to get there. So, Yan Chixing immediately copied the Star Atlas in his possession.

Yan Chixing roared with laughter. "Don't mention it Fellow Daoist."

"Martial Uncle, we've arrived at Emerald Mist Star!" Suddenly, the young of a disciple of the Strategist Sect sounded out from the side.

The others were excited when they heard this.

Chen Xi raised his eyes and looked over. Sure enough, he saw an emerald colored star appear extremely far away in the starry sky, and it seemed like pure emerald that emanated exuberant vitality.

"Mutou, Zai'zi, we'll part ways here." Chen Xi turned around to look at the two young men by his side.

"Senior...." The two of them felt rather reluctant.

"Set your minds at rest and cultivate. We'll naturally be able to be reunited in the future." Chen Xi smiled lightly.

Clang!

Suddenly, he drew his sword from its sheath, and then swept it lightly towards the distant starry sky.

Bang! Bang! Bang!

Over 100 desolate stars were originally floating in that expanse of the starry sky. But right at this instant, all of them were simultaneously slashed into two by a wisp of sword qi, and then they rumbled and transformed into powder that dispersed into nothingness.

Everyone was horrified by this scene, and they were astounded by the might of Chen Xi's sword strike. Moreover, they also wondered why he'd done that.

Only Yan Chixing's eyelids twitched as Yan Chixing was clearly aware that Chen Xi was using actions to remind them that no mishaps should occur to these two young men that he'd left with them, otherwise, the sword in his hand wouldn't agree to it!

This was called employing both kindness and force, and Yan Chixing understood it.

"Everyone, I'll be leaving now. See you." Chen Xi cupped his hands, and then his figure flashed and vanished in the distance.

"Martial Uncle, that Senior was clearly only at the Domain Enlightened Spirit God Realm, but his strength was extremely terrifying." A disciple muttered.

The others deeply agreed as well.

"Martial Uncle, do you think that Senior was that new Spirit God Exalt?" Suddenly, a female disciple seemed to be lost in thought as she spoke.

Yan Chixing's heart shook, yet he waved his hand and said on the surface, "There's no need to guess his identity. It's better for us to return to the sect first."

On the other hand, in his heart, he'd decided that he would definitely take good care of Mutou and Zai'zi. Because in the future, he might really be able to form a relationship with an existence that possessed the potential of a Spirit God Exalt through these two young men.

Of course, the precondition was that young man was the new Spirit God Exalt.

Was this possible?

Yan Chixing faintly felt that it was extremely likely!

Talisman Emperor

Chapter 1597: Eastreach City

Swoosh!

A figure flickered ceaselessly and teleported through the starry sky.

Violethell Star, the place the Violethell Divine Sect resides.... Chen Xi silently pondered about all the information he possessed in relation to the Violethell Divine Sect.

After a short while, he couldn't help but laugh. I'm heading to the Violethell Divine Sect this time merely for the sake of completing something entrusted to me, and I'm not going to battle. So, why think so much about it?

But right after that, Chen Xi's brows knit together tightly. Where should I go once I've completed what Tie Kun entrusted me with?

Before Chen Xi came to the Ancient God Domain, Chen Xi actually possessed an extremely clear objective in his heart, and it was to find his parents before converging with the senior brothers and senior sisters of his sect.

Moreover, when Chen Lingjun and Zuoqiu Xue left all those years ago, they'd once told Chen Xi that so long as he took good care of the River Diagram fragments, then he would be able to rely on the clues provided by the River Diagram fragments to meet them once he entered the Ancient God Domain.

However, Chen Xi felt helpless because up until now, besides nine obscure and ancient characters, he wasn't able to comprehend any clues from the River Diagram fragments.

Nine ancient characters? Chen Xi suddenly had a flash of inspiration. The clues wouldn't be hidden within them, right?

When he fused with the seventh and eighth River Diagram fragments, a mysterious diagram had floated up into appearance from the surface of the River Diagram fragments, and mysterious characters flickered on the diagram. Chen Xi had tried his very best yet was merely able to recognize nine ancient characters, and they were respectively '荒', '墟', '神', '古', '帝', '域', '纪', '主', '极'.

Chen Xi had tried to deduce the meaning of these characters, yet no matter how he organized them, these nine characters didn't seem like a sentence at all. So, after a few years had passed, it caused him to practically forget this matter.

At this moment, when he recalled it, it allowed him to acutely capture a trace of profundity, and perhaps these ancient words represented the name of some areas in the Ancient God Domain!

But right after that, he shook his head because he had too little clues, and he was utterly unable to gain a deeper understanding.

There are over a thousand regions in the Ancient God Domain, and Snow Ink Region is merely one of them. Perhaps I ought to head to the most bustling and flourishing place in the Ancient God Domain to investigate. Even if I'm unable to find any clues, but during this process, I'd be able to inquire about the whereabouts of my senior brothers and senior sisters.... Chen Xi fell into deep thought. As far as he was concerned, if he was able to find those senior brothers and senior sisters of his, then they might be able to provide him with some guidance.

Since the Sovereign Sect is already so renowned in the Ancient God Domain, then I presume that Oracle Mountain and Nuwa's Dao Palace aren't inferior at all. In this way, so long as I gather sufficient information, I might really be able to meet my senior brothers and senior sisters. Chen Xi's train of thought grew more and more clearer as he pondered about all of this. Right, the Ancient God Domain is so vast, and my efficiency will be limited in the end if I merely rely on myself to search. However, if I obtain the assistance of Oracle Mountain and Nuwa's Dao Palace, then I'll definitely be much more certain of success....

Chen Xi immediately decided that once he completed what Tie Kun had entrusted him with, he would start searching for clues about Oracle Mountain and Nuwa's Dao Palace. Because if he did this, then he would even be able to avoid a great deal of the danger brought about by the Sovereign Sect.

After all, Chen Xi hadn't forgotten the words Ye Yan said before she fled that day.

There are countless gods in the Ancient God Domain, and its boundlessly vast. The more flourishing a region is, the number of experts there would definitely be even greater. With my current cultivation, even though I'm able to be ranked at the 99th position on the Domain Enlightened Chart, I'm still a realm lower when compared to the Universe Enlightened Ancestral God Realm.... After he confirmed his objective, Chen Xi started to scrutinize himself. Once he had an objective, he naturally had to possess the ability to carry out this objective, and his own strength was the precondition to decide all of this.

In terms of the Sword Dao, I've already stepped foot into the Sword Emperor Realm, and if I want to improve in it, then I can only rely on gradual accumulation and tempering, and I'll probably be unable to achieve any success in a short period of time. In terms of my cultivation, I've just stepped into the Domain Enlightened Spirit God Realm, and this is a completely new cultivation realm. So, it'll probably require a long amount of time and effort in order to be attained to perfection. In terms of my Divine Dao, I've already stepped foot into the initial-stage, and I'm still quite a distance away from the advanced-stage. Moreover, cultivation in the Divine Dao can't be accumulated by relying on time at all, and it depends on comprehension and fortuitous encounters. It's too uncertain. In this way, I can't spend too much effort on this aspect for now as well.

...

Chen Xi slowly analyzed himself, and he seemed to be extremely calm. If another Domain Enlightened Spirit God was present here and knew of the entire strength that Chen Xi possessed, that Domain Enlightened Spirit God would probably go mad with envy.

There was no other reason than because he was too outstanding!

In the Domain Enlightened Spirit God Realm, with the strength Chen Xi possessed now, he could absolutely be considered as a peerless genius. Most importantly, he'd just stepped foot into the Domain Enlightened Spirit God Realm yet had already ascended into the 99th position on the Domain Enlightened Chart. If news of this were to spread, then the entire Ancient God Domain would probably be stirred.

However, Chen Xi was obviously not satisfied by all of this.

Perhaps it was precisely because his requirements towards himself were too harsh that he'd established everything he possessed now, and there was no element of luck in all of this.

After thinking it over and over again, Chen Xi finally locked his sights onto improving the quality of the Talisman Armament and transforming his method of fighting.

The Talisman Armament's current might was roughly a bit stronger than an ordinary Artificial Spirit Treasure, and in the World Enlightened True God Realm, it was sufficient to allow Chen Xi to full bring forth his extraordinary advantage in combat. However, after he advanced into the Domain Enlightened Spirit God Realm, the might of the Talisman Armament was already faintly showing signs of being unable to cope with Chen Xi's strength.

Presently, Chen Xi was already clearly aware that the quality of Artificial Spirit Treasures was differentiated in an extremely strict manner as well. They were roughly divided into nine grades and three ranks.

So, first-grade, second-grade, and third-grade Artificial Spirit Treasures were addressed in general as low-rank Divine Artifacts; fourth-grade, fifth-grade, and sixth grade Artificial Spirit Treasures were addressed in general as mid-rank Divine Artifacts, whereas, seventh-grade, eighth grade, and ninth grade Artificial Spirit Treasures were addressed in general as high-rank Divine Artifacts.

Amongst them, the might of a ninth-grade high-rank Divine Artifact was naturally the strongest.

For example, Chen Xi's Talisman Armament was barely a bit stronger than a third-grade low-rank Divine Artifacts, yet it was inferior in might to a fourth-grade mid-rank Divine Artifact.

Something worthy of mentioning was that when Divine Artifacts of different ranks were utilized in the hands of gods at varying cultivation realms, the might they were able to reveal was completely different as well.

For example, the World Enlightened True God Realm was sufficient to fully bring forth the might of low-rank Divine Artifacts. However, once World Enlightened True Gods utilized mid-rank Divine Artifacts, even though its might would be formidable, it was extremely difficult for them to bring forth its entire might.

Of course, this was only in comparison. If a World Enlightened True God utilized a mid-rank Divine Artifact, then even if the World Enlightened True God was only able to bring forth 70 or 80 percent of its might, it would be sufficient for that World Enlightened True God to crush another World Enlightened True God that was utilizing a low-rank Divine Artifact.

However, all of this was in terms of Divine Artifacts. There were too many aspects to consider in true battle like one's cultivation, combat experience, cultivation in the Divine Dao.... Every single aspect similarly affected one's combat strength.

Chen Xi presently intended to improve the Talisman Armament's quality by a rank. In this way, the Talisman Armament's might would be sufficient to catch up to and even surpass sixth-grade mid-rank Divine Artifacts. After all, it was a Talisman Armament, and it naturally had its own strength and uniqueness.

As for Natural Spirit Treasures, they weren't divided by grades, and they were only divided by might.

Fortunately, Chen Xi possessed two extremely formidable Natural Spirit Treasures, and it allowed him to avoid falling into a passive position in battle because his Divine Artifacts were too weak.

Besides improving the quality of the Talisman Armament, Chen Xi placed most importance towards the problem of changing his method of fighting.

Changing his method of fighting didn't meant that he intended to abandon the Sword Dao, Talisman Dao, and the various other techniques he utilized in battle in the past, and it was instead to change the method he utilized his Divine Energy and Divine Dao while commanding the Sword Dao and Talisman Dao!

All of this depended on the utilization of the Infinite Divine Talisman.

This mysterious and vast divine talisman resided at the center of the universe within Chen Xi's body now, and it had become his core when he cultivated, commanded his Divine Energy, and utilized his Divine Dao Laws.

But up until now, his utilization of the Infinite Divine Talisman was extremely superficial, and even though the might he was able to bring forth was formidable, it was far from being able to completely bring forth his strength.

According to Chen Xi's deduction, if he was able to allow the Infinite Divine Talisman to fully utilize the energy of the Divine Dao Laws of wind, lightning, space, and time while he teleported through space, then it would be able to raise the strength of his teleportation to its maximum extent.

For example, when he utilized his fiercest move in the Sword Dao, the Five Element Annihilator, he could utilize the Infinite Divine Talisman to form the Divine Dao of Metal. In this way, the might it revealed would at least be around 10% stronger than it was in the past!

Even though it was only 10%, it was usually able to decide the fate of both parties when one was going against an equally matched opponent.

In short, based on the varying requirements in battle and according to the different Divine Dao Laws that he possessed, he could utilize the Infinite Divine Talisman as a link to match them together, and he would be entirely capable of bringing forth an even more formidable strength!

The reason Chen Xi wanted to carry out such tests was entirely because he possessed the prerequisites. Because he'd grasped more than 10 different Divine Dao Laws, and he even possessed the Infinite Divine Talisman and Talisman Dao to command them. So, he was able to utilize these Divine Dao Laws at will.

On the other hand, other gods had mostly grasped merely a single Divine Dao Law. Moreover, even if they'd grasped even more Divine Dao Laws, they didn't possess the Infinite Divine Talisman to command these Divine Dao Laws, so unlike Chen Xi, it was utterly impossible for them to change the way they fought at will.

...

All along the way as he flew through the starry sky, Chen Xi had been constantly carrying out deductions related to the improvement of the Talisman Armament's quality and changing his method of battle, so he'd completely not noticed the passage of time.

Six hours later, a star that emanated violet energy appeared far away in his field of vision, and it caused Chen Xi to instantly awaken from his deep thought.

Violethell Star!

Chen Xi compared it to the Star Atlas, and he finally confirmed that this was the star where the Violethell Divine Sect resided.

Without any hesitation, Chen Xi's figure flashed, and he'd transformed into the appearance of an ordinary young man before descending swiftly onto Violethell Star.

Violethell Star was extremely vast, and it was like a large world. At the very least, it was much larger than the Dark Reverie in the three dimensions. Cities were numerous like trees in a forest on Violethell

Star, and it was densely covered in divine mountains. Moreover, the figures of gods could be seen all over, and it seemed to be extremely flourishing and bustling.

After the time for an incense stick to burn.

Eastreach City.

Chen Xi placed his hands behind his back as he walked slowly onto the bustling streets of the city. His gaze swept towards the distance, and he was able to clearly notice a divine mountain that shot directly into the clouds and was covered in overflowing violet radiance standing towering extremely far away in the distance.

The mountain was called Violethell.

Obviously, it was where the Violethell Divine Sect resided.

After so many years have passed, I wonder if Tie Yunping is still in Violethell Divine Sect now.... Chen Xi seemed to be lost in thought.

Talisman Emperor

Chapter 1598: Those The Humiliate Others Will Receive The Same Treatment

Eastreach City gained its name from the saying that the violet qi comes from the east.

This city neighbored the place where the number one power in Jaderock Universe, the Violethell Divine Sect resided, and it was bustling, prosperous, beautiful, and dazzling.

Every single year, cultivators from various different stars in Jaderock Universe would bring the juniors of their clans here with the hope of entering the Violethell Divine Sect to cultivate. So, it seemed to have become a cultivation paradise in the hearts of all the cultivators in Jaderock Universe.

Chen Xi walked through the city by himself, and he clearly sensed how monstrous the power and influence of the Violethell Divine Sect was in Jaderock Universe. No matter where he went, all the topics of discussions were related to the Violethell Divine Sect.

The Violethell Divine Sect can be said to be worthy of its reputation since it's able to become the overlord of a universe. Chen Xi sighed with emotion in his heart.

But in next to no time, he restrained his thoughts and started to search for information related to Tie Yunping.

...

After the time for an incense stick to burn, Chen Xi had finally 'encountered' a disciple of the Violethell Divine Sect after inquiring for a long time. Even though it seemed like he'd just 'encountered' this disciple, Chen Xi had actually been constantly searching with his senses, and Chen Xi had confirmed this person's identity through the contents of the person's conversation.

It was a dark skinned young man who possessed a steady bearing, and he was sitting at a seat by the window while he poured himself cups of wine and drank them.

"Fellow Daoist, can I ask you something?" Chen Xi walked forward, and he sat directly before the young man while speaking with a grin on his face.

As he spoke, he faintly emanated a trace of his aura. Sure enough, the young man was originally frowning, yet when he sensed this trace of aura, his brows instantly rose while his expression of impatience vanished.

"Senior, what do you need?" The young man spoke calmly. This was the Violethell Divine Sect's territory, so even though this person's cultivation was formidable, he wouldn't be fearful because of it because this was the confidence possessed by all disciples of the Violethell Divine Sect.

"I just want to ask about someone." As he spoke, Chen Xi told Tie Yunping's name to the young man.

"Tie Yunping?" The young man frowned with a puzzled expression, and he pondered for a long time. Right when Chen Xi was on the verge of disappointment, the young man suddenly said, "I remember now, she seems to be a disciple that joined the outer court not too long ago, and her natural talent is extremely ordinary. She has cultivated for an entire few hundreds of years yet has barely ascended into the World Enlightened True God Realm."

Chen Xi seemed to be lost in thought. Through this young man's description, Chen Xi had instantly confirmed that it was exactly the person he was looking for. Because Tie Kun had once told Chen Xi that his granddaughter's natural talent wasn't good.

"Then may I ask Fellow Daoist where she is right now?" As he spoke, Chen Xi casually pushed a storage pouch to the young man.

However, the young man revealed a trace of a vigilant expression and said, "Senior, what's the meaning of this?"

"Don't misunderstand, Fellow Daoist. I'm a good friend of Tie Yunping's grandfather. I've just returned and passed through this place, so I intended to visit her on her grandfather's behalf." Chen Xi smiled as he explained.

Only now did the young man slightly relax his guard, and his gaze glanced imperceptibly at the storage pouch. When he saw the amount of Divine Crystals within it clearly, a trace of delight instantly suffused the space between his brows, and then he coughed dryly and said with a smile, "So you're a senior of Junior Sister Tie's. Don't worry, I'll immediately inquire about Junior Sister Tie's whereabouts."

As he spoke, he stretched out his hand to withdraw a violet colored command token, and then he placed a strand of his will within it. It wasn't long before the command token shook, and then the young man swept it with his gaze before he immediately said with a smile, "Senior, you came at just the right moment. Junior Sister Tie is currently within the city. Come with me, I'll bring you over to see her."

Chen Xi said with a smile, "Thank you."

...

Violet Stream Pavilion.

This was a base of the Violethell Divine Sect within Eastreach City.

When Chen Xi arrived here under the young man's lead and hadn't stepped through the front door, he heard a wave of the sound of arguments coming from within.

"Junior Sister Tie, there's no need to speak any further. I've already given you sufficient face. If you're willing to participate in the Starhunt Meeting, then you can only play the role of Junior Sister Lu's 'Godslave'. Of course, you'll only be playing that role, and you won't be a real Godslave. If you're unwilling to do that, then please leave." A silver robed man spoke with an indifferent tone in the hall on the first floor.

There were two women standing before him. One wore sheer black clothes, possessed a graceful and slender waist, a cute and charming appearance, and was rather beautiful. Her chin was raised up high while a wisp of an arrogant expression suffused the space between her brows, and she was like a proud peacock.

The other woman wore a simple dress instead. She wore her hair in a simple manner, had a pretty appearance, and her gentle bearing carried a trace of an unyielding aura.

"That woman in a simple dress is Junior Sister Tie." The young man stood outside the pavilion as he informed Chen Xi. As he spoke, he raised his leg with the intention of entering the pavilion, yet he was stopped by Chen Xi.

"Fellow Daoist, wait a moment. Who're the other two?" Chen Xi seemed to be lost in thought as he asked this question.

"Oh, that's Senior Brother Xiao Tianlong, an outstanding genius from the inner court, and he possesses a cultivation at the Domain Enlightened Spirit God Realm. He possesses a striking reputation, and the elders of the sect have a high opinion of him. The other person is Junior Sister Lu Yan. She'd an outer court disciple just like Junior Sister Tie Yunping, and she just entered the outer court not too long ago. However, her natural talent and physique are extremely outstanding." The young man spoke confidently while the gaze he shot at Lu Yan carried a wisp of affection. Obviously, Lu Yan was rather outstanding amongst the disciples of the Violet Hell Divine Sect, and she deeply received the admiration of the male disciples.

Meanwhile, Tie Yunping had fallen into a state of struggling to make a decision, and her expression was extremely hesitant. She said after a long time, "Senior Brother Xiao, if... if I agree to play the role of Senior Sister Lu's Godslave, then once the Starhunt Meeting ends, would I be able to...."

Before she could finish speaking, she was interrupted by Lu Yan from the side. "Stop daydreaming. All rewards don't concern you at all." Her tone was cold, indifferent, and carried a strand of disdain.

"Why?" Tie Yunping was unable to understand this.

"You're asking me why?" Lu Yan raised her chin up high and glanced sideways at Tie Yunping while she said, "Junior Sister Tie, the most outstanding disciples in the younger generation of the 3,000 universes within Snow Ink Region would be gathering during the Starhunt Meeting, and I'm kind enough to take you there to witness it, yet you're actually coveting things that you shouldn't possess. Don't you think you're going too far?"

She paused for a moment than sighed faintly as she said, "Junior Sister Tie, people need to be content with what they have because trying to take a yard after being given an inch isn't good."

Tie Yunping was angered to the point her face flushed red, and she said, "Senior Sister Lu, Martial Uncle Wang Tang made arrangements for this opportunity, and it isn't related to you at all!"

Lu Yan's brows raised, and she said coldly, "Alright, since you've spoken like that, then don't come with us. So long as I say the word, then there'll be a huge amount of people willing to go with me to grab ahold of such an opportunity. There's no need for a stupid little girl with mediocre natural talent like you."

As she finished speaking, she'd bluntly ridiculed and mocked Tie Yunping.

Tie Yunping was instantly stunned on the spot, and she was infuriated to the point her entire body trembled. Lu Yan's words were like a poison needle that pierced into her heart, and it caused her to be aggrieved to the point she wished for nothing more than to turn around and flee.

"Alright, Junior Sister Lu is just frank by nature and exasperated at your actions." The silver robed man, Xiao Tianlong, smiled towards Lu Yan before he restrained his smile and glanced indifferently at Tie Yunping. He said, "If you really feel aggrieved, then leave. However, let me warn you first, don't regret your decision in the future, Junior Sister Tie." His words were filled with an aura of supremacy, and it seemed as if Tie Yunping should gratefully accept this opportunity he gave her, and if she didn't, then she would definitely regret it for her entire lifetime.

"I...." Tie Yunping struggled for a long time before she gritted her teeth and said in the end, "Refuse!"

She was of ordinary background and possessed a mediocre natural talent, and she hadn't heard from her one and only relative until now.

However, this didn't mean that she'd lost her dignity and limits!

"You...." Lu Yan was stunned, and she revealed a cold expression as she said with a smile, "Good, very good. Junior Sister Tie really has backbone. Unfortunately, backbone can't replace that extremely mediocre natural talent of yours."

Xiao Tianlong frowned as well, and he grunted coldly with displeasure before he smiled spuriously and said, "We won't both to see you off. Right, Junior Sister Tie, I have to remind you that you shouldn't hope that anyone else in the sect will bring you along to the Starhunt Meeting."

In an instant, Tie Yunping seemed like she'd been struck by lightning. Her pretty face turned pale while her gaze dimmed down. She was very clearly aware that once Xiao Tianlong spoke these words, then even if someone else was willing to bring her along, that person would probably not dare to go against Xiao Tianlong's will.

In other words, the opportunity she'd obtained with great difficulty this time was about to vanish just like that!

In the end, Tie Yunping puckered her lips tightly while she turned around and left Violet Stream Pavilion with a dazed expression. She had a frustrated gaze and seemed as if she'd lost her soul.

When she walked past Chen Xi, that young man was about to call out to her yet was imperceptibly stopped by Chen Xi.

"Fellow Daoist, thank you. I'll be bidding my farewells." Chen Xi smiled to the young man. As he spoke, he branded a strand of his will onto Tie Yunping so that he could find her with ease.

"Senior, Senior Brother Xiao...." The young man intended to say something.

"I understand, help me pass a message to them. Those that humiliate others will receive the same treatment. Tell him not to regret his decision as well when the time comes." As his calm and indifferent voice sounded out, Chen Xi's figure left swiftly.

The young man couldn't help but be stunned, and then he shrugged helplessly in the end.

"Junior Brother Shi Yu, who was that?" Meanwhile, Xiao Tianlong's figure appeared outside the pavilion.

"He seemed to be a friend of Junior Sister Tie Yunping's grandfather." Shi Yu spoke casually.

"Doesn't that mean that he heard everything that occurred just now?" Lu Yan walked over as well, and she couldn't help but be slightly anxious when she heard this.

"Hmph! He's only a Domain Enlightened Spirit God. You don't have to worry, Junior Sister Lu Yan." Xiao Tianlong sneered, and his gaze was filled with arrogance.

"Thank you for protecting me, Senior Brother Xiao." Lu Yan glanced sweetly at Xiao Tianlong.

"Hahaha! What're you saying, Junior Sister Lu? Isn't everything related to you... related to me as well?" Xiao Tianlong gazed at her with a burning gaze, and he didn't conceal his burning affection at all.

"AH!! Since when has Senior Brother Xiao become such a smooth talker?" Lu Yan lowered her head with embarrassment, and then she let out a shy cry as she rested herself on Xiao Tianlong's shoulder.

Shi Yu was rather shy from witnessing this sight, and he thought for a moment before he said in the end, "Senior Brother Yan, that senior of Junior Sister Tie asked me to pass a message to you. I don't know if I should speak of it."

"Speak." Xiao Tianlong waved his hand, and he seemed to be filled with heroic spirit while a beauty leaned on his side.

"He said, those that humiliate others will receive the same treatment, and he asked Senior Brother not to regret your decision in the future." Shi Yu spoke carefully.

Xiao Tianlong's face instantly sank, and then he sneered proudly and said, "Could it be that this fellow is an idiot just like Tie Yunping? Let me see how he'll make me regret it. If he's unable to accomplish it, then don't blame me for killing him and using these words as the epitaph on his grave!"

Chapter 1599: Jade-eyed Crimson Rabbi

Streams of people and wagons bustled about on the bustling streets while clamorous noises, cheers, and laughter filled the surroundings.

Tie Yunping stood all by herself on the street, and she felt frustrated and at a loss for what to do.

All through these years, she'd been cultivating day and night while neglecting to sleep or eat, and it was all for the sake of her own survival and so that her grandfather who was far away wouldn't have to worry about her any longer.

However, she was only a young girl in the end, and there were times that she felt aggrieved to the extreme and was on the verge of collapse, just like this moment.

She suddenly felt that after she lost the opportunity to participate in the Starhunt Meeting, her life seemed to have gone completely dark.

What should I do? If grandfather knows how weak I am, he would definitely be disappointed, right? But... I'm really so tired....

Tie Yunping seemed as if she'd lost all her strength. She hugged her knees as she sat on the ground, and her pretty face was pale and covered in frustration.

Streams of people flowed by on the bustling streets, and when they saw Tie Yunping hugging her knees while sitting on the ground, many people started pointing and talking about her while grinning, showing pity, expressing bewilderment, and so on and so forth.

"Do you see that. If you don't cultivate properly, then you'll be like her for your entire lifetime. Pitiable, deplorable, and forever unable to hold your head up high." An old man that wore a luxurious robe pointed at Tie Yunping while he warned his grandson who was about to enter Violethell Dao Sect to cultivate.

Tie Yunping's pretty face turned ghastly pale when she heard this, and a strand of indescribable pain surged out from her heart. It was like a myriad of swords were stabbing her heart, and she couldn't hold back her tears any longer and started to sob silently.

Right at this moment, a wide and large hand patted her shoulder, and a strand of warmth flowed like a trickling stream through her entire body, causing Tie Yunping to feel a trace of steadiness and consolation for no rhyme or reason in her heart.

After that, she was greatly shocked, and she raised her head to look. She saw a young man standing by her side while gazing calmly at her.

This person was naturally Chen Xi, and he said calmly when he saw Tie Yunping stop crying, "Stand up."

It was merely two words, yet it seemed to carry a strand of strange energy, and it caused Tie Yunping's heart to jerk involuntarily before she stood up.

"Everyone experiences pain, and everyone encounters a time where they're unable to endure it any longer. However, you can't expose your weakness to others because pity won't be able to change the situation that you're in." Chen Xi spoke calmly.

Tie Yunping took a deep breath and said, "Who're you?"

"Your grandfather asked me to pass this to you." Chen Xi passed Tie Kun's storage pouch to her.

Grandfather? Tie Yunping was shocked in her heart, and a wisp of excitement surged in her eyes. She couldn't help but open up the storage pouch and look through it carefully.

After a long time, she suddenly gritted her teeth and put the storage pouch away, and then a wisp of a firm expression appeared in her eyes as she raised her head, gazed at Chen Xi, and then cupped her hands and said, "Thank you, Senior."

Chen Xi smiled. "What do you intend to do after this?"

Tie Yunping was stunned, and then she puckered her lips and said, "Cultivate even more painstakingly. Even though I've missed the Starhunt Meeting, but I won't give up hope just like that."

Chen Xi seemed to be lost in thought as he said, "Why do you insist on participating in the Starhunt Meeting?"

Chen Xi had heard about the Starhunt Meeting in the past. When he was at the Last Days Domain, the Dayi Clan's Third Young Master, Yi Tian, had bragged about capturing him as a Godslave with the intention of making him participate in the Starhunt Meeting held by Empress Yu Che.

However, Chen Xi merely knew that, and he was completely unaware of the specifics of the Starhunt Meeting.

"Because... because my natural talent is too mediocre, and only by participating in the Starhunt Meeting would I have the chance to obtain an opportunity to advance into the Domain Enlightened Spirit God Realm." Tie Yunping hesitated for a moment before she said in a low voice, "For the sake of this opportunity, I exhausted a great deal of painstaking effort, yet I never expected that...."

As she finished speaking, her voice still couldn't help but carry a trace of heaviness.

"What's that opportunity you spoke of?" Chen Xi's brows raised.

"It's a Spiritsoul Pill refined by a respected emperor in the Dao of Pills within the Imperial Region, Master Qing. The medicinal effect of this pill is sufficient to allow me to condense Divine Altar Spirit Light when I charge into the Domain Enlightened Spirit God Realm. Senior, I'm sure you're clearly aware that if beams of spirit light don't charge into the sky from within the body, then one would be unable to condense a Divine Dao Altar, and this medicinal pill is prepared for the sake of condensing Divine Altar Spirit Light." Tie Yunping slowly spoke about everything without holding back at all.

Master Qing? The Imperial Region? Chen Xi thought in his heart. He suddenly recalled the nine characters he'd compiled from the River Diagram fragments, and shockingly, the character for 'imperial' and 'region' were amongst them.

Could it be that there's a link between all of this?

When he thought up to here, Chen Xi immediately committed the name Imperial Region to memory, and he intended to pay more attention to information and news related to the Imperial Region in the future.

As for who Master Qing was, Chen Xi couldn't be bothered to pay attention to it because he was none other than an extremely formidable fellow in the Dao of Pills.

“Senior, you... you....” Suddenly, Tie Yunping spoke in a slightly hesitant manner, and she was even slightly shy.

“You can be frank.” Chen Xi smiled.

“Can you bring me along to participate in the Starhunt Meeting?” Tie Yunping took a deep breath and gazed at Chen Xi with anticipation, and because she was nervous, her hands had unconsciously clenched tightly together.

Chen Xi was stunned, and he said, “An outsider like me can participate as well?”

As soon as she heard this, Tie Yunping knew that Chen Xi didn’t know the rules of the Starhunt Meeting, and she immediately explained it.

It turned out that the Starhunt Meeting was held by the Snow Ink Region’s Region Lord herself, Empress Yu Che. At that time, a galaxy would be chosen from amongst the 3,000 universes in Snow Ink Region to be the location of the hunt, and if one wanted to participate in the hunt, then one merely had to satisfy a single requirement. That requirement was that the participating disciple had to be a World Enlightened True God while a Domain Enlightened Spirit God led the group and acted as the protector of the participating disciple. Moreover, a Godslave would act as the participating disciple’s support and enforcer.

Simply speaking, if one intended to participate in the Starhunt Meeting, then one needed a Domain Enlightened Spirit God to lead the group and a Godslave as support.

Something worthy of mention was that the cultivation of the Godslave could only be at the World Enlightened True God Realm.

Moreover, during the period of the Starhunt Meeting, the Domain Enlightened Spirit God could only protect the participating disciple and couldn’t take the initiative to attack others. Once one overstepped these limitations, it would be equivalent to breaking the rules, and the consequence was to be kicked out from the Starhunt Meeting.

On the other hand, the rewards of the Starhunt Meeting were extremely generous as well. All those that persisted until the end would be able to receive a reward, and the top 3 participants with the most outstanding performance would even obtain a huge reward from Empress Yu Che.

Tie Yunping had never thought about obtaining the top three positions, and all she desired was to persist until the end. Because in this way, she would already possess the qualifications to obtain the Spiritsoul Pill.

Of course, the specific rules of the Starhunt Meeting weren’t like this, and Tie Yunping’s knowledge was limited. After all, her status was insufficient to find out about all of this.

However, Chen Xi was still able to gain a rough understanding, and he couldn’t help but ask. “You’re saying that you want me to be the Domain Enlightened Spirit God that leads the group?”

Tie Yunping hurriedly nodded.

“However, it wouldn’t be enough even if we do that because you still lack a Godslave.” Chen Xi pondered deeply and spoke.

He did indeed desire to go widen his experience because as the Region Lord of Snow Ink Region, Empress Yu Chen was definitely a great figure with monstrous authority and a peerlessly terrifying strength. If he was able to rely on this opportunity to gain some knowledge about Oracle Mountain and Nuwa's Dao Palace, then it couldn't be any better.

Of course, even if he was unable to come into contact with her while participating in the Starhunt Meeting. At that time, while he attended such an unprecedentedly grand event, he would definitely be able to meet numerous great figures, and it would be even easier for him to inquire and obtain information.

"Even though I don't have a Godslave, but I have A'Zhen." Tie Yunping wore a distressed expression for a long time, and then she suddenly thought of something, causing her to instantly smile as she spoke.

A'Zhen? Chen Xi was stunned.

"It's a Jade-eyed Crimson Rabbit of mine, and it advanced into the World Enlightened True God Realm on the same year that I did." Tie Yunping spoke excitedly. As she spoke, she gestured with her fair hand, and a snow white rabbit that was like a pompom appeared in the center of her palm.

At this moment, Chen Xi couldn't help but opened his eyes wide. This rabbit had a pair of sharp ears and clear eyes. Merely based on its outer appearance alone, it was simply no different than an ordinary rabbit from the mortal world.

"Senior, what do you think?" Tie Yunping gazed at Chen Xi while filled with hope.

"It... can participate in battle?" Chen Xi spoke with doubt.

"Of course." The rabbit glanced at Chen Xi before yawning lazily, and then it lay on Tie Yunping's palm while crossing one leg above the knee of the other before starting to whistle. It seemed extremely undisciplined and as if it deserved a beating.

Tie Yunping hurriedly said, "Senior, A'Zhen's disposition is like this. Actually, it's very cute. If it hadn't been accompanying me throughout these years and encouraging me, I don't know if I would be able to persist until now."

The rabbit A'Zhen started laughing complacently. "Don't praise me, I'm just that sort of rabbit that does good deeds."

Chen Xi's brows raised. This rabbit is truly shameless. Does anyone even praise themselves like that?

"Alright, it's fine so long as it doesn't cause trouble." Chen Xi thought for a moment before agreeing in the end, and he'd already taken this rabbit, A'Zhen, as someone that served to fulfil the requirements to enter the Starhunt Meeting. He didn't place any hope on it being of any help during the Starhunt Meeting, and it was fine so long as it didn't cause trouble.

"Hey! Hey! What do you mean by that? Are you looking down on me? How infuriating! For the sake of the Jade-eyed Crimson Rabbit Race's honor, I want you to apologize right now!" A'Zhen stood up and placed its paws on its waist like a human while shouting loudly, and it seemed as if it would tolerate no insult to its dignity.

“Oh?” Chen Xi smiled as he grabbed it up by the ear, and then his other hand poked its soft belly as he said, “Are you sure you want to do that?”

But right after that, Chen Xi was stunned. Because A’Zhen’s snow white fur actually turned crimson red, and it seemed as if it was burning while A’Zhen’s entire body trembled.

“Is it angry?” Chen Xi hurriedly stopped what he was doing.

Tie Yunping puckered her lips and laughed lightly. “A’Zhen is a girl, it’s embarrassed.”

Chen Xi was instantly stunned. Such an undisciplined and shameless fellow is actually a female rabbit? And it actually knows how to feel embarrassed?

“You... you... let me go! I’ll fight you to death!” A’Zhen gnashed her teeth fiercely while her clear eyes were filled with anger.

Chen Xi hurriedly returned this weird female rabbit to Tie Yunping, and he couldn’t help but feel deeply ashamed when he thought of how he’d actually poked its belly just now.

“Alright, let’s go.” Chen Xi changed the topic, and he didn’t take another glance at A’Zhen’s extremely furious gaze.

“Now?” Tie Yunping was stunned.

“You have something else to do?”

“No.”

“Then let’s set out!”

Chapter 1600: Taowu Galaxy

Ding!

A clear and melodious sound resounded as a bright light flashed on the Interstellar Teleportation Formation in Eastreach City, and then a passageway was established.

The cultivators that were waiting outside the teleportation formation since a long time ago immediately swarmed towards it.

“Let’s go as well.” Chen Xi withdrew a Star Orbit Command Token and casually passed it to the disciple guarded the formation.

“Oh.” Tie Yunping hurriedly followed him from the side.

This Interstellar Teleportation Formation traversed through numerous universes, and its destination was the most bustling and flourishing universe amongst the 3,000 universes in Snow Ink Region, the Firemoon Universe.

It was the core of Snow Ink Region, and it was the place the Region Lord, Empress Yu Che, resided. All the numerous top powers in Snow Ink Region had branches there.

It could be said that the cultivators in Firemoon Universe represented the highest standards of cultivation in the entire Snow Ink Region.

On the other hand, the Starhunt Meeting would soon be held in Firemoon Universe.

“Wait a moment.” Right when the teleportation formation was about to be activated, a voice suddenly sounded out from afar, and then a man and woman arrived swiftly.

The man was tall and handsome while the woman was beautiful and noble. They were precisely Violethell Divine Sect’s Xiao Tianlong and Lu Yan.

“It’s Senior Brother Xiao!”

“Senior Brother Xiao!”

“Senior Brother Xiao, are you going to participate in the Starhunt Meeting?”

Upon noticing their arrival, a wave of words of greeting immediately sounded out from amongst the cultivators that were waiting for the teleportation formation to be activated. Obviously, they were all disciples of the Violethell Divine Sect, as for the other cultivators, they’d more or less revealed a trace of respect and admiration.

This obviously showed that Xiao Tianlong really deserved his reputation as an outstanding inner court disciple of Violethell Divine Sect.

On the other hand, when she noticed the arrival of Xiao Tianlong and Lu Yan, Tie Yunping’s expression instantly changed. She silently clenched her fists tightly while her entire body tensed up.

“Relax, there’s no need to be nervous,” said Chen Xi via voice transmission.

As he spoke, he smiled at Tie Yunping, and his faint and calm smile was covered with the intent to console her. It caused Tie Yunping to unconsciously feel much more at ease, and her mental state recovered its calm.

“Hah! Isn’t that Junior Sister Tie? What? Have you still not given up?” Lu Yan’s brows raised. She raised her chin proudly while she glanced at Tie Yunping with disdain.

However, to her surprise, Tie Yunping’s expressions was actually composed and didn’t reveal any changed. This caused Lu Yan to be unable to help but feel slightly annoyed. If it wasn’t out of consideration for the fact that there were many people in the surroundings, she would truly wish for nothing more than to continue mocking Tie Yunping.

On the other hand, Xiao Tianlong gazed at Chen Xi with a slightly mocking gaze while he said slowly, “Those that humiliate others will receive the same treatment. Did you say that?”

When the spectators witnessed this, all of them instantly came to an understanding. Obviously, this pair of man and woman had offended Xiao Tianlong, and they knew that there would be a show to watch now!

“Yes, I did.” Chen Xi smiled indifferently and didn’t seem nervous.

This caused the spectators to be surprised because this was the Violethell Divine Sect's territory, whereas, Xiao Tianlong was even a renowned inner court disciple from Violethell Divine Sect. How could this young man dare to speak to Xiao Tianlong like that? Could it be that he has something to rely on as well?

Xiao Tianlong was slightly stunned, and then his face sank. "So, you admit that you have a problem with me, Xiao Tianlong?"

As he spoke, his voice already carried a wisp of an overbearing and questioning tone.

Tie Yunping couldn't help but glance nervously at Chen Xi when she saw this, yet she noticed the latter slowly stretch his back before he said with a smile, "You didn't utilize the Violethell Divine Sect to throw your weight around, you really aren't beyond redemption."

The spectators exploded into an uproar. Who exactly is this young man? Isn't he a little too arrogant?

"How audacious!" Lu Yan berated in a cold voice. "Quickly apologize to Senior Brother Xiao, otherwise, you can dream of leaving today!"

"Junior Sister Lu, don't allow others to laugh at us." Xiao Tianlong's eyes narrowed slightly while he restrained Lu Yan from continuing, and then he sized up Chen Xi from top to bottom before he said with a light smile, "Even though you're Junior Sister Tie's senior, but aren't you going a bit too far?"

He paused for a moment and said with a serious expression, "The disciples of my Violethell Divine Sect will definitely not rely on the sect to bully others. However, if others dare to humiliate the disciples of my Violethell Divine Sect, then for the sake of the sect's honor, how could I possibly shrink back?"

His speech was spoken beautifully, and it instantly won a wave of praise and reverent gazes.

Chen Xi's brows knit together imperceptibly. This kid's ability to scheme isn't bad, and he isn't like those arrogant disciples that are proud and haughty.

After that, Chen Xi said with a smile, "I wonder how you intend to not shrink back."

Xiao Tianlong seemed to have been waiting for these words since the beginning, and he didn't give it any thought before he said, "It's very simple. It looks to me like you're taking Junior Sister Tie to participate in the Starhunt Meeting. Since it's like that, then let's make a bet. If our final results are better than the both of you during the Starhunt Meeting, then you'll kneel down and apologize before crippling your own cultivation. Do you dare to accept this bet?"

As he finished speaking, his eyes revealed a cold glow and carried an oppressive aura, and it caused the hearts of all the spectators to constrict. This bet is really ruthless!

"What if the two of you lose instead?" Chen Xi remained indifferent, and he still continued speaking in a calm and indifferent manner.

"Hah! How can we possibly lose? Do you think that you and a stupid little girl with horrible natural talent would be able to gain any accomplishments?" Lu Yan couldn't restrain herself any longer and ridiculed. "I think the both of you should first think about how to persist in the Starhunt Meeting without being eliminated!"

As soon as these words were spoken, it instantly caused Tie Yunping's pretty face to flush red, and she gritted her teeth tightly while her eyes almost lit up in flames.

However, comparatively speaking, she was even more worried about Chen Xi instead. After all, once this bet was greed to, then the consequences would be unimaginable if they lost.

It was even to the extent that Tie Yunping felt slightly regretful for asking Chen Xi to get involved in this.

"There's no need to worry, just relax and watch." Chen Xi smiled as he glanced at her, and then he glanced indifferently at Lu Yan. He didn't fight back, and he just asked calmly. "Are you participating in this bet as well?"

Lu Yan was instantly stunned, and she felt slightly hesitant in her heart.

"Since you're not participating, then be a good girl and shut your mouth. Just continue playing your role as a flower vase at the side, otherwise, you'll seem like a fishwife if you continue mocking and ridiculing."

"You.... You...." Lu Yan was furious. Since she was young, it was the first time someone had called her a flower vase and a fishwife, and it angered her to the point her entire body trembled while she was actually unable to speak another word.

The spectators were astounded by this scene. This young man isn't just blunt in speech, he's simply utterly unrestrained. I wonder how she cultivated into the Godrank Realm with such a mentality. Chen Xi muttered in his heart, and he couldn't be bothered to spare another glance at her. He moved his gaze onto Xiao Tianlong and said, "I can agree to the bet, but I want to ask you, what if your results are inferior to ours?"

When he saw Lu Yan becoming infuriated, Xiao Tianlong's heart surged with a strand of anger and killing intent. At this moment, when Chen Xi asked this question, he didn't hesitate at all to speak coldly. "The conditions are the same!"

Everyone in the surroundings exploded into an uproar. Doesn't this mean that once Xiao Tianlong's results are inferior to them, he'll have to kneel down and apologize to them before crippling his own cultivation?

However, since Xiao Tianlong dared to agree so readily, it displayed exactly how confident he was towards his own strength, and if it was anyone else, then person would have probably shrunk back since a long time ago.

When they thought like this, many people even started to faintly feel admiration towards Xiao Tianlong.

When he noticed their expressions that was a mix of admiration and surprise, the anger in Xiao Tianlong's heart finally eased up greatly, and he said, "Then it's settled. I presume you're clearly aware of the consequences for going back on your word."

As he spoke, his gaze revealed an undisguised wisp of killing intent that flashed before vanishing almost instantaneously. After that he waved his hand and instructed the disciples that were guarding the teleportation formation. "Activate the teleportation formation!"

On the other hand, Lu Yan smiled coldly as she glanced at Chen Xi, and she'd already decided in her heart that once Chen Xi lose in the bet, she would ruthlessly torture him to death, otherwise, she would absolutely be unable to calm the anger in her heart.

Chen Xi remained calm and indifferent as before when facing all of this, and not even a single trace of a ripple had arisen in his mental state.

Such a trivial matter was insufficient to throw him into disorder.

Om!

The Interstellar Teleportation Formation was activated, and it emanated a wave of strange rumbling fluctuations. In the next moment, it had already erupted with a ball of blazing divine light, and then it carried everyone with it and vanished instantaneously on the spot.

...

Firemoon Universe.

Taowu Galaxy.

This was a vast area in the starry sky, and it was densely covered with a myriad of stars. When looked at from afar, these stars formed a diagram that seemed like an ancient divine beast, Taowu, and this galaxy was named after it.

Taowu Galaxy was extremely vast, and there were countless stars scattered throughout it. However, practically 99% of these stars were extremely dangerous and covered in killing intent. Not only were they filled with all sorts of natural disasters, there were even numerous unimaginable ferocious beasts laying dormant on them, so they were utterly unsuitable for living beings to reside on.

Only a mere few stars had slightly better environments.

The Aqua Radiance Star was one of them.

The Starhunt Meeting would be held in Taowu Galaxy this time, and the place of registration was on Aqua Radiance Star.

In the recent period of time, the Starhunt Meeting was about to begin, so Aqua Radiance Star was unprecedentedly bustling because all the experts of the younger generation within the 3,000 universes of Snow Ink Region had come over successively with the intention of making a name for themselves during the Starhunt Meeting.

Simply speaking, this was a grand event where the younger generation of Snow Ink Region fought for supremacy, and it was personally held by Empress Yu Che herself. Moreover, its rewards were abundant, it was filled with countless fortuitous encounters, and its standard was unprecedented. Thus, it was able to draw countless young people over to participate.

Om!

A wave of fluctuation arose from the Interstellar Teleportation Formation in Aqua Radiance Star's Scorching Flame City, and then a group of cultivators surged out from within it.

Shockingly, Chen Xi and Tie Yunping's figures were amongst these cultivators.

"What? You're saying that the leading figure of Jadesky Divine Sect's younger generation, Guan Hongyu, has come as well? My god! Exactly who was able to actually make such a legendary figure lead his group?"

"It isn't just Guan Hongyu. I heard the Dayi Clan's Second Young Master Yi Xun and Spirit Truth Daoist Temple's Xuan Ta'zi have arrived as well. Moreover, both of them are playing the role of group leaders."

"This is absolutely an unprecedentedly rare and grand event. I never expected that three of the five most renowned Spirit God Geniuses in our Snow Ink Region have come!"

"Hahaha! If it wasn't for that, how could so many great figures have been drawn over this time?"

As soon as they walked out of the teleportation formation, a wave of extremely clamorous noise assaulted them, and then all sorts of voices shook their ears to the point of droning.

Chen Xi raised his eyes and looked over, and he saw that a dense mass of people covered the extremely wide streets ahead. It was simply like an ocean of people, and it was bustling to the extreme.
