### Talisman Emperor

#### Chapter 1721: Divine Boundary Pearls

All of them felt suffocated and astounded.

If Empress Yu Che was said to be a peerless sword that was hidden within its sheathe, then at this moment, this sword had left its sheathe to reveal its peerless edge, and she was like an imperial monarch that intended to slaughter the world!

Wu~ Wu~ Wu~

The heavens and the earth wailed while a peerlessly murderous aura swept out from Empress Yu Che, causing space to fall into disorder while the Grand Dao in the heavens and the earth collapsed.

This was similarly the imposing aura possessed by an Imperial Monarch. With a single thought, the world could be changed while all things could be utilized. Their divine might was immeasurable.

“It’s impossible for you to leave.” Imperial Monarch Chong Dou’s light sigh resounded through the heavens and the earth. In an instant, a rain of light flowed through the Sage Portrait, and then the sound of chanting resounded while a myriad of mysterious and ancient characters sprayed out from within it.

Every single ancient character transformed into the figure of a sage.

There were a myriad of ancient characters, and they transformed into the figures of a myriad of sages. They stood solemnly in the surroundings while chanting the supreme tune of the Dao, and it shook the soul as it resounded through the world.

In an instant, all of this transformed into a barrier that completely sealed off an area of 500,000km in the surroundings, causing it to be impossible for one to flee.

All the others in the surroundings felt a wave of terror in their hearts. They acutely noticed that they’d actually lost all ability to sense the heavens and the earth. It was like they resided in a cage that was isolated from the world, and they were banished by the Heaven Dao!

“The Sage World?” A wisp of a cold and fierce expression suffused Empress Yu Che’s clear eyes, and there was even a trace of a solemn expression there. “You’re really willing to pay such a huge price in order to kill a junior.”

“No, while killing this kid is a must, but most importantly....” Imperial Monarch Chong Dou said indifferently, “It’s to trap you here!”

Clang!

The swords in Empress Yu Che’s palms howled and emanated peerless Sword Insight. They seemed to be unable to restrain their desire to drink blood.

“You still refuse to give up? You ought to be clearly aware that the Sage World is utterly not something that you can break out from. In the entire Ancient God Domain, merely a few people in the Imperial Monarch Realm are capable of breaking through this barrier. But you, Yu Che, are not included amongst

them.” Imperial Monarch Chong Dou’s gaze swept over coldly towards Empress Yu Che. “Give up. Your opponent is the Sovereign Sect. I don’t want to be swept into the enmity between the you and the Sovereign Sect.”

Every single word he spoke rumbled like the Grand Dao, and it shook the soul!

...

Empress Yu Che fell into silence.

No one knew what she was thinking.

However, this sort of silence had become a form of compromise and concession in the eyes of the others. Just as Imperial Monarch Chong Dou had said, they felt that she was definitely tacitly admitting that she was unable to break through the Sage World!

This caused many great figures from the various large powers to heave sighs of relief, and they revealed a wisp of a cold smile once more.

Earlier, when Empress Yu Che arrived, they were worried that an unexpected change in the situation would occur. However, when they witnessed the precautions Imperial Monarch Chong Dou had prepared, they were instantly filled with confidence once more.

Yes. In their opinions, it wasn’t just Chen Xi who would be unable to escape calamity under such circumstances, even Empress Yu Che was in a precarious situation!

On the other hand, when Le Wuhen and the others witnessed such a change of events, their hearts instantly hit rock bottom, and they felt as if they’d lost their souls. Never had they imagined that even the arrival of Empress Yu Che would actually be unable to turn the situation around.

All of this was caused by Imperial Monarch Chong Dou!

Obviously, for the sake of killing Chen Xi and taking revenge for his clansman, Luo Shaonong, he wouldn’t hesitate to pay any price and had set up so many precautions!

“Yu Che, if my Gongye Clan hadn’t let you off all those years ago, you would have probably been annihilated by the Sovereign Sect a long time ago. How could you possibly have survived until now and became the Region Lord of Snow Ink Region?” Gongye Nanli gritted his teeth and spoke resentfully. “It would be fine if you stayed quietly at Snow Ink Region for your entire lifetime. But it just so happened that you still refuse to realize your errors, and you utilized this kid to harm a direct line descendant of my Gongye Clan, Gongye Zhefu! Your crimes are simply unforgiveable!”

“This time, let me see how you’ll be able to escape!” His voice didn’t just contain resentment, there was even a form of complacency.

Empress Yu Che glanced coldly at him. “I never expected that such a shameless person like you actually exists in this world. The day will come when I’ll kill my way into the Gongye Clan, and I’ll allow all of you to experience the pain of losing your friends and loved ones!”

“You....” Gongye Nanli was furious. Never had he imagined that Empress Yu Che would still act so arrogantly under such circumstances.

Swoosh!

Empress Yu Che on the other hand couldn't be bothered to listen to his nonsense. She casually slashed with her sword, and Sword Insight shot out like a bolt of lightning that silently shot through space and assaulted Gongye Nanli.

Gongye Nanli was instantly astounded. It terrified him to the point his entire body shivered, and his soul almost left his body.

When an Imperial Monarch attacked, their imposing aura would envelop the surroundings, and it pressed down upon Gongye Nanli to the point it was as if he'd been restrained. Even if he commanded great authority and might amongst Universe Enlightened Ancestral Gods, he was still weak like an ant before an Imperial Monarch.

"Hmph!" Imperial Monarch Chong Dou grunted coldly. The space in this expanse of the heavens and the earth suddenly collapsed, and it instantly obliterated the wisp of sword qi that Empress Yu Che executed.

Clang!

However, before all of this could settle down, Empress Yu Che suddenly tore through space with Chen Xi by her side, and she transformed into a wisp of flowing light that charged swiftly towards the distance.

Rumble!

Space exploded into pieces while all things were thrown into disorder. At this moment, Empress Yu Che had utilized her entire strength, causing this expanse of the heavens and the earth to tremble as soon as she made a move.

Obviously, her attack against Gongye Nanli just now was just cover, and her true objective was to seize this opportunity to leave with Chen Xi!

"Shit!"

"Retreat!"

Chaos filled the surroundings. The great figures that stood in Empress Yu Che's path exclaimed with shock and dodged endlessly with astonishment. They didn't dare to bear the brunt of her force.

"Yu Che, I've given you a chance. Unfortunately, you refuse to realize your errors!" Along with Imperial Monarch Chong Dou's indifferent voice that carried matchless killing intent, the images of numerous sages soared into the sky while emanating boundless divine might and chanting profound truths. They formed a terrifying force that smashed down upon Empress Yu Che.

"A chance? Keep it for yourself!" Empress Yu Che's clear eyes were completely chilly.

Clang! Clang!

With a raise of her hand, the Skyruin Sword and Avīci Hellsword soared successively into the sky.

Bang!

The might of the Sage World collided with the pair of swords, and it created a terrifying torrent of energy that swept towards the surroundings. Everywhere it passed, everything in the heavens and the earth suddenly collapsed into powder, and the world was thrown into disorder.

If this expanse of the heavens and the earth was said to be a piece of drawing paper, then this drawing paper had been completely crushed into pieces at this moment, and it seemed to be extremely astounding.

This was the might of a collision between Imperial Monarchs.

If the Sage Portrait hadn't enveloped the surroundings and blocked most of the energy that swept out, then merely this collision alone would have been sufficient to spread to Phoenix Perch City and cause a calamity!

In next to no time, Empress Yu Che had arrived before the barrier.

Bang!

The swords intersected to form a cross, and they carried the terrifying might of an Imperial Monarch as they slashed forcefully onto the barrier.

She'd utilized her full strength because she didn't dare to delay at all. She knew that the situation they were in would constantly deteriorate if they were unable to leave in time.

However, to her shock, her full forced strike seemed like a clay ox that fell into an ocean. The Sage World merely revealed a wave of violent trembling before it recovered to its previous state.

Bang! Bang! Bang!

Without any hesitation, she attacked once more. In an instant, she executed a myriad of sword lights that whistled through the air like divine rivers, and the impetus they revealed was astonishing to the extreme.

However, right at this moment, the images of numerous sages appeared, and they stood in the path of all of her attacks.

Pu! Pu! Pu!

Even if the images were obliterated one after the other, they seemed as if there was no end to them, and they ceaselessly surged into appearance.

This caused the expression in Empress Yu Che's eyes to grow even more solemn and faintly carry a wisp of anxiousness. She'd never imagined that the Sage Portrait passed down by the ancestors of the Luo Clan would actually be so difficult to deal with.

She attacked once more.

Divine flames blazes throughout her body and shot into the sky while her boundless imposing aura grew even more monstrous. It vividly displayed the strength possessed by an Imperial Monarch.

Rumble!

Finally, the Sage World shook violently and faintly showed signs of collapsing.

However, before Empress Yu Che could make another move, Imperial Monarch Chong Dou's figure appeared out of thin air while the Sage Portrait floated in his palm, and then a rain of light flowed out from it and completely dispersed Empress Yu Che's attacks.

"Why stubbornly make a futile effort? You're bound to be unable to escape with me here." At this moment, Imperial Monarch was like a mountain that was impossible to move, and he relied on the Sage Portrait in his hand to fight Empress Yu Che equally.

Empress Yu Che remained silent, and she attacked with her swords in hand.

However, in the end, even if she relied on the might of the Skyruin Sword and Avīci Hellsword, she was merely able to fight Imperial Monarch Chong Dou equally, and both of them were unable to harm each other.

But Empress Yu Che was clearly aware that even though it seemed to be an equally matched battle, if they continued staying in such a stalemate, then it would become even more disadvantageous for Chen Xi and her!

Pu!

Suddenly, a wisp of a resolute expression flashed through her clear eyes, and then she opened her mouth and spat out a mouthful of Blood Essence. It was unknown what secret technique she'd executed, but her imposing aura had risen explosively.

Bang!

She actually forcefully blasted Imperial Monarch Chong Dou flying with a single strike of the sword!

"You actually didn't hesitate to harm your foundation just for this little bastard!?" Imperial Monarch Chong Dou was shocked and infuriated. He seemed to have never imagined that Empress Yu Che would act so madly.

Empress Yu Che remained silent, and she seized this opportunity. Her red dress fluttered while her entire body glowed brilliantly, and the sword in her hand intersected before she slashed them down while with unstoppable and terrifying force.

Its might was so terrifying that it could shake the world!

At this moment, all the great figures in the distance were astounded while they felt as if they'd fallen into a pit of ice. They almost knelt on the ground as they'd been terrified by Empress Yu Che's imposing aura.

This was a desperate move from an Imperial Monarch, so how could it be ordinary?

Rumble!

In the next moment, a world shaking rumble resounded, and it truly seemed like a universe had been blasted apart. This expanse of the heavens and the earth was thrown into extreme disorder, and it transformed into a chaotic expanse that was without any order.

It was even to the extent that those with comparatively inferior strengths in the surroundings were shaken to the point of bleeding from all seven apertures, and their countenances instantly turned ghastly pale while terror filled their hearts.

“24 Divine Boundary Pearls! I never expected that you, Luo Chong, would really be so scheming and actually bring the ultimate treasure of your Luo Clan here!” Suddenly, Empress Yu Che’s voice that was filled with anger resounded from amidst the surging light, and she seemed to be surprised and furious.

Meanwhile, many others were able to notice that the Sage World hadn’t been broken apart, and the reason was that 24 resplendent, completely round, and translucent pearls were revolving in the air there.

These pearls were only the size of an infant’s fist and flowed with divine radiance that seemed like dark blue waves. They were suffused with the aura of the Dao and Divine Chains of Order stretched out from them. When these 24 pearls were interlinked with each other, they seemed like iron chains that surrounded a river, and they actually caused others to feel tiny before them and feel as if it was impossible to shake them.

This was the ultimate treasure of the Luo Clan, the 24 Divine Boundary Pearls. Once they were utilized, they could confine the boundaries of a world, lock down the energy there, and remain indestructible!

### Talisman Emperor

#### **Chapter 1722: He Has Arrived**

In an instant, Empress Yu Che’s heart sank to rock bottom.

If it was merely the Sage Portrait or merely just the 24 Divine Boundary Pearls, then she was confident that she would be able to take Chen Xi away with her by fighting desperately.

But when both of these Natural Spirit Treasures that possessed unfathomable might appeared at the same time and were utilized by Imperial Monarch Chong Dou, it caused her to feel helpless.

It was impossible even if she fought with her life on the line!

This was the reality of the situation, and she had no choice but to admit it.

Om! Om!

The Divine Boundary Pearls droned as they emanated sky blue waves of divine radiance, and they resided ahead and completely blocked off Empress Yu Che and Chen Xi’s paths of escape.

Imperial Monarch Chong Dou’s entire body was covered in arcs of lightning, causing him to reveal an imposing aura of supremacy, and a wisp of a smile of success hung on the corners of his mouth.

“The Sage World combined with the 24 Divine Boundary Pearls. Can any Imperial Monarch in the Ancient God Domain break through such a defense?” Imperial Monarch Chong Dou looked at Empress Yu Che, and then he said indifferently, “Yu Che, I’ll give you one last chance. Move aside obediently and hand this kid, Chen Xi, over to be dealt with by me.”

Every single word he spoke carried extremely oppressive force.

All the great figures in the distance were completely at ease when they saw this. The unexpected event from before had been turned around, and the dust was finally about to settle now. So, they became excited once more in their hearts.

“Hand him over here!”

“Chen Xi, hurry up and kneel!”

“If you still have any conscience, then don’t make things difficult for Empress Yu Che. Obediently turn yourself over, kneel down, and atone for your crimes!”

All the great figures from the top-rate powers in the Imperial Region shouted loudly with grim voices. They weren’t afraid of Empress Yu Che’s identity, and there were merely afraid of her cultivation.

After all, with their current statuses, they didn’t even have to show respect when they encountered ordinary Imperial Monarchs.

Coupled with the fact that Empress Yu Che was driven into a corner now and was completely suppressed by Imperial Monarch Chong Dou, it caused all of them to stop worrying that she would dare to continue acting violently.

Empress Yu Che’s face sank when she heard these shouts, and she said coldly, “If all of you dare to continue mouthing off, then I’ll take your worthless lives even if I have to put my life on the line!”

A single word that was spoken in a murderous and resolute tone caused the expressions of all those great figures to freeze, and they were furious in their hearts, yet none of them dared to say another word.

However, the gazes they shot at Empress Yu Che and Chen Xi carried a wisp of disdain and coldness. It’s already at a time like this, yet she still refuses to give up. How pitiable! On the other hand, Le Wuhen and the others were utterly dejected. They were of the lowest seniority amongst all the people present here, and they were utterly unable to even talk during this situation, let alone help Chen Xi.

Not to mention that even Empress Yu Che had been obstructed, so could anyone in this world save Chen Xi?

“Senior....” Chen Xi who’d been constantly watching all of this in silence had taken a deep breath and intended to say something.

However, he was interrupted by Empress Yu Che. “Listen to me.”

Chen Xi was stunned, and he was both moved and furious in his heart. The emotions he experienced were extremely complicated.

A great figure at the Imperial Monarch Realm had actually been reduced to such a state for the sake of saving him, so how could Chen Xi not be moved?

But he felt even more rage and hatred!

He hated those old fellows for going too far, and he hated himself for being powerless to deal with all of this and could only be at the mercy of others!

He recalled the scenes from before. First, Di Yunqiu attacked with the intention of forcefully searching his soul, then Gongye Nanli attacked with the intention of crushing him on the spot....

In the end, Imperial Monarch Chong Dou acted in an even more overbearing manner. He wanted to command and force Chen Xi to kneel down and take his own life. This was simply arrogant and bullying to the extreme!

If I'm able to survive this calamity, then I'll definitely make all of you have a taste of your own medicine in the future! I definitely will!! Chen Xi's expression was indifferent while hatred surged endlessly in his heart, and this wasn't the first time that such a thought had arisen in his heart.

"Yu Che, they'll be here soon, and you're bound to be unable to escape then. If you still continue to refuse to give in, then the situation will only become even more disadvantageous for you." Imperial Monarch Chong Dou spoke slowly in a composed and haughty manner.

Even though he spoke like this, he didn't dare to be too oppressive towards Empress Yu Che. Because if she fought desperately with her life on the line, then the consequences weren't something he was willing to experience.

"What if I fight with my life on the line?" Empress Yu Che seemed to have seen through Imperial Monarch Chong Dou's thoughts, and she spoke coldly.

"Fight with your life on the line?" Imperial Monarch Chong Dou's expression was indifferent as he said, "Even if you do fight with your life on the line, can you guarantee that you'll be able to break through the defenses of the Sage World and the 24 Divine Boundary Pearls? Can you guarantee that you'll be able to take that little bastard away successfully?"

Every single question was spoken in a overbearing manner, and it even carried a ridiculing tone. He seemed to be ridiculing Empress Yu Che for overestimating her ability.

Empress Yu Che fell into silence.

When the great figures in the distance saw this, the cold smiles on their faces grew deeper, and an indescribable sense of accomplishment arose in their hearts when they saw an Imperial Monarch being pressured to such a state.

"Chen Xi, hurry up and kneel!" Gongye Nanli was unable to restrain himself any longer, and he shouted loudly. He didn't believe that Empress Yu Che would dare to get distracted and deal with him while amidst such a situation.

Bastard! Chen Xi's eyes narrowed while the depths of his eyes were filled with ghastly killing intent.

...

Imperial Monarch Chong Dou and Empress Yu Che were in confrontation.

Chen Xi puckered his lips and kept silent.

All the great figures in the distance were smiling coldly.

Gongye Nanli shouted loudly with the intention of forcing Chen Xi to kneel down and atone for his 'crimes'.

Le Wuhen and the others had livid expressions while they felt utterly dejected in their hearts.

At this instant, the atmosphere seemed to be so deathly silent, and it was practically suffocating.

After a short moment, Empress Yu Che seemed to have made some sort of decision. She suddenly raised her head while her clear eyes were filled with a resolute expression.

Imperial Monarch Chong Dou's face sank, and he said coldly, "What? You intend to make a futile effort under such circumstances? To tell you the truth, the people that're about to arrive are the Sovereign Sect's...."

Bang!

Before he could finish speaking, a wave of violent fluctuation suddenly arose from above the Sage World, and it swept out like a ripple.

Hmm? Imperial Monarch Chong Dou's voice stopped abruptly, and a wisp of bewilderment suffused his eyes.

Everyone else in the surroundings was stunned. Exactly who's so audacious to act like this at such a critical moment? Does that person not even recognize the Sage World formed from the Luo Clan's Sage Portrait?

Bang!

Before they could recover from their shock, the Sage World trembled violently once more. It rumbled like a thunderclap and swept through the heavens and the earth, causing the hearts of everyone to jerk while the vital blood within their bodies roiled.

Imperial Monarch Chong Dou's face turned gloomy. Have those fellows from the Sovereign Sect arrived? But why would they act in such a way?

Bang! Bang! Bang!

Right at this moment, the rumbling resounded densely like a storm, and it swept towards the surroundings.

The entire Sage World that covered an area of 500,000km trembled violently, and it emanated a miserable droning sound as if it was unable to endure such a burden.

Shit! Imperial Monarch Chong Dou's expression finally changed completely. Only now did he realize that this person's strength wasn't as simple as he'd imagined.

Rumble!

However, right when he intended to take action, a deafening explosion resounded abruptly. Under the astounded gazes of everyone in the surroundings, the entire Sage World seemed like shattered glass as it transformed into powder that dispersed into the surroundings.

“Retreat! Quickly!” The energy that dispersed out was too terrifying. It crushed space and all things into powder, causing the others to instinctively start dodging successively.

Even Empress Yu Che’s pupils constricted slightly, and she brought Chen Xi along to avoid the brunt of this force.

“Who exactly is it!? How audacious of you!” Imperial Monarch Chong Dou’s voice was low and carried a strand of anger. He suddenly flicked his sleeve, and the 24 Divine Boundary Pearls transformed into a straight ray of light that smashed down towards the distance.

However, the scene that occurred next caused everyone to be stunned silent.

The string of Divine Boundary Pearls were actually lightly flicked back by a broad and slender hand, and they droned as they were blasted flying back to Imperial Monarch Chong Dou.

That casual way of flicking them back was like casually flicking a fly away. However, that wasn’t a fly, and it was the ultimate treasure of the Imperial Region’s Luo Clan. It was a supreme Natural Spirit Treasure capable of restraining a world and the energy within it!

Now, it had even been utilized with rage by Imperial Monarch Chong Dou, so it was obvious how terrifying its might was. However, it was actually easily flicked away by that hand!

At this instant, Imperial Monarch Chong Dou’s heart shook fiercely, and his expression became solemn.

Right amidst this expanse of deathly silence, a figure strode through space and approached.

He had a tall figure, snow white hair that hung loosely on his shoulders, an ordinary and clear face, and a pair of eyes that seemed to contain countless stars flickering, surging, and seething within them. It was like they reflected the passage of time in the universe, and it was the grand scene of the cycle of life and death for all things.

At merely the instant they met this person’s gaze, their souls trembled with fear, and it seemed like all the secrets they possessed had been completely exposed.

This caused them to be unable to help but feel astounded. Exactly what sort of cultivation does he possess to be capable of accomplishing this? Eldest Senior Brother! Chen Xi’s heart shook fiercely when he saw this figure. Never had he imagined that his Eldest Senior Brother would actually float down at this moment!

The Oracle Mountain’s Grand Lord! Empress Yu Che’s clear eyes flowed with extraordinary splendor. They were extremely bright and faintly revealed a wisp of pleasant surprise, and there was even a sense of relief within them.

Wu Xuechan! Imperial Monarch Chong Dou’s face instantly turned extremely grimly. He’d similarly felt slight disbelief and wondered why he’d encountered Oracle Mountain’s eldest disciple here.

Amongst all the great figures present in the surroundings, merely a small group of people had discerned Wu Xuechan’s identity, and their figures couldn’t help but stiffen while they revealed dumbstruck expressions.

As for those that didn't recognize Wu Xuechan, they were able to rely on the imposing aura Wu Xuechan emanated and the reactions of everyone in the surroundings to instantly realize that Wu Xuechan was definitely extraordinary!

"Why is you that arrived here?" Imperial Monarch Chong Dou took a deep breath and spoke in a low voice.

"Because the Fellow Daoists from the Sovereign Sect are unable to come here any longer. So, only I've come." Wu Xuechan smiled and spoke in a flat tone.

However, the information revealed from his words caused Imperial Monarch Chong Dou to be completely stunned. His pupils couldn't help but constrict while his body stiffened on the spot, and tempestuous waves had arisen in his heart.

Even until this very moment, all the great figures in the surroundings were only able to faintly guess that the forces of the Sovereign Sect were coming to deal with Empress Yu Che as well.

As for who exactly from the Sovereign Sect was coming, they didn't know the answer to that. However, they were sure that since the objective was to deal with Empress Yu Che, these forces would possess a cultivation at the Imperial Monarch Realm at least, right?

However, at this moment, Wu Xuechan who'd arrived abruptly had actually said that those members of the Sovereign Sect were unable to come here any longer. Didn't this mean that they'd suffered calamity?

When they thought up to here, their hearts shook without end and were unable to calm down for a long time.

"But... why has a member of Oracle Mountain like you come here? Everything here doesn't seem to be related to your Oracle Mountain, right?" Imperial Monarch Chong Dou's expression was gloomy as he spoke word by word.

"My Little Junior Brother has already been bullied to such an extent, yet you actually say it isn't related to me, Wu Xuechan?!" Wu Xuechan's expression instantly turned cold and indifferent. As his eyes blinked, it seemed like a universe was circulating within them, and his entire body surged with a strand of vast and powerful imposing aura that shook the sky to the point it fell into disorder while all things wailed.

### [Talisman Emperor](#)

#### **Chapter 1723: The Overbearing Grand Lord**

Little Junior Brother?

Everyone in the surroundings was astounded. When did we offend a personal disciple of Oracle Mountain?

After they recovered from their initial shock, all of them found out about Wu Xuechan's identity by conversing via voice transmission.

However, it was precisely because of this that their reactions would be so strong when they heard what Wu Xuechan said.

However, in next to no time, all of them shuddered. The imposing aura Wu Xuechan emanated was too terrifying. It was deep like an abyss and boundless powerful, and it caused them to feel suffocated.

Right when all of them were surprised and bewildered, Wu Xuechan had taken a stride forward and swiftly arrived before Chen Xi.

"Little Junior Brother, I'm sorry. Some ignorant fools wasted quite a bit of my time on the way here, and that's why I'm late." Wu Xuechan had an apologetic expression when facing Chen Xi.

Hiss!

Everyone in the surroundings gasped and felt their scalps go numb. Never had they imagined that Chen Xi was actually Wu Xuechan's Little Junior Brother!

It wasn't just them, even Imperial Monarch Chong Dou had never expected this, and his expression changed abruptly. How could this be possible? When did Oracle Mountain have another personal disciple called Chen Xi?

"I'm fine." Chen Xi shook his head.

Wu Xuechan sized Chen Xi up from top to bottom, and then he suddenly frowned before he sighed. He patted Chen Xi on the shoulder and sighed. "You've been through a lot. There's no need to worry any longer, Senior Brother is here now."

Merely these words alone caused Chen Xi to be unable to help but feel warm in the heart, and he felt the feeling of meeting a fellow disciple after a long time.

"How could this be possible!?" Suddenly, someone cried out loudly. It was Gongye Nanli that spoke these words. He'd watched helplessly as all of this occurred, watched helplessly as Chen Xi escaped calamity over and over again, and he was aggrieved to the point he almost coughed up blood.

Yeah!How could this be possible?

The other great figures of the Imperial Region were unable to accept such a situation as well. Chen Xi was just about to be annihilated when Empress Yu Che arrived abruptly, and then after she was suppressed by Imperial Monarch Chong Dou, the Grand Lord of Oracle Mountain made an appearance!

How could they accept this string of unexpected events?

"Earlier, it was you that wanted my Little Junior Brother to kneel, right?" Suddenly, Wu Xuechan turned around, and his clear and ordinary face was already covered in a cold expression.

His gaze seethed with divine radiance, and it was like the sun and moon that illuminated the world as it locked coldly onto Gongye Nanli.

"So what if I did? Could it be that your Oracle Mountain dares...?" Gongye Nanli braced himself and spoke in a grim voice.

Before he could even finish speaking, his entire body suddenly shook, and then a crack resounded as his knee bones were directly crushed into pieces.

Thump!

He fell on his knees in front of everyone!

From the beginning until the end, not to mention Gongye Nanli himself, even the others hadn't noticed how Wu Xuechan did it.

This sudden and unexpected event caused the expressions of many others to change. There had always been rumors about the Oracle Mountain's Grand Lord possessing extraordinary ability and an unfathomable cultivation, and now that they'd witnessed it with their own eyes, they felt that it was even more terrifying than the rumors.

"AH!!!" Gongye Nanli let out a shrill cry as he struggled with all his might to get up. However, he was suppressed by an invisible and enormous force, and all his efforts seemed powerless before it.

A Universe Enlightened Ancestral God ranked on the Universe Enlightened Chart, a great figure from the Imperial Region's Gongye Clan had his knee bones shattered at this moment and was on his knees before everyone. This scene caused many great figures in the surroundings to feel extremely horrified in their hearts.

"Wu Xuechan, we respect you because you're the Grand Lord of Oracle Mountain, but aren't you being a little too haughty by attacking without even discerning right from wrong?" Someone felt disgruntled and spoke with a grim voice in Gongye Nanli's defense.

"Exactly. Could it be that you're not going to ask exactly what sort of monstrous crimes this kid has committed? You're going too far by just protecting him blindly!"

"This kid didn't just kill my clan's disciple Kunwu Qing who's a Spirit God Exalt, other disciples like Luo Shaonong, Gongye Zhefu, Di Jun, Yue Ruhuo, Jin Qingyan, and Pei Wen were killed by this kid as well. Such a murderer that has no conscience is simply an embarrassment for your Oracle Mountain!"

The other great figures spoke with fury, and they condemned Chen Xi.

Chen Xi sneered as she watched this. These old bastards are simply despicable to the extreme. Earlier, they were utterly arrogant and unreasonable when dealing with me earlier, and they even acted unscrupulously. Now that Eldest Senior Brother has arrived, they've suddenly started to be reasonable. They're simply shameless to the extreme. Right and wrong? All of that's bullshit! If we're being reasonable, then on what basis did Luo Shaonong and his group besiege me? And why couldn't I kill them?

Most detestable to him was that Zhen Liuqing was harmed exactly because of Luo Shaonong's group, so it caused Chen Xi to be utterly unable to forgive those bastards!

He took a deep breath and intended to describe the sequence of events to his Eldest Senior Brother, Wu Xuechan.

However, Wu Xuechan waved his hand and signaled that Chen Xi didn't have to say anything.

In the next moment, Wu Xuechan glanced coldly at all those great figures that spoke furiously in succession, and his face was emotionless as he lightly spat out a single word. "Kneel."

It was merely a single word, yet it was like a thunderclap that shot through the sky.

In the next moment, a wave of the sound of bones breaking rose and fell. All these great figures that possessed monstrous might in the past let out shrill and miserable cries in succession, and then they fell uncontrollably to their knees.

Such a scene was simply shocking to the limit.

It caused others to be unable to help but recall that Imperial Monarch Chong Dou had once spoke just like this when dealing with Chen Xi, and it had created such a terrifying scene as well.

However, Chen Xi hadn't knelt in the end, whereas, all of these great figures from the Imperial Region didn't even have the time to react and were even unable to resist before they'd been forced to their knees!

Over 10 people were kneeling on the ground, and it caused the hearts of the other cultivators in the surroundings to shudder with fear. Moreover, their eyelids twitched while their entire bodies stiffened on the spot.

It was too terrifying!

And he was too domineering!

The Grand Lord of Oracle Mountain hadn't show himself for numerous years. However, as soon as he did, he revealed such domineering, overbearing, and cold methods, and it simply caused the others to feel disbelief.

"If all of you were reasonable, then all of you wouldn't have caused such harm to my Little Junior Brother. So, I can only be even more unreasonable when dealing with all of you." Wu Xuechan glanced coldly at all those great figures who remained kneeling on the ground, and then he glanced at the others in the surroundings. "Is there anyone else that wishes to speak about being reasonable with me, Wu Xuechan?"

All of them were silent like cicadas in the winter, and the surroundings were deathly silent.

At this moment, Wu Xuechan had simply become the imperial monarch that ruled over this expanse of the heavens and the earth. He looked down proudly onto the world, and he revealed a supreme graceful bearing.

"Grand Lord, you're going a bit too far by acting in this way!" Imperial Monarch Chong Dou's expression was extremely unsightly, and he spoke in a low voice.

"I'm going too far?" Wu Xuechan raised his eyes and gazed coldly at Imperial Monarch Chong Dou.

Imperial Monarch Chong Dou's eyes narrowed, and he took a deep breath before he said, "What? Could it be that your Oracle Mountain intends to go against all of us?"

Wu Xuechan suddenly started laughing instead, and he glanced indifferently at Imperial Monarch Chong Dou before he said, "I'll give you a chance. If you're able to resist three attacks of mine, then I'll leave immediately with my Little Junior Brother, otherwise, leave your life behind. What do you think?"

It was just a simple sentence, yet it was peerlessly domineering.

Imperial Monarch Chong Dou's expression suddenly turned grim, and he said in a low voice, "What if I don't agree?"

Wu Xuechan restrained his smile, and then his expression became indifferent. "If you don't agree, then kneel down and apologize."

He wanted an Imperial Monarch to kneel down and apologize!

The hearts of everyone in the surroundings shook fiercely when they heard this, and they almost didn't dare believe their ears. Why has the Grand Lord of Oracle Mountain become so overbearing?

According to rumor, Oracle Mountain had always been known for being mysterious and keeping a low profile. Moreover, the rumors said that the Grand Lord, Wu Xuechan, was a wise man with an extremely warm disposition. Yet now, he'd become so domineering and overbearing. Could it be that it's because of that Chen Xi?

"You're going too far!" Imperial Monarch Chong Dou was utterly infuriated. He had a furious appearance as he pointed at Wu Xuechan. "Since it's like that, then allow me to experience the Grand Lord's ability!"

bang!

His imposing aura surged, and he emanated boundless might.

At practically the exact same moment, the 24 Divine Boundary Pearl were activated. They formed into a barrier that seemed like a universe that lay before him, and the terrifying and grand scenes of stars circulating and alternation between the sun and the moon was reflected within it as it smashed down ferociously at Wu Xuechan.

He's utilized his full strength as soon as he attacked, and the imposing aura of an Imperial Monarch instantly enveloped an area of 500,000km, causing all things to be obliterated while the Grand Dao itself was destroyed!

However, all of this vanished in merely an instant.

When everyone in the surroundings returned to their senses, they noticed to their shock that the 24 Divine Boundary Pearls were actually within Wu Xuechan's grasp!

This scene caused their eyeballs to almost fall out from shock, and it was simply inconceivable!

Even Chen Xi was astounded in his heart. Isn't Eldest Senior Brother's combat strength too heaven defying? He actually turned the situation around in such a casual manner! "You.... You.... You've actually already...." Imperial Monarch Chong Dou's pupils suddenly dilated, and he seemed to have realized something, causing him to be shocked and furious to the extreme.

"Kneel." Wu Xuechan stretched out his slender and broad palm, and then pressed it down lightly in midair.

Bang!

The area Imperial Monarch Chong Dou stood at was blasted into pieces, whereas, he himself seemed as if he'd been struck by a sledgehammer. Blood flowed from all the pores on his body while his face warped. In the end, he was unable to endure such terrifying pressure, and a thump resounded as he knelt in midair.

An Imperial Monarch knelt before everyone just like that!

At this instant, the surroundings were deathly silent. Everyone had practically forgotten to breathe. Their pupils were dilated and filled with disbelief.

Such a scene was something that was impossible to come by in a million years!

After all, it was an Imperial Monarch! Even in the Imperial Region, an Imperial Monarch was a peak existence that commanded great authority and could rule over a region.

Yet now, such an existence had actually been forced to his knees....

Empress Yu Che's pupils couldn't help but constrict, and she seemed to have realized something, causing her to gaze at Wu Xuechan's figure with shock while her heart couldn't calm down at all.

"Wu Xuechan! I'll never forget the humiliation I suffered today!" Imperial Monarch Chong Dou roared furiously, and his roar shook the heavens and was filled with boundless rage and resentment.

"Feel free to come looking for me." Wu Xuechan glanced at him, and then couldn't be bothered to pay any further attention to him.

He turned around to look at Chen Xi, and then he said with a smile, "Little Junior Brother, are you satisfied?"

Chen Xi shook his head and said, "In the end, all of this was only possible with Senior Brother's help. It'll only be satisfying when I crush them again one day in the future when I've become accomplished in my cultivation."

Wu Xuechan couldn't help but smile, and then he seemed to have noticed something, causing him to look towards the distance while his brows knit together imperceptibly. He said in a low voice. "Nevermind, let's leave first."

Chen Xi was stunned. "Then what about them...."

Wu Xuechan said with a smile, "I'll leave them for you to satisfy yourself in the future."

As he spoke, he frowned once more, and then he didn't ask for Chen Xi's agreement before he flicked his sleeve and took Chen Xi and Empress Yu Che along as he vanished instantly on the spot.

Author's Note: I'll elaborate on the combat strength of all the disciples of Oracle Mountain in the future. Let's talk about Wu Xuechan for now. The Wu Xuechan that Chen Xi met for the first time in Oracle Mountain was merely a brand left behind by Wu Xuechan.

As for the other disciples of Oracle Mountain, and the cultivations of those disciples from Nuwa's Dao Palace and the Sovereign Sect. It's tied to some parts of the storyline between the three dimensions and the Ancient God Domain, and I'll be writing about it in the future.

## [Talisman Emperor](#)

### **Chapter 1724: Divine Sovereign Pries**

The heavens and the earth were covered in a scene of desolation.

Outside Phoenix Perch City and on the shores of God Burial Ocean, the stones, cliffs, plants, trees, ground.... Everything in an expanse of 500,000km had been transformed into powder.

Wu~ Wu~ Wu~

The rustling of the wind carried a strand of sorrow.

Wu Xuechan had left too suddenly, and his hasty actions caused many people to be bewildered.

But no matter what, all of them couldn't help but heave sighs of relief in their hearts after Wu Xuechan left with Chen Xi and Empress Yu Che.

However, right after that, when they laid eyes on the scene before them and recalled the scenes from before, their expressions instantly became extremely complicated.

No one spoke, and the surroundings were covered in an expanse of silence.

The scene from before was too shocking, and it had exceeded all their imaginations. Their actions against Chen Xi this time had actually ended in such a miserable and horrifying manner.

At the same time, no one had imagined that a young man whom they felt possessed no reputation didn't just possess an extremely heaven defying combat strength, he was actually the Little Junior Brother of Oracle Mountain's Grand Lord, Wu Xuechan.

Moreover, no one had imagined that Wu Xuechan who hadn't made an appearance for many years would actually make such a domineering display, and he only spoke a few words before suppressing all the great figures to the point of falling to their knees. Moreover, this even included an Imperial Monarch!

All of this caused them to feel horrified, terrified, bewildered, and filled with disbelief.

...

Roar!

After an unknown period of time, a dragon roar resounded through the heavens and the earth.

After that, everyone saw that azure dragon carry Imperial Monarch Chong Dou who had an extremely livid expression as it tore through the sky and left.

He'd been forced to his knees in public today, and he could be said to have lost all face. At this moment, all the people in the surroundings couldn't help but sigh without end as they watched him leave in rage.

When had an Imperial Monarch that controlled a myriad of Daos and possessed the might to overturn the world even been oppressed to such an extent?

It wasn't long before Gongye Nanli who'd lost an arm and two knee bones gritted his teeth and left while being supported by his Godslaves.

From the beginning until the end, he didn't say a single word as well.

All the others in the surroundings sighed in their heart when they saw this. The Gongye Clan of the Imperial Region was a top-rate great power with monstrous might, yet who would have imagined that such a great figure from the Gongye Clan like Gongye Nanli would actually be reduced to such a state one day?

Along with Gongye Nanli's departure, all the other great figures who'd been forced to kneel had left successively with gloomy expressions on their faces.

It wasn't long before merely Le Wuhen's group remained here.

Compared to the others, their emotions were even more complicated, and their faces still carried a wisp of shock even until now.

They'd witnessed all of it with their own two eyes.

They'd watched Chen Xi defeat Di Yunqiu by himself.

They'd watched Chen Xi fight all those great figures by himself in the sky above the God Burial Ocean, and his might was brilliant like the scorching sun in the midday sky.

They watched Imperial Monarch Chong Dou restrain Chen Xi by merely speaking a few words and intended to force Chen Xi to kneel.

They'd also watched Empress Yu Che arrive abruptly and not hesitate to fight Imperial Monarch Chong Dou with her swords.

However, all of this wasn't as shocking as the arrival of Oracle Mountain's Grand Lord, Wu Xuechan.

That supremely domineering imposing aura and that supreme graceful bearing of crushing all experts in a casual manner caused all of their hearts to be unable to calm down even until now.

"Wuhen, why didn't you say that this kid was from Oracle Mountain? If I knew he was the Grand Lord, Wu Xuechan's, little junior brother...." Le Beiyu had a complicated expression while his voice carried shock and regret. He seemed to really regret being so cold and indifferent towards Chen Xi just now.

"Ninth Uncle, I'm not like you. I didn't care about his origins at all when I became friends with him!" Le Wuhen frowned and spoke with slight ridicule. He was still resentful towards Le Beiyu in his heart.

Le Beiyu's face froze, and he was slightly embarrassed. However, he quickly recovered his composure and said, "I did all of that out of consideration for the clan's interests. Even if I knew that kid's origins, I would definitely place the clan's interests first."

Le Wuhen grunted coldly and didn't speak any further.

"But Oracle Mountain has completely offended the Luo Clan, Gongye Clan, Yue Clan, Jin Clan, Kunwu Clan, and Pei Clan because of Chen Xi alone. All of them are top-rate powers in the Imperial Region, and this is more harmful than beneficial. It's slightly not worth it." Le Beiyu sighed with emotion.

"So what about it? No matter how furious these powers are, they would probably not have the courage to head to Oracle Mountain to get even." Shentu Yanran spoke abruptly from the side. "After all, only a

mere few powers in the entire Imperial Region can rival Oracle Mountain, and these powers don't include those powers like the Luo Clan."

"Exactly. Now that I speak about it, I really admire the Grand Lord of Oracle Mountain, Wu Xuechan. For the sake of seeking justice for his little junior brother, he completely disregarded their identities and forced them to kneel to atone for their crimes first. How satisfying!" Yuqiu Jing spoke in support as well, and his words were filled with extreme respect towards Wu Xuechan.

"Haha! Haven't all of you noticed? Chen Xi's style of doing things is actually similar to the Grand Lord, Wu Xuechan. However, he never relied on the strength of Oracle Mountain to bully others, and it was Luo Shaonong and the others who were extremely conceited and ceaselessly provoked and attacked Chen Xi. In the end, they infuriated Chen Xi and were annihilated by him. They really brought it all onto themselves."

Le Wuhen deeply agreed as well, and he sighed with emotion. "I'm sure that I wouldn't even take a day before the entire Ancient God Domain will probably know of this incident, and it'll cause a mighty uproar. Moreover, Chen Xi's name is bound to shock the world!"

...

River after river of stars were traversed and galaxy after galaxy was passed by as Wu Xuechan brought Chen Xi Empress Yu Che along while traversing through space.

He seemed to be moving forward step by step, but every single step he took traversed countless galaxies.

It was too swift!

Chen Xi even felt that numerous universes were flashing by in his eyes.

"Little Junior Brother, you're really had a hard time in these years. If I didn't find out by chance that an unexpected event occurred in the Desolate Manku Ruin, I wouldn't have imagined that you hadn't just arrived at the Ancient God Domain, but you're actually on the verge of breaking through to the Universe Enlightened Ancestral God Realm." Wu Xuechan spoke in a warm voice, and his voice carried a trace of an apologetic tone.

"Eldest Senior Brother, it's fine," said Chen Xi with a smile.

"Mmm." Wu Xuechan nodded. He seemed to be constantly sensing something, and his brows frequently knit together briefly.

"Eldest Senior Brother, are Senior Sister Li Yang and the others well?" Chen Xi couldn't help but ask this question.

"They're in closed door cultivation. If nothing unexpected happens, then it'll take 100 years at most before they'll be able to emerge from their closed door cultivation." Wu Xuechan answered casually.

Suddenly, his figure stopped while his eyes narrowed. In the next moment, he recovered his composure, but he'd changed the direction he was heading towards.

"Is someone pursuing us?" Chen Xi's brows raised. Since they left the shores of the God Burial Ocean, he'd acutely noticed that Wu Xuechan was in a hurry and seemed to be sensing something.

Moreover, even though Wu Xuechan hadn't said anything all along the way, he'd still frowned frequently. This caused Chen Xi to be even more puzzled, and he faintly sensed that something was unusual.

"Yes." Wu Xuechan nodded. "I encountered three red robed Grand Priests of the Sovereign Sect on my way to Phoenix Perch City just now, and I wasted some time killing them. However, I never imagined that it wasn't just those three old fellows that had set out from the Sovereign Sect this time."

Three red robed Grand Priests? Chen Xi was bewildered.

However, the heart of Empress Yu Che shook when she heard this, and a wisp of surprise suffused her clear eyes.

Red robed Grand Priests were old fellows that possessed extremely respected statuses in the Sovereign Sect. They lived in seclusion and controlled the matters of punishment in the Sovereign Sect.

Most importantly, all those that were able to become red robed Grand Priests possessed a cultivation at the Imperial Monarch Realm!

Empress Yu Che was clearly aware of all of this. However, she'd never expected that the Sovereign Sect would actually dispatch three red robed Grand Priests this time. Could it be that... they'd already deduced that I would leave Snow Ink Region, so they intended to annihilate me in one go?

Yes, Empress Yu Che was sure that the three red robed Grand Priests Wu Xuechan spoke about were the help that Imperial Monarch Chong Dou spoke about, and their true objective was to annihilate her.

However, by coincidence, these three fellows had encountered Wu Xuechan before they could arrive at Phoenix Perch City, and they suffered calamity in the end.

When she thought up to here, Empress Yu Che couldn't help but feel fortunate in her heart. Never had she imagined that she would be able to safely avoid such a calamity because of Chen Xi.

"The Sovereign Sect again.... They really do refuse to go away." A wisp of detest and killing intent arose in Chen Xi's eyes.

Wu Xuechan smiled. He was just about to say something when his eyes suddenly narrowed, and he stopped on the spot.

"Little Junior Brother, I looks like I can only make you and Yu Che go on ahead first." Wu Xuechan spoke while he revealed a wisp of a helpless expression between his brows.

Chen Xi and Empress Yu Che were stunned. Could it be that the enemy has caught up?

"I never expected that a Divine Sovereign Priest would be drawn over right after I killed three red robed Grand Priests." Wu Xuechan sighed lightly. But he wasn't afraid, and he seemed to be extremely helpless instead.

A Divine Sovereign Priest! Empress Yu Che's entire body shook when she heard this title, and she seemed to feel slight disbelief.

"A Divine Sovereign Priest? Is he very formidable?" Chen Xi was fearless from his ignorance, and he frowned as he asked this question.

"I can only say that it's very troublesome to kill him." Wu Xuechan frowned, and then he said, "This won't do. That old bastard will catch up soon. I'll send the both of you off first. I'll take you back to the sect in five to ten years of time."

At this moment, Chen Xi fully realized that the situation was slightly severe.

After all, Wu Xuechan had smashed Imperial Monarch Chong Dou to his knees with a single strike of the palm earlier. But now, he needed five to ten years of time just to deal with a single Divine Sovereign Priest. This obviously showed how difficult it was to deal with this Divine Sovereign Priest.

Swish!

Wu Xuechan flicked his sleeve, and a deep passageway was instantly torn open in the starry sky.

"Little Junior Brother, 10 years of time is far from sufficient to deal with the Divine Black Lich Venom. Even though that Miss Zhen has the Five Saint Treasures of the Buddhist Sect protecting her, it's only a temporary measure." Wu Xuechan withdrew a violet piece of bamboo that glistened like jade, and he passed it to Chen Xi. "Take this and head to Arambha Temple on Logia Mountain in South Sea Region. When you're there, pass this to the Temple Master, and the Temple Master will naturally tell you how to deal with the Divine Black Lich Venom."

Wu Xuechan paused for a moment before he said with a smile, "If nothing unexpected happens, I'll head to South Sea Region to look for you once I'm done."

"Eldest Senior Brother...." Chen Xi had never imagined that he would have to be separated from his Eldest Senior Brother after they'd just been reunited, and he felt slightly unwilling in his heart.

Moreover, he'd never expected that even though he'd merely casually mentioned Zhen Liuqing's situation on the way here, his Eldest Senior Brother had already taken notice of it.

"Go on." Wu Xuechan smiled, and then he said to Empress Yu Che, "I'll be entrusting him to you."

Empress Yu Che nodded.

[Talisman Emperor](#)

**Chapter 1725: Cloud Dream Universe**

Om!

A mysterious fluctuation suffused the spatial passageway.

Chen Xi took a deep breath before he cupped his fists and said, "Eldest Senior Brother, take care of yourself."

Wu Xuechan smiled as he nodded. "Go, quickly."

Chen Xi immediately stopped hesitating, and he stepped into the spatial passageway with Empress Yu Che.

What's that? At the instant before he left, Chen Xi inadvertently noticed an expanse of darkness sweeping over from the depths of the universe. It swallowed numerous galaxies as it swept over at an unbelievable speed.

It was also at this instant that Wu Xuechan suddenly turned around. His snow white hair fluttered while he flashed over to greet that darkness that was devouring its way over....

Bang!

Space circulated and rumbled. In the next instant, Chen Xi felt the scene before his eyes flash and change while he swiftly vanished on the spot.

...

This spatial passageway Wu Xuechan created was extremely special. Even though didn't move at all upon entering it, it felt as if one was whistling through the universe and traversing the world.

"That expanse of darkness..." Chen Xi still felt shocked and terrified in his heart. He faintly guessed that the darkness was possible the imposing aura and might of the Divine Sovereign Priest of the Sovereign Sect.

"Every single one of the Divine Sovereign Priests reign supreme above the Imperial Monarch Realm. They possess unfathomable and immeasurable might." Empress Yu Che spoke from the side with a clear and pleasant voice. "This realm above the Imperial Monarch Realm is the Daolord Realm. They can rebuild the universe with a flick of their finger and transform the Heaven Dao for their own use!"

The Daolord Realm! Chen Xi was shocked in his heart, and he suddenly recalled the Roc Daolord whose corpse had formed the Last Days Domain. Could he be an existence that possessed such a cultivation realm?

All those years ago when Chen Xi entered the Last Days Domain from the three dimensions, he'd encountered the Primeval Micro Race by chance, and only then did he find out that the Last Days Domain was formed from the corpse of the Roc Daolord.

At that time, he was still surprised and wondered what sort of cultivation realm would be required to accomplish that. Now, when he heard Empress Yu Che mention all of this, he instantly came to a slight understanding.

The path of cultivation as a god didn't just encompass the World Enlightened True God, Domain Enlightened Spirit God, and Universe Enlightened Ancestral God Realm. The Imperial Monarch Realm and Daolord Realm stood above these three realms of cultivation!

For example, Empress Yu Che, Imperial Monarch Gou Chen, and Imperial Monarch Chong Dou were existences at the Imperial Monarch Realm. They possessed the supreme might to transform the world and control a myriad of Daos.

On the other hand, the Daolord Realm was clearly more terrifying than the Imperial Monarch Realm and reigned supreme above it. Moreover, existences at the Daolord Realm could rebuild the universe and transform the Heaven Dao for their own use!

For example, the Divine Sovereign Priest was clearly an existence at the Daolord Realm.

“There’s no need to worry about him. Based on my observation, his cultivation has probably ascended to the Daolord Realm, otherwise, it would absolutely be impossible for him to smash Imperial Monarch Chong Dou to his knees with a single strike.” Empress Yu Che’s clear eyes glistened and were suffused with a wisp of extraordinary splendor.

“The Daolord Realm, huh?” Chen Xi sighed with emotion in his heart. He originally thought that this speed of cultivation was already sufficiently swift, and he was only a step away from attaining the Universe Enlightened Ancestral God Realm.

However, never had he imagined that his Eldest Senior Brother had already attained such an inconceivable height.

If I make an inference based on this, then exactly what sort of cultivation has that Master of mine which I’ve never met, the Master of Oracle Mountain, Fuxi, attained?

Chen Xi took a deep breath, and then he shook his head before he said to Empress Yu Che, “Senior, I have to thank you for lending a hand this time.”

“I should actually thank you instead.” Empress Yu Che said, “If the Grand Lord didn’t arrive in time, then I would have probably fallen into the joint encirclement of three red robed Grand Priests from the Sovereign Sect.”

“You... have enmity with the Sovereign Sect as well?” Chen Xi couldn’t help but ask this question.

“Yes. Precisely speaking, I have enmity with the Gongye Clan.” Empress Yu Che’s clear eyes were suffused with a wisp of coldness. She said in a light voice, “Actually, it’s all the same. Because the Gongye Clan is a vassal of the Sovereign Sect, and most of its members are disciples, priests, and elders of the Sovereign Sect.”

As for exactly what sort of enmity there was between them, Empress Yu Che didn’t say.

However, merely this alone allowed Chen Xi to fully understand some things.

For example, it was definitely because of the enmity and hatred between them that Empress Yu Che had instructed him to stop Gongye Zhefu from seizing the ninth-grade Emperor Rank Ancestral Dao Root.

“Senior, exactly how formidable are the forces of the Sovereign Sect in the Imperial Region?” Chen Xi couldn’t restrain himself from asking this question.

“Call me Yu Che in the future.” Empress Yu Che corrected Chen Xi’s method of address before she said, “The Imperial Region is the core of the Ancient God Domain, and its territory is so vast that it covered 8,000 universes. Moreover, there are countless ancient sects and clans scattered throughout it.

“However, only a small portion of them can be considered to be top-rate powers. For example, the Luo Clan, Gongye Clan, Yu Clan.... All of them are top-rate clans.

“On the other hand, existences like the Buddhist Sect, Tripure Sect, Secluded Light Mountain, Heavenly Fortune Palace, Golden Toad Isle, and so on and so forth are ancient sects that have stood towering for countless years.

“However, merely a few can be considered to be supreme sects, and amongst them is Oracle Mountain, Nuwa’s Dao Palace, the Sovereign Sect, the Dao Institute, and Divine Institute. They’re called the five extremes of the Imperial Region.”

Empress Yu Che casually described the powers within the Imperial Region in a concise manner.

Chen Xi was extremely shocked when he heard this. He hadn’t imagined that Oracle Mountain, Nuwa’s Dao Palace, and the Sovereign Sect weren’t just supreme in the three dimensions, they even possessed such shocking power and influence in the Ancient God Domain.

However, Chen Xi had a limited knowledge about the Dao Institute and Divine Institute. But since they were able to be ranked amongst Oracle Mountain, Nuwa’s Dao Palace, and the Sovereign Sect as the ‘five extremes of the Imperial Region’, he knew that they were definitely extraordinary.

“Now you understand that the Sovereign Sect is one such supreme power.” Empress Yu Che’s voice carried a wisp of coldness. “It has countless disciples, and they can be differentiated according to increasing strength as disciples, Elite Disciples, Elders, Red Robed Grand Priests, Divine Sovereign Priests, and then it’s the Sect Master himself.”

“Normally speaking, existences at the Divine Sovereign Priest rank wouldn’t be dispatched easily, and even if it’s the Red Robed Grand Priests at the Imperial Monarch Realm, they rarely make an appearance in the world unless a great and unexpected event occurred.”

Empress Yu Che was obviously very well aware of the Sovereign Sect’s structure. “All those that are capable of assuming the position of elder in the Sovereign Sect possess a cultivation at the Universe Enlightened Ancestral God Realm while all Elite Disciples are at the Domain Enlightened Spirit God Realm, and ordinary disciples are around the World Enlightened True God Realm.”

Chen Xi finally came to a complete understanding. In the past while he was in the three dimensions, he thought the highest realm of cultivation in the Sovereign Sect was at the Godrank Realm.

But now it would seem like it was obviously not the case.

For example, the Elite Disciples of the Sovereign Sect that he’d killed like Suiren Ting and Yin Huaikong. At that time, because they were suppressed by the energy of the Heaven Dao in the three dimensions, they were only able to bring forth a strength at the World Enlightened True God Realm.

For example, the Universe Enlightened Ancestral God Realm expert of the Sovereign Sect, Ye Yan, that he defeated once was clearly an elder of the Sovereign Sect.

Further up from this were the Red Robed Grand Priests at the Imperial Monarch Realm, the Divine Sovereign Priests at the Daolord Realm, and then... Sect Master!

“Looks like toppling the Sovereign Sect is even more difficult than I expected....” Chen Xi sighed.

Empress Yu Che’s clear eyes squinted, and she said with slight surprise, “Toppling the Sovereign Sect?”

Chen Xi smiled and didn't speak any further about it. He changed the topic and frowned as he said, "Right, helping me escape this time was equivalent to completely offending those great powers from the Imperial Region. In the future, I'm afraid that...."

Empress Yu Che interrupted him with an indifferent tone. "I'm all alone, and I don't intend to return to Snow Ink Region any longer. So, it isn't so easy for them to deal with me now."

"What about Yun Qing?" Chen Xi couldn't help but ask about Yun Qing.

"He has already received my instructions to conceal his identity, and he'd naturally contact me once I return to the Imperial Region one day." Empress Yu Che seemed to have made arrangements for everything since a long time ago. When she spoke up to here, she looked at Chen Xi and said, "What do you intend to do next?"

Chen Xi shrugged. "I naturally intend to head to Arambha Temple on Logia Mountain in the South Sea Region."

Empress Yu Che seemed to be lost in thought as she said, "The South Sea Region is said to be the 'Paradise of all Races'. There are all sorts of ancient races like demons, devils, spirits, fairies, ghosts, goblins.... It can be said that a myriad of races reside there like trees in a forest, and there's no lack of some extremely formidable races there like the True Roar-Tiger Race, the Bi'an Race, the Bai Ze Race, and so on and so forth. Compared to the Imperial Region, the distribution of powers there is complicated to the extreme."

Chen Xi was stunned, and then he said with a smile, "The more complicated the better, because it will be safer."

"Exactly what I was thinking." Empress Yu Che smiled, and then her brows raised. "However, even though I know that Logia Mountain resides within Cloud Dream Universe, I've never heard of a place of cultivation called Arambha Temple residing there."

Chen Xi was slightly surprised. He originally thought that a sect that Wu Xuechan mentioned would definitely be a renowned existence. Yet who would have imagined that even Empress Yu Che had actually not heard of it with all the experience and knowledge she possessed.

"We can inquire about it after we get there." Chen Xi pondered deeply for a moment before he spoke.

Empress Yu Che nodded.

10 minutes passed as they chatted just like this.

Om!

A wave of violent fluctuation suddenly arose in the spatial passageway, and then it collapsed inch by inch and transformed into a rain of light that poured down towards the surroundings.

In the next moment, Chen Xi and Empress Yu Che had already arrived in an unfamiliar expanse of space.

This expanse of space was extremely vast. A myriad of stars circulated within it, and expanse after expanse of dreamlike mist and clouds floated within the universe. Moreover, they were multicolored and painted a rather beautiful picture.

“The Grand Lord really is extraordinary.” Empress Yu Che glanced at the surroundings, and she couldn’t help but praise. “That passageway traversed across 197 regions and was still able to lead precisely to Cloud Dream Universe. Such supreme ability isn’t something an Imperial Monarch can accomplish.”

Chen Xi said with surprise, “This is Cloud Dream Universe where Logia Mountain resides?”

“Yes. Look at that expanse of the starry sky. Dreamlike mist and clouds cover the surroundings. Logia Mountain is situated on Putuo Star that resides there.

Empress Yu Che pointed towards the distance. There was a light blue star there, and it emanated a glow that rippled like water.

Suddenly, she seemed to have noticed something, and divine radiance flowed throughout her body. In the next moment, her appearance had changed completely.

A green blouse, white skirt, a feathered crown on the head, black gauze to cover the face, and a simple and elegant bearing. When compared to the past, she’d lost the supreme and mighty imposing aura she possessed.

Right when Chen Xi was puzzled by this, he suddenly noticed something, and he sensed a group of people flashing over from afar.

“My appearance from before was too conspicuous, and it’s easy for it to cause trouble.” Empress Yu Che explained in a low voice.

This served as a reminder to Chen Xi. He grinned lightly while his appearance changed abruptly, and he became an extremely ordinary young man that possessed an ordinary appearance and bearing.

Swoosh! Swoosh! Swoosh!

Right at this moment, that group of people had teleported over.

### [Talisman Emperor](#)

#### **Chapter 1726: Treasure Exhibition**

To be more precise, it was a group of demon cultivators.

The leaders of the group was an orange haired young man with eyes that revealed a brilliant jade color. The skin on his exposed upper body was covered in smooth and dense lines, and it was branded with mysterious totems and tattoos.

There was a flower demon standing beside him. Its branches were spread out and glistening brightly, and a bloomed flower on its actually revealed an extremely charming face.

Besides these two people, there was also an armored man that had the head of an ox with two horns, and a dwarfish old man that was only 66cm tall, had snow white hair, and sharp ears.

It was an extremely strange group of demon cultivators, and Chen Xi wasn’t even able to recognize their origins. However, based on their auras alone, besides the orange haired young man in the lead who was at the Universe Enlightened Ancestral God Realm, all the others were actually at the Domain Enlightened Spirit God Realm.

Obviously, they'd noticed Chen Xi and Empress Yu Che. As soon as they arrived, the orange haired young man smiled as he said, "Fellow Daoists, are you heading to Putuo Star to participate in the Treasure Exhibition that's held there every 3,000 years?"

The Treasure Exhibition? Chen Xi was stunned, and then he shook his head and said, "Sorry, we don't have any intention to participate in the Treasure Exhibition."

"Eh, both of you are actually not here for the Treasure Exhibition?" The flower demon spoke with a gentle, delicate, moving, and charming voice.

Chen Xi smiled as he shook his head once more.

"Nevermind, let's go over ourselves. So long as we arrive there, we'll be able to find out where the entrance to the Treasure Exhibition lies." The orange haired young man sighed, and then he waved to Chen Xi as he led the others away.

In next to no time, their group had gone far away into the distance and vanished.

"How interesting. A young expert from the Flame Qilin Race is leading a group of three other demon cultivators from the Dancing Flower Race, Barbaric Spirit Ox Race, and Earth Battle Dwarf Race, and they're actually travelling to participate in the Treasure Exhibition." Empress Yu Che seemed to be lost in thought as she spoke from the side.

Only now did Chen Xi find out about their origins, and he couldn't help but be astounded. Every single one of these races were extremely ancient and rarely seen.

This obviously showed that South Sea Region really deserved to be called the Paradise of all Races.

Chen Xi asked curiously "What's the Treasure Exhibition?"

"It's very complicated to explain. You can simply take it to be a grand trade fair. It's held every 3,000 years. At that time, all the cultivators from all over South Sea Region would be attracted over by its fame." Empress Yu Che spoke slowly. "Up until now, the Treasure Exhibition has been held for no less than 100 times, and if it was in terms of age, then it could be traced back to the primeval times"

She paused for a moment before she continued. "Simply speaking, divine materials, divine treasures, and all sort of strange and bizarre cultivation materials that are rarely found in the Ancient God Domain can be found in the Treasure Exhibition. Thus, it's able to draw numerous cultivators over to participate in it."

Chen Xi came to a suddenly understanding at this moment. The Treasure Exhibition was equivalent to a venue for cultivators to exchange treasures and accomplish the goal of 'obtaining what each required'.

"If you're interested, we can go have a look. Extremely rare and precious treasure always appear every single time a Treasure Exhibition is held. Moreover, it isn't just the cultivators of South Sea Region that are drawn over by its fame, even the cultivators of the other regions are as well." Empress Yu Che smiled lightly. "I remember that a young man picked out a treasure by chance during the last Treasure Exhibition, and he obtained a Natural Spirit Treasure with merely 100 Divine Crystals. This matter shocked the entire South Sea Region."

Chen Xi said with surprise, "He really found a great fortuitous encounter by chance."

Empress Yu Che said, "Examples like this are often seen during the Treasure Exhibition."

Chen Xi said with a smile, "If we're still in time after we get back from Arambha Temple, then we can look around the Treasure Exhibition."

The two of them didn't stay here any longer, and they teleported towards Putuo Star that resided in the distance.

...

Putuo Star, a star that was sky blue like an ocean.

Unlike other stars, this star was extremely vast. It lay across the universe like a brilliant blue sun, and it caused all the other stars in the surroundings to dim in comparison.

Most peculiar of it all was that numerous masses of land floated around Putuo Star. Every single land mass could be considered to be like a large world, and they were densely covered by divine veins and mountains. Moreover, there were numerous abodes on them, and countless living beings were residing there.

Logia Mountain was situated on one of these land masses.

After the time for an incense stick to burn, Chen Xi and Empress Yu Che floated down onto one of the land masses. Even though it was described as a land mass, it was actually much larger than the Dark Reverie.

Numerous cities were spread out across it, and it was covered in the natural beauty of lakes and mountains. It was extremely flourishing and prosperous.

They didn't waste any time here and travelled forward all along the way. After spending another 10 minutes of time, they finally arrived before a boundlessly vast ocean.

The sky was sky blue and the bluish green ocean was vast. Seabirds soared and flickered above the isles in the distance, and the beaches on the isles were covered in a layer of golden sand that glowed brilliantly.

All sorts of living beings from the ocean were making exchanges for goods with traders on the shores, and it seemed to be extremely bustling.

"This ocean is called the Ocean of Fallen Stars, and Logia Mountain resides at the end of it. According to our speed, we would be able to arrive there in around an eighth of an hour." Empress Yu Che pointed towards the distance as she spoke.

Chen Xi nodded. "Then let's set out."

"Seniors, please wait a moment." Right at this moment, a voice suddenly sounded out.

Chen Xi turned around to look, and he saw an old man rushing over while bringing a young man with him.

"May I ask if seniors are heading to Logia Mountain?" The old man had a humble attitude, and he bowed respectfully.

He wore plain clothes while the marks of travel could be seen on his face. Moreover, he was only at the World Enlightened True God Realm and was extremely ordinary. Obviously, he was a cultivator that had always resided at the lowest rung amongst cultivators.

Chen Xi nodded. "Yes."

The old man revealed a delighted expression, and he became even more cautious as he said, "I wonder... I wonder if you're able to bring my son along with you?"

Chen Xi's brows raised. However, the old man hurriedly spoke before Chen Xi could. "Seniors, don't worry. My son is simple and honest, and he'll absolutely not cause any trouble for the both of you. Moreover...."

When he spoke up to here, he withdrew a storage pouch and took a deep breath before he offered it up with both hands. "I still have 100 Divine Crystals with me. Even though it's nothing, you can consider it as an embodiment of my intentions."

He spoke sincerely, and his voice even carried a pleasing tone. Everything he said came from the heart, and Chen Xi was entirely capable of distinguishing that this person wasn't lying.

Chen Xi glanced at the young man by the old man's side. The young man had a weak figure, dark skin, and a honest bearing. He seemed to be slightly uncomfortable as he stood there, and his entire body was slightly stiff.

"Hmph! To think you even dare to try offering 100 Divine Crystals." Someone sneered with disdain from afar. "The Ocean of Fallen Stars is filled with danger, and one must traverse countless dangers in order to arrive safely at Logia Mountain, yet you merely produced 100 Divine Crystals as compensation? You're simply daydreaming."

The old man instantly felt embarrassed, and he gazed at Chen Xi with a pleading expression that was even more intense.

He'd begged others on more than one occasion during the past few days, and he'd been refused every single time. So, if he was unable to succeed again this time, then he would fall completely into despair.

Chen Xi asked curiously. "I can agree to it. However, may I know why you're doing this?"

The old man's spirits were refreshed, and he became extremely excited. He repeatedly expressed his gratitude for a long time before he said, "I heard that Spirit Sphere Sect on Logia Mountain will be opening its doors and recruiting disciples in a few days. So, I wanted to bring my son there to give it a try."

Spirit Sphere Sect? Chen Xi was stunned, and he thought in his heart. Looks like it isn't just Arambha Temple that resides on Logia Mountain.

"Let's go." In the next moment, Chen Xi gestured to the young man because it was on the way in any case, so it didn't matter if he brought a young man along.

"Thank you, thank you Senior for fulfilling my wish."

If Chen Xi hadn't stopped him, the old man would have knelt on the ground and thanked Chen Xi.

In the end, Chen Xi didn't take the Divine Crystals from the old man, and he brought the young man called Xiao Ma along with them.

"Old Man Xiao, aren't you worried about allowing those two people to bring your son along with them?" Someone came forward and spoke with a doubtful expression.

"Even though I've only gained limited achievements in my entire lifetime, I've seen numerous extraordinary figures. I guarantee that those seniors are absolutely not ordinary." The old man took a deep breath and spoke slowly.

"What nonsense! Don't forget that the Ocean of Fallen Stars is an extremely dangerous place. Casually handing your son over to them is simply too rash." That person shook his head and sighed without end.

However, his eyeballs almost fell from their sockets in the next moment. In his field of vision, Chen Xi and Empress Yu Che's figures suddenly emanated a wisp of divine radiance, and then they teleported while bringing Xiao Ma along with them and swiftly vanished without a trace.

Even though it was merely an instant, the trace of imposing aura that Chen Xi and Empress Yu Che emanated unintentionally caused him to feel suffocated, and his knees went weak to the point he almost dropped to his knees.

He finally understood that the man and woman from before really weren't ordinary!

...

Wu~ Wu~ Wu~

Space flashed by as Chen Xi's group of three traversed in the sky above the Ocean of Fallen Stars, and they headed straight towards the depths of it.

"Yu Che, do you know of Spirit Sphere Sect?" asked Chen Xi.

"I do. It can be considered to be a first-rate power in South Sea Region. All those years ago, I met a Supreme Elder of Spirit Sphere Sect on numerous occasions, so I'm clearly aware of Logia Mountain's exact location. However, I've never heard of a power called Arambha Temple on Logia Mountain." Yu Che spoke casually.

The figure of the thin young man who'd been keeping silent all this while had stiffened when he heard this, and he glanced at Empress Yu Che with slight disbelief. He seemed to have never imagined that this woman actually knew the Supreme Elder of Spirit Sphere Sect. To someone that was of poor background like him, it was simply unimaginable.

However, he didn't say anything and became even more silent. It was even to the extent that he was at a loss for what to do, and he was uneasy and didn't even dare to breathe heavily.

Chen Xi couldn't be bothered to pay attention to all of this. He frowned as he muttered. "Strange, could it be that Eldest Senior Brother was mistaken?"

Empress Yu Che said in a light voice, "Let's head to Spirit Sphere Sect to inquire about it first. There are numerous sects in this world that remain secluded from the outside world, and perhaps Arambha Temple is hidden somewhere on Logia Mountain."

Chen Xi nodded.

The Ocean of Fallen Stars was extremely dangerous indeed. All along the way, the surroundings were filled with chaotic flows of space, tidal waves, and tempests. If an ordinary cultivator came here, then it would probably be impossible to traverse.

However, all of this seemed to be unable to pose any difficulty to Chen Xi and Empress Yu Che. They practically traversed it without encountering any obstruction and arrived at the end of the Ocean of Fallen Stars.

A lofty mountain that lay across the heavens and the earth appeared in their fields of vision. The mountain was precipitous and steep. It shot into the clouds and seemed to stretch boundlessly into the distance. Moreover, it emanated brilliant violet divine radiance that dyed the sky and clouds violent, causing it to be a rather magnificent scene.

This was Logia Mountain.

### [Talisman Emperor](#)

#### **Chapter 1727: Dispute**

Chen Xi gazed at Logia Mountain that stood in the distance, and he couldn't help but nod. "This is a paradise indeed. Its divine veins glow brilliantly while an auspicious aura surges into the sky. It's very suitable to cultivate."

With his discerning ability, he was naturally able to discover many secrets with a single glance.

Empress Yu Che said, "According to rumor, this mountain has existed for 180 million years, and its history goes back even further than Spirit Sphere Sect."

As they chatted, the two of them had already brought the young man, Xiao Ma, onto the shore.

Logia Mountain was extremely vast, and it extended boundlessly into the distance. It was covered in lofty and steep peaks, and it seemed vast like a continent.

Spirit Sphere Sect was established at the top of one of those peaks. The top of that peak was enshrouded in an auspicious glow while violet divine radiance rained down. It was an extremely grand and magnificent sight.

There was utterly no need to look before one could locate Spirit Sphere Sect.

The young man, Xiao Ma, had come here to this for the sake of joining Spirit Sphere Sect, whereas, Chen Xi and Empress Yu Che intended to head to Spirit Sphere Sect to gain information related to Arambha Temple. It just happened to be on their way. So, under such circumstances, Chen Xi would naturally not leave the young man by himself.

Moreover, Xiao Ma had a honest bearing, was obviously from an impoverished background, and had been extremely reserved and sedate all along the way. However, this caused Chen Xi to have a good impression of the young man.

They didn't waste any time before they soared into the sky, and in the blink of an eye, they'd already arrived before Spirit Sphere Sect.

At this moment, many men and woman were gathered outside the sect, and there were a few hundreds of them.

These men and woman obviously possessed very extraordinary backgrounds. They wore luxurious clothes while they had seniors, guards, and lackeys from their clans by their sides.

When Chen Xi and Empress Yu Che arrived here with Xiao Ma, they didn't draw much attention.

"There more fellows have arrived. Alas, the competition is growing stronger and stronger."

"I heard that Spirit Sphere Sect is only recruiting 30 disciples this time. If we estimate based upon this, then more than half of us will be eliminated."

"Hmph! I'm not worried about all of that. I'm worried about whether some people would cheat and use their influence to be recruited."

Chen Xi was able to utilize these conversations to determine that these men and woman were obviously just like Xiao Ma, and they'd come to join Spirit Sphere Sect.

However, Chen Xi couldn't help but chuckle because these men and woman had actually taken him and Empress Yu Che as people who'd come to join Spirit Sphere Sect.

"Let's go." Empress Yu Che couldn't be bothered to pay attention to all of this. She glanced at the sect in the distance and intended to enter it.

"Wait a moment." Chen Xi glanced at Xiao Ma, and then he started pondering deeply instead.

Truthfully speaking, Xiao Ma's natural talent could only be considered to be not bad, and it could absolutely not be considered to be outstanding. It was even inferior to many young men and woman in the vicinity. Coupled with the fact that Xiao Ma didn't possess the backing of any clan, there was obviously not much hope for Xiao Ma to enter Spirit Sphere Sect through his own hard work.

"With his natural talent, it's definitely impossible for him to enter Spirit Sphere Sect." Empress Yu Che seemed to have seen through Chen Xi's thoughts, and she spoke frankly.

Xiao Ma's face froze, and he was struck with panic while his gaze dimmed. Never had he imagined that these two seniors by his side would directly determine his inability to pass even before he'd participated in the test.

This was simply like a sudden strike of thunder to him, and he was stunned on the spot while a wisp of indescribable bitterness surged out from his heart.

"Haha! Xiao Ma! It really is you! Will you still not give up? I never expected that your useless father had some ability and was actually able to send you here." Suddenly, a young man in embroidered clothes and a marten coat roared with laughter as he walked over, and he didn't conceal his ridicule at all. Moreover, there were numerous lackeys and guards by his side, and it seemed extremely showy.

"However, just as this miss said, trying to enter Spirit Sphere Sect with natural talent like yours is simply wishful thinking." As soon as the young man finished speaking, he cupped his hands towards Empress Yu Che in a very graceful manner while revealed a wisp of a brilliant smile.

Xiao Ma's face sank, and he glared furiously. "Meng Yuanqing, who're you calling useless?"

"Angry? Haha! Your father was once a servant of my Meng Clan, so calling him useless is like thinking highly of him." The young man that Xiao Ma called Meng Yuanqing laughed coldly and said, "Besides that, if you dare to continue barking like that, then don't blame me for showing no mercy!"

At this moment, Chen Xi finally understood the relationship between Meng Yuanqing and Xiao Ma, and he felt that it was no wonder that Meng Yuanqing dared to humiliate Xiao Ma in such an unbridled manner.

Xiao Ma's entire body shivered with rage. He forcefully gritted his teeth and endured it by force, and he didn't say a single word in the end.

He didn't ask for assistance from Chen Xi or Empress Yu Che, and he didn't allow his rage to overwhelm him and fight desperately against Meng Yuanqing.

Because he still hadn't given up on joining Spirit Sphere Sect, so he would absolutely not allow any other matter to stop all of this.

However, in the eyes of the other young man and woman in the vicinity, Xiao Ma seemed to have silently shrunk back and was cowardly. So, all of them couldn't help but reveal a wisp of disdain or pity on their faces.

Chen Xi noticed all of this. At this moment, he finally stretched out his hand and patted Xiao Ma on the shoulder, and then he looked at Yu Che and shrugged. "Look, so much of trouble was caused because of a single sentence you spoke."

Empress Yu Che shrugged as well. "I'll make it up to him."

Their attitude caused many others in the vicinity to be bewildered, and they were unable to figure out their relationship with Xiao Ma.

Especially Meng Yuanqing, he hurriedly smiled and said, "Miss, there's no need for that. That kid, Xiao Ma, has always been a lost cause, and what you said wasn't wrong at all. So, is there even anything to make up for?"

Empress Yu Che glanced at him and didn't say anything before she walked towards the entrance of the sect.

Even though it was merely a glance, it caused a wisp of coldness to arise in Meng Yuanqing's heart for no rhyme or reason. He couldn't help but shudder while his soul felt terrified and uneasy, and his countenance suddenly turned ghastly pale.

What... what's going on? Meng Yuanqing was astounded in his heart. At that instant just now, he'd simply seemed as if he'd fallen into a boundless abyss, and he'd almost drowned in it and lost consciousness!

He wanted to open his mouth and exclaim with shock, yet he actually noticed that he was unable to make a single sound. It was even to the extent that it seemed as if his entire body was restrained and unable to move by even an inch. It was as if he'd been transformed into a clay statue!

Only he himself was aware of all of this, and the guards and lackeys in the surroundings had actually not noticed it at all.

This caused Meng Yuanqing to feel even more terrified in his heart. Who exactly is that woman!?

...

"Tell your Supreme Elder Liu Ya'zi that an old friend has come to visit."

There were two disciples from Spirit Sphere Sect standing on guard before the entrance, and they were instantly stunned when they heard Empress Yu Che.

What high sounding sentiments. She actually dares to call herself an old friend of the Supreme Elder!

"Haha! A distant relative of Spirit Sphere Sect's Master arrived earlier, and now an old friend of Senior Liu Ya'zi has arrived."

"Hmph! For the sake of entering Spirit Sphere Sect, are people willing to stop at nothing nowadays? She actually dares to pretend to be an old friend of Senior Liu Ya'zi. She's simply audacious to the extreme!"

"I never expected that while she seemed to possess an extraordinary bearing, she truly speaks in an utterly absurd manner."

The others in the vicinity were stunned as well when they heard Empress Yu Che, and then they roared with ridiculing laughter and had teasing and mocking expressions on their faces.

Earlier, there had already been others that intended to utilize the name of Spirit Sphere Sect's Master, relatives of elders, friends, and old acquaintance in order to worm their way into Spirit Sphere Sect. However, all of them were exposed in the end, and they were driven out of the sect.

So, never had they expected that another one had arrived now, and this person had even tried to feign a relationship with Senior Liu Ya'zi!

Who was Liu Ya'zi?

He was the Supreme Elder of Spirit Sphere Sect, a senior that possessed a cultivation at the peak of the Universe Enlightened Ancestral God Realm! Moreover, he hadn't made an appearance in the world for countless years.

On the other hand, Empress Yu Che wore a green blouse, a white skirt, a feathered crown, and black gauze to cover her face. Even though her bearing was graceful, she seemed to be extremely mysterious and kept a low profile. So, it was extremely difficult for others to link her to an Imperial Monarch.

Under such circumstances, would anyone believe what she said?

Even though it was like this, the disciple before the entrance still cupped their hands in a rather polite manner and said, "I'm sorry, my sect's Supreme Elder has been in closed door cultivation for many years, and he has shut himself off from the outside world."

"I never expected that even you would be refused." Chen Xi walked forward, and as he listened to the discussions in the surroundings, he couldn't help but feel that it was slightly laughable.

"Looks like all of this is because I was too polite." Empress Yu Che's clear eyes were suffused with a wisp of a helpless expression. Indeed, with her identity, she didn't have to notify anyone of her arrival no matter where she went because they would have already come over to welcome her respectfully. So, how could such an incident occur?

Of course, all of this was because she'd changed her appearance and dressing, and she'd concealed her identity intentional. This was the reason for the current situation.

"Hey, the two of you should just wait here calmly. You'll be kicked out if you continue putting up that act!" Someone cried out while taking pleasure in their misfortune.

Empress Yu Che's clear eyes turned cold.

Right at this moment, a dignified and loud shout resounded from within the sect. "Who's making noise here? What would others think of our sect!"

Along with this voice, a middle aged man with a cold expression that wore a robe embroidered with pythons and a jade belt appeared before the entrance, and his gaze was like cold lightning as it swept throughout the surroundings.

In an instant, the surroundings became deathly silent like cicadas in the winter.

"Third Elder...." One of the disciples before the entrance hurriedly moved forward and narrated everything that occurred earlier.

"Oh?" When he heard that someone actually pretended to be an old friend of the Supreme Elder, Liu Ya'zi, the dignified middle aged man's face sank, and his gaze was like a blade as it swept towards Empress Yu Che.

The others in the vicinity couldn't help but take pleasure in Empress Yu Che's misfortune at this moment, and they seemed as if they were waiting for the show.

"Eh?" However, the dignified middle aged man didn't flare up, and he seemed to have noticed something, causing him to speak with surprise and bewilderment. "You're...."

"Little attendant, do you intend to make a move against me and kick me out?" Empress Yu Che spoke indifferently.

Little attendant? Everyone was astounded. This woman actually addressed the third elder of Spirit Sphere Sect, Mo Daochen, in such a manner?

However, when he heard this method of address, the dignified middle aged man's robust body shook while his expression changed abruptly, and he still seemed to be in disbelief as he stuttered. "You.... You're...."

As he spoke, he actually fell to his knees with a thump, and his forehead was drenched with cold sweat while he opened his mouth.

However, he was interrupted by Empress Yu Che, and she said indifferently, "Take me to see Liu Ya'zi."

“Yes, yes, yes....” Mo Daochen hastily got up to his feet, and he seemed as if his tongue was tied and had a respectful expression.

When they witnessed this change of events, everyone in the surroundings were utterly stunned, and their mouths were opened wide from shock.

At this moment, the third elder of Spirit Sphere Sect, Mo Daochen, who was a supreme existence in their hearts had actually knelt on the ground while seeming to be filled with respect and awe. How could they dare to believe their eyes?

### [Talisman Emperor](#)

#### **Chapter 1728: Violet Bamboo Stream**

The atmosphere was deathly silent while everyone was stunned like clay statues.

Even those two disciples standing on guard before the entrance had their eyes opened wide at this moment, and they seemed as if they’d seen a ghost.

“Bastard! Open the entrance!” Mo Daochen couldn’t help but berate loudly when he saw them like that.

The two disciples seemed as if they’d awakened from a dream, and they hurriedly opened up the restrictions that guarded the sect before standing afar at the side with humble expressions.

“Senior, please go ahead!” After experiencing that initial shock, Mo Daochen had slightly recovered from his shock, and he discerned that Empress Yu Che didn’t want to expose her identity. Thus, he acted extremely sensibly and didn’t mention Empress Yu Che’s name when he addressed her.

Empress Yu Che nodded.

It wasn’t that she was relying on her might to bully him because she hadn’t pressure Mo Daochen at all from the beginning until the end. All of this was done by Mo Daochen himself.

On the other hand, Mo Daochen felt that this was a matter of course.

All those years ago when he was still just an attendant, he had the fortune to pay Empress Yu Che a visit with his Master, Liu Ya’zi, so he was naturally clearly aware of how lofty Empress Yu Che’s status was. Even his Master, Liu Ya’zi, had to assume the formalities of a junior when meeting her!

“Xiao Ma, come here.” Chen Xi gestured at Xiao Ma who’d been dumbstruck in the distance.

“Oh.” Xiao Ma’s entire body trembled, and he hurriedly walked forward with a respectful and terrified expression.

“Senior, he is?” Only now did Mo Daochen notice Chen Xi, and he couldn’t help but ask respectfully.

“Chen Xun, a companion of mine.” Empress Yu Che explained casually.

“So, it’s Senior Chen Xun.” Mo Daochen hurriedly bowed, and he pondered in his heart. Chen Xun? Could this be another Imperial Monarch?

As they chatted, Chen Xi’s group had entered Spirit Sphere Sect under Mo Daochen’s lead.

After a long time passed, all the others in the surroundings had finally recovered from their shock. However, at this moment, their expressions were complicated to the extreme.

They finally understood that the woman wasn't pretending, and merely Mo Daochen's respectful and fearful attitude allowed them to clearly understand that she wasn't just simply an old friend of Liu Ya'zi's, and it was even to the extent that her origins were even more terrifying!

Dang! Dang!

A wave of grand ringing of bells resounded from within the sect in the distance.

"It's time. Those that're participating in the test, please enter the sect and wait. Other unrelated persons should wait on the spot." One of the disciples standing on guard before the entrance announced loudly.

The spirits of the others were refreshed, and they immediately passed by the others and entered the sect after their identities were inspected.

Only Meng Yuanqing was refused.

"Why?" He was extremely furious.

"You yourself are clearly aware of the reason." That disciple spoke with an emotionless expression.

"Because of Xiao Ma?" Meng Yuanqing wasn't an idiot, so he was immediately able to faintly guess this, and his face sank.

"It's good that you understand." That disciple spoke coldly. "I'm doing this for your own good. If Third Elder finds out that you'd once entered into conflict with that Xiao Ma, then you ought to be clearly aware of the consequences."

Meng Yuanqing was stunned, and he had an ashen countenance as if he'd lost his soul. Moreover, a strand of regret and frustration could help but arise in his heart.

I lost my chance to obtain the supreme fortune of taking a master and cultivating in Spirit Sphere Sect merely because of the son of a servant?

...

Row upon rows of pavilions covered the area within Spirit Sphere Sect. The hills in the surroundings were elegant and seethed with divine radiance, causing it to seem like a divine kingdom established amidst the mountains, and it was a rather magnificent sight.

The rear of the mountain.

This was a restricted area within Spirit Sphere Sect because the Supreme Elder, Liu Ya'zi, was in closed door cultivation here.

Mo Daochen acted according to Empress Yu Che's instructions and didn't disturb the others within the sect, and he left Chen Xi and the others directly towards the rear of the mountain.

"Master, an old friend has come to visit." He took a deep breath before he spoke respectfully before an abode.

"An old friend?" A low voice suddenly sounded out from within the above. "Daochen, exactly which old friend is it? If it's an ordinary person, then tell that person that I'm at a critical moment of my cultivation and I'm sorry for being unable to entertain them."

Mo Daochen glanced at Empress Yu Che with an embarrassed expression, and then he said respectfully, "Master, it's... it's that senior from Snow Ink Region. There already here."

"Who? Could it be..." That voice suddenly became heavy. In the next moment, the abode's restrictions rumbled as they opened, and then the figure of a thin old man appeared from within.

This person wore grey clothes, and his hair was white yet possessed the complexion of a child. Moreover, divine light flowed within his eyes, and his appearance was rather shocking.

However, his pupils suddenly constricted when he saw Empress Yu Che, and he cried out involuntarily with shock. "So, it's Senior Yu Che."

This person was naturally the Supreme Elder of Spirit Sphere Sect, Liu Ya'zi, and he was an existence at the peak of the Universe Enlightened Ancestral God Realm.

"After so many years, I never expected that you would already be only a single step away from stepping foot into the Imperial Monarch Realm. Congratulations." Empress Yu Che spoke indifferently.

"It really is you." Liu Ya'zi was excited and pleasantly surprised. He hurriedly said, "Quickly, quickly come in."

"Wait. Make arrangements for this little fellow first. I got him into trouble for something I said outside the sect." Empress Yu Che pointed at Xiao Ma as she spoke.

Xiao Ma seemed to be extremely perturbed. However, he wasn't stupid, so he hurriedly bowed when he heard this, and he said, "Greetings Senior."

"Make arrangements?" Liu Ya'zi nodded to Xiao Ma, and then he looked at Empress Yu Che with a puzzled expression.

"Exactly. This little fellow seeks the Dao wholeheartedly, and he can be considered to be fortunate to have been able to come here with me with the intention of joining your sect." Empress Yu Che explained casually.

Liu Ya'zi heaved a sigh of relief in his heart. He thought it was something major, but it turned out to be merely making arrangements for a young man to join the sect. This was simply not a problem at all for him.

He immediately looked at Mo Daochen, and then latter instantly understood his intentions and hurriedly said, "Don't worry Master. Leave this to me."

"Thank you, Senior." Xiao Ma was excited in his heart, and he suddenly knelt down and kowtowed without end.

"Ha! Little fellow, you place great important on ties and know to repay you debts. You really aren't bad. Work hard and cultivate in the sect from now on, and I guarantee your future will be limitless." Liu Ya'zi laughed lightheartedly.

“Let’s go, little fellow.” Mo Daochen raised his hand and helped Xiao Ma up, and then he bid his farewells to everyone before leaving swiftly with Xiao Ma.

Chen Xi was clearly aware that out of respect for Empress Yu Che alone, Xiao Ma wouldn’t be treated coldly within Spirit Sphere Sect at all.

“Senior Yu Che, please come in.” Liu Ya’zi beamed from ear to ear while he invited fervently. “I gathered some Divine Cloudwell Tea during these years, please take this opportunity to evaluate it.”

...

After the time for an incense stick to burn, two figure left Spirit Sphere Sect, and they headed towards the south of Logia Mountain.

“Didn’t the Grand Lord give you a piece of violet bamboo? Based on my deduction, the Arambha Temple is probably in the vicinity of Violet Bamboo Stream that Liu Ya’zi mentioned.”

“Yes, I’m of the same mind as well. However, according to what Liu Ya’zi said, the environment there is slightly unusual.”

“Let’s investigate first at least.”

These two people were exactly Chen Xi and Empress Yu Che.

Because of Empress Yu Che, Chen Xi practically didn’t have to put in any effort to obtain some information from Liu Ya’zi.

However, to Chen Xi’s regret, Liu Ya’zi was utterly unaware of what sort of power Arambha Temple was, and it was even to the extent that he wasn’t aware that any other power besides Spirit Sphere Sect existed on Logia Mountain.

However, the information Liu Ya’zi provided allowed Chen Xi to find out that Logia Mountain was filled with mysterious and unfathomable places, and it still hadn’t been completely occupied by the Spirit Sphere Sect even until now.

For example, the area where the ‘violet bamboo stream’ resided was an extremely dangerous area.

That area was filled with a mysterious and ancient restriction, and if one didn’t know the method to overcome them, then even Universe Enlightened Ancestral Gods would suffer calamity there and perish. It was extremely formidable.

In the annals of history, the Spirit Sphere Sect had dispatched experts over there to investigate on more than one occasion, but none of them survived in the end. This caused the Spirit Sphere Sect to fully abandon any intention to occupy that area.

However, this information caused a flash of inspiration to arise in Chen Xi’s heart. Because his Eldest Senior Brother, Wu Xuechan, had passed him a piece of violet bamboo before he came here.

Violet bamboo, violet bamboo stream.... There’s probably some sort of relationship between the two of them!

...

When Chen Xi sensed that they'd teleported for no less than five million kilometers in distance, he finally saw the place where the violet bamboo stream resided.

The first scene that entered his eyes was a quiet and beautiful gorge. An extremely clear stream flowed within the gorge. It twisted and turned, and a dense violet bamboo forest grew at the side of the stream.

Every single bamboo was ramrod straight and beautiful. They shot into the clouds while their leaves were suffused with violet radiance. As they floated in the air, they revealed a dreamlike hue.

The atmosphere here was tranquil, and only the tinkling of the stream resounded while the violet bamboo forest at the sides of the stream swayed with the wind and rustled.

If one wasn't aware that this place was filled with danger, one would think that this was a paradise isolated from the outside world.

Swoosh!

Chen Xi flicked out a strand of sword qi, and it tore through space and charged into the gorge.

Om!

Before the sword qi could even approach, the originally tranquil scene suddenly underwent a transformation. It emanated a strange fluctuation that caused expanse after expanse of violet mist to seethe and rise up, and it completely enveloped the gorge.

After that strand of sword qi entered the mist, it was like a clay ox that had fallen into an ocean, and it didn't even cause a trace of a ripple before it vanished without a trace.

Hmm? Chen Xi's eyes narrowed because he'd acute noticed that even his perception was unable to detect what was going on within the gorge any longer!

"This really is a mysterious and unfathomable divine restriction. Based on my observation, it's covered in killing intent capable of slaughtering gods and devils. Even if I took the risk and entered it, I would probably encounter extremely great danger." Empress Yu Che's clear eyes were suffused with a wisp of terrifying light, and her voice was slightly solemn. She'd been probing it as well, and she'd sensed the terrors within it.

"Looks like Arambha Temple might really be hidden here. Now, allow me to see exactly how formidable this divine restriction is." Chen Xi took a deep breath while a wisp of a strange expression suffused the space between his brows.

A divine restriction?

To someone like Chen Xi who came from Oracle Mountain and had attained extraordinary accomplishments in the Talisman Dao since a long time ago, it was obviously not very deterring.

"You intend to break open the formation?" Empress Yu Che spoke with surprise.

“If I’m able to locate a safe path through it, then I naturally don’t have to do that.” Chen Xi didn’t even turn around to look at her as he answered her question because the attention of his heart and mind had already been drawn over by this divine restriction that was before him.

### Talisman Emperor

#### **Chapter 1729: Five Star Imperial Monarch**

For an entire day of time, Chen Xi stood motionlessly and silently before the gorge, and he was like a clay statue.

Empress Yu Che didn’t disturb him, and she just stood quietly at the side.

She’d been aware since a long time ago that Chen Xi was a personal disciple of Oracle Mountain, and it was common knowledge that if it was in terms of attainments in the Talisman Dao, then it would probably be impossible to find another power in the Ancient God Domain that could rival Oracle Mountain.

Under such circumstances, Empress Yu Che was utterly not worried that Chen Xi would be unable to break through this divine restriction. Unless the might of this divine restriction had already exceeded the realm of Talisman Dao that Chen Xi possessed.

Time passed slowly, and another three days had past, yet Chen Xi still remained motionless. Only his slanted brows had gradually knit together, and he seemed to have encountered a problem that was difficult to deal with.

It was extremely difficult!

This divine restriction was extremely profound. The talisman formations contained within it were vast like an ocean and seemed as if they were created by nature. It was obscure and profound beyond his imagination.

It wasn’t just that. According to Chen Xi’s deduction, this divine restriction didn’t just contain the energy of Divine Dao Order, and it even converged the energy of Karmic Luck in the heavens and the earth and the energy from the hopes and desires of all living beings. It could be said to be inconceivable and otherworldly!

In this way, not to mention a Universe Enlightened Ancestral God, even an Imperial Monarch would probably suffer calamity within it. They would be trapped in it and completely lose themselves within it.

With Chen Xi’s current attainments in the Talisman Dao, he was merely able to recognize its profundities and discover the lethal dangers that were hidden within it.

However, if it was in terms of overcoming the formation, it was far from sufficient.

It wasn’t because of his attainments in the Talisman Dao, and it was because he was restricted by his cultivation!

In other words, the energy contained within this divine restriction was utterly not something that a Domain Enlightened Spirit God could overcome.

It was even to the extent that Chen Xi suspected that it would even be difficult for Empress Yu Che to accomplish it while receiving his guidance.

The reason was that the energy contained within the divine restriction was too profound like an abyss, and it seemed to accommodate the energy of the entire heavens and the earth within it!

This wasn't something that an Imperial Monarch could accomplish.

"Looks like the cultivation of the person that established this divine restriction was at least above the Imperial Monarch Realm." Chen Xi pondered swiftly.

This is an unknown area on Logia Mountain, and there are rarely any people that come here, so why would such a shocking divine restriction appear here? Obviously, something is definitely hidden behind this divine restriction.

In Chen Xi's opinion, it was definitely the Arambha Temple that lay behind the divine restriction.

It was even to the extent that he faintly felt that the expert his Eldest Senior Brother, Wu Xuechan, asked him to pay a visit to was the person that set-up this formation.

"Senior White, do you recognize this formidable?" Suddenly, Chen Xi had a flash of inspiration, and he summoned Senior White.

As soon as this proud, complacent, narcissistic, and bad mouthed old bird made an appearance, it roared furiously. "Little Fellow, you're really infuriated your Ancestor! Do you know that!? You actually confined me in that lousy universe within your body and showed no further concern to me. You're simply cold blooded, cruel, and unfeeling to the extreme!"

Empress Yu Che was surprised, and she sized Senior White up carefully. She noticed it seemed to be very gorgeous with snow white feathers, sharp claws that seemed to have been made of gold, and a crown of feathers that were suffused with seven colored divine radiance. However, she wasn't able to determine exactly what sort of divine flying beast it was.

She couldn't help but be surprised by this. Where did Chen Xi find it? It's actually completely different from the other divine flying beasts within the Ancient God Domain....

Chen Xi frowned, and he glanced at Senior White who was chirping on without end and said, "Are you done?"

It was merely three words, yet it caused Senior White's face to freeze, and it mumbled. "Your Ancestor, I, is broad-minded and forgiving, so I'll forgive you this time."

Chen Xi sighed in his heart. Fortunately, I didn't let this old bird out while I was at Phoenix Perch City, otherwise, who knows what sort of troubles it would have caused.

"Oh, this divine restriction? Since even you're unable to recognize it, then it looks like I have no choice but to make a move...." At this moment, Senior White raised his chest and proudly swept the gorge with his gaze. In merely a moment, its face froze, and it cried out. "This divine restriction was probably established by a Daolord. My god! Little Fellow, could it be that you intend to provoke a Daolord? That's no different than courting death."

A Daolord? Chen Xi's eyes narrowed while he said, "Cut the crap. I asked you if you recognize this formidable!"

Senior White opened its mouth yet was unable to say anything for a long time.

Obviously, it didn't recognize this divine restriction's origins as well.

Chen Xi glared angrily at it and said, "Move aside."

After that, he took a deep breath and muttered in his heart. Even Senior White doesn't recognize this formation. Looks like I can only rely on the inheritance from the Infinite Divine Talisman to search for a safe path.

Om!

As soon as he decided, the Infinite Divine Talisman in the universe within his body rumbled as it started circulating, and it revealed numerous mysterious and grand diagrams of divine talismans.

On the other hand, Chen Xi fused everything he'd discovered with the Infinite Divine Talisman and started to deduce it at full force.

The Infinite Divine Talisman was said to be infinite and encompass everything in the world. It was capable of deducing the essence and profundities of all divine talismans, and it was the supreme inheritance of Oracle Mountain.

At this moment, Chen Xi relied on the Infinite Divine Talisman to start deducing the divine restriction before him, and in an instant, countless strands of comprehension surged into his heart like a torrent.

...

Time flowed, and a few days passed without Chen Xi noticing it.

"Little Girl, based on your outstanding aura, you probably already a Five Star Imperial Monarch, right?" Senior White was free and bored, so it sized Empress Yu Che up briefly before speaking as if it knew her.

Empress Yu Che glanced at Senior White with surprise. Never had she imagined that this old bird would actually be able to see through her cultivation.

"Hehe. Don't look at your Ancestor in such a worshipping manner. Your Ancestor, I, still has a great deal of ability." Senior White spoke complacently and proudly.

Empress Yu Che's interests were greatly aroused, and she asked. "Oh? Then may I know who you are?"

"I can't say, I can't say." Senior White had a mysterious expression. "The origins of your Ancestor, I, is too shocking, and it'll only bring a great deal of calamity to you if I tell you about it."

Even with Empress Yu Che's temperament, she was almost unable to stop herself from rolling her eyes. Isn't this old bird a little too good at bragging? It's simply like a weirdo that loves to continue rattling on.

"You don't believe me?" Senior White grunted coldly. "Little Girl, if I'm not wrong, then you're cultivating the Imperial Region's Yu Clan's Boundless Void Accumulation Scripture, right?"

Empress Yu Che's pupils instantly constricted.

Senior White continued speaking confidently while its spit shot into the surroundings. “The Boundless Void Accumulation Scripture really is a rare and precious qi refinement technique, and it can bring forth unbelievable effects when utilized to temper one’s cultivation in the Sword Dao. Unfortunately, this cultivation has advantages and disadvantages, so it’s no wonder that your cultivation has remained stagnant at the Five Star Imperial Monarch Realm for so long without any improvement.”

Empress Yu Che cried out involuntarily. “How do you know that?”

Every single word Senior White spoke was simply like a thunderclap, and it shook her heart and caused her to be unable to maintain her composure.

Because she really had stopped at the Five Star Imperial Monarch Realm for a long time, and she still hadn’t found a way to advance until now. This had almost become a knot in her heart.

When Senior White saw Empress Yu Che act in this way, it became even more complacent and proud, and it said lazily, “What’s so difficult about that? You’re still too young, little girl, and you’re inexperienced.”

Empress Yu Che didn’t dare be disrespectful as she had been earlier, and she took a deep breath before she said, “Then may I ask if you know how to resolve this?”

Senior White glanced at her, and then it said calmly, “Nonsense. Since I’m able to expose the barrier you’ve encountered in your cultivation, I’m naturally possess a profound technique to resolve it.”

Senior White paused for a moment, and then it suddenly chuckled. “Do you want to know the answer? Don’t be embarrassed and beg your Ancestor. Your Ancestor, I, am very easily convinced, so I might really agree.”

Empress Yu Che instantly frowned, but she was really struggling in her heart because she really urgently wanted to deal with this barrier in her cultivation.

After that, she seemed to have thought of something, and she suddenly grinned and paid no further attention to Senior White.

At this moment, Senior White became slightly anxious instead and said, “Little Girl, this is an opportunity that’s difficult to come by in a million years. I would normally never provide anyone with guidance so easily, so you have to cherish it. Once you miss this opportunity, then you won’t have another chance in the future.”

Empress Yu Che said indifferently, “There’s no need. Perhaps I’ll be able to obtain the answer by asking Chen Xi later.”

“That kid?” Senior White almost exploded with laughter. “What the fuck does he know?”

However, in merely an instant, it was instantly stunned as it understood Empress Yu Che’s intentions, and it stomped its feet. “Very good! You intend to utilize that kid to force me to help? What venomous intentions! However, aren’t you underestimating my backbone a little too much....”

“What backbone?” Right at this moment, an indifferent voice sounded out from afar, and it caused Senior White’s face to freeze before it instantly shut its mouth.

It was exactly Chen Xi that spoke.

“Do you have an idea?” asked Empress Yu Che.

“Yes, I’ve already deduced a path, and it’s sufficient for us to pass through safely.” Chen Xi smiled as he nodded.

“Since it’s like that, then let’s set out immediately.” Empress Yu Che hesitated briefly before she decided.

“Wait.” Chen Xi gazed at Senior White and didn’t speak, yet it caused Senior White to feel utterly uncomfortable and be unable to help but mutter. “Little Fellow, what do you want?”

Chen Xi said, “What did you say earlier? Do I have to remind you?”

Senior White cried out. “Alright, you actually aren’t hesitating to bully your Ancestor, I, for the sake of that little girl. You’re simply befuddled from lust, and it makes me... very disgusted and aggrieved!”

Chen Xi frowned and said, “Trust me, I’ll confine you again if you continue spouting nonsense!”

Senior White instantly seemed as if it had been struck by lightning, and it became utterly listless. It tossed out a jade slip in an angry manner and said hatefully, “What a foul couple. How detestable!”

Foul couple....

The corners of Chen Xi’s mouth couldn’t help but twitch when he heard this.

Empress Yu Che’s gaze turned cold as well, and they shot out like blades and locked onto Senior White.

“Hmph!” Senior White unfolded his wings instead and circled in midair while crying out haughtily. “I’ve already given the method to you. So, are we going or not?”

Chen Xi passed the jade slip to Empress Yu Che, and then he said helplessly, “Senior White has a very bad mouth, so just ignore his existence.”

Empress Yu Che smiled instead. “I know.”

Truthfully speaking, she was already extremely pleasantly surprised that she was able to so easily obtain the method to deal with the barrier her cultivation faced, so she would naturally not make a fuss about it with Senior White.

“Then let’s go.” Chen Xi heaved a sigh of relief in his heart as well. He was really worried that Senior White’s foul mouth would infuriate Empress Yu Che.

“Yes.” Empress Yu Che nodded.

“Let’s set out!” Senior White was in high spirits.

Chen Xi immediately took the lead while Senior White stood on his shoulder, and Empress Yu Che followed closely behind him as they walked towards the gorge that was enveloped by violet mist.

[Talisman Emperor](#)

**Chapter 1730: Mysterious Place**

Visibility was almost zero within the seething violet mist, and this strangely silent atmosphere was filled with boundless killing intent.

At this moment, even Senior White and Empress Yu Che had solemn expressions, and they didn't dare let their guard down. After all, this was a restriction established by a Daolord, and it was too terrifying.

Swish!

The violet mist surged and drowned their figures within it.

Chen Xi seemed to be extremely confident. He strode along a strange route, sometimes turning back, sometimes stopping, and sometimes flashing forward swiftly.

During this entire process, all sorts of phenomena like lightning, tidal waves, volcanoes, spatial rifts that lay across the heavens and the earth like an abyss, the roars of ancient Fiendgods, torrents of blood pouring down, ghastly skeletons and corpses piled up on the ground.... Every single one of these phenomena appeared frequently and represented a form of lethal danger!

However, they were always able to brush past these dangers under Chen Xi's lead, and they were barely able to avoid them.

All along the way, they encountered no danger. But even then, it still caused Senior White and Empress Yu Che to have solemn expressions and seem extremely vigilant.

Both of them were very clearly aware that if Chen Xi wasn't leading the way this time, then they would have probably activated a divine restriction and caused boundless killing intent to descend.

Later on, the scenes ahead grew even more terrifying. Sometimes there were spatial black holes that swallowed the surroundings, sometimes there were a myriad of stars exploding simultaneously into pieces and causing a rain of brilliant light to descend before the entire universe was obliterated along with them....

It wasn't an illusion, and it had really occurred. However, Chen Xi's group had avoided these dangers before they occurred, otherwise, if they were swept into it, then the consequences would be unimaginable.

At this moment, even Chen Xi had a solemn expression, and his eyes rumbled with divine light and emanated a shocking glow.

This divine restriction was too horrifying indeed, and if one went head on against it, then even an existence at the Imperial Monarch Realm would probably perish within it!

It was no wonder that the Spirit Sphere Sect still hadn't overcome this divine restriction until now. Because if one didn't possess extraordinary attainments in the Talisman Dao or a supreme cultivation at the Daolord Realm, it was utterly impossible to surmount this divine restriction.

This caused Chen Xi to be even more careful and cautious. Sometimes, he didn't even take a single step for two hours, and sometimes, he moved over 5,000km in distance within an instant.

At this moment, he seemed as if he could predict the future as he moved through this divine restriction that was filled with danger, and he intended to form a safe path of his own.

Bang!

Two days later, a completely bright silver divine ape suddenly charged out from ahead. It was around 300m tall, and it had a snow white beat bone spear in its hand as it charged explosively through the air.

This expanse of space suddenly exploded into pieces, and its terrifying killing intent caused Chen Xi to feel suffocated and reveal an expression of shock.

“Yu Che, attack! You must kill it within 60 breaths of time!” Chen Xi spoke swiftly via voice transmission in a voice that carried a wisp of an anxious tone.

Clang! Clang!

Before Chen Xi could even finish speaking, Empress Yu Che had already attacked ferociously. The Skyruin Sword and Avīci Hellsword transformed into two shocking rays of light that whistled over.

Rumble!

It was like the heavens and the earth had split apart and collapsed while blazing divine radiance swept towards the surroundings, and it pressured Chen Xi to the point his figure staggered back.

In the next moment, Empress Yu Che was actually blasted back.

“How weak! Die!” The silver divine ape sneered with disdain, and its voice was like a thunderclap that shook the soul.

Bang!

It swung its arm, and the bone spear crushed through space as it assaulted them once more.

Empress Yu Che revealed a solemn expression. She took a deep breath and utilized her full strength to fight it.

For a time, sword qi swept out horizontally and vertically while the images of spears flickered. It truly seemed as if they were on the verge of blasting this place into pieces and transforming it into a scene of desolation.

After all, Empress Yu Che was an Imperial Monarch, yet the silver divine ape was actually able to fight her equally, and this obviously showed how terrifying it was.

“This won’t do. If she’s still unable to kill this animal, then that safe path will vanish completely....” Chen Xi had an extremely gloomy expression while he felt anxious in his heart.

He was unable to interfere in this battle, and it was even to the extent that once he was swept into the battle, then he would be immediately annihilated on the spot without any room to resist.

Right at this moment, Senior White suddenly started speaking in a profound manner.

Empress Yu Che’s entire body shook before her figure suddenly flashed, and then she stabbed the Skyruin Sword in a inclined arc and into space. The blade hurt in the air before descending like an ocean torrent. At the same time, the Divine Energy within her body roared like a dragon, and then converged within her palm before it suddenly shook.

Swoosh!

In an instant, the imposing aura of the Skyruin Sword suddenly rose explosively.

Bang!

It forcefully blasted the silver divine ape flying and caused it to let out a furious roar.

This caused Empress Yu Che to feel slight disbelief because she was absolutely unable to accomplish this in the past.

However, before she could recover from her shock, Senior White's voice resounded once more.

Clang!

Empress Yu Che practically instinctively utilized the sword in her hand and swept it in an arc in midair. It seemed like Yin and Yang had been sliced apart, yet it revealed a flawless and ghastly scene.

Pu!

This strike actually slashed off one of the ape's arms!

The blood of a god sprayed while the ape roared furiously without end, and it seemed to be in disbelief and became extremely violent.

At this moment, Chen Xi finally came to a slight understanding. Senior White wasn't providing her with exact moves, and it was a form of unique technique to utilize the Divine Energy within her body. It was precisely this method that allowed Empress Yu Che's control of the Divine Energy within her body to instantly attain an obvious increase by an entire level. So, its might rose explosively along with this, and it attained such a shocking effect.

Senior White spoke swiftly and narrated sentence after sentence of a profound and obscure technique. Under such guidance, Empress Yu Che fought more and more bravely, and she was unstoppable. She attacked the silver divine ape to the point it was blasted back repeatedly while blood sprayed violently, and it was actually unable to hold its own.

On the other hand, Chen Xi felt extremely astounded as he watched from the side. Never had he imagined that this proud, complacent, narcissistic, and foul mouthed old bird, Senior White, could actually guide an Imperial Monarch in battle. Moreover, he seemed to be so commanding and capable.

Looks like this old fellow is full of secrets. Chen Xi seemed to be lost in thought.

Pu!

A world shocking howl resounded as the silver divine ape's head was chopped off, and it shot into the sky while its enormous body crashed to the ground.

In the outside world, this silver divine ape was capable of rivalling an existence at the Imperial Monarch Realm, yet now, it was directly annihilated by Empress Yu Che.

At this moment, even Empress Yu Che was stunned, and she was slightly unable to believe what she'd just accomplished.

“Hmph! I merely displayed some insignificant skill, yet it shocking both of you to such an extent. Both of you are still too young.” Senior White spoke complacently.

In merely an instant, the silver divine ape’s corpse transformed into a wisp of smoke that swiftly vanished on the spot, and if they didn’t witness it with their own two eyes, they would even wonder whether everything was an illusion.

After he witnessed this, Chen Xi’s expression became solemn as he said, “Leave this place quickly!”

Swoosh!

As he spoke, his figure flashed and charged forward.

Empress Yu Che naturally didn’t dare to hesitate, and she hurriedly followed him.

Rumble!

Right when they’d just left, this expanse of the heavens and the earth suddenly collapsed and transformed into a void abyss where nothing existed!

Obviously, they would have definitely suffered calamity if they were a step slower.

In the next part of the journey, no further ferocious beasts like the silver divine ape had made an appearance, but it became more and more dangerous.

It could be said that every step they took was filled with danger.

All along the way, even Chen Xi was slightly terrified, and he didn’t dare allow himself to be distracted at all.

Under such circumstances, Empress Yu Che who originally intended to seek guidance from Senior White had forcefully restrained herself from speaking in order to avoid disturbing Chen Xi.

However, she’d decided in her heart that she would look for an opportunity to have a proper discussion with this old bird.

She was slightly shocked indeed during the battle with the silver divine ape because the technique Senior White provided her guidance in wasn’t just able to improve her control of her Divine Energy, even her cultivation that had been stagnant until now showed faintly signs of loosening up and breaking through.

To a cultivator at her level of cultivation, this was simply even more precious than obtaining a great fortuitous encounter.

“We’re here.” Suddenly, Chen Xi let out a long sigh of relief as he spoke in a relaxed manner.

He strode forward as he spoke, and the scene before his eyes instantly changed. An expanse of quiet forest that was enshrouded by divine light had appeared, and it was extremely calm and peaceful.

Based on his initial observation, this quiet forest wasn’t grown in an orderly manner at all, and there were numerous plants that one would mistake for weeds and wild flowers if one didn’t look carefully.

Actually, all of them were rare divine herbs that grew in the forest, and they emanated strange of fragrance and were extraordinarily pure.

However, Chen Xi acutely noticed that the surroundings of these divine herbs were covered in the fluctuations of restrictions, and they were obviously planted here by someone.

Besides this, there was a limestone path amidst the forest. It winded deep into the forest, and it was impossible to catch sight of the end of it.

The atmosphere here was quiet, and the air emanated an aura that caused one's heart to become tranquil.

However, to Chen Xi's surprise, his senses were actually restrained by an invisible force after he arrived here, and he was actually barely able to sense an area of 500km!

It wasn't just Chen Xi, Empress Yu Che was in the same situation, and this caused Empress Yu Che who'd just relaxed to become vigilant once more.

Since the divine restriction was so formidable, then it obviously showed how formidable that 'expert' who resided here was, so they absolutely couldn't be careless.

"This place... is very unusual!" At this moment, even Senior White acted unusually and revealed a rare solemn expression. "If I'm not wrong, then we aren't in the Ancient God Domain any longer!"

What!?

Empress Yu Che and Chen Xi were both stunned. We aren't in the Ancient God Domain? Then where are we?

"In short, it's best to be careful because a person capable of changing the world like this is absolutely not an ordinary person." Senior White reminded. However, in the next moment, it showed its true colors and chuckled. "Of course, with your Ancestor, I, here, my present alone is sufficient to turn calamities into blessings."

Chen Xi and Empress Yu Che exchanged glances, and both of them felt speechless.

"I never expected that after so many years, more Fellow Daoists have been able to come here. Please come with me." Suddenly, a warm voice resounded. Along with this voice, a white deer that was suffused with a pure glow floated up into appearance in the air. It was completely snow white and untainted, and it had a single horn on its head, causing it to seem gorgeous and extraordinary.

As soon as it appeared, it nodded lightly to Chen Xi's group, and then it turned around and strode on the limestone path in the forest.

The hearts of Chen Xi and the others instantly shook. Earlier, they were utterly unable to sense exactly how the white deer had arrived here!

It was too mysterious.

This place was filled with an aura that caused awe to arise in one's heart.
