Chapter 27: Undercover

"I, I'm a grown man, what am I supposed to do going to gynecology?"

Su Fan panicked.

"Giggle."

Seeing Su Fan's frantic appearance, Bai Man laughed.

This proved that Su Fan really knew nothing. It was just a unilateral arrangement by that cheap woman Liu Ye.

"Aunt, didn't you, you stop her?"

Bai Man said with a smile.

"Why should I stop her? She loves to compete with me, so I just let her have her way."

"What?"

Su Fan was startled

It was only their first meeting today, but Su Fan could already tell that the relationship between Liu Ye and Bai Man was really bad, as if they were at daggers drawn. Bai Man would compromise with Liu Ye?

"Forget it, with your pig brain, I'd better tell you straight."

"Do you think the hospital is a marketplace? Currently, the quota for emergency department staff under my control is full, and they just happen to have a vacancy in gynecology. It's reasonable for her to want you there, and I can't stop it. Moreover, I need someone on my side around her. Do you understand what I mean?"

"You want me to be an undercover agent for you?"

Su Fan was shocked.

The hospital's playing these games too?

Bai Man nodded.

"Right now, that cheap woman Liu Ye is the biggest roadblock to me becoming the deputy director. I must know her every move, looking for flaws. If you can go to gynecology, that would be perfect, you could keep an eye on her for me."

"She thinks that just because she got you a chance to become a full-time employee today, you'll work for her. Little does she realize the family ties between us."

"So, you'll go to gynecology tomorrow to report in."

Su Fan thought for a moment.

Gynecology?

That Liu Ye didn't seem easy to deal with, but probably still better than this psychopath Bai Man, right? If he stayed with Bai Man, not only would he suffer from her torture at home in the evenings, but he'd also likely be in for a rough time during the day.

Moreover, his grandpa's dying request was that his Pure Yang Poison could only be suppressed by a woman's Yin essence, particularly by finding nine pure Yin women, this was the only hope for a cure. Gynecology might provide him the convenience of finding women.

"Alright."

Su Fan nodded.

"Hmm?"

But at that moment, Bai Man's eyebrows twitched, and her gaze towards Su Fan turned hostile again.

"You agreed so quickly, have you taken a liking to that cheap woman?"

Su Fan almost wanted to cry.

How could Bai Man's mood swings be so rapid? And what kind of thinking is that?

"Aunt, didn't you, you ask me to be absolutely obedient to you? I am just following your orders."

Bai Man stared at Su Fan for a while and warned coldly.

"Don't think that just because you had a stroke of luck at the hospital today and became an official doctor that you no longer need the support of me and Li Jian. Li Jian's and my family's status is beyond your imagination. If I want you gone, it's just a matter of one sentence. Understand?"

Upon hearing Bai Man's threat, a hint of coldness flashed in Su Fan's eyes. Dogs that bite never bark. He humbly said,

"I understand. I became an official doctor only by your grace, Aunt. If it weren't for you, I wouldn't even be able to enter the hospital door. I will definitely remember your great kindness."

Su Fan was close to kneeling on the ground.

This attitude pleased Bai Man.

"Good to know. Once you're in gynecology, keep a close watch on Liu Ye for me; I want to know her every move."

"By the way, how did you cure that little girl today?"

Bai Man asked a critical question, causing Su Fan's heart to skip a beat.
