Chapter 45 Being Targeted

In an instant, everyone's gaze shifted toward Su Fan.

Zhang Jing lowered her head in fright.

Su Fan sat back down, waiting until people's gazes dispersed.

Su Fan asked softly,

"The dean, Zhang, must be over fifty by now, and Dr. Wu is almost forty, this..."

"So what, have you not heard of a grandfather-granddaughter relationship? They're only apart by a dozen years."

Su Fan said awkwardly,

"What I mean is, 'thirty like a wolf, forty like a tiger,' Dr. Wu is at a fierce age, can Dean Chen even satisfy her?"

Zhang Jing's face turned red.

"Aren't you men only honest when you're hung on the wall?"

Su Fan was speechless.

Having grown up in the mountains, Su Fan certainly wasn't as worldly as Zhang Jing.

Zhang Jing then said,

"It's different for everyone. Dr. Wu wants a strong backer, Dean Zhang wants beauty and body; it's a trade of power for looks. Obviously, Dr. Wu won't end up on the losing side."

"Moreover, I'm telling you, besides Dean Zhang, Dr. Wu also has relations with several young guys in the hospital. She likes to unspokenly rule over the new medical assistants..."

As she said this, her gaze strangely sized up Su Fan.

Su Fan felt a chill.

"Don't tell me, she, she wants to rule over me unspokenly..."

"Hahaha."

Zhang Jing, who had been very sad, was amused by Su Fan.

"You seem tough, I didn't expect you to also have such a cute side. Theoretically, someone young and fit like you, she definitely wouldn't let you go, but you clashed with her old flame yesterday and slapped her today, she must hate you now, so she probably isn't interested in you anymore."

"Do you feel a bit regretful?"

"Regret what?" Su Fan was puzzled.

Zhang Jing said,

"Although Dr. Wu is already forty, she still has her charm and a full figure, especially her breasts, how big they are! She wears a tight bra to work. I followed her for a treatment once, she undressed, and I saw it with my own eyes, her chest, it was at least this big."

As she spoke, Zhang Jing gestured with her hands.

Almost as big as watermelons.

Su Fan looked at Zhang Jing in surprise.

Zhang Jing seemed meek and restrained, but she was very knowledgeable in this area and spoke quite boldly. Could this be the contrast she was talking about?

Indeed, what Bai Man said the other night was right, appearances can be deceptive, everyone has two sides.

I also play the fool in front of Bai Man, but today dealing with Liu Ye, I was downright rough.

"Why, why are you looking at me like that..."

Zhang Jing, caught staring at her, immediately looked down shyly.

Su Fan cleared his throat and continued to ask,

"Doesn't anyone else in the hospital know?"

"Especially Dr. Wu's husband."

"Of course they don't."

Zhang Jing explained,

"Dr. Wu's husband is no easy man, known for his explosive temper. If he found out, he would fight Dean Zhang to the death."

"Everyone thinks Dr. Wu's confidence comes from her husband. They wouldn't think too much about it, and there's an even more explosive secret."

"What secret?"

"Su Fan curiously asked Zhang Jing."

Zhang Jing smiled mysteriously.

"Want to know, huh? Then you've got to trade with me."

"Trade?"

Su Fan forced a smile.

"I'm an orphan, it's my first day on the job, and I'm broke. I don't have anything to trade with you."

Zhang Jing eyed Su Fan's muscular figure and her eyes rolled around.

"Then, promise me one thing."

"What's the requirement?"

Su Fan felt like he was being watched by a wolf.
