

Thank you 1011

Chapter 1011 Let's make up, alright?(3)

when she went downstairs, xiaomei did not know. she just walked out and opened the door.

The wind whistled and the umbrella she was holding was almost blown away. PEI Huan stood there and looked at old kan.

He too, looked straight at her. In the dark night, his black and white eyes were dyed with a touch of eagerness, and his voice was a little trembling. "huanhuan,"

PEI Huan pursed her lips and said coldly, "Come in and have something to eat!"

at this moment, old kan felt like he had returned to heaven from hell. his gaze shifted to her stomach, and his gaze became more fervent.

"come in!" pei huan said softly.

She turned around and was about to leave when old kan strode over and took the umbrella from her hand. He grinned. your stomach is not convenient. I'll hold the umbrella and support you.

PEI Huan let go of his hand and let him hold the umbrella.

Just like that, old kan was also satisfied and followed behind PEI Huan.

To his surprise, he could even take a hot bath first. After the bath, the servants at home also heated up the food.

old kan's clothes weren't here. he was only wrapped in a bath towel with his xiongnu touched, and he was eating like a beast.

PEI Huan also sat at the side, as if waiting for him to finish eating.

He had to admit that this feeling was quite wonderful.

old kan gobbled up the food like a tornado. after he was done eating, pei nan asked the young maid, "has mr. kan's clothes been dried?"

the maid was a little surprised and twisted her hands. "I've washed it in the washing machine."

PEI Huan couldn't let old kan walk out naked in the snow and finally gave in. "Let's sleep here for the night."

old kan was overjoyed and almost jumped up.

After a long while, he finally calmed down and rubbed his palms together. "Then, we're going to sleep?"

PEI Huan looked at him coldly and ordered the maid beside her, "bring him to the guest room."

old kan was a little disappointed, but it didn't matter. she didn't care about his life or death now, which meant that she was soft-hearted.

he was filled with hope, but pei huan only said softly, ” “Don’t misunderstand, Jian Mingzhu! It’s just because you’re the child’s father and I don’t want the child to be born without a father. That’s all.”

these few words made old kan’s heart turn cold, but he still stayed with thick skin.

Late at night, the lights in the villa were turned off one by one, but the fire in old kan’s heart couldn’t be put out.

He hadn’t been close to her for five months. He would miss her and their child. He wanted to feel the baby’s fetal movement with his own hands. It must be very magical!

Old kan thought so and did so.

his tall and burly figure nimbly climbed up to the second floor in the dark to find the room she usually slept in.

the bedroom was dimly lit by a dim yellow night light.

Old kan closed the door and walked quietly to PEI Huan’s bed. He lifted the blanket and lay down.

He was afraid that she would wake up, so even though he was lying beside her, he just lay there straight.

In the quiet of the night, he did not touch her for a long time. After a long time, his fingers moved and gently touched her bulging belly.

the child inside was his son.

a sense of pride rose in old kan’s heart, as if he had eliminated countless enemies.

his fingers caressed her little belly, wishing he could melt his fingers on it. Tears welled up in his eyes, and he felt like crying.

Chapter 1012 let’s make up, alright?(4)

he was a man, but he leaned his head on pei huan’s shoulder like a girl and said in a low voice, ” “Huanhuan, let’s make up, okay?” His voice trembled and he begged.

He knew that she was awake, and it was only in the middle of the night that he could say such shameless words.

PEI Huan was still lying on the ground, and her breathing did not change. She just lay there for a long time before she said softly, ” old kan, I’ve told you that you’re the child’s father. You can come and see him after the child is born, but that’s all.

When she spoke, she was really cold and indifferent, without a trace of humanity.

old kan remembered that when he laid down in the past, pei huan was like a little wolfdog, lying on the ground and clinging to him.

she liked his body very much. now, she didn’t even like his body?

old kan was a little unwilling to give up. his mouth full of beard moved closer and nibbled on her neck.

he held onto her arm but didn’t dare to hurt her. he kissed yingying randomly.

PEI Huan struggled for a while, but she couldn't break free. She didn't dare to move either because she could only walk now. She didn't want to risk the baby and be hospitalized.

Slowly, she calmed down and stopped struggling. She said in a cold voice, "if you want a woman, you can buy one! Or, there are many women who are willing to throw themselves at him."

her words were extremely mean, describing him as a gigolo-like existence.

Old kan was also a proud man. He slowly sat up and reached out to turn on the bedside lamp.

the sudden bright light made pei huan shrink back instinctively. she turned her back and did not look at him.

Old kan took a while to suppress the fire in his heart. Looking at her thin shoulders trembling slightly, he felt very uncomfortable.

after a long time, he said in a rough voice, "PEI Huan, you don't have to be like this! i'll just leave."

He stood up dejectedly. His clothes were wet, and he was wearing them so wet. When he left, he stood at the door of her bedroom and looked at her for a long time. He knew that she would not ask him to stay, but he could not help but look at her again.

PEI Huan did not say anything and did not ask him to stay.

old kan finally left. when he pushed open the door and went out, the clothes on his body were frozen, and his skin hurt from the cold.

However, no matter how painful it was, it couldn't compare to PEI Huan's heartache. Her words were like a knife that stabbed into his heart.

But he also knew what she was thinking. She really didn't want to reconcile with him.

When a woman said that to a man, there was no hope.

Old kan's heart was filled with sorrow as he walked step by step to his car. He didn't turn on the heater and just sat there all night, wet and cold.

at daybreak, old kan woke up in a daze with a high fever. after being covered in sweat, he felt cold.

he turned around and looked in the direction of the villa, his eyes a little cloudy.

He glanced at it in a daze and remembered that he had a X-ray to shoot in the morning, so he started the car and slowly drove away.

His head was getting hotter and hotter, and his vision was blurry. He touched it and found that he was sweating.

Old kan felt that he couldn't drive anymore and slammed on the brakes, but the car behind him crashed into him.

With a screech, four to five cars crashed into Xuxu.

Bang Bang Bang. It was like the firecrackers during the new year. It was very lively. Fortunately, the speed of the car was not fast, and there were no casualties.

When old kan was helped out, he was already half unconscious. Someone called 120 for him and he was carried into the car.

Chapter 1013 Let's make up, alright?(5)

in his daze, old kan even called out 'huanhuan' a few times.

the medical staff found his cell phone in his pocket. "sir, do you need to inform your family?"

old kan forced his eyes open. his eyes were in a daze, and the corners of his mouth were so dry that there were blisters. even a slight movement would hurt. he shook his head and smiled. "i don't have any family."

After a long while, she said softly, "The money is in my wallet."

after he finished speaking, he passed out again.

Xuxu was hospitalized and did not appear in front of PEI Huan for half a month.

She also stood by the window and watched him for half a month. He still hadn't come.

PEI Huan turned around and lay down on the bed carefully. She thought that he probably would not come again.

That was good. He didn't have to be troubled, hesitate, and struggle anymore.

just like that, the chinese new year arrived. pei qiqi and tang yan went to stay at tang zhiyuan's yan hui for two days. after chinese new year's eve, they stayed at lin yun's place for a few days. this could be considered as pei qiqi's love for her daughter ending.

when she returned to the rose garden, she was a little worried about pei huan and called xiaomei.

On the other hand, PEI Huan was fine. She only said that old kan did not come again.

xiaomei probably had the same thoughts as pei qiqi. she felt that old kan had feelings for pei huan. by telling pei qiqi this, she wanted pei qiqi to find out more.

PEI Qiqi hung up the phone and turned to look at Tang Yu. She pursed her lips, "I guess something happened to old kan."

Tang Yu also nodded, "let's call and ask!"

He was a man and could tell that old kan cared a lot about PEI Huan. Otherwise, he would not have stayed by her side for a few months.

pei qiqi dialed old kan's number and found out that he was hospitalized.

"i'll go and take a look!" "even if it's not for pei huan, old kan used to treat me very well," she sighed.

tang yu took her to the hospital.

Old kan was about to be discharged from the hospital, but he looked Haggard.

when pei qiqi arrived, he was smoking by the bed. when he opened the door, he was surprised to see pei qiqi at the door.

“which manul told you i was here?” He only said that he was hospitalized, but he didn’t say that he was in this hospital.

pei qiqi put down the things she was carrying and looked around at the mess. she frowned, ” look at how you’ve been living on your own. You probably haven’t had a proper meal since you were hospitalized.

Seeing old kan like this, her heart softened. She quickly tidied up and placed the food she had brought on the small table.

old kan was enjoying the food, but his eating speed became slower and slower. he asked softly, ” “You didn’t tell her, did you?”

“we’ll talk after eating.” PEI Qiqi’s voice became gentler.

old kan quickly removed all the food from his bowl and then sat down like a police dog, waiting for pei qiqi to speak.

pei qiqi was speechless but she still said, ” “xiaomei told me. she said you haven’t been on guard for many days, so i’m worried.”

old kan’s eyes were a little disappointed. after a long time, he asked, ” “She didn’t ask?”

“Old kan, PEI Huan is not as willful as before!” She said seriously,”if she forgives you easily, she might abandon you again!” but she didn’t. she didn’t take revenge, which means she really loved you. she loved the child so much, so you still have hope.”

old kan was silent for a long time before sighing, ” “I was the one who broke her heart.”

he didn’t say anything more. he just smoked two cigarettes and sent pei qiqi out.

Tang mo stood outside and the two men looked at each other. The atmosphere was quite subtle.

Chapter 1014 shen lian is slapped in the face (1)

tang yu turned around and walked further away. he rubbed his nose.

Old kan looked at PEI Qiqi and said in a calm voice, ” Qiqi, take care of her for me when you have time.

pei qiqi nodded, ” i will! ”

after that, old kan no longer appeared in front of pei huan. however, pei huan did not know that old kan would still come over in the middle of the night. he stayed by her side for the entire night. however, this time, he drove his car to the back of the villa and she could no longer see him.

just like that, the early spring passed without much of a change, and all things recovered.

B city had just experienced a cold winter, and it was only when it was spring that the entire city seemed to have come to life.

Jin Taihe's 'Zhen Zhu' advertisement was all over B city. He spent a huge amount of money to make PEI Qiqi unhappy.

early in the morning, pei qiqi sat in old zhao's car and drove through the city's reinforced concrete.

Old Zhao watched from the front and said with some dissatisfaction, " " the advertising star that jin taihe found also looks like our sir! "

pei qiqi didn't notice it at first, but now that she looked at it, it was true.

She smiled and did not say anything.

however, old zhao had something to say. he had long found shen lian an eyesore so he began to gossip with pei qiqi, " I heard that Shen Lian even had an affair with that male celebrity!

"i spent 10 million to have that male celebrity serve me for a night!" old zhao said with disdain.

pei qiqi laughed,"uncle zhao, how did you know about this?."

old zhao said proudly, " my daughter is a fan of that male celebrity. this news has spread among the fans. they even got a backup. they said that they must protect their idol well and not let a disabled person like shen lian destroy him. "

pei qiqi laughed, " that male celebrity is quite a white lotus. he was obviously slept with because of money, but he still wanted to clear his name and pretend to be the victim. "

old zhao nodded. " that's right! You're so silly and sweet that you lied to my daughter! oh right, she's also in boss qin's company. she's the one who was rumored to be with heavenly queen ye a while ago."

PEI Qiqi remembered when he said that.

Ye Liangqiu was afraid that this scandal was also created by this young man himself!

however, ye liangqiu didn't clarify, so she must have her own thoughts.

PEI Qiqi was a little curious about ye Liangqiu.

old zhao mumbled to himself again,'come to think of it, heavenly ye is about the same age as boss pei! I heard from my daughter that in the beginning, Empress Ye Wanwan,"

he was a little mysterious. " i was also sneaked on by president qin. "

Not many people knew about this. It seemed that King didn't allow anyone to talk about it, so old Zhao was just gossiping.

PEI Qiqi was a little surprised. Ye Liangqiu looked quite cold and Qin Anlan hid her. She couldn't imagine how Qin Anlan was so merciless when she told her that the two of them had a relationship.

old zhao said this all the way until he finally sent pei qiqi back to the company.

The moment PEI Qiqi walked in, little Wen followed her with a serious expression.

pei qiqi paused and watched as she closed the office door. then, she frowned, ” “Is the test report for plot G55 out yet?”

xiaowen nodded and lowered her voice,”he’s out!” the soil is filled with pollutants in the deeper layers.”

“did shen lian get the report?” pei qiqi took it and asked as she looked at it.

xiaowen smiled and said,”i got it!” right now, they should be like ants on a hot pan!”

pei qiqi’s voice was light,”of course! the G55 and that piece of land are worth tens of billions of dollars. now that they’re facing the risk of being seized, of course she’s anxious.”

xiaowen was also pleased. ” who asked her to be so bad! “

Chapter 1015 shen lian’s face is slapped, slap slap slap slap (2)

pei qiqi put down the documents in her hand and smiled, ” “We’ll just wait for her to dig her own grave!”

She paused and reminded Xiaowen. if there’s nothing else, don’t provoke President Shen. Otherwise, if she blames us for her own bad luck, I can’t afford to take responsibility.

” yes, ” xiaowen replied. ” boss pei understands. ”

she felt that every day at work was very exciting. she felt happy just by looking at shen lian’s unlucky face!

in the past, she had only thought that boss pei was smart and quick to learn and do things.

however, boss pei, who was only twenty-three years old now, was a little more astute.

xiaowen’s face was full of admiration.

pei qiqi glared at her, ” you’re as successful as pei huan now. ”

speaking of pei huan, pei qiqi remembered that pei huan was about to give birth in a month and she couldn’t take care of her every day. she wanted to let her stay in the hospital a week earlier and let xiaomei take care of her. that way, it would be safer.

pei qiqi went to see pei huan in the afternoon and told her her plans. pei huan agreed and was ready to move in in half a month.

These few days, Tang Yu was on a business trip so PEI Qiqi was a little late to return home. Old Zhao was still driving.

When they arrived at the Rose Garden, they saw a red sports car parked at the gate. There was a woman in white next to the car. It was a little strange at night.

“It’s Shen Lian.” old zhao’s voice was a little tense. what was this crazy woman doing here in the middle of the night?

pei qiqi’s eyes were cold, ” uncle zhao, stop the car. ”

old zhao was shocked. ” young madam, this woman has gone crazy. you can’t care about her! ”

“Look at how she parked her car here. How can I get in?” PEI Qiqi smiled and opened the car door, ” ” don’t we still have you? there are bodyguards behind her too. we don’t have to be afraid of her. ”

Old Zhao stopped the car and immediately followed. He couldn’t let young Madam be at a disadvantage!

shen lian was dressed in white and her face was pale. those who did not know would think that she was running to a funeral.

pei qiqi walked over and faced shen lian.

Shen Lian’s gaze landed on PEI Qiqi’s little face. After a while, she sneered, ” it’s been so long since we last met. PEI Qiqi, you’re still the same as before.

“it’s my honor to be hated by you.” the corners of pei qiqi’s lips curved up, ” it’s so late. what’s the matter? ”

Shen Lian hated her even more when she saw how calm and collected she was.

she squinted her eyes and looked at pei qiqi, ” you must be very proud of yourself right now, right? ”

PEI Qiqi smiled, ” if I was the one who bought that piece of land, then President Shen’s situation today would be the same as mine. Just think about it, how could I be proud of myself!”

Shen Lian glared at her and sneered,”PEI Qiqi, when did you learn to be such a hypocrite?.”

“really? why didn’t i know?” PEI Qiqi still smiled indifferently, ” President Shen, it’s not good to be at someone else’s door so late at night. Please give way.

Old Zhao also chimed in,”that’s right, we’re going back!” Young lady Shen, you are blocking the way.”

” pei qiqi, this road is public. it doesn’t belong to your house. ” Shen Lian was a little rascal. Coupled with the fact that she had some wine, she was even more unscrupulous.

PEI Qiqi chuckled,”what a coincidence. This road also belongs to my house.” &Nbsp;

shen lian wanted to argue that it was tang yu’s but pei qiqi already said, ” “Under my name,”

she raised her voice,”old zhao!” President Shen won’t leave. Call security over.”

shen lian sat in the car and the window rolled down. “I’ll see who dares to chase me away!”

Was he going to be a scoundrel to the end?

Chapter 1016 shen lian is slapped in the face (3)

Translator: 5496903pei qiqi looked at old zhao. old zhao understood and made the call.

In the middle of the night, a large shovel truck drove over in less than ten minutes. The heavy body of the car rolled over the ground, causing the ground to tremble and the sound of rumbling.

shen lian finally realized.

“Shovel that car away and throw it wherever you want!” Old Zhao commanded.

as the shovel car moved forward, shen lian’s eyes widened. she immediately started the car and drove back.

what a joke, if it was dug down, her car would probably be scrapped.

The expensive sports car kept backing away and shoveling the car forward, forcing her to the end of the road.

PEI Qiqi got back into the car, ” old Zhao, you can drive.

old zhao started the car again and looked at pei qiqi through the rearview mirror, ” “Young Madam, you’re not angry?”

“What’s there to be angry about?” PEI Qiqi chuckled and rolled down the window. She looked out at the endless night sky and smiled, ” he’s just a frustrated drunkard.

Old Zhao was quite angry. she just wanted to bring bad luck. She just didn’t expect young master to be away.

PEI Qiqi watched as Shen Lian drove the car back to the entrance. She didn’t seem to want to leave and smiled, ” call a few reporters over.

Old Zhao was stunned for a moment, then he laughed.”that’s a good move. i probably won’t dare to stay here in the future.”

Outside the door, Shen Lian was holding a bottle of wine. Her crying face at the entrance of the Rose Garden was captured by the reporters. Shen Lian looked up and her face was covered in tears.

There was also shock and disbelief.

“Don’t take photos, don’t take photos!” she waved her hands frantically to stop the cameras.

However, her voice was drowned out, and it sounded extremely hoarse in the dark night.

the reporters were like man-eating ants, swallowing her whole.

she stumbled to her feet and wanted to get into the car, but she was surrounded by the reporters and could not move an inch.

shen lian hugged her hair and broke down.”get lost, you guys get lost!”

However, the more she broke down, the happier the reporters were.

“president shen, may i ask if you’re here because you’re unwilling to give up?”
The reporter raised a sharp question. is it that important to have a man who doesn’t love you? ”

shen lian glared at that person and said sternly, "who said he doesn't love me? who said he doesn't love me?!"

She covered her head and said, "get lost, get lost, you hear me?" I'm the mistress of this place. Get lost, or I'll call the police."

She looked hysterical when she was drunk, and the reporters took a flurry of photos of her. the rose garden mansion.

pei qiqi was standing in the living room when old zhao came over, " he's finally gone. "

"it's been so lively for half a day, it's time to disperse." pei qiqi smiled, "uncle zhao, you should go to bed early!"

old zhao left. pei qiqi stood in front of the window and looked at the endless night sky.

shen lian, are you in pain now?

does it hurt?

But in the end, Tang Xin was even more pained that ran ran was your sister. How could you bear to hit her so hard?

You clearly knew what she would do, but you still did it.

In your heart, are you so selfish that you don't have any family?

PEI Qiqi didn't want to become someone like Shen Lian. Although Shen Lian was detestable, she knew that she still had some good intentions towards her.

However, Shen Lian was still stubborn and went further and further away.

Shen Lian's scandal in the Rose Garden had been exposed and her image had taken a huge hit. The shareholders of Jin Taihe were suspicious and dissatisfied with such a person in power.

She was the one who planned Mingzhu, and now that there was such a big loophole, President Shen was still in the mood to be troubled by love?

Chapter 1017 seize! i, seven might!(1)

shen lian's actions were definitely not what a decision maker should be doing.

although the shareholders did not say it explicitly, they had discussed it in private and had the intention to replace shen lian.

of course, shen lian understood, but she was unable to change the current situation of li zhu.

he went to countless departments, drank a few times, and gave out a lot of wine, but no one dared to make any guarantees.

"president shen, things are different now! This matter has blown up so much that we'll let it pass now. In the future, if anyone doesn't think things through, they'll be keyboard warriors and I won't be able to protect this hat on my head, not to

mention your house.” someone patted her shoulder. ” but since you’re so kind, i’ll give you some directions. ”

“What?” Shen Lian tilted her head.

director zhang smiled, ” attracting foreign investment. the higher-ups had always been generous with their funds. as long as we find a large foreign-invested company and give up a little of our shares, this matter won’t be difficult to solve.”

“Isn’t this the same as giving it up?” Shen Lian looked at chief Zhang with some caution.

“How can you say that I’m giving it to someone else?” president shen, this is a cooperation.”

He saw that Shen Lian’s expression had loosened and coughed,”we have to learn how to be flexible in business, right?”

Shen Lian considered for a long time before saying softly,”jin taihe wants the controlling shares.”

“This might be a little difficult.” “It’s hard to pass if the title doesn’t change.”

Director Zhang’s expression was somewhat forced.

he paused. ” there are many floating people in B city. yu zhu’s matter has been so fierce, but as long as the boss changes and the name changes, it won’t be so conspicuous, right? so ... ”

“I don’t agree.” Shen Lian raised her head. even if I have to leave that building there, I will never hand it over to anyone.

She wouldn’t let PEI Qiqi laugh at her.

director zhang looked at her and smiled warmly. ” president shen, you can’t be so sure about your words! You should reconsider this, okay?”

“There’s no need to consider this matter,” Shen Lian’s tone was a little stiff.

Director Zhang chuckled,”I’d better reconsider!” president shen, you can’t go against money.”

these words touched on shen lian’s situation. after she endured for a month, the construction of the house stopped.

The test results were not satisfactory. Many completed buildings had to be demolished to clean up the underground pollution before they could start work again.

this was a huge sum of money that could not be estimated. under the denouncement of jin tai and the shareholders, shen lian made contact with the newman group in france.

newman invested 30 billion to build the new city, accounting for 51%, and changed the name of the city to ‘elegant building’.

Even so, Jin Taihe's shareholders were very dissatisfied. They strongly blamed Shen Lian for the failure of her investment. Just this one incident caused Jin Taihe to lose more than 20 billion Yuan. This was only the beginning. No one knew what would happen next.

There were many voices from the shareholders who wanted to remove her management rights. Shen Lian knew that they were reluctant to part with their shares. As long as ya Zhu was around, their dividends would shrink at the end of the year.

she was attacked from both sides and had no choice but to sell 20% of jin taihe's shares to newman company under director zhang's introduction.

as for ya zhu, it was taken out of jin taihe's capital system and became shen lian's private investment.

but she didn't dare to let anyone know about this. if anyone knew about this, her position in jin tai he would be difficult to guarantee.

shen lian knew that she was taking a risk. however, she believed that the high quality of the elegant building would definitely sell well.

Chapter 1018 Seize! I, seven might!(2)

The only thing he could not wait to do now was to clear his name.

the land with the source of the pollution occupied one-fifth of elegant building. they spent a huge sum of money to demolish the building that had already been built and clean it up. that area was finally planned to be a green belt in the community.

this was unique in B.

because of her own personal interests, shen lian was against it. however, the foreign manager from newman company coldly said to shen lian, " miss shen, you don't know anything about marketing! it's hard for me to imagine how a person like you can be a CEO."

Shen Lian was so angry that she wanted to vomit blood.

in the end, she had no choice but to compromise, because the other party's company took 51% of the shares.

However, it was later proven that Newman company was right. They were definitely not as brutal in dealing with crises as Shen Lian. They only wanted to cover it up by bribing officials.

In response to the most concerned issues of the buyers, the water pipes of the elegant building were all custom-made with steel and thickness. It was a three-layer structure with a vacuum in the middle to ensure that even if there was pollution in the land, it would not invade the pipe for 200 years.

Newman Corporation had also held a demonstration, which received a lot of good reviews.

The problem was solved.

newman company did not let shen lian off easy either. they required her to be present for many activities and operations. shen lian felt that the cold and aloof foreign executive was interested in her and wanted to see her every day!

Those days were like a nightmare to Shen Lian ...

every day, when she dragged her legs home, the place where her limbs were cut off would be in pain.

however, a month later, elegant building started to work again with a brand new attitude. shen lian's heart was extremely satisfied.

Looking at the land that had once stopped work due to pollution, she felt that she had come back to life again. It was now covered with grass and a large number of trees. There were even birds perched on it.

Because the surrounding subway lines were starting construction at the same time, the price of the house in elegant building was 60000 Yuan per square meter, and the villa area was 100000 Yuan. The pre-sales situation was very hot.

This was all thanks to Newman group's marketing. They first pointed out the problems of elegant building's past and then released a large number of videos to prove that there was no problem living here. The living environment here was even better than other communities.

On the day of the official opening, ten high-rise buildings and five villas would be opened for sale within a day.

Shen Lian could tell how powerful the foreigner was. That night at the celebration party, she threw herself into the arms of the foreign man named Jack and successfully climbed into his bed.

Jack accepted them all, saying that she was the most charming little thing in the East.

For a moment, Shen Lian was the only one who could do it.

.....

in the rose garden, pei qiqi was lying on her bed and reading the news lazily.

tang yu came out of the bathroom wearing only a bathrobe, " what are you looking at? " He lifted the blanket and lay down beside her.

His body had the coolness of someone who had just taken a shower. PEI Qiqi was a little cold, so she threw her phone to him and buried her face in his chest. Her little hands were also moving restlessly below her.

"I'm guessing you're not wearing anything underneath." she bit his heart, her voice muffled.

tang yu took her phone but didn't look at it first. instead, he patted her head, " "qiqi, this is a man's line."

"But you've never said it even once," she said softly as she hugged him.

Mr. Tang turned his head and saw that she was wrapped up like a lamb in her thick pajamas. He felt quite embarrassed.

pei qiqi's eyes sparkled as she looked at him, full of anticipation.

Tang Yu chuckled. It seemed like his little one wanted to play some games tonight.

He reached his hand out and moved it up her pajamas.

Chapter 1019 Seize! I, seven might!(3)

pei qiqi bit her lips and said in a weak voice, ” “tang yu?”

He kissed her small lips and said in a low voice, ” Qiqi, don’t move.

a thin and small thing fell to the ground.

At this time, his fingers caressed her red lips again. His eyes were clear and bright, revealing the charm of a mature man. His voice was low and hoarse. Mrs. Tang, I guess there’s nothing in your pajamas.

She laid on her back and tugged at his bathrobe. “you can check it, mr. tang.”

he turned over and kissed her, following her heart.

as her breathing became chaotic and unbearable, he raised his eyes and looked at her. “Mrs. Tang, is this the way to check?”

She was aroused by him and took the initiative to kiss him with her slightly swollen lips like a little kitten. Her small hand hung around his neck, and her body was soft.

Tang Yu’s soul seemed to have left his body. He patted her, ” little thing, what’s the rush!

He hit her like this, and she actually started crying. Two drops of tears fell from her long eyelashes and stuck to her thick long eyelashes. Her small nose was also red, and it was indescribably moving. tang yu’s heart softened and became warm.

His big hand hit him twice again, and this time, he was in trouble. She cried and kicked him, saying that she didn’t want him anymore.

however, this kind of crying was also sweet. he held her down, and his heart was filled with unspeakable satisfaction. he was even more excited. this was probably the bad nature of men.

tang yu indulged in her once without a care. after it was over, the little guy lay in his arms and continued to cry like a child.

Seeing her like this, he couldn’t help but feel a little remorseful and wondered if he had hurt her.

He immediately checked carefully, and as soon as he moved, the little person cried again and said he was bad.

“qiqi, let me see if you’re hurt.” He coaxed her gently and reached out to check the place where he had been.

She willfully kicked him with her small foot and turned her small face to the side in a Huff. “No, I didn’t,”

“why would it hurt if i didn’t?” He probably knew what was going on. He smiled and pulled her into his arms.

PEI Qiqi's voice was like a little lamb as she pouted, "you hit me."

"that's love." He admitted that he had hit her a little too hard just now, but whenever he hit her, she couldn't stop the pleasure, as if she was addicted.

PEI Qiqi glared at him, "you're shameless."

"Then I'll be even more shameless." Mr. Tang felt that since his little wife thought of him this way, he should be a little more beastly.

Hence, he pressed her down and one, two, three, four, five, urged PEI Qiqi to be tortured to death.

that night, she cried as she slept in his arms, and his thoughts were as gentle as the night.

With the little guy in one hand and the phone in the other, he finally had the mood to read the news.

That page showed Shen Lian's news. Shen Lian was being interviewed at the elegant building.

Tang Yu opened the elegant building and slid across the scene.

The Green Park was called Qin garden.

... it started on the seventh day.

That's right, the Newman company in France was their Qiqi's creation.

she had always wanted the G55, but shen lian wanted it too. there was no benefit in fighting with force. even if they won, they would not gain anything. moreover, there were some problems with that piece of land. it was just that it was not big!

from the very beginning, pei qiqi had her own plans for the G55 plot. the designer shen lian hired was arranged by pei qiqi.

Chapter 1020 Seize! I, seven might!(4)

that little qin garden was prepared for tang xin. there was an abstract sculpture on it, based on tang xin, but shen lian had never noticed it.

It was a theme park with Tang Xin as the main focus. This was the only thing PEI Qiqi could do for Tang Xin.

She had bought a villa for Shen Zhongshan and Mrs. Shen for their retirement. It was in the best location.

she had schemed against shen lian everywhere but had never attacked her personally. the elegant building and newman group had taken advantage of her, but they had also saved shen lian.

Qi Qi could have waited a little longer. She could have waited until Shen Lian fell into a worse situation. However, she still gave Shen Lian a way out.

tang yu's heart was soft and proud. he didn't teach qiqi all this but she learned it herself.

He thought that she always complained that she didn't want to run a business and always said that she wanted to return Boyi to him.

He could take over Boyi, but Jin Taihe was Shen Chongshan's choice for her to be his successor. Newman company would be able to take 20% of Jin Taihe's shares, and it would not take long for Shen Lian to be removed from her position as the biggest shareholder.

This was something that could be done in a few days.

he turned his head and kissed the little guy in his arms, his voice a little hoarse. "seven-seven suan ni"

Tang Yu, I know you love me! She spoke softly in his arms. Tang mo was stunned for a moment before he smiled.

yes, he loved her! deep love!

.....

At the summit in B city, Shen Lian and PEI Qiqi met again.

shen lian's face was flushed with success. she looked at pei qiqi and sneered, "pei qiqi, you didn't expect this, right? How could the elegant building sell so well?"

"I really didn't expect it!" pei qiqi said lightly, "then i'll congratulate president shen."

little wen, who was beside pei qiqi, couldn't help but say, "it seems that half of the ownership of elegant building is now in the France newman company, right?"

shen lian's expression did not change. she smiled gently. "even so, elegant building is a success! " This development project is also profitable."

"As long as you're happy, President Shen." pei qiqi smiled.

shen lian snorted and the two of them walked past each other.

Shen Lian's new assistant had the same style as Shen Lian. She was good at sucking up and snorted as she walked. "President Shen, they're bluffing! who doesn't say that president shen's investment in the G55 plot this time is good?"

Shen Lian sneered, "just let her be proud for a few days. I want to use the sales of elegant building to give her a tight slap.

"It is! boyi's shui xie palace is selling for 200 thousand per square meter, only a ghost would buy it. " The assistant wanted to make Shen Lian feel better so she started to flatter her.

shen lian glanced at her and said softly, " " thank water palace isn't hard to sell. that area just so happens to be in the school district of a certain famous school. although the sales aren't too hot now, just wait and see. it'll definitely be sold out completely within two years. "

Shen Lian was quite envious because this neighborhood would be filled with people fighting so hard that they would go crazy.

pei qiqi was no longer someone she could look down on, qianqian.

however, shen lian did not expect that there would be something that she could not underestimate. she was deeply shocked.

half a month after the sales of elegant building, newman corporation held a celebration party at GM.

this was shen lian's suggestion. she wanted pei qiqi to know.

the celebration party that night was not very big. they had invited some celebrities, young models, and the upper management of newman company. of course, shen lian made it known to jin taihe's shareholders in a high-profile manner. she wanted to give them a hard slap in the face and make them regret it!
