

Thank you 1461

Chapter 1461: where did you go?(3)

su Cheng narrowed her eyes. " of course.

"but i look at you, you're very pitiful!" ye liangqiu chuckled. " you've lived for so long. you probably don't know what you want, do you? "

She stood up, her face expressionless. you betrayed your family, you betrayed your adoptive mother, su Cheng. What do you have left? what do you still have to worry about in this world? "

"what's the difference between being alive and being a walking corpse?"

In that instant, su Cheng's expression changed dramatically. She sneered.

"How do you know if I have any determination in my heart?"

After saying that, she smiled sweetly. does dad know that you are so emotional? he wants you to be as emotionless as he is!"

Ye Liangqiu looked at su Cheng coldly. I'll let you know how heartless I can be.

su Cheng tilted her head and chuckled. " i'm so scared! " ye liangqiu ignored her and walked out to get into the car.

just as she was about to start the car, the door to the passenger seat was opened. su Cheng said, He sat down beside her.

Ye Liangqiu looked at her and then started the car-it was up to her whether to follow or not.

the car arrived at the mental hospital. as ye liangqiu walked through the green vine-covered alley, her eyes dimmed.

She looked at su Cheng and paused. Wang Caiyun used to leave here.

Su Cheng did not say anything.

"She's your mother." Ye Liangqiu smiled faintly. even in her death, she didn't think she was wrong. She used to visit you often.

mrs. su and wang caiyun had given su Cheng all their love, but su Cheng had never been touched at all. she just snorted coldly. " she deserves it. No one knew that she would rather not have been sent away!

She would rather live as the ye family's Wanwan.

ye liangqiu did not say anything.

she saw the doctor and asked about mrs. su's condition.

the doctor shook his head. "it's not good! the patient was too traumatized, and the medicine doesn't matter to her at all, yingluo, because she's willing to sink into those dark memories, and no one can pull her out."

Ye Liangqiu nodded lightly. take good care of her.

"Do you want to meet him?" The doctor asked, " but it has to be through the barbed wire. The patient is now self-mutilating, and we can't rule out the possibility of hurting others.

ye liangqiu didn't refuse. because she was pregnant, she would not risk her child.

she saw mrs. su through the barbed wire.

It had only been two days, but Mrs. Su was no longer the person she knew. She had lost at least five kilograms, and her eye sockets were sunken. Her whole face was withered and yellow, as if something had sucked all the water out of her.

Ye Liangqiu's heart clenched, and she felt an unspeakable pain.

this is how the world works. Only the strong can survive. The weak will fall like her. su cheng's voice rang out beside her.

"is it not enough?" ye liangqiu asked after a long time. Isn't it enough to have so much?"

The couple who had lived for decades didn't even give them a way out.

su Cheng was wrong. she was not su shicheng's blood, but a blood-related stranger. she only gave him a sense of security compared to ordinary people.

Ye Liangqiu couldn't bear to look any longer, so he turned around and stammered.

at this moment, a murmur came from behind him, " "susu feifei, susu feifei, your mother is here, susu feifei" ye liangqiu raised her head, her eyes burning.

Su Cheng chuckled. see, how pitiful she is! if you don't save her, she'll have to live in this dark place for the rest of her life.."

Chapter 1462: Su Cheng has been exposed (1)

ye liangqiu looked straight at her.

Su Cheng shrugged. anyway, I'm not the one who's sad.

when he turned around, he saw su Cheng driving.

she insisted, because ye liangqiu's mental state wasn't very good.

"I don't want to be on social news with you yet," she said.

Su Cheng was driving very well, and ye Liangqiu sat beside her with her eyes closed. In fact, she had not relaxed at all.

“don’t worry! i’m not that stupid. if anything happens to you right now, su shicheng will never let me off.” su cheng’s voice was cold.

ye liangqiu didn’t respond. huanhuan and a split-personality didn’t have anything to say.

“to the company?” su Cheng chuckled. ” how hardworking! ” however, you better pray that su shicheng gets a terminal illness soon, or else you’ll be doing all this for nothing.”

Ye Liangqiu continued to ignore her, and su Cheng had no choice but to focus on driving.

the car went up and down the overpass, driving steadily.

however, on the road ahead, there were a few delinquents racing, and a few cross-country motorcycles were making a loud noise on the road.

one by one, they drove past su cheng’s car. the last one even grazed the body of the white bentley and shook it.

su Cheng cursed under her breath, her fingers gripping the steering wheel tightly.

F * ck, if ye Liangqiu wasn’t in her car, she would’ve killed these little bastards.

just thinking about it made him hold back.

But the bad boy in front turned around and looked at the car and the girl.

He whistled, and the five motorcycles immediately surrounded them.

Su Cheng narrowed her eyes and gripped the steering wheel tightly. sit tight.

The cars surrounded Gong Jie from all directions, giving him the middle finger and whistling.

‘ call su shicheng and tell him to find a way to inform the traffic police! ” Su Cheng’s eyes stared fiercely in front of her, keeping an eye on the situation of those little B * stards.

ye liangqiu had already made a call and su shicheng immediately carried it out.

outside the car, there was a cry of “moo”

“i really want to kill these bastards,” su Cheng said coldly.

She slowed down the car and let the five cars pass for a while, but the motorcycle turned around again and blocked su Cheng’s path.

Su Cheng sat there without moving.

those cars stepped on the gas, and the front tires were raised arrogantly. those punk heads didn’t look like good things.

su cheng's eyes were fixed on the road ahead. she reached out to open the car door for ye liangqiu. "your legs are long. step over to the opposite lane. " no matter what happens, don't worry about me. ' ye liangqiu's body felt lighter as he was gently pushed away.

The car door was immediately closed.

She watched as su Cheng sat in the car and quickly switched gears. She stepped on the gas and the car shot out like an arrow.

The punks put on their helmets and rushed over, not willing to show any weakness.

in an instant, the white bentley flew into the air, and the tail of the car brushed against the three motorcycles. it was instantly knocked down.

The last two cars were also blown down, and the five cars quickly rubbed against the ground, causing sparks to fly. su Cheng made a sharp turn and went against the traffic on the highway. when she passed by the cars, she jumped again.

The car stopped in front of ye Liangqiu. get in.

ye liangqiu got into the car and looked at the others who had fallen. " where are they? "

"I won't die." Su Cheng tilted her head and suddenly smiled sweetly. "Sister Liangqiu, don't you think I'm cool?" ye liangqiu seemed to have thought of something, but it was gone in a flash..

Chapter 1463: su Cheng has been exposed (2)

"you've learned how to race?" she asked, looking at su cheng.

su Cheng laughed. " i've hit on a racer before! "

"but before my skills are better than his, ill dump him," she said after a pause.

ye liangqiu didn't say anything else.

she thought of lin xingyuan's death. at that time, the car had overturned.

could that car accident have been an accident? where did the other person in the car go?

the knife wound on his body was obviously caused by lin xingyuan while he was driving. the fact that the man could escape from the speeding car showed that he was very good at driving.

she looked at su Cheng with a thoughtful expression.

Su Cheng also looked at ye Liangqiu and smiled. do you suddenly feel that I'm not completely useless? "

"Yes." Ye Liangqiu retracted her gaze and looked forward. when they returned to the company, su shicheng naturally asked about it, but he didn't say anything else after knowing that it was fine.

in front of su cheng, ye liangqiu said softly, " "It was Cheng Cheng who took care of those people." su shicheng smiled. " then you should thank Cheng Cheng properly. "

“I want to sleep with sister Liangqiu tonight,” su Cheng said, hugging ye Liangqiu’s arm.

“Look, she’s sticking to you now.” su shicheng, on the other hand, was like an ordinary loving father to them.

“i like to sleep alone,” ye liangqiu said, pushing su Cheng away.

Su Shicheng had already left. Su Cheng tilted her head. you don’t like to sleep with Qin Anlan? ”

Ye Liangqiu took two steps forward, and su Cheng stepped back. However, her little face was filled with excitement.

Finally, she leaned against the wall. Ye Liangqiu held her up, her finger gently touching her lips. it’s none of your business!

With that, she walked towards her office.

Su Cheng stomped her foot. how annoying! I saved you.”

“you should worry more about yourself!” ye liangqiu threw these words at her.

su Cheng bit her lip, then put her fingernail in her mouth and bit it lightly.

then, she laughed in a daze.

she was worried about me!

she’s concerned about me?

Ye Liangqiu walked back to her office and her assistant, Linda, came over. Mr. Ye, you have a meeting with Mr. Qin from King Entertainment at 4 p.m. In the afternoon at GM hotel.

Ye Liangqiu nodded-

“does the president have any plans this afternoon?” linda smiled, ” i think i have a private date. ” ye liangqiu nodded.

After Linda went out, she sent a message to the door and went out for a while.

Ye Liangqiu left the company at 2:30 pm.

she sat in the back seat of the car. as the car slowly drove out of the parking lot, her gaze shifted to the side.

it was su shicheng’s car.

Ye Liangqiu pursed her lips and took a few more glanceswho could su shicheng be meeting if he were to leave at this time?

The driver looked at her. CEO ye, is there something else? ”

“no, let’s go to GM hotel.” Ye Liangqiu’s tone was indifferent.

The car drove for about an hour before they arrived at the GM hotel.

She got out of the car and asked the chauffeur to wait for her.

She walked to the elevator alone but was stopped by an arm at the corner.

Then, she was pulled into a black RV.

It was very dark in the car, and no one could be seen. She lay there and could only smell a familiar scent.

“an lan?” she screamed and looked up.

In the dark, his eyes were clear and bright as he looked at her deeply. She let out a soft cry and unconsciously said, ” “what are you doing here?”

you didn’t bring your secretary or assistant. don’t you think su shicheng will suspect you? ” His voice was a little hoarse, and his fingers searched for her lips in the dark..

Chapter 1464: Su Cheng has been exposed (3)

ceo ye, you have to remember that the best performance is when you forget that you’re acting as a good ya shi ceo. you’re the one who’s absolutely safe. His voice was murmuring by her lips.

“What about su Cheng?” She looked at him with a burning gaze.

His fingers slowly stopped as he looked at her. Even in the dark, she could feel the heat.

After a long time, he said softly, ” do you think that after what happened this morning, you’ll still suspect that su Cheng would hurt you? ” ye liangqiu’s eyes went wide, unable to believe what he had just said.

“I was the one who sent those five people. ” His fingers slowly caressed her red lips. Liangqiu, I know what you’re thinking, and I’m pretty sure of it now! but yingluo ” he bent down and whispered in her ear.

suddenly, she was surrounded by a wave of hot air, and her whole body trembled slightly.

keep her around. she’ll let you stay in the su family. it’s safe. ” he bit her little ear. ” silly girl, you’re nothing compared to su Cheng! ‘

Ye Liangqiu’s world had been turned upside down.

She couldn’t believe what he was saying and didn’t say anything for a long time.

su cheng’s fingerprints were found at lin xingyuan’s hotel. she probably didn’t expect me to go to the hotel to check. ” Qin Anlan’s voice was slow. she revealed too many flaws. The biggest flaw was that she was too good to you!

She pushed his hand away and sat up. an LAN, Huahua, I don’t believe Huahua.

su Cheng was actually teasing her.

“did she request to sleep with you?” Qin Anlan chuckled.

she remained silent.

“how did you guess it?” she asked softly after a long time.

Qin Anlan looked at her silently for a long time before he slowly opened his mouth and said shamelessly, “because she’s not even moved by me, not the same! Sex! What’s love?”

Ye Liangqiu’s three views were destroyed. After a long time, he said, “then Yingluo, I’m not Yingluo anymore.”

“she won’t.” Qin Anlan was resolute and decisive. “if she wanted to do anything to you, she would have done it long ago! Su Cheng’s complex and innocent. She’s just like a child who wants to get what she wants.”

However, Ye Liangqiu was terrified when she thought about it, because Su Cheng wanted to sleep with her at any time.

at that moment, Qin Anlan instructed the chauffeur to start the car.

“Where are you going?” she asked.

“I’ll take you to a place.” His voice was faint.

but the calmer he was, the more she had a bad feeling about it.

the car stopped after a few turns. he pulled her out of the car and into the private elevator to the presidential suite on the top floor.

Opposite the study room of the suite, there was a huge back projector.

Qin Anlan walked over and sat at the desk. He undid his tie, picked up the remote control, and pressed Yingluo. The scene slowly became clear ... Ye Liangqiu was stunned.

because it was actually a wufu.

She looked at Qin Anlan with a shocked expression.

Su Shicheng is actually with that person, and that person isn’t Yingluo.

“there’s no such thing as a friend forever! There are only enemies who have appeared out of nowhere.” Qin Anlan’s tone was indifferent. that’s not the point you should be focusing on.

He zoomed in on the screen so that she could see the person squatting in the corner.

Wasn’t that the person she contacted to track Su Shicheng?

She suddenly looked at Qin Anlan. he found out? ”

Qin Anlan pulled her over and placed her in the middle of his body.

He rested his chin on the center of her hair and said in a calm voice, “to be discovered or to sacrifice someone, which do you choose? ”

Chapter 1465: You want to play, right?(1)

she turned her head, her expression a little serious.

He touched her lips. Liangqiu, you can't stand in an invincible position if you're soft-hearted.

She looked at him, her lips trembling slightly, probably realizing what he was going to say.

His voice was deep and slow. the person you sent to monitor su Shicheng has been discovered.

ye liangqiu's eyes were fixed on the screen. the man was tied up, and su shicheng said something that caused the man to be beaten up. blood slowly trickled down the corner of his mouth.

"He'll say he's one of my people." Qin Anlan's voice slowly rang out above her head. but I think that su Shicheng will kill him to warn me.

Her body trembled a little. She slowly turned around and looked up at him ...

"liangqiu, just be a good chairman ye of asia tv in the future! Leave the rest to me. " he reached out to stroke her hair, then buried her head in his arms, not letting her see the blood on the screen.

Her head moved a little in his arms, but he held it tightly. Liangqiu, don't look.

she knew what had happened and buried herself in his arms, crying.

Mrs. Su had gone crazy. She had never cried like this before, not even when Wang Caiyun had died or when her father had died.

She was crying because she was helpless and because she had no choice.

"an lan, am i very naive?" She looked up with tears in her eyes.

Qin Anlan looked at her and only spoke softly after a long time, " "No, you're just too kind,"

However, she never knew how dark human nature could be.

She closed her eyes and did not speak for a long time.

it was already seven o'clock in the evening when she returned to asia vision.

the lights were just lit.

She alighted from the car and looked up at the huge object in front of her. There was no warmth in her eyes.

"chairman ye, do you need me to help you carry your bag?" the driver asked softly.

only then did she turn around and look down. " i'll carry it myself. ' She Imew that she couldn't avoid or back down, Hanhan.

When she stepped into the elevator, her face had a rare coldness.

He looked at himself in the mirror.

the elevator went up to the top floor, and her heart sank with every red number that jumped.

What she did not expect was that su Cheng would be standing at the door of su Shicheng's office.

She squinted at ye Liangqiu. sister Liangqiu, it'll be quite bloody later. Hang in there!

Ye Liangqiu didn't say anything, but when she passed by su Cheng, she felt a little strange.

She recalled that when she returned to the SU family, su Cheng had only been harsh with her words and never really hurt her.

Her eyes fell on su Cheng's face. She glanced at her and opened the door.

The moment she opened it, she saw the man lying on the table, pressed down by two people. He was covered in blood.

she held her breath, but her face was calm. "Dad, you were looking for me?"

Su Shicheng sat on the sofa with a calm expression. He was wearing a snow-white shirt, but there was a touch of red on it, probably from an accident.

he held a cup of tea in his hand, blew it open lightly, and took a sip before signaling her to come in and sit down.

Ye Liangqiu sat down beside him. He lifted his chin and said, "do you know this person?"

She shook her head.

he waved his hand, signaling her to go up and take a look.

"what's wrong, dad?" She asked as she walked towards the direction the face was facing.

His eyes were bloodshot, and blood was flowing from his forehead..

Chapter 1466: You want to play, don't you?(2)

When his eyes met ye Liangqiu's, they were like a pool of still water.

in this line of work, he knew all too well that he would not be able to survive even if he betrayed ye liangqiu. neither su shicheng nor qin anlan would let him off.

He panted, his eyes like a bull's as he glared at ye Liangqiu, his face full of hatred.

Ye Liangqiu took a step back and subconsciously clutched her stomach. dad, I don't know him.

"You don't know me, but I know you!" the man panted heavily. "you're a shameless woman. you betrayed president qin.

ye liangqiu turned to look at su shicheng.

su shicheng was still sipping his tea. after taking a sip, he seemed to be quite satisfied. he then looked at ye liangqiu and said, "liangqiu, qin anlan sent him to monitor me! I can't let him go back. Yingluo, help me settle this."

As he spoke, he took out a small gun from a secret compartment on the coffee table. this is suitable for you.

ye liangqiu accepted the gun. she looked at su shicheng with a faint smile in his eyes.

“Install the silencer!” Ye Liangqiu’s tone was very light.

Su Shicheng ordered his men to help her pack it up. She held the gun and walked towards the man.

He raised his hand and pressed it down without any hesitation.

When the pool of blood flowed down, she froze for a moment before turning to look at su Shicheng.

su shicheng continued to sip his tea, a leisurely expression on his face as he indifferently asked, “are you done?” she nodded.

Su Shicheng laughed. then, if I asked you to kill su Cheng, you wouldn’t hesitate? ”

ye liangqiu passed the gun to one of his subordinates and walked over to su shicheng’s side. it was as if she hadn’t been the one who had caused the bloody scene.

“wipe your hands! there’s the smell of blood.” Su Shicheng smiled. why? is it very difficult? ”

Ye Liangqiu wiped his hands. I didn’t think I needed to do such a bloody thing myself.

Su Shicheng was a little stunned. After a long while, he sighed. yes! you’re pregnant, so i don’t want you to do it. ‘

He pulled himself together and said, ” you don’t have to worry about this! you may leave! ” ye liangqiu’s eyes paused. before he left, he looked in the direction he had been in just now.

she only walked out after a long time.

She had missed her shot just now. If she could treat him now, he would not have died.

However, she would disappear from su Shicheng’s world forever.

this was what she had requested from qin anlan. if she could live, she would let that person live.

if their safety and happiness were built on other people’s corpses, she would not feel at ease either.

With his hand on the door handle, su Shicheng suddenly said,”do you know what you did wrong?” she paused.

because you didn’t hesitate. For someone who has never killed before, if you shot without hesitation, you must have made up your mind.

“That’s because father is too paranoid,” ye Liangqiu said indifferently.”I can only do what you want. I have no choice.”

After she finished speaking, she walked out.

su shicheng narrowed his eyes and then sighed.

This daughter of his had a strong personality. She was like his younger self, Qianqian, but she was not easy to control.

he believed her words.

when ye liangqiu walked out, su Cheng was still there. seeing her walk towards the elevator, she followed her. "i'll help you drive!" "i'm guessing your legs must be soft by now."

"how did you know?" Ye Liangqiu entered the elevator, glancing at the person who had followed her in.

Su Cheng laughed happily and made a gesture. bang!

"Interesting, right? When the blood spurted out, did it spread like fireworks?" Her voice was filled with excitement and bloodlust..

Chapter 1467: You want to play, don't you?(3)

su Cheng laughed happily and made a gesture. "bang!"

Ye Liangqiu pointed at su Cheng's head like a gun. he asked me to blow your head off too.

Su Cheng wasn't surprised at all. She could still hold her arm and said in a sweet voice, "I knew you wouldn't.

"split!" Ye Liangqiu pushed her away and walked towards the car in the parking lot. you don't have to drive. Su Cheng, take care of your head. Don't let it explode.

If I keep you alive, I'll get you back for Xingyuan one day.

su Cheng watched as she started the car and drove away. she stood up straight and then laughed softly.

that old man really couldn't take it anymore. he treated her like a thorn in his flesh and couldn't be happy unless he pulled it out.

He thought she didn't know that the 20% of Asia Vision was already in his hands. The SU Cheng now had no value to him.

however, she wasn't that stupid.

If you want to play, then play!

they were actually able to have dinner at the same table.

"sister cool autumn, if i were you who had just killed someone, i would probably vomit for three days!" Su Cheng smiled sweetly at ye Liangqiu, her voice low.

Ye Liangqiu ignored her.

"What are you talking about?" su shicheng flipped through the newspaper, his tone indifferent.

the servants in this house had been unusually quiet recently. without the mistress of the house, they could all guess what had happened, but no one dared to make a sound.

Su Cheng continued to smile sweetly. dad, it's nothing. I just wanted sister Liangqiu to help me look for a dress tonight, so I ordered it.

“that's all i know.” su shicheng folded the newspaper. ” i should get down to business. ‘ su Cheng smiled sweetly. ” my main job is to dress up! ” she stood up and turned around. “dad, do i look good?”

She was wearing a light yellow neckline dress today. It was a little tight at the top, so her small waist was too small to be held in one hand. The small skirt was spread open, making her look playful and sexy.

Su Shicheng looked at it for a while longer, smiled, and lowered his head to eat. of course it looks good! Our Cheng Cheng has also grown into a little beauty.”

Su Cheng hopped behind him, bent down, and wrapped her arms around his neck. then, father, can Chengcheng get married in the future? ” she asked.

as she spoke, her body was pressed tightly against su shicheng's. as a man, how could he not be aware of a girl's deliberate seduction?

He furrowed his brows. Cheng Cheng? ”

“Then I'll go look for daddy tonight. Daddy, let me take a look.” She stuck out her tongue and jumped back to her seat to eat.

su shicheng said with an uneasy expression.

ye liangqiu, on the other hand, was watching a good show. although su shicheng was her father, she didn't think much of it. she only felt that it was a little ridiculous.

She had gone to bed early, leaving su Cheng some space to play around. Su Cheng climbing into su Shicheng's bed was an incredible feat.

however, this was a very beneficial thing for him to bring down su shicheng in the future.

Late at night.

Su Shicheng leaned against the head of the bed, smoking a cigarette in a daze.

he felt a little lonely in the smoke ...

He missed Hong Ke, the young Hong Ke.

the door opened and a beautiful figure in red walked in. it was hong ke, who he had been thinking about.

su shicheng's eyes burned red and his fingers trembled. he unconsciously called out, “Hongke, you're here?”

"It's my Shi Cheng!" The woman walked in front of him and cupped his face. Shicheng, I'm back. Wanwan will come back to find you. Let's never separate again, okay? " her hot lips pressed against his, and she sniffed..

Chapter 1468: I don 't take away the most important things of others (1)

su shicheng's expression was somewhat dazed as he allowed the woman to kiss his face.

at this moment, his entire body was tensed up, and he could not move at all.

the alcohol, mixed with an unknown heat, made him unable to tell if yingying was real or fake. he only knew that there was a ball of fire in his arms.

hongke, i can finally hold you.

When he reached middle age, he turned into a Wolf, a Wolf that had been hungry for a long time. He hugged the woman in his arms tightly, and his lips blocked her lips like a hot plug. His masculine masculinity was tainted with a touch of weakness.

in his arms, on his bed, the woman was ruthlessly torn apart. then, after everything calmed down, he kissed her body to comfort her.

Her rationality slowly returned to her.

the sweat had also turned slightly cold, making the air-conditioned room a little chilly.

"Hongke, don't leave in the future." Su Shicheng caressed the woman's fine black hair in his arms and rested his chin on her head as he softly muttered, At this moment, he felt extremely wonderful.

all the dissatisfaction in his life had been soothed. he even thought that he would be like this until he grew old, as long as he had his hong ke xuanji.

just as his heart was about to soften, the woman in his arms said, " alright,

Cheng Cheng will never leave you. ' su shicheng was startled and his entire body turned cold. he pushed su Cheng away. " why are you here? " what did you do?" He actually fell for her trap. Su Cheng got up lazily. Her black hair fell on her smooth back, and she looked very attractive.

She tilted her head and laughed happily. let me think, ran ran, did I drug your tea or did I disguise myself as the woman you like the most? " su shicheng's expression was extremely ugly. he narrowed his eyes and looked at su cheng."do you know what you're doing?"

"i know! "What if I sleep with you and accidentally make it to the news? just think about it. You're such a coward," su Cheng laughed softly, her slender and fair fingers poking su Shicheng's chest. can you still keep your position as the president of Asia Vision? "

Su Shicheng's face darkened as he glared at su Cheng.

Su Cheng's smile became even sweeter. are you angry? would you use the same method to deal with me? Find someone to rape me?"

"it's useless! I won't be that weak! unless you take a gun and end my life with a bang." Su Cheng leaned on his shoulder, her lips close to his ear, and gently bit it. " however, if that's the case, our exciting videos will also appear on the official websites of major media outlets. "

Su Shicheng slowly calmed down and took out a cigarette from the bedside table. After lighting it up and taking a puff, he asked softly, "What do you want?

Ya Shi?"

That was impossible.

Su Cheng chuckled and put her hand on his shoulder, snatching the cigarette from his hand. I don't take away the most important things of others. Su Shicheng did not say anything and only looked at her quietly.

su Cheng chuckled. " i just want to live and be a rice weeper in the su family. " "it's that simple?" su shicheng coldly looked at her.

Su Cheng leaned over and gently bit his ear. what else? be more ambitious and become mrs. su?"

Su Shicheng's eyes turned cold and he pulled su Cheng down. this is not a joke. she chuckled and straightened her body in front of him. her young body glowed with an alluring luster, and there was nothing about her that was not beautiful.

' you're awake now. don't you want me, yingluo? " su cheng's eyes glinted slyly as she wrapped her fair arms around his neck.. " who's better? me or her? "

Chapter 1469: I don 't take away the most important things of others (2)

"you're sick!" Su Shicheng angrily spat out a few words and then pushed su Cheng down.

Su Cheng's smile was like a silver bell. She leaned her little face on his shoulder and exhaled. then, do you like that I'm sick? "

Su Shicheng had already started working and was panting heavily. I like it! He liked the Kasaya a lot, but after venting it out, he felt a little empty.

that night, su Cheng fell asleep.

she slept peacefully without any warning.

she hugged his arm with a look of dependence.

su shicheng didn't understand how a girl like her, with such a deep and scheming mind, could actually see through so many things about him.

The way she did things was just as ruthless as he was! In order to survive, he did not hesitate to sacrifice his own body.

but she could lie beside him like a child.

su shicheng's heart actually softened ...

su Cheng was very much like hong ke when she was young. she was always bright red and full of energy, like a ball of fire.

or perhaps, her name, cheng, represented what he was thinking.

Su Shicheng did not sleep for the entire night as many thoughts ran through his mind. First, he had to calm her down, then he could get the video and let ran ran kill her!

but in the end, at dawn, su shicheng made a call to the local household registration office and removed su Cheng from the su family. From today onwards, she would no longer have anything to do with him.

She was only his woman.

Her young body had comforted his soul. In a sense, she had used her body in exchange for a chance to live, and he had only agreed.

At daybreak, he fondled her lovingly and had sex with her again. Su Shicheng felt as if his body had been given a new life, and he was full of youth.

when he got up to take a shower, su Cheng had fallen asleep.

she was still asleep when he returned to the bedroom.

su shicheng sat on the edge of the bed and pinched her cheek. "rest at home for today. "

Su Cheng woke up and covered her body with the blanket, revealing only her small face. Then, she lay on his knees and giggled.

su shicheng had no choice but to caress her under the covers with his fingers. only then did she become obedient and shrink back into the covers with a red face.

"I'll come back to accompany you tonight." He cleared his throat and did not stay.

Su Cheng watched him leave. When the door closed, she pulled out a small bottle.

He opened it and sniffed it, then smiled gently.

What a pleasant smell, enough to make su Shicheng sink into a warm and gentle embrace every day.

just as he was thinking this, the door opened and ye liangqiu entered. their eyes met, and neither of them avoided each other.

she had been prepared for this, and ye liangqiu had already heard the commotion last night.

she looked at su Cheng and sneered. "i might call you stepmother from now on.

Su Cheng let the blanket slide down, revealing her body that had been tortured to the point of being unbearable to look at. She did not care."It's fine if you want to call me that now."

she walked into the bathroom without any cover, took a shower, and walked out. ye liangqiu was still there.

su Cheng swallowed a small pill in front of her and said in a cold voice, ” “Don’t worry, I won’t have a child to fight with you for the inheritance.”

Ye Liangqiu stared at su Cheng’s face for a long time before asking, ” “have you ever thought about what you really want? is it worth it to pay such a high price?

su Cheng looked at her for a long time. she wanted to squeeze out a smile, but her muscles trembled, and nothing came out. in the end, her voice was a little choked. ” what do you know? ” do you feel wronged in the ye family? but you’ve never thought about what my life in the su family is like..”

Chapter 1470: I don ‘t take away the most important things of others (3)

“The good mother in your eyes used to burn wax and drip it on me whenever she thought of you. Once, I almost died. Yingluo’s tender flesh has all been implanted with skin.”

su cheng’s eyes were brimming with tears. ” in order to survive, i used everything. i learned to use my most powerful weapon. ‘

“Yes, I knew you were in the ye family! You’re their child, but I won’t say it. If I say it, I won’t be able to live like this.” there was no warmth in su cheng’s eyes. but wang caiyun, that stupid woman, will still think that i’m raised in a rich family and enjoying life. ‘

Ye Liangqiu was stunned.

“compared to me, your little crime is nothing, you know?” su Cheng chuckled softly, laughing so hard that tears were flowing out. ” he’s someone who looks good on the surface, but who knows when he’ll be played to death. ‘

“there’s nothing bad about sleeping with su shicheng. at least i can continue to live in luxury and glory. maybe he’ll marry me in a few years!” Su Cheng smiled. I’ll tell that lunatic that I’ve slept with her husband five times a night! Hahaha!”

Ye Liangqiu looked at su Cheng, feeling only sorrow.

su cheng’s body was twisted and she was living like a zombie. she didn’t even know what she wanted.

perhaps everything she did was just to take it.

she had slept with su shicheng because he no longer valued her. like a child, she wanted to regain su shicheng’s attention and take revenge on mrs. su.

“Su Cheng, you like me, don’t you?” Ye Liangqiu took two steps forward.

su cheng's eyes flashed with panic, but she quickly calmed down.

"You think too much. Ye Liangqiu, let's mind our own business." Su Cheng slowly stepped forward and leaned over. if you want to get ahshi, you have to kill him.

Ye Liangqiu didn't say anything more and went downstairs.

downstairs, she saw su shicheng.

Su Shicheng, who had been busy the entire night, seemed to be in good spirits. Having already finished his breakfast, he gestured for ye Liangqiu to sit beside him when he saw her.

This kind of kiss usually required a proper conversation.

she knew that it had something to do with su cheng, so she smiled. "dad, what's the matter?"

su shicheng looked at her. he probably still had some moral integrity in his heart, so he was a little embarrassed and did not say anything for a long time. Ye Liangqiu took a sip of milk and said, "is it related to su cheng?"

Su Shicheng looked at her and only spoke after a long time, "Yes, it's related to Cheng Cheng."

It was much easier to say now. He coughed lightly and said, "she's no longer the su family's adopted daughter."

"daddy wants to marry her?" ye liangqiu asked directly.

"that won't happen, but she'll be with dad for the time being," su shicheng coughed.

sleep!

ye liangqiu nodded in understanding. "then the empty room can be used as a baby's room. it can also be connected to my room." su shicheng almost choked. his daughter was too direct.

"you don't blame me?" he patted the back of her hand like a kind father.

Ye Liangqiu was also cursing in his heart. In the past, he had treated su Cheng the same way. Now, he was pouncing on her like a wild beast. Without the blood relationship, a man's moral limits had been infinitely lowered.

She forced a smile and said, "I understand, dad."

Su Shicheng's mouth twitched, but he did not say anything.

after that, the three members of the su family lived together in harmony..
