

Thank you 1521

Chapter 1521 - 1521: a surprise for her (3)

“Aren’t you getting married soon?” ye Liangqiu looked at him in a daze.

He gave her a kiss. your birthday! Silly girl.”

Her name was liangqiuqianqian because she was born in Qiu Tian.

He wanted to give her the best memories before they got married. He wanted her to remember that there were happy times before they got married. She would smile when she thought about it in the future.

she was stunned for a while before she hugged him. ” an Ian, thank you. ” she didn’t think he would remember. she was used to being ignored since she was young, so at this moment, she felt flattered.

qin anlan patted her back. ” silly! ”

They were a married couple. If he didn’t treat her well, who would?

I invited su Cheng, sister Ying, Tang Yu, and Qiqi. he hugged her and smiled. ‘ liangqiu, you’ve lost a lot, but i’ll still give you a lot of family in the future. i promise. ‘

She lay in his arms and said gloomily, ” “i don’t want to be a pig and give birth to so many.” he laughed and patted her back. ” okay, give birth to two more. ‘

“This isn’t much?” She wrinkled her nose and looked at him. Her voice was aggrieved. Qin Anlan, if you want to give birth, you can do it yourself.

She kicked him, and then felt that the sole of her foot was a little sticky, so she kicked his face even more boldly.

Qin Anlan glared at her and teased her. He had really spoiled her to the point where she was out of control.

“you did it yourself.” She lay on the pillow to hide from him, but she couldn’t help but laugh.

after a while, she looked up at his sorry state and felt an indescribable sweetness in her heart.

She thought that she really, really loved him, an LAN. However, she would not tell you.

he looked at her, then got out of bed to clean up. when he came back, his face was slightly red, and he also cleaned the soles of her feet.

She held the Rose in her arms and looked down at the diamond ring on her hand with a gentle expression.

“Do you feel that you’ve gained a huge advantage?” He said with thick skin.

Ye Liangqiu coughed lightly. no, I feel like I'm a garbage disposal station. There's nothing to be happy about after accepting you.

He wasn't angry. He pinched her face. it's obviously all essence!

This time, it was her who blushed.

Qin Anlan admired her for a while before he carried her. " alright, wash up and brush your teeth. there'll be a press conference in the afternoon to announce our marriage. also, we'll have to prepare for the banquet tonight. it'll be a little hard. ' therefore, he had to treat her even better. he basically didn't let her walk and carried her whenever he could.

the press conference was qin anlan's idea.

The outside world must have many speculations about Liang Qiu's background. He did not want her to suffer.

He wanted to tell everyone that even though she was su Shicheng's daughter, she was still the woman he loved the most.

she was the wife he wanted to marry, and no one could stop him.

the press conference was held as scheduled at KING entertainment.

qin anlan revealed ye muyun's identity to the reporters and announced that he and ye liangqiu would be holding their wedding in half a month.

He always had a gentle smile on his handsome face, and his eyes were full of love when he looked at his wife. he had knelt down on one knee in front of her in front of so many people and kissed the corner of her dress.

He had placed himself in a humble position, which was almost equivalent to digging his heart out for her.

even ye liangqiu, who was used to big scenes, couldn't remain calm.

Her eyes were a little wet, and her voice trembled as she called out to him, " "Ann

Chapter 1522 - 1522: A surprise for her (4)

"liangqiu, i know i'm not worthy, but i still want you!" He got up and kissed her forehead. forever.

He didn't straighten up for a long time. She was a little surprised. She looked up and saw a tear.

He actually cried. Ye Liangqiu laughed lightly and raised her head slightly. Her voice was soft as she said, " an LAN, be good. Don't cry.

Then she joked with him, " actually, you can also call me Mommy when you want to cry.

He had used this joke before.

at this moment, she actually said in front of so many people that wanwan's initial feelings for him had been washed away.

Who said that their family's Liang Qiu did not know how to make people happy? in his opinion, she was just right.

he pulled her up and kissed her a few times to hide his embarrassment.

He looked at the crowd and said, " my wife is ye Liangqiu. Please take care of her.

Below, the cameras were all looking at boss Qin's expression. It was true love!

Following that, King Entertainment's official website also announced this news on their official website and posted a family photo. Surprisingly, not only was it a family of three, but there was also a photo of little Xin Xin.

qin anlan and ye liangqiu were sitting side by side, ye muyun was standing beside her mother, and Xiao xinxin was in qin anlan's arms.

little Xin xin's little eyes looked lovingly at ye muyun's dazed scene.

it was unknown if KING entertainment's artist's hands had slipped, but tang zheng's little princess was exposed just like that.

The dinner was held at the GM hotel. All expenses were covered by Bo Yi. It was a token of Tang Yu's appreciation.

Qin Anlan and Tang Yu stood side by side. He held a glass of wine and smiled, thanks.

Tang Yu wasn't dressed too formally tonight. He was just dressed more formally than usual-he couldn't steal the limelight from President Qin.

He looked at PEI Qiqi and ye Liangqiu and smiled, " this is my birthday present for Liangqiu.

Tonight, the hall was decorated very warmly and romantically. Tang Zheng was a little sad for Qin Anlan and spoke slowly.

Qin Anlan was about to vomit blood. He really wanted to call Kime out.

his wife's birthday, his place, and tang yu's decorations?

Her heart ached, but she still pretended not to care. it's very good. I thank you on behalf of Liangqiu.

tang Zheng smiled. his lazy appearance made him look noble. he looked at qin anlan and said, " liangqiu already thanked me just now. "

President Qin's mind instantly filled with countless 'thank you's. It wasn't that he liked to think about it, it was just that Tang Yu's appearance was too annoying.

He pursed his lips, his face a little ashen.

tang yu laughed again and patted him, " cool autumn is pretty tonight.

this time, qin anlan's expression could only be described as ugly. however, he quickly adjusted his expression."Qiqi was also good tonight! i've never seen her in black before, but this dress really shows off her figure." the word "figure" was said with an ulterior motive!

Tang mo looked at him with cold eyes.

Qin Anlan felt balanced. Who didn't know how to attack?

What's the big deal with compliments and thanks? he even covered himself with a blanket and chatted with Tang Yu's wife many times.

This was enough for Tang Yu to drink vinegar for a long time.

On the other hand, Xiao mu Yun was busy teasing his 'Xiao Bai. Although Xiao Bai was teary-eyed, he looked even cuter.

Ye Liangqiu turned around and smiled at PEI Qiqi. She said softly, " "Mu Yun really likes little Xinxin."

however, mu yun was probably just being wishful. little Xin didn't really like mu yun's appearance..

Chapter 1523 - 1523: happiness (1)

However, mothers always understood their children the best. PEI Qiqi smiled, ' if little Xin Xin hates someone, she wouldn't even care about him.

the love between children was a world that adults could not understand.

Ye Liangqiu smiled and said in a low voice,"qiqi, thank you." pei qiqi raised her little face, " thank me for not falling in love with an Ian? " ye liangqiu was speechless. this was too direct, alright?

just then, su Cheng came over and hugged ye liangqiu's arm. " sister liangqiu, she said in a sweet voice, " can you introduce us? "

As he spoke, he looked straight into PEI Qiqi's eyes.

it's so good! Of all the women she had seen, PEI Qiqi was the most beautiful.

Of course, sister cold autumn was also very beautiful. However, the two types of beauty were different. Sister cold autumn was the extreme of neutral beauty. On the other hand, PEI Qiqi's looks were very refined. She was like an orchid in an empty valley. One look and she would shock anyone.

Ye Liangqiu saw the eagerness in su Cheng's eyes and couldn't help but pity her. They were already living together, but su Cheng was still staring at women lecherously.

she looked left and right, but did not see anyone from kime.

He could only look at su Cheng. PEI Qiqi, Mr. Tang's wife.

su Cheng wasn't scared of tang mo. all she could see was pei qiqi's stunning beauty.

her eyes were pink. " sister qiqi. I'm su Cheng."

"she's two years younger than you." ye liangqiu coldly said.

Su Cheng's face was a little stiff, but with her thick skin, she quickly squeezed out a sweet smile. Qiqi looks very small and cute.

as he spoke, he walked over and hugged pei qiqi.

ye liangqiu glanced at qin anlan and smiled.

qin anlan received it and coughed lightly. he looked at tang yu with a serious expression, ” “your wife is quite popular.” tang yu was famous for doting on his wife. he was secretly happy but he still put on a noble face, ” seven or seven people are loved by everyone. i can’t help it. i often have a headache too. ‘

qin anlan kindly told him, ” ” you know su cheng, right? she used to like cool autumn, but now it seems like she’s going to change her mind. ‘

Tang Yu glared at him.

qin anlan nodded his head vigorously, then smiled happily. ” your wife is really quite popular. even my liang qiu can’t compare to her. ‘ before she could finish, tang yu had already walked over.

he naturally pulled his wife to his side. ” come with me to rest for a while. you’ve been standing here for so long. ‘

He didn’t care about how others looked at him and directly carried PEI Qiqi to a dark place.

after a while, ye liangqiu watched as tang yu lowered his head and kissed pei qiqi. he hugged her on his knees and kissed her.

She suddenly felt that she was too tall, and it was not out of place to see him like this in public.

she glared at su Cheng. ” she’s not someone you can mess around with. ” su Cheng was still smiling sweetly. ” i was just joking.

ye liangqiu looked at her small face, her feelings somewhat complicated.

She still could not forget Xingyuan’s death, but she could not personally send su Cheng to prison.

su Cheng liked her, like a pervert. she had done a lot of things for her, especially with su shicheng. this was a barrier that ye liangqiu could not get over.

this was something that she could not even say to qin anlan.

she admitted that she owed su Cheng. even though she did not want to, she still owed her.

she was conflicted. she looked at su Cheng with a bitter expression. only su Cheng could understand her feelings..

Chapter 1524: Happiness (2)

“happy birthday, sister liangqiu.” su cheng’s voice suddenly lowered. ” i’ve been very happy these days. in the past, my life was shrouded in fog, but now it’s suddenly clear. ‘

Ye Liangqiu sighed. su Cheng, do you regret it? ” su Cheng was stunned for a long time before she finally said in a low voice, If we’re talking about regret, the only Kasaya is Lin Xingyuan!”

Be it su Shicheng or Mrs. Su, they were not good people, including ye Ling. She had never regretted it.

However, Lin Xingyuan was innocent. She had used his feelings for ye Liangqiu to make him approach ye Liangqiu and had even killed him in the end.

“Sister Cool autumn, I know you blame me! after i understand yingluo, i will give you an explanation.” Su Cheng suddenly looked up. There was a touch of moisture in her eyes, which was a rare sign of weakness.

her life now was wonderful, so wonderful that she didn’t want to give up on yingying, so she let her continue to have sweet dreams and never wake up.

su Cheng held back her tears and gently hugged ye liangqiu. in a low voice, she said, ” sister liangqiu, i’ve loved you for so long. i won’t love you again. ‘

If she didn’t love him, she wouldn’t hurt him. Ye Liangqiu’s heart ached when she was hugged like this.

she was unfortunate, but so was su cheng.

“Cheng Cheng, don’t do anything stupid in the future,” she said with a slightly choked voice.

She hadn’t thought it through yet. She felt guilty towards Xingyuan, but at this moment, her heart softened.

She wanted to let su Cheng carry the guilt of Xingyuan for the rest of her life. She wanted to give su Cheng a chance to start over.

however, she did not know that su Cheng had already made up her mind.

a person like her did not deserve to be happy.

Besides, this was the first time she had a happy life that she was willing to give to Jian Jia. He should be with the most beautiful person, whether it was sister Ying or any other girl. That person should not be su Cheng.

Su Cheng was drunk, very drunk. She kept hugging ye Liangqiu, wanting her to be happy.

Her little face was still buried in ye Liangqiu’s chest, rubbing against it as if she was taking advantage of her.

Qin Anlan’s face had long since darkened. He looked at su Cheng and finally asked Kime to drag her away.

Ye bingqiu was pregnant, so she did not have a single drop of it. Qin Anlan, on the other hand, was slightly drunk.

They stood at the center of the stage, the center of everyone's attention. It was as if he was willing to put everything he had in her hands.

she was breathless from the kiss and pushed him gently. "an Ian?" She was a little embarrassed because she was too indulgent.

qin anlan's passion was high. he hugged her and coaxed her. "let them see. "

After he finished speaking, he kissed her deeply again.

she didn't know how she left the hotel, but when she woke up, she was already sitting side by side with him in the back of the car.

"where's mu yun?" She looked left and right, but there was no one.

qin anlan reached out to untie his tie and closed his eyes. "i went back with mom. "

As he spoke, he pulled her over, put her on his lap, and lowered his head to kiss her.

Ye Liangqiu tasted the faint smell of alcohol and impatiently pushed him away.

you're so annoying!

he smiled smugly and pinched her face. i thought you would be a little envious when you see qiqi being carried on tang mo's lap. "she glanced at him. "no way. "

"You little liar, you obviously did." He hugged her and pulled out her hair clip, allowing her long hair to fall.

he sniffed her hair and said in a low voice, "liangqiu, i'll do a good job. i'll make you so happy that you won't envy others.. "

Chapter 1525: Birthday present (part one)

Her heart softened, but she snorted, "you only know how to say nice things." "then, should i show you?" he bit her ear and she almost jumped up.

"an Ian, the driver is still in front. "She reminded him because he was really a little drunk. If he did anything, would he be able to see anyone in the future?

qin anlan laughed deeply and placed his lips on her delicate neck. "be good. i

won't do anything if you don't move. "he pressed her down to let her feel the change in him.

"You beast." Ye Liangqiu hugged him tightly. you're not allowed to mess around in the car.

Her small mouth was pressed against his neck, and the breath she exhaled was hot. It was simply taking his life.

qin anlan hugged her with one hand and lowered his head to kiss her lips. the heat of the alcohol made her slightly drunk. she raised her head and allowed him to kiss her gently.

after the kiss, she took the initiative to kiss the corner of his lips and murmured, "An LAN, where's my birthday present?"

“I’m not?” He bit her lips. I’ll treat you well tonight.

He seduced her with the intention of doing so. She was passionate about it, but he himself was suffering.

she was pregnant, so no matter how aroused he was, he had to endure it.

the car slowly stopped in front of a villa, and the driver left first. just now, in the car, he had heard the sound of young master and young madam kissing, and the sound of their saliva was embarrassing.

qin anlan had bought this villa a long time ago and rarely stayed in it. he had brought her here because he wanted to give her an unforgettable night and it was quiet here.

The villa was huge. After they got out of the car, he carried her into the gorgeous Hall. More than ten servants stood at the entrance and bowed slightly. Hello, young master and young Madam.

qin anlan coughed lightly. ” all of you can leave now. if there’s nothing important, don’t come out at night. ‘

The servants snickered and immediately left.

ye liangqiu was a little embarrassed and nibbled on his chest. ” you’re shameless. ‘

He hugged her and smiled triumphantly. you want them to all watch, huh? ”

she didn’t make a sound and just hugged his neck, allowing him to carry her upstairs. however, they didn’t go to the bedroom, but to the top floor.

The entire top floor was filled with red roses. The moment he went up, he could smell the fragrance. in the middle of the room was a round glass room with a size bed.

“you have bad intentions.” She looked at him and asked him to put her down.

It didn’t hurt when she stepped on the small stones with her bare feet.

Under the starry sky, she was dressed in a light blue dress, looking beautiful and elegant. The night wind blew and lifted a beautiful arc.

In Qin Anlan’s eyes, she was like a little fairy.

He stepped forward and held her as they danced under the night sky. He kissed her, complimented her beauty, and told her how much he loved her. He kissed and hugged her, and finally, she was carried into the transparent house.

the night was like a curtain, and he carried her into an ancient exercise.

he was gentler than the night. she was drunk.

That joy! fortunately, she leaned into his ear and said that she loved him, but in return, he demanded more intensely.

the night grew deeper and deeper, but the people entangled with each other did not rest.

However, the tragedy was that Qin Anlan had drunk too much wine. In the heat of the moment, he did not control his strength well. As a result, after an hour, ye Liangqiu was bleeding a little.

When he saw the blood, Qin Anlan was shocked and immediately sobered up. "I'll take you to the hospital."

Ye Liangqiu was shocked as well.. When he picked her up, she leaned on his shoulder and said, "an LAN, is today our engagement or my birthday?" Her voice sounded especially aggrieved!

Chapter 1526: Birthday present (2)

her voice was full of grievance!

he felt so guilty that he kissed her. "nothing will happen, i promise. "

however, he wasn't too sure himself, so he could only try his best to comfort her.

It was almost midnight when he drove. When he started the car, he gave Tang Yu a call. In the end, Tang Yu had to beg doctor Mei. Otherwise, he would have been scolded by doctor Mei.

Tang Yu finished his call and looked at PEI Qiqi in his arms. His expression was serious, "qin anlan was too heavy-handed, ye liangqiu bled a little."

PEI Qiqi immediately sat up and shouted, "how can Qin Anlan be such a beast! he won't let go even when his wife is pregnant." tang yu snorted, "now you know he's a beast. "

pei qiqi looked at him with a meaningful gaze, "it doesn't seem like you're that much better. "Are you jealous of someone else's pregnancy?"

She looked like she was going to die before she could get her pregnant. This completely angered Tang Yu. He pulled her into his arms and hugged her like he was holding a baby.

He pinched her chin with one hand and said in a confused tone, "then, shouldn't we work harder?"

He gestured for her to lean against him.

PEI Qiqi suddenly felt like she was being bullied. She looked at him pitifully, I'm just talking nonsense.

but how could the man who had been set on fire let her go so easily? she was folded in his arms like a little froz. her small face twisted as she was kissed, and her heart was so intense that it was about to jump out.

the doctor said that she could get pregnant, but she was not in good health, so it was not easy to get pregnant.

as a man, tang yu felt a little defeated.

Now that she had started the fire herself, he naturally wouldn't let go of this opportunity. Every time he did it, he deliberately made her pregnant.

She was extremely delicate and wanted to struggle, but she couldn't move in his arms and could only cry.

His stamina was perversely good. Wasn't it enough to torture her like this? he even carried her up and bullied her in his arms.

Qiqi, say it out loud. I want to hear you call me Hanhan. his lips touched her ear. His voice was hoarse, but he did not let her go.

he had probably been quite depressed after marriage, so he was particularly fierce tonight.

She had fallen asleep after returning from the hotel. His eyes had been open until now. She had woken up with a call from Qin Anlan and even provoked him.

PEI Qiqi only knew how to cry. She softly begged him to be gentler and to end it quickly.

“Didn't you want a child?” He bit her little ear and hugged her little body, his heart filled with unspeakable satisfaction. He was actually happy to see her cry and bully her like this.

PEI Qiqi cried. She didn't know how long she begged him. Her voice was soft and hoarse, but he didn't stop.

in the end, she could only put her red lips together and kiss him obediently. she praised him for being amazing and said a lot of shameless things. only then was he satisfied. he let her go for the time being and carried her to the bathroom.

another wave of ruthless whipping!

In the end, when she was so sleepy that she couldn't open her eyes, PEI Qiqi thought to herself qin anlan was a pig. he had caused liang qiu to become like that, but he had also implicated her.

ye liangqiu was pregnant, but she wasn't. yingluo was suffering.

she couldn't take it anymore and started to mess around. she hugged tang yu and said she wanted a divorce. she said he was a pervert, she said he was scary and she said he was shameless. but the more she acted like this, the more tang yu indulged himself. until she cried and begged him to stop..

Chapter 1527: Birthday present (part three)

i'm a pervert. i'm scary. i've been lusting after your body. i shamelessly yearn for hanhan every day, ” she cried and said. she had nothing to live for.

tang yu's perverted heart was finally satisfied and he let go of her.

PEI Qiqi cried and lay in his arms. She secretly wiped her tears and snot on his chest, secretly taking revenge.

of course, tang yu knew, but he just let her be.

He was happy that she was so childish, which meant that she could really rely on him.

she was extremely tired, lying in his arms, biting and sucking. although he was happy, he couldn't help but feel a little aroused, but he didn't dare to touch her

anymore.

He reached out and stroked her long hair, feeling an indescribable satisfaction in his heart .

a life with a wife and a daughter was already perfect. was it that important to have another child?
Xiao xinxin was already cute enough. he could not bear to let qiqi suffer again. let nature take its course!

tang yu patted the small, sweaty body in his arms and gently put her down. he got off the bed and wrung a towel to wipe her clean.

she was sleeping, and no matter how gentle he was, she was still awakened.

the spoiled woman kicked tang zheng's noble and handsome face.

He was stunned for a moment, then finally grabbed her little foot and took a bite.

This little bastard!

As they kissed, he became perverted again and bullied her again without a care.

On the other hand, Qin Anlan was scolded by doctor Mei in the middle of the night. Not only that, ye Liangqiu was not spared from the scolding either.

this matter was between both parties. if the female party was not willing, he would still use force!

“you’re not a three-year-old child anymore. you can’t drink so recklessly.” Doctor Mei reprimanded him. Fortunately, it was not a big deal, and he only needed an intravenous drip.

qin anlan brought her back to the apartment and carefully carried her to the bed. he half-knelt by the bed and held her hand, nibbling on it. ” i won’t drink anymore in the future. before the child is born, i won’t mess around anymore. ”

Ye Liangqiu was lying down weakly. She reached out and touched his hair. He must have been frightened.

“An LAN, I’m fine.” She chuckled and comforted him.

qin anlan looked up with a deep gaze. ” liangqiu, it’s no use seducing me. ” I won’t do it!

She didn’t know whether to laugh or cry as she messed up his hair. How could he be so cute?

Early in the morning, Mrs. Qin received the news and came over to give Qin Anlan a good beating.

Qin Anlan kept his head down and did not say a word. That was why it was said that a man’s pleasure and punishment were proportional.

Mrs. Qin originally wanted to leave su Xiu behind to watch over the young couple and prevent them from doing anything inappropriate.

“mom, i’m not a child anymore.” qin anlan sighed. ” it’s good enough that aunt xiu is at home taking care of you. i can take care of liangqiu.

“you can take care of her?” mrs. qin snorted. He was taken care of until he was admitted to the hospital, again and again?”

Beast, can't you just bear with it? qin anlan looked at ye liangqiu. ye liangqiu buried her face into the blanket. she was too ashamed to face anyone.

she didn't even want to think about romance or under the moonlight. Qin Anlan saw that there was no other way, so he looked at su Xiu. su xiu naturally understood his intentions and smiled apologetically. ” old madam, the young couple is living together. what am i doing here? ”

“it's not convenient!” he said slowly after a pause.

mrs. qin always listened to su xiu. after a long time, she said, ” I'll listen to you, then. However, Anlan, you have to change your personality. You can love your wife at any time for a lifetime. Don't be so insensible..

Chapter 1528 - 1528: birthday present (4)

Qin Anlan's face was actually a little red as he looked at ye Liangqiu with affection in his eyes.

Little thing, he wasn't like this when he was comfortable. He was not the only one who had to bear the responsibility if something happened.

However, he would rather take the blame himself. How could he bear to let her be scolded with him?

ye liangqiu gave him a meow but didn't say anything. mrs. qin didn't stay any longer either. she just looked at her son's mischievous face. The appearance of a bug rushing to the brain made him feel angry.

mrs. qin left with her sleeves. qin anlan's gaze fell on his wife's face, and his gaze was gentle. ” what do you want to eat? ‘

She didn't say anything and just looked at him.

Qin Anlan reached out and ruffled her hair. my mother brought bird's nest over. I'll add some milk for you to eat.

she hummed in acknowledgment and watched him go into the kitchen. when he came back about five minutes later, he sat by the bed and adjusted her position before patiently feeding her.

She ate it in small bites and looked up at him with a gentle expression.

Qin Anlan smiled and reached out to stroke her long hair. silly girl.

she ate a small bowl to show that she couldn't eat anymore, and he left the rest in the refrigerator for her to eat in the afternoon.

after eating, he would force her to sleep and not get up so that she could take care of the baby.

When she woke up, Qin Anlan was sitting on the sofa in the bedroom and reading some documents. He looked very focused.

However, she had just woken up when he looked up. you're awake? "

he had already gotten up and was walking towards her. he reached out and stroked her long hair. "do you want to drink some water? "

She looked at him, a little dazed.

she loved him for a long, long time. she also hated him and wanted to never be with him again.

However, she had never thought that one day, he would treat her so well.

Qin Anlan looked at her deeply and pinched her face. silly! Are you still going to treat me like President Qin after we get married?"

If that was the case, why did they get married?

he had never married just because he had a child. he must have married her because he loved her.

If you love someone, shouldn't you treat that person well?

ye liangqiu bit her lip and mumbled,"en."

he walked out. she looked at his back and held her face in her hands.

She found it unbelievable that she could be loved like this.

In the afternoon, su Cheng and Kie came over. Naturally, Kie went to discuss business with Qin Anlan, while su Cheng accompanied ye Liangqiu.

After su Cheng found out why ye Liangqiu was taking care of the baby, she spat. I knew that Qin Anlan would never change his mind. A Wolf." "you can't blame him for everything," ye liangqiu coughed.

if it wasn't for the fact that she couldn't fall for him last night, he wouldn't have done that.

He was drunk, and she didn't have any Hanhan.

there was still a lingering fear in her heart. this child was very lucky. if she lost her life because of last night's indulgence, she thought that she and an Ian would feel uneasy.

su Cheng looked at her and felt that sister cold autumn seemed to have become much more beautiful.

in the past, she had a heroic and neutral beauty, but now, she seemed to have a weak beauty just by sitting and lying down, making people want to love her.

Probably every woman who was loved would be like this!

i heard from KIME that you've already applied to the mental hospital to take ran ran away, " su Cheng suddenly said. " is that true? "

This "she" was referring to Mrs. Su.

ye liangqiu nodded. " yes, an Ian has already arranged for a specialist overseas. if she can't be cured, she might choose to live abroad.

she couldn't be that cruel. if she didn't ask, she would always feel uneasy.

su Cheng pursed her lips.. ” did he agree to it? “

Chapter 1529 - 1529: she wanted to be with him (part one)

ye liangqiu’s voice was calm. ” i’ve already submitted a paternity test. in addition to the power of her maiden family, i don’t think he will refuse to let go of a person who is no longer of value. ‘

Su Cheng pursed her lips and said carefully, ” sister cold autumn, am I being too heartless? ‘

Ye Liangqiu smiled. it’s alright!

It was just that sleeping with su Shicheng was a little too ruthless.

she didn’t notice that su cheng’s expression was a little strange. she was thinking about her own things and didn’t make a sound.

After chatting for about an hour, Kime and Qin Anlan were done talking about work.

qin anlan looked at him. ” what’s your plan? ” he was asking about su Cheng.

let nature take its course, ” Kim said with a smile.

“I like her,” he said after a pause.

su Cheng had many shortcomings, and her personality was scary and unreasonable, but KIME was not afraid of her.

On the other hand, su Cheng was a little afraid of him. At home, she was no longer like a little princess who was always at his beck and call. Instead, she would take the initiative to help him with his matters.

Although she was clumsy and might as well not do it.

she wouldn’t willfully ask him to wake up in the middle of the night to make supper. when he watched tv, she would obediently stay by his side, read magazines, or play with her phone. when he went to smoke, she would even hand him an ashtray to make him feel that he was not raising a woman, but a pet.

Su Cheng, who was so well-behaved that she didn’t seem like a murderous (scary) person, was trying to please him, but it made his heart ache. Was she acting like this because she was afraid that he wouldn’t want her?

however, he still did not understand su Cheng. a little girl’s mind was far more complicated than he could imagine.

Qin Anlan looked at him and handed him a cigarette. do you plan to marry her?

Kime took it and took a long puff. “i don’t object.”

Qin Anlan actually wanted to ask him if he had thought it through.

Su Cheng was fine with other things, but as a man, the thing that she couldn’t get over was her woman’s past.

it didn't matter who su Cheng slept with, but su shicheng, did he really not care?

He knew that Kime's family was traditional and conservative. If he were to marry a woman with a bad record, his family might not agree.

qin anlan could not bring himself to ask these questions. he could only let KIME decide for himself.

after finishing a cigarette, she didn't leave any food for them and let them

Kime was driving, and su Cheng was sitting beside him.

what did you say to brother an LAN? ” su Cheng tilted her head and looked at him.

Kime finished the cigarette in his hand and put it out before he said indifferently, ” “just some work.” then, he ruffled su cheng's long hair.

She liked long, curly brown hair, but recently, she had dyed it Back to Black and even straightened it. It was very smooth and also made her look much younger, and her eyes were clear.

He thought he liked it.

Su Cheng had always thought that Kie was a pushover and had dealt with him many times.

However, in private, she felt that he was not that easy to manipulate. On the contrary, he was a little chauvinistic and overbearing. Fortunately, he doted on her in private.

“Oh,” he said and didn't ask further.

KIME started the car and held the steering wheel with one hand. he squeezed her hand with the other and said softly, ” “What do you want to eat tonight?” Su Cheng bit her lip. I want to eat Italy. Are you going to make it for me? ” but it won't taste good.

“then you should do it a few more times.” Su Cheng's voice was crisp.

okay, i'll do it a few more times. ‘

su Cheng took a long time to understand his double meaning. she couldn't help but glance at him. he was also very sharp..

Chapter 1530 - 1530: She wanted to be with him (part two)

KIME brought her to buy some ingredients and they started cooking together in the kitchen.

he made the noodles according to the recipe, and she sat on the counter, biting her little finger in her mouth. one moment, she would tell him that it was wrong, and the next moment, she would say that she wanted to do it, yingying.

KIME suddenly turned off the fire and turned to look at her. ” “Then you'll do it?

Hmm?”

su Cheng stopped talking and waved her hand disinterestedly. ” you do it! ”

Kime was still looking at her. Then, he walked over, stood in the middle of her body, and kissed her on the lips. go and do it, okay? ”

she looked at him in a daze, a little tempted. She was caught by him with one hand and placed in front of him.

Kime lit the fire again, held her hand, and taught her how to be a Pixiu.

At first, su Cheng was quite serious and gradually got into a good mood. However, he soon pressed his Hot Lips on the back of her ear. Her voice was trembling. please.

“Call me shuheng.” KIME’s hands wrapped around her slender waist and his face was pressed against her neck.

su Cheng bit her lip and turned her head to kiss the corner of his lips. she smiled as she kissed him. ” should i call yiping? ‘

she couldn’t help but complain, what an old-fashioned name! Don’t tell me your surname is he?”

After that, she turned to look at his expression. He looked like he was constipated.

So su Cheng started chuckling. His name was really He Shuheng. Haha, she was dying of laughter!

as su Cheng laughed, her eyes became a little warm. she really liked him and liked to be with him because he had never looked at her with fear.

she was su Cheng, a brand new su Cheng, not that crazy murderer. when he loved her, he was almost worshiping her, making her feel like she was clean. Su Cheng sighed in her heart and turned her head to kiss him.

while kissing her, he held her waist with one hand and got away with it. he laid on her shoulder and bit her thin shoulder. ” who are you calling old-fashioned?

Young men and women were indulgent. Once they touched each other’s bodies, they would not get out of bed for the whole day.

kie had seen many female celebrities in the past and he did not think much of them. however, at this moment, he could not let go of them. su Cheng was not the most beautiful, but she was the most shameless.

and when she went crazy, she was like poison to men.

Kime did not let her go. He came at her fiercely and entangled her.

in the small space, it was filled with the sounds of men panting. Huanl femalel

Love, it made people blush.

just as he was enjoying himself to his heart’s content, the apartment’s door opened, and a clear female voice sounded, ” “Shuheng. Mom is coming.”

The sound suddenly stopped, probably because they heard an unusual sound from the kitchen.

The one who was gasping for air was her son?

Kime’s mother, who was Mrs. He, stared at the man and woman in the kitchen in a daze.

The man was the son she had always been proud of, while the woman's hair was disheveled, and her t-shirt was pulled down to her waist. She couldn't stand it anymore, so she turned her head and said in a tough voice, "put on your clothes first."

Mrs. He was a conservative woman who became a widow at a young age. She gritted her teeth and raised her son, and he worked hard too. Now, he had an annual salary of ten million. In her family, everyone said that her son was outstanding.

She had come this time to discuss his marriage. She wanted him to go home for a blind date. Several female teachers and doctors were waiting in line.
