

Thank you 1591

Chapter 1591: he couldn't bear to part (1)

the bullet had gone through his palm, causing him to lose a lot of blood. at the same time, it had also injured a nerve, making things complicated.

For the sake of the child in her stomach, it was best not to be anesthetized.

doctor mei was under a lot of pressure. she was different from other doctors.

she wanted to keep the child the most.

at the same time, she also discovered the secret in her stomach.

ye liangqiu's uninjured hand tightly grasped her, her forehead covered in sweat. " save them. "

She felt very guilty about the child in her stomach, but she had no other choice.

Su Shicheng's men were watching mu Yun at the airport.

if she didn't do this, mu yun would be in danger. he would urge su shicheng, that lunatic, to do anything.

mei looked down at her arm. ye liangqiu's hand had almost dug deep into her flesh. it hurt, but dr. mei didn't make a sound.

she nodded. " alright! "

In the end, there was no anesthesia.

mei stayed by her side, watching as ye liangqiu bit her lip and endured the pain.

she was a doctor, so she couldn't help but be moved. this was a mother's way of protecting her child. no matter how much pain she was in, she had to leave the best for her child.

She loved an LAN a lot, didn't she? that was why she cared so much about the child in her stomach.

For a full four hours, the doctor helped her reattach her tendons, and ye

Liangqiu experienced a life worse than death.

when she finally could not take it anymore, she opened her eyes and looked at the operating light above.

she blinked her eyes gently, but her mind was filled with the image of her wedding night with qin anlan.

That night, her eyes were also red. He held her in his arms, and her long hair was spread on the pillow.

Ye Liangqiu laughed softly, tears streaming down her face.

it was still very painful, very painful. that hand seemed to have lost all feeling.

suddenly, she felt another sharp pain, and she finally fainted from the pain. It was already three in the afternoon when she was pushed out of the operating theater.

The weather outside wasn't good, and the thin sunlight shone weakly into the hospital corridor, making it look very bleak.

she was pushed out with her eyes closed. if it wasn't for the warmth he felt, he would have thought that she was dead.

Ye Liangqiu was sent to the VIP Ward. She lay there quietly, her palm wrapped in gauze.

qin anlan stood upright in front of the bed, his gaze fixed on her palm.

He had shot through it, and the chief surgeon had said that if her left hand did not recover well, she might not be able to move.

He slowly bent over and held her hand, touching it gently.

he looked down at the corner of yingying's eyes. there was a touch of warmth and tears.

Doctor Mei watched from the door and said softly, "liangqiu refused to be anesthetized."

although his tone was light, there was a hint of pleading. as for the specifics, it would depend on qin anlan's own experience.

qin anlan looked at her silently for a long time before he slowly straightened his body. "if her hand can't recover, what will happen?" "i can't take anything," doctor mei said after a pause.

Qin Anlan closed his eyes. I understand.

doctor mei wanted to say something but stopped. this child was really lucky.

after experiencing such a storm, she could still sleep so soundly.

even the nurse who did the b-scan before found it unbelievable.

She left and let out a deep breath. It was better to let ye Liangqiu make her own decision.

the moment she left, a tear fell from the corner of qin anlan's eye.

his fingers gently touched her palm, and he found that she immediately frowned.

it hurts, doesn't it?

she was asleep, but she could still feel that someone was watching over her.

her head swayed gently. her mind was in a mess, filled with memories of her and an lan's past..

Chapter 1592: He couldn't bear to part in the end (2)

"an lan, an lan, don't go." she clenched her fist, but her left hand was still hanging there.

his forehead was also covered in cold sweat, which slowly turned into the size of a bean.

qin anlan wrung a hot towel and helped her wipe the sweat off her forehead. however, she was getting hotter and hotter, and she was sweating more and more.

She had a fever.

Dr. Mei entered with a serious expression. an LAN, she should have been given antibiotics after the operation, but the child in her stomach is only six months old. What do you think now, ran ran? ”

Qin Anlan’s hand pressed down on her body. He said almost without hesitation, let her use it!

doctor mei wanted to tell him the consequences of using it, but he was interrupted by him. his voice was low and contained a hint of forbearance. “I said use.” dr. mei sighed. ” i’ll go and inform the doctor. ”

however, she had only taken two steps when a weak voice came from behind her. ” no. ‘

doctor mei turned around. ye liangqiu was still unconscious, but she grabbed qin anlan’s arm with one hand and called out unconsciously, ” “Don’t run, don’t run!”

Doctor Mei’s eyes were red as she looked at Qin Anlan.

his hand firmly clasped ye liangqiu’s hand, and he slowly said, ‘Why are you so stubborn?’ he turned his head and looked at doctor mei.

as long as she can get through tonight, she’ll be fine. however, her body temperature can’t exceed 38.5 degrees celsius. otherwise, it will still affect the fetus. ” Doctor Mei said immediately.

qin anlan closed his eyes. ” then we’ll wait a little longer. ”

doctor mei knew how difficult it was for him to make this decision, so he turned back and said, ” let’s lower the temperature outside the body! ‘

She helped him remove his hospital gown and urged Qin Anlan to wipe her body with warm water.

when he touched her bulging belly, he couldn’t help but reach out to touch their child.

the child also moved gently inside, squirming slowly against his palm.

qin anlan’s facial muscles were trembling. this was their child.

it must be feeling uneasy and uncomfortable now!

his palm slowly comforted the child. as if he felt it, the little guy first swam a little, then kicked a little, and then gurgled a little, looking very happy.

If it was in the past, it would have been an extremely delightful thing.

However, Qin Anlan could not help but bend down and kiss her little belly.

Liangqiu, if this is what you want, then I’ll fulfill your wish.

He had almost killed her and their child.

liangqiu, if you want to go back to the su family, then go ahead. i won’t stop you. ‘

There was a tear in his eyes. It dripped and scalded the little guy.

(fantasy. the little thing playing in her stomach froze for a moment, then sucked her little finger. it seemed like her father was crying. why is daddy crying?! the other little guy ran over and poked yingying as well. the two little ones hugged each other. they were so tired, they should just sleep! He fell asleep as soon as his head touched the fragrant ground.

qin anlan could not feel any fetal movement, so he looked up at doctor mei.

doctor mei knew what he was thinking. ” the child is asleep. ‘

It’s good that she’s asleep. She won’t feel so uncomfortable when she’s asleep. He carefully covered ye Liangqiu with the thin blanket. Just like that, he wiped her every half an hour.

Her body temperature rose to 38 degrees, but she managed to control it.

Doctor Mei also accompanied her for ten days. After all, she was old, so she fell asleep on the sofa in the middle of the night.

At dawn, ye Liangqiu’s fever finally subsided.

Chapter 1593: He couldn’t bear to part in the end (3)

qin anlan sat on the edge of the bed and looked at the person on the bed quietly.

she was in a deep and quiet sleep, just like before.

however, he would occasionally frown and look like he was in pain.

his fingers gently caressed her face, and his voice was deep and pained. ‘ “liangqiu, i’ve been looking forward to seeing you wake up, but i also hope that you can sleep like this.” this way, you won’t leave and you won’t go against me.

when ye liangqiu woke up, it was already ten in the morning.

She opened her eyes, which were a little sore. At first, there was a white mist, and then the view in front of her became clear.

she lay on the pillow. her hand had already begun to slowly regain consciousness and the intense pain. however, she continued to lie down and look at him. her lips moved. although her voice was very soft, he still heard the two words ‘an lan’.

qin an’s eyes were a little hot from crying. after a while, he asked lightly, ” does it hurt? ?

Her hand moved slightly and she nodded slightly, but she could not bear to look away. She kept looking at him.

Qin Anlan pursed his lips. I’ll call the doctor over.

as he spoke, he got up, but as he was about to take a step, his hand was caught.

after a long time, he lowered his head and looked at the hand that was holding him. ” ye liangqiu, this is your own choice. ‘ his words were heartless, but his voice was trembling slightly.

she did not let go of his hand and stubbornly held it for a long time. It was probably because the more fragile she was, the more she needed him.

she said to herself, “that’s it. let her hold on for a while longer. just a little longer.”

Finally, he turned around and looked at her face in a daze.

She continued to look at him, at her face, without saying a word.

“I’ll stay by your side until you’re discharged,” he said softly.

but liangqiu, i can only protect you until then. yingying’s gaze was gentle, but that long-awaited gentleness broke her heart.

it was because he had punched her palm through with his own hands that he was able to get this little bit of gentleness.

She closed her eyes and did not say anything for a long time.

Qin Anlan stared at her for a while. Finally, he gently pulled his hand away and walked to the door.

After he called the doctor, he didn’t go in himself. Instead, he smoked in the corridor.

he needed to calm down, so that he would not be soft-hearted and think about forgiving her. he would not think about getting back together with her.

from a distance, kie came over and stood beside him. he lit a cigarette for himself and pinched the end of the cigarette before he took a puff. he paused and looked at qin anlan. ” ceo qin, i’m sorry! ”

It was because he hadn’t been optimistic about ye Liangqiu’s chances that things had turned out this way. kime was blaming himself.

qin anlan took a deep puff of his cigarette. ” it’s not your fault. ”

No one could stop her from doing what she had decided to do.

Kie wanted to ask more questions, but Qin Anlan had already put out the cigarette and walked straight to the ward. Thus, Kie knew in his heart that boss

Qin still minded.

he was scolding himself in his heart. f * ck, he couldn’t even take care of a pregnant woman!

When Qin Anlan returned to the ward, the surgeon and doctor Mei were having a consultation.

after confirming that the child was fine, the surgeon asked ye liangqiu to try moving her left hand.

but she couldn’t move.

“it might not have recovered yet. wait a little longer. don’t move around and listen to my instructions.” The doctor said calmly.

it was probably because she had seen it too much, so it was not strange. however, looking at that beautiful palm, she still felt pity..

Chapter 1594 - 1594: he couldn’t bear to part in the end (4)

Ye Liangqiu was the dream girl of men of her age. They remembered how beautiful her hands were on the big screen!

it might have been destroyed now.

Although the doctor felt that it was a pity, everything still went according to plan. It would be best if he could save her hand. If he couldn't, he could only cripple her hand, and that hand would become a decoration. in fact, the consequences were far more than that. in the future, the muscles of this hand would shrink even more. it reminded him of venus.

The doctor left.

ye liangqiu lay there, looking up at the ceiling, not saying a word.

The ward was quiet. There was no one else but the two of them.

“I'll get the best doctor.” ” huahua from United States and Switzerland will definitely cure your hand, ” qin anlan said.

He told himself that he had to take responsibility for this. He was the one who broke it, so he had to take responsibility. However, he never dared to think too deeply about it.

his heart ached for her. he ached for what her life would be like if she lost a hand.

liangqiu, i'd rather repair you with my own hands and then let you stand in front of me in one piece as my enemy.

as for the future, i really didn't think much about it. just thinking about it made me unable to accept doing anything to you, and i can't accept you getting hurt.

i've said it before, you've won. that wasn't a word of impulse, but all my unwillingness.

In fact, I've already compromised with you. If you didn't, I would have taken the opportunity to shoot su Shicheng again yesterday.

He gave in and placed her safety first.

However, he was not willing to tell her this.

he could only bury it in the deepest part of his heart and savor the sourness alone.

“thank you,” ye liangqiu said in a soft voice.

He smiled bitterly again. When did they become so distant?

in fact, they had been separated for a few months. he had sent her to the detention center and punched a hole in her palm.

He thought that she must have hated him too!

At this moment, Kie knocked on the door and brought in a thermos. I made it myself. her voice was a little hoarse, and she must have not slept all night.

qin anlan took it and closed the door. kime's nose was almost hit by the door.

He touched his nose and took out a cigarette. in fact, when he was making the porridge, he was thinking about how nice it would be if su Cheng lived here with yueyue.

Su Cheng was pregnant, and she was the kind of girl who liked to eat. Now that she was alone in there, could she eat it? was the child in her stomach well-nourished?

He really f * cking wanted to see her. He really missed Yingluo, but he still held it in.

he probably couldn't bear to see it after seeing it!

Inside the room, Qin Anlan looked at ye Liangqiu for a while and said indifferently, " "have some porridge, it's made by kime." hearing the name "kie," ye liangqiu finally recovered. her eyes met his. " how is

"Good, I won't die! a slight concussion and i can still live to be a father." His tone was a little mean.

Ye Liangqiu shut up again.

Qin Anlan helped her to move the bed a little. He pulled a chair over and sat down. His movements were a little stiff as he scooped a small bowl of porridge. It was just porridge and nothing else.

"i'll just make do with it!" "I think you wouldn't have been able to eat as much as this in there," he continued.

She looked at his awkward expression and lowered her eyes. it's better than this.

Qin Anlan glared at her. ye Liangqiu, we're enemies now.

"i just want to eat better." she said softly. she actually felt a little wronged.

Chapter 1595 - 1595: he couldn't bear to part in the end (5)

qin anlan looked at her quietly for a long time before he finally smiled faintly.

he made a call, and she kept looking at him.

there was a hint of greed in her eyes as she waited for his last bit of warmth.

she knew that she was shameless. now that things had come to this, she still asked him to be good to her.

she was undoubtedly relying on the child in her stomach.

Qin Anlan put down the phone in his hand and looked at her deeply. let's wait a while!

Then there was a moment of silence between the two.

There was a dead silence. It seemed that there was nothing to say, and anything he said would be wrong.

he was sitting on the sofa, as if he was dealing with something on his phone, while she was lying on the sofa, looking up at him at a 45-degree angle. fortunately, in less than half an hour, there was a knock on the door. a five-star chef stood outside with two waiters pushing a dining cart in.

“president qin, this is the nutritious meal you ordered. there are a total of eight flavors, all of which are light, nutritious, and easy to digest. we’ll continue to serve you in the afternoon.” the chef nodded. ” enjoy your meal. ‘

qin anlan nodded. after he closed the door, he opened the silver lids on the dining cart one by one and asked casually, ” “which one do you want to eat?” Ye Liangqiu pursed her lips. there’s no need to go through so much trouble.

His gaze fell on her face for a long time before he said softly, ” it’s not troublesome. If you want me to do it, then it’ll be troublesome.

she quickly realized what he meant. she looked a little embarrassed, but she didn’t say anything more.

he was right. if she asked him to do it again, it would be troublesome. now, what could be solved with money was not troublesome for him.

ye liangqiu pursed her lips and lay down, allowing him to feed her.

he was very patient, feeding her little by little, so slowly that it seemed like this action could last forever.

Ye Liangqiu’s eyes were fixed on his handsome face as he ate.

After a long time, she was finally done.

qin anlan kept it and did not touch the rest. he asked the nurse to clear them out.

“You’re not eating?” Her voice was soft.

qin anlan tilted his head and glanced at her. ” miss ye, you don’t need to care about me. you can just care about yourself. ”

In one sentence, she brushed away her worry and good intentions.

she wasn’t angry. it was only right for him to be like this. the fact that he could take care of her now was already a huge favor from the past.

ye liangqiu lay down, still looking up at the ceiling. they were in an awkward silence again.

Qin Anlan sat on the sofa. He wanted to smoke, but in the end, he held it between his fingers.

after a long time, he looked up at her. ” you don’t seem to be worried about your hand. ‘

Ye Liangqiu was silent for a moment before saying, “there’s no point in worrying about yingluo.”

Compared to this hand, she had already lost something more precious. What she had to worry about was how she would bring down su Shicheng in the future.

it was the person wanwan wanted to protect.

she was afraid, but he was with her for the time being. if he wasn't around, she would really be afraid.

an Ian, thank you for accompanying me, huahua. the unspoken words made her nose sting.

Qin Anlan did not ask her about ran ran again.

He did try his best. He even used Tang Yu's connections to invite a large group of foreign experts to come over for a consultation. The results weren't good or bad. It all depended on her recovery.

of course, if she could take the medicine now, her chances of recovery would increase by 50%..

Chapter 1596 - 1596: she's gone (1)

ye liangqiu denied it without even thinking about it. she wanted to give birth to the child.

for a week, her hand was in pain. it was so painful that she couldn't sleep, and she would wake up at night from time to time.

after she woke up, she had to sleep until dawn. it was a life worse than death, but she had to endure it.

qin anlan accompanied her, looked after her, and took care of her, but he did not give her a hug.

liangqiu, if this is your choice, then in the future, you'll have to get used to the days without me. there's no hugging, no kissing, and no time for us to be together every day.

this wasn't a punishment, it was letting go.

The next time she woke up from the pain, it was past three O'clock in the evening. It was already her tenth day in the hospital.

when he opened his eyes, he was surrounded by bai susu's walls under the dim yellow light.

qin anlan had fallen asleep on the sofa in front of the bed. his chin had turned pale blue, as if he had not taken care of himself these few days.

ye liangqiu looked at him quietly for a while, then quietly got off the bed and squatted in front of him.

He had lost a lot of weight, even more so than before. He had taken care of her these days, but he had almost not eaten anything.

he must be very sad that yingluo had to take care of her even though he hated her.

“ye liangqiu, because you're so attached to his gentleness, you've actually been cruel to him.

he must be suffering like this.

She pursed her lips and smiled gently. Her fingers carefully reached out and landed on his handsome eyebrows, tracing the shape of his eyebrows.

his brows were tightly furrowed, and as if he had sensed something, she immediately let go and held her breath.

However, he didn't wake up and only moved a little.

After staring at him for a long time, she finally couldn't hold back her desire. She leaned forward and gave him a light kiss on the lips.

It was only a light touch, and she could only feel his warm breath.

she raised her eyes and looked at him deeply, as if she wanted to engrave his entire person into her mind, deeply, deeply.

An LAN, I'm leaving.

if you stay any longer, it'll hurt you, it'll be cruel.

when you see me, you'll definitely think of your mother, hate me, and be conflicted.

I'm leaving. When we meet again, even if it's a storm of blood, even if you hate me to the core, we'll still have this moment of warmth in our lives.

She got up and covered him with a blanket.

Her tears fell, but she didn't care. She just let them fall.

the first ray of morning sunlight shone into the ward. qin anlan moved uncomfortably. his adam's apple bobbed as he slowly opened his eyes. He sat up instinctively, holding the blanket on his body, and then looked at the bed.

There was no one there, it was empty.

he started to call her name, from the bathroom to the kitchen, and from the entire ward to her.

His heart sank because she had disappeared.

she's gone!

Someone knocked on the door. Qin Anlan turned to the side, his heart beating wildly. He quickly walked over to open the door.

however, when he opened the door, a five-star chef was standing outside. " president qin, today's breakfast.

qin anlan's face was dejected. after a long time, he let out a breath."Just leave

the door closed. he looked at the sumptuous breakfast and smiled bitterly. he sat down and ate the breakfast that belonged to her bit by bit.

as he ate, he raised his head to prevent his tears from falling.

In the end, he still left. In the end, she still made the decision for him.

her heart had always been more ruthless than his. when it was time to break, she had never hesitated.

“ye liangqiu, very well. since you’ve left, you’d better not look back. don’t end up in my hands again..”

Chapter 1597 - 1597: She’s gone (2)

Kie came over with a bouquet of flowers. When he saw the scene in the ward, he was also stunned.
he left?

“don’t mention her in the future! She’s Su Shicheng’s daughter.” Qin Anlan’s fingers gripped the fork in his hand tightly. I’m going to flatten Asia Vision.

After trampling over Ya Shi, he pressed su Shicheng’s head against the door and let him witness the change of the company’s name.

KIME was stunned for a long time. he stood there and did not make a sound.

He had always thought that there would be a turn for the better, but in the end, he still left.

ye liangqiu took a taxi back to the su residence. su shicheng seemed to have anticipated her return. he was sitting on the sofa, looking at a photo album. when he heard footsteps, he only raised his eyes and said in a faint voice, ‘ “you’re back?”

however, his gaze still fell on her left hand. after a while, he asked with concern, ” how’s your hand? ”

“he might be crippled!” ye liangqiu’s tone was even more indifferent than his, as if she didn’t care.

su shicheng’s attention was completely focused on her. after making an “oh” sound, he got up and strolled around.

Ye Liangqiu also noticed that the photo album he was looking at was a little old. Even though it was old, she could still tell that it was a photo of Qin Anlan’s mother when she was young.

He had raped someone and caused Mrs. Qin to commit suicide. Now, she was still reminiscing about the past with such deep affection. Ye Liangqiu suddenly felt like vomiting.

Su Shicheng came over. raise your hand and take a look.

“I can’t! I need to recover.” ye liangqiu looked straight into his eyes. ” or if you think i’m an abandoned pawn, you can kill me now. ‘

Su Shicheng’s old face fell and he sighed, “‘ Liangqiu, what are you saying? how could I bear to kill you? ”

Meeting her cold gaze, he shrank back a little and said, ” ” the last time i used mu yun to threaten you, i was only afraid that you would be soft-hearted towards qin anlan. i didn’t really want to lay a hand on mu yun. think about it, he’s my grandson. how could i bear to do that? ‘

Ye Liangqiu did not say anything.

su shicheng sighed again. "even if we do, it'll only be a warning. his life will not be in danger. "

"is that so?" Ye Liangqiu looked at him. so you're saying that if there's a next time, I won't listen to you because you're bluffing? "

Su Shicheng was embarrassed and somewhat annoyed, "Liangqiu, this won't do you any good. "i hope we can keep our previous agreement." Ye Liangqiu's voice was a little cold. otherwise, i'll do something a hundred times worse than what you can imagine.

su shicheng was stunned for a moment before immediately saying,"that's for sure,"

"what you need to do now is to heal the wound on your hand. i need a decent heir."

He was no longer able to host Ya Shi, so he had to rely on cool autumn to support everything.

If her hand wasn't in good condition and she didn't have a healthy body, how could she convince the shareholders?

it had to be said that su shicheng was an extremely utilitarian person. in his eyes, there was only profit, and even if he was dying, nothing could change that.

"I will!" Ye Liangqiu looked at him, and then shifted her gaze to the photo album on the table. "can i have this?"

Su Shicheng's body stiffened, and the muscles on his face stiffened even more.

He coughed lightly, "What do you want this for?"

"i miss it! ye liangqiu's voice was calm, but it pierced su shicheng's heart like a needle.

"I'm sorry, Hongke," su Shicheng lowered his head..

Chapter 1598 - 1598: The twins (1)

"i'm sorry, hongke," su shicheng lowered his head.

he had her, but when he did those things to her, she only felt pain and humiliation.

She had never liked him even in her death.

Su Shicheng's heart was somewhat pained, but he was a person who looked forward.

Ye Liangqiu sneered. it's a bit hypocritical to say sorry. There's no need to do this.

She picked up the photo album. since you've already done all this, don't you feel disgusted looking at yourself every day? " su shicheng was somewhat annoyed. what was this child saying?

however, he had no other choice. if he kept the photo album, it would seem even more hypocritical.

He sighed. go and rest. The room is the same as before.

ye liangqiu held her stomach and slowly went upstairs to ask her to put the photo album on her bed.

Mom, if you know, you'll help me, right?

a week later, ye liangqiu was sent to a private nursing home in the United States.

For a full hundred days, she was alone in the White Ward, leaning on the photos on her phone and missing her family in B city.

After thinking hard, she opened her palm and looked at the bullet mark.

There was already a scar there, so faint that it couldn't be seen clearly. She could already move her hand, but every time she thought about it, her palm would hurt.

she had lost count of how many times she would wake up at night and find herself in a foreign country instead of B city.

ye liangqiu's eyes were wide open, and she was desperately breathing. with every breath, she swallowed the bitterness in her heart.

She knew why she had been sent to the United States. It was because she was pregnant with twins, and su Shicheng did not want to return the two to an

she didn't care. she would protect this child well.

Most of the twins went into premature labor. As the new year approached, she gave birth to a pair of twins.

a man and a woman, brother and sister.

The older brother named her Qin mo, and the younger sister ye mu.

When she was feeding the child, she would more or less look at Qin mo because she might never see him again in the future.

However, su Shicheng had specifically requested for ye mu to be sent to the Qin family because the SU family needed a boy to inherit their family line.

ye liangqiu didn't object. it was good for her sister to go back.

her father would definitely dote on her more.

She sent the blood from the child's umbilical cord back to B city with little ye mu and had it frozen on a private plane the entire time.

Mu Yun's illness would be cured.

She had only received a few words from Qin Anlan, saying that she had received ye mu. After that, there was nothing else.

he should also know about qin mo's existence, right?

However, he did not ask.

ye mu returned to B city and changed his name to qin mu, while qin mo changed his name to su mo. he became su shicheng's favorite grandson and the grandson he had placed his hopes on.

ye liangqiu stayed in new York for almost half a year before returning to B city.

The current Ya Shi was already in a state of turmoil, leaving her with a terrible mess.

on the other hand, KING entertainment's rise in popularity had suppressed asia tv to the point where they could not even breathe.

su shicheng seemed unconcerned and only cared about his grandson. however, he was also careful not to let his illness affect su mo. he was like a loving grandfather all day long.

Ye Liangqiu did not expect to meet Qin Anlan on her first day at work.

su shicheng announced at the shareholders 'meeting that ye liangqiu would become the acting president of asia vision. no one had any objections. no matter how one looked at it, anyone would have been better off than su shicheng.

The notorious and seriously ill su Shicheng had long been unsuited to manage the company, but he still held the majority of the shares, so no one could do anything to them..

Chapter 1599 - 1599: meeting again (1)

after su shicheng's announcement, ye liangqiu officially took over ya shi. Su Shicheng's original Secretary, Linda, was still her Secretary.

ye liangqiu sat there, dealing with the mess that su shicheng had left behind.

probably because he was old, he no longer followed his heart. su shicheng only said that he wanted to dominate the entertainment industry, but in reality, the company was in a mess.

Ye Liangqiu looked at the company's report and frowned. She looked at Linda and asked, " Mr. Su, do you know that Asia Vision is already losing money? "

linda coughed lightly. " mr. su doesn't ask much. he has high expectations for president ye. "

Ye Liangqiu looked at the numbers and sneered. he's hoping that I'll lay a golden egg for Asia Vision.

A messy company with low quality artistes. It was hard to believe that such a company was comparable to King Entertainment, Ya Shi.

Hearing her words, Linda couldn't help but laugh, but she covered her mouth,

"Teacher SU's strength doesn't follow his heart."

ye liangqiu looked at her for a long time before asking, "what's the schedule for this afternoon?"

Linda lowered her head and looked around. Then, she said, " I have a meeting with the person in charge of King Entertainment this afternoon.

Speaking up to this point, Linda seemed to be a little hesitant, and after a pause, she asked: "chairman ye, do we need someone else to go?"

ye liangqiu looked up at linda and slowly asked, "Are you afraid that I'll feel uncomfortable when I see Qin Anlan?" linda also tacitly agreed.

"it's nothing," ye liangqiu smiled.

She had to produce results for su Shicheng to see, Yingluo.

If she wanted to break through someone in one fell swoop, she had to give him some benefits first, let him see hope, and let him think that she had long surrendered and accepted her fate.

linda was a little surprised. did president ye really not care?

They hadn't seen each other for half a year. What would they be like when they met?

Linda was actually a bit expectant. Nothing could stop a woman's gossiping heart.

Ye Liangqiu gently flipped through the report in her hand and said in a calm voice, " Linda, you've been working for Mr. Su for many years, right? "

"About seven or eight years," Linda said immediately.

as soon as she left the school, she entered asia vision, and it could be said that it was like her home. although the situation was not good, she was still reluctant to leave.

I think you're also very clear that Mr. SU's illness will probably only last for two or three years. Ye Liangqiu raised her eyes and looked straight into Linda's eyes. Linda, you've been working for so many years. I'm sure you know better than I do about the hidden dangers of the workplace. I don't think I need to tell you how important the rules and sides are!" her tone was neither light nor heavy, but it was enough to shock linda.

linda was stunned, and after a long time, she muttered, "Chairman ye."

ye liangqiu looked at her. " of course, you can also choose to be loyal to mr. su. you can also choose to remain neutral. however, the outcome of each choice will be different. please consider it. " linda said without thinking, " i'll go with ceo ye. "

Ye Liangqiu looked at her and smiled, " I've thought it through. Su Shicheng isn't that easy to fool.

"but boss ye will have a way, right?" linda smiled, " i've thought about it. now that it's like this in asia, if i don't find a way out for myself, it seems like i'll be useless for the rest of my life. ' ye liangqiu looked up at her. " it's good that you have a dream.

in truth, what linda was betting on was that su shicheng would not live long.

ye liangqiu was well aware of this, but linda probably didn't know that su shicheng had secretly removed half of his lung so that he could live for another eight to ten years without any problems..

Chapter 1600 - 1600: Meeting again (2)

she clearly knew that only by stripping su shicheng of his power would she be able to break him down.

But she would not tell Linda about this.

“go and prepare the information.” she ordered indifferently.

Linda had a new master, so she nodded and left.

when she went out, she still felt a little uneasy. at this moment, her phone rang. she hesitated to answer it, took a deep breath, and said softly, ” ” mr. su, there’s no movement. it’s quite normal.

she hung up the phone and went back to her office.

After entering, she saw a small rabbit on the table. It was a gift from CEO ye. It was quite cute, so she put it on the table.

Linda was working with her head down, so she didn’t notice that there was something special about the little rabbit’s eyes.

This was a trick that su Cheng had played in the past. Ye Liangqiu found su Cheng in her room and sent Linda off.

From now on, she could not trust anyone-

At two O ‘clock in the afternoon, ye Liangqiu drove a white BMW and Linda sat beside her.

linda looked at her hand that was holding the steering wheel and was a little worried, ” ceo ye, is your hand okay? how about i drive? ”

Ye Liangqiu smiled faintly. I’m completely fine.

It was just that when he thought of Qin Anlan, he would still feel a faint pain.

That place seemed to have memories of him. Although it was painful, she could endure it.

Linda replied with an “Oh” and didn’t say anything else.

As ye Liangqiu was driving, Linda spoke, ” this time, Asia TV wants to buy a 40 -episode drama produced by King Entertainment. King Entertainment asked for 300 million for a package, but we have not agreed. It’s a small investment of tens of millions, but it’s an exorbitant price. Moreover, the female lead’s name is not well known. Mr. Su was not optimistic about it at the beginning and said that he would not want it if it exceeded 150 million.

although the internal department of asia tv was not doing well, their prime- time tv series had always been doing well. the advertisers were also top brands. as long as this was done well, asia tv could at least survive for five years.

Ye Liangqiu held the steering wheel and asked, ” “Then who’s the main lead?”

linda had prepared the information, but she had not read it in detail. she was going to talk about it in the car, and she could not make a decision immediately today.

Linda took out the documents, and said lightly, “the female lead is Xia mian, while the male lead is yingluo.” before she could finish, the car stopped with a screech, and linda was shocked.

” ceo ye? ‘

ye liangqiu paused for a long time without moving. after a long time, she softly said, “say it again, who’s the female lead?”

Linda looked at her carefully,”Xia Mian.” Boss ye, is there something wrong?” ye liangqiu let out a long breath. ” continue.

she stepped on the accelerator and continued driving.

However, Linda’s attitude was a lot more cautious. She was also good at reading people’s expressions, and she soon realized that Mr. Ye seemed to care a lot about this female artiste called Xia Mian. Although he didn’t express his opinion clearly, Mr. Ye was still unhappy.

linda was a bit depressed, and she didn’t say anything after that.

“i know!” ye liangqiu’s voice was faint. after a long silence, she said,”I know Xia Mian.” linda was stunned.

ye liangqiu smiled faintly. how could they not know each other? when she was married to qin anlan, Xia mian appeared in front of them like a sticky candy. every time, she would appear so pitiful. she was like a white lotus.

However, she didn’t know if Xia Mian had climbed into Qin Anlan’s bed. Qin Anlan’s heart sank, and she felt an unspeakable sadness.

if yingluo was there, she could only accept it..
