

Thank you 1611

Chapter 1611: don't you touch him (1)

Suddenly, a black gun was pointed at his forehead.

Qin Anlan's entire body tensed up. He narrowed his eyes, but he did not move.

He believed that as long as he moved, this gun with a silencer would shoot through his head.

an Ian, you never thought that you would have this day, right? ” An elderly voice rang out, followed by su Shicheng appearing from nowhere and standing by the bed.

qin anlan raised his eyes and slowly straightened his body. naturally, the gun moved with him. however, qin anlan was 186 cm tall while the young killer was only 172 cm. it was very difficult for him to tiptoe!

it had been a long time since they last met, but su shicheng seemed to have lost a lot of weight and aged a lot. he was in his early 50s and was originally at a high-spirited age, but now he looked like an old man.

the corners of qin anlan's lips curled into a cold smile. ” su shicheng, how much longer do you plan on using her? ” even when his life and death were uncertain, he still wanted to make use of it. an LAN, this is the difference between you and me. Su Shicheng licked his lips, those who do great things must cut off all emotional attachments. Otherwise, someone like you will have a weakness and let others take your life.

su shicheng's voice turned cold, ” and if i kill you now, no one will know. the nurse outside has fallen asleep again. ‘

Qin Anlan stared at ye Liangqiu's face for a long time before he said softly, ” “Is that so?”

Ye Liangqiu's eyes slowly opened.

he looked at qin anlan quietly and the black hole on his forehead.

su shicheng did not notice that she had woken up and continued to sneer. ” of course. ‘

if he killed qin anlan, liang qiu would be the biggest beneficiary of KING entertainment's shares. now that liang qiu was unconscious, it was his best chance.

Su Shicheng gently raised his hand. don't dirty the sheets.

he didn't want liangqiu to be frightened when she woke up. he still cherished this daughter of his.

it could bring him everything, it could bring him supreme glory.

However, the killer did not move for a long time. His voice trembled as he said, ‘ Mr. Su, the young miss is awake.

su shicheng narrowed his eyes and stared at the bed in disbelief.

ye liangqiu calmly lay there, his eyes staring straight at su shicheng.

They had an agreement.

but su shicheng had violated this rule.

under that gaze, su shicheng was somewhat embarrassed and lightly coughed, i'm protecting you! i'm afraid he'll do something to you."

As soon as he said this, the situation became a little subtle, because he did have bad intentions towards her today.

Qin Anlan's deep gaze fell on ye Liangqiu's face. His tone was calm and slow. "she's still my wife, but no matter what she does, it can't be considered as immoral, right, mr. su?" su shicheng couldn't get off the stage and could only chuckle. "you can say so! ' Ye Liangqiu's lips moved slightly as she lay there. Her lips were very dry.

She had a dream just now. It was a very long dream. An LAN, mu Yun, Mumu, and Momo were there. They were living together.

the dream was beautiful, so she didn't want to wake up.

However, a voice pulled her back to reality, and she opened her eyes with difficulty.

her an Ian was right in front of her.

Su Shicheng was also in front of him.

She Imew that she had woken up because he was in danger.

"i want to have a few words with him." ye liangqiu turned to look at su shicheng.

su shicheng had lost all face because he had broken his promise to her.

it would be disadvantageous for him to make a move now. if he killed qin anlan, liang qiu would not listen to him anymore..

Chapter 1612: don 't you touch him (2)

"Then I'll come and see you tomorrow," su Shicheng said with a loving smile.

Ye Liangqiu didn't say anything and just watched him leave.

Qin Anlan stood there and looked straight at her. "why are you helping me?" He laughed at himself. if I die, everything will be solved, including the child.

ye liangqiu's eyes were fixed on his face, listless and dazed.

slowly, she closed her eyes and sighed."i'm a little tired from an Ian's nagging."

His eyelids closed, and he fell asleep.

qin anlan was surprised. he sat down to feel her forehead and pinched her philtrum, but she did not wake up.

She was stubbornly immersed in her own world.

in the end, they called the doctor on duty. the doctor was also very nervous.

firstly, it was because of ye liangqiu's identity. secondly, qin anlan had a strong aura that he would blow up the hospital if anything happened.

after a thorough examination, the doctor finally heaved a sigh of relief. he stood up and said to qin anlan, " she's just tired and wants to sleep! "

Qin Anlan was stunned. He grabbed the doctor's arm and asked again in disbelief, " you just want to sleep? " the doctor smiled and said, " yes! i'm just sleeping."

She was about to leave when she was caught again. Qin Anlan's voice was a little bitter. will she wake up? "

The doctor pondered for a moment. at least until eight or nine O 'clock tomorrow morning!

He laughed. you look like you can sleep a lot!

after a long time, he dimmed the lights. under the dim light, she slept quietly.

her long, ink-like hair was scattered on the pillow, just like their wedding night. she also fell asleep like this.

Qin Anlan did not know how long it had been since he had a good night's sleep. She was right here, and he could not resist such temptation. l huo slowly lay down beside her.

He closed his eyes and fell asleep.

When the doctor was making his rounds in the morning, he came over and saw two cats lying on the bed.

this was the intensive care unit. what was a man trying to do to a female patient by running in in the middle of the night?

It was a female doctor on duty during the day, and she suddenly felt that this man was a beast.

the nurse said that the patient's husband had come to visit in the middle of the night and had actually reached the bed.

the female doctor suddenly felt that this man had changed. l the person on the bed was not his wife.

so, he whispered to the nurse beside him to call security.

If this kind of thing was known by the higher-ups and the outside world, it would be terrible. It would be a great loss to the hospital's reputation.

the young nurse went to call for them, and in less than five minutes, four security guards came in.

"drag this out and find a place to lock him up. let the higher-ups deal with him."

The female doctor frowned.

After she finished speaking, the security guards were about to step forward when Qin Anlan woke up.

his entire body felt uncomfortable, and because he was afraid of crushing ye liangqiu, he only slept about fifty centimeters away.

when he opened his eyes, he saw the female doctor with a straight face.

He placed his hand on his forehead and laid back down. Just now, he thought he saw Tang Yu.

the female version of tang yu!

“Don’t think that you can just pretend to be dead!” the female doctor gritted her teeth. Hey, let go of our female patient.”

It wasn’t strange for her to have such thoughts. Ye Liangqiu was a diva and had many crazy fans. They would do anything.

she had also thought that this was one of the crazy fans.

qin anlan pressed his fingers against his eyes and said in a deep voice, ” it seems that the handover of work at your hospital is not very good. ‘

the female doctor was stunned. the doctor on duty last night had gone to perform an emergency operation, so she had not changed shifts..

Chapter 1613: Does it hurt?(I)

the female doctor was stunned. what did he mean?

“i’m ye liangqiu’s husband, qin anlan,” qin anlan slowly said. he said it unwillingly. why? did he look particularly wretched?

the female doctor took a deep breath and looked straight at the man on the bed. he had a light blue chin, a high nose, and a square face. she couldn’t see anything above that.

She looked at the security guards around her and could not make a decision.

at this moment, the hospital director ran over and wiped his cold sweat. he chided the female doctor in a low voice, ” what’s going on? Why are you being so rude to Mr. Qin?”

The female doctor also had a strong background, and the director usually pampered her. However, when she wanted to argue, the director rudely interrupted her, ” “don’t say anymore. mr. qin is boss ye’s husband. what’s wrong with you all?” the female doctor was stunned. was it true?

qin anlan was still lying on the bed as if he did not see the dean or hear his voice.

After the director sent the people away, he bent over and said gently, ” Mr. Qin, if you need anything, call the nurse outside. Doctor li is still young and doesn’t know much, please bear with her. ‘ mm, ” Qin Anlan replied indifferently and did not say anything else.

seeing this situation, the dean silently left. he was a thoughtful person. when he came, he had learned that ye liangqiu had woken up once but had only fallen asleep.

after they went out, they reprimanded the group of people. only then did they feel at ease. they sent a few nurses to guard the door.

after cleaning himself up, qin anlan lay down and slowly moved his fingers away. he looked at the ceiling.

After a long time, he said, "I'm being treated as a pervert." "I state! color! wolf, why aren't you waking up?" ye liangqiu had been awake for a while, but she hadn't gotten up. she probably didn't want to face the fact that they were husband and wife.

"I want to see how President Qin is going to deal with it." as ye liangqiu spoke, she turned around, her back facing him, and buried her face in the pillow. " why are you sleeping here? " he was a little annoyed that she had turned around, so he sat up and looked down at her.

it would be a lie to say that she didn't have any feelings for him at all. after all, they had been husband and wife for so many years, even though they hadn't really been together much.

Her figure was first-class, and she lay there wearing only a thin piece of clothing. Even if it was simple, it was still very moving.

Half passionate and half angry, he suddenly lay back down and hugged her from behind, holding her body to prevent her from escaping. His voice was as tight as his body. why did something happen? "

Ye Liangqiu lowered her eyes and looked at his hand. She didn't answer him directly. let go of me first.

"I won't." not only did he not release her, but he also buried his entire face in her neck. the hot breath he exhaled on the back of her neck caused her to tremble uncomfortably.

his voice was filled with anger and unwillingness. " ye liangqiu, if you think you can make me soft-hearted like this, then you're wrong. '

After a long time, ye Liangqiu chuckled. why would I? "

Qin Anlan's body froze. He stared at her head, then lowered his head again and bit the flesh on her neck with a lot of force, as if he wanted to bite off a piece of her flesh.

she cried out in pain and then let him bite her without making a sound.

It was not until he tasted a trace of blood that he finally let go. He stepped back a little and looked at the red mark.

"Does it hurt?" His voice was low and hoarse, and his fingers touched the soft part. Meat..

Chapter 1614: does it hurt?(2)

Ye Liangqiu pursed her lips and didn't say anything. Her forehead was covered in sweat.

“ye liangqiu, i thought you wouldn’t feel any pain.” He said coldly and suddenly turned her over, and he took advantage of the situation.

with his hands clasped around her palms, he raised them high and interlocked their fingers, looking very intertwined. Mian’s posture, but only she could feel how tense he was and how cold his expression was.

“next time, don’t play this kind of trick with me!” He stared into her eyes. this time, she didn’t avoid him. she looked at him and chuckled.”president qin has been talking to himself the whole time. it’s just a small accident, but president qin has been thinking too much.”

She couldn’t move her hand, so she lifted her body slightly and pressed her lips against his. or is it that President Qin can’t forget his love? ”

His gaze turned a few degrees colder. At this time, she was dressed in pure white, but she was also extremely charming.

The more this was the case, the more resentful he was.

he pinched her chin with one hand. ” ye liangqiu, you can be more shameless. ‘

The moment he let go, she suddenly reached out and wrapped her arms around his neck, her lips pressing against his.

his body froze and he looked at her coldly, but his body was honest.

Her body was soft, as if she was clinging to him without bones. He had tasted that feeling many times, but it had never been like this. Bones.

the joy and happiness that was mixed with hatred was so heart-wrenching and irresistible.

he couldn’t stop it. on this bed, he kissed her passionately, pouring out his unknown thoughts and struggles.

His beard hurt her lips, and her nails scratched his neck, but no one had time to care. They kept hugging and kissing, as if they were trying to suck every inch of air out of each other’s body.

her heart, lungs, and internal organs were all in pain, but no matter how much pain she felt, it couldn’t stop the kiss.

They really only left for a moment. After taking a breath, their eyes met.

Her eyes seemed to contain water, with so much love and hate, all entangled together.

after that, they kissed again. this time, he hugged her, held her, and stumbled.

It was a hot topic.

Doctor li heard the commotion, but for the patient’s safety, he brought a few nurses in.

They were all dumbfounded by what they saw. The scene was not very good to look at.

doctor li subconsciously looked around. was this still an intensive care unit? How good would it be if every patient was so lively!

“mr. qin, the patient shouldn’t do any strenuous exercise.” the young female doctor coughed lightly.

if she didn’t come in, he would probably do it all the way!

qin anlan was still hugging ye liangqiu, his voice filled with impatience and hoarseness. ” “get out.” dr. li wanted to say something, but the young nurse pulled her out.

The director had instructed that doctor li was not to mess around.

The atmosphere was a little strange when everyone was gone. Qin Anlan let go of the person in his arms and his gaze lingered on her collarbone for a while. A few buttons of her hospital gown were unbuttoned.

she gathered her clothes and smiled. ” president qin, you can leave now. ”

he sat by the bed and was so frustrated that he wanted to smoke. when he heard the sound of her changing clothes, he suddenly turned around.

His eyes were bloodshot as he watched her calmly change her clothes.

His dark eyes were filled with pain and desire. His fingers trembled as he reached out and touched her shoulder gently..

Chapter 1615: Does it hurt?(3)

she suddenly turned around.

Their eyes met, his voice dry.”i’ll go first,” said su.

He slowly walked to the door. He had slept well, but he felt exhausted.

when they reached the door, ye liangqiu suddenly said, ” “an Ian, how have you been?”

he placed his hand on the doorknob and lowered his head. after a long while, he said, ” “let’s do this!”

“Don’t show me any mercy.” her voice was urgent and filled with uneasiness. this time, he turned around and looked at her. ” i won’t. ” he opened the door and walked out.

she was right, he was indeed thinking too much.

ye liangqiu looked at the closed door and buttoned up her clothes. she wanted to be discharged from the hospital now.

Doctor li came in and was a little surprised. He put his hand in the pocket of his white coat. miss ye, you still need to stay in the hospital for three days for observation.

"I'm fine." Ye Liangqiu said indifferently, then looked at Linda, who had rushed over, "Linda, I'll be waiting for you in the car. You can go and get discharged." Linda nodded, but she was still worried after a while. "Chairman Ye, you can't drive by yourself."

"I know," Ye Liangqiu smiled and walked out.

Linda stayed behind and fought with the female doctor.

After half an hour, she got out of the car and saw that CEO Ye was sitting obediently in the front passenger seat. Linda smiled with satisfaction and started the car.

Ye Liangqiu's voice was faint. Back to the SU residence.

Su Shicheng should still be there.

Linda turned her face and looked at her for a while, then stepped on the gas.

When the car arrived at the SU residence, Ye Liangqiu didn't get out of the car immediately. She placed her hand on the car door and instructed Linda, "You go back to the company first, I'll go to work tomorrow." Linda was a little touched. She knew that President Ye didn't want to get her involved in the Su family's internal fight.

After Ye Liangqiu finished speaking, she got out of the car. After Linda drove the car away, she slowly walked towards the SU residence.

Su Shicheng was sitting on the sofa in the living room, playing with Momo. He truly doted on Momo.

As Ye Liangqiu slowly approached, Su Shicheng looked up and observed her expression for a moment. Then, he lowered his head and affectionately patted Momo's little head. He ordered the servants beside him, "Take the little young master upstairs to play."

Little Momo was only half a year old and was in the prime of her life. When she saw Ye Liangqiu, her eyes were filled with desire.

He hadn't cut off his milk yet, and Ye Liangqiu wanted to take this opportunity to cut it off, so he didn't hug him.

After the servants carried little Momo upstairs, Ye Liangqiu looked at Su Shicheng and sneered, "If there's a next time, I guarantee that all your expectations will be dashed."

Being threatened by his daughter, Su Shicheng lost all his face and immediately exploded. He dragged his crippled leg over and said, "What are you saying? I'm your father."

Ye Liangqiu sneered. But none of the things you've done were things that a father should have done. You should know better than anyone about the situation with Asia Vision, "she continued, "It's easy to make it close down." Su Shicheng's eyes flashed with malice, "Not afraid that I'll take Qin Pei's dog."

"I'm afraid, of course I'm afraid!" Ye Liangqiu walked up to him and looked down at him. It's because I'm afraid that I'll listen to you.

her body exuded an oppressive aura that even su shicheng was somewhat stunned by.

ye liangqiu bent down, her eyes parallel to his. "if qin pei dies, i won't have the face to tell an lan's mother about ran ran."

Then, she leaned close to his ear and said, "dad, do you still dream of Hongke's death every night?"

Chapter 1616 - 1616: does it hurt?(4)

Su Shicheng's eyes were wide open, and his old eyes were covered with layers of loose eyelids that did not seem as sharp as before.

he opened his mouth slightly and his lips moved. he said with difficulty, "don't mention her."

"Why didn't you?" Ye Liangqiu looked up at him and smiled coldly. dad, do you still dream of Hongke lying in a pool of blood?"

su shicheng's fingers on his knee trembled. he raised them and pointed at her with trembling fingers. "you're not allowed to say anymore. you're not allowed to say anymore, zhenzhen." after repeating it a few times, he muttered, "i'll kill qin pei if you continue."

"Kill! If I kill him, I'll be free." ye liangqiu inched closer to his face and mimicked su shicheng's voice. "dad, if we kill him, he'll go down and marry hongke again. zhenzhen, are you willing to accept this?" su shicheng raised his eyes and stared at her.

Ye Liangqiu laughed coldly and straightened her body. if you're not afraid of Qin Anlan pointing a gun at you again, it's better to find a place to hide and recuperate.

su shicheng swallowed his saliva,"this is my home."

"Yes, but you have to live like a reduced turtle." Ye Liangqiu's lips curled into a mocking smile.

Su Shicheng was extremely unwilling, but he still called for his subordinates and was pushed away in a wheelchair.

After he left, ye Liangqiu finally relaxed. She sat on the sofa and rested her head on the back of the sofa for a long time, then reached out to cover her eyes.

How could an LAN not be in pain?

If it wasn't for the fact that su Shicheng's men were watching mu Yun at the airport, I might have watched you kill him and would rather Qin PEI die.

But after she calmed down, she still didn't regret the choice she made, even though it hurt a little.

After a pause, she slowly walked upstairs. Little Momo had already learned how to lie on his stomach and was playing on the bed.

she had decorated su cheng's previous room a little and changed it into mo mo's game room. su Cheng had a lot of little things here, and mo had a lot of fun playing.

ye liangqiu felt a little dizzy, but she still played with momo for a while.

"miss," the maid said worriedly, "you should rest for a while. you don't look too good."

"get someone to prepare lunch!" ye liangqiu said indifferently, remembering that he had not eaten for almost twenty hours.

the maid immediately ran down to the kitchen and ordered.

Ye Liangqiu picked up little Momo and raised her high. Little Momo smiled at her.

"Momo, did you miss daddy?" she asked softly.

"Momo, if you're obedient, I'll take you to find your father." ye liangqiu pinched his son's face.

the little fellow's body was particularly strong, different from mu yun's previous delicate body, so she did not have to worry. moreover, this child was cheerful. when she smiled, she even had two small dimples, which were very similar to an Ian.

probably because she pinched him too hard, the little guy was unwilling. he wriggled around on her body and finally peed.

Ye Liangqiu rested at home for a day before going to work at Ya Shi. Linda followed behind her and asked worriedly, Chairman ye, is there any problem?

do you want to rest for a few more days? "

"No need, I'm fine!" ye liangqiu shook her head and sat down. "is there any news from KING entertainment? has there been a date for the contract signing?"

"

"I've contacted President Qin's Special Assistant. We'll meet next Monday." linda still asked, "why did ceo ye go and support Xia mian? he could've just helped her"

Chapter 1617 - 1617: are you jealous?(l)

Ye Liangqiu interrupted her, "there are so many platforms. They can't stop her from becoming famous. It's better to maximize the benefits."

Linda still didn't understand. President ye and Mr. Su were supposed to be enemies, so why did they still try their best to support Ya Shi?

When she carefully asked, ye Liangqiu looked at her for a long time before replying, "You'll find out in the future."

she still couldn't completely trust Linda, so she wouldn't say some things until the critical moment.

"Got it, boss ye." Linda nodded.

Ye Liangqiu smiled faintly. "Go out first. I'll go through some documents." Linda went out.

Ye Liangqiu's brows furrowed slightly. She looked at the documents in her hand and then put down the kasaya.

On Saturday and Sunday, she flew to Hong Kong. It was already ten o'clock at night when she returned.

In the dead of the night, he took a car back from the airport. Along the way, there were billboards with the latest advertisement for a certain sanitary pad, and the spokesperson was the unknown Xia Mian.

The sanitary pad advertisement made Ye Liangqiu laugh. It was quite a good match for her youth drama.

She was annoyed and didn't want to look anymore, so she closed the window.

Chairman Ye," the driver, Xiao Zhang, said, "the Mid-Autumn Festival is in a few days. How do you plan to celebrate with Mr. Su?"

In the eyes of outsiders, Su Shicheng was an old man whose days were numbered with each passing day. Chairman Ye was working hard right now, having to take care of him while also being busy with company matters.

Mid-Autumn?

Ye Liangqiu suddenly remembered that it was Mid-Autumn again.

She pursed her lips and remembered that her birthday was in two days.

Her last birthday was still fresh in her mind. An Ian had given her the biggest surprise of her life. Every time she dreamed of that, she would wake up in tears.

Xiao Zhang didn't notice what she was thinking and continued, "Teacher Su will definitely be happy."

"Yes!" Ye Liangqiu chuckled.

Then, he looked up at Xia Mian's Billboard and felt that it was a little glaring. At that moment, her phone rang.

He looked at the caller ID and did not want to answer it because it was Qin Anlan.

He let the phone ring again and again.

"Boss Ye, there's a call." Xiao Zhang was puzzled.

Ye Liangqiu handed him the phone. just say I went home. I left my phone in the car.

Xiao Zhang was young and smart. besides, how could he not know when he saw the caller id?

So he picked it up, and his voice was quite calm and natural, ” “is this president qin? Boss ye’s phone was left in the car. Yes, boss ye is already home.” he hung up and returned the phone to ye liangqiu, not daring to ask any more questions.

ye liangqiu didn’t say much. she leaned back in her chair and quietly ordered, “turn down the air-conditioner, i want to sleep for a while.”

Xiao Zhang hummed in acknowledgment and took the time to look at the rearview mirror. He sighed in his heart. It was a pity for CEO ye.

She used to stand at such a high position, so she should have been the brightest star. But now, she had to take over the business. She must be exhausted.

Most of ye Liangqiu’s previous roles were in literary films, so she wasn’t associated with the stench of money. Those who didn’t know her well would find it hard to imagine her business.

the black rv drove smoothly on the highway and arrived at the su residence an hour later.

“Chairman ye, we’re here.” Xiao Zhang’s voice was a little soft. In fact, he had been sitting there for five minutes. Chairman ye had not woken up, so he had to call out.

ye liangqiu sat up straight. ” we’ve arrived? ”

” Xiao Zhang immediately got out of the car and opened the door for her.

president ye, slow down. it’s been drizzling in b city.. ‘

Chapter 1618: Are you jealous?(2)

Xiao Zhang acknowledged him and got out of the car immediately. He opened the car door for her. CEO ye, slow down. It rained in B city. he picked up his phone again. ” don’t forget your phone.

ye liangqiu looked at it for a long time before picking it up.

Xiao Zhang said goodbye to her and she watched the car drive away.

The phone in her hand started vibrating. She was so shocked that she almost threw it away.

it was a message from qin anlan. it only had a few words: “Where did he go?” Ye Liang didn’t reply because it was unnecessary.

She turned around and went upstairs. However, she did not sleep well that night.

In her dream, he was the one asking her where Yingluo was, and it was all Xia Mian’s billboards.

She didn’t sleep well last night, and she didn’t have much strength to sign the contract on Monday afternoon. She was even a little green.

this time, qin anlan did not bring Xia mian along. he only brought KIME along.

The contract was signed very quickly. The assistants of both parties packed their things and left quickly, leaving the meeting room for boss Qin and boss ye.

ye liangqiu wanted to leave, but qin anlan stopped her. " what's the matter in hong kong? " he asked in a flat tone.

it seemed that he knew.

ye liangqiu didn't avoid his gaze. he looked straight into his eyes and smiled. "Yes, I went to see Mr. Du! ya shi would like to cooperate with mr. du's company."

"do you know du yuesheng's background?" qin anlan's voice was slightly cold.

"I know! " Ye Liangqiu coldly asked, " is President Qin worried about me? "

"If you knew, why did you still provoke him?" qin anlan narrowed his eyes. " are you crazy? " she didn't make a sound and just looked at him quietly.

"Is it that important to you? Or is su Shicheng more important to you? hmm?" He wanted to calm down, but he realized that it was very difficult.

ye liangqiu pursed her lips. " if there's nothing else, president qin, i'll take my leave. ' she wanted to leave, but he immediately got up and held her hand. he looked at her with a burning gaze."you're not going to ask me why i'm supporting Xia mian?" ye liangqiu's body froze. after carrying him for a while, she slowly turned her head.

She looked at him and sneered. you did? "

His fingers held her hand, and it hurt.

suddenly, he let go of her hand. " ye liangqiu, good job. ' "

Instead of getting angry, ye Liangqiu laughed. didn't you want me to have this reaction? "Qin Anlan, you think you're great, but you're threatening me right now, Yueyue. If I don't go back, you'll sleep with another woman, right?" it had been almost a year, and this was the first time they had such a fierce argument, and he was the one who had started it.

Xia mian became the cannon fodder between them.

"what if i am?" He pulled her closer to him and held her in his arms.

He was very tall, and she could only look up at him in embarrassment.

Ye Liangqiu looked at him and stomped down hard. He had clearly used so much force, but he didn't even frown.

"then sleep!" "president qin, should i congratulate you?" she sneered. His face was livid, and his strength was so strong that he could almost break her in half.

she continued to look at him stubbornly.

"I've realized that you're still so despicable." he gritted his teeth and lowered his head to kiss her, but his face was full of disgust.

ye liangqiu fiercely turned her face away, not letting him kiss her. "president qin, don't use your mouth to kiss me. even if you don't think it's dirty, i do!" he paused for a moment and smiled even colder than her. "really? why didn't you despise me when you climbed into my bed that year?"

he cupped her face and stared at her with narrowed eyes. then, he kissed her again angrily.

Chapter 1619: Are you jealous?(3)

in the end, she fell on the desk in a sorry state.

qin anlan did not touch her. he only squinted his eyes and examined her carefully, and she also noticed it.

He angrily spat out two words,"change." "I State!" it turned out that he was the one who was jealous!

qin anlan took a few steps back and leisurely lit a cigarette. "put on your clothes, director ye. i'm not in the mood." she was still lying there, unable to move for a long time.

qin anlan leaned against the wall a few steps away. he puffed out a ring of smoke and looked at the people at the table with a slightly dazed gaze.

She was in a sorry state, but she was also the most tempting. Human.

"Cut off all contact with Du Yuesheng." he said in a slightly domineering manner.

ye liangqiu's fingers gripped the edge of the table as she slowly straightened her body. then, she sat on the chair and tidied up her clothes.

"if i told you to stop supporting Xia mian, would you be willing?" She looked at him. Qin Anlan, don't use those rules on me.

He smoked his cigarette and furrowed his brows. Xia Mian is auditioning for herself. I'm not the one who wants to support her.

really? who was the one who said that she couldn't stay in B city anymore? 'Ye Liangqiu choked out. After she finished speaking, she felt that her words were meaningless.

qin anlan looked at her with a deep gaze. "do you care?"

"I can kick her out of B city right now." he looked straight into her eyes. "the premise is that you leave asia vision and testify against su shicheng. '

ye liangqiu took out a box of cigarettes from her bag. she didn't usually smoke, but she was just putting on an act.

As soon as she took out the cigarette, Qin Anlan pressed her hand down, and his face showed that a storm was coming. "you smoke?"

"Ye Liangqiu, you're still in the nursing stage, right?" he clasped her hand, his face full of anger.

ye liangqiu turned her face away. "no." but her face still turned red.

the blush ran from her cheeks to the back of her ears, making her look exceptionally beautiful.

“Is that so?” Qin Anlan’s voice was hoarse. He bent down and hugged her from behind. His hand went to the front and gently restrained her. He rubbed her a few times to get the answer he wanted.

After that, he was a little reluctant to let go, but he had to.

But the moment he let go, she hugged him.

“ye liangqiu!” he cried out in shock and looked down at her.

Ye Liangqiu hugged him with one hand and unbuttoned his shirt with the other.

His black shirt was slightly unbuttoned, and she only took a glance at it before she buttoned it up for him.

“What is this?” His voice was slightly hoarse as he grabbed her fingers.

His hands were almost trembling and burning. It was extremely hot.

“President Qin, it’s a courtesy.” she had also checked his body and found nothing suspicious.

Qin Anlan was silent for about two seconds before he finally understood her intentions. He took a step back, rubbed her cigarette box, and threw it into the trash. don’t smoke anymore.

He looked at her again. is Momo alright? ‘

she raised her eyes and stared at him for a long time before saying softly, ‘ “Very good,” he said.

“take a look at the photo.” he said lightly, then took her phone, turned it on, and sent little momo’s photo to his own phone, but he did not mention that he wanted to meet her.

ye liangqiu hurriedly buttoned up her shirt, but it still looked a little small.

his eyes swept over the room and paused for a while before he said indifferently, ” ceo ye, let’s leave it at that! once you’ve confirmed the date for the release, let us know so that we can do some publicity.”

Although there was no major friction between them, their conversation ended on a bad note..

Chapter 1620 - 1620: birthday (1)

Qin Anlan left first, leaving ye Liangqiu alone. Linda entered carefully and saw that Chairman ye’s hair was a little messy. Linda’s heart jumped, not sure if Chairman ye had suffered a loss.

Ye Liangqiu’s voice was very faint. wait for me outside.

linda said “oh” and left. after she left, ye liangqiu looked down at her kasaya.

She admitted that she was a little seductive today. She had lured Qin Anlan not because she wanted to do anything with him, but because she wanted to retain his heart.

Over the long years, she didn't know if he would act like he did in the past because he was angry with her.

she was not unafraid.

she smiled and walked out slowly.

Because of her loneliness, she deliberately did not think about her birthday. on the day of her twenty-eighth birthday, she worked overtime alone at the company until eight o'clock. when she left, she drove, and the road was still full of Xia mian's billboards.

her phone rang. she stopped at a red light and looked at it. it was a video call from pei qiqi.

PEI Qiqi and Tang Yu were vacationing in France, but they still remembered her birthday and sent her a video to congratulate her.

"Liangqiu, I'll bring you the present when I return." PEI Qiqi's smile was a little sweet. Behind her was the night view of Paris.

ye liangqiu's eyes also became gentler, and she said silently, "Thank you," he said.

She didn't go home directly. Momo had already fallen asleep.

His phone rang again. It was sister Ying.

"liangqiu, do you have time for a meal? i just got off work." Sister Ying sounded tired.

"okay, i'll see you in half an hour!" ye liangqiu said.

after she hung up, she turned the car around.

half an hour later, sister Ying was already there. she was sitting by the window and waving at ye liangqiu. " liangqiu. ' ye liangqiu sat down.

"i didn't know if you were free, so i called you at the last minute." Elder sister Ying smiled faintly.

ye liangqiu shook his head. " i'm not busy.

ye liangqiu pursed her lips. she looked up, her eyes filled with surprise.

"No matter how old you are, you'll always be a 19-year-old girl," elder sister Ying smiled.

After he finished speaking, he gestured for ye Liangqiu to open the box. Inside was a crystal music box. The first movie ye Liangqiu starred in was engraved with laser technology. The music was also the theme song.

"That's good." Ye Liangqiu looked up. thank you, sister Ying.

she knew that it was not cheap. it was custom-made and cost more than 100000 yuan.

elder sister Ying smiled. " what are you thanking me for? as long as you're happy, it's fine. let's take advantage of today and have some fun together. "

ye liangqiu looked at her, and after a long time, asked softly,"elder sister Ying, have you been unhappy recently?"

"How can there not be any?" Elder sister Ying laughed. so silly.

the waiter came over to serve the dishes. after the dishes were served, sister Ying started eating. " you're already in your forties. there are many things that you don't want to do. usually, when you go home alone, there's no one to talk to. instead of saying that it's your birthday today, you might as well say that you're looking for someone to accompany you.

after that, he drank half a glass of appetizer.

The Golden liquor flowed down her throat. It was a little spicy, but sister Ying didn't frown at all.

"if you feel lonely, then find a companion!" ye liangqiu said softly.

"i'm not looking! if you're not the one you want, there's no point in looking for you." Sister Ying held the cup and laughed softly.

ye liangqiu didn't say anything more. she didn't drink, and it wouldn't be good if momo saw her..
