

Thank you 1701

Chapter 1701: Happy New Year (3)

The clear and cold night and the lively sky formed a sharp contrast.

Qin Anlan brought ye Muyun to watch from a distance. They watched the lively scene in the sky.

“it’s so beautiful.” “Mom will definitely like it too,” ye Muyun said in a low voice. Qin Anlan reached out and picked his son up so that he could have a higher view.

“Yes, your mother likes it too,” he muttered after a long time.

However, they were separated after only a year or two. No matter how much she liked it, they could not stand together and admire the fireworks.

more than ten fireworks were set off in turns, and the sky bloomed beautifully again and again. however, after they were all set off, all that was left was loneliness.

Qin Anlan stood there for a long time before he lowered his head and looked at his son. let’s go back to sleep, okay? ‘ it was rare that ye muyun didn’t listen to him. ” i want to call mom. ‘

As soon as he finished speaking, his father’s body froze. After a long time, he sighed softly. Muyun, it’s very late. Mommy has already gone to bed.

“We didn’t sleep either, did we?” Xiao mu Yun’s height reached Qin Anlan’s waist. She looked up and asked.

He didn’t look like his usual cold self. Instead, he looked like a child who yearned for a mother.

no matter how hard-hearted qin anlan was, he could not bear to do so. hence, he took out his phone and passed it to mu yun.

In fact, how could he not know that mu Yun could use the phone at home to make the call? he was just looking for an opportunity to enjoy the feeling of having parents. How could he bear to reject his feelings?

Mu Yun picked up her phone and squatted down. Her voice was soft when she was on the phone, and she looked at Qin Anlan from time to time.

qin anlan was dazzled by that little gaze. he walked to the side silently and lit a cigarette.

Xiao mu Yun spoke for about ten minutes before she returned the phone to him.

qin anlan lowered his head to take a look. it had already been hung up.

“What did he say?” he held the cigarette in one hand and took a puff. he hugged his son and walked home as he asked.

mu yun groaned in a daze. ” dad, i want to sleep.

after she finished speaking, she pressed her little face against qin anlan's waist, looking like she was about to sleep.

Qin Anlan gently patted his little head. He was helpless, amused, and angry at the same time. This child!

She carried the little guy upstairs and covered him with the blanket. Xiao mu Yun opened her eyes secretly.

Qin Anlan was both angry and amused at the same time. He reached out and pinched his little face. alright, time to sleep. Otherwise, I'm going to spank you.

Xiao mu Yun let out a cry and hugged her sister as if she was a little toy. She even lowered her head and kissed her.

Qin Anlan's heart softened, and he covered both of them with the blanket.

just as he was about to leave, mu yun's soft voice rang out, "dad, will mom come back?"

qin anlan's body stiffened. after a long time, he smiled gently. "she will always be your mother. "

Mu Yun didn't say anything else and carefully said Goodnight.

Qin Anlan walked back and kissed the little guy on the cheek. "Good night," she said.

She got up and a pair of small hands hugged him.

The child's body was long, and his small arms were long. He hugged him and gently teased him.

Qin Anlan felt a kind of reluctance in his heart. He could not bear to leave.

mu yun had never made a fuss or begged him, but that did not mean that he did not miss his mother.

and he had been merciful to her many times, and it could not be said that he had not considered the child.

qin anlan stayed with the little guy for a while more. he only walked out quietly after he had fallen asleep.

He went to his mother's bedroom and stayed there for a long time. He looked up at mother Qin's photo when she was alive..

Chapter 1702 - 1702: Happy New Year (4)

It was still the same as before. On the dressing table, there were red candles, which were used by his parents when they got married.

she had still carefully kept it, which showed that she had never forgotten the heartless person.

Qin Anlan sighed softly and cleaned the bedroom carefully. He sat there for more than half an hour to keep her company.

when he returned to his bedroom, he could not fall asleep.

his body was exhausted, but his mind was especially clear. all these years, he had never had a good night's sleep.

He sat up, walked to the bar in the living room, and poured himself a glass of red wine. He sat on the sofa by the floor-to-ceiling window and looked at the night view outside. He sat there until midnight.

He held his phone in his hand and occasionally looked at it, but it was almost dawn, and he still didn't receive any messages.

He laughed bitterly. What was he still looking forward to?

it was time to clean up xuxu's debt with the su family and her relationship.

Qin Anlan slowly got up and looked at the morning scenery outside with a slightly bitter gaze.

the morning light was shrouded in a thin mist, and it looked a little cold. in the white mist, there were branches with broken leaves standing there alone. qin anlan felt that the tree resembled him.

She smiled slightly, a little bitterly.

on new year's day, she had asked ye liangqiu to meet her on the second day of the new year, so that the children could reunite.

The location was still at his apartment. Su Xiu did not go, as she would probably be unhappy if she went.

qin anlan had hired two professional nannies, both of whom were hired after a long time of confirmation. qin anlan was more at ease using them.

on the afternoon of the second day of the new year, ye liangqiu came over, pushing a small cart with momo inside.

qin anlan hugged momo while ye liangqiu gave the gifts she had brought to mu yun and mumu.

especially mumu, who felt a little sour in her heart as she hugged him.

after all, she was a little girl who had lost her mother the moment she was born. although an Ian had taken good care of her, ye liangqiu still couldn't let go of her.

she hugged and kissed him for a while, then put him down again, a little reluctant to part.

“The nanny will take care of it. go to the supermarket.” Qin Anlan's voice was a little stiff.

She raised her eyes and looked at him. what are we going there for? ”

Qin Anlan had already walked to the door. His tone was very calm. “I'm buying vegetables!”

She let out an “ah.” He stood at the door and said in a lighter tone, ” “No, what are we having for dinner?”

Ye Liangqiu nodded and walked out.

He took his coat and car keys, and when he saw her coming out, he opened the door and walked out.

she followed behind him because she couldn't bear to part with the children. it wasn't easy for them to meet, but he wanted to take her out again.

However, she did not dare to disobey him. If she dared to, he might not let her see the child again.

He quietly sat down beside him and started the car. His tone was calm. you should know about Xia Mian.

She made a sound of agreement and did not say anything.

“what are your thoughts?” his voice was still lukewarm.

ye liangqiu raised her eyes and looked at him. ” you want me to invite che taixian back to avoid the rumors? ” He said that he and Xia Mian were actually in a business relationship?”

“you're such a joker,” qin anlan snorted coldly.

After he finished speaking, he stopped talking about Xia Mian and asked her what she wanted to eat.

ye liangqiu's mind was in a mess. she turned her head to look out the window, bit her thumb, and said in an indifferent voice,”are you going to do it?” after asking, there was a long period of silence. after a long time, qin anlan sighed. “Liangqiu, you'll give it to me?” she suddenly turned around, as if she was shocked, and stared at him in a daze..

Chapter 1703 - 1703: Happy New Year (5)

he squinted his eyes and smiled faintly. he then answered her question seriously, ” i'll do it. ‘

The atmosphere seemed to have changed. She only hummed and did not say anything else.

When they arrived at the supermarket, she followed him closely and was only one step away from him.

He was very distant!

in the beginning, he didn't mind and let her do as she pleased. he picked the ingredients and walked around alone.

After two O 'clock in the afternoon, there were more and more people in the Super merchant shop. In the end, it was almost crowded.

ye liangqiu was dumbfounded. didn't these people need to celebrate the new year?

the crowd separated her from him, and they were about two meters apart.

She probably had something in her heart, so she felt that it was good that they were separated. She would just wait for him at the entrance of the Super merchant shop.

However, just as she made up her mind, he had already walked beside her and reached out to grab her and pull her to his side.

ye liangqiu was startled and looked at him in a daze. "grab my hand, don't get lost." His voice was cold and indifferent.

she pursed her lips, her fingers gripping his sleeve.

then, he threw his coat to her for her to hold .

this time, they were like an ordinary married couple, walking through the crowded supermarket and picking out the ingredients for the evening with difficulty.

most of the time, she was in a daze while he was in charge of choosing.

it was already four o'clock in the afternoon when he finished picking the vegetables. he put the last vegetable into the shopping cart. his handsome face was still handsome, but there were a few beads of sweat on his forehead.

Ye Liangqiu only looked at it, not saying anything.

When she went to the front desk to pay, he naturally reached out to her. "A wallet!" she let out an "ah" and looked at him in a daze.

"in the coat." His tone was calm, but his eyes were focused on her face.

She was wearing a thick coat with a hat on it. Her long hair covered half of her face, so no one would recognize her as ye Liangqiu.

When he said that, she responded with an " Oh " and quickly turned her coat over. She took his wallet and handed it to him.

Qin Anlan paid and they went to the parking lot together.

She sat in the car while he moved the things into the trunk.

The car was shaking slightly, and she felt a little uneasy in front.

Five minutes later, he got into the car with a gust of cold air. His body sank in, and the back of the seat made a soft sound.

"get me a bottle of water." He instructed her.

she fell into a daze again, then, as if she had bounced up, handed the water to him unnaturally.

qin anlan seemed to be a little hot. it was winter, so he unscrewed the bottle of mineral water and drank half of it in one go.

He put down the bottle and started the car. At the same time, his voice slowly sounded, " "you seem to be very nervous!"

"no!" She looked out of the window and sighed. I'm just lamenting. We can still get along so peacefully.

He was silent for a while before he spoke, " "in front of the child, we are still family, and we have to be like this."

After that, he said something that shocked her!

He looked at her and said in a calm voice, "no matter what happens to us in the end, the child must have a father and mother.

she was shocked and looked at him in disbelief.

the winner takes all. I understand, and you also know. So, the loser, Yingluo, has no right to ask for forgiveness. his voice was cold, but the meaning behind it was clear.

he had said that he would never forgive her, and they would never be able to be together!

but he was in a daze right now.

she couldn't believe it.. he had brought her out just to tell her this?

Chapter 1704: embrace (1)

qin anlan stopped the car in front of a red light. he turned his face and said in a cold voice, "ye liangqiu, i think you have the same thoughts as me. ' she called out 'an lan' in a trembling voice.

She couldn't believe that he meant that no matter what happened in the future, they would still be together, even if the way they interacted with each other was different from before.

and this, to her, was already a great gift!

Yes, she was so humble that she was no longer like herself.

He didn't make a sound. His expression was a little serious, as if he was angry with her.

In fact, he was angry with himself.

the atmosphere in the car became heavy again. after that, he took out a cigarette from the control center with one hand while he drove and lit it.

The car was soon filled with the smell of smoke, and ye Liangqiu coughed a few times.

He rolled down the window a little and looked at her. He didn't say anything else and put out the cigarette. He only rolled up the window after the smoke dissipated.

after the festival, I'll get Kime to go to Asia TV to discuss the cooperation, " he said calmly as the car entered the traffic flow again.

She immediately sensed what he meant and turned to look at him."is it an acquisition?"

he only glanced at her indifferently and did not answer, but silence often meant consent.

"Ya Shi will not agree!" Her voice was soft but firm.

He smiled. I know, but I thought that you would agree in the end.

Ye Liangqiu pursed her lips. although I'm the CEO of Asia TV, I don't have any shares in it.

Qin Anlan's gaze was slightly cold. "Then when the time comes, have su Shicheng come out. "

ye liangqiu also sneered. " wait until president qin has forced us into a corner, then you can say that!
"

After a while, she snorted softly, "I think that even if that day comes, with su Shicheng's personality, he would rather abandon the whole of Asia Entertainment than let it fall under King Entertainment's name.

Su Shicheng was a sinister man, but at the same time, he was also a proud man. Qin Anlan did not know, but ye Liangqiu clearly knew how much su Shicheng cared about the Qin family.

after she finished speaking, qin anlan's eyes were burning and his voice was a little hoarse. "what about you? are you going to advance and retreat with him and yashi?"

Ye Liangqiu rolled down the window and looked out. She turned her head and said, "no! at that time, i will return and be at your mercy."

After she finished speaking, his body actually tensed up for a moment. He had an indescribable urge to let her do whatever she wanted. What a beautiful word!

he unbuttoned the top two buttons of his shirt with one hand and said in a hoarse voice, "you said it."

She turned her head again and looked at him in a daze with gentle eyes.

'An LAN, I'm sorry. I can only win. I can't lose!

perhaps her words made him feel better, so he didn't make things difficult for her. after driving the car back, he dismissed the two nannies and let ye liangqiu take care of the child while he went to the kitchen to prepare the ingredients.

mumu and momo were both babies, and they had to drink milk several times a day. at six o'clock, both babies were hungry. ye liangqiu went to the kitchen to make milk. when she opened the refrigerator, her eyes froze.

The refrigerator was filled with all kinds of ingredients.

And before he went to the supermarket today, he said that he had run out of ingredients!

she turned around, and qin anlan's gaze landed on her face. "i remembered it wrong.

did he remember it wrong?

ye liangqiu nodded.. as he turned around, a faint smile appeared on his face-

Chapter 1705: Embrace (2)

ye liangqiu nodded. as he turned around, a faint smile appeared on his facehe said one thing but meant another!

it was clearly not like this.

But she didn't refute him. She closed the fridge, walked behind him, and leaned over."Where's the milk?" he was preparing the ingredients. when he heard her, he turned to look at her, then opened the cabinet above. "above. ' ye liangqiu made a sound of acknowledgment and walked over to take it. he was lying on his side, so after she walked over, he turned around.

this was equivalent to him trapping her between himself and the kitchen counter.

In just an instant, her body froze, but she did not dare to move sideways.

Her nose was filled with his pleasant masculine scent, and her back was also touching his body, which was so warm that it was almost scalding.

after a pause, she tiptoed to get the milk powder from the cabinet. when her fingers touched it, he caught her waist in a daze.

her fingers trembled, and she said in the same voice, "an Ian."

Then, he pulled her into his arms tightly. His lips touched her neck and his voice was a little hoarse. "Don't you have anything to say to me?"

"What did he say?" Her voice was a little shaky. Then, someone bit her neck, and her sweater was lifted up. every inch of her skin was aroused by his large palm. her lower lip trembled slightly as she called his name.

Her body was turned around and she was placed on the counter.

The cold kitchen counter allowed her to calm down temporarily. She wanted to come down, but he wouldn't let her.

His body was stuck in between her. He bent down and buried his face in her neck. He asked in a hoarse voice, "that, do you still have more?"

she blushed and looked up. her eyes were light and there was a touch of moving moisture.

He knew that she didn't say anything. He kissed her gently and moved his lips to hers.

She was a little uneasy, but it was not that she was unwilling.

They were both adults, and it was a once-in-a-lifetime experience, so he was overbearing. Fen, she was also particularly enthusiastic.

It seemed to be as passionate as the last time, and in the end, the kitchen counter was completely ruined. It was a mess, and there was no way to eat anymore.

After everything had calmed down, he was still standing there holding her waist, and the two of them were panting slightly.

ye liangqiu's face was buried in his chest, and her skin was touching his shirt. his sweat was all over her, and she was already slightly cold.

After the sudden sex incident, the atmosphere was a little strange, but no one said anything, or they had all agreed.

In the process of their game, they had been too lonely, so it was understandable for them to choose temporary comfort.

after a long time, he finally left, and she immediately felt the chill in the air.

he tidied himself up and took a tissue to help her clean up.

however, those dishes couldn't be eaten, and they couldn't be seen either. they were all swept into the trash can, and everything had to be repeated.

Ye Liangqiu washed her hands and made some milk, while the two babies were as hungry as little cows.

as she fed him, she thought about what had happened just now, and her face was burning.

after feeding her, she was too embarrassed to go to the kitchen to wash the milk bottles. in the end, it was Xiao muyun who sneakily brought them to the kitchen.

Qin Anlan took it and looked at it. He then mumbled to himself, 'how could I not know what she's thinking?' he was probably embarrassed!

In fact, he had already wanted her in the car, Yingluo.

half of it was because he wanted it, and the other half was because he was a little angry.

That night, she stayed in the apartment. Mu Yun took care of the two babies, one on the left and one on the right, while the Father took over the mother..

Chapter 1706: embrace (3)

she had not slept in their bedroom for a long time.

although he had done it in the kitchen in the afternoon, it had only been a few minutes. he wanted to be quick, and there was nothing he couldn't solve.

at this moment, she was looking at the bathroom door with a bathrobe in her hand. she was even more nervous than when they had their first time. The bathroom door was pulled open, and a slender figure walked out.

qin anlan was drying his hair with a towel. he walked over slowly. " why didn't you go and shower? "

He was just taking a shower!

Ye Liangqiu entered the bathroom. The room was filled with steam and the faint smell of shower gel.

she quickly took a shower, but when she went out, she hesitated again.

After a long time, she thought that he had fallen asleep before she gently walked out. However, as soon as she came out of the bathroom, her body was hugged.

Then, she was pressed against the bathroom door. Her back hurt, but before she could cry out in pain, her lips were blocked.

he seemed to be in a hurry as he covered her lips and got his way.

it was probably because it was especially convenient this way, and it was midnight after a bath, so xuxu was no longer like that time in the kitchen.

instead, he wanted to torture her after he had satisfied his hunger. it had been a long time since yueyue and the others had done this.

her long hair was untied and laid on the pillow helplessly. he kissed her bit by bit, making her warm up.

Seeing that she had fallen into a frenzy because of him, the emptiness in his heart was slightly filled.

at first, he was gentle and unrestrainedly loving yingluo, but later on, he became fierce and tortured her for an entire night.

at dawn, the two of them hugged each other in exhaustion. it was only then that he remembered that he didn't have any protection tonight, and it wasn't safe for her.

She laid in his arms and felt his tension. She probably guessed what he was thinking.

"i'll take my medicine," he said softly.

His body tensed up even more, and after a long time, he said in a deep voice, "don't eat! If you're pregnant, then give birth!"

Ye Liangqiu looked at him in surprise. He knew?

Qin Anlan's voice was a little low. won't you get menstrual cramps after taking that medicine? ‘

"You won't if you're more careful." she sighed softly and turned her back to him.

She wanted to cry that Yingying wasn't crying for herself, but for him.

She was attached to his warmth, but when he hugged her, he had to struggle so much. He didn't say it, but she knew it.

Their Union was a sin to begin with.

However, she could not say anything.

her body was hugged from behind, but she did not struggle and let him hold her.

he buried his face in her neck and said in a hoarse voice, " ye liangqiu, you have to be well, because i haven't forgiven you! ‘

her body trembled. after a long time, she held back her sobs. " qin anlan, you too! ”

This was the only way they could love each other and kill each other. Perhaps this would alleviate the sins in their hearts and make it easier for them to embrace and comfort each other in the dark.

the sky gradually became clear, but they still hugged each other and slept until it was almost noon.

when he woke up, his expression was a little intriguing.

"sleep a little longer," he said in a hoarse voice.

he stood up.

Ye Liangqiu's hand pressed down on him, and she hesitated for a moment. "Help me buy some medicine."

"Are you sure?" he asked with a burning gaze.

she did not make a sound.

"Having more children might make your life better in the future," he reminded her out of kindness.

"I might not lose!" She snorted.

He smiled. we can wait and see.

however, he still respected her wishes and bought the medicine for her. on the way back, he specially called doctor mei to confirm that there were no major problems with the medicine.

mei was speechless. didn't they agree to hate each other? It had only been a few days, and they were together again.

she had given birth to one child after another, so what hatred was there to talk about?

Chapter 1707: su cheng l s return (1)

Qin Anlan looked at her deeply before he left.

Half an hour later, he returned with a small box of morning after pills.

I can't take this medicine too often, " he reminded her when she took it. remind me to take precautions!

ye liangqiu lowered her head and didn't say anything. she just silently ate the medicine.

He walked to the door and said, "I'll go cook."

Ye Liangqiu finished taking her medicine and looked at the door.

after a while, he came back.

In her hand was a set of breakfast, her favorite.

"i haven't brushed my teeth yet." she raised her eyes and looked at him.

Qin Anlan's gaze did not waver. put it here. Go brush your teeth.

he paused for a moment and said stiffly,"Lie down for a while after eating."

this time, he really left. she could occasionally hear him talking to the children from a distance, and her heart was extremely satisfied.

She understood that this was the best he could do for her. She should be satisfied and not be greedy.

He was good and bad to her because of his struggles, his pain, and his hatred.

she really wanted to comfort him.

However, in this world, she was the one who was least qualified to comfort him.

Perhaps, half of the reason why she had to submit to his Jade-like desire and his body was because of guilt.

she wrapped her arms around the blanket and ate the breakfast that he had bought before lying down for a while.

his legs were really sore and a little painful. he was like he had eaten his last meal but didn't have a next one, so he came desperately.

He actually fell asleep just like that.

when she woke up, it was already two in the afternoon.

there was a faint smell of food in the air. she sat up. her body was a little sticky, and when she touched it, she was covered in sweat.

When she woke up, Qin Anlan walked in and raised his hand to look at his watch. you've slept for three hours.

She was a little surprised. have the children eaten? ”

He hummed absentmindedly and looked at her sweaty forehead. He frowned. “go take a shower and get up to eat.”

“i have something to do in the afternoon. i'll send you back later.”

ye liangqiu's body froze. the blanket had been warm, but now it was as cold as ice.

two beautiful and peaceful days passed by just like that.

Was this the last warmth he gave her?

“Alright.” Ye Liangqiu pursed her lips and nodded.

she went to the bathroom and took off her pajamas. she stood under the shower, but her eyes were a little bitter.

he said he wouldn't cry.

his body was pushed away by something, and behind him was a cold wall.

he was wearing a shirt, but at this time, it was also a mess. it was sticking to his lean body and hers.

The thin layer of fabric could not block anything, and she could feel the heat of every inch of his skin.

As she looked up, the water trickled down her cheeks, to her neck, and then to her beautiful collarbones.

she looked up at him helplessly, and his eyes were also burning.

her fair fingers gripped his shoulder tightly, and his shirt was clenched tightly under her hands.

Her face was gently pressed against his chest. She pursed her lips tightly and hugged him just like that.

he was very restrained, but then he no longer restrained himself. he leaned forward and kissed her on the lips.

Once the gate of Jade hope was opened, it was out of control.

he clasped her shoulders, his handsome face a little twisted. after that, he vented all of his twisted feelings on her.

the cool water became hot, and she seemed to have been drained of all her strength. in the end, she could only cling to him and follow his movements..

Chapter 1708 - 1708: Su Cheng's return (2)

when everything calmed down, her body was soft and she was lying on his shoulder.

because of the pain, she bit him, and he carried her to the bathroom to wash up and put on her clothes for her.

She knew that this was his last bit of gentleness, so she hugged him somewhat relievingly. Her body was so soft that he was reluctant to let go.

but even if he didn't let it go, he had to let it go.

after she finished her meal, he personally sent her back.

ye liangqiu stood at the door of the su residence in a daze as she watched him leave.

the black sports car sped away. she stood there in a daze for a long time.

The next day, she found out that he had gone overseas with Xia Mian to do haute couture in Paris, France. in the live broadcast, the officials had given him a close-up, so she could clearly see that it was qin anlan.

He and Xia Mian walked down the red carpet together. They looked like a perfect match!

He was dressed in formal wear, while Xia Mian was wearing a Dior starry dress. She looked very beautiful and elegant.

Ye Liangqiu sat on the sofa and watched quietly. She knew in her heart that Xia Mian had not been given up on by King Entertainment. She could tell from Qin Anlan's personal escort.

and behind all this was ye liangqiu's previous identity as an artiste.

Xia mian looked at ye liangqiu with a faint smile.

Just two days after Qin Anlan left for France, something happened at Kime's house.

Kie's mother had a stroke two years ago. This time, the weather was probably too cold. One night, the heater in the bedroom was not turned on, and the nanny did not care.

mother he then passed away. when she passed away, she was very peaceful. kie had gone to France with qin anlan and would not be able to make it back in a short time. his hometown was very far away. after the housemaid called the master of the house, kie asked ye liangqiu to take care of the family on his behalf while he rushed back immediately.

Kie had returned to the country, but Qin Anlan could not leave, so she stayed in France.

In B city, ye Liangqiu contacted Kime's family based on the information he had gotten from Kime. He arranged for a car to pick him up and a hotel.

in addition, mother he's funeral arrangements had been made. she did all this not only because of her relationship with KIME but also because of su Cheng.

Su Cheng would be able to come out in eight years, but now, mother he had left.

why didn't it make people sigh? mother he had been against su Cheng and KIME all her life. now that she was gone, su Cheng should meet her.

It was also her last consolation to mother he. Perhaps, mother he had already given in to her son. After all, in the past one or two years, she had never mentioned matchmaking for Kime again.

Ye Liangqiu had used all her connections to get su Cheng out for two days.

su Cheng arrived that night, and kie arrived at the same time.

When they met downstairs, he was covered in dust and grief, unable to hide his elite aura.

as for her, she was wearing a cheap and simple down jacket, and her long hair had been cut short. she looked like a little girl from the countryside, and she did not look like a little princess anymore.

her face was no longer as tender as it used to be.

su cheng's lips trembled slightly. she stood there for a long time without moving forward. let's go in! " KIME paused and stared at her for a while before he finally took a step forward.

he reached out and held her hand.

su cheng's hands tightened. she looked up into the distance.

they hadn't seen each other for almost a year and a half, and they had almost forgotten the feelings they had for each other. however, at this moment, he held her hand and mumbled,

It turned out that the past had always been there. It had always been buried in her heart..

Chapter 1709 - 1709: Su Cheng's return (3)

su Cheng lowered her head and looked at the pair of big hands holding her hand. a layer of mist appeared in her eyes.

she was hesitant because she was still serving her sentence. could yingluo really go see his mother?

She stopped in her tracks, and Kime knew what she was thinking.

he didn't stop and chose to take the safety stairs. after climbing more than ten steps, he convinced her in just five minutes.

"My mother agreed to it after that!" his gaze was gentle as he told her this.

su cheng's palms were sweaty and slippery. she instinctively held onto KIME's hand tightly.

he was in front, and she was behind him, so she could always look up at his back.

“cheng cheng, call me shuheng from now on.”

there was a certain gentleness in his eyes.

she could understand that gentleness, but it was unfamiliar to her.

the long prison life had worn away her drive and pride. the su Cheng now was not the same person as before. even when she stood beside him, she was still rough.

she hummed in agreement.

However, when she looked up at the high-class door, she became timid again.

Now, she had nothing, and she had this identity. His house was filled with his closest family. She was afraid that others would look at her with that kind of gaze. What she was even more afraid of was that everyone would look down on him because of her.

su Cheng was a little hesitant, but her hand was held tightly. ” “To me, you and he Huan are the closest people to me.”

he huan?

their child was called he huan?

su Cheng wanted to cry. she didn't even know the child's name!

“Let's meet!” ” i'm going to see my mother for the last time, ” kim said with a bitter smile.

he opened the door with determination and saw his family inside. Under everyone's questioning gazes, he never let go of su Cheng's hand.

there was a shrill cry. it was his aunt's voice. she objected on behalf of his mother.

However, he was clear about his choice ...

he personally put a little white flower on su cheng's head, and together with him, as her son's wife, they sent mother he's last hanhan away.

In the midst of the fire, he cried. Su Cheng turned to look at him and pressed her face against his chest.

the cemetery wasn't completed yet, so mother he's ashes were stored in anling tower. after sending off the relatives, KIME especially thanked ye liangqiu.

the car stopped outside the apartment building. ye liangqiu got out of the car, looked at them, and smiled.”i'm not going up! KME, my condolences!” okay. ” kie nodded. su Cheng held his arm, her gaze light under the moonlight.

At that moment, it was as if the SU Cheng from before had returned.

Ye Liangqiu looked at him quietly, then waved his hand. I'll come over tomorrow afternoon.

Su Cheng's eyes turned red and she called out to her.

Ye Liangqiu felt bad as well, but she still walked over and wiped the tears off Su Cheng's face. "Silly girl, why are you crying?" she said. It's not easy for us to meet."

She looked up again at Kime.

She was afraid that Kime's mother had left. She was afraid that his emotions would not be stable. Fortunately, Kime knew his mother's body very well. This accident might have been within his expectations.

He nodded at Ye Liangqiu, and Ye Liangqiu was relieved. She got into the car and left.

On the way out, she rolled down the window and let the night wind brush against her face.

As she listened to the soothing music, her face was already covered in tears..

Chapter 1710 - 1710: Su Cheng's return (4)

Unknowingly, tears were already streaming down her face.

These tears were for Su Cheng, so how could they not be for herself?

Outside the apartment building, Kime slowly grabbed Su Cheng's hand. His gaze fell on her face, which was no longer fair and had a slightly dark expression.

He seemed to have grown up a little and was not as childish as before.

She was a little mature, so mature that it made his heart ache.

This was probably the reason why he didn't dare to look at her for the past year!

"Chengcheng, it's time to go home." His voice was soft.

She couldn't believe Xu Xu's family.

Could she really do it?

"My mother has agreed. Didn't you hear her?" Kime's voice was relatively relaxed, and he did not sound particularly sad. It was also because his mother's health hadn't been good in the past few years. She was often sick. Sometimes, it was a relief to leave.

When he said that, Su Cheng stopped in her tracks and looked around. The expression on her face had also changed a lot, unlike when she had just returned.

"Did Ran Ran tell you?" she swallowed her saliva, and the words 'yingluo, don't scare me' were written all over her face!

"I heard it," Kim said with a smile.

He walked into the elevator and went to his floor. He opened the door and went in.

As soon as she entered, she was dragged inside, and her body was pressed against the heavy door. He hugged her, his head against her neck, and he breathed lightly.

he didn't say a word and just hugged her, gently.

su Cheng was not used to it at first. after all, they had not seen each other for a long time. they were strangers now, and she was a little shy.

however, after a while, she hesitantly wrapped her arms around his waist and buried her face in his shoulder.

just like that, they hugged each other tighter and tighter. finally, he seemed to be unable to control himself as he kissed her lips.

it was as if all his passion had been ignited. this kiss started off light and shallow, but it was mixed with the pain of losing his mother and the long-awaited feelings.

She didn't dare to respond to him at first, and she had forgotten how it felt.

however, he was very patient. he led her to sleep over and over again, and finally, her hand was around his neck.

He lifted her up in the air and carried her to his bedroom.

She covered her eyes with her hands, not daring to look at him. Her voice was soft as she said, "shuheng, don't be afraid."

"why?" he determinedly removed her hand, interlocked his fingers with hers, and fell down with her.

he looked at her gently and removed her coat and sweater with one hand. he then threw them to the end of the bed.

Then, it was his turn. One by one, the Kasaya was piled up and finally turned into a pile of dust.

she covered her heart with her hand nervously. "don't look."

"Why?" why not? " he asked in a hoarse voice.

Su Cheng's voice trembled. because it's ugly!

her body was no longer as beautiful as it was in the past. after giving birth, there were some fine tattoos on her body. she was very ugly. even she herself felt ugly, let alone a man.

however, KIME firmly moved her hand away and raised it above his head.

she closed her eyes in shame and turned her face to the side. "don't look."

"Cheng Cheng, you're really beautiful, really." "It's not a good time tonight, but I miss you!" He whispered in her ear.

she only had one night with him, and she didn't know when they would meet again!

Even for he Huan, she only glanced at her from afar and refused to look at her again, letting someone carry her away.

How could he not know what she was thinking? although the child was young, she was not willing to let her be tainted by him.

in his heart, he felt more tender towards her and kissed her harder..
