

Thank you 2941

Chapter 2941: gu ze and the little fool (6)

“really?” She clearly still didn’t believe it.

She only let go of four after Gu ze promised her again and again. There were still two that she was holding on to very tightly. She was ready to go back and pluck their feathers to roast.

Gu ze’s face was covered the entire way because there were people all around taking pictures of them.

he was sure that he would be famous tomorrow and be thoroughly exposed.

compared to his uneasiness, lin sisi was much more open.

She felt that these pigeons did not have an owner and could be caught by anyone.

...

However, it was true that many people had never succeeded in catching them. She was the only one who had caught six at once.

Just as she was feeling smug, a little boy pointed at her hand and said in a surprised voice, ” mom, look! That person only has four fingers.

Lin sisi immediately shrank back, and the pigeon in her hand almost slipped.

Gu ze looked over and saw that her little face was pale.

obviously, little fool’s sore spot had been hit. she knew how to be sad.

Gu ze reached out and took the pigeon from her hand. He looked at the little boy and said in a soft and cold voice, "Apologize!"

the little boy made a face at him. "I'm not apologizing! she was already missing a finger, and she was mentally unstable. He's an idiot!"

gu ze narrowed his eyes. "apologize!"

he stepped forward and lifted the little boy by his collar. "Otherwise, I'll throw you down."

The little boy covered his face in fear, but the words that came out of his mouth were even worse.

at this moment, the child's mother came over and shouted at gu ze in exasperation, "let go of my son. who are you? you're so lawless."

gu ze looked at the woman and coldly said, "I'll let him down after he apologizes."

The woman started to make a fuss. you look quite normal. Why are you with an idiot?! did my son say something wrong? She's an idiot. She probably won't even fight back if I hit her. "

After saying that, the burly woman rushed to Lin sisi and slapped her.

Five red marks appeared on Lin sisi's palm-sized face, and more than half of it swelled up.

tears gathered in her eyes. she wanted to cry, but she held them back.

Her face was in pain, but her heart was in even more pain, as if it had been pricked by needles.

she was missing a finger, and she was mentally unstable. no one in the yard had ever said anything about her. they all said that sisi was very obedient and that sisi was normal.

so she was not normal.

Lin sisi stood there in a daze without any reaction.

The burly woman was very proud. look, she's a fool. She won't move even when I hit her!

At this moment, Gu ze gently put down the child in his hands and slowly walked to the woman's side.

he handed the plump pigeons to lin sisi. " take them. we'll roast them tonight! "

He decided that he would not eat the ones in the refrigerator. He would just eat these two and let little fool eat them.

Lin sisi took the things from his hands silently. She still did not say anything, but her body was trembling.

gu ze looked at the woman and said in a cold voice, " "She won't fight back, but I will!"

after saying that, he slapped the woman.

he was a mature man, and when he used his full strength, his strength was amazing.

and he was deliberately helping little fool vent her anger, so he used full strength.

the brawny woman was smacked to the side, and her face instantly swelled up like a steamed bun.

the woman howled,"is there still law in broad daylight?" Are men who hit women still men?"

gu ze ignored her and left with the stunned little fool.

It didn't matter if he called her little fool, but others couldn't call her that.

Chapter 2942: gu ze and the little fool (7)

however, the burly woman was not willing to give up. she pulled him to the police station.

In the end, he really did go. He brought Lin sisi and the two fat pigeons with him.

In the police station, the woman was extremely fierce. She claimed that she wanted to tear Gu ze and that little fool apart.

Of course, if this good-looking and decent man was willing to serve her once, she would be lenient.

the woman was the wife of the head of the police station, and she was in charge of this district, so she was usually very arrogant and had to give in to her.

At this time, she was making a mess in the police station. Her husband, who was the leader, had booked rooms with Xiao Qing outside. They were having a great time when they received a call from their subordinate saying that her sister-in-law had been bullied and was making a fuss in the police station.

...

although the leader didn't like his wife, he heard that his precious son had also suffered a loss, so he pulled up his pants and kissed the little vixen a few times. "baby, be good. i'll be back in a while. don't put on your clothes!"

after he finished speaking, he rushed back to the police station. he wanted to support his wife, but he was stunned when he saw gu ze.

She was tongue-tied and only managed to squeeze out a voice after a long time, "Master Gu, why are you here?"

Then, he smacked his head and said,"Oh my God, President Gu, it's you!" this is really like a flood washing over the dragon king's temple, a family doesn't know a family!"

in contrast to his enthusiasm, gu ze was cold for a long time. "can we go now?"

The head repeatedly said,"that's self-deprecating."

he agreed, but his wife didn't. she bared her teeth and said, " "You dare to let them go! One of my teeth is loose!"

women got angry when they saw their men's cowardice. they didn't know which small company's person-in-charge was so nice to him.

The leader was furious when he heard this. He turned to look at his wife and gave her a slap."Haven't you embarrassed yourself enough? go home!"

the woman was dumbfounded. When she came back to her senses, she saw that her husband's neck was full of red marks made by the little Vixen, so she shouted, " "Zhang Fugui! You ungrateful bastard, if it wasn't for my father, would you be where you are today? I'll beat you to death if you dare to fool around with a woman in broad daylight!"

Its thick body pounced at Zhang Fugui, but it missed by accident. Its fat body fell to the ground, and its loose tooth fell out completely.

Oh my God! a pig-like cry rang out.

Meanwhile, Gu ze brought Lin sisi out. Lin sisi was still holding The Two Pigeons in her hands.

Half an hour later, Gu ze and Lin sisi appeared in front of a half-new apartment. They took the stairs to the fifth floor.

Lin sisi looked at the door and asked, " "president gu, you're staying here?"

gu ze didn't know whether to laugh or cry. he realized that lin sisi had forgotten everything, but she still had a good concept of money.

To put it bluntly, she was the mother with milk.

He asked for a key from under the mat, opened the door, and let her in first.

When the door opened, Lin sisi saw that it was a small apartment. It was not big and the decoration was simple, but it was quite clean.

There was also the smell of disinfectant in the air, which was very similar to the smell of the hospital.

Lin sisi shrank back. it looks like a hospital.

gu ze also smelled it. he frowned and handed the pigeon to her. ” “i’m going to take something.”

He kicked the door shut and followed his instincts to the bedroom. There was indeed a bathroom inside.

Chapter 2943: gu ze and the little fool 8

he found a bottle of men’s cologne, took it, and sprayed it outside a few times. lin sisi relaxed a lot.

gu ze put the things down and brought her to the sofa to sit down. he went to find some gauze and ice to help her put on her face.

She sat down obediently while he sat opposite her. They were so close that their breaths were just inches away.

“Does it still hurt?” Gu ze asked her softly and looked at her little face.

Her face was very small, only the size of a palm, but her eyes were big and she looked very innocent. Her curly eyelashes made her look much smaller than other girls her age.

Gu ze remembered that Lin sisi was already 20 years old three years ago. She was about 23 or 24 years old now, but she looked like she was only in her 20s.

...

He couldn’t help but recall that he was almost 35 years old, one round older than her.

he laughed. no wonder he doted on little fool. she was so cute. he was so much older than her.

he looked at her, and she looked back at him. she pursed her lips.”It doesn’t hurt anymore.”

“the swelling is so high, how can it not hurt?” he sighed and helped her more carefully, afraid that she would leave behind some bad memories.

As he was busy, Lin sisi sized him up. After a while, she asked softly, ” “What do you mean by fooling around? Is fooling around with women the same as playing with women?”

Gu ze closed his eyes, and when he opened them again, he thought to himself.

she really knew how to ask questions!

In the past, Lin sisi liked to fool around. Now, she was so silly that she didn’t even know what it meant to fool around!

hence, she coughed lightly. ” fooling around. it means that yingluo is not in a normal relationship without marriage in mind. ”

lin sisi held her fingers and made a very embarrassing gesture, but her little face was open. ” “is that so? If they don’t get married, then they’ll be a male and a female, like this?”

gu ze’s adam’s apple kept rolling. what kind of trouble did he find out?

how was he supposed to answer such a question?

He thought for a moment and nodded. “it’s almost the same.”

But little fool did not give him a chance to catch his breath, and her eyes were even more fixed.”then have you ever fooled around with a woman?”

gu ze coughed non-stop and even coughed out tears. he looked at little fool with an indescribable gaze.

He put down the ice in his hand and said seriously, ” “no, i didn’t!”

“Are you married?” Lin sisi asked again.

“No, I didn’t!” Gu ze said very seriously.

The little fool tilted her head and thought for a long time before looking at him doubtfully. you’re still a Virgin? ”

Pfft!

Gu ze really couldn’t take it anymore and choked.

little fool’s expression was a little disappointed. ” look, you’re clearly lying. this is how men lie! ”

gu ze didn’t know what to do with her, so he said softly, ” “Sisi, it’s not like that. Many things have two sides to them. It doesn’t mean that it’s not like that, do you understand?”

He said this in hopes of avoiding her.

However, little fool was a one-track minded person now. She only acknowledged one thing: “that means you’ve had an affair with a woman.”

Gu ze could not refute this. He did have a woman before, and it was the kind of woman who used to satisfy his physiological needs.

In the past few years, there were eight years where he had kept his chastity for a girl. It was only long after she had remarried that he had a woman, bought from a brothel.

It had not been solved for a long time, so he did not feel much about it. It was dispensable.

he reached out and touched little fool's head, smiling faintly. "it's very difficult to meet someone you like. "

Chapter 2944: Gu ze and the little fool (9)

however, now that the little fool lin sisi had asked him this, he actually felt a little embarrassed.

She was just a little fool. She didn't know anything, but he was actually in such a sorry state.

gu ze let out a long breath. "that's not fooling around! "

he thought for a long time before he came up with an appropriate description. "this is the way to make everyone happy. "

"are you happy doing that kind of thing?" the little fool looked at him.

"It's alright!" Gu ze coughed.

...

as soon as he finished speaking, little fool climbed onto his lap and looked at him eagerly. "I'd like to try,"

gu ze was stunned.

before he could come back to his senses, the little fool had already hugged him and kissed his lips, his face, and his neck.

She had secretly watched it on TV before. Fooling around was like this.

Although Gu ze was poor, he was good-looking, so Lin sisi was still willing to try it out with him.

the person on tv would give women money after he was done with his fun. gu ze probably did not have any money to give.

Although it was a pity, Lin sisi still asked carefully, ” “Will you give me the money?”

Being kissed like this, Gu ze’s blood was boiling. Being asked like this, it was like a basin of cold water had been poured on him.

what did this little fool think she was?

He squinted his eyes and reached out to take her body off him and put it aside. He exhaled with difficulty.”I won’t!”

the little fool seemed a little disappointed. she stared at him for a long time, then tried to climb up his body.

gu ze took it off, and she climbed back up. she was very persistent.

in the end, gu ze pressed on her shoulder and asked very seriously, ” “do you really want to try?”

If she had to go through all this, he would rather it be him and not anyone else.

Little fool nodded gently and looked at his handsome face.

Gu ze’s good-looking thin lips were tightly pursed, and his voice was hoarse. if I had to take off your dress, would you be willing to? ”

her answer was to do as he asked immediately, and she was extremely fast.

Gu ze let out a deep breath and no longer said anything. He reached out and pulled her into his arms for a kiss.

It was not the way he treated girls, but the way men treated women.

fierce and rough.

on one hand, he wanted to scare her so that she would not dare to make such a request to a strange man again.

She was already like this, and he was afraid that she would be at a disadvantage.

on the other hand, he hadn't done it with a woman for a long time. even though he was doing it on purpose to scare her, he couldn't control his body and was still aroused.

he hugged her and kissed her fiercely, and his big palms did not hesitate to set off a storm.

the little fool who only wanted to be happy was still frightened and started to struggle. "no, i don't want it anymore, yingluo."

she was extremely afraid. she was afraid that this feeling was like being carried in the sky and unable to come down.

There were also countless hands in her mind. She was extremely afraid.

she didn't want it. she didn't want him to touch her.

She began to struggle and cry. Her tears blurred her small face, making her look rather pitiful.

Gu ze only came back to his senses when she bit his neck. When he came back to his senses, he realized that he did not let go of her even after she had struggled for so long.

he always felt a little guilty in his heart, so he subconsciously coaxed her for a while.

No matter how uncomfortable he felt, he did not continue.

It was probably because he had pulled her clothes up for her, or because his arms were warm, or because he had promised not to touch her again.

the little fool finally stopped making a fuss. she obediently lay in his arms and cried, saying that she was scared.

Chapter 2945: Gu ze and the little fool (10)

gu ze's heart was a little wet. as a man, he could feel that she was afraid of this kind of thing not because she had no experience in this area, but because she probably had a bad experience, and it was probably that bad experience that made him like this.

he closed his eyes slightly and held her petite body, gently patting her back to comfort her silently.

Slowly, she calmed down, but she still hugged him relievingly.

this feeling of being needed was intoxicating.

gu ze didn't know if lan yu felt the same way as him, but he could already feel that lin sisi was a poison. it was best for him to stay away from it.

now that she had calmed down, his body was like that, desperately wanting to resolve it.

...

Hence, he coaxed her to sit down and went to the bathroom.

He closed the bathroom door, but he didn't rush to solve the problem. Instead, he lit a cigarette and slowly took a few puffs.

before he could calm down, he pressed down on his belt.

Just as everything was thrown high and he lost control, the door was pulled open.

little fool stood at the door, quietly looking at his dazed hand.

Then, she looked at his face and his twisted expression.

Gu ze had always known that a man's emotional changes were not good to look at, so even if he was with a woman he did not know before, he would turn off the light. That kind of wholehearted love belonged to the closest lover, and he had never given it to any woman.

But now, little fool saw that he was in a sorry state.

“Get out!” He said indifferently, pursing his lips.

He had already tried his best to be gentle.

But not only did the little fool not leave, but she was still looking at him curiously.

he thought that he was probably too gentle, or she was too silly. she had been so scared that she cried just now, but now she had completely forgotten.

“Get out!” He said it again, this time with a stern voice.

As expected, little fool was shocked. With tears in her eyes, she ran out as if she was hurt.

the cigarette in gu ze's hand had already been put out. he lit it up and slowly finished it.

however, after being disturbed, there was a little less affection.

after taking a shower, he put on his clothes and tidied himself up before walking out.

he thought that the little fool would cry, but she was already sitting on the sofa. she had found some snacks from somewhere and was watching tv. her little face was white and she looked very innocent.

for a moment, gu ze did not know what to say.

This kind of stupidity made his heart ache, but at the same time, he was a little envious.

perhaps other people saw her as a little fool, thought that she was crazy and had nothing.

but in her world, she was happy.

gu ze suddenly understood why lan yu had been protecting her and letting her live well. it was probably because he was envious.

Only those who were unlucky and unhappy would be envious.

Gu ze suddenly remembered that he was not considered happy like this, right?

He lowered his eyes and smiled faintly. He walked over and patted her head. "Do you want to see me roast pigeons?"

Little fool turned her head to look at him, her eyes full of disapproval. "pigeons are so cute. how can you eat them?"

Gu ze's face froze. He instantly felt as if he was struck by lightning.

She was the one who made a fuss about wanting to eat pigeons. She even caught six of them at once and cried out in the square. Now, she was saying that they were cute and inedible, as if she was talking about how cruel he was!

He rubbed his forehead and laughed. What about the ones he caught?

and the two in the fridge, what should i do?

Chapter 2946: Gu ze and the little fool (11)

he coughed and said, ” “but i’ve already killed them.”

Killed?

The little fool put down the snacks in her hand and looked at him with her big eyes.

Then, she grabbed his arm and bit him.

He bit down hard.

She was angry.

...

gu ze let her bite him. his eyes drooped, but his heart was in turmoil.

ever since he got along with her today, he felt that she was quite normal, just a little silly.

But now, he knew that she had a problem, and it was quite serious.

His heart ached slightly. He reached out and stroked her long hair, saying in a low voice, ” “i lied to you. they’re still alive.”

his little fool did not believe him, so he went to the kitchen and took two live ones for her to see.

lin sisi’s eyes lit up again as she looked at him and smiled at him.

she smiled sweetly.

But to Gu ze, it was very bitter.

He didn't know how to get along with her. He didn't know how to face her smile, and he didn't know how to cry.

He instinctively knew that he had to pay a price for being with little fool for a long time.

He had no intention of tying his life to a little fool.

Hence, he calmed down and made her a meal. After eating with her, he said that he would send her back.

although lin sisi was silly, she was very sensitive. she could clearly distinguish a person's attitude towards her.

Gu ze's change in attitude still hurt her.

Although he had no money, she still wanted to befriend him reluctantly. Now, he was obviously ignoring her and not bringing her to play.

on the way back, he still took a taxi, and he was even quieter than when he came.

She looked out of the window and didn't say anything.

gu ze gave her the cold shoulder for a long time. he felt a little guilty, so he said softly, "I'll buy you some snacks later."

It was her favorite. This should make her happier.

lin sisi raised her eyes and said with disinterest, "Forget it, you don't have any money. You can keep it for fooling around!"

Gu ze's face stiffened. He felt that he couldn't teach her these things anymore. What if she learned something bad?

what if he exchanged himself for money in the future just because he was pretty?

Would those bad men bully her?

As he thought of this, his heart ached even more.”i have money to buy you food.”

he was so good, but she still couldn’t be happy. she could always feel that this kind of good was different from the good in the past.

the little fool ignored him, and gu ze was not happy either. he did not say a word until they got out of the car at the nursing home.

unexpectedly, lan yu had arrived first and was talking to mr. and mrs. lin.

Gu ze had not seen them for a long time. Now that he looked at them carefully, they had changed a lot, especially Mr. Lin, who was no longer as high-spirited as he was back then.

he sighed in his heart and then looked down at the unhappy little fool.”Your parents are here. Go quickly and remember to greet them.”

He had unconsciously taken up the responsibility of teaching her, and he had not realized it himself.

lin sisi ran over slowly and called out to them listlessly, still looking unhappy.

even towards lan yu, he was indifferent.

lan yu understood her the most. seeing her like this, he raised his head to look at gu ze who was not far away and laughed.”you bullied her?”

“i wouldn’t dare to bully your little baby!” “I have something to ask you later,” Gu ze sighed.

Lan Yu looked at him, then at Lin sisi. His sharp eyes noticed a light Hickey on Lin sisi’s neck.

Chapter 2947: Gu ze and the little fool 12

He narrowed his eyes and began to think.

“i also have something to ask you,” he said with a smile.

The two men had something on their minds, so they left together.

When the car drove away, Gu ze saw little fool looking at his car. She was looking into the distance.

He hardened his heart and forced himself to ignore it, thinking that he wouldn't have to see Yingluo again.

He and Lan Yu drove the car back to the city. It was already night, so they went straight to a club and got a private room.

...

the manager came over and asked carefully, ” “ceo lan, do you need a princess?”

Lan Yu skillfully lit a cigarette, looked at Gu ze, and chuckled. “President Gu probably needs it!”

after he finished speaking, his gaze became a little sharp.

Gu ze narrowed his eyes.

The manager left uneasily, and soon the dishes were ready.

lan yu and gu ze were eating face to face as he asked, ” “did you bring her to the square to play today?”

gu ze frowned and put down the knife and fork in his hand. ” “Lan Yu, you followed me?”

Lan Yu went straight to the point, 'I'm concerned about sisi! i didn't mean to follow master gu.’

gu ze was a little unhappy with his weird tone and naturally lost his appetite.

He threw down the napkin in his hand and sneered, ” “What else do you know?”

Compared to him, Lan Yu's appetite seemed to be very good. you told your assistant to prepare a second-hand apartment in the city, and you told sisi that you didn't have money, and that you took a taxi everywhere you went! Gu ze, what intentions do you have? do you want to cheat her body or her heart? hmm?”

“CEO LAN, you really know everything.” Gu ze laughed coldly. since you're so concerned about her, why don't you marry her? ”

I treat her as my younger sister. I won't do anything beastly. After Lan Yu finished speaking, he slowly stood up and grabbed Gu ze's collar. His voice was cold and hoarse.”i'm telling you, gu ze, sisi is a blank piece of paper now. she'll take it for real if you treat her a little better! if you don't want her, then don't touch her, and don't even touch her body, understand? she's not someone you can buy with money.”

gu ze was still looking at lan yu. ” it seems like you treasure her a lot. ”

“The injuries on the body can be treated, but the injuries on the heart are very difficult to treat!” Lan Yu regained his composure. if you know how she managed to survive, you will know why I treated her like this.

He looked up, his eyes dark. she was raped by more than one man. She was pregnant before, and I asked the doctor to abort it because I didn't know which man's child it was, and I didn't know if the child was healthy. “Gu ze, she might not be able to have children anymore. Sisi can only be a little sister like me and be raised like a little animal. She's not suitable to be anyone's lover, understand?”

After he finished speaking, Gu ze clenched his fists.

Rape, pregnancy, miscarriage

Although he had already guessed it, hearing Lan Yu say it out loud was another kind of experience.

He closed his eyes and said in a suppressed voice, "I will,"

I'll stay away from her. Don't worry, I didn't really touch her," he said as he slowly opened his eyes.

"I believe you." Lan Yu's expression softened.

otherwise, he wouldn't have such an attitude.

after Lan Yu finished eating, he left first, while Gu Ze sat in the dark room for a long time.

his assistant called him and asked if he was going to rent the apartment for a long time.

"No need!" he took out a cigarette and said lightly, "There's no need to."

Chapter 2948: for the 20th anniversary, Qin Chen was invited by Grand Hyatt (1)

After hanging up, he took the time it took to smoke a cigarette before he called his assistant. buy that apartment.

The assistant was at a loss for words. What was wrong with their President Gu?

That ancient house was not worth investing in at all!

However, his subordinates didn't have the guts to question President Gu's decision, so they immediately followed it.

In less than half an hour, the property ownership certificate was placed in front of Gu ze.

Gu ze quietly watched for a long time.

...

The junior Assistant looked on from the side, not daring to make a sound.

“How about this, you transfer the property deed to Lin sisi’s name,” Gu ze suddenly said.

Lin sisi?

the assistant didn’t quite understand. was this master gu’s new love?

Did President Gu have a woman?

That’s not right. President Gu’s assets are over ten billion Yuan. If he wanted a woman, he wouldn’t be so stingy. Why didn’t he buy a first-grade Tomson villa?

when did president gu become so petty?

Gu ze seemed to have thought of something and dialed Lan Yu’s number, but he hung up after the call went through.

what was he doing now?

what was the point of him giving the house to lin sisi?

She didn’t need Lin sisi at all. That little fool had Lan Yu to take care of her. What did she need a small house from him, Gu ze?

He wanted to leave it for her to remember, but she could not understand it at all.

it was just his own wishful thinking.

“forget it,” gu ze said lightly.

The assistant thought to herself, what’s wrong with President Gu today? why does he look like a woman on her period?

He didn’t dare to say this and only dared to silently stand guard at the side.

About ten minutes later, Gu ze looked up at his assistant and said, ” “you can go back first.”

the assistant heaved a sigh of relief and left.

Gu ze also got up, took the key and the property ownership certificate, and went to the apartment like a ghost or God.

the two pigeons that were alive and kicking had already been let go, leaving only the one in the refrigerator. he took it out to roast and eat it.

when his stomach was a little full, gu ze held his forehead and laughed.

he had met a little fool, so why was he also becoming silly?

He let out a long breath, threw away the rest of the food, got up, and went to sleep on the sofa in the living room.

at dawn. when he woke up, he suddenly felt that he had not slept so well in a long time.

When he sat up, he rubbed his forehead, but he remembered Lan Yu’s words.

He knew that Lan Yu was reminding him that not only was little fool silly, but she also had such an unbearable past.

Did he want it?

Did he want it?

he told himself that he couldn't take it.

Gu ze felt that he should forget about little fool after this night.

He had indeed done so. From this day on, when he met Lan Yu again, he never mentioned Lin sisi, and he never deliberately thought about her.

it was as if he had slowly forgotten about her.

a week later.

Lan Yu listened to his secretary's report with a lazy expression.

Kevin indifferently reported on his secret for the next month. suddenly, lan yu opened his eyes."what did you just say?"

our hotel's 20th anniversary. The public relations department invited the recently popular Qin Chen. Kevin repeated.

lan yu softly muttered this name, " "Whose idea was it to bring Qin Chen back?"

"It's manager Hua," Kevin reported honestly.

"change it," lan yu said without even thinking. it doesn't matter who it is, as long as it's not qin chen."

Kevin was new and didn't know about the conflict between lan yu and qin chen, so he pursed his lips. " but qin chen is the hottest supermodel in the world right now. "

“even more popular than lu wei?” lan yu frowned.

[when i was updating tonight, something happened to my relative, so i only had time to write one chapter when i came back. i'll update it tomorrow morning ~~ i'm sorry, everyone!]

Chapter 2949: Who became Madam Rong's curtain guest?

kevin laughed. ” that's hard to say. lu wei's ranking is indeed higher than qin chen's, but that's only temporary. qin chen's recent popularity is not something lu wei can compare to. ”

lan yu's brows furrowed even more tightly. he kept looking at kevin, as if he was thinking about something.

kevin was a man of his own thoughts, so he coughed lightly.”boss, choosing qin chen won't be wrong! besides, your relationship with miss lu is awkward.”

Lan Yu suddenly realized that he was viewing Qin Chen from a personal perspective, but Lu Wei was from a business perspective.

thinking of this, he felt a little awkward.

At this moment, Kevin had already made the decision for his boss. “then should we invite qin chen?”

...

Lan Yu did not come back to his senses and nodded indifferently.

by the time he returned to his senses, kevin had already left.

Lan Yu realized what he had said, but it was too late to regret it.

at this moment, Kevin had already gone out to send a statement to the public relations department, saying that Qin Chen would be invited to the Grand Hyatt Hotel's 20th anniversary.

The public relations department was naturally also releasing statements everywhere. They had intentionally contacted Sister Ji Renkuan, but Qin Chen didn't agree to it at first, nor did he sign a contract.

this was difficult.

After the news spread like wildfire, Qin Chen said in an interview, "I don't have such intentions."

this light sentence was like a slap to Jun Yue's face.

Junyue's headquarters.

President's office.

Lan Yu threw down a stack of newspapers and looked at Kevin. "can you explain?"

Kevin was scolded right in the face. He lowered his head. "It's my fault."

"is this just a dereliction of duty?" Lan Yu said coldly, "look at what's written here and guess how much your face hurts. Kevin, tell me how much my face hurts right now."

Kevin's head drooped even lower. it's my fault. I'll make it up to you, CEO LAN.

"What are you going to use to make up for it?" Lan Yu's gaze was filled with mockery.

Kevin was speechless.

he had been waiting in front of Qin Chen's apartment for three days and had begged him several times, but Qin Chen's heart was made of stone.

However, the more hard-hearted she was, the more Kevin admired and liked her.

lan yu looked at kevin's good-for-nothing appearance and said indifferently, " "Give me her phone number."

Kevin's heart skipped a beat. it's for the agent. Even sister Kuan is easier to talk to than her.

lan yu stared into his eyes. " if sister kuan's nice words worked, why didn't she get qin chen? "

Kevin did not make a sound. He stood at the side with his eyes lowered, looking very gay.

"Since when did you have such a hobby?" Lan Yu frowned.

"Give me your number before you get off work," he said as he stood up. Also, don't wear pink shirts in the future."

kevin had his facial plastic surgery done and immediately said, " "Boss, don't you think Qin Chen is very aggressive?"

Qi attack?

Lan Yu made a cup of coffee for himself. As he stirred it, he said calmly, " "She's straight."

straight?

kevin looked at his superior.

lan yu suddenly had a jade desire to confide in someone, and his expression was somewhat reminiscing. " "it's very soft and soul-like."

"Boss, you've sneaked in before?" Kevin asked.

lan yu was stunned for a moment, then he smiled. ” “no, i’m not. At that time, she was still a doctor. He’s so strong that I’ve been turned gay.”

kevin didn’t quite understand, but he saw deep love in his boss’s eyes.

Chapter 2950: who is mrs. rong’s guest?

Kevin didn’t quite understand, but he saw deep love in his boss’s eyes.

Love?

the boss loved qin chen?

And he was still in love?

Just as Kevin was thinking, Lan Yu smiled again. “it’s all in the past! there’s nothing to miss.”

His mother passed away and he went to France. He gave his mother’s jewelry to Qin Chen, but she threw it away.

...

She chose Rong Lei and power. She was now the largest shareholder of the largest biological group in France and had the wealth of a country.

Being a model was just a hobby.

lan yu’s gaze changed slightly.

As for Kevin, he looked at his boss and thought to himself, this is the rhythm of love and hate.

He quickly got the number and placed it on Lan Yu's table.

When he was about to leave, he looked at the owner's coffee machine.

Kevin had done some research on this. After a moment of surprise, he blurted out, " "This set of coffee machines cost more than a million, right?"

although the boss had a lot of money, he was not usually so extravagant.

Lan Yu lowered his head and muttered, 'surprised? That's because you've never seen someone who really knows how to enjoy life."

Kevin watched.

Lan Yu smiled. it's when your goddess, Qin Chen Ran ran was there. I called her doctor Qin.

Doctor

Kevin's heart skipped a beat. The boss must be in love with the uniform's temptation.

however, he didn't dare to say anything and quickly left.

Lan Yu didn't look at the phone immediately. Instead, he stood in front of the floor-to-ceiling window and looked at the Twilight outside.

at this moment, he had everything, but he still felt lonely.

he stood there until eight o'clock in the evening, when his secretary came to say goodbye to him. he then moved his body slightly.

he looked at the young secretary and muttered, " "Chenchen."

the secretary, meng chenchen, froze.

the president was calling her by her nickname?

The president was interested in her?

“CEO LAN, I have a boyfriend,” she said with a red face.

only then did lan yu come back to his senses. he laughed indifferently and bitterly, ” “i’m sorry, i was wrong.”

“you can get off work first,” he muttered.

meng chenzhen still felt uneasy, but then she remembered what kevin had said about qin chen.

Could it be that the Chenzhen CEO LAN called was miss Qin?

the little secretary’s face turned even redder. she was overthinking.

The door closed again, and Lan Yu suddenly covered his eyes-

How long would it take? how long would it take for him to completely forget her, or treat her as non-existent?

He slowly walked to the desk and looked at the note with Qin Chen’s phone number written on it. He gently picked it up and dialed her number.

Qin Chen picked up quickly.

The sounds on the other end were mixed, with the sound of breathing and music.

It was like the sound of a man and a woman in love!

Lan Yu was stunned.

he had thought of many different things she might have been doing, but he had never thought that it would be like this.

he didn't even think before hanging up.

his originally cold eyes now had a touch of pain and sharpness.

his eyes were fixed on the phone.

But it never rang.

She was probably too busy to pay attention to him.

She was furious and called again.

This time, it took about ten seconds before the call was picked up. Qin Chen's voice was slightly panting, and it was very charming. "i'm qin chen."

Lan Yu was stunned for a long time before he said sarcastically, " "who is it this time that has the honor to be madam rong's guest?"

"what nonsense are you talking about, mr. lan? i'm working out." qin chen frowned.

Lan Yu,
