

Thank you 311

Chapter 311 the pillow that was taken away (3)

Aunt Chen was surprised to hear that. a pillow? I think there was only one when I came over the other day.

would anyone come here to get a pillow?

tang yu didn't say anything else. he hung up the phone and looked at the pillow on the bed.

He picked it up, put it under his nose, and sniffed it. His eyes narrowed slightly, and his expression was a little surprised and intriguing!

She put the pillow down and called Meng Qingcheng, " don't take care of Xia city. Just leave it there. Aunt Chen, just clean it up regularly. Also, don't throw anything away. Don't take a single thing.

When Meng Qingcheng received this strange call, he felt that Tang Yu was also strange.

Didn't he just get rid of the poison in the chicken soup? why was he acting so weird again?

before he could ask, tang yu hung up the phone. he didn't stay for long and quickly left. nowadays, he mostly lived in the rose garden ...

After Wanwan died, he and PEI Qiqi lived in the same city and didn't have any contact.

He wasn't used to it at first, but as time passed, he slowly got used to it.

He was waiting, waiting for the little girl who took his pillow.

this time, he wanted her to walk back on her own.

this time, he would not be soft-hearted to her!

As the new year was approaching, old master Lin's health wasn't too good. In order to make old master Lin happy, Shengyuan's Weiya banquet this year was especially lively.

meng qingcheng managed it all by himself and tried his best to find some programs to make lin zhennan happy.

but no matter how good the show was, it couldn't be compared to a granddaughter-in-law!

In the middle of the crowd, Tang Yu held the hand of an elegant and refined girl. Her name was Sun Feifei. She came from a good family, learned piano, and had a good temper.

Tang Yu chose her as his partner for the opening dance. It was a silent agreement to elder Tang's arrangement.

Lin Zhennan was really happy and his complexion looked much better. He could not help but praise the girl's good looks to Lin Yun.

Lin Yun just smiled and didn't say anything. Tang Zhiyuan and Zhao Ke didn't feel good listening to her.

"no matter how good she is, she can't be as good looking as that pei qiqi!" even tang zhiyuan sighed.

Zhao Ke didn't say anything. She just looked at Tang Zhiyuan. She knew what he was thinking.

With PEI Qiqi's looks, even a man would take a second look at her, let alone Tang Zhiyuan, who was a passionate man.

in fact, zhao ke didn't want to come today. this kind of occasion always had to meet. zhao ke wasn't afraid of meeting lin yun, but she didn't dare to be too arrogant when she met old master lin. she stayed by tang zhiyuan's side.

At this time, Zhao Yi gracefully walked in front of Lin Yun, smiling and saying something. Lin Yun smiled faintly and put her hand on his hand.

Zhao Ke's eyes glanced at Lin Yun from time to time as she snorted coldly in her heart and put on an act.

not only did zhao ke see it, but tang zhiyuan also saw it.

The person who felt the worst was Tang Zhiyuan. He looked at his ex-wife being held in another man's arms. Zhao Yi's eyes were brighter than a 220v light bulb. His expression made Tang Zhiyuan want to vomit to death.

Besides, even if they were dancing, why was he hugging her so tightly? was there a need to put it on her waist?

he didn't even know what it felt like to hold that small waist!

Tang Zhiyuan had never forgotten about Lin Yun. He remembered that there was once when he was drunk and drove to Lin Yun's house in the middle of the night.

When he came into contact with her, the long-lost passion came. That night, he actually felt that Lin Yun was more beautiful and moving than Zhao Ke. He caught her and kissed her, and he also succeeded.

lin yun let him kiss her for about a minute, and then she slapped him without hesitation.

After that, he was chased out.

Chapter 312 We're together again (1)

tang zhiyuan narrowed his eyes. he could almost burn two holes in zhao yi's hand.

His jealousy naturally could not escape Zhao Ke's eyes. She sneered, " "what's wrong? are you uncomfortable seeing your yunyun in someone else's arms?"

"I don't know what you're talking about!" tang zhiyuan tidied up his clothes and shifted his gaze to tang yu and the person called sun feifei.

in the past, he didn't really like pei qiqi. but in comparison, he seemed to dislike sun feifei even more.

She was like a wooden beauty?

was tang yu sure he wanted to marry her and sleep with a piece of wood every night?

Zhao Ke followed his gaze, and her gaze became a little deep.

she knew that pei qiqi and tang yu were done for. tang yu's action was equivalent to directly announcing his future boyfriend. sun feifei's fate is so good-zhao ke thought unhappily.

however, she would rather be sun feifei or any other woman than pei qiqi.

After the song ended, Tang Yu and sun Feifei didn't dance anymore. He politely sent her back to her original spot.

"tang yu." sun feifei was a well-known pianist in the country and was used to such situations. but she really didn't expect tang yan to pick her out of all the girls tonight.

Now, her eyes were filled with love.

For tonight, she had deliberately worn a white dress. Although it didn't reveal anything, it deliberately highlighted the advantages of her figure. She believed Tang mo would notice.

Tang Yu didn't notice. He just randomly picked a girl who didn't look like PEI Qiqi.

as for her looks, her clothes, and even her figure, he didn't take a closer look, nor did he fantasize about it.

He nodded. I'll contact you. My Secretary will call you.

sun feifei wanted to ask why he didn't call her personally, but when she thought of his identity, she felt that everything was only natural.

that's right, she had always yearned for a noble and british marriage.

As Mrs. Tang, she had to give the other person private space. She could understand.

if sun feifei had seen how tang yu and pei qiqi interacted, she would think that this 'aristocratic marriage' was a ghost.

Tang Yu quickly left and returned to elder Lin's side.

the old man's fingers were on his walking stick, and his eyes were on his daughter, lin yun.

He wasn't blind. He had seen Zhao Yi's unruly little movements just now. But he was a man, so what was the point of being so well-behaved? He quite admired this kid, but Yunyun didn't seem to accept it. She didn't want to jump just now, but she was held back by Zhao Yi.

Of course, the old man looked around and saw that Tang Zhiyuan was about to vomit blood.

he laughed coldly in his heart. his daughter was educated, polite, talented, and beautiful. in tang zhiyuan's eyes, she was not even as good as a pair of broken shoes.

It wasn't that he didn't know about Zhao Ke's past, he just didn't want to talk about it. Besides, Lin Yun didn't have any intention of saving her, so he didn't interfere.

now, it seemed like tang zhiyuan's heart was filled with regret!

however, in this world, where would there be so much medicine for regret?

tang mo stood beside him and the old man snorted."Why didn't you spend more time with Miss Sun? Where did your sweet time with that mischievous girl go?"

although tang yu was willing to find another companion, elder lin knew that it was hard to make use of this time.

chapter 313-we're together again

Tang mo smiled slightly. I will.

The old man mumbled and pointed in Lin Yun's direction, "Don't you have any thoughts about your mother?"

Tang Yu was helpless. He lowered his voice, "Grandpa, I'm the younger generation. It's better to let mother make her own decisions.

"Don't tell me you're thinking of reuniting with your parents?" old master Lin looked at him.

"why would i? i'm not tang xin." as tang yu spoke, he looked around but didn't see tang xin.

old master lin sighed. "this couple is a bit disgusting, but tang xin, that little girl, is quite lucky."

it was a pity that she was born with such an illness. she was really pitiful.

What made Grandpa Lin look down on Zhao Ke even more was that Zhao Ke didn't take good care of her daughter when Tang Xin was sick. She was still socializing outside all day, afraid that others didn't know she was Mrs. Tang.

petty!

the old man didn't really like her, so he naturally didn't want to pay attention to her. zhao ke had done something bad to lin yun and always thought that the old man knew about it, so she was even more afraid of him.

After one song, Lin Yun finally got rid of Zhao Yi. She didn't hate him. On the contrary, Zhao Yi was an upright person and treated her very well.

but recently, she was more and more afraid of spending time with him, because her heart would be in a mess.

all these years, she had long gotten used to a peaceful life. she didn't want her state of mind to be messed up because of a man.

Moreover, at his age, if he caused any trouble, he would be a joke.

She found an excuse to go to the bathroom. Although Zhao Yi knew what she was thinking, he couldn't force ran ran to do it with so many people watching.

No matter how reluctant he was, he could only let go.

Lin Yun went to the bathroom upstairs and put a cold towel on her face to cool down her hot face.

she looked up at the mirror, her face blushing a little. she quickly closed her eyes. at that moment, there was an indescribable moving look.

Tang Zhiyuan leaned against the door of the bathroom and said in a mocking tone, "i didn't think that at this age, i would still be able to catch zhao yi's eye."

Lin Yun's body stiffened. She looked up at the person in the mirror and slowly straightened her body.

She kept her expression and turned into the same cold and indifferent expression she always had when facing him. Mr. Tang Zhiyuan, are you talking to me? ”

Tang Zhiyuan snorted. there’s a new person. How would I know the old one? ”

“you also know that you’re an old acquaintance? then you shouldn’t have said those words just now.” lin yun wouldn’t be polite with him, and she didn’t want to be entangled with him, so she wiped her hands and was about to leave.

tang zhiyuan blocked her path. there was a pained expression on his face. ” yunyun, will you be with him? ”

Lin Yun looked at him. Her eyes were open and firm. Tang Zhiyuan, if you stop me again, I’m sure I will.

Upon hearing this, he moved away in embarrassment, but he still said unwillingly, ” for you to be like this, does it mean that I still have a place in your heart? ”

Lin Yun felt that he was bored. Tang Zhiyuan, I remember that you brought Mrs. Tang here.

This sentence seemed to have touched Tang Zhiyuan’s sensitive spot. His fingers suddenly grabbed her arm. Yunyun, I can get a divorce. We can get married again.

lin yun was surprised. she didn’t expect tang zhiyuan to say that.

In fact, it wasn’t just Lin Yun. Even Tang Zhiyuan himself was stunned.

However, he did not regret saying it!

all these years, he had indeed missed her, and he missed her very much.

[I recommend Luoyi against Snow’s new book {provoked 999 times: grandpa qiao, bad!

Chapter 314-you b! tch

Lin Yun was not as young and beautiful as Zhao Ke, but her temperament and talent were incomparable to Zhao Ke’s. When Tang Zhiyuan and Zhao Ke were together, they often didn’t know what to say. Zhao Ke would take the initiative to talk, and they would either talk about jewelry or fashion.

only now did he feel that his old wife was still the best.

At this time, since he had said it, he stared at Lin Yun with a burning gaze.

lin yun’s mouth twitched. she gently pushed tang zhiyuan away. ” you’re probably drunk. ”

“No, I’m very clear-headed, Yunyun. I can’t be more clear-headed than I am right now. I want to be with you. You’ve been the only one in my heart all these years.” Tang Zhiyuan looked at her sincerely and said sincerely.

Lin Yun regretted it. She should have continued dancing with Zhao Yi just now. Although she would have been taught, it was better than this situation.

Just as he was at a loss for what to do, a sharp voice rang out. It was Zhao Ke.

” tang zhiyuan, you bastard. ” Zhao Ke’s heart was bleeding. What did she just hear?

she heard her husband's betrayal. although she knew that he had feelings for lin yun and would call her by her name when he slept, he wouldn't blatantly express his displeasure to lin yun.

now, was he thinking of divorcing his wife and marrying her again?

Zhao Ke pounced over and stretched out her small fists to punch Tang Zhiyuan's chest. She didn't care about her image and wasn't afraid of others seeing it. At this time, she just wanted to make Lin Yun stink.

tang zhiyuan was her man now. if he hooked up with lin yun, it was obvious that lin yun was being indecent.

on the other hand, zhao ke was in a mess. she also wanted to give tang zhiyuan some pressure. if he still cared about his face, he wouldn't dare to do anything to lin yun.

Zhao Ke knew that for Tang Zhiyuan to be able to say such words, it definitely wasn't just his thoughts today. Hence, she wanted to take him down in one fell swoop and make him give up on this idea. He would never dare to do this again.

However, this was the difference between Zhao Ke and Lin Yun. In Zhao Ke's heart, she would always put herself first, while Lin Yun would always consider the big picture.

Of course, Zhao Ke didn't know that Lin Yun's heart was already dead. Why would she have the idea of getting back together with Tang Zhiyuan?

Zhao Ke fooled around for a while. When Lin Yun saw this, she looked at Tang Zhiyuan with sympathy. She felt that he had brought this on himself, so she wanted to leave quietly. However, Zhao Ke stopped her and said sternly, " " lin yun, explain to me clearly today. what's going on between you and tang zhiyuan? "

Obviously, she had provoked the wrong person!

although lin yun had given tang zhiyuan away to someone else, she had given up on him.

At that time, she was pregnant and Tang Zhiyuan didn't know about it. Lin Yun found out that she was pregnant and wanted to tell him ran ran on their wedding anniversary.

however, the day before that, zhao ke found her with her big belly.

How ironic. After he had sown the seeds for Zhao Ke, he had also impregnated her.

At that time, Lin Yun was in despair.

After that, she had a miscarriage. Even when the child was gone, she didn't tell Tang Zhiyuan about it.

at that time, he was very busy, so busy that he couldn't suppress the erotic news of his zhao ke. he was so busy that he didn't have time to go home.

However, when he returned home, he only begged her to let go and let him and Zhao Ke be together.

lin yun was sitting in the bedroom alone. she let him stand outside for the night.

after opening the door, she told him that she agreed to the divorce.

From the beginning to the end, he didn't know that the child who had been miscarried before he was born, she had fulfilled his wish, let him live with a murderer, and watched him love that woman.

This wasn't her punishment for herself. It was her ridicule towards Tang Zhiyuan.

Now, she thought, it's time!

Chapter 315 You b * tch!(2)

lin yun smiled, which made her exude charm!

the temperament of a lady from a wealthy family was not comparable to any flirtatious b * tch. "zhao ke, tang zhiyuan and i are teasing each other. do you think i can still be with him after losing a child? " You're looking down on me, Lin Yun."

zhao ke's face turned pale. she didn't expect lin yun to tell her about this.

she had always thought that a proud woman like lin yun wouldn't open her mouth and would keep it to herself for the rest of her life.

Tang Zhiyuan's face turned green. Yunyun, what child? "

Lin Yun was still smiling, but there were a few more tears in her eyes, " when you and Zhao Ke had Tang Xin, I was also pregnant with a child. Zhao Ke accidentally pushed me and I miscarried it. Why, Zhiyuan, didn't Zhao Ke tell you? "

tang zhiyuan's heart was as cold as ice. all these years, lin yun's attitude towards him had always been cold. he thought that it was because zhao ke was embarrassed, and he only found out now because they had a child too.

the child! If he had known that Yunyun was pregnant, would he still have insisted on the divorce?

Tang Zhiyuan was a little confused. However, the only thing he was sure of was that he hated Zhao Ke to the core.

Accidentally? how could it be accidentally? he knew her too well.

tang zhiyuan's eyes were bloodshot as he glared at zhao ke. " you're actually so vicious! "

Zhao Ke's lips trembled and she looked like she didn't know what to do. After a while, she suddenly screamed, " Zhiyuan, how could you believe her? how could I do such a thing? "

"i believe you will." tang zhiyuan had been married to her for more than ten years. he knew what kind of person zhao ke was.

At this moment, he felt a little sad. The woman he had doted on for so long and slept by his side every night had killed his and Yunyun's child with his own hands.

The anger in Tang Zhiyuan's heart rose to the limit. He stared at her and said, " Zhao Ke, what did you say to me at that time? you said that you loved me and that you would die of pain without me. You said that you would rather die with the child in your stomach.

zhao ke's lips moved, but before she could say anything, tang zhiyuan roared, " is this how you love me? "

At this moment, the people below were all shocked. The banquet hall quieted down and looked in the direction of the second floor.

Was that Tang Zhiyuan's voice just now?

at this moment, zhao ke's voice sounded. it was filled with sobs and was especially ear-piercing in the silence. " i got rid of her child because i loved you. "

following that, there was a loud bang.

half of zhao ke's face was swollen. when she regained her senses, she realized what she had just said.

Tang Zhiyuan's expression was particularly cold, " "you b * tch!| People!"

lin yun watched them fight each other and lost interest in watching. she slowly walked to the stairs and said to the crowd, " it's just a family matter of mr. tang. please continue. "

The music started again, and it was a jubilant scene.

The couple upstairs was about to tear each other apart.

Tang Yu walked to Lin Yun's side, " mom, how are you? "

Lin Yun looked calm on the surface, but she was still a little upset.

She smiled slightly. it's nothing. It's just that the knot in my heart for many years has finally been untied today.

It wasn't that he didn't want to take revenge for any matter or grudge, it was just that it wasn't the best time.

tang yu patted the back of his mother's hand. in fact, he also heard the conversation upstairs-

Back then, he saw Lin Yun lying in the hospital in a weak state, and Yingying had so much blood.

Every time he thought of it, his heart would still be in pain.

chapter 316-long time no see

This matter was Lin Yun's taboo. All these years, he didn't mention a word about it, but he always remembered that he once had a sister, Yingluo.

(after a long time, tang yu felt that pei qiqi was the compensation. zhao ke pushed his mother's child away but god gave pei qiqi to him.)

at this time, lin yun's heart felt a little comforted. she raised her eyes, looked upstairs, and smiled.

after this incident, tang zhiyuan and zhao ke would completely disappear from her life.

after the party ended, tang yu personally sent sun feifei home.

he drove the bugatti veyron that he often drove, and his eyes were focused on the dense mist in front of him.

sun feifei sat beside him, feeling a little nervous. after all, this was their first date. her fingers pressed tightly on the hem of her dress, afraid that he would think that she was not dignified.

For a long time, Tang Yu didn't say a word. Sun Feifei then asked softly, "I'll go up for a cup of coffee later."

"It's getting late." Tang Yu smiled, "Next time!"

She was a little disappointed, but she didn't dare to say anything.

The Sun family's motto was that Yingying had to be obedient.

Especially for a man like Tang Yu, she didn't need to be lectured by her family. She would be obedient in front of him.

This kind of man was too easy for women to soften and tease. His coldness was also extremely charming.

Sun Feifei was flattered. She still couldn't believe that she was the lucky one.

After she hummed in agreement, she sat even more obediently.

Tang Yu looked ahead. His mood was as cold as the night.

There was nothing good about Sun Feifei. There was nothing that he liked, but there was nothing bad about her either!

Perhaps, this was called making do.

As long as it wasn't that person, that little guy who was as beautiful as an oil painting and sometimes fierce, he could be considered to be making do!

The woman at the side looked at his expression. She was initially shy, but after that, she couldn't smile anymore. She almost wanted to cry.

Because Tang Yu's eyes were getting colder and colder. This wasn't love. It wasn't even like love.

The car stopped. "Tang Yu," she asked softly, "Do you hate me?"

His slender fingers were still on the steering wheel, and he looked ahead with a deep gaze. "No."

"But you don't like me either, right?" Sun Feifei's voice was even lower.

His gaze finally landed on her face and he smiled. I'll try my best.

If it were an ordinary man, a girl would probably have turned around and left after hearing such words. Those with a worse temper would have directly slapped him in the face ...

But this person was Tang Yu.

Sun Feifei was touched when she heard him say that.

She sat there for a long time, feeling a little reluctant.

As for Tang Yu, he was still sitting there. He didn't ask her to leave, but his expression was calm.

Finally, she felt that it was inappropriate to continue sitting like this, so she moved a little. Then, good night.

Tang Zheng nodded and the Sun family's servants came to pick up their little princess.

sun feifei stood there like a lady from a wealthy family. she waited for tang yu's car to leave before she walked into the main house.

tang yu sat in the car and looked at the rearview mirror. his thin lips slightly pursed.

He didn't hate Sun Feifei, but it was hard to like her.

she was no different from the young ladies he had seen before and would not move his heart.

she wasn't like that cruel little thing yingluo.

Thinking about that cruel little thing, Tang Yu stepped on the gas. The White sports car shot out like an arrow.

he didn't go back to the rose garden, but drove to xia city and sat in the car.

Just like that, he lit a cigarette and smoked it slowly until dawn.

Chapter 317 long time no see (part two)

the moment pei qiqi arrived at the company, everyone looked at her with a weird expression.

She looked at Xiaowen and went into her office. is there anything special this morning? " she asked.

"No, I didn't," Xiaowen shook her head with a strange expression on her face.

"you really don't?" PEI Qiqi coughed lightly, " little Wen, you look like you didn't manage to get a red packet.

xiaowen touched her face. " did i? i'm very happy today, very happy."

pei qiqi smiled, " it's almost the new year. the company's benefits should be almost ready. are there any financial problems? "

Xiaowen nodded. there's no problem. The company's been doing pretty well recently. Boss PEI, everyone is willing to believe you now. Furthermore, ever since Zhou Meilin went to jail, no shareholder has made a fuss about withdrawing their shares.

"that's right in front of them. they have a piece of meat to eat." PEI Qiqi wasn't that optimistic.

xiaowen also knew this in her heart, so she didn't say anything more.

PEI Qiqi was flipping through today's newspaper. After a while, she asked curiously, " "Where's today's finance section?"

"ah, yingluo doesn't have it?" Xiaowen went over to help. I don't have it. I might have missed it. I'll look for it later.

pei qiqi didn't say anything else. as the new year was coming, there weren't many things to do. at 3 pm, she got off work first.

She drove to a flower shop and bought a bouquet of daisies. When she came out, she saw a newspaper stand.

pei qiqi stood there for a while but eventually walked over. she picked up a newspaper and paid.

she returned to the car with the newspaper and flowers in her hands. after she put the things down, she flipped through the financial section of the newspaper.

after that, her expression froze.

it was a headline about tang yu and a young girl dancing together.

That girl was very beautiful, and she seemed to have been brought up well.

the photo was very clear. tang yu's eyes were focused on the girl and his fingers were on her waist.

pei qiqi just looked at him and then smiled bitterly.

He had said that he would go on a blind date.

she had experienced such a method before. it was a kind of declaration, a kind of recognition of identity.

slowly closing the newspaper, pei qiqi closed her eyes and calmed herself down.

It was almost dusk when they arrived at the cemetery. The sky had turned dark early, and they could already see the Twilight.

A new grave and a path that no one had stepped on made it look even more desolate and misty.

pei qiqi slowly knelt down and placed the daisies in front of the grave. she sat on the cold cement and looked at pei minghe's smiling face in the photo. she said softly, " "dad, i'm here."

That face was still smiling, but he could no longer respond to her.

pei qiqi's fingers slowly dusted him off and she mumbled, " "dad, it's almost the new year. is your place deserted? will you blame me for sending aunty to jail?"

"But jinrong is innocent if Auntie doesn't go to jail." pei qiqi closed her eyes. " dad, i don't dare to see you. i'm afraid you'll be angry. "

She rested her head on the tombstone, as if she was much closer to him. in the end, I didn't have happiness either.

If her Tang Yu broke up with Hanhan, he would marry another woman.

pei qiqi didn't say anything. she just held onto the tombstone and cried.

just like in the past, when she was wronged, pei minghe would hug her and comfort her gently. " "what's wrong with our qi qi?"

Chapter 318-long time no see

but now, no one could hold her like this anymore.

no matter how painful it was, it was her kasaya that could only bear it alone.

"dad, i'll be fine. i'll protect the pei family and our family." PEI Qiqi sat there and looked at the Twilight.

In the evening, the cemetery was a little eerie and scary, but she was not afraid at all because PEI Minghe was there.

with her father here, qiqi was not afraid.

dad, i miss you so much. if you were here, i wouldn't feel so bad, i wouldn't always feel like crying, and i wouldn't be unable to sleep every night.

she had never understood why her father could not forget zhao ke. now she knew that if one had liked or loved someone, they would never forget her for the rest of their life.

She didn't go back until it was dark.

while driving, she rolled down the window, even though it would be very cold.

the evening lights were on, casting shadows on the deep winter night.

She and Tang Yu had walked on that brightly lit road countless times, but today, it was especially deserted.

it was only a few days away from the new year's eve, and there were children setting off small fireworks in the residential areas on the streets.

PEI Qiqi watched the entire way and for some reason, her eyes started to heat up.

she heard tang yu's voice-

pei qiqi, if you're pregnant, we'll get married.

PEI Qiqi, let's have a few more children.

pei qiqi, when we have children in the future, you'll be the big one and she'll be the small one. they'll all be babies.

this was the first time she regretted it. if she had been pregnant back then, would she have been able to stay by his side no matter what happened?

could it be that no matter how difficult it was, she couldn't bear to let him leave?

The White car slowly stopped. PEI Qiqi opened the door and got out.

She stood on the street in the middle of winter, watching the children set off fireworks.

She was a little envious ...

Because PEI Qiqi didn't have a home now.

It was almost the new year, but there was no one to celebrate with her, no one to stay up with her, no one to have a reunion dinner with her, and no one to hug her and say, "our Qiqi is a year older.

She continued to stand there, staring at the children in a daze, not feeling cold at all.

A child saw her and ran over. sister, do you want to play with us? "

After she finished speaking, she asked carefully, "why is sister crying? "

"no, it's just that the wind is too strong," pei qiqi smiled. she took a small firework from the little girl and lit it up.

when the fireworks lit up, in the light of the fire-

she saw warmth and hope. it was as if she had returned to the past. when she was young, she always felt that she would not be beaten the next day and that aunty would like her. yingluo would be like pei huan, a little princess.

PEI Qiqi's eyes curved slightly and she smiled.

the little girl ran over and took another one, lighting it up with her ...

pei qiqi didn't notice that a black rv was slowly passing by.

The car slowed down and the window rolled down. Inside were Tang Yu and sun Feifei.

Sun Feifei opened the car window. She sounded excited, " Tang Yu, look. There are so many kids setting off fireworks. Do you want to go down and see? "

there was a party tonight, and tang yu was going with sun feifei. there was still time, so it was fine to fulfill a girl's little wish ...

however, when the car window rolled down, not only tang yu, but even sun feifei wanted to bite off her own tongue.

because pei qiqi was also stunned.

[the author can't stand the pressure. i'll add another chapter. please vote!] [you're killing me ~ ah ah ah, good night, xoxo ~PS, sun is cannon fodder, I won't be corrupted!]

Chapter 319 Long time no see (part four)

She stood there in a white coat, which was particularly eye-catching.

It was so conspicuous that Sun Feifei wanted to roll up the window, but she didn't dare to!

Tang Yu also saw Yingying.

He was a little shocked, and then he saw her car parked at the side.

As the car slowly rolled by, he saw PEI Qiqi's smiling face. Her eyes were curved and her smile was sweet and happy like a little girl.

his face became a little cold-

It seemed that she was doing well!

Sun Feifei saw his strange expression and was about to roll up the window when PEI Qiqi turned her head.

in an instant, their eyes met ...

in such a strong evening wind, her white clothes and black hair were beautiful enough to last forever.

The car slid past slowly. The driver in front was already driving at his slowest, just like a slow-motion scene in a movie.

Tang Yu's eyes locked onto hers and PEI Qiqi couldn't move them away ...

she saw him and the beautiful woman beside him. at that moment, pei qiqi felt like the world was empty. something was disappearing from her body.

She saw Sun Feifei whisper something into his ear softly, and then the car window slowly closed. all she was facing was a layer of black glass.

She stood there in a daze until she felt a sharp pain in her hand ...

the fireworks had hurt her finger, leaving a few black marks. it was burning.

she reflexively threw away the fireworks in her hand, but her eyes were still on the car in the distance.

she told herself, pei qiqi, from now on, he is someone else's.

he won't hug you, call you baby, or treat your hand injuries just because you're injured.

He would also not abandon anyone else to come to your side because you are the most important person.

pei qiqi, you've lost him completely. you've lost tang yu.

Her hand was still in great pain, but she didn't care. She just stood on the cold winter night and looked at the distant lights.

for a long time, she did not move.

The children were far away. The little girl's voice was soft."Why is that big sister crying?"

she was crying. was she crying?

PEI Qiqi raised her hand and reached out to wipe her face. However, she felt a burning pain in her palm.

He opened his palm and saw the wound on it.

She was stunned for a moment and looked at him silently for a while before walking to her car.

As he held the steering wheel, he felt a sharp pain in his palm. He could not drive anymore.

She had no choice but to get out of the car, take out her bag, and hail a taxi.

The driver waited for her to speak for a long time and coughed. "miss, where are we going?"

PEI Qiqi looked at her palms, " let's go to the hospital. The nearest hospital.

the driver drove the car to the nearest eastern hospital and arrived in less than twenty minutes.

pei qiqi took out money from her wallet with one hand and gave it to the driver. then, she said thank you in a low voice, wanwan.

the hospital had already closed and there was only an emergency room. she got a number and waited in the corridor.

There were about ten seats in front of them, all with colds, headaches, and fevers. There were elderly people and young couples, all snuggling up to each other, especially a few young couples, who were particularly affectionate.

it made it seem like pei qiqi was standing alone in a special terrain, and her shadow was stunned.

a young man glanced at her, causing his girlfriend to pinch him hard. the young man said something that made his girlfriend happy again.

pei qiqi looked on indifferently without any expression on her face.

Chapter 320 long time no see (part five)

After waiting for about half an hour, it was finally her turn.

The doctor examined her hand and asked through her extremely sensitive nose, ” “You played with fireworks?”

she hummed in agreement.

there have been children brought here by their parents these few days. They were all injured here and there from playing. One of them even injured his eye. But you’re the first adult! The male doctor said with a straight face, ” it’s a good thing it’s my left hand. If it was my right hand, I wouldn’t be able to take care of myself.

pei qiqi couldn’t help but say, ” it’s just a small injury. how come you can’t take care of yourself? ”

“You need to use your hands to eat, right? and you need to use the toilet, right?” the male doctor didn’t continue. ” so you should be glad. Don’t let your hand come into contact with water for a week. It’ll be troublesome if it gets inflamed.”

PEI Qiqi didn’t say anything and the doctor showed his white teeth again, ” then we need an injection. Qianqian heard that this is what young girls are most afraid of.

it was too despicable. he had to be threatened by the doctor while he was seeing a patient.

PEI Qiqi took the prescription and didn’t leave. The doctor also laughed and teased her.

He knew this young lady. Actually, he didn’t know her. He had heard that the president of Sheng Yuan’s girlfriend was particularly afraid of injections. Mr. Tang would carry her like he was carrying his daughter.

PEI Qiqi and Tang Yu’s photos were all over the newspapers so he recognized them right away.

As a matter of fact, the little girl’s face changed after she was frightened! the doctor thought to himself with a wicked sense of humor.

PEI Qiqi took the medicine and the nurse helped her clean her wound. Xuxu was afraid of pain but she endured it and didn’t make a sound.

no matter how painful it was, you had to endure it yourself. no one would hold you in their arms to comfort you.

PEI Qiqi, don’t miss the past. Miss the warmth that Tang Yu brought you because it made you weak. she didn’t leave after she finished applying the medicine.

she saw a pair of white-haired old people supporting her. the old lady was on an iv drip. perhaps she was afraid of pain, so the old man coaxed her, ” saying, don’t be afraid. it’ll only hurt for a while. if ran ran really hurts, you can bite me. then it won’t hurt anymore. ”

the old lady’s face turned red. ” old thing, don’t be rash. aren’t you afraid that the nurses will laugh at you? ”

the nurse pursed her lips and laughed. she was quite happy.

the old lady spoke again, " daughter, i'm not afraid of you laughing at me, but this old man has always been like this. whenever i have a small illness or pain, he will be extremely nervous. he's not a young girl anymore, but he still makes it so intimate. i feel embarrassed for him. "

It was probably because she had never seen such a loving couple before that the nurse's tone softened. She said softly, "that's your good fortune, grandma."

The old man was instantly proud. see, I'm still the best to you in this world. If you had your first love, you wouldn't have treated you like I do now, Hanhan.

the more he said, the more he digressed. the old grandma spat at him. " don't worry. "

So the old man shut up and stood aside obediently. From time to time, he would check if the water in the hot water bag under the old woman's hand was hot enough.

after all, she was getting on in years. after an hour, the old grandma fell asleep, and the old grandpa also fell asleep. their heads were leaning against each other, and their hair was white. it was an indescribable beauty.

pei qiqi didn't know why she didn't leave and just kept looking at wanwan like this.

she was very envious of yingluo.

After a long time, she got up gently and walked to the nurse's station. patient 34 needs to change the water.

the nurse woke up from her nap. she looked at pei qiqi and took a glass of water.

When PEI Qiqi walked out of the hospital, it was already nine O 'clock.

She stood on the busy street, surrounded by people and lights ...

but she didn't know where to go. the world was so big, but tang yu was nowhere to be found.

where was he? was he dancing with that girl in his arms? did hanhan no longer hate her? did he forget all the pain she had caused him? did hanhan almost forget her?

The scattered snowflakes in the sky looked gentle and affectionate in the winter night.

the people on the street were cheering, and those sounds went straight to her heart ...

PEI Qiqi used her uninjured fingers to catch the snowflake and watched as it melted in her palm.

she chuckled and tidied up her bag. she walked away and disappeared into the crowd.
