Chapter 3291: Ye Mulin, whoever regrets is a bastard (4)

“Alright,” Mama ye nodded.

she didn't think much about it, thinking that bai suili's phone had run out of battery and her son couldn't be contacted.

on the other side, ye mulin hung up the phone and took a long drag on his cigarette.

His phone rang, and he immediately looked at it. It was the address of the restaurant that Bai Sulli had sent him.

He threw his phone to the side, not in the mood for it.

He had so many important things to do, but he still sat on the sofa and smoked. Later, he called mu Bai and asked him if Bai suili had come to see him.

...

” brother, ” ye mu bai laughed, ” you came to me to look for a wife. isn't it a little funny? ”

Ye Mulin hung up the phone with a dark expression.

Ye mu Bai wanted to ask, but the call was cut off. He looked at the phone and snorted. “What a bad temper.”

in fact, he could also tell that yang liked xue li. if he didn't like xue li at all, why would he put her in the ye family's mansion? If she didn't like him, he could just buy her a villa and give her money to raise her outside. He could maintain a married life on the surface as long as Xue Li didn't go overboard. His eldest brother was grooming Xue Li to become the matriarch of the ye family, although this was an impossible task in ye mu Bai's eyes.

Xue Li was a playful person, in fact, big brother could just ask her questions, why make things difficult for her?

Ye mu Bai hung up the phone and dialed Secretary Li's number. After asking about the situation, he lay down on the grass.

miss bai?

hire security?

Was his brother's brain filled with pig feed?

he could do whatever he wanted to shirley at home, and it wasn't embarrassing to close the door.

But in the outside world, men wanted face, but women didn't?

Asking the security guards to chase her away in front of so many people, especially in front of his ex-girlfriend?

Xue Li's proud personality since childhood was now being smoothed out by her big brother, but even if it was smoothed out, she was still called Bai Xue Li!

Ye mu Bai immediately sent a message to his brother.

brother, did xue li call you a bastard? You're finished, just wait for the divorce!

On the other side, ye Mu Lin frowned.

Mu Bai really understood that rice weevil, but it was true that they were innocent and naive, while he was a bastard.

the ye family's elder was very generous. he was smoking in the office.

he smoked so much that the one called black smoke screen looked like he didn't want strangers to get close to him.

he also wanted to call bai suili's phone. first, she only took the card, and second, he was also angry.

in the end, they decided to let both sides calm down first.

as for the divorce she mentioned, he had never thought that it would come to that.

They had clearly slapped each other and she had said harsh words to him, but he still did not want a divorce.

He asked himself, other than the marriage between the Bai and ye families, was there nothing else?

Actually, wasn't this a good time to negotiate with the rice weevil?

They could declare that their marriage was broken at this time, and they could maintain their marriage in name only until the time was right to get a divorce.

This was very beneficial to him. He really didn't need such a stupid wife who couldn't even do the simplest questions in advanced mathematics. Her college degree was bought with money, and she didn't even pass the CET-4. She was really not outstanding.

however, it was this kind of not-so-outstanding woman who made him angry.

Originally, he didn't have to go to the dinner, but he really went because of her.

When he went over, everyone was already there.

Wherever ye Mulin went, he would be the center of attention. Firstly, it was because of his reputation in the legal world. Secondly, it was because of his background. He was someone that many people could not achieve even if they worked hard for ten lifetimes.

Chapter 3292: ye mulin, whoever regrets is a bastard (5)

the people who came were all the elites who had interned with them in new York back then, and they were all sitting down to talk about the legal world.

Ai Wei had arrived very early. She had changed into a black dress and let her long curls down. She looked much more charming than she had been during the day. She also seemed to be deliberately showing off in front of ye Mu Lin.

she wanted him to know that he had not given up on a tree, but an entire forest.

So, she held the wine glass in her hand and gently shook it. “Ye, you’re late.”

ye mulin smiled faintly and drank the red wine in his glass. he did not pay much attention to her.

his thoughts were still a little messy as he dealt with these old classmates.

...

These were all very smart people with extraordinary intelligence, but it was boring to talk about business during a meal.

ai wei was the only female, and her old classmates knew that she was determined to win ye mu lin’s heart. they laughed slyly and would occasionally make a joke or two.

Ye Mulin did not take this to heart.

He didn’t touch women, but he had a lot of social interactions, so he just listened to such jokes.

he was smoking when he heard his phone ring. he immediately took it out.

it was his mother.

He gestured for her to go out and answer the phone as he walked towards a quiet place.

mama ye sounded worried. ” mulin, shirley hasn’t come back yet. has she contacted you? ” she asked.

Ye Mu Lin frowned and looked at his watch. It was already ten O ‘clock.

She took a puff of her cigarette. mom, go to bed early. I’ll drive over to the Bai family’s house to take a look.

Mama ye was still worried. Mulin, ” she said, ” did you guys fight? ”

“mom, don’t think too much. it’s not like that.” “I’ll go to the Bai family now,” ye Mulin said quickly.

after that, he hung up the phone. he could no longer wait.

he saw ai wei standing behind him the moment he turned around.

Ai Wei was still the same as before, smiling appropriately. what’s wrong, night? ”

Suddenly, ye Mulin was a little confused. Logically speaking, a woman like AI Wei was already perfect, but he still didn’t feel anything. Why did he want to turn Bai Xueli into such a woman?

if she became like this, would it be particularly boring?

He was staring at Ai Wei, but he didn’t know that someone had taken a picture of him. From a certain angle, this kind of gaze was especially affectionate.

He even exposed it to a small newspaper. Only a small newspaper would dare to secretly post about master ye’s private affairs.

“aren’t you going back for a drink?” ai wei smiled.

“another day!” ye mu lin walked past her quickly.

“Ye Mulin, have you ever regretted giving up on me?” Ai Wei called out to him from behind.

He paused for a moment and gave her an accurate answer. “no, i didn’t,”

ai wei still had a smile on her face, but only she knew how embarrassed she was.

she had tried so hard to become as outstanding as him, trying to stand as high as him and look at him at eye level.

she didn’t have a good family background, but she was smart and hardworking ...

she had thought that if ye mulin were to get married one day, the other party would definitely be very outstanding. however, she did not expect it to be such a woman. in her eyes, such a woman was like a defective product. such a woman could not even control her emotions.

at this time, ai wei didn’t realize that bai sulli had received a lot of education, but she had never been able to control her emotions.

the bai family was a rising star. in the end, they were like nouveau riche in the political world, different from the ye family.

to put it bluntly, bai suili had been spoiled.

in the past, it was the bai family who spoiled her. now, it was also ye mulin who spoiled her. if he did not treat her well these few days, she would dare to slap him in front of so many people.

Ai Wei would never have thought that if ye Mu Lin did not love her, he would still be willing to look for that woman after being slapped and his high heels thrown away.

It was because he liked it.

she just didn't want to believe it.

Chapter 3293: did you hear that? i don't want you (1)

Ye Mulin quickly walked out and sat in his car.

it was only when he drove out of the underground parking lot that he realized it was raining outside.

The nights in B city were a little cold during this season. The windshield wipers kept on working, but soon they would faint again.

Ye Mulin held onto his phone and dialed the number of the Bai family's head. He was not very familiar with the Bai family's head because he could not meet him whenever he wanted.

dad, did shirley go back? " ye mulin's voice sounded hoarse in the rainy night.

The one from the Bai family might still be dealing with official business. He paused for a moment and then told the Secretary beside him.

...

ye mulin smoked with one hand and held his phone with the other as he waited patiently. after a while, the person from the bai family replied, " "Xue Li didn't come back. Mu Lin, what happened?"

"it was just a small argument. i will call you back when i find her." ye mulin's voice was low.

the one from the bai family nodded and continued with his work.

Ye Mulin put down the phone and suddenly felt a little sad.

Bai suili's father didn't seem to care about her as much as he did about his work.

He took a deep puff of his cigarette, flicked the cigarette butt off, and drove off quickly to look for her.

he contacted mu bai and told him where bai suili often went. however, B city was so big, and it was not easy to find a person. ye mulin drove around B city but could not find him. his clothes were already wet when he got in and out of the car.

it wasn't until two o'clock in the morning that he received a call from mu bai. he said that he had found bai suili at a bar. she was drunk and refused to leave, so he asked him to pick her up.

When he received ye mu Bai's call, ye Mu Lin's heart fiercely twitched for a moment before it returned to its original place.

he quickly drove to the bar that mu bai had mentioned. fortunately, it was not too far away, and he arrived in half an hour.

'Night Cat' wasn't a very high-end bar. It could even be said to be a mix of good and bad.

Bai suili used to be here, and she was once the goddess of the nightclubs here.

however, at this moment, she was sitting in a corner like a crazy woman. her whole body was a mess and she was drenched. her hair was tied up and the makeup on her face had long been smudged.

She sat there drinking, one glass after another, until she vomited.

she lay on the table and kept shaking her hands, " "who does he think he is? i don't care about him, yingluo."

"whoever regrets it is a bastard." she raised her voice and waved her hands around.

but she couldn't grab onto anything. the only thing she could grab onto was the night air.

When ye mu Bai found her, she was in this state.

“Xue Li.” He walked over and sat beside her, reaching out to touch her hair. “why are you here? it’s so late. why aren’t you going home?”

Bai Sulli’s body stiffened for a moment, and then she turned around. When she saw ye mu Bai, her body paused for a moment, and then she lay down again.”Can’t I come? mu bai, do you think that i shouldn’t come to such a place just because i’m the daughter-in-law of the ye family now?”

She laughed softly. I’m not ye Mulin’s wife anymore. I’m free.

She raised her glass and looked at ye mu Bai. “Old Bai, celebrate my freedom.”

Ye mu Bai kept frowning as he looked at her. you’ve drunk too much. I’ll take you back.

“I’m not going back.” she raised her head. ” whoever regrets is a bastard. mubai, i won’t go back. i won’t go back to that tyrant’s side and be his sex slave. he’s a pervert. he’s so bad himself, but he has so many demands from me. old bai, i’ve had enough. ”

Chapter 3294: did you hear that? i don’t want you (2)

ye mu bai ruffled her hair. ” if there’s anything, we’ll settle it when we get back, okay? ”

he coaxed her like he was coaxing a child, but she cried instead.”i don’t want to go back. That’s not my home.”

“why isn’t it your home? my parents like you a lot.” Ye mu Bai still had some feelings for her. After all, they had grown up together when they were young, and Xue Li was not bad except for being a little willful.

bai suili lay down, her eyes staring straight at him,”He hit me in front of that woman called Ai Wei. Mubai, do you think I still want him?”

With that, her gaze returned to the glass and she finished half of it in one gulp.

Ye mu Bai couldn’t stop him and could only call ye Mu Lin.

...

she had drunk too much and vomited again. when she came back, she cried and even cried on his shoulder.

“mubai, why don’t you marry me?” She wrapped her arms around his neck and mumbled, ” “if you marry me, i won’t marry him. if i don’t marry him, i won’t have to be like this. xuanji, mubai, i don’t have a home now. If I file for a divorce, my dad will cut off all my sources of income and I will starve to death, Yingluo!”

Ye mu Bai also felt a little sad. He patted her back. I’ll help you. I won’t let you starve to death.

you also support me leaving that devil, don’t you? ” She mumbled as she hugged his neck and lowered her eyes.

She was very tired and wanted to sleep, but she was alone outside and did not know where to go. It was great to have mu Bai around.

ye mulin stood in the aisle of the bar and looked at his drunk wife throwing herself into his brother’s arms. his face was ashen.

He heard her say that it was great to have mu Bai around.

and to her, he was a terrifying existence, wasn’t he?

Ye mu Bai also noticed his eldest brother. He sighed softly. His eldest brother’s gaze was so murderous.

he lowered his head and looked at bai sulli, then at ye mulin’s face. ” he’s asleep. ” You should carry her back, she might get a fever if she gets caught in the rain.”

ye mulin did not say anything and took it.

she did look terrible, and it was the look he hated the most.

He picked her up and walked out of the room. Ye mu Bai followed behind him and touched his nose.

When they arrived at the parking lot, he knocked on the car window. Ye Mulin lowered the window, his face expressionless.

ye mu bai hesitated for a moment, but he still said, " if you really don't like her, or you can't tolerate her shortcomings, I know you have a way to drag out these two years, and everyone will have a good time.

As he said this, his eyes fell on Bai suili's face.

On it, there were five faint finger marks.

"Mubai, this is not something you should suggest," ye Mulin said coldly.

he was about to start the car, but ye mu bai grabbed the window and said in a hurry, " if you love her, you should cherish her. if you don't want to last long, you should let go now. "

ye mu lin's reply was to slowly roll up the car window, which almost pressed against ye mu bai's hand.

ye mu bai looked at the car that was driving away and waved his hand. " "You're burning the bridge after crossing it! fuck!"

in the car, ye mulin's face was dark as he looked at the drunk woman beside him.

She had been fooling around until the wee hours of the morning. Did she not think that others would be worried?

she was just so immature and irrational. mu bai's words jumped out in her mind ...

If you don't want to last long, let go!

Chapter 3295: Did you hear that? I don't want you (3)

He looked at her quietly, at her terrible state.

he also remembered what she had said to him in the office: ye mu lin, whoever turns back is a bastard!

If she wasn't sad, why would she hide in a bar and drink?

His gaze softened a little as he reached out to touch her hair.

Bai suili's head gently leaned on the other side, muttering, "mubai, if you had married me back then, how good would that be?"

ye mu lin's gaze froze.

...

The front of the car slanted, and a car in front of them passed by.

he broke out in a cold sweat.

after that, he didn't look at her and focused on driving, but her words kept appearing in his mind.

The person she had called out to after getting drunk was mu Bai.

ye mulin lit a cigarette and took a deep puff.

when they returned to the ye family's mansion in the middle of the night, bai sulli was drunk and vomited again when she got out of the car. even mama ye was shocked.

“Mu Lin, how did Xue Li get so drunk?” Mama ye asked worriedly.

Ye Mu Lin picked up the woman who had vomited so much that she only had a trace of strength left in her body and walked straight to the second floor.”Mom, I’ll take care of her. You can sleep with dad!” He said.

Mama ye was still worried, but her son’s face was so cold that strangers couldn’t get close to him. As a mother-in-law, it wasn’t easy for her to control him, so she could only give him a few words of advice.

after her son went upstairs, she looked at her husband and asked worriedly, ” “something must have happened today,”

“I’m really worried that Mu Lin and Xue Li won’t last long,” she sighed.

Actually, her worry was not without reason. Ye Mulin was basically not interested in women. It was also a coincidence that he got married in his 30s. Previously, they seemed to be quite good, but now it seemed that this marriage still needed to have a Foundation of feelings. It was really worrying for them to be quarreling like this.

ye mulin carried bai sulli upstairs and walked into the bathroom in the master bedroom.

He filled half the tub with hot water and took off her clothes to soak in it. During this time, she was half-awake.

after soaking in the water for a while, he opened his eyes and subconsciously called out, ‘old white’.

ye mu lin’s hand stopped and he looked at her with a faint gaze.

After a long time, he carried her out of the water, wiped her down casually, carried her, and threw her on the bed.

he took a casual shower and put on a bathrobe, but he didn’t go to sleep. he stood on the balcony and smoked.

His heart was in a mess.

Mu Bai's words and Bai suili's words kept alternating.

He was sure that before today, for the sake of the harmony between the Bai and ye families, he had never thought of getting a divorce ...

however, mu bai said that if you don't want to live forever, you'd better let go.

Indeed, there was nothing about her that he appreciated. If he could find a suitable way to spend a few years with her and the ye family retired from politics, everything could actually be over.

Ye Mulin smoked his cigarette and looked at the night view outside. He suddenly thought of the time when he had found her in the bar.

She hugged mu Bai and said that it would be great if mu Bai married her.

In her heart, she still had mu Bai and ye Mulin, who smiled bitterly.

actually, she wasn't wrong. he had always been the one who forced her to be suitable for his world. she was just a victim of the interests of the two families.

he kept smoking and standing. it was not until the sky was about to turn white that he looked up with his sore eyes, as if he had made a decision.

However, this decision was dispelled when he saw Bai suili.

She woke up early in the morning and sat on the bed with a pale face. She didn't care that she was half naked.

She turned her head and looked at him standing in front of the floor-to-ceiling window. She asked hoarsely, "How did I get back here?"

she remembered that she was at the bar, she drank a lot of alcohol and saw old white.

Chapter 3296: did you hear that? i don't want you (4)

ye mu lin walked over slowly and said in a soft voice, "It was Mubai who called me and found you."

she lowered her head and surprisingly didn't make a scene with him. after a long silence, she said in a low voice, "I'm moving out today."

"bai sulli." ye mu lin frowned.

she looked up at him. "you don't think i'll sleep with you every night, do you? ye mulin, i don't have to endure all of this. "

"Have you been enduring all this for the past few months?" he asked with a dark expression.

She stared into his eyes and said firmly, "Yes."

...

The veins on his forehead were popping out, and his Adam's apple was rolling.

after a long time, he put his hands on the side of the bed and stared into her eyes. is it because of Mubai that you have to endure everything? "

"If you're satisfied, then Yingluo is right." She looked at him unyieldingly. I've said before that ye Mulin, whoever turns back is a bastard. I'm not joking with you. I'm not threatening you.

She really wanted to leave.

“Then you should know that if I don’t agree, you won’t have the chance to leave,” ye Mulin sneered.

“if you don’t mind being cuckolded.” she looked at him and chuckled. ” if you don’t mind me disobeying your mother, then you can continue with this marriage.

He pinched her small face. Bai Xuelan, do you still have a heart? ” Which couple doesn’t quarrel? which one of them talks about divorce all the time like you?”

“You can’t bear to leave me?” she knelt on the bed and gave him a backhanded slap. ” “You can’t bear to hit me in front of others?”

There were tears in her eyes, but she held them back. ye Mulin, I’m not that easy to bully.

he grabbed her hand and touched his face with the other.

this was the second time she had slapped him.

He stared into her eyes. listen, I did have sex with Ai Wei before, but we broke up a long time ago.

I can understand her rekindling her old feelings. She looked at you as if she wanted to tear your clothes apart. Bai suili sneered, ” I don’t believe that you’re blind and can’t see it.

and what did he do? he called her miss bai in front of his old lover and asked the security guards to chase her away.

Why didn’t she divorce such a husband and keep him for the new year?

ye mulin was taken aback by her words.

He really couldn’t tell.

“how unreasonable are you going to be?” he frowned.

“I’m not being unreasonable, I’ve reached the end.” Bai Sulli said calmly, ” for someone like me who has always liked others since I was a child, you might have to do a hundred things to move me. But if you do one thing that doesn’t suit my wishes, I will hate you. ye mulin, isn’t it good for us to get a divorce? or, it’s good for us to be a fake couple who looks harmonious but is actually apart.”

in the end, she just wanted to separate from him.

To put it bluntly, she didn’t have the courage to return to the Bai family, so she chose to live separately from him. To a certain extent, she had a request from him.

ye mulin laughed coldly and said,”you just want a divorce.” Alright, I’ll take you to see your father in the afternoon and we’ll talk about it face to face.”

bai suili’s breathing stopped.

He didn’t even give her a way out. He knew that if she dared to divorce, she would be banished by the Bai family.

However, since he had already said it, she would not beg him.

She still had this bit of backbone. At most, she would just live off the poor.

There was a trace of heat in her eyes. She wiped it away fiercely. ye Mu Lin, you’re really ruthless.

He pursed his thin lips, looking stern and haughty.

bai suili got up and went directly to the dressing room without washing up. after a while, there were banging sounds coming from inside.

Ye Mulin’s head hurt.

she was packing her luggage.

Chapter 3297: Tell me, who's your man 1

He waited quietly for a while, and when he heard that the conversation was still going on inside, he walked in.

She was indeed packing, and her luggage was already stuffed messily.

He couldn't do anything well!

this was the first thing that came to ye mu lin's mind.

"What are you doing?" he asked coldly as he stood by the door.

"Pack your things, can't you see?" She took her luggage and zipped it up in a mess. didn't you say you wanted a divorce? ye mulin, let's get a divorce now. there's no need to explain anything to my father. i'll leave now."

...

She paused for a moment, her gaze falling on his face. "if you want to sign, just call me. whoever doesn't sign is a bastard."

She quickly dragged her luggage and walked out. Ye Mu Lin did not stop her.

he extended his leg.

not only that, but he also looked at her deeply, " "he's really gone? you don't want anything else?"

"get lost," bai suili said coldly.

His face darkened and then turned cold. "You've slapped me, so you're not angry anymore, right?"

“let your mother vent her anger!” I’ve already said that whoever returns will be a bastard, ” Bai suili sneered. ye Mulin, you’re not a bastard, right? if you’re not, then get out of my way.

ye mulin’s adam’s apple moved.”what if i admit that i’m a turtle?”

This time, it was Bai suili’s turn to be surprised, her mouth was wide open, and after a long time, she finally spat out,”If I want to be a tortoise, I’ll have to find a man to sleep with.”

she still wanted to leave, but he wouldn’t let her. when she was pushed into a corner, she threw her suitcase at his feet and ran out by herself.

Ye Mulin cursed under his breath and reached out to pull her into his arms.

She bumped into his firm chest, and he lowered his head and said in a low and hoarse voice, ” “Still want to run?”

“let go of me, you bastard! i’m going to find a man to sleep with and let you be a bastard!” She struggled in his arms, twisting and screaming.

ye mu lin’s face was extremely black, but he could not do anything to her.

she didn’t return for the entire night and caused a huge ruckus. he couldn’t hit her or scold her now. he could only pull a long face at her. she still wanted to sleep with other men and let him be a turtle.

She was still his wife. How could he allow her to sleep with someone else?

Moreover, he immediately thought of last night when she had fallen into mu Bai’s arms and cried. She had said how good it would be if the person she married was mu Bai.

In front of him, a dense red mist filled the air.

at this moment, ye mu lin’s heart was only left with anger. he could only see the scene of her and mu bai embracing each other.

she made a scene after seeing ai wei, and she threw herself into mu bai's arms all day long. didn't he feel anything?

Ye Mulin's face was cold as he pressed her against the sink. He hugged her waist from behind.

Their eyes met in the mirror, and she glared at him."What do you want to do?"

his eyes were cold. " "until you don't have the strength to go out and find some wild men and let me be a tortoise."

bai xiuli froze for a moment, then screamed, " "Ye Mulin, you bastard!"

she screamed, and mama ye's voice immediately came from downstairs, " "What's going on?"

Then, footsteps could be heard from the stairs.

" help! " bai suili screamed. " help! "

Her lips were blocked, and the bathroom door was kicked shut violently by him and locked from the inside.

After that, she was pressed down in front of the sink and he got his way.

it was very painful, even more painful than the first time.

and he had used the most humiliating method to force her to look at herself in the mirror by gently pulling her hair.

Chapter 3298: Tell me, who's your man? 2

"look, remember whose woman you are." His voice was extremely low and hoarse, as rough as a certain part of him, like sand being scraped, heavy and painful.

Bai Xiuli's eyes were wide open as she stared at the mirror.

She didn't have any makeup on, so her face was clean and her eyelids were especially obvious. She just opened her eyes and looked at him.

Tears slowly gathered in her eyes. They swirled in her eyes, but they did not fall.

it was very painful.

It was very painful.

...

she endured it and lowered her eyes, unwilling to look at his face.

she heard a faint knock on the door, and it was mama ye's anxious voice. " " mu lin, open the door. what happened to xue li? don't hit her. "

Her voice was intermittent, but ye Mu Lin seemed to not hear her at all.

He continued, and it hurt her.

after that, mama ye probably found a male servant at home and wanted to kick the door open.

The door was also violently kicked open with a bang.

then, the servants at the door were at a loss.

they thought that the young master was using force, but it was different from what they had expected.

ye mulin used his turtle shell to block his wife's body and said in a deep voice, " "Get lost!"

All the servants were gone.

They had just seen their young master's P * s.

mama ye stood there, angry and embarrassed ...

It was really embarrassing for her son to bully a woman in broad daylight. However, it was not appropriate for her to rush in and pull them apart when her son and wife did such a thing.

Moreover, his son had no intention of ending it.

Mama ye stomped her feet. I'll tell your father later. This is outrageous.

Mama ye was not easy to manage, so she went downstairs quickly.

ye mulin looked down at the woman in his arms and said in a low voice, "do you still want to continue?"

She did not speak.

He reached out and lifted her chin. He saw a tearful face in the mirror.

She didn't call him a bastard like before. She just lay there with tears flowing down her face, as if it had nothing to do with her if he was rough with her or if he wanted her.

A living rice weeper seemed to have died for a moment.

ye mulin's heart seemed to have been stabbed in pain, and he felt extremely uncomfortable.

he didn't let her go immediately. he continued to do it slowly and whispered in her ear in a hoarse voice, "you're the only one who's suffering, right? You're the only one who's pampered, aren't you? when are you going to grow up?"

If she didn't make a sound, she wouldn't make a sound no matter how much he growled or used force.

After one time, ye Mu Lin left. Although he said that he had vented his anger, his body felt even more empty.

She lay on the black counter and looked at him in the mirror quietly. She asked softly, "lawyer ye, were you satisfied with what you did just now?"

It was as if he had been poked in his sore spot. He took a deep breath and looked at her with an ugly expression.

bai suili's entire body was soft, but she still stood up straight. "can i leave now?" Lawyer ye, do you still want it? if you want it, I can accompany you. After all, we're still legally married, but after today, we won't be."

she would say whatever words that could hurt him.

Ye Mulin let go of her and took a few steps back. He looked at her. "Believe it or not, without my approval, you won't be able to take even half a step out of this house."

Bai Sulli smiled coldly and said,"lawyer ye, don't you like to talk about the law?" why do you have to do illegal things?"

"I've said it before, I'm the law here." "you can try," he looked at her.

she stared into his eyes and suddenly said, " "Ye Mulin, I look down on you!"

Chapter 3299: Tell me, who is your man? 3

Ye Mu Lin's brows relaxed. After a long while, he said in a low and hoarse voice,"i know, the one you like is mubai."

It was as if she couldn't take it anymore. She took a bowl of noodles from the sink and threw it at him.

the corner of her hand scratched his cheek, but he continued to look at her quietly.

bai suili glanced at him, then slowly pulled up her clothes and walked out.

she did not return to the bedroom but went downstairs to have something to eat.

He ate silently.

...

“Xue Li, Mu Lin didn’t do anything to you, did he?” Mama ye was a little worried. i’ll ask his father to teach him a good lesson later.”

bai suili raised her eyes and hesitated for a moment,”No, thank you.”

mama ye was even more shocked.

because he saw a trace of spirit in his wife’s eyes.

mu lin, why did he have to treat his wife like this after the fight?

women needed to be coaxed, how could they be rough? they were not rough men, and shirley’s soft skin could not stand mu lin’s torture.

Night Mother didn’t say anything, but she saw that Bai suili’s wrist was bruised. It must have been left behind by that beast just now.

Mama ye hesitated for a long time, but still did not say anything.

At this time, ye Mulin came down from upstairs. He slowly walked down the stairs, but his gaze fell on Bai Sulli’s face.

She ignored him.

She did not look at him either.

she didn't even talk to him.

Mama ye looked up at her beast-like son at this moment and was furious.

He was dressed neatly, and it was obvious that he was going out.

he, on the other hand, was still thinking of going to work after making his wife like this!

mama ye was unhappy. "mulin, can't you take a day off to stay at home and accompany shirley?"

ye mulin looked at the rice weevil and said coldly, "i'll get someone to accompany her."

Mama ye was furious. are you asking someone to watch over Shirley? she's not your prisoner.

Ye Mulin had already finished his breakfast and stood up. "mom, i'll be back early."

his gaze then fell on the rice weevil.

the rice worm ignored him.

She did not look at him either.

She didn't even have the intention to talk to him.

His heart felt heavy ...

what did she want him to do? she only had that bastard ye mu bai in her heart!

The ye family's eldest son took his briefcase and went to the law firm, and the ye residence was surrounded by dozens of bodyguards. Not to mention Bai Sulli, even a mosquito couldn't fly out.

ye mulin went to the law firm. the lawyers in the firm were still very respectful when they saw him, but they felt a little strange.

He thought it was probably because of what happened with Bai Suli yesterday, so he didn't think much about it.

however, as soon as he entered his office, the internal line rang.

He picked it up and heard Secretary Li's voice. lawyer ye, a small newspaper published a photo of you and lawyer AI today. The influence of the small newspaper is not great, but after some moments, your past relationship with lawyer AI has become a hot search.

"what picture?" ye mulin frowned.

secretary li bit the bullet and said,"the photos from last night's gathering." It's very reminiscent of some photos, so you should pay attention to them. Whether it's your identity or your marriage, they're both very important."

just as she finished speaking, ye mu lin had already hung up the phone.

He immediately searched for it and saw the legendary photos with explosive power.

In the corridor of the hotel, he and AI Wei were standing face to face. His brows were slightly furrowed, while Ai Wei was gazing at him affectionately.

No matter how she looked at it, they both looked like they had an unforgettable relationship.

'damn it!'

he cursed in a low voice.

Chapter 3300: Tell me, who's your man?

Ye Mulin stared at it for a few seconds before he immediately picked up his phone and dialed the bodyguard's number. "Take away all the newspapers in the old residence. Don't leave a single one."

After hanging up the phone, he looked at Secretary Li. Contact lawyer AI. Tell her to be ready to clarify at any time.

Secretary Li paused and coughed. "It seems like one-sided clarification is enough for this kind of scandal. Otherwise, it will make people think of it."

Ye Mulin looked at his Secretary and frowned. "Is that so?"

The secretary nodded. "Yes, yes, yes. But lawyer Ye, do you want to call Mrs. Ye now to explain?"

Ye Mulin had actually thought about it, but when he thought about Bai Suili's current situation with him, he said, "No need,"

...

Secretary Li hesitated for a moment before leaving.

Ye Mulin turned on his computer and searched for things about him and AI Wei.

At this time, his father personally called again. His tone was quite stern, saying that he would resolve the matter on the internet, but he had to deal with Bai Suili himself.

The news had spread far and wide. Bai Suili could see it as long as she clicked on the news. It was almost overwhelming.

Ye Mulin hung up the phone. After sitting in his office for a while, he got up and walked out with his coat on his arm.

Secretary Li came out. Lawyer Ye, you're going out?"

Ye Mulin paused for a moment before he replied, "I won't be coming over today!" Shift the matter."

Secretary Li smiled. I understand.

Just as Ye Mulin was about to leave, Secretary Li stopped him. "By the way, Lawyer Ye, Lawyer Ai Wei made a call and said that she wants to change the interview from the day after tomorrow to today."

"Just say I don't have time." "In the future, just help me get rid of such matters," Ye Mulin said coldly.

"I thought Lawyer Ai was very important to you," Secretary Li said in a low voice.

Ye Mulin glared at her and walked out quickly.

Secretary Li happily went back to drive him away.

Hence, when Ye Mulin got into the car, he received Ai Wei's call. He buckled his seatbelt with one hand and answered the call with the other.

"Mulin, are you taking your anger out on me?" Ai Wei's voice was faint. "I didn't take those photos, I swear."

"There's no need to swear. It doesn't matter who filmed it." Ye Mulin's voice was cold. "And to avoid any misunderstandings, Ai Wei, you should still call me Lawyer Ye from now on. Do you understand?"

After he finished speaking, he hung up the phone directly. He wasn't afraid of offending her at all, and he didn't even care about her identity as the other company's chief lawyer representative.

On the other end, Ai Wei looked at the phone and smiled. "You're still the same as before, not putting people in your eyes."

On the other hand, Ye Mulin's car arrived at the Ye residence in less than an hour.

the ye residence was already in chaos.

bai suili saw the news on tv.

mama ye was also present at the time. she cried when she saw her little wife, then went upstairs and slammed the door, refusing to come out.

now that her son was back, the night mother was more than happy to see him. she quickly went up to him and whispered, "Mulin, what's going on with you and AI Wei? why did you take such a photo? Shirley's crying.

ye mulin was already walking upstairs. he stopped and held the handrail as he frowned at his mother."The rice weevil is crying?"

The night Mother was furious. what rice weeper? Shirley's just a little fun, how is she a rice weeper? does that mean I'm a rice weeper too? "Mu Lin, I'm telling you, you don't respect her, that's why your relationship is like this."
