

Thank you 3841

Chapter 3841: Wen Yuan, as long as you wake up (1)

Kang Qiao couldn't hold it in any longer. He threw a punch, but ye mu Bai didn't move away.

At this moment, his heart was numb. He had heard so much from Kang Qiao, but these were all things that Wen Yuan had never told him. What kind of mood did Wen Yuan have when he collected news about him at that time?

she had said that he was gentle and that he was a loving man, but he had been so cruel to her.

Ye mu Bai's heart was filled with an indescribable feeling, and he forgot about the pain.

She only heard Kang Qiao say in a daze, "you don't have the right to have her, and you don't have the right to get her love." &Nbsp;

kang qiao didn't stay in the hospital all the time. as he said, wen yuan was ye mu bai's wife and she was pregnant with ye mu bai's child. she had to make all the decisions on her own.

...

No matter how much his heart ached, he could only protect her silently.

He was afraid that she would still be in love with ye mu Bai after she woke up, so he chose to give in.

this was kang qiao's love for wen yuan. for so many years, it had always been like this. it was a blessing.

after kang qiao left, xu mo stood at the door and asked, "director ye, do you want a doctor to take a look at you?"

Ye mu Bai leaned against the wall and lowered his gaze. "no need,"

Xu Mo stood there, hesitating to speak. Ye mu Bai turned his head and looked at her. “what’s wrong?”

Xu Mo bit his lip. there’s nothing going on between Wen Yuan and Mr. Kang. They’re just normal friends.

However, after this incident, she did not know if Wen Yuan would leave her BOSS and become abnormal friends with Kang Qiao.

Ye mu Bai wiped his face and said nothing. “Call the doctor over.”

xu mo nodded and called for a doctor.

Ye mu Bai knew the doctor, so he gave him some information. if Mrs. Ye doesn’t wake up, the child in her stomach can’t be kept. It’s dangerous, dangerous to both the adult and the child.

ye mu bai’s eyes were red. he looked at him and said in a hoarse voice, ” how long is it going to take for her to wake up? ”

“Three days,” the doctor gave him a definite answer. ” if she doesn’t wake up in three days, i suggest we abort the child. ” Although it’s a pity, it has to be like this. Actually, it’s not suitable to keep this child.”

ye mu bai stared at wen yuan’s face for a long time before he asked in a low voice, ” “is it because she doesn’t have a strong desire to live now?”

The doctor was stunned for a moment, then whispered, ” “you can say that.”

Ye mu Bai closed his eyes for a long time before he said in a low voice, ” I know.

The doctor sighed and left.

At the door, he suddenly turned around. Oh right, before Mrs. Ye fell into a coma, other than saying that she wanted to save the child, she kept calling Mr. Ye’s name.

ye mu bai covered his face. his eyes were red and painful. after a long time, he muttered, ” “Thank you,” he said.

the doctor couldn't comfort her even if he wanted to. he knew what the child meant to the couple-it was hope.

After the doctor left, ye mu Bai slowly walked to Wen Yuan's side and sat down. He kept her company, took care of her, and talked to her.

but she didn't wake up. it was as if she was in the dark and didn't want to walk out into the light. he knew that she didn't want to wake up because she was hurt by him. she begged him not to leave, but he didn't let her go.

ye mubai closed his eyes. the corners of his eyes were warm, and his voice was extremely hoarse. ”
wen yuan, as long as you wake up, i'll treat you well. ”

I won't leave you so easily again.

Perhaps, when he was about to lose her, he suddenly realized what he had almost lost.

Chapter 3842: wen yuan, as long as you wake up 2

it was three days later when wen yuan woke up in the hospital.

the surroundings were white, and the smell of disinfectant filled her nose.

She blinked her eyes and felt pain all over her body. The pain from pulling her muscles told her that she might have been lying there for a long time.

however, even though it was painful, she still instinctively moved her hand to cover her lower abdomen.

The child was still there!

she closed her eyes, and a teardrop rolled down from the corner of her eye, dripping hot.

...

She was scared. She was scared before and after she fainted. She felt like she had a very long dream. In the dream, she was alone in a quiet place.

It was very safe there. She had always been there, but then she heard xiangnan calling for her mother. Xiangnan was very anxious when she couldn't find her, so she woke up.

She was still alive.

she lay there quietly, and then a warm palm held her hand. then, ye mu bai's hoarse voice came, "Wen Yuan, you're awake?"

Wen Yuan's body froze. Her hand was struggling slightly. Although it was weak, he could feel it.

"wen yuan, i'm back." ye mu bai's voice was hoarse.

he touched her forehead with his palm and pushed her hair aside. he wanted to kiss her, but her expression was one of rejection, even though her eyes were closed.

She refused to open her eyes to look at him.

"I'll go get the doctor." His breath fell on her neck, and then he said in a low voice, "

Wen Yuan did not make a sound, his eyelashes trembling slightly.

he knew that she was awake, and he also knew that she was awake. it was probably because she was awake that she was unwilling to face him!

In the end, he still kissed her lips. It was a little cold, not as warm as before.

a trace of pain flashed across ye mu bai's eyes as he slowly moved away. he wanted to kiss her ruthlessly and break her coldness with his kiss. however, he was afraid. he, ye mu bai, would actually be afraid of wen yuan one day.

when the kiss ended, her fingers were still gripping the bedsheets. he saw it and silently watched her before slowly moving away from her body, his fingers gently touching her hand.

he raised his eyes and held back the tears from falling from the corners of his eyes. then, he quickly went out to call the doctor.

The next morning was a busy one. There were all kinds of tests and examinations. Ye mu Bai kept Wen Yuan company the whole time, but he barely had a chance to speak to her. She also did not want to talk to him.

After a busy morning, the doctor congratulated ye mu Bai with a faint smile. Both the adult and the child were fine. Finally, he left with the nurses.

there were only the two of them in the ward, and it was eerily quiet.

wen yuan leaned against the headboard and said softly, "I want to have some porridge."

Ye mu Bai's heart tightened when he heard her voice. I've already asked the Auntie to make it. Xu Mo will send it over later.

As he spoke, his voice seemed to be choked with sobs. It seemed like he hadn't heard her speak for a long time. It seemed like he missed it. He wanted her to say a few more words, but he was afraid that she would be tired and that she would reject Hanhan.

in the end, he didn't say anything. fortunately, xu mo came over and brought the porridge that the auntie had made.

Xu Mo put it down and said softly, "I wanted to bring xiangnan here, but I was afraid that he would get infected. Don't worry, he's very obedient at home. Auntie has been taking good care of him these days. I've been staying there too, and Auntie Yingluo will be unable to leave sometimes.

xu mo's voice trembled as he spoke.

She was a witness.

She had witnessed the birth of a child from the beginning to the end and had almost lost the child. When she saw the blood, she thought that the child would be gone, Yingluo.

Chapter 3843: Wen Yuan, as long as you wake up (3)

Wen Yuan looked at Xu Mo and smiled slightly, his eyes welling up with tears.

Without Xu Mo, the child would not have been saved. The Auntie panicked.

She didn't say anything, but she remembered it.

xu mo went over to hold her hand and said softly, "Have some porridge?"

wen yuan nodded, then xu mo was in a difficult position ...

with wen yuan's current body, he could not drink it himself and could only feed it to her. if she were to feed it to him, would director ye, who was standing at the side, be unhappy? and it would be very strange.

...

Although Xu Mo was very suspicious, they were husband and wife, and she couldn't say anything as an outsider.

"I'm going out for a while," she said as she turned around stiffly.

then, she went out and saw kang qiao at the door.

She stared at Kang Qiao and slowly closed the door, ” “you heard she woke up, yingluo?”

Kang Qiao was leaning against the opposite wall. She had long arms and legs. She was wearing a grey sweater and a pair of khaki pants. She looked very pretty.

xu mo walked over. ” she’s fine. do you want to see her? ”

“They’re temporarily gone.” “i don’t want to make things difficult for her.” kang qiao kicked his foot.

although he didn’t intend for this to happen, he couldn’t deny that he was involved.

His heart ached and he felt a little guilty. However, he did not think that it was a good thing for Wen Yuan to continue like this, Hanhan. However, he also believed that Wen Yuan would stand up and she would not be like this forever.

This was because she was once the dazzling Wen Yuan who was the center of attention.

xu mo smiled slightly and didn’t say anything. kang qiao looked at her, ” “let’s go for a cup of coffee?”

“you don’t mind my small breasts?” she was still smiling.

kang qiao lowered his eyes and looked at her. ” i’m not looking for a girlfriend. i don’t care about my chest. ”

As he spoke, he wrapped his arms around her neck and gave her a gentle kiss. Xu Mo immediately understood that he was treating her as a man. After that, she reached out to feel herself.

He’s clearly not young, and he’s not a tomboy either.

Why couldn’t he see the good points in her? why did he treat her as a man?

however, xu mo didn't dream. for men like kang qiao and ye mubai, perhaps bai suili and wen yuan had the right to dream, but xu mo didn't. she lived a very tired and difficult life every day. she felt like she was a dog that was about to die from exhaustion. now that she was finally getting better, she didn't want to go back to her original state just because of a little bit of affection.

She was well aware that not everyone was qualified to be Cinderella.

The ward returned to silence.

ye mu bai walked over to take the thermal container and a beautiful bowl that wen yuan usually liked to use. he poured a bowl of water and sat by the bed. he said in a low and hoarse voice, "i'll feed you."

she kept her eyes lowered and her fingers were placed on her lower abdomen. he knew that she was still insecure and afraid that something would happen to her child.

Wen Yuan did not reject her because she was indeed weak. He fed her mouthful by mouthful, and she ate in small mouthfuls. She did not show much expression and did not speak to him.

ye mu bai fed her patiently and carefully. then, he kept the food away and looked at her.

After lying down for a few days, she had lost a lot of weight, especially her wrist, which was so thin that it looked like it would break if she held it. Her face was so pale that it was almost transparent.

it was heartbreaking to see her like this.

In the past two days, Kang Qiao's words had been circling in his mind. He thought about a lot of things, but what he thought more about was how he treated her that day, roughly telling her not to contact Kang Qiao.

Chapter 3844: Will you still love me?(1)

what he interrupted wasn't the connection between her and kang qiao, but her dream.

It was because Hanhan didn't love him enough that he treated her so cruelly. When she was pregnant and stood in front of him with the crystal piano, she broke it lightly. She probably broke herself.

When he was determined to find Qin Chen to save Lin sisi, she was in so much pain. Did she give up on him?

He wanted to ask, but he didn't dare to. For the first time, he didn't want to face it.

after wen yuan finished eating, he wanted to lie down. she slowly moved herself to lie down and closed her eyes.

she could feel his gaze on her. he wanted to talk to her, but she didn't know what to say to him. in their world, it was all broken and shattered.

...

it was shattered, and there was nothing left.

She would rather he had never said that he liked her or treated her well. That way, she wouldn't be so hurt.

she thought that she had once obtained it, but on that day, she realized that she had never obtained it.

the child, she, what was xiangnan to him?

His wife's status seemed to be a joke now.

he had left without hesitation. reality was like a slap to wen yuan's face. he had pampered her so much and urged her to beg him to tell him that she was not feeling well, but he thought that she was just being stubborn.

she smiled in a daze and turned her head away. there were tears in the corners of her eyes, but she didn't fall.

what's the point of crying in front of a man who doesn't love you? it's meaningless.

Ye mu Bai looked at her and said in a hoarse voice, "Wen Yuan, can we talk?"

"I don't want to say." She softly said.

he was silent for a while before he heard her say, "There's nothing more to say."

Because he could not understand the despair that she had experienced once and did not want to experience it again.

If she were to die one day, she hoped that it wouldn't be because of a man who didn't love her.

after wen yuan finished speaking, he closed his eyes and did not want to speak anymore.

Ye mu Bai was still sitting beside her. He could only watch helplessly as she closed the door to her heart.

At this moment, any further explanation would be useless.

When she was asleep, he would stay by her side.

The ward returned to silence.

ye mu bai sat down and gently caressed her face. she no longer resisted when she was asleep, so he quietly looked at her with heartache in his eyes.

after a long time, he covered her with the blanket and walked to the window to look out.

the sky in new York was foggy.

he remembered that he had told wen yuan that he would bring her back to B city to wait for her to give birth and for xiangnan to recover.

Did she still want to be with him and return to B city with him?

what was she thinking? He didn't want to think about it. He refused to think about how he had hurt her like this.

He couldn't see the brilliance in her eyes. He couldn't see the little stars that Kang Qiao had mentioned.

when they first got together, he really saw it. he thought that it was infatuation, but he did not know that it was wen yuan who had used his entire life to love.

She loved him. She loved him very, very much. Now, she was urging him to be lost.

his fingers gently touched the cold glass, and he gently wrote her name.

Wen Yuan.

do you still love me?

Will you still love me in the future?

At this moment, he really wanted to go back to the past, back to the time when they first met, back to the time when they went on blind dates. He would choose to tell her that he liked her a lot, they would try to date and then get married, and he would marry her as soon as possible.

Chapter 3845: will you still love me? part 2

he would make her pregnant so that he would not leave her and would always be by her side.

perhaps, when he returned to the time when he recovered his memory, or when he returned to that dark night, he chose to be tolerant. he chose to be ordinary friends with kang qiao. when she met with her old friends, he could follow her instead of being impatient.

Or perhaps he had chosen to stay when she said that she was not feeling well that morning. There were so many people who could have gone to look for Qin Chen, but he had chosen to go alone. In Wen Yuan's heart, his choice was between her and Lin sisi.

He had missed too many, too many times.

he stood by the window for as long as she slept.

he didn't remember when he went to sleep. these days, he only took a light nap when he was too sleepy. now that everything was fine, he still couldn't fall asleep.

...

he really, really wanted to talk to her, really, really wanted her to cry in his arms, but she didn't do anything.

The more she was like this, the more his heart felt empty. He asked himself if he loved her. In the past, it was a blur, but now he thought he knew, Hanhan.

Ye mu Bai turned around and his gaze fell on Wen Yuan's face. He kept staring at her with a gaze full of reluctance.

just like that, their relationship became more and more peaceful. wen yuan had almost suffered a miscarriage this time, so she stayed in the hospital for a whole month. ye mu bai did nothing and stayed by his side for a whole month. she did not ask him to leave, but she did not talk to him much. she just liked to stare into space. he wondered if she was thinking about the future and was thinking about leaving him.

their relationship was very delicate. they could not break up because they had two children. if they did not have children, she would have left him decisively.

Ye mu Bai's heart was filled with Yingluo.

the day before wen yuan was discharged from the hospital, kang qiao came over, but ye mu bai was not there. she did not know if he was deliberately avoiding her or something.

when kang qiao walked into the ward, wen yuan was standing by the window, quietly in a daze.

she was wearing a hospital gown, but it looked empty even though she was five months pregnant. her black hair reached her waist and was scattered like seaweed.

Kang Qiao remembered the first time he saw Wen Yuan. It was because of her hair. Her hair was very black and dense, the kind that could be used for advertisements.

he looked at her quietly for a long time before he said in a hoarse voice, ” “you’re getting discharged tomorrow?”

wen yuan’s body froze, as if he was a little shocked. then, she slowly turned around.

this was the first time they had met in a month.

Their eyes met, and they stared at each other for a long time. Then she smiled slightly. Kang Qiao.

Kang Qiao looked at her carefully and carefully. Finally, he confirmed that there were stars in her eyes. She was still the same as before. Wen Yuan was still Wen Yuan. She didn’t fall down in a sorry state.

He also smiled at her. The corners of his mouth rose but trembled. He said three words silently.

i’m sorry.

Wen Yuan shook his head.

no, kang qiao didn’t need it.

in her relationship with ye mu bai, kang qiao never needed to apologize. it was all her fault for being too stubborn and almost losing her child, qianqian.

Her tears almost fell. Kang Qiao stepped forward and helped her wipe them away.

he no longer held back his love for her. he hugged her and carefully comforted her in his arms.

“It’s alright, Wen Yuan.” he had always doted on her like an older brother and had always suppressed these feelings.

Wen Yuan laughed and cried in his arms. I know. I’m not afraid of Hanhan.

She was just sad that Yingluo didn’t have any family by her side. Kang Qiao was the only warmth she could rely on now.

She hugged the warmth that belonged to her, while ye mu Bai stood at the door of the ward. When he saw the tears on her smiling face, his entire body turned cold.

Chapter 3846: will you still love me? part 3

ye mu bai looked at wen yuan. he watched her cry and smile in front of others ...

and she did not know any of these in front of him.

His face was twisted by the extreme disappointment, and his fingers were clenched into fists.

he could guess what she was thinking and what she would think, but he was not willing to give up. he wanted to try to warm up her frozen heart.

Wen Yuan saw her, but she was still holding Kang Qiao.

There was even a hint of provocation in her eyes.

...

she was his wife, but now she was holding kang qiao, the man he didn't allow to have a phone before.

Ye mu Bai knew that she was forcing him to test his bottom line.

It wasn't that he didn't care, but he couldn't care about Yingluo. He looked at her quietly, and so did she. She probably felt that it was boring after that, so she let go of Kang Qiao. thank you for staying with me for so long.

He didn't tell her, but she knew that he had been in new York all this time and had pushed back many events.

kang qiao only smiled and said nothing.

before he left, he looked at ye mu bai and paused for a moment. in the end, he was in no position to say anything.

wen yuan was still his wife.

kang qiao was not a man who would take advantage of others when they were in a difficult situation. he hoped that wen yuan would make all the decisions on her own. even if she was willing to continue this marriage, he would support her. however, he believed that she would not let herself live too miserably.

After Kang Qiao left, only Wen Yuan and ye mu Bai were left in the ward. He slowly closed the door and stood there for a while before whispering, " I just talked to the doctor. We can go home now. We just need to come here once a week for a prenatal examination.

Wen Yuan sat on the sofa and said softly, " i know."

He went over and squatted beside her, his voice low and hoarse. ” wen yuan, i’ll stay with you, okay? i’ll always be with you in the future. ”

Wen Yuan’s gaze slowly shifted to his face, but he did not speak.

ye mu bai felt a sharp pain in his heart, but he only gently placed his hand on her knee and whispered, ” “wen yuan, you don’t even want to talk to me now?”

She just looked at him without moving.

ye mu bai’s eyes were filled with pain. ” weren’t you having a good conversation with kang qiao just now? ”

This time, Wen Yuan was talking to him. She smiled faintly, and he wished he could treasure that faint smile.

“can you talk to me?” he asked in a hoarse voice.

He buried his face in her knees. I don’t want to give up on you.

Wen Yuan finally opened his mouth. you don’t mind that I’m dating Kang Qiao? you don’t even mind if i hug ye mu bai, do you?”

he looked up.

However, Wen Yuan continued to speak. I don’t want to be overbearing or give in. I just want ye mu Bai to have a relationship of equal value.

I’m tired, ” she sighed. I want to sleep for a while.

as for him, he could only watch her leave helplessly.

The next day, ye mu Bai fetched Wen Yuan home. However, it was no longer the same apartment as before. Instead, they had moved to a bigger and more luxurious place.

he did not want her to stay there anymore. they were quarreling there and she almost miscarried her child there. it was not an auspicious place. the new apartment was in a prime location. it was bigger than before and gentler than before. it was what wen yuan liked. there was also an expensive piano placed in the direction of the floor-to-ceiling window.

wen yuan walked in slowly. her gaze fell on the piano and she was a little dazed.

Chapter 3847: Will you still love me? IV

ye mu bai asked the driver to put down the things and leave. then, he hugged her from behind. ” do you like it? you can play the zither here in the future. ”

wen yuan was still looking at the piano quietly. after a while, he said in a daze, ” it’s not convenient for me to play now. ”

his palm slid down and landed on her bulging stomach. his warm breath fell on her neck and it felt a little numb. ” “then you can play after you give birth. xiangnan will learn from you.”

“We’ll see!” she said in a low voice and then asked him politely, ” “Where’s my bedroom?”

“your bedroom?” He looked at her and repeated himself.

wen yuan smiled faintly and nodded. ” “yes, my bedroom.”

...

ye mu bai turned her around and looked at her carefully. ” “We won’t sleep separately.”

She seemed to be tired. I’m pregnant. I need to rest. Besides, we can’t have sex. The doctor has said it.

She used the doctor's words as a shield.

ye mu bai's heart skipped a beat. he clearly knew what she was thinking, but he still held on to a glimmer of hope.

he didn't say anything and took her to a south-facing suite. this suite was about 80 square meters, with a bathroom, dressing room, and living room. it was very feminine, and her things had been moved in.

wen yuan was a meticulous woman. naturally, she also realized that he had his own things. was he still going to sleep in the same room with her? she did not know what he was thinking. did a married couple who had broken up like this still need to sleep in the same bed?

At this moment, she really wanted to return to the hospital. At least she wouldn't have to worry about him climbing into her bed in the middle of the night.

Wen Yuan admitted that he had given up on this relationship. However, she did not want to leave ye mu Bai at this time. The child in her womb needed a status.

if a woman lost her love and her brain, it would be very sad.

in the end, she didn't object anymore. if he wanted to sleep with her, then so be it. after all, she wasn't the one who was suffering.

wen yuan had fallen asleep. just like in the hospital, he treated him as invisible. he did not talk to him or communicate with him. he did not even want to smile at him.

Ye mu Bai stood there and silently watched her sleeping.

She was sleeping peacefully. She wanted to keep the child. He could feel that she was deliberately controlling her emotions. Everything she was doing now was for the child in her stomach and for the South.

he, ye mu bai, was probably nothing in her life ...

just thinking about it made him feel a little uncomfortable.

however, no matter how uncomfortable he felt, he had to endure it.

day after day of tolerance and care, she was still the same as before. she was indifferent, not silent, but she would say a few words when necessary. especially in front of xiangnan, she would act very normal, and would smile occasionally, as if their relationship was very normal.

ye mu bai sat at the dining table and watched her smile gently at xiang nan. at this moment, he was actually jealous of his own son.

these days, he had been accompanying her and did not go anywhere. he even temporarily moved his office to the apartment opposite, afraid that something would happen to her and he would not be around.

He waited on her like he was walking on thin ice, but he could not get into her heart.

kang qiao said that wen yuan's eyes were filled with stars when he talked about him. however, when he looked at her now, there was only a pool of still water in his eyes, no more waves.

He thought to himself,"is she only like this to me? she can still be passionate to others, even to Kang Qiao?"

Chapter 3848: Will you still love me? v

ye mu bai's gaze fell on wen yuan's face for a long time.

she could naturally feel his burning gaze, but she pretended not to notice. after dinner, she coaxed xiang nan to sleep like before, then went back to her room to take a shower and put on some skincare products. she then went to sleep after watching the prenatal education.

Her life was very disciplined. There were four to five servants in this 600-square-meter apartment, and she also had a close servant like ye mu Bai. She was living very well, but he did not know if she felt good in her heart.

Perhaps, she had already treated this place as a place to live and had nothing to do with feelings.

Ye mu Bai was sitting on the sofa in front of the floor-to-ceiling window in his bedroom. He had a cigarette between his fingers, but he had not lit it.

It was impossible for him to smoke in the bedroom. Although he had been smoking a lot recently, he had restrained himself in front of her.

...

it had been a month since she was discharged from the hospital. her body had become rounder under proper care, and her face had gained some weight. he would hug her to sleep every night. he had needs, but he never dared to touch her, afraid that he would not be able to control himself if he did. the damn doctor said that they could not be a couple until they gave birth.

He thought that even if she could have one, she probably wouldn't want it anymore. She might even hate it.

Ye mu Bai looked at the night sky outside and then at the bathroom door, trying to guess when she would come out.

When Wen Yuan came out and saw him, he was stunned for a moment. Then, he went over to apply the skincare products.

he stared at her for a long time, but he still couldn't help but walk toward her.

When Wen Yuan saw him in the mirror, he only paused for a moment before continuing to apply the skincare products, as if he did not exist.

Of course, ye mu Bai could not accept her ignoring him. Besides, he was already suppressing his anger tonight.

he placed his hands on the back of her chair, leaned his face close to her neck, and said in a low and hoarse voice, ” “Wen Yuan, did you take such good care of yourself for me?”

she hated him so much that he couldn't help but think that she had been looking for a new home.

Wen Yuan finished wiping the night frost on his hands and said softly, ” “Are you looking for trouble tonight? If you must know, Yingluo did this for my own sake. Are you satisfied now?”

he couldn't stand her talking to him like this. he wanted to pull her up, but when he looked at her stomach, he held back. he closed his eyes. ” i wouldn't dare to find trouble with you! ”

he left with cigarettes and a lighter. she knew that he had gone out to smoke. he had been smoking a lot recently.

but what did it have to do with her?

in the study room, ye mu bai was smoking his cigarette fiercely. the entire study room was filled with smoke, and his eyes were a little red.

He really did not understand Wen Yuan anymore. When he loved someone, his eyes would be filled with stars. When he hated someone, he could not wait to kill the other party. She hated him so much and did not give him any chance at all.

He could guess what she was thinking. She was just waiting for the child to be born so that she could leave him!

He knew it, but he was powerless to stop it.

she had never touched the piano that he had bought, not even looked at it. other than the necessary daily necessities, she had not opened any of the gifts he had given her. he had even seen her take off the ring he had given her, and the bangle had not been marked with a red line. it was clearly marked.

He smoked a cigarette and couldn't help but drink a few glasses of red wine. He didn't dare to let himself get drunk for fear of hurting her.

When he returned to the bedroom, Wen Yuan had already fallen asleep.

he thought that she was right. she was so heartless now, why would she wait for him?

Chapter 3849: will you still love me? 6

He walked into the bedroom without turning on the lights. He stood at the head of the bed in the dark and watched her.

She was sleeping peacefully with her thin limbs and round belly under the blanket. She looked rather cute, but in ye mu Bai's eyes, she was extremely detestable.

He leaned forward and reached out to caress her face gently. He was very meticulous. She was taken care of very well, and she also took good care of herself.

He was so angry that he took advantage of the alcohol to wake her up roughly.

wen yuan opened his eyes and saw the tall figure at the head of the bed. he squatted down beside her.

Her face was buried in the pillow, but he could still smell the faint smell of alcohol and tobacco.

...

He was drunk and she instinctively wanted to move away, but he wouldn't let her. He grabbed her and dragged her over. His voice was deep and hoarse. Wen Yuan, do you not want to talk to me anymore? ”

she stared at him in the dark, then turned her head away, closed her eyes, and sighed.”it’s late, are you going to make a scene now? ye mu bai, i’m pregnant.”

I know you’re pregnant. Otherwise, do you think I would have been able to hold it in for so long? ” His voice was really hoarse and dangerous. As he spoke, he leaned over and kissed her lips under her gaze.

This was the first time he had kissed her in two months. Her stomach was quite big, so he carefully avoided it.

The corner of his lips touched hers, and the moment their lips touched, an indescribable feeling surged in his heart. He said in a low and hoarse voice, ” Wen Yuan, if I could do it all over again, I wouldn’t hurt you. I would choose to treat you well.

She didn’t make a sound, nor did she give him a response.

he kissed her patiently. when he kissed her, he felt as if time had passed. he wanted to go back to the past, back to the time when she loved him. he wanted to see the little stars in her eyes. he hoped that in her heart, he was still the loving and warm man.

“Can’t we go back?” He mumbled and kissed the corner of her lips gently, his voice hoarse.

Wen Yuan still closed his eyes and allowed him to kiss him. He did not reject, resist or respond.

He was drunk, after all. He took advantage of the alcohol and bit her lips hard. She endured the pain and her fingers clenched the bed sheet under her.

He acted fierce and kissed her hard. When he raised his eyes, his voice was pained.”Wen Yuan, you can’t even cry out in pain anymore, can you?”

she still did not say anything. ye mu bai closed his eyes and said in a hoarse voice, ” “Will you still love me?”

wen yuan did not answer him.

It was a lie to say that she knew how to do it. She was no longer the girl who would smile at him and play all kinds of tricks. She was tired. She had not only lost love, but also her two children and her life.

She was tired and did not want to love anymore.

If she loved, she would choose to love herself.

Ye mu Bai turned to the side and hugged her from the side. His face was buried in her neck, and he felt an indescribable pain. He was probably unwilling to give up, and he was probably trying to prove something by pulling her hand and forcing her.

Wen Yuan was stunned for a moment. As he struggled, he said in a broken voice, ” “Ye mu Bai, let me go.”

He didn't let her go and held her in his arms. He held her very tightly, but he avoided her stomach. His voice was particularly hoarse.”wen yuan, i'm going crazy.”

his voice trembled as he said this.'i've never been like this before. i've never regretted it so much, hanhan.'

Chapter 3850: Will you still love me? Part 7

He buried his face in her neck like a child who lacked love. However, the things he forced her to do were not like those of a child. They were urgent and embarrassing, so Wen Yuan stopped struggling.

just like a huge wave of sand, the more intense it was, the slower it calmed down. his burning breath sprayed on her neck, and his voice was also very urgent.”Wen Yuan, love me, okay?”

he reached out to hold her, as if he wanted to crush her in his arms.

wen yuan did not make a sound. he wanted a kiss. he wanted to enjoy the pleasure of being one with her body. she could give him all of that. however, he said that he wanted her to love him more. she could not give it to him, and she did not want to give it to him.

love wasn't something that could be given just because you wanted to, and it wasn't something that you could give just because you wanted to.

she had no strength left to face him.

...

Ye mu Bai was already an arrow at the end of its flight, but he was still unwilling to give up, and he continued to mess around.

however, he couldn't go back. he had been making a scene for half a night while drunk, but it was just a bluff.

After everything had calmed down, Wen Yuan was half-leaning in his arms, his face rubbing against his black shirt.

The texture was very good, and the breath on his body smelled very good. If he was willing to hold her for so long in the past, she would be very happy, but now she didn't feel it at all, only feeling that it was a burden.

He couldn't control his emotions, and she was like a pool of dead water. It was hard to maintain such a relationship, just like how they used to be.

The difference was that they no longer had the tacit understanding of being one with their bodies.

After a long time, ye mu Bai's voice was very soft. "i'll help you wash it."

he seemed to have returned to normal. he silently took a hot towel to wipe her hands and covered her with the blanket.

His dark eyes stared at her silently for a while before he said in a low and hoarse voice, "I'm going to take a shower."

wen yuan's eyes were closed, and there was a thin layer of red on his face. he looked especially beautiful when buried in his hair.

he was a little tempted when he saw her and wanted to kiss her for a while longer. however, her cold look made him give up. he got up and left to get a bathrobe from the changing room to take a shower. he only returned after half an hour. wen yuan knew that he did not have enough just now and had probably settled it himself.

She buried her face in the pillow and turned her body sideways, trying not to cross paths with him.

ye mu bai lay flat and looked at the ceiling in silence. he did not say anything.

Their marriage was dull and boring. Although Xiang Nan was a child, he was also a smart child. Although his parents were not noisy, he still felt that something was wrong. He asked Wen Yuan once if he would be separated from his father. Wen Yuan looked at him for a long time before he asked softly, "are you willing to be with mommy?"

xiang nan stared at her for a few seconds, then reached out to hug her waist and pressed her against her bulging stomach. he said softly, "And the baby."

Wen Yuan smiled and touched his head.

their marriage went on without a care. wen yuan did not care about him, but she had someone she cared about. she cared about the child in her womb. slowly, she found her own fun. she began to learn how to arrange flowers and how to make tea. she had asked xu mo to find a trainer to do it at home.

Ye mu Bai could see that she was getting happier day by day, but she was still cold to him. They often slept together, but they did not say much each night. Ye mu Bai sometimes suspected that she had a heart of stone, but most of the time, he knew that he had made it happen.
