

Thank you 4391

Chapter 4391: Do you regret the miscarriage?(1)

he huan raised her head and looked at qin chen. in his eyes, which were similar to qin mo's, she saw heartache.

and this heartache hurt her.

He Huan had given birth before. Almost immediately, she had a premonition. Although she was half numbed, her womanly instincts told her that something had happened to make her pregnant and that she was losing the child.

he huan's eyes were wide open, and they were empty like never before.

If she could remember, she didn't want to lose it.

her body was losing something, but it also seemed like something was surging. her hands pulled the bed sheet hard, and tears flowed down from the corners of her closed eyes.

...

Qin Chen didn't have the heart to see her like this, and he said in a low voice, "it's okay, Huanhuan.

qin chen had personally performed the surgery, and he had done his best. she almost didn't dare to imagine qin mo's reaction when he found out. how were they going to continue? qin mo definitely didn't like su yiliu, and he was probably just explaining to his mother. however, who could tell for sure when it came to love?

the surgery ended after about an hour, and he tried to minimize the pain.

after they were done, qin chen personally carried he huan carefully to the hospital bed and sent her to the VIP ward. he huan was exhausted and fell asleep from the sadness. qin chen took out his phone and called qin mo.

The call didn't get through.

she was a little angry and called secretary he directly. secretary he answered, " "Doctor Qin, are you looking for President Qin? President Qin is holding a press conference."

"What's so important that you didn't even pick up my phone?" qin chen was a little annoyed. " get qin mo to come over immediately. "

secretary he was still in a difficult position. " president qin is holding a press conference. he might announce his engagement. he also gave mr. rong's script copyright to miss su. maybe he's going to miss su. "

"No matter what he announced, go in and tell him that his ex-wife had a miscarriage and is now in the hospital." I can't help him if he keeps throwing a tantrum like this. I'll tell him that his ex-wife is talented and good-looking. Even if she had a child and was divorced, there are still many men who want her. "

At this moment, Secretary he was trembling in fear.

He Huan had a miscarriage.

previously, she had also thought that the public relations department was a little unreliable. they had to rely on boss qin's personal feelings, but after the proposal was passed, boss qin didn't seem to have any intention of refuting it, as if he had silently agreed.

at this point, secretary he knew that he had to take a gamble.

he opened the door of the meeting room and saw qin mo and su yiliu sitting together in the middle of the crowd of reporters. there were also the higher-ups of KING entertainment beside them.

And they were talking about the copyright, and they were done. Secretary he's heart skipped a beat. Hearing the host's enthusiastic voice expressing President Qin's special care for miss su, she quickly walked over and whispered a few words into Qin Mo's ear.

Qin Mo's face turned serious. He stood up and walked out of the door.

After taking a few steps, he stopped and stood there, looking at the reporters in the conference room. He then told the head of security to delete all the cameras, photos, and information in their hands and stop them from writing nonsense.

The scene was in an uproar.

This was too overbearing, almost unreasonable.

While the head of security was still in a daze, su Yiliu understood Qin Mo's choice. She ran her fingers through her hair and smiled.

In the past, she didn't really believe it when she heard how much Qin mo loved he Huan. Now, she really believed it.

as expected, he really loved her.

Chapter 4392: do you regret the miscarriage? 2

The scene froze. Qin mo couldn't care less. He left the meeting room and drove to the hospital.

when he arrived at sheng yuan hospital, it was already an hour later.

qin chen was guarding he huan. when he saw qin mo, he immediately came over and said in a low voice, " brother. "

qin mo walked past her and stood in front of he huan's bed.

he huan's face was pale, and she looked very bad.

“did ran ran lose her child?” qin mo asked in a low voice.

...

qin chen walked to his side and placed a hand on his shoulder, gently stroking it. ” “you will have children in the future.”

“She won’t forgive me.” qin mo mumbled, ” we’ve not been on good terms recently. i was angry with her, so i used su yiliu to anger her. i never thought that he huan would be pregnant. ”

“Brother, don’t you know if he Huan will get pregnant?” Qin Chen couldn’t help but ask.

qin mo closed his eyes. when he opened them again, his eyes were filled with pain.

he sat on the edge of the bed and reached out to caress he huan’s face. his voice was hoarse.”huanhuan,”

He Huan’s eyes were still closed, but his long eyelashes trembled slightly.

Thus, he knew that she was actually awake.

his fingers gently caressed her eyelashes, like the touch of a small brush in the palm of his hand. his voice was low and hoarse.”I know you’re awake. Open your eyes, okay?”

he huan didn’t move. she just lay there quietly, but tears fell from the corners of her eyes.

qin mo couldn’t bear to see this and reached out to wipe her tears away. however, new tears came out again. in the end, he lowered his head and kissed yingying away. just like this a few times, he huan finally couldn’t help but turn her face away, not willing to be entangled with him anymore.

Qin Mo’s fingers gently caressed her face. His voice was extremely hoarse. Huanhuan.

I want to rest. he Huan closed her eyes and tears fell from the corners of her eyes again. Qin mo could not bear to see this.

He sat beside her, his voice gentle and hoarse. "i won't disturb you. i'll stay here and guard."

By now, she had already calmed down. She got up and glanced at Qin Chen, indicating that they should go out together.

Qin Chen followed him out to her office.

"What's going on?" Qin mo asked after a long time.

"i happened to see he huan faint, and then ran ran found out that she went into shock because she miscarried due to blood loss. Brother." As Qin Chen spoke, he placed his hand on Qin Mo's shoulder and hugged him. "You're still young."

she didn't know how to comfort him, so she could only say a few words.

Qin mo stood in her office for a while and smoked a cigarette before he went to he Huan's ward.

He Huan sat up, her face pale. The two nurses helplessly persuaded her to lie down and rest.

However, she just sat there in a daze, her fingers on her stomach, her eyes empty.

There used to be a child here, but she lost him without her knowing. She didn't even know if it was a boy or a girl. When she thought of this, her heart ached.

she looked up and saw qin mo.

qin mo's adam's apple bobbed. he walked over and said in a hoarse voice, " lie down and rest. "

"i want to go home." he huan's face was on the bed, and she mumbled weakly, as if she was talking to herself.

qin mo's heart ached. " i'll bring you home in two days. you can live in an apartment or a villa. "

he huan was in a daze. after a long time, she suddenly looked up at him and said in a hoarse voice, ”
I can’t go back, Qin mo. We can’t go back either.

Chapter 4393: Do you regret the miscarriage?(3)

she lowered her eyes and immersed herself in her own world.

in the end, a child had still separated them from everything.

qin mo sat beside her and felt a sense of helplessness. this was something he had never felt before.

he reached out, wanting to touch her, but he couldn’t find a reason.

In the end, he could only retract his hand. He couldn’t even say sorry.

She lost the child because they were in a bad mood, Yingluo.

...

He Huan was too sad and eventually fell asleep.

qin mo squatted beside her and reached out to caress her eyes and brows. he felt that he was extremely meticulous, but her eyelids were a little pink because she had cried.

he huan rarely cried, but she had been crying for so long now, even in her dreams.

it was already evening when she woke up.

As soon as she woke up, her long eyelashes trembled, and there was a drop of tear on her face. She seemed to have woken up from a dream.

After she woke up, she sat down and spaced out for a while before she felt pain in her lower abdomen.

It wasn't very intense, but there was a faint pain, as if thin needles were poking his heart.

She was in a daze for a while before she sat up. Qin mo came in from outside with a lunch box that Auntie LAN had just sent from home. Auntie LAN wanted to see he Huan, but Qin mo was afraid of making the two of them sad, so he said that he would think about it after he was discharged.

he huan was going to stay in the hospital for a week, so he would accompany her. in fact, she only needed to stay for three days, but he was still worried, so he put down all his work to accompany he huan.

at this moment, he saw her sitting by the bed quietly, and her tears fell silently, one by one. it made his heart ache.

qin mo looked at her quietly and walked over to put the things down. then, he hugged her gently. ”
“Cry if you want to. Yes, I'm here.”

he huan's face was on his shoulder. she wanted to struggle, but he pressed her head down and didn't let her move. his voice was low and hoarse. ” you don't even want me to hold you anymore? ”

She couldn't break free and finally fell on his shoulder.

he huan cried sadly. the pain was hard to bear and forget. it came at such an unbearable time.

In the end, she cried as if she had fallen asleep, but she was actually weak and powerless.

He Huan had always been in good health since he was young, but this time, it was obvious that he had suffered a great loss.

although she was weak, she still pushed qin mo away and leaned against the bed. ” “I don't need you to take care of me,”

Qin mo stood by the bed with a hurt expression. do you not need me or do you not love me anymore? ” he huan, tell me. ”

he huan was still extremely weak. she leaned against the bed and smiled gently.”On the day of my accident, you gave Rong Yue’s copyright to su Yiliu. You were going to announce our engagement, right? “qin mo, my miscarriage won’t change anything. you can still please other people or announce it. i should be grateful that you didn’t question who the child was.”

qin mo’s eyes narrowed.

The news of that day still spread.

“it’s just a publicity tactic,” qin mo replied in a deep voice.

I don’t want to listen to Qin mo. This has nothing to do with me. No matter what, this child is indeed at the wrong time. she tilted her face to the other side and smiled bitterly. ” Qin mo, you can go back. I don’t need you to take care of me.

He looked at her and felt her distance and determination.

he stood up and looked at her quietly. he said slowly, ” “Will you eat properly when I’m not around?”

he huan didn’t say anything. he looked at her quietly, and a trace of pain flashed across his eyes.

Chapter 4394: Do you regret the miscarriage?(4)

He Huan didn’t say anything. She was just immersed in her own sorrow.

Qin mo stood there quietly for a while before whispering, ” “I’ll get Qin Chen to take care of you.”

he said as he walked out.

he huan was still sitting there without moving.

when qin chen came over, he saw that he huan had already gotten up from the bed and was standing by the window, looking at something.

“Huanhuan,” qin chen called out to her, then walked over gently. he placed one hand on her shoulder and let he huan lean on his shoulder.

...

although qin chen was a girl, she was very tall. he huan was also young, so they looked very compatible when they stood together.

Qin mo stood outside the ward and looked on quietly. His eyes were filled with unspeakable pain.

He was surprised and heartbroken at the loss of this child, but he was more heartbroken by he Huan.

she was usually most afraid of pain and would cry badly when business was good. now that he had made her lose a child, he did not dare to imagine how much pain she would be in after the operation.

it had only been a short while, but she was already unwilling to stay on the hospital bed and be by his side.

she saw the disgust in his eyes and it made his heart ache, but no matter how much it hurt, he couldn't bear to leave her.

qin mo took a few steps back and went to the other corridor to smoke. he had not slept for the past two days and had been watching over her.

At this time, he was also exhausted, so he needed to smoke two cigarettes to calm his mood.

In the ward, he Huan leaned on Qin Chen's shoulder. She was weak and in pain.

But his heart ached even more.

The loss of this child was more like a sign of her ending with Qin mo.

in fact, he did not let her down. they were divorced, and it was mutual consent for them to have sex. no one expected her to have a child. she did not want to get angry with him. adults should be responsible for their own decisions.

He Huan leaned against Qin Chen and whispered after a while, "I'm hungry."

qin chen smiled. "i'll feed you."

He Huan wanted to reject him, but Qin Chen put an arm around her shoulder. I don't usually coax people. Please give me some face.

As she spoke, she helped he Huan to sit on the bed and considerately fed her soup.

The soup was made by Auntie LAN. It looked, smelled, and was warm.

As he Huan drank, her eyes felt a little hot. Of course, she could tell that it was Auntie Lan's soup.

Qin Chen probably sensed her emotions and sighed. "my parents don't know about this yet, and qin mo can't tell them. but he huan, are you really not willing to forgive him?"

After this incident, she thought that Qin mo would no longer have any Su Yi Liu, Wang Yi Liu, and he Huan would not be able to handle these things anymore. However, he Huan would probably not be with Qin mo anymore.

she asked. he huan looked at qin chen for a while before saying in a low voice, "Chenchen, I don't want to see him, and I don't know how to get along with him."

If she were to blame someone, the only blame would be that he and su Yiliu were involved in a scandal on the day of her miscarriage. Furthermore, he had given su Yiliu the copyright of Rong Yue's script, which was a huge blow to he Huan.

It wasn't forgiveness, but with so many things put together, there was no way to continue.

he huan also knew that KING entertainment was trying their best to suppress the news from that day. however, without the photos, the reporters still had a mouth and a hand. hence, the weibo hot search did not stop for a few days.

Su Cheng made a few phone calls, but he Huan only said that she knew. She did not mention anything about her miscarriage.

Chapter 4395: do you regret the miscarriage? v

Her parents and Qin Mo's parents had a good relationship. They were already unhappy because of her and Qin Mo's matter. She didn't want things to get worse. There was really no need to do so.

However, what he Huan didn't know was that her relationship with Qin mo had already broken up.

qin chen was silent as he listened. she could imagine her brother's tragic future. he really wouldn't die if he didn't seek death.

qin chen took the remaining food out. qin mo was at the door, and he glanced at the food in her hands."she ate it?"

"i've eaten." "let's talk in my office," qin chen said in a low voice.

qin mo looked at her but still followed her.

...

Qin Chen closed the door and looked at his second brother.

Qin mo could also be considered a proud son of the heavens, but he had fallen into he Huan's hands. In fact, he Huan's qualifications were also very good, and they were really in a dilemma.

"Are you going to waste your time with he Huan?" Qin Chen said slowly.

Qin mo didn't say anything and only lit a cigarette. He was about to smoke it when Qin Chen snatched it away and snuffed it out. you didn't eat or sleep. Are you trying to ascend to heaven? you can get your wife back just like that? "

qin mo closed his eyes slightly. " i know what i'm doing. "

"Proper, my ass!" Qin Chen exploded. have you forgotten about your gastric problem? how are you going to take care of he Huan when it hurts? "

qin mo lowered his eyes and looked at his sister. after a long time, he said in a low voice, " i know. "

qin chen pressed the internal line and asked his secretary to send qin mo some food. she ate with qin mo.

after eating, qin chen stretched and yawned. " " i'm going to sleep for a while. you can take care of your ex-wife. you can only blame yourself for being annoying. "

Qin mo didn't say anything and went straight back to the ward. He Huan was sitting on the bed and looking out of the window. No one knew what she was thinking.

qin mo walked over slowly and reached out to touch her face. he huan immediately jumped away as if she was frightened. she looked at him with a distant gaze.

"Why don't you lie down?" Qin Mo's voice was a little hoarse.

"I want to sit for a while." He Huan lowered her eyes.

qin mo just looked at her and did not say anything for a long time. he just took a pillow and placed it behind her back to make her more comfortable. then, he poured a glass of water for her and said gently, ” “if it’s cold, i’ll help you pour more.”

he huan didn’t say anything. he looked at her deeply before going to the sofa to deal with work.

however, she did not manage to read anything even after she turned on her laptop for a long time. secretary he came over and said a few words before he left.

After about two to three hours, Qin mo looked up and saw that he Huan was still sitting there. He closed his laptop and said, ” “What are you thinking about?”

He Huan seemed to have woken up from a dream. She looked at Qin mo and whispered, ” “you can go back. the nurse can take care of me.”

qin mo sat there quietly. there was no joy or sadness in his eyes. after a long time, he said, ” “He Huan, the child is mine. Losing me isn’t any better than you.”

he huan closed her eyes and slowly moved to lie down, covering her head.

this was another act of self-protection and rejection. qin mo watched on quietly, his heart as heavy as water.

After a long time, he slowly turned on his laptop. The blue light shone on his face, making it look even gloomier.

In the days that followed, he refused to leave. He Huan could not do anything about it and just continued to waste time. She did not talk to him, and he did not force her either. He just kept her company.

Four days later, he Huan's body was much better. She could already get off the bed and walk freely. Although there was still some pain, she could really be discharged.

She told Qin Chen, but he shrugged and glanced at a certain man. Then he said to he Huan, "I can't make the decision on this matter."

he huan was a little angry. she bit her lip and looked at qin chen. "I can be discharged. why can't you let me?"

Qin Chen was also a little helpless. Qin mo didn't let you pay.

at this moment, qin mo was sitting on the sofa and dealing with business. he would occasionally answer a phone call, but he did not look at them when they were chatting.

He Huan talked for a long time, but Qin Chen didn't agree. In the end, Qin Chen went for a ward round, and he Huan couldn't do anything about it. She could only ignore him and read the news on her phone.

...

after looking at it for a while, qin mo stood up and took the phone from her hand. his voice was calm. "Don't use electronic devices."

he huan's hands were empty and she looked up at qin mo.

Qin Mo's eyes were dyed black as he stared at her, but his voice was very gentle. "Sleep for a while. You haven't slept for the past few days."

he huan usually didn't talk much to him, but this time, she said, "I can't sleep, and I don't want to sleep."

seeing that she was finally willing to talk to him for a while, qin mo's expression softened. "I'll accompany you then."

he didn't wait for her to agree before lying down beside her and pulling her into his arms. he huan's body was very stiff because he had covered her with the blanket, and her eyes were dark.

Their auras were also in a mess, and they could not distinguish each other.

he huan pulled the blanket and wanted to go out, but he wouldn't let her and pressed her down.

in the dark, his eyes were bright and his voice was hoarse. ” “are you really not going to forgive me?”

he placed his finger on the spot where their second child had been born and gently comforted it.

He Huan's eyes heated up, and she felt like crying.

He also realized that he was very cunning and knew her pain point.

He pressed her little head against his chest to accompany her and let her cry.

even though they were no longer together, they were still the child's biological parents, yingluo.

He Huan cried for a long time. Later, he pulled the blanket away because there was not enough air. Her face was buried in his heart. It was wet and hot, and it was very uncomfortable, but he didn't care.

now that qin mo thought about it, he would not let her go no matter how uncomfortable he felt.

However, he was afraid that the tighter he clenched, the faster he would loosen his grip.

the nurse came over to take his temperature. she was stunned for a moment when she pushed the door open, but she still closed the door and left.

He Huan cried for a while before falling asleep. Qin mo lowered his head and looked at her tear-stained face. He reached out and gently wiped it away for her before kissing ran ran. He closed his eyes as well. It felt like he hadn't been so close to her in a long time.

when he huan woke up again, it was almost noon. she had been eating with qin mo for the past few days, so she couldn't reject him even if she wanted to. however, when she was eating, she whispered, " "Yihuan has been busy these days."

"i'll get your mother to take care of you this month." qin mo spoke.

The reason why he asked su Cheng to take care of him was that he was afraid that he Huan would miss the child and feel uncomfortable looking at his mother.

after qin mo finished speaking, he huan was stunned for a moment. she was not stupid and knew what he meant.

he wanted to redeem himself.

She said in a low voice, " Qin mo, we've gotten back together so many times. This time, I really don't want to continue anymore. I don't have the courage to do it either.

Their love was already very painful.

Chapter 4397: do you regret the miscarriage? vii

qin mo stared at her and frowned, but he did not say anything.

There was silence between them.

"Whether we continue or not, it's not for you to decide," he muttered after a long time.

He Huan did not even have the strength to get angry. After eating, she climbed onto the bed and continued to stay there.

"I'll accompany you for a walk," Qin mo said with a frown.

he huan's face turned to the side, and her voice was a little low."I don't want to go out."

...

she didn't want to, so he didn't force her and just kept hanhan company.

After a few days, it was time for he Huan to be discharged from the hospital. Qin mo helped her carry her luggage, and she could not reject him.

He Huan got into the car and wanted to return to her apartment, but Qin mo brought her to his apartment.

she refused to get out of the car and sat in the car. " i want to go back to my own apartment. "

Qin mo looked at her. isn't this your home? "

"i wasn't long ago," she said, lowering her eyes.

Qin Mo's eyes darkened. He reached out and grabbed her hand to open the car door, but he Huan refused. She struggled and pulled. In the end, she cried out in pain, but she still pulled on her wound.

Qin Mo's eyes darkened. Finally, he carried her and walked towards the elevator.

He Huan was afraid of falling down, so she hugged his neck and lowered her head without saying a word.

qin mo's voice was hoarse. " i'll let you go after a month. "

He Huan raised her eyes and looked at him.

She could not believe it.

Qin mo laughed bitterly. you don't believe me? ”

He Huan didn't say anything more and just lowered her eyes.

qin mo carried her back to the apartment. the furniture inside had been changed a lot and it was in the style that he huan liked. it was clear that he had put in a lot of effort. there was no auntie at home, just the two of them.

therefore, after qin mo put her down, he huan felt a little restrained.

“You must be tired. Why don't you lie down on the bed?” Qin mo knelt in front of her and removed her coat for her.

he huan leaned back on the sofa. ” i want to sit here for a while. ”

he looked at her for a moment, then went to the bedroom to get a blanket and covered her with it. he also brought a magazine over for her. ” take a look at this and i'll heat up a glass of milk for you. ”

He was about to go to the kitchen when he Huan called out to him, ” Qin mo.

He paused. He Huan's voice was very soft.”It's no use, we're over.”

Qin Mo's body stiffened for a moment. He did not say anything and went straight to the kitchen to heat up the milk and bring it over.

he took care of her personally, cooked lunch for her, and even carried her to the bedroom to let her sleep.

After she fell asleep, he went to the study to deal with work.

He Huan didn't know how busy he was. In any case, other than taking care of her in the apartment, he was in the study. Sometimes, he would smoke on the balcony. If he saw her coming out, he would immediately put out the cigarette.

He Huan wanted to get a glass of water, but she was holding an empty glass in her hand. She was wearing a set of home clothes, which made her look very fluffy and cute in the middle of the night. He had not seen her so soft in a long time.

“i’ll do it.” He said in a hoarse voice, took the cup from her hand, and walked towards the kitchen.

he huan stood at the same spot and waited. she turned around and looked out the window.

qin mo’s apartment was on the top floor and was a few hundred square meters. it was very large and very empty for two people.

It was almost New Year’s. Although the apartment had a floor heater and was very warm, when she looked outside, she felt that the night sky was cold.

He Huan looked on quietly. He felt a little cold and couldn’t help but hug himself.

Chapter 4398: do you regret the miscarriage? 8

Qin mo turned around and saw her hugging her body as she stood in front of the window.

He went over and placed the glass of water in her hand. His voice was hoarse. What are you looking at? ”

He Huan stood there and did not see him looking outside. After a long time, she mumbled, ” “I’m not looking at anything.”

She tilted her head. Qin mo, my movie is about to be released. I have to promote ran ran and ran ran.

Before she could finish, he interrupted her. Qin Chen will take care of rongyue.

He Huan's eyes froze and he did not say anything for a long time.

...

she did not explain.

in the end, it was qin mo who broke the silence. his voice was a little tired."What do I have to do to make you forgive me?"

"There won't be anyone else in the future," he said as he touched his forehead.

He Huan laughed almost inaudibly, then mumbled, "i don't care anymore, qin mo."

She lowered her eyes and said, " we're already like this. Let each other go. I just want to live a good life alone.

qin mo's face was cold. " are you teasing me alone? " he asked.

" you can find su yiliu or aijia, or any other woman. you can have many children if you want. " He Huan's voice was choked.

She couldn't let it go.

The pain that day would probably be the pain of her entire life.

Qin mo stared at her and smiled bitterly. "He Huan, you're right. You've thought about it many times."

he turned around and entered the study without looking back, slamming the door shut.

She knew that he was angry, but she didn't care.

he huan stood in front of the floor-to-ceiling window and slowly drank a glass of water before returning to the master bedroom.

She was really weak and fell asleep again after a while. While she was sleeping, she felt someone standing by the bed. When she opened her eyes, it was Qin mo.

The light in the master bedroom was very dim, and Qin mo was also staring at her.

He Huan looked at him quietly, and her breathing became a little difficult.

After a long time, Qin mo finally unbuttoned his shirt and walked towards the bathroom.

He Huan heaved a sigh of relief. She closed her eyes and heard the sound of water flowing from the bathroom.

She was so tired that she almost fell asleep again. However, when Qin mo came out of the bathroom, she opened her eyes abruptly.

qin mo was standing in front of the bed in a bathrobe.

He Huan was a little scared.

they had been sleeping in separate rooms these days. what was he trying to do now?

Qin mo pulled the blanket aside and lay down beside her. His voice was a little low."From today onwards, we'll sleep together."

"I don't want to." he huan bit her lip and shifted her body to the side. " i'll sleep in the guest room."
,"

She wanted to leave, but he pulled her back and she fell into his arms.

Qin mo hugged her and pressed his face against her hair. don't move. Be good and just hug like this for a while.

She didn't dare to move, but she hated him to the core.

Tears fell one by one, as if her heart was being corroded.

no matter how much she rejected him, he still did not let her go and kissed her carefully.

as for he huan, she bit her lip and did not move. her body was also frozen.

all of this showed that she hated him, was afraid of him, and rejected him.

Chapter 4399: I want to be with you (1)

Of course, Qin mo wouldn't do anything to her. He only kissed her, hugged her, and stubbornly wanted to sleep with her, as if he wanted to prove something.

it also seemed like she wanted to prove that they were still husband and wife!

He Huan carried him on her back and did not say a word.

their stiff situation lasted for a long time.

she couldn't reject him, but he didn't want to give up, so he just stood there frozen.

No one was willing to take a step back or take a step forward.

...

*

In the hospital, Rong Yue's condition fluctuated. Qin Chen was not willing to help Rong Yue extract the bone marrow until the last step because his body was not good to begin with and he was afraid of rejection.

It was definitely tough for Rong Yue to receive conservative treatment. He Huan would also go to the hospital to see him. Of course, there would be bodyguards by her side. She could not escape from Qin Mo's control at all. She was too weak to be bothered to leave.

she was surprised that ai mengmeng didn't appear. she had always thought that ai mengmeng would appear.

but no, ai mengmeng seemed to have disappeared for a moment.

he huan couldn't ask rong yue as he was afraid that he would overthink and aggravate his condition.

She had seen Rong Yue and saw that he had taken the chauffeur's car back. She had also accidentally found AI Mengmeng in the garage.

He Huan paused for a moment and did not get into the car immediately.ai Mengmeng came over, but she did not say anything for a long time.

he huan also waited patiently.ai mengmeng finally couldn't take it anymore and asked in a low voice, " how is he? "

He Huan wanted to say yes, but she changed her mind. "not too good."

"why would i?" AI Mengmeng's eyes widened. isn't Dr. Qin the one treating his illness? isn't Dr. Qin the best? "

he huan's expression was cold. " but qin chen isn't a god. "

ai mengmeng's face turned pale. after a long while, she said softly, " director he, I know you're very close to Dr. Qin. Can you please ask her to save Rong Yue? he's a good person.

“rong yue is also my friend. of course, i have to help. however, whether he can survive or not is up to him.” He Huan’s expression was a little cold. if you care so much about him, why don’t you take care of him yourself? didn’t you say that you would take care of him? you were just saying it. rong yue has been looking for you for a long time.”

He Huan was not a talkative person. Besides, she was in a bad mood and was in a bad situation. It was rare for her to say so much. After she finished speaking, she got into the car and left the Black House slowly.

ai mengmeng was still standing there, watching quietly. she only retracted her gaze after a long time.

Her eyes felt bitter, as if something had blown into them.

she stood there for a long, long time before she moved her steps towards the exit. however, when she reached the exit, she stopped, her heart beating rapidly.

he huan said that rong yue had been looking for her for a long time, and he huan said that rong yue might not live for long.

did she still need to hesitate?

Even if he didn’t have long to live, she still wanted to accompany him.

ai mengmeng suddenly turned around and ran in the other direction as if she had gone crazy. when she appeared at the door of rong yue’s ward, her heart beat even faster.

He reached out and pressed his hand flat against the door. After a long time, he knocked on the door gently.

Rong Yue’s voice came from inside. It was as elegant and pleasant as before.

in that instant, ai mengmeng almost wanted to cry.

At this moment, she suddenly realized that she missed him more than she thought.

she couldn't help but push the door open.

Rong Yue was leaning against the head of the bed with a notebook in his hand. He was writing something, and it seemed like he was writing a script.

Chapter 4400: i want to be with you (2)

His head was lowered, and so were his eyes. Although he looked a little pale, he was still good-looking.

it was also ai mengmeng's first time finding him so good-looking. he was the kind of young man with a scholarly air. perhaps he wasn't like boss qin, who came from a good family background, but he had a different kind of temperament.

AI Mengmeng had been looking at him for a long time. When Rong Yue looked up, he saw that she seemed to be surprised but not surprised.

His eyes were especially bright at this time, and he didn't look like a patient at all.

He stared at her and smiled. "you're here?"

AI Mengmeng's heart started beating rapidly again. She felt a little embarrassed and reached out to touch her hair. After a long while, she said in a low voice, "I came to see you.

...

rong yue was still looking at her. he asked her quietly, "and then?"

"I want Yingluo to take care of you." AI Mengmeng bit her lip.

she mustered up the courage to say this, not daring to look at him. she only lowered her eyes, her long eyelashes trembling.

Rong Yue looked at her and almost sighed. “why didn’t you come earlier?”

she didn’t understand what he meant, and she didn’t know if he was rejecting or accepting her. her palm-sized face was hurt and careful.

Rong Yue sighed in his heart again. She had changed a lot. In the past, he remembered that she was very stubborn and headstrong, but now she was just a very ordinary girl. He did not believe that she touched that thing, but she never said it, and no one knew why.

come here. Rong Yue reached out his hand to her. come here.

She let out an “ah” and looked at him.

what if you don’t come over? it’s hard for me to even get out of bed now. Or do you want me to go over? ” his voice had always been gentle, and there was only a touch of red on his pale face.

ai mengmeng was afraid that he would really get off the bed, so she immediately went over by herself. she stood carefully by the bed and asked him, “Is there anything I can do for you?”

He was still sitting there quietly, but his voice was hoarse. “Come a little closer.”

“Close your eyes.”

She didn’t want to, but she didn’t know why she listened to him and closed her eyes.

after a long time, rong yue finally let go of her. their eyes met and he whispered, ” “I’ll get a lawyer to come over tomorrow. We’ll sign the marriage agreement and get married.”

Married?

ai mengmeng's heart started to beat faster. she only wanted to take care of him and didn't think about anything else.

Rong Yue's eyes were fixed on her lips. After a while, he said softly, "are you afraid that i won't be able to live, so you're not willing to marry me? or do you not like me? Or perhaps you're afraid of being dragged down by me in the future."

ai mengmeng immediately retorted, "that's not the case. "

"Then what is it?" He looked at her with a burning gaze.

AI Mengmeng bit her lower lip and said in an especially soft voice,"i'm willing to marry you and take care of you."

rong yue smiled. he looked very good when he smiled.

he agreed.

After that, he didn't say anything more and continued to write his script.

AI Mengmeng didn't dare to disturb him, so she passed him some water. After an hour, she saw that he was still writing, so she couldn't help but say,"Do you want to take a rest?"
