Chapter 4461: Thinking of Nan's favorite look at night (1)

However, he Huan didn't say anything. She didn't even exchange a glance with Qin mo.

Everything was light.

on the other hand, qin mo's gaze fell on he huan's face for a long time, with a very profound meaning.

The ye couple saw it but pretended not to see it.

after the meal, the adults decided to have a cup of coffee, while the two little ones sat on the closed terrace to watch the snow, stars, and moon.

Because of Qin Chen, Qin mo also had the best coffee machine and coffee.

...

He had made three cups, but he Huan had not.

She looked at him and Qin mo placed a cup of hot fruit tea in her hand. "you drink this."

he huan took it silently and did not say anything else. then, the men began to talk about their own topics. wen yuan and he huan were having a woman's private conversation in the corner.

Wen Yuan hesitated for a moment and asked softly, "How's your relationship now?"

he huan held the hot fruit tea and smiled faintly."as you can see, it's neither good nor bad."

"What do you plan to do?" Wen Yuan asked after some hesitation.

She was a woman, and she understood women. She looked at he Huan, and it didn't look like she was going to stay for a long time.

so she was a little worried.

After all, Wen Yuan was not so stupid that he could not see the promise between ye mu Bai and Qin mo.

Xiang Nan and Yi Huan.

her reaction wasn't as strong as he huan's. she just felt that the child was still young, and even if the adults had their own thoughts, it didn't matter. in the future, the child would have their own thoughts when he grew up.

However, she did not rule out the possibility that Xiang Nan and Yi Huan would be together in the future, so she naturally had to care more about he Huan.

"i haven't thought about the future yet." he huan smiled faintly.

Wen Yuan had never felt that he Huan was a weak person. On the contrary, he Huan had a strong personality and her current weakness was only temporarily suppressed. Hence, she only smiled and changed the topic. when will the new movie be released? don't forget to invite us to the premiere.

"i will." "in room 214." he huan smiled.

qin mo was the one who had booked the date. it was a little weird for him to book it, but after she fell sick, he had to handle a lot of things in "twin" that she couldn't handle. he huan accepted it happily.

the two women chatted for a long time.

on the balcony on the second floor, the two children, one big and one small, were sitting on the sofa, wrapped in warm wool blankets together, looking at the stars outside.

Yi Huan was actually feeling a little drowsy. Her eyelids were about to fall off, but she forced herself to stay awake.

Today was the first time brother Nan came to her house as a guest, and she wanted brother Nan to look good.

Little Yi Huan could not help but secretly kiss brother Nan. Then, she looked at the stars with a serious face. With her eyelids closed, she asked in a daze, "What kind of girl does brother Nan like?"

Ye xiangnan's lips curled into a faint smile. like aunt Qin Chen.

qin chen's aunt?

yi huan thought that her aunty was so handsome. it turned out that brother nan liked girls who looked like boys?

little yi huan's little mouth was wide open, as if she could not close it for a long time.

after that, she let out an "oh" and fell asleep with her head on ye xiangnan's shoulder.

"hello," he said. He wanted to turn his head, wake her up, and tell her that he liked aunty Qin Chen's side, but he liked his future wife who was soft like a little lamb.

However, Yi Huan had fallen asleep. Before she fell asleep, she firmly remembered brother Nan's hobbies.

brother nan liked a woman like his aunt.

Chapter 4462: the way nan likes it (2)

if qin chen was here, she would have ruthlessly knocked qin yihuan awake.

Not many men liked this kind of woman. Lan Yu's taste was heavy, only girls liked it

what stupid things did this little fool do in the next ten years?

The terrace was very warm, and outside, the moon was bright and the stars were few, indicating the good weather tomorrow.

When little yihuan woke up, it was already midnight.

The moonlight from outside the window shone into the children's room and it was dim. She opened her eyes and saw Qin mo. Hence, she called out 'daddy'.

...

The younger daughter snuggled into her father's arms. Her soft little body smelled nice and was very comfortable to hold.

qin mo was wearing a set of black pajamas and was very patient as he carried his younger daughter.

"Dad, I want brother Nan to be so good-looking," Yi Huan said in a daze.

Qin mo smiled,"really?" is he as handsome as daddy?"

"when brother nan grows up, you will be more handsome than daddy." Little yihuan laid on Qin Mo's chest as she drooled all over the floor. It made her Father's heart feel hot and wet, making him feel very uncomfortable.

qin mo lowered his head and laughed. he was even drooling. how would he know if the man was handsome or not?

however, ye xiangnan was indeed a good person. as a father, he must be satisfied to have some kind of tacit understanding.

In the quiet night, little Yi Huan made up her mind.

She wanted to become someone that brother Nan liked.

so, the next morning, he huan did not see qin yihuan at all. when she went to the children's room, she found out that the little one was busy. she had no idea where the big box came from, but qin yihuan was folding her beautiful little dresses neatly into the box. she folded them up and it looked like she was folding tofu.

This skill made he Huan look at him in a new light. He Huan coughed lightly."Yihuan, what are you doing?" he asked.

qin yihuan's short legs were busy as she replied in her baby voice, " " mom, i want to donate all of this to the children in the mountains. "

He Huan walked over and squatted beside the luggage. She touched the clothes."What about you?"

yi huan made a very handsome pose, " "i'll wear a suit and tie like qin chen's aunt and be a handsome person."

he huan smiled. she was an open-minded mother, and she could do whatever yihuan wanted.

however, she still said, " children in the mountains may not be able to wear such a gorgeous little dress. why don't we buy some cotton clothes, books, and toys to send over? "

"Why can't I wear it?" "These dresses look really nice," little Yi Huan pouted.

he huan couldn't tell her that these tens of thousands of yuan worth of clothes were really useless in the mountains. instead, she said tactfully, " it's very cold in the mountains, and there's no heating in the children's houses. Your little dress can't keep them warm, so it's better for us to buy them cotton clothes, right? "

"what about these clothes?" yi huan asked.

"we can go to idle fish and sell these clothes, then go buy new clothes, right?" The mother quickly decided.

hence, little yihuan agreed happily and the mother and daughter did as they were told.

He Huan hung up little yihuan's clothes to take a photo and got on idle fish. Because they had been worn before, they were only priced in the hundreds to thousands. They were all top international brands, so she received an order in the afternoon and her hands went soft.

her phone kept ringing.

by noon, all the clothes in the wardrobe had been sold out. he huan became a top seller.

Chapter 4463: thinking of nan's favorite look at night (3)

They were very busy in the afternoon. They had to pack and mail it. In the end, Qin mo helped them. Regarding this kind of prodigal behavior, President Qin did not blame them. Instead, he did his best to help them pack and arrange for them to mail it out. Just like that, the day passed.

He received a total of more than 100000 Yuan.

Boss Qin thought to himself that yihuan's clothes were worth at least two million Yuan.

He was really a prodigal!

However, boss Qin's family was very rich, so he could afford to squander on this. It didn't matter if he squandered every day, as long as he Huan was happy.

After he was done with his work, he asked his Secretary to buy winter clothes and some other supplies to support the mountain area. Of course, more than 100000 Yuan was not enough, so President Qin spent 5 million Yuan from his own pocket to load ten large trucks and headed to the mountain area. He also asked trustworthy people to follow them from beginning to end.

...

He Huan stared at the screen. Qin mo was standing behind the back of her chair. He placed his hands on her shoulders. are you assured now that you believe me? ”

He Huan nodded and then looked up again.”Why in my name?”

qin mo laughed.

“you’re the one who paid for it,” he huan added.

“A merchant’s reputation is not worth much. it’s different for the director.” qin mo gave an extremely faint smile before walking to the sofa at the side and sitting down. he originally wanted to light a cigarette, but after thinking about it, he gave up.

He looked at he Huan and said in a low voice,”maybe it’ll come in handy in the future.”

He Huan sat in front of the computer in the study. She was stunned for a moment before she whispered, ” “I don’t like these.”

qin mo laughed lightly. ” it’s one thing to dislike it, but it’s still useful sometimes. in the entertainment industry, it’s common to flatter the strong and step on the weak. you have to learn to protect yourself. ”

In the past, things went so smoothly for her. She thought it was because she was president Qin’s wife.

she had never been as talented as she thought she was. she was qin mo’s wife, so no one dared to step on her.

he would not have told her about this, but now he wanted to tell her to protect herself.

just like how he did not want yi huan to grow up to be a silly girl, the best love in the world was when both parties were equally matched.

Qin mo looked at his wife. He Huan and he Huan were like this because she had the talent.

and she was very beautiful.

he had never been a man who did not care about appearance. he liked every side of he huan, and sometimes, he found her repulsive. this kind of abhorrence was deeply attractive to him.

he huan didn't say anything, as if she was thinking about something. qin mo changed the topic and whispered, " "i'm more curious about why yihuan suddenly wanted to sell all her clothes."

ah! he Huan was confused for a moment, but she quickly came back to her senses and smiled. it's because she wants to be like Qin Chen.

Qin Chen?

as the younger daughter's father, qin mo allowed his younger daughter to become a strong woman in the business world. however, he couldn't accept her wearing a shirt, a crew cut, and a tie like qin chen.

Finally, President Qin looked at the child's mother. it has to be long hair or shoulder-length. In short, it has to at least look like a woman.

He didn't want to be asked,"President Qin, how old is your son? he's so handsome, and does he have a girlfriend?"

just thinking about it was enough for boss qin.

he huan sat on the computer chair and gave a rare smile."I'll try my best to communicate with her."

As soon as she finished speaking, Qin mo stood up and walked towards her, teasing her.

Chapter 4464: thinking of nan's favorite look at night (4)

he huan looked at him.

Qin mo smiled. since you're willing to talk to me about yihuan's growth, does it mean that we've made up?"

He Huan was stunned. huh?"

"Mrs. Qin, you've been ignoring me for a long time. Don't you feel anything?" (regarding the boat scene, we can't even think about it now. we'll restrain ourselves with the male and female leads ~~~ ang ~~)

He Huan was shocked by the sudden kiss and didn't know what to do. However, she didn't push him away.

What she was most worried about was that he would suddenly be interested. This kind of thing had happened before.

...

Qin mo probably knew what she was worried about. He laughed softly. are you afraid of me? "

"no, i didn't," he huan spoke very quickly, so she seemed a little guilty.

" tomorrow night at KING entertainment's last tooth, you're coming with me, okay? "

he huan's body froze for a moment. on one hand, it was because she was in his arms. on the other hand, it was because of his words.

"i don't really want to go," she muttered after a long time.

"You're President Qin's wife, and you're in much better health. You won't feel cold even if you don't wear a dress."

the next day, qin mo went to the office first and said that he would come back to pick her up at 5 pm. as long as she was dressed well, it was fine. there was no need to be too grand.

he huan was in good spirits that day. she felt a little strange. she was clearly a little tired last night.

she wanted to chat with yi huan, but yi huan only wanted to look cool in front of the mirror. she wanted to imitate qin chen's gestures and he huan leaned against the door. she thought qin mo would go crazy later, but it was good to leave him something to do.

She walked in and squatted down to look at Yi Huan. "do you still want to go to school there?"

I do, because I miss brother Nan. yi huan was very straightforward.

He Huan was stunned for a moment before she laughed again."You like to miss brother Nan?"

"yes, i want brother nan to be handsome." Yi Huan's face turned red.

he huan was stunned for a moment. she thought that it was easy for yi huan to say that she liked someone at her age, but it was very difficult for her and qin mo to say that they liked each other.

perhaps after all these things, even if there was still some love left, she couldn't say it.

She didn't say anything more and just reached out to rub the little girl's little head.

In the afternoon, ye Liangqiu called and asked to have tea with he Huan. They had arranged to meet outside and were obviously avoiding Yi Huan.

He Huan agreed. At three in the afternoon, she drove out. Of course, the servant at home immediately told Qin mo, " "Madam is about to drive out."

"where are we going?" qin mo muttered.

" he must have received a call from the old madam. i think they went to have tea together. " The servants at home thought about it and went back.

I understand, ” Qin mo said. don’t let Madam know that I know about this.

after that, he hung up the phone. the company was at its tail end, and there were many things to deal with at the end of the year.

Chapter 4465: He Huan, I still like you (1)

he huan drove for half an hour and arrived at the meeting place.

It was a very high-end Women’s Club, a lady-class club that cost tens of millions to join.

He Huan didn’t have an appointment, and the front desk didn’t know her, but she could tell from the car she drove that she came from a good family, so she said warmly, ” “miss, do you have an appointment?”

“I’m looking for Mrs. Qin,” he huan said calmly, and the lady at the front desk immediately showed a respectful expression.

after all, mrs. qin was one of the richest people in B city, and this wanwan in front of her ...

“And you are?” There were stars in the front desk lady’s eyes.

...

he huan knew about these people and said indifferently, ” “i’m her friend’s daughter.”

Just then, ye Liangqiu came down from the elevator to personally welcome them. She happened to hear these words and said very naturally, “You’re naughty again! You’ve become a friend’s daughter?”

Ye Liangqiu quickly walked over and smiled at the front desk. she's my Qin Mo's wife, my daughter-in-law.

the receptionist's eyes lit up. that's right. only yingluo's own daughter-in-law would have such an imposing manner. thus, she became even more enthusiastic and led them to the elevator.

when there were only the two of them left in the elevator, the atmosphere became a little strange. ye liangqiu sighed, but she didn't say anything impatiently.

however, she knew clearly in her heart that qin mo was not the only one who broke off he huan's relationship. she was also the one who did it.

In the past, he Huan and Qin mo weren't on good terms, but their relationship as husband and wife was still very good. However, she had mishandled ran ran.

Qin mo was Qin mo. As he Huan's mother-in-law, she was her mother-in-law. No matter how much Qin Mo made he Huan hate him, she had to be honest after they made up. As a mother-in-law, she was different. Even though he Huan grew up in the Qin family and was like her own flesh and blood, she was still a different person.

however, she was still a little too cruel to this child who looked like her own.

In the private room, the room was quiet, and the air was filled with incense and smoke.

ye liangqiu had personally brewed some tea and poured it for he huan as she explained,"this tea is very clear and doesn't harm your stomach. i know that qin mo has been paying a lot of attention to your health recently."

She paused for a moment and looked at he Huan,"it's indeed thinner." i've brought some tonics and asked the helper at home to make some for you. i didn't know you lost so much weight last time, i only knew that you were sick."

When ye Liangqiu went back and thought about it, she still felt a little guilty.

he huan could no longer have children, which meant that qianqian had lost many opportunities. it should be known that any traditional family would want a child. he huan didn't want to be with qin mo, but she didn't have a good choice in the current situation.

Therefore, even if she didn't care about Qin mo, ye Liangqiu still hoped that he Huan would stay with the Qin family well so that they could have a chance to make it up to her.

But these words could not be said, but he Huan understood.

Even su Cheng knew about it. Otherwise, with su Cheng's personality, she would have kicked up a fuss. Not to mention how much Qin mo had gone overboard in the past, even they, as his parents, could not stand by and watch.

he huan understood what she was saying. she lowered her voice and said, " i understand what you mean. i'll take care of my health and slowly get better. "

as she spoke, the tea was a little bitter. she picked up the cup and took a sip. the tea was indeed very fragrant.

He Huan raised his eyes and smiled."It's a pretty good tea,"

"I brought it here. I'll bring some back for you later." Ye Liangqiu immediately said.

"there's no need to go through so much trouble." he huan was stunned.

Then, he said thank you.

Chapter 4466: He Huan, I still like you (2)

This "thank you" seemed to have pierced ye Liangqiu's heart.

when did he huan start to be so polite to her? in the past, he huan would only smile and say ‘thank you, mom’, even when her relationship with qin mo was at its worst.

Ye Liangqiu sighed in her heart. he Huan, when did we become so distant? ”

she paused. ” we’ll still be family in the future. ”

She had made it very clear, so he Huan couldn’t play dumb. After all, they had lived together for a long time, and ye Liangqiu had been very good to her and had doted on her like a daughter for a long time.

he huan was a little excited. she took a sip of tea and said in a low voice, ” “I need time.”

...

The originally fragrant tea also became a little bitter in his mouth.

“No matter what happens between me and Qin mo, you’re still my Mama ye,” he Huan said after a pause.

Ye Liangqiu was used to such situations and had experienced many storms and waves, but there was one thing that had been weighing down on his heart for a long time, and that was he Huan.

She felt sorry for this child. No matter what, it was better for Qin mo and he Huan to settle their own matters. Besides, Qin mo was the one who used violence on he Huan and wanted a divorce. Later on, it was Qin mo who wanted to court he Huan and mocked her for being a villain.

ye liangqiu knew that it wasn’t easy for he huan to say this. she also knew that he huan had never forgiven qin mo.

a miscarriage and infertility was a huge blow to he huan, and su yiliu’s life was in the middle of it all, so ye liangqiu knew that it was not easy to say this.

after that, they didn't say anything more. she took he huan for a body care session. after that, he huan had to go back. she still had to attend KING entertainment's event. qin mo also said that he would come home to pick her up at 5 pm.

And now, it was already 5:10.

he huan looked at his watch and smiled. "i have to go home, mom."

As he said that, his cell phone rang.

it was a call from qin mo. he huan picked it up, "Oh, I'll be back in a while."

it was too late for qin mo to say that. he told her to wait for him there and came to pick her up.

"ah!" he huan exclaimed. she felt that she was being too casual.

She wore a green sweater, a pair of mid-heels, and a coat.

He Huan was hesitant, but Qin mo was determined.

When he Huan hung up the phone, she was a little embarrassed. Qin mo said he would come and pick me up. Why don't we sit for a while longer?"

a few years ago, qin anlan and ye liangqiu stopped attending the company's events. they handed them over to qin mo and he huan. he huan had been doing it regularly. qin mo was doing a one-man show, and secretary he had to be his dance partner. this time, he huan was back. it was different. she wanted to do it well.

what's more, now that they were remarried, there was a deeper meaning to this. ye liangqiu naturally understood. she reached out and gently stroked he huan's little head, smiling. have fun tonight. I heard that there's a lucky draw. The grand prize is a dance with Qin mo. Don't waste it.

He Huan had never known about this, so she was a little stunned. Ye Liangqiu smiled again and said,"But in the past few years, it hasn't been sent out, probably because of Wanwan."

“it’s probably because you’re not here,” she said with a meaningful smile.

He Huan was a little embarrassed. After a long time, she said something in a low voice. Then, they sat in the living room together and waited for Qin mo.

They chatted together, talking about he Huan’s childhood.

Chapter 4467: He Huan, I still like you (3)

when qin mo came over, he saw he huan and his mother sitting together and chatting. their expressions were much warmer and more distant than before.

his heart felt warm, and he slowed down as if he was afraid of startling them.

When he was in front of them, he chose to stand behind he Huan and greet his mother. Then, he bent down and said to he Huan in a slightly friendly manner, ” “it’s almost time, let’s go.”

” oh, ” he huan replied and looked up at him. it took her a long time to come back to her senses because qin mo had been smiling the entire time.

“Mom,” she said,”Qin mo and I will be leaving first.”

Ye Liangqiu smiled and rose as well.

...

qin mo helped he huan carry the things and took a look at them. he put one hand on his wife’s shoulder and said goodbye to his mother.

ye liangqiu insisted on sending them to the car, and then went to the driver’s car.

Qin mo started the car and looked at he Huan. you've been sitting here the entire afternoon? ”

he huan looked out of the car window and said in a calm tone, ” didn't you already know? ”

qin mo laughed silently and did not explain. instead, he reached out and held her finger.

He Huan's fingers were a little cold, and it was very comfortable to hold Bing Bing. However, she felt more heartache for her. She was in a warm place like the clubhouse, but her hands were still cold.

qin mo's heart ached a little. he thought that his mother had the same thoughts as him. he huan's body really needed to be recuperated for a while.

Originally, they were holding hands, but now their fingers were interlocked.

He Huan silently turned to look at him and reminded him in a soft voice, ” “drive carefully.”

Qin mo smiled and kissed her hand. Then, he let go and focused on driving.

It was only a half an hour's drive from here to Wei Ya's hotel. They arrived very quickly, and it was exactly seven o'clock sharp when they arrived. Wei Ya had also started their meal.

For events like this, Qin mo would usually just say a few words at the start and then start a dance. After that, there would be almost nothing else to do. He would usually leave early and would not eat with the employees.

Hence, in the eyes of King Entertainment's employees, boss Qin was a rather cold and aloof person.

this time, it was the first time that president qin had brought his wife to the office. when qin mo appeared with he huan, everyone was quite happy because he huan wasn't wearing a formal dress. she was wearing a white coat with a green wool skirt underneath. after entering for a while, qin mo helped her take off her coat and was extremely careful.

any woman would be envious of such care, but he huan was used to it.

Naturally, she sat at the main table with Qin mo. The people at the same table were all the higher-ups of King Entertainment. Naturally, they all wanted to curry favor with he Huan. He Huan was a famous director herself, so of course, she wouldn't show any fear at such an occasion.

However, she was using the identity of Qin Mo's wife today, so she was quite easy-going and didn't lose her dignity.

in fact, with he huan's personality, she would never be too disgraceful. she would never pay too much attention to irrelevant people. she had always been indifferent, which was in line with her identity.

Qin mo went on stage and gave a simple speech for a few minutes. Naturally, he was free and at ease, with a graceful demeanor.

in the audience, countless women looked at him with adoration, but they also knew clearly that boss qin could only watch from afar.

this year, president qin spoke for two more minutes on stage. the reason was probably because he huan was in the audience, so he enjoyed the feeling of being on stage because he huan's eyes would occasionally fall on him.

Chapter 4468: He Huan, I still like you (4)

after qin mo finished speaking, the beautiful female emcee praised qin mo with exaggerated words. then, she smiled and signaled president qin to start the dance.

Secretary he, who was sitting in the second seat, secretly heaved a sigh of relief. Finally, she did not need to show up today.

she really didn't dance well with president qin.

At this moment, Qin mo had already left the stage. He walked to he Huan's side and bent down to whisper a few words to her.

He Huan was a little surprised. She had never known that she had to start dancing, but a girl of her family background would definitely know how to dance, and she would dance very well.

Although he Huan wasn't wearing a formal dress today, she was wearing a bright green sheepskin dress that made her look fresh and warm. Coupled with he Huan's fragile and beautiful face, she really won over all the female celebrities.

...

Even su Yiliu was killed in seconds.

When Qin mo and he Huan stood together, they were much taller than her. He was 184, while he Huan was only slightly over 160.

the DJ at the venue was playing a very soothing love song from United Kingdom. it was romantic. qin mo brought he huan to dance. it was unknown if this song was deliberately played, but it was also played on their wedding day. qin mo also brought he huan to dance on that day.

"how do you feel?" qin mo lowered his head. "i saw you eat something. is it to your liking?"

what he didn't tell her was that this table was a special dish, a table of dishes specially made for her. it was very nourishing, and of course, the higher-ups were not used to eating it. a table full of men, and this dish was either yin nourishing or estrogen replenishing.

The expressions of the higher-ups were very interesting, but he Huan did not know.

She raised her head and smiled."it's pretty good."

She did take a few bites and it tasted pretty good. After a while, Qin mo stopped talking and enjoyed the moment while dancing with her.

everyone in the audience was drunk at this beautiful moment.

other than su yiliu, who looked at qin mo and he huan hugging each other, her eyes filled with disappointment.

she didn't know why qin mo still chose he huan. she was the one who could give him happiness the most.

She had heard that he Huan had a miscarriage and could no longer give birth because Qin yihuan had to be the successor of King Entertainment. She had been sent to a nursing school to receive training because he Huan had no chance of giving birth to another boy.

but she was different. she was still young and could give birth to three, four, or five yingluo. she believed that she and qin mo would have the best genes.

But she didn't have a chance anymore. Did she really not have a chance?

many people saw su yiliu's dejected expression and sighed in their hearts. su yiliu used to be so close to the title of mrs. qin, but she didn't expect he huan to come back so easily.

actually, it wasn't. he huan was there, and boss qin was just throwing a little tantrum.

now that everything had been turned around, su yiliu would not have much of a chance, but it was hard to say ...

The competition between women was not limited. For example, the winner of the best dress tonight was to dance with President Qin. They heard that su Yiliu had put in a lot of effort to win the best dress for sure, although no one had expected he Huan to come.

the music ended after the last bit, with each of them having their own thoughts.

Qin mo gently hugged he Huan in the music and whispered three words into her ear, "

Even he Huan was stunned and looked at him in a daze.

"are you dumb?" qin mo smiled lightly. " isn't it normal to confess to your wife? "

Chapter 4469: He Huan, I still like you (5)

he huan's breathing stagnated for a moment before she slowly said, "but there are a lot of people ridiculing us now."

"they can't hear us, it won't affect anything. besides, ran ran ..." qin mo's voice was slow."Sometimes I can't help it."

He Huan wanted to say something, but then she realized that they had been standing on the stage for a long time after the dance, so she bit her lower lip. "We should get off the stage."

qin mo smiled and brought her down.

As Qin mo was the president of King Entertainment, he naturally received toasts from many people. The usually cold and aloof President Qin was very approachable today and seemed to welcome everyone.

Of course, there were also people who toasted he Huan, but they were all rejected by Qin mo. However, he did not allow her to drink with anyone else and personally fed her a glass of red wine.

...

he huan's body was fragile, and her cheeks were flushed red after she drank the red wine. she looked very pretty, and her straight black hair made her look especially young. if one didn't know her, one would never have thought that she was already in her early 30s.

as for qin mo, he was already 38 years old. it looked like there was a huge age difference between them.

He Huan leaned back in her chair and looked at Qin mo. He had already stood up and went to another table. After all, President Qin needed to entertain him.

she also felt that he was in high spirits today and had come back to pour wine for him a few times. he huan was afraid that he would really get drunk and couldn't help but remind him, "Qin mo, don't drink so much."

He was drunk, and she had to be tortured. She knew it clearly in her heart, and he seemed to be deliberately making himself drunk.

Men were all bad.

qin mo sat down and poured himself another glass of red wine. he couldn't help but smile when he heard he huan's words. he leaned over and muttered, "you're afraid that i'll do something to you when i'm drunk, huh?"

he huan looked at him and said in a low voice, "qin mo!"

He smiled and leaned closer,"I won't get drunk. Don't worry." I still have to bring you home."

he huan pursed her lips and looked at him again.

qin mo stretched out his hand and pressed it on her shoulder. he smiled and left the table to socialize with hanhan.

It was rare for them to be so intimate, and everyone thought that President Qin and his wife had a harmonious life.

Just as Qin mo was entertaining the guests, the emcee had already received the voting for the best-dressed person of the night-

well, the host was a little stressed. after all, the first place was su yiliu, and president qin's wife was second.

in fact, if the president's wife was around, people would usually vote for he huan, but if su yiliu had so many votes, it was fishy.

The emcee thought about it for a while, but after thinking about it, she decided to test President Qin. She directly announced su Yiliu's name. Of course, the audience was surprised, and some even gasped.

That's right, although su Yiliu was dressed well tonight, he Huan and President Qin looked more compatible. President Qin was very casual tonight, wearing a classic black and white suit, but it wasn't a very formal style and looked a little casual. He looked very compatible with he Huan.

Su Yiliu's light purple gown was too Grand, a standard red carpet look.

After the emcee announced the names, he Huan did not have much of a reaction. Qin mo had probably forgotten about this matter. It was only after the emcee repeated the names that he remembered.

qin mo didn't go up the stage first. instead, he looked at he huan and ran ran.

He Huan also looked at him.

He smiled and went on stage. Su Yiliu also went on stage confidently, ready to dance.

Chapter 4470: the most romantic thing (1)

qin mo took the microphone from the host and said with a smile, " my wife probably wouldn't agree to me dancing with a female star, so I gave this opportunity to our Vice President.

the vice president of KING entertainment was stunned. he opened his mouth and wanted to say that he had a wife too, but since president qin had spoken, he had to do it no matter what.

later, when he was punished to kneel by his wife because of this dance, he remembered that he was the one who thought of this show. he had created it many years ago to please president qin and he huan so that they could dance one more dance. who knew that it would hurt him instead?

the vice president went to dance, and his chubby middle-aged body was a sharp contrast to su yiliu's slender figure. although the body shape was wrong, the status of the vice president would not disgrace su yiliu.

She gritted her teeth and had no choice but to accept it.

at this time, qin mo returned to his seat and helped he huan put on her coat, scarf, hat, and even gloves. he said goodbye to his deskmate and was about to leave.

...

From start to finish, he had stayed there for about an hour.

he held he huan's hand and walked out. everyone was watching. on the stage, su yiliu was gritting her teeth and dancing with the vice president. off the stage, the vice president's wife was staring at her husband, afraid that her husband's hand would touch her. young women in the entertainment industry were all little vixens, and she had to be careful.

He Huan and Qin mo walked out of the main hall. It was a little cold outside, so she shrank her head.

Qin mo laughed and reached out to stroke her hair. "You're so afraid of the cold?"

He Huan glanced at him. you haven't had a few mouthfuls of wine. Why don't you eat more? "

"Concerned about me?" He mumbled, " he Huan, if you really care about me, then treat me better.

They entered the elevator. There were only the two of them. He Huan was looking at the mirror. They were both in the mirror, and Qin mo was still holding her hand.

She struggled but could not break free from his stubborn grip on her hand. Their eyes met in the mirror, not letting go of her expression.

"What do you mean by treating you better?" she asked in a low voice.

” you care about what i wear every day, pick out a tie for me, and you picked out my shirt for me from the mall. you’ll call me when i’m late for business. ” he said it very quickly, as if he had been thinking about it in his heart for a long time.

“These personal assistants can handle it.” He Huan glanced at him.

“And I hope that this person is Mrs. Qin.” As he spoke, he hugged her without any reservations and lowered his head to kiss her.

he didn’t care if the elevator door would open at any moment.

He Huan was stunned for a moment and instinctively wanted to push him away, but Qin mo seemed to be in a good mood after drinking. He cupped her face and kissed her while muttering, ” “accompany me for a walk outside.”

“It’s very cold outside.” She bit her lower lip.

qin mo’s eyes were very close to hers, and he had a smile on his face. ” “then let’s walk for a while. i’ll get the driver to follow us from a distance.”

he huan still wanted to reject, but qin mo insisted.

When they walked out of the hotel, he took his coat from the car and draped it over her shoulders, only revealing her eyes.

he huan was speechless-if he wanted to be romantic, she was dressed like a bear now. he was afraid that he would be disappointed.

However, this did not affect him at all. He held her hand and strolled along the streets of B city.

The night was a little cold, but there was a hint of the New Year’s atmosphere in it, which made it seem cold and rich.
