Chapter 4481: even if she can't give birth, i still want it (4)

Her assistant wasn't good at other things. She was a little silly and cute, but her writing skills were particularly strong. He Huan only gave a few words of advice.

However, Qin mo had already finished his bath when she was giving her instructions. He walked out in a bathrobe and wiped the water off his black hair with a towel. Naturally, he heard he Huan's words.

He Huan raised her eyes. She knew that he had heard her, but she lowered her eyes and continued to give instructions.

qin mo looked at her and said.

After the call ended, Qin mo threw the towel in his hand onto the sofa. He walked over to the bed and sat down. He reached out to stroke her hair. " what did su yiliu do to you? why did you have to do this to her? "

"i know you're not a meddlesome person," he said.

...

He Huan waved her phone. the fact that I can't have children is on the search list. Who do you think did it? "

This kind of thing was not known to most people, and women who had no ulterior motives towards Qin mo would not know. Su Yiliu had done it without a doubt.

you can do whatever you want, " Qin mo said in a low voice. also, I'll give her a warning.

Although the SU family and the Qin family had a good relationship, it didn't mean that Qin mo was willing to let his wife be stepped on by others. Furthermore, his personal matters would be magnified and hurt infinitely.

even though it was the new year and it was already midnight, a phone call from president qin was enough to freeze su yiliu. even though she was still backstage at the live broadcast of the spring festival gala in B city, her assistant had already asked people to write several drafts, talking about how she was overpowered by beauty, how she was a rare and beautiful female star with a good family background, and how she was suitable for the rich and powerful.

However, Qin Mo's phone call had cut off su Yiliu's acting career. It was all frozen, and the manager almost did not sleep at night. She wanted to know why, why, why, why.

However, when the call reached Qin mo, it naturally stopped. No one would dare to give President Qin's private number to a small manager. Su Yiliu did have Qin Mo's number, but when she called, she found out that she was on Qin Mo's blacklist.

an hour later, an article about su yiliu's broken dream of a rich man replaced the previous one on the hot search list. it was the hardcore first, and it had surpassed all the other big and small flowers of the spring festival gala, taking the first place on the hot search list for the whole day.

su yiliu's manager had a rough idea of what was going on, but she couldn't do anything about it, and KING entertainment didn't do anything either. this could only be ceo qin's idea.

In other words, su Yiliu's career was over. She would never be popular again. The company had invested a lot of resources on her in the second half of the year. It was a waste. Of course, President Qin was angry for her.

as for the beautiful woman, it was obvious that she was mrs. qin.

the manager was also an old hand at KING entertainment. he had long known that su yiliu would never marry into the qin family. before this, she had only wanted to create a rumor, but president qin had never taken it seriously. how could a woman not know how a man treated her?

Alright, she's already remarried, and you secretly made up that kind of news release to suppress her. Alright, Wanwan's done for, he Huan's been suppressing you so badly that you can't even make a comeback.

The power of the main palace was on display.

the manager also gave up on su yiliu and let her do whatever she wanted.

naturally, su yiliu did not sleep well the entire night. she returned to KING entertainment overnight for a stroll.

Chapter 4482: Even if she can't give birth, I'll take it 5

Su Yiliu didn't sleep well the entire night, so she rushed back to King Entertainment to look for he Huan and Qin mo. In the end, she had to ask ye Liangqiu in the morning to know where they were.

Ye Liangqiu had heard about everything from her confidant, but she didn't say much. She only said, "Let's see what Qin mo and he Huan think about this."

She paused for a moment before saying, "miss su, you're actually a woman too. Yingluo did something inappropriate." &Nbsp;

Miss SU's words showed ye Liangqiu's attitude.

this was true. putting aside her personal feelings, su yiliu had gone overboard this time.

She was about to hang up the phone as there was nothing else to say. Su Yiliu hurriedly called ye Liangqiu 'Auntie', but ye Liangqiu gave her time to finish her sentence. Su Yiliu hesitated for a moment before asking carefully, " "Director he can't have children anymore. You and Uncle don't mind?"

...

Ye Liangqiu's voice was very calm. as long as Qin mo likes it, it's fine. Besides, they already have feelings for each other. It doesn't matter whether they have children or not. Taking a step back, it's not interesting. Qin mo isn't the only son, so he doesn't have that much pressure.

with that, she sighed and hung up the phone.

in fact, she used to like su yiliu quite a lot. she thought that su yiliu was quite transparent, but in the end, she still couldn't afford to lose to ran ran.

Ye Liangqiu ended the call. Qin Anlan looked at her and she sighed as she explained the situation.

qin anlan didn't say anything, but ye liangqiu still couldn't let it go. " " he huan is a little stubborn, but she wouldn't do such a sinister thing. i've misjudged her. if qin mo really wants to do it ... "

Qin Anlan consoled his wife silently.

on the other end of the phone, su yiliu's entire body was trembling. she naturally knew the consequences of qin mo's suppression.

Not only her, but her family's career would also be affected, just like the he family. Therefore, she had to see Qin mo and beg him.

When su Yiliu drove to Qin Mo's mansion, she had not even removed her makeup. She did not have the time or energy to care about her appearance.

At 8:30 in the morning, her car arrived at the entrance of the villa. The security guards would not let her in. Su Yiliu begged for a long time before she agreed to ask Mr. Qin. Of course, she had to go through the Auntie at home.

Luckily, Qin mo had already woken up and was flipping through a magazine in the living room downstairs. He seemed to know that she was coming.

upon hearing the auntie's report, qin mo closed the magazine and said calmly, " "please invite her in."

the auntie went to tell her, and su yiliu was a little excited. she wanted to drive the car in, but the auntie immediately said, " "Sir said that you're not allowed to drive in."

"why?" su yiliu was stunned.

The helper's expression was a little strange. because Madam is asleep. Sir is afraid of waking Madam up, so he can only trouble miss su to walk a few more steps.

su yiliu's heart was filled with bitterness, and she couldn't describe it.

This was also the most embarrassing moment of her life, but she gritted her teeth and endured it.

He Huan had experienced this kind of pain before, so it was not a big deal.

she endured the pain and walked into the villa. when she entered the entrance, she saw qin mo drinking coffee. the sun shone on him, making him look warm and comfortable.

As for su Yiliu, she had not slept for an entire night. No matter how warm the place was, she would still feel cold.

she pulled the coat on her body and walked in front of qin mo. " "President Qin,"

Qin mo raised his eyes and looked at her for a while. "you're here early in the morning to pay a new year visit?"

Chapter 4483: even if she can't give birth, i'll do it 6

Su Yiliu was naturally embarrassed, and after a long time, she whispered, " "president qin, it's my fault."

"i thought you were here to wish he huan and i a happy new year. what's wrong with that?" Qin mo smiled slightly, but the smile was a little cold. It did not reach the bottom of his eyes and instead made people feel cold.

Su Yiliu's voice was bitter. it's my fault. You can punish me however you want, but can you let my parents go? they didn't do anything wrong.

at this point, she already knew he huan's position in qin mo's heart. she didn't dare to think about anything else.

however, he was still a little unwilling.

after she finished speaking, qin mo's gaze remained indifferent. after a long time, he smiled and said very indifferently, " "Then tell me, what did you do wrong?"

...

without a doubt, this was especially embarrassing. su yi and liu wei closed their eyes. " i shouldn't have asked someone to write a draft saying that director he can't have children anymore. "

when she said that, qin mo looked straight at her without missing a single word.

Then, he said coldly, " "he huan is my wife. what does it have to do with anyone else? Does it have anything to do with you?"

he rarely treated women so rudely. at most, he would be a little cold, but now he was almost impolite.

At this moment, he was not King Entertainment's CEO making things difficult for his subordinate. Instead, he was protecting he Huan as her husband and helping her vent her anger. That was all.

Naturally, su Yiliu could not say a single word. After a long time, she whispered, " do you love her that much? do you really not care?"

"right! i love her! i love he huan regardless of whether she can give birth to a child or not. it has nothing to do with anyone else." Qin mo obviously didn't want to talk to her anymore. " i won't do anything to your family. they're not worth my time and effort. however, all your resources at KING entertainment will be taken back. that's all. now, get out. "

qin mo's rudeness made su yiliu even more embarrassed. she looked up and wanted to say something, but she couldn't because she saw he huan standing at the stairs quietly.

Su Yiliu wanted to speak, but her throat was dry. In the end, she could only whisper, " "I understand, President Qin."

in the end, she still walked out with her back straight and a little proud of her good family background.

qin mo already knew from su yiliu's gaze that he huan had woken up. he turned sideways. " "Did I wake you up?"

he huan was wearing a nightgown. it was his.

it was coffee-colored, and because it was a little too big, it looked funny on her, but it was also a direct blow to su yiliu, who couldn't help but leave.

He Huan walked down slowly and sat beside Qin mo. She took a sip of coffee from his cup and said, " "it's so bitter,"

"Black coffee, no sugar." He muttered, then took it away from her hand and called for the helper to pour hot milk.

"i don't want to drink milk." he huan bit her lip and whispered.

Qin mo looked at her fair little face and raised his voice again, " "nourishing red bean."

"Qin mo, you're too bad." He Huan couldn't take it anymore. He was so childish. He knew that she didn't like it, but he had been bullying her since they were teenagers, and he still didn't feel sick of it.

He Huan was speechless. Qin mo, it's the New Year's Eve today. Can't you just let me off for one day? besides, shouldn't we talk about su Yiliu? "

"she's not important." qin mo frowned.

Chapter 4484: Even if she can't give birth, I'll still want it 7

He Huan looked at him and asked, "why is it not important?" She's the one who made everyone on Weibo say that I'm a hen that can't lay eggs!"

"I'll see what you can do next." Qin Mo's voice had a hint of a smile.

he huan just glared at him.

Qin mo reached out and gently stroked her hair. His voice was a little low. you don't care about people that much. Our director he has always been transparent and doesn't care about trifles. Why are you so emotional now? besides, we're interested in making love, so marrying me is like laying an egg for our qin family."

you're biased. he Huan continued to glare at him.

"i've always been biased towards you. i'm glad you've finally realized it, mrs. qin."

...

he huan's voice was very slow. " i was going to kill su yiliu. "

qin mo held back his laughter and asked in a serious tone, " "Mrs. Qin, how are you going to kill her?" As he said that, he pulled her straight black hair.

he huan stared at him. " of course i have my own way. "

Oh, " he said. with my power? "

" don't think that i don't know that you were being merciful to her and didn't want to harm her family, okay? " He Huan snorted in dissatisfaction.

Qin mo smiled and pulled her into his arms. After a while, he said softly, " "He Huan, do you care a lot about what Yingluo wrote in the draft? If you want a child, we can adopt one."

"can i take over the family business for yihuan?" he huan asked.

qin mo answered her seriously, ” “You can’t!”

“Then don’t adopt it.” he huan rejected him directly.

She was being unreasonable today, but she was just a little cute.

“you want a working machine?” qin mo asked, not knowing whether to laugh or cry.

He Huan sized him up. After a while, she suddenly said, ” ” then you’ll train every day and work until you’re 80 years old. you’ll wait for the next generation to inherit the family business. ”

Qin mo looked at his wife with an expression of disbelief. After a while, he pulled her into his arms and touched the center of her hair with his chin.”don’t you feel bad for me at all?”

“I don’t feel heartache.” He Huan said firmly.

qin mo saw from the corner of his eye that the auntie was bringing a cup of food over, so he smiled.
” “If you really don’t feel sorry for me, then I won’t feel sorry for you either.”

as he spoke, he took the cup of red beans and took a spoonful.”It’s very fragrant,”

He Huan looked at Hong Dou with a bitter expression.”I refuse.”

qin mo’s voice was low. ” it’s useless to reject because i don’t care about you. ”

He Huan wanted to run away. He couldn’t help but think about the process of being pressed down by him to feed Yingying.

The main thing was that with the Auntie around, if she didn’t listen, he would personally feed her!

After he Huan finished eating, she went upstairs. After a while, Qin mo heard the sound of vomiting coming from upstairs. His heart tightened and he immediately went upstairs to the bathroom. He Huan had indeed vomited.

Qin mo patted her back and said in a gentle voice, ” “It’s my fault. I won’t force you to eat it next time.”

He Huan felt extremely uncomfortable, and her voice was light.”it’s too late,”

“i won’t eat it again.” she covered her mouth and glared at him.

at this time, qin mo still cared about her and had to coax her properly. after taking care of her and coaxing her, she finally stopped being angry. however, after calming down, qin mo still muttered, ” go to the hospital for a check-up, in case she’s pregnant. ”

He Huan was stunned for a moment before she said with certainty,”i vomited because i ate red beans. i won’t get pregnant.”

however, qin mo was insistent. he was afraid that she might really be pregnant because qin chen had said that he huan’s body couldn’t take pregnancy. he cared so much about her that he had to get rid of the doubts in his heart.

Chapter 4485: you are my joy (1)

Qin mo stared at her for a while before whispering, ” “i’m worried. let’s go to the hospital.”

He Huan bit her lip, then impatiently said, ” “Qin mo, you’re so annoying.”

She gave him a push because she was impatient.

Qin mo reached out and grabbed her hand, pulling her into his arms. He Huan couldn’t escape and was about to throw a tantrum. ” qin mo, let me go. i don’t want to go to the hospital. ”

he did not let go. he held her in his arms in a strong and manly way. he huan could not move and could only stare at him.

Qin Mo's voice was low. are you going to listen to your brother? ”

...

The way he addressed him made he Huan freeze for a moment. She also remembered that when she was very young, she followed behind him and always called him Brother Qin mo. Later, he asked her to call him brother instead of the word 'Qin mo.'

she had been calling him 'brother' for a few years. it was only when her period came and they stayed in a hotel for a night that qin mo stopped her from calling him 'brother'. sometimes, she felt that he was quite fickle and kept changing his mind.

One moment, she was calling him brother. The next moment, she was calling him Qin mo. Now that they were already an old couple, she was still calling him brother.

“i'm not your brother.” he huan bit her lower lip.

“What's that?” there was a hint of a smile in qin mo's eyes, and his gaze was burning.

He Huan pushed him. put me down. It's uncomfortable to hold me like this. I want to vomit again.

Qin Mo's voice was a little low. I'll still bring you to the hospital for a checkup. You're not allowed to reject me.

after he finished speaking, he carried her back to the bedroom and sat her down on the bed. he went to get her clothes and changed her. there were three layers of clothes inside and three layers outside. he huan's protest was useless.

qin mo also changed his clothes and said, ” “I'll have breakfast later.”

He Huan still wanted to say something, but it was useless. He brought her downstairs and asked the Auntie to take care of Yi Huan. The little guy had to wake up later.

When the two of them got into the car, he Huan turned her head and looked at Qin mo. “You’re making a mountain out of a molehill. I really only vomited a little. I’m not pregnant. Besides, Yingluo ...”

As Qin mo fastened his seat belt, he heard her pause and turned his head. “what did you say?”

he huan’s face turned red.

qin mo smiled. ” besides, ran ran, i’ve always had protection, right? ”

He Huan’s face turned even redder, and she bit her lip as she glared at him.

Qin mo laughed. why? are you embarrassed? ”

he huan’s face was still very red. he quietly admired her for a while, then reached out to touch her face.”It’s best if you’re not pregnant. Otherwise, it’s my fault.”

when he reached the end, his voice was hoarse and gentle. even he huan, who was used to being with him, felt that qin mo was especially gentle at this moment.

However, she also knew that he was gentle at this moment, but he was particularly hateful at critical moments.

He Huan sat up straight. She knew that she could not escape, so she said softly,”You drive, stop looking.”

Qin mo smiled gently and started the car.

Going to the hospital was a mistake. He Huan had eaten red beans, but she wasn’t pregnant.

The doctor prescribed some medicine for her stomach and scolded Qin mo as he did so, ” ” don’t force yourself to eat things you don’t like. you’re married, so there’s no need to have such a bad taste. don’t bully me so much. ”

Even someone as thick-skinned as Qin mo blushed a little, but he didn't say anything in the end.

when she left the hospital, she pulled he huan and walked faster.

Chapter 4486: you're my joy 2

After getting into the car, he took the medicine and looked at it for a while before putting it down. He looked up and asked her, "do you still feel uncomfortable?"

he huan shook her head. "i'm alright."

Qin mo ruffled her hair and started the car.

the car slowly drove back to the villa. it was already 11 o'clock, and it would be lunch time soon. ye liangqiu had called and asked them to go to autumn garden for lunch.

He Huan took the medicine and looked very reluctant. Qin mo poured her a glass of water and looked at her. "You don't want to take your medicine?"

He Huan held the cup and looked at the medicine silently. She rubbed it gently with her fingers and muttered, "don't you think i've been taking medicine ever since we got together?"

...

Miscarriage, fever, cold, and now she's in a bad condition.

Qin Mo's heart ached and he went over to hug her. "it's my fault. i won't force you to eat it next time."

after a pause, he coaxed her again. "be good and take your medicine."

he huan also felt uncomfortable, but she still took the medicine, although it was a little bitter.

after eating, her little face was wrinkled and especially small and fair. qin mo couldn't help but kiss her again.

he huan glared at him, "i'm already like this, and he's still not being honest!"

Qin mo pinched her small face with one hand and brought over a stack of desserts with the other. eat a little. It'll take at least an hour to finish the meal at my parents' place. There's no sugar in this.

he huan's mouth was very picky. she only ate a small bite and tasted it once to make sure there was no problem before she ate a little. whenever she was picky, qin mo would feel that she was hard to take care of, even harder than yi huan.

Qin Mo's gaze was fixed on her, and there was a hint of love in his eyes that could not be hidden.

In fact, he really liked the way she was right now, the way she needed his care.

however, he restrained himself and waited for her to eat. then, he drove to autumn garden with yi huan.

The New Year's atmosphere in the autumn garden was even stronger. Other than ye Muyun, all the children of the Qin family had returned. Qin Mu and Qin Chen had both brought their children back.

Little Yi Huan also had a playmate. However, she was the youngest among them and was very doted on.

While waiting for the meal to start, he Huan watched the children play and smiled.

qin mu didn't interact much with he huan, and it was rare for them to get together. however, they often played together when they were young, and their temperaments were more similar. after all, qin chen had been a boy since he was young.

qin mu handed a cup of hot fruit tea to he huan. "second brother asked me to give this to you."

He Huan took it and unconsciously looked in Qin Mo's direction. He was talking to Lan Yu and seemed to be having a good time, while Zhou chongguang was smiling at the side.

The scene of the three handsome men together was very pleasing to the eye, so he Huan also took a second look.

Qin Mo's gaze swept over with a deep meaning.

There was also an inexplicable smile, which was quite meaningful.

he huan immediately turned her head and did not look at him.

who wants to see him!

Her awkward look seemed to please him. Qin mo laughed softly and continued to talk about the market with Lan Yu and Zhou chongguang. Naturally, his every move was filled with mature charm.

qin mu smiled beside he huan. " second sister-in-law, you and second brother seem to be very close. "

He Huan retracted her gaze and looked at Qin Mu. "Where?"

"even a blind man can feel it." It was rare for Qin Mu to be so rough. I can't even stop your adultery.

"Qin mo and I are legally married," he Huan frowned.

Chapter 4487: You're my joy 3

"There's no adultery like you said." She looked at Qin Mu again.

qin mu was surprised. ” oh my! they’re legally married! ”

then, she smiled lightly. he huan bit her lip. ” qin mu, you’ve become bad. ”

qin mu’s expression was very happy, and it was enough to show that she had been living well all these years. the young lady who used to be the most troublesome in the qin family was finally happy. it had not been easy for her and zhou chongguang to get to where they were.

She was most grateful for having a sister like Qin Chen.

Qin Mu looked at Zhou chongguang, his eyes filled with unconcealed love. Zhou chongguang probably also sensed his wife’s gaze and returned a gentle smile.

...

He Huan looked at them and suddenly had a feeling.

She seemed to rarely, or perhaps never, see Qin mo naked like this. Even when she fell in love with him, she would restrain herself and hide it, as if she was unwilling to admit it to herself, him, and to others.

He Huan’s eyes were a little confused. After a long time, she let out a long breath.

She seemed to have missed many, many things.

when she looked at qin mo again, there was a complicated look in her eyes. it was something that qin mo had always wanted but could not get.

The complex yet clear emotions could be seen in her eyes.

At this moment, Qin mo wished he could return to his villa and spend some time alone with her, forcing her to say all the things that were in her heart.

but now, he could only suppress himself and talk to lan yu and the others as usual. however, after a while, he couldn't help but stand up and walk to he huan. " don't you feel cold standing at the door? It's time to eat."

As he said that, he hugged her and walked to the dining room, ignoring the others. He Huan was a little embarrassed. yihuan, she's too shy.

"you want to interfere when the kids are playing together?" qin mo smiled and took a warm wet towel to help her wipe her hands. " don't forget that you're still a patient. patients need to be taken care of. "

when he spoke, his eyes were clearly fixed on her face.

he huan bit her lip and could not take her eyes off him.

This scene was exactly what he Huan had described as an unconcealable feeling of treachery. After a while, he Huan finally realized that something was wrong and said softly, " let go of my hand."

qin mo smiled and let go of her.

however, even a blind person could see their sweet little tricks, so naturally, qin chen could see it too.

She took a fruit into the kitchen, looked at her mother, and smiled. "Qin mo is very close to his wife now. Mom, you don't have to worry. I saw a little love in he Huan's eyes just now, and it's rare. Actually, it's he Huan who has been unmoved for so many years. Fortunately, Qin mo also guarded it with his life, which was why he got such a look. That's a treasure, hehe."

Ye Liangqiu felt gratified, but he also sighed."it's not easy. he huan's personality is a little slow to warm up."

Qin Chen took a bite of the fruit and said, " it's Qin mo. If it was anyone else, they probably wouldn't be able to wait for him for a lifetime. He Huan is very picky and she's good at everything.

"You say it as if you're not picky." Ye Liangqiu glanced at her 'daughter' and sighed in her heart. If it wasn't for Lan Yu back then, Qin Chen would probably still be neither a man nor a woman!

All of Qin Chen's injuries had been cured by Lan Yu. Qin Chen was Lan Yu's doctor, so how could Lan Yu not be Qin Chen's?

Chapter 4488: You're my joy 4

The meal was lively and full of people.

after eating, the children stayed in the autumn garden, while the adults were free to do whatever they wanted.

he huan was supposed to stay in qin mo's room upstairs to rest, but qin mo came in with his jacket and he had he huan's jacket in his hands.

when she saw it, she buried her face in the pillow. "I don't want to go out. You said I'm a patient."

Qin mo walked closer and sat by the bed. He reached out and pinched her little face. "mrs. qin, are you acting cute?"

"I'm not," he Huan glared at him.

...

"if you don't, then come out with me." Qin Mo's voice was low and hoarse. I know that you're not in pain anymore. You ate so much for lunch.

He touched it under the blanket. "You're like a little pig, why don't you get up and walk around to digest your food?"

He Huan said shamelessly, "didn't you say that I'm too skinny and need to be fatter?" i'm just lying down."

“you’re being stubborn?” he pinched her face and patted it affectionately before he lowered his voice. “Just take it as accompanying me.”

it was a pity that he had yet to be in a relationship at his age.

He Huan bit her lip and looked at him.

qin mo smiled. ” it’s fine if you don’t go out. we can take an afternoon nap together. ”

As he spoke, he was about to take off his coat.

“i think i’ll go out for a walk.” he huan said hurriedly and immediately sat up.

qin mo smiled, “good girl.”

he huan was actually a little angry. he was being unreasonable.

she was in a dilemma. she felt that she had missed out on some things in the past, but she did not want to forgive him. with these two emotions mixed together, she was a little hesitant. she did not know whether to leave him or start over. she wanted to think about it carefully, but qin mo did not want to give her time to think.

he huan sat up and qin mo helped her put on her coat. he then carried her to his knees and helped her tidy up.

” qin mo, ” he huan said softly, ” i’m already 32 years old. can you not hug me whenever you want in the future? ”

“you don’t like it?”

“It’s not that I don’t like it, I just find it a little strange.” Her voice was soft.

“if you don’t dislike it, then there’s no problem.” qin mo laughed.

As he said this, he reached out and tidied his clothes. He put her on the bed and helped her put on her shoes. He Huan was still not used to it. He was a little too good to her.

she was uneasy, but he held her feet to stop her from moving. he said in a deep voice, ” “As long as you don’t think about running away, you won’t let me down.”

he huan trembled and lowered her eyes to look at him.

qin mo raised his eyes and looked into her eyes. then, he smiled.”don’t leave me, okay?”

Her lips moved, and she finally squeezed out a faint smile. “didn’t you say you wanted to go for a walk?”

qin mo stretched out his hand and let her hold onto him. they went down the stairs one after another.

After getting into the car, he looked at her and smiled.”What do you want to buy? Jewelry?”

He Huan raised her hand. The pink diamond he had given her was on her fair fingers. I have this.

He laughed.

He Huan thought for a while. I’ll buy you a few shirts and ties. Didn’t you say that I never help you pick? ”

Qin Mo’s eyes became a little deep. After a moment, he smiled.”Alright,” he said.

“you’ll pay,” he asked as he started the car.

“I brought this.” He Huan waved the supplementary card.

It was still his money.

Qin mo laughed. No matter whose money it was, as long as she was willing to swipe her card in front of others.

Just like a normal couple, the husband was in charge of taking the things, and the wife swiped the card.

it felt good to be in charge of finance.

Chapter 4489: You're my joy 5

Just thinking about it made Qin mo smile slightly. His slender fingers held the steering wheel and he focused on driving.

the car drove to the largest shopping mall in B city, which was also the place with the most luxury goods in the world in B city. he huan would occasionally accompany her mother over. when she saw that he had brought her here, she bit her lower lip. "you're so vain."

Qin mo unbuckled his seat belt and raised his eyebrows."what else? do you think i wear custom-made clothes every day?"

He Huan looked at him with a 'isn't that right' expression.

Qin mo smiled again and opened the car door for he Huan.

they walked into the mall together and indeed shopped for men's wear. they were all top international brands. qin mo's identity and age naturally made him choose some stable, low-key, and luxurious brands. moreover, he preferred black. in fact, he huan secretly felt that black was very suitable for him. he always looked especially good in black.

...

Especially her legs, which were very long and straight.

after entering a certain brand, qin mo glanced at he huan. he huan helplessly helped him to choose.

&Nbsp; Mr. Qin obviously had good taste and insisted that she help him choose.

He Huan had been a director for a long time, so her taste was naturally good. She quickly picked out two shirts and two pairs of pants for Qin mo to try on. Qin mo took a look and placed his jacket in her hands.

She tried it on and found that it fit her very well. He Huan's measurements were all correct.

the saleswoman could tell at a glance that they were two big fish. this gentleman's temperament was really distinguished, and he had a feeling that he could book the entire place.

the saleswoman was ecstatic and took out all kinds of new designs."Sir, these are all our new designs."

yes. Qin mo didn't even look at it. my wife will help me choose.

Her attitude was not bad, but she was very arrogant.

the sales assistant didn't dare to be too rash after being scolded. after a long time, she finally said, "yes, sir. "

He Huan glanced at Qin mo and felt that he had gone too far and was too impolite.

of course, she would not embarrass qin mo in front of others. she simply picked out a black windbreaker for him and pointed it at his body. " "wouldn't it be too dark to be dressed in black?"

"I won't," Qin mo tried it on. It was just a symbolic gesture because he would like whatever he chose.

"if you like them all, i'll swipe my card," he huan said as she looked at him.

Qin mo nodded,"go ahead."

then, he stood next to mrs. qin and watched her swipe her card. the sense of accomplishment he felt was greater than the one he felt when he signed a billion-dollar case ...

The feeling of being controlled by his wife.

When he Huan was about to swipe her card, the store manager came over and said softly, " "Mrs. Qin, that gentleman's windbreaker is actually a female version, but it's just a skirt. Do you want to see it?"

He Huan wanted to ask how he knew she was Mrs. Qin, but when she thought about Qin Mo's fame and how he often appeared in magazines, she smiled and wanted to reject him. Qin Mo's voice rang out, " give it a try.

Compared to the average employee, the manager's observation skills were naturally better. With a closer look, he recognized that this was president Qin from King Entertainment. He was handsome and rich. It was said that he remarried recently. Today, he finally understood why President Qin did not want so many beautiful female stars and socialites and chose he Huan, his ex-wife.

How was this his ex-wife? she was simply a young girl.

she was very thin, and her legs were very thin. she looked very small in the wool dress.

Chapter 4490: you're my joy 6

She was very thin, and her legs were very thin. She looked very small in the wool dress, as if she was a little more than ten years younger than President Qin. She also had a really good face and looked really good.

the store manager couldn't wait to take out the black dress. it was dark and sun style, a little like pajamas but not like it. he huan frowned."it's too cold to wear it now."

“it’ll be fine as long as it’s out of 20 degrees. spring is coming soon. mrs. qin, i believe that this dress will look different on you. our brand doesn’t make women’s clothes, and this is the only one in B city.” the store manager said very solicitously.

In her heart, she thought that this dress was more suitable for a couple at home to have some fun. President Qin would like it.

qin mo went to the sofa to wait for he huan.

he huan went to try it on. after putting it on, she walked out and looked at the mirror.”Qin mo, isn’t it a little too short?”

...

Qin Mo’s gaze turned over and his voice was slightly hoarse. “it’s pretty good.”

he huan turned around and looked at him.

qin mo’s eyes were very clear and bright as he kept looking at her.

She had no idea how this dress would look on her. The black top hair, the black silk dress, and the wide cuffs of the sleeves were made from Sun Rings. The most unbearable thing was the contrast between the hems of the dress, one black and one white.

he huan would really die in this dress!

in qin mo’s black eyes, a small flame was burning. it could be said that he was plundering something.

“qin mo, is it not good looking?” “I’ll change.” He Huan bit her lower lip.

Qin mo walked over, his tall and slender body silently walking to her side. He reached out and pressed on her shoulder, his voice hoarse. “Buy it, I’ll use my card.”

he huan's eyes widened and she looked at him. "qin mo, didn't you say that you didn't bring your card? and i can do it myself."

He had already taken out his wallet. it's a man's duty to buy things for a woman.

While he Huan was still in a daze, the store manager had already received the card with joy. He smiled and said, "Although 280000 Yuan for this dress is a little expensive, the most important thing is that Mr. Qin likes it."

President Qin smiled slightly. Although he Huan was used to being rich, she felt that 280000 Yuan for a dress was an exaggeration. She wanted to say something, but Qin mo just shot her a look and she didn't say anything.

At the critical moment, she had to give the man face.

was qin mo a man who lacked 280 thousand yuan?

she didn't say anything, and the store manager took the card and swiped 280000 yuan. president qin was calm and relaxed.

he huan changed out of her clothes. other than her clothes, qin mo had his men send the rest of the clothes to the villa. he huan knew that he had decided to stay in the villa for a long time. she didn't say anything and knew that he still wanted to shop.

[illegible]

after he huan brushed his clothes at a few shops, she looked at him. I've already swiped a million Yuan into your card. Will it explode? ”

qin mo's gaze was a little strange. after a while, he laughed softly. you're thinking too much. This is my supplementary card. You can even use a private jet if you want to.

He Huan looked at him.

“the upper limit is 300 million,” qin mo replied after a pause.

he huan stared at him for a while before smiling.”I suddenly feel like it’s worth it.”

“i just found out, mrs. qin.” He hugged her waist in the corridor of the mall and leaned over to kiss her. “i hope i can repay you for being so generous tonight.”
