Chapter 4561: Isn't he pampering her a little too much? 2

yi huan liked to spray things all over the place, and this gave he huan a headache. she thought that a child like shen ting would have no problem taking care of yi huan, but she never thought that it was shen ting who spoiled yi huan to the point where she could no longer hold her own hands.

The idiot in life was Qin yihuan.

after shen ting finished cleaning up, he looked at the little fellow and reached out to pull her hair. ”
“I didn't want to try on your clothes, so I brought them back.”

yi huan's big little head popped out from the book and looked at shen ting. after a long time, she finally moved her little body, ” “I want brother Shen ting to come with me.”

Shen ting's heart felt warm. His fingers gently ran through her hair as he muttered,”Finally, I got it right for once.”

Before this, she had always called him big brother, and she couldn't change that no matter what.

...

yi huan heard him mumbling and lifted her head. ” “brother, what are you talking about?”

shen ting:

after a long time, he finally let out a breath. ” “It's nothing! i said you're stupid!”

“how am i stupid? You're clearly a smart baby.” “big brother is the stupid one,” the little guy mumbled unhappily.

Shen ting looked at her for a while and suddenly said in a low voice, ” “yes, i'm stupid.”

He must have become stupider because he liked little fool.

However, Yi Huan did not care about his feelings at all. She just wanted to try on her new dress. No, she wanted to try on her old dress.

yi huan skipped away happily, and shen ting followed behind with a smile on his face, but also a little disappointed.

The beginning was beautiful, but the process was not satisfactory, and the result was cruel.

after a period of time, yi huan's dresses had become too small for her to wear.

Even if she managed to put it on, it was still a tight Kasaya.

Little Yi Huan looked into the mirror and glared at Shen ting, who was also in the mirror, "Brother, you're lying. It's not pretty at all."

"It's too small," Shen ting smiled.

Yi Huan scratched her short hair in frustration. what should we do then? "

shen ting was a very pragmatic boy. he thought for a moment before quickly replying, "I'll buy them when the clothes don't look good."

As soon as he finished speaking, Yi Huan looked at him with a strange look.

"What's the matter?" Shen ting smiled.

"brother, you said you would buy me a new dress!" yi huan said angrily. you're lying!"

"didn't i say that we can't waste it?" he laughed.

He squatted down and conversed with the half-tall little person.

Up close, his heart was beating very fast. This little person was really too beautiful, especially her black and bright eyes. They were so innocent and unguarded when they crashed into his eyes.

Shen Ting's fingers couldn't help but touch her eyelids again, and he said in a low voice, "I can buy one as a New Year's gift, okay?"

Even if it was just one piece, Qin Yihuan was already very happy. It did not matter what she wore. What was important was that she urgently needed to prove that she was still beautiful.

Because Shen Ting had agreed to Yi Huan's request, he had brought it up to Qin Mo and He Huan during lunch. Qin Mo and He Huan were a little surprised by this.

However, Shen Ting was doting and knew his limits, so Qin Mo didn't have much to say. Besides, Shen Ting was already a big boy, and he wanted the two of them to spend more time together. So, he decided to drive them there himself and wait in the parking lot.

When he told He Huan about it, He Huan laughed and hugged his neck to kiss him. "Mr. Qin, don't you think you're being too lenient? It's unfair to Ye Xiangnan."

Chapter 4562: Aren't you pampering me too much?(3)

When he told He Huan about it, He Huan laughed and hugged his neck to kiss him. "Mr. Qin, don't you think you're being too lenient? It's unfair to Ye Xiangnan."

Qin Mo enjoyed this and took a few more kisses from her before saying, "To men, women are mostly accessories. The love affairs of the men in the Ye family are all very bizarre, so Mrs. Qin, I don't think I dare to take risks easily. What do you think, Yingluo? After all, we only have one precious daughter. It's more reliable to train a loyal dog husband, don't you think so?"

He Huan knew that he was right. This arrangement was definitely good for her, but what about Shen Ting?

When Shen ting entered their family, she naturally saw Shen ting as her own child. If there was a day when Shen ting was disappointed, she would be sad as well.

Qin mo understood what she was thinking and sighed. but for the future of the company, Shen ting must exist. I can't take the risk.

A person who was dedicated to Yi Huan was the most important condition to inherit King Entertainment.

...

When Shen ting saw Yi Huan's photo, he knew that Shen ting was the person he was looking for.

He was too familiar with that gaze.

ye muyun, qin mo, lan yu, and zhou chongguang all had such fervent gazes.

And this kind of fervour could support all the inhuman tests that were to come, as well as endure the unknown results.

It was cruel, but it was also the arrangement of fate.

Shen ting knew about it from the start, so he accepted it happily.

Why not accept it? if he didn't try, he would never get it. He might as well take a gamble.

This was a game and gamble for the rich, and even more so a bet between men.

shen ting accepted it.

After Qin mo finished explaining, he Huan was stunned for a long time. She then placed her face on Qin Mo's shoulder and didn't say anything for a long time.

Qin mo didn't say anything at first, but after a while, he couldn't help but smile. what's wrong? seeing the children like this, does Mrs. Qin want to fall in love too? ”

He Huan was still hugging him and sticking close to him. Her voice was soft and obedient, and she was trying to please him.

“qin mo, aren't we dating every day?” she asked softly.

qin mo, on the other hand, was surprised and a little surprised. he lowered his head to look at her.

he huan, on the other hand, was a little embarrassed. she buried her little face and turned to the other side, looking very embarrassed.

Qin mo laughed, 'didn't you confess boldly just now? why are you acting like this now? you're like a turtle that hides its head.’

he huan's little face was buried in the other side. wherever he went, she would run to the other side. however, as she ran, he caught up with her and kissed yingying.

just as they were playing sweetly, shen ting came over with yi huan. it was yi huan who wanted to set off.

However, the mother and father who were making out forgot to close the door, so the little baby opened his eyes wide and looked at them.

Shen ting was also shocked. He didn't expect this to happen.

Shen ting was stunned for a moment before he immediately covered Yi Huan's eyes to prevent her from looking. However, Yi Huan was still peeking through the gaps between his fingers. Shen ting had no choice but to carry the little guy into his bedroom. He was prepared to educate him.

However, before he could educate her, Qin yihuan sized him up like an old man and said slowly, ” ” daddy, mommy, kiss. brother, why is your face so red? ”

Chapter 4563: Aren't you pampering me a little too much?(4)

After Yi Huan asked, Shen ting's face turned even redder. Then, he pulled the little guy's short hair and said, "I'm a little hot."

qin yihuan covered her face in shock. "It's hot in this weather. Brother, you're different from the others."

"What's different?" shen ting was a little curious.

"You don't mean what you say, brother is different," Yi Huan said.

shen ting's eyes widened slightly. he couldn't believe that he had been played by a little brat, and it was the child he liked very much.

he stared at the little guy's little face, and his voice became even more hoarse. "what do you mean by saying one thing but not what you mean?"

...

Yi Huan did not say anything. She climbed onto his knees and touched his face. "It's a little hot."

Seeing her like this, Shen ting suddenly took her hand down, and his expression was very uncomfortable.

it was also a little scary.

at least, little yi huan was a little frightened. she looked at him and said in a low voice, "Brother, what's wrong?"

shen ting's expression was still very unnatural, but he still cared about the child's feelings. he reached out to cover her eyes and said in a low and hoarse voice, " it's nothing. i just thought of something. "

when she couldn't see him, he let out a long breath.

His warm breath brushed against Yi Huan's face. The baby felt very comfortable and began to chuckle.

Shen ting let out another breath,"what a little fool."

He didn't do anything else but cover her eyes.

After a while, Yi Huan Gu said in a strange tone, " brother, you must have done badly in the exam. You're going to get a one P one G beating.

shen ting didn't know whether to laugh or cry. where did this child's brain come from?

"I'm first in B city every time," he said as he put down his hand and looked at her.

In reality, he could go to the United States to study, but he had to stay with her in B city for three years. It was not Qin Mo's request, but his.

the past three years hadn't been easy for him either. other than his own homework, he had to learn about finance. KING entertainment wasn't the only company qin had to manage. in fact, the qin family's business had long been involved in many aspects, and the entertainment industry was just the tip of the iceberg.

shen ting was actually under a lot of pressure.

however, with this little cutie around, she probably wouldn't be lonely anymore.

Little Yi Huan held onto his hand, her eyes still blinking. After a while, she spoke again, " "big brother, mom and dad should be done kissing, right?"

When she said that, Shen ting's face actually became a little hot again. He gently turned his face away. I'll go downstairs first. You can go and take a look. If it's done, come and find me first.

Oh, " Yi Huan replied. She dragged out her reply and looked at Shen ting suspiciously, " brother, are you shy? "

"there's nothing!" shen ting replied very quickly, but he was also a little embarrassed.

As for Yi Huan, she dragged out her voice, " "But why do I feel like you're blushing? it's like you're embarrassed. Actually, brother Shen ting, you don't have to be embarrassed. There's a lot of people like that on TV, and Yingluo too."

Shen ting was in disbelief. you see this? "

Yi Huan looked at him as if she was looking at an idiot. they're all on TV. Have you never seen them before? "

"I've never seen it." He said bluntly.

his parents were also very conservative. they were busy scheming against each other in the family and nurturing him. how could they have such romantic relationships? he had only seen one live scene, and that was qin mo and he huan.

so, kissing was like this.

Chapter 4564: Yihuan, who is he?(1)

After Shen ting finished speaking, Yi Huan looked at him and saw a suspicious blush on his face.

"brother, you're blushing again." yi huan shrieked as she climbed onto shen ting's knees. she cupped his face in her hands and looked at him curiously.

shen ting's face turned even redder, and he awkwardly turned his face to the side. then, he said in a low voice, "I didn't."

The little Yi Huan smiled evilly. brother, you are. Your face is red again.

then, as she jumped down, she turned around and made a face at shen ting. shen ting then said a few words in a low voice, "

However, Qin yihuan could no longer hear him as she skipped away.

...

Shen ting let out a long breath, then slowly got up and went downstairs to wait.

He sat on the sofa and flipped through a magazine in boredom to pass the time and to hide his throbbing heart.

she was too young, and it would be a long process for her to grow up.

The process would be painful, but also sweet.

qin mo and he huan went down the stairs. yi huan was in front of them. after she jumped over, she called him 'brother'.

"done?" shen ting raised his eyes.

He was really a very good-looking and Noble boy. When he stood up, even he Huan could not help but be stunned.

Shen ting's appearance was no different from Qin Mo's when he was young. In fact, he was a little gentler.

when he huan was distracted, qin mo could see that president qin was filled with jealousy.

He stared at he Huan for a long time before he snorted, ” “Mrs. Qin, let me remind you that Shen ting is only 13 years old!”

He Huan knew what was going on, but she pretended not to know. She glanced at Qin mo and smiled. “This doesn’t stop me from admiring it.”

Qin mo pinched her face. Mrs. Qin, am I not enough for you? do you need to look at someone else?
”

He Huan’s eyes were filled with resentment as he sighed slowly, ” “qin mo, you’re old!”

&Nbsp; Mr. Qin was about to go berserk. He gritted his teeth and said, ” “he huan, what did you say? i’m old?”

“That’s right, you’re old,” he Huan said fearlessly.

qin mo wanted to strangle her to death. he narrowed his eyes.”Mrs. Qin, I’m not even forty yet.”

he huan smiled and said,”yeah, not even forty, only twenty-five years older than shen ting.” No, it’s the new year. I’m 26 years old.”

He Huan reached down the stairs and gently grabbed his collar. you’ll be 40 next year, Mr. Qin.

” miss he, you’re 33 years old now. you’re way past the age to act coquettishly. from today onwards, you’re not allowed to act coquettishly with me! ” qin mo also grabbed her small hand and snorted.

“if you don’t want to act coquettishly, then don’t.” “you’ll be begging me,” he huan muttered.

Qin mo was amused and angry at the same time. He reached out and pulled her hair, saying in a low voice, ” “you’ve got me, haven’t you?”

He Huan ignored him and walked over to pull Yi Huan and Shen ting into the car.

Qin mo, on the other hand, walked slowly behind her. He lit a cigarette and finished it while standing outside the car.

He Huan wasn't a patient person either. After waiting for about two minutes, she couldn't help but roll down the car window. She looked at Qin mo."How much longer do you want to smoke?"

Chapter 4565: yihuan, who is he?(2)

he huan wasn't a patient person either. after waiting for about two minutes, she couldn't help but roll down the car window. she looked at qin mo."how much longer do you want to smoke?"

Qin mo smiled and took a few more puffs before putting out the cigarette and getting into the car.

qin mo fastened his seat belt and navigated while casually saying, "i'll have dinner outside tonight."

Since no one had any objections, Qin mo started the car.

The car slowly drove on the streets of B city. On the way, Qin mo received a call from Secretary he. He said that the schedule for 214 had been arranged, but there was only 17% of the screening schedule.

secretary he was a little worried. " president qin, this arrangement might cause some trouble in the future. after all, i'm dealing with a commercial film. a literary film is not good to begin with. do you think we should organize it? "

...

Qin mo held the steering wheel with one hand and asked casually, "what about the future scenes after the screening? have you locked in?"

this was the usual method to prevent the theater from making any further adjustments. even if they bought two tickets online, the movie still had to be shown. the production company that ai jia was in was using this method, which was why "twin" couldn't get any resources.

after qin mo finished speaking, secretary he said, "from the 15th to the 20th, they locked in many matches. I don't think there's enough stamina, but they can't do anything about it.

"I know." Qin mo hung up the phone after he finished his sentence.

he huan knew what they were talking about. she wanted to ask, but she swallowed her words.

Qin mo naturally knew what she wanted to ask, so he patted her hand to comfort her. "i'll take care of it."

"oh," he huan replied and turned to look at him. then, she thought for a while. "qin mo, it's good that you've tried your best. other things don't matter. i don't care about fame or fortune. the only thing i care about is ai mengmeng. i really think it's not easy for her to be like this now. besides, rong yue is so angry."

Qin Mo's voice had a hint of a smile. I know.

"Don't worry, everything will be resolved," he said in a slightly hoarse voice.

He freed one hand and pinched her soft and tender face. His voice suddenly became hoarse."even if i have to, i have to get 1 billion."

he huan's eyes widened, and then he shrieked, Qin mo, are you crazy? why don't you just keep a billion for me to spend? "

Qin mo laughed, "this operation will bring about a rise in the stock market. We can earn it back from this. Oh right, I forgot to tell you that King Entertainment is the main producer of this film. For my sake, don't you think we should make it look better? "

he huan was a little speechless. "qin mo, you don't have to do this. it's clearly not a profitable project. "

qin mo laughed. ” we’ll only know later. but isn’t it the same whether you lose or i lose? ”

he huan knew that it was different.

she muttered softly and didn’t say anything else.

in fact, qin mo understood what she wanted to say.

The car stopped at the parking lot of a square. Qin mo unbuckled his seat belt and turned to Shen ting, who was sitting in the back seat. “Put on your phone and bring yihuan along. I’ll give you an hour and a half. Your aunt and I are on Starbus, on the first floor.”

Shen ting nodded, opened the door, and got out of the car. He even carried the little one down.

Yi Huan was very happy because she could finally go shopping with her brother alone.

however, she did not expect to meet brother nan.

Chapter 4566: Yihuan, who is he?(3)

at the entrance of a children’s clothing store, ye xiangnan and bai anan were there. wen yuan had brought them there. bai anan had picked out the clothes and was about to leave when she saw shen ting walking over with qin yihuan.

meeting, caught off guard.

Shen ting didn’t expect to meet ye xiangnan so early. He was a boy from a particularly good family. He was a year younger than him, and he was equally tall and good-looking. However, probably because of his body, his skin was very white, so he looked particularly refined and Noble.

Shen ting looked at her quietly. Suddenly, he loosened his grip, and the baby he was holding pounced over.”I miss brother Nan.”

ye xiangnan was originally standing, but he was also looking at shen ting with a deep gaze.

He was already aware of his family’s arrangements, and he liked Yi Huan very much.

...

she was pretty and had a cute personality.

He was indeed going to marry yihuan. However, there seemed to be a little accident. He knew about Shen ting’s appearance.

in the ye family, ye mu bai would tell him everything that was related to him.

this included yi huan’s matter and qin mo’s arrangements.

he could accept it.

as qin mo did not have a son and the qin family did not want qin yihuan to have a hard life, shen ting’s plan was to put the greatest pressure on shen ting, not on ye xiangnan.

as long as he grew up and did not like yi huan that much.

Ye xiangnan thought to himself. Then, a small, soft, and chubby little person jumped into his arms.

after stuffing himself full, he lowered his head and said in a low voice, ” “yihuan?”

Qin yihuan hugged him and kissed him like a little kitten. “i miss brother nan.”

ye xiangnan lowered his head and touched her little head.”why are you here? where’s uncle qin and auntie qin?”

Yi Huan was only seven years old and was at the age where she was naïve and ignorant. She did not know what ye xiangnan was thinking, so she introduced him enthusiastically and straightforwardly, ” ” i miss brother nan. this is brother shen ting. ”

he even pulled ye xiang to the south.

Wen Yuan and Bai Anan stood aside and watched.

Bai Anan even asked Wen Yuan in a low voice, ” “Auntie, is Xiang Nan jealous?”

wen yuan felt helpless as well. she knew that xiangnan liked yihuan. although she had never mentioned it, she was already an adult and she did not reject her family’s arrangement. it was obvious.

Shen ting was also very outstanding. She had to admit that Qin mo had good taste.

Moreover, the Qin family was not wrong in doing so. The children were all young. Who knew what the future would be like? the Qin family was just a double insurance.

If Xiang Nan Lian couldn’t accept this, it would mean that his mental fortitude was too weak. If he lost to Shen ting in the end, it would only mean that Shen ting was more suitable for yihuan.

Wen Yuan was very open-minded. He then whispered to Bai Anan, ” “Probably!”

bai anan smiled. her smile was calm and relaxed.

Her personality was very much like ye Mulin. At this time, Wen Yuan also looked at her and thought to himself, ‘Xue Li’s genes are almost not reflected in this child at all. In the past, she actually looked like Xue Li Bai, but now she looks more and more like Mu Lin. Actually, there is nothing wrong with being like Mu Lin.’

It’s just that her personality is getting weaker and she’s too calm.

wen yuan smiled slightly and then looked at ye xiangnan.

she knew that her son was a little frustrated because he had not received complete affirmation. boys of this age were young and full of vigor, and they would not think too much. shen ting was about the same age as xiang nan, but he seemed particularly calm.

Chapter 4567: yihuan, who is he?(4)

At that moment, ye xiangnan and Shen ting looked at each other and sized each other up. Little Yi Huan opened her big, cute eyes and said, " brother, I miss brother Nan.

ye xiangnan lowered his head. " how many brothers do you have? "

little yi huan blinked her eyes as she looked on, unable to utter a single word.

"ye xiangnan is playing the zither to a cow!" bai anan whispered to wen yuan.

Wen Yuan thought so too. Yi Huan was still young. Although she was always chasing after brother Nan, saying that she liked him, feelings could change easily. Besides, Yi Huan was only a few years old. How could she have the determination to understand these things?

his son was serious, but once he got serious, he would lose.

...

On the other hand, Shen ting was still very calm and composed. His aura was definitely not inferior to his son's. Even Wen Yuan was impressed. He thought that Nan miwei must have suffered in her relationship.

After ye xiangnan finished his question, Yi Huan's eyes widened in confusion. She said softly, " "it's all big brother!"

She thought for a moment and then said, " "i think brother nan and brother shen ting are different."

after all, ye xiangnan was used to being proud. he smiled lightly and asked, " which brother do you like? "

Little Yi Huan was in a difficult position. She looked at Shen ting and brother Nan for a long time. She had a vague feeling that she would get angry no matter which one she said.

this was really difficult!

the little guy sighed inwardly,'being too popular is also a kind of distress!'

Then, he cheered up and said with a smile, " "They're equally important!"

To Shen ting, this answer was an unexpected surprise, but to ye xiangnan, it was a big blow. It had only been two days, and Shen ting's status was the same as his?

he looked at little yi for a long time before he said softly, " "you're not changing?"

Yi Huan's heart was in a dilemma, but in the end, she still said honestly, " "I miss brother Nan. Brother Shen ting is also very good."

she could not hurt brother shen ting just because she missed brother nan. that was what yi huan thought.

Ye xiangnan looked at her quietly for a long time. Finally, he reached out and gently stroked her hair. I know.

then, he let go of her and turned to look at wen yuan and bai anan. " let's go. "

No one knew his son better than his mother. Wen Yuan knew that his son was angry, so he smiled."Why don't we have a meal with your uncle Qin and the others?"

ye xiangnan revealed a strange smile. " i don't think i'll bother you anymore. "

bai anan couldn't help rolling her eyes. the stubborn ye xiangnan! The sour Night Thoughts South!

However, ye xiangnan had already walked ahead, and he was quite proud of himself!

Wen Yuan had no choice but to comfort Yi Huan. The little girl looked at ye xiangnan with puppy eyes and asked Wen Yuan, "is brother nan angry?"

Wen Yuan smiled helplessly. don't worry about him. He has the temper of a young master.

"Oh," Yi Huan replied, then she lowered her head dejectedly, " i also want to let brother nan see if i look good in a little dress. "

At this time, ye xiangnan turned his head, and his profound gaze fell on Shen ting's face. Then, he smiled very lightly, "it's better for you to wear pants."

This could be considered as a provocation to Shen ting. The two boys were only in their teens, and they were already arguing over a little girl.

however, it was ye xiangnan's idea.

shen ting didn't say anything. he only reached out and gently rubbed yi huan's head as a silent comfort.

Yi Huan raised her little face, looking very pitiful. Her big, cute eyes were teary.

Chapter 4568: Yihuan, who is he? 5

Shen ting couldn't bear to see her like this. He didn't know what he was thinking, but he lowered his head and kissed her small head.

yi huan raised her head and looked straight into shen ting's eyes.

after a while, she turned around and looked at ye xiangnan.

Ye xiangnan put his hands in his pockets and looked at them quietly. His eyes were blank and emotionless.

Yi Huan's lips moved, but she did not say anything.

ye xiangnan turned around and left.

...

Wen Yuan had no choice but to follow her. Bai Anan walked over and patted Yi Huan's head. She said softly, " "don't bother with that idiot,"

shen ting's gaze fell on bai anan. bai anan was about 12 or 13 years old. she was already 165 centimeters tall and was very tall. she also had a very calm look.

it only took shen ting a few seconds to confirm that this was a girl who was very close to his magnetic field.

They were too similar.

the only difference was that bai anan had too much, so she had no desires.

and shen ting already had a plan in his heart.

When Shen ting looked at Bai Anan, she also looked at him. With just a few glances, she was sure that this was a ruthless character who would cry when he missed the South at night.

Bai Anan left anyway.

As soon as she left, Yi Huan started crying.

She was crying so sadly.

she thought that brother nan was angry with her and was ignoring her.

”

Shen ting was in a very difficult position. He bent down to comfort her, but the baby didn't care at all. He was so sad that he wanted to cry.

his voice was so loud that even ye xiangnan, who was far away, could hear him. but he only frowned for a moment before he continued to walk forward. bai anan was beside him.”Hey, the little guy is crying. Are you really not going to care?”

Ye xiangnan stopped, kicked his foot on the spot, and then said slowly,”She's willing to cry, what can I do?”

Bai Anan coughed lightly. she's crying because she wants brother Nan to ignore her. It's more important to think of brother Nan than to care about Huan.

As soon as she finished speaking, ye xiangnan's face turned red. He glared at Bai Anan and slowly walked back to where he came from.

Yi Huan was still crying, but Shen ting had already picked her up and wiped her nose.

That crying face, how did it have any of Qin Chen's elegance?

ye xiangnan stared at shen ting as he carried her. his steps became slower and slower. for a moment, he wanted to walk away, but yi huan saw him. she looked at him with tears in her eyes.

he cursed in his heart but didn't say anything. he took out a lollipop from his pocket and stuffed it into her hand, then called her an idiot.

Little Yi Huan was stunned. While she was still in a daze, Ye Xiang Nan had already turned around and left.

He looked very cool.

Yi Huan stopped crying, but she was still sobbing, looking very pitiful.

After a long time, she softly asked Shen Ting, "I wonder if brother Nan doesn't want me anymore?"

Shen Ting's heart ached, but he still smiled. I won't.

"He said that I don't look good in a dress," Yi Huan replied in low spirits.

"What do you think, Yi Huan?" Shen Ting asked her gently as he helped the little cat wipe her face clean.

Yi Huan was stunned for a while before she said, "Of course I'm good-looking,"

If the baby wasn't good-looking, who was?

"That's it," Shen Ting smiled again.

Chapter 4569: Yi Huan, who is he? 6

Shen Ting's smile was very good-looking, and Yi Huan was a little stunned.

After a long time, he swallowed his saliva. "Big brother, you're so pretty."

Shen Ting was a little speechless. After a while, he said in a low voice, "Then, are you still going to buy the dress?"

With Yi Huan's limited EQ, she thought for a long time and finally decided to buy one to please brother Shen Ting. At most, she would just buy it and not wear it.

hence, she nodded her head vigorously, her little face still covered in tears.

Shen ting helped her wipe it off and then carried her to try on some clothes. Yihuan was not happy, so she just randomly picked one. She just wanted this and didn't want to try it on.

...

shen ting was a meticulous person, so he quickly understood what was going on. he didn't say anything, just swiped his card, took the bag, and went downstairs.

starbus found qin mo and he huan on the first floor. qin mo immediately saw that yi huan's little face was covered in tears. he smiled."Did you cry?"

Shen ting hesitated for a moment, wondering if he should say it. Yi Huan had already thrown herself into his father's arms, holding a lollipop in her hand."i thought brother nan would be angry and ignore me."

Qin mo was both angry and amused. He looked at his little girl and mumbled after a while, " "our little girl is out of love?"

"No, I'm not." yi huan said as she took a deep breath and buried herself in her father's arms.

although her parents and brother shen ting were around, she still couldn't help but think of brother nan. although brother shen ting was also very good-looking, he was different.

Little Yi Huan already had a different thought.

Qin mo consoled her for a long time and even had a children's meal with the whole family. Only then did the little girl's mood improve. For the entire night, Yi Huan stuck to Qin mo, including when they got off the car.

qin mo also doted on her. he carried her down the car and carried her upstairs.

Shen ting sat in the back seat and didn't get out for a long time.

He Huan took a few steps and turned back to Shen ting, who was sitting in the back seat. “why don’t you go back?”

Only then did Shen ting come back to his senses. He gently smiled and got out of the car.

however, he held a paper bag in his hand for a while before letting it go.

he huan looked at him silently. she knew what was going on, but she didn’t say anything. she chose to pretend that she didn’t know how disappointed shen ting was.

this was just a small matter, and there would be many more similar things happening in the future. shen ting didn’t need to be consoled by such things, and it would only hurt his self-esteem.

‘this child will be able to adjust on his own,’ he huan thought.

however, she still walked side by side with shen ting. she patted his shoulder and said, ” sleep early. We’ll take care of yihuan tonight. She might sleep in our room.

shen ting nodded.

“Don’t stay up too late to read,” he Huan added.

“thank you, auntie.” Shen ting suddenly said in a serious tone.

he huan laughed, ” what are you thanking me for? we’re all family. ”

“no matter what the situation is,” she continued after a pause.

Shen ting smiled.

When they reached the second floor, he said Goodnight to he Huan and went to his room. He didn’t rush to read. Instead, he put down the bag in his hand and took out a small dress.

It was yihuan's clothes. She was so sad that she had forgotten about it.

She didn't put much thought into it when she picked it, and then she forgot about it later. Perhaps it was because of his position in her heart.

Was the order really that important?

He didn't know if he would lose, but he didn't want to give up. He might not be able to meet such a villain again.

Even if his head was bleeding, he didn't want to give up.

Chapter 4570: Shen ting was actually the one accompanying her (1)

While Shen ting was in a daze, Qin mo placed the crying Yi Huan on the bed. He then took off the little one's jacket and shoes and gently covered her with the blanket.

As a father, his heart was always particularly soft when he saw his younger daughter sleeping soundly. He sat by the bed and looked at her for a long time.

When he Huan entered, she saw him in this state. He Huan lowered her voice. Qin mo.

qin mo raised his head and looked at he huan's expression. he smiled. "What's wrong with you? you look like you're in deep trouble."

He Huan closed the door and leaned against the door to look at him for a while. Qin mo didn't say anything and just looked at her.

after a long time, he huan finally walked over. she leaned slightly behind him and rested her head on qin mo's shoulder. she asked softly, "Wouldn't we be too cruel to Shen ting? Yingluo is such a good child. Even if he doesn't stay in the Qin family, I believe he'll still have a great future."

...

Hei Qin turned his face and stared at her for a while before his gaze fell back on Yi Huan.

he remained silent for a long time.

He Huan couldn't wait any longer and urged,"qin mo!"

qin mo took her hand and said slowly, " yes, if he doesn't enter the qin family or KING entertainment, shen ting can do it himself. when he's 40 years old, he might start his own company with billions or even billions of assets. but to reach the size of KING entertainment, he would need at least two generations. "

He Huan couldn't stand his argument and said in a low voice, Qin mo, it's not like that. You can't use such a realistic point of view to consider everything. Shen ting doesn't think this way.

Qin mo laughed lightly,"you like this kid a lot?" You're speaking up for him so quickly?"

For a moment, he Huan was speechless.

qin mo chuckled again. " you don't look like you're convinced. then, we'll follow your train of thought. if shen ting isn't here for this, then he's here for yihuan. do you agree? "

he huan did not say anything.

qin mo smiled. " if you don't object, i'll continue. since it's for the sake of love, it's not a big deal to suffer a little, right? no one forced him. everything was shen ting's own choice. if you don't give him this chance now, he might not be willing. "

After he finished speaking, he Huan covered her face. Qin mo, why does everything that comes out of your mouth seem so reasonable? in fact, we all know how cruel the truth is.

Qin mo looked at her. are you in pain? " fortune and misfortune?"

He Huan was speechless again. After a while, he snorted, ” “i’m going to take a shower.”

qin mo laughed and patted her. ” you’re angry because you can’t win. only dogs are like this. ”

he huan turned around and glared at him. ” i’m a puppy. i’ll bite you to death. ”

Qin mo laughed. I’ll be waiting for you, ” he said softly. I’m just afraid that you don’t have the guts.

he huan felt that it was inappropriate to continue talking to him. thus, she ignored him and went to the bathroom to take a shower. when she came out, qin mo was no longer in the bedroom.

he huan crawled to yi huan’s side and lay down. she kissed the little guy and thought that qin mo was probably trying to comfort shen ting.

This child had just arrived and met Xiang Nan. Even if he was not shocked, he must be feeling quite upset.
