Chapter 461 The older the ginger, the spicier it is (3)

of all the relatives that tang yu had, the one that everyone was most afraid of was the old man. but pei qiqi felt that the one that was the easiest to deal with was the old man.

Because he was honest, he would say anything directly. He would not give you face, but he would not go too far.

the old man's voice was deep. " this place is very well hidden. girl, you have to know that even if i let you disappear silently from here, probably no one will know. "

"oh, i believe you! Even if my Secretary accidentally found out that I came to see you, you have ways to make her unable to say anything. But elder Lin, I think you came to see me today to make me leave Tang Yu."

pei qiqi paused. " if i disappear and you're still a man, yueyue, and you were once young, would you not forget it and remember it for the rest of your life? "

old master lin's face darkened. why was this girl so difficult to deal with?

she had sharp teeth and a sharp mouth, and she was not cute at all!

PEI Qiqi laughed softly at Grandpa Shen's stare, " did he get to your sore spot? "

the old man was huffing in anger. " even if you're so rude, i can't let you marry him. "

pei qiqi smiled, " so why should i be afraid of you? You won't let me get married."

The old man was speechless.

"To make things difficult for me and even make me do things that are beneath me, does the old master think I will?" pei qiqi's mouth was dry from talking so she took a sip of tea.

Old master Lin had never suffered like this before. If he was a descendant of the Lin family, he would have flipped the table long ago. How could he tolerate this?

But although this girl's words were disrespectful, she still stood upright.

they didn't like her, and they wanted her to be humble? There was no such logic.

The old master was angry, but he also admired her a little. If this girl was really submissive at this time, he would look down on her.

After thinking about it, he still said directly, " " i heard tang yu is still making things difficult for you. "

As for the rumors about the two little ones sleeping, the old man and a little girl could not say anything. Moreover, those things were mostly forced by their own grandson, so how could they say anything?

When he asked this, PEI Qiqi didn't refute him. She lowered her head and drank her tea.

Grandpa Shen was a smart person. He knew what PEI Qiqi was thinking just by observing her.

This girl was really not simple. She came here with a motive.

if I give you a sum of money, leave Tang Yu.

pei qiqi's fingers that were holding the teacup froze for a moment. she looked up at grandpa shen, " what if i don't want money? "

The old man's old eyes were sharp. girl, enough is enough.

believe it or not, if you let me leave this place alive, I'll immediately go find Tang Yu and tell him I'm willing to be with him. Tomorrow, I'll tell him.

PEI Qiqi smiled, " tomorrow, the whole world will know that Tang Yu and I are married.

"That unfilial descendant wouldn't dare!" When the old man heard this, he was furious and lost his composure.

this stinky girl, she's driving me to my grave!

He was really infuriated!

the old man's temples were throbbing, like an angry frog.

On the other hand, that stinky girl was still drinking tea with a smile.

the old man stared for a long time before he burst out, " "you don't love him!"

PEI Qiqi's eyes dimmed, " will you Let Me Love him? "

the old man was speechless.

after a long time, he sighed."girl, what do you want?"

Chapter 462 old ginger is spicier (4)

pei qiqi put down the teacup in her hand and smiled, " i want to work with the lin corporation. "

She paused for a moment. as far as I know, Lin's subsidiary company, Marvel, has a project going on.

cooperating with the lin family was the most powerful counterattack against sheng yuan's acquisition.

as the lin clan and sheng yuan had broken their bones and tendons, if sheng yuan continued to be so overbearing, it would be equivalent to slapping old master lin in the face.

the old man looked at pei qiqi for a long time before snorting, " "it seems that you've been planning this for a long time. you've been waiting for me to find you,"

This girl could also endure and actually wait for an opportunity to make a move! knowing that she had come to his door, he would definitely ignore her. instead, he would only humiliate himself.

but to be tricked by a little girl like this, old master lin's heart couldn't accept it.

however, he was really afraid that if he didn't agree, this girl would have gone to find tang yu.

elder tang knew about tang yu's madness and he finally realized it. what suppression? what acquisition? they were all lies!

He was clearly picking up girls!

But he, or rather, everyone else, couldn't do anything to Tang Yu ...

She said it nicely, she said it was revenge for her mother!

This revenge was really well taken, reported to the bed!

the more elder tang thought about it, the more upset he felt. then, he looked at the girl in front of him and couldn't help but remember that time at sheng yuan's headquarters. this girl was in tang yu's arms like a little lamb.

But now, there was some maturity between her brows and she was not as weak as before.

to be honest, this girl was fated with him. however, in order to appease the grievances of the younger generation, he could not open his mouth and could only wrong this girl. if he wanted to blame someone, he could only blame her background.

the old man thought about this and slowly said, " since that's the case, then let's do it this way! "

he took out an agreement from below and pushed it to pei qiqi, " girl, sign this and you can also participate in the marvel project. also, i can personally invest five billion into the pei family. i think these conditions are very generous. "

as he spoke, his sharp eyes stared at pei qiqi, " "Little girl, not everyone can sit with me and haggle."

The old man was always old-fashioned. He always felt that his grandson had slept with a young lady and he had to take responsibility.

I can't sleep in vain!

It was only right and proper to pay for a breakup.

even if he didn't say it, pei qiqi knew it. the first time she met the old man, he wasn't an elder that was easy to talk to.

She pursed her lips and gave a faint smile. I know.

"don't be in a hurry to sign it. read it carefully before you say anything. don't say that i, lin zhennan, am bullying a little girl. it'll be a joke if it gets out." The old man wanted his face, and he had to do his best in all aspects.

PEI Qiqi looked down and clenched her little hands.

after a long time, she heaved a long sigh of relief and wrote the marvel agreement on the agreement. she pushed it in front of the old man and said, " this needs to be stamped. "

"no regrets?" old master lin looked at her deeply. Tang Yu is worth much more than this 5 billion."

pei qiqi laughed lightly, " i do regret it. grandpa, can you make me regret it? "

the old man was very straightforward. after he stamped it, pei qiqi also signed it. there were two copies.

She had no intention of staying any longer. She stood up and bowed again. I still have to thank you. in her life, there weren't many things that she could hold or own. if she could keep her father's company, she would still feel a little comforted.

Chapter 463 The older the ginger, the spicier it is (5)

In her life, there weren't many things that she could hold or own. If she could keep her father's company, she would still feel a little comforted.

At least, PEI Qiqi wasn't completely useless.

the old man was still sitting there without a change in his expression. his voice was low and desolate. " you don't need to thank me! girl, don't be so cruel to tang yu."

pei qiqi smiled and didn't say anything.

there was only one tang xin and one tang yu in this world.

tang xin was too young and needed someone to take care of her. tang yu was disappointed.

he said to her, " pei qiqi, if you don't come to my side, i can only force you. "

she had never been able to hurt him, and she had always thought that he was so strong and invincible!

he only needed to move his fingers and she would be beyond redemption.

pei qiqi knew that if tang yu found out about what happened today, he would probably want to strangle her.

She didn't care. The paper she signed just now was useless.

if she was still so naive and took everything seriously, she would be too stupid.

She was no longer the silly PEI Qiqi. Even a fool would learn from these people!

If you play seriously, you lose!

Of course, she knew that elder Tang knew what she was thinking. But, everyone had a tacit understanding. Elder Tang just stopped her from going into Tang Yu's arms so quickly.

he had the heart to fulfill her wish, so why wouldn't she accept it?

When she walked out, she saw Mrs. Lin standing at the door, looking at her with a special expression.

She walked over slowly and stood under a tree of cherry blossoms with mother Lin.

PEI Qiqi pursed her lips, " is Yueyue still the same? "

mother lin naturally knew who she was asking about. she lowered her eyes and her voice was a little tight, " it's still the same ran ran. "

After a moment of silence, she said, " even the old man doesn't have much hope. That's why he placed his hopes on Tang Yu. In the future, one of Tang Yu's children might be adopted by the Lin family. It'll be under jinrong's name.

Elder Tang had told Tang Yu about this last week and Tang Yu didn't object.

Mother Lin told PEI Qiqi all this because she wanted to tell PEI Qiqi that she wasn't fit to be Tang Yu's wife. She didn't say anything bad, she just told PEI Qiqi calmly.

PEI Qiqi didn't say anything. She just hummed and didn't ask to see Lin jinrong.

she did not have the face to see jinrong.

As she walked outside, the sunlight scattered on her body, leaving behind golden specks.

lin jinrong's mother just looked at the girl and felt that she was surrounded by loneliness.

Her heart clenched and she felt a little sad. If all of this didn't happen, this girl might have been jinrong's wife and called her 'mother'. But this was how fate played with people!

just like that, mother lin watched as pei qiqi's back disappeared. she stared at her for a long time, qian qian.

as pei qiqi walked, she lowered her head and looked at her shadow.

pei qiqi, look, everyone is against you two being together.

Therefore, it was right to say that they should separate!

couldn't be more correct, yingluo

But she was still sad and still missed him!

In the face of his slightly angry face, she always gave in, not because she couldn't resist his savagery and rudeness, but because she still couldn't get tired of seeing him after seeing him a thousand times.

she still missed him. she still wanted him!

PEI Qiqi sat in the car and looked at the document. She pursed her lips and started the car.

Only she and old master Lin knew about this. No third person would know about ran ran.

it was march, so she rolled down the window and let the breeze blow into the car. this way, she would feel more comfortable and not so depressed.

chapter 464-declaration of war? or do you miss me?

In Sheng Yuan's conference room.

Meng Qingcheng briefly explained the recent business situation of the PEI family. Tang Yu listened indifferently.

He was confident in Meng Qingcheng's ability. Even if Meng Qingcheng was sent out to be the person-in-charge of an international company, he could still take on the responsibility, let alone acquiring a small company like the PEI family.

after meng qingcheng finished speaking, tang yu said indifferently, "qingcheng, you can now contact the person in charge of the pei family and discuss the acquisition."

Talk?

Wasn't it a waste of time?

it would be strange if pei xiao qi didn't throw coffee at his face!

meng qingcheng didn't want to take the blame, but tang yu was a man of his word. he could only laugh bitterly.

There was one more thing that he couldn't understand. Did the company's higher-ups just ignore it? one must know how much money tang yu had to spend to pick up girls.

just ignore them one by one?

Meng Qingcheng didn't expect that at first, there were people who opposed it, but Zhao Yi settled it all.

zhao yi wanted to be with lin yun. he could understand tang yu's current actions. he also regretted not taking action when he was young. if he had taken action earlier, tang yu might have called him 'dad'!

the meeting was almost over. actually, there was nothing much to do. the main thing was that the master had asked me to handle his private affairs.

just as the meeting was about to end, the door of sheng yuan's conference room opened ...

everyone looked towards the door.

on the other hand, tang yu had a faint smile on his face.

She was finally here!

PEI Qiqi stood at the door. She was wearing a white suit and looked as fresh as a Lily.

Xiaowen was standing beside him, and behind her were two younger men who looked less than 30 years old.

The main point was ... The two men were so handsome!

Although he wasn't as handsome and Noble as Tang Yu, his facial features were really good. He was also PEI Qiqi's assistant.

meng qingcheng thought immorally that tang yu must be exploding with anger right now!

"You have Sun Feifei, but look at PEI Qiqi, she brought Da Qiao and Xiao Qiao here to show off!"

tang yu didn't move. he looked at xiao ran, " secretary xiao, what's going on? "

He lowered his head and flipped through the documents again, then said lightly, " "if necessary, you can call the security."

Xiao ran sighed. who would dare to ask the security guards to chase away your precious little baby? " however, the president was really good at pretending.

although he looked cold on the outside, he was actually thinking of pouncing on the little darling on the conference table and doing whatever he wanted!

However, this was just Secretary Xiao's little thought. How could he dare to refute it in person?

Tang Yu didn't make things difficult for her. His gaze returned to PEI Qiqi's face and gestured for her to sit down, " boss PEI, what's the matter? "

“just a little bit.” PEI Qiqi walked over and the two handsome men behind her followed. They stood behind her and one of them pulled out a chair for her.

That scene made everyone laugh. Only Tang Yu’s face was dark.

Are these two special assistants or managers?

wasn’t he too good-looking?

PEI Qiqi sat down and immediately jumped into Meng Qingcheng’s arms, ” Executive Assistant Meng.

meng qingcheng, who was called out, was originally watching a joke. now, he was dumbfounded. he had completely lost sheng yuan’s face.

meng jingzhi, who had regained her senses, coughed lightly. ” boss pei, you’re looking for me? ”

why did he feel like his skin was itching?

Please, just go find your Tang Yu to play with!!!

pei qiqi smiled, ” i heard that special assistant meng is preparing to go to the pei family to discuss the acquisition. ”

meng qingcheng’s skin went numb.

he didn’t say yes or no.

Chapter 465 declaration of war? or do you miss me?(2)

PEI Qiqi smiled and the ‘Da Qiao and Xiao Qiao’ behind her immediately handed over a document, ” this is the contract of intent that I signed with the Lin group’s Marvel Group. This season, the PEI family will be in charge of Marvel.

The Lin clan? Marvel?

Man Wei was just about to say something when Tang Yu raised his hand to stop him. He looked at PEI Qiqi and said calmly, ” “so, yingluo”

“in addition, the lin family will reach an agreement with the pei family to cooperate without limit.” PEI Qiqi smiled, ” if that’s the case, then President Tang won’t need anyone to translate, right? ”

tang yan looked at her quietly. there was an unfathomable look in his eyes. pei qiqi couldn’t understand him.

tang yu didn’t get angry. he just raised his hand and signaled for the others to leave.

Meng Qingcheng’s lips moved and he gave Tang Yu a teasing look. Then, he left.

The only people left were ‘Da Qiao and Xiao Qiao’, who were brought by PEI Qiqi.

“Boss PEI, I have something to talk to you in private. you’re not afraid that i’ll do something to you, right?” He leaned there, looking noble and forbidden ...

She did not look like the person who had done such a rash thing to her in the PEI family’s meeting room.

pei qiqi pursed her lips and glared at him but didn't speak.

tang yu's eyes were filled with anger as he looked at the two men.

The two men were smart. No matter how strong their minds were, they couldn't withstand Tang Yu's gaze. Very quickly, they left dejectedly. Only PEI Qiqi and Tang Yu were left in the huge meeting room.

Tang Yu didn't move from his seat. His eyes were gentle, " PEI Qiqi, you've grown up? "

needless to say, in the entire lin family, only old master lin would look for her.

as for the terms of their exchange, he had no interest in knowing it now, because if he knew, he would want to strangle her.

"same to you." PEI Qiqi smiled, " if it wasn't for President Tang forcing the PEI family to a dead end, why would I take such a dangerous step? "

Tang Yu's lips curved into a smile and his gaze deepened, " "your idea is not bad! The Lin clan and Shengyuan were born from the same branch."

"But PEI Qiqi, don't you regret it?" he leaned over slightly and got closer to her, his warm breath blowing on her lips. " perhaps, this is a bigger pit waiting for you. "

he kindly reminded her.

pei qiqi laughed indifferently, " sheng yuan is going to buy it anyway. i'd rather take a gamble. "

tang yu didn't say anything else and looked at her in deep thought.

his eyes were full of inquiry, so deep that one could not see the bottom.

PEI Qiqi didn't want him to see clearly so she stood up, " President Tang, that's all. I'll be leaving first.

he quickly pressed down on the back of her hand, his eyes locked on her. PEI Qiqi, are you here to declare war or to miss me? "

The situation changed too quickly. PEI Qiqi couldn't quite wrap her head around it.

However, his other hand was already cupping her small face. He leaned over and kissed her lips deeply.

The moment their lips touched, PEI Qiqi's body trembled. She was a little intoxicated, but more than that, she felt embarrassed.

However, not only did she not push him away, but she also reached out and wrapped her arms around his neck, making the kiss deeper and more passionate. It was hot.

Tang mo couldn't help letting out a muffled groan, changing the angle to make each other more happy.

PEI Qiqi enjoyed the kiss. However, when he released her and was about to unbutton her shirt, she bit him hard. She really didn't hold back.

His tongue was bitten.

Chapter 466 Declaration of war? or do you miss me?(3)

PEI Qiqi tasted blood and laughed. Just as she was about to let go, she felt something on the back of her head. Someone was holding her head.

“you want to run after biting someone? hmm?” his voice was low and hoarse as he held her, their faces touching.

the boiling temperature made her blush and her heart race. at this time, she realized that they were so close to each other that their breaths were almost fused together. she was half-sprawled on the large conference table, looking extremely embarrassed.

“Let me go.” she was a little annoyed.

tang yu’s eyes were locked on her. his voice was a little seductive. ” boss pei, you bit me. how should i repay you? ” Hmm?”

“You were the one who forced a kiss on me,” She was so angry that her face turned red. She was no longer the calm boss PEI but his little pet PEI Qiqi.

Tang Yu chuckled, ” then I’ll let you force a kiss back and then I’ll bite you. Does that make it even? ”

there was nothing wrong with this, but it also seemed to be wrong.

Her head was still dizzy, and before she could react, he had already kissed her again.

There was a fishy and sweet taste, but he didn’t care. He clung to her and kissed her again and again.

He kissed her until her toes were all stretched straight. Her small mouth opened slightly, naturally allowing him to kiss deeper.

This kiss ended with PEI Qiqi’s pain.

she screamed and almost jumped up.

tang yu actually bit her!

her lips finally separated, and she snorted shamelessly.

He did bite her, but it wasn’t heavy, and there was no blood. Instead, it made her feel a shameful dissatisfaction.

she was lying on her stomach, as soft as water.

tang yu chuckled hoarsely, ” boss pei, you want me? ”

her face was red as she glared at him. her breath was messy, but it was also fragrant and soft.

she was only cute at this moment.

Tang Yu felt that he had been feeding PEI Qiqi until she was full. He wanted her to have a taste of suffering.

Even if he was about to go crazy from holding back!

His thin lips curled up slightly, and he gave a charming smile. He straightened his body and tidied his clothes, then looked at the little woman. "boss pei, i'm sorry. i couldn't help myself just now. "

This bastard!

PEI Qiqi gritted her teeth and got up. Her watery eyes were still filled with love that she didn't have time to take back. | tide.

if boss PEI wants me to work with him, I can reluctantly do so. He continued to speak coldly, as if he were in a business negotiation.

pei qiqi calmed herself down with much difficulty and slowly walked towards him.

She placed her little hand on his shoulder and her soft body snuggled into his arms. Her voice was also very soft, " Tang Yu, you you you.

She was like a little kitten lying on his chest. No matter how strong Tang Yu's self-control was, it was gone. He lowered his head and wanted to kiss her little mouth.

pei qiqi lifted her leg-

tang zheng groaned and cold sweat broke out on his forehead. fortunately, she had held back a little. otherwise, the tang family would have no descendants.

pei qiqi was still lying on his chest. her little mouth found the spot and bit down hard on his most painful spot.

It was numbing, painful, and buzzing, as if thousands of volts of electricity had passed through it.

He looked down and saw the little guy in his arms, chuckling.

at this moment, all of her desires, all of her anger, and all of her unwillingness seemed to have subsided.

His Qi Qi seemed to have returned at this moment.

Even the pain in her heart and below felt sweet.

there was a gentleness in his eyes. it was a rare gentleness that only belonged to pei qiqi.

Chapter 467 declaration of war? or do you miss me?(4)

He watched as she slowly bloomed and became stronger.

however, she was still a child in private.

she would also be proud of her little progress and would want to show it to him.

although it was a little childish, he liked yingluo.

PEI Qiqi, who had done something bad, wanted to leave but Tang Yu didn't let her. He reached out his hand and ruffled her hair.

at this moment, his heart almost softened, and he said to her ...

PEI Qiqi, come back to my side now!

However, he endured it.

it wasn't time yet. she wasn't ready, yingluo.

Let's leave it at that. PEI Qiqi, I'm willing to wait.

however, when i'm waiting for you, don't be with anyone else. otherwise, i'll really get angry and the consequences will be very serious!

he pressed her down and said with a hoarse voice, "pei qiqi, if you don't want to do it with me here, then leave now. "

She looked up and saw the brightness in his eyes.

She knew best what his eyes meant, Yingluo.

she suddenly left his embrace and fled.

and he did not stop her. he only felt that she was extremely cute ...

After a while, Meng Qingcheng walked in. He was still looking outside. When he saw Tang Yu's expression, he coughed lightly, "not done yet? "

tang yu smiled and tidied up his clothes. then, he said nonchalantly, "settled what?"

"buying!" Meng Qingcheng sighed, "since the Lin family has stepped in, it's obvious that the old master is protecting her. But how long can this last? "If your blind date is successful, I think PEI Qiqi will be abandoned by the old man!"

Tang Yu snorted and walked back to his seat. He tidied up the documents and looked up, "do you think that day will come? also, don't make pei qiqi sound so stupid!"

"perhaps we've all underestimated her," he said, shaking his head after a pause.

Because they were her opponents, they had always thought that she was weak.

but through this time, her powerful and beautiful counterattack had delayed the acquisition.

How should he put it? be it in terms of finances or relationships, Shengyuan could not do anything to the PEI family for the time being, unless he had a falling out with Grandpa, which was obviously impossible.

"so, that's it?" Meng Qingcheng shifted to the conference table and asked, "look at Pei Xiao Qi's attitude today. And those two men. They're really good looking. Do you think Pei Xiao Qi will be angry and whine like you and sun Feifei? "

"sun feifei and i have never started!" Tang mo rolled his eyes.

Naturally, his Qi Qi would not either.

no matter how angry they were at each other, their bodies belonged to each other, and so did their hearts.

Tang Yu was sure of this, Yingluo.

however, when he spoke, his tone was a little impetuous. he was obviously jealous.

how could meng qingcheng not understand? he chuckled, rolled up the documents, and tapped his palm, "tang yu, your jealous look is quite funny. "

Tang mo snorted and ignored him.

he was jealous?

He would not!

back in his office, he dialed a number and transferred it to elder lin.

The old master went straight to the point. have you seen that girl? ”

tang yu smiled bitterly, ” grandpa, why are you doing this? ”

” of course i’m worried. although you agreed to go on blind dates with me, i still think that you’re still thinking about that girl. i have to be careful. ”

Tang Yu sighed, ” I said I’d go, so I’m really going!

the old man sneered. ” you little brat, it’s enough that you’re lying to others! ”

chapter 468-fighting for her! wonderful!

tang mo pursed his lips and said nothing.

The old man was not happy. ” tang yu, in short, no matter how much you want to, that girl can’t be with you anymore. ”

“grandfather, are you that confident?” Tang Yu’s tone was calm.

old master lin snorted,”if you don’t believe me, see!.”

“i’m more convinced that i’m in her heart!” tang yu said calmly.

This time, elder Tang was furious, ” Tang Yu, you promised to go on blind dates.

Tang Yu chuckled, ” but I didn’t say who I’m going to marry, did I? ”

This scoundrel!

was this scoundrel lin zhennan’s outstanding grandson?

old master lin’s eyes widened in anger and he hung up the phone.

At this moment, he had the feeling that he was supporting that girl and helping Tang Yu train her.

How was this a breakup? How was this hostile? They were simply making eyes at each other!

elder tang was furious but he couldn’t do anything to tang yu.

very good! This grandson of his had used the four words ‘yang worships Yin’ to the extreme!

This is really good!

elder lin sighed. he was counting on that girl to hold on and not be with tang yu. perhaps after a few years, tang yu would slowly lose interest in her.

However, how could it be faint?

No matter what, Lin Zhennan would not change his mind on what he had said and what he had decided on. Since he had already agreed to let that girl go, he would not go back on his words. The

cooperation between Marvel and PEI family was about to begin. For this, Marvel had specially held a press conference and a rather impressive dinner party.

At the press conference, the CEO of Marvel was very gentlemanly when he interacted with PEI Qiqi. He was a man in his early thirties and was quite young and handsome. His name was Wang Ziqi and he had a good reputation in the industry.

he leaned over and looked down. after a while, he shifted his gaze to pei qiqi, " I'm looking forward to working with boss PEI. I believe it'll be very pleasant.

Then, he placed the microphone to PEI Qiqi's lips and smiled at her. He looked very gentlemanly.

pei qiqi also said a few words and then answered the reporters 'questions.

boss PEI, may I ask if you don't mind that Marvel is under the Lin Corporation and that Sheng Yuan and the Lin Corporation have an ambiguous relationship? "

PEI Qiqi smiled, " business is business. We only talk about profits. I think we should put aside our personal feelings.

immediately, a reporter caught on to her words. " boss pei, you said that you have a personal relationship. do you still have feelings for mr. tang yu? " i think this is what we all want to know."

pei qiqi was stunned. she didn't expect the reporters to be so cunning.

however, wang ziqi stepped in to help her out. he smiled and moved closer. " boss pei said it just now. personal feelings are personal feelings, and business is business. today is the press conference for the collaboration between marvel and the pei family. don't ask too many questions. give boss pei some private space, okay? thank you!"

it was said that wang ziqi was a public relations expert. at this moment, the situation was reversed with just a few ladies and it also gave the reporters a way out.

pei qiqi smiled at him to express her gratitude.

wang ziqi looked at her encouragingly and continued to answer the reporters.

wang ziqi had refused to work with pei qiqi in the beginning. he was a high-level ceo that the lin corporation poached from a well-known company in the United Kingdom with a high salary. marvel held an important position in the lin corporation. he was not willing to work with a small pei corporation that was half-dead.

chapter 469-fighting for her!

But after seeing PEI Qiqi, who would reject such a beautiful girl?

even though he knew that it was impossible, it was still a pleasure to look at it!

men understood men best. wang ziqi understood why tang yu was so devoted to pei qiqi!

He didn't tell PEI Qiqi that he was Tang Yu's senior.

When she studied abroad, she was three years older than him. They knew each other, but they were not close.

Of course, towards PEI Qiqi's beauty, he only admired her and didn't want to possess her.

Because after a woman loved Tang Yu, it would be hard for her to fall in love with someone else!

No matter what, he had to make do.

Wang Ziqi himself was a little proud and was not willing to be compromised.

therefore, he just had to appreciate it.

At the banquet, Prince Qi was amazed by the sight. He was a very elegant man, not a lecherous one.

He leaned against the corner of the banquet hall and saw PEI Qiqi wearing a gray evening gown. The top was a strapless design. The layers of chiffon didn't look complicated but light. The hem of the dress was especially retro.

Because the evening dress was dark in color, she had used Dior 888 lipstick today, which made her delicate skin look like white porcelain.

Just as the princes were about to step forward, someone else was already one step ahead.

He was a little surprised that King Entertainment's Qin Anlan would be here, but he soon felt at ease.

Marvel and King Entertainment had worked together quite a lot, but they were all kept in contact by their underlings. Wang Ziqi and Qin Anlan did not have much interaction. He only vaguely knew that Qin Anlan was ruthless in his actions, so their paths were different and he had no intention of befriending him.

wang ziqi saw qin anlan walking over to pei qiqi. he turned his head and asked his secretary, " " did you give the invitation to king entertainment? "

his secretary whispered, " yes, he did. however, usually, manager lin will be the one to attend these social events. i don't know why president qin came here today. "

wang ziqi gestured for her to stop. he thought that he probably knew the reason.

Women!

if qin anlan could appear, then tang yu would appear too!

Wang Ziqi's originally indifferent thoughts were even more diluted. He thought that he might be able to enjoy a good show today.

thinking of this, he felt a little better.

Qin Anlan walked straight towards PEI Qiqi.

pei qiqi was talking to little wen, seriously explaining something to her. qin anlan walked closer and closer, getting a clearer look at her beautiful little face that was like an exquisite oil painting.

It was true. He had never seen a girl's face that could be so vivid.

If she was willing to enter the entertainment industry, he could make her a superstar.

it was definitely not something that those popular celebrities could compare to!

she was so beautiful that her eyes could make men fall for her. every expression of hers was like a vivid painting. after a few decades, everyone still remembered a girl called pei qiqi.

Finally, he stood in front of her and smiled. miss PEI.

pei qiqi looked up and was surprised to see qin anlan.

Why was he here?

Qin Anlan was dressed in a black formal suit. He was handsome and had a slightly evil aura. He had always been the dream man of the upper-class ladies. He was the target of their dreams, but he was also the nightmare of the daughters of rich families.

Because falling in love with him would not have a good ending.

He may sleep with you, but he will never wake up with you in the morning.

Chapter 470-fighting for her!

pei qiqi raised her head and looked at qin anlan. after a long time, she smiled, " ceo qin. "

Qin Anlan stuffed a hand into his pocket and looked around. He curled his lips. in fact, you can call me Anlan.

PEI Qiqi pursed her lips and didn't say anything.

qin anlan laughed. " what's the matter? tang yu didn't come to such an important day? "

logically speaking, at such an occasion, even if it was for the sake of the lin family, he should have appeared.

with lin jinrong's current situation, there weren't many juniors in the lin family who could step forward. in the future, tang yu would probably inherit the lin family business as well. so, tang yu had to step forward for tonight's dinner.

At the very least, he had to give the employees of the Lin Group A calming pill.

"President Qin, you're not here to be a reporter, are you?" PEI Qiqi admitted that her voice was a little sharp, but she really couldn't stand Qin Anlan's probing.

He clearly had bad intentions.

if I were a reporter, I would definitely get to know boss PEI better. Qin Anlan moved closer to her and lowered his voice. However, their posture made them seem especially intimate.

At least in the eyes of Tang mo, who had just come in, it was too intimate.

He was accompanied by Wang Ziqi and a group of senior executives from Marvel. They walked into the magnificent Hall like stars surrounding the moon. For a moment, all the lights lost their color.

PEI Qiqi raised her eyes and looked into Tang Yu's.

He stopped in his tracks, and everyone behind him stopped as well.

PEI Qiqi didn't know how close she was with Qin Anlan. Qin Anlan bent down and pressed his ear against hers.

To be honest, this guy was also very good-looking. When he stood next to PEI Qiqi, they actually looked very compatible.

she didn't know as she looked at tang yu in a daze. she only felt that his expression was a little ugly. Tang Yu's eyes narrowed slightly. Beside him, Wang Zifang smiled. Mr. Tang, do you need to meet boss PEI? " President Qin is here too!"

Hehe, we're all old friends! It was really good.

It wasn't just Wang Ziqi, everyone else didn't mind the trouble and were ready to watch the show. one must know that tang yu and pei qiqi's incident was a big deal in B city. many people had been watching.

there were rumors that they had broken up, and there were also rumors that they were still together, and that miss sun was just cannon fodder.

PEI Qiqi's face was a little hot. She saw that Tang Yu was already walking over.

Qin Anlan's voice rang in her ears, " " boss pei, i'm guessing that tang yan will want to tear you apart in a while. "

PEI Qiqi was stunned. Then, she realized that Qin Anlan was very, very close to her.

his lips were almost right beside her ear as he spoke.

she only came back to her senses now. she had been tricked by qin anlan.

When she looked up and saw Tang Yu's eyes, she trembled.

Just like what Qin Anlan had said, he would tear her apart ...

Her body trembled, not knowing if it was out of fear or excitement!

Qin Anlan looked at PEI Qiqi's porcelain-like skin and his gaze darkened. Only then did he know what it meant to be so fragile ...

she was so meticulous that it was almost impossible to find any pores on her skin. it was difficult to find a second person with such clear skin.

His eyes were filled with a deep desire that he himself could not understand.

All these years, Qin Anlan had many women and had desires for them. However, that was only a man's physical needs and not his psychological desire.

at this moment, he looked at pei qiqi's fair neck, thin shoulders, and slender body.
