

Thank you 5031

Chapter 5031: President ye is still jealous (3)

Su mu was a little tired after a busy day.

after that, she didn't seem to have any more contact with ye xiangnan. even when she went to the wen garden, she rarely saw him.

Even if he did, he pretended not to see her and walked past her.

Every time, the atmosphere was quite confusing. Wen Yuan could not do anything about the two children. She sighed and felt that the two children were not fated to be together.

ye mu bai did not express his opinion. he only looked at his magazine.

Wen Yuan snatched the magazine from his hand and bit his lip. " why don't you say something? the two children were fine before, but now they've fallen out like this. i heard from ye hui that they've already signed the divorce papers. if it wasn't for secretary li holding them back, our daughter-in-law would have flown away. "

...

"We haven't flown yet, have we?" ye mu bai looked at his wife with a helpless expression. " what's the hurry? even your son won't let him go. Su mu is fine. It's unlucky to be entangled by him.

These words made Wen Yuan feel uncomfortable. He did not love his son at all.

but on second thought, there was nothing wrong with that.

Ye mu Bai patted his wife's hand and said, 'let him do it himself! isn't it normal for young couples to quarrel? it's the old master's birthday. it's better for him to bring a secretary than lin lu. ye jie was so aggrieved that she cried, let alone su mu. Xiangnan is so overbearing, it's not like the girl can't get married."

“it’s not ye cha. su mu is not willing to come to our house,” ye mu bai said in a fair tone.

Wen Yuan heaved a long sigh of relief. After that, she had thought of chatting with Wen Yuan and helping them untie the knot in their hearts. She had even arranged for them to have a meal at home. However, the two of them refused to meet each other. After the meal, one went to the company and the other said that she was going for an interview.

After a long time, Wen Yuan lost his confidence and told ye mu Bai to let them be. Indeed, she could not do anything about it.

one month passed like this. one day, su mu suddenly remembered that the divorce certificate was not ready yet. she didn’t want to call ye xiangnan, so she called secretary li after thinking for a while.

secretary li was a smart person. president ye had not asked about this matter for the past month. obviously, he did not really want a divorce. he just wanted miss su to take the initiative to make peace. rich men were so troublesome.

secretary li thought for a moment and immediately came up with an idea. ” miss su, it’s done. i was too busy and forgot about it. why don’t you come over to starlight to get it? ”

su mu was also a person who didn’t want to trouble others. as soon as he heard what she said, he arranged for it to be at two o’clock in the afternoon the next day.

as soon as secretary li hung up the phone, he immediately made arrangements to get a fake certificate.

it wasn’t difficult, but if miss su were to marry someone one day, it would be a big deal.

of course, this was her own decision. president ye was angry, so she did not touch this bad luck.

with secretary li in charge, the matter was settled very quickly. with 2000 yuan, the fresh green book was placed in her drawer, waiting for su mu to come and take it.

The Sun newspaper had been spreading rumors that su mu was going to divorce President ye.

this was really surprising news. weren't they very loving a while ago? they were going to divorce all of a sudden?

Du Meili was so happy that she kept mentioning ye xiangnan's affair, and the tea room became their place of gossip.

After su mu came to the news agency, du Meili's number one imaginary enemy changed from sister Hong to su mu.

Chapter 5032: President ye is still jealous IV

after su mu came to the news agency, du meili's number one imaginary enemy changed from sister hong to su mu.

because su mu had everything that a woman could dream of, du meili had been cultivating for a long time to find a rich man to marry. she had both the looks and the figure, and she even graduated from a famous university. she had been looking for a decent man for many years, but she still couldn't find a decent man. she was almost 30 years old, but she was still hanging out with an ugly man like zhang fucai. su mu, on the other hand, had a good figure and a good face. he even found such a top-grade man. how could she not hate him?

Fortunately, they were getting a divorce.

Du Meili was quite happy. did you hear? her husband brought a little lover from the past to the family dinner, and they got into a fight because of this.

Du Meili's voice was full of gloating, women can't be too headstrong. A man like Mr. Ye can tell Yingluo at a glance. You know what I mean. What's the point of having a few women outside? why is there a need to be so angry that no one will care even if you die from anger? the man can still play happily outside. If he's angry, he'll divorce you.

Just as she was getting excited, sister Hong came to pour a glass of water and heard her words. She said in a cold voice, ” “Du Meili, you’re the one who doesn’t want face, but others do. Are you addicted to being a mistress? don’t lead the other colleagues astray. Your three values are not right.”

...

“A loser,” du Meili said, flicking her hair.

After she finished speaking, she left in a flirtatious manner.

Xiaowen leaned over. sister Hong, don’t be angry with her. She’s just like that. She’s just sour grapes because she can’t eat them. I heard that President ye didn’t even look at her that night. She felt uncomfortable and took it out on su mu. Now, she dares to say it when she heard that su mu is going to divorce. If it were in the past, she wouldn’t even dare to let out a fart.

sister hong glanced at her. ” little wen, you’re pretty good at psychology. why don’t you change your name and go out with me? ”

Little Wen quickly waved her hands. I can’t do it. Su mu is better. Right, sister Hong? ”

xiaowen was more innocent. although she was a little useless, she was an innocent person. sister hong usually treated her well, but she had given up on treatment.

sister hong glanced at her and sighed softly. ” su mu is indeed quite capable. The press release this time is well-written, and the public’s reaction is not bad either. You guys should learn from him. Don’t gossip at an exorbitant price. It’s business, business. How many times have I told you? ”

Du Meili coldly snorted, ” you really think you’re the chief editor. how can the shexin section be the same as our entertainment section? ”

sister Mei Li, ” Xiaowen laughed. sister Mei Li, this is the positive energy of society.

Du Meili glared at Xiao Wen and turned around to do something else,

Sister Hong went over and patted su MU’s shoulder. “are you okay with your work?”

“it’s fine, sister hong. i’m fine.” su mu looked up.

sister hong thought for a moment. ” come to my office for a while. ”

Su mu nodded and followed him in.

sister hong was quite mindful of her image outside, but she let herself loose in her office. she lit a cigarette and took a puff before looking at su mu.”What’s going on? you’re leaving just like that? Don’t you want to consider it?”

Su mu sat beside her and wanted to smoke a cigarette, but sister Hong stopped him. “don’t develop a bad habit. it’s embarrassing for a woman to smoke.”

su muman was speechless.

Wasn’t sister Hong smoking as well?

Sister Hong snatched the cigarette from her hand and lit it up herself. She took a puff and said,”Am I still a woman?”

a woman like her was no longer a woman. she was divorced and childless.

Chapter 5033: President ye is still jealous 5

when she was with zhang fucai, she had a child, but she didn’t have the conditions to have one. that time, she lost the qualification to be a mother forever, and that bastard used it as an excuse to spend a lot of money outside. in a fit of anger, she divorced him.

It was good to get a divorce. After getting a divorce, she would have freedom. She wouldn’t have to be at the beck and call of a stinky man, and she wouldn’t have to wait on her in-laws endlessly.

Sister Hong felt that it was pretty good. She liked this kind of life anyway. Going on a business trip was just a matter of packing her luggage.

however, su mu was different. she had a son. ye xiangnan was handsome and had a high status. he was different from zhang fucai, that old bastard. therefore, sister hong had to come and persuade him. besides, she had some friendship with wen yuan. she had never mentioned this matter in the newspaper office. it could be considered as a form of protection for su mu.

after sister hong finished speaking, su mu felt a little sad. she was not a gossip, but she had heard some things from xiaowen. she did not expect sister hong and chief editor zhang to have such a past. with du meili, it was simply an ethical drama.

What she couldn't accept the most was that the three of them were still working together. How could sister Hong bear to see them like that every day?

...

however, su mu admired sister hong. she was able to handle things properly with chief editor zhang and didn't complain at all.

Sister Hong seemed to have read her mind and smiled gently."Zhang fucai is already bald. Is there anything that I can't let go of? there are so many young and handsome guys out there. Why should I hang myself on him? isn't that su mu?"

Su mu didn't know if sister Hong had ever loved that person, but she thought that she must have. Otherwise, sister Hong wouldn't have become the sister Hong she was today.

Sister Hong finished her cigarette and patted her shoulder. "let's just say it like that. think again. I'm going out to run some News Tonight, come with me. "

su mu agreed. when he walked out, he saw du meili leaning against the door of the office.

"Did that old witch say something bad about me?" du Meili's eyes were gloomy.

"senior du," su mu said indifferently,"you should leave some leeway in the future."

Du Meili was so angry that her face changed. su mu, how dare you lecture me? do you still think you're Mrs. Ye? President ye doesn't want you anymore, so why are you still being so arrogant here? without the protection of an old witch, do you think you can continue to stay in the newspaper office? Don't dream about it, he's already been kicked out."

Su mu didn't want to pay attention to her. Sister Hong was right. She was a lunatic.

he clearly had a good hand of cards, but he had to play them until they were all smashed.

As they talked, the editor-in-chief came over.

The chief editor was having a headache. Du Meili was getting more and more out of hand. She had offended everyone because of her relationship with him.

even if su mu was divorced, he was still the mother of starlight's heir. she, du meili, was nothing.

it was sky-high, and he didn't know what he was thinking. he had daddy in his mind.

Also, she didn't know the severity of the situation. She called him in the middle of the night, causing his new wife to argue with him every day. At this time, he would think of Liu Hong. He would think of the early days of their business. It was hard, but she was very considerate.

she wasn't a tomboy like she was now either. she was still pretty back then.

It was his fault for losing her.

In this life, sister Hong had always been a cinnabar in Zhang fucai's heart. Du Meili was just a woman who he had played with before. It was just that du Meili didn't know much about men and thought that her beauty could completely control Zhang fucai. However, after so many years, Zhang fucai had already gotten tired of her.

Chapter 5034: president ye is still jealous 6

Although he was tired of her, it wasn't a loss for a man like him to find someone like du Meili. Anyway, that was the case.

The editor-in-chief felt that she couldn't afford to offend either of them, so she tried to smooth things over. "stop arguing. don't bring your private matters to the company in the future. xiao du, come to my office for a while. "

Du Meili twisted her body and smiled at su mu.

Su mu didn't say anything and just returned to his seat.

little wen mumbled, " su mu, you're so silly. you can't divorce him no matter what. you know it's easy to step out of this position, but it's hard to step in again. so many people have their eyes on that position. "

just like her, she was very envious. just president ye's looks alone were enough to make people drool.

...

He was rich, good-looking, and had a good figure. He was a top-grade man. Su mu was too capricious to give up on him just because he said so.

xiaowen felt that it was really a waste. this man was different from things. he was not a thing. if she said she did not want him, she could transfer him.

Su mu was doing his own thing. He said in a low voice, " "i'm not thinking of going back."

Xiaowen swallowed her saliva and said, " " su mu, i think you have a unique personality. really, a unique personality. "

"I just don't want to make myself suffer," su mu smiled.

The only one who felt wronged was ye Jie. No one told ye Jie about this, for fear that he would be angry and sad.

Thinking of this, su mu felt a little annoyed.

In fact, she did not know how she had fallen out with ye xiangnan. Was it because of the few seconds he had looked at Qin yihuan? was it because he could not forget Qin yihuan?

She rejected such a possibility and did not want to think too much.

There was no one in the chief editor's office. Zhang fucai scolded du Meili first, which meant that su mu had someone above him. If he didn't want to get him involved, he should keep his mouth shut.

Du Meili always threw a tantrum, and Zhang fucai coaxed her. After a while, good things happened.

sister hong had come over with some documents. the moment she pushed open the door, she saw the mess inside.

Du Meili wrapped her arms around old Zhang's neck and looked at sister Hong provocatively.

sister hong didn't close the door and walked straight in. she placed the things on the table and paused before saying, "Zhang fucai, you're not young anymore. Your wife and children are still counting on you to support them."

Zhang fucai's pig-like face was flushed red as he had always felt guilty towards sister Hong.

"what are you afraid of?" du meili pulled him back. Aren't you in charge here?"

zhang fucai broke free from her and patted his clothes. "Your sister Hong is right. You need to take care of yourself when you're old."

He chuckled.

“who’s her sister hong? your wife is,” sister hong snorted.

with that, she left. she had seen this scene many times and was not afraid of tainting her eyes.

After sister Hong left, Zhang fucai’s mood wasn’t very good. Du Meili still wanted to act coquettishly with him, but he waved his hand and said, ” “I’m not in a good mood. Get out.”

Du Meili was stunned by his fierce look. She couldn’t believe that this fat man dared to speak to her like that.

He had gone too far.

du meili bit her lip and tears welled up in her eyes. she stomped her feet and ran away.

zhang fucai originally wanted to chase after him, but after thinking about it, he decided not to.

If he loved others, who would love him?

She’s just a woman, and she’ll naturally come back obediently after she recovers in a few days.

Chapter 5035: President ye is still jealous 7

Zhang fucai was no longer interested in this woman, and he didn’t care much about his family. In fact, what he had been worried about was his ex-wife.

His ex-wife was amazing. She usually looked like a tomboy, but when she went to social events, she would smoke a small cigarette and wear a dress. Zhang fucai would be willing to die for her.

why didn’t he see it before?

on the other side, sister hong walked out. su mu came over and asked for leave from her.

Sister Hong looked at her and probably guessed that it was related to ye xiangnan. She patted her shoulder and said, ” “go, call me if you need anything.”

su mu was very grateful to sister hong. he nodded and left the news agency.

...

She had to go to Starlight to get her divorce certificate.

they had never been husband and wife, and they were already divorced.

When they arrived at Starlight’s headquarters, Secretary li was already waiting there because they had made an appointment in advance.

Seeing su mu, Secretary li immediately ran over. miss su, I’m sorry to make you come here personally.

su mu said with a smile that he was fine.

Secretary li was very cautious in doing things. He brought su mu to the meeting room, poured him tea and had some snacks, but he didn’t show the certificate.

su mu was a little anxious. after half an hour, he finally asked,”Secretary Li, I’m here to collect the certificate.”

secretary li seemed to have just remembered and smiled. ” “Of course I haven’t forgotten.”

then, he went back to get a file and handed it to su mu.

su mu opened it and found a green book inside.

When she looked at it, her throat seemed to be choked, and she couldn't describe her feelings.

at this moment, ye xiangnan came to the small meeting room for a meeting. he was followed by a group of senior executives, about seven or eight.

when the door was pushed open, everyone was stunned, including ye xiangnan.

secretary li was so shocked that she immediately stood up. "president ye, the meeting has started? miss su, come over and get something."

Ye xiangnan's eyes fell on su MU's hand, and then he raised his hand to signal the senior management behind him to wait outside.

The higher-ups also had good eyes. Seeing that President ye had to deal with family matters, they did not dare to stay there.

After they left, Secretary li wanted to sneak out as well, but ye xiangnan stopped her. "secretary li, please wait a moment."

"ah!" secretary li exclaimed. it was as if he was in a dream.

ye xiangnan walked over, took the book from su mu's hand, and raised it high. "This, why don't I have it?"

he was initially a little shocked to see su mu, but now he knew why she was here.

she really didn't come without a reason. did she have nothing else in her heart other than her divorce with him? she usually avoided him when she saw him. he thought that she had thought it through, but it turned out that she was here to take this.

He questioned Secretary li. Secretary Li's heart was trembling, but he firmly believed that he had done nothing wrong.

he coughed lightly and squinted his eyes. "president ye, i've actually done it a long time ago. i just forgot about it."

“Is that so?” Ye xiangnan didn’t look too good. Then, he returned the item to su mu. keep it well and don’t lose it. You can rely on this to be with your old lover.

secretary li was stunned,”when did president ye say such crude words?”

the atmosphere was a little confusing. su mu was not an easy person to deal with. he put away his things and retorted, ” “Thank you for your concern, President ye. i definitely will.”

“that better be the case. otherwise, i’ll be letting down secretary li’s good intentions.” ye xiangnan seemed to be hinting at something, and then he looked at secretary li.

Secretary Li’s smile was extremely unnatural. She was also afraid that President ye would say it out loud.

Chapter 5036: How to coax a woman?(1)

secretary li’s smile was extremely unnatural. she was also afraid that president ye would say it out loud. if that happened, she would lose face in front of su mu. if president ye did not say anything, he would have to bear the responsibility. in the future, if they fought, president ye would have to bear all the consequences.

Ye xiangnan didn’t say it out loud. Instead, he said in a low voice, ” “i’ve taken the things, so we’re even.”

he looked at secretary li and said,”see them out.”

secretary li groaned and sent her away.

ye xiangnan, on the other hand, was having a meeting with the higher-ups, and his mood didn’t seem to be affected at all. the higher-ups also thought that president ye had probably already come out.

That's good. I don't have to vent my anger on them every day.

...

As a subordinate, of course, he didn't dare to say anything. This was just right.

however, they were being too optimistic. president ye would never let his subordinates have a good life. if he were to let it go, he would not have asked secretary li to give su mu a fake id.

after the meeting at the south of the night, the middle and upper management were all frozen and couldn't lift their heads.

When she walked out, she looked even worse.

Secretary li was also quite sorry, but it was better than a real divorce. If they really got divorced, President ye would not be so simple as to be in a difficult position.

it was not the first time that the entire starlight staff had such a situation. it was obvious what kind of chaos it would be.

Secretary li gave an apologetic smile and followed him.

When they arrived at the president's office, ye xiangnan turned to look at his Secretary. After a while, he said in a low voice, " "You've got some guts to fake it."

Secretary li spoke as if he was reciting from a book, " "president ye, the lawyers in the legal team are still working. if you want the green book, you can get it after work. "

"You still haven't finished it?" ye xiangnan stared at her.

"he didn't go for a walk," secretary li muttered in his heart. I'm only doing this because I'm guessing the intention of my superior. It's fine to delay it a little. Miss su isn't someone who doesn't want to leave. But I'm afraid that President ye will be too lazy to let miss gongsu leave.

after she said that, ye xiangnan threw a stack of documents on the ground.

as secretary li picked it up with a good temper, he thought to himself, " he really didn't mean what he said. You really have a bad temper. No wonder miss su doesn't want to be with you.

it was so smelly!

If it wasn't for the high salary, she wouldn't want to serve such a proud man!

Secretary li packed up the things and was already smiling again."i'm just afraid that president ye will regret it."

"what do i regret?" Ye xiangnan glanced over and said, " "Right, what did she say?"

secretary li found it funny and coughed. " "she didn't say much, she was just in a daze for a while. it seems like miss su doesn't really want to leave president ye, but president ye seems to be too heartless. girls are always embarrassed to make up after being kicked out of the house. if it were someone else, they would've come to cozy up to him long ago, but miss su has a backbone. maybe we'll make up after treating them to a meal and giving them some flowers."

think about it, president ye's birthday is coming up soon and it's so quiet.

Why not celebrate Lin Lu's birthday with her?

speaking of lin lu, she was in a terrible state. initially, when president ye brought her to the family dinner, she thought that president ye had really taken a fancy to her. that day, she was even prepared not to go home. inside the gown was a very hot, tight-fitting black suit.

Chapter 5037: how to coax a woman?(2)

however, that night, president ye brought her over and threw her to the distant relatives 'table. he sat in the chairman's seat and got drunk. in the end, wen yuan took her back.

when lin lu went home, no one had arranged for her to go home. she was in a sorry state.

from that day on, she probably gave up and would hide far away from president ye.

after secretary li finished speaking, ye xiangnan snorted. ” “did i say i wanted to make up with her?”

“Oh, I’ll go to the legal team then, President ye.” Secretary Li said.

“wait a moment.” Ye xiangnan called out to her.

...

Secretary li looked puzzled.

“just give her one chance,” ye xiangnan coughed.

Secretary li held back his laughter. yes, I also think that we should give her a chance. Miss su is very smart. She will understand that President ye is the man who loves her the most.

Ye xiangnan threw the document at him again.”When did I say I love her?”

secretary li exclaimed in confusion. if you don’t like it, then why don’t you let the legal team handle it? why do you still give them a chance? ”

Ye xiangnan gritted his teeth and said, ” “Secretary Li, you’re getting more and more daring.”

secretary li stood there, feeling wronged. ” president ye, i can’t do this or that. i don’t know what to do! ”

it was rare for her to be like this, and even a little coquettish.

ye xiangnan was stunned. after a long time, he sighed, "Su mu is not as good as a Secretary as a wife."

Having reached his goal, Secretary li picked up the documents and ran out.

At the door, her superior called out to her, " "What kind of flowers should I give to a woman?"

secretary li smiled. " red roses or lilies are good. for miss su, i suggest lilies. it suits her temperament. "

After she finished speaking, she looked at President ye anxiously, thinking that he would ask her to book it.

but ye xiangnan muttered to himself for a long time before he quietly said in a low voice, "you may leave."

secretary li could tell that he was probably really angry with su mu.

both of them were angry. this was really difficult to handle.

After Secretary li left, ye xiangnan went to the sofa and sat down, leaning against the back of the sofa.

He had fallen ill recently.

no, he was mentally ill.

After falling out with su mu, he went to look for other women, but he was not in the mood at all. He thought that there was something wrong with his body, but it was not. It was normal.

One day, when he looked at the things that su mu had used, it was very normal for him to be stunned.

he brought lin lu to the family banquet purely to piss su mu off.

however, su mu didn't care at all. he seemed to be the only one who was angry.

the more ye nan thought about it, the angrier he got. in the days that followed, he spent his time at drinking parties and nightclubs. gradually, he forgot about su jue and only remembered him when he saw ye jie.

A month later, he went to Li's office and knocked on the table. "Get the documents done this week."

Secretary li was surprised and stared at him for a long time.

ye xiangnan seemed to be a little impatient. "is there a problem?"

secretary li looked at his expression and seemed to have realized something. his voice was slightly soft. "yes, president ye. i got it. i'll get it done this week."

ye xiangnan looked at secretary li deeply and didn't say anything.

after he left, secretary li felt like all the energy in her body had been sucked out. she knew very well that this time, it was really over. president ye was determined to pull su mu out of his heart.

A man like President ye probably didn't want to be too restrained by a woman.

Chapter 5038: How to coax a woman (3)

secretary li thought, when a man is heartless, he won't give a woman a chance to live.

However, this was also good. Su mu would be free in the future.

Secretary li went to handle it. It was done very quickly and he gave ye xiangnan two small green notebooks.

ye xiangnan didn't think of giving it to su mu. anyway, in her heart, what she took was real. it didn't make a difference whether she gave it or not.

that night, he asked qin xuan out for a drink. he had been quite close to qin xuan recently.

there was no other reason. it was because bai anan was pregnant with qin xuan's child.

...

the two of them were also very bickering. they had clearly taken the medicine, but who knew that bai anan would buy fake medicine? now, the child was growing in her stomach, and if she didn't want to abort it, she could only get married.

because of this, ye xiangnan had a great understanding of qin xuan. it was all an accident, but qin xuan was much more fortunate than him. at least bai anan was a beautiful woman and a strong woman, but she was also very patient. only she could tolerate qin xuan.

Su mu didn't have any good points, but he had a lot of shortcomings. It was hard to tell where she got her sense of superiority and confidence from.

He was amused when he heard from his mother that su mu was doing well in the newspaper office. No matter how well he did, how much money did he make in a year?

She didn't want to be Mrs. Ye anymore, but she went out to drink every two or three days. She didn't know if she was out for the news or to socialize. He had heard all of this from Secretary Li's gossip. Secretary li had always been talking about this in his ear, so he didn't know how she knew about it.

later, he found out that secretary li and su mu had become best friends.

he didn't care, as long as it didn't affect secretary li's work.

The night was a little late.

ye xiangnan and qin xuan drank until 11 o'clock and didn't intend to continue. one of them had a wife who was pregnant, and the other had to work the next day. they were prepared to get the driver to pick them up early.

Qin Xuan left first, leaving ye xiangnan alone in the bathroom. He was going to wash his face before leaving.

however, when he got there, he found that someone was already washing his face. he wanted to give up, but he thought about it and walked over.

Su mu was washing her face. She had drunk a little too much.

The daddies in the private room weren't in the mood for the advertisement yet, and sister Hong was entertaining others.

Sister Hong was very headstrong. No matter how good their articles for the new society were, they had to get advertisements for the newspaper. Otherwise, if there were only people reading them, the entire group would starve to death without any income?

In the past, su mu had always thought that he only needed to interview or write to run the news. Now, she realized that it was not that easy. He even had to get advertising clients to drink with him.

at first, su mu couldn't accept it. however, when he saw sister hong's eyes were red from all the work and she still attended the dinner party at night, he felt that he was being a little pretentious.

actually, having a meal was not a big deal.

Su MU's alcohol tolerance wasn't good, and sister Hong had been blocking for her. She could tell that su mu had suffered quite a bit.

At this moment, su mu said that he quit. She could not do it.

One time, sister Hong had too much to drink. She leaned against the wall and said to su mu with a cigarette between her fingers, " " this is how it is in this industry. it's not as simple as you think. there are many sacrifices when necessary. "

Su mu was a little surprised. She didn't know.

sister hong smiled. " it depends on what you think. if you don't want to, no one will force you. but if you want to achieve results and become a well-known media person, you have to do this. if you don't have a background, you can only become a stepping stone for others. why do you think du meili is following zhang fucai? it's because she doesn't want to go out and drink with him. if she follows him, she only needs to accompany one man, have a name, and marry a good man. "

Chapter 5039: Will you also be with those stinky men (1)

Sister Hong turned her head. su mu, darkness is everywhere. Even people like us who write in darkness are also in darkness. There's nowhere to run.

Su mu pursed his lips and didn't say anything for a long time.

sister hong raised her head and blew out a ring of smoke."It's not as complicated as you think. Those who are willing to take the big cut are not willing to earn a dead-end salary just by drinking. in addition, you have to entertain the higher-ups, or else you can write these things as you please?"

Sister Hong said as she looked up silently.

When su mu looked at her, he suddenly understood.

Sister Hong had sacrificed herself for her ideals and for others.

...

if it wasn't for sister hong's connections, they wouldn't have been able to get into the location of the interview last time. su mu didn't dare to ask if these connections were made over a meal or where they got it from.

sister hong patted her. ” don’t be like this. no matter how bad you are, you still have a son. right? ”

Su mu was quite upset. Sister Hong said that she didn’t like su mu, but she cared a lot about him.

At this moment, she looked at ye xiangnan and felt even more emotional.

she thought of sister hong and those people that sister hong needed to please. did ye xiangnan also include these people? did ye xiangnan also make things difficult for the female reporter?

she lowered her gaze, not intending to speak to him.

She had only taken one step when her wrist was caught by someone. Then, she, su mu, was thrown against the wall. She was dizzy from the fall, and then she was trapped in the dark.

he was drinking.

She turned her face away, and her breathing was erratic.

Because she had drunk it too.

Ye xiangnan was quite angry. He reached out and pinched her chin,”Should I call you miss su or Mrs. Ye, hmm?”

To be able to drink so much in a place like a club, and with the smell of smoke on her body, there was no need to think who she was drinking with. He had already seen Liu Hong’s antics.

in the past, he had thought that she would not come out to socialize, but now, she was in public and even wore a dress.

What the hell is this? why is she wearing a dress in the middle of winter?

wear it for those old perverts and ghosts to see?

he looked down and stared at the slightly tight skirt on her body for a long time.

ye xiangnan! su mu was a little embarrassed. let go of me, you bastard.

she had drunk alcohol and was not good at drinking. at this moment, she could not exert any strength at all.

Ye xiangnan stared at her with a rare expression and a strange look in his eyes, "when you drink, do you drink while sitting on other people's lap?"

He had seen this kind of thing many times, and he had also been thrown into the arms of many women.

but ordinary women couldn't get close to him, and most of them were accepted by his men.

was su mu doing the things that only women would do? Just thinking about it made him feel like he was going crazy.

Even if she was not his woman, she was still ye Jie's mother.

A good woman shouldn't be entangled with men, and shouldn't fool around outside. She was drunk like this. Did those men make inappropriate requests again, and she agreed for the sake of her performance?

The more ye xiangnan thought about it, the angrier he became. As su MU's face kept approaching, su mu kept retreating until he had nowhere to run.

tell me, did you have an affair with another man? " he didn't say the last few words, but she knew it, even though she had drunk a little too much.

su mu's eyes were wide open. he was both embarrassed and angry. he raised his hand to slap him.

however, ye xiangnan grabbed her wrist without thinking and held it above his body.

Chapter 5040: will you also be with those stinky men 2

then, he lowered his head.

maybe it's the effect of the alcohol.

After struggling for a while, su mu didn't refuse him anymore. Instead, he put his hands around his neck.

[crawling in harmony]

early in the morning, when she woke up, the light was blinding, and she instinctively reached out to block it.

When she came back to her senses, she immediately sat up.

...

This is a bedroom in the Qin Zhuan hotel?

su mu lowered his head and looked around. he recalled that he had urged her to be with ye xiangnan last night.

She bit her lip and wanted to remember, but then she heard a faint voice coming from outside.

it was ye xiangnan. he spoke in a business-like tone, as if he was explaining something to secretary li.

su mu bit his lip, pulled up his bathrobe, and went out barefooted.

she thought that it was secretary li outside, but she didn't expect it to be the second secretary, secretary xiao, and a few other middle-and high-level executives.

What was particularly eye-catching was that Shen Wenxuan was among them.

They were sitting on a set of couches and seemed to be in a meeting. When su mu looked at them, his mind was in a mess and he didn't think of going back to the bedroom.

At this moment, the people in the meeting heard her gasp and looked over at the same time.

Su mu bit his lip, feeling too ashamed to show his face.

she and ye xiangnan had already gotten a divorce certificate and had spent a night together. no one would believe that nothing had happened. besides, she didn't know and couldn't remember clearly. she had drunk too much.

He was clearly drinking last night, so why was he standing here perfectly fine, while she was in such a sorry state?

shen wenxuan's eyes met with su mu's, and su mu felt particularly uncomfortable.

"I'm sorry, I drank too much." Then, she walked towards the bedroom.

ye xiangnan's eyes were fixed on her. he called secretary xiao over and whispered a few words to her.

secretary xiao was a little surprised and stared at president ye for a long time. " "President ye, Are you sure?"

"go," ye xiangnan said lightly.

Secretary Xiao nodded and walked into the bedroom.

The meeting outside continued.

Su mu had just changed his clothes. She was not used to wearing a bathrobe in the hotel bedroom with so many people around, even though no one could see her now.

secretary xiao pushed the door open and coughed lightly. ” “Miss su,”

she was quite emotional. she was president ye’s second secretary and president ye had called her over this morning, not his trusted secretary li.

In the past, when President ye treated miss su as his little treasure, it was absolutely impossible for her to be so close to her. But now, it was different. President ye didn’t seem to care much about miss SU’s feelings.

Although President ye did not care, Secretary Xiao still spoke politely.

Even if he was being polite, it would not be nice.

” miss su, our president ye wants you to take the medicine on your own. if you’re allergic, you can claim the medical expenses. also, this is the check from last night. ” Secretary Xiao pushed a check of 100000 Yuan to su mu, his heart trembling.

su mu didn’t have a good temper, which was known to everyone. that was why secretary xiao was a little scared.

Su mu stared at her and then heaved a sigh. “will you do whatever ye xiangnan wants you to do?”

Secretary Xiao could hear the restraint in her tone, so she didn’t say anything and just smiled bitterly.

President ye truly loved Secretary li. If he didn’t let Secretary li come over today, she would become cannon fodder.

“Can you let Mr. Ye in?” su mu lowered his eyes.

She was so polite that it was hard to refuse her.

secretary li had told secretary xiao and the others in the company that they could offend anyone but miss su.
