

Thank you 5241

Chapter 5241: Ye xiangnan, this pretty boy, is quite powerful 6

“That was an accident. I won’t do it again,” Zhang fucai said with a smile.

it’s not my business in the future. But think about your wife. She followed you at such a young age and worked hard to raise two children. If she’s still a sleazy person, how can she face her? ” as sister hong spoke, she picked up her coat. ” let’s go. you drank. i’ll send you off. ”

zhang fucai was flattered. he had been thinking about sister hong recently. although he didn’t dare to think in that direction, it was good to be able to be alone for a while, especially in a car. just thinking about it made his heart flutter.

Sister Hong quickly poured cold water on his hopes.”don’t think too much. i just feel that you might spend money to find a woman after drinking. it’s not worth it for your wife, so i’m willing to give it to you. don’t think too much. zhang fucai, don’t think too much about those things. you’re no different from a eunuch to me.”

Zhang fucai’s pig-like face instantly turned red. Liu Hong, you’re so cowardly!

“did i say something wrong?” Sister Hong didn’t buy his words and coldly snorted, ” “I’ve been good to you, don’t be greedy.”

...

Zhang fucai was instantly discouraged and followed behind sister Hong like a ball.

ye xiangnan coughed. ” su mu, look. cheng zheng is about to explode again. ”

“he has such a bad temper, how can sister hong stand it?” su mu asked in a low voice.

ye xiangnan looked at her with a strange look and said slowly, ” “Don’t you think that Liu Hong’s temper is worse?”

Su mu thought about it and it seemed so.

one thing had its counter. this was probably the case.

sister hong sent zhang fucai back. when he got out of the car, she wanted to say something, but she said impatiently, " don't say that nonsense. I don't buy it. What were you doing earlier? besides, I like fresh meat now.

Zhang fucai felt wronged. Cheng Zheng isn't fresh meat. She's almost 30, right? "

"he has muscles, but do you?" sister hong snorted.

Zhang fucai left the restaurant dejectedly.

Sister Hong drove to a bar and was prepared to have a few drinks before going back.

She was not in the mood to fish for a man. Of course, she would never admit that it was because of Cheng Zheng.

sister hong was especially beautiful now. she only needed to smoke a cigarette while sitting at the bar. when a large number of wolfdogs approached her, sister hong would at most drink a small glass of wine with them, looking uninterested.

After sitting like this for the whole night, she went back and found a designated driver.

when she got into the car, she realized that something was wrong.

the designated driver was none other than master cheng.

master cheng took off his hat and grinned."great reporter liu, we're really fated."

sister hong lit a cigarette. " it's so boring. didn't i say that whoever comes looking for you is a bastard? "

master cheng chuckled. ” there’s such a thing? How come I don’t remember?”

He had always been good at being a scoundrel. Sister Hong couldn’t be bothered to talk to him about it. She smoked her cigarette quietly. now that your business has fallen, you’re out with a sports car? ”

Seeing that she didn’t drive him away, master Cheng was happy. ” isn’t there a saying that a starving camel is still bigger than a horse? no matter how hard it is for us, we can’t let our wife suffer. don’t you think so? why don’t you see my strength? i’m still as strong as before. ”

he was obviously trying to say that a dog’s mouth could not produce any decent words. sister hong didn’t continue the conversation, only faintly saying, ” “just take care of the others, i don’t need you to worry about me.”

“But you’re the only one in my heart. There’s no one else!” Master Cheng said shamelessly.

Chapter 5242: Ye xiangnan, this pretty boy, is quite powerful 7

Sister Hong snorted and didn’t say anything.

probably because she was tired and had a few drinks, and the car was driven by cheng zheng, she slept in the car without worry.

when she woke up, she felt as if there was a big dog beside her. she wanted to speak, but the big dog said, ” “don’t move, i’ve missed you so much. you bad woman, he’s squinting so much that i’ve missed you. don’t move, or i’ll kill you.”

Sister Hong was speechless and gave master Cheng a slap. “you’re crazy.”

” he’s crazy. i’m lovesick. i’m going to be a living tortoise tonight. ” “I asked you to drink with another man,” master Cheng said in a wronged voice.

“i told you to laugh at others.”

...

I told you to talk to other people, and I told you to hook up with those men. Are they as good as me? they're all people who take advantage of women.

the more master cheng spoke, the angrier he got, and the more he didn't hold back.

it was like a fight between husband and wife. it was terrible, and in the end, almost both sides were injured.

In the end, they even went to the hospital.

The doctor's eyes were opened. This was intense. He had never seen a man and a woman who could do plastic surgery to each other like this.

the man's face was covered in palm prints, and the woman's face was not bad either. her hair was pulled into a mess, the makeup on her face was ruined, her lips were scratched, and her neck was covered in bruises, probably caused by fingers. her chin and cheeks were also full of suspicious finger prints.

How brutal must both sides be to end up like this?

they could call the police if they were to fight.

However, it was especially strange that the man would still smile at the woman and coax her wholeheartedly. The doctor couldn't see that licking look of his. After thinking about it carefully, he thought that perhaps this was the pleasure of love between a couple.

Fortunately, they were all external injuries, and the man was the one who was seriously injured. His body was covered in nail marks and blood marks.

he was really heavy-handed.

she had thought that it was a man who had hit a woman, but now she knew that this burly man was the one who had been hit!

Perhaps the doctor's gaze was too intense, master Cheng was unhappy and shouted, "Don't men have to give in to women? what's there to see? I'm just giving in. If I really hit her, I can crush her with one hand."

Sister Hong glanced at him. Cheng Zheng, say it again. If you know how to talk, then say more.

master cheng scratched his head. " i'm outside and i want to save face. when we get home, you can hit me or scold me however you want. i'll even kneel down to serve you. "

"alright, go and apply the medicine." the doctor couldn't stand it anymore.

Really, this man shouldn't embarrass himself outside. He was so scared of his wife with his looks.

At this moment, Xiao Mao came over and said a few words to master Cheng. Master Cheng's eyes suddenly revealed a ferocious look like that of an animal, which frightened the doctor.

Master Cheng was about to leave when sister Hong stopped him. wait a minute. Where are you going? "

master cheng smiled. " just for a while. be good and go home first. i'll come back to you after i'm done. "

As he said this, he turned to Xiao Mao. send your sister-in-law back. You need at least five people to protect her. Do you understand? if you lose even a single hair, I'll hold you responsible.

Xiao Mao was put in an important position and immediately expressed his loyalty, " "master cheng, don't worry. i'll definitely send sister-in-law home."

Cheng Zheng patted his shoulder and left.

The doctor sneaked over at this time and realized that this man was the coquettish master Cheng.

God, how did this woman make such a man willingly take a beating? after the beating, she still wanted to please him and even kneel down to serve him.

Chapter 5243: you can't touch this!1

“she's our sister-in-law. can't you dote on your wife, master cheng?” xiao mao said disdainfully.

The doctor's expression was particularly strange, but the man who gave in to the woman was not much worse.

After Xiao Mao finished speaking, he wanted to send sister Hong back. Sister Hong did not reject him.

However, while sitting in the car, she lit a cigarette and smoked it quietly.

“Sister-in-law, master Cheng said that you can't smoke,” Xiao Mao tried to persuade her as he drove.

“you only have master cheng in your heart, why are you so obedient to him?” sister hong couldn't take it anymore.

...

Xiao Mao was silent for a while before he continued, “ I was picked up by master Cheng. When I was ten years old, I was wandering outside and someone broke my leg in order to eat. If it wasn't for master Cheng, I would have died long ago. Master Cheng is my second parent.

Sister Hong didn't expect that Xiao Mao's background would be so pitiful. After a while, she put out her cigarette and said softly, “ “Then you and he are in the same boat.”

“That's what our master Cheng said too. He said that this little brat and I are fated to meet.” Xiao Mao immediately perked up.

sister hong didn't say a word and just looked out the window quietly.

When the car arrived at her apartment, she said softly, "Xiao Mao, does Cheng Zheng do this often?"

Xiao Mao did not understand what she meant and let out an 'ah'.

"what i mean is to be a good person and pick up some random cats and dogs?" sister hong said softly.

Xiao Mao replied with an 'Oh' and then became dissatisfied. "I'm not some random cat or dog."

"something like that," sister hong replied.

How can this be similar? but you're sister Hong, so you have the final say.

Xiao Mao said again, "actually, master Cheng is very gentle at heart, Yingluo."

Sister Hong couldn't take it anymore and opened the car door. "you can slowly revel in it."

Xiao Mao scratched his head and felt that he was right.

Sister Hong had already gone upstairs. Xiao Mao and a few of his brothers followed her up. Sister Hong leaned against the elevator and didn't say a word.

"don't worry, sister-in-law. master cheng is very brave. nothing will happen to him," the little mao said softly.

he said that nothing would happen, but his waist was still cut by someone, almost stabbed in a vital point.

that night, master cheng was hospitalized again, but he didn't let anyone tell sister hong.

He was a man. If he made a big fuss over a small injury, he wouldn't be a man.

Master Cheng was lying on the hospital bed, wearing an open shirt with a circle of white gauze wrapped around his waist.

his face was nonchalant, as if it was a normal meal.

His subordinate was talking to him, and he gritted his teeth. that old man mi, he dared to be so arrogant just because he saw me drinking a cup of tea from above. I didn't pay attention this time, but I'll kill him next time.

Xiao Mao served master Cheng like a woman, cutting the Apple into pieces and feeding it to him. Master Cheng ate a few pieces at first, then he scolded, " "Little Mao, why are you acting like a woman? You're so disgusting, an Apple should be eaten in big bites, not like you, not as good as a woman."

the little furry monster felt wronged and didn't dare to make a sound.

At this moment, sister Hong pushed the door open and entered. She leaned against the door and asked, " are you injured again? "

seeing that it was her, master cheng stared at xiao mao. " little brat, did you say that?

xiao mao quickly shook his head.

master cheng looked at his woman with a smile."You've scraped reporter Liu all the way here, what a rare guest!"

Sister Hong snorted coldly. I'm here to see if you're dead.

master cheng's voice was full of hormones. if you care about me, then you care about me. You're so stubborn. Are you still a woman? "

Sister Hong walked over and gave him an Apple. "let's eat,"

Chapter 5244: you can't touch this!2

Master Cheng ate it with a smile and praised, " "it tastes really good. you women are so attentive. you even cut the apple into pieces. you're not like us, rough men, who gnaw on it in big mouthfuls. you're not refined at all."

Xiao Mao felt even more aggrieved. He was the one who cut the Apple, and master Cheng had just scolded him for being worse than a woman!

Master Cheng was still smiling, his eyes almost glued to sister Hong's body.

Even though he had hit her, his woman still cared about her.

just as master cheng was one-sided announcing their love, the door opened, and a rather embarrassed woman rushed in.

It was none other than su Zhiyan.

...

Su Zhiyan's face was Haggard, but it was different from her usual haggardness. She stood at the door and said in a daze, " "Master Cheng, I can't buy any more cigarettes."

master cheng frowned and looked at sister hong.

originally, he had kicked this woman out according to his temperament. he had told her not to whip her, but she didn't listen. who could he blame?

But now that sister Hong was beside him, it would seem a little heartless to do so. Hence, master Cheng coughed lightly. you haven't quit? "

"it's very painful. i can't bear the pain," su zhiyan replied softly.

“back then, you wanted to live a happy life. now, you’re just asking for trouble.” “I’m not selling this anymore. It’s no use looking for me,” master Cheng said directly.

Su zhirou pounced on him and pounced on the bed. I’m begging you, master Cheng. I really can’t leave that. I can buy it. I have money. Master Cheng, even if you don’t want to sell it, I know that you have the means to get it, right? ”

“Burn them all.” master cheng cut off her thoughts. ” don’t think about this nonsense. find a place and spend a few hundred thousand to quit and start a new life. ”

“I’ve been there before, but it was really painful. Do you think I don’t want to?” su zhirou’s face was blank.

Master Cheng really wanted to kick this woman to death. What the hell did it have to do with him?

He gave a look, and Xiao Mao knew. He stepped forward and coughed lightly.”miss su, why don’t we leave first, and master cheng can think of another way?”

su zhirou looked at sister hong and thought to herself that it might be inconvenient for master cheng to give her that thing because the reporters were around. he might have given it to her in private, so she went back first. however, she waited and waited, but master cheng did not send anything over.

however, when she was in great pain, a strange-looking old man, accompanied by a few men in black, walked to her side. his indifferent eyes looked down at her, and then he threw a pack of cigarettes.

Su Zhiyan could not wait to take one out and smell it. This was the smell.

” you’re only qualified to enjoy it if you’re mr. mi’s woman. ”

su zhirou looked up with a dazed expression, but she nodded without hesitation.

From that day on, she became the woman of master Cheng’s nemesis. She could still go to high-class places, had endless money to spend, and was still the boss’s most favored woman.

besides, even though mr. mi was older, there was no one around her who could compete with her for his favor. At that moment, su zhirou was also living a happy life.

but she still couldn't forget master cheng.

Master Cheng was a man she liked very much, but she also hated him. She hated him for being so heartless to her and for not loving her.

She didn't understand how su mu and Liu Hong, both of whom were not as young and good-looking as her, had managed to charm master Cheng.

Now that su zhirou had found a new backer, she was full of confidence. She returned to her parents' house in an imposing manner with two black sedans.

Chapter 5245: You Can't Touch This!3

Just then, su mu came back and mainly brought some medicine for su daqiang.

She didn't have much contact with her family and rarely came back. Her relationship with Mother su had also reached its freezing point.

At this moment, su zhirou's car arrived, and mother su immediately beamed. "Our zhiqiao is back! Look at how exquisitely she's dressed up! She's so beautiful!"

Su mu just wanted to listen to such words.

su zhirou, on the other hand, enjoyed it very much. after acting coquettishly for a while, she took out some tonics."mom, mr. mi asked me to give this to you."

Auntie su was stunned. aren't you with that bastard Cheng Zheng? why is there another Mr. Mi? " how's his character? does he have a wife?"

...

even though cheng zheng was a bad * ss, she did not have a wife and was very generous. in the end, su yan's mother turned a blind eye to her.

however, she didn't expect that there would be another mr. mi. she still had to find out if it was mr. mi or old man mi, so she pulled her daughter over and asked in detail.

Su zhirou's pale face turned a little unnatural. mom, why are you asking so many questions? it's good enough that you treat me well.

When mother su saw that her daughter was dressed well and exuded an air of nobility, she slowly felt relieved. However, she was still not very happy.

she was a mistress, and mr. mi didn't sound young, and he was a gangster.

In comparison, she was inferior to su mu, which made mother su very unhappy. In her heart, her younger daughter was the one she loved.

su mu was already used to this kind of differential treatment. he didn't take it to heart, so he bent down and got into the car.

Su Zhiyan called out to her.

"what's the matter?" su mu lowered the window.

su zhirou walked over slowly and touched the car lightly with her fingers. "You only drive a car that's worth three million? it seems like brother-in-law doesn't treat you well."

The car she was using to return to her parents' home today was worth more than 20 million Yuan. She heard that there were only four of them in B city, and it was a very Grand and impressive car.

Mr. Mi had said that he would take over the business that master Cheng was doing.

This was exactly what su zhirou wanted. She could have just followed Mr. Mi. However, Mr. Mi had asked her to build a relationship with su mu, saying that su mu was very important and could directly affect the person above.

Su Zhiyan was also an idiot. She was clearly making a request, yet she still had to act high and mighty.

come to think of it, being with an old man from a black family and su mu marrying into a rich family, how could they be the same?

With su Xiaosan's status, she could be slapped by old MI's first wife at any time. She had been spoiled by mother su.

Su mu smiled at her words. yeah, I think a car that costs more than three million Yuan is already very good.

su zhirou wanted to mock him again, but when she thought of mr. mi's instructions, she chuckled. "Sis, when are you and brother-in-law free to have a meal together?"

Su mu was not stupid. with Mr. Mi? "

su zhiyan smiled.

Su mu gave a faint smile. that's not necessary. Zhiqiao, I know what you're doing now. You'd better quit that stuff. Otherwise, you'll be used by others.

Su Zhiyan's expression turned ugly. "sister, why do you have to say such unpleasant things? do you not like mr. mi treating me well? You can also ask brother-in-law to be good to you. Oh, I heard that he doesn't like you very much, and it's all because of ye Jie, right? will the child divorce you when he grows up?"

at this moment, su mu's phone rang. she saw that it was ye xiangnan.

Chapter 5246: You Can't Touch This!(4)

su mu picked it up and said in a soft voice, "Why did you call? I'll be back in a while. Yingluo, take ye Jie to have children's food. He's been making a fuss for a long time."

he hung up the phone after a few words.

Su Zhiyan's expression was a little envious, and her voice was sarcastic. "Even if you don't love each other, you still have to pretend to love each other. Isn't it tiring to live?"

"only you know if you're tired or not. it's good that you're not tired, zhiqiao." su mu looked at her and understood why ye xiangnan was willing to take the risk to do that.

this was simply toxic. there would be more su zhirou if she did not get rid of it. her spirit and soul had already been distorted, and she could not tell right from wrong. she knew that this thing was not good, but she still helped that mi fellow to harm others.

su mu did not like su zhirou in the past, but now he was utterly disappointed in her. he did not have any affection left for her.

...

as she drove off, su zhiyan stomped her feet in frustration.

"What are you guys talking about?" Su Yan's mother came over.

su zhirou did not dare to tell her mother those things. she only played with her fingers and asked with a strong desire to win, "Mom, who do you think is better now, me or my sister?"

Su Yan's mother thought for a moment. looking at what you're wearing and what you're using, you should be better.

after all, he doted on his younger daughter and couldn't bear to tell the truth.

It was good to wear her, but in the future, that Mr. Mi would throw her away like a rag when he got tired of her. Mother su was well aware of the truth that flowers don't bloom for a hundred days.

however, su zhirou was young and hot-headed, and she even nodded. "that's right. i'm just living better than her, and she's just feeling uncomfortable."

She did not believe the rumors that her brother-in-law had transferred all his personal assets worth hundreds of billions to su mu.

How could there be such a fool in a wealthy family?

She didn't know that. There were no fools, but there was true love.

Su mu drove the car back to the villa. Ye Jie and ye xiangnan were already waiting for him. As soon as she got out of the car, ye Jie threw himself into her arms. "Mom, you're so pretty today."

su mu kissed him and said, ye cha's mouth is getting sweeter and sweeter.

ye jie's little face was red. at this time, ye xiangnan opened the door for them to get in. it was still su mu's car. he was too lazy to change it, so ye xiangnan drove instead.

after the children's meal, the parents played with their son for a long time. when they returned home, ye jie had already fallen asleep in the car. su mu carefully put the little guy on his lap and looked at his son with a gentle gaze under the dim light.

Ye xiangnan adjusted the temperature in the car to the right temperature and glanced at su mu in the rearview mirror from time to time.

She wasn't a top beauty, but she was good-looking. Recently, her temperament had become more elegant. She also knew how to dress well. They were all minimalistic and had a casual and lazy air about them. Anyway, Mr. Ye wanted to hug her when he saw her.

it was quiet in the car. no one spoke, and it seemed particularly gentle.

He didn't get out of the car until they reached the villa. He picked up his son and told su mu in a low voice, "put on your coat."

Su mu obediently put on the coat in his hand and the family of three went home side by side.

After taking care of his son, ye xiangnan said in a low voice, "you don't look any different today. What happened?"

su mu touched his face. ” is there anything wrong with me? ”

He went to pour a glass of water and placed it in her hand. Then, he said gently, ” something has been wrong since we came back from the SU family. What happened? ”

su mu held the cup and took a small sip before he said softly, ” ” cheng zheng stopped cooking. have you heard? mr. mi has started cooking. ”

Chapter 5247: You Can’t Touch This!5

Ye xiangnan nodded and said,”I know.” i’ve heard of him, but he won’t be able to do much. if the higher-ups suppress him a little, he’ll probably cry for his parents.”

Su mu just looked at him.

Ye xiangnan smiled. besides, he doesn’t have the right stock. The people who buy it are not stupid. They will get sick if they smoke it.

“then, we don’t care?” su mu felt a little strange.

Ye xiangnan found it funny. what’s there to care about? those people are willing to smoke that stuff. If you care about them, they won’t thank you. Isn’t it good that they’ll go bankrupt? ”

Su mu stared at him so intently that ye xiangnan almost exploded. “This is also my fault? don’t say that i don’t have any sympathy, the brothers who watched over this matter are also very tired. they have gone through life and death, how are they going to account for this?”

...

Only he, ye xiangnan, dared to show his face in public. Who else dared to?

Cheng Zheng was hot-blooded, but that Mr. Mi was even weirder.

Su mu said no in a low voice and then said, ” “if zhiqiao follows him now, i’m afraid she won’t have a good ending in the future.”

ye xiangnan had no sympathy for that woman. he snorted, ” ” that’s still a scourge. when that mi guy is finished, we’ll throw her in and force her too. i don’t believe we can’t control her. ”

Su mu leaned on his shoulder. After a while, ye xiangnan said in a low voice, ” “what’s wrong? are you scared?”

no, it’s just that I never thought there would be so many dark sides to it. “I only thought that sister Hong’s reports were already the best,” she said softly.

“As long as there’s money to be earned, there will be people who will do even the most immoral things,” ye xiangnan smiled.

he held her and leaned his head against her, feeling a closeness he had never felt before.

“when will this end?” su mu asked softly.

Ye xiangnan let out a long breath, ” “it won’t end as long as there are humans.”

Su mu didn’t say anything and just leaned on his shoulder. He smiled when he thought of the South at night.”What, is your sense of justice overflowing again?”

she didn’t say anything, so he lowered his head and said seriously, ” ” su mu, promise me that you won’t force yourself. someone else will do the work. it’s not your turn. do you understand? ”

She was in a daze. Just as she was about to say that she didn’t want to do it, he continued, ” maybe you’re also very important to some people, you know? ”

She finally understood what he meant. She turned around in his arms and asked, ” “Then, to whom?”

ye xiangnan pressed her down on the back of the sofa and gave her a small punishment.”Are you still pretending?”

she had a rare smile in her eyes."I don't understand."

Ye xiangnan picked her up and walked upstairs. I'll make you understand.

on the other side, it was a warm moment. su zhirou's days were not good after she returned.

She did not complete the task that Mr. Mi had given her. When she returned, Mr. MI's face was frighteningly dark. Su zhirou carefully put down her handbag and went over to act coquettishly.

"Where's the thing I asked you to do?" Mr. Mi pushed her away.

su zhirou's face froze for a moment. she wanted to act coquettishly and get over it, but mr. mi pinched her chin."Speak. Have you made an agreement with your sister? can we still have dinner together?"

Su zhirou looked at the man in front of her in fear. She finally knew that she had a bad taste in food.

she swallowed her saliva and said,"i've made an appointment. this saturday."

Mr. Mi felt that he had misjudged her and slowly put her down."Where is the meeting? do you want to go south at night?"

Su zhirou's brain was still very agile, so she quickly made up a lie to deceive that mi fellow.

Chapter 5248: you can't touch this!6

Little did she know that Mr. Mi knew that she was lying. He only knew that she had a bad personality and was willing to give her a chance.

Su zhirou, who had just escaped death, was scared to death. She wanted to escape when she returned to the bedroom, but she could not leave the cigarette.

After some thought, she went to the hospital again.

This time, Liu Hong was not around.

su zhirou slowly closed the door, walked over slowly, and knelt down in front of master cheng.

Master Cheng was munching on an Apple and didn't even look at her. He said in a faint voice, "what brings you here? are the gatekeepers useless now? they can let anyone in!

...

"master cheng said he won't see us. we won't let him go next time." xiao mao probed at the door.

Su Zhiyan knelt there and said softly, "master cheng, please give me a chance to live."

Cheng Zheng put down the things in her hands and gritted her white teeth before saying, "you'll only die if you follow old mi. He won't be as gentle as I am. At most, I'll teach you a lesson and whip you with a belt. When old mi does it, it'll be fatal. you should think about whether you want to stay by his side or not. besides, he's already so old, do you only want a few cigarettes from him?"

su zhirou was so embarrassed that she lowered her head."Master Cheng, as long as you give me the cigarette, I'll definitely leave Mr. Mi."

"What Mr. Mi? he's so old. Everyone in the underworld calls him old mi. I heard that he's a pervert. Su zhirou, you're really something. You like this kind of thing." Master Cheng said with interest.

su zhiyan lowered her eyes. "i was just confused. master cheng, i'm begging you. "

"I don't have any more cigarettes, and I won't be coming in again." "Since you've come to me, I'll point you in the right direction," master Cheng said bluntly.

Su Zhiyan's face was filled with anticipation.

Master Cheng's expression was indifferent. go and force him to quit. Although you will offend old mi, as long as you and Mumu admit your mistake, old mi will not dare to touch you openly with

your relationship with the ye family. You think about it yourself. I can only show you the way. It's up to you whether you want to go or not.

Su zhirou was excited at first, but she became a little embarrassed after hearing what he said. I'm still going to quit and apologize to su mu. Master Cheng, why should I apologize to her? "

"Is it that hard to admit that you're not as good as others?" Master Cheng frowned. I just don't understand your pig brain. There's a way to heaven, but you don't take it. You're with that mi guy. You're doomed sooner or later. I'm leaving you with this.

su zhiyan begged for a long time, but master cheng was unmoved.

In the end, it was only when sister Hong returned that su Zhiyan finally gave up. She crawled up with a cold smile on her face."Master Cheng, I didn't expect you to be such a heartless person."

"We didn't do anything. We just spent money to find a long-term hen. Didn't I tell you not to smoke? you're asking for it and you're blaming others! no wonder you're not as good as your sister." Cheng Zheng said impolitely.

su zhiyan's lips trembled as she turned around and left.

Sister Hong looked at the closed door and then at master Cheng. " why do you have to say it in such a bad way? didn't you like it a lot before? "

Master Cheng snorted. this woman is asking for a beating. She caused her own trouble, but she still has to let others clean up the mess. Do you know what she's up to? " "let su mu hold the bridge for her. mr. mi, you'll miss her every night when you see her. isn't that just a dream? old mi still wants to make a fortune from a business that even i don't dare to do. this woman will die in old mi's hands sooner or later. just you wait and see."

Chapter 5249: Forgive me! I want to go to heaven!1

Cheng Zheng, " sister Hong said softly, " hide your conscience and tell me, are you responsible for su zhirou's incident? "

“what responsibility do i have? I didn’t let her smoke, didn’t you see it just now? I tried to persuade her, but she didn’t listen. What could I do? I can’t hold her down.” Master Cheng didn’t think so.

“then why don’t you cover that part of your body and ask yourself?” sister hong sneered.

master cheng’s expression was as if he had just eaten a bomb. ” woman, can you not be so vulgar? ” I’ve spent a total of tens of millions on her, and she’s the one who’s willing to touch that thing. How can you blame me?”

Sister Hong was still looking at him, and master Cheng looked especially aggrieved. ” look at you, picking on me. i’ve already said that it has nothing to do with me. you can’t see me when i’m doing well. you can’t see me when i’m righteous and when i reject evil money. ”

Master Cheng covered his head with the quilt with a little pride and said in a muffled voice, ” “I thought you were here to see me, but it turns out you’re not.”

...

Sister Hong was amused. didn’t I come to see you? to see su zhirou? ”

“who knows?” Master Cheng said, but he still showed his head and then said coquettishly,”I’m in so much pain, you’re always angry at me.”

Sister Hong couldn’t stand his expression and coughed lightly.”Don’t be like that, I don’t buy it.”

“then which one do you like? i’ll try it.” Master Cheng said shamelessly. Then, he seemed to have remembered something.”the matter with su zhirou has long been forgotten. you’re not allowed to mention it again.”

Sister Hong smiled and placed a thermal container on the bedside cabinet. Master Cheng’s eyes were wide open.”this is the soup my woman made for me. i have to finish it.”

“and then? you’ll either die from stupidity or overeating?” Sister Hong laughed coldly, seemingly unconcerned.

Master Cheng laughed smugly. Xiao Mao, come and help me fill a bowl of soup. Don't let your sister-in-law do it. Your sister-in-law is wearing a big diamond ring and she's dressed very well. Don't dirty her clothes.

Sister Hong sat at the side. the soup was made by the nanny at home. Master Cheng, don't think too highly of yourself.

master cheng didn't mind and smiled."what our nanny made is equivalent to what you made, what's the difference? i like both."

xiao mao happily came over to pour soup for master cheng, as if he was serving a newcomer.

master cheng was forthright and could even drink some chicken soup with a heroic spirit. sister hong just watched quietly.

after he finished, she asked about mr. mi. master cheng wiped his lower lip and said indifferently, "why are you asking him? do you still expect me to not be a bad person, but a good person to exterminate that mi fellow for the higher-ups? don't you think your expectations of your man are a little too high?"

"No," said sister Hong,"I just want to write a report."

"you're crazy!" master cheng glared at him.

Old master Gu had an injury on his arm. He lifted the blanket and walked over. "do you know how many men that mi guy has? he can kill you with just a word. liu hong, don't think that you're going to die. there are many ways to make life worse than death. "

"I know," Liu Hong replied, pursing her lips.

cheng yang just stared at her without saying a word.

sister hong smiled again,"why are you so nervous?" i'm just planning something."

Chapter 5250: Forgive! I must go to heaven!2

Unlike his usual self, master Cheng stared at her. "You'd better not have that thought. Kill them all."

Sister Hong looked at master Cheng for a long time before saying softly, "you care about me?"

"i don't care about you farting here!" master cheng cursed.

sister hong blinked and actually smiled.

Master Cheng's voice suddenly became hoarse, and he said quietly, "Liu Hong, it's true. This line of work is not as simple as you think. There are so many brutal people. You can't fight them alone. They can kill you at any time.

"i know," "but cheng zheng, if everyone doesn't do it, then would people like mr. mi be forever outside of the law?" she said softly.

...

seeing that she didn't understand, master cheng was quite angry. he said in a rough voice, "woman, why don't you understand? is this something you have to care about? Is this something you can meddle in? If you dare to move your pen, I'll kill you first so that you don't have to worry about me. "

sister hong was stunned for a moment, then she gently touched master cheng's face.

His face was rough and stylish, and his facial features were well-defined. In fact, he was also good-looking, but people ignored him because of his master's frequent rage. His figure was even more attractive, but actually ...

in fact, if it wasn't for his bad childhood and bad luck, master cheng's brain and appearance would have been outstanding when he grew up. he wouldn't be so proud now, but he often called himself a rough man.

deep down, he still felt a little inferior.

“I forgive you,” sister Hong suddenly said.

Master Cheng’s heart was initially itching to be touched by her, but now that she suddenly said this, his voice was almost floating. what? ”

“I forgive you,” sister Hong said softly.

This time, master Cheng’s voice trembled.”so you’re willing to make up with me?”

“i think so,” sister hong snorted.

Master Cheng was so happy that he picked up sister Hong and spun her around a few times.

It chirped a few more times and said to Xiao Mao, ” ” pass down the order. give one million to each of the brothers outside. ”

Xiao Mao was also very happy. Just as he was about to go down, sister Hong called out to him, ” “little mao, wait a moment.”

Xiao Mao replied with an “Oh” and immediately came over.”Sister-in-law.”

Sister Hong pushed master Cheng onto the hospital bed and snorted, ” do you think you’re still the spendthrift you used to be? spending a few million at once, how are you going to support me if you spend all your money? ”

master cheng touched his chin. ” that’s true. you’re right. i can’t change this habit of mine. it’s different now. ”

“It’s different when someone is in charge.”

He said to Xiao Mao straightforwardly, ” how about this? you’ll give one million Yuan and the rest of the brothers a hundred thousand Yuan. Your sister-in-law’s objection will be invalid. It’s rare for me to be happy.

xiao mao was naturally happy to receive a million yuan. after thanking master cheng, he went down to do it. suddenly, it was very lively inside and outside.

“you’re too high-profile,” sister hong said to master cheng.

she knocked on him, and master cheng was particularly pleased. he obediently let sister hong do whatever she wanted to him. at this time, he couldn’t wait to return to the villa immediately so that they could continue their loving life as a married couple.

since master cheng was injured, he had no other thoughts. the two of them sat together and talked.

Master Cheng couldn’t change his stubborn personality. He asked with a smile, “Did you spend it alone and find out that I’m still involved?”
