

Thank you 5251

Chapter 5251: Forgive me! I must go to heaven!3

sister hong smiled faintly. ” i just think that you’re quite cute. it’s that simple. ”

master cheng touched his head. ” there are too many words to describe a man. masculine, powerful, handsome, and rich. how can he be cute? ”

“you don’t like it? then i’ll take it back.” Sister Hong said indifferently, her face full of anger.

Master Cheng treated her like a treasure. I like it. Don’t take it back. Just say that I’m cute. Very cute.

sister hong smiled.

seeing her smile, master cheng also smiled in embarrassment.

...

His tall body lay down heavily and he looked at the ceiling.”I’ve been wandering all my life without anyone to rely on. It’s only today that I feel like I have a home.”

Sister Hong leaned over and asked, ” do you want to get married? ”

Master Cheng’s eyes widened. married? ”

then, she smiled. ” we’re all children of the pugilistic world. didn’t i say that marriage is just a piece of paper? look at all the men and women who have gotten married. they can think of any one who wants a divorce. Can that piece of paper hold people’s hearts?”

sister hong leaned back. ” it’s this saying again. ”

“master cheng, tell me, how many women have forced you to marry them?” she asked while playing with her fingernails.

Master Cheng said carefully, ” so far, it’s really only you. The other women wouldn’t dare to ask me, Cheng Zheng, to marry them. At most, they would ask for money, a house, and jewelry.

sister hong just looked at him.

“You want it too?” master Cheng asked.

“Why not?” sister hong snorted. ” i’m a pure and innocent person following you. wouldn’t i be stupid if i didn’t want anything? also, i forgave you for the sake of our relationship. if there’s a next time, zhenzhen ... ”

“Are you not going to forgive me?” master Cheng asked eagerly.

“It’s not a matter of unforgivable, it’s about uprooting the weeds and eliminating the roots,” sister Hong replied indifferently.

“Kill that woman?” Master Cheng shivered. that’s a little too cruel.

Sister Hong looked at him. you’re thinking too much. What I meant was to chop you up so that you won’t have the chance to commit any more crimes.

the expression on master cheng’s face was very interesting. he stared at sister hong for a long time, stunned.

sister hong wasn’t afraid of him at all. ” what? you don’t want to? if you don’t want to, then forget it. ”

she looked like she was about to leave, so master cheng quickly lowered his head and said, ” why wouldn’t i? i’m 120% willing to do it. i’m willing to do it from the bottom of my heart. ”

“I’ll definitely take care of myself,” he sighed.

as he said this, he lowered his head and felt a chill.

master cheng complained to xiao mao, " there are so many beautiful women out there. why don't i like them? why do i have to like such a powerful character? " she was fierce and did not have any femininity. And you're always asking me for money."

Xiao Mao smiled but did not say anything.

master cheng had a lot of assets under his name. he had even more cash and big gold bars and goldfish. it was a warehouse full of them.

he gave all of it to sister hong without even blinking. it was hundreds of billions.

Sister Hong accepted it as well. Xiao Mao ran up and down with sister Hong and also shouted at those brothers who refused to accept it.

Xiao Mao remembered that sister Hong had told him that master Cheng was no longer in the black door business, only in the bar and club. Naturally, he couldn't earn as much as before. If he continued to spend money like dirt, he would probably spend it all in less than ten years.

without money, things would not be like this.

Therefore, she helped master Cheng save it but didn't allow Xiao Mao to tell her.

xiao mao truly felt that his sister-in-law was deeply in love with master cheng. although she was fierce and unwilling to admit it, she did everything for master cheng's sake. xiao mao was extremely touched.

Chapter 5252: Forgive! I want to go to heaven!4

Master Cheng's action shocked everyone in the underworld.

Almost everyone in B city knew about it.

master cheng was really infatuated.

Moreover, he was willing to spend a lot of money for su mu last time. This time, it was for sister Hong, and neither of them was a top beauty. Master Cheng had a unique taste.

Sister Hong was now a rich woman with a net worth of hundreds of billions, and her social status was even more extraordinary. Plus, she had master Cheng's pampering, which made her even more different.

When she went to the newspaper office, Zhang fucai was like frost. He reported his work and was about to leave.

...

"Zhang fucai, wait a moment," sister Hong called out to him.

Zhang fucai stopped and turned around to look at the gorgeous woman. It was hard for him to remember her tomboy appearance.

Zhang fucai was puzzled, 'is money really that useful for a woman's appearance?

he couldn't help but think of his little wife at home. when she was with him, she was only in her early 20s, and she was also very fresh. now, she looked completely like a family member. he felt a little guilty.

"what's the matter?" "i'll fix it again," zhang fucai sighed.

sister hong shook her head. "no, it's not that. it's doing quite well. this month, our newspaper's sales figures have achieved a qualitative breakthrough. "

She took out a pile of envelopes. the finance department just finished it. Distribute it to everyone. You and du Meili are the big contributors, so you have the most. You have two million Yuan and du

Meili has 1.5 million Yuan. It was considered a half-year award for everyone. Do your best later on, I won't mistreat my own people."

zhang fucai was a little surprised, and then he was happy. in the past year, he had earned about this amount. now, he had earned so much bonus at one time. in total, he would earn four or five million yuan this year.

In two years, he would be able to move to a four-bedroom apartment and even get a new car.

All of a sudden, Zhang fucai's heart was filled with mixed feelings."actually, you don't need to do anything for me."

Sister Hong rolled her eyes. damn fatty, don't think too highly of yourself. I'm doing this for the sake of everyone's better lives.

He lit a cigarette and said, " I'm not short of money. It's only right for me to give everyone some money if the performance of the newspaper increases. Shouldn't I be giving out money? "

Zhang fucai said in a low voice, " got it. then, he took the envelopes out and distributed them to everyone.

the news agency was naturally filled with cheers.

Especially when du Meili took the envelope, she felt the same bad feeling as Zhang fucai. She sat quietly in her office for a long time before she mustered up the courage to go to sister Hong's office.

"you have business to discuss with me?" sister hong smiled faintly when she saw her.

"Not Yingluo, but I guess so." Du Meili shook her head.

sister hong asked her to sit down, and she carefully sat down. then, she said in a low voice, " "thank you," he said.

sister hong smiled. " if it's for the bonus, there's no need to. everyone will get a share. "

She paused for a moment and said, " your work ability is worthy of recognition recently. You deserve the bonus.

Du Meili lowered her head and said in a low voice, sister Hong, I'm sorry for breaking you up with Zhang fucai in the past. It's my fault. I'm sorry.

she stood up and bent 90 degrees.

After so many years, she had never been able to admit that she was wrong. She had always thought that she was much better than sister Hong because she was young and good-looking. However, sister Hong probably never had an enemy like her in her heart. Looking at it now, her magnanimity made her look especially ridiculous.

Because she knew that if she was in a different place, she would probably torture sister Hong to death and make her unable to stay here.

yes, she was just that vicious.

Chapter 5253: forgive! i want to go to heaven!5

however, after she had worked hard, sister hong had given her a bonus of 1.5 million.

du meili didn't have a house in B city. she had always wanted to buy one, but the down payment was always short of one million yuan.

Now, the down payment was ready, sent by the person she hated and despised the most.

She had a mental breakdown. No matter what, she had to apologize.

It was not just about money, but also about his character.

sister hong was very calm. " what happened in the past is in the past. our relationship now is that of boss and employee. if you do well, i will naturally increase your salary. if you don't, i will deduct your salary. it's as simple as that. "

...

"thank you, sister hong," du meili nodded.

Sister Hong smiled. do it well. There will be more opportunities in the future. I heard that you want to buy a house. How about it? if you're short on money, you can get some money from the newspaper office. You can make up for it in the future.

"It's enough," du Meili quickly said,"I can still have a few hundred thousand in cash. Thank you, sister Hong. I'll treat you to a meal when I have time." sister hong, you must come."

Sister Hong smiled. since you're buying a house and you're getting a bonus, why don't you treat the Department to a meal? it won't cost you twenty or thirty thousand.

Of course, du Meili agreed. They had a meal that night.

the news that du meili and sister hong's relationship had improved was also very sensational in the news agency. one had to know that these two were really incompatible like fire and water in the past. now, one of them was treating the other to a meal.

that night, du meili drank too much. she wasn't beautiful at all. she held sister hong's hand and kept crying and apologizing. she had lost her composure, but no one cared. everyone was quite happy.

Sister Hong also drank quite a bit. She and du Meili were actually in the corner calling for a parent.

the two women had drunk too much and didn't care about their image. especially du meili, who usually looked like a goddess, was really drunk. she was smoking a cigarette with a flushed face, and the makeup on her face had long been smudged.

however, this was not a problem at all. she felt that it was very cool now.

I have a house.

she tugged at sister hong and continued to ramble on, " sister hong, listen to me. although i've done many bad things to you, if i hadn't done any bad things, you wouldn't have met master cheng, right? master cheng is so good. he's so manly. you don't know how much i want to try him, but he doesn't like me. "

This was his heartfelt words, so drinking was really scary.

luckily, sister hong did not mind. in her heart, she did not need to care about men that she could snatch away. especially for cheng zheng, who had all her assets, she had nothing to be afraid of.

the more du meili spoke, the more revealing she was. she spoke of master cheng's beautiful imagination, which made sister hong laugh to death.

women were just so strange. once they let go, once there was no man in the middle, everything was not a problem.

Du Meili said a lot, and the people around her even helped her record it. They made a fuss and said that they would show it to her tomorrow. She was so embarrassed. sister hong let them have their way and felt that it was pretty good.

after that, everyone raised their glasses and said, " our sun daily will get better and better. "

After toasting, they went to the club to continue playing, which happened to be master Cheng's place.

In order to show her respect to sister Hong, du Meili even called two little wolfdogs over and had a good time.

When Xiao Mao heard the news, he immediately told master Cheng.

master cheng was recuperating in the hospital. in fact, he had almost recovered, but he stayed in the hospital and let sister hong wait on him every day. when he heard this, he immediately lifted the quilt and got out of bed to catch them in the act.

Chapter 5254: Forgive! I want to go to heaven!6

master cheng was actually angry, but xiao mao stopped him and said in a soft voice, ” “master cheng, you can’t do that. think about it, if sister-in-law’s temper comes up, it won’t be fun.”

“does that mean she can just indulge in debauchery here?” master cheng snorted.

He even called him a little puppy!

was he not good-looking?

was his figure not good?

did she have nothing to say when she was with him? or did he not know how to drink and sing? did he not understand women’s hearts?

...

Master Cheng was especially angry, and Xiao Mao comforted him. master Cheng, don’t be angry. This is just an act. You’ll lose if you’re serious.

Master Cheng looked at him, his eyes wide open. she’s a woman. Can you even use the word ‘acting’? what if she gets drunk and rolls around with someone else? isn’t my head full of green oil?
”

xiao mao frowned, but he still stopped his master cheng. ” “it’s still not good, master cheng. think about it, if you go over and embarrass sister-in-law, will she just throw herself at you? She’s not by master Cheng’s side 24 hours a day, anything can happen if her heart isn’t with master Cheng. Master Cheng, think about it, if you suddenly appear at this time and gently and thoughtfully tell sister-in-law that it’s late and that you should go home to rest, wouldn’t sister-in-law think that you’re especially sensible, especially outstanding, and especially proud?”

after xiao mao finished speaking, he looked at master cheng with bright eyes.

master cheng touched his head. " what do you think i should do to make her feel proud? "

xiao mao was in high spirits. " it's just that you have to pretend to be especially cultured, yingluo. just like the nightclub boss. women like it as soon as they're ready. "

"Really?" master Cheng looked at him.

"absolutely, trust me," xiao mao patted his chest and promised.

master cheng touched his head and thought for a while. he felt that it was quite reliable.

Therefore, master Cheng asked for the location of the private room and went over. He was gentlemanly and especially magnanimous.

The atmosphere in the private room was naturally not very good. When master Cheng entered, everyone was silent. Then, they looked at sister Hong, who seemed to be in high spirits.

Everyone thought that master Cheng was going to get angry, but he was a special man. He came forward with a smile and said,"it's getting late, i'll come pick you up."

The people present were dumbstruck.

Master Cheng's bearing was extraordinary.

sister hong was stunned. she lit a cigarette and slowly took two puffs.

Master Cheng couldn't help but say, " Didn't I tell you not to smoke? just drink some wine. You're not allowed to smoke in the future. You guys can't smoke.

He looked around. help me look after her. She's not feeling well. Why smoke? "

the crowd was once again stunned. what kind of immortal love was this?

master cheng pulled sister hong up and put on her coat for her while complaining in a low voice, ”
“How much wine did he drink?”

Sister Hong’s alcohol tolerance was very good. She had woken up long ago and was smiling at master Cheng.

he must have been taught by xiao mao. he was so old-fashioned. wasn’t the domineering air from before good? he had to pretend to be gentle, but he didn’t seem like it.

Sister Hong chuckled, then lazily ran her fingers through her hair.”why did you come out of the hospital?”

Hearing her question, master Cheng was stunned. I’m in the hospital, so you’ve been fooling around outside? ”

xiao mao covered his face and did not dare to listen anymore.

sister hong put on her clothes and walked to the door. ” this is not bad. this is more like it. why are you pretending to be refined? ”

Chapter 5255: We’re all children of the pugilistic world, a piece of paper doesn’t matter (1)

master cheng was stunned.

That’s right, she had been acting pretty well just now. How could he have forgotten all about it?

this can’t do.

Master Cheng still wanted to continue acting, but sister Hong waved her hand. stop acting. You’ve got such a strong personality, but you’re putting on an act.

Master Cheng took a deep breath.

he glared fiercely at xiao mao for coming up with such a stupid idea.

...

After a while, master Cheng became particularly proud. See, he still had a special charm in sister Hong's heart. Didn't that mean that he had the taste of a man? he understood.

master cheng helped sister hong into the car and asked the driver to drive.

Sister Hong leaned on his shoulder and told master Cheng what du Meili had said in detail.

Master Cheng's expression was particularly interesting. look, so many women outside are staring at me like wolves staring at meat. Aren't you going to cherish it? "

sister hong didn't say anything. he looked down and was furious.

This woman had actually fallen asleep.

it wasn't easy for him to get out of the hospital, and he was thinking that absence makes the heart grow fonder. he hadn't been close to her for a long time, and master cheng had been living like a monk for a long time. he thought that tonight would be a different life, but this woman had fallen asleep.

according to master cheng's personality in the past, he would shake her awake without a care and be happy by himself. but now, he felt that after xiao mao said it, he should be appropriate to be a gentleman to attract women.

therefore, master cheng's heart was filled with gentleness. when the car stopped, he carried sister hong into the apartment. he was really very well-behaved, wiping her sweat and washing her face.

after this commotion, sister hong woke up and looked at him faintly.

“Why are you awake?” master Cheng’s voice was a little hoarse.

“I drank too much, and my stomach is burning.” Sister Hong said softly.

Master Cheng said ” it’s your turn ” and then went to pour her a glass of water with a good temper. He really took good care of her.

Sister Hong looked on quietly and buried her head in the pillow.

Later, master Cheng came over with a glass of water. He helped her up and leaned on his shoulder, carefully feeding her water.

he was wearing a black shirt and had a gentle expression on his face. with the way he took care of her, any woman would be moved.

Sister Hong finished drinking the water and leaned on his shoulder. Master Cheng endured it and gritted his teeth. why do you become so pretentious when you drink? you’re already so old. Don’t act like a little girl.

“go and look for the little girl,” sister hong said, hugging his neck.

master cheng was stunned for a moment, then he coughed lightly. ” how can they be better than you? ”

“In what way are you inferior to me?” sister Hong smiled and raised her head.

Master Cheng was a little touched. He blushed and stammered, ” I’m not as good as you in any way.

.....

early in the morning, master cheng got up first and went outside to practice a set of martial arts. when he came back, sister hong was already up.

she was wearing a white bathrobe as she made breakfast. her long curly hair was casually tied up. the morning light shone on the side of her face, making her look particularly beautiful.

master cheng couldn't help but go over and hug her from behind. sister hong was disgusted. "you're all sweaty. go take a shower. breakfast will be ready in a while. "

master cheng was in a particularly good mood, so he went to take a shower after being intimate with her for a while.

She turned around and felt refreshed.

the two of them chatted while eating breakfast. master cheng nibbled on his sandwich. " we'll be living together again in the future. "

"you look like you have a lot to say," sister hong said as she looked at him.

Chapter 5256: we're all children of the pugilistic world, so a piece of paper isn't a problem 2

master cheng said straightforwardly, " since we're together, we should have a rule, right? otherwise, we'll be busy too. if we don't go home, what kind of family is this? "

It turned out that master Cheng was using the same method again. This time, he even had to formulate a system.

sister hong found it funny and lowered her eyes."then tell me."

Master Cheng pursed his lips and said in a serious tone, " "In the future, we won't work overtime, and you're not allowed to smoke and drink less. this is the family rule, and you're not allowed to find the little wolfdog. if you want to find one, you can find me, and i guarantee that you'll be satisfied."

Master Cheng said shamelessly.

“Anything else?” sister Hong yawned.

...

Master Cheng said softly, “also, ran ran is gone. I’m very tolerant of you, right?”

Sister Hong smiled. you’re quite generous. Thank you. Can you do it?”

master cheng laughed smugly. “of course, i can do it too. it’s to cultivate my body and mind.”

“You’re not going to look for a little girl?” sister Hong looked at him.

“didn’t i already say that they’re not as good as you?” master cheng winked.

sister hong just smiled and didn’t take it to heart.

master cheng felt so good that he leaned over and said a few more words. sister hong couldn’t stand him anymore.”You’ll find it boring as time passes, so don’t be so sure.”

master cheng smiled. “how can that be? i feel that this is quite good. it’s a warm family.”

sister hong didn’t say anything else. actually, at her age, she had already seen through love.

she had this man in her heart, so she gave him a chance. however, if the previous incident happened again, she would not take his life, let alone all his assets.

Sister Hong left for work after chatting with him. She was a part of the news agency.

master cheng was naturally unwilling. his boss was actually quite free. he didn’t have to go to work and would go out if he had something to do. they had just reconciled and were in a good state last night, so he wanted to be intimate with her.

Sister Hong didn't buy it. I have to work. There are so many mouths in the newspaper waiting to feed me, master Cheng.

Master Cheng touched his head. I'll subsidize you 100 million Yuan every year. Won't that do? "

sister hong snorted,"i have all the money. how are you going to get any subsidies?" I've just said that you're starting to be extravagant again. Have you read 'Dream of the Red Chamber'? the CAO family is just like you, squandering money like dirt."

master cheng was unhappy. he shouted, " you're despising me again, aren't you? you think i'm not a scholar, right? i've never seen any red house. "

Sister Hong took her coat. you can read. If you can read, you can buy a book to read. You can kill some time.

"I don't know much. Why don't you teach me?" master Cheng immediately shouted.

In fact, sister Hong also didn't know how such an uneducated man had managed to climb up the ranks. She was a little helpless."go to work with me? Ask me if you don't understand."

In order to stay by her side, master Cheng had really asked someone to prepare an elementary school textbook for him to read openly. He wasn't afraid of losing face.

sometimes, he would even read it out loud, especially ancient poems. when it came to love, he would usually read it with great interest as if it was romantic. However, he made a mistake in his sentence, so it seemed a little funny.

others found it laughable, but sister hong didn't care. she brought the boss in and out of the company every day like she was bringing a child to work. the people in the news agency got used to it.

Chapter 5257: We're all children of the pugilistic world, so a piece of paper doesn't matter (3)

master cheng would occasionally go out and hang up with little cai. later, sister hong told him about it, so he cherished his skin more and rarely got hurt.

The days were smooth, and master Cheng had never felt so warm before.

he would follow her to work during the day, and when he came back at night, the auntie would prepare dinner. they would eat together, then take a walk or sometimes go shopping. women liked to buy things, so master cheng would be responsible for carrying things and swiping his card.

they were actually living like a normal married couple, except that they did not have a marriage certificate.

Sister Hong had asked about it before, but master Cheng had said that they were all from the pugilistic world, so she didn't ask anymore.

Anyway, it's fine as long as you're doing well, Yingluo.

...

after a long time, master cheng had gotten used to this kind of life. sometimes, when he received xiao mao's call in the middle of the night for urgent matters, he was a little too lazy to get up. master cheng thought that it was probably because he had been soaked in a gentle place.

While laughing at himself, he put on his clothes and went out.

Sister Hong, we've been waiting for an entire night.

the next day, master cheng came back. his eyes were red, and so were hers.

This kind of life was quiet and beautiful. Sister Hong seemed to be used to having such a person by her side. In fact, she even wanted to spend the rest of her life with him. She had reason to think this way. When a man handed over all his assets to you, it was actually more reliable than a certificate.

*

While they lived like glue here, su Zhiyan's life over there was not easy.

she had tricked mr. mi into having a meal with su mu, but she didn't.

for the past few days, su zhiyan was like an ant on a hot pan. she was so anxious that she had to discuss it with her mother.

Mother su was suspicious. aren't you always at odds with su mu? why did you invite him to dinner? you even asked ye xiangnan to come along.

then, mother su said unhappily, " " su mu doesn't care about me at all except to visit your father. she might not come if i ask her to. "

"what dad? he ran away a long time ago," su zhiyan replied softly.

su yan's mother spat at her. " stop talking nonsense. do you want people to hear you? how am i supposed to live in the future? "

su zhiyan laughed in embarrassment. " mom, what's done is done. what are you afraid of? you're taking responsibility and standing up for it. "

mother su was so angry that she wanted to hit someone, but su zhirou said nonchalantly, " mom, I beg you. Help me think of a way to invite su mu and ye xiangnan over for a meal. I know you've always had a way.

Seeing her expression, mother su knew that this was a serious matter. If she couldn't do it, zhiqiao would probably be finished. She thought about it seriously before slowly saying, " let's do this. We'll let Shaoqing go home and tell her that he's sick. We'll ask su mu and ye xiangnan to come and take a look. Su mu is so concerned about Shaoqing, so he'll definitely come back.

she was the only one who could come up with this idea.

she didn't care about her son and su mu at all.

su zhirou thought that it was a brilliant idea. ” mom, you know big sister too well. this is a great idea. mom, i love you so much. ”

mrs. su was still quite worried. ” when your mr. mi comes, don’t say that he’s your man. just say that he’s your boss. i still want to keep my face. ”

su zhirou promised and promised, and both parties agreed.

Hence, su zhirou brought su Shaoqing home, but she did not manage to get any information from her. All she knew was that there was a family banquet at home, and she was very busy.

su shaoqiang was scolding them from inside. ” my son is fine. you said that he was sick and tricked mumu into coming back. are you guys crazy? do you have a conscience? what bad intentions do you have? ”

Chapter 5258: Su mu, do you like me?(1)

although he heard it, he had put away his phone and his legs were broken. it was really difficult for him to move.

He had no choice but to scold them.

Su Shaoqing was stunned. mom, you guys ...

Mother su didn’t take it to heart. I just want to ask your eldest sister to come back for a meal. What are you afraid of? she’s putting on airs now. If she doesn’t tell us that you’re sick, she won’t come back. Hehe, she’s married well and doesn’t acknowledge her maternal family anymore. Your second sister is the best. She only cares about the family.

Su Shaoqing didn’t say anything and just went to the room to help su shaoqiang.

young master su’s leg was broken, and there was no one to take good care of it. it was quite miserable.

...

although su shaoqing knew that she was not his biological son, she could not bear to see him live like this. He knew that every time his eldest sister came back, his mother would put on an act, and when his eldest sister left, she would put on another act.

It just so happened that big sister came over today, and it was time to tell her.

su shaoqing was now under su mu's care. he spent most of his holidays at su mu's place, but he would also come back to see su shaoqiang. he saw it more seriously, so he couldn't bear to see it. although it would cause some trouble for his elder sister, he thought to himself that among the three children, his elder sister was the only biological one. for this reason, he had to continue this kinship for his elder sister.

On the other side, su mu received the call and was stunned for a while.

She had just spoken to Shaoqing on the phone in the afternoon. She was fine, how could she be sick?

However, her mother said that she had been sick for two days. The hospital had checked that her condition was quite serious, and she wanted her to go home with ye xiangnan to discuss it.

It was a feast at Hongmen!

after work, she told ye xiangnan in the car.

Ye xiangnan slowly fastened his seat belt and then sighed, " "we still have to make this trip, don't you think?"

Su mu was no fool. He lowered his head and said softly, " I'm afraid it's zhiqiao's doing. Mr. Mi must be the mastermind behind this. He probably wants to see you.

ye xiangnan's voice was very light,"then let him give up." also, Shaoqing and your dad can't stay there anymore. That mi guy is much more evil than Cheng Zheng. Cheng Zheng has her own

principles, but that guy doesn't. no one can save your mother and su zhirou if they are so stubborn. there is no need for your father and shaoqing to get involved."

He thought for a moment and said, " Shaoqing can't go to the middle school that he was in. He'll go to the school that I'm in. It's completely closed and absolutely safe. I'll get someone to pick him up during the holidays. Or, he doesn't have to come back now and wait for that mi guy to be finished.

he gritted his white teeth. " i didn't want to touch him in the past. but now that he has his eyes on me, i don't want to let him go. "

su mu leaned his head on his shoulder. " ye xiangnan, do i always bring you trouble? "

"Why would I?" "you're the one who brought that mi guy into being the bad guy?" he laughed.

"It's a man's responsibility to help you live a better life." He reached out and patted her head.

" oh, " she replied, feeling like she was being doted on by xiaoxiao.

before ye xiangnan started the car, he suddenly asked,"Su mu, do you like me at all?"

She let out an 'ah' and then said in a low voice, " "a little more than a little, a little more,"

"really?" he laughed.

Su mu didn't want to say anything more. He turned his face to the side and looked out of the window. His face was burning.

Ye xiangnan's low laughter rang in her ears, and her face grew hotter.

" when we get home, mrs. ye will confess to me again, okay? " he said on purpose.

Chapter 5259: su mu, do you like me?(2)

Su mu looked at him speechlessly, ” “i’m talking to you about serious business.” 0

he laughed. ” i’m talking about something serious with you too. ”

After that, he didn’t make things difficult for her and focused on driving.

when she arrived at the su family, as expected, shaoqing was fine.

su mu’s mother was especially passionate, so much so that su mu felt a chill in his heart. he no longer had any feelings for her and su zhirou. today’s actions had given her a new understanding of her.

Su Yan’s mother prepared a table full of dishes and asked everyone to sit down.

...

Su mu looked at ye xiangnan and said, let’s have a meal.

ye xiangnan smiled and didn’t take it seriously. he sat beside su mu.

at this moment, su zhirou came out of her room wearing a cool bathrobe that was half-transparent.

she wanted to get close to ye xiangnan, but su mu stopped her. he said directly, ” “zhiquiao, it’s not appropriate for you to sit next to your brother-in-law dressed like this!”

Su Zhiyan used her youth and beauty to brush her hair. “Aiya, big sister, if brother-in-law doesn’t care, why do you care so much?”

“Brother-in-law, Oh?” he looked at ye xiangnan.

ye xiangnan's tone was calm. " i'm sorry, but i mind. if you have to eat like this, sit further away from me. i'm a married man. "

Su zhirou wanted to continue acting coquettishly, but ye xiangnan's expression darkened.

She didn't dare to offend him, so she obediently went to change into normal clothes.

Mother su was not very happy. we're a family. What's wrong with wearing pajamas? " No matter how much you dislike zhiqiao, you can't go against her like this."

su mu was especially angry. this was not what a mother would say.

Was this how su zhirou was led astray?

She was about to speak when ye xiangnan stopped her. He said, " "personally, i don't really mind. why don't we do this? i'll treat madam su and su zhirou to a meal in that kind of pajamas. we're family, right?"

he would like to see if mother su still wanted to keep her face.

Now, he was glad that su mu did not go astray in this family. He really could not agree with his mother's values.

after ye xiangnan finished speaking, su yan's mother's face darkened, and she couldn't continue the conversation.

How could she do this?

After all, not only was Shaoqing here, ye xiangnan was here, and there would be Mr. Mi later. She did not want an old man like that.

Mother su was flustered. Su zhirou had come out, and so had Mr. Mi.

at first sight, mother su couldn't bring herself to praise her.

Looking at the handsome and Noble-looking President ye, then looking at Mr. Mi, who was in his fifties and had lost half of his hair, and seeing that zhiqiao was still someone else's mistress despite the fact that he was already so much worse in appearance, mother SU's mouth immediately fell open.

He opened his mouth and squeezed out a sentence, " "This is Mr. Mi, let's have a meal together, Yingluo."

He couldn't even say a single word out of all those polite words.

su zhiyan also felt that her mother was embarrassing, but she did not feel embarrassed. she held onto mr. mi's arm and introduced, " "brother-in-law, this is mr. mi."

mr. mi smiled. " president ye, i've heard so much about you. we'll be relatives after today. "

Ye xiangnan smiled, picked up a cup, and played with it. "I wonder what kind of relative you're talking about? you acknowledged su zhiyan as your goddaughter? wouldn't that mean that i'm a generation older than you?"

Mr. Mi sat down calmly and smiled. I wouldn't dare to be the same generation as President ye. Zhiqiao and I are in love too. She's my girlfriend.

Chapter 5260: Su mu, do you like me? III

ye xiangnan laughed again. " doesn't mr. mi have a wife? how come you have a girlfriend now? this is illegal. it's a monogamous rule now. do you think mr. mi can fix the law? "

these words were clearly meant to beat him down, so how could mr. mi not understand?

he wasn't angry, and instead, he said with a playful smile, President ye, you should be the clearest about this. There's still a debt of gratitude even if you're not imprisoned. Don't you think so, President ye? "

Ye xiangnan hugged his wife and said, I think it's time to keep your heart in check after you get married. A husband and wife should be loyal to each other.

Mr. Mi laughed. "President Ye, you're such a sentimental person. It's a pity that I've made a mistake. I'll drink three cups as punishment."

As he said that, he actually drank three small glasses of white wine in one go.

...

"It's already like this, what else can we do? Zhiqiao can only follow me."

Su Zhirou was not afraid of embarrassing herself. Secondly, she had to play along with Mr. Mi and say bad things about him shyly.

Su Mu was about to vomit.

She looked at Su Yan's mother.

Mother Su's face was also green. She had always been a competitive person and did not like her elder daughter. She felt that her elder daughter was like Su Shaoqiang and had always loved Su Zhirou. However, the situation in front of her made her feel embarrassed and humiliated.

Zhiqiao was now someone else's plaything, while Su Mu was obviously being held in Ye Xiangnan's hands. Such a comparison made Mother Su feel very upset. He didn't dare to flare up, nor did he dare to stop Mr. Mi.

That was a black door, and he could raid her entire house at any time, just like Master Cheng.

Su Yan's mother was unhappy and didn't say much. She just kept talking with a dark face.

At this moment, Mr. Mi got to the main point. "I just don't know if President Ye can make an exception for this kind of illegal thing. If you can, I'll definitely thank you very much."

Even a fool could clearly understand the hidden meaning in his words.

Su Zhiyan looked at her brother-in-law as well, hoping that he would agree to it.

At this time, she had a different idea. It turned out that Mr. Mi and master Cheng had to beg her brother-in-law for help. Was her brother-in-law's family really very prominent?

she didn't feel anything when she was with master cheng, but now, in comparison to mr. mi, her brother-in-law was really good-looking!

Su zhirou's face reddened suspiciously, and her heart beat faster. She wished that she could change into the clothes she was wearing just now so that she could seduce him.

however, she wanted to eat a fart. what kind of woman had ye xiangnan not seen?

Why would he want a lecherous woman who had God knows how many hands?

At that moment, he lowered his eyes and chuckled when he heard Mr. MI's words."mr. mi, you're being too polite. your relationship with zhiqiao is not legal. you just have to go home and divorce your wife and get a marriage certificate. it'll be legal. how could mr. mi forget such a simple thing?"

mr. mi's old face couldn't help but freeze. he didn't expect that the topic of sex would be brought up again.

He chuckled. President ye's words are really watertight. You're too conservative.

" it's better to be more conservative. it's safe, right, mr. mi? " Ye xiangnan smiled, then put the glass in his hand on the table. it seems that I can't eat this meal.

He stood up. Mumu, let's go home.

Su mu followed him and stood up. At this moment, Mr. MI's face looked terrible. President ye, you're asking for it.

“You?” ye xiangnan suddenly sneered.

he took a step forward. ” no one in B city dares to speak to me like that. mi, you probably don’t know who you are. how dare you threaten me? ”
