Chapter 5281: sister hong is pregnant, whose child is it?(4)

zhang fucai almost fainted when he heard that. she couldn't wait to scold her wife and stuff her mouth. she would say whatever she was afraid of.

Master Cheng's sharp ears heard it, and his whole body trembled. Then, he took back his foot that had just stepped out and walked to Zhang Xiang and Fu Cai's little wife. He asked politely, "can you repeat what you just said?"

zhang fucai's wife looked at her husband's face and then looked at master cheng's face. she suddenly connected the two people in front of her.

it was that master cheng.

Her mouth was wide open, and Zhang fucai immediately said, " "what are you talking about? hurry up and go home. the child is waiting for your chicken soup. you're talking in your sleep in broad daylight."

his little wife acknowledged him. she looked at master cheng carefully and stepped back, but two men in black immediately stood behind her.

...

Master Cheng took two steps forward, playing with a lighter in his hand, and smiled gently. " chief editor zhang, you have two options in front of you now. either you tell me the truth, or i'll bring your wife back. i just don't know if she's tough enough to withstand my questioning. if you feel bad for her, you can go back with me. i have many ways to make you talk. what do you think? "

Zhang fucai was so angry that all the fat on his body trembled, " is there still any law? "

"I am the law." "Tell me, is my daughter pregnant?" master Cheng narrowed his eyes.

Zhang fucai's forehead was covered in cold sweat. He knew that sister lipsticks would probably be taken away by master Cheng as soon as he let go. What a joke! There was an 80% chance that the child in his stomach was this bastard's child.

zhang fucai suddenly had an idea. " yes, she is pregnant. i have informed professor lin. "

master cheng's face tightened, and then he was a little confused.

"A child surnamed Lin?" he rubbed his head.

"What else?" Zhang fucai asked boldly. Could it be someone else's?"

Master Cheng thought about it for a while. They had only been separated for more than a month, and she was already pregnant. It could be seen that she and that Lin guy had immediately acted like ran ran the moment they met.

his fingers were clenched tightly, and his face was cold.

what was even more shocking was that he and sister hong had been together for a few months. she said that they had never taken any preventive measures even if she could not conceive, which meant that it was not that she could not conceive, but that he was useless!

This discovery made master Cheng feel especially embarrassed. He touched his nose and said softly, " "don't tell her that you met me, or i'll kill you."

Zhang fucai nodded and bowed, saying that he would definitely not tell her.

but when she turned around, he told her everything in the ward.

His little wife felt extremely guilty. sister Hong, it's all my fault.

Sister Hong was a little startled. She did not expect Cheng Zheng to find out so quickly. However, it was good that he misunderstood that she was professor Lin's child.

she gestured to zhang fucai to comfort his wife. zhang fucai was clumsy and looked very awkward.

Du Meili rolled her eyes.

Then, sister Hong scanned the ward and couldn't help but smile when she found that the four of them had a rather delicate relationship.

Du Meili whispered, "sister Hong, how can you still smile? Cheng Zheng will find out sooner or later that the child is not professor Lin's. What if he starts a fight with her?"

Sister Hong lowered her eyes. I'm not afraid. He wouldn't dare to do anything to me. I broke up with him. He's in the wrong.

And she would never forgive him.

"He's an unreasonable person. Sister Hong, you can't judge him like an ordinary person," du Meili reminded her in a low voice.

Sister Hong laughed. I'm not even afraid of him, so what are you afraid of? don't worry. At most, I'll just move to another place and find a hospital.

Chapter 5282: Sister Hong is pregnant, whose child is it? 5

A week later, sister Hong was discharged from the hospital. She looked very energetic.

she was wearing a beige wool dress and a brown coat, which made her look warm and gentle.

She had asked professor Lin out for coffee to settle things.

Sister Hong wasn't a muddleheaded person. Nothing had happened between her and professor Lin, and this child couldn't possibly be professor Lin's, so she definitely couldn't be with him.

after drinking half a glass of water, she said very calmly, ” “I’m pregnant.”

Professor Lin was shocked.

...

She only regained her senses after a long time. what happened? ”

Sister Hong smiled. it’s Cheng Zheng’s child. I thought I couldn’t get pregnant, so it’s an accident.

professor lin observed her expression and said slowly, ” “It’s also a wonderful accident, isn’t it?”

sister hong sighed softly. ” it’s not that great. actually, i’m also looking forward to our marriage life, but now that we’ve really broken up, don’t say that you don’t mind, but i do. i can’t accept you while carrying someone else’s child. that’s unfair. it’s even more unfair to you than if i can’t live. ”

she paused for a moment. ” i really want this child. consider it a selfish act. ”

lin congwen’s surprise turned into a little disappointment. as a man, he could not say that he did not mind.

He really admired sister Hong and wanted to marry her. It didn’t matter if they had children or not.

He had always been a half dink.

Now that she was pregnant, she wanted to break up.

“Liu Hong, you’re really making things difficult for me.” Lin congwen smiled bitterly.

“I’m sorry,” sister Hong said in a low voice.

lin congwen sighed. ” how about this? we won’t break up. when the child is born, if you still have feelings for you, we’ll still be together. is that okay? ”

He continued, " I probably won't have any good feelings for any girl for the time being. I'm not waiting for you. Let's just go with the flow, okay? "

Any woman would be moved by such a man and such a proposal.

Sister Hong did indeed like him, so she tacitly agreed to his words.

then we're friends now, " Lin congwen whispered. if there's anything you need, come to me.

he was afraid that she didn't understand, so he lowered his voice again. " pregnancy tests always require the company of a man. pregnant women are the most vulnerable, aren't they? "

Although there was a small accident, professor Lin didn't want to give up on sister Hong because of it.

he did like her a lot. if the price was a child, then he would just take it as his own.

Perhaps he had studied abroad. This realm was indeed different. It was much more open.

Sister Hong thought to herself, 'if Cheng Zheng was the one raising someone else's son, she would probably jump high and scold him.'

thinking of that man, she was upset and lowered her head to drink water.

lin congwen asked her a question seriously, " "is qianqian planning to get back together with mr. cheng?"

If there was, he would quit.

if not, he would insist.

sister hong flicked her hair and smiled. " "why would i?"

professor lin heaved a sigh of relief and didn't say anything. he drank his coffee and chatted with sister hong for a while. after that, he personally drove her home in a gentlemanly manner.

After that, he still appeared in her life frequently. Sister Hong really liked him and felt that he was a good man.

professor lin was indeed in love with sister hong.

Sister Hong still had to be careful for the first three months. She spent most of her time at home, and du Meili would come over if something happened.

Chapter 5283: Sister Hong is pregnant, whose child is it? 5

As the days passed, sister Hong's pregnancy had stabilized after three months. The doctor also said that she could go out for a walk.

Sister Hong went shopping and had a meal with su mu. After the meal, she asked su mu to recommend some food for the baby.

Su mu said with a smile, " I think you've been Living a Good Life. Think about how miserable I was when I was pregnant with ye Xun. I didn't have the money to buy any brand. I only chose cheap, pure cotton clothes for ye Xun to wear at the wholesale market.

Sister Hong held her chin. it's not easy for ye Jie to have such a noble aura. It's good to inherit it.

then, she could not help but think of the child in her stomach. it was cheng zheng's. no matter how rich she was, she would still have the aura of a nouveau riche. just thinking about it was scary.

Su mu smiled. but we can go and have a look together.

...

“You’re not pregnant, are you?” sister Hong asked, sizing her up.

su mu laughed. ” not so soon. i want to wait for another one or two years. ”

“your relationship with president ye is quite stable now,” sister hong sighed.

Su mu sipped his black tea. he’s alright. But the young masters of the rich and powerful have a bad temper. It’s hard to serve them.

sister hong laughed, and her smile was a little ambiguous.

“what about you and professor lin?” su mu glanced at sister hong.

Sister Hong was feeling guilty. She did not dare to tell su mu that the child was Cheng Zheng’s. If su mu went to question Cheng Zheng, she would be done for.

She drank her tea and mumbled, ” “The child was quite unexpected. My stomach is big now, so I want to wait until the child is born. I’m an advanced maternal age, so I can’t work too hard.”

su mu felt that something was not right.

However, this was sister Hong’s private matter, so she didn’t ask too much.

however, she wasn’t worried at all. sister hong had money, charm, and figure. she even had a child. there was nothing to be afraid of.

After the meal and tea, su mu accompanied sister Hong to buy some baby products. However, before that, she recalled something.”let’s buy some maternity clothes. they’re comfortable and the designs are nice.”

sister hong thought about it and agreed.

Therefore, the two of them went to the women's section first. There was a store that sold pregnant women's clothes that was particularly popular, so sister Hong and su mu chose from there.

After picking for a while, he picked a few pieces.

sister hong wanted to try it on, so she took the clothes to the fitting room.

However, after a while, she came out with a bad expression and did not try on the clothes.

"what's the matter?" su mu felt strange.

As soon as he finished asking, master Cheng and a very beautiful girl came out of the fitting room.

su mu immediately understood.

she really didn't know what to say in this situation, so she just glared at master cheng.

master cheng was a little baffled. " she can have a child with another man, but can't i have a girlfriend? "

His new female partner was a model, 176 cm tall, with a particularly good shape.

The lines of her face looked a little like sister Hong's. Master Cheng had kept her by his side for a month, and he was quite fascinated by her.

as for sister hong, she was already pregnant with another man's child. what else couldn't he do?

Master Cheng was ridiculous. There was a young model and another woman.

He didn't care anymore. He also wanted to keep his chastity for a while, but reality proved that that kind of life didn't suit him.

At this moment, his eyes were fixed on sister Hong's stomach as if they were on fire, as if the child had a grudge against him.

sister hong thought he was crazy and didn't want to talk to him.

in her heart, she always felt uncomfortable and bothered. in the end, she said that she wanted to go home without buying anything.

Chapter 5284: cheng zheng, do you think i wasn't in pain back then?(1)

su mu was worried and drove her back to xuxu himself.

Master Cheng stood by the railing on the second floor of the shopping mall and watched sister Hong leave. He felt a little upset.

They had already broken up, so why would he still care about how she looked at him?

it wasn't like he hadn't seen him like this before, so what was there to be surprised about?

however, he still felt guilty. he felt that when she saw him today, her eyes were filled with deep hatred.

Master Cheng was also hurt by her gaze. He didn't let go of the young model in front of her, but deliberately provoked her.

...

master cheng's eyes were red. he thought, what's wrong?

Their Yueyue used to have a good life, but he was the one who got angry and wanted to break up with her when she asked about their marriage.

In the past, he probably despised her for not being able to get pregnant. Actually, he didn't care much about a child. He was just afraid of being bound.

She was pregnant and was about to get married.

Master Cheng took out a cigar and smoked it. A staff member of the mall came over to persuade him, "Sir, we don't allow smoking here. You can go to the smoking area."

Master Cheng glanced at him. At first, he wanted to beat this blind man up, but after thinking about it, he realized that Liu Hong would look down on him if he said that. She had already despised him for being a rough man.

that's right, he was just an uncouth fellow who separated them. if he had the awareness of that pretty boy professor lin and knew how to coax women, they would not have ended up like this.

master cheng felt bad and didn't have the mood to smoke anymore.

At this moment, the young model came over and pestered master Cheng in a particularly charming way, saying that she hadn't bought a gift yet.

master cheng directly threw a check to her. "i'll take it. don't bother me anymore."

the young model was dumbfounded. this was the breakup fee? Did master Cheng not want her anymore?

master cheng clearly liked her a lot before. why did he suddenly abandon her?

She did not believe it.

But she had no choice but to believe him. Master Cheng shook his head and left without even looking at her.

The young model lowered her head and looked at the check. It was two million.

After accompanying master Cheng for a month, the two million Yuan was worth it.

She had a vague feeling that master Cheng had a woman in his heart, the one just now.

otherwise, why would he not want her when everything was fine?

Master Cheng was indeed unhappy. He thought he could forget about it, but every time he saw Liu Hong, he felt as if his heart was being cut by a knife.

He let out a long breath, got into his car, and drove unconsciously until he arrived at sister Hong's apartment.

Just then, su MU's car drove away, and master Cheng knew that sister Hong was at home.

He sat in the car and smoked a cigar, then went upstairs limply.

Sister Hong had probably expected him to come, so she opened the door for him and politely said, "is there something?"

This courtesy made master Cheng feel very bitter.

"your man isn't here?" he asked.

Sister Hong asked him to come in. She was pregnant and couldn't stand master Cheng's madness.

She might only have this one chance.

Master Cheng went in and looked around. When he found that there was no extra pair of men's shoes, he smiled happily. is that pretty boy no match for me? " So you didn't let him come?"

sister hong didn't say anything. she just walked to the sofa and sat down while holding her stomach."if you want to drink water, pour it yourself."

His eyes hurt from her actions.

She was pregnant and the child was not his. What was there to be proud of?

He was a useless man! trash!

Chapter 5285: Cheng Zheng, do you think I wasn't in pain back then 2

Master Cheng's eyes were red. He walked over, squatted down in front of her, and put his head away."Liu Hong, am I not very useless? I'm not a man, Yingluo."

if he had made her pregnant, there would be no lin.

now, she didn't want to be someone else's wife, and he didn't have to feel so bad anymore.

No matter how many women there were, they couldn't fill the gap in his heart. That hole was getting bigger and bigger.

it was very painful!

Master Cheng's body had been pierced countless times since he came out of the temple. He had never frowned, but now it was different. It was quite painful.

...

Sister Hong didn't push him away. Instead, she said softly, " "Chengzheng, it's not because of the child. With the child, you will still do things that let me down. I've given you a chance. You've let go of all my bottom lines."

She sat on the sofa and recalled the things that she didn't want to think about. at that time, on the nights when you didn't come back, I would think about where you were, which woman was by my side, whether they were younger and prettier than me, ran ran, so you didn't come home. I also

thought that if I gave you some time, maybe you would be able to think it through and whether you wanted to continue on with me. Cheng Zheng, do you think I'm not in pain? do you think I'm invulnerable? yes, i'm not young anymore and i don't want to fall in love with a man like you. i'm much more tolerant towards you than zhang fucai, not because you're richer than him, but because i think you're still a child. i think you haven't thought it through, cheng zheng, but you don't want me anymore before that day comes. Just like how you threw away any woman you've ever been sick of, without mercy."

sister hong sat there and said quietly, her expression calm.

however, every sentence seemed to stab into master cheng's heart.

master cheng had never heard her say these things. he had always thought that she was very free and easy.

at the very least, they broke up without any hesitation, even more so than him.

Sister Hong smiled. Cheng Zheng, I'm not telling you all this because I want to get back together with you. I just want you to know that it's impossible between us, no matter what.

master cheng's heart was beating fast. he half-knelt on the ground and suddenly cried.

one of the men cried.

Sister Hong remained unmoved because her tears had already dried up when he went out to fool around. At that time, he was playing outside, so she couldn't wait any longer and drove over.

Through the crack of the door, she saw him hugging one woman in his left hand and one woman in his right, smiling happily.

"our ending was so unbearable, i just wanted to end it with dignity. cheng zheng, actually, it is not as peaceful as you think, you are just used to other people's obedience. you only care about your own feelings and don't understand others'. maybe you think you love me, but if you love me, how could you bear to hurt me like that?" sister hong shook her head. "so, don't come again," she said softly. "i'm going to marry professor lin the moment i give birth to this child."

master cheng was stunned.

he couldn't say anything for a long time.

Sister Hong's voice sounded a little tired, 'Cheng Zheng, let's part on good terms, okay? I'm pregnant, and I only have this one chance. I beg you, please don't come again.'

"Cong Wen won't be happy if he sees it," she said softly.

Chapter 5286: cheng zheng, do you think i wasn't in pain back then 3

Master Cheng had lived for so long, but this was the first time he felt like a knife was being stabbed into his heart.

he wanted to say something, but his words were stuck in his throat, unable to come out.

she only felt very uncomfortable.

after a long time, he asked a ridiculous question, " "You, do you like me more or him more?"

Sister Hong sat there and looked at the scenery outside the floor-to-ceiling window. She said softly, " at my age, I don't even like her anymore. I'm only talking about whether she's suitable for me. Do you understand, Cheng Zheng? "

master cheng slowly got up, knowing that things had reached a point where there was no turning back.

...

He walked to the floor-to-ceiling window and stood there silently for a while before saying in a hoarse voice, " Liu Hong, you might find it funny that I'm telling you this, but you're the first woman I've ever regretted breaking up with. I don't know if that's love or not. Perhaps an uncouth

fellow like me doesn't know what love is. Otherwise, why would I hurt your heart again and again?
”

He came over again and squatted in front of her, looking up at her face.

He reached out as if he wanted to touch her face, but he retracted his hand in the end.

“I'm sorry for making you so sad,” he said in a hoarse voice. if you want to be with that pretty boy, if you think you're that happy, then marry him. I promise I won't do anything to him and I won't disturb you.”

sister hong's nose felt a little sour as she lowered her head.”Thank you,” he said.

master cheng's breathing became heated, and his voice was also rough.”what's there to thank me for? i'm such a bastard, what's there to thank me for?”

As he spoke, he remembered that he had not been able to make her pregnant and angrily punched the sofa.

fortunately, he still had some sense and did not hit her.

after venting the anger and hatred in his heart like this, he really had no face to stay any longer, so he quickly left.

after he left, sister hong walked to the floor-to-ceiling window and looked outside.

she could not tell if she loved cheng zheng. perhaps she had once been obsessed with money and his so-called manliness. she only felt that when he coaxed her, she was happy. but when he turned around to hug another woman, she was very sad.

Even now, it still hurt a little.

Sister Hong laughed softly, her laughter somewhat self-deprecating.

master cheng said that he wouldn't appear in her life anymore, but she would always see him later.

he would often park his car at her apartment building. he didn't go upstairs to look for her, nor did he look for her phone. he just parked his car for the entire night.

sister hong didn't know what he meant, and she didn't want to bother with him.

after a long time, he probably lost interest and didn't come for a week.

sister hong heaved a sigh of relief, thinking that he would not come.

she was in good health now and would occasionally have tea with su mu or attend a concert with professor lin.

They were just like ordinary friends, without any intimate actions.

he was giving sister hong time, and sister hong also wanted to give him time to think it through.

It was one thing to not have children, but it was another to raise someone else's child.

after sister hong finished her concert, professor lin sent her home. the car slowly drove to her building and she saw cheng zheng's car parked there.

sister hong was having a headache. he hadn't come for a week, and now he was coming again.

"Do you want me to leave?" professor Lin asked after some thought.

"no need," She suddenly said, " you can stay at my place. Just clean up the guest room.

Professor Lin looked at her and agreed.

he opened the car door and got out of the car. then, he walked over to sister hong's side and opened the car door."Be careful, Yingluo!"

Chapter 5287: cheng zheng, do you think i wasn't in pain back then 4

he opened the car door and got out of the car. then, he walked over to sister hong's side and opened the car door."Be careful, Yingluo!"

Sister Hong's stomach was already a Little Big. She held on and carefully got out of the car. With professor Lin supporting her, they looked like a loving couple.

Master Cheng sat in the car and watched quietly.

His eyes were bloodshot.

After a long time, he slammed his hand on the steering wheel, and the car let out a sharp screech.

It was especially abrupt in the middle of the night.

...

" why don't i talk to him? " professor lin asked softly. " he can't keep waiting at your door like this. "

"i'll move to another place tomorrow," sister hong said with a bitter smile, holding her stomach.

professor lin didn't say anything. in fact, they all knew that it wouldn't work even if they changed the location. master cheng could still find his way there.

Sister Hong had really moved. She had moved to a small bungalow. The villa wasn't big, but the decorations were especially heartwarming. She felt that it was very suitable for childbirth.

du meili and su mu both came over and looked around. they both expressed that sister hong's taste was particularly good.

“the main thing is money. let the professionals do the design.” Sister Hong smiled and looked around. It was also full.

When sister Hong went upstairs.

su mu looked at du meili. ” i heard that when sister hong fainted, it was you and editor-in-chief zhang who sent her to the hospital? ”

“Yeah, I was scared.” Du Meili nodded.

su mu looked around and then said, ” “This child can’t be professor Lin’s, right?”

Du Meili was dumbfounded. She mumbled and pretended not to know. She drank some water to cover it up. it should be professor Lin’s. Otherwise, could it be that sister Hong has found another man outside? ”

su mu’s voice was calm. ” it’s cheng zheng’s, isn’t it? ”

du meili was drinking water, and her big eyes looked around. she couldn’t hold it in.

Su mu was still staring at her.

she didn’t ask any more questions, as she had probably guessed the result.

“professor lin, you’re quite sentimental,” su mu looked upstairs.

du meili sighed. ” that’s right. he’s a good man. he’s not like that dead man i was before. he wanted to break up as soon as he heard that i had something to do. ” I’m blind.”

Su mu consoled her and they would stop talking when sister Hong came down.

since sister hong didn’t say anything, su mu could only pretend that he didn’t know.

but later on, she saw master cheng sneaking over to sister hong's place like a wolf and guarding the door.

Winter, courtyard.

sister hong was five months pregnant. she was lying on the recliner and basking in the sun. su mu brought ye cha over to play.

Xiao Ye was basking in the light happily while the two women lay down and chatted.

su mu's eyes fell on the car outside the villa.

"your place is pretty safe," she coughed.

sister hong raised her eyes. "really? you're not talking about cheng zheng?"

su mu laughed and then heaved a sigh. "Sister Hong, you've really missed him."

"i'm fine now," sister hong said dejectedly.

really, it's pretty good. I'll plant some flowers and rear some fish. I'll wait until the child is born. Maybe I'll marry professor Lin, or maybe I'll raise the child alone. "Actually, it doesn't matter if we get married or not," she said rather casually.

of course, su mu wouldn't try to persuade him.

how could she not know cheng zheng's personality? she just did not expect him to be so sentimental.

sister hong was already pregnant, and he thought that it was professor lin's child. he was even guarding it all day long. did he have nothing to do?

sister hong's voice was ruthless, "just treat me as a guard dog, love here and let it wander here."

Chapter 5288: Is this son mine?(1)

su mu was also quite speechless.

At that time, sister Hong and Cheng Zheng seemed to be very close.

Back then, whenever sister Hong mentioned Cheng Zheng, she would always look disgusted. However, su mu could feel that sister Hong liked him very much. She loved Cheng Zheng as if she was a man.

cheng zheng had a lot of shortcomings, but they were all very cute.

this was probably what sister hong liked about him.

He just didn't expect that one day, they would end up like this.

...

Sister Hong was clearly pregnant with Cheng Zheng's child, but she said it was someone else's.

su mu respected sister hong's choice. if sister hong was unwilling, he would not tell cheng zheng about this. he just felt a little regretful.

In the past, when sister Hong and Cheng Zheng were together, they were really happy.

When su mu left, the car stopped at master Cheng's place. Master Cheng squatted in front of the car like a wolf dog. Now he no longer smoked cigars but instead smoked.

su mu lowered the window. " it's useless even if you squat here for a year. sister hong won't be soft-hearted. "

this was the truth.

Su mu knew about what happened between them, but Cheng Zheng had gone too far.

“Let’s go have a cup of coffee!” Su mu smiled.

without a word, master cheng put out the cigarette, opened the door, and got into her car.

his own car was still left at sister hong’s door, which meant that he was still coming.

Cheng Zheng! su mu smiled as he drove. why bother? ”

master cheng clenched his fist. ” i’ve thought about it. as long as this woman doesn’t get married, i’ll just stay here. maybe one day, the iron tree will bloom. ”

su mu found it funny and remained silent for a while. ” “You don’t mind raising someone else’s son? I thought you would mind.”

This had indeed pricked master Cheng, and he felt sad. After a long time, he said in a strained voice, ” “i don’t care. if she doesn’t get married, she’s my woman.”

Su mu laughed,”you’ve got a good score.”

Master Cheng still said in a rough voice, ” there’s nothing wrong with this, right? that man named Lin congwen is too much. Liu Hong has a big belly, but she doesn’t want to marry her. She wants people to point fingers at her after she gives birth. In my opinion, this kind of man is particularly unreliable. Why don’t she marry me? I’ll raise her son for free.

Su mu almost laughed out loud. How anxious must Cheng Zheng have been to figure this out?

She drove quietly for a while before she asked softly, ” “actually, you really like sister hong, right?”

Master Cheng’s old face was a little red. I don’t like her. I’ll squat there for two months. I haven’t touched a woman for a few months. What do you think I’m after? she’s good. She doesn’t give me a good face every day. Even if a beggar is at the door, she should at least prepare a bowl of rice. She’s really cruel.

master cheng said, feeling sad for himself.

su mu didn't say anything else. the car stopped in front of a coffee shop. master cheng didn't want to get out of the car for a long time. "can't you drink tea? i don't know why you women like to drink this bitter thing so much. aren't you just acting tough?"

Su mu pursed his lips and said in a low voice, "Cheng Zheng, if two people are together, they have to tolerate and accept each other.

master cheng's eyes widened. "mumu, don't put on an act with me. didn't you say that i wouldn't accommodate liu hong? i was also very good to qianqian back then."

"You're giving money, right?" "do you think that's enough?" su mu said softly.

Chapter 5289: Is this son mine? 2

Master Cheng touched his big head and didn't say anything for a long time. He just laughed.

Su mu parked the car and unbuckled his seat belt. "Let's go get a cup of coffee."

master cheng looked at her and finally agreed.

They went in together and su mu ordered two cups of coffee.

master cheng looked at her familiar and elegant appearance and smiled. "i still remember how you looked like when you were young. you're amazing now too. you look like a strong woman."

Su mu sipped his coffee and smiled. "women always want to live a better life. i want to, and so does sister hong."

...

master cheng was a little unconvinced, "isn't she living a good life?" with money to spend and a large number of people waiting on her, isn't that awe-inspiring enough?"

yes, the people in the underworld call her sister-in-law. It's quite glorious. but Cheng Zheng, " su mu smiled, " when you're looking for the girl, it's like you're slapping her in the face. How is she going to show off then? "

master cheng didn't say anything. after a long time, he said in a rough voice, "i'm looking for the little girl, so she'll naturally leave."

"yes, she will leave." su mu said quietly, 'but if you don't want to look for her, you just have to tell her that you don't want her anymore. I think sister Hong won't cling to you. What's the situation now? Cheng Zheng, you're the one who can't let go of her. You're the one who wants to be with her, right?"

"I'm a bastard," master Cheng let out a long breath.

that's why you can't be a woman just because you have money. Didn't sister Hong return your hundreds of billions of Yuan to you? " "Cheng Zheng, you have to be reasonable," su mu pleaded.

master cheng was very uncouth. " you said to be reasonable, then i'll tell you. what other reason is there to be reasonable? if i were to reason with her, she would have run away long ago. "

"she's not yours anymore." Su mu said in a low voice.

master cheng's face was a little dazed. after a while, he lowered his eyes and said, " "Mumu, you've stabbed me in the heart."

Su mu smiled and said, "does it hurt?" Cheng Zheng, believe me, sister Hong is in a hundred times more pain than you."

master cheng turned his head. " she didn't turn around and found a gigolo. she even got a child out of it. what pain is she in? it's not as painful as me. "

“cheng zheng, be reasonable,” su mu said with a smile.

“you’re being unreasonable.” Master Cheng raised his head, his eyes bright. I’ve traveled far and wide, and I’ve never fallen into anyone’s hands. I’ve never felt sorry for anyone, and I’ve been free. However, ever since I met her, I’ve never had a place where I can feel comfortable. It’s hard to leave her here, and I regret throwing her away. Now, I want her, but I can’t get Qianqian Mumu back. Do you think I’m sick? ”

su mu didn’t know what to say. she sipped her coffee quietly and said after a long time, ” Cheng Zheng, you can only wait. Wait for sister Hong to forgive you. There might still be a chance. Stop pestering her, it’s no use.

master cheng felt extremely uncomfortable. ” why is it useless? su mu, you bastard. why is it useless when you tell me? ”

Su mu didn’t say anything else, for it would leak out.

In the end, it was master Cheng who paid for it.

Su mu said to send him off, but he said in a muffled voice that he wanted some peace and quiet.

okay, then you should think about it carefully. Do you want to give sister Cheng a way out? ” su mu said softly.

after that, she left and master cheng sat there alone, thinking about life.

After sitting for a long time, he finally walked out.

coincidentally, he saw professor lin drinking coffee with a girl. professor lin’s expression was quite gentle, and the girl was quite beautiful.

master cheng was a little confused.

Chapter 5290: Is this son mine?(3)

Master Cheng was a little confused.

This pretty boy! Liu Hong had worked so hard to get pregnant, and this pretty boy was actually dating a woman?

hehe, he, master cheng, was going to beat this pretty boy until he lost his sense of direction.

Therefore, master Cheng didn't say anything. Instead, he grabbed professor Lin by the collar and punched him.

The woman shrieked, " why did you hit me?!"

well done, Lin. You've found another woman behind your wife's back. "today, i'll do it on behalf of tian xing," cheng zheng gritted her teeth.

...

Unfortunately, professor Lin was also a scholar. No matter how strong he was, he couldn't withstand master Cheng's fighting style.

After a few punches, his face was already swollen, but master Cheng still wanted to hit the woman.

the girl had already called the police and even called professor lin's parents. at this time, master cheng wanted to catch her again, just like an eagle catching a chick ...

"that's my cousin!" professor lin shouted with all his might.

cousin lin's face had long turned pale and she started crying.

Master Cheng was a little confused. He looked down at the little girl in his hand and then at professor Lin.

his face was swollen and he couldn't tell if he looked like her.

Master Cheng was a rough man. Although his face was red at this time, he was still not at a disadvantage. "You guys didn't even explain clearly. Besides, I don't even know if it's true or not."

Cousin Lin cried as she shouted, "are you crazy? you hit my cousin the moment you caught him." besides, my cousin doesn't have a wife. you're a lunatic."

master cheng snorted coldly, "liu hong isn't his wife?" i'm pregnant now."

cousin lin was stunned, " cousin, why haven't i heard of it before? "

professor lin was a little embarrassed. sister hong was pregnant, so he naturally couldn't tell his parents that it was his child. therefore, his family didn't know about sister hong. he wanted to develop their relationship and wait until the child was born.

he was also a divorcee, so it wouldn't be a problem for sister hong to have a child.

but now, there was a problem.

It didn't matter if he was beaten up, but his cousin had called the police, which was important.

think about it, how would he explain his parents 'visit?

Without his explanation, Cheng Zheng had already picked up the phone and her face was dark. "liu hong, i've slapped your pretty boy. i'm going to the police station later. also, let me ask you, why doesn't that lin family know about you? i only wanted to find a father for my child, so i found this pretty boy."

the surrounding people watched the show.

Professor Lin was especially embarrassed, and cousin Lin was dumbfounded.

at this moment, the people from the police station and the Lin family's parents were here. the whole floor was covered in chicken feathers.

both Master Cheng and Professor Lin had gone to the police station to record their statements.

Professor Lin wanted to forget about it, but his parents and Master Cheng refused.

He was panicking now. The child might be his, and he had beaten up the Father who was the scapegoat.

At this moment, he wished that he could squat inside for ten days to half a month.

At the thought of Sister Hong's girly face that night, Master Cheng really felt that it was quite good inside.

All the Lin family's parents scolded him like he was drenched in dog blood, but he also laughed. He laughed quite foolishly.

It was only when Sister Hong came over that his eyes turned red, like a big wolf.

Of course, Sister Hong ignored him and asked if Professor Lin had any questions.

"I'm fine," Professor Lin sighed.

You're the one who's not very good!

Sister Hong's pregnant belly shocked Mr. and Mrs. Lin. They remembered that their son had a girlfriend a while ago, but it was unlikely that her belly would be this big.
