Chapter 701 tang yu's last resort (1)

Tang mo returned to B city as soon as possible.

Late at night.

He walked along the corridor of the hospital, his footsteps cold and clear. When he pushed open the door of doctor Mei's office, doctor Mei, her assistant, and even Lin Yun and his wife were all there.

Zhao Yi supported his pregnant wife with one hand. He watched Tang Yu come in and helped Lin Yun sit down.

tang yu's face showed the fatigue of flying for a long time, but his body was still tense.

In fact, his heart was on fire.

on the phone, doctor mei told him that qiqi had found something unusual in her routine pregnancy test.

The number of white blood cells in her blood suddenly decreased, and the change was shocking.

of course, the hospital was afraid of making a mistake, so they drew another blood sample, but the result was the same.

All these data showed that the pregnant PEI Qiqi might have contracted an acute blood disease, the same disease as Tang Xin.

however, pei qiqi's condition was acute.

Dr. Mei's voice was a little heavy, " Tang Yu, we can't rule out the possibility that her pregnancy weakened her immune system. However, I suspect that this illness is hereditary, so don't blame yourself. Even if she didn't get pregnant this time, in the future, when she gets pregnant or when her body's functions are weakened, the chances of her getting this illness will be very high.

Tang Yu couldn't hear what she was saying. All he heard was a buzzing sound.

Lin Yun's heart was heavy as well. She never thought that Qiqi would get sick.

at this moment, she thought of what tang yu said. qiqi had never been treated fairly since she was born.

lin yun let out a long sigh, not knowing what to say.

Tang Yu looked at doctor Mei and said in a dry voice, " "Is there any way to treat it?"

"if we go for chemotherapy now, we'll have to give up on this child." Although it was cruel, doctor Mei had no choice but to continue."The baby is six months old now. Yingying, if she was seven months old, she could have done a C-section and kept the baby in an incubator for a few months, but she's only six months old."

Doctor Mei sighed. It was already six months. What a pity.

tang yu almost couldn't hear anything around him. he kept looking ahead and there was only white fog.

at this moment, he was faced with the most difficult choice.

“do i have to abort the child?” he asked in a hoarse voice after a long time.

That child was Tang Xin’s life and PEI Qiqi’s life.

Doctor Mei took off her glasses and was silent for a long time before she said, ” “if the bone marrow is found and qiqi’s will to live is strong, we can wait until seven months to take the child out and perform the operation on qiqi. However, the prerequisite is that there must be a suitable bone marrow.”

Doctor Mei’s attitude was actually quite obvious. He wanted to save the adult.

However, if he did that, he might end up as the Tang family’s heir.

but tang yu wasn’t thinking about these. he was more concerned about whether qiqi could lose this child.

His answer was no.

He couldn’t!

In his heart, there was a vague sense of vicissitudes. He didn’t know if the heavens were playing a joke on them, or if he was playing a joke on himself.

he wiped his face. he needed to calm down, but he didn’t have the time to.

His Qi Qi needed him.

late at night, tang yu went to see pei qiqi. he carefully pushed the door open and the moonlight fell on the bed. it was white and desolate.

she was in a deep sleep. one of her small hands was placed outside the blanket on her stomach, and the other was under her head. she was lying sideways, and her stomach seemed to have grown a little bigger.

Tang Yu slowly sat down. His fingers fell on her long black hair and he slowly combed it.

his gaze was fixed on her small face. her eyebrows were still as exquisite as a painting, but there was only a trace of paleness that was hard to detect.

Was that a joke from the heavens?

Chapter 702 Tang Yu’s last resort (2)

Tang Yu lowered his head and kissed her forehead.

Qiqi, are you in pain now?

with him kissing her like this, pei qiqi finally woke up in the middle of the night.

When she opened her eyes, she saw his deep eyes in the dim light.

Her heart skipped a beat. Then, she reached out and wrapped her arms around his neck, ” Tang Yu, why are you back? ”

“if you’re not feeling well, how can i stay in France in peace?” he stroked her fluffy head.

“Nothing, I just vomited.” pei qiqi snuggled in his arms and stuck out her tongue, “I heard that some people vomit in the late stage of pregnancy. I think I’m like that.”

as she said this, she patted her little stomach with her little hand. ” if you don’t listen to me, then when you come out in the future, i’ll ask your father to hit your little p * ss. ”

tang yu smiled. his dark eyes looked at her fair face in the dark.

Her little face was filled with satisfaction and happiness.

up until now, no one had told her the truth. they all thought that it was better for him to tell her.

Tang Zheng hated this feeling of powerlessness. How could he say such a cruel thing? how could he tell her to give up her child?

He could not do it!

However, he could not ignore her life.

he knew that even if she gave up on the child for chemotherapy, she would still need a bone marrow transplant to save her life.

Bone marrow!

Tang Yu’s heart had a thousand knots and at this moment, he couldn’t untie a single one.

Also, Tang Xin was stunned.

in qiqi’s heart, tang xin and this child were as important.

he lay on the bed and coaxed her to sleep.

When he came back, she was very excited to talk to him, but she fell asleep again after a few words.

As for Tang Yu, he watched her sleep for the entire night and was in a daze.

He had invited the best experts and experts from abroad for a consultation, and the result was the same as doctor Mei’s opinion.

PEI Qiqi vomited a lot and she loved sleeping more and more.

however, she always thought it was morning sickness. she often touched her lower abdomen and talked to the baby inside.

She asked Tang Yu what the baby’s name was.

tang yu told her to get up and pei qiqi looked up the dictionary seriously. in the end, she ran over and asked him, ” ” tang yu, i think we should call her tang tang! ”

tang yu looked at her and slowly said, ” then, why don’t we call her tang guo? ”

His stupid Qiqi actually nodded, ” “That’s a good name.”

tang yu was stunned. his chest felt like it was blocked by something and it felt extremely uncomfortable.

he didn’t say anything and just reached out to stroke qi qi’s little head.

How could he bear to lose Qi Qi like this? How could he bear to give up on the baby in her stomach?

Under his palm, PEI Qiqi was like a gentle kitten. After a while, she raised her head again, " then I'll look for it again.

he just looked at her like that, full of greed and desire.

Three days later, Dr. Mei and Tang Yu met up in private. It was still in Dr. Mei's office.

Tang mo stood in front of the window and looked out quietly.

Doctor Mei looked at him for a long time without saying anything.

in the dead silence, doctor mei asked indifferently, " tang yu, have you decided? " Because Qiqi's illness wasn't like Tang Xin's, she couldn't delay it.

tang zheng raised his head, his adam's apple bobbing up and down. a moment later, he turned to look at dr. mei."aunty mei, if i could, i wouldn't choose."

his choice meant that he might lose yingying.

he lost qiqi and lost xuanji tang xin.

or perhaps, the child might not be able to survive.

His decision was to sacrifice too much. No matter which path he chose, it would be extremely dangerous.

Chapter 703 tang yu's last resort (3)

doctor mei's eyes were slightly moist. she had been taking care of qiqi in her hands.

until now, qiqi still didn't know that she was sick. she always thought that she vomited and wanted to sleep because she was pregnant.

Just when she thought that they wouldn't be able to negotiate anything today, Tang Yu said, " " continue to protect this child. one month later, yingluo. "

He raised his head. take the child out.

Dr. Mei was shocked. She stood up, " Tang Yu? "

Tang Yu didn't explain but the truth wasn't far away.

Perhaps, the truth was always by his side, so Shen Chongshan became demented.

Just yesterday, doctor Yuan came to find him and placed a DNA report and a bone marrow match report in front of him. Doctor Yuan said with deep sorrow, " "Mr. Shen's body can't withstand this kind of surgery in the first place, let alone Chengcheng."

His only hope was Shen Lian.

Of course, Tang Yu knew how much he had to pay!

Tang Yu just smiled. He stood up. aunty Mei, please don't tell Qiqi.

No one was allowed to tell her Hanhan.

he would rather she hate him so that she could live. he also wanted this child to live.

he also wanted hanhan to be with her again one day, even if it meant waiting for a lifetime, even if she hated him to the core.

he also wanted her to live well, yingluo.

Dr. Mei was stunned. She also realized that Tang Yu might have made an incredible decision.

She opened her mouth to say something but in the end, she couldn't convince Tang Yu. She couldn't convince him.

this child would never change his mind once he decided on something.

Tang mo quietly looked at doctor Mei and smiled."I can't live without Qiqi."

but at the same time, he was resentful to give up on tang xin.

Tang Yu pushed the door open and saw Shen Lian standing there.

She held a document bag in her hand and raised it as she looked at him. Tang Yu, can I have a cup of coffee now? "

tang yu's gaze was deep.

half an hour later, they were sitting in a corner of a coffee shop.

shen lian pushed the folder to tang yu and smiled, " before we talk, you can take a look at this. "

Tang Mo's handsome eyebrows locked and his eyes fell. Then he reached out to take it.

however, shen lian pressed it tightly and lifted her chin,"Tang Yu, have you thought about it? It's like Pandora's Box, it can't be taken back once it's opened."

her hand was on the back of his hand. tang yu's hand was long and slender. it was a beautiful jade color. chenlian looked a little dazed.

Tang Yu's fingers tightened and he took the document.

he was extremely calm, but only he knew the waves in his heart.

at this moment, his heart was trembling.

It was two matching bone marrow. They were Shen Lian and Tang Xin, and Shen Lian and PEI Qiqi. They actually matched each other.

as his gaze fell on it, shen lian chuckled and said, " " tang yu, is the heavens helping me? "

Tang Yu remained silent. After looking at her for a long time, he finally returned to Shen Lian's face, " "what do you want?"

shen lian supported her chin with her fingers and drew circles on the table with one hand. " what if i want you to kneel down and beg me? "

Tang Yu's eyes narrowed and she started chuckling, " of course I won't do that! tang yu, why do i need you to kneel? i'm not insulting you, i'm insulting myself."

he didn't say a word and just looked at her.

Shen Lian looked at him and said word by word, I want you to divorce PEI Qiqi and be with me.

Chapter 704 Tang Yu's last resort (4)

Tang Yu's eyes narrowed as he stared at Shen Lian.

of course, you don't have to do this. I can even save Tang Xin and your baby sister for free. "She's also my precious little sister, isn't she?" Shen Lian sneered.

tang yu's adam's apple bobbed.

The person in front of him was no longer Shen Lian. She was no longer the young and innocent girl from back then. She was the devil.

Tang Yu, you can choose between saving your precious baby and Tang Xin. If it were me, I would choose Tang Xin. If my sister dies, I can still marry my sister. Shen Lian leaned forward, "isn't it a win-win situation? "

her arm was suddenly caught.

He used all his strength. She was in pain, but Shen Lian felt great.

She finally saw that Tang Yu was in a difficult position. She saw that he wasn't so indifferent to her anymore.

The veins on Tang Yu's forehead were about to pop out. He squinted at Shen Lian and his thin lips were pressed into a straight line.

"Is it very difficult?" Shen Lian laughed in a low voice, "counting down now, five, four, three, two, Yingluo."

tang yu's fingers let go of yingying.

A victorious smile appeared on Shen Lian's face, but it was a bitter smile.

in the end, he was willing to do anything for pei qiqi, but in the end, it was still for that bitch.

" i can save her, but i have to divorce her and let her attend our engagement. " shen lian smiled but there was no smile in her eyes.

She finally got everything she wanted. The company and Tang Yu's success made her happy but empty inside.

Tang Yu's body slowly leaned back in his chair. He looked at Shen Lian calmly.

it was so calm that she was a little scared, yingluo.

she thought he wouldn't agree, but tang yu said, " "i'll handle everything between us. you're not allowed to disturb her or hurt her hanhan."

Shen Lian was a little annoyed. Tang Yu, do you still think you have the conditions to negotiate with me? "

"If you don't agree, we can stop talking." His gaze was firm and calm, and his expression was impeccable.

shen lian tried to find a flaw in his eyes, but there was nothing.

In terms of mental strength, she was never Tang Yu's match. Even if they were talking about the life and death of his little sweetheart, it was the same.

“Alright!” She gritted her teeth.

tang yu’s eyes didn’t move at all, ” our engagement will be after pei qiqi’s bone marrow transplant.
”

shen lian sneered, ” you won’t deny it when the time comes, right? ”

Tang Yu didn’t say anything.

Shen Lian felt that she had asked a stupid question. However, she quickly pulled herself together.
Tang Yu, to be fair, I think you need to do something to make me believe in your sincerity.

as she spoke, she took out a document from her bag. ” i think this is a mutual guarantee for us,
right? ”

Tang Yu stared at the document and then looked up at Shen Lian. His eyes were filled with
malice ...

“If you don’t sign it, you can only say sorry! Your PEI Qiqi, your precious little sister,
your child Wanwan! Oh right, I forgot. No matter what, that child can’t be born! What
a pity!” Shen Lian chuckled and blew at him.

tang mo closed his eyes, then took out a cigarette, lit it, and slowly took a few puffs.

“I’ll sign it before the surgery.” he looked at her. ” shen lian, do you feel very happy
doing this? ”

Shen Lian was stunned.

Tang Yu got up and walked outside.

The autumn sun was just right, but it could no longer shine into his heart.

Chapter 705 tang yu’s last resort (5)

when tang yu returned to the hospital, he didn’t immediately go to see pei qiqi.

he went to see shen chongshan.

Shen Chongshan was still the same. He still called everyone ‘miss’ and asked for food.

He was like a child, carefree and without worries.

tang yu pushed the door open and entered. the nurse looked at him in surprise.

“you guys go out first.” Tang Yan stood at the door and said quietly. The nurse
immediately went out and thoughtfully closed the door.

Shen Chongshan was sitting in his wheelchair and eating. He was no longer the lean middle-aged
man he used to be. He was a little chubbier and somewhat comical.

tang yu slowly walked over and knelt in front of shen chongshan. he looked up at this man in a
daze.

Shen Chongshan had done a match with Tang Xin before, so he probably wanted to make it up to
her.

Qiqi, let's go home tomorrow. Tang Yu lowered his head and kissed the little girl in his arms.

then, he seemed to have thought of something. ” in the future, our child will be called tang tang. his nickname will be little xin xin, okay? ”

“It’s really called that? I’m just saying, and little Xin, isn’t it the same name as Tang Xin?” qi qi stuck out her little head and looked at him eagerly.

Tang Yu patted her head and smiled. He didn’t say anything else.

They returned to the Rose Garden.

She still vomited occasionally. Tang Yu made her take a lot of medicine every day, but she was worried it would affect the baby and refused to take it. He said it didn’t affect her because of the medicine prescribed by Dr. Mei.

the pregnancy is very bitter and uncomfortable, yingluo.

However, when she thought of the baby in her stomach, she felt that no matter how bitter it was, it was not bitter at all.

tang yu rarely went to the office. after she woke up from her sleepiness, she would lie in his arms and listen to him tell stories to the baby. she could sing too and he said the baby could hear her singing.

Chapter 706 we’re brother and sister (1)

Every night, he would put her on that ivory-colored bed and gently kiss her.

he carefully worshipped and kissed every inch of it!

PEI Qiqi didn’t know why he had to torture himself like this. He clearly couldn’t do that, but he insisted on doing it every day.

the storm started half a month later.

A certain entertainment reporter found out about Zhao Ke and PEI Qiqi’s background was exposed.

the fact that she was zhao ke’s daughter was well-publicized in the media, and the lin and tang families were also under great pressure.

PEI Qiqi naturally saw it. She looked at it for a while and didn’t say anything.

after a long time, she finally looked at tang yu, ” why would someone suddenly write this? ”

“Do you mind?” Tang Yu looked at her and smiled, ” our Qiqi should be very calm.

PEI Qiqi lowered her eyes, ” PEI Huan called yesterday and said that Yueyue wanted to go back to PEI group. I didn’t agree but she said that she had important evidence. If I don’t agree, she will destroy your reputation.”

she didn’t understand. did the pei family and tang yu’s reputation have anything to do with each other?

She wanted to see PEI Huan and Tang Yu might not agree.

to her surprise, tang yu agreed and nodded, ” ” it’s good to meet her. ask her to come in the afternoon. i’ll meet her too. ”

PEI Qiqi looked at Tang Yu and didn't say anything.

She had been with him for a long time, and recently, he seemed no different from before. However, she was his wife, so she could still feel the subtle changes in him.

Tang Yu was hiding something from her!

he got up and kissed her. "I'll go up and handle some work."

PEI Qiqi acknowledged him and watched him go upstairs.

Tang Zheng paused and walked to the stairs. In the middle, he turned his head and looked at her.

pei qiqi also looked up at him!

Some things were different now.

They were still in love and living together. She seemed to be very happy ...

But she was already starting to feel uneasy!

Tang Yu smiled. This was the last smile he gave her.

He slowly went upstairs and walked to the end of the corridor on the second floor. He took out a cigarette and slowly lit it, but he did not smoke it ...

He let the cigarette burn out in his hand. When the red light finally burned out, he suddenly turned around and looked at PEI Qiqi who was a few meters away.

She guessed it.

tang yu's eyes started to water. he looked at pei qiqi and saw her standing there.

She was wearing a white floral home dress. She was still thin, but her small belly was bulging, like a cute frog.

tang yu's fingers were trembling as he held the cigarette.

slowly, slowly, he finally approached her and stood a few steps away from her. he said softly, "Qiqi, we can't be together."

Her pupils dilated as she stared at him.

"The speculations on the internet are true. You're not PEI Minghe's child." The way he looked at her was like a helpless little animal. His heart tightened and was about to be crushed.

The person he didn't want to hurt the most was PEI Qiqi. But right now, he was hurting her.

He would even end her love for him with his own hands!

He knew that it would be very, very difficult, but he forced himself to do it.

Because of this, his Qiqi could survive. He chose Qiqi and gave up on Tang Xin. It was already a sin!

pei qiqi looked at him and didn't say a word for a long time.

finally, she found her voice, which was as weak as a kitten. ” Tang Yu, what are you talking about?
„

Chapter 707 we're brother and sister (2)

Tang Yu looked at her. His eyes were locked and he quietly said, ” Qiqi, we are siblings.

she looked at him, her whole body cold.

What was Tang Yu saying?

They were brother and sister?

how could they be siblings?

Her lips moved as she tried to smile, but she couldn't.

that was because he looked calm.

“No, ran ran, you can't also be Zhao Ke's child.” pei qiqi mumbled.

she looked at him, hoping that he would tell her that everything was just a joke.

Tang Yan looked at her quietly. Qiqi, you're the same as me. You're Tang Zhiyuan's child.

Her eyes narrowed. She did not believe his words.

“I have a DNA test in my study.” “Qiqi, I just got it a week ago,” he said, his eyes deep.

a week ago?

PEI Qiqi's lips trembled and she took a few steps back. She didn't want to believe it. She didn't want to believe that Wanwan was telling the truth.

she kept retreating until she reached the wall, where there was no room for retreat.

She leaned against the wall, her head against the cold wall. She looked at him helplessly, like a little beast in despair.

they were siblings, but what about their marriage? Where was their child?

don't you want them all?

she looked at him anxiously, but tang yu was still calm.

He was so calm that she was scared. It was as if he had already decided.

her lips moved and she asked with difficulty, ” “How are you going to treat my child?”

He didn't say anything and just looked at her. After a long time, he went to the study to get a file and put it in her hand.

His voice was still as gentle as before, but it was different now, Yingluo.

she heard him say-

qiqi, you can't keep this child.

I can't leave Yingluo behind.

Was it?

her tears fell, and her eyes finally fell on the document bag. she gently opened it ...

She read it anxiously, and after reading it, she clenched the pages tightly.

She's the daughter of Xuxu, Tang Zhiyuan!

"i don't believe it!" PEI Qiqi suddenly said sternly. Her fingers tore the pages into pieces as if she could tear apart all reality.

How could she be Tang Yu's sister?

so, all this time, she had been having sex with her brother?

How could such a ridiculous thing happen?

"tang yu, i don't believe you. i don't believe a single word!" She covered her head, unwilling to accept this reality.

tang zheng stood there with his hands clenched into fists. he wanted to go up and hug her and tell her that this wasn't real!

But he could not do that!

If she knew the truth, she would rather die than accept Shen Lian's bone marrow.

he could only make her hate him.

"qiqi, this is the reality we have to accept." He finally stepped forward and held her shoulder.

However, PEI Qiqi pushed him away with one hand. Her eyes were guarded and had the ruthlessness of an injured animal.

She closed her eyes and supported herself with the wall.

after a long time, she opened her eyes and looked at tang yu. she asked softly, "Do you not want our baby anymore?"

Tang Yu saw the heartache in her eyes, but he was in a hundred times more pain than she was.

He didn't reply, but PEI Qiqi found the answer in his eyes.

"You don't even want me anymore, do you?" Her voice was soft, and it sounded like a storm was coming.

Tang mo said quietly, "Qiqi, you can't keep this child.

She cried and pressed her body against the wall. This was the only way she could stand and talk to him.

Only then could he not fall!

Chapter 708 We're brother and sister (3)

"i can't take it? Tang Yu, I'm your sister? Then, don't you feel any guilt for hugging and kissing your sister every day?" In the end, she almost screamed out, "

He closed his eyes. Qiqi, ” he said, ” I love you.

“do you love me?” She looked at him in a daze. then let’s continue to be together. I’ll give birth to this child, okay? ”

He looked at her with heartache.

pei qiqi held her stomach and supported herself as she slowly walked over.

She was standing face to face with him. It had only been five minutes, but her world had been turned upside down!

With tears all over her face, she looked up at him with the most humble posture in her life ...

Tang Yu, I’m begging you. Let me give birth to it, okay? ” She took his hand and placed it on her lower abdomen. With tears streaming down her face, she said, ” she’s our child. You said you loved her, didn’t you? ”

Her large, empty eyes searched his face anxiously, trying to find any signs of him softening.

But he didn’t. He just pulled her into his arms and closed his eyes in pain. Qiqi, be reasonable.

Her entire body froze.

he called her “rational”

slowly, slowly, she left his embrace. she looked at him, her eyes full of unfamiliarity.

“is your love rational?” she asked him softly and took two steps back.

She instinctively hugged her stomach and stared at him. Tang Yu, do you still want me? ”

She was almost forcing him to make a decision.

Her slender and fragile body trembled, and she almost couldn’t stand with her hand on her stomach. However, she still stood stubbornly, waiting for his answer.

Tang Yu’s thin lips were tightly pressed together. The muscles on his face were trembling violently.

Even though he had tried countless times, he still couldn’t bring himself to say it to her.

” tang yu, is it hard to answer? ” she wiped the tears from her face and said hoarsely, ” the love you talked about, is it all gone? because i’m your sister?”

there was madness on her face, and there was a dancing flame, like a fire burning, like the brightest shooting star in the universe.

“i don’t care!” she shook her head and tears flowed down again. ” tang yu, i don’t care! ”

I don’t care if I’m your sister or Tang Zhiyuan’s daughter. I just want to be with you. Do you hear me? ” She raised her head and howled at him, trying her best not to cry miserably and to be strong. so what if they were siblings?

She wanted to be with him, and he had said that he would never let go of her hand no matter what.

Tang Mo’s heart was like a knife.

His Qi Qi!

his qiqi had left him once because she was zhao ke's daughter. she had avoided him because of her love. she had hidden her love deeply. giving her once was her everything.

at this moment, she was like a moth flying into the fire, desperately wanting to be with him.

but he could not!

If she was his sister, he wouldn't care.

However, only her life would not allow him to get close to her again.

She was in pain, but he was in more pain.

his fingers clenched into fists as he watched her cry in pain, watching her heart tear!

and he was the one who made her suffer, the one who tore her heart apart.

he couldn't go forward, so he could only accompany her through the darkest time.

he couldn't let go of her completely. he wanted her qiqi to be taken care of, yingluo.

even if she hated him, even if his life would be without sunshine for a long time.

But I can wait, Qiqi.

'wait until the day i can walk to your side again and say to you-'

PEI Qiqi, long time no see.

PEI Qiqi, I love you.

Chapter 709 Little Tang Tang's birth (1)

The sun slowly rose, and in the long corridor, the light brightened up, casting a shadow on her and his faces.

deeply, deeply engraved each other's outline in each other's hearts.

She looked at him with an unfamiliar gaze.

She begged him, but it was useless.

" you don't want children? " she asked softly, her tears falling. " you want to divorce me, right? "

he said that he couldn't have such a scandal and that he couldn't announce to the public that he had an affair with his sister, and that he was even married and had children.

He said that he had the lifeline of the Lin and Tang families behind him. He said that he could only give up on her and sacrifice her.

what about her love, the love he was talking about, and their child? were they all going to be sacrificed?

Sacrificed, without Yingluo

it was all white in front of her. she couldn't see anything, and she couldn't see his dazed look.

.....

Tang Yu sat in front of the bed and looked at PEI Qiqi. She had fainted.

There was pain in his eyes, and his long fingers fell on her cold cheeks.

Qiqi, does it hurt?

I'm also in pain, but I have to do this.

He closed his eyes and walked out to the study. He opened a secret compartment, and the wall moved away. It was a medical room. It was very large, about 100 square meters, and all kinds of medical equipment were very complete.

Dr. Mei stood there in shock. She looked at Tang Yu and sighed, "Tang Yu, have you thought about it? if you do this, you might never get her forgiveness."

tang yu walked over to a small baby cot and his fingers slowly touched the cot.

maybe his child wouldn't need this for the time being, so he could only stay in the incubator. maybe he wouldn't be able to accompany the baby who was born early for the time being, yingluo.

he caressed it carefully and looked at it for pei qiqi for a long time.

the baby's cot was pink, and it didn't fit in the white space. however, it was the last warm color in his heart.

for a long time in the future, his world would only be grey and black.

doctor mei waited for a long time before tang yu said softly, "i can wait."

These four words drained all of Tang Yu's feelings.

He could wait. His love could be patience. It could be endless waiting.

in the long years, she had hated him and he had waited for her to return to his side.

doctor mei's throat felt a little blocked.

tang yu's decision made things difficult for himself and many others. Other than Lin Yun and her husband, she was the only one who knew the truth. Even Tang Zhiyuan didn't know much about it.

"Auntie Mei, she's asleep." Tang Yu said softly. Then, he raised his head and hot tears rolled down from the corner of his eyes uncontrollably.

'Qiqi, I'll wait for you here.'

Remember, you have to go home.

Do you remember what I said? no matter when, I will only have you.

Tang Yu belonged to PEI Qiqi. He belonged to her and not any other woman.

.....

When PEI Qiqi woke up, it was already afternoon.

she heard pei huan's voice. she heard pei huan's piercing voice.

her head was resting on the pillow, and her little face was extremely pale.

Until now, her ears were still buzzing and her mind was in a daze. She couldn't tell what time it was, whether she was in a dream or in reality.

If not for PEI Huan's voice, she would rather believe that she was still dreaming.

Downstairs, PEI Huan had brought a lawyer over. She sat on the sofa in the hall of the Rose Garden and looked around uneasily.

It was dreamy luxury. Did PEI Qiqi live in a castle-like place?

then why was she still fighting with her for the pei family?

pei qiqi was too greedy!

She looked at him with jealousy-but she soon became excited.

PEI Qiqi will soon be kicked out of the house!

The Tang and Lin families could not tolerate such a scandal.

she really wanted to see pei qiqi like a stray dog now, yingluo.

tang yu sat across from her and calmly said, " "miss pei, you're here for the pei family, right?"

Before PEI Huan could speak, Tang Yu continued, " "there's a contract here. you can take a look. "

pei huan took it and looked at it. she didn't understand it so she passed it to the lawyer beside her.

the lawyer only read a few lines and looked up at tang yu in surprise.

what a strange contract this was!

It was written that Sheng Yuan would take over the management rights of the PEI family, and 100% of the PEI family's profits would go to PEI Huan!

This was a sure-win deal.

The lawyer whispered to PEI Huan. PEI Huan stared at Tang Yu, " "Why are you doing this? this was for pei qiqi? And can you guarantee that PEI Qiqi will hand over her shares?"

" this isn't something you should be concerned about, pei huan. if you're willing to sign it, then sign it. if not, i won't force you. " tang yu said coldly.

PEI Huan laughed lightly, as cunning as a Fox, " "What if these can't satisfy my appetite?"

" then, miss pei, you can go ahead and sue me. i think my team of lawyers is enough to make sure you won't get anything. " tang yu had already stood up.

If PEI Huan was not a chess piece in his plan, he would not have the patience to deal with her.

PEI Huan narrowed her eyes. Her skin, which had been injected with hyaluronic acid, was trembling abnormally.

after a long time, she suddenly exclaimed, " "were you the one who released the news?"

Her eyes widened and she stared at Tang Yu in disbelief.

if tang yu did it on purpose, did he want to divorce pei qiqi?

“why are you doing this?” PEI Huan didn’t know why she was like this. Why did she urge her to be sad for PEI Qiqi?

she hated pei qiqi the most.

no way. tang yu loved pei qiqi very much. how could a man like him betray pei qiqi?

Tang Yu’s voice was cold as usual, ” “this isn’t something you can ask.”

if he did not explain, pei huan would be more suspicious.

“PEI Huan, if you want to get the PEI family, don’t ask too much. It won’t do you any good.”

The answer in PEI Huan’s heart was obvious. She looked at Tang Yu and her lips moved.

“i agree,” she finally said softly. She told herself that betraying PEI Qiqi wasn’t a big deal. They didn’t have a good relationship to begin with.

there was already enmity between them.

Yes, it’s nothing, Yingluo.

pei huan tried her best to convince herself, but after she signed the papers and left, her legs went soft.

she turned her head and looked at the gorgeous dream castle.

this was the castle tang yu built for pei qiqi. pei qiqi was pregnant. was she going to be kicked out of the game just like that?

“Cinderella’s story is just a fairy tale,” PEI Huan lowered her eyes and muttered.

The lawyer at the side was still amazed by the luxury of this place. PEI Huan sneered, ” “so what? It’s not just a golden cage.”

Downstairs, Tang mo was sitting quietly.

From the moment PEI Qiqi fell sick, every step he took was difficult. Every decision he made was enough to make him feel pain.

But he had to continue.

pei qiqi stood on the stairs and looked at him in a daze.

She just came down. Although she didn’t hear what they were talking about, she could guess that Tang Yu had promised to return the PEI group to PEI Huan.

it was true that she gave pei huanhuan a kasaya. it belonged to the pei family and had nothing to do with her, pei qiqi.
