

Thank you 951

Chapter 951 she was a gift for a phone call (1)

Shen Lian called Tang Yu's phone like a mad woman. He simply told her, "I told you not to do that."

She was the one who chose to make both sides fall out and this was what Tang Yu wanted.

shen lian was in a daze. when she heard the toot sound, her body went soft.

The door opened. It was Meng Qingcheng.

Shen Lian's face was full of tears as she looked up at Meng Qingcheng.

meng qingcheng's voice was flat and emotionless, "i advise you to sell sheng yuan's shares now. otherwise, you will become worthless later on. "

"i won't!" Shen Lian's voice was stern and her entire body was trembling. She stared at Meng Qingcheng, "Even you want to betray me, don't you?"

meng qingcheng was still calm. he didn't waver at all because of shen lian's hysteria. "you will regret it. "

shen lian's face was filled with tears as she gritted her teeth. I thought we were in the same boat. You and I hate them as much. They took Tang Xin's life, didn't they? "

meng qingcheng turned around and left. at the door, he said, "You still don't understand the principle of sacrificing your soldiers to protect your chariot."

Therefore, this woman was destined to be a tragedy.

shen lian could only watch as the door closed.

the room was cold, and she was the only one left. she sat there alone in a daze.

Her entire body was cold, and the cold spread to the place where her leg was broken.

No one would care about her feelings.

Shen Lian thought of Shen Chongshan and Mrs. Shen.

She drove the car to the apartment where Shen Chongshan lived. She sat for a while, then flicked her hair and went up.

Shen Lian did not know why she came here. She just wanted to see them.

she knocked on the door and leaned to the side, afraid that mrs. shen would not open the door.

Mrs. Shen opened the door. Her plain clothes made her look much older. She looked at Shen Lian, who was standing at the door. Her eyes were a little confused, but more than that, she was on guard.

"mom, aren't you going to let me in?" Shen Lian's voice was very soft as she looked at Mrs. Shen.

mrs. shen pursed her lips and glared at her. "what are you doing here?"

Shen Lian smiled strangely, "mom, I am Shen Lian. I came to visit your dad. Why are you asking me why I am here?"

"You're not welcome here." Mrs. Shen was angry with her and did not want to keep in touch with her. Just as she was about to close the door, Shen Lian opened it with a snap of her fingers.

She carried her small bag and looked around the living room. Her voice was so gentle that it made one's hair stand on end. dad, are you there? "I know you're at home."

"i am shen lian. i have come to see you. i've brought your favorite matcha cake." As she spoke, she walked towards the bedroom. Sure enough, Shen Chongshan was sitting in the wheelchair in the bedroom, looking out the window.

From the back, he was no different from an old man with dementia.

mrs. shen immediately stopped shen lian and sternly asked, "Shen Lian, what do you want to do?"

Shen Lian had no choice but to stop in her tracks. She looked down at her mother.

Her mother used to be a lady of high society, but now she was willing to live a life of seclusion for Shen Zhongshan. The rough life had worn away her original wealth, and now she looked like an ordinary woman.

"Mom, we're mother and daughter! We're blood-related, Shen Chongshan and you are just husband and wife who share the same bed but have different dreams. When did he ever care about you?" shen lian's voice was very soft and there was a hint of coaxing.

mrs. shen was in a daze. shen lian had already entered the room successfully.

Chapter 952 she was a gift for a phone call (2)

Shen Lian suddenly turned Shen Chongshan's wheelchair around and squinted at the old man who looked a little dazed.

"Dad, I'm here to congratulate you." shen lian raised her head. "that bastard child of yours and zhao ke has grown up. she's back. she's back for revenge. "

"if i had known this would happen, i wouldn't have saved her. i would have just let this bastard die." Shen Lian sneered, "at that time, I can still enjoy Tang Yu's heartbroken expression. Also, I will let you watch you and Zhao Ke's bastard die one by one.

Mrs. Shen snapped out of her daze and chided, "your father is in such a state now. Why are you still provoking him? are you still human?"

shen lian turned to look at mrs. shen for a long time. then, she laughed so hard that her tears fell."mom, i have nothing! tang yu broke off our engagement and sheng yuan is going to be

maliciously acquired. i know he did it, but i can't do anything about it. i can't do anything but watch as everything i exchanged my bone marrow for leave me. how can i not be sad?"

her voice became gentler. "i'm so sad. don't you feel sad for me?"

she picked up a snack from the side and stuffed it into shen chongshan's mouth. as she crazily stuffed it in, she looked at mrs. shen and said, "look, he's still in the mood to eat!" That's why I'm not important in his heart at all. In his heart, he only thinks of those two B * stards!"

"one good bastard has died. it'll be perfect if another one dies, right, mom?"
shen lian said crazily.

Mrs. Shen's entire body was trembling. With a trembling hand, she pointed at Shen Lian. She could not believe that this was her daughter.

if she was her own daughter, how could she be so cruel? how could she treat her parents like this? they were worse than animals.

However, no matter what, this was reality.

Mrs. Shen's face was covered in tears.

Shen Lian raised her eyebrows and her voice became even gentler,"mom, look at you, why are you so silly? Why did you come to a place like this? isn't it good to be with me?"

"what did shen chongshan give you? only the long wait in the dark! don't you remember? when i was young, we would always wait together for dad to come back, but he never came back. even if he did, he would always have perfume on him." shen lian laughed coldly. she looked at mrs. shen with a crazy expression,
"mom, as long as this man disappears, we'll be free."

Mrs. Shen was so angry that her entire body was shaking. She stared at Shen Lian and her voice was so fierce that it had never been before."do you know what you're saying, you animal?"

Shen Lian chuckled. mom, why are you being silly again?" it was this man who brought us endless pain. i'm only doing what i should."

"kill your father and then jin taihe will be yours, right?" mrs. shen said sternly. she slowly squatted down in front of shen chongshan and helped him clean the dirt on his face. her voice was particularly gentle. "chongshan, don't be afraid. i will always be by your side."

Shen Chongshan's old eyes were dull, and his whole body was fat. He couldn't say a word. He just looked at his wife and his lips trembled, but he couldn't say a word.

"Did you see that? He was no longer the Shen Chongshan of the past. He was just an ordinary Alzheimer's patient! mom, are you sure you want to stay by his side forever?" Shen Lian's voice was cold and emotionless.

Chapter 953 she was a gift for a phone call fee (3)

Mrs. Shen was still crouching. She said in a low voice, "if you want to kill me, then kill me as well!"

Shen Lian froze on the spot. She squinted her eyes and looked at Mrs. Shen. She did not expect Mrs. Shen to be willing to die with Shen Zhongshan.

When they were young, they were always quarreling, and her mother always wanted a divorce.

But now, the handsome and high-spirited Shen Zhongshan had become like this, and they still hadn't divorced. On the contrary, her mother had never abandoned Shen Zhongshan.

Very good, this was really very good. On the contrary, it made her daughter seem unfilial and disgraceful. She was given as a gift for a phone call fee.

Shen Lian's eyes were filled with hatred. "Mom, do you really only have him in your heart?"

Mrs. Shen rested her face on Shen Zhongshan's knees and cried, "He is my husband. I won't allow you to hurt him."

It was her who did not teach her daughter well and committed such a huge crime. However, she did not have the courage to expose her. She was guilty and she was ashamed to Shen Zhongshan and Shen Lian.

She wasn't a good wife, and she wasn't a good mother either.

If she was destined to go to hell, then let her go!

Shen Lian stood still for a long time. She laid on her father's legs like a mother. She was so calm and peaceful.

She was like an outsider. She got Jin Taihe, but she lost her home.

When Shen Lian walked out, her body was shaking.

With tears in her eyes, she laughed. She laughed at herself for finally becoming a human.

Mrs. Shen's voice came from behind. It sounded like her heart was being torn apart. It was all the hope a mother had for her child. "Shen Lian, stop!"

Stop?

Shen Lian turned around and looked at her mother. She smiled gently. "Stop?" It was impossible. Mom, I can't turn back."

The door closed, and the room was filled with desolation and despair!

Mrs. Shen bawled her eyes out. In her entire world, it was dark and gloomy.

Her husband had become like this, and her daughter had gone crazy.

Suddenly, a large, thick palm patted the center of her hair.

Mrs. Shen was stunned. She looked up at her husband, whom she had once loved deeply, and called out softly, "Zhongshan?"

shen chongshan's eyes were clear now. he reached out to wipe the tears from his wife's eyes. his slightly cloudy eyes were filled with guilt for her. when he spoke, his voice was hoarse. "suxin, i'm sorry for all these years."

mrs. shen blinked and looked at shen chongshan in disbelief. her tears fell again, and she muttered, "chongshan?"

"It's me!" Shen Chongshan's fingers helped her wipe away her tears again. His movements were incredibly gentle. They had been married for so many years, but this was the gentlest he had ever been to her.

Mrs. Shen's lips trembled uncontrollably as she called out to him again. She could not stop her tears from flowing, but they were tears of joy.

Her Chongshan had recovered and could recognize her. He even called her suxin Qianqian.

she cried and laughed. in shen chongshan's eyes, this was her most beautiful appearance in recent years, even though she was in such a sorry state.

"suxin, it's me!" He reached out and pulled her up, his voice gentle. "You're crying like a little girl! you're already so big, aren't you afraid of people laughing at you?"

mrs. shen lay on his lap, unable to get up. her legs were so soft that they wobbled.

shen chongshan simply wheeled himself to the bed and carried her carefully. the old couple lay side by side. his fingers gently touched her face, and his voice was hoarse. "suxin, i'll make it up to you in the future. i won't go anywhere for the rest of my life. i'll stay with you."

Mrs. Shen raised her teary eyes and sobbed."There won't be any other women?"

suxin, look at me now. Shen Chongshan sighed as he held her in his arms. are there any women who would want me? "

as they spoke, the two of them looked at each other and smiled!

That smile was the tacit understanding between a young couple who had reached middle age. It was a turn of events. She had searched for him for a thousand miles, but the person was always by her side. She was touched.

Chapter 954 What's the point of using a fig leaf?(1)

because of tang yu's video, the reporters had been following him like crazy.

The biggest disadvantage was that he couldn't meet PEI Qiqi.

when boyi was acquiring sheng yuan, he and pei qiqi couldn't have any private actions that could be photographed. otherwise, he would be sued for maliciously transferring the company's assets and shen lian would be able to find evidence against him and wouldn't let go.

He was unable to see her in private for an entire week.

Of course, PEI Qiqi often appeared in Sheng Yuan. However, they were separated by a cold negotiation table.

she always wore a high-end suit, always looked at him with cold eyes, and always called him Mr. Tang.

Just like now, she was looking at him with an annoying expression and pushed an asset evaluation report over. She said calmly, "Mr. Tang, this is Sheng Yuan's latest asset report! I think Mr. Tang can think about it carefully. Are you going to be acquired? even if Mr. Tang doesn't think about it himself, he has to think about the shareholders of Shengyuan Corporation."

These words had hit the heart of the shareholders. Now that the situation was unclear, it was better to disband.

Who knew what would happen in the future? The most important thing was to take the money and raise the elder.

Tang Zhiyuan didn't say anything, and neither did Zhao Yi.

They knew very well that this reshuffling of Sacred Institute's shares was also aimed at these elders. Tang Yu had long been unhappy with them for holding shares and doing whatever they wanted in the group.

At this moment, if he recovered all the losses of the stock, he would lose a lot less.

Tang Zhiyuan thought to himself, this son of mine is much more cunning than me!

However, this little wife's posture was also sufficient. Her small face was tense, and her acting was also good.

She felt that she was acting much better than her disappointing sister, PEI Huan! Look, how professional! She looked at Tang Yu's eyes and saw a knife flying around. It looked like it was real.

The more Tang Zhiyuan looked at it, the more satisfied he was. After that, he even exchanged a look with Zhao Yi ...

My little wife is not bad, right?

Although Lin Yun was Zhao Yi's wife now, Tang Yu was Tang Zhiyuan's biological son. According to their relationship, PEI Qiqi was his little wife, not Zhao Yi's.

It had to be said that Tang Zhiyuan was very successful now.

Zhao Yi had always been a magnanimous person. Plus, he had Lin Yun and gave birth to little Zhao Yan. He was a hundred times more pleased with himself than Tang Zhiyuan.

He smiled and did not say anything.

Tang Zhiyuan felt a little lonely. It was like a martial arts master who couldn't beat his opponent. How lonely!

At this moment, Tang Yu looked at PEI Qiqi and then at the shareholders, "What do you guys think?"

After that, they looked at each other, but no one said anything.

Because no one wanted to be the first to express their opinions ...

If he agreed, he would be the first traitor, and it wouldn't be good if word got out. If he disagreed, he would be going against his heart.

it was more important to cash out now, and if he didn't say anything, boyi would give him a higher price.

it was now completely silent.

However, Tang Zhiyuan was the first to raise his hand. He said indifferently, "I agree to the acquisition."

His actions shocked everyone.

Tang Zhiyuan was the founder of Shengyuan Corporation. Now that he was acquired by Boyi, it was like selling a child. No one could get Tang Zhiyuan's approval.

it's nothing much. There are many talents in Jiangshan. If Sheng Yuan can't hold on, why should it hold on and drag everyone down? it's also a way out for the employees at the bottom. tang zhiyuan's acting was good too.

The underlings nodded. Since old Tang had already said so, what was the point of having this layer of concealment?

Chapter 955 What's the point of using a fig leaf?(2)

so-all of them shamelessly raised their hands-

"i agree!"

"I also agree!"

"Since everyone says so, I also agree." This person was extremely shameless. we have to give the bottom-level employees a way out. There are tens of thousands of people in Sheng Yuan who need to support their families. I believe that Boyi will not treat them badly.

Of course, what he was most concerned about was whether Boyi would treat him badly.

Other than Shen Lian, all the other shareholders had expressed their opinions.

shen lian's expression was very ugly and her voice was tense,"you don't need to consider my opinion, right?"

Tang Yu said slowly, "although President Shen has 20%, many people voted for Bo Yi to acquire Sheng Yuan. Plus, President Shen doesn't have any actual position in Sheng Yuan. He doesn't have any decision-making power. If President Shen is the only one who objects, then it's invalid."

shen lian's lips curled into a cold smile, Tang Yu, aren't you afraid of karma for arranging such a good show? "

Tang Yu was still calm, "I think I have a clear conscience with every step I take. Especially towards you, miss Shen.

they were no longer fiancé and fiancée in name, so he no longer needed to pretend to be polite to her.

shen lian raised her face and smiled, "then i have to thank you for your generosity."

"I can sell this twenty percent to you. Just take it as I got it by selling my bone marrow." she looked at pei qiqi, " my bone marrow is very expensive. it's worth a few billion! " PEI Qiqi, it's not that my bone marrow is precious. It's just that in Tang Yu's eyes, your life is precious."

In the end, she added: " not to mention money, he can even sacrifice Tang Xin's life.

A crack finally appeared on PEI Qiqi's flawless face. And this was exactly what Shen Lian wanted.

she smiled gently. " pei qiqi, remember your life. you survived by stepping on tang xin's bones. don't you feel guilty? "

She wanted PEI Qiqi to be in pain. She wanted her to wish she was dead. She wanted her to be like her, unable to sleep every night.

pei qiqi looked at shen lian, at this crazy woman, and coldly said, " "If you had any humanity, you wouldn't be able to say such things."

regardless of the grudges in the past life, tang xin and shen lian were blood-related, and she was so cute.

However, Shen Lian had provoked Tang Xin so much that she left so early.

pei qiqi's face was sad but she was strong, " "if you think i'll lose the courage to live like this, then you're wrong. i love tang xin! If I can, I can also lose my life for her. Because, she is my sister."

PEI Qiqi didn't cry. In front of Shen Lian, she would never cry. Even if Shen Lian stabbed her in the heart, she would never cry.

"Very touching!" Shen Lian wanted to continue but PEI Qiqi interrupted her, " " president shen, i'm starting to doubt your professionalism. we're in a meeting right now, not discussing personal matters. "

Shen Lian's face turned black. She didn't expect PEI Qiqi to turn her white like this.

However, she had nothing to refute. She could only look at PEI Qiqi coldly, " "I won't let you off so easily."

"this is also what i wanted to say to you." PEI Qiqi's little face was cold, " President Shen, we'll meet again. Next time, we'll fight at Jin Taihe's conference table.

Shen Lian narrowed her eyes, " PEI Qiqi, you b * stard. Do you think you can take away everything from me? you're dreaming."

Her expression was almost hysterical, which was really not right.

Chapter 956 what's the point of using a fig leaf (3)

shen lian originally wanted to anger pei qiqi, but now, she was angered by pei qiqi!

pei qiqi looked at her and smiled, ” “what if it’s realized?”

Shen Lian’s face was green as she walked out angrily. transfer the money to my account.

at this point, shen lian had completely left sheng yuan’s stage. however, no matter how much sheng yuan shrank, the 20% in her hands was still tens of billions in cash.

Shen Lian stood in the elevator and looked at the mirror. She muttered,”what do i need money for?”

She had never gotten what she wanted.

PEI Qiqi’s words were like a huge rock in Shen Lian’s heart. She felt like she was facing a great enemy.

She couldn’t let PEI Qiqi take away her Jin Taihe. She wasn’t worthy of that bastard!

.....

In the president’s office of Sheng Yuan, PEI Qiqi was sitting on the sofa and drinking the coffee Xiao ran made. She scanned the room and then looked at Tang Yu, ” “why do i feel like your office looks a little down and out?”

tang yu walked over and snatched the coffee from her hand, ” then do you think the coffee’s taste changed? ”

PEI Qiqi laughed, ” the sugar seems to be a little too little. Tang Yu, it’s true. If you have any financial difficulties, I can give you some money.

“Naughty!” he sat sideways on the sofa’s armrest with a lazy expression.

PEI Qiqi too-

Finally, Shen Lian was forced to take off her armor and leave. This took about a month.

“Don’t you feel bad for the 10 billion?” she looked at him.

he smiled and did not say anything.

what he didn’t say was that he would take it as buying the bone marrow for qiqi. even if it was 100 billion, he wouldn’t feel the pinch.

however, shen lian could not be kept.

PEI Qiqi snatched the coffee from his hand and drank it silently. Tang Yan looked at her from the side and only patted her fluffy head after a while, ” “Qi Qi, don’t take it to heart.”

he knew that she had always been brooding over tang xin’s death. today, she was provoked by shen lian in front of so many people. she would definitely be sad ... although she pretended that nothing had happened.

PEI Qiqi pursed her lips and lowered her eyes. She looked at Tang Yu and said in a low voice, ” “i won’t,”

Just as he heaved a sigh of relief, she suddenly came over and hugged his waist, burying her small face in his arms.

tang yu was surprised. he looked down at the little guy in his arms.

she shook her head. ” tang yu, i’m only going to hold you for a while. just a while. ”

He felt very upset and guilty for bringing up her sad story.

however, he would rather he be the one to bring it up. he would rather she be in his arms when she cried and not someone else.

she cried silently. her voice was very soft, but he heard it.

“tang yu, i often think that when i go home, tang xin will sit at my door and run away from home with a small bag. she would tell me,”qiqi, i want to stay here for a few days. mom and dad are quarreling again.”” She closed her eyes and her small hand clutched his shirt. every night when the elevator door opens, my heart will beat very fast. I’m both excited and afraid.

she still didn’t want to believe that such a cute little girl like tang xin was gone.

Tang Yu hugged her. His heart was also wet.

although it was cruel, this was what qiqi had to face-

His voice was deep and slow, ” Qiqi, Tang Xin was very calm when she left.

“She’s worried about you and little Xinxin! she asked me for the name of the child and i told her that it was little xin xin.” tang yu’s face was buried in her neck.

Chapter 957 She’s mine (1)

tang yu’s voice was low, ” qiqi, she will always be here. she has become our little heart and will always be by our side. ”

PEI Qiqi closed her eyes and cried in his arms for a long time.

perhaps it was because she had always been avoiding it, and today, shen lian had torn open a hole. those injuries were exposed and exposed in the air, enshrouding her.

because she was emotionally unstable, tang yu only asked zhao to take her back to her apartment in the afternoon. he also gave her a few special instructions.

while pei qiqi was sitting in the car, tang yan sent her a video. it was a video of little xin playing at home.

Little Xin faced the camera and grinned, revealing a few white teeth. She was smiling so hard that she was drooling.

It was especially cute and it soothed the pain in PEI Qiqi’s heart.

She just kept looking at it, her fingers gently caressing little Xinxin’s little face.

this child was her salvation.

old zhao sent her to the apartment door and watched her enter old kan's place. now that she was living with pei huan and old kan, tang yan had given special permission for it, saying that it was for her safety.

the moment he entered, he saw pei huan's dazed expression. old kan was also at a loss. the two of them squatted there like fossils.

"What's going on?" pei qiqi smiled and walked over to look at the piece of paper in old kan's hand.

snatching the one eye three elements kasaya

It was a laboratory test sheet from the hospital, and the name on it was PEI Huan.

specifically, pei huan was pregnant.

pei qiqi looked on in a daze. then, she looked up at pei huan in a daze, "pregnant?"

PEI Huan was also in a daze, and old kan was also in a daze.

after a long time, pei huan took in a deep breath, "Qiqi, what should I do? I'm pregnant! How did I get pregnant?"

pei qiqi was the first to snap back to her senses. she pursed her lips and then said in a low voice, "we'll have to ask old kan."

Old kan also came back to his senses and said in a gruff voice, "of course I did it with my life.

pei huan couldn't stand his vulgarities and glared at him. then, she carefully held her flat stomach and looked at pei qiqi, "qiqi, you will be willing to be a nanny for the baby, right?"

pei qiqi rolled her eyes, "pei huan, you can be more shameless!"

old kan also patted pei huan's head and shouted, "of course we have to take care of our own children. also, from now on, we have to keep them warm. don't wear those bare-back clothes anymore. the children might catch a cold."

pei qiqi almost laughed out loud when she heard that. old kan probably already minded it a lot and now he's taking the chance to bring it up!

pei huan wailed and agreed softly.

She caressed her stomach, still in disbelief. Was she really pregnant?

The doctor had said that it was unlikely for her to get pregnant, but old kan had only used two months to make her pregnant.

pei huan's eyes were full of stars, and she had a 'my old kan is so good' expression.

PEI Qiqi smiled and sat on the sofa to take another look at the pregnancy test report. PEI Huan leaned over and said softly, "Qiqi, I'm so nervous."

this was not pei huan's first time being pregnant, but this was the first time she was pregnant with someone's child. looking at old kan's silly expression, she knew that he must be overjoyed.

pei qiqi looked at their happy faces and smiled. she was happy for them.

old kan finally decided. ” we’ll do a detailed examination tomorrow and create a card. we must find a good doctor.

Chapter 958 She’s mine (2)

pei qiqi had a suggestion,”the doctor mei i know isn’t bad.”

pei huan was a little scared when she heard this because ran ran knew that doctor mei and the lin family knew each other.

PEI Qiqi immediately noticed her dilemma. Before she could change her mind, old kan said happily, ” ” it’s not wrong for qiqi to know him. pei huan, let’s look for this doctor mei. ”

seeing his silly look, pei huan’s heart calmed down.

So be it if it was doctor Mei. Anyway, old kan knew about her past.

pei huan touched her stomach again and looked happy. she raised her head and asked old kan, ” “When are we getting married?”

“I don’t want to get married pregnant. I’ll look ugly!”

old kan thought for a while and said,’i haven’t gotten the house yet. how about this? i’ll book a presidential suite for a month and then stay back.’ we’ll move in after the renovation is done.”

he was still concerned about pei huan’s feelings. although it was yingluo’s second time getting married, it was her first time getting married to jian mingzhu. he couldn’t let her feel that he was being careless.

whatever he said, pei huan would think it was good, so she decided.

the next morning, pei qiqi accompanied them to see doctor mei. doctor mei also knew pei huan. when she saw her, she was surprised by her change.

This girl used to be a little frivolous, but now she was exuding a sweet aura. Looking at the man beside her, he was quite rough, but his eyes were pure. They should be a good match.

Doctor Mei also sighed in her heart. Even a selfish girl like PEI Huan had turned over a new leaf. This world was still full of truth, kindness, and beauty.

After the examination, the child was doing well. Dr. Mei prescribed a bottle of folic acid for PEI Huan and told her to come back for a check in a month.

When the three of them left, PEI Huan clutched her chest. “Doctor Mei is quite a nice person.”

In reality, she was afraid that doctor Mei would reveal her past. Even though old kan knew about it, she didn’t want him to hear about it from other people. She didn’t want him to know that she had ruthlessly aborted a child.

Now that she was pregnant, she finally realized how shallow her love for jinrong was.

if old kan had been in a vegetative state, she would have been reluctant to abort their child and would have chosen to keep it.

When she reached the maternity ward, she saw Shen Lian walking towards her.

PEI Huan knew about her scandal and when she saw her walking over, she sneered, " "Miss Shen, are you also here to be in the obstetrics department? are you going to abort the bastard child now?" don't be too funny about that! She reported that she was pregnant with Tang Yu's child, but Tang Yu said she had undergone vasectomy. Then, if the one in her stomach wasn't a bastard child, what was it?

When PEI Huan thought of that yellow-teeth, she was extremely happy to mock Shen Lian. She did not live up to her name and was very sinister. In the past, she had never used a knife on her. Now that she had the opportunity, why would PEI Huan not think of a way to viciously mock her?

shen lian was here to meet a friend and saw pei qiqi by accident.

She looked at PEI Huan and looked down. She saw that PEI Huan was wearing flats and that kan Mingzhu was treating her very carefully.

Shen Lian laughed sinisterly and looked at PEI Huan, "You're getting married, right? can't you be a little more polite?"

she paused for a moment and said with ill intentions, " " in the past, pei qiqi and this mr. kan had a close relationship. pei huan, if you don't mind sharing a husband with your sister, you can enjoy yourself! "

Chapter 959 She's mine (3)

PEI Huan was a very ambitious person. After hearing her words, she naturally had to return the favor. as long as Qiqi is happy, nothing is impossible! but you, shen lian, shared a big yellow tooth with so many old women. are you not dreaming at night?"

shen lian's expression changed. pei huan had stepped on something that she did not want to touch the most.

She stared at PEI Huan and the viciousness in her eyes made PEI Huan, a proud little princess, jump in shock. She took two steps back and stared at Shen Lian.

however, with old kan by her side, pei huan was not afraid. she continued to sneer, " "what, did you get that kind of man to rape me?"

Shen Lian looked at her darkly and then looked at old kan beside her. She did not say anything.

she didn't dare to say it because the gaze of the big man beside pei huan seemed like he could break her into two at any moment.

That arm was even thicker than her legs.

Shen Lian left and PEI Huan almost jumped up and shouted.

PEI Qiqi stopped her.

she looked at shen lian's back and pursed her lips. "why are you provoking a mad dog? the most important thing now is the child in your stomach."

pei huan was very obedient to her now. she still had to think about what she said when she was talking, but she had to listen to pei qiqi. thus, she became obedient like a little sheep again. it was as magical as changing her face.

Although old kan was a rough man, he agreed with PEI Qiqi's words. He lowered his head and said to his woman, "for the next few days, push back work that you can push back. Finish up work that you can't push back. Rest assured and take care of your fetus.

Old kan was a person who wanted to save face, but he knew that this was not the time to do so.

He did not have a lot of savings. After buying the house, he did not have much left. He did his best to give the best to PEI Huan and the child. However, if she wanted to live a luxurious life, she would have to rely on the dividends of her PEI family that were hundreds of millions a year.

At this moment, he could not put her and the child in any danger for the sake of his own face.

PEI Huan also valued this child and nodded obediently.

That look made PEI Qiqi let out a long sigh-

if pei huan had been this loving when they were young, there probably wouldn't have been so many things happening after that.

Because of PEI Huan's pregnancy, the wedding was brought forward. PEI Qiqi got Xiao Wen to contact PEI Huan for many things and PEI Huan's manager, Xiao Mei, made the final decision. Thus, PEI Huan was quite comfortable.

However, PEI Qiqi was really busy. After Bo Yi bought Sheng Yuan, she was very, very busy.

she didn't know why tang yu didn't take over the company. instead, he guided her on how to manage a large multinational company and even let her decide on many big projects.

She was always afraid that she would cause Boyi to close down, but Tang Yu didn't seem to care.

Bo Yi's headquarters had moved into Sheng Yuan's building, and they had completely occupied Sheng Yuan.

in tang yu's words, boyi took over sheng yuan and pei qiqi took over him. pei qiqi felt that this statement was quite shameless.

After the third meeting between Boyi and Sheng Yuan, PEI Qiqi (yes, President PEI) asked Tang Yu to stay and received a lot of ambiguous looks.

Especially the employees of Sheng Yuan. Not only did you take possession of Sheng Yuan, but you're also taking possession of our President in the meeting room?

pei xiao qi's heart was like this. he was allowed to molest me in the conference room in the past, but i was not allowed to do the same to him?

everyone was gone.

in the high-end conference room, pei qiqi sat at the head of the wooden conference table. her expression was still a little tense as she looked at tang yu in a daze.

Chapter 960 Tang Yu, a hug!(1)

pei qiqi's voice was soft, "tang yu, why don't you be the president? I'm going to return the shares and the office to you. I'm so tired!"

tang yu's seat was one seat away from hers. seeing her like this, he laughed, "didn't you do well?" she looked at him suspiciously. "do you have other plans in mind?"

don't tell me he wants to go home and be a stay-at-home dad? in the future, it would be her turn to earn money for milk powder outside?

when pei qiqi thought of this, she shouted, "I don't want to!"

Tang Yu's fingers gently touched his chin and smiled, "Qiqi, I didn't say I wanted it! but if you really want it, i can cooperate. but are you sure you want to stay here?"

He glanced left and right, his hint obvious.

pei qiqi glared at him.

He was shameless!

He clearly knew that he didn't mean it that way.

Tang Yan smiled. Qiqi, I'll take over Boyi after you take over Jin Taihe in half a year.

Jin Taihe?

PEI Qiqi was stunned, "Tang Yu?"

Qiqi, Shen Chongshan might not be able to last that long. Although he discovered the medicine that Shen Lian gave him in time, his brain might shrink in the end. Tang Yu's eyes stared at her with a heavy gaze.

He didn't know how she would react, but he felt that he was cruel.

She thought that after helping Shen Zhongshan take Jin Taihe, she could stay out of it and leave Jin Taihe behind. But if it was that simple, Shen Zhongshan wouldn't need her help.

From the beginning to the end, Shen Zhongshan wanted her to take over Jin Taihe directly. Now, Boyi would treat it as her internship.

Just because Tang Yu didn't do anything didn't mean he didn't care. But so far, his Qiqi was very good.

After hearing Tang Yu's words, PEI Qiqi was stunned.

she did not expect the truth to be like this.

She thought that Shen Chongshan was just angry with Shen Lian and wanted to take back the Shen family.

even if the twenty percent was given to her, she would not want it.

He helped Shen Chongshan because he once wanted to match Tang Xin's blood. After helping him, she didn't want to be Shen Chongshan's daughter.

But now, Tang Yu said that Shen Chongshan might be scared witless.

at this moment, what pei qiqi didn't know was that shen zhongshan had already signed the operation consent form when he was fine. he was prepared to save her even if he had to risk his life if something happened to her body in the future.

Mrs. Shen knew and agreed.

She would agree to whatever decision Shen Zhongshan made. No matter if it was life or death, she would follow him.

in the past, he didn't know that she loved him deeply.

Now that he had become like this, she still loved him deeply. He understood, understood, and was willing to repay her.

PEI Qiqi and Tang Xin were Chongshan's children. With Shen Lian in such a state, she had no hope.

Chongshan would do whatever he wanted.

What Mrs. Shen was grateful for was that Chongshan's final decision was not to give up on Shen Lian. Instead, he sent her abroad after the matter was over. Perhaps, she could calm down there and recuperate.

At this moment, PEI Qiqi was in a daze. It took a long time before she came back to her senses and looked at Tang Yu.

there was even a hint of fear in her eyes, because she had lost too much.

Shen Chongshan did not have much feelings for her, just like how Zhao Ke had felt back then.

Or perhaps, she was not as good as the Zhao Ke from before because she did not have a mother, and PEI Minghe made up for her father's flaws.

however, when she heard this news, she still felt sad and dazed.

She closed her eyes and could remember seeing PEI Minghe in the hospital. He called her little sister Yingluo when she saw him eating.
