

The Beauty 66

Chapter 66 Su Lin Is Bullied (Part 2)

"Hmph, what does being at school matter?" the young man said disdainfully. "Let me tell you what this woman has done, the morally corrupt things," he said, pointing at Su Lin. "I met her at a bar not long ago, no need for me to say what happened next, everyone knows."

Upon hearing this, people looked at Su Lin with suggestive expressions, prompting Su Lin to exclaim angrily: "You're lying, I don't know you at all, you better shut up and stop slandering me."

"Hmph! Are you angry out of embarrassment? If you dared to do it, are you afraid of people knowing? You kept asking to be friends with me, but then you seduced your own driver. What was his name again? Oh, right, Ling Chen. Hmph, you thought I didn't know about your affair? That day I came to your house to look for you, only to see you two hiding in the car, hugging each other. Everyone can guess what you were doing. Su Lin, Su Lin, I thought of you as a good woman, but it turned out you were fooling around behind my back, lacking even the basic moral line. Such a shameless woman you are. Since you've cuckolded me, don't blame me for being rude. Today, I want all of your classmates to know what kind of person you, Su Lin, are."

"Enough!"

A clear voice rang out as Leng Feifei quickly walked up to Su Lin, glaring at the young man with a furious face, "Do you even know what you're doing? Carelessly slandering others can bring legal consequences; if you continue this nonsense, be careful of ending up in jail."

The young man sneered: "Who says I'm slandering her? I have video evidence of her on my phone. Tomorrow I'll upload it to the campus network, let everyone see how shameless she is."

"You..." Su Lin's face turned livid. She knew this person was spouting nonsense, but in front of so many people, and so suddenly, she was unprepared and unable to defend herself. Regardless of whether others believed it or not, her reputation at school would be impacted. Thinking of this, her eyes began to well up. She had never been insulted like this before.

Leng Feifei looked at Su Lin whose face had turned pale, feeling some sympathy. Any woman facing this situation would feel terrible.

She wasn't close to Su Lin, but she knew her. As one of the beauties of East Sea University, everyone knew her. Regardless of whether the accusations were true, she didn't want to comment. However, as a member of the student union, it was her duty to maintain the school's reputation.

"Security, get this man out."

The young man appeared indifferent, not taking the approaching security seriously, "Su Lin, if I were you, I'd find a place to hide and not show my face again."

"Yang, did you hear that? Who would have thought our great campus beauty was this kind of woman? Good thing you dumped her early."

At that moment, a mocking voice sounded. Turning her head, Su Lin saw Song Yuan, holding Qin Yang's hand, walking out from the crowd of onlookers. Her cheeks flushed with excitement, she glanced at Su Lin, her eyes slightly raised in disdainful mockery.

"Song Yuan, shut your mouth," Su Lin shouted angrily.

"What? Since you dare to do it, are you afraid of people talking? Su Lin, I thought you were so noble, turns out you're worse than me. At least I am faithful to Yang, and you? You're the real flirt, even not sparing your own driver. How desperate are you?"

"You..." Su Lin was furious, she grabbed her handbag and threw it at Song Yuan. However, Qin Yang quickly intercepted it, warning coldly, "Su Lin, better watch yourself. Yuan Yuan is my girlfriend; if you dare disrespect her again, don't blame me for not being nice."

Su Lin clenched her teeth, fury burning in her eyes. At that moment, she wished Ling Chen was beside her to teach these people a lesson.

"Oh, isn't that Mr. Qin?"

Suddenly, a taunting voice emerged from the crowd.

Hearing that familiar voice, Su Lin's spirits lifted, and she quickly turned her head only to see Ling Chen grinning as he walked out from the crowd.

It was him... he really came... Su Lin felt so moved she almost cried, her eyes reddening and tears shimmering lightly. She had never expected Ling Chen to actually appear, and after knowing he had quit his job, she thought she might never see him again, since they were from different worlds and had no connection beyond work. But now, seeing him standing tall beside her, she realized this wasn't just a dream.

"Ling Chen?"

Seeing him, Qin Yang's face instantly turned cold. Particularly Song Yuan, who looked venomously at Ling Chen, almost ready to pounce at him. The humiliation she suffered at the club the other day was vivid in her memory, as if it had just happened yesterday.

Ling Chen acted as if he didn't notice the hostility in Song Yuan's eyes, smiled and waved to the people around, "Hello everyone, let me introduce myself. I am Ling Chen, the driver this guy mentioned earlier."

"Hey, were you really having an affair with Su Lin?" someone in the crowd asked.

Ling Chen grinned, "I heard what he said, honestly, I wish it was true. Think about it, Miss Su is who, a wealthy young lady, and me, just a guy struggling at the bottom. If Miss Su fancied me, then I must have accumulated good karma in my past life to gain the favor of such a beauty, don't you think?"

Hearing this, people burst into laughter, "Buddy, you're real joker."

"He has a point, Su Lin wouldn't just go for anyone, her standard wouldn't be that low."

"Hey, are you okay?" Ling Chen touched Su Lin's arm and asked softly.

"I'm fine, thank... thank you."

"No need to mention it." Ling Chen gave a slight smile, his gaze shifting to the young man. He walked up to him confidently, towering nearly six feet tall, a stark contrast to the young man before him. He looked down from above, silently, a mischievous smile playing on his lips.

The young man swallowed nervously under Ling Chen's stare, feeling an overwhelming aura and unconsciously stepping back, his eyes darting towards Qin Yang and Song Yuan on the side.

"What... what are you going to do?"

"Nothing much. Don't worry, we are all civilized people here, I won't lay a hand on you, just want to reason with you. Look, I know someone paid you to do this, but why involve me? Although I'm just a nobody, I care about my reputation too. So, how about this, you clarify things to everyone, state the facts, and I won't make things difficult for you. How does that sound?"
