

The Beloved 30

Chapter 30: Kiss on the Ferris Wheel

Soon, Uncle Zhang drove the car over, and they continued their journey today...

"Continue our date here?" Chu Liyuan stood at the entrance of the amusement park and asked in disbelief.

This was a place for children, right? Wasn't it a little inappropriate for him to come here at his current age? But on second thought, that lass was indeed still a child.

"That's right! This is a place where couples must go on dates. Let's go." Jian Dan held Chu Liyuan's hand and handed two tickets to the staff at the door.

"There's a lot of fun stuff here."

Jian Dan excitedly pulled Chu Liyuan to the various attractions.

What Chu Liyuan did not expect was that Jian Dan actually liked those exciting high-altitude attractions like roller coasters.

However, Chu Liyuan felt very blissful at seeing Jian Dan's merriment.

Finally, he chose a quieter game, Trojan Horse!

"Uncle, wait for me here. I'm going to the washroom."

Jian Dan left Chu Liyuan at the Trojan Horse and went to the washroom.

"You're here to play with your kid too, right?" A man's voice rang in Chu Liyuan's ears.

Chu Liyuan looked at the middle-aged man beside him and subconsciously distanced himself.

"It's not easy to raise a kid nowadays. You work hard to earn money every day. You have to tutor him in his studies. You even have to bring him out to play when you are free. It's tiring! But when you see him call you father with a smile, you feel that everything is worth it," the middle-aged man said with a gratified smile.

"By the way, how old is your kid?" the man asked.

Chu Liyuan did not say a word the entire time. He did not know how that man managed to have an entire conversation by himself.

Just then, Jian Dan returned from the washroom and came over to Chu Liyuan. She wrapped her arms around Chu Liyuan's arm and asked, "Do you know him?"

When the middle-aged man saw Jian Dan, he was shocked. "You look so young. I didn't expect your daughter to be so grown up."

"Pfft." Jian Dan spat out, "This is my husband!"

What was wrong with this graybeard's eyes? How did Chu Liyuan look like her father?

"Erm, I'm sorry, I'm sorry. I still have to bring my daughter to the other attractions, so I'll leave first."

After hearing Jian Dan's words, the middle-aged man apologized awkwardly and quickly pulled his daughter away.

"Uncle? Are you angry?" Jian Dan asked cautiously.

"No!"

At first, Chu Liyuan was quite unhappy. However, when he heard Jian Dan call him her husband, his displeasure was instantly swept away and he was very happy.

"That's right. We can't let him ruin our good mood. Let's not play the Trojan Horse anymore. Let's take a ride on the Ferris wheel." Jian Dan pulled Chu Liyuan to the Ferris wheel.

In fact, Jian Dan did not really like to go on the Ferris wheel because she felt that it was boring to ride it so slowly. However, she realized today that the charm of the Ferris wheel lay in who she was with.

Jian Dan watched as the Ferris wheel rose higher and higher. Just as it was about to reach its highest point...

"Uncle." Jian Dan called out to Chu Liyuan who was looking outside. When he heard Jian Dan call out to him, he turned his head back. The moment he turned his head back, Jian Dan gently kissed his lips.

In the small Ferris wheel, the temperature instantly rose by a few degrees.

Jian Dan blushed and whispered, "If we kiss when the Ferris wheel reaches its highest point, we will be together forever. I didn't believe in these things in the past, but... there doesn't seem to be any harm in trying." Jian Dan's face became increasingly red, and her voice became increasingly soft. Her head also became increasingly low...

Chu Liyuan raised Jian Dan's chin and made Jian Dan look at him. Then, he kissed her.
