The City's Strongest Son-in-law

Chapter 46 - 46 46 Zhu Lie Filled with Killing Intent

46: Chapter 46: Zhu Lie Filled with Killing Intent 46: Chapter 46: Zhu Lie Filled with Killing Intent "Zhu Lie, you need to calm down.

If he dies, it's not going to do us any good." Feng Bin said to Zhu Lie.

"Seems like Feng Bin sees things clearly.

Zhu Lie, do you really have the guts?" Wang Long looked at Zhu Lie disdainfully.

"Zhu Lie, you can do anything you want, regardless of this person's background." Su Changfeng said.

Feng Bin was a little panicked.

Su Changfeng actually didn't consider Wang Long, so the words he just said would definitely make him seem a bit cowardly!

"Pfft~!" Wang Long stared at Su Changfeng mockingly, saying: "You really know how to brag, Su Changfeng.

Do you know what kind of people stand behind me?"

Ignoring Wang Long, Su Changfeng said to Zhu Lie: "I'll be waiting for you outside."

When Su Changfeng was leaving, he took Feng Bin with him.

Outside the office, Wang Long's people had surrounded the area, but when they saw Su Changfeng and Feng Bin come out, none of them dared to move forward.

"You just disappointed me a lot." Su Changfeng didn't care about the current situation, but his expression was still unchanged.

Feng Bin lowered his head, feeling a bit cowardly.

In his eyes, Wang Long was someone to be feared, and his background couldn't be underestimated.

Just a small move could lead to many implications, and if Wang Long died, who knows what big trouble might arise?

"Brother Changfeng, aren't you scared at all?" Feng Bin said incredulously, not knowing what Su Changfeng had to rely on to be so indifferent.

Su Changfeng smiled without saying a word.

It was just a small Hai City; there was no need for him to fear anything here.

Before Zhu Lie left the office, Feng Bin's people arrived, clearing out the entire casino, now filled with over 200 of Feng Bin's men.

Only then did Feng Bin begin to regain a bit of confidence, and no matter what happened later, at least for the moment, there were no issues.

Zhu Lie took 30 minutes to finally walk out, covered in blood, his eyes vacant.

Su Changfeng knew, his wife was likely already dead at Wang Long's hands.

"Can you do me a favor?" Zhu Lie said hoarsely.

"Sure, what do you need?"

"I need a car to take her back to Ping'an Town." Zhu Lie said.

The casino's interrogation room, a place used for torturing cheaters, was where Zhu Lie found his wife, now just a corpse.

When Zhu Lie brought the body to the center of the casino, he suddenly stopped and murmured: "Hai City, I, Zhu Lie, am back."

At this moment, Zhu Lie stood tall, no longer looking like a small supermarket owner.

It felt as if everything had reverted to five years ago, and he was still that imposing hero.

Su Changfeng personally drove Zhu Lie back to Ping'an Town, but instead of cremation, they buried her in the backyard of Zhu Lie's old house.

There was also a very simple tombstone, representing the lifelong sorrow of Zhu Lie.

Zhu Lie knelt in front of the grave, a faint smile on his face.

“Eight years ago, my wife said she wanted to see how beautiful Hai City was, and it took three years to reach the city’s peak.

Five years ago, my wife said she was a bit tired and wanted to rest, so I abandoned everything to live a peaceful life with her.”

If you want the clouds to rise, I’ll make the clouds fly for you.

If you want the clouds to settle, I’ll calm the storm for you!

This was Zhu Lie’s resolve, willing to let the clouds rise and fall for his beloved!

“Damn, you’re such a reckless person.” Even with Su Changfeng’s calm nature, he couldn’t help but comment after hearing Zhu Lie speak.

Zhu Lie looked at Su Changfeng with a bitter smile and said: “If it were you, you might have done the same.”

Zhu Lie’s words made Su Changfeng ponder, but soon he shook his head and said: “I wouldn’t, because only by being strong can one have the power to protect her.”

“If I had thought of this earlier, maybe things wouldn’t have turned out this way.” Zhu Lie buried his hand in the soil.

The Su Family.

After Su Changfeng left, Tang Qiulu felt a bit uneasy.

As time passed, Tang Qiulu lay there, unable to fall asleep.

She held her phone, watching the seconds tick by, and without realizing it, it was already 11 o’clock.

Normally by this time, Tang Qiulu would already be asleep because she had to run the next morning, but this time, she just couldn’t fall asleep no matter what.

It was only now that Tang Qiulu realized that Su Changfeng had become an indispensable part of her life, even if he was just sleeping on the floor at home.

Tang Qiulu wanted badly to call Su Changfeng and ask when he would be home, but he had told her when he left that he had something to do, and she didn’t want to disturb him.

So the night passed, and as dawn approached, Tang Qiulu heard the door open and quickly closed her eyes to feign sleep.

Su Changfeng didn’t expect to be delayed so long last night.

He tiptoed back to the bedroom and was relieved to see Tang Qiulu still sleeping.

But when he saw Tang Qiulu's eyelashes fluttering slightly, her eye bags heavier, and dark circles under her eyes, Su Changfeng said with a bitter smile: "Did you really not sleep at all?"

Hearing Su Changfeng speak, Tang Qiulu was a bit surprised.

She didn't want him to know, so she continued to pretend to sleep.

Su Changfeng understood she was feigning sleep but didn't say anything about it.

He laid back down on the floor and murmured to himself: "A friend of mine had an accident last night, which is why I didn't come back."

Tang Qiulu almost blurted out a question, but since she was pretending to sleep, how could she explain it if she spoke up?

"Some people need to be protected with your life.

My friend made me realize this, so I definitely won't let such a thing happen to me." Su Changfeng said calmly.

Zhu Lie's biggest mistake was thinking he could retire from the underworld.

He thought he could live a peaceful life, but he forgot that once you enter the underworld, leaving isn't that easy.

Tang Qiulu couldn't hold it in any longer.

She pretended to have just woken up, complaining: "I was sleeping so well, and you kept talking.

Are you trying to sleep on the sofa?"

Su Changfeng placed his hands behind his head, looking at Tang Qiulu on the bed, and said tenderly: "Why don't you take the day off and rest at home."

Tang Qiulu felt a twinge of guilt, wondering if she'd been discovered.

That would be so embarrassing.

"Why take a day off for no reason?

There's an important meeting at the company today that I must attend, but I won't go for a morning run." Tang Qiulu replied.

Su Changfeng smiled and fell silent.

If he really exposed Tang Qiulu, he might end up sleeping on the sofa for the next few days.

Chapter 47 - 47 47 The Eccentric Uncle's Family

47: Chapter 47: The Eccentric Uncle’s Family 47: Chapter 47: The Eccentric Uncle’s Family At 8 a.m., after getting up, Su Changfeng cooked porridge and waited for it to cool down before waking up Tang Qiulu, letting her sleep as much as possible.

When Sun Mei walked out of the room, Tang Qiulu was eating breakfast.

Last night, she intended to question Su Changfeng about buying a car, but they got caught up in passion as a couple, so it was delayed.

“Qiulu, your uncle’s family is coming to Hai City today.

Make sure you tell Su Changfeng not to forget to pick them up at 3 p.m.,” Sun Mei said.

Tang Qiulu helplessly looked at Sun Mei; Su Changfeng is at home, so why must she be the one to tell him?

Just then, Su Changfeng came out, not having heard the previous conversation.

Sun Mei, upon seeing Su Changfeng, got angry and said, “I don’t care much that you’ve bought a car since it’s already done, but if the Old Madam finds out, you must take full responsibility, saying it was you who asked Qiulu to buy the car and that it has nothing to do with Qiulu, so she isn’t blamed by the Old Madam.”

“I understand,” Su Changfeng answered.

After breakfast, Su Changfeng took Tang Qiulu to the company.

The small supermarket was now open, but the people coming and going looked very different from before.

“What do you plan to do?” Su Changfeng asked Zhu Lie.

“Wang Long is dead, someone has to clean up his mess,” Zhu Lie replied.

Su Changfeng nodded, seeing Zhu Lie ready to step up again was a good thing for him.

Since Feng Bin lacked the guts, unable to handle big tasks, Su Changfeng no longer viewed Feng Bin as a target for development.

“If you need anything, remember to let me know,” Su Changfeng said.

Zhu Lie smiled, “Wang Long is dead, yet Hai City remains quiet.

You’ve helped me a lot.

If there’s anything you need from me in the future, don’t hesitate.”

“I’ll keep your words in mind.

A man must stick to his word,” Su Changfeng laughed.

Zhu Lie took out a cigarette and offered it to Su Changfeng, “You’ve been quiet for three years now, what’s your plan?”

Su Changfeng waved his hand, saying, “I’ve got work to do, gotta go.”

Zhu Lie smiled wryly, mumbling, “I bet this guy is going to give me a massive surprise, huh?”

By noon, Su Changfeng found a street stall to fill his stomach, but driving an A6 to a street stall attracted a lot of onlookers.

After finishing his meal, he headed straight to the station.

Over the past three years, he visited Sun Mei’s parent’s home once a year, so Su Changfeng was familiar with who Tang Qiulu’s uncle was.

Sun Fada, the name sounds prosperous, but in reality, he just babbles nonsense, talks about others’ success to boast about himself, and fantasizes all day.

He didn’t like Sun Gui, Sun Fada’s son, at all.

Not only was he sleazy, but just like Sun Fada, he could only brag without any real skills.

And his wife, Zhao Meili, was a real piece of work, even more mean-spirited than Sun Mei.

Su Changfeng remembered distinctly that two years ago, when Sun Gui had a girlfriend and asked Zhao Meili for money to go out, Zhao Meili directly retorted, “Why should you spend your money on dates?” leaving Su Changfeng dumbfounded.

Watching Zhao Meili guide Sun Gui on how to make women pay while dating, Su Changfeng was truly amazed by these three people.

True to form, in the end, Sun Gui's relationship broke off, and Zhao Meili shamelessly claimed it was the girl who didn't appreciate him.

At 3 o'clock, Sun Fada's family emerged, and Su Changfeng stepped forward to greet them.

Upon seeing it was Su Changfeng, Sun Fada, with a displeased face, asked, "Where are Sun Mei and Tang Zhenhua?

Why didn't they come themselves?"

Su Changfeng cursed inwardly, thinking, "Who do you think you are?

Do they need to come all the way to pick you up?"

"Mom and Dad have some things to take care of, so they sent me," Su Changfeng explained.

Sun Fada was annoyed, while Zhao Meili said snidely, "Now that Tang Qiulu has become the person in charge, who would've thought she'd act so high and mighty, arbitrarily sending someone over.

Clearly, your little sister doesn't regard you highly."

"Su Changfeng, did you walk here?" Sun Gui asked.

"I drove over, follow me," Su Changfeng replied, thinking how baffling it was that this family had such an inflated sense of superiority, despite their dire financial situation.

The group reached the side of the Audi, and Sun Gui's eyes gleamed.

"You drove this car?" Sun Gui said, surprised.

Sun Fada and Zhao Meili were also a bit shocked; how long had Tang Qiulu been in charge of the West City project?

How could she buy an Audi so quickly?

"That's right, get in," Su Changfeng said.

Sun Gui hesitated, then approached the driver's seat, saying to Su Changfeng, "Give me the car keys, I'll drive.

You have no right to drive such an expensive Audi."

"Do you know the way?" Su Changfeng was speechless.

“That’s none of your business, just give me the keys, why say so much?” Sun Gui said irritably.

“You can decide on this car?

Anyway, you didn’t pay for it.

Let my son drive, it’s not like you’ll lose a piece of meat!” Sun Fada said.

“Exactly, if you didn’t come to pick up our family, would Sun Mei let you drive the Audi?” Zhao Meili chimed in.

With no choice, Su Changfeng tossed the keys to Sun Gui.

Sun Gui excitedly sat in the car but didn’t start it immediately.

He first pulled out his phone to take numerous pictures, finally posting to social media.

When Sun Fada and Zhao Meili got in, they exclaimed about how different it felt sitting in a luxury car.

As Sun Gui started the car and stepped on the accelerator, he felt he had reached his peak, feeling rather triumphant.

The journey to the community was safe, but when parking, Sun Gui wasn’t familiar with the space and bumped into the flower bed, causing a large dent in the front right bumper.

After the three got out of the car, their expressions turned pale.

This was an Audi, who knows how much repairs might cost!

Zhao Meili glared at Sun Gui, gritting her teeth, “Why weren’t you more careful?”

“Mom, what are we going to do now?

What if I have to pay for this?” Sun Gui asked, somewhat panicked.

Zhao Meili glanced at Su Changfeng; there was no way her son could be blamed for this.

Since Su Changfeng had no status in the Tang Family, they would pin it on him.

“I have to go pick up Qiulu, you should hurry upstairs,” Su Changfeng said.

Sun Fada was very angry; who treats people like this?

Just as he was about to speak up, Zhao Meili stopped him by saying, “Then hurry up and go, don’t be late.”

Chapter 48 - 48 The 48th shameless uncle's family

48: The 48th shameless uncle’s family 48: The 48th shameless uncle’s family Sun Fada stared at Zhao Meili in confusion.

Why did she suddenly become a different person?

He was here as a guest, and now he was being abandoned here.

“Zhao Meili, what are you doing?

Why not let that waste, Su Changfeng, drive us up?” After Su Changfeng drove off, Sun Fada went to find Zhao Meili and asked.

“If that waste doesn’t leave, how are we going to pin this on him?” Zhao Meili smiled and said, “Later, neither of you should speak up, I’ll handle it myself.”

The whole family went upstairs, where Sun Mei was already waiting at home.

“Finally, you’re here, brother, sister-in-law,” Sun Mei warmly welcomed the three of them in.

Zhao Meili sighed, pretending to be somewhat resentful, “Sun Mei, why did you let Su Changfeng drive such an expensive car?”

“What’s going on, sister-in-law?” Sun Mei asked in confusion.

“When he was driving, he crashed the car into a big dent.

It will probably cost a lot of money to fix it.

It’s purely a waste of money,” Zhao Meili said.

Hearing Zhao Meili say this, Sun Mei’s face suddenly changed.

Did Su Changfeng really crash the car?

The car was only recently bought, and this guy is so careless.

“That’s right, Aunt Mei, that’s an Audi.

Why let him drive it?

That guy is only fit to ride an electric bike!" Sun Gui shamelessly said, not blushing at all while lying.

"Sun Mei, I won't scold you being your brother, but don't you know what kind of person Su Changfeng is?

He's nothing but a coward.

Why give him such face!"

The whole family took turns speaking up, truly making it a bizarre scene.

Sun Mei had no doubts, coldly saying, "I'll settle accounts with Su Canghai when he returns.

From today on, he won't be allowed to touch these two cars!"

Su Changfeng had no idea what Sun Fada's family said to Sun Mei.

When he arrived at the group's gate, he found that the convenience store wasn't open today; Zhu Lie was probably out on errands,

so he had nothing to do and leaned against the car.

Soon, a few thugs showed up right beside Su Changfeng.

"Brother, you seem to be the coward who married into the Tang Family.

You're really embarrassing us men."

"Is sponging off a woman tasting good?

Could it be you were an eunuch in your previous life?"

"Tang Qiulu is a real beauty.

She actually married you?

Tell us, have you slept with her, and how was it?"

Su Changfeng looked at the black Ferrari parked not far away and said calmly, "Tell him not to bring trouble on himself.

My patience is limited."

“Wow, such big talk!

Brothers, let’s get him.”

The three of them started to punch and kick Su Changfeng, but he sneered.

These three guys think they can handle me?

They really underestimate me, huh?!

These few thugs soon found themselves lying down, while Su Changfeng seemed unfazed.

“Get lost quickly.

If you dare to come again next time, it won’t be so easy.” Su Changfeng said.

They hadn’t expected Su Changfeng to be so skillful.

Terror filled their eyes as they quickly ran away.

After work, Tang Qiulu noticed the front of the car was dented.

However, she didn’t complain about Su Changfeng and simply asked, “Why weren’t you careful?”

“Today, when picking up your uncle and them, Sun Gui insisted on driving, and then he crashed it,” Su Changfeng said.

“Sun Gui?” Tang Qiulu suddenly frowned.

As for that Sun Gui, just two words—”disgusting.”

He’s in his twenties now, spending all day idle, learning to brag from Sun Fada, and now he even managed to crash the car.

“If my mom hears about this, let’s see how he ends up!” Tang Qiulu said.

When they got downstairs, Sun Mei, Tang Zhenhua, and the entire Sun Fada family were waiting there.

The scene left Su Changfeng a bit puzzled.

Were these people waiting for Tang Qiulu?

After parking, Sun Mei and Tang Zhenhua anxiously looked at the front of the car, visibly distressed.

This car was bought not long ago.

“Su Changfeng, hand over the car keys.” Sun Mei turned to Su Changfeng, speaking coldly.

Though confused, Su Changfeng still handed the keys to Sun Mei.

“Since you don’t cherish this car, don’t drive it anymore from now on.

Even if it ends up abandoned, you won’t be driving it again,” Sun Mei said.

Tang Zhenhua said with a gloomy face, “Do you really think just because Qiulu is earning money now, you can do whatever you want?

Do you know how much it costs to repair the car?”

Watching Su Changfeng get scolded, the Sun Fada family were all laughing, especially Sun Gui, who wore a smug smile.

“Mom, what are you doing?” Tang Qiulu was a bit bewildered, not knowing what was going on.

Sun Mei pointed at the dent and shouted, “The car is crashed.

Didn’t you see it when you came back?

I’ve told you before, don’t let this guy drive a good car.

But you wouldn’t listen.

Now do you see the consequence?”

Tang Qiulu was dumbfounded.

The car was obviously crashed by Sun Gui.

Why blame it on Su Changfeng?

Seeing the expressions on Sun Gui’s family, Tang Qiulu realized what was happening, and her anger quickly rose.

“Mom, this car…”

“Qiulu, if you speak up for him again, I’ll divorce him right away!” Sun Mei coldly interrupted.

Su Changfeng tugged on Tang Qiulu's hand, indicating that she didn't need to explain anything.

Tang Qiulu was about to explode.

How could Sun Gui's family be so shameless?

Isn't there a limit to lying?

"Cousin, Su Changfeng's driving skills are really lacking.

If you let him be your driver, it's very dangerous.

I suggest you think it over," Sun Gui said with a laugh.

"That's right, you are now a person in charge, and you will earn a lot of money in the future.

If anything happens, what would you do?" Zhao Meili commented.

These words made Sun Mei a bit alarmed.

Tang Qiulu was now everything to their family.

If anything happened, it would be a huge loss.

"Su Changfeng, from tomorrow on, you don't need to pick up Qiulu after work.

Go cool your heels somewhere else," Sun Mei said.

After saying this, Sun Mei held Tang Qiulu's hand and continued, "Tonight we'll take your uncle's family out for dinner.

No need for unrelated people to come along."

Of course, the unrelated person referred to was Su Changfeng.

Before Tang Qiulu could speak, Su Changfeng said, "I have something to do tonight.

You go ahead."

"Su Changfeng, you really know your place, huh?

Knowing you're not part of our family and letting yourself off easily," Sun Gui taunted.

“Changfeng, you...” Tang Qiulu felt very wronged, wanting to complain on behalf of Su Changfeng.

“You go.

I really have things to do.” Before Tang Qiulu could speak, Su Changfeng interrupted.

The few of them left in two cars.

Tang Zhenhua drove one, and Sun Gui drove the other.

After they left, Su Changfeng went upstairs by himself.

Chapter 49 - 49 49 Borrowing Money 200000

49: Chapter 49 Borrowing Money, 200,000 49: Chapter 49 Borrowing Money, 200,000 In the car, Sun Gui said with satisfaction, “Mom, you’re amazing.

That Su Changfeng is such a coward, he didn’t dare to say a word.”

Zhao Meili laughed, “That coward basically has no status in the Tang Family, he doesn’t even have the right to speak!

But you must be careful, if it happens again, mom won’t have a reason to cover for you.”

“Don’t worry, I just wasn’t paying attention earlier,” Sun Gui said carelessly.

At this time, Zhao Meili had an idea and said to Sun Fada, “Sun Mei’s family suddenly bought two Audis, they must have a lot of money, you have to find a way to borrow some.”

“Sun Mei has money now, I’m her brother, it’s only right for her to help out a bit.

I’ll try to borrow some during dinner, if not 200,000, then at least 100,000,” Sun Fada said.

“If she wants a promissory note, just give it to her, but get the money first.

Whether we repay it or not later will be our decision,” Zhao Meili said.

Sun Fada said confidently, “Now that she’s making big money, if she insists on us repaying her, she really has no empathy.

After all, I’m her brother!”

For the sake of saving face, Sun Mei specifically went to a Five-star hotel, booked a private room, which was very expensive, and even made a point to say she comes here often.

Listening to Sun Mei's words, Zhao Meili secretly signaled to Sun Fada with a hand gesture, indicating that he should borrow 200,000 later.

Once in the reserved private room, after drinking and eating their fill, while Tang Zhenhua and Sun Mei were a bit tipsy, Zhao Meili hinted to Sun Fada, "Sun Mei, I have something I need your help with."

Sun Mei waved her hand, pretending to be very calm, "Brother, just say it.

If I can help, I definitely will."

"I've been having some difficulties lately, and with Qiulu now able to make big money, I plan to borrow a bit from you," Sun Fada said.

Zhao Meili immediately echoed, "If we had any other way, we wouldn't mention this.

Sun Mei, now that you have money, surely you wouldn't refuse to help?"

Upon hearing they wanted to borrow money, Sun Mei, who was a bit tipsy, immediately sobered up.

She was well aware of what kind of person Sun Fada was; if she lent the money, there was a 99% chance it wouldn't be repaid.

"Brother, how much do you plan to borrow?" Sun Mei asked.

Sun Fada gestured with two fingers.

Sun Mei said, "2000?"

"Sun Mei, do you think I need to borrow 2000 from you?" Sun Fada said a bit angrily.

"How much exactly?" Sun Mei pondered.

If they wanted 20,000, to save face, she might grittingly lend it to them.

Now she could finally have some prestige, she had to show some capability and couldn't let others laugh at her!

"200,000!" Sun Fada said calmly.

"200,000!" Sun Mei felt as if she had taken a hangover cure, she instantly sobered up.

Although her current life was much better than before, she really didn't have that amount of money.

Moreover, asking for 200,000 right off the bat seemed a bit greedy!

"Your cars altogether are worth over a million, and you come to Five-star hotels so casually, to you, 200,000 should be nothing, right?" Sun Fada said.

Zhao Meili knew that Sun Mei cared a lot about face, so she praised her to increase the chances of getting the loan, saying, "Sun Mei, you're in a different position now.

It's just 200,000, yet you're hesitating?

You seem to be living the life of a wealthy lady now; you probably have millions, right?"

Sun Mei listened to this flattery and felt very pleasant, but she truly didn't have 200,000.

Seeing Sun Mei looking troubled, Tang Qiulu spoke up, "If you intend to borrow 200,000, you can apply for a bank loan, but the bank will check if the borrower has the ability to repay the loan first."

Tang Qiulu's words were very clear, implying, why should we lend money to you when you have no ability to repay?

Zhao Meili's face darkened, "Auntie is discussing matters with your mom, why are you interrupting?"

"Sun Mei, when we were at home, we spoke for you countless times.

Many people said you didn't marry into a wealthy family.

If you can lend us money, all the relatives at home will hear of it, and they won't say such things anymore," Zhao Meili continued speaking to Sun Mei.

Sun Mei very much wanted to look good in front of her maternal family, but 200,000 was indeed too much, and besides, how could she possibly have 200,000 now?

Sun Fada snorted coldly, saying, "Sun Mei, could it be your cars are rented just to show off?"

"Are you not willing to hold your head high when you visit your maternal family this year?"

This barrage of sweet talk made Sun Mei fantasize about how impressive it would be to return to her maternal family, and she actually agreed, "Okay!"

Tang Qiulu was anxious; how could their family possibly have 200,000 to lend to Sun Fada?

Steal it from someone else?

“Mom!!!”

Sun Mei glared at Tang Qiulu, determined to save face no matter what this time!

Seeing that they managed to borrow the money, Sun Gui said he was going to the restroom and left the room.

Tang Zhenhua had been silent the whole time, because all matters at home were decided by Sun Mei, and speaking himself wouldn’t make a difference.

“Actually, we’re borrowing money because of Sun Gui.

He saw a project recently but doesn’t have the funds.

Rest assured, once we have money, we will definitely repay you immediately,” Sun Fada said with a smile, emphasizing that if they had the money, they would repay it, but whether they actually had money was up to them to say.

Zhao Meili nudged Sun Fada, questioning why he said those things!

“We don’t have much time left to stay in Hai City, when can we get the money?” Zhao Meili asked.

Sun Mei glanced at Tang Qiulu, knowing that only Tang Qiulu might be able to come up with 200,000.

She started to regret her decision, but having already agreed, having spent most of her life she finally seized an opportunity to save face, she couldn’t back out!

“Tomorrow or the day after, after all, withdrawing money takes time,” Sun Mei said.

“Alright, alright, alright.” Zhao Meili laughed.

Sun Gui had been in the restroom for a while without returning, and Zhao Meili started to worry something might’ve happened, planning to send Sun Fada to check.

But at that moment, the private room door was suddenly kicked open.

Then they saw Sun Gui, covered in injuries, being thrown in, followed by a few big men standing there.

Zhao Meili, being very protective of her child, immediately rushed over upon seeing her son had been beaten.

“Sun Gui, how are you?

Are you okay?” Zhao Meili asked with concern.

Sun Gui, scared, started crying like a woman.

“Who are you people?

What right do you have to hit him!” Zhao Meili roared.

Chapter 50 - 50 50 Sun Gui Courting Death

50: Chapter 50 Sun Gui Courting Death 50: Chapter 50 Sun Gui Courting Death At this moment, a fat guy with a big gold chain entered the room: “Yelling for what?

Idiot woman, and an idiot son, daring to lay hands on my woman?

He deserved the beating!”

Just as Sun Gui came out of the bathroom, he bumped into a particularly sexy woman.

Having had a few drinks, he flirted a bit, but unfortunately, this woman had some backing—her man was this fat guy.

Upon finding out, he got taught a lesson.

Out of fear, Sun Gui started crying on the spot, kneeling to beg for mercy.

But they weren’t going to let him off the hook, even though Sun Gui mentioned the Tang Family.

After hearing the fat guy’s words, Zhao Meili shamelessly shouted, “Look at what kind of clothes that woman is wearing, clearly trying to seduce him!”

The fat guy, hearing Zhao Meili’s words, grew angry and sneered sinisterly, “That’s quite unreasonable.

Damn it, even if my woman was wearing nothing at all, does that give your son the right to sleep with her?”

“Such a bitch...”

Before she could finish, one of the fat guy's goons punched Zhao Meili in the face.

Sun Fada did nothing, his face pale, turning to Tang Qiulu: "Tang Qiulu, you're from the Tang Family, go and scare these people a bit!"

Tang Qiulu pretended not to see anything; Sun Gui was looking for trouble, and Zhao Meili was being shameless, so why should she intervene?

The fat guy, hearing Sun Fada's words, sneered, "What the hell is the Tang Family?

Even if they come, they are nothing to me!"

"You must be this idiot's father, right?

Hurry over and kneel to kowtow to me.

If I'm in a good mood, I might not deal with you," the fat guy said to Sun Fada.

Sun Fada started trembling all over in fear, but he still tried to act tough with Tang Qiulu: "Tang Qiulu, aren't you going to do something?

After all, I'm your uncle."

Tang Qiulu looked unconcerned, not even bothering to say a word.

At this point, Tang Zhenhua mustered the courage to stand up and said to the fat guy, "I'm Tang Zhenhua, of the Tang Family.

Please, let this pass for my sake."

The fat guy looked at Tang Zhenhua with a cold smile: "Tang Family?

Just a fart!

If you say another word, I'll beat you up too!"

The fat guy's attitude was very tough.

Sun Mei was just about to pull Tang Zhenhua to sit down, but Tang Zhenhua was quicker than her hand and sat down silently.

"You don't want to kneel and apologize?

I am very reasonable.

This guy dared to harass my woman; he should at least pay a million or so, don't you think?" the fat guy said with a smile.

Seeing no one make a sound, the fat guy directly kicked Sun Gui and shouted, "If you don't pay up, I'll cripple this guy!"

"Bro, I have no money, but...

but I have a car.

You can take it, please, I'm begging you," Sun Gui took out the car keys.

"Sun Gui, the car is mine, you have no right to give it away!" Tang Qiulu stood up angrily, witnessing this scene.

Only now did the fat guy get a good look at Tang Qiulu, and his eyes lit up, surprised to find a beautiful woman in the room.

"Tang Qiulu, it's just a car.

Do you really want to see Sun Gui get beaten to death?" said Sun Fada carelessly, thinking the car wasn't even theirs.

"Miss, I don't care for such little money.

It's just an Audi.

I don't even fancy it!" The fat guy tossed the keys and walked toward Tang Qiulu.

"What do you want to do?" Tang Qiulu watched the fat guy cautiously.

"Well, if you spend a night with me, we can let this pass, how about that?" the fat guy said lecherously, his eyes on Tang Qiulu.

"Don't you even think about it." Tang Qiulu's expression changed instantly, now she was getting dragged into this, something that had nothing to do with her at all!

The fat guy chuckled sullenly, eyeing Tang Qiulu up and down, then sighed, "Great figure, wonder how she is in bed.

Miss, your words don't matter now, I advise you to behave.

Once I set my eyes on a woman, there's no escape!"

"You better not do anything stupid.

She’s the Tang Family’s granddaughter.

If you harm her, the Tang Family won’t let you off!” Sun Mei couldn’t let Tang Qiulu be taken by this fat guy.

If this got to the Old Madam’s ears, Tang Qiulu would be ruined for life!

“The Tang Family?” The fat guy furrowed his brow.

They kept mentioning the Tang Family, but he had never heard of it, so he asked, “What’s so great about the Tang Family?”

“How come you don’t know the Tang Family, living in Hai City like this?

She’s Tang Qiulu,” said Sun Fada.

The fat guy kicked Sun Fada and cursed, “Who the hell are you?

When you talk to me, you must bend over, got it?”

Sun Fada now felt like slapping himself.

If he hadn’t said so much, how could he have been beaten?

The fat guy looked at Tang Qiulu, not afraid at all, rather with a smile, “No wonder it caused a sensation in Hai City three years ago; she really is stunning.

Could it be that coward husband of yours is this guy?”

The fat guy was referring to Sun Gui.

At this moment, Zhao Meili was speechless too.

“I advise you, don’t look for trouble, or you will surely regret your actions!” Tang Qiulu said.

“What big words!

But I like it.

I hope you’re just as feisty in bed, but there’s no rush now, I have to go back to entertain.

You think it over; I’ll be back in a while.” The fat guy instructed his subordinate to stay at the door before leaving.

Sun Gui tried to sneak out, opening the door quietly, but was immediately beaten.

Zhao Meili felt very distressed, but still didn't dare to speak up!

"How to solve this now?

Qiulu, why don't you call Grandma?

Maybe she can handle this," Sun Mei said fearfully to Tang Qiulu.

Tang Zhenhua sighed, thinking even if a call was made, the Old Madam wouldn't come, not to mention the fat guy wasn't afraid of the Tang Family at all.

"Mom definitely won't come, and besides, that fat guy probably has an unusual background," said Tang Zhenhua.

"So there's nothing we can do?

Are we really going to let the daughter sleep with that guy?" Sun Mei looked at Tang Zhenhua.

Tang Qiulu got angry looking at Sun Gui.

If not for him, this wouldn't have happened!

Seeing Tang Qiulu glaring at Sun Gui, Zhao Meili couldn't help but defend her child, saying, "Tang Qiulu, why are you staring at my son?

Clearly, it was the woman's skanky outfit; it has nothing to do with my son!"
