

The Deadly 52

Chapter 52 Robin Is a Fraud!

Austin's daughter stormed forward, sneering, "You dare wreck my car? You're dead! Think you're still tough? Hahaha-

Herugh was cut short as a large hand suddenly moved around her

lifting her off the ground.

Rowan held her by the neck, his expression cold and merciless. "You're the one who's dead."

"Mr. Hartley! She... she's my daughter... Austin was stunned by the unbelievable scene unfolding before

him.

Rowan didn't hesitate. He swung his leg, knocking Austin to the ground, then planted his foot firmly on

Austin's face.

"Mr. Ramsey, my apologies for the disturbance here. Allow me to handle it, Rowan said, bowing respectfully toward Robin.

Vera stood there, absolutely shocked.

What on earth was going on?

After a brief moment of stunned silence, she remembered that Rowan worked for Daphne.

And thinking back to earlier that morning when Daphne herself had delivered clothes to her, she realized just how powerful Robin's connections must be.

She stared in shock at Robin, who stood there, calm and unaffected.

What kind of powerful background does this guy have, she wondered.

To match the respect of some of Harmonfield's most legendary figures.

Logan was equally stunned.

Rowan, Daphne's top enforcer, stepping in for someone driving a simple Land Rover?

"Mr. Hartley?" Logan asked, still processing the scene.

"Take care of them," Rowan ordered coldly.

"Y-yes... of course!"

Logan stammered, finally understanding what was happening.

Robin must be an honored guest of Daphne.

Otherwise, Rowan would never have intervened over something so minor.

"Logan, you dare touch me-" Austin began to shout, but Rowan twisted his foot down harder.

With a sickening crack, Austin's neck snapped, and he fell silent.

Rowan then released his daughter, tossing her limp for next to her father's body

The men who had with Austin immediately dropped their machetes and fell to their knees, begging
"Mr. Hartley, please, have mercy!"

Vera went pale, her legs going weak as she stumbled and leaned against Robin for support

Robin started to help Vera into the car, but after noticing the obvious damage to the front and rear
bumpers of the Land Rover, he tossed the keys to Rowan.

"Get the car fixed and send it back to me. I'll take your vehicle-I've got things to do

"Yes, Mr. Ramsey," Rowan replied immediately, handing over his own keys to Robin.

Robin climbed into the Hummer and drove off, leaving the entrance to the village district behind

Only once he was out of sight did Rowan slowly turn back.

By now, Logan had already instructed his team to clean up the area.

Within minutes, everything looked as if nothing had happened.

Logan, I'm here today to pass along instructions from Ms. West," Rowan said.

"Mr. Ramsey is a special guest of Ms. West, and he's now residing in Vi One in Area One of Dawnsfire Heights Estates.

"As head of security for Dawnsfire Heights, you understand what this means?"

Logan broke out in a cold sweat as he realized that Robin was actually the owner of Vi One at Dawnsfire Heights Estates. The very person whom everyone in Harmonfield regarded as a legend was Robin. He had nearly crossed him!

If Rowan had arrived just a few minutes later, it might not have been just Austin and his arrogant daughter lying on the ground right now.

Logan himself might have ended up alongside them.

"Understood, Mr. Hartley. Don't worry—today's incident will never happen again!"

At that moment, Alice and Zachary pulled up to the vi gate in their BMW

They hadn't been able to reach Liam and couldn't get close to the vi district.

They thought about calling Raymond, who lived in Area Three, but he'd gone out drinking and his phone

was off

With no other choice, they tried asking the security guards if they could make an exception and let them

"Mr. Gill, looks like everything here has been sorted out Alice noted as she looked around at the vi's restored entrance, now back to its pristine order.

"That Hummer heading down the mountain just now was Robin driving it?" Zachary muttered to himself.

He remembered right, that Hummer belongs to Rowan. How did Robin end up driving his car? Are they

Alice scoffed. "Do you really think that's possible?"

Mr. Gill, you're giving him way too much credit

"A brute with no background Mr. Hartley would never associate with someone like him.

"They're not even on the same level. They'll never end up in the same circles.

"They're like two parallel lines. No matter the situation, they'll always walk separate paths."

"True, there's no way Rowan would lower himself to associate with someone like Robin, Zachary
ughed at himself.

"Enough about that. Let's go talk to the security staff.

Alice and Zachary got out of the car and walked up to the vi gate.

Logan was still there, briefing his team about security protocols for Vi One.

He looked up and noticed Zachary and Alice approaching.

From what he remembered, Alice and Zachary seemed to know Robin.

"Hello, Mr. Barrett," Zachary greeted him with a friendly smile, trying to establish some rapport.

Logan nodded politely. "Hello. You two are friends of Mr. Ramsey, correct?"

Alice immediately waved her hands in denial, cutting Logan off.

"No, no, no, Mr. Barrett, you've got it all wrong! We would never associate with someone like Robin-he's just a brute with no ss! "We're not even in the same league as someone like him."

Logan's smile disappeared. "You're saying Mr. Ramsey is a brute with no ss?"

"Exactly! You saw it yourself just now, Mr. Barrett!" Alice continued, eager to paint Robin in a negative light to win favor with Logan.

"That crude thug, Robin, he damaged someone's car for no reason.

"Not to mention he was so violent! He even hit that poor womanpletely irrational!

"People of our standing would never act in such a violent way."

Logan gave a cold smile. "So you believe that Mr. Ramsey, who lives in Vi One, is just a brute, not on your level?

Logan gave a cold smile. "So you believe that Mr. Ramsey, who lives in Vi One, is just a brute, not on your level?

Td like to ask you something-you keep bragging about being part of the elite, but can you even get inti this vi district?

"Uh wait, Mr. Barrett, are you saying Robin actually lives in Vi One of Dawnsfire Heights Estates?" Alice's mind stalled, trying to process this information "That's correct. Mr. Ramsey is the owner of Vi One of Dawnsfire Heights Estates, Logan replied with a

"Looking at it that way, you're right-you're definitely not on his level

Alice's face drained of color as she heard this. "Mr. Barrett, you've been fooled Robin is a fraud! There's no way he could be the owner of Vi One!"

"Get lost!" Logan barked.

"If you dare nder one of our residents again, you'll regret it!

"Mr. Barrett, I'm telling you, he's tricked you

Alice tried to continue, but a few security guards armed with electric batons started walking toward them.

"Alright, we're leaving" Zachary quickly pulled Alice back to the car, turning it around and heading down

the mountain

Meanwhile, Robin drove Rowan's Hummer with Vera teside him, leaving Dawnspire Heights Estates. It wasn't until they reached the base of the mountain that Vera finally snapped out of her daze. She looked at Robin curiously

"I have to ask-why is Daphine so respectful toward your And even Rowan, her top enforcer?"
