

## The Doctor 1881

### Chapter 1881 Her Direction

Chu Liuyue was extremely quick. However, Nan Yuxing was already a legendary warrior and had unleashed his full speed, so he was still slightly better than her.

The distance between the two decreased continuously.

“I want to see where you can run to today!” Nan Yuxing’s expression was icy cold and a little contorted.

His desire for revenge almost swallowed him. At this point, he could not hear anything or see any truth. He was filled with hatred, and he just thought of... killing Chu Liuyue!

!!

She is Rong Xiu’s princess consort and the person Rong Xiu treasures the most! If I kill her, it will be even more painful than directly killing Rong Xiu!

Hence, from the very beginning, Nan Yuxing’s main target was Chu Liuyue!

They very quickly left the city and came to the never-ending mountains. Looking across, it was filled with blooming light-pink peach blossoms.

The air contained an intense peach blossom fragrance.

It was a scenery filled with vitality.

Nan Yuxing was nonchalant.

Does Chu Liuyue think that by escaping here, she can use the turning mountains to hide from my pursuit? How naive.

Before he came to the Peach Blossom Dock, he had already looked up the situation here—mysterious, dangerous, unknown, chaotic. However, he didn’t quite take it to heart.

He just came here to kill two people. How much time and effort could it take?

When the thing was settled, he would directly leave. What was there to worry about in Peach Blossom Dock?

Besides, now that he saw it, other than the slightly richer Heaven and Earth Force and the prettier scenery, there was nothing special.

Nan Yuxing casually sized up the surroundings and quickly retracted his gaze.

The distance between him and Chu Liuyue before him kept shortening.

According to this situation, in another ten minutes, I can—

Hula!

A red-golden figure suddenly appeared beside Chu Liuyue!

The gigantic wings spread wide, and the scorching fire almost caused the surrounding temperature to rise instantly!

Red-gold heavenly phoenix!

Chu Liuyue jumped up onto Tuan Zi, and she lightly patted the latter's head. "Go!"

Screech!

A clear shriek instantly reverberated throughout the area!

At that moment, countless fiends knelt on the ground in the forest below as they looked at the figure flying across with respect and trepidation.

The distance between the two parties expanded again!

Nan Yuxing watched on with hatred in his heart. I actually forgot that she has such a legendary fiend! With that red-gold heavenly phoenix's help, it will be even easier for her to escape!

Nan Yuxing didn't stop as he crazily urged the force in his body! Then, silver-white lightning flashed below his feet.

His speed increased at an observable speed!

...

Behind Chu Liuyue and Nan Yuxing were Rong Xiu and Luo Yan.

In the beginning, Luo Yan was just worried that if Rong Xiu and Chu Liuyue joined hands, Nan Yuxing wouldn't be their match. After all, Rong Xiu was also a legendary warrior!

However, he quickly realized that the situation was amiss. Rong Xiu seemed... like he wasn't using his full speed.

It wasn't obvious at first, but after some time, the distance between Rong Xiu and Nan Yuxing didn't change.

Luo Yan then realized that Rong Xiu's motive wasn't to pursue Nan Yuxing. Rong Xiu is a true legendary warrior! If he really wants to chase Nan Yuxing, how could he not have shortened the distance between the two by now?

Seeing the large snow-white figure, Luo Yan then realized. Rong Xiu is actually stopping me!

Every time he wanted to overtake Rong Xiu, the latter would always appear intentionally or unintentionally to block his path, causing him to be unable to go over.

As it happened too many times, Luo Yan couldn't take it anymore. "Rong Xiu, it's just a waste of time for you to stop me! Are you really not worried about your princess consort?"

She is a true god, while Nan Yuxing is a legendary warrior! If the two fight, she is bound to lose! Besides, considering Nan Yuxing's current state, he will definitely push Shangguan Yue to death once he catches up with her!

Rong Xiu is actually so magnanimous... Luo Yan really found it extremely strange. Didn't Rong Xiu previously care a lot about her at the God-Killing Tumulus? Why does he not seem to care about her life and death now?

"I will naturally protect my own princess consort; I don't need other people to be concerned about this. Luo Yan, if you have the time, why don't you think about how you're going to explain to Nan Yifan about Nan Yuxing's death today at Peach Blossom Dock." Rong Xiu swiftly stopped in his tracks, turned around, and stared at Luo Yan in a seemingly smiling manner.

That pair of deep phoenix-like eyes seemed to have seen through everything.

Luo Yan's heart harshly jumped as he instinctively knitted his brows and averted his gaze. "Master doesn't know that we came here. You don't have to use him to pressure us!"

Rong Xiu looked at him and snorted; it was as if he had heard some joke. "Nan Yifan has become increasingly gutsy."

Not to mention that he framed Nan Yiyi's death on the Sky-Cloud Empire, but he even allowed Nan Yuxing and Luo Yan to come and take revenge... He is really not afraid of ending his bloodline.

Luo Yan's heart beat even faster. For some reason, he always felt transparent in front of Rong Xiu.

Rong Xiu was clearly much younger than him, but every time they met, Luo Yan felt that he couldn't see through Rong Xiu.

This type of feeling rarely appeared to him. He wouldn't feel this way even when he met Nan Yifan.

Only Rong Xiu! This man... seemed to have too many secrets.

Just when the two of them were in a stalemate, Luo Yan heard the howling wind from behind.

He turned around.

Mo Yun and the rest were also rushing over quickly.

Even though I don't know why Mo Yun wants to kill Rong Xiu and Shangguan Yue, we're considered to be on the same team...

...

Without hesitation, Luo Yan spoke. "I'm Luo Yan from the Nan family. Deputy Sect Master Mo, may I know if you're interested in joining hands?"

Mo Yun glanced at him and nodded without hesitation. "Okay!"

Anyway, our targets are the same. If we can join hands, it will save us some effort.

The two of them directly decided on the alliance.

Mo Yun instinctively glanced at Rong Xiu but realized that the latter's expression was calm and composed. It was as if... he didn't take this to heart.

Is he really confident, or is he... acting?

Mo Yun didn't know and could not be bothered to know.

He knew the Nan family's reputation. Not to mention others, but the few legendary warriors that came today weren't to be underestimated!

As long as our two parties join hands... Today, Rong Xiu and the rest—

Boom!

A loud sound suddenly came from afar!

...

Mo Yun and Luo Yan turned over in unison and saw an icy blue fire rush up to the sky on some mountain!

Luo Yan was confused, but Mo Yun suddenly thought of something.

Then, his expression suddenly changed! That direction is Blue Peak! Shangguan Yue actually went to Blue Peak?!

Chapter 1882 Cen Yi's Abilities

At this time, she could go anywhere, but why did she go to Blue Peak? She definitely knows that there are quite a few people from the Black Sword Sect standing guard at Blue Peak. In such a situation, she still insisted on going there...

A ray of white light suddenly flashed across Mo Yun's heart! Could it be—

"The previous two people were you?!" Mo Yun looked at Rong Xiu in disbelief. As he was agitated, his voice became sharp.

Rong Xiu squinted his eyes slightly and did not speak.

However, this reaction was akin to acquiesced admission to Mo Yun. It must be them! No wonder... It was no wonder San San's attitude toward the two servants was extremely strange. No matter what, he insisted on protecting them and bringing them along. In the face of danger, San San's top consideration was those two people.

After the incident happened, the first thing he did was bring up the matter to let the two of them go back...

In the beginning, Mo Yun just found it weird and did not really take it to heart. But thinking back about it now, it all showed something!

The situation that day kept replaying in his mind.

Mo Yun gasped. Perhaps the secret of Blue Peak isn't hidden with San San, but... Rong Xiu and Shangguan Yue!

Once this thought surfaced, it was like a seed that was planted in Mo Yun's heart and caused him to be overwhelmed with shock and anger.

He gasped and rushed toward Chu Liuyue without hesitation! The secret is definitely with Shangguan Yue now!

At the side, Luo Yan was confused by the sudden situation. Why is this Mo Yun... acting as if something scary has happened?

He wanted to ask further, but Mo Yun had already rushed over and didn't give him the time or chance.

It seems like the situation is urgent... As Luo Yan thought in his heart, he rapidly followed Mo Yun. No matter what, it is right to work with Mo Yun. Rong Xiu can stop me alone, but how can he go against two by himself?

However, this optimistic view was quickly shattered. That was because... the people behind had caught up!

The one at the front was actually Cen Yi!

Just as Mo Yun realized that something was amiss and planned to chase after Chu Liuyue, he felt his vision blur as a green, long figure appeared before him.

When he saw the other party's face clearly, Mo Yun's heart skipped a beat. This Cen Yi actually hid his talents? With his ability to catch up silently... he is definitely a legendary warrior! But when I saw him earlier, I had no idea at all!

Luo Yan watched this scene from the side and was also secretly shocked. He had some impression of this person. He seemed like Chu Liuyue's subordinate and the big brother of the bunch of them.

However, didn't they previously say that her subordinates had followed her from the Tianling Dynasty?

Born outside the God Residence Realm... They didn't even take this bunch of people into consideration.

According to what crept along the vines, it seemed like quite a few people in the Sky-Cloud Empire looked down on them. However, they forcefully maintained the perfunctory peace to give Chu Liuyue face.

Detecting the unignorable legendary warrior aura on Cen Yi, Luo Yan was directly stunned. This is a true legendary warrior! Even in the entire Sky-Cloud Empire, he is extremely rare and deserving of respect! How did those ridiculous pieces of news come out?!

"I didn't expect Shangguan Yue to have a legendary warrior as her subordinate..." Mo Yun clenched his teeth and said every word clearly.

He didn't take action on impulse. That was because he could clearly feel that the opposite Cen Yi did not seem weaker than him.

It was already hard to handle the previous Rong Xiu. Now there was a Cen Yi...

Just as the two parties fell into a stalemate, an ear-piercing sound was heard!

Mo Yun and Luo Yan relaxed. Someone has come!

But before the corner of their lips could curl up, the incoming voice caused the duo's expressions to freeze.

"Big Brother, we're not late, are we?!"

This voice... They are talking to Cen Yi!

Mo Yun and Luo Yan exchanged a glance and saw the other party's deep shock from the bottom of their eyes. Then, the two of them turned around almost at the same time and saw a few figures coming over at top speed.

They were San San and the rest who were surrounded earlier.

Now, all the Thirteen Yue Guards in Yue Manor had come. Even Xiao Ba—who had been sleeping—had come in a fury.

But other than this... there wasn't a single person from the Nan family or the Black Sword Sect!

Luo Yan scanned them and blurted out, "Why are you guys here!?"

I thought that the person catching up should be—

Shouldn't these people be all settled?

"Why can't it be us?" San San chuckled and squinted his eyes. Since they have already come to the door, why should we still hold back? Of course, we should retaliate and slap them harshly!

Cen Yi's gaze scanned them.

Other than Thirteen, who didn't really fight openly, San San and the rest had battle wounds. However, the wounds didn't seem serious.

Detecting his gaze, San San hurriedly said, "Big Brother, don't worry! This is mostly blood from the people in the Nan family and the Black Sword Sect! We're fine!"

Mo Yun and Luo Yan's expressions darkened. What is he saying?! With their abilities, they can fight against so many people?!

"So you hid your skills too..." Mo Yun's knife-like sharp gaze harshly scraped across San San and the rest as every word seemed to be squeezed out of the cracks of his teeth, with clenching anger and vengeance.

Not to mention the other people, but San San had walked in front of me for so long, but I didn't notice it at all! To think that I believed that San San was completely under my control all along! Now, it seemed like it was all an act!

Boom!

Another wave of commotion came over.

It was a daze between heaven and earth.

The crowd turned around.

The fire on Blue Peak started burning even more intensely!

Luo Yan and Mo Yun exchanged a glance. We have to rush over as soon as possible! Who knows what exactly Chu Liuyue plans to do by going over?

We almost couldn't control the explosion on Blue Peak previously. If it happens again... I'm afraid that the consequences will be even more unimaginable!

Mo Yun was overwhelmed with anger as he chose to surround her forcefully! "Get lost!"

...

...

At this point, Blue Peak was a sea of chaos.

Once Chu Liuyue reached that area, she attracted the attention of the crowd guarding Blue Peak.

Mo Lin was currently resting.

The incidents in the last few days had tortured him quite a bit. Now that he had finally preserved his life, he naturally had to grab every chance to recuperate.

Once he detected that something was amiss, he immediately became alert.

Once he saw this, he was slightly dazed. He didn't recognize the beautiful woman that was rapidly approaching. However, he immediately reacted when he saw the red-golden fiend underneath her. That is... a red-gold heavenly phoenix!

"You—"

Without waiting for him to question, that woman had directly rushed to Blue Peak!

Chapter 1883 Slashing the Mountain!

Mo Lin's first reaction was to move the surrounding crowd immediately to pursue them! "Block her!"

Ever since the barrier on Blue Peak was shattered, Mo Lin was commanded to stand guard here. Mo Yun had already said before that without his permission, nobody was allowed to enter here casually.

Hence, seeing that Chu Liuyue suddenly barged in, Mo Lin was naturally very nervous and infuriated.

However, the red-gold heavenly phoenix was indeed too fast! In the blink of an eye, that red-golden figure had already broken through the outer defense and went straight for Blue Peak!

!!

Mo Lin was anxious and furious as he unleashed his full speed to chase after them.

At the same time, an incident suddenly surfaced in his mind! Red-gold heavenly phoenix! This is a legendary fiend and usually doesn't interact with humans, but from the current situation, that red-gold heavenly phoenix seems to obey that woman as if it is her legendary fiend by agreement!

Hang on! There were previously rumors in the God Residence Realm about a woman who had made an agreement with a red-gold heavenly phoenix!

Mo Lin suddenly widened his eyes. That woman is the Sky-Cloud Empire's new princess consort—Shangguan Yue?!

At that moment, Mo Lin felt very complicated as countless doubts flashed across his mind. Didn't she just have her wedding with the Sky-Cloud Empire's His Grace, Rong Xiu? Why did she suddenly appear here? Besides, since she is here, then... Does it mean that Rong Xiu is here too?!

When did they come to Peach Blossom Dock? Why did the Black Sword Sect not receive any news at all?

Countless messy thoughts continuously flashed across his mind.

Mo Lin was even more flustered. The more uneasy thing is that Chu Liuyue seems to have come with a motive! Without speaking, she came here and directly brought the red-gold heavenly phoenix to Blue Peak. What exactly is she—

Rumble!

Just as the people from the Black Sword Sect came from all sides, planning to surround Chu Liuyue and trap her, that red-gold heavenly phoenix suddenly rushed toward the middle of the mountain!

Then, that woman flicked her wrist, and a dark-blue fire abruptly exploded from below the mountain rock and rushed toward the sky!

The exploding fire contained shocking strength and spread throughout the surroundings!

Mo Lin and the rest were the first to feel the impact. They were immediately forced to stop and rapidly retreat.

But some of the scorching sparks landed on Mo Lin and the rest, and they burned.

Seeing the many wounds suddenly appearing on his body, Mo Lin felt a mix of shock and anger, but even more horror and confusion.

He hurriedly looked up and saw that the red-gold heavenly phoenix had already rushed straight to the top!

A slim figure stood on its back.

The wind curled up her hair and the corner of her clothes as the pretty eyes contained harsh battle intent!

As if detecting Mo Lin's gaze, she suddenly turned around.

Even if they were a distance apart, Mo Lin still saw that pair of eyes clearly at this moment.

As black as gems and shining bright like stars!

Mo Lin's steps had a slight hesitation.

An indescribable heavy feeling of danger surged up his heart! He didn't know where this feeling came from, but it was intense!

The other party is clearly also a true god... Logically speaking, there is nothing to be afraid of. Even if she has the red-gold heavenly phoenix, we have so many people—

At this point, Chu Liuyue raised her hand again!

Rumble!

Another loud sound came!

On another position in the middle of the mountain, the second fire exploded!

Mo Lin's heart seemed to be harshly hammered. At this point, he suddenly realized that Chu Liuyue seemed to be able to control the fire on Blue Peak as and when she wished!

The fire that previously burned for a few days was extinguished with much difficulty and returned to below the cracked rocks.

Now that she suddenly took action, the fire actually appeared again, and its aura seemed to be even more shocking than before!

"Lord Mo Lin, this woman can control the fire on Blue Peak. I'm afraid she's not simple!" The others in the Black Sword Sect felt amiss when they saw the situation, and they all felt fearful.

They might not be clear of this woman's identity, but... they knew how terrifying Blue Peak's fire was!

So many people had already died previously, and they didn't want to follow in their footsteps!

Once they were fearful, their will to fight was greatly reduced. It was like this for the people in the Black Sword Sect—this even included Mo Lin.

Just from the two balls of fire that suddenly exploded just now, he could tell that Chu Liuyue's skills far exceeded the rumors! Additionally, she had the help of the red-gold heavenly phoenix...

It was more impossible for them to be her opponent.

"Seal Blue Peak! I want to see what she's planning to do!"

"Yes!" Upon hearing this, the crowd rapidly acknowledged the order.

They didn't go further up. They chose to stay in their positions and take action together!

Countless balls of force flew out in unison! They gathered in the air above Blue Peak!

The rich forces clashed harshly! Then, they actually formed a gigantic barrier that tried to trap Chu Liuyue within.

Chu Liuyue looked over, and her red lips curled up at a light angle. They want to stop me with this?

She straightened her back and held the Chi Xiao Sword tightly with two hands.

The rich force surged out of her dantian, and she inserted it into the bright sword body!

Coincidentally, I want to flip over this entire Peach Blossom Dock to take a look! Previously, I was still hesitating about how to do this silently. Since the Black Sword Sect and I have already fallen out, then... I will just take this chance to take action directly!

Chu Liuyue held her breath and harshly whipped out her sword! However, the sword wasn't pointing at Blue Peak but... the neighboring mountain peak!

Chapter 1884 Collapse!

The rainbow light shot to the sky!

The bright and shining glow from the sword, coupled with the domineering aura, cut through everything!

Crack!

A crisp cracking was heard!

!!

The moment the Black Sword Sect crowd set up the barrier, it immediately cracked! That barrier didn't stop the Chi Xiao Sword at all as it turned into countless rays of light and went in all directions!

Shoo!

Mo Lin and the rest felt the aftereffects, and their faces turned white. Following this, under their shocked gazes, that sword light precisely landed on the neighboring mountain peak!

Rumble!

The sound reverberated throughout the air!

A crack suddenly appeared on the tall mountain peak! At the same time, the wind howled crazily as countless pink peach blossom fell.

After that, a dark-blue fire suddenly rushed out from the mountain cracks!

...

This scene caused everyone present to be taken aback. As they were too shocked, the crowd completely fell into an eerie silence.

After a while, someone muttered, "Why... is there also fire emerging from the bottom of that mountain?"

The people from the Black Sword Sect knew very clearly that Blue Peak had secrets hidden underneath it, so the fire on the mountain was set on purpose. If not, Mo Yun wouldn't request for them to stay here the whole time and rather sacrifice a lot of them than give up on this place.

Almost everyone had a tacit understanding that a twist of fate was hidden under Blue Peak.

However, why did the neighboring mountains start to burn?

Does this mean that there is also something hidden below those mountains?

Mo Lin clenched his teeth silently. "Go back immediately! Report to the deputy sect master about this!"

At this point, even he didn't dare to guarantee what would happen in the future.

But before they could even move, they saw a person coming. It was Nan Yuxing, who followed Chu Liuyue the entire way!

...

The red-gold heavenly phoenix is really fast. Even though Nan Yuxing had already unleashed his full strength, he still could not catch up with her, and the distance between the two parties widened once again. This was also why he only rushed over now after Chu Liuyue had been here for a while.

But at this point, Nan Yuxing was confused by the scene before him.

Seeing the few balls of fire that suddenly exploded, shock flashed across Nan Yuxing's face. If I didn't see wrongly previously, that fire... seems to have been triggered by Chu Liuyue?! She just raised her hand, and this mountain peak suddenly had fires continuously bursting out! This fire is clearly different. How exactly did Chu Liuyue do this?

Nan Yuxing came to Peach Blossom Dock today. Hence, he didn't know what had happened on Blue Peak the past few days.

"You are..." Mo Lin noticed Nan Yuxing and immediately became alert. Legendary warrior!

Nan Yuxing glanced at him coldly, and his gaze paused on the embroidered pattern of two swords holding the moon on Mo Lin's chest for a moment. "You're from the Black Sword Sect?"

Mo Lin felt a little uncomfortable. Hearing this person's high and mighty tone, he seemed like he disregarded the Black Sword Sect.

"That's right. This is our territory. May I know why you came here?"

Nan Yuxing snorted out laughing. "Your territory? If this is really your territory, how can that Shangguan Yue do whatever she wants?!"

Mo Lin's face instantly became uglier.

"Besides, can't you tell what I'm here to do?" Nan Yuxing raised his sword and pointed at Chu Liuyue. "I came here today to kill her!"

At this point, Chu Liuyue had already flown to the second peak from Blue Peak with Tuan Zi.

She knew that Nan Yuxing had already caught up and that the people from the Black Sword Sect were staring at her. However, she did not care. This was because she had even more important tasks to do.

She jumped down from Tuan Zi's body.

At this point, they were standing on the opening that was just sliced open. Standing not far away was an intensely burning fire.

Chu Liuyue held her breath in and closed her eyes.

Tuan Zi guarded her by the side and surveyed the surroundings alertly.

...

Once he heard that Nan Yuxing came to kill Chu Liuyue, Mo Lin's expression became warmer. Seeing the other party's formation, it doesn't seem like he is lying.

Mo Lin knitted his brows tightly and thought to himself. Considering the current situation, even if these people join hands, they might not be able to stop that woman. But with this person's help, it will undoubtedly be easier for us. After all, he is a legendary warrior, and his combat skills aren't to be underestimated.

If I can get them to fight first...

"What is she doing?" Just as Mo Lin was thinking of how to take advantage of the chaos, he heard a voice filled with shock and doubt by his ears.

He instinctively followed the voice and saw that Chu Liuyue had closed her eyes after standing still on the mountain peak. It was as if she were waiting for something...

Mo Lin furrowed his brows even more tightly. At this time, what is the point of her doing that? Could it be... still related to the dark-blue fire?

He repeatedly thought about it but to no avail.

On the other end, Nan Yuxing couldn't be bothered. The fire is indeed strange, but it isn't enough to terrify me. Seeing her appearance, she is clearly planning something. If I don't take action now, when should I?

Without hesitation, Nan Yuxing went on his toes and rushed toward Chu Liuyue!

"What, are you finally not escaping?!" His voice was filled with unconcealable mockery. To him, it seemed like Chu Liuyue spent so much effort to run over and circulate those fires.

If she thinks that she can stop me with this, she is too naive!

Chu Liuyue's thick and long lashes trembled slightly, but she did not open her eyes. At this point, all her attention was on that fire. There should be...

There should be... Previously, I clearly felt that under this mountain peak—

"Go meet your maker!" Nan Yuxing had already flown to Chu Liuyue!

...

The surrounding Heaven and Earth Force crazily gathered on his longsword! The next moment, he held his sword and harshly flashed out!

Everywhere the sword passed, the air started crumbling!

The crumbling started spreading toward the sides with the duo in the center! At the same time, a dangerous aura rapidly attacked!

Mo Lin and the rest had a change in expression. "Quickly retreat!"

The air started collapsing toward the surroundings! However, Nan Yuxing didn't realize what had happened at this point.

His eyes were only on Chu Liuyue! He just wanted to settle her on the spot!

Tuan Zi flew up, her wings vibrating!

Hula!

A bright red-golden fire suddenly flew out and rapidly formed a gigantic barrier in front of Chu Liuyue!

Rumble!

The two forces slammed against each other harshly.

...

Nan Yuxing used his full force this time. After a temporary stalemate, there was actually a crack in the barrier!

At the same time, spatial turbulence started appearing in the surroundings and crushed the barrier the moment the collapsed air rushed out!

Chapter 1885 Again?

This scene finally made Nan Yuxing realize that the situation seemed amiss.

He quickly turned his gaze to take a glance.

In a short amount of time, black space cracks appeared everywhere. At this point, those cracks started interweaving slowly as strong turbulence kept surging out from within and started an intense battle.

The boundless chaotic force hit each other and caused the situation to be even worse.

That's not right...

Nan Yuxing frowned. I did not hold myself back when I took action previously, but even if a legendary warrior exerts their full strength, this sort of situation shouldn't happen... Besides, I'm a legendary warrior who has just broken through. This situation is indeed weird.

However, this thought just flashed across his mind before it was quickly drowned by vengeance. Now, he only wanted to kill Chu Liuyue to take revenge for Nan Yiyi!

As for the other matters... it wasn't too late to settle them after the incident was over!

...

Nan Yuxing was very proud.

Those few matters during that period of time impacted him greatly. Hence, his emotions were still in a very extreme state.

If he could calm down now and take a closer look at his surroundings, he would realize that the terrifying danger had silently come. It was a pity that the current him could not see or hear anything.

He didn't even care about Mo Lin and the others' strange retreat. He just wanted to kill Chu Liuyue!

After the barrier that Tuan Zi set up broke, the terrifying sword light went straight for Chu Liuyue's head!

The loose strands of hair before her forehead were blown by the wind.

Tuan Zi was on guard, and there seemed to be fire burning in her eyes!

Just as she planned to take action, she heard Chu Liuyue's voice sound from behind. "I found it!"

Tuan Zi turned around.

Chu Liuyue's eyes flew open! She lifted her bare hand, and a black shield suddenly appeared before her!

Nan Yuxing's heart skipped a beat. I previously saw how powerful Chu Liuyue's shield was. I wonder if this attack can break the black shield now that I have broken through to become a legendary warrior...

Suddenly, his gaze focused, and he saw that the black shield seemed different from before.

He took a closer look and realized that the rust had fallen off.

The shield—which was considered smooth before—immediately became uneven. It really looked a little shabby.

Nan Yuxing almost laughed out loud. "Shangguan Yue, I haven't seen you in a while, and your treasure is actually broken? Don't you have any other suitable Yuan instruments other than this?"

Chu Liuyue held the black shield in her hands tightly and looked up.

The two of them stared at each other.

Nan Yuxing clearly saw the clear, black gem-like eyes shining with a cunning light. This caused his heart to sink suddenly.

Chu Liuyue's red lips curled up slightly. "This... is enough to handle you!"

Once she said this, a ray of light suddenly flew out from the fire before her and went for that black shield! Almost at the same time, a piece of rust fell from the shield.

The ray of light rapidly repaired it.

Nan Yuxing was standing the closest but couldn't clearly see what that was.

When he reacted, he saw that something seemed to be sparkling on that black shield before it quickly dimmed.

That's... For some reason, he suddenly felt uneasy.

However, Chu Liuyue had already flown up and used the black shield to block her!

"Tuan Zi!"

Hearing the summon, Tuan Zi's wings shot up, and she flew behind Chu Liuyue.

The human and the fiend both hid behind that black shield.

Nan Yuxing forced a mocking smile. "It's just a scrap piece of metal—"

Boom!

Before he could finish his sentence, the two party's forces harshly slammed against each other!

A reverberating sound was heard!

Nan Yuxing even felt his ears whirl and his heart go numb!

However, an even more shocking scene happened the next moment. After that ray of sword light hit the black shield, it suddenly disappeared without a pause!

At that moment, sparks flew everywhere!

The strong retaliation caused Nan Yuxing's chest to vibrate, and he directly spat out a mouthful of blood.

"Shoo!"

His face instantly flushed white as he took half a step back unstably!

Even though it was only half a step, it was utter humiliation for Nan Yuxing! I actually... lost? With my cultivation as a legendary warrior, I actually lost to a true god!

He looked up, overwhelmed with shock and anger as he looked toward the black shield in Chu Liuyue's hands. What kind of Yuan instrument is it that can easily block my attack?!

Mo Lin and the rest—who were currently spectating—all fell into deep shock and couldn't speak for a long time. Even a legendary warrior like Nan Yuxing has ended up in such a state. If it were us... it would be even worse!

"...Lord Mo Lin, s-something seemed to have flown out of that fire?" After some time, someone finally spoke from behind with a trembling voice.

However, Mo Lin immediately perked up. Right! There was indeed something that flew out of that fire and landed on her shield! What was... that?!

Without waiting for him to think this through, Chu Liuyue had already turned toward the third peak.

Her figure was light and agile as her red skirt flew high. From afar, she looked like a ball of red fire that pranced between the dense mountains and forests.

...

Then, she raised her sword again!

Mo Lin suddenly realized something and widened his eyes in shock. She actually wants to continue slicing the mountains?!

Chapter 1886 As Long As She Wants

Chu Liuyue cleaved down again without hesitation.

The sword whirred, and the entire place shook!

The terrifying sword aura tore through the sky and slashed down!

Boom!

!!

They heard a loud sound, and the neighboring mountain peak was slashed again!

The originally sharp mountain peak had a neat crack sliced right through the top!

Rumble!

Following this, another ball of dark-blue fire exploded from within and rushed to the skies!

...

Nan Yuxing's eyes narrowed, and he instinctively felt that something was wrong.

The distant Mo Lin and the rest were even more traumatized. How could this be... How could this be?! Didn't they say that only Blue Peak had a shocking twist of fate hidden underneath? However, why are there also fires continuously emerging from the neighboring mountain peaks?!

Chu Liuyue just slashed twice, and the two mountains directly exploded, triggering two balls of fire!

The sword was very precise!

Great horror surged up Mo Lin's heart. He now faintly realized that Chu Liuyue came prepared!

Or she did it on purpose!

What is she doing? Slashing all of these mountain rocks and triggering all the fire below?!

Thinking about the previous fire and the faint item that flew to her shield, Mo Lin's head was numb.

He stared at the figure closely and felt that she was familiar. Suddenly, he widened his eyes! Could it be... she was the one who followed San San to Blue Peak that day?! If not, how could she easily trigger the fire on Blue Peak again? Even the fires under the other mountains—

It must be her... it must be her! At this point, Mo Lin finally realized! From start to end, these fires had a close relationship with Chu Liuyue! If it is like I think, then... the items buried under Blue Peak should've long been occupied by Chu Liuyue?!

Just as this thought surfaced in his mind, Mo Lin broke out into a cold sweat. "Wait here! I'll personally invite the deputy sect master over!"

As he spoke, he turned around and suddenly heard an ear-piercing sound come from afar.

The crowd looked over and was instantly stunned. That was because... a huge group of people was coming over!

To be more accurate, people from various parties were in a chaotic battle. Mo Yun was also one of them!

Mo Lin was about to go forward when he suddenly realized that the people Mo Yun was dealing with were very unfamiliar yet strong!

“Boss San is there too!” someone exclaimed.

Mo Lin looked over and furrowed his brows tightly. Not only is San San there... but he is even standing opposite Mo Lin and fighting him fiercely! It seems like they are stopping Mo Yun and the rest from coming over—

On the opposite end, there seemed to be an unfamiliar legendary warrior working with Mo Yun—

The scene was extremely chaotic.

Mo Lin and the rest were completely stunned. What exactly is going on?! We only stood guard here for two days. Why did so many things happen?!

Swoosh!

Rong Xiu whipped his sleeves, and a faintly golden barrier blocked Mo Yun and the rest outside!

Detecting the shocking suppression coming from it, Mo Yun was shocked and furious. This Rong Xiu... is too hard to handle! And that Cen Yi has completely exceeded my previous imagination!

Mo Yun’s gaze turned, looking past Rong Xiu and the others and at Blue Peak behind.

With this look, his heart instantly sank! The fire on Blue Peak has started burning! The key is that other than Blue Peak, the neighboring two peaks also have blue fires crazily burning in them! It seems like it was triggered from below after someone forcefully sliced the mountain rock!

Mo Yun’s gaze finally landed on the thin figure above the mountains.

She stood with the wind, holding a shield in her left hand and a sword with her right.

Her eyes were tightly closed; nobody knew what she was doing.

In front of her, a deep gully stretched on, and the burning fire jumped around like elves!

At this moment, countless thoughts flashed across Mo Yun’s heart. But without waiting for him to think clearly, he saw something suddenly fly out of the fire and go for Chu Liuyue!

Almost at the same time, Chu Liuyue abruptly opened her eyes and raised her black shield!

Whir!

That ray of light landed on the shield and shone! However, it was just for a moment, and the ray of light disappeared without a trace!

It was seemingly swallowed by that black shield, yet nothing seemed to happen.

How could it really be that nothing happened?!

Mo Yun's heart seemed to be harshly clutched at this point!

He was extremely intelligent. Just from what I saw, it has stated too many problems! She must be the reason why the barrier on Blue Peak suddenly disappeared that day and the fire gradually extinguished! The item below is probably...

However, the news previously stated that only Blue Peak was of interest. Why are the other mountain peaks—

With the large amount of incoming information, Mo Yun's mind was blank.

Right at this point, Chu Liuyue looked down at the shield in her hands. Just like she had expected, it became heavier after the rust peeled off.

After slashing two mountains, the hidden force summoned out had completely merged with this black shield.

The originally smooth shield became uneven. There were complicated and mysterious patterns vaguely seen at the shallow and deep places.

Chu Liuyue took a deep breath as she looked up. If I want to peel off the rust on the black shield completely, it will be a very long and arduous process. Additionally, the secret text on it can gradually be seen, and its force and suppression keeps strengthening.

I can still move it, but if this continues, even I'm not sure how long I can last...

She pressed her lips against each other and went to the next mountain!

...

...

Seeing Chu Liuyue moving the next moment, strong uneasiness surged into Mo Yun's heart. He could almost predict what Chu Liuyue was planning to do!

His stomach filled with anger was about to rush out of his chest!

Mo Yun's palm surged with force before he smacked a palm out! "Lingyun palm!"

A gigantic green-black palm froze in midair! Then, it rapidly went toward the barrier Rong Xiu set up!

The two forces started fighting and absorbing each other silently!

Ripples appeared on the barrier, but it didn't break and had high tenacity! On the other hand, Mo Yun's palm started reducing in strength due to the crazy struggle.

Mo Yun looked on anxiously. If we faced each other head-on, I really don't have confidence in taking Rong Xiu down! However, time is of the essence! If I continue letting Chu Liuyue do this, the consequences will be unimaginable!

"Rong Xiu, do you know what she's doing?! If she ruins this entire Peach Blossom Dock, you—?!" Mo Yun yelled at the top of his lungs as his face flashed green!

Rong Xiu raised his sharp brows slightly. "As long as she wants to do it, I'll let her. It's just a Peach Blossom Dock. If it's ruined, I'll take responsibility for it!"

...

#### Chapter 1887 Blood Tribute

His clean face was calm and composed as if he didn't even take this incident to heart.

In his eyes, rays of light swirled around, and one could only see his love and doting for that person. It seemed as though he would spoil her even if she ruined everything here.

Mo Yun was so angry that he couldn't speak, and his entire body trembled. These two people... These two people are too presumptuous!

"Rong Xiu, don't blame me for not reminding you! This is Peach Blossom Dock! Once she does anything out of line, the entire Peach Blossom Dock will have to go down with her!"

!!

The surrounding space had already started collapsing rapidly at an uncontrollable speed! It wasn't that Mo Yun hadn't seen such a situation before, but he hadn't experienced such a serious one.

Rong Xiu raised his eyebrows slightly. "I really couldn't tell that you care about this, Deputy Sect Master Mo. For the past one or two years, many people seem to have died in your Black Sword Sect's hands. If you really care about the world and everyone, Deputy Sect Master Mo, why don't you harm fewer people? I believe that will be more effective."

"You!" Mo Yun was rendered speechless by Rong Xiu's words.

Of course, he didn't care about the life and death of Peach Blossom Dock's people. He was just worried that Chu Liuyue would occupy the item that they had been bitterly searching for so long all for herself!

However, he naturally couldn't say this out loud. Mo Yun could only be anxious here.

At the side, Luo Yan had a tense expression, and a thought popped up in his mind. Mo Yun clearly has another reason for being so worried. Could it be... the fires on the mountains?

He looked over, and even with the barrier in between, he could see Nan Yuxing's slightly crouched back.

It seems like he is injured... Luo Yan couldn't help but furrow his brows. Nan Yuxing is already a legendary warrior. Why can't he even beat Chu Liuyue, a true god? Could it be that Chu Liuyue has strengthened herself in such a short period of time?

Just as the two parties were in a stalemate, some people rushed over again.

These auras were rather familiar.

Luo Yan's heart tingled as he hurriedly turned around. He was instantly elated.

The few people that chased over were the Nan family people that came to this place with them! Behind them were a few people from the Black Sword Sect.

However, Luo Yan very quickly realized that the number of people wasn't right. There were originally eight elders, but only four are here.

Strong uneasiness crept up Luo Yan's heart, and he immediately went forward.

When he was near, he saw that these few people had messy bloodstains. It seemed like they had experienced a tough battle.

"Why is it only the four of you? Where are the remaining people?" asked Luo Yan anxiously.

The few elders exchanged glances and looked defeated. "Those few people are all..."

Half of Luo Yan's heart turned cold. The four that are still alive are all legendary warriors. If they couldn't even save them...

He could not help but say, "Why is this so? Judging from their abilities, they're definitely not your match!"

The 'they' he was referring to was naturally San San and the rest.

When he and Mo Yun previously went in pursuit, Rong Xiu and Cen Yi quickly caught up. The remaining San San and the others only came after a while.

At that time, he still thought that they had used some methods to temporarily stop the people from the Black Sword Sect and the Nan family. Who knew... they would take so many people's lives?!

An elder said with difficulty, "Luo Yan, you don't know, but... those people from Yue Manor have very strong array formations!

Individually, these people from Yue Manor were indeed not the match of these legendary warriors. However, who knew that their bunch of people had already thought of a plan since the start?

After Rong Xiu and the rest left, they immediately set up a Xuan formation without thinking!

That formation was very strange. They and the people from the Black Sword Sect worked together and solved it with much difficulty, but correspondingly, they also made a huge sacrifice.

It was also the same for the Black Sword Sect.

Additionally, as they didn't have many legendary warriors, even more people were injured. All in all, it was a bloody battle for them.

However, the most infuriating thing was that they were trapped in the array formation, while San San and others—who set up the formation—passed the Xuan formation to the subordinates in Yue Manor and directly left! This was also why San San and the rest rushed over so much earlier.

In other words, San San and the rest had killed off half of them without much effort!

Hearing this, Luo Yan was shocked and angered. At the same time, he had a hint of uncontrollable fear.

He could not help but turn around.

At this point, San San and the rest were standing beside Cen Yi and looked very obedient.

Seeing the people that pursued them later, San San couldn't help but snort. "Legendary warriors are indeed different. You came over so quickly?"

That sentence almost drove Luo Yan and the rest to their graves. Quick? How is it quick? With so many people dead so that we could forcefully rush out of the array formation and come over... It is miserable!

San San's words undoubtedly poured salt over their wounds.

Luo Yan's chest heaved heavily, but at the same time, countless thoughts overwhelmed him. Seeing those people's appearance, they actually don't care about the legendary warriors.

Luo Yan wanted to curse out loud, but the intense bloody smell from the surrounding people caused it to be hard for him to breathe.

Didn't they say that these people came from outside the God Residence Realm? How are they also so strong?!

Luo Yan could not figure it out. There is no need to mention Rong Xiu. After all, he is a legendary warrior and comes from the Sky-Cloud Empire. His original blood talent was already famous for being strong. However... What about Chu Liuyue? Isn't she just a true god?!

And her accompaniment... They actually have such skills to cross over their original cultivation level! Why are all the people related to her so abnormal!?

On the other side, Mo Yun didn't have so many considerations. Seeing that the Black Sword Sect's people had caught up, he commanded without hesitation, "Everyone from the Black Sword Sect, listen! Set up the formation!"

"Yes!" With Mo Yun's command, the crowd didn't dare to disobey him as they immediately took action.

About dozens of people from the Black Sword Sect had rushed over, but it was still not enough for Mo Yun.

Chu Liuyue can directly slash the mountains and trigger the dark-blue fire underneath, which proves that her skills are definitely much more shocking than rumored!

"Mo Lin!" Mo Yun looked up and hollered.

Mo Lin's heart skipped a beat, and he hurriedly showed his existence. "Here!"

Without waiting for Mo Yun's instructions, he knew what to do.

"Everyone, follow us!" Mo Lin raised his hand and immediately brought the people behind him to rush toward Mo Yun!

Rong Xiu's barrier blocked them.

...

Seeing the faintly golden barrier, hesitation flashed across Mo Lin's face before it disappeared. The next moment, he directly whipped out his sword and cut his palm.

Whoosh!

Fresh blood flew out! Following this, a harsh force—coupled with blood—rushed out crazily!

“Blood Tribute Formation!”

Almost at the same time, the crowd behind him did the same thing!

Chapter 1888 Intent to Kill!

The intense bloody aura permeated throughout the air!

Countless forces gathered! Following this, the sky suddenly darkened.

Many clouds gathered from all sides!

The sky, which was originally considered clear, instantly became gloomy!

The winds howled continuously.

Boom!

A loud sound exploded in the thick clouds!

A silver snake-like lightning bolt appeared vaguely and quickly swam!

Rong Xiu looked up and squinted his phoenix-like eyes slightly. Being able to trigger the lightning in such a short period of time shows how formidable it was...

However, Thirteen suddenly thought of something and widened his eyes as he turned to look at Cen Yi. “Big Brother, isn’t this—”

Isn’t this exactly the same aura as the one I experienced when I went through the God Foreseeing Tribulation?

Although he was busy breaking through at that time, he still noticed his surroundings. That day, other than him triggering a few lightning bolts, the people from the Black Sword Sect had also triggered many lightning bolts nearby and caused a huge commotion.

At that time, he faintly felt that the lightning bolts that the two parties triggered were different, but he didn’t have the time to differentiate it.

But seeing this scene again, he immediately recognized that this was the same formation as that day.

A glimpse of cold light flashed across Cen Yi’s narrow eyes quickly.

He was also present that day. As an outsider, he saw it even more clearly.

He glanced at Thirteen and lightly shook his head, indicating to him not to worry.

The Black Sword Sect wants to trigger lightning bolts to attack Master. Their killing intent is too strong, causing them not to hide at all and directly take action!

...

At this point, Mo Yun really didn’t care that much.

In the past two years, Black Sword Sect would have an assessment every month. Every time, they would specifically choose a discreet place and start when they confirmed that nobody was spying on them.

Now, in front of so many eyes in broad daylight, they directly executed the Blood Tribute Formation. It would definitely attract quite a few people's attention.

However, they had no choice.

Seeing that Chu Liuyue still planned to continue slashing mountains, Mo Yun couldn't guarantee what would happen if he allowed her to continue. Hence, they could only bet now!

As long as we settle Chu Liuyue first, we can slowly deal with the remaining matters! Thinking of this, Mo Yun also cut his own left palm without hesitation!

Fresh blood flew out!

A terrifying force rushed out!

The people from the Black Sword Sect behind him naturally took action!

A boundless amount of blood gathered at the two sides of the golden barrier, and it formed a strange pattern—it was the Black Sword Sect totem, two swords holding the moon!

From afar, it seemed like Rong Xiu's barrier had divided this gigantic blood pattern into two!

The forces from two sides caused the barrier to shake violently!

Boom!

Finally, the first bolt of lightning suddenly struck! Almost at the same time, the shaking golden barrier suddenly shattered!

Thump!

In no time, rays of light went everywhere!

The terrifying force rushed to all sides!

The blood pattern on both sides started gathering toward the middle!

...

At this point, Chu Liuyue—who had reached another mountain—also detected this commotion.

She looked up and furrowed her brows slightly, annoyance flashing across her eyes. "They're really not stopping..."

The people from the Black Sword Sect have finally reacted and decided to go against me completely?

"Shangguan Yue, everyone wants your life now! I want to see how arrogant you can become!" Nan Yuxing looked up. When he realized that Black Sword Sect used such a huge formation to kill Chu Liuyue, he felt exhilarated.

Chu Liuyue glanced at him. “Loser, you still have the mood to be arrogant here? If I were you, I would be humiliated to lose to a cultivator that is one whole level lower than me.”

Nan Yuxing’s face instantly flushed to the color of pig lungs. “You!”

“Also, your Yuan meridian was previously broken. Logically speaking, it can’t completely heal. However, not only did you fully recover in such a short amount of time, but you even broke through to become a legendary warrior... Nan Yuxing, did you not think about how strange this was?”

Chu Liuyue’s questioning sounded like a joke to Nan Yuxing. “Hah! I can recover because I’m blessed! I had some expert to help me! Of course, someone as lowly as you would naturally not have the right to see or even hear of such a character!”

The corner of Chu Liuyue’s lips curled up, and she disregarded his mockery. “I haven’t seen such an expert before, but as a heavenly doctor... I have heard of a way that can rapidly turn a good-for-nothing into a genius. May I know if you’re interested in hearing it?”

Originally, Nan Yuxing didn’t want to talk so much nonsense with Chu Liuyue. However, the unknown smile on her face made his heart tremble for some reason.

“Who wants to hear your nonsense!?” he coldly scolded.

However, Chu Liuyue didn’t care about his attitude as she raised her brows and suddenly said, “Nan Yuxing, to be honest, when you dealt with me just now, I felt that your aura... is very familiar.”

Nan Yuxing sneered. “We’ve interacted before in the God Residence Realm. Isn’t it very normal for you to find it familiar?”

Chu Liuyue smiled. “When I say ‘familiar,’ I’m naturally not referring to your aura.”

Nan Yuxing’s heart suddenly skipped a beat!

Chu Liuyue continued asking, “Nan Yuxing, do you really not feel it at all? Your Yuan meridian... is clearly very different from your previous one. I don’t believe that you can’t detect this at all.”

...

Nan Yuxing’s legs suddenly turned jelly as he stepped back uncontrollably. His face became miserably pale. “W-what are you saying!? I don’t understand! Stop trying to trick people here! Shangguan Yue, you—”

“Am I tricking you, or are you refusing to see the truth... I’m afraid nobody knows it better than you, right?” Chu Liuyue interrupted Nan Yuxing, and every single word was like a sharp knife that stabbed his heart harshly!

“If I didn’t remember wrongly, even though Nan Yiyi’s tongue was cut, the Yuan meridian in her body is still complete... If someone took it out and put it in another person’s body to merge it, it’s not considered a waste—”

With every word Chu Liuyue said, Nan Yuxing’s face became paler by one shade.

His lips trembled, and he kept muttering to deny it. However, countless guesses overwhelmed his heart uncontrollably.

He did think of how he recovered his Yuan meridian. However, his father just said that he got an expert to help, and he just believed it without a doubt.

In actual fact... Did he really not have any doubts?

Of course, he did! However, that guess was too terrifying, so he completely didn't dare to think in that direction! He was just fixated on taking revenge for Nan Yiyi, as if doing so could ease his uneasy heart a little.

At this point, Chu Liuyue's words finally revealed the last layer! "Nan Yuxing, are you using your own younger sister's Yuan meridian well?"

Chapter 1889 Play As You Wish

Chu Liuyue's light sentence was like a poisonous sharp arrow that pierced into Nan Yuxing's heart!

He slowly moved a few steps back and almost couldn't stand stably!

"Y-you're talking nonsense!" he shouted harshly unconditionally. "What do you know? You don't know anything at all! How dare you spout nonsense!?"

As he was too agitated, his voice was especially hoarse and shrill as he stared straight at Chu Liuyue.

There seemed to be fire burning in his eyes. He looked like he wanted to kill Chu Liuyue on the spot, chew her meat, and bite on her bones!

The corners of Chu Liuyue's lips curled up, yet there was no smiling intent in her eyes and only icy coldness. "I was just asking you, and I didn't say anything. If it's fake, why are you so agitated? Nan Yuxing, why don't you ask yourself or your... good father about who killed your biological sister, Nan Yiyi!"

Nan Yuxing was about to break down. He wanted to ignore what Chu Liuyue said, but those words seemed maniacal as they kept echoing in his mind.

Countless doubts swarmed up his heart.

It wasn't that he was not suspicious... or that he wasn't doubtful... However, how would he dare to actually ask it? He didn't even dare to think about how his Yuan meridian recovered!

Rumble!

Just as Nan Yuxing was in a daze, the dark-blue fire below him suddenly formed a long whip and rushed up, tying him tightly!

Nan Yuxing was shocked and instinctively struggled! However, that fire suddenly exploded before him!

Hong hong hong!

At that moment, countless sparks flew everywhere!

The terrifying and scorching force kept attacking Nan Yuxing everywhere!

His figure was instantly surrounded by the exploding fire!

“Young Master!” When Luo Yan and the rest saw this scene, they called out in shock.

As they were a distance away, they couldn't clearly hear what Chu Liuyue and Nan Yuxing were saying. To them, the two of them were just talking when Chu Liuyue took action right after!

It was considered a sneak attack!

However, Nan Yuxing was a legendary warrior. Logically speaking, he should be able to avoid it!

What... just happened?

“Quick! Save Eldest Young Master!” Luo Yan commanded hurriedly as his figure moved toward Nan Yuxing simultaneously.

The four elders behind hurriedly followed.

But without waiting for them to reach, a shining bolt of lightning suddenly struck! The target was Chu Liuyue!

Feeling the impact from the lightning, Luo Yan and the rest were forced to stop.

When they saw where the lightning was landing, Luo Yan instantly widened his eyes in shock. Nan Yuxing isn't far away from Chu Liuyue. With this lightning attack, Nan Yuxing would definitely be impacted greatly!

He suddenly turned around and yelled at Mo Yun, “Deputy Sect Master Mo, my Nan family's Eldest Young Master is still there. How can you take action impulsively?!”

It was originally troublesome enough to be swallowed by that fire. If a lightning bolt is added to it... The consequences are unimaginable!

Upon hearing this, Mo Yun furrowed his brows coldly. “We want to kill Shangguan Yue! He had to squeeze over there, so who can he blame? Since he knows that he doesn't have the skills, he should get lost!”

Previously, Nan Yuxing had pursued Chu Liuyue for so long. In the end, not only did he not stop her, but he even let her slash all of these mountains!

Mo Yun was very upset about this! He really looked down on this so-called Nan family's Eldest Young Master. He seems like a legendary warrior, but his actual combat skills can't even compare to Chu Liuyue, a true god! Him standing there is just getting into everybody's way!

At this point, Mo Yun was also very sensitive and spoke very rudely.

In actual fact, even if Nan Yuxing died here, he wouldn't care at all.

Once he said this, the expressions of the few Nan family elders changed. We agreed on an alliance, yet he said such words! Then, what is the meaning of such an alliance!? Nan Yuxing is the Nan family's Eldest Young Master and Nan Yifan's only descendant currently!

Previously, he was injured and almost became a good-for-nothing. Nan Yifan put in a lot of effort to let him recover and break through to become a legendary warrior! If he dies here, we won't be able to explain it when we go back!

"Mo Yun, don't be overboard! We also want to kill that Shangguan Yue, but if you continue this, don't blame us for being rude!" Luo Yan also didn't want to fight with Mo Yun now, but the other party was stepping all over their heads!

Facing Luo Yan's threat, Mo Yun replied with a cold smile and did not even give him an additional look.

In actual fact, when he prepared to activate the Blood Tribute Formation, he was already determined to drag everyone here down! What does a mere Nan Yuxing count for?

To San San and the rest, this fight was a joke.

"I've really learned something today. Just a second ago, they said they wanted to ally, and they turned on each other the next... How exciting!" Wu Yao sighed emotionally.

Before they could even take action, the Black Sword Sect and Nan family fought each other. What a joke!

"That's normal. You don't have to care about it." San San waved his hands nonchalantly. These two factions originally didn't have any good intentions, so such an ending was expected.

"Big Brother, should we take action?" He looked at Cen Yi.

Cen Yi paused for a moment before gazing at Rong Xiu. "Your Highness, what do you..."

Rong Xiu looked up and glanced at Chu Liuyue; then, his thin lips curled up slightly. "No hurry. She hasn't played enough yet."

It's not too late to wait a while and let her play to her heart's content.

Chapter 1890 Chu Liuyue 1888: Intercept and Kill Chu Liuyue!

Cen Yi nodded.

When the remaining people heard this, they exchanged glances and couldn't help but look at their master.

At this point, she raised her hand and waved the sword again.

Rumble!

Another dark-blue fire emerged from the cracks beneath the mountain rock.

The fire jumped around, and more increasingly appeared. In the dark sky, they were like balls of dark, burning ghoulish fire that stained the thick, black clouds with a few hints of dark blue.

However, the slim figure was very agile as it jumped between the mountains like an elf.

Those fires seemed to obey her and danced around!

“Master is amazing!” Yu Jiu could not help but exclaim. “Just for that Blue Peak, the Black Sword Sect suffered so many injuries and deaths, However, Master doesn’t even care about it... Looking at what she’s doing, she’s really going to flip the entire Peach Blossom Dock over!”

“When Master takes action, it’s naturally not something someone ordinary can compare to.” Wu Yao stroked his chin and looked at the lightning continuously gathering in the sky.

Originally, he was still quite worried. But seeing that Big Brother and the others didn’t really seem to care about it... his heart settled down.

Shi Fang glanced at the few people and the continuously shattering void. He then rubbed his hands and softly muttered, “I said that Peach Blossom Dock’s void is chaotic. Now, it really seems like that’s the case...”

An intense battle just erupted, but it had already caused the void here to be chaotic.

The spatial turbulence crazily spread out... If the situation continued to worsen, it would not be good...

From the corner of his eye, Shi Fang saw that Thirteen looked calm. He couldn’t help but use his elbow to nudge the latter and softly ask, “Thirteen, are you not worried?”

“Worried about what?” Thirteen glanced at him strangely.

Shi Fang pouted. “This void... is probably going to collapse completely...”

“I know!” Thirteen nodded openly.

Even though his cultivation level couldn’t be compared to Big Brother and the rest, he had been beside them for many years and had seen and heard many things. Thus, he naturally had broader horizons.

He knew very clearly what this meant, but...

“Aren’t Master, Big Brother, and the rest here?” Thirteen’s eyeballs turned, and he coughed. “And... His Highness also seems quite strong...”

With so many people around, he really felt that there was nothing to be worried about.

“If she has no confidence, why would Master continue staying here?”

According to Master’s personality... she wouldn’t stay in an unsafe place for long!

Shi Fang was dazed for a moment. Then, he thought about it carefully and found that it made sense. “That’s true!”

No matter what, Master is experienced and definitely knows that this situation is severe. But in such a situation, she still chose to stay here... This can only prove that the situation is even more important to her!

Boom!

Another lightning bolt struck. It harshly struck Chu Liuyue!

Almost at the same time, Chu Liuyue jumped behind Tuan Zi!

Hula!

Tuan Zi's wings flapped as she rapidly flew to the next mountain!

The gigantic fire exploded on the mountain behind them! From afar, it looked like a phoenix was reborn!

...

"Damn it!" Mo Yun was infuriated. We've already activated the Blood Tribute Formation without a care, yet we can't do anything to Chu Liuyue! That red-gold heavenly phoenix is indeed too fast!

"Carry on!" Mo Yun commanded hoarsely at the top of his lungs.

Chu Liuyue tried to escape from his hands time and time again, which angered him!

He quickly circulated his inner force and activated the Blood Tribute Formation!

The gigantic blood totem was like a bloody sea that crossed half the sky!

The thick bloody aura quickly spread throughout the area, causing one to suffocate!

The harsh murderous intent overwhelmed them!

Hong long long!

The low and deep thunder rumbled in the clouds, and it struck the crowd's ears harshly! This caused one's heart to shake!

The many silver snake-like lightning bolts rapidly gathered in the sky and landed!

Hong hong hong!

The loud sound reverberated throughout this area!

The crazy winds howled angrily, and the void distorted even more crazily!

Chu Liuyue quickly looked back.

The black ink reflected the shining fire.

She lightly patted Tuan Zi's head.

Tuan Zi understood and rapidly stopped.

At this point, they stopped at the top of a mountain.

The many lightning bolts instantly appeared! The distance between the two parties was rapidly shortened!

Chu Liuyue looked up slightly and moved her wrist, but her feet didn't move as she looked up at the lightning bolt.

Her hair was already blown up by the crazy wind, dancing around in the air!

Upon seeing this, everyone was taken aback.

Mo Lin knitted his brows tightly, and he couldn't help but mutter, "Is she crazy?!"

At this point, she can't even escape in time, yet she just stopped?! Is she frightened silly, or does she know that she can't hide and swiftly gave up? But whichever one it is, this type of behavior is akin to courting death!

Mo Yun was first stunned before he coldly said, "It seems like she's really tired of living..."

Previously, I still thought that Chu Liuyue would try to avoid it more or less. Based on the abilities she showcased previously and with the help of Rong Xiu and the others present, she might be able to last for a while longer. But since she herself doesn't want to live... she can't blame anyone else!

Thinking of this, Mo Yun glanced at Rong Xiu and the rest. Doubts flashed across his cold, sinister eyes. Chu Liuyue is Rong Xiu's princess consort. According to the rumors, he dotes on this princess consort a lot. In order to marry her successfully, he didn't even care about offending the Sky-Cloud Empire's venerables and clan leader. Logically speaking, he should be very worried when he sees Chu Liuyue in such a precarious situation. But now that he's looking up, he doesn't seem worried at all?

And Cen Yi and the others at the side... They actually followed him and did not do anything? are they all foolish?

However, such confusion and doubts only flashed across Mo Yun's mind.

The lightning landed loudly and quickly snatched his attention away.

He turned around and placed his attention on Chu Liuyue again.

A bright and oppressive lightning bolt suddenly struck! It precisely landed on the mountain Chu Liuyue was on.

Crack!

A large crack appeared on the mountain body!

More than half of the mountain shook violently! At the same time, a dark-blue fire quickly surged out!

The lightning merged with the fire, and the forces of the two parties struggled intensely!

The figure that was as straight as a tree was also swallowed at this moment!

The corner of Mo Yun's lips curled up coldly. The lightning bolts triggered by the Blood Tribute Formation have extremely strong suppression and force! Even a legendary warrior has to face it carefully, let alone a true god like Chu Liuyue. This time... she has to die without a doubt!

But the next moment, a figure suddenly rushed out from the fire—it went straight to the skies!

Mo Yun's smile finally froze on his face!
