

The Doctor 1891

Chapter 1891 Came at the Right Time

That dark-blue fire surrounded Chu Liuyue, but it didn't harm her at all. It even became a force that blocked the majority of the lightning bolts!

She rushed out of the place where the fire intertwined almost unharmed! Following this, she rapidly flew toward Tuan Zi at top speed!

The violent force that surged around didn't slow her down at all.

Mo Yun was dazed and looked as if someone had harshly slapped him a few times! His face burned!

The light of the fire that rushed up to the sky from the mountaintop pricked one's eye, and they couldn't look at it directly.

Additionally, Mo Yun was deep in shock and didn't see a crystallized light flashing across the black shield in Chu Liuyue's hand.

At this very moment, his mind was almost blank. In the very beginning, it was fine because the lightning didn't hit Chu Liuyue. However, the previous bolt genuinely struck from the top of her head! Why is Chu Liuyue still safe?

It's that fire...

It's that fire!

A wave of realization suddenly struck Mo Yun! He understood everything! Chu Liuyue has indeed controlled the strange dark-blue fire underneath the mountain! The item hidden below... is definitely in her hands!

Mo Yun was infuriated! We've stayed here for close to two years and finally confirmed that there was something underneath Blue Peak with much difficulty. In the end, before we could take action, Chu Liuyue intercepted us! The more important thing is that when she took action, we then realized that it wasn't only Blue Peak... All the surrounding mountains are also related to that item!

After waiting for so long and suffering so many deaths and injuries, we lost to Chu Liuyue, who had just come to Peach Blossom Dock!

How could Mo Yun take this lying down?! He suddenly bit the tip of his tongue and spat out a mouthful of blood!

The Blood Tribute Formation in the sky suddenly started rumbling intensely!

A thick black mist could faintly be seen. However, it just appeared for one moment before it disappeared without a trace.

Rong Xiu seemed to have felt something, and he looked up.

That black mist had silently disappeared, and one couldn't see it. However, the cold and sinister aura still caused Rong Xiu to squint slightly. This aura is indeed familiar...

He retracted his gaze and looked at Mo Yun again with deep thoughts. Until now, Mo Yun hasn't truly used his own bloodline power when he attacked. He would rather cause great harm to himself and sacrifice his blood, yet his bloodline totem won't appear on his forehead. Interesting...

"Is the last name of the Black Sword Sect's Sect Master also Mo?" Rong Xiu suddenly asked lightly.

His voice was always cold and low, with a hint of irrefutable elegance. When one heard it, it caused them to automatically give the answer without restraint.

"Why do you—" Mo Yun instinctively said those words before he was suddenly alarmed! Rong Xiu is playing me!

He immediately kept quiet and swallowed his remaining words. However, this was an acquiesced admittance to Rong Xiu.

As expected... Rong Xiu's thin lips curled up slightly, yet coldness filled his eyes.

Previously, he had already felt that this Black Sword Sect was amiss, and it seemed related to that side. Now that he took advantage of the mess to test them, he immediately got the answer.

Seeing Rong Xiu's expression, Mo Yun secretly gritted his teeth. This man is very cunning and has many tricks up his sleeves! If he has really guessed something, it is expected. But... For some reason, other than the symbolic blocking, Rong Xiu didn't do anything else. It's as if he isn't worried about Chu Liuyue's safety and is just silently and calmly observing.

Is he too confident in Chu Liuyue, or does he have other preparations?

Mo Yun could not tell. After all, Rong Xiu's reputation outside was not easy to deal with.

Now, the most important thing is to kill Chu Liuyue! I definitely can't let her do whatever she wants here! Thinking of this, Mo Yun forcefully retracted his thoughts and poured all his force into the Blood Tribute Formation!

Hong long long!

It was even more magnificent than the previous aura, and a stronger bolt of lightning came down!

Almost half the sky was illuminated by this glow!

The target of those lightning bolts was Chu Liuyue!

...

"This Black Sword Sect is rather capable..." Chu Liuyue stood still on the peak of a mountain as she squinted slightly and looked at the nearby sky.

This formation was much bigger than the one they unintentionally bumped into when Thirteen was breaking through.

Even many legendary warriors might not be able to do this, let alone the fact that the number of legendary warriors in the Black Sword Sect could be counted. Including Mo Yun, the number of legendary warriors in the Black Sword Sect wasn't even as many as the Nan family.

However, Chu Liuyue was certain that even if all the legendary warriors in the Nan family took action together, they couldn't trigger a lightning phenomenon of such scale.

At the end of the day, the problem was still the so-called Blood Tribute Formation and the Black Sword Sect people. Besides, other than being able to trigger the lightning, they could control where it struck.

She purposely escaped left and right to test them. In the end, these lightning bolts could indeed strike at her!

Not many people had such skills. Hence, Chu Liuyue muttered.

But after realizing this, she wasn't scared at all as her eyes shone brightly, with a few hints of excitement.

"If this is true..." Then, that's great!

Tuan Zi glanced at her from the side. Seeing her being tempted, Tuan Zi was also excited as she waved her wings, and the red-golden fire burned even more intensely.

If Mo Yun and the rest saw Chu Liuyue's current expression and knew what she was thinking, they would feel that she was crazy. They had never seen someone so excited to be surrounded!

She was clearly at the brink of death, yet she didn't seem to care and was very excited and emotional. Wasn't that a problem?

Looking at the lightning bolt that was approaching, Chu Liuyue held the Chi Xiao Sword in her hands tightly. The next moment, the corner of her lips curled up slightly. "Tuan Zi, let's go!"

Before she could finish her sentence, Tuan Zi flapped up with her wings. She went to the depths of the forest!

"You want to escape? It's not that easy!" Mo Yun clenched his teeth.

Every single word was as though it was squeezed out from the gaps of the teeth.

Previously, she didn't think of escaping, but she wants to leave now... It is too late!

Then, under many stares, those many bolts of lightning struck continuously as if wanting to nail Chu Liuyue to the mountain peak!

The terrifying force formed invisible ripples that spread toward the surroundings!

At that moment, trees collapsed, and countless peach blossom flowers and jade-green leaves flew up!

The figure that contained the red-golden fire quickly zipped across! She threw all of those lightning bolts behind her!

Chapter 1892 Tip

Hong hong hong!

Many mountain peaks were affected.

The mountain bodies shook, and rocks fell!

The gigantic cracks intersected across the many mountains! Following this, many fires spurted out from those cracks!

The surrounding temperature was immediately elevated!

Very quickly, many rays of light flew out from the intensely burning fires! They combined with the countless lightning sparks and went to Chu Liuyue!

Bang! Bang! Bang!

The black shield blocked them from the front and stopped all the violent force. At the same time, more and more rust started to peel off!

Faint crystallized lights rapidly disappeared!

The mysterious text on the shield started revealing its original appearance bit by bit!

The terrifying impact quickly numbed Chu Liuyue's arm.

The black shield became increasingly heavy, adding onto her burden. Luckily, Tuan Zi was around, and it didn't reduce her speed by too much.

The human and the fiend flew around the forests. In no time, the entire mountain area was hit by the lightning.

At first glance, it was a sea of debris.

Many dark-blue fires burned on the mountaintops, and they almost illuminated half the sky!

A scorching aura came over! Even if they were still a distance away from the large fire, the crowd could still feel their faces burn!

It had a faint scorching feeling!

When Luo Yan saw this scene, he was shocked and furious as half his heart turned cold. Nan Yuxing is still trapped in that ball of fire and hasn't come out yet. I don't know how he is now...

He calmed down and was about to walk forward.

The few elders behind immediately stopped him. "Luo Yan, what are you doing?!"

Luo Yan knitted his brows. "Eldest Young Master is still trapped there! If we don't do anything, it will spell danger for him!"

The few elders exchanged glances.

Actually, how would they not know this? However...

"The current situation is too dangerous. If you suddenly go over, not only will you be of no help, but you will even sacrifice yourself! I think we should find other methods—"

"Other methods? Can you still think of other methods now?" questioned Luo Yan in return.

The elder that was convincing him kept quiet immediately.

The remaining few elders revealed an expression of being in difficult spots.

Luo Yan's gaze nonchalantly swept across the few of them. "You guys wait here. I'll go over personally!"

Nan Yuxing is Master's only descendant. When we came out today, Master had repeatedly instructed in secret to protect him. Now that Nan Yuxing is in danger and on the brink of death, how could I just ignore him? Even if I know that the road in front is dangerous, I have to go!

"We'll go too!" Another elder hesitated for a moment before immediately making a decision.

At this time, there was really no need to hesitate on this matter. Even if they knew that the area in front was dangerous and that their efforts might be futile, they had to do what they needed to. If not... If something really happened to Nan Yuxing, the consequences they had to face when they returned might not be any better.

"Okay! We'll go together! We might have a higher chance of winning!" The remaining few people hurriedly nodded.

Luo Yan glanced at the few of them and nodded. Then, he turned around and rushed toward where Nan Yuxing was trapped at!

The few elders exchanged glances and had complicated looks. But in the end, the few of them did not say anything and chose to follow.

...

At this point, the area where the mountain fire burned had largely expanded.

The nearer one was, the more one could feel the terrifying burn and scorch.

The burning dark-blue fire seemed like it wanted to completely burn the entire area as it jumped crazily!

Even though he was already a legendary warrior, Luo Yan still felt greatly threatened at this moment.

A normal barrier wouldn't be able to stop this heat wave, and because the surrounding void was gradually collapsing, the violent turbulence was chaotic, causing one to be unable to maintain a barrier for an extended period of time.

In no time, Luo Yan swiftly chose to give up on the barrier and went ahead at full speed.

He couldn't help but glance at Chu Liuyue.

That woman was standing on the back of the red-gold heavenly phoenix. Her clothes flowed with the wind, and her eyes sparkled.

There was no hint of fear on her face, only endless combat intent!

Meeting the determined and persistent gaze, Luo Yan's heart seemed to be heavily smashed. This woman... is really not afraid! Even if the mountain fire is currently blazing and the lightning keeps striking, she is still standing upright fearlessly! How would an average person have such guts and courage...

Other than this, Luo Yan also had a doubt. I'm just at the edge now, and I already feel the very uncomfortable burn from the fire. However, Chu Liuyue is in the middle of countless fires. How can she endure it?

This thought just flashed across Luo Yan's mind before he quickly suppressed it. That was because he didn't have too much time or energy to care about this. Now, he just wanted to save Nan Yuxing as soon as possible!

When he was a certain distance away, Luo Yan finally heard a faint and painful cry for help. His heart harshly skipped a beat. This voice is Nan Yuxing's!

"Yuxing? Yuxing?!" Luo Yan followed the source of the voice and rushed over.

He had a very high status in the Nan family and directly addressed Nan Yiyi and Nan Yuxing by their names in private. Even though he doted on Nan Yiyi the most, he still cared about Nan Yuxing very much.

Now that Nan Yiyi was gone, he cared about Nan Yuxing even more.

If something really happens to Nan Yuxing... Luo Yan took a deep breath.

A long crack appeared on the mountain beneath their feet.

The fire was burning intensely. One could faintly see a figure struggling within.

Luo Yan's heart rose. "Yuxing!"

Originally, he wanted to rush over. However, the fire was burning too intensely, and he couldn't get close to it.

After a moment of hesitation, Luo Yan formed a whip with his force and harshly sent it out!

Slap!

An ear-piercing sound was heard! The next moment, the long whip flew into the fire and tightly wrapped around Nan Yuxing's waist!

Luo Yan pulled with all his might!

A figure wrapped in fire flew out instantly!

At this point, Nan Yuxing had burn wounds all over, and his injuries were very serious.

He curled up on the floor and intensely trembled as his throat let out soft whimpers and moans. It seemed like he had no more strength to fight.

Luo Yan's heart tightened. With such injuries... Even if he survives, in the future, he is probably...

"Young Master!" When the other elders saw this scene, their faces all changed.

They did think that it was hard for Nan Yuxing to escape this ordeal, but the current situation still exceeded their predictions—

Luo Yan calmed down. "Extinguish the fire on Eldest Young Master first—"

Before he could finish his sentence, a bloody wound suddenly broke open on Nan Yuxing's arm!

Chapter 1893 Say the Truth!

That wound was about an inch long, and it was so deep that one could see the white bones.

Luo Yan's movement had a moment of hesitation.

Actually, this scene didn't count for much to him and the other elders, who were used to seeing life and death. The reason why they were so shocked was that this wound appeared too suddenly!

The previous moment, there was no outer disturbance, and Nan Yuxing's own physical body had no problem! Out of nowhere, why would a normal person have such a wound?

Then, without waiting for them to react, Nan Yuxing's other palm also had a similar wound!

Perhaps because he was burning in the fire for too long, but a large portion of his hands had already shriveled. However, the wound still appeared suddenly!

The contorted skin and muscles seemed to be cut open by something sharp. No fresh red blood dripped out, but it still felt very uneasy to watch.

"Luo Yan, this..." The few elders instinctively looked at Luo Yan.

Even though they were all elders, their statuses were lower than Luo Yan's. Hence, when something happened, they instinctively sought Luo Yan's opinion.

However, Luo Yan's mind was also in a mess! He stared at the two wounds on Nan Yuxing's body tightly, and his expression was terrifyingly deep.

With just one glance, he realized that these wounds meant that Nan Yuxing's own body had a problem! It seems like... it is very possible that the force in his body has already gone out of control!

A legendary warrior's body contained a large amount of force. Once they lost control of it, it would go maniacal in the body, and the consequences would be unimaginable!

Just as he was in deep thought, a wound appeared on Nan Yuxing's shoulders! Additionally, the wounds on his hands and arms were expanding at an observable speed!

Nan Yuxing curled up on the ground and had lost consciousness, continuously trembling at the same time. "S-save me..."

His face was seriously burned, and he couldn't open his eyes. Only the voices that kept entering his ears let him know that Luo Yan and the rest were beside him.

Nan Yuxing relied on his last bit of willpower to beg for help softly.

Luo Yan's heart was a mess as he knitted his brows tightly. Of course, I want to save Nan Yuxing! If not, I wouldn't have risked such great danger to come over! However... what should I do in such a situation?

Seeing that there were more and more wounds on Nan Yuxing's body, Luo Yan could only hurriedly extinguish the sparks on his body and planned to bring him back first.

But before he could even touch Nan Yuxing's body, he heard Nan Yuxing mutter, "Yiyi... S-sorry..."

Luo Yan stopped his actions and instinctively gazed at Nan Yuxing's face.

The seriously burned face couldn't be looked at anymore. However, Luo Yan heard the deep pain and guilt in Nan Yuxing's tone very clearly.

He was dazed for some time and did not move. Sorry? Why did Nan Yuxing suddenly say that? Is he blaming himself for not protecting Nan Yiyi well in the first place? But it doesn't sound like it... The tone... clearly sounds as if he has done something to wrong Nan Yiyi.

"Luo Yan? Luo Yan?"

Seeing that Luo Yan suddenly stopped and was motionless as if he were in deep thought, the few elders found it weird.

This voice caused Luo Yan to recover his senses. "...It's nothing."

He hurriedly acknowledged them and wanted to continue when he suddenly felt force seeping out of the wound on Nan Yuxing's body.

This force was very chaotic, but it contained an extremely familiar aura!

Luo Yan widened his eyes and stared at Nan Yuxing in shock. This aura... This aura!

Almost uncontrollably, he quickly reached out and grabbed Nan Yuxing's wrist.

"Hey... Luo Yan, what's the matter?" Luo Yan's expression was amiss, which caused the few elders at the side to be worried as well. He was clearly fine just now, so why did he suddenly...

But at this point, Luo Yan could no longer hear their voices.

He separated out some force and forcefully inserted it into Nan Yuxing's body.

As expected, the force in Nan Yuxing's body was a complete mess. But the key was... Luo Yan was clearly familiar with this force!

And that Yuan meridian...

Luo Yan's hand trembled slightly, and his entire face turned white as the veins on his forehead popped out.

Deep anger exuded from his body.

The few elders detected the danger as they exchanged glances and did not dare to ask further.

Well... Luo Yan rarely revealed such an expression, and they did not know what was wrong with him.

Just as they were filled with doubts, they saw Luo Yan let go of Nan Yuxing's wrist and suddenly grab the latter's neck!

"Luo Yan!"

"Young Master!"

This sudden scene caused the remaining elders to be taken aback, and they couldn't help but speak anxiously.

But at this point, Luo Yan's eyes were bloodshot, and his expression was contorted, looking very horrifying.

He stared at Nan Yuxing deadly and asked carefully, "Say it! How exactly did Yiyi die?!"

Once he said this, all the elders were stunned. W-why did Luo Yan suddenly ask Eldest Young Master this at this point? Could it be that Eldest Young Master has something to do with Nan Yiyi's death? But how is that possible?!

Nan Yuxing was originally in a half-dead, unconscious state. Now that Luo Yan frightened him, he became slightly more awake.

Facing Luo Yan's gaze, intense horror surged up his heart.

Nan Yuxing muttered almost reflexively, "I-I don't know..."

Thump!

Luo Yan suddenly took action, grabbing Nan Yuxing's neck and harshly slamming his head against the ground! "Say the truth!"

Chapter 1894 Drag Her Down?

Luo Yan was ruthless. This time, he directly smashed until Nan Yuxing's head broke open and fresh blood spurted everywhere!

Nan Yuxing's mind whirled, and his entire person almost directly fainted.

The few elders at the side were completely dazed. Well... Why did Luo Yan suddenly act so harshly? Nan Yuxing is the Eldest Young Master! If something happens to him, how should we explain it when they go back?

Luo Yan's attitude is also very strange. The previous moment, he disregarded his own safety and wanted to save him no matter what. In the end, for some reason, his attitude changed completely all of a sudden! Not only does he plan not to save Nan Yuxing, but he even wants to settle the latter directly?!

"Luo Yan, calm down!" An elder finally could not watch on any longer and spoke.

But he only just started speaking, and before he could finish his sentence, Luo Yan turned back and glanced at him.

This look was extremely cold! It was as if it contained deep anger and hatred!

That elder's heart skipped a beat, and his words were stuck in his throat. I have never seen Luo Yan in such a state...

In the entire Nan family, Luo Yan's skills were one of the top few. He also had a distinguished status, yet his personality was very nonchalant and calm.

He rarely interfered with any decisions in the Nan family and would only take action when it involved Nan Yiyi. This time, he suddenly did this...

Could it be that he believes that Nan Yiyi's death is really related to Nan Yuxing? But... how could that be? Nan Yuxing is Nan Yiyi's biological older brother!

Luo Yan retracted his gaze, grabbed the back of Nan Yuxing's neck, and forced him to raise his head. "Say it! What exactly is with your Yuan meridian?!"

Nan Yuxing's head turned cold. Luo Yan actually asked such a question... It seems like whatever Chu Liuyue said previously was true?

Nan Yuxing's mind was a mess. Additionally, as he was severely injured, he was overwhelmed and suddenly spat out a mouthful of blood.

However, he couldn't say a single word.

After receiving the confirmation, he was also defeated.

Seeing his reaction, what else did Luo Yan not understand?

He slowly tightened his hand, and deep murderous intent filled his eyes!

Everything that happened in the past flashed across his mind messily!

He always felt that Nan Yiyi's death was doubtful. However, as he was too depressed, and there was concrete evidence, he was convinced that the mysterious person he saw before he fainted came from the Sky-Cloud Empire. That was also why he hated Rong Xiu and Chu Liuyue to the core!

When Nan Yuxing suggested coming to Peach Blossom Dock to take revenge against them, he chose to agree without hesitation! However, he never expected... The true person that killed Nan Yiyi was someone else!

The Yuan meridian and force in Nan Yuxing's body was clearly Nan Yiyi's!

No wonder... No wonder he could return to normal in such a short period of time! He even recovered! It turned out everything was because he took Nan Yiyi's life!

When the truth was in front of him, everything before seemed amiss.

Now thinking about it, I should've detected that something was wrong earlier on! However, my eyes were clouded by revenge. How could I see these things? Only now—the truth is finally out!

Luo Yan suddenly laughed. He really felt that he was a joke and felt that Nan Yuxing was laughable. We all said they wanted to take revenge for Nan Yiyi, but in actual fact... We found the wrong person! This is especially so for Nan Yuxing, who is the pot calling the kettle black! What a joke!

The smiling face kept flashing before Luo Yan's eyes. His gaze turned cold inch by inch as he slowly tightened his hands.

Nan Yuxing detected danger and instinctively wanted to escape. However, his force was crazily surging around, and his organs were severely damaged. He didn't even have the strength to stand up, let alone do other things.

Hence, he could only breathe heavily and tremble to no avail.

Luo Yan had no expression on his face.

"Luo Yan..." The few elders also felt that his condition was very strange. Just as they wanted to convince him to stop, they heard a crisp, bone shattering sound.

Crack!

The few of them were taken aback!

Luo Yan directly broke off Nan Yuxing's neck—he took the latter's life!

Nan Yuxing's head tilted to the side, and his body trembled as he quickly lost his breath.

Dead silence.

Nobody expected Luo Yan to actually be so harsh! He killed Nan Yuxing without hesitation!

As they were too shocked, the few elders instinctively held their breaths as deep shock filled their eyes.

However, Luo Yan acted as if nothing had happened and stood up. He then raised his arm and flicked his wrist.

Nan Yuxing's corpse was thrown by him into the blazing fire! In the blink of an eye, it was completely swallowed!

The entire process was very smooth, and Luo Yan had no hesitation at all! Then, he turned around and looked at the remaining few people.

His gaze had a sinister coldness that never appeared before. "Eldest Young Master couldn't win against Shangguan Yue, and he unfortunately sacrificed himself in the fire."

The few elders all understood that this was a command.

Luo Yan killed the Eldest Young Master in front of us, yet he openly and calmly said that Shangguan Yue did it?!

"Y-yes... We will take revenge for Eldest Young Master!" One of the elders reacted first and spoke weakly with a pale face.

Luo Yan nodded in satisfaction. "For Eldest Young Master, we will do anything. Today, even if we have to sacrifice our lives, we will do it! What do you guys think?"

How else can we think? You've already made yourself very clear. What else can other people say to retort?

The few elders nodded stiffly. Even if they were very experienced, it was their first time going through such an incident...

Luo Yan nodded. "Whoever kills Shangguan Yue is an important person in the Nan family."

...

From afar, Chu Liuyue—who had just avoided a bolt of lightning—also detected the situation here as she squinted dangerously. Luo Yan actually killed Nan Yuxing personally, yet he planned to push the blame to me?

Her red lips parted slightly and revealed an extremely cold smile.

She wasn't shocked that Luo Yan would kill Nan Yuxing; she could long tell that Luo Yan had a different attitude toward Nan Yiyi. Even though he hid it extremely well, there were some things that a sharp-eyed person could tell at one glance. However... she wasn't very happy about him wanting to drag her down.

Chapter 1895 Attempting Something Dangerous

As if detecting her gaze, Luo Yan suddenly looked up.

The two of them were quite far apart, but at this moment, the two parties' eyes looked at each other.

They could see the overwhelming emotions in the other party's eyes!

Chu Liuyue raised her eyebrows slightly. "Luo Yan, Nan Yuxing died in your hands. Everyone saw it clearly. You pushed the blame on me for no reason. It's... too unreasonable, right?"

Luo Yan's gaze turned icy cold. "Yuxing's injury was caused by you, and he ultimately died in this strange fire. What's wrong with saying that you killed him?"

Chu Liuyue laughed.

When she heard what Luo Yan said previously and knew of his plan, Chu Liuyue understood that this person had become maniacal. There was no point in talking to him further.

Nan Yuxing was Nan Yifan's only son. To save Nan Yuxing, Nan Yifan was even willing to sacrifice his other daughter's life! This shows how highly he thinks of Nan Yuxing as his only descendant! Now, Nan Yuxing is dead.

Whoever killed him will become Nan Yifan's lifelong enemy! Offending Nan Yifan in this manner is undoubtedly offending the entire Nan family. Nobody wants to bear such serious consequences.

Luo Yan dared to do this in broad daylight because he is certain that the few elders won't dare to spread this matter. Besides, one side is his own people, and the other is an enemy that already has a grudge against him. Who would Nan Yifan believe?

The answer is obvious.

Boom!

Another lightning bolt struck.

This bolt of lightning had even stronger suppression! It almost tore the dark clouds gathered in the sky!

Chu Liuyue looked up. "You came at the right time!"

She thought, and Tuan Zi instantly understood as she flapped her wings and flew up.

This time, Tuan Zi went for the mountain further away.

Chu Liuyue looked down at the black shield in her hand.

After the previous battle, dozens of rust pieces had already fallen off. This was much more efficient than before, but it was only one-tenth of the entire shield.

She could see the mysterious text gradually showing itself.

Even though she could only see the tip of the iceberg, Chu Liuyue had a strong feeling that when the rust completely peeled off, it would be incredible!

A faint crystallized light could be seen around the black shield.

Suddenly, a sharp sound came from the front!

Chu Liuyue suddenly looked up!

Not far away, the void started collapsing at an observable speed!

The half of the mountain nearby was affected by the impact of the turbulence, and the mountain body started shaking.

A few mountain rocks started rolling toward the strange darkness.

A terrifying suction force came from within—it was as if it wanted to swallow everything whole!

Chu Liuyue's heart tightened!

The force of the void in Peach Blossom Dock was chaotic to begin with, and it was easy to collapse. Now that such an intense battle happened, it was normal for such a situation to happen as the terrifying forces were torturous.

However, the speed of the collapse still exceeded Chu Liuyue's previous prediction.

She knitted her brows slightly and planned to get Tuan Zi to change her direction. But at this moment, a slight whirl suddenly came from the black shield!

Chu Liuyue's heart jumped!

The black shield's reaction proved that there was an extremely important force below the mountain there!

She had to go over!

Tuan Zi turned around and glanced at her.

Chu Liuyue squinted slightly; then, she stood up and jumped!

She rushed to that mountain alone!

Almost at the same time, shocking suction forces surrounded her from all sides!

The moment her feet landed on that mountain, her figure dropped! In the blink of an eye, she disappeared into the space that had collapsed!

Rong Xiu's gaze sank. "Yue'er!"

Chapter 1896 Rong Xiu Takes Action

With a thought, his figure disappeared from the spot!

"Master!" Thirteen and the rest began to be anxious.

They wanted to move, but Cen Yi stopped them. "Let's wait and see."

Cen Yi's words were brief.

Looking at the terrifying scene, Wu Yao couldn't help but ask, "Big Brother, at this time, are we still not doing anything?"

Master's situation seems very dangerous!

"Yeah! The void keeps collapsing. In no time, I'm afraid the entire Peach Blossom Dock will—" Yu Jiu held the wooden sword in his hand tightly and was very anxious.

Cen Yi's expression was as calm as in the beginning. "If you go over now, you'll just cause more trouble for Master. It's better if you just stay here."

Wu Yao and the rest were very conflicted.

On the one hand, they were worried about their master. On the other hand, they also believed Big Brother.

Seeing Cen Yi's appearance, it seems like... we really don't need to be worried?

"Sigh, just don't worry! I don't dare to talk about anything else, but this... Master will be fine!" At the side, San San convinced them. I have personally seen the power of Master and that black shield. That day, she almost directly burned my small space! Although the fires near the mountains look scary, if one thinks about it more, weren't they triggered by Master?

San San had already vaguely guessed that his master was looking for something.

From the very beginning, she purposely ran over and used the Black Sword Sect's so-called Blood Tribute Formation to trigger the lightning and directly slash the mountain... Hasn't everything long been arranged by Master?

Rong Xiu's previous reaction is clearly his cooperation with Master!

"The force in Peach Blossom Dock space was chaotic in the first place. Once a problem occurs, such a situation will occur. However, it will normally subside on its own after a short while. Besides, Master has many trump cards. Such a small commotion isn't enough to hurt her, so don't worry about it at all!"

Even though San San spent most of his time and energy doing business, he was still very reliable at key moments.

Now, other than Cen Yi, he had the highest status amongst the Thirteen Yue Guard.

Hearing him say this, Wu Yao and the rest exchanged glances. Even if they could still see the worry in the other party's eyes, they didn't say anything in the end and just agreed.

"Look!" Thirteen suddenly gasped and attracted their attention.

The few pairs of eyes looked over.

At this point, Rong Xiu's figure suddenly appeared above a mountain peak far away.

The wind blew up his snow-white sleeves, and he looked like a deity.

A golden fire suddenly emerged from his palm and formed countless sparks before they spread around! From afar, it looked like a barrier and a gigantic web.

"Join!" His low and clear voice echoed throughout this dark area.

When he said that, the space that kept collapsing froze suddenly!

The black cracks seemed to be covered by a gigantic web formed by those golden sparks, and the void stopped collapsing!

At this moment, the scene seemed to be frozen. Time and space seemed to have stopped moving.

Everyone present was taken aback when they saw this scene!

The collapsing void was caused by the impact of external forces slashing at each other, and it wasn't something humans could control. If not, Peach Blossom Dock wouldn't stay unoccupied for so many years.

But now that Rong Xiu had taken action, he directly froze the collapsing void and forcefully suppressed the space turbulence. This was totally—

"How is that possible!?" Mo Yun widened his eyes, which were filled with shock!

A moment ago, he was still secretly happy when he saw Chu Liuyue's figure being swallowed by the void.

He had been here for quite some time and had seen similar scenarios quite a few times before. No matter who it was, their outcome would be miserable once they were dragged in. They would most likely be injured, if not dead!

It would be best if Chu Liuyue could directly die inside. If she doesn't and forcefully escapes, she will be on the brink of death. At that time, we can do anything to her. We can decide if we want to kill her or scrape her skin!

However, who knew that Rong Xiu—who had been standing by the side the whole time—would suddenly take action!? Besides... he was actually so strong!

Seeing the tall and straight figure in the air, unknown terror suddenly flashed across Mo Yun's heart.

One had to know that he might not even be able to do that! However, Rong Xiu just raised his hand slightly and did it easily!

He didn't seem to use effort at all!

Mo Yun had quite a few rumors about Rong Xiu, so he knew that this man wasn't easy to deal with. However, he did not expect the latter to be so heaven-defying!

Such skills had long exceeded an ordinary legendary warrior!

...

On the other end, Luo Yan and the rest—who planned to pursue—saw this scene and stopped on the spot with complicated expressions.

"Forcefully freezing the collapsing space... How exactly did Rong Xiu do it?" an elder said incredulously and almost couldn't believe what he saw.

They were also legendary warriors, but they knew that they wouldn't be able to do this if they took action!

"Since he's so strong, why didn't he take action the whole time? If we went head-on against him, it would've been... a tough battle!" The other elder was also very worried.

Previously, they placed all their attention on Chu Liuyue and didn't quite care about the others. But when Rong Xiu took action, they finally realized that something was amiss.

Since he was so strong, why did he just watch on? Was it on purpose? Was he too confident in Chu Liuyue, or... was there another reason?

They didn't understand such things, and they felt increasingly anxious.

Besides, the skills Rong Xiu just showcased had long exceeded their previous expectations!

Luo Yan stared at Rong Xiu's figure tightly and gradually clenched his fists. If Rong Xiu stops me, then... it would be harder to execute the plan.

Now, he faintly realized why Nan Yifan was so fearful of Rong Xiu...

Boom!

The Blood Tribute Formation hovered in midair, and the blood aura rose to the sky as the crazy force went around. At the same time, the lightning kept striking!

Chapter 1897 Affect

The next moment, Chu Liuyue's figure rushed out from the void while covered in sparkling gold!

The crowd immediately looked over.

That woman decked in red floated with black hair and snow-white skin as her eyes sparkled.

Her eyes had intense combat intent.

She was unharmed!

At that moment, the crowd had varying reactions.

The Thirteen Yue Guards naturally heaved a sigh of relief.

However, the people from the Black Sword Sect and the Nan family had dark expressions. It's fine if Rong Xiu is so heaven-defying, but why is Chu Liuyue—a true god—also so formidable?! Even a legendary warrior might not be able to rush out of the collapsing void unharmed. Why can she—

The key is that the place where Chu Liuyue was swallowed and where she rushed out is different! There is a large gully in between!

"T-this... Why does it seem like Rong Xiu knew where she would come out from and purposely went there early to wait?"

"That's impossible, right? Who can guess such a thing accurately? Who doesn't know that once somebody enters the void, even the cultivator themselves won't know where they will be sent to, let alone Rong Xiu?"

"But this situation... does seem amiss..." The few elders from the Nan family muttered softly.

Luo Yan did not speak, but his expression became increasingly ugly.

The more the other party was like this, the more it proved that they were hard to handle...

He looked up.

The Blood Tribute Formation was still circulating.

People from the Black Sword Sect were rushing over and kept joining. This caused the Blood Tribute Formation force to become increasingly stronger.

But...

The lightning suddenly struck, almost causing the many mountains to be destroyed, but Chu Liuyue was still safe!

This couple is really weird!

Screech!

Tuan Zi shrieked and drew a red-golden ray of light in midair as she flew toward Chu Liuyue.

The crowd had mixed feelings.

In the beginning, they still thought that Chu Liuyue completely relied on the red-gold heavenly phoenix to be able to avoid so many attacks. However, everything that just happened gave them a harsh slap!

Even if Chu Liuyue used her own force, she could still go around with ease!

"Rong Xiu!" Coming out from the chaotic void and struggling out of the darkness, Chu Liuyue finally heaved a sigh of relief.

When the familiar, demonically handsome face entered her eyes, she instantly felt much more at ease.

Rong Xiu reached out toward her. "Yue'er, come over."

Chu Liuyue walked up.

Ka!

A crisp shatter was suddenly heard!

Chu Liuyue was stunned and rapidly looked up!

The void that Rong Xiu forcefully froze cracked!

Rong Xiu squinted slightly and immediately went forward to hold Chu Liuyue's hand, bringing her into his arms! The next moment, he turned around.

The frozen void finally struggled out of the golden web and started collapsing again!

Countless golden sparks dispersed!

The terrifying force rushed to the surroundings!

Rong Xiu moved his feet and shifted Chu Liuyue to another location!

Tuan Zi followed closely, and her wings vibrated, leaving behind a fire that blocked the force outside!

Even though she couldn't completely stop the violent force, it eventually gave Rong Xiu and Chu Liuyue enough time to leave.

The loud sound entered their ears.

Chu Liuyue leaned in Rong Xiu's arms and looked behind them over his shoulders.

The void collapsed even more intensely!

More and more darkness spread throughout the area!

Chu Liuyue's heart suddenly tightened. Rong Xiu's force could only temporarily suppress a small portion. But judging by the current scene, the entire Peach Blossom Dock will be implicated!

Chapter 1898 The Second Hit!

"How is it?" Rong Xiu softly asked the person in his arms.

Chu Liuyue retracted her gaze.

The two of them stared at each other.

She nodded lightly. "Everything went smoothly."

!!

They had a telepathic connection, so he naturally knew what she was planning to do without any additional words.

"That's great." Rong Xiu's lips curved up slightly. Even though she isn't injured, she must be exhausted after multiple rounds of explosion.

If she went through so much and didn't get anything in the end, one would be infuriated. Luckily, she always knows what she is doing.

It is the same this time.

"Do you want to continue?" Rong Xiu asked as he looked down slightly and glanced at the black shield in her hands.

Only a small portion of rust was left on it. One could faintly see the light wrapped on it.

The mysterious text carved on it was gradually showing its original appearance.

Chu Liuyue nodded then knitted her brows slightly. "But there's no more here. I have to change to another place."

The chance was rare, so they naturally had to continue. However, she had already tested this entire place once.

There was nothing she needed underneath those remaining mountain peaks. Hence, she had to continue fighting this battle but switch to another place.

Rong Xiu nodded. He looked calm, composed, and unsurprised. "Let's change then."

Peach Blossom Dock was big, and this was only a corner of it.

When Chu Liuyue previously said that she would flip the entire Peach Blossom Dock once, he had already expected such a situation to happen.

Chu Liuyue nodded and looked at the black shield in her hand again.

As the rust on it peeled off, the item slowly became heavier.

Chu Liuyue found it rather effortful to hold it with one hand.

She started urging the force in her body to reduce this suppressive feeling. However, this move exhausted quite a bit of her force. Luckily, she always had rich savings of force in her dantian, so it wasn't a problem to deal with this for now.

However, she wondered what it would be like at the end...

Chu Liuyue quickly retracted her thoughts.

She walked out of Rong Xiu's arms. "Let's do things respectively."

Rong Xiu knew that she had other plans and didn't ask further as he squeezed her hand. "Be careful. I'll accompany you."

Chu Liuyue's heart warmed, and she held his hand back.

The dry and warm hand transmitted a nice warmth that reassured her.

Without saying anything, she glanced at Rong Xiu deeply with sparkling eyes. With Rong Xiu around, I can always be at ease.

The two of them looked at each other for a moment. Then, Chu Liuyue turned around, went on her toes, and rushed forward!

Tuan Zi followed closely behind.

The human and the fiend's figures quickly left.

Rong Xiu chose another direction and slowly followed them after moving a distance from them.

...

Everyone was stunned. What are these two people doing? Since Rong Xiu has taken her out, why did he let Chu Liuyue leave alone again? The force is chaotic in all directions. Is he not worried at all?

The people from the Black Sword Sect and the Nan family were stunned. They couldn't figure out what exactly Rong Xiu and Chu Liuyue's motive was in doing this!

The Thirteen Yue Guard was first stunned, but they quickly accepted it. It seems like Master willingly chose this. Then, there is nothing much to worry about.

Cen Yi's figure moved. "Keep up."

"Yes!" With his command, San San and the rest immediately acknowledged him and followed.

They didn't care what their master wanted to do. They only knew that they had to follow their master no matter what.

...

Everything happened too quickly. When the remaining people reacted, the Thirteen Yue Guard had already followed Chu Liuyue and Rong Xiu and left.

Seeing their figures departing further and further, Mo Yun and the rest finally recovered their senses.

"Deputy Sect Master, they're going to run away!" someone anxiously said.

Mo Yun's face seemed to be covered in a thick layer of ice, and he was icy and stiff. His pair of red eyes seemed to have murderous intent flowing out of it! Of course, I can tell this! However, the key is: where exactly are they heading? No, what I should ask is: what is Chu Liuyue planning to do!?

The two of them seemed to have talked earlier, but it's a pity I was a distance away and couldn't hear it clearly. But judging from the later reaction, it isn't hard to guess that... it should be Chu Liuyue's idea for them to leave respectively. She hasn't suffered enough here and still wants to go somewhere further?

"Activate the second phase of the Blood Tribute Formation!" Without hesitation, Mo Yun commanded them with a boom. Anyway, I have to kill this person today!

When the people from the Black Sword Sect heard it, they seemed hesitant.

Mo Lin hesitated for a moment before saying, "Deputy Sect Master, the Blood Tribute Formation has great power, and it uses up a shocking amount of everyone's force. If we activate the second phase, it will definitely cause greater chaos. I'm afraid it would be hard to catch them then..."

Mo Yun glanced at him with a cold smile. "Mo Lin, you're so gutsy now. You actually dare to disobey my command?"

Mo Lin's face flushed white as he hurriedly explained, "Deputy Sect Master, I don't have such intentions! I just feel that this Blood Tribute Formation... doesn't seem to have much use on Shangguan Yue..."

The dozens of people that came here from the Black Sword Sect had already taken action.

The lightning bolts they summoned were quite scary. If not, they wouldn't have been able to destroy these mountains to this state in such a short period of time.

But what about Chu Liuyue? She was unharmed!

She clearly had a very strong trump card that could allow her to face such a terrifying attack easily!

...

If one activated the second phase of the Blood Tribute Formation, they would require an even larger amount of force to sustain it! In that case, they might not be able to do anything to Chu Liuyue, but it would spell danger for the people in the Black Sword Sect.

Others might not know it clearly, but Mo Lin was in the Black Sword Sect and knew things!

The reason why the Blood Tribute Formation was so strong and could explode in force that was multiple times of everyone's combined... was that once the formation was activated, it could crazily steal and absorb the energy and blood aura of the people who activated the formation!

If it was minor, they would be injured, and their future and longevity would be harmed. If it was serious, they would die!

The frozen smile on Mo Yun's face gradually faded. What replaced it was unconcealable anger and murderous intent!

"Then... Do you have a better method?" asked Mo Yun extremely coldly.

Detecting that his surrounding aura was amiss, all the blood in Mo Lin seemed to have stopped flowing. "No... I-I'm useless..."

Whoosh!

Before he even finished his sentence, Mo Yun had already taken action.

Force mixed with black and red emerged from his palm! It formed a long whip that went around Mo Lin's neck tightly!

Mo Yun then flung his wrist, and Mo Lin's body flew to the gigantic Blood Tribute Formation uncontrollably!

...

At that moment, that figure was swallowed by the tumultuous bloody aura!

Chapter 1899 She's Going to Destroy the Peach Blossom Dock!

Mo Lin just let out a hurried and short cry before he rapidly lost his breath.

Very quickly, the bloody aura faded and a set of bones was left in the middle of the Blood Tribute Formation! Only red blood was left hanging sparsely on the sinisterly white bones.

Everyone's faces changed drastically. Some of them couldn't help but turn around to puke.

Actually, the people in the Black Sword Sect had seen all sorts of bloody and gory scenes. However, the one before their eyes still caused a huge shock to them especially because... the person that died was Mo Lin!

He was Mo Yun's confidant!

When something happened to Blue Peak previously and the matter was blown up because Mo Lin didn't manage it well, Mo Yun didn't even take his life and even gave him a chance to make up for it. But now... Mo Yun directly took action and ended Mo Lin's life in such a terrifying and cruel way!

What confidant? What thought highly of? Anybody who dared to refute Mo Yun would face such an ending!

Mo Yun was originally such a person!

"Who else wants to object?" Mo Yun surveyed his surroundings and asked coldly.

Nobody spoke. Even those who had strong reactions and were puking were so frightened that their faces flushed white, and they forcefully stopped.

Dead silence.

It wasn't the first day they knew that Mo Yun was harsh. But today, Mo Yun's actions had refreshed their knowledge of him!

Mo Lin's bones were being crushed by the Blood Tribute Formation bit by bit. That sound was horrifying!

At such a time, who would dare to stand up and object?!

Mo Yun nodded in satisfaction. This is the effect I want. It is difficult to bring up a useful subordinate, but... there isn't much pity in losing one. At most, I can just choose again in the future. In any case, the entire Black Sword Sect doesn't lack people.

Mo Yun crossed his arms. "Activate... the second phase of the Blood Tribute Formation!"

...

More and more dark clouds gathered in the sky.

The thick bloody aura that almost caused one to puke started permeating in the air.

Chu Liuyue turned around to look and furrowed her brows slightly. There seems to be... some changes in the Blood Tribute Formation. Mo Yun is bent on battling and killing her!

Actually, she was not scared of the lightning they summoned. However... she still felt slightly uneasy. That was because on the way here, the surrounding space kept collapsing.

The terrifying force clashed around and tore many space cracks.

Even though she had stayed at Peach Blossom Dock before, such a big commotion had never happened.

It seems like it is going to end soon... Chu Liuyue thought to herself silently. As long as I can quickly find the remaining ones and completely peel off the rust on the black shield, this matter will end. At that time, the collapsed void in Peach Blossom Dock can repair itself...

A faint ripple came from the distant sky.

Chu Liuyue's heart tingled as she looked at the sky.

Where heaven and earth connected... that was where Peach Blossom Dock's barrier landed.

That ripple came from there.

Chu Liuyue's heart sank slightly. This... Even the barrier was affected?

I can't wait any longer. I have to end this now! Just as this thought surfaced in her mind, Chu Liuyue urged her force again and rushed forward at a higher speed!

...

The commotion here was too huge, and it quickly alerted many people in Peach Blossom Dock.

"What's... going on there?!"

"You still don't know? The Black Sword Sect is going after the people in Yue Manor!"

"Yue Manor? Boss San? How is that possible?! Hasn't Boss San always been on good terms with the Black Sword Sect? Why would the Black Sword Sect suddenly attack the people in Yue Manor?"

"How can this be false? I personally saw them chasing them out of the city! Other than the Black Sword Sect, there seems to be another group of people involved in this. They are pursuing them too!"

"The group that came seems to be the Nan family from the God Residence Realm? The leader was the Nan family's Eldest Young Master... However, their target wasn't Boss San. Do you remember that a few people came to Yue Manor previously? This time, the people that the Black Sword Sect and the Nan family want to deal with seems to be them—"

"Aren't those Boss San's friends?"

"Hmph, what friends? Amongst them, there's the Sky-Cloud Empire's His Grace Rong Xiu and his new princess consort—Shangguan Yue! The Black Sword Sect and the Nan family is working together to pursue the two of them!"

Once this was said, quite a few people gasped.

Rong Xiu!

Shangguan Yue!

These two names had spread far and wide to everyone in the God Residence Realm! Even those living in Peach Blossom Dock by the edge had heard of them.

There was no choice as the events that happened during their wedding was too shocking. That was also why the crowd was even more confused.

“So it’s them! Didn’t the two of them just hold a wedding at the Sky-Cloud Empire previously? Why did they suddenly come to Peach Blossom Dock?”

“Um... I heard that Boss San seems to be Shangguan Yue’s subordinate...”

“That’s not the main point. The main point is Rong Xiu and Shangguan Yue. Don’t they have an extraordinary relationship with the two ancient legendary fiend clans? What exactly did they do to cause the Black Sword Sect and the Nan family to hate them so much that they would rather offend those existences and kill them?”

This was what a lot of people could not figure out.

“Quickly look! They seem to be fighting!” Someone within the crowd gasped.

The crowd looked over in unison, and their expressions changed.

The distant sky was long covered by the layers of dark clouds. Numerous lightning bolts swam within, and the aura was shocking!

The terrifying force slammed and caused the air to collapse continuously!

But at this moment, a red and petite figure suddenly flew over from midair! Everywhere it passed, silver and red sparks intertwined and rushed out!

“That’s... a God Realm?!” Someone could not help but mutter, his eyes filled with shock.

...

“Didn’t they say that Shangguan Yue is only a true god? How could she unleash such a terrifying God Realm?”

They were still a pretty long distance away from there, but they could still faintly feel the shocking aura and suppression!

“Oh no! Peach Blossom Dock’s barrier is about to collapse!” someone yelled in shock.

“Is she going to destroy Peach Blossom Dock?!”

Chapter 1900 Scheme

“Quickly look! It doesn’t seem to be because of her but the Black Sword Sect!” A shocked gasp came from the crowd.

Quite a few people flew up and looked over.

At this point, more than half the sky was covered by thick dark clouds, and everywhere was dark. Additionally, those clouds were quickly dispersing toward the city!

Lightning bolts swam crazily in the clouds.

A gigantic blood totem floated in midair.

“That’s... the Black Sword Sect’s totem!?” Someone with sharp eyes recognized the totem pattern and muttered in shock.

“These lightning bolts... they clearly triggered them!”

“It is them!” a young man suddenly said affirmatively in the crowd. “This is the Black Sword Sect’s usual method! Actually, they use this method in their so-called assessment every month! As long as a few people work together and execute a similar formation, they can rapidly trigger the lightning! They use these lightning bolts to select the cultivators in the assessment. As long as they’re talented and strong enough, they will pass the test! As for the remaining ones, their lives are taken away!”

The crowd gasped.

The street was deadly silent for a moment and rapidly broke into an uproar!

“Is that true? Are all those people dead?”

“I don’t think so. Less than ten percent of people can pass the Black Sword Sect’s monthly assessment. If the remaining ones all died, then... they must’ve harmed countless people in these two years?”

“Brother, I think you should be careful when you say such words... If the people from the Black Sword Sect hear it—”

That man snorted with laughter. “So what if they hear it? I personally witnessed it, and it’s true! Besides, it’s been so long. Did none of you suspect why those people who couldn’t enter the Black Sword Sect left Peach Blossom Dock and never appeared again?”

The crowd fell silent.

Actually, it wasn’t that nobody doubted this. However, the Black Sword Sect was very powerful in Peach Blossom Dock. Even if someone had suspicions, nobody really dared to verify it.

Now that someone suddenly spoke out about these things, it naturally caused people to falter.

“Everyone, if you have the time to suspect here, why don’t you think of what to do next!? This time, the Black Sword Sect is clearly bent on killing Rong Xiu and Shangguan Yue and are willing to risk everything for it! Even Mo Yun has personally taken action! If Peach Blossom Dock really collapses... it will be hard for everyone to escape!”

That man’s voice was low and powerful, causing quite a few people’s hearts to tighten.

They weren’t silly and knew that this wasn’t a joke.

In no time, quite a few people were displeased and had vengeance against the Black Sword Sect.

It was fine if they wanted to kill other people or sought death themselves. However, they couldn’t drag so many people from Peach Blossom Dock down with them!

After causing such a huge commotion, they clearly wanted everyone in the city to be affected!

If Peach Blossom Dock was ruined, none of the people here could escape!

“What should we do now?” someone hurriedly asked.

That man thought deeply for a moment. “From what I know, their formation is very strange. If more people join, it will be stronger. Just now, I saw that Mo Yun had already sent out a signal to gather everyone from the Black Sword Sect. I’m guessing he wants them to support him! I think... Why don’t we stop the people from the Black Sword Sect first!? If fewer people go over, there will be less force to sustain the formation, and it naturally won’t work!”

Once he said this, quite a few people exchanged glances. “Can... this work?”

“That’s the Black Sword Sect! We have so few people... Can we be their match?”

“Yeah! Besides, if Mo Yun blames us later on—”

That man raised his brows. “Everyone, if we don’t stop the Black Sword Sect today, we might not even live till tomorrow! Besides, the Black Sword Sect has dominated Peach Blossom Dock for so long. It’s time to teach them a lesson, am I right?!”

“Anyway, today, I—Duan Qingquan—will definitely fight with the Black Sword Sect till the end! Everyone, if you wish, follow me! If you don’t dare... we won’t force you! Anyway, we all have our own lives to live!”

Then, he really went on his toes and went toward the Black Sword Sect!

“Brother Duan! We’ll go with you!”

“Me too!”

“We’ll go too! That Black Sword Sect killed a few of my brothers. I wanted to take revenge a long time ago!”

...

On the brink of death, many people clenched their teeth and made the decision, hurriedly following him.

Actually, Duan Qingquan was right. Even if it were for themselves, they had to take action this time!

The people from the Black Sword Sect had already put Peach Blossom Dock in the center of danger. Why should they be merciful?

More and more people went to the Black Sword Sect!

Very quickly, they met the crowd that came out of the Black Sword Sect and planned to go to Mo Yun.

Seeing this scene, the crowd confirmed their previous guess: The Black Sword Sect is indeed betting on their entire faction’s forces!

“Stop them!” Duan Qingquan hollered and rushed forward first.

When the crowd at the side heard this, they immediately took action!

Before the people from the Black Sword Sect could react, a violent battle had exploded!

The two parties quickly stood together!

Most of the top forces in the Black Sword Sect had already been deployed earlier. Additionally, due to the Blue Peak incident, they had already lost quite a few members. Hence, now that they fought against Duan Qingquan and the rest, they didn't take the upper hand.

The news spread quickly, and quite a few people in Peach Blossom Dock rushed over one after another. They clearly wanted to kill everyone in the Black Sword Sect!

Seeing that more and more people were coming, the Black Sword Sect members—who were nonchalant at first—finally panicked. What's going on!? In such a short time, how could so many people rush over?!

...

In an isolated corner in the courtyard.

A figure hurriedly walked in.

In the yard, someone stood with his hands behind his back.

"Lord, Qingquan and the rest have already led people to kill the Black Sword Sect. We've also deployed all the forces in the city to go forward together. The Black Sword Sect is only strong on the surface. In no time, we should be able to take them down."

...

That person turned around and had a handsome appearance with cold eyes. It was Yan Qing!
