

The Eternal 1381

Chapter 1381-truth listener's feet

Yunxiao's eyes narrowed as he sensed the danger in the hundred talismans array.

His face darkened. He raised his hands and two elemental powers appeared, spinning left and right.

The sky turned into two colors as he coldly shouted, "Great pinwheel!"

He clasped his hands together, and the surging fire wind entangled together, spewing out a pillar of fire that soared to the sky. Streams of fire light flew around his body, and suddenly burned in all directions!

"Hu Chi!"

The divine flames and astral winds swept across the sky, devouring all the talismans and crushing them into pieces under the power of the two elements!

"Boom boom boom!"

As the Wind and Fire separated, all the talismans exploded, sending balls of terrifying essence force in all directions!

Yunxiao's body became unstable under the impact, as if he had lost his form.

After a while, he gradually calmed down. His face was cold, and his eyes were cold.

"Go!" He shouted as he changed his hand seal.

The flames that filled the sky turned into a huge Crimson Phoenix. Vortexes surged around it as if it was flying with the wind and falling from the nine Heavens!

Everyone present was shocked, and their blood was boiling. The Phoenix was the head of all birds, symbolizing auspiciousness and giving people a sense of righteousness.

On the other hand, the strange blue fish looked ferocious and terrifying, and one could tell at a glance that it was an evil creature. In addition, Yunxiao looked valiant and handsome, while Qiu Mujie was the complete opposite. He was old and had a Vulture-like face, making everyone secretly hope that Yunxiao would win and kill the strange fish.

“What?”

Qiu Mujie’s eyes were filled with extreme horror as he looked at the raging fire flying toward him. He found that Yunxiao had only appeared for a moment, but he was more shocked than he had been in the past few decades!

As a top-tier Alchemist, he could naturally sense the unusualness of the flames and gales. Not only were they of extremely high quality, but they also seemed to have a spirit of their own, as if they were living beings.

“Battleship fish!”

He stomped his foot on the fish’s back.

The strange blue fish’s stomach rumbled and it spat out a bubble from its mouth. The bubble instantly expanded to several acres in size and covered itself.

A large amount of green liquid gushed out of the bubble, filling up the entire space.

“BOOM!”

The divine fire squall, which had taken the form of a Phoenix, struck the bubble and spread out in an instant, engulfing the entire bubble.

When the people in the city looked over, it was like a huge fireball in the sky, covering an area of several acres. The huge heat caused the temperature of the entire city to suddenly rise.

“Bang!”

The bubble finally could not withstand the burning and burst open. The green water also splashed in all directions. Before it fell, it turned into water vapor and evaporated completely!

The sky was covered in a dense blue mist. Yunxiao performed an incantation gesture with one hand and said, “Scatter!”

An astral wind whirled below, blowing away all the mist in an instant and restoring the clear and bright sky.

In the vast sky, the strange fish and Qiu Mujie had disappeared!

“D-are you dead?”

Countless martial artists below were greatly shocked, and a thought appeared in their minds.

With the strange fish and the old man’s terrifying strength, they shouldn’t have died just like that, right?

However, the divine flames and astral winds were truly terrifying. They could feel a deep sense of suppression from ten thousand meters down, and it wouldn’t be an exaggeration even if they were burned to ashes.

Qin Xi and Lu Zhiyuan looked at each other in shock and said with difficulty, “Greater teleportation!”

Just as everyone was having wild thoughts, a shadow suddenly appeared in the clear sky, covering Yunxiao like a dark cloud.

Yunxiao's pupils constricted as he looked up and saw the black shadow in the sky flying down at an extremely fast speed, like a meteorite!

The shape of the black shadow also slowly appeared. It was actually a giant beast's foot that was half an acre in size. It stomped down like a mountain!

Countless runes appeared on his feet and suddenly flew out. They rotated around him like a Nebula!

The ground 10000 meters below them collapsed with a boom from the pressure of the aura, leaving a huge footprint!

The entire city trembled under the power of this kick, and a large number of buildings collapsed.

Yunxiao looked up in horror and saw a 'swish' character written in the ancient script of dazhuan under the footprint, shining with a golden light!

The air under his feet was instantly compressed to the extreme and exploded layer by layer. His body also felt suppressed. The surrounding space was completely shackled, and he could not teleport away.

"?! This is Yingluo."

He seemed to have thought of something, and his face was filled with shock.

The footprint was getting closer and closer, and he didn't have time to think anymore. His entire body glowed with a golden light, and his skin instantly turned a brilliant gold. On his skin, many demonic patterns condensed.

Then, his left hand formed a seal, and the devil Sky silk appeared. Countless devil patterns emerged.

With a flash of sword radiance in his right hand, the star Destroyer sword appeared in his hand. A sword will spread out and sword talismans filled the sky.

As if he had recognized the giant foot, Yunxiao no longer dared to hold back. He raised his aura to the peak and kept accumulating his sword force!

The wind and clouds surged in the entire sky, and it instantly became heavy and oppressive.

In an unremarkable teahouse at the edge of the city, two men were sitting by the window, drinking tea and watching the battle.

One of them was dressed in red, with profound cloud sleeves and a jade ring on his slender and beautiful fingers. He was concentrating on brewing tea.

His movements were elegant and beautiful, giving people a pleasant feeling. As the tea fragrance turned into water vapor, it was refreshing.

Although the distant sky was constantly shaking, the mortal world seemed to be not affected much. Most of them thought it was some kind of celestial phenomenon, such as thunder and rain. They could not see it anyway.

...

However, there were also many cultivators gathered in the teahouse, all of them squeezed in front of the railing, not daring to breathe loudly as they looked into the distance. All of them had solemn expressions on their faces, not in the mood to drink tea at all.

Xiao Xiao's hand suddenly trembled slightly, and the tea lid hit the bowl, making a "ka" sound. Some tea spilled out, immediately soaking the exquisite nanmu tea table.

The person opposite him was extremely thin and tall. His hair had already turned white, and the color of his long green robe had faded away. His big, simple face appeared rather dull.

The only bright spot was his pair of eyes. His eyes were bright, and at this moment, his pupils flickered with a look of shock.

The two of them looked at each other and saw the solemnness and shock in each other's eyes.

The tea on the table was flipped over, and he no longer had the mood to taste it as he looked into the distance.

"This is Gu Feiyang's sword technique, the star-destroying Kasaya."

Xiao Xiao stood up and looked out of the window into the distance. She muttered to herself in a daze, "The star Destroyer sword is indeed in his hands, and the rumor that he is related to Gu Feiyang is most likely true."

High up in the sky in the distance, Yunxiao circulated his sword force to the extreme, and countless sword runes gathered from all directions, which he then used to slash at the kun's foot!

"Sword technique-star destruction!"

"BOOM!"

...

An unparalleled sword light shot up into the sky like a volcanic eruption. The entire city and the sky trembled violently.

The huge foot stepped on the sword light, and the terrifying symbols exploded. The spirit pressure shattered inch by inch, splashing in all directions. A tremor came from the planet annihilation!

"Bang Bang!"

Several loud explosions rang out, and Yunxiao's body trembled. The power of his sword technique suddenly crumbled under the giant foot, and a boundless pressure fell from the sky, breaking through layers of sword intent and defense!

In his shock, he activated his imperishable golden body to the extreme, and demonic Qi gushed out, condensing into a fist and punching out!

“BOOM!”

The giant foot finally landed and stepped on his fist, pressing down without any suspense!

As if he was carrying a mountain on his back, Yunxiao was stomped down from the sky and slammed into the ground!

“Boom boom boom!”

Looking down from the sky, one could see that the middle of the city had completely collapsed. Boundless power swept out in all directions, destroying all the buildings and turning the city into a piece of scorched earth!

Thick smoke billowed into the sky and filled the sky above the city, turning it into a hazy world.

so powerful! It's indeed the feet of di ting!

Inside the teahouse, Xiao Xiao felt the incoming elemental energy fluctuation and her face revealed a shocked expression.

The wooden man's name was huanmie. His eyes were also filled with shock as he said in a deep voice, “The claw of the netherworld, the feet of di ting! This crazy Jie collected all kinds of powerful foreign body parts and grafted them onto his body. Everyone thought that his brain was damaged, but who would have thought that he was so powerful!”

The expression on Xiao Xiao's face kept changing. Finally, she smiled and said, “He's really trying to find a way out. If he wants to achieve the strongest physical body, apart from the one in ten thousand talent and luck, he can only take an unconventional path. To be honest, don't you envy this power? don't you desire it?”

“Even if I desire it, I won’t let myself become a human,” huanmie said coldly. These mutated limbs definitely have extremely powerful attributes, and the backlash won’t be low. Refining and fusing them all will be even harder than directly cultivating to become a saint!”

“Hehe, you can’t find a second person in this world who has sanctified his physical body, other than ao changkong. If he can become someone who’s only below one person and above ten thousand people, becoming someone who’s neither human nor demon, it’ll be worth it. ”

Xiao Xiao chuckled and added after a pause, ” Besides, these alchemists are a bunch of lunatics.

Huan mie’s eyes were uncertain as he looked out the window with some worry, did crazy hero kill Yunxiao? ”

“Don’t worry,” Xiao Xiao said with a smile. If Yunxiao could die so easily, he would have been dead a long time ago. From the information Lord Wei Qing gave us, I’m worried that Yunxiao will kill mad hero.”

“If that’s the case, then this trip will be much easier,” huanmie said. The expression on his face relaxed. He wanted to pick up the tea and drink it, but found that it had been knocked over, so he could only give up.

“Hehe, I didn’t expect them to fight either,” Xiao Xiao laughed. It’s best if both sides suffer heavy losses and we can benefit from it. ”

yes, I hope Yunxiao can hold on for a little longer, ” huanmie nodded. otherwise, with this madman’s strength, it will take a lot of effort to take care of him.

Xiao Xiao’s expression turned cold. it’s only a matter of time before this madman dies, ” she said coldly. even if Lord Wei Qing doesn’t send us, we’ll still die as long as we send his news to the sea of soul formation. It’s just that there are many secrets on the mountain, so we can only do it ourselves.”

Chapter 1382-purple Star immortal incense

it's a pity that this Li Yunxiao is really an unprecedented genius. Huanmie looked tired. I hope Lord Wei Qing won't kill him.

"Let's not speculate about your matters, Sir," he said. "We'll just do our part." If Yunxiao is allowed to grow in the end, it might not be a good thing for the entire heavenly martial realm."

The conversation between the two was not concealed at all, so the other martial artists in the teahouse also heard it clearly, and their faces all changed slightly.

Many people seemed to have noticed something and hurriedly left with their heads lowered.

They had just stepped into the teahouse when they encountered an invisible force that they could not cross!

The entire building had turned into a cage that only allowed entry but not exit!

"What's going on with Yingluo?"

"Who placed the restriction? What do you want to do?"

A few Warriors cried out in alarm. They all glared at Xiao Xiao and her companion with fear in their eyes.

Xiao Xiao sneered and said, "since you've heard our conversation, I won't let you leave." There's no need to be too afraid, everyone has died since ancient times, so let's relax a little."

you, what nonsense are you talking about?!

A martial artist glared at him and shouted as he drew his blade and slashed at him.

"Bang!"

Xiao Xiao flicked her finger, and the saber was broken and the warrior died. The warrior and the saber exploded into powder.

Then, he smiled and raised his finger. A force spun at the tip of his finger, and the whole teahouse seemed to fall into an inexplicable space. Everyone was shocked.

“Sir, please spare me! I didn’t hear anything! Please let me go!”

I was born deaf. I can’t even hear Thunder. Please spare my life, my Lord!

Everyone was terrified and begged for mercy. However, after a while, they all disappeared. The entire teahouse was filled with dead bodies. They looked very peaceful and had no wounds.

After Xiao Xiao finished doing all this, she slapped her head in frustration and shouted, “Aiya, I’ve also killed the waiter. There’s no one to pour tea for me.”

why are you still drinking tea?” huanmie said coldly. it’s more important to get down to business. Kill this person and leave.

His gaze fell on another table in front of the railing. A man in green was focused on making tea, as if he was not paying attention to the outside world.

The man had a sword at his waist, his face was elegant, and his posture of brewing tea was very skilled.

The three of them were the only ones left in the teahouse.

“This man isn’t easy to kill,” Xiao Xiao laughed. Hey, friend, which gang are you from?”

The green-robed man took a sip from his cup and slowly put it down. He then said slowly, “So Qiu Mujie has been hiding for so many years all because of Wei Qing’s protection. But why did Wei Qing want to kill him? Could it be that he’s no longer of any value?”

Xiao Xiao and Huan mie looked at each other. Xiao Xiao chuckled and walked toward the young man. you look unfamiliar. Do you know my Lord? ”

“I don’t know him,” the green-robed man replied indifferently.

“You don’t know him?”

Xiao Xiao was stunned for a moment and laughed, ” you’re lying! I see that you’re quite close to mad hero, could it be that you were good friends from many years ago? You have to know that we’ve recorded every single person that crazy Jie has seen while he’s been hiding in the mountain all these years.”

“I’m familiar with Qiu Mujie, but I can’t say that I know him,” the green-robed man replied.

“Oh?” then why did he get so excited after you talked to him for a short while? ” Xiao Xiao asked unhurriedly. he immediately captured that Woman and the Sea tribe kid.

The green-robed man’s body trembled slightly. His eyes shot out rays of sharp light as he said in a cold voice, ” “You can eat whatever you want, but you can’t say whatever you want. It’s Qiu Mujie’s own business to capture people, what does it have to do with me? If you speak nonsense, you will die.”

“Haha, look at how scared you are.”

Xiao Xiao was suddenly interested. She blinked her eyes and said, ” yes, this sentence revealed two pieces of information.

first of all, that woman and that marine race brat must have an extraordinary background. Crazy Jie is only interested in strange and powerful creatures, and these creatures are all kings of the sea. For him to capture people like this, that woman and that marine race brat must have extraordinary identities.

“The second is that you know the identity of those two people and want to use crazy Jie’s hands to catch them, but you’re afraid that others will know that it was you who did it. Hmm, this further proves that the two of them are not simple.”

Xiao Xiao saw that the man’s face was getting uglier and uglier. She laughed complacently and said, “Don’t deny it. We saw your interaction with Feng zijie very clearly. Although we don’t know what you two talked about, it must be related to the identity of those two people. Can you tell us? I’m really curious, so curious that my heart itches.”

The green-robed man’s expression was extremely gloomy. His left hand was holding the hilt of his sword, and circles of origin power fluctuations rippled out from his body. It was as if he wanted to silence them, but he didn’t have the confidence to kill the two people.

“What are you waiting for? just cripple him and slowly interrogate him!” Huanmie said impatiently.

“Hmph!”

The green-robed man snorted coldly, as if he was extremely disdainful. He stood up from the table and said, “ I’ll let the two of you go today. I hope you can leave the red moon City alive. He took a step forward and was about to leave.

“Hey, friend, are you telling a joke?”

Xiao Xiao squinted her eyes and smiled. we’ve already decided to kill you. You still want to leave? ”

He stepped sideways and blocked the man in green. He raised his right hand and pointed a finger at the man.

The green-robed man was unmoved. He put two fingers together and placed them between his eyebrows.”Sky Feather Wind chant!”

The Light Between his brows spun and a vast power spread out. The surrounding space reversed and was suspended upside down!

a spiritual attack?!

Xiao Xiao's face changed, and she said in surprise, 'you're also an Alchemist? Huanmie, hurry up and attack!' He suddenly put his hands together and pushed forward with increasing force.

In his shock, huanmie suddenly disappeared from his spot. A red light appeared out of thin air and slashed down with unusual sharpness!

"Clang"

The green-robed man suddenly drew his sword, and a sharp, cold light flashed in the teahouse. The entire space seemed to have turned into a huge black hole, with only countless white feathers floating inside, giving off an endless sense of desolation.

"Wailing sword rain wind-evil tune!"

The cold sword cut through the darkness, creating countless sword shadows. It was accompanied by an unusually strong spiritual power, and white feathers flew.

...

"Peak nine-star power!" Huanmie exclaimed.

The green-robed man's face was cold, and his eyes were as clear as water.

His entire figure slowly faded in this world, and finally turned into a wisp of green smoke, disappearing into thin air.

Xiao Xiao and Huan mie's joint attack was directed at an unknown place. Not a single table or chair was destroyed in the entire teahouse, but only a rustling sound was heard.

It was just that the entire space was reversed!

The original dome was slanted in the middle of the building, the door had moved to the wall, a few Windows were directly stuck to the ground, and some tables had been randomly assembled.

It was as if space had been broken into countless fragments and then randomly pieced together!

Xiao Xiao and Huan mie's faces were as ugly as they could be. They gritted their teeth and didn't say a word, their faces turning pale.

"This is troublesome!" Huanmie said coldly. "I thought it would be easy, but it turned out to be a troublesome fellow. It's all our fault for being too careless and overconfident! The matter of Lord Wei Qing must not be leaked out!"

Xiao Xiao's expression also changed several times. Finally, she revealed a cold smile and said, "There are countless experts in the world, but we are not to be trifled with! I've already left a wisp of Purple Star immortal fragrance on him just now. Let's see where he can escape to!"

"Really?" huanmie was overjoyed. That Purple Star immortal incense is colorless and odorless, so it's impossible to discover it. Why don't you hurry up and chase after it!"

...

Xiao Xiao nodded and took out a round crystal ball with a flip of her hand. It was covered with runes.

He cast a few incantation seals into the ball and crushed it!

With a "bang," an earth-shaking roar was heard. It turned into the shadow of a bird in the sky, flapping its wings with a "Puchi Puchi" sound. Its eyes were like torches as it stared at Xiao Xiao in anger.

Xiao Xiao said coldly, "behave yourself in front of me!" Someone just escaped from here and has the purple Star immortal incense I planted on him. If you bring me to find this person, I'll return your freedom."

The bird shadow was overjoyed and flew around in the air a few times, chirping.

Then, it flapped its wings and spat out a ray of green light, which split the space like a sharp blade.

Suddenly, a black crack appeared in the teahouse and turned into the size of a millstone. The bird was instantly sucked into it.

All the tables and stone materials in the teahouse were instantly sucked into pieces, flying over.

Xiao Xiao and Huan mie stepped into it and followed the bird shadow.

Only then did the black tunnel slowly dissipate, and the entire teahouse disappeared without a trace. In the middle of a Commercial Street, a blank space appeared out of nowhere.

However, the damage that Feng Ling city had suffered was too great. The people in the city were fleeing in all directions in panic. The area where the teleportation formation was located was filled with people.

All the guards of the Lu family were deployed to block everyone outside the teleportation area, not allowing anyone to step in. This immediately caused all kinds of friction and conflicts, and the chaos continued to expand.

Fortunately, the Lu family and the other great families were powerful enough to exert enough pressure on these ordinary martial artists and mortals. After killing some martial honors and low-level martial Supremes, no one dared to act rashly anymore.

More people knew that the teleportation was hopeless, so they swarmed out of the four city gates like a black mass of ants.

Lu Zhiyuan's heart continued to sink. He knew that the entire Feng Ling city was most likely finished.

At this moment, the giant foot had long since disappeared from the sky. After the dust and haze dispersed, Qiu Mujie's figure appeared in the sky. However, he was panting heavily and his face was pale.

A terrifying Black Force kept appearing on his body, crackling like lightning. It kept attacking his body as if he was suffering the backlash of truth listener's foot.

Especially his right leg, which was covered with runes that were flashing non-stop. It was still trembling violently, and circles of Black Force were surging out from it.

True spirit diting was one of the top few experts in ancient times. It was unknown where Qiu Mujie had gotten such a complete leg from and grafted it onto his body.

Chapter 1383-struck by lightning

"D-dead?"

Qin Xi and the group of sect Masters all looked pale and asked with difficulty.

Lu Zhiyuan shook his head. He was also completely clueless. The battle between the two had already completely exceeded the scope of their knowledge.

At this moment, he could not tell who he hoped would win or lose.

Perhaps, he even hoped that Yunxiao would die. After all, he had a grudge against him, and with such terrifying strength and talent, the entire Lu family would have no place to stand once he took revenge.

Under di ting's foot, all the buildings within a radius of hundreds of acres were destroyed and turned into ruins.

Right below Qiu Mujie was a huge black pit, so deep that the bottom couldn't be seen, and there wasn't even the slightest sound.

After Qiu Mujie panted for a while, his eyes gradually turned demonic as he looked down. With his eyesight, he naturally discovered that there was no one in the pit.

Suddenly, his pupils shrank, and his face became extremely gloomy.

The power of the kick just now had greatly damaged his vital Qi and body. Although he didn't expect to kill the other party, he should at least be seriously injured. But now, it seemed that it was far from what he had expected.

He immediately became alert and carefully observed his surroundings.

"Pa!"

A green light suddenly flashed in the sky, and a bolt of lightning streaked across.

In an instant, Yunxiao appeared above Qiu Mujie, his body covered in blood and his face cold.

With boundless killing intent in his eyes, his entire body instantly turned into lightning, and the lightning in the sky dispersed!

"This young master has roamed the world for many years, and even in death, I have never been stepped on by anyone! If I don't blast you into pieces today, I won't be able to dispel the hatred in my heart!"

Yunxiao was so angry that smoke came out of his seven orifices. He raised the heavenly hammer high with one hand, and a large area of Thunder surged out as countless Thunderbolts between heaven and earth gathered.

The entire sky instantly turned into a sea of lightning that spread out to the four ends of the universe, forming a world of its own!

Qiu Mujie was greatly shocked as he looked at Yunxiao, who had almost become one with the lightning.

At this moment, a pair of eyes that looked like golden lamps appeared in the sea of lightning, emitting a fierce light.

Then, the entire body of the strange blue fish appeared. It opened its mouth and spat out an extremely sharp bolt of lightning.

“BOOM!”

The bolt of lightning shot into the sea of lightning and struck at Yunxiao.

“What a joke! In this world, I am the God of Thunder!”

Yunxiao’s eyes widened in anger as his left hand transformed into a huge Thunderbolt and grabbed the Thunderbolt in the air. With a clench of his hand, the Thunderbolt was annihilated and absorbed into his body, turning into nourishment.

“I’ll chop you into pieces after I’m done with this madman!”

Yunxiao glared at the strange fish, then performed an incantation gesture with one hand. The Thunderbolts on the heavenly hammer were condensed to the limit, flashing with terrifying electric arcs that looked like Azure Dragons swimming in the sky.

“Qiu Mujie, go to hell for this young master! I’ve been struck by lightning!”

The hammer smashed down, and countless bolts of lightning spewed out, turning into a huge pillar that pierced through the sky and earth!

The might of the heavens and earth was like the descent of a lightning tribulation!

Under the might of the lightning, Qiu Mujie was completely confined, making it impossible for him to even teleport. Every single movement of his body was extremely difficult.

His face was filled with horror, and cold sweat kept bursting out of his forehead. His hands quickly formed a seal, leaving many afterimages in front of him, and countless black runes surged behind him.

Qiu Mujie's face suddenly contorted as if he was in extreme pain. Two lines of blood suddenly shot out from his back, and his shoulder blades jutted out.

"Pa!"

A black light suddenly appeared and a pair of huge black wings appeared behind him. They spread out and covered the sky!

"Puchi!"

As the wings flapped, countless black runes appeared and circled in the air.

The spatial power that was shackling his body was instantly reduced.

"Feather of the dark lake!"

Qiu Mujie roared loudly and forcefully waved his hand. The countless black patterns disappeared one by one as he broke through the suppression of the Thunder world's power and instantly charged out!

"BOOM!"

The endless lightning struck down and landed in the city.

“Boom boom boom!”

The ground was instantly shattered, and the terrifying lightning energy turned into waves that spread in all directions!

The ruins that had been shaken out by truth listener’s foot had more than doubled in size. Dust and dirt flew as if it was the end of the world.

The martial artists who were still in the city felt their bodies turn cold, and cold sweat poured down their foreheads like rain. If they were hit by such terrifying lightning energy, they would be crippled if not dead.

Lu Zhiyuan’s face was also pale and his heart was anxious.

He had already sent a video of everything that happened in Feng Ling city to Red Moon City. The only thing he could do now was to wait for the experts from Red Moon City to come and save the situation.

“Pi Li pa la!”

The entire world was filled with lightning and flashing electric arcs.

After the all-out attack, the thunderclouds in the sky became much thinner. The energy of the Thunder field above the entire city also gradually weakened, and the green world became much paler.

Qiu Mujie’s entire body was drenched in cold sweat. He felt his throat go dry as he gazed at the apocalyptic scene in the city.

Yunxiao’s face was cold, and it seemed that after venting his anger, his anger had gradually subsided, and his eyes were slowly regaining their calm.

...

However, the killing intent on his face did not decrease in the slightest. He directly raised his hand and pointed a finger at Qiu Mujie!

“Pipa!”

A bolt of lightning shot down from the sky. The power of the lightning was not great, but its speed was several times faster than the five lightning strikes from before.

Qiu Mujie’s expression changed. With a slight flap of his wings, the runes on his black feathers flashed, and he instantly teleported away.

In the next moment, he reappeared a thousand feet away.

my feather of the dark swamp has an extremely powerful spatial ability. With my powerful mental energy, no one in the world can hurt me!

Qiu Mujie was pleased with himself and revealed a proud expression.

Yunxiao did not say a word, but flicked his fingers repeatedly. The thunderclouds in the sky kept surging, with countless Thunderbolts rolling inside, as if there was a Dragon inside, stirring up wind and waves.

All of a sudden, the heavens and earth sank as countless rays of light emerged from the thunderclouds, turning into bolts of lightning that streaked across the sky.

“Lightning Ring storm!”

At Yunxiao’s shout, a huge lightning Star Ring appeared in the sky, hundreds of acres in size, with an ancient green character of Maha flashing inside.

...

Then, lightning fell from the sky like rain, striking the ground.

“?!”

Qiu Mujie fiercely sucked in a breath of cold air as his entire body shivered!

This kind of wide-range indiscriminate attack, although the power was not strong, it was really impossible for him to escape!

He suddenly flapped his wings, and black patterns surged out. Spatial power constantly appeared, and his figure shuttled through the sky full of lightning.

However, the lightning rain was too dense, and it was impossible to Dodge!

Qiu Mujie roared several times in shock and Fury before finally going berserk. His vicious claws appeared once more and shattered the descending lightning bolts.

Instantly, lightning sparks flew everywhere, and he was surrounded by all kinds of violent forces.

Below, Lu Zhiyuan and the others were watching in fear. Under such a terrifying might, half of Feng Ling city would probably be finished.

All of a sudden, the eyes of the strange green fish floating in the sky suddenly widened. Golden light flickered from its eyes, and the Eagle claws under its belly suddenly expanded.

The fat fish's body shrank and became several times thinner. Then, it leaped into the air and swooped down like an eagle, trying to grab Yunxiao.

At this moment, Qiu Mujie's face was extremely gloomy. He kept scattering the Thunderbolts with his ominous claws while flapping his wings desperately to rush toward Yunxiao.

With a mocking look on his face, Yunxiao changed his hand seals, and the thunder in the sky suddenly eased up. A white light spun in his left hand, turning into the heaven light sword box.

“Clang!”

With a point of his finger, countless Northern heavens cold star swords shot out and slashed toward Qiu Mujié!

The 24 swords turned into a huge sword array, which was full of sword talismans flying around, and the cold air was threatening.

Qiu Mujié’s heart jolted as a wave of sharp sword Qi rushed toward him. He hurriedly brandished his claws and scattered the sword Qi.

The power of the sword formation seemed to have just been activated, and even more terrifying sword momentum evolved into thousands of layers, overlapping each other and falling endlessly!

He suddenly retracted the feather of the black Swamp, and a defensive barrier suddenly spread out. He stared at the sword formation vigilantly.

A strange color appeared in his eyes. They were not human eyes at all. He began to carefully observe the weakness of this formation.

As soon as the twenty-four Swords were unleashed, the heaven light sword box disappeared in Yunxiao’s hand. Unhurriedly, he formed a Dragon-shaped seal with his hands and grabbed at the strange blue fish that was swooping down!

“Ka!”

As the four claws collided, a golden light burst out. Yunxiao suddenly grabbed the hands of the strange blue fish.

His entire body was dragged several hundred meters by the downward momentum before he suddenly stomped back in the air. Bang Bang Bang Bang “, a series of air explosions occurred, stabilizing his lost body.

“Hey!”

He chuckled, and muffled explosions kept coming from his body. The muscles all over his body swelled up, and a terrifying power surged out.

Furthermore, the immemorial astral wind whistled and opened from his body.

“Rise!”

Yunxiao roared. With the help of the strong wind, he instantly dragged the strange blue fish and spun it in the sky!

“Hu hu hu hu!”

The spinning force was getting faster and faster, and the strange blue fish was forced out of countless shadows. It was almost impossible to see its real body.

“Oh my God, Yingluo!”

The cultivators who were still watching the battle in Feng Ling city were all dumbfounded, the sound of them swallowing their saliva could be heard as they were all terrified.

To toy with a strange fish that looked like a battleship, what kind of strength was needed to do this!

In fact, they had all overestimated Yunxiao’s strength. It was only with a clever use of strength and the help of the astral wind that they managed to spin the warship.

“What?”

Not far away, Qiu Mujie’s entire body was also trembling violently. His eyes were so shocked that they were about to fall out, and his mouth was wide open as he was completely petrified.

It was not until several long swords came slashing at him that he woke up with a quiver and hurriedly dodged.

At the same time, what shocked him was that although the sword formation was incomplete, it was flawless and ever-changing. The only way to break it was to use force!

”

Qiu Mujie roared several times as a vicious glint appeared in his eyes. He suddenly clenched his fists and his body emitted explosive sounds as it underwent a continuous transformation!

His entire body swelled up in an instant, as if it was filled with air, becoming abnormally burly!

His body was like steel, shining with a luster and looking incomparably sturdy.

His arms, which had grown several times thicker, were covered in golden fur. There were also countless runes imprinted on them, and all kinds of strange characters flew out from his arms.

Chapter 1384-thousand eyes

Two big furry hands grabbed at the void in front of them. Suddenly, the air trembled violently, and an extremely strong power of tool accumulation spread out.

Under the flash of white light, a thick and wide podao appeared in an instant. It was completely white and did not seem to be made of metal. On it, there was an entire pattern array.

Qiu Mujie’s expression was blazing as his hairy hands gripped the large saber. With a loud roar, he suddenly slashed down!

“Roar!”

A heaven-shaking roar rang out, and the image of a huge elephant-like creature appeared. Its two fangs were transparent and flawless.

The material of this podao was the same as the Ivory. It was obviously made of it.

The elephant raised its head and howled several times. With its fangs raised, it charged at the sword formation!

“BOOM!”

The elephant shadow shattered instantly, turning into countless blade lights that shot out and scattered the million sword illustration!

Qiu Mujie was overjoyed. Just as he was about to laugh wildly, a shadow suddenly descended from the sky.

His eyes almost popped out as he roared, “Stupid fish! Feather transformation!”

The huge shadow that was flying toward them was none other than the warship, Yu Qianqian. Yunxiao threw it out and smashed it at Qiu Mujie like a weapon.

The battleship fish’s body kept rolling in the air. As if it had heard Qiu Mujie’s voice, it suddenly flapped its tail a few times, and dozens of pairs of wings grew out of its body and flapped at the same time!

Endless wind power surged, and the huge fish body suddenly stopped and hung in the air.

Yunxiao’s face darkened. The dozens of pairs of wings were of different sizes and shapes, like fish scales all over their bodies. It seemed that they were the wings of dozens of different kinds of birds.

There were also a few pairs of thin wings on it, clearly the wings of an insect.

However, the similarity was that each pair of wings exuded a powerful wind-type force, forming tiny tornadoes. When they flapped at the same time, they were extremely powerful!

Qiu Mujie landed on the back of the fish and shouted, "Scale transformation!"

Runes surged on the battleship fish's body, and all of its strangely-shaped scales suddenly stood up, reflecting the sunlight to the point of being blinding.

Yunxiao's eyes stung, and he narrowed his eyes as he saw the scales flying in the sky, shooting toward him like thousands of blades.

The entire sky was filled with clanging sounds as countless scales were dragged in the air.

The scales were connected from head to tail like an iron chain. They formed a spiral column around him and suddenly contracted towards the center, crushing the space into pieces!

Yunxiao was taken aback. Wherever the scales passed, the sky was filled with terrifying spatial cracks, which looked like countless blades.

His face darkened, and he formed a seal with both hands, transforming into a three-headed and six-armed transcendence golden body. His six arms clenched tightly, and he roared in all directions!

"Boom boom boom!"

The space was instantly deformed. The countless sharp scales were cut off and shaken off by the fist wind.

In an instant, the sky was filled with golden fist shadows and colorful scales. It was a beautiful scene, but it was filled with endless horror.

Qiu Mujie's eyes were filled with shock, and his expression immediately sank. He suddenly rushed up from the battleship, raised his podao high with his hairy Golden Arm, and slashed down!

A crack that was a few thousand feet long appeared in the sky, and the entire world was split into two!

Yunxiao glanced at it in a hurry. In his horror, he clenched his fist in the air, and a cold sword of ice appeared on one of his arms. With a sword incantation, he thrust it forward!

"Bang!"

As the scales flew all over the sky, the weapons of the two men collided with each other. The infinite power of the collision wreaked havoc in the sky and rolled away the scales.

Yunxiao felt his arm go numb, and he almost lost all feeling.

Not only that, as the huge force suppressed him, he felt his qi and blood spurting out. He was sent flying back hundreds of meters in the air before he could stop himself!

He didn't know what Qiu Mujie's two furry arms were, but they completely surpassed him in strength. The sword was jolted up with rays of blue light, and countless ice crystals instantly evaporated.

The countless flying scales that had been swept away by the impact force condensed again and sprinkled like raindrops, surrounding Yunxiao and killing him in the spinning!

The strange blue fish seemed to realize that these flying scales were of no use, so it swam away and disappeared into the void.

When it reappeared, it was directly above Yunxiao. It suddenly opened its mouth and spat out countless bubbles as it fell from the sky.

The bubbles didn't break under the cutting of the countless space cracks. Instead, they stuck to each other and bunched together like grapes, increasing in number.

The bubbles soon covered the sky and sun, wrapping Yunxiao and all the scales.

"Gulu Gulu."

He didn't know what these bubbles were for, but the strange blue fish seemed to feel that it wasn't enough, and a strange sound came from its stomach.

Then, he opened his mouth and spat out a circle of poisonous smoke. He sprayed it down and it seeped into the bubbles, instantly becoming colorful.

The bubble was transparent, and Yunxiao's horror and busy dealing with the fish scales could be seen in it, and there were no blind spots.

Qiu Mujie's eyes turned cold and he raised his podao again. As if he had found the right opportunity, he suddenly rushed over and slashed at the bubble!

Suddenly, there was a loud boom as the bubbles were torn apart by a pair of pitch-black hands. A black shadow appeared and turned into a giant Spirit in the Sky.

The true fiend Dharma idol grew to a height of 300 meters in an instant. It grabbed a shadow of a black saber and slashed at the battleship fish!

His other hand formed a seal, and three heads and six arms appeared. Demonic essence condensed into a ring that surged in the surroundings.

The three-faced Dharma laksana looked ferocious. With a clap of its hands, a Black Vortex formed in front of it.

The shadows of the six paths of demonic weapons flickered within, floating up and down.

Qiu Mujie's heart trembled. He seemed to have sensed that the black Nebula was not simple. His entire body came to a stop and he hurriedly retreated!

"You want to leave? Come back here!"

Suddenly, one of Yunxiao's arms turned into a Thunderbolt and grew larger as he grabbed out at lightning speed.

...

"Get lost!"

Qiu Mujie let out a furious roar and slashed his podao in the air, cutting open the huge thunderous hand and teleporting away.

He had just stabilized his body when he looked up in shock. He saw the black Nebula in the sky crashing down!

"Star Jade explosion!"

A terrifying force instantly struck down!

Qiu Mujie's body trembled violently, and the black feathers on his back spread open with a bang. They were several dozen Zhang Long, and they blotted out the sun.

Countless balls of light suddenly appeared on the black feathers. The balls of light suddenly opened and were actually thousands of eyes, all emitting a strange light!

"?! What?"

Yunxiao was taken aback and felt his blood run cold. He was no stranger to the hundreds of eyes, all of which were the heavenly eyes of the primordial era!

The heaven's eye in his glabella was originally seized from Gu Yuesheng. He also knew that Qiu Mujie had found an ancient heaven's eye Cemetery, but he didn't expect that Qiu Mujie would use all of his eyes!

The hundreds of immemorial heaven's eyes emitted a demonic light, and the entire space rotated upside down. The power of the star Jade explosion was instantly torn apart and dissipated into nothingness in the blink of an eye!

...

Yunxiao felt his scalp tingle. The power of the hundred heaven's eyes had produced the same effect as the divine skill he had used with the moon pupil.

Qiu Mujie's expression had also become extremely unsightly as bean-sized beads of sweat rolled down his face. Moreover, his eyes were also a strange brown color. He didn't know what kind of eyes they were, but they also possessed an extremely powerful force and were constantly flickering.

Those several hundred feet long black feathers trembled slightly. Qiu Mujie's body was also trembling intensely. It was as if controlling so many eyes at once had exhausted his elemental energy.

The moment the star Jade explosion disappeared, Qiu Mujie's eyes flickered with a strange force, and he suddenly flapped his Blackpool feathers, causing countless eyes to look at Yunxiao.

“?!”

Yunxiao shuddered, not because of how strong the power of the eyes was, but because he felt his blood run cold and his body was covered in goosebumps.

He felt cold all over, and his stomach was churning.

At the same time, the boundless spiritual energy emitted from the eye continuously attacked his spiritual altar and sea of consciousness.

At this moment, the sky suddenly turned dark, and Qiu Mujie and his Blackpool feathers disappeared.

It was only then that Yunxiao woke up from the extreme disgust. He was bitten by the strange blue fish, and then a huge swallowing force came and shook him into his stomach.

“Hahaha!”

Qiu Mujie suddenly laughed and praised, “Battleship fish, well done!”

All the strange signs on his body instantly retracted, and his entire face was so pale that it was almost transparent.

There was no sign of the battleship fish in the sky. It was pitch-black, and two golden fish eyes slowly lit up. Then, its entire body gradually emerged.

“Haha, your stomach is a space that I’ve refined using metal spiritual Qi! No matter how strong that kid’s magical ability was, no matter how sharp his profound weapon was, he would not be able to escape! After I go to Red Moon City and capture Li Yunxiao, I’ll go back to Yubo mountain and dissect this kid inch by inch!”

He did not know that the man who had been fighting with him for so long was Yunxiao. After mumbling a few words, he jumped onto the warship fish and commanded it to head toward the teleportation zone.

The martial artists in the city did not even dare to breathe loudly. They were all drenched in sweat, and there was a common question in their minds: Has it ended?

Lu Zhiyuan looked at the basically destroyed city. He even wanted to die and wanted to cry but had no tears. But fortunately, Yunxiao was basically finished.

“Gulu Gulu!”

After swimming for a few hundred meters, the battleship suddenly stopped, and all kinds of sounds came from its stomach.

“What?”

Qiu Mujie had consumed a large number of pills and was currently meditating on the fish’s back. He suddenly opened his eyes and revealed a puzzled expression.”What’s wrong?”

“Burp! Burp!”

The battleship fish opened its mouth and burped. A bulge slowly protruded from its lower belly, growing larger and larger.

“What?”

Qiu Mujie seemed to have discovered something and arrived below with a teleport. He looked at the belly in shock. It had already expanded by several meters, as if some hard profound artifact had pushed it open!

“?! It’s impossible!”

Qiu Mujie cried out in shock, this is a space created by the metal spiritual Qi. Even a peerless divine weapon can’t break it!

“Boom boom boom!”

As if to slap him in the face, the belly finally burst open after it expanded to the maximum!

Chapter 1385-unprecedented

The stomach of the battleship fish suddenly exploded, and a huge black hole appeared. A large amount of golden light poured down like a waterfall.

The fish kept frothing in its mouth, and its huge tail flapped in the air, causing circles of spiritual pressure to ripple.

A green light flashed in the black hole and then turned into Yunxiao a thousand feet away. His face was gloomy, and he seemed to have a lingering fear.

Yunxiao's mood seemed to have stabilized after he came out, and his eyes were as calm as an ancient well.

”

Qiu Mujie was completely driven mad. He pulled the hair on his head with both hands and roared, you destroyed my battleship! I'll fight you to the death!

His face turned extremely ferocious and he instantly went berserk!

The huge wings of the black Swamp suddenly spread open, and fur grew on his arms. The hair on the top of his head stood up and actually turned into countless tentacles. Like an octopus, it bared its fangs and brandished its claws, dancing in the air.

Then, circles of golden runes spread out from his right foot, which had become wooden and stiff. Like a profound artifact being unsealed, it turned into truth listener's foot.

Yunxiao's face changed instantly, and he was extremely vigilant. Qiu Mujie's condition seemed to have risen from the bottom of his soul, and many of his limbs and organs were still changing.

As a ninth-tier Alchemist, he naturally understood what kind of balance was needed to fuse so many strange items in his body without suffering any conflict or backlash.

Just the few Supreme bodies that had appeared before, such as the truth listener's feet, the black Swamp feathers, the Golden ape's arms, the ominous claws, and the thousands of immemorial heaven's eyes, were already a shocking miracle.

After Yunxiao fused with the lunar pupil, he had also been affected by the power of the pupil, and for a long time, he had become violent and unreasonable. But now, everything Qiu Mujie was showing was an existence that could compete with the lunar pupil clan.

There was also the green eyes, the strange horn on his forehead, the feelers on his head, the copper nose, the ears of a Silver Eagle, the body covered in dragon scales, and the long tail of a Suan ni.

It was a living assembly of a hundred races!

"Gulp!"

Yunxiao's face turned pale as he gulped with difficulty. Qiu Mujie had completely turned into a monster at this moment, but it seemed that he had not lost his divine sense. He was probably the first person in history to do this!

"

Qiu Mujie's body was still transforming, but his strength seemed to have reached its limit. If he continued transforming, he might not be able to control it.

He flapped his wings, and the power of space appeared. He instantly appeared above the battleship fish, and di ting's foot stepped on the back of the fish!

"What does he want to do?"

Yunxiao was taken aback, not understanding what Qiu Mujie meant. With such a kick, the strange blue fish would probably die completely.

Could it be that he wanted to end its life personally to prevent it from suffering too much?

This thought was quickly eliminated.

Although the strange blue fish's belly had exploded, it was still a combination of countless things. Yunxiao had only broken the space in its belly, so he was not seriously injured.

Secondly, who knew how many experiments he had done and how many living beings he had killed to make this thing? this madman was definitely not a merciful person!

Qiu Mujie's face was filled with malevolence as he stomped down!

"BOOM!"

The truth listener's foot stepped directly into the back of the strange blue fish, causing a large amount of blood and flesh to burst out. The entire fish body churned a few times before it calmed down.

Following that, a terrifying scene appeared. The lower half of Qiu Mujie's body began to slowly fuse with the strange blue fish.

"?!"

Yunxiao shivered when he saw this, and he instantly understood what was going on!

This strange green fish wasn't just Qiu Mujie's Mount or beast, it was also his energy source!

When he was at full power, he couldn't control all his limbs and organs with his strength. So he thought of this strange method, which was to fuse himself with the strange blue fish and control the changes in his body by absorbing the power of the blue fish.

In other words, the strange green fish was also a part of his body, and it was an important part that supplied a large amount of elemental energy!

“Genius Qianqian, peerless genius Qianqian”

After a brief moment of panic, Yunxiao’s eyes shone as he said excitedly, “legend has it that there’s a vicious beast called the Centaur. I didn’t expect you to turn into a half-mermaid today. To be precise, you’re a half-beast fish.

madman Jie,” he praised from the bottom of his heart. I have to admit that you’re the most talented Alchemist in the world!

Qiu Mujie’s entire lower body had completely fused with the strange blue fish, leaving only his demonized upper body. The malevolent expression on his face gradually calmed down, clearly having received a massive power supply to suppress the backlash.

The scales on the strange green fish had all fallen off and connected together like before, forming a spiral around its body. The fish was covered with formations of various sizes.

The hole on the fish’s stomach had also healed naturally, but it had turned white. There was a Golden Circle on it, and a glittering “” character was printed on it.

The truth listener’s foot had clearly become the key to the fusion of the two. With its extremely strong and unbreakable attributes, it was indeed the best medium for the fusion.

tell me your name. You are the first person in my life who can transform me into my final form!

Qiu Mujie became extremely calm. A vicious light flickered in his eyes, but there was also a sense of death.

Yunxiao nodded. I’m honored to see such a great alchemy product. My name is li Yunxiao.

“What? You’re Li Yunxiao?”

Qiu Mujie’s Green eyes suddenly contracted and a ghostly light appeared. He immediately said, “No wonder, Zhenzhen, no wonder, Zhenzhen”

Yunxiao frowned slightly, not understanding what he meant. He sighed and said, “No wonder what? I really want to have a good talk with you about the Dao of alchemy. What a pity, what a pity!”

“A pity?” Qiu Mujie sneered. ‘Hmph, it’s a pity that you’re going to die soon, and you still want to talk about alchemy.’ Don’t worry, I’ll carefully examine your body to see if you have anything worthy of this old man’s possession.”

Yunxiao’s face flickered, and he felt a chill run down his spine when he was stared at by those green eyes. His face was bloodless, but he still forced a smile and said, “Haha, don’t worry. If I’m really caught by you, I’ll definitely self-destruct. Although your art Dao is extremely impressive, I have no interest in offering myself.”

“It’s not up to you, Hmph!”

Qiu Mujie’s bull-like nose suddenly harrumphed, and a ring of white gas immediately spurted out of his nostrils. The surrounding space instantly distorted, and an extremely powerful sound wave was released at a visible rate.

The space seemed to be pushed open by this sound wave, and it kept expanding.

...

Before the sound wave arrived, the power came first. Yunxiao’s robe and long hair fluttered under the pressure.

His heart was filled with shock. His previous guess had been confirmed. That copper-like nose was the Humph beast’s.

Among the ancient true spirits, there were two extremely strange true spirits. They followed like shadows and never left each other. They were known as the “Heng ha” beasts, and they could take people’s lives with just two words.

Although it was ranked very low among the true spirits, it was still an existence in the ten directions divine realm, and Yunxiao did not dare to underestimate it. but, the ‘Hmph’ of the character ‘Lao Ai’ does not seem to be as powerful as the legends say.

Just as he was feeling suspicious, his pupils suddenly contracted, and a bad feeling welled up in his heart. “Not good!”

Qiu Mujie’s sausage-like mouth suddenly opened and a ring of yellow gas was spat out. ha!!

The sky trembled, and an invisible force emerged, instantly catching up with the sound wave of the “Hmph” word. The two combined, and countless transparent runes instantly appeared in the sky, faintly visible in the void.

A brutal aura spread over, and the entire sky suddenly shattered. The four poles collapsed!

The terrifying power destroyed everything as it swept toward Yunxiao!

“BOOM!”

Yunxiao’s figure was instantly ground to pieces by the force, leaving no corpse behind.

...

Qiu Mujie’s Green eyes flickered and he coldly said, “You want to escape? Feng Ling city will be the place where your heavenly fate ends!”

He raised his golden furry arm, grabbed the huge podao, and slashed in the air!

A terrifying Saber Force instantly split the sky apart, and an incomparably huge crack appeared in the air, spreading into the distance with lightning speed!

The sky on both sides of the crack continued to collapse, and in response to the astronomical phenomenon, the earth cracked and gullies appeared. Feng Ling city was split in half, and it was almost completely destroyed!

Many of the weaker martial artists couldn't even withstand the residual power of the saber intent that came down from the sky, and their bodies directly exploded.

Not far away, the space trembled. Yunxiao's escape technique could not withstand the saber power, and he was forced to show himself. His eyes were filled with horror. He immediately transformed into ten thousand lightning bolts and ran into the distance.

Fortunately, he had reacted quickly and left an afterimage behind. If not, if he was caught by that scoff intent and took such a strike, he would really die Here.

Now that the situation had changed, it was almost impossible for him to win on his own. Furthermore, his objective for this trip wasn't Qiu Mujie. Furthermore, he had already rescued the water deity and the transformation cultivator from the fish's stomach. He no longer had any intention to continue fighting and quickly fled towards the teleportation array.

Qiu Mujie coldly snorted and put away his saber. With a flap of his wings, his massive body disappeared.

"What? That kind of giant thing can teleport?"

Yunxiao was taken aback. As soon as he appeared above the teleportation array, an extremely strong spatial power emerged above him.

His face sank and he threw something out without a word.

As he circulated his spiritual energy, a three-colored radiance flew up, and a divine peak smashed toward that space!

“BOOM!”

Wherever the tricolor Tusita sky passed, the space was shattered.

Qiu Mujie teleported over, but before his body could even appear, he was struck by a boundless force that prevented him from breaking through the air!

“Impudent!”

He roared loudly in the void. The Golden fur raised its large blade with both arms and slashed down at the mountain!

“BOOM!”

The saber Force shook the mountain peak, and a huge spiritual pressure surged violently, rushing to the sky and earth!

Under the backlash, Qiu Mujie’s destination was forcibly changed, and he appeared a thousand feet away from Yunxiao!

Chapter 1386-meeting on a narrow path

Yunxiao was horrified. The other party was fine after taking a blow from the tricolored Tushita!

Little did he know that Qiu Mujie was even more shocked. He stared at the spinning tricolored peak in disbelief, even forgetting to attack.

In the next moment, he narrowed his eyes and saw that more than half of the teleportation array below Yunxiao had been destroyed in the battle. He could not help but laugh wildly. haha! Let’s see how you can escape now!

Fortunately, this was the teleportation formation area, and there was usually a strong barrier protecting it. Otherwise, it would have long since been reduced to dust like the other buildings.

With a solemn look on his face, Yunxiao took back the mountain. With a flip of his right hand, an array disc slowly flew out, turning into an infinite array light and falling down.

This formation plate was densely covered with stars, profound and complex.

It was the medium teleportation array disc that the death god eight elephants had buried outside of new Yan city. He had dug it out and did not expect it to be put to use now.

His hands moved quickly, and although the large-scale teleportation formation on the ground had been destroyed, there were still various formation talismans that could be used. They were activated in an instant and merged with the teleportation plate. The light of teleportation bloomed all over the sky.

“What?”

Qiu Mujie’s Green eyes popped out. As a genius Alchemist, he naturally noticed that something was wrong. With a flap of his wings, he disappeared again.

Soon after, a ray of Saber Light appeared on the teleportation array disc.

“BOOM!”

The entire teleportation light was split in half, and a pitch-black spatial passageway appeared. There seemed to be a figure at the end of the passageway, but it disappeared in an instant.

“Damn it!”

Qiu Mujie bellowed, his face ashen. With a flap of his wings, the entrance to the passage was immediately pulled apart.

Countless runes flashed within the black feathers, and Qiu Muji's massive body disappeared in the air.

The only thing left was the huge space tunnel above Feng Ling city. It was so deep that one could not see the bottom.

Only after a while did some martial artists dare to slowly appear.

Lu Zhiyuan, Qin Xi, and a group of high-level martial sovereigns emerged one after another. They appeared in front of the passageway and were all extremely frightened.

"This ... This is the spatial passageway that appeared after the teleportation formation was activated? This is the first time I'm seeing it." Qin Xi's face revealed a shocked expression. He felt the terrifying aura in the space and didn't dare to get too close.

Lu Zhiyuan looked at the ruins of the city and wanted to cry but had no tears. won't this passage disappear? Permanently appear here?"

"Who knows?"

no! Qin Xi also shook his head and said, " we have to find an Alchemist to ask.

A warrior frowned and said, " I have some understanding of space tunnels. It doesn't seem like they will appear in such a stable manner for a long time. Any tunnel that is torn open will either disappear on its own or cause a huge explosion.

"B-explosion?"

Lu Zhiyuan's entire body trembled as he pointed at the unceasingly expanding hole behind him and cried out,"You're saying this thing will explode?"

Everyone's heart trembled as a bad premonition welled up in their hearts!

“Boom boom boom!”

The entrance of the tunnel suddenly exploded, and a huge force spread in all directions, sweeping everyone in!

”

Miserable shrieks rose and fell. Many people were directly sucked into the void and bombarded to death by the terrifying power.

Only a few people rushed out with all their might and were sent flying thousands of feet away in order to save their lives.

However, everyone felt a lingering fear. They couldn’t feel any warmth under the bright sunlight, and their bodies trembled violently.

As soon as Yunxiao rushed into the passage, he was immediately attracted by a powerful spatial force and was sent flying thousands of miles away in a flash.

He had temporarily used a medium-sized teleportation formation in conjunction with the incomplete talismans of his original formation to open up a passage, but he had no idea where it led to.

Suddenly, a bright light came from the front. With his eyesight, he could see it clearly in an instant. It was a battleship. Although it wasn’t big, it exuded an exquisite and magnificent aura!

“This battleship is a Suan ni.”

He recognized it immediately. It was the spirit God battleship that belonged to the soul formation sea!

“Why are there people from the sea of soul formation in front?”

His mind was filled with thoughts. Although he had some guesses, he could not be sure. However, he was certain that the other party must have teleported to Feng Ling city from another place.

“Who’s there? Stop!”

It seemed that someone on that battleship had also discovered him. A cold shout came from it, and all kinds of formations on the battleship suddenly activated, becoming extremely bright, as if it had entered a state of preparation for war.

stop! Yunxiao cried out in shock and anger. stop your sister! We’re in a space tunnel, and if we resist the power of teleportation, we could be swept into the turbulence of space and time at any time.”

“If that’s the case, then go to hell!”

The people on the battleship gave the order without asking what was going on. The attack formation on the battleship was activated, and dozens of light beams shot out.

“Your sister!”

Yunxiao was shocked and furious. In a moment of desperation, he said angrily, ” “If you want me to die, then we’ll all die together!”

He took out the tricolor Tusita Heaven and threw it at the man.

This thing was extremely heavy. It didn’t even need to hit the battleship. As soon as it was released, the entire space tunnel was distorted and even showed signs of collapsing!

“Boom boom boom!”

The beams of light hit the Tushita sky directly, and the whole tunnel collapsed instantly.

“What?”

Panicked voices came from the battleship. All of a sudden, it was chaotic, and all kinds of voices rose and fell. steady! Steady!”

...

But it was too late. The passage suddenly collapsed, and Yunxiao and the warship were swept into the spatial vortex, which swept them toward a bright spot.

Although he could not help himself in the spatial vortex, Yunxiao did not panic.

After all, he had the divine realm tablet and Ye Fan, who had Noah’s ship, here. Even if he fell into any predicament, he was confident that he could get out.

This was also the reason why he dared to destroy the tunnel without any restraint. Once he was caught in the spatial turbulence, the one who would suffer would definitely be the other party.

After an unknown period of time, Yunxiao felt his surroundings light up, and at the same time, his body felt lighter. The sweeping force had disappeared.

His entire body fell from the sky.

He had been thrown out of the spatial turbulence. He straightened his body and stopped his fall, quietly standing in the air and looking around.

All he could see was boundless wilderness and Hills, which was the typical feature of the Eastern Region. It seemed that he had not been thrown into another region.

Yunxiao took out an astrolabe and began to search for his location.

“Eh, it’s not far from the red moon City,” he said in surprise after a while.

At this moment, a loud boom came from not far ahead, as if the space was being hit by something.

...

“BOOM!”

“BOOM!”

The sound rang out a few times before it finally rumbled away.

The sky shattered in an instant. The Silver Spirit God battleship rushed out and fell directly to the ground. It plunged down for a few thousand meters before it adjusted the warship and hovered in the air quietly.

“Hmph, fortunately we opened the space Array in time, so nothing happened!”

A cold voice came from the warship, “Little brat, you’re in big trouble.”

The Starship quietly stopped in the distance and the formation that blocked divine sense was opened, making it impossible to see what was inside.

Yunxiao took some medicinal pills and heavenly materials and earthly treasures, and his complexion improved slightly. After all, he had consumed too much energy in the battle with Qiu Mujie. “If you have something to say, then hurry up and say it. The next words are usually ‘you’re dead, no one in the world can save you’. I wonder if I’m right?”

The voice on the battleship:

haha, what an interesting kid. He seems to be quite powerful.

Another old voice sounded.

Then, a ray of light rose from the warship, like a bright moon on the sea.

The void in front of him flickered, and dozens of figures appeared.

Yunxiao was taken aback. It was not strange that there were dozens of people on the warship, but what was strange was that they were all quite strong!

“Li Yunxiao! You’re Li Yunxiao!”

Suddenly, a dark-faced elder exclaimed with a shocked expression. Then, his aura condensed and was filled with hostility!

Yunxiao glanced around and was quite surprised to see that the old man was Fu Yichun.

He had also seen the other two before. They were Jiang Ruoxi and Ruan Yuanwu, who were also members of the Supreme Council in the past.

He also recognized two of the remaining people. One of them was Luo Tian, the ninth-tier Alchemist who had delivered the skyscraping city on behalf of the soul formation sea to fight against the sea tribe when the East Sea was besieged.

He had also met another person in Red Moon City, the ninth-tier Alchemist, Yong Tianyun, who pointed out the five suspicious points about him that day!

“What? Li Yunxiao!”

In the middle of the crowd, a man with a withered yellow face and high cheekbones had a cold expression. His eyes narrowed as he said, “As expected! I didn’t recognize you before, I’m really blind.”

From the sound of the voice, this person was the one who had directly given the order to attack in the passage. He seemed a little unfamiliar.

“Young master Yunxiao, it’s a little sudden for us to meet under such circumstances.”

Yong tianyun forced a smile and revealed a helpless expression.

Luo Tian also smiled and said, “ after we parted at the sky-towering city, young master refused to reveal your name. I’ve already asserted that we’ll meet again. As expected. However, I didn’t expect that when we met again, young master’s name would be known throughout the world.”

Yunxiao’s eyes flickered as he told her his guess, “ “Are you guys going to the red moon City to capture that crazy Jie?”

“Hmph! These Masters are here for mad hero, but we, the Redmoon city, are here for you!”

The yellow-faced man was called Lei Ling, and he was one of the Vice sect leaders of the four extremes sect. He sneered, “ it’s really a small world. I can see that you’ve exhausted a lot of your origin power, so don’t put up any resistance. Just surrender obediently.

Red Moon City has sent a few pieces of trash like you to catch me? ” Yunxiao sneered. don’t you think you’re underestimating me? ”

“You coward! They really deserve to die!”

Lei Ling’s expression turned sinister. The elemental energy on his body began to surge, and the corners of his mouth held a cruel sneer.

Yunxiao sneered disdainfully. This Lei Ling was just an early-stage nine-stars Martial Emperor, and it seemed that he had just broken through. He was not worth mentioning at all.

The estimation of his strength by the red moon City was far from enough.

Yunxiao did not bother to pay attention to the people of Red Moon City, so he just said indifferently, "The two grandmasters and I can be considered old acquaintances. Although we can't be considered friends, we have met once. Grandmasters, are you going to let the people of Red Moon City capture me, or are you going to help them?"

Chapter 1387-times have changed

Lei Ling spoke first, "the Lords of the sea of soul formation are naturally of one mind with the red moon City!" However, there's no need to trouble the Lords to catch you. I can just send one person!"

He turned his eyes to the two people beside him and said, "Jiang Ruoxi, ruan Yuanwu, why don't the two of you capture this person?"

Jiang Ruoxi and ruan Yuanwu's faces flashed with displeasure at the same time. They were members of the Supreme Council of the red moon City in the past, and even the city Lord could not command them.

Now, with the passage of time, the elders of the four extremes sect in Red Moon City were all more powerful than him.

Although the two of them were unhappy, they knew that the situation was stronger than the person. The good days of the past were gone forever. mm! they both stepped out of the ranks and walked toward Yunxiao with cold faces.

Yunxiao turned a blind eye to the two, but his eyes lingered on Luo Tian and Yong tianyun, waiting for their opinions calmly.

Luo Tian's expression turned awkward. although I admire young master Yunxiao, " he said, " I can't ruin the relationship between the sea of soul formation and red Moon City because of my personal preference.

Yunxiao raised his eyebrows and said coldly, " "Master Luo Tian, do you mean that when I kill these scums in Red Moon City, the people in the sea of soul formation will also take action?"

Luo Tian and Yong Tian Yun looked at each other and forced a smile. They didn't know how to answer.

"In your dreams! Jiang Ruoxi, ruan Yuanwu, why aren't you attacking?"

When Lei Ling saw that Yunxiao did not take them seriously at all and felt that he had lost face in front of the masters of the sea of soul formation, a trace of anger flashed in his eyes as he shouted on the spot.

Although Jiang Ruoxi and ruan Yuanwu were angry at Yunxiao's contempt for them, they were even angrier at Lei Ling for yelling at them. So, they could only vent their anger on Yunxiao with gloomy faces.

"Die!"

Jiang Ruoxi's fingers turned into claws as she lunged forward and grabbed at Yunxiao's throat.

This kind of move was usually used to deal with existences weaker than oneself. Locking one's body and throat was an extreme self-confidence and contempt for the opponent.

Ruan Yuanwu, on the other hand, rose into the air and launched a wind kick at Yunxiao's face.

It was an extremely arrogant move. The power under his feet instantly exploded the air, and his footprints condensed in the air, flying over.

In their eyes, Yunxiao was just a seven-stars Martial Emperor. Although his realm had exceeded their expectations, they still did not take him seriously.

Therefore, both of them only used 20% to 30% of their strength, which seemed very casual.

"You're looking for death!"

Yunxiao's face darkened. Although his strength was greatly weakened at the moment, it was not worth mentioning to him when he was dealing with two Peak Eight-stars martial sovereigns.

Killing intent shot out from his eyes. The sword in his hand flashed, and the cold sword cut through the air with a clang. A sword light swept toward the two of them and turned into two green lotuses, Falling Slowly.

"This sword Qi is dense."

The two of them trembled as a sense of death crept into their hearts. The feeling was so strong that it was real.

"What's going on?"

Although the two green lotuses were formed by sword gleams, they were not sharp. Instead, they were soft and seemed to have no power.

"Not good, quickly Dodge!"

Fu Yichun's eyes twitched as he shouted from afar.

At the same time, his face was filled with shock. His cultivation base had already broken through to the level of a nine-stars martial sovereign, so his vision was much sharper than the two of them.

However, it was too late. No matter how Jiang Ruoxi and ruan Yuanwu circulated their essence force, they could not break through the shackles of the two sword lotuses.

"Chi Chi!"

The lotus flower fell, and a sea of sword Qi rushed out, instantly annihilating the two of them.

”

Two miserable shrieks rang out. Just a moment ago, they were still full of confidence and had an insufferably arrogant appearance. At this moment, they were pierced by the thousand swords. Blood spurted out and turned into two cold corpses. They fell to the ground with unwillingness and despair in their eyes.

“?!” A series of twitching sounds.

One sword.

He had killed two eight-star martial sovereigns with just one sword attack.

For Yunxiao, it was a very normal thing, but in the eyes of the crowd, it was a great shock.

The people from the sea of soul formation were still calm, but Lei Ling, Fu Yichun, and the others were completely petrified. Their brains crashed, and they could not think at all.

Even if they were to make a move, they were not confident that they could kill the two of them in such a clean way. Besides, Yunxiao was obviously weak and looked like he could not support his primordial energy.

Yunxiao’s eyes gleamed coldly as he raised his hand and pointed his sword forward. “Scum of the red moon City, come up and die.”

“?!”

The people of the red moon City sucked in a cold breath. Other than Lei Ling and Fu Yichun, everyone else took a step back involuntarily.

Everyone felt a chill in their hearts under the flashing sword light and cold air.

“A scholar who has been away for three days must be treated differently,” Yong tianyun said in shock, “the people of the ancient times are not to be bullied.” Young master Yunxiao doesn’t have any life-and-death enmity with Red Moon City. Why don’t you put aside your differences and let me and brother Luo Tian mediate between you and resolve the previous grievances?”

Luo Tian’s eyes lit up and he quickly said, “that’s right!” The relationship between the sea of soul formation and red Moon City is very good, and young master Yunxiao is a ninth-tier Alchemist, so he can come to the sea of soul formation to serve as an elder. In this way, there will be no conflicts.”

Fu Yichun’s face darkened. If Yunxiao really joined the sea of soul formation as an elder, Red Moon City would definitely cancel the arrest warrant, and Jiang Ruoxi and ruan Yuanwu would have died in vain.

Although they did not have a good relationship in the past, ever since the four extremes sect had merged into red Moon City, they, the remaining elders of Red Moon City, had a tendency to stick together for warmth.

At this moment, he was even more sorrowful. He snorted coldly and said, “Great masters, this li Yunxiao killed an elder of our Red Moon City. How can we resolve the hatred between us? I hope that grandmasters can help us take down this child on account of our Alliance!”

“There are no eternal enemies in this world. If young master Yunxiao is willing to resolve this, I hope that the red moon City can give us a chance,” Yong tianyun said calmly.

Fu Yichun’s expression immediately turned ugly. Yong tianyun’s attitude was clear. As long as there were enough benefits, the deaths of Jiang Ruoxi and ruan Yuanwu would be nothing!

Yunxiao clasped his hands behind his back and said indifferently, “ “We can talk. The premise is to cancel the marriage between Tang Xin and Jiang Ruobing, and then the four extremes sect will withdraw from the red moon City. All the grudges between Tang Qing and I will be written off.”

Fu Yichun’s body trembled, and he looked at Yunxiao in disbelief. He had never expected that Yunxiao would ask for such a condition.

...

Lei Ling was furious and said, "impudent!" How dare a mere junior ask one of the seven sect Masters to leave? what a big joke!"

Yunxiao's expression remained unchanged as he said indifferently, " if you think this is a joke, then you will be the laughingstock today.

"Then let me see just what right you have to be so arrogant!" Lei Ling said in a cold voice. He gave Fu Yichun a look, signaling for them to attack together.

After all, Yunxiao had just killed two eight-stars martial sovereigns with a casual sword strike, which made him very afraid.

Fu Yichun's expression was complicated, but he still nodded slightly.

The two of them walked slowly toward Yunxiao, their auras rising and soon reaching their peak.

Yong tianyun didn't seem to want to see them fight. He frowned and said, "Young master Yunxiao, can you seriously consider it?"

I'm serious, " Yunxiao said seriously. I'm being very serious.

"Al!"

A deep sigh rang out. Luo Tian's face was filled with helplessness, and he did not want to stand on the opposite side of Yunxiao either.

"Then go to hell!"

...

A pair of iron halberds appeared in Lei Ling's hands and he struck down unexpectedly!

"Excuse me!" Fu Yichun said in a deep voice. His palm shot out a sky full of afterimages, and he attacked together with Lei Ling.

The two of them were extremely vigilant, not daring to be the slightest bit careless.

He had thought that Yunxiao was running amuck because of luck, but now he knew he was wrong.

"Swish!"

Yunxiao's body turned into a Thunderbolt and was cut in half by the pair of iron halberds.

However, as the lightning flickered, it instantly healed and locked Lei Ling's hands. At the same time, his body swelled up violently and he became a huge lightning fatty!

"?! This Yingluo "

Lei Ling was shocked. The extremely violent will of thunder and lightning came at him, but his hands were held tightly by Yunxiao, and he could not break free!

When Yunxiao's body expanded to a certain limit, the corners of his mouth curved up as he chuckled and charged at Lei Ling.

"BOOM!"

The huge Thunder God's body collided with Lei Ling's body and exploded instantly!

A ring of lightning stars suddenly bloomed and scattered in all directions. There was even a flash of lightning that soared into the sky and went straight to the ninth heaven!

In his shock, Fu Yichun hurriedly made a move, but he was knocked far away by the lightning energy. He only felt the qi and blood in his body churning from the impact. He was shocked.

The entire area within a radius of several thousand feet was struck by the lightning. A group of weaker martial artists of Red Moon City screamed in pain, and many of them were directly electrocuted into charcoal.

Everyone in the sea of soul formation was also shocked.

“Bilipala!”

The Thunderbolt gradually dissipated, and with a flash of several lightning bolts in the sky, Yunxiao’s true body emerged.

However, his face was even paler, as if he was an arrow at the end of its flight.

“Pfft!”

Lei Ling, who was below, was hit head-on. Almost all of the lightning energy passed through his body. It could be said that he had 100% used his physical body to withstand the attack!

His face was ghastly and his body was charred black. His hair was all burnt and he was constantly spitting out blood. His eyes were filled with anger and his body was on the verge of collapsing.

Yunxiao could not help but frown. If he had attacked at his peak, even ten Lei Lings would have died. But now, he could not even kill one of them.

However, this was enough to shock everyone. Not a single sound could be heard in the surroundings.

After swallowing a few pills, Lei Ling asked for help, “Grandmasters, please help me!”

Luo Tian and Yong Tian Yun looked at each other. Other than shock, they were also hesitant.

Luo Tian suddenly asked, "young master Yunxiao, you've come from Fengling city. What about Qiu Mujie?" Did you kill him?"

"I killed him?"

A strange smile appeared on Yunxiao's lips, which looked like a mixture of ridicule and helplessness.
"Master Luo Tian, you think too highly of me."

Chapter 1388-different Dao

"Young master Yunxiao, do you mean that even you are not a match for Qiu Mujie?" Luo Tian asked, his expression changing. Yunxiao could easily defeat a nine-stars Martial Emperor even when he was at the end of his rope. Luo Tian did not seem to believe that Qiu Mujie could defeat him.

"Heh, a scholar who has been away for three days must be treated with new eyes. This sentence is not only suitable for me, but also for all the talented experts in this world!"

Yunxiao's eyes flashed as he praised generously, "That Qiu Mujie is indeed an unparalleled genius Alchemist, and his talent is no less than mine. You'll know it soon.

He then retracted his gaze and looked at Lei Ling. He said coldly, "as for now, Yingluo, let me clean up the trash in Redmoon city first!

His body turned into lightning and he swooped down. He saw a large number of lightning bolts coming down from the sky.

"Lord Luo Tian!" Lei Ling's expression changed drastically as he said anxiously.

"BOOM!"

The Thunderbolt struck the ground, and the electric light bounced back and shot into the nine Heavens.

Everything within a radius of a few hundred feet was turned into dust, and a huge pit appeared.

When the dust settled, Yunxiao stood in the middle of the pit with a gloomy face and said in a cold voice, "Luo Tian, do you really want to be my enemy?"

Luo Tian's expression changed slightly, and his pupils shrank. He slowly said, "I can not help the people of the red moon City to deal with you, but I can not watch you kill Lord Lei Ling."

Lei Ling was standing beside him in a sorry state. He looked in front of him in horror and knew that it was Luo Tian who had saved him just now. He hurriedly said gratefully, "Many thanks, master! I'll never forget the kindness of saving my life!"

Luo Tian raised his hand and interrupted him. me saving you has nothing to do with you. It has to do with the sea of soul formation and red Moon City.

"Yes!" Lei Ling replied with a straight face. But no matter what, I will remember today's kindness in my heart."

Yunxiao's mind raced. At this moment, with the interference of the people of the sea of soul formation, it was impossible to kill the remaining few people in Red Moon City.

"Good! I'll remember today's matter for the time being and settle it with you in the future!"

Yunxiao had no choice but to leave a harsh sentence before he turned to leave.

Luo Tian hurriedly said, "young master Yunxiao, please stay here for a while. I hope you can tell us some news about Qiu Mujie so that we can be prepared. This will minimize our losses during the siege.

"Encircle and annihilate?"

don't think too much, " Yunxiao said with a sneer. with the strength of your team, you'll only be annihilated if you go there. You'd better go back and get more reinforcements.

Displeasure appeared on the faces of the people of the sea of soul formation, and their snorts rose and fell, showing extreme dissatisfaction with Yunxiao's words.

"Young master Yun, are you telling the truth?" Yong tianyun was shocked.

I'm giving you a piece of advice on account of our relationship with the sea of soul formation, " Yunxiao said. don't even think about besieging Qiu Mujie without the strength of a peak nine-stars Martial Emperor.

a peak nine-stars Martial Emperor? " you ... Luo Tian's expression changed drastically. young master Yunxiao, aren't you exaggerating? "

Yong tianyun didn't believe it either.

don't believe him, everyone, " one of the martial artists sneered. he's just trying to cover up his failure and save some face for himself.

Yunxiao gave the crowd a pitying look and said with a sneer, " "Since everyone is rushing to die, I won't disturb you any longer. I'll bid you farewell here. I hope we can meet again."

He smiled indifferently and his body turned into a faint lightning bolt, about to disappear into the sky.

"BOOM!"

Suddenly, the world trembled, and a vast might came from nowhere. His body of lightning was instantly jolted back and became solid.

"BOOM!"

There was another explosion, and cracks began to appear in the sky, shattering in all directions.

“What?”

Yunxiao’s face flickered. The aura was Qiu Mujie. He did not expect that the man could still track him down in such a way even after the spatial tunnel was destroyed!

He smiled bitterly and said, “everyone, there’s no need to rush to your deaths, because the Grim Reaper is here.”

“BOOM!”

The entire sky shattered, and a huge black hole appeared like a mirror. The space around the black hole began to distort.

In a flash, the entire cave entrance disappeared, and a huge figure appeared in front of everyone!

“?! This is Yingluo.”

Everyone paled in shock. Although the Qiu Mujie they had seen in the images sent back by the rhythmical essence had changed a little, he was at least still normal.

And this half-beast fish Suan ni that appeared in front of him

“Eh? Luo Tian, it’s actually you!”

After Qiu Mujie appeared from the void, he immediately discovered the people from the sea of soul formation realm. His gaze darkened and his green eyes were like lightning as he looked down.

“You Yingluo, you are Yingluo.”

Luo Tian was completely dumbstruck. He felt his throat become stuck as he looked at the half-beast fish Qiu Mujie, and he was completely unable to speak.

One of them was also petrified and stood there in a daze.

“Haha, li Yunxiao, where did you find these interesting people? As a dish to go with wine when I kill you?”

Qiu Mujie’s face was filled with wild arrogance and derision.

Luo Tian’s cheeks were dripping with cold sweat, and he felt that his palms were wet. He said in horror, “You, you really are crazy Jie!”

“Hehe, Luo Tian, do you want to reminisce about old times and talk about friendship with me? I don’t think we have any friendship before, right?”

Qiu Mujie’s gaze turned cold, and his oily-green eyes flickered like ghostly flames. The powerful aura on his body was like an ancient true spirit that had returned to the world, suppressing the chests of everyone present.

Although the battle had not started yet, everyone knew that Yunxiao was telling the truth just by looking at his aura.

“And this kid, he seems to be Yong tianyun, right? I can’t believe you’ve become a ninth-tier Alchemist. The sea of soul formation is really a place full of talents. I really miss it. ”

...

Qiu Mujie’s face was filled with reminiscence and a cold expression. The gaze he used to look at everyone grew colder and colder. A baleful aura spread out and enveloped him like a mist.

“Gulp!”

Luo Tian finally swallowed his saliva and said with great difficulty, “Qiu Mujie, you ... How did you end up like this? You’re too unconventional! If it wasn’t for this, why would he be hunted down by everyone? Don’t be so stubborn!”

“Haha, unrepentant?”

“Luo Tian, if I say I’m turning over a new leaf now, will you let me off?” Qiu Mujie laughed wildly.

“I can’t make the decision on this matter, but I will definitely do my best to speak up for you!” Luo Tian said in a deep voice.

“PAH!”

Qiu Mujie spat out a mouthful of phlegm and angrily said, “Why didn’t I see you speak up for me back then? Now, he wanted to save his life with a few words? In your dreams! After I kill all of you, I will lead my Army to slaughter the sea of soul formation! He wanted to rebuild a Supreme country of alchemists! All living beings must respect the Dao of magic, and everything must be in service of the Dao of magic. In order to pursue the divine skills, they must offer everything they have!”

Yunxiao frowned slightly. He did not expect Qiu Mujie’s goal to be so lofty. Although it was too extreme, if this madman really realized his dream, the alchemy Arts of the entire heavenly martial realm would inevitably show explosive progress, but it would also be a disaster for the entire realm!

Luo Tian had a pained look on his face as he sighed, “Brother Mujie, although you and I were promoted to ninth-tier alchemists in the same year, I know that my talent and efforts are not as good as yours, so I’ve always regarded you as my role model and followed your steps. Things remain the same, but people have changed. I really can’t bear to see you in this state.”

Qiu Mujie’s gaze turned even colder as he coldly said, “There’s no point in saying anything more. I can’t turn back, and I’ve never thought of turning back! I’m at the peak of my life! As for you, you’re so stubborn. Have you made any progress in these years?”

...

A cruel smile appeared at the corner of his mouth, and he said, " "If you don't, you will become ashes under my feet today! And your death will mark the beginning of a great new era! Hahahaha!"

Qiu Mujie laughed wantonly. His laughter suddenly stopped and he said with an ice-cold expression, you talk too much nonsense. I can't wait to see the prelude of the era!

"Hmph, ha!"

His face darkened, and his copper nose and sausage-like mouth suddenly let out a " Hmph ha " sound. The space instantly turned into a spiral and suddenly flew down!

"Be careful!"

Luo Tian roared and formed a seal with his hands. An extremely powerful force spread out from his seal, and the surrounding space swirled. Everyone was instantly teleported out!

"BOOM!"

The force landed on his body and shattered into countless light screens, which disappeared inch by inch.

In the sky, Luo Tian's body suddenly appeared. His expression was extremely serious as he shouted, " young master Yunxiao, let's put aside our past grudges and fight the enemy together!

master Luo Tian, " Yunxiao said coldly, " are you dreaming? Just a moment ago, you were still standing on the side of the red moon City that wanted to kill me, and now, the tea has not even cooled yet, and you want to trick me into helping you?"

"Qiu Mujie's target isn't just our sea of soul formation. He seems to want to kill you as well, right?" Luo Tian's expression changed slightly.

Yunxiao shrugged, spread his hands, and said with a scoundrel-like look, "It doesn't matter. With so many masters buried with me, I don't care if they die."

"You coward!"

Luo Tian was at a loss for words. He was quite angry.

"Hmph!"

Qiu Mujie coldly snorted and said sarcastically, "It doesn't matter who makes a move, everyone will die!"

A saber ray streaked across the sky, directly splitting the sky as it headed towards Luo Tian!

Luo Tian's face turned pale. Not only did the vast power under the blade split the sky, but it also suppressed all spatial power, making it impossible to teleport!

"Master, be careful!"

An expert flew over and stood in front of Luo Tian. The Golden Jian in his hand was unsealed, and he fiercely struck the blade light!

"BOOM!"

The blade light and the power of the Golden Mace were shattered one after another, and they mixed together to form an endless storm that spun on the ground.

The moment the blade light disappeared, the expert was sent flying. Luo Tian's mind power spiralled out and he appeared beside the expert. Then, the two of them instantly fled.

Yunxiao also disappeared at the same time. He flew a thousand feet away and watched coldly.

A large amount of spiritual energy surged around his body, and he kept swallowing natural treasures to recover his strength as quickly as possible.

Although the people from the sea of soul formation had no hope of killing Qiu Mujie, they could at least buy some time. The only way to save his life now was to recover his strength as much as possible so that he could deal with it.

Otherwise, even if he were to escape now, given Qiu Mujie's Blackpool feathers "ability to travel ten thousand miles in an instant, he would not be able to escape without sufficient elemental energy.

Chapter 1389-never failing

"Keke! Luo Tian, did you ever think that this day would come when you besieged me?"

Qiu Mujie laughed wildly and hideously. He kept his podao, and the countless tentacles on his head all stood up high before suddenly stabbing down!

"Swish Swish Swish!"

The tentacles broke through the air and fell, creating waves of ripples. The entire sky was in chaos.

"Boom boom boom!"

Then, the earth crumbled, and every tentacle that fell directly shook open the ley lines. The rock layers below continued to emerge after cracking, like stone waves rolling.

Everyone dodged in horror, and some of the weaker ones were pierced by the tentacles and exploded on the spot. They were also hit by the waves of Qi from the tentacles and were swept into the rain-like attacks. Their qi and blood were also shaken and they began to get injured.

"Everyone, attack! Attack as defense!"

Yong tianyun's face turned ashen. After dodging several tentacle attacks, he appeared in the sky in a flash. He pointed his finger, and a light ring appeared on his fingertip, instantly turning into a sharp sword and slashing over!

The rest of the people also rose into the air and attacked, each using their unique skills.

Suddenly, the multicolored ice attacks rained down, and the sky was shattered.

Yunxiao nodded inwardly as he watched from a distance. Yong tianyun was extremely smart this time. Although he could not change the outcome of the defeat, he had at least turned the passive situation into an active one in an instant, turning the situation around.

"BOOM! BOOM! BOOM!"

The tentacles on Qiu Mujie's head flew in all directions, blocking all the attacks. There were also several extremely sharp attacks that managed to sever a few of his tentacles.

"Bang!"

As if he couldn't hold on any longer, the wings of the dark swamp suddenly spread open. With a flap, space twisted, and Qiu Mujie instantly disappeared.

"What?" Luo Tian was greatly shocked. Under their many powerful attacks, they had completely sealed off the sky and the earth, yet the other party could still teleport away?

"Hmph, ha!"

Two sound waves suddenly descended from the void in the sky. The place where Qiu Mujie was standing earlier instantly exploded, and the powerful force rushed toward everyone!

"Over here!"

Luo Tian teleported up and suddenly reached out his hand. A golden flood Dragon writhed in his hand and directly turned into a large Golden Scissors. He threw it over.

At the same time, a pair of huge eyes slowly opened in the sky. It was as if a giant was hiding in the clouds. He put his hands together and slapped down!

Qiu Mujie's expression was dark and cold. He flapped his Blackpool feathers, and with a "Puchi," his massive body disappeared once more.

The giant Spirit's palm and the Golden Dragon scissors missed at the same time.

A figure appeared in the sky, his hands forming a seal and his face revealing a serious expression. It was the martial artist who used the gigantuous spirit magical power.

"Yong tianyun!" Luo Tian said with a deep voice.

"Understood!"

Yong tianyun's divine sense swept out and locked onto the place where Qiu Mujie had appeared. He instantly teleported over and quickly formed hand seals.

Runes continuously emerged from his two arms, instantly unsealing the nine copper rings. He then smashed them down!

Each of the copper rings was the size of a millstone. They were stacked on top of each other and spread out in the air. As they rotated, they disappeared into the void.

Yong tianyun's hand seals didn't stop. Instead, they became faster.

Qiu Mujie's brows furrowed as if he had sensed something. He shook his head slightly, and several strands of flesh instantly pierced through the air, piercing toward Yong tianyun.

“Seal!”

go! Yong tianyun said, and a yellow halo appeared in the sky. The tentacles were trapped in the Halo and then shrunk.

“??!”

The tentacles were bound in an instant, and the light circle turned bronze. All kinds of runes danced on it, as if suppressing the power of the tentacles. They drooped down in the air.

Following that, the other eight copper rings appeared on many parts of Qiu Mujie’s body, sealing his head, tail, wings, tail, tentacles, and hands. They then suddenly retracted, instantly tightening Qiu Mujie’s body!

“The nine chains of sun and moon?” Qiu Mujie was startled and involuntarily cried out.

“It’s the sun Moon nine chains,” Yong tianyun said calmly. The speed of his hand seals didn’t slow down, and a series of afterimages appeared.

The nine rings contracted, and countless runes surged forth. A massive yellow halo appeared in the air above Qiu Mujie’s massive body, seemingly possessing an extremely powerful sealing force.

Seeing that this move had succeeded, Luo Tian was overjoyed and said, ” “Everyone, let’s attack together and kill this man!”

All the martial artists were overjoyed. They suddenly rushed into the sky and attacked.

Even Fu Yichun and Lei Ling did not fall behind. They followed in the crowd and unleashed their ultimate moves, blasting them at Qiu Mujie!

“Hahahaha!”

Qiu Mujie suddenly laughed wildly and said savagely, "You guys probably don't know how terrifying my ultimate ability is, right? Do you think that you can suppress me with the mere nine chains of sun and moon? The nightmare shall descend!"

The Blackpool feathers, which were locked by the two bronze rings, suddenly shot out rays of light. They were cold and sharp, sending chills down one's spine.

"?!" Everyone sucked in a cold breath.

Those lights were actually eyes that opened one by one. In an instant, hundreds of eyes focused, and a thousand pupils appeared.

Time seemed to have stopped, and the countless attacks all stopped in an instant, slowly melting away!

"My ultimate state can never be suppressed!"

Qiu Mujie suddenly roared. The skin on his forehead rippled and a sharp horn instantly emerged like a bamboo shoot after a rain.

He nodded his head, and a silver light shot out from his horn, piercing through the air!

The martial artist who had used the Gigantes divine ability had a drastic change in expression. The silver light was coming towards him. He suddenly roared and threw a punch.

...

The giant Spirit in the Sky suddenly disappeared, leaving behind only a ball of fire that rolled down!

There was something burning inside the fireball, and runes were surging. It was like a star that had been knocked down by a punch!

“Bang!”

The silver light struck the fireball, causing it to explode instantly. The silver light actually passed through it, and with a “ bang “, it pierced through the martial artist’s body!

“Yu Yang!”

Luo Tian roared in shock, his face revealing extreme grief and indignation.

The martial artist was in disbelief as well. Looking at the huge hole in his chest, he gritted his teeth and formed another seal with his hands. He ignited his dantian and turned into a stream of light that rushed forward!

Qiu Mujie’s expression changed. The silver horn on his forehead turned completely gray after the strike, and all of its spiritual energy was gone.

Furthermore, his main attacks were all restricted by the nine chains of sun and moon, so he could only channel his eye-bloodline power to set up barriers.

“Bang Bang Bang Bang!”

A series of explosions rang out as the fireball that the martial artist had ignited himself into blasted onto Qiu Mujie’s body and exploded!

...

“Boom boom boom!”

A huge flame rushed up and lit up Half the Sky!

The alchemists were all in a heavy mood, filled with grief and indignation. They stared at the explosion with angry eyes.

“Is He Dead?” Lei Ling muttered to himself.

Although he was seriously injured, he was still trying his best. After all, once his soul formation sea could not hold on, he would die without a doubt.

“Under such an impact, even if he doesn’t die, he’ll at least be seriously injured.” Everyone was guessing in their hearts.

As the smoke and clouds dispersed, Qiu Mujie’s figure slowly appeared, shooting out a piercing light.

This time, it wasn’t those hundreds of eyes. Instead, Qiu Mujie’s entire body was enshrouded in a brilliant golden radiance. His entire body was covered in orange-yellow scales, and his spiritual aura was overbearing!

“?! What?”

Everyone was extremely shocked. Even a nine-star martial sovereign would be seriously injured by the blow just now. He directly took it head on and was actually safe and sound!

“Hey!”

A sneer appeared at the corner of Qiu Mujie’s mouth. At the same time, blood flowed down from the corner of his mouth. Although his scales had blocked the attack and he appeared fine on the surface, the impact had actually hit his internal organs. However, he did not care about such a minor injury.

“Attack!” Luo Tian suddenly shouted.

Only then did the other people recover from their shock and began to attack even more madly, not daring to hold back.

Luo Tian, on the other hand, teleported toward the spirit God battleship.

“Boom boom boom!”

The frenzied attacks landed on Qiu Mujie’s body, causing halos to appear. However, they were unable to break through the scales on his body!

Qiu Mujie’s Fury soared to the heavens from the beating. He roared, “Do you think you can trap me with the mere nine chains of sun and moon? How childish!”

“BOOM!”

His two golden furry arms suddenly swelled up, and a huge force struck the copper rings on his arms. The copper rings shone brightly, and countless runes surged.

Not far away, Yong tianyun’s expression changed drastically. He gritted his teeth and formed another seal.

”

Qiu Mujie roared. Suddenly, boundless energy surged from the body of the strange blue fish, and the countless formations engraved on its body were all activated.

Vortexes of spiritual energy appeared in the surroundings and gushed toward Qiu Mujie’s body.

“This is a Kasaya!” In the distance, Yunxiao was taken aback. His pupils constricted and turned into blood moons as he stared at the man.

Under the moon pupil, he could clearly see the flow of the formations and the direction of the spiritual energy. His expression changed greatly.

The countless formations on the strange blue fish were all powered by Supreme-grade primordial stones. Like a real warship, as long as there were enough primordial stones, it could have infinite power.

Qiu Mujie's body was completely fused with the strange fish, and he could actually directly extract the spiritual energy from the metastones. In other words, as long as there were enough metastones, Qiu Mujie's power would be endless and would never be exhausted!

This discovery shook his mind. Endless power was the dream of many Warriors. He didn't think that this madman would actually realize it!

Countless spirit energy flowed from the battleship fish to chumujye, and his Golden Arm had become more than twice its original size. The two copper rings trembled violently, and the huge circle in the sky began to show signs of being unable to hold on any longer.

"Bang!"

"Bang!"

The two copper rings finally broke apart!

The nine chains of the sun and moon were originally one, forming a formation and relying on each other.

With two rings broken, the other seven rings also crumbled!

"Bang Bang Bang Bang!"

All the shackles disintegrated instantly. Yong tianyun spurted out a mouthful of blood from the backlash and was sent flying dozens of Zhang away!

"Hahahahaha!"

A maniacal laugh reverberated through the air as Qiu Mujie's strength instantly recovered to its peak. He grabbed the podao with his golden hand and raised it high.

Endless power came from the blade, rippling and forming a circular blade aura. It gathered but did not scatter, condensed but did not release!

the new era shall be unveiled with your lowly blood!

Qiu Mujie's face turned malevolent, and he revealed an endless fanatical expression as he suddenly slashed down!

Chapter 1390

1390 The king of the northern region

The podao's power pierced through heaven and earth, splitting the void!

A giant elephant Phantom stepped in the sky and roared.

The huge blade light devoured everyone's attacks and slashed in all directions, splitting the sky in half!

"BOOM!"

Many martial artists were instantly turned into ashes under the impact of the saber-light without the slightest resistance.

The entire sky was filled with this blade attack. All the martial artists were either killed or shaken off. They were all seriously injured.

After Qiu Mujie's slash, the formation on the battleship's fish began to operate at high speed. A large amount of spiritual energy flowed through the battleship and rapidly poured into his body to replenish the spiritual energy he had consumed.

full of blood and magic, instantly recovering?!

Yong tianyun was overwhelmed with shock. He spurted out several mouthfuls of blood and shouted, attack that strange fish! It's the source of his power!

He had also seen it very accurately, but at this moment, more than half of the martial artists had died, and the remaining were all injured. And now, he had to face Qiu Mujie, who had lost the shackles of the nine chains of the sun and moon and was filled with blood and magic.

everyone, attack together! Don't hold any hope!

Suddenly, Luo Tian's voice rang out, and the sky shook violently. The spirit God battleship suddenly appeared.

The formations around the battleship were fully activated, and powerful spiritual Qi kept pouring out, condensing in the sky.

Yunxiao's expression changed, but he still sighed and shook his head slightly. Although the spirit God warship was powerful, it was no match for Qiu Mujie.

He knew that the battle was about to end. Whether he fought or fled, he would have to make a move soon. At this moment, he calmed his mind and focused his mind, trying to regain his strength every second.

Suddenly, he had a thought and a strange expression appeared on his face. He could not help but smile bitterly.

In the divine realm tablet, a wisp of his soul power appeared on the ground.

There were only two stone beds placed side by side on the empty land. A beautiful woman was sitting on one of them. She had a suspicious look on her face and was looking around.

Yunxiao's figure was revealed at once as he said with a smile, " "Water deity, you're awake."

ah, li Yunxiao!

The water deity jumped up from the stone bed and said happily, " "I've finally found you!" She was overjoyed, but for some reason, she felt a little nervous, and even her cheeks were slightly red.

Naturally, Yunxiao could see her admiration, so he said awkwardly, " "Why did you come to the mainland to find me? He was directly eaten by the strange fish and almost lost his life. If you die, the ocean Emperor will go berserk and there will be another storm of blood."

The water deity clenched her fist and shook it a few times, " "I'm very powerful now. Who can kill me? That was just an accident. If you don't believe me, let that person try to fight me again!"

Yunxiao was speechless. forget it! he said. he's already out. You can just stay with me. This is the internal space of my transcendent grade profound level weapon. You can stay here and cultivate in peace."

"No, I want to follow you," the water deity quickly said. I want to experience the continent and increase my knowledge."

let's talk about it later, " Yunxiao said. it's too dangerous out there now. The bad guy who caught you before is still alive. I'll let you out after you escape this."

"Just in time!"

The water deity jumped up and said coldly, " "He dared to let the strange fish eat me, I'll go and deal with him! I'll let big brother Yunxiao see how powerful I am!"

don't make trouble, " Yunxiao said in a hurry. just stay here. Your senior brother's injuries are too severe, I'm afraid he won't be able to recover in a short time. You should take care of him first."

The person lying on the stone bed next to him was a chemical cultivator. He was covered in blood and was almost unrecognizable.

The water deity glared at the chemical cultivator in disgust and said, "You're not skilled enough, but you still insisted on following me! A burden, a burden! It doesn't matter if I die, but if I can't defeat the enemy, I'll lose my father's face!"

Yunxiao's face darkened. Fortunately, the chemical cultivator had fainted, or he would have killed himself on the spot if he had heard those words. "Don't be so mean when you speak. Consider other people's feelings. You're the successor of the ocean Emperor's bloodline, and you may rule the four Seas in the future, so you can't be too willful in your actions and words."

Water deity's eyes reddened and she said with some grievance, "I don't want to rule the four Seas. If that day really comes, will you help me?"

Yunxiao was taken aback. Looking at her pitiful face, he immediately raised his hand and patted her hair as he encouraged her in a soft voice, "Everyone has their own path of fate, and they are born with it. I can be unruly and let my Temper Run wild, but you can't. Because you are the princess of the four Seas, your every move affects the entire sea Race. And I'm just a free and independent warrior. Even if I die, it won't have any impact on the realm of heavenly martial arts."

"Who said so?!" Narcissus hurriedly asked. If you die, I'll be very upset, and if I'm upset, the entire sea Race will be involved. If I were to take revenge for you, I would drag the entire continent into a storm of blood, so you are also very important."

Yunxiao's mouth was wide open, and he was a little dumbfounded. 'Is this still the stupid water deity who can say such logical words?' Could it be that she had been acting dumb all along?

Seeing that Yunxiao had stopped talking, water deity smiled and said, "hurry up and bring me out. I'll teach that old man a lesson for you. I'll let that old man and big brother Yunxiao know how powerful I am!"

Yunxiao patted his forehead and thought, 'here comes another hehe.

it's really dangerous out there, " he said. if you want to follow me to gain more experience, you'll have to listen to me. Otherwise, I'll send you back to the sea Forest right now.

The water deity hurriedly said, "please don't!" I'll just listen to big brother Yunxiao!"

"Yes, that's good. Just stay here and don't mess around. It's good to cultivate or do something else. I'll let you out once the danger outside is over."

Yunxiao breathed a sigh of relief. Just as he was about to go out, his expression suddenly changed as he looked into the distance in surprise.

In a flash, she disappeared from her original spot. Water deity shouted a few times, but there was no response. She sat on the stone bed gloomily and began to cultivate.

Yunxiao teleported to another place on the divine realm tablet. Looking at the calabash King Kong in front of him, he asked suspiciously, " "You're calling me?"

yes, your name is li Yunxiao, right? "

The gourd Little King Kong nodded and said. His voice was still the same as before, but it was very peaceful now, like a kind elder.

what? " Yunxiao frowned. have you regained your mind? "

I've never lost my mind, " lingmu di said with a bitter smile. it's just that the rainbow stone affected my mind and caused me to fall into a demonic state. I haven't recovered even now.

what? " Yunxiao said in surprise, " then why are you startled now? "

"It's only temporary," lingmu di said. The rainbow stone has affected me for tens of thousands of years, how can I recover my true nature by taking it out? I'm afraid I won't be able to return to the old lingmu flute before my soul is destroyed."

His tone was very calm, as if he did not care about his current situation.

my Lord, you were a divine realm expert in the past, " Yunxiao said. now, your soul is also considered a divine soul. How can your soul be destroyed so easily? " Since he can recover for a moment, there must be a way to completely recover."

Lingmu di smiled. there is a way, but it's very difficult. So, it doesn't exist.

...

Oh, " Yunxiao said, " can you tell me the method, Your Excellency? maybe I can find a way.

Lingmu di waved his hand and said, " don't waste your time. Let's not talk about this. While my mind is still clear and time is tight, I want to ask you about the demon master. What is the current situation?"

Yunxiao frowned. After thinking for a while, he briefly told her about the opening of the four seals and the birth of a large number of rainbow stones.

Lingmu di was dumbfounded. He said in a daze, " "You mean, there are two Demon Lord emperors now?"

every clone has its own independent spiritual sense, " Yunxiao said. even the rainbow stone has turned into a human. There are also unsealed demons who might have already formed their own."

Lingmu di fell into deep thought for a long time before he said, " "This might not be a bad thing. As long as we stop them from devouring each other, we'll have a way to suppress them again."

Yunxiao's expression was solemn as he said, " "Is the demon master really that terrifying? What exactly happened back then? And why did the ten rules of the world disappear?"

Lingmu di said, " I'll tell you what happened back then slowly. I was also invited by Lord universe God to participate in the demon-sealing war. As one of the four domain monarchs, other than some things that Lord universe God thinks are top-secret, I basically know everything.

"The four domain monarchs?"

Yunxiao was taken aback, but he immediately realized that they must be the kings of the east, West, South, and North domains. Their status back then was probably even higher than the current seven sect Masters, almost equivalent to the Masters of the two Holy Lands.

that's right, " Ling mudi said. I'm the northern region Prince of the heavenly martial realm. Everything in the world has its own fate. You have the life profound weapon of the world deity but you are the culprit who released so many Devil master's avatars. And I've actually possessed a puppet that possesses the ice fiend Heart Flame. Life is truly unpredictable, and everything is like a chess game."

...

With a thought, Yunxiao reached out his hand, and the tricolored Tusita Heaven emerged. "Since you don't want to talk about what happened back then, can you tell me the method to refine this thing?"

Lingmu di looked at the tricolored Tushita sky, and his bean-sized eyes flickered with nostalgia. "Back then, if it wasn't for the demon master's rampage, I would've already finished refining this item. If I want to completely refine the seven colors, I'll have to find the other four extremely powerful mutated earth elements."

Yunxiao made a grabbing motion in the air, and a piece of yellow soil appeared in his palm. "Is this thing okay?"

Lingmu Di's eyes lit up and he shouted, " "Living earth!"

He laughed bitterly and said, " of course you can. This is Mother Earth. It's the existence closest to the origin of the earth element among all the earth elements. Back then, I also obtained information about a piece of the breathing earth, but unfortunately, I didn't have the time to search for it. Since you've obtained the tricolor Tusita Heaven and the living earth, perhaps it's the will of the heavens that allowed this treasure to be born."

Yunxiao chuckled. this thing is extremely powerful. I've used it a few times, and I love it so much that I can't put it down. I'm looking forward to finishing it as soon as possible.
