

The Eternal 1871

Chapter 1871

1871 Ten people in the world

Yunxiao rushed out of the entrance of the ancient Devil's well in an instant, and no one stopped him.

He appeared in the sky and turned around to look at the crowd. He saw a familiar figure. It was Luo Tian.

"Young master Yunxiao, we finally meet again!"

Luo Tian let out a long sigh, but his eyes were filled with joy.

I was wondering why these people didn't stop me, " Yunxiao said with a smile. it turns out that you're here.

Luo Tian smiled wryly. I was in the spell God Hall when Lord Wu Yi came and said that someone had broken into the ancient Devil's well. He said that his name is li Yunxiao. Lord chief was afraid of a conflict, so he sent me here. You've been in there for more than twenty hours, so everyone thought something happened to you."

Wu Yi was the man in golden armor, and he was staring at Yunxiao with fear in his eyes. Although he was not convinced, his eyes were still filled with shock.

I just heard that an ancient Devil's well had suddenly appeared in the sea of soul formation, " Yunxiao said. so, I came here to study it.

"Oh? How's the research going?"

Luo Tian's eyes flashed as he hurriedly asked.

there's nothing special about it, " Yunxiao said. it's just a crack.

The people around started discussing in low voices. There were many discussions about the ancient Devil's well, but very few people dared to go deep into it. Moreover, it was strictly forbidden to enter the sea of soul formation. Only now did they realize that it was a crack.

what?! Luo Tian's expression changed. is it really the spatial crack that leads to the tiandang mountains?!

Everyone perked up their ears to listen.

Yunxiao thought for a moment and said, " this matter is not suitable to be discussed in public. Let's find a place. I'll tell you the details.

The group of people were disappointed and even dissatisfied, and they urged Yunxiao to speak quickly.

alright, " Luo Tian said. I'll leave now. I'll get someone to steam wine and make tea.

The two of them ignored everyone's resentful gazes and turned into streams of light and left.

Luo Tian, " Yunxiao said. what do you think about the spread of Demonic Cultivation? "

"Why do you ask?" Luo Tian's pupils contracted.

His serious expression fell into Yunxiao's eyes, and the latter said lightly, " "It seems like you're very worried."

Luo Tian remained silent, but his expression became more and more serious. I didn't object too much previously. The research and popularization of demonic techniques, demonic pills, and demonic artifacts have indeed increased the overall power of the sea of soul formation by several levels. Many elders have broken through one after another, and even those who originally had no hope of advancing have broken through one after another. The speed of their strength improvement is abnormally shocking.

is this the reason why you let it go? ” Yunxiao frowned. is this the reason why you let it go? ” What happened after that?”

“Later, I found out that many people in the sea of soul formation had gone missing,” Luo Tian said.

“Missing?”

Yunxiao was taken aback for a moment, then he thought of Xing Chun and said, ” “Could he have been killed by a devil cultivator?”

“You, how did you know?” Luo Tian was stunned.

I’ve observed some devil cultivators, ” Yunxiao said. their hostility is very strong, and we must find an outlet to vent it. If it’s suppressed in our hearts, it’s easy to cause Qi deviation.

Luo Tian said bitterly,”it would have been great if you had come to the sea of soul formation earlier. The situation is exactly as you’ve guessed. In the beginning, many devil cultivators often needed to replenish their servants and maids, but later on, even some low-ranked disciples would disappear for no reason. This matter even caused some panic.”

even so, you don’t care? ” Yunxiao’s eyes turned cold. chief, are you going to do nothing? ”

Luo Tian said, ” you should know about this, chief. However, the supply of demonic Qi and the research are both under the control of master Yuan de. I’m afraid that you are powerless.

Yunxiao pondered for a moment, then looked at Luo Tian and said, ” “Do you really think so?”

“What do you mean by that?”

Luo Tian was taken aback. He did not understand.

Yuan de has always been in charge of martial arts, " Yunxiao said. Lu congzi is in charge of alchemy. It's because the ancient Devil's well is too important that Yuan de is in charge of it. Even if Yuan de had the intention to promote demonic techniques, what about demonic pills and demonic artifacts? Without Lu congzi's support, how can it be spread?"

Luo Tian was taken aback. Yunxiao's words were like a light flashing across his mind, and many thoughts suddenly emerged in his mind. He seemed to have figured something out, and his face was filled with horror.

"If that's the case, what does the chief want to do?"

"That's what I want to know too."

Yunxiao looked at him and said indifferently, "

Luo Tian felt a chill run down his spine. It was as if he had fallen into an ice cave, into a huge chess game, and he was just an insignificant chess piece.

let's just wait and see, " Yunxiao said. I also want to know where Lu congzi is going to take the sea of soul formation to.

Luo Tian swallowed with great difficulty and said, " "Could it be that you're overthinking it?"

I didn't think about it at all, " Yunxiao said with a smile. I just raised the question. You're the one who's thinking about it.

His smile disappeared, and his eyes flashed with a cold light, " besides, he hasn't mentioned yang di since I entered the sea of soul formation. I'm afraid that my disciple has become his restraint to keep me in check.

"Yang di Qianqian."

Luo Tian's expression turned ugly. it's true that I haven't seen him in a while. Why don't you tell the chief about this? " he asked.

Yunxiao said, " if I make a request, he can easily find a reason to put me off, which will only make him more vigilant about me. Let's put this matter aside for the time being. When he needs me, he will naturally mention it.

Luo Tian shook his head. I don't believe your guess. I'll help you find out about yang di. Maybe you're overthinking it.

maybe, " Yunxiao said indifferently. I guess so.

The two of them didn't speak further along the way and soon arrived at Luo Tian's residence. They boiled wine and tea and began to talk in detail.

Lu congzi stood in the middle of the hall with his hands behind his back in the spell God temple. A crystal ball in front of him emitted colorful light, and it showed up in the space ahead.

In the light shadow, there was an earth-shattering battle. Xuan Hua and Liu Feiyan joined forces to fight with qu Hongyan, and they were fighting to their hearts 'content.

Lu congzi's face was calm, and he had no expression from the beginning to the end. He was completely like an outsider, unmoved.

...

Suddenly, a black light flickered and directly tore open the space, landing in the center of the hall.

Lu congzi's face, which was as calm as water, suddenly rippled like a stone thrown into the lake. Surprise flashed in his eyes as he said, " "You're injured?"

The person who slowly crawled up from the ground was precisely Yuan de. One of his legs was already missing, and his entire body was covered in blood.

“Argh! Ah!”

The demonic Qi around Yuan de’s body churned, and a large amount of flesh and blood gushed out from the wound. The blood vessels and muscles continued to extend, and a new leg quickly grew out.

However, his aura suddenly dropped to its lowest point, and in his grief and indignation, he spat out a mouthful of blood, his face turning pale.

Lu congzi was no longer in the mood to watch the fight. He waved his hand to interrupt the projection and said, “ how did you get injured? Gu Feiyang has only returned to divine transcendence, and it seems like it’s only been a few days.

Yuan de growled in a low voice. Like a wild beast, his aura fluctuated and his eyes were filled with deep hatred.

I heard that he barged into the ancient Devil’s well. I was worried that you would kill him. It seems like I was worried for nothing! Lu congzi frowned.

His tone was filled with mockery, coldness, and even anger.

Yuan de’s expression became even uglier. He clenched his fist so tightly that it cracked. He gritted his teeth and said, “Where is he now? I’m going to kill him!”

...

“Forget it. You couldn’t even kill him in the ancient Devil’s well and you even had to run away. Wouldn’t you be courting death if you go now?”

Lu congzi's face seemed to be covered with a layer of frost, and he said sternly, " "Tell me the details of the process, don't miss any details!"

Yuan de's face was filled with unwillingness after being reprimanded, but he didn't seem to dare to resist. He furiously recounted everything that had happened in the ancient Devil's well, including his escape. His face was filled with grief and indignation.

Lu congzi didn't say a word and let him finish, but his eyebrows were furrowed.

After a long while, he finally spoke. the technique that injured you should be purple lightning. I've long heard that he has a trace of purple lightning. It seems to be true.

Yuan de jumped in fright, as if someone had poured a basin of water over him. His anger turned into nothing as he cried out in alarm, Shangqing Zifu world-destroying godly Thunder?!!

Lu congzi glanced at him indifferently and said, " you don't have to be so afraid. He just got a strand of it from somewhere. Otherwise, it wouldn't just be your leg that would be blown off, but your entire body.

A wave of fear surged in Yuan de's heart. Even so, when he thought of the purple lightning that had entered his body, he couldn't help but shiver.

Lu congzi continued,"as for demonic Arts, he once obtained a portion of the demonic monarch's demonic essence, so it's not surprising that he has some divine arts." I'm most concerned about Yingluo."

His turbid eyes instantly became clear, like two hot rays of light shooting out. He stared into the distance and said word by word, " "Can Gu Feiyang touch the demonic weapon of six paths?"

Yuan de trembled again, and said in shock,"How is this possible? it's impossible. If he could use the six paths demonic weapon, I would have been turned into dust long ago. I wouldn't be standing in front of you anymore,"

Lu congzi looked at him in disgust and scolded, " "No matter what, you're still a peerless expert who's reached the peak. Look at what you've become now! I was counting on you to deal with Yu Shengfeng, but now you can't even take down Gu Feiyang!"

Yuan de's face was filled with shame and anger, but he was unable to refute, and could only say, "I was too careless."

we can't be careless when dealing with this person, " Lu congzi said. back then, he was unrivaled in the world and had few opponents. Now, he was even more powerful than before, and he had the help of the divine firmament Palace's Palace Master. It was said that there were several divine beings among the Holy artifacts he had. In today's world, there are only nine people that I fear."

Yuan de was shocked, "with Daren's strength, there are actually nine people?" Who are the nine people?"

Lu congzi sneered and said, " "You've really underestimated the heroes of the world! One was the Lord of the four Seas, one was the Emperor of all demons, one was my master, one was nanqiu Yu, the master of the natural moat cliff, one was Wei Qing, the ruler of the Holy region, one was perfected Lord Meng Ling in the divine capital, one was the demon Lord PU, who was suppressed in an unknown place, and the last one was guixu, who had run out of the ancient tomb. And the last one was Gu Feiyang of the past, and the Li Yunxiao of today! In the future, the ones who will stir the world will definitely be these nine people and me!"

Chapter 1872

1872 Long time waiting

Yuan de was extremely shocked when he heard this. These eight people and Lu congzi in front of him were all powerhouses and overlords, existences that could shock the world.

Lu congzi waved his hand. go back to the ancient Devil's well and recuperate. Get well as soon as possible. In a few days, we'll welcome your master with you.

Yuan de said, "in the sea of soul formation, there are many elders who seem to have a good impression of nie Shengfeng. Do you want to tease him?"

Lu congzi's face darkened, and he said coldly, " "If I had to, would I have waited until today? It's just a small misunderstanding between me and your master. I believe it can be easily resolved."

Yuan de was stunned for a moment. He frowned and couldn't understand, but he had never been able to keep up with Lu congzi's intelligence. He stomped his foot and said, " "I'll leave everything to you."

He then tore open space and turned to leave.

Lu congzi looked at the empty Hall with a dazed look in his eyes. It was as if he had returned to a hundred years ago and remembered the days when Hu Shengfeng and Bo Yuqing were cultivating together.

"Master, and my dear Junior Brother, Lu congzi welcomes you back. Hahaha!"

Laughter rang out, and the hall suddenly became empty.

Yunxiao and Luo Tian talked for a day before they bid each other farewell and left in a stream of light.

After pondering for a long time, Luo Tian also left his residence and began to ask about yang Di's whereabouts.

By the time Yunxiao returned to his courtyard, qu Hongyan had already returned. He scanned the room with his divine sense and walked into his secret chamber.

Suddenly, a figure flashed past. Qu Hongyan appeared in front of him and said, " "I'm back."

"Yes."

yes, " Yunxiao replied softly, then briefly told her what he had encountered and his speculation. Qu Hongyan frowned as she listened, but even her sad face was very beautiful.

Qu Hongyan's face was filled with anger as she said, "Is Lu congzi really that bad?"

Yunxiao shook his head. this is just my speculation. Even if it is true, we can't do anything to him. Don't be impulsive.

Qu Hongyan suddenly thought of something and said, "Do Xuan Hua and Liu Feiyan know about this?"

they have been living in the sea of soul formation for a long time, " Yunxiao said thoughtfully. even if they don't know, they should have some ideas. Don't tell them about it for the time being.

"Yes, I'll do as you say," qu Hongyan said.

Yunxiao's heart skipped a beat. When these words came out of the mouth of such a beautiful woman, he felt a little restless, and the atmosphere immediately became a little awkward and tense. is ... Is there anything else? "

Qu Hongyan's cheeks blushed slightly and she said, " when we were at the five Cloud Mountain, you and I worked together to develop the million sword formation. At that time, you were not strong enough. Now that you have returned to the divine transcendence realm, you and I should be more compatible.

It suddenly dawned on Yunxiao that she wanted to practice the sword diagram with him. "It just so happens that I'm also planning to seclude myself to practice my swordsmanship. In addition, I've gained some new insights into swordsmanship over the past few years. It's just nice to share them with you."

"Me too," qu Hongyan was overjoyed.

The two looked at each other, their hearts throbbing. Then, they heard Yunxiao swallowing with difficulty, and qu Hongyan lowered her head.

"Ahem, ahem, let's go. We need to hurry."

Yunxiao suddenly broke the warm and slightly embarrassing deadlock.

Qu Hongyan's head was still lowered. She stroked her hair and followed him into the secret chamber.

Then, Yunxiao set up an enchantment, and the two of them entered the divine realm tablet.

After all, they were in the sea of soul formation. Since they were on guard, they did not want to give Lu congzi a chance to spy on them.

Ten days later, at the peak of the sea of clouds, above the floating clouds, under the colorful rays of light, it was a picturesque scene.

Rays of light constantly flew up from the magic God's Island, riding on the clouds and mist.

Hundreds of people were gathered on the clouds, all of them with extraordinary auras and serious expressions.

Although not everyone knew about the half-year agreement with Chu Shengfeng, almost all the higher-ups of the sea of soul formation had heard about it. When the time came, they all gathered in the clouds and waited for the big event to happen.

In the teleportation area of the Mirage City, everyone was on high alert, as if they were facing a great enemy.

Xuan Hua personally stood at the entrance of the formation, standing without a word for several hours.

Zhu Bai only knew that some important figures were coming, but he had never seen anyone who could make a titled martial sovereign welcome him personally.

He had asked once before, but Xuan Hua only answered his old friend, so he didn't dare to ask anymore. He could only stand with a few small leaders.

He had also mobilized all the security forces in the teleportation area to strictly check every person who entered and left.

Xuan Hua suddenly laughed and said, "withdraw these guards. Don't be so nervous. It will make the people who come and go suspicious. They will think that something has happened.

Zhu Bai hurriedly transferred those Warriors away, returning them to their usual loose state. With his experience and observation, he knew that the people who came were certainly not some "old friends." He carefully asked, "Lord Xuan Hua, will this really be fine?"

I don't know either, " Xuan Hua said with a smile. but I only know that if something really happens, it's useless to send these minions here.

Zhu Bai thought for a moment and agreed. Even a titled martial sovereign was here, so what was there to be afraid of? moreover, this was the sea of soul formation. Who would dare to mess around?

He took out a record and flipped through it a few times. my Lord, so far, there are three unread transmissions that have connected to the Mirage City. The one in the North will arrive in about ten minutes.

"The North Region?"

Xuan Hua muttered to himself for a moment and didn't say anything. He continued to look at the people coming and going in the distance.

Sure enough, after the time it took to brew a cup of tea, one of the teleportation arrays began to flash with formation light, and everyone's eyes focused on it.

Xuan Hua's pupils shrank and he immediately felt the powerful aura coming from it. In a flash, he disappeared from the spot and appeared directly in front of the teleportation array. When the three figures appeared, he smiled and cupped his fists. Xuan Hua welcomes the three lords to the sea of soul formation.

Zhu Bai was shocked. The faces of the three people were very unfamiliar, and one of them was still hidden in a black robe, so his face could not be seen clearly.

However, a person who could make Xuan Hua welcome him was definitely a Big Shot that he didn't even dare to think about.

Two of them were nie Shengfeng and Bo Yuqing.

Yu Shengfeng's handsome face was slightly pale. His eyes flickered as he looked around and sighed, "Let's go. We'll go straight to the sea of soul formation,"

Xuan Hua pointed at the black-robed man and said, "forgive this one for being meddlesome, may I ask if this friend is Qianqian?"

...

"He's my friend," replied Tong Shengfeng.

Xuan Hua stared at that person for a while, and it was like an endless abyss. All of his divine sense was swallowed in, and he couldn't see any depth at all. He said, "Daren's friends, that must also be world shaking people, right?"

Yu Shengfeng coldly stared at him and sneered, "What, is it your business to make a friend? Tsk, tsk, titled martial sovereign, I'm really scared."

Xuan Hua's face was full of black lines, and he hurriedly cupped his fists and said, "Your Excellency has misunderstood. Please follow me. The chief has been waiting for a long time."

The four of them walked directly into another teleportation array. Zhu Bai hurriedly ordered people to activate the array and sent the four of them directly into the sea of soul formation.

Above the clouds, Lu congzi had been waiting for a long time. With his hands behind his back, he looked like a statue, facing the distant sky, as if he was in deep thought.

None of the elders dared to come forward and disturb him. They all gathered in groups of two or three and discussed various things.

Although they were both on the Warlock God's Island, they did not have many opportunities to meet each other. It was a rare sight. They were all talking about the recent research progress, as if they had forgotten about what was about to happen.

Only the combat cultivation elders were standing. Some closed their eyes to rest, while others sat cross-legged to cultivate.

Luo Tian also soon came to the clouds. He glanced around and saw Yunxiao and qu Hongyan.

After all, qu Hongyan was too conspicuous. Even if her face was covered with a veil, she still attracted all kinds of eyes.

...

As soon as Luo Tian saw Yunxiao, his face turned extremely ugly and he shook his head slightly.

Yunxiao knew that he was saying that yang Di's matter had come to nothing. Although he had expected it, he could not help but look angry when he heard the news, and he snorted.

Luo Tian walked over in a few flashes and said in a low voice, "Yang di received a mission half a year ago and went to the North."

"Half a year ago, in the North, hehe."

Yunxiao's anger dissipated, and he smiled faintly.

Luo Tian's expression was unsightly. He glared at Lu congzi in the distance, but he didn't know what to say. He just kept silent.

"Feiyang, are you saying that yang di is still in the sea of soul formation?" qu Hongyan asked.

I don't know if it's in the sea of soul formation, " Yunxiao said. but I'm sure it's under Lu congzi's control. But, I'm not worried. Lu congzi is a smart man. He would never make an enemy of me for no reason, especially at this time."

As they were talking, a ray of light suddenly flew over and landed on the clouds, immediately silencing everyone.

The newcomer wore a gray robe and had a cold expression. He was the Vice President, Yuan de.

All the elders hurriedly saluted from a distance to show their respect.

Yuan de's prestige was extremely high, and he was the leader of the martial cultivators. It was rumored that his strength was even above Lu congzi's, and he exuded an awe-inspiring aura without being angry.

He kept nodding in response. At the same time, his eyes swept through the crowd and fell on Yunxiao, and his calm eyes suddenly burst with a fierce killing intent.

The killing intent was almost tangible, and almost all the elders felt it instantly. They felt a chill all over their bodies and jumped in fright.

They followed Yuan de's gaze and saw Yunxiao, and their curiosity was piqued.

Not many people knew Yunxiao's identity. Although the procedures of being an honorary elder had been completed, they were only registered in the spell God Hall and not publicly announced.

Luo Tian was also shocked. He said in a low voice, " "What, you offended Lord Yuan de?"

I don't know if I've offended him," Yunxiao said with a smile. but judging from his eyes, I think I have.

Luo Tian's face was full of worry. He said with some blame, " right now, in the sea of soul formation, the only person who can resist the chief is master Yuan de. Now, you've offended him again. Sigh!

Yunxiao narrowed his eyes and said,'fight against Lu congzi?'

Yuan de glared at him venomously, but he was not afraid of the other party at all. He coldly looked back at him with ridicule in his eyes, causing Yuan de to fly into a rage. Demonic Qi faintly churned around his body. It was obvious that his emotions were fluctuating greatly, and everyone was greatly shocked.

Chapter 1873-private illness

Yuan de had a very high prestige in the hearts of the crowd, second only to Lu congzi, but for some reason, he was so angry at a young man. Only a few people knew Yunxiao's identity, and they looked at him with a contemplative expression.

Xing Chun, who was also on the clouds, was even more shocked. He was still confused about Yunxiao's identity, but he was obviously not zirui's disciple.

Yuan de slowly calmed his emotions and withdrew his gaze. He walked directly behind Lu congzi and sat down in the air. He also closed his eyes to recover.

Luo Tian's face was filled with worry as he said in a low voice, " "What's going on?"

do you remember the ancient Devil's well? " Yunxiao asked. do you remember that day? " I met Yuan de inside and had a conflict with him."

Luo Tian was shocked. His eyes flashed as if he had thought of something."You're talking about elder Yuan de and the chief of sorcerers, Youyou?"

yes. Yunxiao nodded slightly. they are probably jackals of the same tribe.

Luo Tian was stunned. He felt that this person was not feeling good.

Suddenly, another huge flying light flew over. It appeared very ostentatious and landed on the clouds in an instant.

Everyone's expression immediately became strange. There were still quite a few people who bowed from a distance, but they did not have the respect they had for Yuan de. Instead, there was a playful look in their eyes.

That person was none other than Yu Chen. When he felt the burning gazes from the surroundings, as well as some gossips and sneers, he immediately became furious. He glared at Xing Chun with eyes full of anger.

Xing Chun jumped in shock and covered his mouth from far away. He hurriedly said, "Your Excellency, you've misunderstood. I didn't say anything!"

There were still some elders who didn't know and felt that it was strange. Why were the two vice presidents so angry the moment they came?

Those in the know chuckled as they explained the "inside story," which immediately attracted countless stunned and strange expressions. Everyone immediately knew about it.

Yu Chen's divine sense had already heard everything clearly. He almost fainted. He couldn't explain this matter. The more he explained, the more troublesome it would be.

His face was ashen, his eyes spewing fire as he stared at Xing Chun and said in a cold voice, "You didn't say? You didn't say anything, did you?"

Xing Chun covered his mouth and was almost about to cry. He shook his head desperately and said, "I really didn't say anything. I didn't say anything."

Yu Chen's body flickered as he rushed forward and shouted, "I'll kill you!"

Although he was furious, he did not hesitate to attack. A golden light slashed down. It was a giant blade with nine rings on it, making " clang clang " sounds.

what?! Xing Chun was greatly shocked. That saber Qi was incomparably overbearing. The fear of death surged in his heart as if he had already stepped into the gates of hell. The other party actually really wanted to kill him!

Everyone was shocked. Even the Vice President didn't have the power to kill an elder, let alone kill him in front of everyone.

"You're crazy!"

Xing Chun also rose up in rage. Putting his hands together, he clamped that battle saber in his palm with a tremendous force of a thousand Jin.

A surge of power rose from the blade and shook his chest. He was instantly stained with blood. Xing Chun's meridians were cut and he was sent flying.

die! Yu Chen didn't show any mercy. He changed his movement technique in the air and caught up with him in a few steps. He slashed down with his saber again, vowing to take his life!

"Stop!"

The other two demonic Xiu elders who were on good terms with Xing Chun were furious. They rushed over one after the other. One of them flicked his finger, and a stream of demonic Qi shook the blade, changing the direction.

The other person teleported to Xing Chun's side and saved him.

"Bang!"

As Yu Chen's blade attack missed its target, the elders of the devil cultivators immediately surrounded him and glared at him.

Yu Chen's face was gloomy. He knew that he couldn't kill Xing Chun, but his killing intent didn't dissipate. Instead, it became even stronger!

Everyone was whispering to each other, all of them looking at him with dissatisfaction.

Yunxiao was surprised that it failed. He could guess the process. Yu Chen's private illness must have been spread out, and the culprit was the person who gave the pill-Xing Chun.

As for Xing Chun, he thought that Yu Chen blamed him for revealing the secret. Thus, he wanted to explain himself. However, he didn't expect Yu Chen to be so furious that he wanted to kill him directly. It seemed like Yu Chen had indeed lost his mind from anger.

However, the strange thing was that Lu congzi and Yuan de seemed to have turned a deaf ear to him. One of them was still standing and the other was still sitting in the distance, as if they were detached from the world.

Seeing that Lu congzi didn't respond, the elders had no choice but to speak up. They said coldly, " Lord Yu Chen, how dare you kill a sea of soul formation realm elder in public? even if you are the Vice President, you don't have that much power, do you? "

"I can't kill such a despicable man today, but I'll kill him some other day," Yu Chen said coldly.

"Lord Yu Chen, what is it that has made you so angry? If elder Xing Chun had committed a capital crime, you don't need to be angry. The soul formation sea naturally wouldn't tolerate him. However, if he didn't commit a capital crime, you don't seem to have the right to kill him."

A gentle voice sounded. Everyone only felt the scene in front of them blur. Liu Feiyan had appeared in the field with her sword in front of her chest. There was a faint anger on her face.

"He injured me," Yu Chen said coldly,"he deserves the death penalty!"

Liu Feiyan frowned and said, "hurt?" How did he hurt you? the crime of slander shouldn't warrant death, right?"

Yu Chen was stunned for a moment and didn't say a word. No matter how thick his skin was, he didn't have the face to say such hurtful things in front of Liu Feiyan.

Xing Chun was currently adjusting his injuries and said with a cold smile, "Everyone in the soul formation realm knows about it. Lord Yu Chen, what are you still hiding? You have a private illness, which means you don't have the function of a man!" He shouted loudly, his voice spreading through the clouds.

"Pfft!"

Liu Feiyan spat out a mouthful of blood on the spot and her face turned red.

Yunxiao could not help but laugh and said, "Hahaha!"

This laughter immediately caused everyone to burst into laughter. All kinds of mocking gazes were directed at Yu Chen. Yu Chen felt the sky and earth were spinning, and he almost fell from the clouds.

Countless sneers flashed in front of his eyes, but as an Alchemist, his divine sense was extremely strong, so he could sense everyone's expressions and smiles, and he felt a sudden surge of blood in his heart.

"Pfft!"

Yu Chen spurted out a mouthful of blood, and his aura weakened. He shouted, "Bastard! I'm going to kill you for slandering me like this!"

A shrill voice cut through the sky, tearing at one's heart and lungs.

Qu Hongyan was also a little shy and said, " I didn't expect Lord Yu Chen to have such extraordinary strength and an outstanding talent in the Dao of medicine. It's a pity that he can't cure himself.

Yu Chen's mood had calmed down a little after vomiting blood, but after hearing what qu Hongyan said, he spat out another mouthful of blood. His true core was completely damaged and he fell from the clouds.

...

"My Lord!"

An Alchemist hurriedly flew down, helped Yu Chen up, and gently placed him on the cloud.

there's no need for that, my Lord, " another Alchemist said. this private illness should not be difficult to treat. With the power of so many Lords in the sea of soul formation, I believe that there is no illness in the world that can not be cured.

"Pfft!"

Yu Chen spat out a third mouthful of blood and passed out on the spot.

"Oh no, Daren has fainted!"

The Alchemist who was helping him up panicked.

don't be afraid. The most powerful alchemists in the world are all here. As long as His Excellency is not dead, we can save him. Help him back to his room.

A few alchemists supported Yu Chen as they flew away from the sea of clouds toward the divine spell Island.

sigh, I thought that Lord Yu Chen was a highly respected person with an outstanding talent in the art of cultivation. I didn't expect him to suffer from such a chronic illness. The heavens are really unfair!

a healer can't treat himself. Is this the heaven's envy of geniuses? "

...

bah! What heavenly Dao? I don't believe that with the power of our entire soul formation realm, we can't cure master Yu Chen!

every month, master Yu Chen would pick a few beautiful women from good families. I thought you were a lecherous man, but I didn't expect you to be just trying to fool people.

Liu Feiyan's expression only eased after a while and she shouted, " "Alright, stop talking!"

With a shout, everyone's heart skipped a beat, and the clouds suddenly fell silent.

no one wanted this to happen, " Yunxiao said with a smile. it's too shocking. It's inevitable that it will cause a public reaction. It's normal.

"Yeah, it's normal."

Everyone started to make a ruckus again. if it were us, we wouldn't be able to take it either " , " I didn't expect master Yu Chen to be so strong, working all day while he's sick " , " with this illness, there's nothing to look forward to other than studying the Dao of sorcery all day " , " no wonder he could achieve so much and become the Vice President. There's a reason for it " , " yes, if he's focused, his achievements will naturally be high " , and so on.

Liu Feiyan gave Yunxiao a fierce glare.

Luo Tian frowned. strange. I keep feeling that something is strange about this. I can't tell what's wrong.

strange? ” Yunxiao rolled his eyes at him. how is it strange? ”

Luo Tian said, ” that private illness is not a big problem. With Yu Chen’s achievements in the art of divination, it is impossible that he can’t cure it. Moreover, it is no secret in the sea of soul formation that he is lecherous. The women he took away did lose their virginity.

“Oh, you know that too?”

you seem to be very concerned about it, ” Yunxiao said with a faint smile. are you? ”

Luo Tian’s face turned red. don’t blame me for this, ” he said. Yu Chen changes a group of beautiful women every month. I’ve seen them a few times in the teleportation zone. I can tell at a glance if they’ve lost their virginity. Do you need to care so much? ”

Qu Hongyan snorted. what a shameless man. In order to cover up his incompetence, he has to sacrifice a group of innocent girls every month. I should have gone up and cut him down just now!

it’s exactly because of this private illness that he is particularly sensitive, ” Yunxiao said. that’s why he is trying to cover it up in such a perverted way. But, the truth will come to light one day, because evil has never triumphed over good!

After that, he started clapping.

Very quickly, a group of people followed suit and applauded, especially the devil cultivators. They were so happy that the entire cloud platform was filled with applause that did not stop for a long time.

Xing Chun frowned. He also felt that something was not right. However, he had already formed a deadly enmity with Yu Chen. Naturally, he hoped that Yu Chen would be as miserable as possible. He followed suit and applauded loudly.

At this moment, Lu congzi finally opened his eyes slowly. A sharp light shot out from his eyes as he stared ahead and said indifferently, ” “They’re here.”

The voice was very soft, but it reached everyone's ears, and the applause immediately slowed down.

Everyone became alert and followed his gaze to look into the distance!

Chapter 1874-secret confrontation

Several rays of light flew over and appeared above the sea of clouds in the blink of an eye, revealing Xuan Hua and the other three.

Xuan Hua smiled slightly and said to Nie Shengfeng, "my Lord, welcome to the sea of soul formation. The thunderous applause just now was a welcome to my Lord.

Everyone,"hehe."

Hmph! Yu Shengfeng snorted heavily, obviously not appreciating the gesture. Instead, his eyes fell on Lu congzi with a cold look.

Lu congzi was also looking at him. The entire cloud was silent. Everyone was looking at Chu Shengfeng with wide eyes. He was the former master of the sea of soul formation, Lu congzi's master, and a legendary figure.

He was so young, handsome, and full of vitality and vitality, which was in sharp contrast to Lu congzi's old face.

The two of them looked at each other for a long time before Lu congzi finally moved. He took three steps forward, knelt down, and kowtowed three times in a row. With tears streaming down his face, he said, "Disciple Lu congzi greets master!"

"Master?" Yu Sheng Feng laughed. I don't dare to accept that, Lord Lu congzi!"

Lu congzi knelt and lifted himself up, saying, "when I heard that you did not pass away, I was both sad and happy. I could not sleep all night, looking forward to your passing in the sea of soul formation so that I can return to your side and listen to your teachings.

“Oh, so you want to listen to my teachings?”

Yu Shengfeng said indifferently, his eyes cold.

that’s right, ” Lu congzi said solemnly. the days when I followed master were the happiest and most carefree times of my life.

Yu Shengfeng nodded and said, “it’s rare for you to have such thoughts. I’m very pleased.” From today on, I will regain control of the sea of soul formation. After all, my body is now complete and undying, while you are old and should recuperate in peace to prolong your life.”

There was an uproar in the clouds. The other party had stated his purpose as soon as he came, aiming for the position of the sea of soul formation spell elder. Moreover, his phenomenal-success physical body was undying, which also shocked everyone.

Yunxiao’s pupils also widened as he cast his wondrous spirit eyes to look over. At this moment, the feeling that Gu Shengfeng gave people was that he was one with the others, a flawless Jade.

Could it be that he had really refined Yu Yixian’s remnant soul and completely possessed his body?

Not only nie Shengfeng, but Bo Yuqing’s face was also dark, as if he had controlled the power of the aegirine. His whole body gave off an extremely cold feeling, and his strength was not what it used to be.

As for the man in the black robe, he stood there quietly without any change in his expression. If he didn’t see it with his own eyes, he wouldn’t have thought that there was someone there. When he used his divine sense, it was as if it was air, completely integrated with the world.

“Oh? Undying and indestructible?”

Lu congzi stood up from his kneeling position and said indifferently, ” congratulations, master, on achieving the physical body. At the same time, I’m happy that I can get rid of my position as the chief and have a free time.

Yu Shengfeng frowned. He didn't believe that Lu congzi would hand over his position so easily.

All the elders above the clouds were also shocked. If Lu congzi abdicated and nie Shengfeng took over, it might not seem like anything wrong, but it was actually a world-shaking event.

Although Chu Shengfeng used to be a chief Alchemist, his era was over. All the alchemists now rose from Lu congzi's hands. If Chu Shengfeng were to command them, it would be difficult to convince the masses.

But among the many elders, there were also a few highly respected existences. They were the remnants of Chu Shengfeng's era, and they were all in tears of excitement.

"Lord chief, you must not!"

Yuan de stood out and said in a deep voice, "this person's identity is still in doubt, so how can he prove that he is nie Shengfeng?" Even if he was, what right did he have to make the chief martial artist abdicate? But the sea of soul formation belongs to all the alchemists in the world, and it's not something that can be decided by just the chief himself. The chief can not decide who is the one who is the chief himself!"

"Right, why should we give up our position to this unknown person? I'm not convinced!"

I'm not convinced either. If the chief gives up, I'll leave the sea of soul formation!

"Well said, if we're leaving, we'll leave together!"

The entire cloud above immediately began to shout. The crowd's emotions surged, and everyone was clamoring to leave. It was out of control.

Yu Shengfeng's expression turned ugly. He didn't expect Lu congzi to have such a move.

Originally, he had guessed that Lu congzi would not give up his power, so he would tell him about how Lu congzi had deceived his master and destroyed his reputation. Then, he would naturally take over the sea of soul formation.

But now, Lu congzi knelt down and kowtowed as soon as he came, showing that he respected his master and was very respectful to him. At the same time, he showed that he had no attachment to the position of the chief, making it seem that he was fighting for power. The difference in his bearing was obvious.

If he were to flip out now and talk about what happened in the past, as long as the other party denied it and accused him of framing him, no one would believe him with his current reputation. It would be even more difficult for him to take over the sea of soul formation.

Yunxiao was also surprised. Lu congzi is indeed powerful. He did not make a move, but he has unknowingly tricked Yu Shengfeng. Now that he has the upper hand, Yu Shengfeng is in a difficult position.

Qu Hongyan was also an extremely smart person. Although she did not see through things as thoroughly as Yunxiao, she could guess what had happened.

Lu congzi was stunned. He raised his hands and shouted, " "Everyone, please listen to me."

The clouds immediately fell silent.

Yu Sheng Feng's heart sank. This kind of appeal was probably very difficult to remove.

I've been a divine transformation realm technique elder for a hundred years," Lu congzi said. I've been mediocre and haven't been able to carry forward the art of Dao. I've always felt guilty. Now that my master is still alive, I will naturally return him to his position. From now on, I will devote myself to the art of Dao and have no other distractions."

"No!" Yuan de said sorrowfully. If you take over, I'll leave and never enter the sea of soul formation again!"

Many of the devil cultivators and martial artists followed Yuan de's lead and shouted in unison, " "We will also follow the chief and Lord Yuan de and will never enter the sea of soul formation again!"

Many elders of the art of divination were also firm in their stance. Although the rest of the people didn't express their opinions, they were shocked.

"This ... What's good about this?"

Lu congzi was stunned. He shook his head and sighed, " "What should we do about this?"

Yu Shengfeng was about to explode from anger, and his eyes were spewing fire. This brat knelt down as soon as he came up, so that he couldn't get angry and reveal what happened in the past. As a result, he lost the initiative and it was difficult to reverse the overall situation.

Yuan de said, " in my opinion, the position of chief can't be changed. It's a great thing that Sir Xun Shengfeng has returned to the spirit sea. Moreover, sir was once a chief in the past. Why don't we set up the position of Taishang elder and let Sir Xun Shengfeng take on the position? what do you all think? "

"Good, this is a good idea!" Everyone exclaimed in unison.

Lu congzi asked,"master, this spell is called Kasaya."

Yu Shengfeng's face turned ashen. If he said that this method was not good now, he would not be able to get everyone's support. If he were to use force to ascend the position, all of these elders would really leave one by one. Then, what was the point of this sea of soul formation?

Yu Shengfeng's gloomy expression kept changing. Finally, his eyes focused as he stared at Lu congzi and said coldly, " good, good, as expected of my disciple, you're even more courageous than before!

Lu congzi smiled and cupped his fists. "I don't dare to forget master's teachings."

Yu Shengfeng was already full of anger, he snorted, "Since you have such prestige and the world's martial arts have returned to you, master is also very pleased to see this scene. Master will temporarily take on the position of Grand Elder. However, you must continue to work hard for the world's Dao of sorcery and can not slack off. Otherwise, I will not spare you!"

...

Yunxiao suddenly smiled and said softly, " "This pair of master and disciple are indeed the same. They are both meticulous and far-reaching people."

"Why do you say that?" Luo Tian frowned.

Yunxiao smiled and said, " there are two meanings in Yu Shengfeng's words. First, he is 'temporarily' taking the position of Grand Elder, and it is only temporary, which means that he has not given up on the position of chief. Second, if Lu congzi slacks off, he will definitely take action. Then it's hard to say for sure about this 'slacking off'. There's no standard to judge, so he's the one who calls the shots."

Everyone present had sharp ears and eyes, so they could hear Yunxiao's words clearly. They were taken aback, and then they frowned.

Yu Shengfeng glanced at Yunxiao, intentionally or unintentionally, and the corners of his mouth curled up into a smile.

Lu congzi naturally understood the key point. He cursed in his heart and said, " "I dare not slack off, so I asked all the elders to come and supervise me."

He immediately pushed the right of supervision to all the elders, and most of these elders were his own people. Let's see what you, Yu Shengfeng, would do. You say I'm slacking, but as long as everyone says I'm not slacking, you have no reason to seize power.

Yu Shengfeng was also stunned. He didn't expect him to have such a move. He sneered, "Don't worry, I'll lead the elders to monitor you. You can just be at ease and do your best for the public. Since I'm the Grand Elder, I should also do my best for the sea of soul formation. I'll help you take care of this elder's yard."

Lu congzi was startled, and all the elders were in an uproar.

The elder Council had always been a loose organization. Although a senior officer had the power to control everything, many major matters would be considered by the elder Council. If Chu Shengfeng took over the elder Council, it would be no different from strangling Lu congzi's throat.

Lu congzi sneered. many matters in the elder Council are now handled by Vice President Yu Chen. Master has been away from the sea of soul formation for a long time. I'll let Yu Chen help you.

...

"Yu Chen?"

Yu Shengfeng's gaze swept over, not knowing who it was.

Everyone's face revealed a playful smile, which made Yu Sheng Feng frown, as if he felt that it was not a good thing.

"Vice President Yu Chen was still here just now, but he went back first because he felt a little unwell," Lu congzi said. He was in charge of all the affairs in the elder compound. He was very good at preparing for all kinds of meetings, delivering and delivering all kinds of news, cleaning, and so on. After all, the elders are usually very busy, and it's not easy to gather them together. Someone has to do the basic work."

Yu Shengfeng snorted coldly. He understood Lu congzi's meaning. He was saying that the management of the elder compound was to deliver news and clean up the place. Lu congzi wanted to make him a mere figurehead.

Chapter 1875-provocation

Yu Shengfeng sneered and stretched,"Then let that Yu Chen or whatever come." He didn't believe that he couldn't even train a Vice President. Even if it was a tiger or lion, it would be beaten down like a three-legged cat.

Everyone had a feeling that Yu Chen was going to be in trouble.

However, he did not expect that the big matter that he had thought would turn the sea of soul formation upside down would be solved so easily. However, the price was that he had buried the root of the problem, and he did not know when it would erupt.

Everyone was well aware of this, but alchemists did not have a great desire for power, as long as they could live in peace.

To Lu congzi and Yu Shengfeng, although this situation was unexpected, they were still satisfied and within the range of acceptance. After all, they did not want to see the sea of soul formation split. The price of fighting could not make the sea of soul formation fall apart.

master, Junior Brother, and this friend have traveled a long way, " Lu congzi said. I've already ordered people to prepare a banquet to welcome them.

Yu Shengfeng raised his hand and interrupted, " no need. We're a little tired. We'll arrange a place to stay first. Everyone, go back now. Don't delay your cultivation. The heavenly martial arts world is in a state of turmoil right now, and you're all the cornerstones to stabilize the world. You don't need to stay here with us."

The moment he opened his mouth, there was a kind of Majesty that no one could refute.

Moreover, many people were indeed unwilling to accompany the master and disciple here, so they all cupped their fists and left.

Dozens of light rays flew in all directions, and a small half of the people were scattered.

Lu congzi frowned imperceptibly. He realized that he had underestimated Chu Shengfeng. He had revealed the aura of a superior in just a few words. The aura of the first Supreme elder was vividly displayed, but it did not arouse any disgust.

And most importantly, he had clearly seen everyone's position with a single sentence. Those who flew away were all completely uninterested in the power struggle, which meant that they were neutral. They did not care who would become the chief.

The people who were left behind were either concerned about this matter or were people from their own factions. They had been distinguished by a single sentence from Yu Sheng Feng. It was likely that these people had already been firmly remembered by Yu Sheng Feng in his heart.

"Since you're tired, master, you should go and rest," Lu congzi said. I've already ordered my men to prepare a place to stay. It's in a small courtyard not far from the Warlock God's temple."

Chu Shengfeng thought for a moment and roughly knew the place. It was not far from the Sorcerer's Palace, and every move inside could be clearly monitored by the temple.

He laughed coldly and said, "you're really my good disciple. Then let's go now."

"You can go back now. I'll bring your master to his residence," Lu congzi said to the others.

It was only then that the elders had basically left. Yunxiao waved his hand at Luo Tian, signaling him to stay. Luo Tian sighed, shook his head, and flew away.

Only Yunxiao, Qu Hongyan, and Liu Feiyan were left in the clouds.

It was only then that Yu Shengfeng gave Yunxiao a few clear looks, and a strange look appeared in his eyes.

it's been a long time, " Yunxiao said with a smile. my Lord, how have you been? "

Yu Shengfeng nodded, "I'm very happy to see you here, I wonder if we can talk about it in detail?."

of course, " Yunxiao said. I can.

Lu congzi didn't say anything. Instead, he made a polite gesture and flew down from the clouds with a few people, until they arrived at a small courtyard near the Warlock God's temple.

Yu Shengfeng walked in and didn't find any restrictions. In fact, at their level, any restrictions or traps were useless. They could only laugh.

everything inside is based on my memory," Lu congzi said. it's arranged according to master's preferences back then. I hope master will like it.

Yu Shengfeng scanned with his consciousness and immediately sighed. Although the current situation made him sigh, he still said sincerely,"You've put in a lot of effort."

Lu congzi seemed to be a little excited, and he said, " "This is what disciple should do."

Yu Shengfeng stared at him for a while before saying,"You are the most intelligent person I have ever met in my life. I am very pleased to have a disciple like you. I am not lying about this, but I am speaking from the bottom of my heart."

"Thank you for your approval, master," Lu congzi said.

Yu Shengfeng chuckled. I can't help but acknowledge your wisdom and talent. Bo Yuqing is also a rare genius. But compared to you, it's like a candle competing with the bright moon.

"Junior Brother is a hundred times more talented than I am. Master, you're being too serious," Lu congzi said in a hurry.

Bo Yuqing's eyes flashed with a cold light, as if he was excited. His emotions kept changing on his face, and finally he said, " "Senior brother, you're too humble."

Yu Shengfeng said, " I, Yu Shengfeng, can be considered an extremely talented person. In the past hundreds of years, I've met countless people. However, there are only three people that I fear and admire. You are one of them.

“Master, you’re flattering me. Who are the three people you’re talking about?” Lu congzi said in surprise.

Although his attitude was humble, the intentional or unintentional look in his eyes still revealed his dissatisfaction with the other two, as if no one could compare to him.

Yu Shengfeng also sneered, ‘Lu congzi, do you know what I hate about you? You’re clearly a bad person, so why are you pretending to be a gentleman? I admire your talent and intelligence, but I’m not ashamed of this gentleman!’

Liu Feiyan’s and Xuan Hua’s expressions changed drastically, and their eyes were filled with anger.

Lu congzi’s expression did not change, and he still said respectfully, “Thank you for your teachings, master. I will definitely change.”

“Hmph!”

Yu Shengfeng snorted contemptuously, then said, I’m also a man who stands at the peak of this continent. You, Lu congzi, li Yunxiao, and old man Meng from the sacred zone are the only people who can catch my eye.

“Feiyang and Lord Meng Ling?”

Lu congzi gave Yunxiao a surprised look, and the latter also had a strange look on his face. He did not know why he had been targeted by Yu Shengfeng, and why he thought so highly of him.

Qu Hongyan, on the other hand, smiled. When she heard a legendary figure like Yu Shengfeng praise Yunxiao, she felt an indescribable joy, as if she had just eaten honey. Her impression of Yu Shengfeng had doubled.

my Lord, you’re really flattering me this time, ” Yunxiao said with a wry smile.

Yu Sheng Feng's eyes flickered as he said, don't pretend to be innocent in front of me, kid. In terms of intelligence, you're no less than Lu congzi. I'm confident that you can see it clearly with your eyes.

Feiyang is the third martial sovereign, " Lu congzi said indifferently. his swordsmanship is godlike. He's also successfully possessed a congenital fetus and has an unblemished body. He'll have limitless achievements in the future. As one of the three elders of Shen du, she was highly respected and respected by the world. I'm not as good as the two of them. Shizun, you're overestimating me. "

Yu Shengfeng's face was full of contempt as he waved his hand and scolded,"Hypocrite, Hmph! I'm going to rest, you may leave!"

Xuan Hua finally couldn't bear it anymore and scolded, " stop pretending to be a master. If it wasn't for the fact that the chief respects your status, what right do you have to be so arrogant in front of us? now, you've even spoken rudely to us many times. If you have the guts, get lost. The sea of soul formation doesn't welcome people like you!

"Boy, you're looking for death!"

Yu Shengfeng's expression darkened, and an extremely powerful pressure instantly burst out. It was like a chariot flying through the sky, giving off the sound of wind and thunder.

Xuan Hua sneered. Although he was on guard, he didn't back down and threw a punch.

The air was compressed to the extreme under the fist wind, and when it collided with Yu Shengfeng's pressure, it instantly exploded, turning into a huge force that spread in all directions!

...

Yuan de's expression did not change. He simply rose into the air and formed a circle with his hands. A ball of demonic Qi gathered in his hands, and as if there was an infinite power, it suppressed the force of the explosion.

The space seemed to have frozen at this moment. Soon after, Yuan de berated as a few demonic patterns flickered on his forehead. He said, "Absorb!"

The energy that had just spread out was immediately distorted and absorbed into the demonic Qi like water. It disappeared without a trace, and the surrounding buildings were not damaged at all.

With a wave of his hand, Yuan de dispersed the demonic Qi in his hand and landed on the ground. He indifferently said, the sea of soul formation can't take this kind of trouble. If you want to cause trouble, go to the end of the sea.

At the end of the sea was the abyss of heaven, a place of endless void. No matter how they fought, it would not affect the sea of soul formation.

"Alright!"

Xuan Hua snorted coldly and stared at Chu Shengfeng. He said in disdain, "If you have the ability, then come with me to the heavenly abyss to play!"

Yu Shengfeng looked at him and sneered. you're not qualified. Be careful. You'll lose your life.

"Haha, if you don't dare, then just say it!" Xuan Hua sneered and raised his middle finger, saying, "Coward!"

"Impudent!"

Two voices shouted at the same time. It was Lu congzi and Bo Yuqing. The two looked at each other, and Bo Yuqing snorted heavily.

...

don't be rude! Lu congzi looked at Xuan Hua and shouted, "apologize to master now."

Xuan Hua cupped his fists and said, "I'm sorry, but he's the master of the chief, not my master. Why should he apologize?" I only respect those with virtue and those with ability. Unfortunately, he has neither."

"Senior brother, is this how you train your subordinates?" Bo Yuqing said coldly. As your Junior Brother, I might have to discipline your subordinates for you!"

Lu congzi sighed and said,"how can this be a good Pixiu?"

Yu Shengfeng looked on with a mocking expression and waved his hand,"All of you may leave. Wait for me in the heavenly abyss. I'll have a good talk with Yunxiao first."

"Master, this Kasaya isn't good, is it?" Lu congzi asked anxiously. Please don't lower yourself to Xuan Hua's level."

Yu Shengfeng looked at him coldly and said,"I really want to trample on your hypocritical face and let this hothead keep provoking me. Isn't that what you want? Get lost!"

Lu congzi's expression finally changed. Although he didn't look angry, he still looked gloomy after being told to get lost.

"Haha, good, you have a backbone. I'll be waiting for you in the heavenly abyss. If you don't come, then get out of the sea of soul formation!"

Xuan Hua laughed out loud, turned around, and flew towards the end of the sea.

Yunxiao frowned when he saw this. Xuan Hua's provocation was too obvious. Obviously, it was Lu congzi's arrangement to test Chu Shengfeng's strength.

After all, the rumor of sanctifying one's body was too terrifying. It was equivalent to reaching the peak of perfection and having the physical strength of a sovereign deity. No matter how confident Lu congzi was, he had to be wary of it.

1876 The matter of the rainbow stone

Xuan Hua and Liu Feiyan, or even Yuan de, were the best touchstones to test him.

Besides, Yunxiao believed that if Yu Shengfeng could not pass the test, Lu congzi would not hesitate to mobilize his forces and kill him directly in the heavenly abyss.

"Since you've made up your mind, master, it's inconvenient for me to say anything more. I'll take my leave now," Lu congzi said.

After they left, Yunxiao said, "Daren really wants to go and show off your skills?"

"Haha, I know Lu congzi very well," Yu Shengfeng laughed. If I don't show him a power that he's afraid of, he won't let it go easily. It's better to let me knock on the mountain to scare the Tiger, beat the dog to bully the master, so that he won't dare to act rashly in the future."

Yunxiao was a little displeased. Xuan Hua had a very good relationship with him, so he was very unhappy to be compared to a dog like this. "No matter what, I hope that Your Excellency will show mercy and not hurt Xuan Hua."

Yu Shengfeng said, "don't worry. Although that kid is reckless, he's also an extraordinary expert. He's not simple. Besides, talents are rare, and I want to take him under my wing in the future. This time, I'll just treat it as a lesson for him!"

there's no need for master to do it personally," Bo Yuqing said. just leave Xuan Hua to me.

Yu Sheng Feng nodded. yeah. We don't have to stick to one pattern. We'll act according to circumstances.

my Lord," Yunxiao asked, "did you really refine Yu Yixian's remnant soul and sanctify your body?"

Yu Shengfeng's eyes flickered with a smile as he looked at Yunxiao and said, "What do you think?"

Runes kept flashing in Yunxiao's eyes, changing unpredictably, making people feel as if they had been completely seen through. Even Yu Shengfeng was secretly shocked.

it's perfect! Yunxiao retracted his eye sorcery and smiled. I've completed my physical body.

In fact, other than the observation of his wondrous spiritual eyes, he himself had also opened all seven gates and was only one step away from sanctifying his body. However, he clearly felt a faint suppression in front of Chu Shengfeng's body.

"Hahaha!"

Yu Shengfeng laughed heartily. It was obvious that he had already refined Yu Yixian's remnant soul.

congratulations, my Lord, " Yunxiao said. and I can see that brother Yu Qing's cultivation base is also unfathomable. It seems that you have completely controlled the aegirine and broken through the shackles of martial arts? "

Bo Yuqing's gloomy expression finally improved. I haven't fully controlled it yet, but I can basically stabilize it without acting up. This is all thanks to master.

congratulations, " Yunxiao said with a smile. congratulations! He turned his eyes to the black-robed man and said, " "May I know if this friend is Yingluo?"

Yu Shengfeng laughed,"don't you have the Eye of the Moon pupil? Can't you see through his disguise?"

Yunxiao smiled wryly. your friend is indeed extraordinary. There are indeed not many things in this world that I can't see through, but I can't see through your disguise at all.

The black-robed man remained unmoved and stood there quietly, as if he didn't exist.

“Since he doesn’t want to show himself, you can keep your curiosity to yourself,” said Yu Shengfeng. Li Yunxiao, it’s time to fulfill what you and I said at that time, right?”

Back then, Xi Shengfeng had analyzed the secret of Gu Qingqing’s nine yang divine body for him and deduced that Luo yunshang was in trouble, so he had offered to give him the rainbow stone.

But now, one of the two rainbow stones was still in yunshang’s body and was under Gu Qingqing’s control, while the other was in his heart, replacing the damaged heart function.

Although he could take it down now, it was too dangerous, and his strength would drop by a lot if he removed the rainbow stone, so it was really difficult for him to take it out.

Yunxiao did not hold anything back, so he briefly told her about the two rainbow stones.

Yu Shengfeng was dumbstruck when he heard this. He stared at his heart in a daze for a while before finally saying, “How did you resist the corrosive power of the rainbow stone?”

Bo Yuqing also perked up his ears to listen, seemingly a little excited.

it’s related to one of my divine abilities and secret Arts,” Yunxiao said. I’m sorry I can’t answer you.

Bo Yuqing was disappointed.

Yu Shengfeng frowned and pondered for a moment, then said, “You owe me a rainbow stone, so you’ll pay me back with this divine ability and secret technique. Are you willing?”

what? ” Yunxiao thought for a moment and asked, “ can I use other ways to repay you? ”

“Of course,” Yu Shengfeng smiled, “give me your puppet with the ice fiend Heart Flame.”

Yunxiao knew that he was talking about the calabash little Vajra. The ice fiend Heart Flame was left behind by Xiao Hong, and the calabash little Vajra could use it with the power of the rainbow stone. Now that the rainbow stone had been implanted into his heart, although the ice fiend Heart Flame was still in his body, it was very difficult for him to use it.

Yu Shengfeng was the inheritor of the demonic servants, so he knew everything about the demonic Masters like the back of his hand. He didn't have any scruples and told them about di ye and Xiao Hong, even mentioning that Xiao Hong was the leader of the heaven Alliance.

Hearing this, Xi Shengfeng and Bo Yuqing were once again dumbfounded. Even qu Hongyan was shocked.

Yunxiao found that the black-robed man seemed to be moved as well, and he inadvertently caught some emotional fluctuations.

Yu Shengfeng only came back to his senses after a long time and said in a daze, " "The demonic Lord's avatar has already combined with the rainbow twin stones, hehe, hehe."

the demon master was divided into five paths, " Yunxiao said. they were suppressed in Mount Meru, the outer starry sky, the Dragon Transformation pool, the eye of the East Sea, and the sacred Realm. Now, other than the devil sealing grounds in the Holy region, which had yet to be opened, the other four places had all been opened. The death of Di Jun in the outer space had divided the devil essence among the people, and his Excellency had also gained a lot of benefits. The seal of the eye of the East Sea has been opened long ago, and the power of the demon master has been lost and exhausted. In the end, it was obtained by di ye."

"As for the whereabouts of the two rainbow stones, there are still a few unknown. Di ye has one, my Lord and brother Yu Qing have the rainbow stone, yunshang and I have the rainbow stone, and this is the second. The location of the other two groups of rainbow stones is still unknown. Do you know the whereabouts of the demonic servant lineage, my Lord?"

In fact, he had another set on him, which was the sword death slashing red. However, it was refined from the original stone of rainbow, not one of the five on the demon master.

Chu Shengfeng said, " back then, the devil Lord was dismembered by five horses. It was all done by that group of experts. The place where he was suppressed was also extremely mysterious. How could my ancestors know? over the years, they've only managed to find out a few pieces."

Yunxiao had forgotten that he could ask lingmu di about this matter. Although it was no different from peeking at the Rainbow stones, it was better to collect these things first than to fall into the hands of others.

Thinking of this, he couldn't wait to ask lingmu di to collect the other two groups of rainbow stones.

"It seems that the key to stopping the devil Lord from recovering his full strength lies in the seal in the Holy region and the remaining rainbow stones," qu Hongyan said.

No. Yunxiao shook his head and said, " it's impossible for the demon Lord to recover his strength. With di ye's and di Jia's current strength, it was impossible to find all the remaining items unless they combined into one. Otherwise, as long as they kept each other in check, it was impossible to restore their strength. That's why I think the key is to not let either of them be swallowed up."

Yu Shengfeng said, " you're right. Although this avatar is very dangerous, the probability of them growing big is not high. At least, we don't need to worry too much about it now. Since you can't give me divine abilities or rainbow stones, then what about the Saint artifact in your hand?"

Yunxiao smiled wryly. my Lord, you must be joking. You're not thinking of taking my Saint artifact, are you? do you think I'll give it to you? "

definitely not, " Yu Shengfeng said. besides, Saint artifacts have their own Masters. I don't have much use for them. In that case, there's only one thing I can accept, and that is to take me to the sealed land!"

He stared at Yunxiao, and his eyes shone with a bright light that seemed to be able to see through his heart.

Yunxiao's face flickered. 'The sealed place' was naturally the place where devil Lord PU was sealed. He was a complete great devil, an existence as powerful as an Emperor.

Back then, if the demon Lord Emperor had not split him up, the ending of the demon-sealing war would have been hard to say. Perhaps the heavenly martial arts realm would have long been demonized, and history would have been completely rewritten.

...

“Hehe, I can’t agree to your request,”

Yunxiao wiped his cold sweat and chuckled.

Yu Sheng Feng’s face was filled with anger as he shouted, Li Yunxiao, are you going to go back on your word? ”

even if I take out the rainbow stone in my heart and give it to you, I can’t take you to the land of sealed demons, ” Yunxiao said. you should just die for this thought.

Qu Hongyan also said solemnly, “the sealed demon land is a serious matter. It can’t be treated as a joke.” Although that Demon Lord PU didn’t commit any evil in the past, he was suppressed for a hundred thousand years, and everyone has accumulated grievances. If he were to break out of the seal, who would be able to bear the responsibility?”

Yu Shengfeng sneered, “you’re saying so much just to find an excuse for not keeping your promise. Since you’re willing to take out the rainbow stone, then take it!” Don’t say that I’m unreasonable, this is your own choice!”

Qu Hongyan was furious. Her killing intent immediately condensed into ice in the air and she said, “If you want to take a person’s heart, I’m afraid you won’t be able to take it!”

Yunxiao stopped her, fearing that she would be impulsive, and said, “I can give you the rainbow stone, but not the one in my body. I will find the next rainbow stone and give it to you at that time.”

“Hmph, when the time comes? Who knows when? do we have to wait for one or two hundred years?”

“How about this, three years, give me three years and I will definitely find a rainbow stone for you.”

“Three years is too long, three months is more like it!”

...

“Three months? Do you think you’re looking for cobblestone? My Lord, you’re playing with me!”

“Alright, since you’re determined to find it, don’t say I didn’t give you a chance. I’ll give you half a year at most. If you can find the rainbow stone within half a year, then the promise will be written off. If you can’t find it, then take me to the sealed land!”

In the end, Yu Shengfeng threw out his bottom line and stared at Yunxiao.

Although he really wanted the rainbow stone, it was nothing compared to the sealed land.

Yunxiao naturally knew what he was thinking. Although half a year was a little short, it should not be difficult to find the rainbow stone with the lingmu flute.

If it didn’t work, he could go to Gu Qing Qing to get it back, or he could take it out of his body.

He would rather die than expose the seal of the southern mountain range. The consequences were too severe.

Chapter 1877-Alliance

“Alright, half a year it is then.”

yes, ” Yunxiao said.

Qu Hongyan's eyes flickered with coldness. She did not know the whereabouts of the other two rainbow stones, so she thought to herself that she must find Luo Yunshang within the next six months and get the rainbow stones.

I hope young master Yunxiao can keep his word, " Yu Shengfeng sneered. don't disappoint me again.

don't worry, " Yunxiao said. if I can't find another rainbow stone in half a year, I'll take out the one in my body and give it to you.

Yu Shengfeng then said,"that's good. This matter is an agreement between you and me, and I have no intention of forcing you. I hope you don't hold a grudge because of this matter."

"Of course," Yunxiao said. "My Lord, you seem to be afraid that I'll hold a grudge against you?" he revealed a playful smile.

Yu Sheng Feng looked at him deeply and said,"I have nothing to hide. I really don't want to be on bad terms with you, especially at this time."

this time? " Yunxiao smiled playfully. what time? " Did he mean that Daren's feet were not stable in the sea of soul formation? What about the future?"

Yu Shengfeng said bluntly, " I will definitely find the devil Lord's sealed land. There may be conflicts in the future. After all, my physical body is now complete. It will be too difficult for me to advance further. I can only have a chance in the sealed land. However, Lu congzi isn't a kind person. I'm afraid I won't have the energy to think about the devil Lord for a long time. In addition, you will change your mind in the future."

The corners of Yu Shengfeng's mouth rose into a smile, as if he was very confident.

change your mind? " Yunxiao asked curiously. what? " How come I don't know about this? where did your confidence come from?"

Chu Shengfeng said, " I already know everything about the five Cloud Mountain. If you want to kill tiansi and save ning keyue, it is impossible without a stronger power. I don't know how powerful the sinkhole is, but it's the first moon pupil. It was quite famous even in the era when ancient beasts and true spirits dominated. Can you deal with it with your divine transcendence power?"

Yunxiao's heart twitched violently. The moon pupil was something he did not want to think about, but he could not get around it. It seemed to be his fate.

under this sky, " he said, " it's impossible for the sinkhole to recover to its peak power. There's still hope of killing him.

Yu Shengfeng laughed. there's indeed hope. It's just very slim. You know this better than anyone else.

Yunxiao's face turned unsightly. In the battle of five Cloud Mountain, ning keyue had told qu Hongyan that the sinkhole had not died in the battle with the true dragon in ancient times, which showed how strong it was.

Qu Hongyan could feel his feelings. She gently grabbed his hand and held it tightly.

She was telling him that no matter how difficult the road ahead was, she was willing to accompany him.

Yunxiao's heart warmed, and he smiled warmly in gratitude.

The two of them looked at each other and smiled. Although they were still worried, the pressure in their hearts had been greatly relieved.

yes! Yu Shengfeng stared at him and said, " the only way to defeat the ultimate is to go to the sealed land and search for tenth-tier rules and truly break through to the ten directions divine realm!

Your Excellency, " Yunxiao said coldly, " you don't have to encourage me. This method is not wise. Even if I obtain the rules of the ten directions, the difficulty of killing the sinkhole won't decrease. I'm free to decide on this matter."

Yu Shengfeng knew that he was a determined person and wouldn't change his mind in a short time. He was slightly disappointed and said, then you should think about it yourself. Remember what you promised me that day. If you go to the sealed land, you must take me with you.

of course I remember, " Yunxiao said. but maybe that day will never come.

Yu Shengfeng smiled indifferently. I've lived for so long and experienced everything. My greatest feeling is that nothing is absolute in the world. Changes are too common.

Yunxiao frowned and did not know what to say. The matter of the ultimate was indeed like a huge rock pressing on his heart.

At this moment, he had already entered the divine transcendence realm. When ning keyue fell asleep again and her body was controlled by the ultimate, she would come to find him.

Although he didn't know when, he could foresee that it wouldn't be too long. Did he really have a way to deal with it?

Yu Sheng Feng saw his silence and smiled,"If you need help to deal with the ultimate, I'll be happy to help you."

Oh? " Yunxiao looked surprised. my Lord, you don't look like a good person who likes to help others for fun.

Yu Shengfeng laughed. haha, this Lord indeed won't do anything without benefits. I've promised to help you deal with the ultimate, so you must help me deal with Lu congzi. Of course, no matter if it's you or me, we'll have to keep our lives safe first. If it's life-threatening, we'll just leave."

"Against the chief?"

not only is it too difficult, " Yunxiao shook his head and said, " I don't have any reason or position to deal with him.

“We only seek benefits, and benefits are the reason,” said Yu Shengfeng. Although there are countless experts in today’s world, there really aren’t many who can help you deal with GUI Yi. And you don’t want to see a chaotic soul formation sea, do you?”

Yunxiao fell silent. With Yu Shengfeng’s physical strength, it was equivalent to having another expert who had reached the peak of perfection, and his chances of dealing with the ultimate would be much greater. Moreover, Yu Shengfeng’s physical body was not just a Saint, his cultivation base and strength were also unfathomable.

He asked, “a chaotic sea of soul formation?” What is the meaning of this?”

“With my current strength, who do you think is stronger and weaker if I go against Lu congzi?” Yu Shengfeng said with a serious expression.

of course, ” Yunxiao said without hesitation. Lu congzi is stronger, and you are weaker. He suddenly paused, and his mind moved like lightning, as if he had understood something.

Yu Shengfeng also saw it and laughed, “Hehe, it’s so much easier to talk to smart people. You should understand now.”

do you mean that Lu congzi might take the risk and try his best to kill my Lord, ” Yunxiao said seriously. that will cause turbulence in the sea of soul formation. If I’m willing to stand on your side, Lu congzi will be even more afraid and won’t dare to make any rash moves.”

“That’s what I meant!” Yu Sheng Feng praised.

Yunxiao’s face turned unsightly. He suddenly thought of yang di, the chess piece Lu congzi had used to keep him in check. Had Lu congzi already thought of today’s situation earlier?

If that was really the case, then how far was this elder of the soul formation sea’s scheming and calculation?

Yu Shengfeng was also a smart person, he frowned and said, "What, could it be that you have a weakness that he can counter?"

Yunxiao thought to himself that this master and disciple were indeed the same kind of people, both extremely smart. He nodded and said, "I have a disciple in his hands, but I don't know where he is."

Yu Shengfeng thought for a while and said, "it doesn't matter. You don't need to express your position clearly. You just need to show that you're on my side at the critical moment." As for your disciple, I'll find a way to help you find out."

I can only agree to this for the time being," Yunxiao said. if my disciple's life is in danger, I'll have to make another choice.

alright," said Yu Shengfeng. I'll make this clear first. If you can't help me, then I'll call off the matter of the sinkhole. He was not willing to suffer any losses.

Yunxiao also understood that it was a fair deal, so he agreed.

Yu Shengfeng laughed out loud, as if he was very happy, "Now, follow me to the heavenly abyss and teach that ignorant thing a lesson!"

Yunxiao was not in the mood to watch him fight with Xuan Hua, but Yu Shengfeng was very enthusiastic, and he also wanted to see the power of the extreme Yin body. So, he immediately went to the end of the sea with him.

Lu congzi and the other three were standing quietly in a pitch-black space.

...

I've been waiting for you for a long time," Xuan Hua sneered. I thought you were afraid and ran away.

Yu Shengfeng frowned. although you were ordered to provoke me, your words were filled with disrespect. You're courting death.

Yunxiao was slightly surprised. He felt the killing intent from Gu Shengfeng, so he immediately sent a voice transmission to him, telling him not to kill him.

Yu Sheng Feng coldly snorted.

master, " Bo Yuqing said, " you don't need to do anything about this kind of trash. Just let me take care of him.

if you make a move, your senior brother won't be satisfied, " Yu Shengfeng said. in the end, he'll have to force me to make a move. It's better to make it simple.

Everyone knew that Lu congzi was forcing Chu Shengfeng to show his strength in this battle. He wanted Chu Shengfeng to show that he had the right to fight him.

If he wasn't strong enough, let alone the position of Grand Elder, this heavenly abyss would be Chu Shengfeng's grave.

Xuan Hua also became alert. She raised the broken star bow, nocked the Golden Arrow, and pulled it into a full moon.

Both his consciousness and killing intent locked onto Chu Shengfeng, and circles of killing intent started to spin around the arrow.

The surrounding space became a little blurry as all the power gathered on the arrow. The arrow was too heavy, and it actually let out a buzzing sound and rippled with the power of the weapon.

...

At the same time, Xuan Hua was also adjusting the frequency of his vibration with this world. When all the rhythms were consistent,

“Whoosh!”

The Golden Arrow let out an ear-piercing screech and instantly pierced through the air, drawing a golden trajectory!

Runes were still being destroyed along the trajectory.

“This arrow ...”

Yu Sheng Feng’s pupils shrank and he laughed, haha, Lu congzi, you’ve spent a lot of effort to get a semi-finished demon-breaking arrow. I’m laughing my head off!

His body shook and a cold light broke through the air like the Cold Moon.

Then, he moved a few feet forward to meet the demon-breaking arrow and raised his giant sword, ancient dust.

A Dragon’s Roar came from the sword, and countless Dragon shapes flew around the sword and slashed out!

“Bang!”

The big sword hit the anti-magic arrow directly, making a sharp ear-piercing sound. The arrow was cut in half vertically!

A cold smile appeared in Yu Shengfeng’s eyes. The sword in his hand turned, and he and the sword disappeared from the spot.

“Not good!”

Xuan Hua’s expression changed drastically, and a huge sense of danger surged into his heart. The broken star bow instantly turned into a knife and slashed to the side!

“Bang!”

The ancient dust sword slashed out from the void, pressing down on the star shattering blade like a mountain. Countless colorful lights rose, and the gemstones on the blade lost their brilliance.

The entire space was pressed down by that sword. Xuan Hua only felt that he hurriedly held the knife with both hands, but he still couldn’t bear the huge force, and his whole body trembled violently.

“Bang!”

The sword force finally pressed down like a hot knife through butter, and the star shattering blade was directly sent flying. Xuan Hua was struck by a huge force, and his chest was broken by the sword Qi. He spat out a mouthful of blood and fell from the sky.

Chapter 1878-mutual probing

Yu Shengfeng won in one move, and his figure flashed as he chased after Xuan Hua. He raised the ancient dust sword and slashed it down on Xuan Hua.

Suddenly, a red light forcefully pierced in. Liu Feiyan grabbed Xuan Hua and at the same time, she shook her long sword, turning it into countless sword shadows. In an instant, they gathered into a sword aura and blocked in front of her!

“Bang!”

However, it still couldn’t block that heaven-like sword aura. Although Liu Feiyan’s sword aura managed to seize a moment of opportunity, it was shattered by Gu Chen, and countless sharp sword aura fragments shot in all directions.

The two of them were instantly exposed to the sword power of the giant sword. A Dragon's Roar resounded in the sky as Gu Chen's sword power turned into a Dragon, flying down and circling around the two of them. Wherever the sword Dragon passed, the void was crushed.

Liu Feiyan pointed her long sword and shouted, "heavenly record Wu Hua!"

Countless sword rules turned into runes and floated around the sword. The sword Dragon was immediately obstructed as if it was separated by a barrier. However, it was angered and roared as it crushed the runes, stomping them out one by one!

Liu Feiyan didn't dare to be careless. She condensed her sword and shook it out again. All kinds of sword rays scattered to the side of her body, forming a sword array that was like water. It was like a waterfall pouring down from the nine Heavens. It floated in front of her body like a sword Shield.

"Eh?"

Yu Shengfeng's eyelids twitched, and the power in his hand increased as he pressed down.

"Bang!"

The Sword and Shield couldn't withstand Gu Chen's tremendous power, and they exploded, turning into Starlight and scattering.

However, Liu Feiyan had seized enough time to escape with Xuan Hua. After a few flashes, she returned to Lu congzi.

Yu Shengfeng didn't pursue and attack, but praised, " "You've already cultivated this heavenly record's brilliance to perfection and can do as you please. It's very rare!"

Liu Feiyan frowned. This move was taught to her by Lu congzi, so it seemed like she was most likely taught by Chu Shengfeng.

"You flatter me," she said indifferently. After that, he started to care about Xuan Hua's injuries.

Xuan Hua's heart continued to bleed as the sword Qi cut into his body, breaking a large number of meridians and injuring his internal organs. Even if his strength was extraordinary and he entered the Saint realm, he couldn't withstand such injuries and kept spitting out blood.

"I'm fine," she said.

Xuan Hua forcefully held on. After taking a few medicinal pills to stop the spread of his injuries, he stood there and began to regulate his breathing.

Yu Shengfeng put away the ancient dust and put his hands behind his back. He looked at Lu congzi with a cold and arrogant expression and said, "My disciple, you sent a little kid to play with your master. Is this a great disrespect to your master? Should I teach you how to behave?"

Lu congzi cupped his hands and said respectfully, "It's Xuan Hua who is insensible. This disciple didn't discipline him well. I will definitely teach him well when I return.

"Hmph, you think that's all you need to do?"

Yu Shengfeng's expression was cold and mocking, as if he wanted to force Lu congzi to make some compromises.

Lu congzi naturally wouldn't give in. He chuckled and said, "Xuan Hua is insensible and has already received the lesson he deserves. Master shouldn't be bothered by him. And I've seen your might, master. You've indeed sanctified your body, and I'm extremely happy."

Yu Shengfeng said coldly, "Master's power has made you happy, then can disciple's improvement over the years also surprise master?" It's been many years since we last met. As a master, it's time for me to test my disciple's achievements."

Lu congzi felt the killing intent of Chu Shengfeng coming at him. He seemed to have planned it. He smiled and took three steps back. Then, he took two small steps to the left. The killing intent disappeared.

Yu Sheng Feng's pupils shrank and shot out two rays of cold light.

Lu congzi's steps seemed to be very casual, but in fact, they contained extremely high comprehension of the heavenly Dao. He snorted coldly, took a step forward, and then closed in.

Lu congzi took a step forward and then moved three steps sideways to avoid the sharp light. He smiled and said, "If shizun feels that Xuan Hua isn't enough to warm up, then how about letting Lord Yuan de accompany shizun to practice? Lord Yuan de is also a devil cultivator, so he can be considered to be of the same lineage as master."

Yuan de's expression was ice-cold, and his gaze never left Chu Shengfeng. When he heard Lu congzi's words, a black light flashed, and he instantly teleported in front of Chu Shengfeng. Without saying anything, he formed a seal with both hands and slapped it toward Chu Shengfeng's head!

"You're rude!"

Yu Shengfeng was furious and directly attacked him on the head. This was too rude!

Gu Chen's sword light suddenly rose up and swept across the sky like a colorful ribbon. With a "Hong" sound, it split the seal. The sword light followed the momentum and directly split Yuan de into two!

However, Yuan de's split figure slowly became faint, and it was only an afterimage!

Yu Shengfeng sneered disdainfully and swung his sword to the left, instantly splitting the void. A ball of demonic energy came out from it and turned into Yuan de's true body. His expression was cold as he slapped out!

"Bang!"

Yu Shengfeng turned around and placed his sword horizontally in front of him. The demonic palm hit the sword, causing a loud sound and rings of demonic power to spread.

“Hmph, a devil cultivator dares to be impudent in front of me!”

Gu Chen’s sword trembled, and the sound of the sword instantly became shrill. Countless Jade Dragons flew up and charged toward Yuan de!

“What?”

Yuan de was shocked. The distance was too close, and he couldn’t Dodge in time. He could only shout loudly and make hand seals with one hand. A layer of demonic light gushed out of his body and turned into a dense light shield. His entire body was placed inside it, and he became absent-minded.

“BOOM!”

The streaks of sword Qi Dragons streaked across the sky like war chariots and rumbled into the light barrier, but they were actually devoured by the demonic Qi. Then, the light barrier flashed and condensed into a small ball that appeared in Yuan de’s palm. He flipped his hand and slapped it down. He shouted, “Demonic explosion!”

A fluctuation spread out from the light ball, and Yu Shengfeng immediately knew that things were not good. He stepped back with his right foot, and the power of heaven and earth suddenly changed. Space was squeezed between the two, forming a natural barrier.

However, as the black light ball exploded, the entire void was instantly shattered. Endless demonic power rolled out and rushed towards Yu Shengfeng, forcing him to take a few steps back. At the same time, the demonic Qi that filled the sky spread out and turned into a demonic mist that swallowed him.

Yunxiao’s eyes flickered with a black light as he saw through the demonic fog. Yu Shengfeng was in it, holding a sword in one hand and performing an incantation gesture with the other. The demonic fog that filled the sky transformed into countless ferocious forms, which began to bite and tear at the enemy.

Yu Shengfeng sneered and grabbed at the air with his left hand. Ma Liang's divine brush came down and absorbed all the demonic Qi in the sky. The brush and ink fell and painted thousands of troops and horses galloping.

Immediately, a wave of killing intent rose. The Golden armored horses trampled all the vicious forms and killed their way out of the demonic fog.

After Yuan de unleashed the devil explosion with his palm, he quickly made hand seals, and countless devil symbols flickered on his body.

Suddenly, a loud roar came from within his body. His body continued to expand, growing several times in the air. He was like a true devil, with devil horns on his head and a fierce light bursting out of his eyes. He turned his hand and formed a seal!

"BOOM!"

The demonic mist dispersed the Army, and Yu Shengfeng's figure appeared in a flash. He raised his right hand, and a black iron chain shuttled back and forth in his palm. He formed a formation in the air, covering a radius of several thousand feet.

"Collect!"

...

Yu Shengfeng formed a seal with one hand, his eyes filled with ridicule.

The pitch-black iron chain shuttled back and forth with a "Hua Hua" sound. It instantly contracted and tightly bound Yuan de's huge body.

The massive aura around Yuan de's body completely dissipated, and it was as if the void had calmed down. Even more than half of his killing intent had dissipated.

what? ” Xuan Hua was shocked. what’s going on? ”

Liu Feiyan’s eyes were also filled with deep worry. Yuan de glared at her and seemed to struggle a few times, but he was extremely weak and could not break free from the chains.

devil essence lock?! Lu congzi exclaimed.

Yunxiao’s eyes flickered. This devil essence lock was originally his, but it was snatched back by Hu Shengfeng in the last battle. It was indeed an extremely powerful weapon against devil cultivators, and could directly seal the power of devil essence.

Yu Shengfeng sneered, ”my good disciple, is your memory bad or did you deliberately send this stupid thing to its death?” Isn’t playing demonic Arts in front of master just seeking death!”

A green light appeared in Yu Shengfeng’s hand and turned into the underworld wheel. He raised it above his head and directly projected a large array in the void. The runes on the array rolled and rotated like a wheel!

Yunxiao was taken aback. It was none other than the minor Capital Heaven-dark wheel array, the sharpest array law among all the laws of heaven and earth. It was because of this array that the green underworld wheel could cut through everything.

“Die!”

...

Yu Shengfeng coldly snorted. The Dark Wheel in his hand flashed with a green light. The vast array in the sky slashed down, making a hissing sound as it cut through the sky!

“Ah?”

Liu Feiyan couldn’t help but cry out in shock and covered her red lips in shock.

Yuan de's giant spiritual body was directly sliced into two by the small capital Heaven dark wheel formation!

Yunxiao's pupils constricted as he saw the two halves of the body being cut in half turn into the original form of fiend energy and dissipate like fireworks.

Yu Shengfeng also instantly felt that something was wrong. A bad premonition welled up in his heart. He quickly saw Yuan de's body dissipate and the devil essence lock fall from the sky.

After the giant spirit dispersed, Yuan de's true body appeared. The metal chain fell into his left hand, and his right hand continued to form seals, becoming faster and faster!

"Hualala!"

The devil essence lock flew out of his hand and wrapped itself around Yu Shengfeng's body. In his shock, Yu Shengfeng seemed to have forgotten to Dodge and was tied up like a rice dumpling.

This sudden change left everyone dumbfounded.

"Hehe, master was too careless."

the devil essence lock is a divine item created by our ancestors to restrain devil techniques, " Lu congzi said smugly. there's only one in the world, but what's more precious than the devil essence lock is the research data of tens of thousands of years. Master blindly believes in the power of this mana lock, while I believe in the results of countless wise and intelligent research."

Yu Sheng Feng frowned, but didn't say anything.

I've never stopped my research on Demonic Cultivation and anti-demon cultivation, " Lu congzi continued. although the anti-demon arrows I've made are far inferior to this devil essence lock, they've helped me find a way to deal with it.

Yu Shengfeng praised, " I didn't misjudge you. Although I'm afraid of you, I can't help but admire you. At the same time, I'm also proud of you. After all, you're my disciple.

"Master, you're so fearless now. I don't think this devil essence lock can trap you anymore," Lu congzi said.

Yu Shengfeng laughed coldly. His body shook, and the light of the underworld wheel flashed. With a " PA " sound, the devil essence lock was cut in half. He grabbed it and kept it.

Chapter 1879-personal grudge

The entire void was silent. After putting away the devil essence lock, Chu Shengfeng didn't seem to want to fight anymore. He put away the ancient dust sword and placed his hands behind his back.

Lu congzi saw that Chu Shengfeng had lost his will to fight and smiled. "What does shizun think of Yuan de? does shizun still want to inspect this disciple's cultivation all these years?"

that's right, " Yu Shengfeng said indifferently. he's a rare talent in the sea of soul formation. He's become a divine being through Demonic Cultivation. As for you, for such a person to be willing to be beneath you, it can be seen that you are strong. I can already foresee it. "

"Thank you for your approval, master. I'm very pleased," Lu congzi said respectfully.

Yu Sheng Feng snorted and flicked his sleeve, turning around,"Let's go," he said.

Yunxiao knew that the master and disciple's test was over, and they had both recognized each other's strength, but it was only the prelude to the internal struggle in the sea of soul formation.

Suddenly, Yuan de's eyes turned to Yunxiao and he shouted, " "You're not allowed to leave!"

Yunxiao frowned as he sensed the killing intent and fighting intent from Yuan de. He knew that Yuan de wanted to take revenge for what happened in the ancient Devil's well, but he had no intention of

fighting. even as the Vice President, you don't have the right to force an honorary elder to stay or leave. Have the rules of the sea of soul formation been changed? "

"This isn't an order to force you. This is a personal grudge between you and me. It has nothing to do with the position in the sea of soul formation!" Yuan de said coldly.

"Personal grudge?" "What personal grudge do I have with Lord Yuan de?" Yunxiao played dumb.

Yuan de sneered. Gu Feiyang, to think that you're a titled martial sovereign and an honorary elder. Is there any point in playing dumb like this? "

Yunxiao's face turned red when he heard what the other party said, and then he said, " "Alright, are you referring to the conflict in the ancient Devil's well? Then I wonder how Lord Yuan de would like to resolve this?"

When Yu Shengfeng heard the words 'ancient Devil's well', his expression changed, but he quickly returned to normal and watched the fight between Yuan de and Yunxiao with great interest.

"Naturally, I'll settle it with martial arts, and I won't rest until I'm dead!" Yuan de said coldly.

"Fight to the death?"

Yunxiao was taken aback, and his eyes turned cold as he said, " "Lord Yuan de wants to kill me?"

Yuan de snorted. if you beg for mercy, I can consider letting you go. After all, you're an honorary elder of the sea of soul formation. I'll still have to show you some mercy.

"I see." I just want to ask, " Yunxiao nodded. will the sea of soul formation care about this personal grudge? "

Yunxiao blinked and looked at Yuan de, then at Lu congzi.

Yuan de rushed to say, " of course we have to settle our own personal grudges. Why would the sea of soul formation care about it? if the sea of soul formation has to care about every elder's personal affairs, can the sea of soul formation still operate? "

is that so? " Yunxiao asked. then, will the chief help Yuan de? " You won't use the power of the soul formation sea to help him?"

Lu congzi thought for a while and said, " I really don't want the two of you to fight. But if you must fight, I can't do anything about it. The power of the sea of soul formation naturally can't be used for personal affairs.

Yunxiao sneered and nodded, his eyes flashing with killing intent as he said, " "If that's the case, then that's for the best."

Lu congzi frowned when he heard that. He seemed to have sensed that something was wrong.

as an honorary elder of the sea of soul formation, I naturally won't abuse my power for personal gain, " Yunxiao said. so, I can only ask some good friends to help me settle this personal grudge!

Qu Hongyan sneered at his side. Sword intent flickered on her body as she also stared at Yuan de with cold eyes.

Yuan de was startled and said, "you want to fight two against one?" Gu Feiyang, you're a titled martial sovereign. Do you still have any dignity as a warrior?"

Yunxiao shook his head. you're wrong, my Lord. It's not two against one. He looked at Yu Shengfeng and said, "Sir, you and I can be considered to have quite a good relationship, can you lend a hand?."

Yuan de and Lu congzi's expressions changed.

"Hahaha!"

hahahaha! Yu Shengfeng laughed and said, "bullying this junior will damage my reputation. Let Yu Qing help you!"

Bo Yuqing's face was dark and he did not say a word, looking extremely sinister, but Yunxiao knew that it was because of the aegirine that his character and temperament had become so dark.

Bo Yuqing revealed a sinister smile and said, "I'd be very happy to!"

He took a few steps in the air and came to Yunxiao's side, looking at Yuan de with a mocking expression.

Yuan de could not stand it any longer. Yunxiao and Bo Yuqing were easy to deal with, as they were only in the divine transcendence realm. He thought it would be easy to kill them.

However, Qu Hongyan was in the same realm as him, and he had consumed a lot of Yuan Qi in the battle just now. He had no chance of winning against Qu Hongyan alone, let alone the three of them working together. The chance of winning was close to zero!

Yuan de's expression was gloomy and uncertain. After a long while, he angrily rebuked, fine, Gu Feiyang, you win. I'll get even with you next time!

He suddenly flicked his sleeves and was about to leave in anger.

"Next time? Did Lord Yuan de's brain get damaged from cultivating the demonic technique? After provoking this young master, you want to just walk away?"

Yunxiao's face darkened, and the corner of his mouth turned up into a sneer. His eyes turned into blood moons as he stared at the man and shouted, "Tian que!"

Yuan de was startled. The power of the eye seemed to want to penetrate his body and see him inside out. This feeling was extremely terrible, and he angrily rebuked, "This Lord wants to leave, who can stop me!"

His figure directly turned into a ball of demonic Qi and was about to disperse in the void.

However, the space trembled a few times, and the demonic Qi did not dissipate. Instead, it condensed into Yuan de's true body again, and he could no longer escape!

"What?"

Yuan de was taken aback, only to find that Yunxiao's lunar pupil had locked the void. No matter how he shattered, he would still be under this world, unless he could break the pupil spell first!

"It's time to close the door and beat the dog, go!"

Yunxiao grinned hideously, and the three of them suddenly disappeared from where they were.

Yuan de was both shocked and furious. However, in his moment of hesitation, a sword Qi appeared out of thin air in front of him and stabbed straight at his heart.

The sword flickered with countless rays of light that were like stars. It was the Zixiao sword.

Yuan de hurriedly took a step back and clapped his hands together!

"Bang!"

In one move, it clashed with The Purple Cloud sword, creating a Whirlpool.

Suddenly, he felt an abnormal sense of danger coming from behind him. In his shock, he hurriedly pulled out a hand and grabbed a long spear in the air, stabbing it behind him!

...

“Bang!”

The spear pierced into Bo Yuqing’s wailing sword rain and wind, scattering the sword intent.

Lu congzi’s expression turned unsightly. Yuan de was bound to lose, but he had no reason to help him except to watch him get beaten up.

His eyelids suddenly twitched as he discovered that a small six-colored mountain had appeared above Yuan de and suddenly descended.

His heart twitched inexplicably. Although he didn’t understand what was going on, his instinctive intuition made him feel an unusual danger. He exclaimed, ” “Yuan de, be careful!”

There was no need for him to remind him, as Yuan de had already sensed the danger. The moment that small mountain appeared, the entire space started to bend, and all the slopes rapidly twisted as the mountain descended.

“?! What the hell is this?”

Yuan de jumped in shock. The space was spinning at an unimaginable angle, almost tearing his body apart. One could imagine how freakish the weight of the mountain was!

Yu Shengfeng’s heart was also wildly shaken. He had naturally seen the power of this profound level weapon, but at that time, it was only five-colored light. Now, it seemed to have been refined to the next level, and the entire body was emitting six-colored light.

Before the mountain landed on his body, the pressure was already turning him into a demon. Endless demonic Qi dispersed like smoke, and his entire body was completely deformed!

could that be a holy weapon?!

...

The thought came to Yuan de's mind. Almost everyone in the world knew that Yunxiao had a Saint artifact, but once the thought came to his mind, he had no time to think about it. If that thing hit him, he would either die or be crippled.

"Ah!"

He gave a loud roar, and the demonic Qi on his body suddenly rose to the extreme and gushed out crazily. It was like a Black Flame burning all over his body!

The long spear was suddenly retracted and swept in a circle in the air, shaking Qu Hongyan and Bo Yuqing away. Then, it tore the distorted space with great power and rushed out from the pressure of the Tusita heavenly peak!

As soon as he took a step away from the pressure, a shocking bolt of lightning fell from the sky like a Lightning Dragon from the nine Heavens. It was mixed with a trace of purple and destroyed the world!

"Boom boom boom!"

That bolt of green lightning struck the top of Yuan de's head and entered his body through his head. His demonic body instantly swelled up and exploded with a bang.

Countless bolts of lightning and black demonic Qi spread out like small snakes.

One of the black lights flashed and Yuan de's true body appeared a few thousand feet away. He spat out a few mouthfuls of blood and his face was as pale as paper.

He didn't dare to stay any longer. As soon as he appeared, he turned into a ray of light and flew into the distance.

Yunxiao watched him disappear into the void, and the direction in which he had fled was the ancient Devil's well. At the end of the crack, outside the world power of the devil World, was the best place for him to recuperate.

“Haha, wonderful, wonderful!”

Yu Shengfeng clapped his hands and laughed. He turned around and looked at Lu congzi, who had a gloomy expression, and said, “My dear disciple, what do you think of this battle?”

Lu congzi laughed awkwardly and said, “it’s indeed wonderful. I wonder what kind of profound level weapon Feiyang used just now. It’s so shocking.

it’s just a small thing, ” Yunxiao said with a smile. it’s just a small thing.

“Hehe, so it’s just a small thing.”

Lu congzi replied with a fake smile, but his eyes were very cold.

Yu Shengfeng laughed. let’s go. Haha, I’m in a good mood. Let’s drink and talk to our hearts ‘content!

Yunxiao smiled and said goodbye to Lu congzi, “Lord Yuan de is too petty. I hope that chief can guide him. I’ll take my leave first.”

He didn’t dare to completely tear off his relationship with Lu congzi. Yuan de was the one who had caused trouble just now, so he had to teach Lu congzi a lesson.

It was also a warning to Lu congzi that if he dared to touch yang di, he would join forces with Chu Shengfeng, and the situation would be enough to overwhelm him, a spell master.

Lu congzi’s face was extremely gloomy. After watching them leave, he stood in the sky in a daze and didn’t move.

Xuan Hua and Liu Feiyan were also shocked. They had never seen Lu congzi like this.

In their hearts, Lu congzi always looked calm and saw through everything, as if there was nothing in the world that he couldn't control. But now, it seemed that he had lost control.

Chapter 1880

1880 The coordinates of the immortal land

In the boundless void, Yu Shengfeng and the others were flying slowly.

Yunxiao noticed that the black-robed man had not said a word from the beginning to the end, and there was not even any fluctuation of primordial energy. He was following behind Chu Shengfeng like a shadow. If he had not seen him with his own eyes, it would have been difficult to believe that this man existed.

my Lord, " Yunxiao suddenly asked, " are you going to the ancient Devil's well? "

This was because they were not heading toward the Warlock God's Island. Instead, they were flying along the end of the sea.

"Oh?"

Yu Shengfeng revealed a cold smile and said, " "Is the ancient Devil's well really that crack?"

Yunxiao seemed to have heard something. He pondered and said, " "Could it be that the so-called Rift mayflies had existed hundreds of years ago?"

Yu Shengfeng nodded and said, " I'm heading in the direction of a crack that leads to the devil World in the sky abyss. I've heard about the ancient Devil's well. I suspected that the crack had expanded and was modified by Lu congzi to form the so-called 'ancient Devil's well'. Now that you've said it, it's most likely the case.

this crack has existed since a long time ago? " Yunxiao asked in surprise. why have I never heard of it? "

Yu Shengfeng sneered. I'm the only one who knows about this for hundreds of years. Lu congzi found out later. He betrayed his master and destroyed his ancestors. This crack was also one of the reasons.

"Fight?" is he also cultivating a demonic technique? " Yunxiao asked in surprise. but why is he opening up the crack now for everyone to cultivate? "

Yu Shengfeng said with some fear, " he naturally also cultivates Devil Arts. However, this person is extremely talented. Not only in Devil Arts, but also in martial arts. Since he's willing to open up this crack, it's most likely not of much use to him."

He gave Yunxiao a look and said, " you're also a cultivator of fiend Arts. If you can cultivate in it, it will be of great benefit to you. Especially Lao Ai.

Suddenly, he thought of something and stopped in the air, staring at Yunxiao as he said, " "Especially the Suan ni six paths demonic weapon!"

Yunxiao's heart jolted. He suddenly sensed a slight wave of energy flowing over the shadow-like black-robed man just now.

He didn't know if it was his illusion or if there were indeed ripples.

Yu Shengfeng's face was full of envy as he said, I don't know how you did it, but it's hard to imagine that other than the demon monarch, there's someone else in the world who can use the six paths demonic weapon. You should know the power of that thing better than I do!

Yunxiao did not deny it. that thing is indeed very strong, but the backlash is also not trivial. I dare not use it unless I have no other choice. Even if it does, the power it can exert is extremely limited."

"Don't be so ungrateful!" Yu Sheng Feng smiled bitterly. That's a six paths demonic weapon, you might not understand the meaning behind it, but as long as you can use 10 – 20% of its power, you'll be invincible in this world!"

then, do you know how to exert the power of the demonic weapons to the greatest extent, my Lord? ” Yunxiao asked.

Chu Shengfeng said, “there’s no other way but to continuously accumulate devil essence and improve my cultivation.” If you can make good use of this ancient Devil’s well, it will be of great help to you.”

Yunxiao was quite tempted. He had just stepped into the divine transcendence realm, and it was unlikely that he could improve his cultivation base in a short time.

Now that he had a preliminary grasp of the six ding and six Jia, and had also refined the five Cloud Mountain into the Tushita heavenly peak, the power of the suppression of yuande was indeed boundless.

If he could make a breakthrough in his demonic Arts and use the power of the six paths demonic weapon, he might be able to fight against the ultimate.

Thinking of this, he felt his blood turn warm and he wanted to fly into the ancient Devil’s well immediately.

They soon arrived at the void, where there was a huge black Whirlpool. It was so deep that they couldn’t see the bottom, and it led directly to the devil World.

“Fellow sisters-in-law”

Several figures emerged in the void. They were the guards of the place, and as soon as they saw Yunxiao, they hurried over and said, ” “Greetings, elder Yunxiao.”

Although Chu Shengfeng was a Grand Supreme elder, the entire lower-middle level of the soul formation sea did not know about this. Even if he did know, he did not take it to heart and did not know who it was.

“We’re going in,” Yunxiao said.

The guard revealed a difficult expression and said, "Elder Yunxiao can naturally enter, but these mayflies must obtain the approval of Lord Yuan de."

'Lord Yuan de's instructions? Has he already entered?'

The guard was stunned for a moment, then shook his head and said, "I didn't see Lord Yuan de."

Yunxiao thought for a moment. With Yuan de's strength, they would not be able to find him even if he sneaked in directly. Besides, he was seriously injured, so he would most likely not want his subordinates to see him.

"None of you have seen Yuan de, so where am I supposed to find him? Don't waste our time. If anything happens, I'll take full responsibility."

After saying that, Yunxiao flew straight in, ignoring the guards' attempts to stop him.

Yu Shengfeng and the others also followed behind. The guards wanted to step forward to stop them, but their bodies suddenly became sluggish, as if they were fixed in place, and they were completely unable to move.

It was only when he saw them disappear into the ancient Devil's well that he could move.

"What happened just now? Are you bewitched?"

"Hehe, possessed? That's the pressure of space, it can directly suppress one side. With our strength, we can only wait to be slaughtered."

"This Yingluo, what should we do? I don't know the others, it's a serious crime to break into the ancient Devil's well, we won't be able to escape the punishment!"

don't worry too much. Didn't elder Yunxiao say that he will bear the responsibility alone? "

“I hope so. If something really happens, he won’t shirk responsibility.”

The guards discussed worriedly for a while before their bodies gradually disappeared into the void.

A few hours later, Yunxiao and the others appeared outside the realm power of the devil World. It was pitch-black, but as they were all top experts, their vision was not affected except for the scene inside the realm power.

Yu Shengfeng placed his hand outside the realm power and gently felt the demonic Qi that was gushing out from it. He said, “The amount of demonic Qi has indeed increased, but it’s been several hundred years, so it’s normal.”

I wonder where Yuan de is,” Yunxiao suddenly said. did he really not come here? ”

Yu Shengfeng laughed, “who cares? he’s pretty strong, but that’s all he’s got. He’s not a threat. He turned to the Man in Black and said, “Old friend, I’ll have to trouble you this time. Now that the situation is settled, you can go back.”

The black robe fluttered in the air despite the lack of wind. Yunxiao thought he could see some flaws, but there was still no fluctuation of energy. The Man in Black raised his hand and made a hand seal. A black light rippled from his fingertips.

Then, the black shadow slowly disappeared into the light, without a trace.

Yunxiao’s pupils constricted. He had been staring at the man with his Mystic spirit eyes, but he could not figure out his identity. Not only that, he had disappeared right under his nose. It was simply unbelievable!

an external incarnation?!

Qu Hongyan suddenly thought of something and exclaimed.

...

the divine firmament Palace's Palace Master truly lives up to his reputation," Chu Shengfeng said with a smile. it's the avatar technique.

Qu Hongyan was stunned. I can't believe this outer-body incarnation has existed alone for such a long time. The world is so big, and there are indeed countless experts. I've been too ignorant.

Yu Shengfeng replied,"you're too modest, Palace Master. This friend of mine has a powerful background." Lu congzi must have guessed his identity, so he didn't make a move because he was afraid. Otherwise, there would be more twists and turns."

Since he refused to tell them the man's origin, Yunxiao and qu Hongyan did not ask further.

Palace Master and Yu Qing, are you feeling unwell here? this place is most suitable for demonic cultivators. You can return to the magic God Island first," said Yu Shengfeng.

"Feiyang, do you want to stay?" qu Hongyan asked.

Yunxiao nodded. this place is indeed the most suitable place for me to cultivate now. Hongyan, if you don't want to go to the spell God Island, you can enter the divine realm tablet.

alright," qu Hongyan said. but there's no time for cultivation. How long do you want to stay in seclusion? " She was a little worried about shenxiao Palace. After all, she had been out for a long time, and it was necessary to go back at this critical moment.

wait," Yunxiao said. I'll wait for the sinkhole to come and find me.

He had already entered divine transcendence. As long as the sinkhole regained control of ning keyue, they would come to find him.

Qu Hongyan's expression froze and she immediately threw the matter of shenxiao Palace to the back of her mind. "Alright, I'll go with you!"

...

Yunxiao nodded. Suddenly, his face changed slightly as he took out an iron-colored token, which was glowing with a bright light.

The colorful lights seemed to be alive as they flowed on the token, forming various symbols. They flickered and then condensed into a coordinate symbol, which was fixed on the token.

Yu Shengfeng and qu Hongyan exclaimed at the same time, " "Natural moat order!"

Yunxiao looked at the coordinates and nodded. "The Fairyland of the North, Langya heaven, finally has a reaction."

"Are you going or not?" qu Hongyan asked.

the opening this time is very important, " Yunxiao said. I heard from nanqiu Yu that the eternal world might be opening soon.

"What? The realm of eternal life!"

Yu Shengfeng and qu Hongyan's expressions changed drastically, revealing all kinds of bewilderment.

Yu Shengfeng said in a deep voice,"since the eternal world is about to open, we must go!" And it's not just us who will go, I'm afraid all the experts in the world will go! It will be another battle!"

"The realm of everlasting life has always been a legend. Is it true that there is immortality in there?" qu Hongyan asked in a daze.

Yu Shengfeng laughed, "haha, how is that possible." Even if it's the omnidirectional divine realm, it's impossible to be immortal. As for the situation, we'll naturally know when we get there."

the realm of eternal life has a long history, " Yunxiao said. is there no record of it in the sea of soul formation and the divine firmament Palace? "

"It's said that Gu Qingqing once went to look for the world of everlasting life, but the result was nothing," qu Hongyan said with a frown.

If it was before, he would have added the word " ancestor " to Gu Qing Qing's name, but now he didn't have that respect.

"Gu Qing Qing?"

Yu Shengfeng did not know that Gu Qingqing had already entered yunshang's body. He snorted, " that guy probably died in Langya heaven. I've read some records about the world of everlasting life. It's not a place for eternal life, but a man-made place for Ascension!
