

The First Heir 961

Chapter 961

“Miss Clarke, I need to handle some things. I’ll be back right away.”

Wallace nodded and bent over respectfully to Rachel before getting up and walking to the outer hall.

Those tourists who were watching the excitement in the outer hall were naturally nervous and excited when they saw the big boss of Phoenix Pavillion in person at this moment. They automatically stepped aside and created a pathway.

“Look quickly! He’s Wallace Phoenix! He’s the big boss of Phoenix Pavilion and also the eldest brother of the four golden phoenixes!”

“He’s here! The brat who called out the price randomly is doomed for sure!”

“But of course. How dare he cause trouble in Phoenix Pavilion? He’s in trouble now.”

The tourists looked at him gloatingly and could not wait for Wallace to kick Philip out.

As Wallace approached, the two security guards and Emcee Wilson all nodded respectfully at him.

“What’s going on? Can’t you handle a small matter like this? Since it’s a fake admission ticket, just drive him out!”

Wallace was angry. A perfectly arranged auction had been disrupted by this outsider. At the same time, he also scrutinized Philip.

He was a very ordinary boy who was still very young, but there was something wrong with his head. To cause trouble in Phoenix Pavilion, he had to be bored out of his mind.

On the other hand, Philip looked at Wallace with his hands behind his back. There was a calm and fearless look on his face.

It turned out that this was the big boss of Phoenix Pavilion.

Emcee Wilson quickly handed the red invitation to Wallace and whispered in his ear, “Boss, these two are VIPs. This is the invitation. She’s the daughter of Theo Zander. We can’t drive them out.”

Emcee Wilson was also sweating profusely. He did not expect this VIP to sit in the outer hall to watch the excitement instead of sitting properly in the main hall.

It almost caused a huge misunderstanding.

Wallace, on the other hand, returned to his seat and said rather apologetically to Rachel, "Miss Clarke, I'm sorry, but they're also VIP guests."

Rachel said coldly, "I get it, but make sure there won't be any more incidents after this."

“Of course, please rest assured, Miss Clarke.”

Wallace quickly nodded and promised. At the same time, he whispered in the ear of his second brother.

Wallace’s younger brother, Jerome, got up and looked at Philip who was seated in the back row. He then hurried out of the main hall.

Anyone who dared to challenge the authority of the Phoenix brothers would end up in a sorry state!

Among these wealthy people, the second young master of the Kingsley family, Conrad, was the most excited and happiest.

He sat in the first row and looked back at Philip who was sitting behind with his arms folded. His face appeared calm. The more he looked at him, the more interesting he became.

“Go, give him this plate of grapes. Tell him that Conrad Kingsley wants to be his friend.”

Conrad waggled his propped leg, smiling arrogantly.

The blonde girl brought the fruit tray to Philip’s side and said, “Sir, our second young master, Conrad Kingsley, wants to be friends with you.”

The blonde glanced at Conrad in the first row and said to Philip.

When Philip raised his eyebrows, he saw a wealthy young lad waving at him with a smile on his face.

Philip did not respond. He was not in the mood to make friends tonight, so he just nodded lightly to express his gratitude.

Five minutes later, the auction continued.

The venue fell into a dead silence!

Everyone was shocked by Philip’s words!

How dare he speak in such a disrespectful manner?!

He had to realize that the person standing in front of him was the bodyguard of the mysterious female guest.

They had gone out of the way to persuade him, but he still acted so strong-headedly!

The audacity!

However, there were alternative opinions.

“Is he still going to show off? What a jerk.”

“Yeah, he doesn’t even pay any heed to who’s in the audience tonight. How dare he spout such nonsense?!”

“Hehe, even if he really gets the jade and gold phoenix tonight, I bet he won’t even be able to walk out of Phoenix Pavilion in one piece!”

Such taunts and ridicule were commonplace.

After all, the tourists in the outer hall were very angry that a wretch like Philip could enter the main hall.

There was dead silence at the moment and all eyes in the entire venue were focused on Philip.

This man, from the starting price of 20 million, directly increased it all the way to 600 million!

He was too wealthy for words!

At this moment, the originally very lively auction venue suddenly calmed down because of Philip's bid.

A nonchalant Philip.

Conrad, full of admiration.

A furious Wallace.

A frosty Rachel.

Also, jaw-dropped tourists and VIPs.

This was probably the first time Phoenix Pavilion ever encountered such an incident since it was founded and also the first time that an item was sold for 600 million!

Wallace sneered, "I knew it. How could someone like you afford 800 million? You're just making use of Miss Zander to get into the main hall. Now, as long as you apologize to everyone now, I'll let you off the hook, but please leave the venue immediately!"

Wallace was very magnanimous.

In his eyes, Philip was nothing but an ordinary person out to cause trouble and garner attention.

It was probably because he wanted to show off in front of Miss Zander.

The people present all smiled gleefully when they heard that Wallace wanted to check Philip's assets.

This investigation would reveal the truth!

"Hehe, as expected from a wretch! Now he'll have to reap what he sowed!"

"What a scumbag! Now that Boss Phoenix is upset, I'm afraid he can't even get out of Phoenicia alive!"

"The trouble that beauty brings. He's just trying to show off in front of that woman, but now look at what he's gotten himself into!"

Many tourists expressed their feelings at this moment, most of them gloating.

The audience went into an uproar!

Everyone was astounded by the news!

Who could imagine a balance of 100 billion? Who dared to imagine it?

Even if everyone in the audience combined their assets, it would not add up to 100 billion!

This was the legendary rich and wealthy!

Moreover, he was so young!

All the girls at the scene went crazy at the moment, looking at Philip with extremely longing eyes.

Now that things had reached this point, there was no need to care about the other's dignity anymore.

However...

Philip just swept his gaze over the people present indifferently, raised his eyebrows, and looked at Wallace before saying, "As I've said before, I'm bound to get my hands on this jade and gold phoenix tonight. Whoever dares to stop me will die!"

His words were full of murderous intent!

Wallace was also surprised by Philip's insistence.

However, he immediately retorted, "Okay, let's see how you're going to take it away!"

Wallace waved his hand and a dozen well-trained security guards rushed out to surround Philip!

It was obviously well-organized!

However, suddenly!

A shout came from the doorway.

"Stop! Who dares to touch Young Master Clarke?!"

Everyone followed the voice and saw a middle-aged man with a burly figure. He was dressed in a suit, wore leather shoes, and had on gold-framed glasses. He was walking quickly into the venue with four assistants behind him.

Wallace and the others naturally recognized the person at first glance and got a sudden shock!

In other words, Don came here on his own accord.

Don immediately replied with a smile, "I'm Don Garcia, the owner of Cloud Pavilion. Young Master Clarke once asked someone to bid for Emperor Qianlong's jade thumb ring from me, do you remember?"

Philip thought about it for a moment and instantly recalled the jade thumb ring that was given to Wynn's grandfather back then.

"Yes, I had indeed bid for it." Philip nodded in response before asking, "Then, why are you looking for me now?"

Don said hurriedly, "You've misunderstood, Young Master Clarke. I heard that Phoenix Pavilion was going to auction a rare item today, so I came to take a look. I didn't expect to meet Young Master Clarke here."

Don was also pleasantly surprised.

Originally, he was just here for the excitement. He did not expect to encounter the mysterious young master whom he had been investigating for a long time.

Since the last transaction, Don had kept an eye out for the mysterious buyer behind the scenes. After much inquiry and also through some family connections, he managed to find some clues.

Not only did he have 100 billion in assets, but he was also respected and fawned over by Don Garcia!

This proved that the identity of the other party was absolutely extraordinary!

The more this was the case, the more an iron fist was needed!

They could not leave any stones unturned!

If they allowed the tiger to return to its den, there would be serious problems!

On Philip's side, Don's car had arrived at the Fenix Hotel and Restaurant.

Killing intent!

The entire lobby of Fenix Hotel was filled with Philip's raging anger at this moment!

Yes, Philip Clarke was itching to kill someone right now!

To touch Mila was to shake Philip's world!

He would make these people pay the heaviest price!

Including their lives!

"I... I don't know. Don't kill me... I really don't know."

The male receptionist still shook his head, his face flushing with pain.

Philip shook his head with murderous intent in his eyes and raised the golf club in his hand before saying coldly, "Sorry, wrong answer!"

Theo was also on fire.

He knew that Mila was Philip's bane, his everything!

If Mila was missing, Philip would definitely overturn the entire Phoenicia to look for her!

However, Peter still looked unrepentant and said, "Mr. Theo, I think it's inappropriate for you to say that. I can allow you to search the premises or watch the surveillance footage. As long as you can

Theo knew that Philip was livid.

This time, no matter who the opponent was, he had to bear Philip's anger.

This session of the underground chamber of commerce was destined to be chaotic.

These people actually dared to disturb a sleeping lion.

After that, they quickly got into the car, left Fenix Hotel, and rushed toward Slim Three's residence.

At this time, Philip was full of unconcealed killing intent and wrath!

In the eyes of Slim Three, Joe, and the others, this anger was so intense as if Philip was a walking inferno!

Such a strong killing intent!

Such deranged fury!

When Philip saw the tortured Anna who was hung by her bound hands, his cold eyes flashed with anger.

However, this ferocity completely exploded when he saw the petite Mila who had fallen on the ground!

His orbs went bloodshot! At that moment, Philip only had one thought in his mind—anyone who bullied Mila would die!

No matter who it was, be it royalty, major forces, or commoners, Philip would hunt them down to the end of the world!

This was because Mila was his everything—his future and the stars that filled his world.

Now, his future had been trampled on and lost its luster.

This was unacceptable!

Wallace turned around and slammed hard on the desk behind him before tugging the corners of his mouth into a cold grin. He said, "Great! No matter who did it, arrange for someone to create trouble. I want that brazen Young Master Clarke to understand that in the territory of Phoenicia, the four Phoenix brothers have the final say!"

"Okay," Jerome replied and turned to leave.

"Wait a minute. Don't disturb Miss Clarke for the time being. After this matter is handled and we get hold of the jade and gold phoenix, all of you will come with me and apologize to her," Wallace said, frowning deeply.

Due to Philip's disruption, Miss Clarke had started to doubt his capability.

This made Wallace very upset.

He had waited for six years before getting this opportunity. He could not lose it just like this!

Whoever dared to stop his great cause, even if it was someone with a great background, he would do everything within his power to get rid of that person!

Boom!

The ground shook!

Philip dropped the blood-stained sledgehammer in his hand. Next to him, Fourth stared with his eyes wide open before falling limply to the ground—all signs of life gone.

This scene directly shocked Slim Three and Joe!

Even Fourth was not his opponent!

This guy was not as weak as he appeared!

What sort of rich financier had Theo found?

Joe frowned, looked at the tragic death of Fourth, and shouted to Slim Three, "Get rid of him quickly!"

Slim Three looked at his brother on the ground who had died with his eyes open, his heart aching with grief. With a loud roar, he raised the iron hook and rushed at Philip!

However, it was all in vain!

Philip was so angry at the moment that his whole body was tense. His combat effectiveness immediately exploded off the charts!

Covered in a cold sweat, Joe was smiling through the pain while staring at Philip. “Haha, you? Don't think you can touch my boss just because you have a few tricks up your sleeve. My boss is Cecil Dane! If I die, he'll avenge me! You're doomed! Theo Zander, it's over for you!”

Philip's eyes condensed as he said coldly, “Bring him back!”

After speaking, Philip handed Mila to Don's people and said, “Can I trouble you to bring her to the hospital and arrange for someone to take care of her?”

Don nodded.

On the other side, Anna had been released.

Although she was feeling weak, she grabbed a broken brick on the ground and hysterically rushed to Fourth who was already dead. She then smashed him at his vital place.

Then, she rolled her eyes and fainted directly on the ground.

Philip knew that Anna had to have gone through inhuman torture to protect Mila.

Don quickly sent Anna and Mila into the car before rushing out into the rain.

Melody naturally followed.

In this area, the killing intent raged everywhere, adding a layer of intensity to this rainy night.

"Move out!"

With that order, the fully armed men all assembled and opened the car doors before getting in.

Philip and Theo also got in the car, and the engines came roaring.

Very soon, more than a dozen black MPVs carrying these people followed directly behind the Land Rover ahead. They drove out of the iron sheet factory and headed toward Fenix Hotel and Restaurant in Phoenicia!

The whole sky was dark and terrifying!

The wind rampaged the trees while the thunder rumbled as if the sky was about to collapse.

After several beeps, the call connected.

Fanny's originally cold and pale face immediately changed as her voice now carried a flattering tone. "Dave, what's the situation? Why didn't we receive any advanced notice that our venues would be raided? And so many establishments of ours have been seized at once. Is there a special operation?"

A faint chuckle came from the other end of the line. "Lady Mae, what are you talking about? We're doing our jobs seriously."

Fanny's face darkened, but she still said with a smile, "Dave, your words are a little unconvincing. Despite everything, you're friends with our master. Why didn't you inform us in advance?"

The words were not too harsh but contained a certain level of accusations.

"Lady Mae, do we have to notify you in advance before we do our jobs?"

The voice on the other end of the phone seemed unpleasant.

Suddenly, Fanny's expression completely changed.

This Dave had to be hiding something from her!

"Dave, is it convenient for you to reveal who is targeting our master?"

Fanny was a shrewd person and quickly understood the implications.

There was silence on the other end of the phone before a lowered voice sounded. "Lady Mae, it's not that I don't want to help, but this time, I'm afraid even Master Cecil can't avoid it. He has provoked someone who shouldn't be provoked. I also just received a last-minute notice and couldn't do anything about it."

Did the master provoke someone?

Chapter 983

Philip got out of the car. A dozen black seven-seater commercial vehicles were lined up behind him, taking up the entire entrance of Fenix Hotel.

Only an empty space right at the entrance was left.

Everyone got out of the cars at the same time!

Standing neatly and uniformly behind Philip while arranged in four rows, all of them looked serious and exuded chills!

In this area, the rain poured relentlessly while the sky was full of thunder and lightning.

It was befitting of this scene.

Everyone swiftly opened up the big black umbrellas, completely covering the small square in front of Fenix Hotel.

Looking down from a high altitude through the endless rain, black lotus flowers could be seen in full bloom—all neatly and densely arranged on the small square.

The countless dark umbrellas added a fearless and deadly chill to the continuous gloomy rain in the sky!

The sea of black umbrellas covered the entire front area, but only a wide umbrella surface blocked the rainwater.

Philip raised his head indifferently, his eyes full of coldness and ruthlessness. He glanced at the smug Cecil opposite him and said coldly, "I'm not here for an explanation tonight."

Cecil was startled, and his thick eyebrows were furrowed. Suspicion flashed in his eyes, followed by a disdainful smile as he asked, "Then what do you want?"

Philip was silent for a moment as a sudden killing intent soared into the sky after exploding from his body. He said in a deep voice, "Your life!"

Crackle!

A streak of lightning flashed across the night sky, completely illuminating the entire Fenix Hotel.

Dozens of people on Cecil's side, including the spectators who were hiding in the hotel at the moment, watched the movements outside through the curtain of rain. On other floors of the building, prominent leaders from various regions who were paying close attention to the action of the square downstairs were also shocked by this sudden bout of lightning!

Chapter 986

After the phone was connected, Cecil asked coldly, "What's the matter? Why are you calling me at this time? Don't you know I'm busy?"

He was at the brink of an explosion.

Cecil was like a walking bomb, ready to explode at any moment.

"Master Cecil, something has happened at home!"

On the other end of the line, his subordinate stammered.

"Where's Madam?"

Cecil's brows suddenly twisted. Suspicion flashed across his face as he raised his eyebrows to look at Philip. Could it be him?

"Haha, Master Cecil, long time no see. Lady Mae is safe for now."

Suddenly, there was a different voice on the line.

Cecil had heard this voice before and shouted furiously, "Tiger Zander? If you dare lay a finger on my wife, I'll kill you!"

“Hahaha, I want to see exactly how Theo and you are going to take my life today!”

Cecil laughed, his eyes filled with an expression of victory.

His people had already arrived!

They outnumbered Theo’s men now!

How could they be a match?

In an instant, the figures gathered from all directions. Yielding weapons, they instantly filled the small square in front of Fenix Hotel.

This was an unexpected turn of events.

The change in this scene shocked everyone present!

As expected of Cecil Dane! He had a backup plan!

This reversal caused everyone in the lobby and upstairs to sigh and shake their heads.

Among them, Peter Murdoch was the most triumphant.

When he noticed the arrival of Cecil's men, he immediately smiled and ran up to Cecil to flatter him. "Master Cecil, you're very wise indeed. What a godly plan! This time, it's all over for Theo and that Mr. Clarke."

As he spoke, Peter also glanced at Philip on the opposite side. There was a look of contempt and mockery in his eyes.

Earlier, Cecil had flown into a rage and shouted at his capable assistants Razor and Ali.

The two guys remained silent while looking at Cecil coldly. They were motionless.

They were resisting orders!

Cecil frowned and yelled, "Razor, Ali, are you f*cking deaf? I told you to hack him into pieces!"

However, the tattooed Razor and the burly Ali who was wearing a green vest still did not move a step. They stood there coldly with a sea of people behind them, just looking at Cecil.

They looked as if they were staring at an idiot.

"Master Cecil, I'm sorry, but ten minutes ago, you were already kicked out of the board of directors by Cecily Group."

Razor put his hands in his pants pocket and said with an unruly sneer at the corner of his mouth.

Boom!

Hearing this, Cecil's heart trembled as his brows furrowed. He then roared furiously. "What the hell are you talking about? I'm the chairman of Cecily Group. Who the hell dares to kick me out?"

Cecil was enraged!

Were they turning against him?

However, just as Cecil's voice fell, a gruff and cold voice sounded in the venue.

Bowen’s participation in the underground chamber of commerce back then was still vivid in their minds! That was the big boss recognized by the entire South River District, Riverdale, and the surrounding small areas. It was not an exaggeration to say that he was the unofficial leader of the entire southern region.

Back then, he was full of spirits, and wherever he went, he was respected as Master Bowen.

Peter totally panicked and his knees went weak.

F*ck!

Was he not supposed to meet his benefactor?

Where was that person?

Was that a benefactor or a jinx?!

Peter felt like he was about to die.

On all levels inside the building, the prominent figures displayed different looks. They did not expect the other party's trump card to be Bowen Roy!

Razor stood there with his hands in his pants pocket and said nonchalantly, “Master Cecil, I used to follow Master Bowen in the past. The things you did recently have gone overboard. How many brothers who followed you back then were secretly disposed of? Do you really think we don’t know about it?”

Toward the end, Razor was almost roaring with anger!

After that, he took out a voice recorder and pressed the play button.

A seductive female voice could be heard saying, “Master Cecil, didn’t you say that Joe is just a dog you raised? Why do you treat him so well?”

Cecil’s voice replied, “Since he’s a dog, I have to feed him well. Look, as soon as I said I’ll give him Riverdale, he’s so happy. What else is he but a dog?”

“Master Cecil, are you really going to give him Riverdale?”

“Since it’s mine, it’s up to me whether I want to give it or not. Why? If I don’t give it to him, would he dare to snatch it from me?”

It was followed by Cecil’s loud laughter...

“Master Cecil, be gentle with me...”

There was dead silence on the scene at this moment!

All the men behind Razor and Ali stared at Cecil fixedly.

The men behind Cecil were also shaken at this moment, looking at the burly Cecil in front of them with doubts in their eyes!

Chapter 991

Philip was startled, and his face suddenly changed.

The Beauty Killers was actually founded by his mother.

What could be the secret behind all this?

Philip was a little flustered, and the voice on the other end of the phone continued, "The Beauty Killers is a secret organization founded by the lady during her lifetime. It only obeys orders from the lady and did many things for the lady and the Clarke family. However, after Lady Larson's accident, the Beauty Killers suddenly disappeared from the world for a while. It was only a few years ago that they returned to the arena and gradually began operations again. During this time, someone must have taken control of it again."

Philip was silent for a moment before reacting and asking, "Have you found out who it is?"

The voice paused before saying hesitantly, "It's not easy to find out. They've basically erased all the past information. I managed to buy the rest with a lot of money from some old friends. It can also be said that the Beauty Killers nowadays is no longer the same organization as the one founded by the lady. Many changes are quite different."

When Fennel found out about this information, his brows had furrowed deeply while his heart was full of emotions.

The Beauty Killers was actually founded by Lady Larson.

Philip's face darkened as he recalled past events.

After a while, he said, "What's the situation with Yana Young and Nina Jacques?"

The masked guys looked at each other at that sentence.

Upon taking a closer look, there was no one in the room except for a few beds!

What was the situation?

This was obviously a hospital ward!

Where did everyone go?

“F*ck! Who are you trying to scare?”

The masked man who took the lead hardened his resolve. His eyes were glinting with violence as he tore open the wrapping around the long dagger in his hand, revealing a sparkling white luster.

However, Philip kept his back to them. By looking out the window, he had a panoramic view of the scene of them barging in from downstairs.

At the same time downstairs, dozens of bodyguards in black suits were rushing over in full gear!

Philip turned around with a faint sneer at the corner of his mouth as he looked at the people at the door. He said, “Congratulations, please check the luxurious gift package you’ve just received.”

“Check my *ss!”

The masked man roared furiously as he got ready to hack Philip into pieces.
