

## The Growth 174

### Chapter 174 6: The Ancient God Plotting Resurrection (3/3)

"Wait a minute... Did I just mishear?"

At this moment, Luo God, with a face of innocence, suddenly raised her hand to indicate she wanted to speak.

"Didn't you just say that the Ancient God had already been sealed?"

"Why are His followers still looking for a new Possessor?"

Faced with Luo God's question, He Bo, as always, took on the role of the most patient explainer.

"The existence form of the Ancient Gods is different from ours."

"Although they can be sealed, the remnant Power retains its own will."

"Just consider it this way, as long as there is still part of the Power outside, the Ancient God isn't fully sealed."

Upon hearing this, Huo Dou, who had a clearer understanding of high-dimensional life, nodded subtly.

Just like the relationship between Li Hao's true form and Huo Dou now—the two are similar yet cannot be fully equated and can act independently.

"So, this field mission is to deal with those Ancient God followers who have logged onto the website?"

Those who gained Power through the website aren't really difficult to deal with.

In this modern society, there are weapons far more powerful than flesh.

The key issue now is, how to find out those followers hidden among the crowd?

"Do you have any clues?"

"The whereabouts of those Ancient God followers?"

Thinking of this, Huo Dou proactively asked He Bo.

For some reason, when Huo Dou asked this question, he inexplicably felt a sense of panic.

It seemed like a premonition, yet also an omen...

Huo Dou instinctively realized that this event would ultimately be linked to his true form.

"Why are you so proactive this time?"

This time it was He Bo's turn to look at Huo Dou with some surprise.

Because based on Huo Dou's past behavior, he shouldn't be interested in such matters, should he?

Before arriving here, He Bo had even thought of how to persuade him to accept this field assignment.

"Is it really that surprising?"

"I just don't like going out, but I've never refused the tasks you've assigned."

Upon hearing Huo Dou say he doesn't like going out, He Bo just smiled wryly.

You don't like going out?

Indeed, you don't like going out, but Huo Dou likes wandering around the city in the middle of the night, staking out territories!

If it weren't for me stopping you, the complaint letters received recently would already be enough to flood this office.

Nevertheless, the "Mysterious Creatures" living in this city haven't complained any less to He Bo.

Fortunately, He Bo is the kind of person who's naturally good-natured with great relationships, which ultimately avoided making any bigger conflicts or disturbances.

"You're right. I do have clues about the whereabouts of those Ancient God followers, it seems they've already targeted a suitable 'Possessor'."

"So our mission time this time might be even more urgent..."

"We must stop those Ancient God followers' actions before that 'Possessor' is replaced by the Ancient God's will."

Despite the awkwardness, He Bo still took out his phone and played a video.

"Take a look at this video, it was made today."

At the instant of seeing the video, Huo Dou's pupils instinctively contracted.

Because the video was none other than Li Yun's short video clip of seizing and subduing a pervert on the bus.

"This is the Possessor they've targeted, currently in our city."

.....

Inside Li Hao's apartment.

"Li Yun!!!"

As Huo Dou saw the video, Li Hao gritted his teeth and let out a low growl.

However, beyond anger and helplessness, what Li Hao displayed most at this moment was anxiety.

Luckily, the intense emotional fluctuation didn't affect Li Hao's thinking.

He decisively opened his personal panel, lowered other Attribute Points, and used them all to enhance Intelligence.

His breathing started to quicken, blood oxygen increased, and his brain became active...

—[Wisdom God Mode] Activated!

At this moment, Li Hao's ears echoed with He Bo's words speaking to Huo Dou, but his mind was recalling various detail nuances in the 749th Bureau's files and documents.

Thus, Li Hao quickly pieced together the whole story of the event.

The Ancient God of the Fallen Area wanting resurrection requires a body to host its will.

Even if that Ancient God has only a remnant of Power left in the Network, it must quickly find that body.

Otherwise, this Ancient God will become like its predecessors, eventually lose rationality, and become an immortal obsession lurking on the other side of the world.

So the question arose, how does this Ancient God choose a suitable 'body' after losing most of its Power?

The answer is to choose a suitable "vessel" and then nurture it by itself.

No longer that picky, even if only able to live another century, the Ancient God would accept it.

Compared to complete Death, a human century-long life is already long enough.

Let alone, the body of the Ancient God is still sealed.

If rescuing the true form within this century is possible, it would still have a chance to continue living.

This is the essence of the so-called "Possessor"—the Gods' Deputy in the material world.

"Now the question is, why did He target Li Yun?"

"Is it merely because of a video?"

With brows tightly furrowed, Li Hao slowly opened his Celestial Eye and summoned Hua She.

"Great God of Gods... God?"

As usual, trying to show elegance and restraint.

But as soon as Hua She lifted its head, it noticed Li Hao's expression which was so serious it was somewhat frightening.

Having been with Li Hao for so long, it was the first time Hua She saw Li Hao so serious, completely unlike his usual merciful and indifferent self.

"A still rational Ancient God wants to resurrect, I need to know what He's planning next."

"I permit you to borrow my Power, I only want the final result!"

Looking down at Hua She, Li Hao spoke in an indisputable tone.

No longer with previous composure and calm, Hua She even stopped its instinct to flick its tongue.

Clearly, Li Hao's current expression of majesty and solemnity perfectly matched Hua She's recognition of the "Supreme God" and its expectations.

But at this moment, Hua She suddenly had a feeling—"maybe the original Li Hao was a bit better?"

However, such a thought only flashed by.

Hua She quickly became happy because of the majesty displayed by Li Hao in line with the "Supreme God".

"Understood! Great God of Gods!"

The body twisted and transformed, the originally little White Serpent instantly split into countless individuals.

In the next second, these individuals dived into another interface that ordinary people couldn't observe, heading to all the places lingering with traces of that Ancient God.

Be it the real world or the network space.

With Li Hao's full support, Hua She now possessed an even more terrifying Power than Huo Dou.

This Power doesn't manifest in intensity, but in bizarre and variable abilities.

As for the consumption during this period?

For Li Hao, who controls a world's faith, it's basically not considered a consumption at all.

Even though this is the Fallen Area, Li Hao can still leverage the mighty Power of the world rules with his enormous Power of Faith.

A complete True God is a True God in any place.
