

The Growth 467

Chapter 467 - 15: Saint Mithra

"..."

Bowing his head in silence, Enoch looked at the two holes in his body, finally losing the composure he had before.

Enoch had long known about the existence of the "Godslaying Spear," which could inversely erode and seize the power of the Fruit of Life.

But the "King Slayer's Spear" was different; this lance itself came with the ability to analyze all things.

Unless Enoch spent another few thousand years slowly analyzing and considering countermeasures.

Otherwise, he could only maintain his current state, risking the possibility of being struck again, to keep fighting Adam.

"You've made good use of these years, haven't you!"

"You've actually developed a new ability that rivals the 'Godslaying Spear'."

Having realized the current situation, Enoch decisively abandoned the idea of eroding and assimilating Cassius' Spear.

Since he couldn't deal with Cassius' Spear like he could with the Lance of Longinus, he might as well prevent Cassius' Spear from attacking him.

Whoosh!

Thinking this way, Enoch's figure vanished as a shadow.

The enormous Holy Spirit behind him, symbolizing the Yawei World, immediately radiated a light more dazzling than the sun.

By the time Adam reacted, Enoch had already split into eighteen incarnations, simultaneously charging at him.

These eighteen incarnations were all Enoch, yet not Enoch.

Because behind these Enochs, there was only one pair of wings, instead of the previous thirty-six.

Exchanging quantity for quality, divided into eighteen yet still maintaining the Supreme God's level, Enoch was enough to crush Adam at this moment.

Boom! Boom! Boom!

In this 18VS1 battle.

No matter how Adam swung the two spears in his hand, he could never truly harm the Enochs.

Not only that, Adam also had to be constantly on guard against any Enoch using himself as bait to forcibly seize control of the Lance of Longinus.

As a result, as time went on, the scales of the battle inevitably tipped in Enoch's favor.

.....

At the same time, in a Peach Blossom Spring in the Underworld of the Mithra World.

A gentle woman suddenly looked up at the sky, as if seeing through the layers of crust to Adam, who was fighting.

"Adam!"

With eyes full of worry, this woman was none other than Adam's wife—Eve.

As someone who was also expelled from Eden with Adam, Eve had also eaten the Fruit of Wisdom.

However, Eve only possessed the Fruit of Wisdom.

Adam's first wife was Lilith, the daughter-in-law chosen by the Holy Spirit.

Unfortunately, Adam and Lilith never reached the end, instead adding another Satan to the Purgatory World.

In other words, as Adam's first wife, Lilith was the woman who shared the Fruit of Life with him.

Eve was the woman created by the Holy Spirit from a rib of Adam after Lilith left.

Though she inherited part of the power of the Fruit of Life, those powers could only maintain Eve's longevity.

Adam was seduced by the Ancient Serpent of Eden afterward, disregarding the wrath of the Holy Spirit to steal and eat the Fruit of Wisdom, largely for his wife Eve.

As the Holy Spirit's eldest son, Adam showed a starkly different side from his father in this regard.

Tender, loving, and sentimental...

To keep his wife by his side for a long time, Adam never regretted stealing the Fruit of Wisdom.

Even the situation today where the Yawei Gods came to him, Adam had long anticipated.

"You clearly promised you'd stay with me forever..."

With a voice filled with infinite sorrow, Eve already saw Adam's end.

Facing the aggressive Enoch, facing the contemporary Holy Spirit of the Yawei World...

Adam, who hadn't fought for many years, was destined for the fate of "defeat and death."

"Adam, if you die, I won't live alone either."

Eve's murmur seemed to reach Adam's ear, causing him to tremble all over in the heat of battle.

In the next moment, Adam fused the twin spears into one and then threw it once again as a lance.

Swoosh—Boom!

This time, Adam's target was no longer the entangling Enoch.

But the enormous Holy Spirit entity behind Enoch, directly connecting to the Yawei World.

"What!?"

In a moment of surprise, Enoch let out a cry of alarm.

For he saw Adam's intention, to completely sever the connection between the Yawei World and the Mithra World.

By then, even if Adam died at Enoch's hand, the Yawei World could not achieve its goal of devouring the Mithra World.

More crucially, Adam could temporarily trap Enoch in the Mithra World by this means.

In the other Yawei World, if someone could capture Adam's twin spears, they could become the new "Holy Father."

Adam believed in Enoch's determination to save the Yawei World.

But he also believed that not all Yawei Gods would sacrifice everything for the Yawei World.

When the new "Holy Father" is born, would they obediently hand over their power, allowing Enoch to merge the Holy Spirit with the Power of the Holy Father?

"You bastard... die!"

In an instant, seeing through Adam's thoughts, Enoch immediately shouted in anger.

Just as Adam didn't trust human nature.

Enoch likewise didn't trust that his Hands of God would give up the chance to become the new "Holy Father."

Rip!

Thus, a dozen Enochs simultaneously seized Adam's body, tearing him apart brutally into pieces.

After losing the power of the Lance of Longinus and Cassius' Spear, Adam was no longer a match for Enoch.

As a result, almost every being witnessing the battle saw Adam torn to pieces.

Meanwhile, Enoch didn't forget to send a few incarnations, swiftly rushing towards the soon-to-be severed world channel.

"Your actions are doomed to fail!"

The late-rising Enoch incarnations pursued the trajectory of the spears, roaring in an unabashedly domineering tone.

Buzz...

As the first Enoch's incarnation grabbed the tail of the twin spears, the following Enochs recklessly pounced forward.

Disregarding the eruption of power from the spears, the Enochs finally grasped them at the last moment before entering the Yawei World.

"No... I have already succeeded..."

Contrary to everyone's expectations, Adam, with only a head barely intact, laughed.

The golden pupils were dimming at a visible speed, yet his expression was fixed in that smile.

Rumble!!!

In Enoch's incredulous gaze, a massive explosion rapidly swept through the two worlds.

Enoch, affected by the immense explosion, had no ability to resist, and his figure quickly vanished from the Mithra World.
