

The Hunter 831

Chapter 831: He's Here

Luo Cheng nodded and brought a group of people to the cave to capture people!

This time, Zi Cheng led the team to guard the path up the mountain. Once they encountered anyone who brought cotton clothes from the foot of the mountain, they could deal with them directly.

Luo Cheng came to a place not far from the cave.

Upon closer inspection, there were still two people guarding the cave entrance.

Luo Cheng waved at the people behind him.

This time, the wind was blowing in the wrong direction. There was no way to resolve it with powder, so they could only use long-range attacks.

Just like that, two arrows were quickly shot out. Because they were freezing and their bodies were a little stiff, the two people guarding the cave missed the best time to call out and were killed by the arrows.

Next, Luo Cheng and a group of people came to the cave. After some thought, they threw a few porcelain bottles into the cave.

The sound of porcelain bottles shattering woke many people in the cave.

“What’s going on? Who broke something? Can’t you guys let me sleep?” A rough voice sounded.

This time, no one in the cave dared to make a sound. All of them stayed silent.

Therefore, Luo Cheng threw another porcelain bottle in.

“Damn, who is it? Hurry up and stand up! It wasn’t easy for me to sleep for a while, but I was woken up. You guys are messing with me!” The rough voice was filled with anger as the person stood up. Luo Cheng shouted,

“I just can’t stand you. What cha gonna do about it?!”

“Who is it? Let’s not beat around the bush. Stand up!” The man was furious and looked for the person who went against him.

Unfortunately, before he could find the person, he felt dizzy.

“Oh no!” The man said before he fell to the ground.

When the others saw this, they were shocked, but then they also felt dizzy and fell to the ground.

Before long, everyone fell to the ground.

This place was different from the outside. The ground in the cave was uneven, so many people who had fallen had hit their heads or elsewhere.

After Luo Cheng and the others confirmed that everyone inside had passed out, they walked in.

No one spoke as they went straight to the people on the ground and tapped their acupoints one by one.

Suddenly, someone stood up and tried to stab Luo Cheng's back with the sword in his hand.

Luo Cheng seemed to have expected that someone was pretending to be unconscious, so he blocked it with his sword. Then, he turned around and smacked that person's chest with his other palm.

The person who ambushed Luo Cheng was naturally no match for him. After taking the blow, he spat out blood and fell to the ground. Then, he stopped breathing.

Due to this experience, the others were even more careful when tapping their acupoints.

In the end, they really discovered someone who was still conscious.

Just like that, the people in the cave were dealt with.

Those people from before had been fed medicine by Luo Cheng and their acupoints had been tapped. The people here were no exception.

Soon, everyone went out to bring the people who had been tied up and threw them deep in the cave.

At the same time, Zi Cheng also saw people coming from the foot of the mountain.

Fortunately, there were only twenty people this time, so it was easy for Zi Cheng and the others to deal with them.

However, in order to deal with all these people and prevent any of them from escaping, they still had to use medicine!

Initially, Zi Cheng was a little hesitant because the direction of the wind wasn't in their favor at this moment.

However, when the group of people came up with cotton clothes and ingredients, the wind suddenly changed directions and blew straight down.

Sensing the change in the direction of the wind, Zi Cheng immediately grinned happily and quickly asked everyone to take the antidote first before blowing the knockout powder down.

The people who sent the things up the mountain felt weak as they walked.

In a moment of carelessness, the person in front slid down the mountain.

The people behind him were caught off guard when he slipped. Then, they all fell.

All of them were already on the verge of collapse because of the knockout powder. After they fell to the ground, they fell unconscious.

Seeing that everyone had been dealt with, Zi Cheng quickly ran down with his men. He tapped their acupoints first before feeding them medicine. Then, he tied them up with ropes.

After everyone was dealt with, they went to the cave with the supplies.

After Luo Cheng instructed Zi Cheng, he brought a team of people to Li Xiaoran.

At this moment, everyone had already put on a set of cotton clothes.

“Xiaoran, what do you want to do? You can do it now! The surroundings are already safe!” Luo Cheng said with a smile.

Li Xiaoran glanced at her husband, then stood up and looked at the group of people she was leading.

“Showcase your weapons! It’s our turn to show off!”

“Yes, Madam!” The group shouted in unison and began to run towards the surroundings of the Clear Dew Valley.

Luo Cheng was curious when he saw how quickly and neatly this group of people moved.

At this moment, a group of people set up an iron shelf at the edge of the cliff and quickly loaded several round things.

With that, the group galloped in the second direction and began to construct the second iron shelf.

Just like that, four iron shelves were set up in all four directions. Then, two crossed chains appeared on the Clear Dew Valley.

There were cylinder-like things and some chains.

From afar, the Clear Dew Valley seemed to be enveloped by a net.

“Husband, look! This is the surprise I wanted to give you!” Li Xiaoran said with a smile.

Luo Cheng’s eyes widened.

“Xiaoran, you’re indeed very impressive. With this sharp weapon, it’s hard to say who will win this time!”

“No, no, no. With these things in our hands, the other party will definitely lose!” Li Xiaoran said confidently.

After everything was ready, Luo Cheng immediately sent a signal.

An hour and a half later, a man and two guards walked towards the Clear Dew Valley from afar.

After they walked in, one of the guards walked forward and shouted, “Go and report to your boss. Tell them that Luo Cheng is here!”

Because Luo Cheng had arrived too quickly, the guards guarding the Clear Dew Valley hesitated. They weren’t sure if this person was the person their boss was waiting for.

After Luo Cheng came to the entrance of the Clear Dew Valley, he questioned the people guarding the entrance with a displeased expression, “I agreed to come, but you stopped me here. What’s your intention?”

“You’re Luo Cheng? Are you an imposter?!” When the person guarding the entrance heard Luo Cheng’s words, he voiced his doubts.. “Our master said that Luo Cheng is still on his way!”

Chapter 832: Are You Willing?

“Do you know what a smokescreen is? If I don’t play some tricks, won’t I be led by the nose by you?!” The fake Luo Cheng snorted.

With that, Luo Cheng shouted with his internal energy, “We came according to the agreement. Is this how you treat guests? Whoever calls the shots, come out.

Otherwise, I’ll leave now!”

Before long, a woman walked out with a group of people.

“Mr. Luo has come from afar. Please don’t be angered by our rudeness!”

As Luo Cheng looked at the woman in front of him, he immediately frowned.

“Yu Baifeng, it’s actually you? What did you do to my uncle? To think that he took good care of you all these years. Unexpectedly, he had been taking care of a venomous ingrate!”

When Yu Baifeng heard Luo Cheng’s words, the expression on her face didn’t change.

“I had no choice but to invite Luo Cheng over in this way! After all, without

Third Master Xue around, Luo Cheng isn’t someone I can afford to ask to come! However, don’t worry, Luo Cheng. Your uncle, Third Master Xue, is in the valley now. I can’t afford to mistreat him!”

When he heard Yu Baifeng’s words, Luo Cheng said coldly,

“That better be the case! Lead the way! I want to see how my uncle is doing first! ”

When Yu Baifeng heard Luo Cheng’s words, she nodded with a smile. “Of course! After all, we want to cooperate with Luo Cheng with great sincerity!”

Luo Cheng didn’t say anything. Instead, he brought two guards into the Clear Dew Valley.

A house was actually built in the originally deserted Clear Dew Valley.

As Luo Cheng walked, he looked around and observed his surroundings.

Yu Baifeng didn’t seem to notice Luo Cheng and the others’ vigilance and continued to lead the way.

After walking for an unknown period of time, they finally stopped in front of a house.

“Mr. Luo, your uncle is inside!”

Seeing this, Luo Cheng gave the guard beside him a look and gestured for him to open the door.

The courtyard door opened. From afar, they could see a man sitting at a table in the courtyard.

Luo Cheng walked in and saw that it was really his uncle, Third Master Xue.

“Uncle, how are you? Are you okay?”

As Third Master Xue looked at the people walking towards him, he was immediately puzzled.

His nephew rarely showed such concern for him. Could it be that he was worried that something had happened to him?

Thinking of this, Third Master Xue became happy again.

“Don’t worry! I’m fine, but why are you here?” Third Master Xue asked curiously, “How did you find me here?”

Luo Cheng asked curiously, “You don’t know? Uncle, they used the finger gloves on your hand to prove that you were in their hands and threatened me, so I came to save you!”

“Finger gloves? Didn’t you borrow the finger gloves because you thought they looked good and wanted to forge another one?” Third Master Xue looked at Yu Baifeng, who was behind Luo Cheng, in confusion.

“That’s right. I forged one and lured Luo Cheng over in order to discuss something important!” Yu Baifeng said directly.

Third Master Xue was stunned. He didn’t expect to receive such an answer.

At this moment, he understood that Yu Baifeng had lured Luo Cheng over behind his back.

At this point, Third Master Xue knew that it was useless to say anything else. He could only try his best to protect his nephew.

Third Master Xue thought of something and asked, “What did you call him over to discuss?”

“Don’t be so nervous. It’s actually a good thing!” Yu Baifeng walked over with a smile. As she clapped her hands, she asked someone to serve pastries and tea.

“Come, come, come. Mr. Luo, why don’t we sit down and talk while eating?!” After Yu Baifeng sat down, she looked at Luo Cheng and gestured for him to sit down.

Luo Cheng glanced at Third Master Xue and walked over to sit beside him.

Soon, hot water started boiling on the small stove.

“This tea isn’t good tea. Sorry, Mr. Luo!” Yu Baifeng said as she drank a cup of tea to show that it wasn’t poisonous.

Luo Cheng wasn’t thirsty at this moment, so he didn’t touch the pot of tea in front of him. Instead, he asked directly, “I’m already here. If you have anything to say, just say it! Don’t waste our time!”

Yu Baifeng smiled when she heard Luo Cheng’s words.

“Alright, since Luo Cheng is a straightforward person, I won’t beat around the bush! Mr. Luo, I believe your brothers don’t treat you well, right? I heard that you were bullied by them when you were young! Don’t you want to take revenge now?”

Luo Cheng sneered when he heard this.

“That’s between us brothers. It has nothing to do with you, Yu Baifeng, right?”

“Luo Cheng, let’s not beat around the bush! Don’t you want to get payback for all the grievances you’ve suffered? Now is a good opportunity! Tell me, when the world is in chaos and the government is in a precarious situation, do you want to take advantage of the situation and obtain that throne? Don’t tell me that you’re not interested in the throne! There’s no man in the world who isn’t interested in the throne! In the past, you might have been alone, but with our help, things will be different!” Yu Baifeng said.

Luo Cheng didn’t refute this. Instead, he pondered over it for a moment.

“What are your conditions?”

When Yu Baifeng heard Luo Cheng’s words, she immediately smiled.

“These two conditions are actually very simple. You just need to give Sichuan to my master! Then, make my master the overlord of Sichuan. I believe these two conditions are very easy to fulfill!”

When Luo Cheng heard this, he looked at Yu Baifeng with scrutiny.

Yu Baifeng didn’t panic. Instead, she picked up her teacup and drank again while letting Luo Cheng size her up.

Luo Cheng thought of something and sneered. “Let’s talk about your master’s strength first! You didn’t reveal his strength at all. Are you guys trying to gain something without risking anything of your own?”

When Yu Baifeng heard Luo Cheng’s words, she thought for a moment and said, “I can only say that as long as my master makes a move, you’ll definitely get the throne!”

When Luo Cheng heard this, he immediately laughed out loud.

“Uncle, listen, this is the kind of woman you’ve been chasing all these years.

She only knows how to give lip service!”

With that, Luo Cheng stopped laughing and narrowed his eyes at Yu Baifeng.

“Although I was bullied by my brothers, I’m not stupid! Do you think you can fool me like this?!”

When Yu Baifeng heard Luo Cheng’s words, she wasn’t angry.. Instead, she said calmly, “It’s the truth! If you don’t believe me, forget it!”

Chapter 833: Problem with the Water

Luo Cheng sneered when he heard this.

“I don’t see any sincerity at all! Uncle, leave with me!” Third Master Xue didn’t expect to be mentioned.

For some reason, he hesitated and glanced at Yu Baifeng.

Yu Baifeng didn’t look at Luo Cheng or Third Master Xue. She continued to pour tea, as if what Luo Cheng and Third Master Xue said had nothing to do with her.

Luo Cheng was disappointed when he saw this scene.

He had risked his life to come to save Third Master Xue, but now, he was actually still hesitating.

Luo Cheng’s expression turned cold as he said, “Uncle, think about it carefully. Do you really want to stay here? If you choose to stay here, no matter what happens to you next time, I won’t come again!”

“Luo Cheng, you should walk out of here first!” Yu Baifeng said with a smile. When Luo Cheng heard this, he turned around and looked at Yu Baifeng coldly.

“Are you threatening me?”

“No, it’s not a threat, but a reminder!” As Yu Baifeng spoke, many people appeared and surrounded the courtyard.

Luo Cheng had only brought two guards. No matter how powerful they were, they couldn’t defeat four people.

“It seems that you’ve decided to detain me here right from the beginning!”

With that, Luo Cheng looked at Third Master Xue. “My good uncle, what about you? Tell me, are you in cahoots with them or were you also deceived?!”

When Third Master Xue saw so many people appear around him, his expression changed.

When he looked at Yu Baifeng again, Third Master Xue only said,

“The Yu Baifeng I know isn’t you!”

When Yu Baifeng heard this, she paused, then she smiled.

“No, the Yu Baifeng you know has always been me! Unfortunately, you’ve never realized what kind of person I am! Third Master Xue, do you really think you’re very important to me? If you didn’t have a useful nephew, do you think I would have appeared to see you?”

Third Master Xue looked very hurt as he looked at Yu Baifeng. Then, he closed his eyes.

When Third Master Xue opened his eyes again, his previous sorrow had disappeared without a trace.

“As expected, I was the delusional one!”

With that, Third Master Xue came to Luo Cheng.

“I’m sorry for dragging you into this! Don’t worry, I’ll definitely bring you away from here today! Even if I die, I’ll die in front of you!”

“What a touching scene! Unfortunately, Third Master Xue, what else do you think you can help Luo Cheng with? Why don’t you circulate your internal energy and see if you can still mobilize it?” Yu Baifeng said with a smile.

Third Master Xue’s expression changed and he said in surprise, “When did you do something to me? I clearly still had internal energy not long ago!”

“You did before, but you don’t have it anymore!” Yu Baifeng said with a smile.

“How did you do it? I didn’t eat anything!” Third Master Xue asked calmly.

“The tea isn’t poisonous, the fruits aren’t poisonous, and the tools aren’t poisonous either!” Yu Baifeng said.

Luo Cheng looked at the kettle that had been boiling not far away and suddenly

water, but in fact, there’s something in this water! After the water boils, it keeps evaporating the medicinal properties and lets us inhale those medicines unknowingly! ”

“As expected of Luo Cheng, who my master has taken a fancy to. You’re indeed smart! Unfortunately, you realized it too late!” Yu Baifeng said confidently, “Mr. Luo, I advise you to stay here obediently! My master will come to see you after some time and work with you!”

When Luo Cheng heard that Yu Baifeng was still saying such things, he immediately laughed.

“I’m very curious. Since your master is so powerful, why cooperate with me? Besides, what do you mean by trapping me here? Your master’s real intention isn’t to cooperate with me, but to use my identity to do something, right? Let me guess. The reason he lured me here is because it’s inconvenient for me to appear in public, right?”

Yu Baifeng’s pupils dilated in shock.

Why did Luo Cheng seem to have seen through everything?!

“Hmph, no matter what, Mr. Luo should stay here obediently for the next period of time!” Yu Baifeng stopped smiling and snorted.

“Is that so? I’m afraid you don’t have the ability to keep me here at all!” Luo Cheng looked at Yu Baifeng disdainfully as he said, ‘Yu Baifeng, you’re really a heartless person. To think that my uncle is infatuated with you. Unfortunately, he misjudged you. You’re not worth it at all!’

When Yu Baifeng heard this, her face turned pale. Then, she bit her lip and looked at Luo Cheng.

“What do you know? You don’t know anything!”

Third Master Xue came back to his senses and looked at Yu Baifeng as he said, "I know you must have your difficulties. Tell me. I'll resolve them with you!"

When Yu Baifeng heard Third Master Xue's words, she closed her eyes to hide the sorrow in her eyes.

"I don't have any difficulties, and you can't help me! If you persuade your nephew to stay obediently for his own good, that will be the best for me!" When Third Master Xue heard Yu Baifeng's words, he felt dejected.

Perhaps he had never understood Yu Baifeng!

In the past, he had his reservations. When he finally figured out his feelings, she had already ran away.

He finally caught up to her, but he fell into her trap and became bait to deal with his nephew.

Thinking of this, Third Master Xue smiled bitterly.

"As expected, we shouldn't have gotten together!"

With that, Third Master Xue took out a dagger from his sleeve.

"Luo Cheng, let's go. Follow behind me. I'll clear the way for you!"

When Luo Cheng heard Third Master Xue's words, his heart warmed a little and he grabbed his arm.

"Uncle, you don't have to do anything. We'll leave now!"

With that, Luo Cheng took out a jade whistle and blew it.

As soon as the whistle sounded, everyone around them became vigilant. Even Yu Baifeng frowned.

Could there really be Luo Cheng's people nearby? Even if there were people, they wouldn't be able to rush over. After all, she had arranged for many people to push stones on the mountain.

But even until now, the stones still had not fallen, which meant that there was no one outside!

Just as Bai Feng was feeling puzzled, black dots suddenly descended from the sky and attacked Yu Baifeng's men..

Chapter 834: Another Accident

Yu Baifeng would never forget this scene for the rest of her life. Those people descended from the sky and shot her people.

In an instant, all the arrangements she had made were ruined.

By the time she realized that something was wrong and wanted to leave, it was too late.

Third Master Xue's sword was already at her neck.

“I think it’s better for you to stay! After all, there are still many things between us that need to be made clear!”

Yu Baifeng turned around and looked at Third Master Xue.

Then, she put down the weapon in her hand and surrendered.

“Do you really think Luo Cheng will win? I know my master better than you do. He has never failed in anything he wants to do! You’re not his match at all! If I were you, I would definitely persuade Luo Cheng to cooperate with my master!

Listen, I’m not exaggerating. I’m really doing this for your own good!” Yu

Baifeng tried to persuade Third Master Xue,

Third Master Xue was indifferent when he heard Yu Baifeng’s words.

“If you hadn’t lied to me, I would have believed you and persuaded my nephew to cooperate with your master! Unfortunately, the trust between us was destroyed by you!”

When Yu Baifeng heard Third Master Xue’s words, a bitter smile appeared on her face.

After Luo Cheng counted the people, he tapped Bai Feng’s men’s acupoints and fed them medicine. Then, he asked them to be locked up together.

Before they could leave the Clear Dew Valley, three explosions suddenly came from afar.

The people in Clear Dew Valley all felt the ground shake.

Fortunately, everyone was out in the open and wasn’t in the cave or the house. Otherwise, they would have been buried under the rubble.

The people who had been captured previously wanted to rush out when the ground shook.

Unfortunately, the heavens didn’t give them a way out. Because of the tremor, the cave collapsed and crushed the people inside.

Li Xiaoran was originally standing on the cliff, but when the ground shook, her body immediately fell towards the bottom of the Clear Dew Valley.

Fortunately, Shu Ruyue grabbed Li Xiaoran fast enough. After she threw out a claw and wrapped it around a tree not far away, she jumped up with Li Xiaoran and successfully landed in a safe place.

“Madam, are you alright?” Luo Ziyang walked over and asked with concern.

“I’m fine. I’m fine. Go and see if the others are safe!” Li Xiaoran composed herself and said.

Shu Ruyue glanced at Luo Ziyang and said, “Go. I’ll protect Xiaoran!”

Luo Ziyang nodded and went to count the people.

“Xiaoran, what do you think the sound just now was?”

Li Xiaoran thought of something and said, “There was an explosion. Someone blew up the mountain. If I’m not mistaken, the three exits of the Clear Dew Valley are blocked by stones! Someone doesn’t want my husband to come out!”

“How can this be? Then what should we do now?” Shu Ruyue didn’t expect such a thing to happen, so she couldn’t process it for a moment. “Not only Luo Cheng and the others, but there are also their own people in that valley. How can they bear to kill them?”

“Oh no, will anything happen to the people imprisoned in the cave?!” Li Xiaoran suddenly thought of something and asked.

“Let’s not think about this first! Let’s think about how to save your husband and the people he brought!” Shu Ruyue said.

Li Xiaoran wasn’t worried about this. After all, she dared to let Luo Cheng go because she had a foolproof plan.

“My husband and the others will be fine! Even if the entrance to the Clear Dew Valley is sealed, I can save them!”

“Save them? How? That’s the Clear Dew Valley! We can go down with the things you brought, but we can’t come up! Xiaoran, look, this place is too high from the valley!” Shu Ruyue felt that Li Xiaoran was delusional!

“Who told you that it’s impossible?! Wait and see how I save her later!” Li Xiaoran said confidently.

On the other side, Luo Cheng counted the people. Everyone was there. Some of his brothers lost their balance and were shaken to the ground. They suffered some minor injuries, but fortunately, they were not serious. They would be fine after some treatment!

Luo Cheng also asked someone to investigate the situation at the three entrances.

The outcome was exactly as Li Xiaoran had expected.

The entrance was already blocked by rocks. It would take a long time to clear it.

The key was that there wasn’t much food left in the valley. If they were trapped here, they would probably run out of food in a few days. When Yu Baifeng learned of this, her face was filled with disbelief.

“How can this be? That’s impossible! Master wouldn’t give up on us!”

“How is that impossible?! Your master is unscrupulous and is willing to do anything in order to achieve his goal! Haven’t you been following him for so long? Don’t you know what kind of person he is? Or do you feel upset being abandoned?” Third Master Xue mocked.

“That’s impossible! Master won’t give up on us like this!” Yu Baifeng shouted, “I’ve done so much for Master. He won’t give up on me!”

Third Master Xue stopped talking.

Yu Baifeng and the imprisoned people were in despair because they didn’t expect that this would happen.

They were trapped here. They knew better than anyone what that meant.

They had been in this valley for more than twenty days and had brought a lot of food, but the food was almost exhausted by now.

Now that they were trapped here, they could only wait for death.

Luo Cheng called Zi Cheng, Zi Zheng, and Jiao Hang over. Then, he asked everyone to search the valley to see if there were any other people and supplies they had missed.

After that, Luo Cheng returned to the courtyard and sat down.

“Master won’t give up on us. Although the entrance is blocked, isn’t there still the mountain? They might throw the food down the mountain!” Yu Baifeng thought of something and said.

“Throw the food down from the mountain? Clear Dew Valley is so big. Are you sure we can find food if they throw it down? Besides, if your master had already decided on such an operation, why didn’t you know? Even if it’s for the sake of confidentiality, he should have prepared more food for you! But he didn’t! This can only mean that your master has been using you as a pawn he planned to abandon right from the beginning!” Luo Cheng revealed the cruel truth.

“That’s impossible. I’m different from the others! My master won’t give up on me!” Yu Baifeng retorted loudly with red eyes..

Chapter 835: Novel Experience

As soon as he finished speaking, Zi Zheng ran over in a panic.

“Mr. Luo, things are bad. There’s gunpowder buried in many places in the valley! We discovered a lot! If someone lit the fire now, we would have been blown up long ago. In addition, we caught a few people. Fortunately, we went in time. Otherwise, one buddy would have been injured by the explosion! We can’t stay in this valley for long. We have to leave quickly!”

When Yu Baifeng heard this, she was stunned for a moment before laughing maniacally.

“Hahahahaha, he wants to blow me up! He actually wants to blow me up! I became his woman and I’ve done so much for him. I always thought that I was a special

existence to him, so when I wanted to retire, he let me go! But I never expected that he didn't care about me at all!"

As soon as she said this, Third Master Xue's expression changed and a bitter smile appeared on his face.

No wonder every time he saw her, he felt that she looked troubled and sad.

He thought that she was feeling sad over his buddy, but to his surprise, that wasn't the case at all!

He and his buddy had probably been used by Yu Baifeng!

She was using them to agitate the man on her mind. No wonder she was so distant from him!

After Luo Cheng glanced at Yu Baifeng, he ignored her. Instead, he gathered all his people and sent a signal to the sky.

When Li Xiaoran saw flames suddenly appear in the sky, she immediately came to the cliff.

"Ziyang, quickly put down the chain!"

Luo Ziyang nodded and went to ask the people around him to pull the chain. Then, countless chains were lowered down the valley.

Not long after Luo Cheng waited, chains fell from the sky.

At this moment, Luo Cheng and the others had already put on safety ropes. At the same time, they also put on a set for Third Master Xue.

After the chain came down, Luo Cheng fastened the iron buckle on the safety rope to the chain hanging in the sky.

Third Master Xue was a little surprised.

"Are we going to grab these chains and climb up?"

"No, someone will bring us up!" Luo Cheng said.

When Third Master Xue heard this, he heaved a sigh of relief. Then, he looked at the crazy Yu Baifeng and came to another iron chain.

Following Luo Cheng's example, Third Master Xue also fastened the iron buckle on his safety rope to the chain.

Seeing that his people were ready, Luo Cheng sent another signal.

After Li Xiaoran received the signal, she immediately turned the pulley around and asked someone to pull it up.

As expected, the chain brought this group of people up into the sky. At this moment, the deranged Yu Baifeng realized something.

"Third Master Xue, take me away! As long as you take me away, I'll be your woman from now on!"

As Third Master Xue stared at the woman in front of him from midair, there was no longer any emotion in his eyes, only coldness.

He didn't speak because he knew very well that he had only liked Yu Baifeng in his imagination and not the real Yu Baifeng.

It was time to wake up from the dream!

"No, you can't give up on me! Men are all so heartless. When you guys don't need me anymore and think I'm a burden, you kick me away! I curse you guys..." Yu Baifeng cursed.

Before Yu Baifeng could finish speaking, Zi Cheng shot an arrow at her and ended her life.

Third Master Xue didn't say anything. He didn't look at Yu Baifeng anymore. Instead, he looked up at the sky.

After Zi Cheng rose to a certain height, he took out some powder from his pocket and sprinkled it down from the sky.

This powder wouldn't kill anyone, but after inhaling it, people would lose their internal energy.

Whether they lived or died depended on their own luck!

They wouldn't take the initiative to kill people, but they wouldn't let enemies cause trouble for them in the future.

These people would become weak from now on. At least, they wouldn't be able to harm others.

As for their acupoints, they would be reconnected in two hours, which would give them a chance of survival!

After the group rose into the sky and looked underground, they could see the entire Clear Dew Valley.

"I never expected to be able to soar into the sky and look down at the ground in my life!" Third Master Xue felt a sense of heroism.

As Luo Cheng looked down, he also smiled.

"I didn't expect to have such an experience in my lifetime either!"

At that moment, the chain rose to the top and leaned towards the cliff.

Soon, the group reached the shore. Luo Cheng let go of the iron buckle and jumped to the ground.

Seeing that Luo Cheng had returned safely, Li Xiaoran rushed over and hugged him.

"It's good that you came back safely!"

Although she said that she wasn't worried, she was still worried.

Seeing that her man had returned safely, Li Xiaoran finally felt relieved.

Luo Cheng patted Li Xiaoran's shoulder gently as he said excitedly, "With you around, I was sure that I'll definitely come back safely! Besides, you've already prepared these things, so how can I let you down?! To be honest, I feel good about being hung up for the first time!"

Li Xiaoran also understood the thrill of suddenly rising into the sky, so she immediately laughed.

“If you like it, we can put one in the valley in the future so you can experience this feeling again!”

Luo Cheng shook his head and said, “No need. Once is enough!”

On the other side, the others came up one after another and returned to the top of the mountain safely.

To be honest, everyone was very excited. This was the first time in their lives that they had such a novel experience!

“Everyone is here!” Luo Ziyang confirmed that their men were all here, so he came over to report.

“Since we’re all here, let’s go down the mountain!” Luo Cheng said.

Li Xiaoran thought of something and asked, “The ground shook previously, so I wonder what happened to the people locked up in the cave. Should we save them?”

Luo Cheng shook his head and said, “No need! Let’s leave this troublesome place quickly!”

“Madam, let’s leave quickly. There’s a lot of gunpowder buried under the Clear Dew Valley. If the master behind Yu Baifeng goes crazy, we might lose our lives if it explodes later. Let’s leave this place quickly!” Zi Cheng explained what was going on.

When Li Xiaoran heard that there was such a dangerous situation, she quickly asked someone to put away the things she had made before leaving quickly.

Because of the gunpowder, they didn’t return the way they had come. Instead, they left by the top of the mountain.

It wasn’t safe to go down the mountain now. Once the gunpowder exploded and the mountain collapsed, they would be buried or crushed by the stones at the foot of the mountain. It was too dangerous..

Chapter 836: Deceived

After leaving the mountaintop, the group didn’t walk for long before they heard a loud explosion and the ground shook.

Fortunately, they were in the cave. When the tremors subsided, everyone hugged a tree as they stood up.

As Li Xiaoran looked back at the black smoke rising in the distant sky, she immediately felt a lingering sense of fear.

“Husband, not only do those people want to trap you in the valley, but they also want to kill you!”

Luo Cheng's expression became serious as he said, "That's right! I've never underestimated the other party's intentions, so I've always been prepared for the worst! It's just that I never expected that in order to get rid of me, the other party would even use his people as bait! Xiaoran, if it weren't for you, I'm afraid my buddies and I would have died there!"

Even if Luo Cheng didn't say this, the others knew.

To be honest, this was the closest to death they had ever been in their lives.

It was because of Li Xiaoran's help that everyone escaped death.

Speaking of which, they had to thank Li Xiaoran.

"By the way, my internal energy has been blocked. Why are you guys fine?" Third Master Xue thought of something and asked.

"That's because we all took antidote pills before we came here!" Luo Cheng smiled and said, "Don't worry! Uncle, I'll detoxify you when we get back!" When Third Master Xue heard this, he was enlightened.

"No wonder you were so anxious previously. It turns out that you weren't weakened at all!"

Luo Cheng suddenly thought of something and said, "Let's leave this dangerous place quickly! We have to rush back. I have a feeling that something bad is about to happen!"

The others restrained their expressions and their hearts sank.

Since someone dared to scheme against Luo Cheng, something big must have happened outside.

In fact, something big had really happened in the capital.

The emperor's sons had actually joined forces to force him to abdicate the throne!

As the emperor looked at his sons standing in the imperial study, he sneered. "I only have one throne! There are so many of you, so who should I give it to?"

"Father, there's no need to sow discord! I knew long ago that you wanted Luo Cheng to become the emperor! Unfortunately, Luo Cheng might already be dead!" The second prince walked forward and laughed maniacally.

The emperor's pupils dilated, then his voice quivered as he asked,

"You attacked Luo Cheng?"

"There's no need for me to do anything. Someone will get rid of him for me! Father, you're really biased! Didn't you hate Luo Cheng the most when we were young? You didn't even pay any attention to that bastard. Are you so senile now that you actually want to pass the throne to such an undignified son?!" The second prince mocked.

When the emperor heard this, his face became filled with sadness.

He never expected his seventh son to be killed because of him.

“I really didn’t expect you guys to actually attack him! As expected, I didn’t misjudge you guys! If the nation fell into your hands, I’m afraid it won’t exist anymore!”

As soon as he said this, the other princes looked furious.

“Father, how are we inferior to that bastard?!” The fourth prince asked with hatred.

When the emperor heard this, he suddenly laughed.

“You guys came to force me to give up my throne today because you think I’m about to die, right?! It’s just that I never expected all of my sons to come to force me to give up my throne! Tell me! Who’s the mastermind who gave you guys the idea?”

“Father, what do you mean?” The Fifth Prince asked in confusion.

The emperor said with a bitter smile, “You’re my sons. How can I not know what you’re like? It’s impossible for you guys to do it so flawlessly. Originally, I was going to lure that person into a trap, but you guys caught me off guard!”

“I’m about to die, so can’t you guys give me a definite answer?” the emperor asked.

The princes looked at each other in silence.

“It seems that you guys are really stupid! You’ve become pawns in other people’s hands. You guys will bear the infamy, but you won’t get anything. How stupid!” As the emperor spoke, he spat out blood,

When this mouthful of blood landed on the ground, it turned purple-black.

It was obvious that the emperor had been poisoned.

“Father, stop acting. Hurry up and announce the next imperial decree!” The second prince didn’t care that his father was poisoned. He only wanted to get the imperial decree and obtain the throne!

“What? You clearly said that you wanted me to sit on the throne!” At this moment, the fourth prince pierced the second prince’s body with his sword. “I knew you would go back on your word, so I was already on guard against you!”

However, as soon as he finished speaking, the fourth prince also felt an ice-cold sword piercing over from behind.

“No, that’s not right. You guys clearly said that you wanted me to be the emperor!” The Fifth Prince said with a ferocious expression.

The remaining three princes looked at each other warily.

“How did this happen? Could it be that the cooperation letter we received were all forged?!” The Ninth Prince finally came back to his senses and thought of something.

This time, the others were enlightened.

“But what I received was clearly your personal letter! It was sent by your trusted aide!” The eighth prince had a bad feeling.

As the emperor watched the scene in front of him, he said miserably, “Idiots, I told you guys long ago that you were being used!”

At this moment, there was the sound of fighting outside the imperial study. The other princes’ expressions changed.

“What’s going on? Why is there a fight outside?” The Fifth Prince shouted after pulling his sword out of the Fourth Prince’s body.

As soon as he finished speaking, the door was pushed open. A group of elite soldiers ran in and surrounded the entire imperial study.

The person walking in front was a very familiar person.

However, when they saw this person, everyone looked surprised.

“As expected, there was really someone scheming behind the scenes! It’s just that I never expected it to be you, Prince Fu!”

When Prince Fu heard this, he immediately laughed.

“My good brother, you naturally wouldn’t know! After all, I was always the first to agree with everything you did. You never expected me, a brother who supports you, to have ulterior motives!”

The emperor sighed when he heard Prince Fu’s words.

“Why? I’ve always treated you well!”

Chapter 837: Bloodline Connection

“Yes, you treat me very well, but what’s the use? This country is supposed to be mine to begin with. Are you willing to give it to me?” Prince Fu smiled and said, “You definitely won’t be willing! But this country and the throne should have been mine. You guys snatched it away from me!”

When the emperor heard this, he didn’t understand!

Prince Fu said matter-of-factly, “See! You still don’t understand! Let’s put it this way! I have the blood of the previous dynasty’s royal family flowing in me, so I’m the most legitimate heir of this country and the throne!”

When the emperor heard this, he was puzzled.

“How come?”

“Why not? Back then, my grandma was lucky enough to dodge the bullet and pretended to be dead. Then, she became a concubine in an official’s family. Later on, my grandma gave birth to my mother. My grandma wanted my mother to marry into the royal family. Only then would she have a chance to give birth to a child and take back power!”

“It’s just that your father was smart and had always been on guard. He didn’t give my grandma a chance at all! With no other choice, my grandma could only let my mother marry a member of the royal family!” Prince Fu revealed the truth without any scruples, as if victory was already in his grasp.

When the emperor heard this, he immediately understood.

“No wonder you used to follow me everywhere I went and would do your best to support me no matter what I wanted to do! It turns out that from that time on, you had already begun to scheme against me!”

“That’s right. I should thank my grandma for giving birth to my mother. After three generations of hard work, we obtained today’s complete victory! Brother, don’t worry, I’ll send all of your sons to accompany you in hell!” As Prince Fu spoke, he gestured for the people around him to start killing.

Although the princes had brought men in, those people were no match for Prince Fu at all.

In the end, they were all killed.

The remaining princes were also killed by Prince Fu’s subordinates!

“How dare you? Do you really think you’ve won?” The emperor was so angry that he spat out another mouthful of black blood.

“Hahahaha, brother, are you still thinking about getting reinforcements to save you?! Let me think, are you waiting for the Eldest Princess? What a pity! You definitely didn’t expect that the Eldest Princess is also on my side! So, you should give up! You don’t have a chance!”

When the emperor heard this, his last hope was extinguished.

“My eldest sister is on your side too? Why?” The emperor couldn’t understand.

“Why? Of course it’s because I can give the Eldest Princess more glory! In this world, everyone has their own interests! Brother, don’t force yourself! I’ve already drafted your decree for you! Do you want to take a look yourself?” As Prince Fu spoke, he asked someone to take out an imperial decree and placed it in front of the emperor.

When the emperor saw that the imperial decree said to pass the throne to Prince Fu, he immediately spat out a large mouthful of black blood and died!

“Brother, take care! Your only son left is the Third Prince now! I believe he’ll meet you on the road to hell soon! As for your favorite, the Seventh Prince, he probably arrived there before you!” With that, Prince Fu laughed out loud and asked someone to bring the eunuch over so that he could stamp the imperial decree-

As Luo Cheng walked deep in the mountains, he suddenly felt a heart-wrenching pain and sweat appeared on his head.

At the same time, the Third Prince, who was outside the capital, had the same symptoms as Luo Cheng. His heart ached.

“My eyelids kept twitching today. Did something happen in the royal family?” The Third Prince thought to himself.

However, at this moment, the entire capital had suddenly been sealed off. The people inside couldn’t enter, so the Third Prince hid there quietly and waited for the capital to open before entering the palace to see his father!

Luo Cheng’s sudden heartache frightened Li Xiaoran.

After Luo Ziyang took Luo Cheng’s pulse, he felt a little puzzled.

“That’s strange. Luo Cheng’s pulse is very calm and he doesn’t show any symptoms of illness!”

When Li Xiaoran heard Luo Ziyang’s words and felt Luo Cheng’s discomfort, she suddenly had a bad feeling.

Some people often said that when something bad happened to a family member, they would more or less feel something.

Could it be that Luo Cheng’s family was in trouble?

Other than himself, Luo Cheng only had Third Master Xue and the emperor in the capital.

Could it be that something had happened to the Old Master?

After Wu Qinghe heard Luo Ziyang’s words, he looked at the distant sky and began to divine.

Fifteen minutes later, Luo Cheng’s discomfort dissipated and Wu Qinghe came to a conclusion.

“Brother Luo Cheng, the Emperor Star has fallen, and the Ravenous Wolf Star has usurped the throne. The world has begun to change!”

As soon as he said this, everyone’s expressions changed, including Luo Cheng, who had just felt a little better.

There was dead silence. Even the chirping of insects and birds had disappeared.

Li Xiaoran didn’t know what to say to comfort Luo Cheng. After all, there were some things in this world that she couldn’t empathize with. Only the person involved would understand the bitterness and sadness!

“Everyone, let’s rest now! We’ve traveled for so long, so everyone must be hungry! Split into a few groups. One group will pick firewood, one group will start a fire, and one group will hunt!” Li Xiaoran arranged things.

The others obeyed and went to do their own things.

Soon, the fire was lit and everyone sat around to cook in silence.

15 minutes later, Luo Cheng sighed.

Li Xiaoran didn’t speak as she stayed by Luo Cheng’s side.

As Luo Cheng looked at Li Xiaoran, he suddenly said, “I’ve actually always hated him! But now that I hear that he might be gone, I feel very upset!”

When Li Xiaoran heard Luo Cheng’s words, she thought for a moment and said, “At least you didn’t leave any regrets for yourself! In this lifetime, you two reconciled!”

Luo Cheng nodded and marveled, “If you hadn’t insisted that I return to the capital last time, I’m afraid I would have had regrets for the rest of my life!”

“Perhaps everything is predestined! Husband, I know you’re feeling very upset now, but I still want to say that you have to perk up. Many people need you!” Li

Xiaoran persuaded..

Chapter 838: separation

Luo Cheng nodded and calmed down.

At this moment, Luo Ziyang brought over a bowl of rice and placed it in Luo Cheng’s hand.

“Eat quickly! Only after you’re full will you have the strength to face tomorrow!”

Luo Cheng nodded, then ate with red eyes.

Because the weather was a little cold, they cooked chowder.

They also stewed rice, steamed buns, vegetables, and meat.

After Li Xiaoran also ate a bowl of chowder, she felt much warmer.

“I really didn’t expect the weather to suddenly become so cold. It feels like it’ll be winter in just a few days! Husband, I think this year’s winter will probably be even colder than last year’s! After we go back, I’ll talk to the village chief about letting everyone repair the roof! ”

Luo Cheng nodded and said, “Yes, yes. When we get back, remind the village chief and the people nearby!”

After eating and drinking their fill, everyone packed their things and extinguished the fire. After confirming that there were no more sparks, they got up and hurried on.

After walking for a long time, Luo Cheng asked everyone to go down the mountain. Then, he went to buy a few carriages and rushed home. When they returned home, the food street and official road were as lively as ever.

There was nothing unusual in the village or at home. It was also business as usual at the workshop.

Luo Cheng heaved a sigh of relief and let everyone go back and rest.

Everyone had worked hard these few days. Now that the political world had changed drastically, there might be a tough battle ahead, so they quickly let everyone take the opportunity to rest.

Luo Cheng fell asleep as well, but not long after, he dreamed of his father.

In Luo Cheng's dream, when the emperor saw Luo Cheng appear in front of him and realized that he was still alive, he was immediately overjoyed.

“Luo Cheng! It's good that you're still alive! I've done many wrong things in the past, but I couldn't bring myself to apologize to you! I'm also a person, so I make mistakes! Take care of yourself in the future. You have to live well! I'm relieved that you have Xiaoran accompanying you!”

With that, the emperor disappeared from Luo Cheng's dream.

Although Luo Cheng didn't wake up, tears fell from the corners of his eyes.

Li Xiaoran was sleeping beside Luo Cheng, so she could naturally sense his emotions. Without saying anything, she hugged Luo Cheng and transferred her warmth to him.

Three days later, the news from the capital finally spread.

Luo Cheng's people received news that the emperor had been forced to step down by a few princes. The princes had even poisoned the emperor. In the end, Prince Fu rushed over to save the emperor. Unfortunately, he was a step too late. The emperor was already poisoned and on the verge of death. Later on, the emperor wrote a letter to pass the throne to Prince Fu. Then, he died with hatred!

There was also another piece of news. It was said that the Third Prince was also one of the murderers who had conspired to force the emperor to leave the palace, so he was wanted.

When Luo Cheng learned this news, his heart ached. Then, he forced himself to perk up and he sneered.

“As expected, some people can't hide themselves anymore. They've exposed themselves now! This is good, since we know who we're dealing with now. Ziyang, get someone to deal with the aftermath and wipe our traces. Now, we're going to hide in the dark!”

When Li Xiaoran heard Luo Cheng's words, she remembered something.

“Then what should we do on the surface?”

“I'm afraid I'll have to trouble you and Ziyang to deal with this matter on the surface! After all, when I left Hele Village that day, I only took Zi Zheng and Zi Cheng away,

while Ziyang and you stayed in the village! Therefore, you can put on an act and pretend that I'm gone!" Luo Cheng said.

Li Xiaoran immediately understood.

"Husband, are you trying to get the other party to lower his guard?"

"Yes, before the other party finds out I'm alive, let's rush to the capital! If we get rid of Prince Fu, we can let Third Brother ascend the throne. Then, all the trouble will end! Therefore, we'll have to trouble you to put in some effort for the time being!" Luo Cheng said.

Li Xiaoran knew that at this special time, Luo Cheng had more things to do than she did.

Therefore, what she could help him with was to let him have nothing to worry about.

"Don't worry, husband, I'll take care of everything! Take care of yourself! This trip will be extremely dangerous. You must come back safely!" Li Xiaoran reminded.

Luo Cheng held Li Xiaoran's hand and said softly, "Don't worry, for you, I'll definitely return safely! This time, I'll definitely resolve all the problems and come back to live the life we want with you!"

Li Xiaoran nodded and didn't say anything. She just snuggled into Luo Cheng's arms and felt his heartbeat.

Early the next morning, Luo Cheng left with his men.

Li Xiaoran lay on the bed quietly for a while before perking up.

Luo Cheng left to do something very important!

Now, it was her turn to support this family!

After quickly getting up, Li Xiaoran washed her hair and took a hot shower. Then, she felt much more energetic.

At this moment, Li Xiaoran called her parents and sister, Li Xiaoqing, over and asked them to put on an act with her together.

Li Xiaoran didn't sugarcoat it. Instead, she told her family about the difficulties they were facing truthfully.

This was a critical period. She had many things to do alone, so it was difficult for her to take care of all aspects. Therefore, her family had to work together.

Therefore, everyone had to put on a convincing act to make Prince Fu believe them.

After Li Shun and Zhao Xiu heard about this, they also knew that their daughter was under a lot of pressure. All of them promised that they would definitely put on a good show and wouldn't drag her down.

The next day, some rumors spread outside.

After Li Xiaoran received the news, she immediately sneered.

“Madam, I’ll deal with these people who spread rumors!”

Li Xiaoran said, “No, there’s no need. Let them spread it! At this time, we can see people’s true colors clearly! We can use this opportunity to see what the people around us are truly like!”

Luo Ziyang felt that this was indeed the best time to read people’s true colors, so he nodded and didn’t deal with it.

Gradually, the news of Luo Cheng’s accident spread more and more. Many people who were close to Li Xiaoran came to visit.

“Granny Jin, I don’t believe that something happened to my husband! My husband said that he had something important to do! Since we haven’t heard from him, it means that the matter is very important and we can’t split up!

Don’t believe those rumors!”

Chapter 839: Asylum

Old Madam Jin said to Li Xiaoran with certainty, then sighed.

“Good child, it’s not that I want to upset you, but something big has happened in the capital! The emperor has already passed away, and Prince Fu has received the imperial decree for the throne. The princes, including the crown prince, are all dead, and the Third Prince is still being searched for! Although the Seventh Prince wasn’t mentioned, his disappearance at this juncture is really suspicious!”

When Li Xiaoran heard Granny Jin’s words, she knew that she was really concerned about her.

However, this matter was important and she couldn’t take the risk, so she could only lie to Granny Jin.

Li Xiaoran said, “Granny Jin, I know what you mean! No matter what, my husband will come back safely! Even if my father is gone, even if there’s a huge change in the capital, this has nothing to do with us. I know Granny Jin is worried that the capital will put the blame on my husband, but I definitely won’t admit to anything we haven’t done! If Prince Fu really wants to interrogate me, I’ll have to question him. Did he secretly kill my husband to get rid of trouble for himself? That’s why there’s still no news of him!” When Old Madam Jin heard Li Xiaoran’s words, she understood what she meant.

From the fatigue and bitterness on her face, Old Madam Jin knew that this girl actually knew everything and had already considered everything.

That’s right. If something really happened to Luo Cheng, she, the consort, had to brace herself and take over everything.

After all, Luo Cheng still had a lot of businesses. Someone had to take care of those businesses!

Old Madam Jin only hoped that Luo Cheng would really be lucky enough to return safely.

In the end, Old Madam Jin said, "If you have any difficulties, you can look for me. I can give you some ideas!"

Li Xiaoran said, "Granny Jin, don't worry! I've already grown up! Even if my husband isn't around, I can support this family! Besides, Ziyang will help me! As for me, with the support of a group of people who care about me, I'm confident in facing everything!"

Old Madam Jin nodded in relief and left.

Not long after Old Madam Jin left, Luo Ziyang arrived.

"Madam, someone is looking for you again! This time, it's Xu Niansheng and the others!"

When Li Xiaoran heard Luo Ziyang's words, she pondered over it for a moment.

Previously, Li Xiaoran had heard from Wu Qinghe that Xu Niansheng had asked them to read their fortune.

Li Xiaoran could guess why Xu Niansheng and the others had come to look for her.

She had guessed it, but she had to consider if she should use these people very carefully.

After all, Luo Cheng wasn't around at this moment, so she was in charge of everything. At such a critical period, she was wary of anyone who took the initiative to come.

Li Xiaoran thought for a moment and said, "Invite them in! At this time, if I don't see them, they'll use other methods to see me!"

Luo Ziyang nodded and asked someone to invite them in.

Xu Niansheng thought that when they saw Li Xiaoran, they would see a haggard and terrified Li Xiaoran.

However, when they really saw Li Xiaoran, they realized how wrong they were.

At this moment, although Li Xiaoran was a little haggard, she wasn't terrified.

It was obvious from her sharp gaze.

After Li Xiaoran invited them to sit down, she said, "There's no need to beat around the bush. Since you guys came at this time, you must have something to say! Let's get straight to the point!"

"We won't beat around the bush! We wanted to seek refuge with Mr. Luo! It's just that Luo Cheng hasn't appeared yet, and there are rumors outside. We thought that the consort might be of use to us, so we came to seek refuge with you!" Xu Niansheng said their plan without hesitation.

As Li Xiaoran looked at Xu Niansheng and the others, she tapped her fingers on the tea table and said aloofly, "You guys know very well that this is a critical period. How can I believe that you guys came to help me and not to harm me?" She seemed aloof, but she exuded a powerful sense of oppression.

Even Little Six, who had looked down on Li Xiaoran previously, couldn't help but sit upright with a solemn expression.

At this moment, Xu Niansheng and the others realized that Li Xiaoran wasn't an ordinary woman.

As expected, the consort wasn't to be underestimated.

Gao Hu thought for a moment and said, "I know that we seem very suspicious! In fact, some time ago, we were wondering if we should seek refuge with Mr. Luo. The reason we were hesitating was because we weren't sure if Luo Cheng would take us under his wing. After all, the few of us have some blood feuds and have provoked a very powerful faction!"

"Then why are you guys here now?" Li Xiaoran asked calmly.

Xu Niansheng realized something and changed his attitude as he said, "The reason we are here this time is because we have the same enemy as you guys!" Xu Niansheng said, "You must have received the news from the capital! The royal family has undergone a huge change. The princes are all dead, and the whereabouts of the Third Prince and the Seventh Prince are a mystery. The emperor passed down the throne to Prince Fu before he died. Now that Prince Fu has ascended the throne, he will probably kill the Third Prince and Luo Cheng next!"

"Do you mean that you have a blood feud with Prince Fu?" Li Xiaoran asked.

"No, to be precise, we have a blood feud with Ling Wei, who has now been conferred the title of crown prince. Actually, when we met again, we didn't know who our enemy was! After Prince Fu ascended the throne a few days ago, his subordinates no longer hid anything. Then, our brothers discovered some clues and confirmed that Prince Fu was our enemy!" Gao Hu said with hatred.

When Li Xiaoran heard this, she immediately thought of something and asked,

"Prince Fu? Have you seen his people recently?"

Gao Hu said, "We didn't see Prince Fu, but we saw that his confidant was the murderer of our family. We followed him for a few days before we confirmed their identities.. That's why we rushed to you after receiving the news from the capital!"

Chapter 840: Divination

When Li Xiaoran heard Gao Hu's words, she immediately had a guess.

Could the master Yu Baifeng was talking about be Prince Fu's son, Ling Wei?

One had to know that from the time, place, and what had happened in the Clear Dew Valley, it was very likely that Ling Wei was the one who had thought of the scheme to deal with her husband.

When she thought of Prince Fu's ascension to the throne, she figured it out.

Li Xiaoran thought for a moment and said, "Tell me how you guys became enemies with Prince Fu and the others first!"

Xu Niansheng and the others no longer hid anything and revealed their blood feud.

This took two hours. When Li Xiaoran finished listening, she already knew what to do.

“Little Six, did your sister have any special abilities? Or was she different from ordinary people?” Li Xiaoran asked.

Little Six frowned as he thought about it carefully.

“There’s nothing special about my sister! Other than being good-looking, she’s also diligent! My sister’s tongue is different from others’. Her tongue can distinguish many flavors! Once, when a pharmacy sold fake medicine to us, my sister tasted it and said that the other party had grabbed the wrong medicine! Later, after we investigated, it was discovered that they grabbed the wrong medicine! One of the medicines looked very similar to the other medicine. Ordinary people couldn’t tell at all, but my sister could tell after taking a sip!”

After Li Xiaoran obtained the answer she wanted, she immediately understood.

“Ziyang, go and invite Young Master Luo Han over. Tell him that I have something important to tell him!”

Luo Ziyang nodded and immediately instructed the people around him to invite Luo Han.

Li Xiaoran looked at Little Six as she said, “If I’m not mistaken, the reason Prince Fu’s son, Ling Wei, asked someone to take your sister away back then was because of your sister’s ability! You have to know that in a high position, you will experience assassinations and poisoning from time to time. Your sister has such a sharp tongue, so the other party must have captured her to identify the poison! As for your parents, Prince Fu probably arranged for someone to kill them. His goal was to erase all traces of your sister and not let anyone know her identity!”

“Previously, I saw someone who looked very much like my sister in town, but I couldn’t find her. After that, we saw an enemy, so we secretly followed him and realized that the other party was someone close to Prince Fu!” When Little Six heard this, he thought of something and said, “In that case, my sister might really be following Prince Fu!”

As soon as he said this, everyone fell silent.

At this moment, Luo Han arrived.

As soon as Luo Han walked in and saw so many people, he immediately realized that things weren’t simple.

“Madam, why are you looking for me?” Luo Han asked.

Li Xiaoran thought of something and said, “Luo Han, you came at the right time! I want to ask, back then, I heard that you were investigating the disappearance of some people and children. In the end, you realized that these people all had special abilities, but what happened after that?”

Luo Han didn’t expect Li Xiaoran to suddenly ask about this.

After recalling carefully, Luo Han replied, “After I investigated those missing people, I found that they more or less had some special abilities. Later, I continued to investigate, but there were no

clues at all! Those people seemed to have disappeared into thin air. There was no trace of them at all!”

Li Xiaoran asked, “Then is there a possibility that all traces related to them have been erased?! Just like Little Six’s sister! I think the reason Little Six’s parents were killed back then might be because they saw Little Six’s sister’s traces. In order to ensure that the news wouldn’t be leaked, the other party had to kill Little Six’s parents!”

When Luo Han heard this, he immediately understood.

“If that’s the case, everything makes sense! This is why I haven’t heard anything after investigating for so long!”

Li Xiaoran thought deeper. If Clear Dew Valley’s Yu Baifeng was in cahoots with Prince Fu’s son, Ling Wei, and those people who kidnapped women and disappeared were all related to Prince Fu, what about the people from Eagle Village? Could they also be related to Prince Fu?

If that was the case, they really couldn’t keep Prince Fu and his son. Such people weren’t worthy of being emperor.

If the ruler was unfit for his position, he would only bring disaster to the commoners and the government.

Li Xiaoran thought for a moment and said, “Sir, I already understand your thoughts! It’s just that this matter can’t be settled in a short time. Give me some time to consider! In two days, I’ll give you a definite answer!”

Xu Niansheng also knew that this matter couldn’t be resolved overnight, so he nodded and left.

After everyone left, Luo Han asked, “Madam, why are these people here?”

Li Xiaoran explained their intentions without hiding it from Luo Han.

Luo Han frowned when he heard this.

“Regarding people who come to seek refuge at this time, we indeed have to be careful! Why don’t I investigate these people and consider if we should accept them after investigating?”

Li Xiaoran thought for a moment and said, “You can investigate. Ziyang is also investigating. If you find out more things from the investigation, it might be able to make a difference! After we get news of these people, we’ll make a decision!”

Luo Han nodded and began to investigate.

As Li Xiaoran sat alone in front of the window, she looked at the yellowing fallen leaves outside, but she was thinking about Xu Niansheng and the others. Xu Niansheng and the others weren’t lying. They were telling the truth.

Li Xiaoran knew the changes in their emotions very well.

However, she was a little hesitant now. Should she accept these people?

Logically speaking, it was best not to accept these people now. It was better to wait until Luo Cheng returned.

However, Li Xiaoran had a feeling that she should give Xu Niansheng and the others a chance. Perhaps these people would surprise her.

This feeling was very strange.

However, before Li Xiaoran could think it through, trouble came.

The next morning, when Li Xiaoran was about to go to the workshop to take a look, someone suddenly came to visit.

Upon hearing the other party introduce himself, Li Xiaoran immediately frowned.

“Who is it? The Third Prince? Ling Heng?”

Luo Ziyang shook his head. “Madam, the emperor has already been replaced. The Third Prince is Mr. Fu’s third son, Ling He..”
