

The Hunter 871

Chapter 871: Crazy Li Yan

On the way back, because the weather was gradually getting hot again, when Li Xiaoran saw someone selling watermelons by the roadside, she became interested.

Seeing this, Shu Ruyue also got out of the carriage and the two of them chose watermelons.

As Li Xiaoran looked at the watermelons, she wondered if she should buy one to try first. If possible, she could buy a few more to bring back so that her family could try them.

Just as she was about to hug a watermelon, she sank into the ground.

Everyone around exclaimed. Shu Ruyue wanted to grab Li Xiaoran, but she only caught a piece of fabric. Then, she saw watermelons sinking into the ground with the soil.

“No! Xiaoran!” Shu Ruyue shouted.

Luo Cheng also noticed the commotion. Seeing this, he quickly called someone to dig the soil to save Li Xiaoran.

When Li Xiaoran landed, she felt that this place wasn't a naturally formed cave. Instead, it was like a man-made tunnel.

After her previous encounter in Shatai Village, Li Xiaoran was no longer flustered when she encountered such things. Instead, she tried her best to protect her vital parts.

After an unknown period of time, Li Xiaoran fell onto a pile of straw.

Even so, Li Xiaoran still fainted from the powerful impact.

When Li Xiaoran woke up again, she was already in a carriage. It was very quiet and there was no one else around.

Just as Li Xiaoran struggled to get up, she realized that her hands and feet had been tied up and there was a rag in her mouth.

Upon closer inspection, her clothes had been changed, and the rings and bracelets on her hands were gone!

Seeing this scene, Li Xiaoran frowned and became a little anxious.

Thinking of what had happened previously, Li Xiaoran was already certain that someone was targeting her.

They wanted to capture her in order to use her to threaten Luo Cheng!

After figuring this out, Li Xiaoran calmed down and began to sense the emotions outside.

There were two people driving in front of the carriage. One was very calm, while the other was very emotional.

At that moment, the curtain was opened and a person walked in.

After Li Xiaoran opened her eyes and saw the person who came in, she was immediately shocked, then she felt that everything made sense.

“What? Aren't you surprised to see me?!” The person was none other than Li Xiaoran's cousin, Li Yan.

“I'm not surprised to see you!” Li Xiaoran said calmly, “Tell me! Why did you capture me?”

“Do you think I want to capture you? I actually want to kill you!” As Li Yan looked at Li Xiaoran, she suddenly revealed a very sinister smile.

Li Xiaoran could clearly feel the killing intent erupting from Li Yan and knew that she was telling the truth. She really wanted to kill her!

“Why? You’ve been the one scheming against me from the beginning to the end. Why do you still hate me so much?” Li Xiaoran asked calmly.

“Why? You actually want to ask me why? Tell me, why is it always you?! How am I inferior to you? Why am I inferior to you even after living two lives?” Li Yan thought of something and became even more agitated.

When Li Xiaoran heard Li Yan’s words, her guess was confirmed and she came up with a plan.

“I said a long time ago that you’re not me and I’m not you, so you can’t have the life I have! Li Yan, do you know what the biggest difference between us is? Do you know why you’re inferior to me in every way?

“In what way am I inferior to you? In terms of looks, I’m prettier than you, and in terms of scheming, I’m better than you! Why does the heavens favor you?! In your previous life, you married Pei Xuanxin and I married Luo Cheng. In the end, you became an official’s wife and had a beautiful family. On the other hand, I was used by Luo Cheng to block a sword and abandoned by him. But in this life, I’ve clearly changed. Why are things still different?” As Li Yan questioned Li Xiaoran, her eyes turned red and she glared at Li Xiaoran.

As Li Xiaoran stared at Li Yan, she mocked with a sneer, “Isn’t that simple?

Because you’ve never put in any effort from the beginning to the end, but still wanted to reap the benefits! Who do you think you are? Why do you think you can have whatever you want? If you don’t put in any effort, you’ll never get anything in return! You only know how to take, but you don’t know how to give!”

Li Yan retorted loudly, “That’s impossible. I contributed! I married Pei Xuanxin, lived a hard life with him, and studied with him. I contributed!”

“Is that so? What did you contribute? As far as I know, after you married him,

you used Pei Xuanxin’s knowledge to receive benefits from others. Your food and accommodation were all provided by Pei Xuanxin’s classmates. Even when you accompanied Pei Xuanxin to the capital to take the examination, you were using Pei Xuanxin to obtain benefits for yourself! You’ve always been a selfish person who don’t think for others at all. Under such circumstances, who do you think is willing to share honor and disgrace with you?” Li Xiaoran retorted calmly.

Li Yan was stunned for a moment. Then, she thought of what she had done and immediately shook her head crazily.

She strangled Li Xiaoran as she said hatefully, “No, it’s not like that! I was his wife, so there was no reason for me not to accept the money! Besides, didn’t I do all that for Pei Xuanxin’s sake? What’s wrong with that? I just want to live a good life. I’m not wrong! I know what to do now. As long as I kill you, I can live a good life! It was the same in my previous life. If I kill you, I can replace you and snatch your wealth and glory!”

With that, Li Yan laughed out loud.

Li Xiaoran felt that it was getting harder and harder to breathe. As she looked at the crazy Li Yan, she wanted to say something, but she couldn’t.

At this moment, a white light flashed in front of Li Xiaoran’s eyes. Her consciousness suddenly returned to Hele Village and she watched as Li Yan married Luo Cheng. Then, she watched as Luo Cheng married Li Yan and abandoned her.

Although she had gourmet food every day, Li Yan still felt that her life wasn’t good enough. She wanted a lot of money, but Luo Cheng never gave her a single copper coin.

Therefore, Li Yan began to argue with Luo Cheng!

Unfortunately, all of this was useless.

Later, someone found Li Yan to ask about Luo Cheng. Since the other party gave her a lot of silver in return, Li Yan told him everything about Luo Cheng without hesitation.

Li Yan thought that no one knew what she had done, but she didn't know that Luo Ziyang was monitoring her every move and reporting it to Luo Cheng. Because of this, Luo Cheng's attitude towards Li Yan became colder and colder..

Chapter 872: Dream

One day, an assassin came to kill Luo Cheng.

This was the first time Li Yan had encountered such a thing, so she screamed in fear.

The killer didn't want her to attract too much attention, so he wanted to kill her first.

Although Luo Cheng didn't like Li Yan, he still saved her!

However, unexpectedly, another assassin appeared. After he had just saved Li Yan, Li Yan saw that someone wanted to kill him, so she pulled Luo Cheng reflexively and Luo Cheng almost got stabbed.

At the same time, Luo Cheng was completely disappointed when he saw Li Yan pulling him out to block the sword. Thus, at the critical moment, he pulled Li Yan out to block the sword. Then, he jumped out of the encirclement of the two assassins and attacked from outside!

Seeing this, Li Xiaoran suddenly understood.

No wonder Li Yan was so afraid of Luo Cheng back then and was unwilling to marry him no matter what. She even said that Luo Cheng had pulled her to block the sword. Turned out that it was true.

Just as Li Xiaoran was about to continue watching, time suddenly flashed forward. Li Xiaoran even saw Li Yan stabbing her and killing her.

The flashback stopped at this moment and Li Xiaoran was pulled back to reality.

At this moment, the carriage had already stopped. Someone rushed in and punched Li Yan to make her let go.

Li Xiaoran, who was originally on the verge of death, could finally breathe fresh air.

"Are you crazy? If you kill her, how will we explain to things to our master?!" When the person driving the carriage in front saw that the situation wasn't right, he came in to save Li Xiaoran's life. After Li Yan was beaten up by the coachman, although she still looked at Li Xiaoran with hatred, she didn't dare to attack again.

After that, the carriage continued forward.

After Li Yan was pulled to the front of the carriage, the carriage fell silent.

After an unknown period of time, Li Xiaoran finally recovered.

After adjusting her breathing, Li Xiaoran thought about how to save herself.

At this moment, her necklace, bracelet, ring, and so on had all been confiscated. Even her clothes had been changed.

Because her limbs were tied, Li Xiaoran didn't know what to do.

Fortunately, Li Yan had removed the cloth from her mouth previously and didn't gag her again, so she could still breathe.

Now, she could only wait for the right opportunity to take action!

On Luo Cheng's side, after digging through that tunnel, he realized that someone had taken Li Xiaoran away.

As Luo Cheng sent someone to track them, he asked Wu Qinghe to divine.

After Wu Qinghe divined, he heaved a sigh of relief.

“Mr. Luo, there’s no need to track them. The consort is blessed by the heavens. With the help of a benefactor, she will turn misfortune into fortune! Let’s go straight to White Foothill City. We’ll see the consort again in White Foothill

City! The mastermind will bring the consort to see you!”

“No, I can’t do nothing!” Luo Cheng shook his head when he heard this.

When Wu Qinghe heard Luo Cheng’s words, he thought for a moment and said, “Mr. Luo, the consort is destined to encounter this calamity. Listen to my advice. Let’s go to White Foothill City to arrange things first! Although the other party will appear in front of you with the consort, what if the consort escapes?”

After Luo Cheng thought for a moment, he divided his men into a few teams. He would continue to track them with his men, while Zi Cheng would rush back to White Foothill City to set up an inescapable net with Luo Ziyang.

The other team dispersed to the other checkpoints to stand guard and investigate any suspicious people.

Luo Cheng tracked them all the way, but in the end, he lost track of them by the river.

This meant that someone had used the waterway to take Li Xiaoran away. Luo Cheng had no choice but to continue searching.

In fact, that wasn’t the case.

After Li Xiaoran was sent to the boat, the boat went down the river before docking at a place that had just been opened up. Then, they entered another carriage.

After the carriage traveled forward for an unknown period of time, Li Yan and the others finally brought Li Xiaoran into a remote forest.

Li Xiaoran could sense that there were many people hidden in the forest, but she was blindfolded and couldn’t see their appearances.

As they got closer and closer, Li Xiaoran suddenly felt a familiar aura from these people.

No one knew that Li Xiaoran could distinguish other people’s emotions, hear their thoughts, and even smell their souls.

Every emotion she sensed carried its own unique soul aura, so she remembered the soul aura of some people she had a deep impression of very clearly.

At this moment, she actually sensed several familiar soul auras.

This meant that the people she had seen in the past were in here now.

She remembered the souls of these few people very clearly. They were Huang Hong and Fang Wanli from Eagle Village, and one was Yan Xiaoqiao, who was from the capital.

Since these people had appeared here, it was obvious who had captured her!

It seemed that the person who wanted to capture her was the fugitive Prince Fu.

With this guess in mind, Li Xiaoran heaved a sigh of relief.

Not knowing the situation was the most worrying.

Now that she knew who the other party was, everything was easy to deal with.

Soon, Li Xiaoran was locked in a room.

There was silence all around her. The cloth on her eyes had not been taken off, so Li Xiaoran could only rely on her ears to listen to the commotion around her.

At this moment, she sensed carefully and roughly estimated that there might be five to six hundred people in this place.

It seemed that this place was probably a hidden base for Prince Fu.

However, what was the purpose of Prince Fu capturing her?

If it was hatred, he could have killed her directly to vent it.

If that wasn't the case, he probably planned to use her to threaten Luo Cheng.

Why did he want to threaten Luo Cheng?

With Luo Cheng's relationship with the Third Prince, Prince Fu probably wanted to use Luo Cheng and turn things around for himself!

After figuring out this, Li Xiaoran knew what to do.

In that case, she was safe for the time being.

As expected, footsteps sounded not long after.

After the cloth in front of Li Xiaoran's eyes was removed, she saw the person in front of her clearly. The person was an unfamiliar girl.

"Consort, you must be hungry! Our master instructed me to send you some food!"

With that, the maid went to loosen the rope on Li Xiaoran's hands and feet.

Li Xiaoran didn't do anything to harm herself. Instead, her gaze landed on the food on the table not far away.

There was a bowl of porridge, a plate of side dishes, and a plate of meat.

After Li Xiaoran walked over, she picked up the bowl, chopsticks, and ate without hesitation.

Soon, Li Xiaoran finished the food sent over and wiped her mouth with a handkerchief!

"As expected of the consort. You're actually so carefree even after being captured. You actually ate the food sent to you. Aren't you afraid that we poisoned it?" A man's voice came from outside the door..

Chapter 873: Prepared

As Li Xiaoran stared at the person, she smiled.

"I can't compare to you! You know that you're wanted everywhere, but you actually dare to capture me so blatantly! I'm impressed!"

When Ling Wei heard Li Xiaoran's words, the smile on his face faded and his eyes lit up.

"You're really eloquent! You don't have any self-awareness at all!"

"It takes one to know one. Speaking of eloquence, you're also quite impressive!" Li Xiaoran raised her eyebrows and said, "Since you came to see me despite being so busy, you didn't come to bicker with me, right?! Why don't we get straight to the point?!"

After Ling Wei gave Li Xiaoran a meaningful look, he was silent for a moment.

"You're very smart, so you probably know my intentions. That's why you're not anxious! Li Yan said that you hold a lot of weight in Luo Cheng's heart. At first, I didn't believe her, but when I saw Luo Cheng searching for you like a mad dog, I finally believed her!"

When Li Xiaoran heard Ling Wei's words, she didn't show any signs of anger.

She knew that Ling Wei was trying to make her angry and make her lose her rationality.

She wouldn't let him have his way!

Besides, she knew best if her man was good or bad. She needed no one else's judgment.

"Mr. Fu, you should stop trying to play tricks! Such methods are useless on

When Ling Wei heard this and saw that Li Xiaoran was still very calm, he realized that his efforts were in vain.

"Alright, then I might as well get straight to the point. Do you think Luo Cheng will agree to my request and assassinate the Third Prince for your sake?

Between his brother and wife, who do you think Luo Cheng will choose?"

Li Xiaoran knew that Ling Wei would make such a request, so she sighed.

“Mr. Fu, if you were to choose, what would you choose? At least, you wouldn’t choose your woman! Just like Yu Baifeng. Even though she was in love with you, she was just a pawn in your hand!”

As soon as she said this, Mr. Fu’s expression changed drastically and he stared fixedly at Li Xiaoran.

“What nonsense are you talking about?”

“Am I spouting nonsense? Aren’t you Yu Baifeng’s master? Didn’t you abandon Bai Feng? You even tried to kill your own woman in Clear Dew Valley!” “How did you know?” Mr. Fu asked directly.

Li Xiaoran raised her eyebrows and said, “I guessed it! I guessed it!” When Mr. Fu heard this, he immediately heaved a sigh of relief.

“We’re not talking about me now, but about you! Consort, you’d better pray for yourself and hope Mr. Luo chooses you. Otherwise, you’ll die here!”

With that, Ling Wei turned around and left!

Since he couldn’t get any useful information from Li Xiaoran, Ling Wei didn’t plan to waste his time anymore.

After walking out, Ling Wei instructed his subordinates to guard this place and prevent Li Xiaoran from escaping or committing suicide.

After the guards heard Ling Wei’s instructions, they immediately closed the door and locked it.

After Li Xiaoran confirmed that Prince Fu had left, she stood up and stretched her limbs before walking around the room.

There was only one window in the room, but on closer inspection, the outside of the window was nailed shut with wood.

In other words, it was impossible for Li Xiaoran to escape through the window.

It seemed that the only way out of this house was through the door.

After confirming this, Li Xiaoran sat down and began to check her things.

In fact, she was carrying more than just bracelets and rings for self-defense. The earrings in her ears were also a sharp weapon.

In addition, Shu Ruyue also taught Li Xiaoran a way to hide things. She hid some powder and a note against her skin.

These things were pasted with something that looked like leather. Even if someone searched closely, they wouldn’t be able to find what was hidden inside.

Li Xiaoran sensed that there was no one else outside except the guards, so she quickly rolled up her sleeves and tore off the leather near her armpit. Then, she took out the powder, an antidote pill, and a note.

The powder was poison, the kind that could kill people as soon as it was scattered.

However, Li Xiaoran had to use it at the most dangerous moment in order for it to have a good effect.

Luo Cheng had made the antidote pill. There were only a few in total, and she kept one for emergencies.

If Li Xiaoran swallowed one, for at least half a month, she wouldn’t have to be afraid of others poisoning her.

As for the note, it was the brocade bag Wu Qinghe had given her previously.

Ever since Li Xiaoran obtained the brocade bag, she hadn’t used it even once.

Li Xiaoran felt that Wu Qinghe wouldn’t give her a brocade bag for nothing. Since she hadn’t used it yet, it meant that the time wasn’t right.

Therefore, after some thought, she hid the note, antidote pill, and powder in her brocade bag under her armpit.

After taking out the powder and taking the antidote pill, she opened the note.

The words “Jade Face Woman is your benefactor” were written on the note.

Li Xiaoran took a look. Although the message was a little strange, she still put away the note and burned it in the brazier at the side.

After confirming that the note had finished burning, Li Xiaoran placed the remaining powder back under her armpit and then stuck it on with the leather.

She had no other choice. She was trapped in this place now, so it was safest to hide it on her body.

Not long after, a maid and old servant sent hot water over.

However, when the old servant who brought hot water saw Li Xiaoran, she was a little surprised.

Then, she poured water and pretended as if nothing had happened.

After doing everything, the old servant carried the bucket out.

“Consort, I’ll bathe and change your clothes for you!” the maid said.

Seeing this, Li Xiaoran smiled.

“There’s no need. You don’t have to call yourself a servant. I’m just a woman from the countryside, so I’m not used to others serving me! Leave the clothes here. I’ll wash them myself. You can wait for me outside! After I’m done, you can get someone to move the water out!”

When the maid heard this, she didn’t insist anymore. After preparing everything, she retreated out of the room.

After Li Xiaoran confirmed that there was no one around, she took off her clothes and took a shower.

She felt much more comfortable after taking a shower.

Previously, she had fallen into the cave and had a long ride in a carriage, so she was already exhausted.

After taking a shower and changing her clothes, she felt much more comfortable.

However, Li Xiaoran actually smelled a familiar scent of tracking incense from these clothes.

It seemed that Prince Fu indeed had ties with the people of Shatai Village!

Chapter 874: Help

At the same time, Luo Cheng also thought of the modified tracking incense on Li Xiaoran, so he asked someone to bring Big Yellow over from Hele Village and let it track her.

It had to be said that Big Yellow had a very sharp sense of smell.

After smelling Li Xiaoran’s clothes, Big Yellow quickly found Li Xiaoran’s abandoned clothes.

Then, Luo Cheng brought Big Yellow to continue tracking on both sides of the riverbank. On the third day after Li Xiaoran arrived at the mountain stronghold, Big Yellow smelled traces of Li Xiaoran.

As Luo Cheng looked at the forest in front of him, he immediately realized something.

Luo Cheng quickly arranged for his people to enter the barren mountain forest to search.

Before Luo Cheng and the others could start, an arrow suddenly shot over from afar.

Luo Cheng pulled the arrow out of the tree and took down the letter.

“The consort is in Ling Wei’s hands and is safe for the time being! At midnight today, we’ll wait at a mountain stream waterfall in the southwest. I’ll save her!

Don’t bring people in to alert the enemy!”

After Luo Cheng received the letter, he pondered for a moment.

“Go and call Wu Qinghe over!” Luo Cheng said to Zi Zheng.

Zi Zheng nodded and went to look for Wu Qinghe.

Wu Qinghe rushed over when he received the news.

“Qinghe, take a look at this. Is it trustworthy?”

After Wu Qinghe finished reading it, he took out his copper coin. After divining a few times, he nodded. “Mr. Luo, according to the divination, the southwest is indeed an auspicious position and is beneficial to the consort. This person should be the benefactor who can help the consort escape danger! Mr. Luo, why don’t you send your men to the southwest and sneak over with a few agile people to meet her outside?!”

When Luo Cheng heard Wu Qinghe’s words, he finally calmed down.

After Li Xiaoran’s incident, Luo Cheng tried his best to calm down and think about a countermeasure.

But he really couldn’t do it. His mind was filled with scenes of Li Xiaoran being tortured.

If this continued, he wouldn’t be able to hold on until Li Xiaoran was saved.

Fortunately, there was finally news. This calmed Luo Cheng down.

However, Luo Cheng couldn’t take it anymore. After arranging everything, he brought Lin Ning and Jiao Hang to change into camouflage clothes. Then, under the cover of the night, they sneaked into the forest.

Luo Cheng was very lucky. When he found Ling Wei’s stronghold, it was already midnight.

Because Li Xiaoran had slept for a long time during the day, she wasn’t asleep at this moment and her imagination was running wild.

At that moment, there was a commotion outside.

When Li Xiaoran heard this, she became vigilant and sat up to hide by the cabinet.

Li Xiaoran could see the situation at the door from this cabinet, but others might not be able to see Li Xiaoran hiding in the cabinet after coming in.

“Thank you for your hard work tonight! This is the supper our master asked us to send over to reward you!” An old servant sent over a basket of delicious food. There was meat, dishes, and a bowl of hot soup.

“Why is it just soup? There’s no alcohol!” a guard complained.

“It’s good enough that there’s food for you guys. You even want alcohol? Dream on! Think about who you guys are guarding. That’s the consort. If anything happens to her, the current lord will skin you alive!”

When the guards heard the old servant’s words, they immediately laughed and quickly picked up their bowls and chopsticks to eat.

“Yes, yes, yes. You have a point!” a guard said as he ate.

“It’s good that you know. Hurry up and eat! After you guys finish eating, I’ll wash them!” As the old servant spoke, she yawned and said sleepily, “After I wash the dishes, I can have a good sleep!” Seeing this, the guards quickly sped up as they ate.

After eating and drinking some hot soup, they felt much warmer.

After the old servant put the bowls and chopsticks in the food box, she left.

For some reason, they felt a little sleepy after eating.

As a result, the guard fell asleep while standing.

Even Li Xiaoran, who was hiding behind the cabinet, could hear them snoring at this moment. This surprised her.

Could these people have set up a trap to test her?!

Were the people outside really asleep, or was it a trap set up by Ling Wei? Should she take the risk and give it a try?

Many thoughts flashed across her mind, but Li Xiaoran didn't know what to do!

At that moment, there was some more commotion outside.

This time, someone came straight to the door and unlocked it, then pushed it open and walked in.

"Li Xiaoran, Li Xiaoran, where are you? I'm here to save you. Come out quickly!"

When Li Xiaoran heard this voice, she found it familiar. At the same time, she felt that this person's aura was also familiar.

The person who came in said, "Li Xiaoran, it's me, Jade Face. Have you forgotten that we've met several times at Guan Dongshan's house in Hele Village?!"

When Li Xiaoran heard the words Jade Face and Guan Dongshan, she immediately thought of someone.

Li Xiaoran thought of the brocade bag Wu Qinghe had given her, so she walked out and asked, "It's you, Jade Face. Why are you here?"

Seeing that Li Xiaoran appeared, Fan Xue immediately laughed.

"Don't worry about why I'm here. Take this opportunity to leave quickly! Luo Cheng is in the southwest. Leave this place first and run southwest. Luo Cheng will be waiting for you at a waterfall!"

Li Xiaoran nodded and walked out quietly under Fan Xue's lead.

After Fan Xue closed the door, she locked it again.

After that, the two of them walked towards the kitchen.

Along the way, they didn't even encounter a single patrol. They arrived at the kitchen safely.

"Something's wrong. This is where Prince Fu is hiding, so why isn't there anyone patrolling?! Don't you think it's strange?" Li Xiaoran looked around and lowered her voice to ask.

"Don't worry, when I brought you out, I happened to avoid the patrolling people! If you don't believe me, wait a moment. In a while, there will be patrolling people passing by. Let's hide here first!" With that, Fan Xue blew out the light and pulled Li Xiaoran to curl up in the corner of the kitchen while waiting quietly.

Sure enough, not long after, they heard footsteps. Then, they patrolled the kitchen and went elsewhere.

After Li Xiaoran saw him leave, she heaved a sigh of relief.

"Where are we going now?" Li Xiaoran asked..

Chapter 875: A Dog Hole?

When Fan Xue heard Li Xiaoran's words, she smiled strangely.

"Hey, are you willing to go into a dog hole?"

When Li Xiaoran heard Fan Xue's words, she was stunned for a moment before laughing.

"Sure. It's just a dog hole. If I can survive, I'm willing to do anything, even hide under someone's thighs!"

Fan Xue originally wanted to see Li Xiaoran make a fool of herself, but she unexpectedly heard Li Xiaoran say this.

"Don't you think the humiliation is unbearable?"

Li Xiaoran shook her head and looked out at the darkness.

"My family and my lover are all waiting for me to go back!! In order to survive, I can naturally withstand the humiliation! Besides, who knows what I'll experience in life?! The humiliation today

is the motivation for me to work hard in order to succeed in the future. I'll remember all of this and accumulate my strength in order to take revenge."

Fan Xue didn't expect Li Xiaoran to interpret it this way. The person in front of her seemed to be different from the people she had known before.

"You're indeed very special. I liked you since I met you! Consort, you're really different from other people. You have a charm that makes people want to follow you after they get to know you! I finally understand why Shu Ruyue has been following you and protecting you!"

Li Xiaoran smiled when she heard Fan Xue's words. Just as she was about to say something, her expression suddenly changed.

"Tell me the truth. What's your relationship with Prince Fu?"

"What's wrong?" Fan Xue asked in confusion when she saw Li Xiaoran's expression change.

Li Xiaoran stared at Fan Xue as she said, "It's a trap. Outside this house, many people suddenly appeared and surrounded us! There are already 20 people lying in ambush in the east!"

Fan Xue froze for a moment before realizing something.

"I'm not on the same side as Prince Fu. I was also ordered to sneak in! Our boss is short of a rare medicine. He asked around and found out that it's in the hands of Prince Fu, so after I left you guys last time, I changed my identity and approached Prince Fu. I thought that I had completely won his trust!"

"It seems that Prince Fu has always been suspecting you! Otherwise, how could he have predicted your plan to escape from the dog hole?! Do you know any other way to leave this place? If you don't, I'm afraid we won't be able to get out today!" Li Xiaoran could tell that Fan Xue wasn't lying to her, so she began to think of other ways.

"I'm not very familiar with this place. Prince Fu also came here at the last minute to settle down! Therefore, I don't know where there's another way out for the time being!" Fan Xue's heart sank as she told her the actual situation. "But don't worry, I'll save you! Luo Cheng is nearby. As long as you run out, you'll definitely be saved!"

Li Xiaoran shook her head and said, "No, Prince Fu won't do anything to me, but he definitely will punish you! Hurry up and leave this place. Go back to your place and pretend that nothing happened! By the way, is there anything else to eat in the kitchen? Get me some food. I'll bring some food back!"

"Prince Fu won't let you off!" Fan Xue said anxiously, "You'll be saved as long as you leave this house!"

"I'll be saved, but you'll lose your life! Jade Face, no one's life is more precious than anyone else's! My life is precious, and your life is also precious! I'm still useful to Prince Fu, so he won't kill me! But he'll definitely kill you! This time, listen to me!"

With that, Li Xiaoran stood up and searched the kitchen under the moonlight.

No one had ever said such a thing to Fan Xue.

For the first time in her life, someone told her that her life was just as important as anyone else's. Her boss would hand over dangerous missions to his subordinates every time. He himself never took any risks.

He wouldn't put himself in danger for the sake of his subordinates' lives.

Just as Fan Xue was lost in her own thoughts, Li Xiaoran immediately found a roasted chicken.

Then, she walked out with the chicken.

"Remember, go back to your room!"

With that, Li Xiaoran opened the door of the kitchen and walked towards the place where she had been placed under confinement.

Perhaps Li Xiaoran was lucky, but when she returned to that room, no one noticed her. However, looking at the locked door, Li Xiaoran was a little dejected. The door was locked, so how was she going to get in and pretend she hadn't left? At this moment, Fan Xue appeared and unlocked the door. "Quick, go in. I'll lock it for you outside. I'll find an opportunity to loosen the wooden bars on the window later. Then, we'll find another opportunity next time!" Fan Xue urged her. Li Xiaoran nodded and walked in with the chicken. Fan Xue closed the door quickly. Then, she sprinkled a handful of powder on the guards and quietly returned to her place. After doing all this, Fan Xue changed her clothes and went to bed to rest. After Li Xiaoran returned, she ate some roasted chicken. Then, she wiped her mouth and lay on the bed to ponder over it. Luo Cheng must have brought people outside. Since she didn't go out, they would realize that something was wrong. Prince Fu had placed so many people around the house in the middle of the night not only to ambush her, but probably because he also received the news that Luo Cheng was already here. She hoped that Luo Cheng wouldn't be rash now and would leave quickly when he saw that the situation wasn't right. Just as Li Xiaoran was thinking about Luo Cheng, Luo Cheng also brought his men outside the house. Fortunately, not long after Luo Cheng arrived, he saw a group of people coming out of the house and lying in ambush around it. Seeing this scene, Luo Cheng understood that Li Xiaoran definitely wouldn't be able to come out tonight. After Luo Cheng estimated the other party's strength, he didn't act rashly. Instead, he stood there motionlessly with his men. At this moment, it wasn't better not to alert the enemy and wait quietly instead. After they waited for a long time, there was still no movement in the house. The people lying in ambush outside the house didn't leave. The people inside must have sensed the ambush outside, so they didn't act rashly. Thinking of this, Luo Cheng heaved a sigh of relief. At this moment, because there were people lying in ambush below, Luo Cheng could only hide in the treetops. Gradually, Luo Cheng's eyelids drooped and he actually fell asleep!

Chapter 876: Pei Xuanxin's Dream

As Li Xiaoran waited, she fell asleep from exhaustion. However, as soon as she fell asleep, she entered a dream. This time, Li Xiaoran saw Luo Cheng curled up on the tree outside the house, and there was a group of people lying in ambush under the tree. Li Xiaoran floated over and asked softly, "Husband, why are you here?" After Luo Cheng opened his eyes in his dream and saw Li Xiaoran, he suddenly thought of something. "Wife, you entered my dream?"

Li Xiaoran nodded and looked around as she said, "I think so. Otherwise, I wouldn't have appeared outside the house! I was clearly asleep in the house!"

"What exactly is going on? I received a letter saying that I would meet you under the waterfall in the southwest tonight. Why hasn't there been any news yet?" Luo Cheng asked.

"It's Jade Face, the one who went to Aunt Hui and Uncle Guan's house in the past. She was lurking beside Prince Fu and planned to save me tonight. It's just that when we arrived at the kitchen, I felt that there were many people surrounding the house, especially outside the dog hole we planned to crawl into previously. There were many people lying in ambush, so I changed my mind. I let Jade Face go back and rest. I also returned to my room to rest! Husband, I keep feeling that Prince Fu knows that you're back. That's why he arranged so many people to lie in ambush outside!" Li Xiaoran briefly explained what had happened on her side.

Luo Cheng immediately understood and asked, "Did he really capture you to threaten me?"

Li Xiaoran nodded. "Prince Fu wants you to choose between me and the Third Prince. If you choose me, you'll have to kill the Third Prince!"

Luo Cheng smiled when he heard Li Xiaoran's words.

"Ling Wei knows me very well! If I really had to choose between you and Third Brother, I would definitely choose you!"

When Li Xiaoran heard this, although she was very happy, she still had to stop him.

"Husband, don't say that. It hasn't reached that stage yet! From the situation tonight, on the one hand, Prince Fu wanted to see if there were any traitors beside him, and on the other hand, he wanted to ambush you. Don't fall into his trap! Anyway, you know where I am now, so think carefully about what to do. Don't panic because of me!"

Luo Cheng held Li Xiaoran's hand and smiled.

"Don't worry, I won't be led by the nose by Ling Wei! Why should I do whatever he says? He underestimates me! Xiaoran, wait for two days. My men will save you soon!"

Li Xiaoran nodded and said, "Don't worry about me. I'm fine. I'll protect myself!"

By the way, I'll tell you the layout of this house!"

Luo Cheng nodded and watched Li Xiaoran draw something on his palm.

After a while, the fog enveloped Li Xiaoran and she disappeared from the dream.

After Luo Cheng woke up from his dream and opened his eyes, he heard the sound of insects chirping. When he looked down again, he saw that those people were still lying in ambush below.

After receiving the news from Li Xiaoran, Luo Cheng already knew what to do.

After Li Xiaoran left the dream, she fell asleep in peace.

She slept until dawn the next day.

When Li Xiaoran was done washing up, Fan Xue, who was disguised as an old servant, came to deliver food again.

Seeing that Li Xiaoran was resting well, Fan Xue smiled.

As for the guard from yesterday, although he slept for a while, he didn't notice it and only thought that he dozed off for a while.

Therefore, things were very peaceful.

The people who had been lying in ambush outside all night were exhausted. Seeing that it was dawn, they went back to rest.

Luo Cheng took this opportunity to count these people and observe the house.

After these people entered the house, Luo Cheng waited for another two hours before leaving quietly with his men.

The people at the waterfall waited until dawn, but no one came, so they knew that something had happened and came back to report to Luo Cheng.

After Luo Cheng gathered his men, they began to discuss countermeasures.

After Li Xiaoran ate breakfast, she thought that Prince Fu would continue to have her locked up, but she didn't expect someone to come.

When Pei Xuanxin appeared in front of Li Xiaoran, Li Xiaoran recalled the scene she experienced when she was on the verge of death and her gaze immediately became complicated.

In Li Yan's previous life, the Host of her body was married to Pei Xuanxin.

The couple was loving and supported each other. They lived a blissful life until Li Yan appeared and killed the Host out of jealousy.

In this life, because of Li Yan's rebirth, Pei Xuanxin's life trajectory had changed drastically.

However, even after Li Yan married Pei Xuanxin, she still didn't have everything she wanted, which was very ironic!

Pei Xuanxin looked at Li Xiaoran with a strange gaze.

No one knew that Pei Xuanxin had a very long dream when he fell sick not long ago.

In that dream, he didn't meet Li Yan, but Li Xiaoran.

Li Xiaoran was the one who gave him medicine to save his mother, and Li Xiaoran was the one who married him.

In his dream, he didn't meet Qi Fei and Ai Mingze, nor did he study with them.

From the beginning to the end, it was Li Xiaoran who accompanied him. She did her best to take care of him, encourage him, and accompany him on his way to becoming the top scholar.

She accompanied him and her reminders allowed him to avoid many traps. Because of her support, he became a first-rank official of the government step by step.

They had children and were very loving, but after Li Yan killed Li Xiaoran, their happy life was ruined!

The dream stopped there.

After Pei Xuanxin woke up, his clothes were wet and he was in a state of shock.

However, at this moment, his father-in-law gave him a mission to bring some people here to protect someone.

When he saw King Fu's son, Ling Wei, Pei Xuanxin realized that his father-in-law was a member of Prince Fu's faction.

Before he could process this information, he learned from Prince Fu that the consort, Li Xiaoran, had been captured and confined here.

After receiving this news, Pei Xuanxin's first reaction was to go see Li Xiaoran.

He had to see her!

Therefore, with his former identity as Li Xiaoran's brother-in-law, Pei Xuanxin obtained Prince Fu's approval and came to see Li Xiaoran.

"Are you alright?" After Pei Xuanxin spoke, he was shocked.

His voice was very hoarse!

When Li Xiaoran heard Pei Xuanxin's words, she immediately smiled.

"I can eat and sleep.. Other than not having freedom, things aren't that bad!"

Chapter 877: A Sense of Propriety

Pei Xuanxin didn't expect to hear Li Xiaoran say such a thing. He was stunned for a moment and didn't know what to say.

He had a thousand words to say, but he couldn't bring himself to say them.

How should he put it?

Could he just say that he had a very vivid dream and that in the dream, she was his wife?

That was out of the question!

"Are you here to help Prince Fu persuade me?" As Li Xiaoran looked at the hesitation on Pei Xuanxin's face, she sensed his emotions.

She really didn't expect that not only did she see what happened in her previous life with Li Yan, but Pei Xuanxin also dreamed of what happened in her previous life. No wonder he had a complicated expression when he walked in just now.

No matter what Pei Xuanxin thought, she wouldn't let him say anything inappropriate.

Not to mention that she wasn't the Host in her previous life, in this life, she was already Luo Cheng's wife, so she shouldn't have anything to do with other men.

Not even in her previous life.

In marriage, one had responsibilities besides being in love.

When one really loved someone, one should have a sense of propriety.

There were some things that had to be done decisively!

A lack of sense of propriety would only hurt the relationship between husband and wife!

Pei Xuanxin was stunned for a moment, then his gaze moved to the guard outside and he nodded.

"To be precise, I want you to write a letter to Luo Cheng and persuade him to help the crown prince sit on the throne! Not to mention anything else, you have to consider your own life! If you don't write it, I'm afraid you really won't be able to escape alive! You also know that Li Yan has always been jealous of you and has always wanted to get rid of you. She's in this house now and is being watched by the crown prince. Otherwise, you wouldn't have such a peaceful time!"

When Li Xiaoran heard this, she immediately laughed.

"I know. I was almost strangled by her when I was just captured!"

With that, Li Xiaoran put down her collar and the purplish-black fingerprint marks appeared in front of Pei Xuanxin.

"Look, this is Li Yan's doing!"

When Pei Xuanxin saw this scene, his pupils dilated and he stood up. When he thought of the scene of Li Xiaoran lying in a pool of blood after being stabbed by Li Yan several times in his dream, his eyes immediately turned red.

No, this couldn't go on. He had to help her get out of there.

No matter what, he couldn't watch something bad happen to Li Xiaoran in front of him again!

Li Xiaoran sensed Pei Xuanxin's strong protectiveness and straightened her collar again.

"Actually, I should congratulate you! It's a good thing that you got rid of Li Yan.

At least she can't harm you in the future!"

Pei Xuanxin came back to his senses, but was stunned when he heard Li Xiaoran's words.

Pei Xuanxin looked at Li Xiaoran meaningfully as he said, "It's not a good thing. Perhaps meeting her wasn't a good thing in the first place! If I could turn back time, I would rather never have known her!"

They marveled at their encounter in this life and at everything in the dream!

Nothing good had happened after he met Li Yan in reality and in his dream.

In his dream, Li Yan broke up his happy family, and in reality, didn't Li Yan also ruin the rest of his life?

Now, hadn't he already been forced to take a path of no return?

Others might not know, but Pei Xuanxin knew very well.

The current emperor was a wise ruler. Under his leadership, the nation would definitely obtain glory!

On the other hand, King Fu's son, Ling Wei, actually needed him to bring people to protect him. To be honest, if his father-in-law had told him all this earlier, he would have persuaded him to change his mind.

Unfortunately, he was pulled into this mess by his father-in-law and was in a dilemma now!

As Li Xiaoran read Pei Xuanxin's thoughts, she sighed.

Sometimes, fate toyed with people!

Originally, Pei Xuanxin could have given up all his wealth and glory, gotten rid of Li Yan, and started a new life.

However, he couldn't bear to let his years of hard work go to waste, so he accepted the marriage proposal from an official's daughter.

He could have used this as an opportunity to make a comeback. Unexpectedly, he entered a tiger's den as soon as he left the wolf's den.

Li Xiaoran thought of something and said, "Yes, there are many situations where one seems to have no choice, but there are still choices. As long as one thinks of them, there are definitely choices!"

When Pei Xuanxin heard this, he pondered over it carefully.

Li Xiaoran said again, "People are always pessimistic when they're in trouble! Little did you know that in the past, you actually had thousands of paths to choose from! What trapped you wasn't everything around you, but yourself!"

"Oh really? In that case, I want to see what the smart consort will do. Or do you really think you can escape from this house?" At this moment, Ling Wei walked in.

When Li Xiaoran saw Ling Wei, she immediately smiled.

"It's the same for me! Although I'm trapped here, my heart is free, so I can make any choice I want!"

"Hmph, it seems that I've treated you too well!" With that, Ling Wei left with Pei Xuanxin.

After Pei Xuanxin glanced at Li Xiaoran, he left with Ling Wei.

Seeing this, Li Xiaoran immediately smiled.

However, Li Xiaoran knew very well that the following days would probably be a little torturous.

As expected, not long after, Li Yan appeared in front of Li Xiaoran.

"The crown prince asked me to come over and watch you. Li Xiaoran, from now on, you're my prisoner. You'll do whatever I tell you to do. You have to listen to me!"

When Li Xiaoran heard Li Yan's words, she immediately laughed.

"If you want me to listen to you, you have to have the ability to make me listen to you!"

When Li Yan heard this, she immediately rushed over to slap Li Xiaoran!

Unfortunately, Li Xiaoran was no longer the former Li Xiaoran.

Even without Luo Cheng by her side, she wasn't someone Li Yan could bully.

As a result, the person who was slapped wasn't Li Xiaoran, but Li Yan.

Li Yan never expected that she would become the one who was beaten up instead in the blink of an eye.

"You bitch!" With that, Li Yan rushed over again.

As blood flowed down, Li Yan blacked out.

When the guard heard the commotion inside, he only thought that Li Yan was bullying Li Xiaoran, so he didn't care. He didn't even think of coming in to take a look.

Li Xiaoran slowly walked towards Li Yan and slapped her again!

Chapter 878: Exposed

After two slaps, Li Xiaoran still hadn't vented enough, so she simply slapped Li Yan a few times in a row until she fainted again.

Seeing that Li Yan had fainted, Li Xiaoran shook her hand and went to sit at the side to catch her breath.

It had to be said that slapping people was also quite taxing!

Originally, Li Xiaoran didn't plan to slap her so many times, but looking at Li Yan, she recalled the scene of the Host being stabbed to death by Li Yan in her previous life.

Although she wasn't the Host, she had taken over the Host's body after all, so she had to stand up for the Host.

It was also because she didn't have any medicine left. Otherwise, she definitely would have gotten the most torturous medicine for Li Yan to take and let her experience what the Host suffered after she was stabbed.

After she vented her anger, Li Xiaoran suddenly thought of something.

There was such a big commotion inside, but why didn't the people outside have any intention of coming in to stop her?

Could they not tell that the person who was beaten was Li Yan?

Or perhaps, in their eyes, Li Yan's life wasn't important!

Thinking of this, Li Xiaoran simply tore Li Yan's clothes into strips of cloth and tied Li Yan to a chair.

After doing all this, Li Xiaoran was even sweating.

After wiping the sweat off her face with a handkerchief, Li Xiaoran sat on the bed and stared at Li Yan in a daze.

She wondered how her husband was doing now. Did he do anything rash?!

In fact, Luo Cheng was very busy now!

After waking up from the dream yesterday, Luo Cheng had already thought of a good way to save Li Xiaoran.

He already knew the distribution map of the house, so he quickly came up with a brilliant idea.

On this day, other than Fan Xue, who delivered food on time, Li Xiaoran didn't see anyone else.

When Fan Xue saw Li Yan sitting on the chair with a bruised face from Li Xiaoran's beating, she immediately gave Li Xiaoran an impressed look.

She was the first person to beat up Prince Fu's people and tie her up under Prince Fu's nose!

Because Li Yan was around, the two of them couldn't say anything and only communicated through eye contact.

After putting down the food, Fan Xue left.

After Li Xiaoran finished the food in big mouthfuls, she prepared to take an afternoon nap to accumulate strength.

She had a feeling that her husband would definitely save her tonight.

After letting her imagination run wild for a while, Li Xiaoran simply went to get a stick, with one end on Li Yan's body and one end on her bed.

As long as Li Yan woke up and struggled, the stick would fall to the ground and wake Li Xiaoran up.

With this arrangement, Li Xiaoran went to take an afternoon nap with peace of mind.

When she woke up from her afternoon nap, Li Yan was still unconscious. After Li Xiaoran checked Li Yan's breathing and confirmed that she was still breathing, she ignored her.

She didn't care if Li Yan was dead or alive!

If she was still alive, she would teach her a lesson in the future.

If she died, that was her fate!

Soon, night fell.

When the guard at the door came in during dinner and saw Li Yan, he found someone to bring her out. After that, Li Xiaoran was left alone.

Without a dangerous person by her side, Li Xiaoran felt more comfortable.

While someone was sending food to the guards outside, Li Xiaoran snuck to the window and realized that when she pushed it gently, the window was actually a little loose.

At this moment, Li Xiaoran finally understood what Fan Xue meant when she came to deliver food at night.

At that time, Fan Xue pointed at the window and made a pushing gesture.

Li Xiaoran understood, but she wasn't very certain. Now that she came over to try, she realized that she was right.

After quickly returning to bed, Li Xiaoran began to rest again.

She would rest early and cause trouble tonight!

Before long, dark clouds drifted over from the sky and the surroundings darkened.

No one realized that there were suddenly many long lines drawn on the house.

At the same time, men in black descended from the line and landed in the house before silently taking out the patrols.

Fan Xue came to deliver supper to the guards again. This time, the guards fell for it again.

Just as she opened the door and went in to look for Li Xiaoran, a few people suddenly barged in.

"Who are you guys? Why did you guys follow me in?" Fan Xue's face was filled with vigilance. She didn't expect to be so careless that she didn't even notice that people had snuck in.

"Fan Xue, don't be afraid. My husband is here!" Li Xiaoran immediately said with a smile.

From the moment Luo Cheng and the others appeared, Li Xiaoran sensed their emotions and was immediately overjoyed.

When she really saw her husband appear in front of her at this moment, Li Xiaoran finally felt that it was reality.

Luo Cheng walked in and hugged Li Xiaoran.

"Xiaoran, it's good that you're fine!"

"Yes, I'm fine, but we can't stay here for long. Let's leave quickly! Bring Fan Xue along!" Li Xiaoran said.

Luo Cheng nodded and pulled Li Xiaoran before looking at Fan Xue. "Are you leaving with us?"

Fan Xue nodded and replied without hesitation, "Let's leave together!"

"Alright, then follow us quickly!" Luo Cheng said as he led the two of them out. As soon as they left, Luo Cheng asked someone to bring out two safety ropes.

Li Xiaoran lowered her voice as she taught Fan Xue how to put it on.

After the two of them got dressed, Luo Cheng fastened the clasp of the rope and pulled, indicating that the person not far away could exert strength.

Next, Li Xiaoran and Fan Xue rose into the sky and flew out of the house. Fan Xue was stunned by this, but she suppressed her shock and looked at everything under her feet.

At this moment, the people in the house had already discovered them and many people ran out.

"Look, there's someone up there! It's Li Xiaoran. That b*tch Li Xiaoran is about to be saved!"

When Li Yan heard the commotion, she raised her torch and shouted when she looked up and saw Li Xiaoran, who was about to leave.

At this moment, Ling Wei, who had just walked out, heard Li Yan's words and looked up at the sky. He immediately took out his bow and arrow to shoot at Li Xiaoran. Although Li Xiaoran moved very quickly, she was still within Ling Wei's shooting range. Luo Cheng also heard the commotion, but it was too late for him to rush over. Just as the arrow was about to be shot, a figure ran out and knocked Ling Wei to the ground. Then, the arrow missed and hit the wall..

Chapter 879: The End

Li Xiaoran took this opportunity to leave the house with Fan Xue and enter a forest.

Seeing that he had missed the opportunity to keep Li Xiaoran behind, Ling Wei pulled out his sword in anger and stabbed at the figure who had bumped into him. In the end, the figure rolled to the side and avoided having his vital spot stabbed, but his thigh was stabbed.

"Pei Xuanxin, how dare you betray me?!"

With that, Ling Wei drew his sword with extreme hatred and tried to kill the person on the ground.

At this moment, Luo Cheng, who had rushed over, stopped Ling Wei's attack.

"Ling Wei, I'm your opponent!"

When Ling Wei heard this voice, his pupils dilated and he laughed.

"Luo Cheng, sorry for not coming out to welcome you! You came at the right time. Men, let's entertain Luo Cheng today!"

"Is that so? Brothers, come out and see how Prince Fu will entertain us!" Luo Cheng sneered.

As soon as he finished speaking, the people outside kicked the door open and rushed in to surround Ling Wei and the others.

Seeing this, Ling Wei knew that the situation wasn't in his favor and wanted to leave.

Ling Wei narrowed his eyes and asked, 'How did you get here so quickly?'"

Luo Cheng smiled when he heard this.

"I have to thank you! It's all thanks to your tracking incense!"

When Ling Wei heard this, he was immediately confused.

Of course, Luo Cheng wouldn't explain it to Ling Wei. Facing the person who had captured Li Xiaoran, Luo Cheng wouldn't be soft-hearted at all. This time, he definitely wouldn't let Ling Wei escape again.

Since he dared to hurt his lover, Ling Wei had to die!

Luo Cheng didn't waste any more time and started fighting Ling Wei.

Because Luo Cheng had the advantage in numbers, the people around Ling Wei weren't his match at all and were all defeated.

When Ling Wei heard the screams, he panicked even more!

After some thought, Ling Wei tried to escape as he fought with Luo Cheng.

As long as he escaped from here, he could obtain a chance of survival.

Unfortunately, Luo Cheng didn't give Ling Wei a chance at all. Every time Ling Wei tried to escape, he was stopped by Luo Cheng.

Ling Wei was accidentally struck by Luo Cheng's sword. A deep wound appeared on his arm and blood flowed down.

After staggering back a few steps, Ling Wei stopped in a corner.

At this moment, Ling Wei's expression changed and he immediately realized something.

"Your sword has poison on it?"

"Of course. You've already attacked Li Xiaoran, so there's no need for me to be merciful when dealing with you!" Luo Cheng said as he jumped up and stabbed Ling Wei's vital spot.

At this moment, Ling Wei jumped. Then, he grabbed someone and pushed the person towards Luo Cheng.

Before Luo Cheng could react, a figure bumped into his sword.

There was the sound of a sword stabbing into a person's body, then a woman's voice sounded.

"How? How did I die at your hands again?!"

The flames reflected on Li Yan's pale face, but Luo Cheng didn't feel any pity at all. After he pulled out his sword, he pushed Li Yan away and chased after Ling Wei.

As Ling Wei looked at the well not far away, he ran forward step by step.

As long as he jumped into the well, he could survive.

He dragged his injured body towards the only way out.

When he was just a step away, an arrow flew over and hit Ling Wei's chest.

Ling Wei fell straight down. As he took his last breath, he kept staring at the well water indignantly...

Since Ling Wei was dead, the others naturally surrendered.

After Luo Cheng arranged things, he went to see Li Xiaoran.

At this moment, Li Xiaoran and Fan Xue were sitting in the carriage. Shu Ruyue was also there. The three women each held a cup and drank hot water from it.

Hearing footsteps, Li Xiaoran immediately lifted the curtain and saw that Luo Cheng had returned.

At that moment, Li Xiaoran's heart skipped a beat. Then, she jumped out of the carriage and ran towards Luo Cheng.

Everyone had a certain someone who made you want to run towards him as soon as you saw him!

When Luo Cheng saw Li Xiaoran running towards him, he opened his arms and hugged her!

Everyone had a certain someone who when she ran towards you, you felt like you had the entire world within your grasp!

Three days later, Li Xiaoran woke up in Luo Cheng's arms and noticed the sunlight shining through the window.

After putting on her clothes and going out, Li Xiaoran actually saw wisps of light shining down from the sky.

"Isn't this the Tyndall effect? I really didn't expect it to look so beautiful in this valley!"

As Li Xiaoran marveled at the Tyndall effect, she picked up a basket and sickle from the corner of the room.

The wasteland outside the stone house was filled with green chives.

Li Xiaoran walked over and placed some in a basket.

Luo Cheng quickly got up and washed up before coming over to help Li Xiaoran clean up the chives.

"Chive dumplings are delicious, but unfortunately, chives are very difficult to clean!" Luo Cheng couldn't help but lament.

"Of course. We're willing to wait for delicious food! Because the wait is worth

As Li Xiaoran cleaned the chives, she replied with a smile, "Besides, we have a lot of time to eat the delicacies we want now!"

When Luo Cheng heard this, he nodded and followed Li Xiaoran! An hour later, a pot of millet porridge and chives dumplings were served on the stone table.

The two of them enjoyed the delicious yet cumbersome-to-make breakfast!

As Li Xiaoran ate, she looked at Luo Cheng and smiled as she said, "It's often said that the relationship between men and women will be exhausted by problems concerning daily livelihood! However, I feel that whether a relationship is good or not is reflected in matters concerning daily livelihood! Every trivial matter shows our love for each other!"

Luo Cheng looked at Li Xiaoran lovingly as he said, "The wisest decision in my life was to hold on to you tightly after meeting you! With you around, my life became meaningful!"

Li Xiaoran smiled as she placed a chive dumpling beside Luo Cheng's mouth.

Luo Cheng took a bite, then picked up a chive dumpling and placed it beside Li Xiaoran's mouth!

Life was uneventful, but blissfulness originated from this sort of mundane yet peaceful life.

(End of book)
