

The Substitute Bride Triplets And The Impotent Billionaire

Devious Plan

Chapter 56 Devious Plan

"Actress Lillee, cut." The director yelled out angrily after the umpteenth time.

"Do you know what acting is because all I keep seeing is total nonsense?" The director fired at her angrily which made her stare at him in grievances.

The people in the set began to whisper to each other, "She had kept making mistakes all day. Does she even know how to act?"

"Because of her we had to sleep late at night now she's at it again."

"How the hell did she even deserve to be called a great actress? Ah, by Conrad's influence."

"Let's go. She's looking at us, so scary." The group of people said and quickly walked away.

Lillee clenched her fist angrily. Ever since she saw Tinsley's multi-talented post, she had been uneasy about it all day which had also been affecting her acting. Not only did that bitch know about Jarek, but she also knew about Rory, one of the women on the Forbes list.

Rory built her empire from scratch without using her parents' money or influence!

No matter how Lillee tried to calm down, she couldn't because she was afraid of how Tinsley's good luck is getting these days, "I'm sorry director. I'll try to get in shape." She said, which made the director throw his script on the table angrily.

"You've been saying that all day, but you never get in shape. 15 minutes rest, if you still can't get it then you just throw yourself out of this movie for me." The director yelled angrily and stormed out of the venue.

"That damn Director," Lillee muttered under her breath and began to walk out of the room, but she had only taken a few steps when she mistakenly tripped due to her long dress and crashed on the floor.

"Oh no." The crew yelled out in shock and hurriedly walked toward her.

"Are you okay? Do you think you can walk?" The male lead also asked with concern for her.

Lillee's eyes turned red with shyness, "I... I think I can't." Her eyes reddened tearfully.

"Damn it. It seems the drama is being possessed." No one knows when the director came in, but he strode out again angrily.

"I'll help you up." The male lead was touched by her shyness, and so he said good-heartedly which made Lillee smile shyly.

"Bu. But..." She parted her lips as if to say that she had Conrad.

"For the drama." The male lead interrupted with a good-hearted smile which made her nod shyly

"Thank you, senior." She said with embarrassment.

"Where's your assistant?" The male lead, Brian, asked as he carried her toward her hotel.

Lillee's assistant called from behind them before Lillee could say a thing, "I'm here. Thank you for caring for our Lillee."

Brian carried her until they arrived in front of Lillee's room before he placed her down because he doesn't want unnecessary rumors and interactions. "Just make sure you call the doctor." He said and turned to leave.

A few seconds later, a series of pictures were uploaded online.

'Is Actress Lillee cheating with our famous actor Brian? @actress Lillee @Conrad @Brian.'

Accompanying the words are pictures of Lillee with Brian. Brian was carrying Lillee ambiguously. Her face was looking at him with a fond shy smile while he was also staring at her calmly.

'How legit is this? Is this Actress Lillee's new drama character? I'm interested.'

While some people's interests were stirred by the pictures, others began to drag the person who posted the posts because they've always believed that Lillee and Conrad's union can never be broken.

@Lillee Darling, no matter what anyone says, I'll always believe in you.

Conan's heartfelt relationship shocked the fans and caused a massive uproar. And it was completely clear all the bad names Lillee had been called on social media.

Soon a popular blog immediately posted: The truth is Lillee broke her leg during filming and her wonderful senior brother in acting helped her, they're so hardworking. The blog said which made fans touched. They also began to praise Lillee more.

But it wasn't even up to 30 minutes when a new post was revealed. The post was about Lillee getting fired by the director for her trash acting. Accompanying was the scene of Tinsley's acting.

Remembering how White Tigress also commented about Lillee's acting, the people who formerly praised her also began to bash her.

Lillee stared at her phone in disbelief.

How did all she did end up working against her in less than three hours?

Even though she didn't plan for the director to bash her, Lillee had planned the fall, and she had someone take the picture which she posted in order to change the people's opinions.

What she didn't know was that someone would spoil all she did immediately. She was so annoyed that she wanted to strangle the person, okay?

Her own life had been pulled into different misery while it wasn't the opposite for Tinsley.

If they continued that way, wouldn't she be at the end of the rope soon? A devious smirk flashed past her eyes and she picked up her phone and logged into another account where she usually used to carry out her bad deeds.

'I have been wondering where I've seen White Tigress, but it turns out that she was that slut who wanted to snatch her elder sister's husband. Ah, she had tricked the public and changed their opinions using a new identity. Such an immoral person. I could finally understand the reason she kicked and bad-mouthed Actress Lillee, it's because she hated her for spoiling her plans back then.'

After writing this, Lillee smiled evilly before she posted it online. She can't wait for people's interest to change to her own movie. She'll make sure to ruin Tinsley no matter what!

Lillee hummed happily and went to eat. The truth is she didn't switch her leg earlier but how can her plan work, if she didn't lie?

Her expression changed when Conrad's call came through. She immediately faked a calm expression before she picked up her call.

"Conrad," Lillee called in a sweet voice.

"Lillee, did you know what's going viral now?" Conrad asked in a serious voice.

Lillee's expression flashed with a devious smirk. "No, are people bashing me online again?"
