

The Lord 1451

Chapter 1451: Trap

Clang! Clang! Clang...

Metallic clanging sounds rang out as Skeleton soldiers giving off demonic qi and rotten auras appeared in front of Zhao Fu.

These were most likely originally Demon Race soldiers, and they were not very strong. Each of them had roughly Stage 5 or 6 strength and there were not many of them. They had most likely been cleared by the previous group, making things much easier for Zhao Fu.

Facing these Skeleton soldiers, Zhao Fu continuously slashed out with his sword, sending out terrifying blood-red sword lights as he advanced as if he was cutting grass.

In front of Zhao Fu's power, the Skeleton soldiers were unable to retaliate at all. Each strike reduced many Skeletons to bones which fell on the ground.

The group behind Zhao Fu was incredibly shocked as they watched the Skeleton soldiers easily being killed by Zhao Fu. At the same time, they found that there was most likely another group ahead, as there were already many destroyed Skeletons in front of Zhao Fu.

"Let's go," the valiant-looking young man said and everyone prepared to go up when something unexpected happened.

A magic formation was suddenly activated, causing the deathly aura in the surroundings to madly gather. The Skeleton soldiers that had been killed were all revived and they gave off a ferocious aura as they flooded towards the group.

The group hurriedly unleashed a defensive barrier. Looking at the countless Skeletons surrounding them, they looked somewhat terrified.

"You're shameless! You're actually using such a method to harm us," the valiant-looking young man angrily yelled at Zhao Fu, thinking that Zhao Fu had done this.

Zhao Fu turned and condescendingly laughed as he said, “It was your fault for being careless. I didn’t make that trap; it was set up by the previous group. Who told you to be careless and try to take advantage of me?”

The trap indeed was not made by Zhao Fu and was most likely set up by the previous group. They had sensed that more people had entered after them so they had set a trap like this.

This trap was naturally quite ferocious and the countless Skeletons quickly destroyed the seven people’s defensive barrier. The seven of them had no mind to pay to Zhao Fu and furiously fought with the Skeletons.

The valiant-looking young man swung his saber, sending out sabre lights that cut countless Skeletons in half. The gloomy-looking young man took out a bone flute and launched soundwave attacks. The muscular young man swung a large staff that shattered Skeletons to smithereens, and the young boy used a mirror to shoot out cold lights that destroyed the Skeletons.

The three women also unleashed different attacks. The seductive woman and the big sister-like woman used long swords and sent out sword lights. The domineering young girl used a whip that whipped out with immense force, easily shattering the Skeletons’ heads.

However, there were simply too many Skeletons. The seven of them could not resist them all, and they started to be injured.

The seductive woman was bitten in the arm by a Skeleton and blood flowed out. She sent power into her arm and vigorously swung, shattering the Skeleton that had bitten her.

The others were already injured and it was likely that the seven of them would die here. The only way they could survive was if that person destroyed the magic formation.

However, there was already enmity between them, so how could he help them? The seductive woman did not want to die here and shouted out, “Sir, if you’re willing to destroy the magic formation, I’m willing to be your woman and serve you for the rest of my life.”

Zhao Fu looked at the woman with interest and found that she was incredibly bewitching, and he lightly laughed as he said, “I can save you, but if I destroy this trap, I’ll have saved all seven of you and it won’t be worth it for me.”

The domineering young girl looked quite afraid and pleaded, "If you save us, I'll agree to anything. I'll even be your servant."

The big sister-like woman looked at the others and sighed as she called out, "Sir, as long as you destroy the trap, the three of us will be yours, but please promise not to harm anyone else."

Boom!

A massive sound rang out as an enormous blood-red sword light shot out. Countless Skeletons were turned into ash under this strike, and in that moment, all of the Skeletons disappeared and a deep sword gash appeared in the ground.

The seven people were quite shocked and had never thought that Zhao Fu was so terrifying. It was ridiculous that they had considered robbing Zhao Fu before.

"Now, it's time to honor your promises," Zhao Fu said with a faint smile as he looked at the three women.

The seductive woman had never thought that Zhao Fu's strength would be so monstrous. If she could follow such a person, it would be a good thing. As such, she happily ran over and leapt into his embrace and affectionately said, "Sir, my name is Wu He; from now on, I'll be yours."

The domineering young girl looked at Zhao Fu with fear. She looked at the big sister-like woman with teary eyes, who lowered her head and somewhat sadly walked towards Zhao Fu.

The valiant young man stretched out his hand and grabbed her hand and pleaded, "Dong Mei, don't go."

The woman's body trembled, and her eyes danced with tears. She turned, looked at the valiant young man, and gave a sad smile.

Right now, she was quite happy because despite knowing how powerful Zhao Fu was, the valiant young man still tried to stop her from leaving. She could feel the warmth from his hand, but that was all. She broke free from his grasp and softly said, "According to our agreement from before, I am his now. I'm sorry, but I hope you can find someone who loves you more in the future."

“I don’t want someone else, I only want you. Dong Mei, I like you. Please don’t go.” Two trails of tears flowed down from the young man’s eyes. He felt incredibly emotional and grabbed the woman’s arm as he looked at her passionately.

The woman’s body slightly trembled as she stopped in her tracks. She had never thought that the valiant young man would say the words she had been waiting for the whole time. Tears flowed out from her eyes, and she smiled; she felt incredibly happy and blissful.

Bang!

A formless energy sent the young man flying. He coughed up a large mouthful of blood, and the woman was startled and hurriedly went to check on him in worry.

Zhao Fu’s cold voice sounded out, “If you keep dawdling, I’ll kill you all.”

Only then did the woman and the others come back to their senses. Right now, they were not in control; if Zhao Fu wanted their lives, he could kill them at any moment.

The domineering young girl ran to Zhao Fu’s side in fear. She obediently lowered her head and said, “Sir, I’m called Zi Yue.”

Zhao Fu nodded and looked at the woman called Dong Mei. Dong Mei lightly wiped away her tears and said sorry to the valiant young man before running over to Zhao Fu.

The young man cried out in pain and felt incredibly regretful. If he had said those things earlier, they could have been together.

Chapter 1452: Demon King

However, she now belonged to another man and there was no use in regretting. This was what caused him the most pain.

The three other men looked at Zhao Fu in fear, afraid that Zhao Fu would kill them. They took the injured and crying young man and quickly left this place. They had come wanting to obtain the treasure trove and had never thought that such a thing would happen.

Not only had they obtained nothing, they had been injured, and most importantly, the three women had been taken by that man.

After they left, Zhao Fu looked at the sad-looking and teary Dong Mei and felt quite displeased, saying, "I don't like you being like this, do you understand?"

Dong Mei held back her sadness and squeezed out a smile.

Zhao Fu felt satisfied and brought her into his embrace and kissed her, and they started to go at it.

Following this, Zhao Fu looked at the three women in his embrace whose faces were red and were panting. Faint smiles could be seen on their faces, and the sadness from before was gone.

"Husband, I really like you more and more," Wu He flirtatiously hugged Zhao Fu as she said happily. She had never thought that would be so capable in that regard as well.

"Husband, I thought you would torment us; I never thought you would treat us so well," Zi Yue, the domineering young girl, also said happily.

"Husband, we've been here for a while. The group ahead of us might have found some treasures, so we should head on," Dong Mei had decided to take the role of the virtuous wife and she reminded Zhao Fu.

Now, she had become Zhao Fu's woman and that could not be changed, so she could only accept this.

Hearing this, Zhao Fu nodded. "Let's go then."

Zhao Fu had recovered his spirits and he led the three women onwards. There were not as many monsters inside and they were easily cleared by Zhao Fu.

Following this, Zhao Fu and his group came to another open space. Apart from a heap of corpses, there was nothing else, and the treasures had most likely been taken by the previous group, so they could only head onwards.

At that moment, a group of demon soldiers charged out. They were not Skeletons and had real bodies. Their eyes were jet-black and their bodies gave off large amounts of demonic qi, and they were far more powerful than the Skeleton soldiers.

Zhao Fu dealt with these demon soldiers quite easily and continued onwards, and soon they heard sounds of fighting from before.

It was most likely the previous group, but from the sounds, things did not seem like they were going well for them. The battle was incredibly intense and terrifying shockwaves blasted out, causing people's bodies to feel cold.

The previous group was quite strong and the monsters they were fighting with were not weak either, so Zhao Fu had the three women wait here where there was no danger.

Zhao Fu hid his aura and cautiously moved closer. He came to a large hall that was thousands of meters wide and had massive stone pillars in the surroundings, looking quite grand.

At the same time, Zhao Fu saw what was going on. Within the hall, there was a three meter tall Demon King. It was incredibly muscular, had a blue horn, and gave off a King's aura, and it was fighting with five people.

There were seven or eight people on the ground, and they were either dead or heavily wounded, unable to fight.

Of the five people still fighting, there were three men and two women. Of the three men, one was wearing white clothes and had fair and clear looks, one was quite handsome, and one looked quite vulgar. The two women were extremely beautiful – one had a graceful figure and a cold and arrogant aura, while the other had a fiery figure and gave off a bewitching aura.

The Demon King had Extreme Divine Realm power, but because it was affected by the seal, it could only release Divine Realm level power.

The five people fighting only had World Realm power, and this group was not a group that Dong Mei's group could fight with. Without Zhao Fu's appearance, Dong Mei's group would all have been killed.

However, now that he saw the other side's strength, there was no need for Zhao Fu to be overly cautious. He waited by the side and decided to easily deal with both sides after they were out of strength and obtain all of the rewards.

"Roar!!" However, the Demon King discovered Zhao Fu and roared. It swung its sharp claws, sending five cold lights towards Zhao Fu.

Zhao Fu could only reveal himself and block the Demon King's attack.

The other people were shocked as they looked at Zhao Fu who had suddenly appeared. However, after sensing that his aura was only at the Earth Realm, they let out sighs of relief.

However, they were in a tough situation right now. They had already lost seven or eight people and the five of them were unable to block the Demon King. As such, it was likely that they would die here. No one paid much mind to Zhao Fu because they expected him to be killed by the Demon King soon.

However, what happened next exceeded everyone's expectations. After seeing Zhao Fu, the Demon King gave a savage and delighted smile and roared loudly, "I'm going to eat you!"

Following this, the Demon King started to madly attack Zhao Fu and disregarded the others. This made the group feel quite confused; they could not understand why the Demon King was madly attacking someone who only had Earth Realm Cultivation.

Boom!

A shocking explosion sounded out as a bronze aura flame burst forth, accompanied by a massive aura of killing and conquering. It flooded out in all directions and created wild gales, and the entire hall seemed to be filled with bronze light.

The incredibly powerful Demon King was suppressed by twelve small bronze soldiers. No matter how it struggled, it could not break free of that power.

This caused everyone to feel incredibly shocked because that Nation Armament's power reached the Extreme Divine Realm level and could fully suppress the Demon King.

After suppressing the Demon King with his Nation Armament, Zhao Fu looked at the five people and said coldly, "Hand over everything you've obtained."

Everyone's heart sank; this person had directly expressed his ill-intent. What's more, with his Nation Armament, they were not a match for him at all. However, they were reluctant to just hand over the things they had obtained with great difficulty.

The vulgar-looking young man turned into a ray of light and tried to run away. Zhao Fu coldly laughed and slashed out with his sword, slashing the young man in half. Blood and organs splattered all over the ground and the surroundings became deathly silent. The others who had been planning on running away as well all froze.

The handsome-looking young man's expression was quite grim as he asked, "Sir, if we hand over the treasures, are you willing to spare us?"

Zhao Fu lightly laughed; this was the benefit of having great power. He said, "It depends on how you behave. If you behave well, I might spare you all. If not, you might all die here."

Chapter 1453: Evil Flower Demon

Zhao Fu's indifferent attitude caused the people's expressions to become quite unsightly and they started to hesitate. They were worried that if they handed over their treasures, Zhao Fu would immediately kill them.

At that moment, a weak voice sounded out, "Sir, if you save me, I'm willing to be your female attendant and serve you."

The one who spoke was a devilishly beautiful woman in a red dress lying on the ground, and blood leaked out of her lips. She looked heavily injured and incredibly weak.

Seeing that those people wanted to run and disregarded those who were injured, her heart had become incredibly cold. She could not rely on anyone and could only rely on herself to live.

Zhao Fu felt quite surprised. After thinking about it, he lightly laughed and tossed over a bottle of medicinal pills. The woman had never thought that Zhao Fu would be so decisive, not only agreeing to save her but immediately giving her medicinal pills as well.

The devilishly beautiful woman received the medicinal pills in delight and lightly sniffed them. She found that they were extremely high-grade medicinal pills so she immediately used them and started to recover from her injuries.

Seeing this, a skinny-looking young man lying on the ground also hurriedly spoke, "Sir, I'm also willing to serve you."

Zhao Fu was pleased and tossed over another bottle of medicinal pills. The young man happily receive the bottle and started to recover from his injuries.

There was also a slim and quiet-looking woman on the ground. She felt quite hesitant, but looking at the corpses next to her, she also said, "Sir, I am also willing to be your female attendant and serve you. Please save me as well."

Hearing this, Zhao Fu tossed over another bottle of medicinal pills.

Following this, Zhao Fu looked at the four people and said, "I've changed my mind. You can either serve me or die."

The four people expected things to turn out like this, so they could only inwardly sigh and half-kneel and submit to Zhao Fu.

Following this, Zhao Fu found out that they were not familiar with each other and had only gathered for the treasure trove. He also found out their names.

The skinny young man was called Hei Li, the handsome-looking young man was called Xiao Canye, and the fair and clear-looking young man was called Nan Feng.

The devilishly beautiful woman was called Fu Liu, the quiet-looking woman was called Su Yaye, the cold-looking woman was called Yang Shuqian, and the fiery-figured woman was called Zhang Dongxue.

Zhao Fu set down restrictions in their bodies and obtained the treasures they had collected. There were ten or so and all of them were quite valuable and had demonic attributes.

Zhao Fu naturally understood why; his Divine Bloodline was a massive temptation for anyone. He also wanted to see if he could subdue the Demon King. With the Demon King, he would have a big help and would have a bodyguard in the Demon Domain.

“Are you willing to submit to me? As long as you submit, I will undo your seal.”

The Demon King loudly laughed and sounded slightly condescending, “You only have Earth Realm Cultivation and yet you want to subdue me? If it wasn’t for your Nation Armament you’d be in my stomach. You really think I would submit to food?”

Zhao Fu felt somewhat angry and went up to teach that Demon King a lesson.

Boom!

A wave of demonic qi exploded out from Zhao Fu’s body, and his eyes disappeared from his eye sockets as they were replaced by two black rose-like flowers.

A sensation of hunger filled Zhao Fu’s mind and he lost control of his body as he leapt on the Demon King like a beast. He opened his mouth and bit at the Demon King’s body, and he ripped off a large chunk of flesh before chewing at it.

The Demon King looked quite shocked. It had eaten countless people in its life and had never thought that it would be eaten.

The others looked quite afraid and had never thought that Zhao Fu would eat the Demon King, and their hair stood on end.

“Arghhhhhh...” Zhao Fu bit at the Demon King and ripped off chunks of meat as he chewed, and the Demon King roared in pain as it continuously struggled. However, it was unable to break free at all and Zhao Fu continued eating it.

The scene was incredibly bloody and cruel, and everyone else could not bear to watch. In the end, the Demon King could not endure the pain anymore and pleaded for mercy. However, it was as if Zhao Fu did not hear him and he continued to madly eat the Demon King.

In the end, the Demon King was eaten in front of everyone, and only black blood, bones, and some organs were left behind.

Zhao Fu lay on the ground, an expression of pain on his face as he continuously roared like a wild beast. Large amounts of demonic qi continuously flowed out from his body but did not spread out and gathered together.

The two black flowers in Zhao Fu’s eye sockets gave off an intense black light and the demonic qi continuously condensed, forming a terrifying monster.

The monster was three meters tall and its body was quite long. Its arms were also quite long and reached the ground, and it also had an enormous mouth that was filled with sharp teeth. Above the mouth was a single eye.

After the monster was formed it opened its large mouth and sucked, sucking the Demon King’s bones and organs into its mouth before swallowing.

Following this, the monster looked at the group and everyone’s bodies froze. They felt as if they had fallen into icy water and felt immense terror.

“Am I going to be eaten?” That was the thought that went through everyone’s minds. It was just looking at them and did not do anything, and Zhao Fu gradually regained consciousness.

Looking at the blood on his body and tasting the flavor and bits of meat in his mouth, Zhao Fu realized what had happened and he turned to look at the monster next to him.

Zhao Fu knew what it was – it was an Evil Flower Demon that was birthed from the Evil Spirit Abyss Flower. It specifically ate demonic items and could devour all demonic items.

Even though it was only three meters tall, it could devour a demon beast that was 1,000 meters long and would not be stuffed full. It would be able to instantly digest them and the demonic items it ate would continuously provide Zhao Fu with demonic qi.

Zhao Fu waved his hand and the Evil Flower Demon turned into demonic qi and dissipated. It only took a thought from Zhao Fu for it to appear, and this made things quite convenient.

Zhao Fu wiped away the blood on his face and looked at the group of people who were looking at him in terror, even more so than before. They had never thought that Zhao Fu would devour the powerful and horrifying Demon King; now, they were afraid that they would be eaten.

Zhao Fu lightly laughed, “Don’t worry, I won’t do anything to you.”

Hearing this and seeing that Zhao Fu had returned to normal, everyone let out a sigh of relief.

Chapter 1454: Mountain Stronghold

Dong Mei and the three other women were waiting outside and did not know what had happened. Seeing Zhao Fu bring out so many people, they felt quite surprised. Moreover, those people seemed to fear Zhao Fu, while those people’s cultivations were much stronger than theirs.

If they had ran into this group, they definitely would have died and would not have been able to resist at all. They had no idea how Zhao Fu had made these people submit and make them so afraid of him.

After leaving the mountain, the group went down to the town below the mountain. Because Zhao Fu was covered with a lot of blood and the others were in a sorry state, they found an inn to stay in to recover their strength and wash up.

Afterwards, intense noises sounded out from within the room as Zhao Fu started to do it with the women.

The sun gradually rose up over the mountain and the golden sunlight covered the ground. The air was clear and fresh and there was a faint fog; a new day had come.

Zhao Fu woke up, and looking at the women sleeping on the bed with him, he smiled and woke them up.

The bewitching woman Fu Liu lazily hugged Zhao Fu and said, “Husband, aren’t we going to sleep for a bit longer? I’ll serve you later.”

Zhao Fu smiled as he said, “I have things to take care of and will be leaving soon.”

Dong Mei sweetly lay in Zhao Fu’s embrace and said softly, “Can you take us, husband? That way we can serve you and take care of your needs every day.”

Zhao Fu shook his head as he refused and said, “I’m heading to the Demon Domain and it’s quite far away; I don’t know what danger there will be, so you can all head to the Mountain River Kingdom. I’ll tell Shan Luoshui you’re my people.”

Hearing this, they all felt quite shocked and had never thought that Zhao Fu would know Shan Luoshui. They knew that the Mountain River Kingdom was one of the most powerful factions here; now, they could not help but wonder who Zhao Fu was.

However, Zhao Fu did not tell them much for now and had them go to the Mountain River Kingdom while he continued onwards to the Demon Domain by himself.

After all, he felt that the World Realm was still too weak. If he were to bring someone, they would have to be at least at the Divine Realm. That way, they would be of slight help when he went to the Demon Domain.

Five or six days later, Zhao Fu stopped next to a small creek to rest. A little mouse dragged a small spirit fruit in front of Zhao Fu and squeaked at him, as if it was trying to say something.

Zhao Fu was quite surprised as he looked at the palm-sized mouse with violet fur and violet eyes; it seemed to have some intelligence.

By now, Zhao Fu was close to the Heaven Domain and the spirit qi was quite abundant here, so it was natural that the creatures were all quite intelligent. However, this little mouse was acting incredibly intelligent and was not afraid of him eating it.

This little mouse had Stage 1 strength and the spirit fruit that it dragged along was also a Stage 1 spirit fruit. Zhao Fu could not understand what it was trying to say but he felt that they had met by fate so Zhao Fu took out a Stage 3 medicinal pill and gave it to the mouse.

After that, the little fellow stuck onto Zhao Fu and Zhao Fu decided to bring it with him. He did not know how long he would have to travel for and he would be less lonely with this little guy.

Zhao Fu also gave it a name, Zi Yue.

Ten or so days later, Zhao Fu finally arrived at the Demon Domain. Sensing the dense demonic qi around him, Zhao Fu deeply breathed in and felt quite comfortable.

After eating the Demon King and awakening the Evil Flower Demon, Zhao Fu was quite surprised and pleased, but it was far from enough to awaken the Demon Star.

Now that he had reached the Demon Domain, he would definitely be able to satisfy the requirements of the Demon Star. Because Zhao Fu did not have a destination, he decided to head towards the historical remnant. He also slowed down because he was not in as much of a rush; his main goal was to obtain a large number of things with demonic qi.

Now that Zi Yue was full from medicinal pills, it lay against Zhao Fu's chest and slept soundly. It had not felt tired at all from all the traveling and was quite lively.

After passing through a large mountain, Zhao Fu was stopped by a few people dressed as bandits. As bandits in the Demon Domain, they all had Stage 4 Cultivation, or else they would not be able to survive in the Demon Domain.

"Boy, now that you've seen your granddaddies, hurry up and hand over your valuables," a ferocious-looking big man said arrogantly in a loud voice.

Because almost everyone in the Demon Domain were from the Demon Race, looking at these demons, Zhao Fu could not help but feel quite hungry. He licked his lips and somewhat wanted to eat them. At the same time, after entering the Demon Domain, the Evil Flower Demon had become incredibly excited as well.

Facing the bandits, it felt an immense desire to eat them, and it was dozens of times more intense than what Zhao Fu felt.

Zhao Fu shook his head and suppressed the desire to eat them; he did not want to become someone who ate demons.

Zhao Fu ignored the bandits and shook his head, and the bandits were infuriated and raised their weapons and charged at him.

Sensing these people charge over, Zhao Fu's body gave off large amounts of demonic qi and the three meter tall Evil Flower Demon appeared next to him, excitedly and savagely looking at the incoming bandits.

Seeing the Evil Flower Demon appear, the bandits instinctively felt quite afraid. They did not know why but their hair stood on end and their bodies froze, not daring to take another step.

Zhao Fu coldly looked at the bandits and said, "Eat them!"

After receiving Zhao Fu's order, the Evil Flower Demon gave a terrifying laugh, after which it swung its long arms, which continuously became longer. They shot out and the palms turned into two mouths filled with sharp teeth.

The bandits looked terrified and immediately turned and ran.

"Ahhh!" "Ahhh!" two cries sounded out as the two people running the slowest were bitten by the two large mouths. When the mouths opened they were one meter wide and could bite a person in half in a single bite. The teeth were incredibly sharp and could easily tear apart blood and flesh.

Blood sprayed everywhere as half of the two bandits' bodies were bitten off. Some arms and legs were chewed off and fell on the ground.

The two arms continued to grow and fly out, catching up with the other bandits in an instant. A few more cries sounded out as the bandits were eaten, and the limbs on the ground were eaten as well; it seemed that the Evil Flower Demon did not waste food at all.

After eating these bandits, the Evil Flower Demon's body did not go through any changes nor did it seem like it was full. It instead breathed in and then breathed out.

However, Zhao Fu found that eating demons not only increased the Evil Demon Flower's strength but also provided large amounts of demonic qi for the Demon Star. If it ate enough, perhaps it would be able to awaken the Demon Star.

After discovering this, Zhao Fu felt quite delighted and felt that matters would be easier to resolve.

Since he had encountered bandits here, there was most likely a mountain stronghold nearby. Thinking about that, Zhao Fu gave a happy smile; going there would most likely allow the Evil Demon Flower to have a big feast.

Following this, Zhao Fu followed the tracks of the bandits and found their stronghold.

Chapter 1455: Multitude Demon Region

There were not many people at the stronghold, only around 2,000 of them. Zhao Fu was not afraid at all and directly walked towards the stronghold.

There were 20 or so bandits on guard and seeing Zhao Fu walk over alone, they immediately became wary. One of the people called out, "Who are you? Why have you come to our stronghold?"

Zhao Fu did not reply to them and only coldly looked at them. His body gave off large amounts of demonic qi and the Evil Flower Demon appeared next to him. It looked at the bandits savagely and flung out its two arms.

"Arghhh..." cries sounded out as the two hands continuously stretched out and the palms became two large mouths. They were incredibly fast and did not give the people any time to react before ten or so of them were devoured, leaving behind only their blood. Seeing this, the other bandits cried out in terror.

Zhao Fu coldly laughed as he led the Evil Flower Demon forwards. By now, countless bandits had rushed out of the stronghold and charged towards Zhao Fu with their weapons.

“Have a good meal!” Zhao Fu said to the Evil Flower Demon with a grin.

After receiving Zhao Fu’s order, the Evil Flower Demon happily nodded before opening its massive mouth. It expanded out to two meters wide and one meter tall, and it sucked at the incoming bandits as a massive attractive force burst forth.

After charging up, the countless bandits were sucked into the Evil Flower Demon’s mouth. In just an instant, five or six hundred bandits had been devoured. The ones who had survived became incredibly pale and screamed in terror as they started to run away.

Zhao Fu led the Evil Flower Demon into the stronghold and the bandits here were all elderly, children, and women. Zhao Fu did not care about this much and said to the Evil Flower Demon, “Eat them all!”

The Evil Flower Demon flung out its hands and started to chase down the escaping bandits. It continuously ate them, leaving blood and broken limbs everywhere.

“Bastard!” a cry sounded out as a woman holding a large saber giving off a ferocious aura shot down from the sky, hacking towards Zhao Fu.

Zhao Fu disdainfully stretched out a hand and countless traces of demonic qi wrapped around his palm. Zhao Fu then pushed, and a formless energy sent the woman flying backwards.

The woman crashed ten or so meters away and a trace of blood leaked out of her lips. She was wearing tight clothes and had her hair in a ponytail. She was quite beautiful but she had a thin scar on her face, making her look quite ferocious.

The woman found that she was not a match for Zhao Fu at all and looking at the Evil Flower Demon continuously devouring the stronghold’s people, not sparing the elderly or children, she cried out, “Stop! I don’t know how we’ve offended you, but please spare them.”

A black-clothed young man flew over with a serious expression as he looked at the Evil Flower Demon eating people. Even though he did not know what it was, he felt an instinctive fear.

Zhao Fu did not move and laughed, “Why should I spare you bandits? The reason I came was to have you all eaten.”

The woman and young man felt quite furious upon hearing Zhao Fu's words, but they were not a match for him. The woman said hatefully, "I'm the leader of this stronghold; if you have any grievances, deal with me and stop slaughtering them."

Hearing this, Zhao Fu looked at her enticing figure and had the Evil Flower Demon stop as he gave a trace of an evil smile and walked towards the woman.

Facing Zhao Fu's smile and gaze, the woman felt quite angry and readied herself to fight. Even though she was not a match for Zhao Fu, she could not just stand there and let him kill her.

The black-clothed young man suddenly acted. His body flashed and he appeared next to Zhao Fu, and his saber gave off cold light as it slashed towards Zhao Fu's head.

Zhao Fu condescendingly grabbed with his hand and grabbed the young man's neck, subduing him instantly. With the Evil Flower Demon continuously providing Zhao Fu with demonic qi, all of Zhao Fu's abilities had been enhanced and he was like an emperor among demons.

Just as Zhao Fu was about to break the young man's neck, the woman hurriedly cried out, "Let my little brother go, I'll do anything you want."

Zhao Fu looked at the woman and said calmly, "Throw away your weapon!"

The woman did not hesitate, and she glared at Zhao Fu as she threw her saber away. Zhao Fu grinned as he tossed the young man to the side before picking up the woman and flying into the hall.

Even though the black-clothed young man and the other bandits had survived, their expressions were quite unsightly, and they looked towards the hall furiously, as loud sounds were coming out from there.

Zhao Fu had not touched any women in ten or so days and the Emperor Killer Curse was about to flare up again. He also missed the touch of a woman, and he also needed someone who knew about the Demon Domain as he had little to no information, so he chose this woman.

“Are you alright?” Zhao Fu looked at the pale and raggedly-breathing woman in his embrace who he had been ravaging for a few hours and asked caringly.

The woman looked at Zhao Fu coldly and ignored him.

Zhao Fu laughed and sent the Six Desires Demonic Qi into her body, causing her face to recover its rosy glow, and her aura became stronger. He then asked, “Where is this place? Are there any powerful demonic creatures nearby or any precious demonic medicines?”

In response to Zhao Fu’s questions, the woman continued to look cold and did not utter a word.

Zhao Fu looked quite displeased and said somewhat menacingly, “There are still many people in your stronghold; if you keep acting like this, I’ll kill them all.”

“You’re shameless!” the woman said angrily.

Zhao Fu lifted her snow-white chin and said coldly, “Now, you’re my woman so it’s best that you behave better. I don’t want to do anything to you, but don’t force my hand.”

The woman angrily glared at Zhao Fu and tears danced in her eyes.

Zhao Fu could not take it and comforted her a bit, and the woman’s attitude became gentler. Zhao Fu also found out her name, which was Ye Ye.

She also told Zhao Fu the information he wanted to know; firstly, this was only the boundary region of the Demon Domain and was a chaotic region. The factions were quite complicated and there was no order; everyone killed and pillaged as they pleased.

This place was quite famous, and it was called the Multitude Demon Region.

Ye Ye did not know if there were any powerful demonic creatures nearby, but there was a faction not too far away that had a powerful demonic treasure called the Ten Thousand Demon Blood Stone.

It was said that this Ten Thousand Demon Blood Stone was condensed from the blood of countless demon people and had extremely great power. During battles, it could give soldiers a buff that could help them gain immense power.

Zhao Fu was naturally interested in that Ten Thousand Demon Blood Stone. After all, Zhao Fu had come to the Demon Domain to obtain things with large amounts of demonic qi.

Chapter 1456: Second Monster

“Leave this place with me. Don’t tell me you want to stay in this small stronghold forever,” Zhao Fu said to Ye Ye as he smiled.

Ye Ye coldly replied, “I’m not leaving with a bastard like you.”

Zhao Fu slightly smiled and said, “A small stronghold like this can be destroyed at any moment; it’s better to disband it earlier and find a better place for these people. Moreover, with your strength and abilities, staying in a place like this is a great waste.”

Lying in Zhao Fu’s arms and hearing Zhao Fu’s acknowledgement, Ye Ye felt a trace of happiness and started to consider the current state of the stronghold.

In the end, Ye Ye nodded and agreed to disband the stronghold, and she angrily hit Zhao Fu a few times. “I can leave with you, but you killed so many people from our stronghold so you have to give us compensation. I want you to give them a large sum of money.”

Zhao Fu lightly laughed; this was not a problem at all and he directly agreed.

Following this, the two of them put on their clothes and came outside. There were many people gathered here and they looked at Zhao Fu with expressions of fear and anger. Zhao Fu had not only killed their people but had also violated their leader.

However, Ye Ye’s words caused everyone to look incredibly confused, and they had never expected their leader to disband the stronghold.

Ye Ye's little brother, Ye Zhi, immediately objected, saying, "Big sis! Did he use some kind of method to bewitch you? Why are you doing this? He treated you like that and yet you want to leave with him."

Hearing those words, Ye Ye replied with a cold expression, "The stronghold cannot continue to exist in its current state. Our strength is far too weak; today was a good example. I will find a better place for you all."

"Also, are you all happy to stay in a stronghold like this for the rest of your lives and live such mediocre lives? His identity is very mysterious and he is incredibly powerful; following him is the best decision."

Hearing this, Ye Zhi was unable to refute her words.

Following this, Zhao Fu took out a large amount of money and gave it to Ye Ye, who distributed it to everyone. She then brought them to a City and had them take residence there.

Even though Ye Zhi was unwilling, he still left this place with his big sister.

The faction that had the Ten Thousand Demon Blood Stone only had the strength of half a world. In Ye Ye's eyes, it was extremely powerful, because having a faction like this in the Demon Domain was more difficult than conquering two worlds in the outer domains.

This faction was one of the weaker factions. This was because this chaotic boundary region was incredibly big, and the top-tier factions here were not inferior to Empires.

Also, for some reason, this Multitude Demon Region had never been unified before and had always been chaotic like this. Zhao Fu did not know why, but anyone would be interested in such a big piece of land. Moreover, it was in the Heaven Domain.

Because that faction was nearby, Zhao Fu quickly reached that faction. However, he did not directly charge into that faction to steal the Ten Thousand Demon Blood Stone. After all, that would make too much noise and this was the Heaven Domain where there were Emperor Heaven Realm experts everywhere. As such, Zhao Fu did not dare to act too arrogantly.

However, Zhao Fu obtained information about this faction; it was within Zhao Fu's abilities to deal with it and it would not be too dangerous.

It was said that in two days, the faction's leader would come out to hunt, so Zhao Fu decided to wait.

After hearing that Zhao Fu wanted to assassinate the leader of the faction and steal the Ten Thousand Demon Blood Stone, Ye Zhi looked incredibly shocked. He felt that Zhao Fu was simply too daring and was even a bit mad. With his strength, he did not dare to offend that faction's leader at all; if he ever met him, he would only be able to kneel in awe.

Ye Ye nestled in Zhao Fu's embrace. After doing it with Zhao Fu many times, her aura had become somewhat more flirtatious and mature.

Their relationship had also become better and when she had heard about the Ten Thousand Demon Blood Stone, she knew that Zhao Fu wanted to take it, and she trusted that he would be able to do it.

She could instinctively sense that Zhao Fu's identity was incredibly terrifying; after all, the aura he gave off was monstrous. Whether it was in terms of his aura, bloodline, or Fate, she could not resist at all and was completely suppressed.

"Make sure you're careful," Ye Ye lay in Zhao Fu's embrace and looked at Zhao Fu with her beautiful eyes as she said caringly.

Zhao Fu nodded and began to prepare to assassinate the leader of that faction.

Boom!

In order to quickly end the battle, Zhao Fu directly released the power of his Nation Armament, and a terrifying sword light slashed out, bringing with it a ferocious sword qi as it slashed towards the leader of the faction.

The leader of the faction was leading a group of horsemen and was chasing after a demon tiger, and he had never expected such a terrifying attack.

Great Qin now had six worlds and the power that its Nation Armament contained was simply terrifying. The leader of the faction had Divine Realm Cultivation but was still killed by the attack.

The group of horsemen with him were also torn apart by the sword light, and their blood and broken corpses littered the ground.

A circular stone giving off black light and immense demonic qi hung in the air – this was most likely the Ten Thousand Demon Blood Stone. Zhao Fu had never expected that it had fused with the leader of the faction; if he had not killed him, he would not have been able to obtain it.

“Kill him! He killed our leader!” Over 10,000 demon soldiers hurried over, and they all had Stage 4 strength. Seeing Zhao Fu kill their leader, they looked incredibly furious and raised their weapons as they roared and charged over.

Facing these demon soldiers, Zhao Fu disdainfully laughed. He released the Evil Flower Demon and said, “Eat your fill!”

The Evil Flower Demon opened its massive mouth and sucked, and an incredibly powerful attractive force burst forth.

The demon soldiers’ expressions fell and they unleashed energy barriers, but it was completely useless. Their bodies were quickly sucked into the Evil Flower Demon’s mouth.

The soldiers on the outside hurriedly shot out arrows, and these arrows contained immense power as they shot towards Zhao Fu.

Bang! Bang! Bang...

Without Zhao Fu needing to do anything, the Evil Flower Demon unleashed a defensive barrier to block the arrows, and it continued to suck in the demon soldiers.

In the end, of the 10,000 demon soldiers, only fewer than 100 of them were able to escape and the rest were all devoured by the Evil Flower Demon. These were all Stage 4 demon soldiers and contained large amounts of demonic qi.

Zhao Fu did not stay here as the other side’s army would soon arrive. He found a place with no one around and ate the Ten Thousand Demon Blood Stone.

A massive wave of demonic qi exploded out from Zhao Fu's body and an expression of pain appeared on his face as the Evil Spirit Abyss Flower appeared in his eye sockets.

The massive amount of demonic qi continuously condensed and formed another three meter tall monster.

This monster looked like a demon and had powerful-looking muscles and massive claws. It also had a massive mouth, blood-red eyes, and a pair of cow-like black horns. It gave off an evil aura that made it so that no one would dare to step close to it.

Chapter 1457: Demon Wolf

Zhao Fu looked at this second monster and a look of delight appeared on his face. It was not just that he had gained a powerful monster, but the Evil Spirit Abyss Flower's abilities had also reached the second stage and the two monsters would become more powerful as well.

Zhao Fu waved his hand and the two monsters both turned into demonic qi and dissipated. Zhao Fu returned to the City that Ye Ye was staying at and found that the faction had descended into chaos because the leader had died.

There was news of a black-cloaked figure and a terrifying monster devouring demons. He had incredibly terrifying and cruel methods, and the leader had been killed by that person.

Ye Ye and Ye Zhi naturally knew who that person was. They had never thought that Zhao Fu would be able to easily instantly kill the faction's leader and cause such a big ruckus.

Zhao Fu returned and quickly brought the two people to leave to the next place.

Now, Zhao Fu was not in a rush to go to the historical remnant and instead wanted to have his monsters devour large numbers of demons in order to make the Evil Spirit Abyss Flower more powerful and provide more demonic qi for the Demon Star.

However, as they traveled, Zhao Fu and the two others were stopped by a group of six people. Their cultivations were all at least at the Saint Realm and their leader had Earth Realm Cultivation. Just as expected, they wanted to rob Zhao Fu's group.

Zhao Fu had not come to this area for very long, yet he had been in this position twice; it could be seen just how chaotic this region was.

There were four men and two women. Of the four men, one was a ferocious-looking big man, one was an ordinary-looking middle-aged man, one was a vicious-looking young man, and one was a cold-looking young man.

Of the two women, one wore a red dress and rested in the ferocious-looking big man's embrace and looked quite flirtatious; one had a slim figure and had decent looks but seemed quite ruthless.

The leader, which was the ferocious-looking big man, had Earth Realm Cultivation and domineering pointed at Zhao Fu and called out, "Boy, hand over everything of value and that woman next to you for us to play with and we'll spare you today."

Facing so many powerful people, Ye Zhi could not help but feel quite anxious. Ye Ye disdainfully laughed, "You trash want to touch me? You're seeking your own death without even realizing it."

The big man's expression became furious and he cursed, "You slut! Everyone, attack together and kill those two men; you can play with that woman however you want."

Suddenly, demonic qi spread out and a tall figure appeared behind the big man. It was a demon-like figure with a powerful body, and it gave off a terrifying aura.

Right after the big man had spoken, that figure had suddenly appeared, causing his expression to fall. His body froze and he started to sweat cold sweat as he felt a sense of terror.

The Evil Flower Demon stretched out its massive claws and grabbed the big man's head and gave a savage laugh as it gripped, causing the big man's head to explode.; brains and blood flew everywhere, and the woman in his embrace cried out and ducked to the side.

The monster grabbed the man's headless corpse and opened its mouth, devouring it in one bite before attacking the others.

The other people looked terrified and did not understand what was happening, but they knew they had encountered a monstrous opponent. They naturally did not have any thoughts of taking revenge

for the big man because they had only gathered because it was in their interest to do so. As such, they immediately scattered and ran.

Demonic qi once again spread out and an Evil Flower Demon appeared behind Zhao Fu. It swung out its hands and its arms quickly extended as the two palms became large mouths that savagely bit towards two people.

The two people were given a big fright and immediately raised their defensive barriers, but the two hands seemed like they were illusory and passed through the defensive barriers. This caused the two people to look incredibly confused and they could not react in time before they were devoured by the two mouths, causing blood to fly everywhere.

The other Evil Flower Demon caught up to another person and one of its massive and sharp claws pierced through that person's chest before it bit down, causing blood to splatter everywhere.

In order to differentiate between the two Evil Flower Demons, Zhao Fu named one of them Long Arms and the other one Demon.

Long Arms' hands shot out and dragged the two women in front of Zhao Fu. The two women looked terrified and the flirtatious woman pleaded, "Sir, as long as you don't kill us, I'm willing to do anything."

The ruthless-looking woman also said in fear, "Please don't eat me! I'm willing to submit to you."

Ye Ye glared at Zhao Fu somewhat unhappily; she knew why Zhao Fu was keeping these two women, and she said angrily, "Am I not enough?"

Zhao Fu lightly laughed, "It's not what you're thinking; they said that they wanted to toy with you so I naturally need to toy with their women."

Ye Ye still angrily harrumphed, turned her head away, and ignored Zhao Fu.

Ye Zhi tactfully left, and soon intense sounds rang out. He not only heard the two women's lewd cries but also his big sister's voice.

“Thank you, sir, for giving me your love; you’re more capable than the men I’ve had in the past by hundreds of times,” the flirtatious woman said in an infatuated manner with a red face.

The ruthless-looking woman’s face was also red and she panted but did not say anything.

Ye Ye did not say anything either as she strengthlessly lay in Zhao Fu’s embrace. She no longer looked angry and instead looked quite happy and pleased.

Zhao Fu found out the two women’s names – the flirtatious woman was called Lou Li and the ruthless-looking woman was called You Qingleng. He asked them about the situation in this area and found out about the factions here, as well as the treasures and demonic creatures.

Zhao Fu heard from them that there was a large mountain where a terrifying demon wolf lived. It committed all sorts of evils but no one had the ability to kill it as it was incredibly crafty. If any powerful enemies appeared, it would run away.

It was also said that the demon wolf had the ability to turn into human form and liked handsome men. It would often capture handsome men to toy with before eating them; however, the demon wolf was also a male.

After hearing about this, Zhao Fu decided to head to that mountain as he needed to devour high-grade demonic creatures.

On the way to the mountain, Zhao Fu entered another few groups of bandits, who were all eaten by the Evil Flower Demons. Zhao Fu also destroyed a few strongholds and the Evil Flower Demons devoured 20,000 to 30,000 people, causing news of a demon-eating monster appearing to spread.

A day or so later, Zhao Fu and his people arrived at the large mountain. The aura coming from there was quite terrifying, and Zi Yue, the little mouse, shivered in fear against Zhao Fu’s chest.

Zhao Fu smiled, because the more powerful the demonic beast the better.

Zhao Fu could clearly sense that the demon wolf was in the mountain, so in order to prevent it from running away, Zhao Fu planned on luring it out.

Hearing that the demon wolf liked handsome men, Zhao Fu lightly laughed and touched his face. He felt that he could use himself to lure out the demon wolf, and because he only had Earth Realm Cultivation, it was likely that the demon wolf would take the bait.

Following this, Zhao Fu's group showed no wariness and started to relax near the mountain. They plucked some wild fruits and started to have a picnic.

Chapter 1458: Demon Heart

"Sir, you're abnormally handsome. It's the first time I've seen such an attractive man before." A black-haired young man who was naked from the waist up, revealing a well-built body, walked out with a smile as he looked at Zhao Fu.

Zhao Fu had his cloak off, revealing his peerless looks. He had the confidence to attract men, but using his looks to attract men felt quite strange.

"Are you the demon wolf?" Zhao Fu cut to the chase and asked the young man.

The young man was a bit surprised, but sensing that Zhao Fu only had Earth Realm Cultivation and the others' cultivations were even lower, he did not feel any fear. He smiled as he said, "Am I the demon wolf? Since sir knows about me but did not leave, that means you came for me. Could it be that you want to spend the night with me? If that's the case, I can let the others off.

"With your looks, I wouldn't be willing to eat you. How about you be my wife? I have Divine Realm strength and am about to break through to the Extreme Divine Realm. If you follow me, I'll treat you well."

Hearing the demon wolf's words, Ye Ye and the other women could not help but lightly laugh. They had experienced how Zhao Fu had domineeringly taken them, yet there was a man talking to him like that.

Zhao Fu was not angry and lightly laughed as he shook his head and said, "I think you've misunderstood. I indeed came for you, but not to spend the night with you but to eat you."

The demon wolf's expression became cold, because despite Zhao Fu knowing about its strength, neither him nor his group had shown any fear. With its crafty nature, it immediately sensed something was off and prepared to run.

However, Zhao Fu had already released his Nation Armament's power and a massive power formed an enormous bronze hand which contained immense power and grabbed the demon wolf.

The demon wolf's expression fell, and it turned back into its true form. A 10,000 meter long black wolf appeared in front of everyone. Its fur was like black iron and its eyes were pure black, and it gave off a terrifying aura.

Zhao Fu's bronze hand was forced to let go of the demon wolf but it heavily slapped the demon wolf and sent its enormous body flying.

The demon wolf's strength was almost at the Extreme Divine Realm and facing Zhao Fu and his Nation Armament, it was still able to retaliate.

After being sent flying, the demon wolf smashed open a massive crater and the ground violently trembled, causing leaves to fall from trees. The demon wolf roared and gave off an enormous aura as it charged at Zhao Fu.

Zhao Fu waved his hand and released a defensive barrier, blocking off the aura.

However, the demon wolf's goal was not to continue fighting with Zhao Fu. It leapt up and prepared to run away; with its crafty nature, it would not fight with Zhao Fu, who was slightly stronger than it.

Clang, clang, clang...

Massive cold and gray chains shot out of the ground and contained a ferocious power as they bound up the demon wolf in the air. They then pulled and dragged the demon wolf down.

Boom!

A massive sound rang out as the ground shook and dust rose up, and a massive crater appeared.

“Roar!” the demon wolf furiously roared as it vigorously struggled and actually broke ten or so chains. The cross-shaped pupil in Zhao Fu’s right eye quickly spun, reinforcing the chains’ power, and he also summoned the Twelve Metal Colossi.

The Twelve Metal Colossi gave off a massive aura of killing and conquering and floated around the demon wolf, giving off a terrifying aura of suppression that pressed the demon wolf against the ground.

The demon wolf furiously roared and struggled with all its might, but it could not break free at all. Seeing this, Zhao Fu gave a satisfied smile.

Two waves of demonic qi came out from Zhao Fu’s body, forming the two Evil Flower Demons, and Zhao Fu said coldly, “Eat it, but leave its heart for me.”

Zhao Fu wanted to use the demon wolf to create a third Evil Flower Demon. The two Evil Flower Demons had already devoured tens of thousands of people and had provided large amounts of demonic qi, and with this demon wolf, it should be enough to create a third Evil Flower Demon.

After creating a third Evil Flower Demon, the Evil Spirit Abyss Flower would reach its third stage and Zhao Fu would be one step closer to awakening the Demon Star.

Moreover, in order to create an Evil Flower Demon, Zhao Fu had to personally eat things, as the Evil Flower Demons were created from him. The Evil Flower Demons could not create more Evil Flower Demons.

However, because the demon wolf was 10,000 meters long, Zhao Fu could not possibly eat it, so he had the Evil Flower Demons leave behind the heart, the thing that had the most power.

The Evil Flower Demons obeyed Zhao Fu’s command and excitedly and savagely rushed towards the demon wolf. They opened their massive mouths and bit towards the demon wolf.

Seeing that Zhao Fu really wanted to eat it, it continuously thought and said with a fearful expression, “Don’t eat me, I’ll submit to you now and serve you!”

Having seen how crafty the demon wolf was and given all the stories of it, Zhao Fu did not trust it and decided to eat it.

The two Evil Flower Demons opened their mouths to their fullest and bit off large chunks of flesh, causing blood to fly everywhere, and the demon wolf howled in fear.

“Roar! Roar! Roar...” the demon wolf continuously roared in pain and its voice continuously reverberated out, causing countless birds and beasts to run away. The two Evil Flower Demons continuously ate the demon wolf’s body, causing blood to splatter everywhere like a bloody rain.

“I’m really willing to submit to you, stop eating me!” the demon wolf howled in pain. Now, it really was willing to submit, but it was a pity that Zhao Fu did not trust it.

Hearing those pained cries, and looking at how calm Zhao Fu seemed, the others realized just how cold-blooded and ruthless Zhao Fu could be.

Most people did not dare to come close after hearing those sounds, but some people mustered up the courage to take a look from the distance. They found that the terrifying demon wolf was actually being eaten by two horrifying monsters.

This news quickly spread, and the stories about the demon-eating monsters spread even faster and even more people heard about them.

Of course, Zhao Fu did not know about any of this.

The two Evil Flower Demons finished eating the massive demon wolf and left behind a ten meter long heart. Zhao Fu leapt on it and began to devour it, covering him in blood and making him look terrifying.

However, the heart was too big and Zhao Fu could not finish it even though he was digesting it quickly. In the end, he called the two Evil Flower Demons to help him finish it.

After devouring the demon wolf’s heart, Zhao Fu once again looked pained and Evil Spirit Abyss Flowers appeared in his eyes as a massive wave of demonic qi flowed out.

The demonic qi continuously condensed and formed a demon wolf, which looked quite similar to the one that had just been eaten. It had black fur, pure black eyes, and black claws that gave off cold light.

There were also some differences – this demon wolf had three eyes and an extremely big mouth that was filled with sharp fangs that were quite big, making it look quite fearsome.

Chapter 1459: Demon God Corpse

Now, Zhao Fu had created a third Evil Flower Demon, and the Evil Spirit Abyss Flower had reached its third stage. Zhao Fu could now make the Evil Flower Demons ten or so meters tall and the speed at which they devoured things and their strength had greatly increased.

Moreover, the Evil Flower Demons could now leave Zhao Fu's side and move by themselves within 100 kilometers. If they went more than 100 kilometers away from him, they would dissipate. After all, the Evil Flower Demons' core was Zhao Fu and without Zhao Fu's power's support, they would naturally dissipate.

Zhao Fu could sense a massive hunger from the three Evil Flower Demons, so Zhao Fu allowed them to go and search for their own food.

The three Evil Flower Demons excitedly became ten or so meters tall and rushed away in three separate directions.

The Demon found a ten or so meter tall demon bear and leapt on it, biting with its enormous mouth. The demon bear furiously swatted at it with its paw, but the paw passed through the Demon's body as if it was illusory.

This caused the demon bear to stare in surprise before howling in pain in the next moment. The Demon's massive mouth bit on its body and ripped off a large chunk of flesh.

The demon bear was immediately seriously wounded and did not have much strength to retaliate, and it was eaten by the Demon.

As for Arms, it found a large group of goats. It opened its mouth and sucked, sucking the terrified goats into its mouth. Its two arms continuously stretched out and devoured the remaining goats that tried to run away.

The Wolf headed into a small town and opened its massive mouth and sucked in many residents, and then it bit down, eating seven or eight people and sending blood and limbs flying.

The terrified residents ran for their lives, and some soldiers shot out arrows. However, those arrows passed through the Wolf's body and were unable to harm it, as if it was an illusion.

The Wolf continuously devoured residents and it came to a large street. It opened its massive mouth and sucked, and countless residents were sucked in before going silent.

The Evil Flower Demons had the ability to go between being incorporeal and corporeal. Moreover, Zhao Fu had a Divine Bloodline and they had come from Zhao Fu's body, so all kinds of terrifying abilities were useless against them.

Zhao Fu found a small creek and washed away the blood along his body before returning to Ye Ye and the others.

The other people felt an instinctive fear towards Zhao Fu and could not understand what kind of person Zhao Fu was. Zhao Fu smiled and brought the three women into his embrace. After an intense session, they no longer felt as afraid.

"Husband, where are we going now?" Lou Li, the flirtatious woman, looked at Zhao Fu with a reddened face as she asked.

Zhao Fu thought about it before replying, "We'll leave here first; we've made a big ruckus here which might attract some attention. I don't have a destination in mind; do you know where there are any powerful demonic creatures or demonic items?"

The ruthless-looking woman, You Qingleng, hesitated before saying, "My father has a demon god corpse!"

Hearing this, Zhao Fu looked quite delighted; demon god corpses had massive amounts of demonic qi, and he quickly asked about it.

It turned out that You Qingleng's father was the ruler of a faction but her mother had died early on and her stepmother often abused her, so she left when she was still quite young. She had lived with great difficulty so she often joined with others to kill people. That was why she had such a ruthless personality.

Even though You Qingleng's father had treated her coldly, she still hoped that Zhao Fu would not kill him and would only take the demon god corpse.

This demon god corpse was their faction's supreme treasure and gave them demon god's power; it was incredibly important to them.

Hearing this, Zhao Fu decided to head towards You Qingleng's father's faction.

The three Evil Flower Demons continuously ate, and the people and beasts in the surroundings were either devoured or had run away. Zhao Fu thought about it, and since he could control them within 100 kilometers, he did not bring them back and allowed them to continue to eat and obtain more demonic qi.

Zhao Fu brought his group and had them follow him.

Two days later, Zhao Fu and his group came to a City. This was within You Qingleng's father's faction. Her father's faction was only a mid-level faction and was not very big.

Zhao Fu found an inn in the City and planned to gather some information about this faction to make things easier.

At that moment, there were a few people in the inn discussing recent matters. One person seemed quite afraid as he said, "Hey, did you all hear? I heard that there's a monster that specifically eats demons and many people have been eaten. Its methods are incredibly cruel and it does not let off anything living."

"Really? Is it some demon beast? How could such a monster appear and eat demons so unrestrainedly in the Demon Domain?"

“It’s definitely true, apparently hundreds of thousands of people have been eaten. Do you know about the Demon Wolf Mountain’s demon wolf? It was eaten by that monster and died horribly.”

“What monster is that, daring to eat us demons? It doesn’t place demons in its eyes at all.”

“I don’t know, but rumors say that it’s incredibly terrifying and devours anyone it sees. What’s more, it’s like it never gets full. Its stomach doesn’t change even after eating tens of thousands of people, and everyone in that place has escaped elsewhere.”

“I heard those monsters are heading towards us and the people of the villages nearby have been eaten. Right now, our City Lord is sending people to investigate.”

“What? They’re headed here? Shouldn’t we hurry up and leave then? That monster could even eat the demon wolf, so if our City Lord brings an army, they’ll just be going to their own deaths.”

“Mm, hurry up and finish your food and leave!”

After hearing this, Zhao Fu had never thought that he had caused such a ruckus. It seemed that everyone knew about this and there were most likely quite a few factions paying attention to this. After thinking about it, Zhao Fu dispelled the three Evil Flower Demons. After all, this was the Heaven Domain and it was best to be careful. The people around him naturally did not know that Zhao Fu was the master of those demon-eating monsters.

Following this, Zhao Fu easily obtained information about this faction and You Qingleng’s family’s situation.

Her father had taken two concubines and had one wife, and he had four sons and two daughters.

After many years, no one remembered You Qingleng. Her little brother, her stepmother’s son, had become the young master. He was handsome and was quite strong, and he had the support of many people.

However, the others wanted to steal the spot of young master, so there was a lot of tension in the family.

Chapter 1460: Mo Ye

Zhao Fu came to the You residence and found that the You residence's Fourth Young Master was recruiting people. As such, he thought about it and took off his cloak and signed up. Of course, he did not use his real name, and he instead made one up – Mo Ye.

The Fourth Young Master was quite domineering, arrogant, and stupid. He was the least favored of the four successors, so he seemed relatively easy to control.

Now that he was recruiting subordinates, Zhao Fu wanted to mix in and use the Fourth Young Master to obtain the demon god corpse.

After signing up, Zhao Fu followed the butler to the courtyard, where there were 20 or so people gathered. Most of them had Saint Realm Cultivation and a few of them had Heaven Realm Cultivation, so Zhao Fu's Earth Realm Cultivation seemed quite ordinary.

There was an arrogant-looking young man dressed in luxurious clothes sitting on a chair as he watched two people fight. As Zhao Fu arrived, everyone's gazes fell on his body.

After Zhao Fu's bloodline had reached the Divine Bloodline level, his appearance and aura had risen to the peak. Zhao Fu did not like to attract attention to himself, so he normally wore a cloak, but he could not wear his cloak now that he was applying for this position.

"Mo Ye greets the Young Master!" Zhao Fu walked in front of the luxurious-dressed young man and cupped his hands as he spoke.

The luxuriously-dressed young man was called You Nan and was the Fourth Young Master. He was the youngest out of all of the successors, and seeing this incredibly handsome and excellent-looking young man paying respects to him, he felt quite good about himself and liked Zhao Fu.

"Alright, This Young Master will be taking you in," You Nan said as he smiled.

The butler next to him said, "Young master, we don't know what Mo Ye's strength is like. It's better to have him compete with the others. Since young master likes him, if he has sufficient strength, young master can nurture him to be a personal bodyguard."

Hearing this, You Nan smiled and nodded as he said, “Mo Ye, This Young Master wants to see what your strength is like. If you perform well, This Your Master will put you in an important position.”

Zhao Fu smiled and nodded, and he picked a young man with Heaven Realm Cultivation. The young man looked quite pleased at an Earth Realm Cultivator challenging him.

The two of them came to an empty area, and the young man looked quite savage as he clenched his fist and shot forwards incredibly quickly, reaching Zhao Fu in an instant. His fist swung towards Zhao Fu’s handsome face, wanting to destroy Zhao Fu’s looks.

Bang!

A muffled sound rang out as the young man was sent flying backwards. Just as the young man had attacked, Zhao Fu’s fist had shot out like lightning and sent him flying.

The young man flew back ten or so meters, crashed to the ground, and coughed up a large mouthful of blood. He looked at Zhao Fu furiously and pointed at him, but before he could say anything, he fainted.

Everyone gasped in shock; they had never thought that an Earth Realm Cultivator would be able to defeat a Heaven Realm Cultivator with one strike; this strength was quite terrifying.

Zhao Fu’s expression was quite calm. Even a Harmony Realm expert would not be able to take a few blows from him.

You Nan excitedly stood up, looking as if he had found a precious treasure, and he loudly laughed as he said, “Mo Ye, This Young Master hereby makes you his personal bodyguard!”

Zhao Fu smiled as he cupped his hands and said, “Thank you, Young Master.”

Following this, Zhao Fu followed a butler around in order to familiarize himself with his surroundings. The butler did his best to tell Zhao Fu everything and tried to curry favor with him, as he was now very popular with You Nan.

At that moment, a slightly sultry-looking middle-aged woman with a mature figure walked over with a few servant girls.

The butler immediately bowed, “Third Madam!”

Zhao Fu also followed in suit, and he understood who this beautiful woman was. It was You Qingleng’s father, You Ye’s third wife. She was called Qiu Xueli and was You Nan’s mother.

Qiu Xueli ignored the butler, but after glancing at Zhao Fu, her eyes brightened and she could sense an incredibly enticing aura, causing her face to become slightly red and her eyes to become somewhat hazy.

“Who is he?” Qiu Xueli asked the butler, her voice slightly flirtatious.

The butler replied, “Third Madam, this is the Fourth Young Master’s new personal bodyguard. This lowly one is showing him around the You residence.”

“I see, you can all leave; I have some matters to ask him about.” Qiu Xueli nodded as she stared at Zhao Fu, her eyes becoming incredibly watery.

Hearing this, the others all left.

Qiu Xueli slightly smiled and said to Zhao Fu with a serious tone, “Come with me!”

Zhao Fu nodded and followed Qiu Xueli to her room.

After entering the room, Qiu Xueli no longer hid it anymore and gave a flirtatious smile as she stroked Zhao Fu’s face before kissing him. She wrapped her arms around Zhao Fu’s waist and said seductively, “You’re too handsome and give off some kind of aura that has stolen my heart; you need to take responsibility.”

Zhao Fu smiled, hugged Qiu Xueli, and walked towards the bed.

After doing it, Qiu Xueli’s face was red as she tightly hugged Zhao Fu and said, “Why didn’t you appear earlier; I feel like I’ve wasted my life before I met you.”

Zhao Fu laughed as he said, “You’re such a slutty woman!”

Qiu Xueli's face became redder, and she thought about how crazy she had been as she said somewhat angrily, "I'm not that kind of woman; it's the first time I've done it with someone apart from my husband. It was evidently you who seduced me, or else I wouldn't have been tempted like that."

Zhao Fu lightly laughed, knowing why. At that moment, someone knocked on the door and You Nan's voice sounded out, "Mother, have you seen my personal bodyguard? The butler said that you took him away to ask him about things; why hasn't he returned yet?"

Qiu Xueli's face went red because Zhao Fu was lying on the bed next to her and was hugging her. You Nan never would have thought that the bodyguard he had just hired had already tasted his mother.

"Nan'Er, keep looking around; I sent him back long ago." Qiu Xueli did not want You Nan to know about this, so she could only lie to trick him. You Nan greatly trusted Qiu Xueli, so he obeyed and left.

"Hurry up and leave; if other people discover you here, you won't be able to stay alive. Next time you want me, just secretly tell me so I can prepare," Qiu Xueli said softly as she nestled against Zhao Fu.

Zhao Fu still had not achieved his goal so he naturally would not leave. He said, "I want to know about the You family and the demon god corpse."

Hearing this, Qiu Xueli immediately became wary as she said angrily, "I see, so you had ulterior motives, and you even took my body. You bad person!"

Zhao Fu comforted her saying, "Don't worry, I won't harm you; trust me, alright? You can leave with me after and I'll give you a better life."
