Chapter 1461: Young Master

“Really?” Qiu Xueli asked in disbelief. Now that she had done it with Zhao Fu and had fallen for him, if her husband found out about it, she would die a horrible death.

Hearing that Zhao Fu could give her a better life, Qiu Xueli felt quite moved and wanted to be with Zhao Fu. She just was not sure if Zhao Fu was serious, or if he was just tricking her to achieve his goals. If he was tricking her, she would be left with nothing.

Zhao Fu smiled as he said gently, “Of course, I wouldn’t lie to you. I’ve never lied to any woman like that before.”

Qiu Xueli lightly nodded and started to tell Zhao Fu about the You family’s various matters.

The demon god corpse was sealed in a secret room which had all sorts of restrictions protecting it, and even an Emperor Heaven Realm expert could not force it open; only a key could open it.

Zhao Fu slightly frowned; it seemed that this matter would not be very simple. Zhao Fu had thought that he could directly snatch it and leave, and he had never expected that he would have to open a secret room to obtain the demon god corpse.

“My good husband, you really have to leave or else you’ll be discovered. Come and do it with me again later,” Qiu Xueli said somewhat reluctantly.

Zhao Fu nodded. He had been in Qiu Xueli’s room for around five to six hours now.

However, at that moment, a woman’s voice sounded from outside, “Mother, are you there? I’m so angry, Wu Niu doesn’t support my little brother to become the You family’s next leader.”

There was a seductive-looking woman standing outside; she was the You family’s second young miss and had already married out to a large faction. She was called You Baihua.

Qiu Xueli's expression became quite awkward; she had never thought that her daughter would arrive at such a time. She naturally could not allow her to see this scene, so she could only say, "I see, wait for me at the drawing room. I'll be with you soon."

However, You Baihua impatiently said, "Mother, I'm not just here because of that; there's another big matter. No one knows about it yet, hurry and open the door."

Hearing this, Qiu Xueli felt quite frustrated and had Zhao Fu stay on the bed before putting on some clothes and she opened the door.

After the door was opened, seeing her mother with a red face and giving off an enticing aura, as a young wife, she naturally understood what had happened.

She charged into the room and Qiu Xueli wanted to stop her, but it was too late. After charging in, You Baihua stared at Zhao Fu on the bed; she had never thought that her mother would do it with someone else behind her father's back.

You Baihua did not feel angry and only felt somewhat shocked, because even though her mother had considered it before, she had never done it before.

However, seeing Zhao Fu's peerless looks, his extraordinary bearings, and his enticing aura, her heart and soul trembled. She looked slightly flirtatious as she pouted, saying, "Mother, you found such a good man and yet you wanted to keep him to yourself. You don't even want to share him with your daughter."

Qiu Xueli bitterly laughed; she understood that her daughter had already fallen for Zhao Fu, and she reminded her, saying, "Baihua, don't be like this; you have a husband and he treats you well."

Thinking about her husband, she felt quite angry, directly walked over to Zhao Fu, and kissed him.

Looking at the two people starting to do it on the bed, Qiu Xueli could only close the door and join in.

Afterwards, You baihua's face was quite red as she looked at Zhao Fu in infatuation, "Husband, can I be your wife in the future?"

Zhao Fu smiled and lightly nodded; this young wife was quite alluring.

Qiu Xueli lay on Zhao Fu's other side and was quite unwilling to see her daughter develop a relationship with Zhao Fu. After all, she had a good life with her husband, but now she could only leave with Zhao Fu.

"That's right, what were you saying before, Baihua?" Qiu Xueli remembered that You Baihua had come looking for her because of something.

Only then did You Baihua remember. She replied seriously, "Big sister is going to return and might support her little brother to become the next leader. She seems to have also brought an Emperor Heaven Realm expert for protection."

Hearing this, Qiu Xueli looked quite dispirited as she sighed and said, "Looks like your little brother won't be able to become the leader of the You family. That's also good though, because he isn't really cut out for it."

Zhao Fu's expression also became serious because the You family's Big Miss was quite famous. Not only did she have extraordinary talent, she was peerlessly beautiful and was called one of the top ten beautiful women in the Multitude Demon Region. Moreover, she was the fiancée of a Crown Prince of an Empire.

The Crown Prince would one day become the Emperor and the Big Miss would become the Empress, gaining an incredibly prestigious status.

She had brought an Emperor Heaven Realm expert back with her, and with her status, no one would dare to resist her. Zhao Fu felt that the situation had become quite difficult and felt quite annoyed.

Zhao Fu wanted to quickly obtain the demon god corpse but had never thought that the Big Miss You Qian Yue would arrive back ahead of time, causing the entire You family to become nervous.

There were already many people from the You family gathered at the main hall, and Zhao Fu followed You Nan to the hall.

The You family's leader, You Wuli, was a pale-faced, good-looking middle-aged man. The Eldest Young Master looked quite handsome, the Second Young Master looked quite refined, and the Third Young Master looked quite cold.

The Big Madam had a fiery figure but looked somewhat unkind. She was the Eldest Young Master and the Second Young Master's mother, and she was called Yu Mu. The Second Madam was quite tall and slim and gave an intense feeling, and she was called Chang Qianling. She was the Third Young Master and the Big Miss' mother.

The most eye-catching person was the woman at the center. She had a graceful figure and white skin, and her beauty surpassed those of everyone else to the point that it was quite suffocating, and she gave off a cool and elegant feeling.

The elder next to her gave off the aura of the Emperor Heaven Realm, but his aura was a bit weak, as if he was injured. This was because on the way back, they had been ambushed by an enemy of the Empire, and as the fiancée of the Crown Prince of the Empire, she had an important status, so many people targeted her.

You Wuli slightly smiled and said, "Yue'Er, why have you come back this time?"

You Wuli felt quite proud of this granddaughter of his; not only did she have good talent and was quite strong, she was the fiancée of a Crown Prince of an Empire; this was beneficial to the entire You family.

You Qianyue did not feel much for this family and coldly replied, "I heard that you're going to pick the next leader of the You family; I feel that my little brother is suitable and I want you to choose him."

You Qianyue was mainly doing this for her mother, the Second Madam. This was why her mother had asked her to come back.

Right after You Qianyue had spoken, everyone else felt quite displeased, and the most displeased was the Big Madam Yue Mu. She had made her son the main Young Master of the You family with great difficulty, so how could she allow someone else to usurp him?

"The Eldest Young Master has the support of everyone and should inherit the You family; no one can move his position."

Chapter 1462: Demon Snake

You Wuli's expression was quite unsightly; he had never thought that his daughter would not give him face and pressure him like this, directly asking for her little brother to become the next leader.

The other elders of the family all disapproved because the Eldest Young Master You Qianqu was evidently much more powerful than the Third Young Master You Gouhe. He was also superior in terms of character and personality, so he was definitely the most suitable one to become the next leader.

Hearing so many oppose him, the Third Young Master said coldly, "You should all know clearly that the You family only obtained the backing of an Empire because of my big sister. Without her, the You family would have nothing. Also, I'll remember all those who opposed me today; don't blame me for being merciless in the future – you brought this on yourselves."

Hearing those words, everyone else in the You family felt quite furious because those words were incredibly disrespectful and did not place them in his eyes at all.

"Hmph! Even without an Empire's support, even if the You family is not extremely powerful, we're still one of the largest factions in this area. We don't need to curry favor with an Empire."

"This brat's character is so contemptible; he must not be allowed to become the next family leader."

"That's right! I'm determined to support the Eldest Young Master to become the next family leader. If the Third Young Master becomes the next family leader, I will leave the family."

Chang Qianling, the Third Young Master's mother, said domineeringly, "Then all of you can scram; the You family doesn't need you all. My son will lead the You family to the pinnacle; you should know that my daughter is a future Empress."

Those words caused many people to hesitate because the Empress of an Empire was an unapproachable and terrifying figure and could affect an Empire's decisions, and she could even gather massive armies.

The Eldest Young Master You Qianqu sighed and did not want the family to split apart because of this, so he said, "I'm willing to give up the position of main Young Master and give it to Third Brother!"

The Big madam, Yue Mu, immediately said determinedly, “Absolutely not!”

Everyone else was also quite unwilling and the hall became quite chaotic. Because of You Qianyue, some people supported the Third Young Master You Gouhe.

You Qianyue slightly frowned and looked at the elder next to her. The elder stepped out and a terrifying power covered the entire hall, causing it to fall deathly silent.

Everyone looked at the elder next to You Qianyue with fear. Even if he was injured, he was not someone to be offended. The most powerful person in the You family was only at the Extreme Divine Realm.

You Qianyue coldly said, “I will stay in the You family for a few days, and I hope you can resolve this quickly. I hope I won’t have to do anything that I don’t want to do.”

After saying this, You Qianyue took the elder with her and left.

Everyone in the hall had unsightly expressions because they had heard the threat in You Qianyue’s words. She had an Empire behind her, and no one would not fear such a terrifying Empire.

Chang Qianling coldly laughed and took You Gouhe and a few others and left. She was determined to have her son obtain the position of family leader, and with You Qianyue’s support, her son should be able to become the next family leader.

As Zhao Fu watched You Qianyue leave, he had to suppress the Evil Spirit Abyss Flower’s power with all his strength. The instant You Qianyue had appeared, the Evil Spirit Abyss Flower had madly wanted to devour her.

Zhao Fu did not know why, but You Qianyue was definitely very important to the Evil Spirit Abyss Flower, so Zhao Fu started to think.

At night, countless stars appeared in the black sky. The stars looked quite majestic without a moon, and a slight breeze brought with it a coolness.

Zhao Fu lightly knocked on a door three times as a signal, and a woman’s voice sounded out from within, “Come in!”

Hearing this, Zhao Fu pushed open the door, and a beautiful woman was waiting for him there – she was the Big Madam Yue Mu.

Yue Mu's expression was quite serious as she asked in doubt, "Do you really have a way to preserve my son's position as main Young Master?"

She had seen this young man in the hall, but he only had Earth Realm Cultivation and was You Nan's personal bodyguard. How could she believe that Zhao Fu could help her son?

After all, You Qianyue was a future Empress and had the backing of an Empire, and she also had an Emperor Heaven Realm expert protecting her. That Emperor Heaven Realm expert could suppress all of them.

Zhao Fu slightly smiled as he released some of his Nation Armament's power, causing Yue Mu's expression to change, and he said, "I don't care how you do it, but if you can injure that Emperor Heaven Realm expert again, I can kill him. I will also take away You Qianyue and without her, no one can threaten your son's position. However, I want the demon god corpse."

Yue Mu looked incredibly shocked and felt that Zhao Fu was quite crazy, to dare to kill an Emperor Heaven Realm expert and steal the future Empress of an Empire.

Even though this plan was quite crazy, for her son's future, Yue Mu still agreed as she had no other choice.

Zhao Fu felt quite delighted and inwardly let out a sigh of relief. With her help, he would feel much less pressure. He then looked at Yue Mu's fiery figure with interest and hugged her.

After smelling Zhao Fu's enticing aura, Yue Mu's face became slightly red and she resisted but was unable to break free from his embrace, and Zhao Fu carried her to the bed.

After an intense round, Yue Mu's face was quite red as she looked at Zhao Fu and said, "I'm betting everything on you and I even gave my body to you; you have to succeed or else I won't let you off."

Zhao Fu lightly laughed, "I can guarantee to you that I will succeed. Also, Madam, you should understand that this matter is quite dangerous, so I want the demon god corpse first."

Hearing this, Yue Mu nodded; she had the key to the secret room, which was why Zhao Fu came to find her.

After going to the secret room, Zhao Fu looked at the demon god corpse lying on a stone stage, as if it was sleeping there.

The demon god was covered with black scales and was three meters tall. It had a powerful-looking body and sharp claws as well as a pair of wings covered with scales. It looked quite savage and had four short, bony horns on its forehead, and it gave off a powerful aura.

Zhao Fu felt quite pleased and waved his hand, putting the demon god corpse into his spatial ring. Just as he was about to leave, he discovered a very precious-looking treasure box by the side.

This treasure box was made out of gold and was as big as a palm. It was also on the stone stage and gave off faint golden light, which attracted Zhao Fu over.

Zhao Fu opened the treasure box and found a black piece of metal as big as an egg. It was covered with cracks and gave off a dense Darkness aura and an intense might.

Zhao Fu felt quite interested and examined the black piece of metal. He was then wildly delighted to find that this was a Den that could nurture Darkness Demon Snakes, which were Stage 10 creatures. After maturing, they would have Saint Realm power.

Chapter 1463: Level 10 Den

Thinking about nurturing Saint Realm demon beasts, Great Qin would no longer have to fear anything, and it could easily destroy even billions of Stage 3 soldiers. Great Qin would no longer have to fear any Royal Kingdoms in the outer Domains and could even face Kingdoms of the Heaven Domain.

However, even Empires did not have Level 10 Dens; could he really obtain one so easily?

Zhao Fu examined it carefully and soon looked quite disappointed because he found that this was a damaged Den and was missing a few pieces, and it was essentially irreparable.

However, Zhao Fu thought about it and became quite excited because he could fuse it with the Blood-Sucking Mosquito Den; perhaps it would create a new creature, a fusion of the Heaven Awaken World and the Outer World.

“You can’t take this; the things in this secret room are for my son in the future,” Yue Mu came up and said.

Zhao Fu smiled and hugged her as he said, “Even if I left it for him, it would be useless; can I trade it for a few demon treasures?”

As he spoke, Zhao Fu took out a few demon treasures, and after looking at them, Yue Mu happily kissed Zhao Fu a few times as he said, “My good man! Tell me, just who are you? Not only do you have such strength, but you also have so many good things. If you support my son, I’ll be yours – how about that? Just come and find me if you decide to accept.”

Zhao Fu smiled but did not reply, and he instead said, “Go and find some way to injure the Emperor Heaven Realm expert; as a faction in the Heaven Domain, you should have the ability to do so. Leave the rest to me.”

Yue Mu smiled and nodded because she had great confidence in Zhao Fu. Following this, the two of them started to act.

Outside You Qian Yue’s room, the elder was hidden in the air and could appear at any time to attack. At the same time, he was recovering from his injuries.

Suddenly, a formless and tasteless aura spread to where the elder was concealed. The elder’s expression fell because this aura contained lethal poison.

The elder revealed himself and did not hesitate as he unleashed a defensive barrier to block off the aura. However, the aura easily permeated through the defensive barrier and entered the elder’s body, starting to destroy his life force.

The elder had already been injured and had now been poisoned, causing him to become severely injured. Blood sprayed out of his mouth and his face became much paler.

Boom!

In the end, he was still an Emperor Heaven Realm expert. He exploded out with his body's power, and massive amounts of world energy entered his body, defending against the poison that was destroy his lifeforce. It formed a defensive barrier made out of world energy to resist the poison.

“Roar! Roar! Roar! Roar!” Four massive monsters suddenly appeared, giving off terrifying auras as they charged towards the elder, seeming to want to devour him.

The four monsters were Evil Flower Demons – Arms, Wolf, Demon, and Demon God. The Demon God Evil Flower Demon was from Zhao Fu recently eating the demon god corpse.

The Demon God was quite tall and muscular and had a pair of scaled wings and two sharp horns. It did not have any eyes and its enormous mouth seemed to cover its entire face. It contained many sharp teeth and it looked quite terrifying.

After creating a fourth Evil Flower Demon, they could now grow up to dozens of meters tall and Zhao Fu could control them within 1,000 kilometers. Their individual abilities had also greatly risen.

Facing the four monsters' attacks, the elder looked quite disdainful. He took out a long saber and vigorously slashed out an enormous sword light that contained shocking power as it hacked towards the four monsters.

However, the ferocious sword light passed through the four Evil Flower Demons' bodies and did not harm them at all. This showed how terrifying they were – they could ignore even an ordinary attack from an Emperor Heaven Realm expert.

Boom!

The elder's expression fell and exploded out with terrifying world energy, causing massive spatial ripples to blast out and send the four Evil Flower Demons flying back.

Shing!

A shocking sword hum suddenly blasted out as a bronze sword light rushed into the sky. The world seemed to be covered by the bronze sword light, causing countless people's hairs to stand on end and an icy chill to spread through their hearts.

Zhao Fu had already entered Celestial Mode and his body was surrounded by rainbow light, and a ring of rainbow-colored rings circled around him. He held the Emperor Killing Sword and released the full power of his Nation Armament. Six worlds' power entered the Emperor Killing Sword, giving it terrifying power.

Boom!

Zhao Fu's sword descended and the bronze sword light that had shot into the sky descended, bringing with it a massive sword wind. It was extremely sharp and seemed as if it could split apart the land.

The elder looked incredibly shocked and there was a trace of terror in his expression, and he barely raised his defensive barrier in time.

However, the defensive barrier only stopped the sword light for a moment before it was shattered. The elder was sent flying backwards and crashed heavily onto the ground, smashing open a crater, and a bloody wound appeared on his back.

However, the elder was not dead and was only heavily injured. It could be seen how terrifying Emperor Heaven Realm experts were – he had already been injured, then poisoned, and then had been hit by a full-powered sneak attack by Zhao Fu, yet he was still alive.

The elder was now on the verge of death, and Zhao Fu did not hesitate and rushed over to pierce his chest with a sword strike.

At the same time, he discovered two figures running away: They belonged to You Qianyue and the Second Madam Chang Qianling. Their faces were covered with terror and had never thought that someone could kill an Emperor Heaven Realm expert.

Zhao Fu stretched out his hand and a massive bronze hand caught the two women, and he then turned into a ray of light and flew away with them.

The battle had lasted for less than two minutes, and by the time others had reacted, Zhao Fu had long since left. Moreover, after sensing the remaining sword energy, most people did not dare to come near.

Within a hidden mountain cave, there were already many people gathered. There was not only Ye Ye and Zhao Fu's original group but also the You family's Third Madam and two others.

Seeing the Third Madam and her daughter affectionately leaning against Zhao Fu, Yue Mu angrily cursed, "Why did you bastards bring me here? Also, did Qiu Xueli and her daughter become yours long ago?"

Zhao Fu lightly laughed and brought her into his embrace as he said, "I did it for your good. You were involved in this so they might discover your part in it, and I've taken away all of the You family's women. If I left you behind, suspicions might have fallen onto you.

"Now, I've attracted all of the attention on myself and that Empire won't do anything to the You family. The You family is just a victim and has been humiliated, so it will remain safe. Your son is still the main Young Master and no one can touch him!"

Hearing Zhao Fu's explanation, Yue Mu happily smiled and said apologetically, "I'm sorry, I misunderstood you. I'll properly serve you later."

By the side, You Qianyue's expression was quite cold as she cursed, "A group of sluts who don't know any shame. My father treated you all well, yet you're doing this."

Chapter 1464: Demon Domain

The Big Madam Yue Mu angrily harrumphed, "You're pointing fingers at us but you should think about yourself first. After our man has tasted you, had 100 men do you, and then sold you off, then you'll know what a slut is."

Hearing those words, You Qianyue's expression became quite unsightly; that kind of end was worse than death.

The Second Madam Chang Qianling was much more tactful. She felt that her beauty was not inferior to the other two Madams', and with her demeanor, many men wanted to conquer her, so she had the confidence to make Zhao Fu like her.

She said flirtatiously, "My good husband, in the future Qianyue and I can serve you together. Surely you wouldn't bear to let other men do us."

Zhao Fu lightly laughed and undid the power binding Chang Qianling, but he did not undo the power sealing her strength.

After regaining control over her body, Chang Qianling came up and hugged Zhao Fu as she said flirtatiously, "Husband, I'm yours now; can you treat me and Qianyue a bit better?"

Yue Mu felt slightly dissatisfied; she had never thought that Chang Qianling would give in so easily. It was as if the three of them had changed husband together.

"Husband, how is my father?" You Qingleng looked at Zhao Fu who was hugging beauties on all sides and asked in concern.

Zhao Fu replied, "I did not harm your father, but he has some kind of strange illness; he most likely only has a few years left."

It was precisely because You Wuli knew that his body was failing that he decided to choose the next family leader. This was why the Third Madam Qiu Xueli was willing to leave with Zhao Fu; she had to think of her future and she did not want to be a widow for the rest of her life.

After hearing this familiar voice, the Big Madam looked at You Qingleng. Hearing her call Zhao Fu husband, her face became pale because she still remembered You Qingleng. Now, it was clear why Zhao Fu had come to the You family.

Hearing Zhao Fu's words, You Qingleng looked a bit sad. Looking at her stepmother, her gaze became cold as she said, "Long time no see, stepmother."

The Big Madam felt somewhat afraid because You Qingleng had known Zhao Fu for longer than she had, and she was afraid that You Qingleng would take revenge against her. After all, she had gone a bit too far in the past.

Zhao Fu smacked Yue Mu's round bottom and smiled as he said to You Qingleng, "I'll punish her well for you!"

Yue Mu's face became red and she let out a breath of relief as she said seductively, "Husband, now that I'm your woman, you can punish me any way you like."

You Qingleng looked quite cold and did not say anything, and after talking with each other, the others realized You Qingleng's identity.

Zhao Fu looked at You Qianyue and understood why the Evil Spirit Abyss Flower was so determined to obtain her. Zhao Fu licked his lips and felt incredibly hungry.

He let go of the Big Madam and Second Madam and came over to You Qianyue. He lifted her chin and his eyes danced with a hungry light.

You Qianyue looked at Zhao Fu coldly and said somewhat arrogantly, "I'm a future Empress; you know the consequences if you touch me."

Zhao Fu harrumphed somewhat angrily and directly ripped off You Qianyue's clothes and started to do it with her. Apart from the initial resistance, You Qianyue soon became quite cooperative.

A wave of demonic qi flowed out from Zhao Fu's body and Zhao Fu's eyes once again became Evil Spirit Abyss Flowers. The demonic qi continuously flowed into You Qianyue's body, causing it to shine with a faint demonic light.

Black flowers started to grow on her body, and her eyes became pure black. There were two Evil Spirit Abyss Flowers imprinted on her pupils, and her aura also went through big changes; she now seemed somewhat seductive and evil.

The Second Madam Chang Qianlong looked at Zhao Fu ravaging You Qianyue for so long and said in concern, "Husband, it's Qianyue's first time; please show mercy on her. Let me serve you!"

Zhao Fu lightly laughed and hugged Chang Qianling's mature figure, and the other women also could not help but join in as well.

While Zhao Fu was having fun here, the outside world was going through chaos.

The Empire was completely enraged; the Crown Prince's fiancée had been stolen, and this was a massive humiliation to the Empire. No matter who had done this, they would have to pay a great price.

The Empire's higher-being personally moved out, and everyone believed that with a higher-being acting, the situation would be resolved very soon. However, contrary to what everyone expected, the higher-being did not find out anything. He had wanted to use a heaven-defying technique to divine what had happened, but he had received Heaven's Secrets backlash and had been heavily injured.

This matter immediately spread throughout more than half of the Demon Domain. An Empire's higher-being not only personally had massive amounts of Fate but also had support from the Empire's Fate, yet he had suffered a backlash.

Just who had done this? Who had such terrifying abilities that even a higher-being could be injured so heavily?

It was not just this Empire who took this matter incredibly seriously, sending out billions of Stage 5 soldiers, hundreds of thousands of Emperor Heaven Realm experts also came, as well as three Void Realm experts.

The various other factions also paid attention to this because it might have been done by a higher-being. However, why would a higher-being steal the fiancée of a Crown Prince? no one could understand this, so they all sent spies to investigate this.

All of the You family's women had been stolen away, which was quite humiliating, but it was because of this that the You family was able to continue surviving. After all, if the Empire investigated the You family, the entire family might perish.

In the end, the next family leader was chosen to be the Eldest Young Master. After losing the support of two important people, the Third Young Master no longer had enough power to fight for the position of family leader.

You Nan also felt quite confused as to why his personal bodyguard had disappeared as well. He did not know that that personal bodyguard was currently doing it with his mother and his big sister.

Back at the mountain cave, You Qianyue had woken up, and seeing her mother lying in Zhao Fu's embrace with a look of infatuation on her face, You Qianyue understood their current situation.

However, she did not feel angry because under Zhao Fu's body, she had felt the same way. She was wondering why Zhao Fu had such a terrifying ability; if it was an ordinary man or woman, they would not be able to make someone else feel this way. She guessed that Zhao Fu most likely had practiced some kind of special Art.

Now, within her mind, there was a rose-like black flower that gave off demonic light. This flower continuously enhanced her constitution and power, and it gave her a higher-tier power.

You Qianyue did not understand why Zhao Fu had given her such benefits despite her attitude towards him.

Zhao Fu looked at You Qianyue and brought her into his embrace. You Qianyue did not resist and lay in his embrace because she did not have any strength to resist, and her body had already been taken by him.

Zhao Fu carefully examined the changes in You Qianyue, and he found what had happened. It seemed that a portion of the Evil Spirit Abyss Flower's power had flowed from him and fused into You Qianyue's body.

Chapter 1465: Mountain Village

In the end, Zhao Fu found out that You Qianyue had become his Evil Flower Emissary, and it was an Evil Flower Demon Seed from the Evil Spirit Abyss Flower that had fused with You Qianyue's body. It not only enhanced her power and constitution but also gave her abilities similar to his.

You Qianyue could also summon Evil Flower Demons and could also give out Evil Flower Demon Seeds to create Evil Flower Followers. Her Evil Flower Followers could also summon Evil Flower Demons and give out Evil Flower Demon Seeds to create Evil Flower Spirits.

Zhao Fu could have 12 Evil Flower Emissaries, who could have 24 Evil Flower Followers, who could then have 48 Evil Flower Spirits.

Just like that, Zhao Fu could form a large army that all had the Evil Flower Demon's abilities; such an army would be incredibly terrifying.

Moreover, this army would be fully controlled by Zhao Fu and no one would be able to resist Zhao Fu. Zhao Fu was the nexus of this army, and once Zhao Fu died, everyone else would die.

The Evil Flower Emissaries all had to be women and had to have great talent. That was why the Evil Spirit Abyss Flower had such an intense reaction to You Qianyue.

Without realizing it, Zhao Fu was once again surrounded by women, and there was the miserable Ye Zhi outside. Zhao Fu discussed with the women and found a place to have them reside before Zhao Fu finished his matters and picked them up.

They naturally were not willing to be separate from him, but Zhao Fu explained that what he was going to do would be quite dangerous, so they could only obediently stay behind. However, they required that after everything was done, Zhao Fu would properly satisfy them.

Zhao Fu settled them in a small mountain village in the wilderness. Zhao Fu knew that the current situation was quite dangerous, so it was best that they stayed away from people. This mountain village was somewhat secluded and was a good place to hide.

Zhao Fu only brought You Qianyue with him; she was not only a future Empress but also the disciple of a terrifying Demon Sect. That Demon Sect was in the Multitude Demon Region and was a top-tier faction.

You Qianyue knew a lot about the Multitude Demon Region, so Zhao Fu asked her if he had any questions.

However, her attitude towards Zhao Fu was somewhat cold, although she would not resist if Zhao Fu did anything, and she would often take the initiative.

Soon, Zhao Fu brought You Qianyue to another place. Zhao Fu released the four Evil Flower Demons to attack the Cities in the surrounding 1,000 kilometers. He needed them to devour large amounts of demons to create a fifth Evil Flower Demon.

The four Evil Flower Demons charged into Cities and started to slaughter. Arms swung its long arms and devoured people, while Demon charged about, shoving people into its mouth.

Wolf was just like a wild beast, leaping on anyone it saw and devouring them, while Demon God flew in the sky and opened its mouth, giving off a massive suction force that sucked terrified people into its mouth.

There was blood everywhere, staining streets and walls. There were also countless fragmented corpses everywhere, and countless people screamed in terror.

Swish, swish, swish...

Arrows containing terrifying power shot out towards the Evil Flower Demons, but all of them passed through their bodies and were unable to harm them at all.

Wolf leapt into a group of soldiers and bit at the soldiers with its massive mouth, devouring dozens of people in a single bite. It then used its claws and sent soldiers flying.

Arms opened its massive mouth and exploded out with a massive suction force that dragged in countless soldiers.

Boom!

A Saint Realm Cultivation City Lord loudly roared and exploded out with power as he rushed towards the Demon God with a spear.

However, the Demon God grabbed the City Lord with a massive hand, causing him to look shocked. He did his best to break free, but he was unable to resist at all and was shoved into the Demon God's mouth. The Demon God bit down and blood sprayed everywhere, and a Saint Realm expert died just like that.

The City quickly turned into ruins and the people there were either eaten or had escaped elsewhere.

Afterwards, the four Evil Flower Demons headed to the next City.

Because the Evil Flower Demons continuously attacked Cities and devoured countless demons, the news of the demon-eating monsters spread more and more, and more people heard about it. Some factions started to investigate what was going on.

By now, Zhao Fu's Evil Flower Demons had eaten millions of people, and Zhao Fu ate the Emperor Heaven Realm expert's body from before.

You Qianyue watched as Zhao Fu actually ate this corpse, the Emperor Heaven Realm expert who had been protecting her. A trace of fury appeared on her cold face and she gripped her fists, but she could not do anything.

There was not only the Six Desires Demonic Qi within her body but also the Evil Spirit Abyss Flower's control in her mind; she could not do anything to Zhao Fu at all.

"Why are you doing this? I've already been taken by you and am your woman. Can't you show me a bit more care or respect? That person died protecting me and yet you're eating him; if it's like this, I will never truly submit to you."

Zhao Fu was eating the elder's corpse and his face was covered with blood. Hearing her words, he thought about it before ripping off one of the corpse's arms and handed it to You Qianyue.

Seeing this, You Qianyue became even more furious, wondering what Zhao Fu meant by this. Did he want her to eat with him? How could she...

However, You Qianyue suddenly felt an intense hunger as the Evil Spirit Abyss Flower in her mind gave off a faint demonic light. You Qianyue could not control herself as she took the arm and started to eat it with large bites, looking quite savage.

Zhao Fu continued to eat the elder's corpse and a massive wave of demonic qi flowed out of his body as an expression of pain appeared on his face. The demonic qi continuously condensed and formed a monster.

This monster was three meters tall and was quite skinny and withered like an elderly person. It had silver-white long hair that reached the ground and did not have a face. Its throat had two large mouths, one on the outside and one on the inside, which looked quite horrifying.

This was the fifth Evil Flower Demon, which Zhao Fu decided to call Elder. Zhao Fu's Evil Spirit Abyss Flower's power now reached the fifth stage and each Evil Flower Demon's body could now become 100 meters tall and Zhao Fu could control them within 10,000 kilometers.

Suddenly, You Qianyue came up and hugged Zhao Fu, looking flirtatious and shy. She looked at him hazily and took the initiative to kiss him.

Zhao Fu lightly laughed and understood that You Qianyue was affected by the Evil Spirit Abyss Flower and the Six Desires Demonic Qi, as well as the fact that she had just eaten the elder's arm.

Zhao Fu waved his hand and the Elder turned into demonic qi and dissipated, and Zhao Fu started to do it with You Qianyue and helped her gradually come back to her senses.

Afterwards, You Qianyue lay powerlessly on Zhao Fu's body and weakly hit Zhao Fu as she said angrily, "What did you do to me?"

Chapter 1466: Demon Sect

Zhao Fu laughed and said somewhat domineeringly, "All you need to know is that you can never escape from my hands and that I can control everything about you. It's best that you submit to me sooner rather than later. Also, that power can cause your potential to rise by dozens of times, and you will control one of the most terrifying powers in the world; you won't be disappointed.

"If you're not willing to eat people, you can refine people into medicinal pills and the effects will be even better. I just don't want to go through the trouble."

You Qianyue coldly harrumphed and did not reply to Zhao Fu's words, but she lightly hugged Zhao Fu's body with her arms. Her heart had already started to submit to Zhao Fu.

Zhao Fu lightly smiled as he said, "Wife, where should we go now? It's best if it's somewhere with powerful demonic creatures, treasures, or women."

You Qianyue rolled her eyes at Zhao Fu, "I'm not your wife and you haven't married me yet. Also, just who are you?"

Now, You Qianyue was extremely curious about Zhao Fu's identity because he definitely was not an ordinary person. His various auras and the might that his body gave off were terrifying. They were many times more powerful than that of her fiancé's.

Zhao Fu smirked and said somewhat seriously, "I can't tell you right now, but in the future, the entire Heaven Awaken World will know my name. I won't mistreat you and I'll take care of you for the rest of your life."

Hearing this, You Qianyue smiled for the first time and felt at ease. She lay in Zhao Fu's embrace and lightly nodded as she said softly, "Husband, I want to take a trip back to the sect. I still have many things there and I understand some pill-making, so you don't need to eat so savagely."

"Also, there are most likely the things you want there. My Senior Apprentice Sister is also one of the Ten Demon Beauties of the Multitude Demon Region, and she's madly pursued by countless people. If you tell her about the Evil Flower Emissaries, she'll definitely want to become your woman."

Zhao Fu felt quite hesitant and said, "That Empire and your Sect are most likely looking for you. If you go back, things will be quite dangerous."

You Qianyue smiled as she said, "Husband, I'll be careful. Now that my body is yours, I can't marry into that Empire. Also, that marriage was something arranged for me by the Sect and I don't have much feelings with that Crown Prince. I've remained a virgin until now, and I'm afraid that you'll throw me away."

Zhao Fu thought about it and agreed in the end.

Following this, the two of them put on cloaks and headed to You Qianyue's Sect, the Demon Saint Sect. This Sect was quite terrifying and was only slightly weaker than an Empire, and it had its own higher-being. However, the higher-being was usually in closed-door cultivation and it had been many years since he had taken part in Sect affairs.

A few days later, Zhao Fu and You Qianyue entered the territory of the Demon Saint Sect. Both of them were incredibly wary because they could not afford to be recognized or else things would become quite dangerous.

The two of them first came to You Qianyue's courtyard and snuck in, and You Qianyue quickly packed her things.

This place was incredibly dangerous because if anyone came in and discovered that You Qianyue was back, Zhao Fu and You Qianyue would not be able to escape easily. As such, they had to quickly pack and leave.

Zhao Fu waited outside and stood guard anxiously while You Qianyue cleared things out in the courtyard.

Suddenly, a gentle-looking young man in white walked over. His aura was quite terrifying and his cultivation was at the Extreme Divine Realm.

Zhao Fu immediately became cautious and prepared to act at any moment. However, if they fought, there would be shockwaves that would alert others. When that time came, Zhao Fu and You Qianyue would not be able to escape.

He hoped that this person was just a passerby and that his goal was not this place. Zhao Fu hid his aura as best as he stealthily stood in the air.

“Brother, what matters do you have with my Demon Saint Sect?” Even though Zhao Fu wanted the young man to quickly leave, the young man came before Zhao Fu and cupped his hands as he asked.

Zhao Fu felt quite frustrated and revealed himself as he calmly replied, “I’m just a passerby; you don’t need to mind me.”

The young man looked at Zhao Fu and lightly laughed as he said, “That might not be the case! This is the residence of the Sect’s talented young woman, the future Empress You Qianyue.”

Zhao Fu’s expression became serious; this young man might have discovered something. Just as Zhao Fu was about to make a move, You Qianyue walked over and called out, “Husband, what happened?”

The young man looked at You Qianyue in surprise; he had never thought that the person who everyone was madly searching for had returned to the Demon Saint Sect. What shocked him even more was that You Qianyue, who was the future Empress of an Empire, was calling another man ‘husband’.

Seeing You Qianyue's red face and the enticing aura she gave off, she most likely was not a virgin anymore and was most likely given a lot of love by this man.

Seeing this young man, You Qianyue let out a slight sigh of relief, "Luckily it's you, Senior Apprentice Brother, or my husband and I would not be able to escape."

The young man looked quite confused and did not know what was going on.

You Qianyue smiled as she introduced the young man to Zhao Fu, "Husband, this is Mo Zizhi. Senior Apprentice Brother Mo is one of the strongest people in the Demon Saint Sect and is a very good person. There isn't anyone in the Sect who doesn't like him and he looks out for me a lot normally."

Zhao Fu understood and nodded, and he courteously introduced himself, "I am Mo Ye!"

Mo Zizhi still looked quite confused, not knowing what was going on. You Qianyue introduced Zhao Fu to the young man and gave a varied account of what had happened.

She spun the story such that she and Zhao Fu had loved each other for a long time, and she did not want to marry that Crown Prince. As such, she thought of this method to escape this marriage. She also described Zhao Fu to be a righteous and loving man, who was willing to take on an Empire for love.

Hearing this, Mo Zizhi could not help but feel some admiration. Even with his strength, he would not dare to do such a thing. Then again, he had not met a woman he had deeply loved like this before.

"I also feel that this brother Mo Ye is a good man, to be willing to pay such a big price for you. Moreover, from the start I could tell that brother Mo Ye's demeanor, bloodline, and aura are far superior to that Crown Prince's and will definitely shake the world in the future. He's more suitable for you than the Crown Prince," Mo Zizhi said as he smiled.

Zhao Fu felt quite embarrassed hearing this, and he coughed dryly, causing You Qianyue to glare at him. She did not have the face to talk about how Zhao Fu had forcefully taken her.

“You should leave as soon as possible to avoid being discovered by others. We’ll have a proper reunion some other day.” Mo Zizhi was quite a good person and was worried for Zhao Fu and You Qianyue.

“Mm! See you in the future,” You Qianyue said softly as she looked at Mo Zizhi with her beautiful eyes.

Following this, Zhao Fu and You Qianyue pretended to leave but went to another courtyard.

Chapter 1467: Demon Dragon Pearl

They did not want to leave yet because there was still something else that they had to do, which was the matters of the demonic creatures and demon women.

You Qianyue gave a happy smile and hugged Zhao Fu’s arm with both hands. Her Senior Apprentice Brother was a good judge of people and for him to praise Zhao Fu like that, it meant that Zhao Fu was quite extraordinary. She knew that Zhao Fu was quite special and was definitely superior to the Crown Prince.

Moreover, with the terrifying power that Zhao Fu had given her, even an Empire would not have a power like this.

“Senior Apprentice Sister, open up!” You Qianyue hugged Zhao Fu as they came to a large courtyard. She lightly knocked and called out.

The door was quickly opened and a woman appeared before them. She was wearing tight-fitting clothes and had a seductive figure. She was peerlessly beautiful and had a heroic air about her. The aura she gave off was quite powerful, and her cultivation had reached the Divine Realm.

After opening the door, the woman looked at You Qianyue in surprise and called out, “Qianyue! Why are you here?”

The woman looked like the carefree and casual type, and seeing You Qianyue appear, she immediately called out loudly. This gave Zhao Fu a small scare, and fortunately there was no one else around or else You Qianyue would have been exposed.

You Qianyue immediately signaled for the woman to be quieter, and she had You Qianyue and Zhao Fu enter her courtyard.

After coming to a room, the woman looked at You Qianyue in confusion; she did not know why she had come to find here. Right now, almost all of the Multitude Demon Region knew about her matters.

You Qianyue could only repeat what she had said to Mo Zizhi to this woman. Afterwards, the woman looked at Zhao Fu and You Qianyue in respect and said, "I also want to have an intense relationship like this."

You Qianyue introduced the woman to Zhao Fu. She was called Mo Wulin, who was one of the Ten Demon Beauties of the Multitude Demon Region. She was not only extremely beautiful but was also incredibly talented.

"Senior Apprentice Sister, I have a piece of good news for you; look at this power of mine."

You Qianyue stretched out her hand and countless traces of demonic qi gathered above her palm, forming a black flower that gave an evil and dark aura.

Mo Wulin looked at the black flower above You Qianyue's hand and stretched out her hand to touch it, but she found that she could not touch it. Moreover, she could not touch it unless she used all of her cultivation power.

She understood that this power was a very high-grade power, which was much higher-grade than her own. She asked You Qianyue curiously, "What power is this?"

Seeing that Mo Wulin had taken the bait, You Qianyue smiled as she said, "This is Evil Flower Power, which is a very strong power. It is more powerful than even an ordinary Emperor's power; Senior Apprentice Sister, do you want this power?"

Mo Wulin innocently and vigorously nodded, wanting this power very much. With her naïve personality, it was quite easy to trick her.

You Qianyue smiled and had Zhao Fu take off his cloak, and she asked, “What do you think about my husband?”

Mo Wulin looked at Zhao Fu’s peerlessly handsome face, sensed his extraordinary aura, and said, “He’s very good-looking! I feel that he can rank in the top rankings in the Demon Domain. Why do you ask?”

Zhao Fu felt quite speechless being looked at like this, as if he was a product.

You Qianyue smiled as she said, “This power is quite easy to obtain; you just have to do it with my husband. Also, doing it with my husband is a joy that ordinary people will never be able to enjoy. I have a good relationship with Senior Apprentice Sister, so I’m willing to share my husband with you; otherwise, I definitely wouldn’t be willing.”

Mo Wulin said gratefully, “Thank you, Junior Apprentice Sister. However, he’s your husband; can I really do it with him?”

You Qianyue gave a slightly insidious smile as she said, “If Senior Apprentice Sister feels bad, you can give me some compensation. I heard that Senior Apprentice Sister has a Demon Dragon Pearl; this doesn’t seem to be of much use to Senior Apprentice Sister – how about giving it to me?”

“That’s no problem, here you go.” Mo Wulin was so pure to the extent that she was quite cute. She took out a round, black piece of jade that was as big as a fist. There were dragon inscriptions on it and gave off a powerful demon dragon might.

Zhao Fu felt that this Mo Wulin was a bit too easy to trick; how could she be this naïve? Didn’t she know that she was selling herself off and was helping others get rich? If it was under normal circumstances, Zhao Fu could not bear to trick a person like this.

You Qianyue took the Demon Dragon Pearl and gave a happy smile as she said, “Senior Apprentice Sister, my husband is yours now. Enjoy!”

Mo Wulin happily nodded and asked, “Qianyue, I trust you a lot. Can I really obtain that high-grade power by doing it with your husband? I don’t need to do anything else?”

You Qianyue smiled and nodded with great certainty.

Seeing this, Mo Wulin looked quite excited, directly jumped on the bed, and started to wait.

You Qianyue looked at Zhao Fu and said quietly, “You’re lucky to be able to do it with a big beauty like my Senior Apprentice Sister. Make sure you’re gentle with her.”

Zhao Fu smiled, nodded, and came to the bed, preparing to take off Mo Wulin’s clothes.

However, Mo Wulin grabbed Zhao Fu’s hands and said somewhat angrily, “What are you doing? Why do we need to take off our clothes?”

Zhao Fu felt quite confused; why was Mo Wulin resisting now?

However, now that things had come to this, Zhao Fu would not stop because the Evil Spirit Abyss Flower wanted to have her greatly. Zhao Fu sent large amounts of Six Desires Demonic Qi into her body, and even though the process was quite complicated, Zhao Fu soon started to do it with Mo Wulin.

You Qianyue also joined in, and the room was filled with an erotic scene with cries continuously sounding out.

“You tricked me!” Mo Wulin’s face was quite red as she said angrily to Zhao Fu and You Qianyue.

Zhao Fu hugged Mo Wulin and smiled as he said, “We didn’t trick you; haven’t you obtained that power now?”

However, Mo Wulin was still quite angry and said, “I thought that it would just be lying on the bed. I even resisted at first, but you still did it.”

Speaking about that, Mo Wulin’s face became redder and she could not continue speaking.

Zhao Fu smiled gently as he comforted her, saying, “You’re my woman now, and I’ll take care of you for your entire life.”

You Qianyue also said, “Senior Apprentice Sister, don’t you like husband? Didn’t you feel very happy doing it with Zhao Fu? If it wasn’t for the fact that I can’t deal with him by myself, I wouldn’t want to share him with you. Also, Senior Apprentice Sister you’re getting older and the Sect might arrange a marriage for you. If that happens, what will you do?”

Hearing those words, Mo Wulin thought about it and hugged Zhao Fu with both arms as she said seriously, “Then you can’t betray me, or else I won’t let you off even if I die.”

Chapter 1468: Dragon Demon

Zhao Fu nodded earnestly and said, “Leave with me then!”

Mo Wulin nodded. By staying with Zhao Fu, she would be able to quickly grasp that kind of terrifying power and she felt quite delighted to obtain this kind of power.

She had also wanted to go out and learn through experience, as her strength had not broken through in a long time, so she wanted to go out and find some opportunities.

Following this, the three of them secretly left the Demon Saint Sect.

News of Mo Wulin disappearing quickly spread, and the Demon Saint Sect hurriedly sent people to investigate. How could a disciple who was doing fine just disappear? Moreover, Mo Wulin was one of the most famous people in the Demon Saint Sect and was naturally paid attention to by countless people.

However, they were unable to find anything and Mo Wulin seemed to have just vanished. After hearing about this, Mo Zizhi wondered if it had to do with Zhao Fu.

Indeed, it was Zhao Fu who had taken Mo Wulin away!

After leaving the Demon Saint Sect, Zhao Fu took out the five Evil Flower Demons and had them continue to attack Cities and eat millions of people. Zhao Fu then fused the Demon Dragon Pearl and created a sixth Evil Flower Demon.

This Evil Flower Demon was naturally a dragon-shaped demon that was three meters long and was covered with black scales. It had an enormous dragon eye and had a savage mouth filled with sharp teeth. It had six claws and gave off a powerful aura.

The Evil Spirit Abyss Flower also reached its sixth stage, and Zhao Fu could now control the Evil Flower Demons within 10,000 kilometers.

More importantly, Zhao Fu grasped a terrifying ability, which was Evil Flower Puppets. Zhao Fu could now use the six Evil Flower Demons to control 600,000 people.

These 600,000 people were the Evil Flower Puppets; once they were controlled, they would not be able to break free and would be controlled for the rest of their lives until they died. Moreover, those who were controlled would not suffer any changes to their power, cultivation, or memories.

There was no need for Zhao Fu to control so many people so he did not use this ability for now because bringing about so many people was quite troublesome.

Right now, the most important thing was to continue to find powerful demonic creatures and demon women to continue increasing the strength of the Evil Spirit Abyss Flower and gather demonic qi for the Demon Star. Zhao Fu guessed that when the Evil Spirit Abyss Flower reached its final stage, that would be when the Demon Star awoke.

“Do you two know of any good places to go to? I still need many powerful demonic creatures, items, and women,” Zhao Fu asked the two women.

Mo Wulin thought about it and excitedly smiled as she said, “Husband, how about we gather the rest of the Ten Demon Beauties? After gathering the twelve Evil Flower Emissaries and forming 12 Evil Flower Demons, that should be enough to have the Evil Flower bloom across the entire Demon Domain.

“Not only will we be able to obtain great power, but we can also fuse with you and obtain undying bodies. As long as you are fine, we can unlimitedly revive.

“When that time comes, we can give out Evil Flower Demon Seeds and create a terrifying Evil Flower demon army for husband to help husband conquer the Demon Domain in the future.”

Zhao Fu felt quite tempted but also felt quite wary. Even though the Multitude Demon Region was quite chaotic, all of the Ten Demon Beauties were extremely talented and beautiful as goddesses, and they had terrifying factions behind them.

If he captured all of them, he would attract too much attention and shake the entire Multitude Demon Region, causing countless factions to madly hunt him down.

Zhao Fu did not want to do this, but if he wanted the Evil Spirit Abyss Flower to reach its final stage, he had to gather the twelve Evil Flower Emissaries. That way, he would also be able to awaken the Demon Star.

After thinking about it, Zhao Fu still decided to capture these Ten Demon Beauties. He had already offended many people in the Multitude Demon Region and he did not mind offending a few more. As long as he could achieve his goal and obtain great gains, that would be enough.

However, Zhao Fu felt that he was becoming more and more perverted, but he had to do this.

You Qianyue hugged Zhao Fu and said worriedly, “Husband, make sure you don’t forget about us because of them!”

Zhao Fu lightly laughed as he replied, “I’m not that kind of person, don’t worry.”

Within the Ten Demon Beauties, You Qianyue was ranked sixth and Mo Wulin was ranked fifth, and Zhao Fu decided to start from number ten and work his way up.

The tenth-ranked person was called Zi Lingye and was the Princess of a Royal Kingdom. Zhao Fu and the two others came to the Royal Kingdom and saw that they were conducting a martial gathering in which people made exchanges using their martial prowess. The Royal Kingdom’s various talents were gathered and Zi Lingye was also participating.

Zhao Fu registered and had the two women wait in a neighboring Royal Kingdom. After Zhao Fu captured Zi Lingye, he would immediately run.

This was a Royal Kingdom of the Heaven Domain and was ten or so times more powerful than an inner Domain Royal Kingdom, and Zhao Fu could not afford to offend such an existence. As such, after capturing Zi Lingye, he had to immediately leave.

When the martial gathering started, it was filled with people and the scene was quite lively. Not only were there countless talents gathered, but there were many spectators as well. Zhao Fu hid in a corner and waited for his opportunity.

“Princess Lingye has arrived!” a cry sounded out and everyone became quiet as they looked towards the direction that the voice had come from. A graceful young woman dressed in a violet palace dress with an elegant and dignified demeanor walked in with a group of female attendants.

She was Zi Lingye, and she was extremely beautiful. As soon as she appeared, the scene quieted down, and even though she was only ranked tenth, she was definitely the number one beauty of the Royal Kingdom and countless nobles were infatuated with her.

Many people had come not only to watching the martial gathering but also to see the Royal Kingdom’s number one beauty.

Apart from Zi Lingye, there were also seven or eight people with extraordinary and noble bearings. There were men and women and they were handsome and beautiful. They were most likely important figures within the Royal Kingdom and had prestigious statuses.

Zhao Fu did not pay much mind to these people and focused on Zi Lingye. He found that she did not have experts by her side protecting her, making him feel quite delighted. Perhaps it was because they felt that no one would make a move against her within the Royal Kingdom.

The martial gathering began and Zi Lingye and some people went to a viewing platform. There were many stages below where people were fighting. There were one on one battles as well as battle royales, and the rewards were all quite good.

The scene was quite raucous and the battles on the stages were all quite intense. The spectators were having a great time watching and excitedly cheered, and Zhao Fu felt that the time had come.

Boom! Boom! Boom..

Massive waves of demonic qi spread out like a flood as six 100 meter tall monsters suddenly appeared, madly attacking the people around them and devouring them.

Chapter 1469: Evil Flower

The six monsters' attacks were too sudden and no one was able to react in time before there were massive casualties and injuries. There were broken limbs everywhere, blood dyed the ground red, and the stench of blood spread out.

Countless people ran in terror, and the screams continuously sounded out, causing the scene to devolve into chaos.

Soon, soldiers charged to this place and started to attack the monsters, but there was not much effect. The Evil Flower Demons could cause themselves to become incorporeal and avoid all attacks.

Zi Lingye frowned and found that these six monsters were quite strange. Looking at the commoners continuously dying, Zi Lingye prepared to act.

Boom!

A person giving off a terrifying aura suddenly appeared behind Zi Lingye, causing her expression to fall. Just as she prepared to turn and attack, that person hugged her and a massive power sealed her strength.

A spatial energy covered the two of them, causing their bodies to blur and disappear before reappearing elsewhere.

"Who are you? Why did you kidnap me?" Zi Lingye asked Zhao Fu with a cold expression.

Zhao Fu did not have time to reply to her because he had just used a Teleportation Stone that had only transported them 1,000 kilometers; they were still within the territory of the Royal Kingdom.

Zhao Fu hugged Zi Lingye and quickly stepped onto a teleportation channel he had prepared in advance and quickly left the Royal Kingdom's territory. Because Zi Lingye had been captured, the Royal Kingdom descended into chaos and went into lockdown, and countless soldiers went hunting for Zhao Fu.

If Zhao Fu was late by a few seconds, he definitely would not have been able to safely escape the Royal Kingdom. The Royal Kingdom's people were unable to find Zi Lingye within the Royal Kingdom's territory, so they could only furiously expand outwards. At the same time, they investigated who that person was, to run to a Royal Kingdom and kidnap the Princess under the gaze of everyone.

By now, Zhao Fu had brought Zi Lingye to where You Qianyue and Mo Wulin were.

Zi Lingye was quite surprised and had never thought that she would see You Qianyue and Mo Wulin. They were all within the Ten Demon Beauties so she knew them, but she was not very familiar with them. However, she quickly realized that they were related to that person who had captured her.

You Qianyue lightly laughed as she said, "Husband, I never thought that you'd bring her back so quickly. Did you encounter any problems?"

Zhao Fu smiled as he replied, "Everything went smoothly."

Zi Lingye was somewhat angry as she said, "You Qianyue, we don't have any enmity between us; why have you brought me here?"

You Qianyue charmingly laughed, "You'll know soon."

Beside them, Mo Wulin's face became red in embarrassment, and she said to Zi Lingye, "Our husband will treat you gently, don't be afraid. It'll be very pleasurable and you'll obtain a terrifying power."

Hearing this, Zi Lingye had a bad feeling. Just as she was about to say something, You Qianyue and Mo Wulin went up to take off her clothes.

After an intense round, Zi Lingye's face was red and her eyes were full of hatred as she looked at Zhao Fu, who was hugging her.

You Qianyue comforted her by the side, saying, "Little sister Zi, you've become an Evil Flower Emissary and your life is now tied to husband's. In the future, you won't be able to resist husband, so it's best to submit to him as soon as possible and suffer less.

“Husband treats people well but that’s only if you don’t make him angry. You’ve already sensed how terrifying his aura is and how pleasurable it was doing it with him; he’s a very good choice for a husband. Moreover, not only you, the others in the Ten Demon Beauties won’t be able to escape either.”

Hearing this, Zi Lingye felt a bit better. It was not just her who was being treated like this; others would be treated like this as well.

However, Zi Lingye could not immediately accept Zhao Fu. Sensing the restrictions within her body and the black flower within her mind, Zi Lingye understood that she would not be able to resist Zhao Fu in the future.

Thinking about that, Zi Lingye felt quite aggrieved as she hit Zhao Fu before lying in Zhao Fu’s embrace and asked, “You bastard, what’s your purpose in capturing us?”

Seeing that Zi Lingye had started to accept him, Zhao Fu smiled and told her about the Evil Spirit Abyss Flower.

“Are you all crazy?” Zi Lingye asked in shock after hearing his goal.

Zhao Fu felt quite confused and asked, “Why?”

Seeing that Zhao Fu did not understand, Zi Lingye explained, “The Evil Spirit Abyss Flower is extremely dangerous and appeared 7,000 or 8,000 years ago. It caused a massive disaster in the Demon Domain and countless demons died. Even ten or so higher-beings died.

“It was one of the most terrifying disasters in the Demon Domain’s records and once it appears, the Demon Domain will fall into great chaos. Are you really going to do this? Do you not want to live? When that time comes, the entire Demon Domain will go crazy.”

Zhao Fu felt quite confused and had never thought that Zi Lingye would know even more about the Evil Spirit Abyss Flower than him. He had obtained this power by chance at Emperor Path College and had never investigated it fully.

Now that he knew the Evil Spirit Abyss Flower was so terrifying, did he want to continue? Zhao Fu sank into his thoughts. Read the next chapter on our vipnovel.com

Mo Wulin said excitedly, “Husband, since the Evil Spirit Abyss Flower is so terrifying, our gains will be even bigger. We’ll obtain an extremely terrifying power; I feel that we should continue.”

She was quite crazy about this power, and even after hearing about this, she did not feel afraid and only felt excited.

You Qianyue’s expression became serious and she supported what Mo Wulin said. As long as they could obtain an extreme power, it would be worth it. Without power, one would not have the qualification to continue living in this world.

Zhao Fu did not dare to be careless and asked Zi Lingye more about the Evil Spirit Abyss Flower. Because it had last appeared long ago, she did not know too much about it.

However, she knew that the Evil Spirit Abyss Flower had caused great chaos and even though the situation had calmed down, there were mountains formed of corpses in the Demon Domain and rivers made of blood. Many people were affected and countless higher-beings hunted down that Evil Spirit Abyss Flower.

Because the Evil Spirit Abyss Flower was too terrifying, the higher-beings were unable to kill it, and after that event, it was never seen again.

Rumors said that it was killed by a Celestial. With that Evil Flower Abyss Flower’s power, an ordinary higher-being would not be able to kill it. Others said that it was sealed by a powerful person somewhere.

Hearing this, Zhao Fu realized that the Evil Spirit Abyss Flower was imprisoned in Emperor Path College. Back then, the elder who was like a plant was most likely the Evil Spirit Abyss Flower; now, Zhao Fu understood everything.

After clearing this up, Zhao Fu felt much more at ease. He was just obtaining the Evil Spirit Abyss Flower’s power and would not have the original Evil Spirit Abyss Flower’s power, so he would not cause as much of a commotion.

Chapter 1470: Mei Lingling

Seeing You Qianyue and Zi Lingye look so worried, Zhao Fu comforted them, saying, "Don't worry, everything will be fine; I know the reason behind all of that now."

Hearing this, You Qianyue felt much more at ease and sweetly smiled, saying, "Mm! I trust you, husband."

Zi Lingye was in Zhao Fu's arms and looked at Zhao Fu with her beautiful eyes as she said coldly, "Now that my life is bound to yours, you can't allow anything to happen to yourself. Do you understand me?"

Zhao Fu smiled and nodded.

Seeing Zhao Fu nod, Zi Lingye's expression became gentler, and she lightly hugged Zhao Fu and rested her head against Zhao Fu's chest.

"Husband, let's continue to capture all of the Ten Demon Beauties and have the Evil Spirit Abyss Flower reach its final stage. I can't wait for to gain that ultimate power when it reaches its final stage," Mo Wulin said excitedly.

Zhao Fu nodded and the four of them put on their clothes and headed to their next destination.

Their goal was the ninth-ranked Mei Lingling. She was someone from a large family and already had a husband, who was the Prince of an Imperial Kingdom. Zhao Fu received news that the two of them would go to a certain City.

Zhao Fu had You Qianyue and the others wait for him elsewhere; after capturing Mei Lingling, he would immediately leave and not stay longer than necessary.

Afterwards, Zhao Fu found the two of them in a City. The Prince looked quite fair, clear, and tall, but he was quite weak.

He only had a few Divine Realm guards with him, which showed that he did not have an important status within the Imperial Kingdom. Otherwise, the guards would at least be at the Extreme Divine Realm and the Prince's cultivation would not be so weak.

As for the woman in his arms, her figure was incredibly enticing and she was quite beautiful. She wore thin muslin clothes, which somewhat revealed much of her body. She did not pay attention to other people's gazes and had a calm and flirtatious smile, and she seemed quite sultry.

Dealing with a woman like this would be quite simple. Zhao Fu directly walked over, and Mei Lingling immediately noticed Zhao Fu, as if there was some kind of power attracting her gaze over. As Zhao Fu walked closer, her heart rate sped up.

Zhao Fu gave off his Six Desires Demonic Qi, which greatly attracted her. Zhao Fu controlled the Six Desires Demonic Qi to move towards Mei Lingling, who continuously breathed it in.

Zhao Fu continued onwards, and even though they only passed each other by in a moment, Mei Lingling felt as if a long time had passed, and she felt as if she had fallen in love with Zhao Fu. Her eyes became hazy and her body gave off a mature charm.

As she watched Zhao Fu walk away, Mei Lingling could not help but say, "Husband, I have some matters to take care of; can you wait for me here for a moment?"

Seeing Mei Lingling look like this, the young man felt quite confused, but he understood what that look on her face meant. He lightly laughed and said, "You want to do it? Let's find an inn."

Mei Lingling said flirtatiously, "My good husband, you find an inn and I'll come over soon. Please, is that alright?"

Hearing Mei Lingling plead with him, the young man could not say no and said, "Alright, come quickly then."

Mei Lingling happily nodded and hurriedly ran off, and she found Zhao Fu in a small alleyway with no one else around.

"Sir!" Mei Lingling looked quite happy and expectant as she excitedly called out.

Seeing Mei Lingling run over, a slight smile appeared on Zhao Fu's face; things were progressing exactly as he had expected. After all, with her sultry appearance, she was unable to withstand the Six Desires Demonic Qi at all.

“Come!” Zhao Fu opened his arms and did not bother with any flowery language.

Mei Lingling happily leapt into Zhao Fu’s embrace and tightly hugged him, greedily smelling sniffing his scent. Zhao Fu hugged her as if he was hugging a lover he had been with for a long time.

As the fair and clear looking young man walked along and thought about how Mei Lingling had been acting, he felt more and more that something was off. He hurriedly chased after Mei Lingling and saw the two of them going about it intensely in an alleyway.

“Arghhh!” The young man’s face became red as he became extremely furious. Even though he had suspected such a thing, the scene was even more intense than he had expected; his wife was being even lewder with another man.

“I’ll kill you both!” The young man angrily roared as he took out his weapon and charged at Zhao Fu, wanting to cut him into pieces.

The guards with him also charged over murderously.

Zhao Fu pushed aside Mei Lingling and gave a cold smile as his Nation Armament’s power exploded out; Zhao Fu wanted to quickly deal with these people.

Bang! Bang! Bang...

After some muffled sounds rang out in the alleyway, all was silent and no one knew what had happened inside.

Afterwards, Zhao Fu walked out hugging Mei Lingling.

Mei Lingling leaned against Zhao Fu while eating a white finger. There were traces of blood on her lips, which gave an eerie sense of beauty in contrast with Mei Lingling’s pretty face.

“Husband, it’s very tasty; can you give me another?” Mei Lingling asked coquettishly after finishing the finger.

Zhao Fu laughed as he said, “We should leave this place quickly. Even though his talent was quite low, he was still an Imperial Prince and him dying here will be a big matter. It’s best to refine him into a medicinal pill later, the effects will be better.”

“But husband, I want to eat him raw; can you not refine him?” Mei Lingling said as she pouted.

Zhao Fu asked in confusion, “Why do you want to eat him raw?”

Mei Lingling laughed as she replied, “Only then will the Imperial Clan’s blood taste rich; that’s something medicinal pills don’t have.”

Zhao Fu laughed as he said, “Alright, but you can only have a hand because I want to use his bloodline to create the next Evil Flower Demon.”

Mei Lingling happily hugged Zhao Fu and said, “Thank you, husband! I’ll serve you well later!”

Zhao Fu smiled and hugged Mei Lingling as he turned into a ray of light and shot into the sky before disappearing.

“Roar! Roar! Roar...” Massive monsters suddenly appeared in a City and gave off terrifying auras as they devoured countless people. Blood flew everywhere as howls continuously sounded out, and countless people ran in terror, wanting to escape the City.

However, many people were still eaten. Only a small portion of people were able to escape, and the news about the monsters spread to even more places. After hearing about the monsters, countless people looked terrified.

Zhao Fu did not eat the Imperial Prince raw and had You Qianyue refine him into a pill before devouring it. The pill instantly melted and a massive wave of demonic qi flowed out from Zhao Fu’s body, creating a large gale.

The demonic qi continuously gathered and formed another monster, and the Evil Spirit Abyss Flower reached its seventh stage.
