

The Lord 1471

Chapter 1471: Demon Grass

This monster was three meters tall and had no head, and it was naked from the waist up. Its body was quite swollen and above its massive stomach was a large mouth. Its hands were like sharp claws, its feet had black fur, and it looked quite terrifying.

The Evil Spirit Abyss Flower had now reached its seventh stage and the Evil Flower Demons could turn 200 meters tall and their individual abilities had been greatly raised. Zhao Fu could also control them within an entire region.

Sensing their terrifying power, Zhao Fu grinned. Now, Zhao Fu had seven Evil Flower Demons, and soon he would be able to reach the Evil Spirit Abyss Flower's final stage and awaken the Demon Star.

Now, he would continue capturing the Ten Demon Beauties.

His next target was the eight-ranked Ye Leihua. She came from a Sect that was even stronger than the Demon Saint Sect, and it was one of the stronger factions in the Multitude Demon Region.

Her big brother was Ye Hua, one of the students at Nine Hell Demon College, and he was quite famous.

Nine Hell Demon College was one of the Heaven Awaken World's Seven Great Colleges. Its strength and history were comparable to the Human Domains' Emperor Path College and was incredibly powerful. No one dared to offend it. It was a holy land for the Demon Race's geniuses, and countless people dreamed of entering.

Next year was Nine Hell Demon College's recruitment for new students, and it was said that Ye Leihua would also participate. She was currently participating and would participate next year.

Zhao Fu remembered that Emperor Path College's examination was also next year, and most of this year had passed already. He felt that time was slipping away and there were many things he had not done yet.

However, if he could awaken the Demon Star, it would greatly increase his strength, and he would have more confidence in facing those terrifying geniuses in the future.

Zhao Fu heard that Ye Leihua was going through training in a dangerous zone. Zhao Fu had You Qianyue and the others wait elsewhere while he entered the dangerous zone to find Ye Leihua.

This took quite some time because the dangerous zone was quite large and Zhao Fu did not know exactly where Ye Leihua was. Zhao Fu could only enter deeper and deeper. Since Ye Leihua's goal was to go through training, it was likely that she would head to the depths.

“Roar!!” A ten or so meter long demon lion gave a massive roar and a terrifying aura as it leapt towards Zhao Fu. Zhao Fu swung his sword and a crescent of sword light flew out, cutting the demon lion in half.

Zhao Fu was now in the inner region of the dangerous zone and there were all sorts of powerful demonic creatures here. Zhao Fu thought about it and let out the Evil Flower Demons; they could devour demonic creatures while helping him search for Ye Leihua, which was killing two birds with one stone.

Within one day, Zhao Fu was able to find Ye Leihua; currently, she was fighting a 1,000 meter tall demon grass.

Seeing that demon grass, Zhao Fu looked quite startled. This demon grass had a few long leaves on its head, but on the stem, there was a human face. It also had hands and feet and gave off a powerful demonic qi.

This demon grass was not an ordinary demon, as its body itself was a valuable demonic grass. It was more similar to a Spirit Race creature with demon attributes.

With Ye Leihua's power, she could easily kill the demon grass, but she did not immediately kill it and instead tried to subdue it.

After all, this demon grass had immense value and if she could subdue it, it would be better than killing it by hundreds of times.

Zhao Fu looked at the demon grass and also felt quite tempted. This sort of monster was quite rare, as it was also a precious treasure, and it was quite useful to Zhao Fu.

Clang, clang, clang...

Massive chains shot out from the ground with ferocious power. The demon grass and Ye Leihua were in the heat of the moment and the demon grass could not react in time before being bound by the chains.

Ye Leihua was given a fright and immediately became wary of her surroundings, while Zhao Fu walked out with a smile.

“Who are you? This demon grass is mine,” Ye Leihua said somewhat angrily as she looked at Zhao Fu.

Zhao Fu smiled as he replied, “I can give it to you; after all, what’s yours will all be mine.”

Ye Leihua somewhat did not understand what Zhao Fu meant but her expression became quite serious, as she could sense that Zhao Fu was quite dangerous.

Zhao Fu did not waste any time and exploded out with his Nation Armament’s power. A powerful aura of killing and conquering swept out like a wild gale, causing the countless creatures to look terrified and run away.

Sensing this power, Ye Leihua’s expression fell and she did not hesitate before choosing to run. She had not been too wary of Zhao Fu as he only had Earth Realm Cultivation, and she had never thought that he would be able to explode out with such terrifying power.

Seeing Ye Leihua try to run away, Zhao Fu disdainfully laughed coldly and stretched out his hand, and a massive bronze aura flooded out, turning into an enormous bronze hand that grabbed towards Ye Leihua with a horrifying aura.

Ye Leihua looked quite terrifying as she swung the sword in her hand, sending out sharp sword lights, but she was unable to deal any damage to the bronze hand.

The bronze hand grabbed Ye Leihua and a massive power flowed into her body, restricting her power, before pulling her in front of Zhao Fu.

“Let me go!” Ye Leihua angrily glared at Zhao Fu as she vigorously struggled.

Zhao Fu laughed as he looked at Ye Leihua. She had a voluptuous figure, wore a black palace dress, and was quite beautiful, but she had a fierceness about her.

Sensing Zhao Fu’s gaze, Ye Leihua could guess at Zhao Fu’s intentions and she cursed out, “You pervert, I’m from the Demon Cloud Sect and my big brother is a student at Nine Hell Demon College. If you dare to do anything to me, you definitely won’t have a good outcome.”

Zhao Fu had already offended many higher-beings and Empires, so how could he care about the Demon Cloud Sect and her big brother? He grinned as he brought her into his embrace and came to where he had bound the demon grass.

Boom!

Zhao Fu’s body exploded out with his Divine Bloodline’s aura, which weighed down on the demon grass. If he wanted to have it submit, he had to use a terrifying power that it could not resist.

Sensing Zhao Fu’s bloodline power, the demon grass looked quite terrified, and Ye Leihua also looked at Zhao Fu in shock and fear. Her body froze and she felt as if she had fallen into a boundless abyss.

“Now, will you submit to me?” Zhao Fu’s terrifying eyes fell on the demon grass as he spoke, his voice filled with might.

Under the Divine Bloodline’s terrifying might, the demon grass did not dare to resist at all and immediately submitted.

Zhao Fu smiled and set down restrictions within the demon grass’ body before putting it into his spatial ring.

Ye Leihua’s expression was quite unsightly; not only did Zhao Fu have terrifying power, but his bloodline was also completely superior to hers; just who was this person? He was possibly much more terrifying than she had expected; no wonder he did not fear the Demon Cloud Sect and Nine Hell Demon College.

Zhao Fu ignored Ye Leihua's expression and hugged her as he flew over the horizon.

Chapter 1472: Perverted Demon

Zhao Fu came to where You Qianyue and the other women were, and Ye Leihua was quite shocked as she looked at the other women. She had never thought that four other women from the Ten Demon Beauties would be here; why were they here? After thinking about it, Ye Leihua had a bad premonition.

Zi Lingye crossed her arms and smirked as she looked at Ye Leihua, feeling as if she was looking at herself from back then.

"Husband, we've waited for you for so long." Seeing Zhao Fu return, Mei Lingling sprang into Zhao Fu's embrace and tightly hugged him, as if she was afraid of losing him.

"Husband, why haven't you eaten sister Ye yet?" You Qianyue's gaze fell on Ye Leihua's body, and she found that despite going for so long, he still had not touched Ye Leihua.

Zhao Fu smiled as he replied, "I ran into some matters; that's right, I also subdued a demon grass."

Hearing their discussion, Ye Leihua's heart sank. It seemed that these four women were all Zhao Fu's women, but all of the Ten Demon Beauties were quite proud, had immense talent, and had prestigious identities. How could they all be willing to share the same man?

"Husband, don't waste any time; let's start!" Mo Wulin happily smiled as she came to Ye Leihua's side and took off all of Ye Leihua's clothes before pushing her onto a bed.

Ye Leihua's face became red as she angrily looked at Mo Wulin. Zhao Fu smiled as he pressed down on Ye Leihua's body, who startled to struggle.

However, they ended up doing it, and the other women joined in, causing all sorts of sounds to sound out.

As Zhao Fu was having fun, the Multitude Demon Region became quite raucous. Firstly, an Imperial Kingdom's Prince had died, and even though he did not have a very high status, he was still an Imperial Prince.

And yet, someone had dared to kill him, not giving the Imperial Kingdom any face. The Imperial Kingdom was incredibly furious and sent many experts.

Afterwards, it was reported that Mei Lingling had been taken away by a man, and he had violated Mei Lingling in an alleyway. After hearing about this, the Imperial Kingdom gave the order to hunt down and kill this person.

Ye Leihua, who had been training outside, had also disappeared and everyone started to wonder if the recent events were connected.

Firstly, a Crown Prince's fiancée had been stolen away, which was You Qianyue. Up to now, five of the Multitude Demon Region's most beautiful and talented women had suddenly disappeared.

By now, even an idiot could guess that someone was capturing the Ten Demon Beauties. Which perverted demon had the gall to put his attention on the Ten Demon Beauties? They were related to incredibly powerful factions; did that person not want to live anymore?

Now, almost everyone in the Multitude Demon Region was paying attention to this matter. All the large factions sent out people to find out who was so daring as to steal the Multitude Demon Region's Ten Demon Beauties and not give them any face.

Thinking about those goddess-like women falling into that bastard's hands and being violated, countless people felt incredibly sad and hateful.

After all, these were the most beautiful women in the Multitude Demon Region and anyone would want to have them. Now, that perverted demon had captured five; to be able to enjoy those five women, most people would be willing to die a hundred times.

Most people shouted to have that perverted demon caught and make him plead for death. If they could not catch him, that would be a blotch on the Multitude Demon Region. Thinking about how their most beautiful women had all been stolen away, they would definitely be laughed at by other regions, so they could not let that person get away and had to make him pay.

The various large factions now understood that person's goal and sent people to investigate him.

By now, Ye Leihua was lying powerlessly on Zhao Fu's chest as she panted with a red face. She looked slightly furious as she had been taken by this bastard. Even though she had enjoyed the pleasure, she was unable to suppress the fury in her heart.

Beside her, Zi Lingye smiled as she hugged Ye Leihua and said, "Alright, now that he's already taken you, you might as well just give in. You should think about the future, or you'll have to suffer a bit.

"Also, you've obtained that Evil Flower power, which will greatly help you. Perhaps you'll be able to enter Nine Hell Demon College because of this."

Hearing that, Ye Leihua's expression eased and she asked coldly, "Did this bastard also treat you all like this?"

Ye Lingzhi smiled and nodded as she said, "We can all join hands to deal with this bastard so that he doesn't bully us."

Ye Leihua slightly smiled and nodded.

Zhao Fu could not help but lightly laugh as he heard these two women's exchange, and he said, "Let's get up! I want to go capture the next Demon Beauty."

Hearing this, the women got up and got dressed. Ye Leihua and Zi Lingye's relationship became quite good, as if they were sisters.

When Zhao Fu went out and heard that the entire Multitude Demon Region was looking to capture him, his expression fell. Seeing this, the women all happily smiled and felt quite pleased; they were all quite unhappy about Zhao Fu forcefully taking them, and they now felt much better.

You Qianyue lightly laughed as she said, "Husband, I mentioned that there would be terrifying consequences, now you know, right? Do you regret it?"

Ye Leihua lightly harrumphed, "You deserve this. Now, you're going to get what you deserve, you perverted demon."

Zi Lingye continuously laughed, unable to say anything.

Zhao Fu felt quite displeased, and Mei Lingling said flirtatiously, “Husband, I don’t regret following you. I feel sad that I only met you now.”

Hearing this, Zhao Fu slightly smiled.

“Husband, now that the entire Multitude Demon Region’s people are after you, are you going to continue capturing Demon Beauties?” Mo Wulin asked in concern.

Zhao Fu thought about it and said, “I’ll give it a try. The Evil Flower Emissaries all need to be women with exceptional talent, and if I can’t gather the remaining ones from the Multitude Demon Region, we’ll go elsewhere. I just feel that it might be a bit more troublesome.”

Mo Wulin understood and nodded; she was quite worried that Zhao Fu would not be able to have the Evil Spirit Abyss Flower reach its final stage.

Zi Lingye thought of something and smiled as she said, “Husband, I have a pretty good relationship with the seventh-ranked Lin Yating. I can help you, but how will you thank me?”

Zhao Fu smiled as he asked, “What do you want?”

Zi Lingye thought before replying, “After everything is done, I don’t want you to restrict my freedom and I want to return to my Royal Kingdom. Don’t worry, I’ll go secretly and won’t cause any trouble. I’m just worried for my relatives. I’ve already accepted being your woman, so I won’t betray you.”

Chapter 1473: Sixth Demon Beauty

Zhao Fu thought for a moment before nodding and agreeing, “After everything is settled, I’ll let take you a trip back and won’t restrict any of you. However, if any of you betray me, don’t blame me for being merciless.”

The women all happily smiled and agreed, and Zhao Fu looked at Ye Leihua.

Facing Zhao Fu's gaze, Ye Leihua harrumphed dissatisfiedly, "I understand! But you have to treat me sincerely in the future."

Zhao Fu lightly laughed and nodded.

Seeing this, Ye Leihua's expression softened and rolled her eyes at Zhao Fu as she said, "You're really a bastard. Not only did you take our bodies, you want us to be your women."

Zhao Fu laughed and brought her into his embrace. Ye Leihua did not struggle, and even though she looked quite displeased, she still wrapped her arms around Zhao Fu's waist.

Following this, Zhao Fu started making preparations to capture the seventh-ranked Demon Beauty Lin Yating.

Lin Yating was a gentle and quiet-looking young woman, and she wore a light green dress. She had a tall, slim figure and supple skin, and she gave off a refined aura.

The family she was from was not only incredibly powerful but also well-known for their literary reputation. Lin Yating did not go out much and liked to stay inside to read all kinds of books. To her, this was the happiest thing.

She did not seem to know about the other Demon Beauties being captured, and even though many people warned her to be careful, she did not pay this matter much mind. After all, she did not go out much, and that person would not dare to sneak into her family's territory.

Lin Yating quickly forgot about this matter and did not put much thought to it, and she focused on her books.

At that moment, a letter and a book were delivered from her, and it was said that it was from her friend.

Lin Yating opened the letter curiously and saw that it was written by Zi Lingye. She said that she had not seen Lin Yating in a while and missed her, and she invited her out to appreciate some

sceneries together and relax. She also gifted her a book, which was called 'The Analects,' written by a person called 'Confucius.'

Lin Yating flipped through the book and gave a bright smile, feeling quite interested in this book. She put it away and left for the meeting location.

She had a good relationship with Zi Lingye, so she did not suspect anything and greatly trusted her. She did not know that Zi Lingye was one of the Demon Beauties who had gone missing, and she was not worried about the perverted demon capturing Demon Beauties.

When she arrived at the meeting location, a figure suddenly hugged her, and they disappeared.

Lin Yating was unable to react in time and her body was instantly restricted by that person, unable to resist at all. After teleporting, that person hugged her and flew off.

By now, she could clearly see Zhao Fu's appearance; he was peerlessly handsome, and his extraordinary aura could cause anyone to feel moved. Within his embrace, she lightly sniffed at his scent.

Lin Yating's face became red and she asked softly, "Sir, why have you captured me?"

Zhao Fu looked at Lin Yating in surprise; she was not scared at all and instead looked at him with a hint of curiosity. He smiled as he replied, "You'll know soon! Don't worry, I won't harm you."

Lin Yating lightly laughed and nodded; she did not connect Zhao Fu to that perverted demon. Following this, Zhao Fu and Lin Yating arrived where the other women were.

Lin Yating looked at Zi Lingye and the other Demon Beauties and wondered why they were all together. Out of the Ten Demon Beauties, she was only familiar with Zi Lingye.

Seeing Lin Yating, Zi Lingye smiled and said, "Yating, did he bully you?"

Zhao Fu had already let go of Lin Yating, and she looked at him as she smiled and shook her head before asking, "Lingye, can you tell me what's going on?"

Zi Lingye came up, linked her arm with Lin Yating's arm, pulled her to the side, and told her about the situation. She then told her about some other matters, causing Lin Yating to look quite embarrassed, lowering her head and not daring to look at Zhao Fu.

Zhao Fu felt quite confused and did not understand what was going on.

"Hurry up and get over here, Yating has already agreed to be your woman," Zi Lingye said as she glared at Zhao Fu.

Zhao Fu felt quite delighted and went up to hug Lin Yating. Lin Yating's body was a bit stiff and her body was bright red as she buried her face in Zhao Fu's chest. What happened next was obvious.

Furious! After all of the Multitude Demon Region's people heard that another Demon Beauty had disappeared, they all felt incredibly furious; that person was simply too arrogant! The entire Multitude Demon Region's people were looking for him and hunting him down, yet he dared to continue.

It was as if he was mocking them by completely ignoring their existence and continuing to capture Demon Beauties. As such, it was only natural for them to feel furious.

Envious! This was the second emotion that everyone felt. That perverted demon had already captured six of the Ten Demon Beauties, and they were all nation-toppling beauties with exceptional talent and prestigious identities. Anyone imagining enjoying them together would not be able to stop themselves from yelling in excitement.

They could imagine themselves with those women, but if it was anyone else, they would not be able to accept such a thing.

The Ten Demon Beauties had countless admirers, and after hearing about this, they felt as if their hearts were being torn apart by knives, and tears flowed out of their eyes as they roared, "We have to kill this perverted demon!"

Now, the entire Multitude Demon Region was in an uproar, and more and more clamored to have that perverted demon killed. Even more people joined in the hunt.

Some people who normally flirted with women or sexually harassed them were now mercilessly hunted down. Even if they pleaded for mercy, their heads were chopped off and hung on City walls.

In just one day, over 1,000 heads were hung on City walls. Such bloody methods made it so that most offenders did not dare to do anything.

Under such bloody methods, the chaotic and evil Multitude Demon Region became orderly, and the general atmosphere became better.

Many residents could not help but thank that perverted demon; without him, such changes would not have happened and they would have lived every day in fear.

“Husband!” Lin Yating called out in a soft and sweet voice, and Zhao Fu looked quite surprised. It seemed that Lin Yating had really fallen for him, and out of all the women, none of them truly liked him, including Mei Lingling – she only wanted him for his body.

Facing Lin Yating’s feelings, Zhao Fu felt quite unused to it and thinking about how he had taken her, he could not help but feel a bit guilty.

However, Zhao Fu quickly tossed those thoughts asway and smiled as he nodded, and he continued with his plan to capture other Demon Beauties.

Chapter 1474: Demon Formation

Now, the situation was quite dangerous and capturing Demon Beauties would be quite difficult. All of the factions were quite wary and most of the Demon Beauties had experts protecting them. If Zhao Fu appeared, he would die a horrible death.

Out of the Ten Demon Beauties, Zhao Fu had captured six of them, and they were the ones ranked from fifth to tenth. There were now four left, ranked first to fourth.

Zhao Fu collected information on the four of them to see if it would be possible to capture them. If not, Zhao Fu would leave the Multitude Demon Region.

Now, everyone knew that the perverted demon’s target was the remaining Demon Beauties, so they all waited around them. Zhao Fu felt that there would not be much of a chance to act, so he waited and so did the various factions.

It was only when something happened that this stalemate was broken.

The second-ranked Luo Yanhuo found out about the recent matters and felt quite interested in that perverted demon. She announced that she wanted the perverted demon to take her away and was willing to be his woman.

Moreover, there would be no one protecting her, including experts from her faction.

This caused countless people to feel incredibly shocked, not understanding why Luo Yanhuo was acting like this. Was she really not afraid of being captured by that perverted demon and becoming his woman?

Everyone felt quite envious of the perverted demon; if only Luo Yanhuo had said that anyone who could capture her would have her. Luo Yanhuo was the second-ranked beauty and had nation-topping looks, and countless people were infatuated with her.

The next day, everyone's wishes were fulfilled, because even despite this, Zhao Fu did not dare to act, as he was worried about a trap.

This made Luo Yanhua feel quite displeased, and she announced that for anyone who could capture her, she could spend the night with them and allow them to do whatever they wanted with her body.

After everyone heard about this news, they almost went crazy, and countless people madly gathered together, wanting to play with the Multitude Demon Region's second-ranked beauty. Their hearts raced and their blood boiled as they looked incredibly excited.

However, after arriving, everyone realized that the matter was not as simple as they had thought; even though Luo Yanhuo had no one protecting her, she was within a massive formation.

This formation covered the entire courtyard that she was in, as well as the surrounding 10,000 meters. Anyone who entered the range of the magic formation would be attacked.

This formation was extremely terrifying, and it was quite famous in the Demon Domain. After entering it, one would be greatly restricted and would not be able to use any equipment or Nation Armaments. They would have to rely on their own abilities instead of external things.

In order to enjoy this second-ranked beauty, countless people disregarded everything and charged in.

“Arghhh...” Cries sounded out as the people who rushed in saw countless traces of demonic qi turn into demonic heads.

These demonic heads were five or six meters tall and had ferocious gazes. They had two horns on them, two massive green eyes, and a mouth filled with fangs. They looked incredibly terrifying and attacked the people who entered, devouring them one after another.

Many people were given a big fright and retreated. Even though enjoying beauties was a very blissful thing, there was only a point in that if they were alive.

Of course, many people chose to continue. There were many well-built people with powerful strength. Because they could not use external things, they could only rely on their bodies.

They rushed up and started to fight with the demonic heads, engaging in an intense fight.

Some people punched out, sending out powerful energy that caused the demonic heads to explode into demonic qi; others charged up and kicked with their legs, sending the demonic heads flying.

Some people were bitten by the demonic heads and their bodies were torn in half. Ear-piercing howls sounded out as blood spurted out. Others were devoured in one bite and caused crunching sounds to sound out.

Of the countless people who charged in, barely anyone was able to make it out alive, scaring the others into not daring to try.

In the face of so much death, the crazed people gradually calmed down. Looking at the blood and broken limbs everywhere, they understood that they could not break past this formation.

At the center of the formation, a slim and peerlessly-beautiful woman giving off a flirtatious aura coldly laughed, “These people really thought it’d be so easy to obtain me? They’re simply seeking death.”

However, the person who she was interested in still had not yet appeared.

This caused her to slightly frown; she wanted to take this opportunity to catch that perverted demon and see just what sort of person he was, to be so daring as to capture the Ten Demon Beauties. He was treating them like prey, and she felt quite displeased about this.

After catching the perverted demon, Luo Yanhuo planned to chop off his vile thing, feed it to dogs, and then strip him naked and parade him everywhere. That was what he would get for trying to capture the Ten Demon Beauties.

“Roar! Roar! Roar...” Suddenly, seven massive roars sounded out as seven monsters that were 200 meters tall appeared in the sky, giving off massive amounts of evil demonic qi.

They opened their mouths and sucked at the magic formation, and large amounts of demonic qi were absorbed into the seven monsters’ mouths.

The magic formation continuously lost demonic qi, while the seven monsters continuously devoured the demonic qi, and the magic formation started to grow dim.

Everyone was not sure what was going on, or who was doing this. However, if the magic formation was being destroyed, there would be nothing stopping them from snatching Luo Yanhuo, which made them feel delighted.

There were already some people who had rushed into the magic formation and charged towards the courtyard with lewd smiles on their faces, as if they could already imagine the second-ranked beauty panting under their bodies.

Luo Yanhuo looked quite shocked, but she was prepared and activated a second magic formation.

Boom!

An enormous storm of sword qi erupted out of the courtyard, giving off power that seemed to be able to cut through anything as it swept out.

The people who had charged up looked terrified as they faced the storm of sword qi, and their hair stood on end. Before they could do anything, they were chopped into countless small pieces of meat by the sword qi.

The storm of sword qi did not stop, and gave off unstoppable momentum as it continued towards the people outside the magic formation. Everyone's faces became pale and they immediately turned and ran.

Luo Yanhuo coldly smiled as she controlled the sword qi formation and continued to attack. Anyone who had come here was not a good person, so she naturally did not hold back. Slaughtering so many men who had ill intentions towards her made her feel quite pleased.

Shing!

A sword hum tore through the sky, causing the surrounding space to tremble, and an enormous and icy sword intent covered the surrounding 1,000 kilometers.

Chapter 1475: Luo Yanhuo

Everyone saw a black-cloaked figure holding a terrifying sword, giving off a supreme aura that caused countless creatures' souls to tremble.

Boom!

A terrifying sword light slashed out, bringing with it a terrifying sword energy as it slashed against the magic formation. The sword formation was blasted apart, causing massive shockwaves to ripple out.

Luo Yanhuo's expression became quite unsightly, and she had never thought that he would be able to break apart such a powerful sword formation in one strike. However, she had more preparations. A large formation gradually appeared – this was her trump card, the most powerful formation out of the three formations.

However, before that magic formation could be fully activated, the seven terrifying monsters leapt onto it and bit at it as if they were devouring the magic formation.

This caused Luo Yanhuo's expression to become quite grave because she could sense the magic formation's power being devoured by the seven monsters. Before she could react, a figure descended from the sky and easily subdued her before turning into a ray of light and disappearing.

Everyone could only watch on in admiration and envy. That person would be able to enjoy the Multitude Demon Region's second-ranked beauty. Everyone was quite curious as to who that person was.

However, everyone quickly realized something – wasn't that terrifying figure the perverted demon?

After all, none of them had seen him before, so they did not know what the perverted demon looked like. However, from the feeling they had, they could essentially confirm that he was the arrogant and domineering perverted demon.

"Fudge!" countless people came to their senses and roared; that perverted demon had taken away another of the Ten Demon Beauties right under their eyes, causing them to feel incredibly furious.

Everyone had thought that with the various factions hunting him down, the perverted demon would not dare to act. However, he had indeed acted and been successful. Now, seven Demon Beauties had been caught by that bastard.

However, they had gained some information because this was the first time that perverted demon had appeared in front of everyone, and he was quite strong.

Luo Yanhuo had brought this on herself and had underestimated that perverted demon's strength. She had refused to allow anyone protect her and had publicly provoked him; now, she had been captured.

It was not just Luo Yanhuo; everyone else had also underestimated that perverted demon. They had never thought that he would have such terrifying abilities. If he was not a perverted demon, he would be one of the top geniuses in the Multitude Demon Region.

However, despite having such talent and strength, he was a perverted demon who everyone wanted to kill, and he acted so domineeringly.

Within a forest, Luo Yanhua raggedly panted as she was continuously ravaged by that thing that she wanted to cut off. Even though she was furious, she was lost in the ecstasy.

“Bastard!” Afterwards, Luo Yanhuo powerlessly collapsed into Zhao Fu’s arms, her face completely red as she glared at Zhao Fu with her beautiful eyes.

Zhao Fu lightly laughed as he said, “What are you cursing at me for? Didn’t you say anyone who could capture you could do what they wanted to you?”

“You’re a bastard!” Luo Yanhuo was still angry and continued to glare at Zhao Fu.

Zhao Fu felt quite displeased and went at it again with her. In the end, he held Luo Yanhuo, who seemed to have become a pile of mush, and he returned to where the other women were.

“Husband, why did you already give her love outside? Don’t you know we’ve been waiting to serve you together?” Mei Lingling said unhappily.

Luo Yanhuo’s face went red in embarrassment and she buried her head in Zhao Fu’s chest. Seeing that the other Demon Beauties were not resisting and seemed to have already submitted to Zhao Fu, she felt quite surprised. As for the reason why, she could somewhat guess it.

Zhao Fu laughed and replied, “It’s becoming more and more dangerous and there are more and more people looking for me, so perhaps one day I’ll be captured by your factions. If I take you first, perhaps I can stay alive because of you.”

“Since it’s so dangerous, are you still going to continue capturing Demon Beauties?” You Qianyue asked.

Zhao Fu thought about it and nodded, “There are only three left, so I might as well try; if it’s impossible, I’ll give up. Don’t worry about me. Also, I’ll give her to you to look after because I have to go out again. They won’t expect that I’ll strike again immediately.”

Zi Lingye smiled, took the powerless Luo Yanhuo, and said softly, “Be careful, husband. We don’t want anything to happen to you.”

Hearing this, Zhao Fu smiled and nodded.

“Husband, can we do it once before you go?” Mei Lingling hugged Zhao Fu with both arms as she said flirtatiously.

Because time was tight, Zhao Fu refused, turned into a ray of light, and disappeared.

Zi Lingye hugged Luo Yanhuo and sighed in amazement, “As expected from the second-ranked Demon Beauty; even I’m quite touched by her beauty. Husband must have done it with you for a long time for you to become like this, right?”

Luo Yanhuo’s face became quite red as she thought about what had just happened, and she asked somewhat bitterly, “Were you all bullied by that perverted demon like this?”

The other women could all sympathize and had all gone through similar experiences, though they had accepted it now.

Zi Lingye laughed and nodded. Looking at the beautiful woman in her arms, she kissed Luo Yanhuo’s lips, causing her to feel quite surprised. However, because of the Six Desires Demonic Qi, she started to respond to Zi Lingye.

Mei Lingling happily joined in, and Mo Wulin seemed to also like this so she joined in as well. Soon, indescribable sounds could be heard throughout the room. When Zhao Fu was not around, they could only rely on each other.

Zhao Fu’s goal this time was the fourth-ranked Demon Beauty. She was called Wu Jiu’Er and came from a large family. She was quite gentle and kind; she was not like a spoilt big miss at all, and she was liked by many people.

She now had Emperor Heaven Realm experts protecting her, so Zhao Fu naturally did not dare to be careless. Even with his Nation Armament, he would die facing experts of such a level. However, Zhao Fu had an idea, which was to target Wu Jiu’Er’s weakness: those she loved.

Now that her family was on high alert, Zhao Fu could not make a move against her relatives. She had a little brother, and if he captured her, he would be able to blackmail Wu Jiu’Er. However, this was impossible, so he decided to make a move against her beloved. Wu Jiu’Er’s beloved was the young sir of a small family. Even though he was quite graceful and elegant, his strength and his

faction's strength were not very strong. Her family naturally opposed this, so they banned them from meeting.

Of course, the young sir of a small family would not have anyone strong protecting him, and because he would not be able to resist Zhao Fu, capturing him would be quite easy.

Zhao Fu looked at the young man in front of him and said, "Write a letter telling Wu Jiu'Er that you're in my hands and have her secretly leave her family, or you'll die. If you do this well, I'll give you unimaginable benefits and allow you to grasp terrifying power."

Chapter 1476: Wu Jiu'Er

The handsome young man said coldly, "Just kill me! I won't do such a thing. You must be that incredibly daring and domineering perverted demon; how could I have Jiu'Er come and fall into the hands of someone like you?"

Zhao Fu felt quite surprised and had never expected the handsome young man to immediately guess his identity. He lightly laughed as he said, "With your status, you can never be with her; why not help me and receive all kinds of benefits from me?"

The young man coldly replied, "Hmph! I'll never help you; I like Jiu'Er and would be willing to give everything up for her, even if I die. If you really liked her, I would give you my blessings, but what kind of person are you? You're a perverted demon, an evil scoundrel, someone who only knows how to violate women and not care about their feelings. I feel ashamed of people like you."

Zhao Fu felt quite angry and he raised his hand and slashed downwards, sending out a sword light that cut the young man's arm off.

The young man endured the pain, and blood continuously flowed out of his arm as he looked at Zhao Fu coldly. "Just kill me. I won't do anything for you. Your plot will never succeed."

Zhao Fu coldly laughed, picked up the young man's arm, and poured some medicine on the young man's wound, helping him recover. "With your arm, that should be enough. If she truly loves you, she'll hurry over at all costs."

The young man realized Zhao Fu's goal and cursed furiously, "You scum, you beast! I won't let you off!"

Zhao Fu ignored his threats; this kind of person would be stepped on by others for the rest of his life, and he would not be able to change his circumstances.

Zhao Fu did not pay any more attention to the young man and left with the arm.

A while later, Zhao Fu brought back a slim and beautiful woman in a blue dress, who gave off a gentle aura.

"Jiu'Er, why did you come? Hurry up and leave, don't mind me," the young man looked at Wu Jiu'Er with confusion and hurriedly shouted out.

Looking at the young man, who was missing an arm and had a weak aura, Wu Jiu'Er's eyes danced with tears and shook her head as she said, "Xuan Zhe, I came to save you. Don't worry, he won't harm you anymore. Also, this spatial ring has many treasures. I prepared it for you; please take care of yourself in the future."

Hearing her words, the young man naturally understood her intentions and said in pain, "You agreed to him? Why are you so stupid? He's that perverted demon, and you'll be harming yourself!"

Wu Jiu'Er's eyes were filled with tears as she nodded. "I know, but I want to save you. As long as you can live well, I'll be happy."

Zhao Fu looked at how loving the two people seemed and felt quite displeased. He hugged Wu Jiu'Er and brought her to one of the rooms.

Wu Jiu'Er cried as she vigorously struggled and hit Zhao Fu; she understood what Zhao Fu was going to do to her.

The young man furiously roared, "I'm going to kill you! Hurry up and let Jiu'Er go; otherwise, even if I turn into a ghost, I'll tear you into a thousand pieces!"

Zhao Fu did not mind and came to a room with Wu Jiu'Er, and he said to her lightly, "Don't forget our agreement; otherwise, don't blame me for killing him later."

Wu Jiu'Er stopped struggling and took off her clothes.

Hearing the sounds coming from the room, the young man felt as if his heart was being torn apart. Thinking about how his beloved woman was being ravaged by another man, he felt worse than dying and felt immense despair.

However, what happened next caused him to be filled with even more pain. His beloved woman started to lewdly call out under another man's body, pleading for that man to continue ravaging her.

After four or five hours, the young man sat there paralyzed, his face covered with tears as if he was no longer alive.

Zhao Fu hugged Wu Jiu'Er and walked out. By now, Wu Jiu'Er's aura had greatly changed; she no longer just seemed like a gentle and beautiful young woman but also like a gentle and beautiful young wife. Wu Jiu'Er had been a virgin, but Zhao Fu had not cared too much about that.

Seeing the young man like this, and thinking about how lewd she had been under Zhao Fu, Wu Jiu'Er started to cry out of guilt. She felt that she had no face to see him, so she turned her face away.

Zhao Fu hugged her and threw a spatial ring to the young man, which was filled with demonic treasures. He smiled and said to Wu Jiu'Er, "Let's go!"

Wu Jiu'Er looked at the young man worriedly, and she asked Zhao Fu, "What about the restrictions within his body? Also, are you going to send him away from here? If my family knows I came out for him, he'll definitely die without a doubt."

Zhao Fu frowned and said, feeling displeased, "I don't think that has anything to do with me."

Wu Jiu'Er pleaded, "Husband, I'm begging you. I'll be your woman in the future and definitely won't betray you."

Seeing her like this, Zhao Fu breathed out and agreed.

Afterwards, Zhao Fu brought Wu Jiu'Er to where everyone else was. Seeing the red-faced women lying strengthlessly on the bed, Zhao Fu knew what had happened.

“Husband, they...” Wu Jiu'Er's face went red in embarrassment. She knew that all of the women on the bed were Demon Beauties, and yet they had done something like this.

Zhao Fu's expression was quite calm because he had seen much before. The women in his harem would often help each other out, but they would still need to rely on Zhao Fu for ultimate relief.

At the same time, Zhao Fu knew who had started this. When Zhao Fu was ravaging Zi Lingye, he knew that she not only liked men but also women.

He did not pay much mind to the scene in the room and said to Wu Jiu'Er, “Stay here for now; I'm going to capture the remaining Demon Beauties.”

Wu Jiu'Er gently nodded. Because Zhao Fu had helped her beloved, she felt better about him and said caringly, “Be careful.”

Zhao Fu smiled and kissed her before departing again.

Of the Ten Demon Beauties, there was now only the first and third ranked Demon Beauties. News of Wu Jiu'Er disappearing had also long since spread.

Countless people felt as if they were going to explode from anger; this perverted demon was simply too daring and did not place anyone in his eyes. The various Demon Beauties' factions all hated him to death and wanted him to blast him into ashes so he could never reincarnate.

Countless people were searching for Zhao Fu everywhere, and the entire Multitude Demon Region became chaotic. This perverted demon was simply too arrogant.

Now, he had captured eight of the Ten Demon Beauties, and they had definitely been violated by that bastard. Now, there were only two left, so they had to protect these last two Demon Beauties and not allow that perverted demon to take them as well.

However, the situation was quite strange. The Multitude Demon Region's top factions and powerful people did not get involved, and they allowed the situation to continue developing like this.

Chapter 1477: Jue Tianling

Those powerful people included higher-beings. Now that the situation had escalated to such a level, many higher-beings knew about it, and if they wanted to interfere, Zhao Fu definitely would not be able to succeed. However, they did not get involved, as if they were waiting for something.

Moreover, the various factions' experts above the Emperor Heaven Realm did not interfere either, allowing Zhao Fu to turn the Multitude Demon Region upside down.

The experts did not act, and the common people felt quite sullen and clamored to hunt down and kill Zhao Fu. They would not give up until he was dead.

Zhao Fu now set his sights on the third-ranked Demon Beauty. She was called Shi Yeya and was from a Sect. Her identity was quite prestigious, and she was the daughter of the Sect Master.

There were many people guarding her, making it impossible for Zhao Fu to get close. He could only observe from a distance, and he found that there were 20 or so Emperor Heaven Realm experts hidden in the air; fortunately, there were not any people above the Emperor Heaven Realm.

Zhao Fu thought about it and came to a City near the Sect. He stood at the center of the City and a massive wave of demonic qi flowed out from Zhao Fu as his eyes became Evil Spirit Abyss Flowers.

Boom!

Zhao Fu squatted down and pressed a hand against the ground. A massive wave of demonic qi entered the ground and spread out, covering the entire City.

At that moment, countless people in the City stopped, and the City seemed to freeze. Black roots rose up from the ground and stabbed into the people's bodies, causing their eyes to become black.

Zhao Fu gave a satisfied smile; with the Evil Spirit Abyss Flower's powers, he could control all of the people in the City.

Following this, Zhao Fu controlled the City's people to attack other places and cause a lot of chaos. If he could lure out some of the people protecting Shi Yeya, he would be able to make a move against her.

Zhao Fu's plan was quite successful, and most of the people by Shi Yeya's side were drawn away, leaving behind only five or six Emperor Heaven Realm experts.

However, even though there were only five or six Emperor Heaven Realm experts, Zhao Fu could not deal with them all. Zhao Fu thought about it and decided to use 'that' method.

"Roar! Roar! Roar..." Seven massive roars sounded out as seven enormous monsters appeared within a crowd of people and started a massacre as they madly devoured people. Blood sprayed everywhere and limbs flew all over the place.

The people in the surroundings attacked the seven massive monsters and the Emperor Heaven Realm experts also prepared to attack and kill the monsters.

"Roar! Roar! Roar..." However, at that moment, the hidden Zhao Fu performed hand seals and the seven monsters gave off pained roars that shook the surroundings, causing everyone to feel quite startled.

The seven monsters looked incredibly pained and massive roots spread out from their bodies and stabbed into the ground. Some of the roots grabbed people and the monsters devoured them as they continued to grow.

Countless traces of demonic qi madly gathered as a formless aura spread out, causing the clouds to swirl as thunder boomed.

The seven monsters madly grew, turning into seven massive plants that were hundreds of meters tall. The roots became pale white colored and had a few sword-shaped leaves, and at the top massive black flower buds grew, giving off terrifying and evil auras.

After these seven flowers appeared, the hearts of the people in the surroundings sank, as if they had fallen into a deep abyss. They felt an extreme danger and their bodies instinctively trembled.

Demonic qi flooded into the flowers and a terrifying power spread out, causing everyone's terror to rise to its peak.

The seven flower buds gradually bloomed, and evil, beautiful, and devilish black light spilled out, illuminating the heavens and earth, making the entire world seem dreamlike.

Coquettish laughter sounded out as countless flirtatious-looking beauties appeared in the sky.

Everyone present froze on the spot as they dumbly stared at the demon women, unable to move at all, and this included the Emperor Heaven Realm experts.

This was a preliminary stage of the Evil Flower Bewitching World, which was the final stage, and it could only be called a fragment of the Evil Flower Bewitching World. Zhao Fu did not yet have 12 Evil Flower Demons; only when he had 12 Evil Flower Demons could he unleash the true Evil Flower Bewitching World.

However, this level of the Evil Flower Bewitching World was already quite terrifying and could pull Emperor Heaven Realm experts into the illusion.

If ordinary people were within the Evil Flower Bewitching World, their bodies and souls would be corroded by the Evil Flower power and become emotionless and painless Evil Flower Puppets.

Of course, this level of Evil Flower Bewitching World was unable to corrode Emperor Heaven Realm experts and could only bewitch them for a short while, but this was enough.

Zhao Fu did not waste any time and rushed into the courtyard, and he saw a sweet-looking young woman with a graceful figure standing there, looking transfixed. She was Shi Yeya, the third-ranked Demon Beauty.

She was also affected by the Evil Flower Bewitching World and Zhao Fu smiled as he went up to hug her and turned into a ray of light as he flew away.

Zhao Fu had thought that he would be unobstructed until he reached the other women, but not long after flying away, he was stopped by a woman in white. She was quite tall and was extremely beautiful, and had a cold aura.

This woman had Extreme Divine Realm Cultivation and was quite powerful, and she gave off an intensely dangerous aura.

Zhao Fu's expression was quite confused because this woman was the first-ranked Demon Beauty, Jue Tianling. As expected from the first-ranked Demon Beauty, her looks were superior to even the second-ranked Luo Yanhuo. In front of her, the world seemed to dim.

"What are you standing there for? Hurry up and leave!" Jue Tianling's cold eyes fell on Zhao Fu's body as she spoke calmly.

Zhao Fu did not understand what was going on and stared at Jue Tianling in confusion, not understanding what she meant. However, now that she had delivered herself to him, he was quite tempted to capture her.

Seeing Zhao Fu stare at her, Jue Tianling explained, "I'm your woman now. If you don't trust me, you can set down restrictions in my body first."

Hearing this, Zhao Fu felt quite confused and retreated ten or so meters. It was the first time he had met such an assertive woman, and he was worried that there was some kind of trap. As such, he was incredibly wary of Jue Tianling.

Jue Tianling slightly frowned and said coldly, "If you don't hurry up and the others catch up to you, don't regret it."

Hearing this, Zhao Fu understood that time was of the essence, and he asked, "Why are you doing this? I'm not that charming to make you do this."

Jue Tianling replied, "You'll know soon!"

Zhao Fu felt quite confused, and still did not know what Jue Tianling meant. However, since she had delivered herself to him and was not resisting, wouldn't he be stupid if he did not accept her?

Zhao Fu thought about it and carefully set down restrictions within Jue Tianling's body, during which she did not resist at all.

After returning to where the others were, the women were all quite surprised to see that Zhao Fu had brought back both the first-ranked and third-ranked Demon Beauties.

By now, the third-ranked Demon Beauty had come back to her senses and was no longer affected by the Evil Flower Demons. Seeing the Demon Beauties around her, she angrily crossed her arms as she stood there, but she did not say anything.

Within this room were gathered the Multitude Demon Region's Ten Demon Beauties, and ordinary people would never be able to imagine or do such a crazy thing. To be able to enjoy the Ten Demon Beauties was something that would earn him the admiration and envy of countless people.

"Come, give me your power." Jue Tianling seemed quite cold as she took off her clothes and looked at Zhao Fu as she spoke calmly.

Zhao Fu looked at the extraordinarily beautiful Jue Tianling and felt quite tempted as he walked over. He hugged her and they started to go at it, and the other women smiled as they joined in.

A few hours later, Zhao Fu hugged the red-faced Jue Tianling and he asked in confusion, "Can you tell me now why you took the initiative to find me?"

Jue Tianling breathed raggedly as she looked at Zhao Fu and thought to herself. Since she had become his woman, there was no need to hide anything, so she replied, "For your Evil Flower power and to become an Evil Flower Emissary, isn't that your goal in capturing the Demon Beauties?"

Zhao Fu felt quite confused and asked, "How do you know about the Evil Flower power? And how do you know about my goal?"

Jue Tianling replied, "There's no need to say now; you'll understand in the future."

Zhao Fu felt quite displeased, but he did not bother asking anymore and put this matter aside.

By the side, seeing Zhao Fu focused on Jue Tianling, Shi Yeya felt quite displeased. They had both been taken by Zhao Fu together and yet she was now being ignored, so she angrily hit Zhao Fu's chest lightly.

Zhao Fu looked at the aggrieved Shi Yeya and lightly laughed as he asked, "What is it?"

Seeing Zhao Fu turn his attention to her, Shi Yeya felt a bit better. However, she was still quite angry about Zhao Fu forcefully taking her, so she angrily harrumphed as she ignored Zhao Fu's words and pouted as she glared at him.

Seeing how cute she looked, Zhao Fu felt like doing her again. However, Jue Tianling climbed on top of him and said, "You've now collected the Ten Demon Beauties and are two away from gathering twelve Evil Flower Emissaries. I want to be the head of the Evil Flower Emissaries – no matter if it's looks, talent or status, I'm superior to all of these other women, so I'm the most suitable to be the head."

Zhao Fu looked at Jue Tianling in surprise and never thought that she would be so assertive. However, her words caused the other Demon Beauties to feel quite displeased. Even though they knew that what she said was true, they did not want to accept it.

After being trained by the other women, Luo Yanhuo had also submitted to Zhao Fu. As the second-ranked Demon Beauty, she was unwilling to fall behind Jue Tianling. Her relationship with Jue Tianling had never been good and they were rivals.

"Husband, I also want to be the head of the Evil Flower Emissaries. I'll serve you well," Luo Yanhuo said flirtatiously as she hugged Zhao Fu's arm.

Mo Wulina and Zi Lingye also spoke, "Husband, I also want to be the head of the Evil Flower Emissaries."

Zhao Fu felt quite frustrated; these women all wanted to be the head of the Evil Flower Emissaries, who would lead the Evil Flower Emissaries in Zhao Fu's absence. She would make important decisions and gain more Evil Flower power than the others.

Jue Tianling had started taking the initiative to serve Zhao Fu and the other women were not willing to fall behind, and an indescribable scene unfolded.

Afterwards, Jue Tianling powerlessly lay in Zhao Fu's embrace with a red face and gave a confident smile. "Now, I'm the head of the Evil Flower Emissaries."

Zhao Fu smiled and nodded.

Even though the other women were not very pleased, they could only accept this outcome. After all, Zhao Fu had done it with Jue Tianling the longest, and her body had absorbed far more Evil Flower power than them. They were unable to last that long and their bodies could not hold so much Evil flower power.

After resting, You Qianyue said, "Husband, where are we going now?"

Zhao Fu thought about it and answered, "Now that I've reached my goal, it's best to leave the Multitude Demon Region; it's too dangerous here. As for our destination, we can go deeper into the Demon Domain because there's a historical remnant there."

Hearing this, the women all nodded.

At that moment, Jue Tianling said, "husband, I have something to give you, and it should be quite useful to you."

As she spoke, Jue Tianling took out a heart that was as big as a rubber ball from her spatial ring. This heart was bright red and vigorously thumped, and it contained an intense masculine aura. She explained, "This is a Primordial Tiger Demon's heart. If you eat it you should be able to create another Evil Flower Demon."

Hearing this, Zhao Fu felt quite surprised; he felt that Jue Tianling already knew a lot about him, and she seemed to know a lot about the Evil Spirit Abyss Flower as well.

However, Zhao Fu was quite at ease towards Jue Tianling because her body and soul were now within Zhao Fu's control. Moreover, if Zhao Fu died, she would die too, so there was no need to worry too much about her goal.

Zhao Fu received the Primordial Tiger Demon's heart and ate it, and the Evil Spirit Abyss Flower quickly digested it.

However, the other women did not like this, seeing Zhao Fu bloodily eat the heart.

Zhao Fu felt that the heart was quite delicious. It was very tasty and quite tender, and it was quite hot as well.

Boom!

A wave of demonic qi flowed out of Zhao Fu's body, and Zhao Fu looked quite pained. The demonic qi quickly condensed and a three meter tall monster appeared.

This monster had a humanoid body and a tiger's head. It was covered with black fur and only had one massive eye with a black vertical pupil. It had a very large mouth and its teeth were not only big but sharp as well, giving off cold lights.

Now, Zhao Fu had eight Evil Flower Demons and the Evil Spirit Abyss Flower reached its eighth stage. The eight Evil Flower Demons all became much stronger and could become 500 meters tall, and Zhao Fu could control them within ten regions.

Now, Zhao Fu still lacked two women and four Evil Flower Demons. He felt that he was getting closer and closer to awakening the Demon Star.

Zhao Fu started packing their things, and he took the women with him and quickly left the Multitude Demon Region.

The people in the Multitude Demon Region almost went crazy with anger. When the third-ranked Shi Yeya had been captured, the first-ranked Demon Beauty had also disappeared, and she had definitely been taken by that perverted demon as well.

Now, the Multitude Demon Region's Ten Demon Beauties had all fallen into that bastard's hands, and this was done under the gaze of everyone too. Even a few Emperor Heaven Realm experts had not been able to stop that perverted demon.

Chapter 1479: Army

This was a massive humiliation, and that perverted demon was far too arrogant. Everyone wanted to rip him to shreds, but it was a pity that Zhao Fu had already left and headed deeper within the Demon Domain.

A few days later, Zhao Fu and the women were resting on a grassy plains. Zi Yue, the little mouse, was so fat that it looked like a round ball, and it lay on Zhao Fu's shoulder. It seemed incredibly lazy, as if it did not have any strength, and it started to look cuter and cuter.

Shi Yeya greatly liked Zi Yue and often took it to play with. Perhaps it was because of Zhao Fu's Divine Bloodline, but Zi Yue quite liked to stay by Zhao Fu's side.

Mei Lingling and Luo Yanhuo were nestled against Zhao Fu, and they were the ones who were the most infatuated with Zhao Fu. Back when Luo Yanhuo had been taken by Zhao Fu, she had been quite aggrieved, but now she was just as lewd as Mei Lingling when doing it Zhao Fu.

After being given a lot of love by Zhao Fu in the past few days, the women's complexions all became rosier and even more beautiful.

Suddenly, a massive sound came from the distance as a massive aura of killing and conquering flooded over. A great crowd of people and horses appeared, and there seemed to be around 200,000 of them. They were all Stage 5 soldiers, and they gave off immense demonic qi and were not any weaker than tens of millions of Stage 1 soldiers.

Seeing the large numbers of Stage 5 soldiers, Zhao Fu understood that they were in the inner regions of the Demon Domain.

The one in the lead was an evil-looking young man, and there were a few people with strong auras next to him. Because the grassy plains that Zhao Fu and the women were resting on was a place they would pass through, it was impossible for them not to see Zhao Fu and the women.

When the evil-looking young man saw the ten peerlessly-beautiful women next to Zhao Fu, his heart trembled, and it was the first time he had seen so many beauties. He felt as if his heart was going to leap out, and his eyes lit up.

"Go and capture those women for me and kill that man," the evil-looking young man stared at the women in infatuation and ordered the people around him. He wanted them to obtain those women at all costs; if he could enjoy them, he would be willing to do anything.

However, a big man next to him said, “Young master, I feel that those people aren’t simple; normally, people who see our army will quickly retreat to the side and not dare to block us. However, they dare to ignore us, which means that they have great power. Also, young master, we’re going to suppress the rebellion in the White Shell City under orders from your mother; it’s best not to make any trouble.”

The evil-looking young man angrily called out, “Are you under me right now or under my mother? Do you believe I won’t slaughter you if you refuse to obey your elder’s orders?”

After seeing those ten women, the evil-looking young man felt that he had desperately fallen for them, and he would do anything to obtain them. How could he give up so easily?

The big man’s expression became quite grim, and after thinking about it, he could only agree. He led over 200,000 Stage 5 soldiers and surrounded those people, wanting to force them to submit. With the army present, he felt more confidence.

“Our young master has taken interest in the lot of you. Come with me, and if you serve our young master well, not only will you live, but that man with you also won’t die,” the big man rode on a horse as he spoke in a high and mighty tone.

Luo Yanhuo, who was resting against Zhao Fu, disdainfully laughed as she said, “Who does your young master think he is, wanting us to serve him? Any one of us is more prestigious than your young master by a hundred times.”

Hearing this, the big man’s heart sank, and he felt that what Luo Yanhuo had said was true. They were simply too beautiful and were one in a billion.

At the same time, the big man felt that these people were quite dangerous. Even though they were hiding their cultivations, he could sense that they were quite terrifying.

After thinking about it, the big man decided to go back to persuade his young master.

Seeing this, Zi Lingye coldly harrumphed as she said, “You think we’re that good-natured to allow you to come and go as you please? Husband, the Evil Flower Demons need blood and flesh, and you can eat all of them.”

Zhao Fu smiled and nodded.

Hearing this, the big man felt a chill in his heart and prepared to give the order to kill these people first.

轰轰轰...

If he could kill them and bring them back to the young master so that he could have them while they were still warm, he would still complete his duty.

However, before he could react, an incredibly sharp sword light flashed out and blood spurted everywhere as the big man's head fell off.

It was Jue Tianling who had acted, instantly killing a World Realm expert with a sword strike. Her power was incredibly terrifying; only by using his Nation Armament's full power would Zhao Fu be able to suppress her.

The army around them was also greatly startled and prepared to attack.

Boom! Boom! Boom...

Explosions sounded out as massive amounts of demonic qi flowed out. Eight massive monster that stood 500 meters tall appeared, starting to attack the countless soldiers.

Even though the countless Stage 5 soldiers were powerful and courageous, Zhao Fu's Evil Flower Demons were immune to even ordinary attacks from Emperor Heaven Realm experts; how could these Stage 5 soldiers hit the Evil Flower Demons?

Facing the Evil Flower Demons, they were unable to resist at all and could only die.

Seeing how terrifying the Evil Flower Demons were and how tens of thousands of soldiers had died, the remaining soldiers could only run towards where their young master was.

The young master's expression fell and had never thought that Zhao Fu and the others would be so powerful. Even though he had 200,000 soldiers, they were not a match for the Evil Flower Demon, so the young master could only give the order to run.

However, now that things had come to this, Zhao Fu naturally could not spare him, so he gave the order for the Evil Flower Demons to chase after him and continue to devour these Stage 5 soldiers.

The Ten Demon Beauties all had at least Divine Realm Cultivation and were quite powerful. No one could stop them, and they also easily killed those soldiers.

Chapter 1480: Demon Tree Seed

With their help, the army of 200,000 Stage 5 soldiers was completely annihilated and none of them were able to escape. The ground was covered with blood and gave off a dense stench, and the eight Evil Flower Demons excitedly ate the corpses.

Zhao Fu had not acted at all, and he was still lying on the grass and left everything to them. Without his Nation Armament, he would not be a match for them at all.

Mo Wulin held the evil-looking young man and tossed him in front of Zhao Fu before kicking him. This fellow had actually wanted to take her; this was a humiliation to her.

The young man looked terrified as he knelt and pleaded, "Please don't kill me, I'll give you anything you want. I'm the Fire Mansion City's young master, and my mother is the City Lord of Fire Mansion City."

Zhao Fu did not know what faction this was. He looked at the Demon Beauties, but they did not know either. As such, he assumed that it was not a very big faction.

"Do you have any demonic treasures or creatures? If you can satisfy me, I'll spare your life," Zhao Fu said as he lightly laughed. He did not forget his goal, which was to search for demonic treasures, creatures, and two more women.

The evil-looking young man quickly took out a large pile of demonic treasures. Even though they were all decent, none of them could catch Zhao Fu's eyes.

“You want to keep your life with just this?” Zhao Fu felt quite displeased as he spoke.

The evil-looking young man said in fear, “My mother has better things. I’ll take you there; she’ll definitely give them to you.”

“How’s the strength of your faction?” Zhao Fu asked. He had to make this clear first or else if they went and were not a match for the faction, it would be quite awkward.

The evil-looking young man knelt on the ground and obediently told Zhao Fu about the faction.

The faction had around 100 or so Cities and was attached to a powerful Sect. The young man’s mother was the leader of the faction and had Extreme Divine Realm Cultivation.

The 100 or so Cities could not be compared to 100 Cities in the inner Domains or outer Domains because they all had Stage 5 soldiers. 100 Cities here could wipe out a small Kingdom in the outer Domains; that was how powerful they were.

Zhao Fu felt that they were manageable, and even if they could not destroy them, running away at least would be no problem. As such, Zhao Fu agreed to the young man.

Within the City Hall, there was a voluptuous and beautiful middle-aged woman wearing bright red lipstick and dressed in red clothes. She was the leader of the faction, Mo Qingli.

“Reporting to the City Lord! The rebellion has been suppressed, but the young master did not lead troops there.”

Hearing this, a trace of anger appeared on Mo Qingli’s face. She knew what that good-for-nothing son had been doing. After he got back, she would properly discipline him.

轰轰轰...

Boom! Boom! Boom...

Powerful auras descended, causing Mo Qingli’s expression to fall. She hurriedly walked out of the room and saw 11 cloaked figures in the sky, and one of them was holding her son.

“Mother! Please save me, the 200,000 soldiers were all killed by them!” the evil-looking young man immediately cried out.

Mo Qingli did not even need to think about it before knowing that it was her son who had offended these people first. She normally reminded him not to offend powerful people, as they could not afford to, but this had still happened in the end.

“Everyone, I don’t know how my son has offended you all, but I apologies to you on his behalf. Please spare my son.”

Mo Qingli could sense that most of the people’s auras were stronger than her, and it was clear that their identities were not simple. All of them gave off prestigious auras and were not ordinary people.

She knew that with her power, she would not be able to defend against these people, so she could only apologize with a serious expression.

Zhao Fu’s gaze fell on this middle-aged woman and gave a trace of a smile as he said, “I just need large numbers of demonic creatures and treasures. If you can satisfy me, I will spare your son. Otherwise, I don’t mind destroying your faction.

“Also, don’t try to use the Sect that you’re attached to as a shield. Even if you’re an Empire, I won’t fear you.”

Mo Qingli felt quite shocked, and she could already imagine how terrifying the identities of these people were. After hearing Zhao Fu’s domineering words, she had thought to use the Sect behind her to scare them, but they already knew and were not afraid at all.

She naturally had some powerful demonic creatures and treasures, and if this incident could be easily resolved, that would be for the best.

Mo Qingli took out countless powerful demonic treasures and said, “These are a token of our apologies; is sir satisfied with them?”

Zhao Fu glanced over the treasures. Out of the treasures, one that caught his eye was a Demon Tree Seed. It was oval-shaped, as big as a fist, and was jet-black. There were many inscriptions on it, as well as a ghostly face, and the seed gave off an intense demonic qi.

This Demon Tree Seed could also be used to create an Evil Flower Demon, and Zhao Fu gave a trace of a smile. After having the Evil Flower Demons devour some people to provide blood and flesh, he could eat this seed and create another Evil Flower Demon.

Seeing Zhao Fu take the things, Mo Qingli let out a sigh of relief; the situation had been resolved.

However, Zhao Fu's next words destroyed her hopes, "Your son said he wanted to sleep with my women, so I also want you to serve me."

Mo Qingli felt furious and wanted to directly refuse. However, her son was still in their hands and she was locked onto by the most powerful person, whose cultivation was almost at the Emperor Heaven Realm.

If she dared to do anything or refuse, she felt that she would be instantly killed. These people also had terrifying identities and she could not afford to offend any of them.

The person locked onto her was naturally Jue Tianling. With her strength, she could instantly kill Mo Qingli because she came from a faction that was superior to ordinary Empires.

"Mother, please save me!" the evil-looking young man looked quite afraid as he wailed and cried. Even though he didn't want his mother to serve someone, he didn't want to die even more.

Before, Mo Qingli had been hesitant, but hearing these words, she sighed and said, "I can agree to your demands, but I have some things to take care of; can you give me some time?"

Zhao Fu smiled and nodded.

Following this, Zhao Fu and his group came to the City Hall and Mo Qingli ordered people to call her eldest son to take over the faction. She then gathered some of the most important figures in the faction to tell them about the situation.

After she dealt with these matters, Zhao Fu had a good taste of this middle-aged woman.

When the evil-looking young man saw his mother again, her face was red and she gave off an enticing aura as she lay against Zhao Fu's chest. Seeing this, he knew that Zhao Fu had ferociously ravaged his mother.

Even though the evil-looking young man was quite furious, he did not dare to say anything, and he could only watch as his mother left with those people. His brother quickly took over the faction, and his good days were over.
