

The Lord 1491

Chapter 1491: Demon Sea

This tower was very big and there were massive pillars below it, and the ground was made of smooth marble. This was the third region for the most prestigious attendees, and there were many tables there. There were already many people gathered, and they all had powerful auras and extraordinary looks.

As Zhao Fu brought his group here, countless people looked over. They all knew what had just happened, and their expressions became somewhat serious.

The lively and bustling atmosphere quietened down as everyone looked at Zhao Fu without saying anything. Zhao Fu did not pay any attention to these people, and he found a place to sit down.

A while later, the atmosphere became lively again as various people started talking. Some people still glanced over to Zhao Fu now and then, while Zhao Fu ignored those gazes. He looked over the women present to see who would be suitable to become an Evil Flower Emissary.

Following this, some more top-tier figures arrived and the gazes that were concentrated on Zhao Fu were shifted over to them.

One of them was a cold had handsome young man who was the Prince from the most powerful Empire nearby. There was also a famous genius from the Demon Domain who was just as famous as Lou Yuye. There was also the legacy disciple of a top-tier Sect in the Demon Domain, who was also quite famous.

Zhao Fu was in quite an awkward situation because he was in the Demon Domain but others thought that he was from the Devil Race, and his strength was quite lacking compared to others.

There were a few people who wanted to get to know Zhao Fu, but he refused all of them. After all, Zhao Fu knew what his true identity was, and he did not want to get too close to them and expose himself.

Suddenly, a peerlessly beautiful woman with a tall and slim figure, light violet hair and wearing violet clothes walked in. She had a veil that obscured part of her face.

Everyone looked shocked; this woman was the seventh-ranked beauty in the Demon Domain, and was called Yuan Ziyuan. She was a one in one billion beauty and almost no one could compare to her, and she came from a top-tier faction in the Demon Domain.

Zhao Fu was greatly interested in her, and she was an Emperor Heaven Realm expert. She would be incredibly suitable to become an Evil Flower Emissary.

However, Zhao Fu did not dare to make a move against her. After all, she was the seventh-ranked beauty in the entire Demon Domain, and she came from a terrifying faction. She could definitely summon higher-beings just like Wu Five, who Zhao Fu had met in a historical remnant.

Making a move against her would definitely resolve in death, so Zhao Fu could only continue examining other women.

After Yuan Ziyuan entered, many people crowded around her, both men and women, laughing and talking.

After Zhao Fu saw Yuan Ziyuan, all of the other women paled in comparison. However, he did not dare to do anything to her, so he could only inwardly sigh.

After hearing that Zhao Fu had the Devil Race's supreme Emperor Star, Yuan Ziyuan looked at Zhao Fu and felt quite surprised, as Zhao Fu's cultivation was quite low and he dared to openly appear at the Demon Domain.

Seeing so many women around Zhao Fu, she understood that he was quite dissolute, which she did not like.

However, she thought about it and decided that it may be good to get to know him. After all, he was someone with the Devil Race's supreme Emperor Star and would definitely shake the Devil Domain. There was no harm in befriending him, as it might benefit her in the future.

"My name is Yuan Ziyuan and I come from the Deep Abyss Empire. Where does sir come from?" Yuan Ziyuan came up and smiled as she introduced herself.

Zhao Fu was somewhat surprised that Yuan Ziyuan would take the initiative to talk to him. However, he naturally could not tell the truth. "My name is Yao Ye and come from a small faction."

Hearing this, Yuan Ziyuan felt somewhat interested in Zhao Fu and continued talking with him. However, she was left disappointed, as Zhao Fu refused to answer anything.

This made Yuan Ziyuan feel quite puzzled; this person was most likely from a top-tier faction, so why did he not reveal anything? Moreover, even if he answered her questions, it would not be a big deal, and everyone present would try to curry favor with him. Could it be that his identity was quite complicated?

Seeing that Yuan Ziyuan start to become suspicious as to his identity, Zhao Fu became wary. If he did not make himself seem mysterious, he would be in a dangerous spot.

Yuan Ziyuan smiled as she continued to ask, "Since sir has the Devil Race's supreme Emperor Star, you must be an unparalleled genius in the Devil Domain, and I'm sure everyone in the Devil Domain knows about you. Why not tell us who you are so we can esteem you?"

Hearing Yuan Ziyuan say this, Zhao Fu replied somewhat discourteously, "You are one of the Demon Domain's top ten beauties, so why do you wear a veil? Are you afraid of showing your appearance? I'm lacking some female attendants, so you can be one of my female attendants."

Yuan Ziyuan felt somewhat angry and everyone else felt that Zhao Fu was quite arrogant, asking Yuan Ziyuan to become his female attendant. With Yuan Ziyuan's identity and beauty, that was simply impossible.

"Yuan'Er, you came as well!" A soft voice sounded out as a beautiful and voluptuous middle-aged woman with enormous breasts walked over as she smiled.

Seeing the woman, Yuan Ziyuan happily smiled, saying, "Wet nurse! I was just passing by and wanted to see you."

The voluptuous woman was called Long Erniang and was a demon dragon who had once been Yuan Ziyuan's wet nurse. She had lived with Yuan Ziyuan for a while, and because Yuan Ziyuan greatly liked Long Erniang since she was young, she would occasionally come to visit her.

Seeing Long Erniang appear, Long Hao'Er smiled and whispered into Zhao Fu's ear, "Husband, didn't you want to have Yuan Ziyuan? I have an idea."

Hearing this, Zhao Fu felt quite delighted and asked, "What is it?"

Long Hao'Er whispered her plan into Zhao Fu's ear, and afterwards, Zhao Fu and his group left the island.

Seeing Zhao Fu leave, everyone else did not hold back anymore. In actuality, they did not like Zhao Fu, as they thought that he was from the Devil Race and was too arrogant. His leaving was good for everyone.

Following this, a few more major figures came to the Demon Sea Meeting, causing the atmosphere to become livelier.

After the meeting ended, Long Erniang returned to the palace in the depths of the Demon Sea. Long Hao'Er and the four other women were there waiting for her, and seeing her arrive, Long Hao'Er smiled and said, "Erniang, we've waited for you for so long; why did you only get back now?"

The five women were also demon dragons and lived in the Demon Sea, and they had a good relationship with Long Erniang and were often looked after by a senior like Long Erniang.

Seeing the five of them, Long Erniang happily smiled and replied, "The Meeting only just concluded; is there anything you all need? Before, I saw you with a man; what was with that?"

Chapter 1492: Demon Star

Lan Shui'Er shyly replied, "Erniang, he's our owner and we serve him together."

Long Erniang felt quite surprised and asked, "Isn't he just an Earth Realm cultivator? How did he take in the five of you? Why don't you resist him? Is he threatening you in any way?"

Chi Huo'Er said, "Of course not! Erniang, it's not like what you think; we willingly submitted to him. Moreover, he's our Dragon Race's Young Lord and has the Devil Race's supreme Emperor Star!"

Long Erniang looked quite shocked, "Is he really the Dragon Race's Young Lord? Why couldn't I tell? However, to be able to follow the Dragon Race's Young Lord with an Emperor Star, it will be a great opportunity for the five of you."

Long Hao'Er smiled as she said, "When it comes to such a good thing like this, how could we forget Erniang? We came to ask you to join us in serving the Young Lord."

Long Erniang looked quite delighted but hesitated, "Would the Young Lord like someone like me? I'm quite old now and can't compare to the five of you."

Long Hao'Er smiled as she said, "Don't worry Erniang, the Young Lord especially likes mature women like you."

After saying this, Long Hao'Er looked to the side and said, "Owner, you can come out now."

Hearing this, Zhao Fu walked out with a smile as he looked at Long Erniang.

Seeing Zhao Fu's handsome face and knowing that he was the Dragon Race's Young Lord, a blush appeared on Long Erniang's face. Her eyes became hazy and she gave off a mature charm.

Zhao Fu smiled as he went up and hugged Long Erniang's body. Long Erniang wrapped her arms around Zhao Fu's neck and said flirtatiously, "Young Lord, let me serve you!"

After an intense round, Long Erniang tightly hugged Zhao Fu and her eyes were teary as she said gratefully, "Thank you Young Lord for giving me your love! It's the first time I've experienced such pleasure."

Zhao Fu smiled and nodded.

Lying on Zhao Fu's other arm, Long Hao'Er laughed as she said, "Erniang, you can't leave the Young Lord now, right? In actuality, there's something the Young Lord wants your help with."

Long Erniang felt quite confused and asked, “What is it? I’ll do my best to help the Young Lord with anything.’

Long Hao’Er explained the situation and Long Erniang felt hesitant as she said, “That’s quite dangerous; Yuan’Er’s identity is not simple at all, and she trusts me so much. I’ve always seen her like a daughter.”

Bai Han’Er spoke, “Erniang, think about the Young Lord; he greatly needs Yuan Ziyuan. Also, the Young Lord is the Dragon Race’s Young Lord and has an Emperor Star; he will protect you and won’t harm Yuan Ziyuan either. Instead, he’ll give her a good place to be, and that way you guys can be together.”

Long Erniang thought about it and agreed, but she said, “Young Lord, you have to treat Yuan’Er well!”

Zhao Fu smiled and agreed.

Following this, Long Erniang called Yuan Ziyuan here. After drinking a cup of water, she fell unconscious. She had never thought that the wet nurse who she adored since she was young would act against her.

That cup of water naturally contained a type of very powerful drug called the Fainting Soul Powder. It was something that Long Hao’Er had collected and was incredibly powerful; even Emperor Heaven Realm experts could not resist it, which caused Zhao Fu’s plan to be very successful.

Looking at the fainted Yuan Ziyuan, Zhao Fu took off Yuan Ziyuan’s veil and looked at her peerlessly-beautiful face. She was suffocatingly beautiful and was even more beautiful than even Jue Tianling, and Zhao Fu’s heartrate could not help but speed up.

Zhao Fu quickly suppressed his emotions and pressed his hand against Yuan Ziyuan’s abdomen. A massive power was sent in, and a round, black pearl was forced out.

Seeing this black pearl, Zhao Fu became incredibly careful because this item was the thing that Yuan Ziyuan could use to summon higher-beings. If Yuan Ziyuan was in any danger, it would immediately sense it and automatically activate.

Zhao Fu had to seal this pearl, so he took out the Heaven-Sealing Sword and absorbed the pearl into it, using the Heaven-Sealing Sword's power to suppress the black pearl for now.

Afterwards, Zhao Fu let out a sigh of relief and gave a happy smile as he carried Yuan Ziyuan's body to a large bed, and soon indescribable sounds rang out.

In the process, Zhao Fu gradually dissipated the Fainting Soul Powder within Yuan Ziyuan's body and had her gradually wake up. Her power had already been sealed so there was nothing to be worried about, and soon she madly started to madly do it with Zhao Fu.

Afterwards, Yuan Ziyuan lay in Zhao Fu's embrace and did not say anything and had an incredibly cold expression.

Zhao Fu hugged her with one arm and said gently, "I'll take responsibility for you and won't let you suffer."

Long Erniang lay on Zhao Fu's other side and said guiltily, "Yuan'Er, I'm sorry but the Young Lord likes you a lot and said that he greatly needs you. As someone from the Dragon Race, I can't refuse the Young Lord's request; I'll accept anything you want to do to me as atonement.

"Also, I see you as a daughter and want to keep you by my side; now, we can serve the Young Lord together. You have also become an Evil Flower Emissary and can't resist the Young Lord, so it's better to accept him, alright?"

Yuan Ziyuan coldly looked at Zhao Fu and said, "Speak! Just who are you and why do you have the Evil Spirit Abyss Flower Ancestor's legacy?"

Seeing how cold she was and how discourteously she spoke, Zhao Fu felt that he was in the wrong, and he smiled as he said, "Call me husband and I'll tell you."

Yuan Ziyuan looked quite angry and she pinched Zhao Fu a few times to relieve her anger before saying coldly, "Husband!"

Zhao Fu had never thought that she really would call him that, and he smiled as he explained how he had obtained the Evil Spirit Abyss Flower's power. He only said that he had accidentally entered a seal and did not go into too much detail.

Yuan Ziyuan dissatisfiedly harrumphed as she said, “That’s it?”

Zhao Fu hugged Yuan Ziyuan as he smiled and said, “I’ll tell you about it more in-depth.”

Yuan Ziyuan’s expression softened and she lightly hugged Zhao Fu as she said softly, “If you want to be my man, you have to be someone who can shake the world. You have the Devil Race’s Emperor Star, so you barely qualify.”

Zhao Fu could not help but laugh, and he understood that Yuan Ziyuan now acknowledged him. He said, “Yuan’Er, don’t worry. One day the entire world will know my name. Moreover, I didn’t come to the Demon Domain just to make the Evil Spirit Abyss Flower more powerful, but to awaken the Demon Race’s supreme Emperor Star.”

Yuan Ziyuan looked at Zhao Fu in disbelief as she said softly, “How can a person have two Emperor Stars? Moreover, you’re from the Devil Race, so how can you awaken a Demon Star?”

Zhao Fu did not explain because he was that person who had shocked the Heaven Domain with four Emperor Stars. Now, he had come to awaken the Demon Star.

Chapter 1493: Tenth Evil Flower Demon

“Yuan Ziyuan, you’re not angry anymore?” Long Erniang gave a happy smile as she asked seeing that Yuan Ziyuan had already accepted Zhao Fu.

Yuan Ziyuan said in a somewhat aggrieved manner, “Wet nurse, I trusted you so much and treated you like my own mother, and yet you did this to me.”

Hearing this, Long Erniang looked quite guilty and apologetic and wanted to say something.

However, Yuan Ziyuan spoke first and said, “Forget it, I’m not angry at you, wet nurse; I’ve already accepted this. In the future we need to rely on each other; who knows how many women this bad guy has.”

Long Erniang happily nodded and said, “Yuan’Er, I definitely won’t let the Young Lord neglect you, this I can promise. I’ll always stand on your side.”

A trace of a smile appeared on Yuan Ziyuan’s face, and her face became a bit red with shyness as she said to Zhao Fu, “Bad guy, I wasn’t able to properly enjoy myself just then because I was unconscious; hurry up.”

Zhao Fu lightly laughed and the three of them continued to go at it together.

Now that he had found the eleventh Evil Flower Emissary, someone who had incredible talent and status, Zhao Fu felt quite pleased. Now, he only needed one more to gather the twelve Evil Flower Emissaries.

What also made Zhao Fu delighted was that Yuan Ziyuan was an Emperor Heaven Realm expert, which added to his forces.

Thinking to back when he had been bullied and suppressed by various Emperor Heaven Realm experts at Emperor Path College, now that he could have an Emperor Heaven Realm expert panting under his body, Zhao Fu felt quite satisfied.

Following this, Zhao Fu brought the women and left the Demon Sea, and he continued to head towards the historical remnant.

A few days later, they arrived at a large plains. They heard that there were large numbers of wild boars here and that there was a terrifying Wild Boar King. Zhao Fu needed demonic creatures and large amounts of blood and flesh to create another Evil Flower Demon, and this place would be able to provide them.

There were massive herds of boars and all of them were at least three meters long and were covered with black fur. They each had two harp tusks and blood-red eyes.

Zhao Fu let out the nine Evil Flower Demons that were 2,000 meters tall, and they gave off massive auras and dense demonic qi, which could cause anyone to feel a chill in their hearts.

Right after the Evil Flower Demons were released, countless wild boars felt terrified and ran away.

The nine Evil Flower Demons opened their mouths and exploded out with a massive suction force, causing the escaping boars to be sucked into the sky, and they cried out as they were instantly digested in the Evil Flower Demon's mouths.

The sight of countless wild boars being sucked into the sky was quite grand, as if the sky was filled with flying pigs.

“Roar!!” As large numbers of wild boars were devoured, a furious roar sounded out. The ground violently trembled as an enormous aura ferociously flooded out as the Wild Boar King appeared.

The Wild Boar King's appearance was quite surprising – it was not beast-shaped but humanoid, and it was 10,000 meters tall. It had a black boar's head and was covered with black fur. It had an extremely big belly and two sharp claws, and it gave off a terrifying aura.

However, Zhao Fu and his group did not feel any fear at all because this Wild Boar King only had Extreme Divine realm strength, while they had ten or so Extreme Divine Realm experts and one Emperor Heaven Realm expert.

Zhao Fu did not bother moving and said, “Kill it and give me its heart.”

The women exploded out with powerful auras and turned into rays of light as they shot towards the Wild Boar King.

The Wild Boar King looked furious, raised a claw, and swatted at the women, sending out five black arcs of light.

Yuan Ziyuan drew a long saber and slashed out, sending out a massive violet saber light that contained world-destroying power.

Bang!

The Wild Boar King was sent flying back and crashed with a massive explosion. There was now an incredibly deep gash on its chest, from which black blood flooded out.

Jue Tianling also slashed out with her sword, sending out a sharp sword light that struck the Wild Boar King's body. The Wild Boar King's thick body was easily sliced apart and blood continuously flowed out, causing the Wild Boar King to roar in pain.

Long Hao'Er and the other demon dragons each held a dragon spear and stabbed at the Wild Boar King, causing the air to explode.

The five dragon spears stabbed into the Wild Boar King's body, and the energy they contained tore apart the Wild Boar King's body, causing blood to fly everywhere. The dragon spears contained immense piercing energy and continuously stabbed deeper into the Wild Boar King's body.

"Roar!!" The Wild Boar King gave a pained roar and could not resist at all. It understood that it was not a match for the women, so it decided to run away.

However, Yuan Ziyuan was already cutting off its path of retreat. Her saber slashed out as a massive violet saber light tore through the sky as if it could cut the heavens and earth in two, and it gave off a massive sound. This was the power of the Emperor Heaven Realm.

The Wild Boar King looked terrified and used its arms to block in front of its body, and it exploded out with massive amounts of demonic qi to defend.

Chi!

The demonic qi was slashed apart by the saber light, and its arms were also cut off, causing blood to spurt everywhere as if it was raining, causing it to howl.

However, the howl quickly stopped as Jue Tianling appeared behind its head and her sword gave off a ray of sword light as it shot into the Wild Boar King's head.

The Wild Boar King's body stiffened and instantly died. Its massive body slammed onto the ground, opening up a large crater and causing shockwaves to blast out.

After the Wild Boar King was killed by the women, Zhao Fu smiled and had the nine Evil Flower Demons eat its body, while Yuan Ziyuan brought over the essence of the heart to Zhao Fu.

It was better to have more people; from the start, Zhao Fu had not done anything and had just waited.

Zhao Fu took the essence of the heart, which was a piece of flesh that gave off a black light and started to eat it. He found that it was quite tough.

A terrifying wave of demonic qi flooded out of Zhao Fu's body, causing an expression of pain to appear on his face.

The demonic qi continuously condensed until it formed a three meter tall monster. It had two ugly boar heads and two massive mouths that were filled with sharp teeth. It was quite fat and was covered with black fur, and it had a pair of sharp claws.

This was the tenth Evil Flower Demon, and the Evil Spirit Abyss Flower now reached its tenth stage. The ten Evil Flower Demons could now become 2,000 meters tall and Zhao Fu could control them within 10,000 regions.

Now, Zhao Fu only lacked two Evil Flower Demons and one Evil Flower Emissary. They were nearly at the historical remnant and Zhao Fu greatly looked forward to awakening the Demon Star.

Chapter 1494: Historical Remnant

A few days later, Zhao Fu and his group successfully arrived at the historical remnant. It was at a massive mountain, and even though Zhao Fu had the command medallion to open the historical remnant, he still lacked something, which was a Void Mirror.

The historical remnant had two doors: the first door required a Void Mirror to open and the second door required a command medallion.

The Void Mirror was in Mo Qinyue's hands, and the Nether Spirit Empire's King had mentioned this Mo Qinyue before and had said that he was giving her to him. The command medallion that Zhao Fu had could control that woman.

Zhao Fu did not know what was the relationship between Mo Qinyue and the Nether Spirit Empire's King, or what was with this historical remnant.

Now, it was time to look for that woman called Mo Qinyue. She was most likely nearby, as the command medallion could sense her, or else she would be too difficult to find.

Boom!

A massive explosion sounded out as a power that seemed to be able to control the heavens and earth blasted out, sending out terrifying shockwaves. Zhao Fu and the others' bodies froze, feeling as if their bodies had fallen into an abyss.

This was the power of a higher-being, and everyone felt incredibly shocked. However, Yuan Ziyuan sensed something and said, "Husband, this is not a real higher-being's power, and it is a clone that someone summoned."

Hearing this, Zhao Fu felt somewhat interested and said, "You all stay here; I'll go and take a look."

This aura came from quite far away, so Zhao Fu looking from a distance would be fine. In order to make it easier to make an escape, Zhao Fu did not plan on bringing anyone.

"Please be careful, owner," Long Hao'Er said as she looked at Zhao Fu unwillingly.

Zhao Fu smiled and nodded before turning into a ray of light and shooting over the horizon.

By now, the shockwaves had stopped and Zhao Fu did not know what had happened, so he warily flew at a low altitude as he approached.

The power of a higher-being was quite terrifying – the surrounding 10,000 kilometers had been completely scorched, and no trees, flowers, grass, birds, or beasts survived. A lot of the ground had become lava, and many hills had been flattened.

Sensing the terrifying traces of aura from here, Zhao Fu's hairs stood on end as he felt a trace of fear in his heart.

Zhao Fu did not dare to go up, and he instead safely remained where he was. After a while and sensing there was not any noise did Zhao Fu dare to go up to have a look.

Soon, Zhao Fu discovered a woman who was covered with blood and walking forwards with great difficulty.

The woman had a bewitching figure and jet-black long hair. Her eyes were violet and there was a round blood-red mark on her forehead which gave off a faint blood-red light. She wore a white palace dress but it was now dyed blood-red. She was more beautiful than a goddess and gave off a cold and otherworldly aura.

The woman was heavily injured and could not even fly. Zhao Fu felt that her identity was not ordinary, as she was more beautiful than even Yuan Ziyuan by a bit. Moreover, it was quite likely that it was her who had summoned the higher-being clone.

Given that she had just summoned the higher-being clone, she would not be able to do so again. Seeing how she was heavily injured, Zhao Fu was unafraid and smiled as he blocked the way in front of the woman.

Seeing Zhao Fu block her way and not seeming to harbor good intentions, the woman's expression became quite grim. She did not have even a trace of strength, and she had important things to do and could not stay here.

"I am the Demon Emperor Sect's Di Moji. I can give you anything you want, but don't seek your own death."

Zhao Fu had never heard of the Demon Emperor Sect and did not know who Di Moji was, but he felt that she was not ordinary. Moreover, her cultivation was very powerful and was at least at the Emperor Heaven Realm.

If it was under normal circumstances, he would have been somewhat afraid. However, seeing that she was heavily injured and could not summon another higher-being clone, he naturally did not feel afraid.

This woman could definitely become an Evil Flower Emissary, and the Evil Spirit Abyss Flower energy within Zhao Fu's body became incredibly excited, wanting to fuse with her. This feeling was even more intense than with Yuan Ziyuan.

“I want you to be my woman!” Zhao Fu looked at Di Moji as he smiled and spoke in a loud voice, not feeling any fear at all and not giving any room for negotiation. She was undoubtedly the most suitable person to become the twelfth Evil Flower Emissary.

Di Moji coughed up a mouthful of blood and her eyes were incredibly cold as she said, “Don’t you know who I am? If you dare to touch me, the Demon Emperor Sect will destroy the ten worlds around you.”

Hearing her threatening words, Zhao Fu laughed, as he had already offended countless people and offending one more would not be a big deal. He grinned as he walked towards Di Moji.

Di Moji’s face was pale as she retreated. At the same time, she felt quite confused – the Demon Emperor Sect’s name was unable to scare off this person. If she had known this was going to happen, she would have immediately summoned the higher-being clone when she was killing the Cloudheaven Beast. That way, she would not have been injured so greatly and would not have to fear this evildoer.

As Di Moji continuously retreated, she stumbled and fell onto the ground. Her inner qi and blood were sent into chaos and she coughed up a large mouthful of blood and collapsed on the ground, unable to get back up.

Zhao Fu lightly laughed and came up; how could he turn down a free Evil Flower Emissary? This would save him the effort of going out and finding and capturing one.

Zhao Fu squatted down and set down restrictions in her body before forcing out the item that could summon the higher-being clone. It was a blood-red orb that gave off an intense blood-red light. Zhao Fu placed it into the Heaven-Sealing Sword and was able to relax.

Seeing how injured and weak she was, Zhao Fu took out some medicinal pills for her and used his own power to help her recover somewhat, and her cheeks became ruddy again.

This caused Di Moji’s cold expression to become warmer and she was no longer as antagonistic towards him. However, Di Moji’s eyes soon became cold and gave off immense killing intent as Zhao Fu started to take off her clothes.

Following this, her perfect body was revealed to Zhao Fu, and Zhao Fu prepared to ravage her.

Tears flowed out of Di Moji's eyes as she felt incredibly aggrieved; she would be sullied by a pervert today.

Seeing Di Moji cry, Zhao Fu felt quite disturbed and asked gently, "You know that I won't let you off, but I'll take care of you. How about becoming my woman? Moreover, my status is something that's good enough for you."

Hearing Zhao Fu's words, Di Moji understood that she could not escape from Zhao Fu, and her little sister desperately needed that Cloudheaven Pearl or else she would become crippled. As such, she endured and said, "I can give you my body, but you have to help me do something."

Chapter 1495: Demon Emperor Sect

Zhao Fu felt quite startled and asked, "What is it?"

Di Moji replied, "I have a Cloudheaven Pearl in my spatial ring; all you need to do is bring it to the Demon Emperor Sect. You have to hurry; my little sister is in desperate need for it."

Zhao Fu immediately refused, "Wouldn't I be throwing myself into a trap? If I went to the Demon Emperor Sect, how would I make it back? I'm not that stupid."

Di Moji said somewhat angrily, "I'm not an evil person like you. If you don't want to go to the Demon Emperor Sect, you can give the Cloudheaven Pearl to a nearby Kingdom. I'll write a letter and have them deliver it to the Demon Emperor Sect; they won't dare to not do it."

Hearing this, Zhao Fu felt that this was reasonable. However, hearing Di Moji's tone, it seemed that the Demon Emperor Sect really was very powerful.

Zhao Fu could not help but ask, "What kind of faction is the Demon Emperor Sect? Is it really that strong?"

Di Moji coldly replied, "Of course! The Demon Emperor Sect ranks in the top ten factions in the Demon Domain. I suggest that you let me go; you'll obtain everything you want, and I won't pursue this matter."

Zhao Fu smiled; how could he give up meat that was delivered to his mouth? So what if the Demon Emperor Sect was a top ten faction in the Demon Domain? If they could not find him, they would not be able to threaten him.

Zhao Fu kissed Di Moji's cheek and smiled as he said, "Write the letter and I'll deliver it for you."

Di Moji felt quite angry and had never thought that Zhao Fu would still dare to act like this after knowing how terrifying her faction was.

However, he had luckily agreed to send the Cloudheaven Pearl. Di Moji took out a jade pendant; now that Zhao Fu had helped her recover some of her strength, she wrote in the air and inscribed characters into the jade pendant.

"Here!" Di Moji passed the jade pendant to Zhao Fu.

Zhao Fu looked over the jade pendant and checked that there was nothing wrong with it before putting it away.

Di Moji felt quite displeased as she said, "I know you don't trust me, but I'm not an evildoer like you; I have my pride."

Zhao Fu smiled as he pressed her beneath him and prepared to do it with her.

Di Moji angrily struggled and said, "You still haven't done what I asked you to do; I won't give my body to you yet."

"Can't I have you first and then do it?" Zhao Fu asked dissatisfiedly.

"No!" Di Moji immediately refused.

Zhao Fu felt quite frustrated, but after thinking about it, he smiled and said, "Give me the thing then; I'll deliver it for you now."

Di Moji nodded with a cold expression. She took out a transparent pearl as big as an egg that was surrounded by mist. This was the Cloudheaven Pearl.

Zhao Fu could sense that the power that the Cloudhaven Pearl possessed surpassed the Emperor Heaven Realm; it was a very terrifying treasure. However, he did not think of taking it for himself because taking in Di Moji was more important.

Zhao Fu waved his hand and an Evil Flower Demon appeared beside him.

Zhao Fu gave the two items to it and had it deliver them to a nearby Kingdom. Zhao Fu could control the Evil Flower Demons within 10,000 regions, which made things quite easy for Zhao Fu.

“Alright, it will deliver those things to a nearby Kingdom,” Zhao Fu said to Di Moji.

Hearing this, Di Moji lay on the ground and closed her eyes, looking like she was accepting her fate.

Zhao Fu smiled and started to do it with her, and moans soon started to sound out.

Di Moji began to madly respond to Zhao Fu and seemed quite lewd, and they went about it for a few hours before stopping.

“You baddie, so you were the legatee of the Evil Spirit Abyss Flower Ancestor. No wonder you wanted me and are so despicable,” Di Moji said with a red face as she glared at Zhao Fu.

Zhao Fu hugged her and smiled as he asked in surprise, “You know about this?”

Di Moji rolled her eyes and replied, “But of course. The Evil Spirit Abyss Flower Ancestor once caused a massive disaster in the Demon Domain, and the history books record how terrifying that power was. The Evil Spirit Abyss Flower Ancestor also liked to steal women and bully them just like you.”

Zhao Fu gave a trace of an evil smile as he said, “I didn’t do anything; it was you who was so active before.”

Di Moji’s face became bright red as she embarrassedly hit Zhao Fu.

Zhao Fu laughed as he stopped her and said, “Alright, there are people waiting for me. Let’s leave this place.”

Di Moji nodded and put on a new dress.

Zhao Fu hugged her and flew off, feeling quite happy. Now, he had gathered twelve Evil Flower Emissaries, and he only required two more Evil Flower Demons to awaken the Demon Star.

After returning to the others, Yuan Ziyuan looked at the woman in Zhao Fu’s embrace in shock, while Di Moji also looked at Yuan Ziyuan in surprise.

Seeing their expressions, Zhao Fu felt quite curious and asked, “Do you know each other?”

Yuan Ziyuan felt quite angry and glared at Zhao Fu as she said somewhat jealously, “Husband, you’re quite capable. You brought back the number one beauty in the Demon Domain.”

Hearing this, everyone felt quite shocked, and they had never thought that the woman in Zhao Fu’s embrace was the Demon Domain’s number one beauty. Those peerless looks made them feel completely inferior.

Zhao Fu lightly laughed; he had never expected Di Moji to be the Demon Domain’s number one beauty. He could only tell that she was slightly more beautiful than Yuan Ziyuan and that her faction was very powerful.

Seeing Yuan Ziyuan, Di Moji understood why she was here and could roughly guess how Zhao Fu had obtained her. She lightly harrumphed and hit Zhao Fu a few times, feeling that he was too despicable.

She knew Yuan Ziyuan but was not very familiar with her. At the same time, she could sense some jealousy from Yuan Ziyuan and lightly smiled as she said, “Yuan Ziyuan, even though we’re not very close, since we’ve both become this baddie’s women, let’s get along.”

Yuan Ziyuan’s expression softened; facing the Demon Domain’s number one beauty, she felt a lot of pressure. Seeing that Di Moji was trying to befriend her, she naturally accepted.

Zhao Fu came up, brought Yuan Ziyuan into his embrace, and smiled as he said softly, "I won't neglect you, don't worry."

Yuan Ziyuan happily smiled and trusted Zhao Fu as she nodded.

Seeing Di Moji's red face, Mei Lingling said somewhat dissatisfiedly, "Husband, you can't just be having fun out by yourself and have us all wait for you. You need to compensate us."

Bai Han'Er agreed, "That's right, you said you won't neglect us."

Zhao Fu felt quite helpless, and after a few hours, the women's faces were all red and had pleased smiles, and they started to search for Mo Qinyue.

A day later, they followed the command medallion to a mountain village. There, they discovered an intense battle, and many people had died.

Chapter 1496: Mirror

"Liu Zhangmen, you'd best hand over the Void Mirror or we'll destroy your Liu family. You're not a match for us anymore," a savage-looking gray-robed elder shouted at a scholarly-looking middle-aged man.

The middle-aged man looked quite hesitant, but seeing the dead people around him, he gritted his teeth and said, "I can give you the Void Mirror, but let these people go first."

The savage-looking elder thought about it before agreeing, and he had everyone else stop.

The middle-aged man, Liu Zhangmen, gathered the remaining people from the Liu family and said in pain, "Hurry up and leave, run as far as you can. The Liu family won't survive this time; I'll stay here and stall them."

"Father, we won't go! We're willing to live and die with the Liu family," a valiant-looking young man said in a loud voice. He was the Liu family's eldest son, Liu Ming.

Liu Zhangmen felt quite angry as he cursed, “Idiot! Do you want the Liu family to perish? What’s the point of everyone dying here?”

A beautiful and virtuous-looking woman, the Liu family’s head madam Zhang Qingli, said tearily, “We need to listen to your father and hurry and leave. We can rebuild the Liu family in the future.”

“That’s right! I don’t want to die here for nothing; I haven’t enjoyed myself yet,” a drunken young man cried out in terror; he was the Liu family’s second young master.

A slim and flirtatious-looking woman said sorrowfully, “We should listen to your father and the big madam; as long as we live, the Liu family will still have hope.”

She was the Liu family’s second madam and was called He Dimei, and she was hugging a scared little girl.

“Mm, as long as we stay alive, we’ll have more chances in the future. When that time comes, it won’t be too late to take revenge. It’s better than dying for nothing here,” a valiant-looking woman said; she was the Liu family’s third madam, Xi Yali.

There was also a gentle-looking woman who continuously wept and held a baby boy. She did not say anything, and she was the Liu family’s fourth madam, Luo Ali.

There were some other people, bodyguards, and servants gathered around them. They all looked quite fearful and some of them were covered in blood. They waited for the Liu family to make their decision, but they naturally did not want to die.

“I’m letting you all leave so you’d best be quick, or else you’ll all die here,” the savage-looking elder called out in annoyance.

Liu Zhangmen had everyone else run away while he stayed behind by himself.

The savage-looking was worried that someone might have taken the Void Mirror away, so he said, “Take out the Void Mirror for me to see.”

Liu Zhangmen understood what the savage-looking elder was thinking, and he took out a beautiful mirror made of crystal. It was 15 centimeters long and there were cloud inscriptions carved around it. The mirror was incredibly smooth and looked quite simple, and it contained a void aura.

The savage-looking elder gave a pleased smile and stretched out his hand as he said, "Then give me the mirror now."

Liu Zhangmen refused, saying, "The Liu family's people haven't gone very far yet; I can't give it to you yet."

The savage-looking elder looked quite disdainful and looked at one of his underlings. That underling shot out and stabbed his dagger into Liu Zhangmen's heart, and Liu Zhangmen died with a shocked expression on his face.

From the start, the savage-looking elder had never planned to spare the Liu family. He immediately ordered people to give chase and kill the rest of the Liu family.

Those people soon surrounded the Liu family's people. After hearing that Liu Zhangmen had died, the Liu family's people looked furious and hateful.

However, the Liu family evidently was not a match for these people. As the two sides fought, the Liu family's people continuously died, and it looked like the Liu family was going to be destroyed.

At that moment, powerful auras descended. Zhao Fu had followed the command medallion to here and saw this scene.

Seeing these people and sensing their power, everyone present looked terrified and did not dare to move because the highest cultivation here was at the Saint Realm, while Zhao Fu's group had two Emperor Heaven Realm experts.

The virtuous-looking big madam Zhang Qingli pleaded, "Sirs, please save us; these evil people have come to destroy our Liu family."

Zhao Fu's gaze fell on the big madam's mature body and asked, "Do you know where Mo Qinyue is?"

Everyone from the Liu family did their best to think in order to live, but none of them knew anything, so they could only shake their heads.

Zhao Fu felt quite confused; the command medallion had led him here, but Mo Qinyue was not here. As such, he asked, “Have you seen a special mirror?”

Hearing this, the second young master cried out in delight, “Our family had a mirror, but in order to steal that mirror, these people came to destroy our Liu family. It’s said that the mirror can open a massive treasure trove and was passed down from a long time ago.”

Zhao Fu smiled and understood that they had found the mirror. He looked at the women and said softly, “Kill everyone except those from the Liu family!”

The women flew to the ground and started to slaughter the original attackers.

The Liu family’s people let out sighs of relief. The savage-looking elder held the mirror and had wanted to come and watch the Liu family’s people be destroyed, but seeing this scene, his expression fell and he immediately turned and ran. However, he was decapitated by Zhao Fu and died on the spot.

After the savage-looking elder died, the Liu family’s people all looked incredibly happy; Liu Zhangmen had been avenged.

The second young master called out, “The mirror’s on him!”

Hearing this, Zhao Fu took the savage-looking elder’s spatial ring and obtained the mirror. He looked at it and confirmed that it was the Void Mirror he was looking for.

However, didn’t he have to find Mo Qinyue to obtain this mirror? Zhao Fu felt quite confused and looked at the four women and smiled as he said, “Come with me, I have some things to ask you.”

The four women did not know what Zhao Fu wanted, but under the threat of his power, they still obediently followed him into a room.

Soon, the eldest young master looked furious and gripped his fists as intense moans started to come out from the room.

The second young master sighed; since that powerful person had done it with his mother and the three other women, he most likely would not harm them, and they would be able to instead benefit from him.

After doing it, Zhao Fu looked at the big madam in his arms and asked, “Do you really not know about Mo Qinyue? Also, when was the mirror passed down?”

The big madam’s face was red as she panted and replied, “Sir, we really don’t know. The mirror was with the Liu family since a long, long time ago. We really don’t know who Mo Qinyue is.

“It’s said that the mirror is connected to some kind of treasure trove but the Liu family has been unable to use it, as it’s said that the mirror requires something else to be used.”

Chapter 1497: Demon Snake Pearl

Zhao Fu thought for a moment before taking out the command medallion, which immediately turned into a ray of light and shot into the mirror, fusing with it. A violet crescent appeared on the mirror. Zhao Fu tested it and found that it was now usable, and he smiled.

The four women on the bed looked quite shocked. They had never thought that Zhao Fu would be able to use this mirror that had been passed down in the Liu family for generations.

However, given that he had come for the mirror, it was only natural that he had a way to deal with it.

Zhao Fu got up and put on his clothes. Since the mirror was now usable, what followed next was to open the historical remnant. As for Mo Qinyue, Zhao Fu did not bother trying to investigate the matters concerning her.

“Sir, are you just going to leave after taking our bodies like this?” the valiant-looking third madam said with displeasure as she watched Zhao Fu prepare to leave.

The flirtatious-looking second madam felt quite shocked. This person had saved their lives, so them repaying him with their bodies was reasonable. If they were not careful and made Zhao Fu angry, they could all die here.

“Sir, our third sister is not very sensible; please don’t mind her. It was our honor to serve sir, so how could we ask sir to take responsibility?”

Zhao Fu lightly smiled as he said, “I’ll take the four of you with me and I’ll make arrangements for the others. I’ll even leave some good things for the Liu family, so don’t worry.”

The gentle-looking fourth madam gave a happy smile and said, “Thank you, sir!”

Zhao Fu lightly nodded and walked out. The other women had already killed all of the Liu family’s attackers. With them acting on his behalf, Zhao Fu did not have to do anything himself anymore.

Only one person could enter this historical remnant, so the women could only stay here and wait for Zhao Fu.

Zhao Fu made some simple preparations. Now that he had gathered the twelve Evil Flower Emissaries, he only lacked two Evil Flower Demons. If he could obtain powerful demonic items or creatures within the historical remnant, he might be able to create the final two Evil Flower Demons and awaken the Demon Star.

Zhao Fu told the women to leave first if they sensed anything off because he did not know what would happen.

Hearing that Zhao Fu really was going to awaken the Demon Race’s Emperor Star, the women all looked at Zhao Fu with expressions of disbelief, as that seemed impossible. However, seeing how serious Zhao Fu seemed, they could only nod and agree.

Zhao Fu came to an empty space and took out the Void Mirror. He pointed it at the sky and sent energy into it, causing a colorful beam of light to shoot into the sky.

Boom!

An explosion sounded out as the colorful beam of light slammed into the sky, causing ripples. A massive and simple door giving off a massive aura gradually appeared.

Zhao Fu sent some more energy into the mirror, causing it to tremble, and it shot out another ray of colorful light that hit the enormous door. A massive sound rang out as the stone door gradually opened, and an ancient demonic qi vigorously flowed out, causing the surrounding temperature to plummet.

Looking at the women around him, Zhao Fu told them not to worry and turned into a ray of light as he shot through the door.

After entering the historical remnant, Zhao Fu saw a black sun in the sky and countless traces of demonic qi in the surroundings. The lighting was quite dim and there were countless blood-red eyes all around him. They were terrifying demonic beasts, including pythons that were hundreds of meters long, bears that were as big as small mountains, and demons that stood hundreds of meters tall.

Seeing Zhao Fu appear, these demonic beasts roared and ferociously charged towards him.

Zhao Fu felt quite disdainful and he just happened to need large amounts of blood and flesh to create Evil Flower Demons, so he let out the ten Evil Flower Demons.

The ten 3,000 meter tall Evil Flower Demons gave off terrifying auras and excitedly leapt towards the demonic beasts and attacked them.

Zhao Fu stood in the air as he watched the ten Evil Flower Demons carry out their slaughter. Cries continuously sounded out as blood spurted everywhere, and countless limbs flew through the air. The large numbers of demonic creatures that charged up were all devoured by the ten Evil Flower Demons.

The demonic beasts were all easily digested by the Evil Flower Demons, which seemed to have a bottomless appetite. They could endlessly eat and would never be full.

“Sss!” a loud hiss sounded out as an immense stench of blood rushed over. A 10,000 meter long demon snake with five heads had appeared, and it opened its five enormous mouths and bit towards Zhao Fu.

Zhao Fu immediately retreated. He could not use his Nation Armament in this place, and facing such a massive demonic beast, he could not attack it head-on.

Zhao Fu controlled the ten Evil Flower Demons to ferociously charge over and defend in front of him. The snake's mouths bit onto a few of the Evil Flower Demons, which revealed pained expressions before madly biting the demon snake back.

The other Evil Flower Demons also leapt onto the demon snake from different positions, their sharp teeth tearing into its body and ripping off large pieces of flesh.

The demon snake hissed in pain and writhed about with its massive body, wanting to toss the Evil Flower Demons off.

However, the Evil Flower Demons clung onto the demon snake and continuously bit at it, devouring its body.

In the end, the demon snake was eaten to death by the ten Evil Flower Demons, looking incredibly wretched. There were teeth marks everywhere on its body and it had died in extreme pain.

The ten Evil Flower Demons continued to eat the demon snake's corpse and Zhao Fu came to the area below the five heads and vigorously slashed. The area was slashed apart, and a fist-sized demon pearl with a little snake wrapped around it flew out. This was the powerful treasure that the demon snake had been creating, called a Demon Snake Pearl.

Zhao Fu grabbed the Demon Snake Pearl and fused it into him as he revealed an expression of pain, and demonic qi continuously flowed out of his body.

The demonic qi continuously flowed out and condensed, forming a terrifying monster.

This monster looked like that demon snake but each of the heads had a horn and the snake's mouths were filled with sharp teeth. There were also sharp, pale-white bone spikes on the snake's back, making it look extremely terrifying.

This was the eleventh Evil Flower Demon, and the Evil Spirit Abyss Flower's power reached its eleventh stage. The Evil Flower Demons' bodies could become 6,000 meters tall and Zhao Fu could control them within one world. Now, only one Evil Flower Demon remained before he could unlock the Evil Flower Bewitching World.

Chapter 1498: Evil Flower

Zhao Fu brought the 11 Evil Flower Demons to the entrance to the next level. The demon snake had been responsible for defending this place, and now that it had been killed, there was no other danger here.

There was a stone stage here that was nine meters wide and eight meters tall, on which there was a rhombus-shaped black crystal that gave off a faint demonic light; it seemed to be a demonic soul.

Zhao Fu looked at it and felt quite delighted because this black crystal was an Ancient Demon Crystal which contained powerful Ancient Demon's Power, and it could summon a large number of Ancient Demons.

Zhao Fu planned to fuse this with Mo Qianmo's Ten Thousand Demon Pond. The Ten Thousand Demon Pond would possess Ancient Demon's Power and the Ancient Demon Bloodline. That way, they would be able to produce large numbers of Ancient Demons, which would be quite useful.

Zhao Fu laughed and put the crystal away, and he headed to the second level.

After arriving at the second level, Zhao Fu felt quite surprised because there were Evil Spirit Abyss Flowers all over the ground, like a black sea that looked quite beautiful. The flowers were about 15 centimeters tall and had pale-white stems and a few leaves. The flowers were like roses and each petal had a picture of a demon woman dancing on it, and they gave off a bewitching demonic power.

If ordinary people stepped into here, the Evil Spirit Abyss Flowers would grow teeth and madly attack them.

However, Zhao Fu had the power of the Evil Spirit Abyss Flower Ancestor so of course these Evil Spirit Abyss Flowers did not attack Zhao Fu, and they instead showed fear and submission.

If he absorbed so many Evil Spirit Abyss Flowers, his Evil Spirit Abyss Flower's power would rise to a new level.

Thinking about that, Zhao Fu released a large amount of demonic qi and his pupils disappeared and were replaced by black rose-like flowers. Zhao Fu's aura changed and became incredibly evil, dark, and devilish.

The demonic qi that came out from Zhao Fu's body spread out and covered the Evil Spirit Abyss Flowers, which started to quickly wither. Their lifeforce and energy were all absorbed by Zhao Fu.

Zhao Fu could clearly sense his Evil Spirit Abyss Flower become stronger, and this energy was increasing his cultivation and constitution as well. Zhao Fu had a Divine Bloodline, so the increase was negligible.

Zhao Fu continued to advance, and more and more demonic qi came out of Zhao Fu's body and spread to the surroundings, causing Evil Spirit Abyss Flowers to wither and continuously strengthening Zhao Fu.

“Roar! Roar! Roar...” Many Evil Flower Spirits did not want to be devoured like this. Even though they feared the Evil Spirit Abyss Flower Ancestor's power coming from Zhao Fu, they still resisted and attacked Zhao Fu.

These Evil Flower Spirits were quite special and were all muscular men. They were three meters tall and had pale-white faces. Their hands and feet were like roots and they did not have heads, only black, rose-like flowers that gave off evil demonic qi.

What Zhao Fu could not accept was that these Evil Flower Spirits' genitals were exposed, and they were not small.

Facing these Evil Flower Spirits, Zhao Fu felt quite disgusted and he stretched out a hand. The surrounding demonic qi quickly gathered towards him and formed thousands of spears, each one about three meters long. Zhao Fu then vigorously pushed forwards with his hand.

Swish, swish, swish...

The demonic qi spears gave off ferocious power as they shot out, piercing through the Evil Flower Spirits' bodies. They roared and their bodies started to wither as their lifeforce and power seemed to be devoured by the spears.

After the spears devoured the Evil Flower Spirits, they turned back into demonic qi and continued to devour other Evil Spirit Abyss Flowers.

The Evil Flower Spirits were unwilling to give up and continued to charge towards Zhao Fu. Zhao Fu expressionlessly continued to control the surrounding demonic qi to turn into spears and kill the Evil Flower Spirits.

“Roar! Roar! Roar...” As Zhao Fu went deeper into the flower sea, even louder roars sounded out as ten meter tall Evil Flower Spirits giving off powerful auras charged towards Zhao Fu.

The demonic qi that Zhao Fu gave off now covered the surrounding 10,000 meters. As soon as the Evil Flower Spirits charged into the demonic qi, their bodies gave off a faint demonic light which caused the devouring effect of the demonic qi to be greatly reduced. They were very fast, and they almost reached Zhao Fu in the blink of an eye.

Zhao Fu once again stretched out his hand towards the incoming Evil Flower Spirits and grabbed, and the surrounding demonic qi formed large hands that grabbed the Evil Flower Spirits.

Zhao Fu then clenched his hand, and the demonic qi hands also tightened, causing the Evil Flower Spirits to give off pained cries. Their bodies withered as their lifeforce was devoured by the demonic qi hands.

Some of the Evil Flower Spirits gave off cries that seemed like they were pleading for mercy, but Zhao Fu ignored them as he wanted to devour them.

In the end, the Evil Flower Spirits turned into terrifying withered corpses, looking quite horrifying, and the demonic qi hands turned back into demonic qi and moved towards the countless ordinary Evil Spirit Abyss Flowers.

After killing these ten meter tall Evil Flower Spirits, black pearls fell from their corpses. They were as big as lychees and looked like little balls of meat.

Zhao Fu examined them and found that they were Evil Flower Pearls which had many effects. They could control people and also had aphrodisiac effects. They could also be used as poison or to create illusions.

Zhao Fu was not very interested in these pearls, so he only collected a few before heading onwards.

More and more demonic qi flowed out of Zhao Fu's body and the area that the demonic qi covered grew larger and larger as Zhao Fu's Evil Spirit Abyss Flower's strength grew more and more.

"Roar!!" The ground trembled as an Evil Flower Spirit that was hundreds of meters tall sensed immense danger, dug up out of the ground, and gave a massive roar as it charged towards Zhao Fu, who was giving off terrifying demonic qi.

Zhao Fu disdainfully laughed and grabbed out with his hand. The demonic qi around him condensed into a massive sword that was over 100 meters long.

Boom!

Facing the incoming Evil Flower Spirit, Zhao Fu vigorously slashed out with the sword, causing the demonic qi sword to bring with it an immense sword wind as it slashed the Evil Flower Spirit flying back hundreds of meters. The Evil Flower Spirit crashed to the ground and a large wound appeared on its chest as it instantly died.

Zhao Fu grabbed at the air and countless traces of demonic qi flowed towards the Evil Flower Spirit, covering its entire body and devouring its corpse.

Afterwards, Zhao Fu did not continue onwards and instead continued to release demonic qi to devour the Evil Spirit Abyss Flowers and Evil Flower Spirits. Only when he finished devouring them did he continue on to the inner regions.

He had killed many Evil Flower Spirits that were hundreds of meters tall, and he finally reached the end of the second level. There was a 10,000 meter tall Evil Flower Spirit here that gave off terrifying power.

What was most disgusting was that its thing was hundreds of meters long, and Zhao Fu simply could not bear to look at it.

Chapter 1499: Darkness

This Evil Flower Spirit was not easy to deal with. It was far stronger than Zhao Fu and by now it had discovered Zhao Fu. It waved its hand and five black arcs of light ferociously slashed towards Zhao Fu.

Zhao Fu immediately gathered countless traces of demonic qi in front of him, forming a massive ball of demonic qi that contained immense power.

Boom!

The massive ball of demonic qi was destroyed by the five arcs of light, and the shockwave sent Zhao Fu flying back. He crashed onto the ground and a trace of blood leaked out of his mouth.

The Evil Flower Spirit stretched out both hands towards Zhao Fu and sharp spikes grew out of its palms and shot out with terrifying power.

Zhao Fu immediately reacted, summoning the 11 Evil Flower Demons. However, he did not have them attack, nor did he have them defend; instead, he fused all of them into himself.

The 11 Evil Flower Demons that were each 6,000 meters tall flooded into Zhao Fu's body, and a terrifying aura came out from within Zhao Fu's body.

Zhao Fu's black hair became crimson-red and his hands looked like claws. His fingernails became incredibly sharp and blood-red colored, and his lips became black. Fangs grew in his mouth and his pupils were replaced by black flowers. He gave off an evil and ferocious, as well as slightly bewitching, aura.

The countless spikes gave off terrifying power as they shot over. Zhao Fu stretched out a hand and an enormous black flower giving off demonic light bloomed beautifully.

The spikes were blocked by the black flower, and some landed next to Zhao Fu and gave off muffled bangs as the ground cracked; it was evident how powerful the spikes were.

After blocking this wave of attacks, Zhao Fu stretched out an arm and grabbed at the air, and countless black flower petals fell and gathered within Zhao Fu's hand, forming a sword made of flowers.

Boom!

Zhao Fu gripped this flower sword and vigorously slashed, and a massive black sword light slashed out towards the enormous Evil Flower Spirit. It was extremely fast and before the Evil Flower Spirit could react, it was hit by Zhao Fu.

“Roar!!” A pained roar sounded out as the thing that Zhao Fu hit was the thing between its legs. Moreover, he had cut it off with a single strike and it fell to the ground and squirmed a few times. Blood spurted out from the wound, forming a waterfall of blood.

Zhao Fu took this opportunity to fly into the air and arrived in front of the Evil Flower Spirit. He ferociously slashed down at it. The sword light he sent out was incredibly ferocious and seemed to be able to tear apart mountains, and it sent the Evil Flower Spirit flying back.

“Roar!!” The Evil Flower Spirit crashed to the ground and a bloody gash appeared on its chest, from which blood continuously flowed out. The Evil Flower Spirit started to desperately attack Zhao Fu.

The black flower on its neck and its flower petals gave off an evil and dark power as they flew over incredibly quickly towards Zhao Fu.

Zhao Fu continuously slashed with the flower sword, sending out arcs of light that destroyed the incoming petals. The destroyed flower petals fell like rain, creating a desolate but beautiful scene.

After blocking this wave of attacks, Zhao Fu charged up and the flower sword in his hand gave off an intense sword light as he vigorously stabbed towards the Evil Flower Spirit’s heart.

The enormous black sword light gave off terrifying power as it shot out, seeming to be able to destroy everything. It slammed into the Evil Flower spirit’s heart, causing it to split apart and for blood to fly everywhere.

The Evil Flower Spirit cried out and its body spasmed a few times before it died.

Zhao Fu gave a trace of a smile and dispelled the Evil Flower Demons’ power. He waved his hand and countless traces of demonic qi flowed towards the Evil Flower Spirit’s corpse and devoured its corpse and power.

The Evil Flower Spirit dropped three things. The first was an Evil Flower Pearl which was one meter wide and had powerful effects that could most likely affect even an Emperor Heaven Realm expert. Zhao Fu felt that it would be quite useful so he put it away.

The second item was a droplet-shaped, palm-sized seed with a demon woman's picture engraved on it. It was the Evil Flower Spirit King's seed and could be used to nurture Evil Flower Spirit Kings, which were like the Evil Flower Spirit that Zhao Fu had just fought.

However, thinking about a group of Evil Flower Spirits running around naked with their things hanging out in the open, Zhao Fu felt quite disgusted and did not want to nurture this kind of Evil Flower Spirit.

The third item was a red flower. It was 45 centimeters wide, looked like a camellia, and gave off a faint fragrance, and it seemed quite intoxicating.

This kind of flower was called a Woman Change Flower, and any man who wore it would transform into a woman, and they could transform back by taking off the flower. Zhao Fu felt that it was not of much use because he did not want to transform into a woman.

Zhao Fu put these three things away and headed to the stone stage. There was a wooden box there, and after opening it, he saw a pale-white, oval seed.

This was an Evil Spirit Abyss Flower seed, but Zhao Fu was not too surprised, as this region was filled with Evil Spirit Abyss Flowers. He then headed to the third level.

The third level was a battlefield and the sky was blood-red colored. An aura of killing covered the surroundings, and anyone who stood here would feel an icy feeling and a trace of terror in their hearts.

After Zhao Fu entered this place, a group of soldiers in black armor, holding black weapons and giving off a darkness aura, rushed towards Zhao Fu and attacked.

There were millions of soldiers and all of them had at least Stage 6 or Stage 7 strength, and they were already in formation as they attacked Zhao Fu.

Swish, swish, swish...

Arrows containing immense power tore through the air and caused the air to explode as they flew towards Zhao Fu like a torrential downpour.

Zhao Fu did not let down his guard and immediately summoned the 11 Evil Flower Demons to defend in front of him and unleash a formless energy barrier, blocking those countless arrows.

“Roar! Roar! Roar...” The 11 Evil Flower Demons gave off massive roars as they looked quite savage and gave off powerful auras as they charged towards the incoming soldiers.

Hundreds of thousands of darkness soldiers released their power and traces of darkness aura rose up from their bodies and gathered above their heads, forming a massive barrier that gave off an extremely sturdy aura.

The 6,000 meter tall Evil Flower Demons also gave off terrifying auras as they slammed into the defensive barrier. What was surprising was that this defensive barrier could negate the Evil Flower Demons’ ability to turn illusory, or else they could have passed through and attacked instead of slamming against it.

However, the 11 Evil Flower Demons still had a large advantage. They leapt onto the defensive barrier and opened their mouths as they madly bit at the defensive barrier, quickly weakening it and causing it to become thinner and thinner. Soon, they would be able to break through.

Chapter 1500: Divinity

The darkness soldiers unleashed different kinds of attacks. Some used arrows to shoot at the Evil Flower Demons while others shot out terrifying saber lights or stabbed out sharp spear lights, continuously attacking the Evil Flower Demons.

However, the Evil Flower Demons each gave off a formless Domain that ignored all of these attacks. All of the attacks that entered the Domains were devoured by the Domains, making it almost impossible to attack the Evil Flower Demons.

Bang!

The defensive barrier was quickly destroyed and the Evil Flower Demons ferociously leapt up and devoured the darkness soldiers.

Countless pained cries sounded out as blood spurted everywhere and limbs flew about. The darkness soldiers continuously died. The ground had already been dyed red and the millions of soldiers were not enough to sate the hunger of the 11 Evil Flower Demons.

Soon, most of the millions of darkness soldiers had been eaten by the Evil Flower Demons, and only a small portion had run away.

Zhao Fu led the 11 Evil Flower Demons and continued onwards. Not too long later, they encountered another army. This army also had millions of soldiers and wore black armor, but what was different was that at the center there was a tall young man commanding them.

Zhao Fu once again ordered the 11 Evil Flower Demons to attack, and they ferociously leapt towards that army and ferociously attacked.

Zhao Fu set his eyes on the commander. Just like last time, the darkness army unleashed a defensive barrier to defend against the Evil Flower Demons' attacks.

The Evil Flower Demons leapt onto the defensive barrier and opened their mouths and sucked, devouring the defensive barrier's power. The defensive barrier became weaker and weaker, and it soon fell apart.

In that moment, the cross-shaped pupil in Zhao Fu's right eye quickly spun and chains shot out of the ground towards the commander.

The commander looked quite shocked and tried to run forwards on his black horse to avoid the countless chains shooting towards him. However, more and more chains shot out and the black horse was first tied up. He flew into the air, but after cutting apart a few chains, he too was bound up.

The chains binding the commander pulled and dragged him underground to the sealed region.

Zhao Fu also entered the sealed region and looked at the commander as he asked, "Are you willing to submit to me? Also, I want to know everything about this place."

The commander vigorously struggled and looked at Zhao Fu furiously but did not say anything, looking quite unyielding.

Zhao Fu frowned and once again asked, but the commander continued to ignore him, so Zhao Fu released countless arcs of lightning. However, the commander still showed no signs of giving in.

Seeing that there was no way to subdue him, Zhao Fu's expression was cold as he waved his hand and beheaded this commander. He then looked over his corpse and found a command medallion.

This command medallion seemed to be made out of jade and had a black flood dragon engraved on it, as well as some characters that Zhao Fu did not recognize, and it gave off a pure darkness aura.

Zhao Fu looked at this command medallion and found that it could control 1,000 darkness soldiers and he could also put them in the command medallion and summon them to fight.

He felt that the command medallion was not bad, but it could only control 1,000 darkness soldiers, which was not much. With Zhao Fu's strength, it was not of much use.

Zhao Fu came out from the sealed region and by now, the 11 Evil Flower Demons had finished eating all of the soldiers. The ground was covered with blood and torn limbs.

In the next two days, Zhao Fu led the Evil Flower Demons to go around devouring darkness soldiers, and they gradually reached the end of the third level.

In the past two days, the Evil Flower Demons had eaten countless darkness soldiers and Zhao Fu had obtained 50 or so darkness command medallions. Each of them could control 1,000 darkness soldiers and put them in the command medallion.

At the end of the third level, there were over 100 million soldiers, and with so many of them, Zhao Fu did not dare to have the Evil Flower Demons charge up. The army had a commander in chief, which was an imposing-looking middle-aged man.

Zhao Fu decided to use the Assassin Profession's skills that he had not used in a while and stealthily infiltrated the camp.

There were many tents here with soldiers standing guard, as well as groups of soldiers patrolling about. Zhao Fu could now hide within nothingness, and with the Assassin Sword's power, it was easy to get in, and he soon arrived at the commander in chief's tent.

The grunts of a man could be heard, and Zhao Fu felt quite surprised as he went in to have a look. Within the tent, the imposing-looking middle-aged man was ravaging a handsome-looking man. The imposing-looking middle-aged man looked incredibly happy while the handsome man's face was red and he loudly moaned in pleasure.

Zhao Fu could only silently hide nearby. The commander in chief was not weak at all and even though he felt quite speechless at what they were doing, in order to find a good opportunity to act, he could only wait by the side.

Suddenly, at the moment when the middle-aged man was enjoying himself the most, Zhao Fu slashed out, and the sharp sword light slashed towards the middle-aged man.

The middle-aged man's expression fell, but before he could react, his head was sliced off. The man under him cried out and started to run, but Zhao Fu shot forwards and pierced through his chest with his sword.

By now, the soldiers in the surroundings heard the commotion from within and hurried in. Zhao Fu immediately hid into nothingness and quickly escaped, but not before throwing down ten or so Destruction Crystals.

Boom! Boom! Boom...

Loud explosions sounded out as the destructive light swallowed everything and the ground continuously collapsed. The soldiers caught within the explosions were all blown into countless pieces.

The base was sent into chaos, and only then did Zhao Fu release the Evil Flower Demons. They opened their large mouths and madly devoured soldiers, causing the soldiers to flood into their mouths.

A few hours later, Zhao Fu finished dealing with the soldiers. More than half of them had been eaten by the Evil Flower Demons, and some had escaped. The scene was incredibly bloody and could cause anyone to vomit.

Zhao Fu disregarded the escaping soldiers and came to the stone stage. There was a rhombus-shaped black crystal which gave off a darkness godly spirit's aura.

Zhao Fu looked at its information and found that it was a Divinity, a pure Darkness Divinity, and it seemed quite strong.

Zhao Fu did not plan on devouring this Darkness Divinity and instead decided to bring it back to Great Qin to nurture a godly spirit. After all, he had already fused with a Divinity before, so devouring this Divinity would not do him much good, and he also wanted to continue to develop his godly spirit army.

After putting the Divinity away, Zhao Fu grinned and walked towards the fourth level.
