

The Lord 1511

Chapter 1511: Black Eyes

Facing the Ten Demon Empire's Emperor's question and the countless higher-being's gazes, the atmosphere became incredibly tense and Zhao Fu did not know what to say because he did not know anything about Holy Empires. No matter how he answered, he would expose the fact that he was not a real Holy Son.

Without the protection of the identity of a Holy Son, the higher-beings would not hesitate to kill him, and everything on him, including his corpse, would be fought over by them.

In actuality, the thing that they were looking for, which was what allowed Zhao Fu to awaken so many Emperor Stars, was the Origin Mark that Tuoba Qing had given him. It was incredibly tempting for higher-beings and they would not stop at anything to obtain it.

The many higher-beings looked at Zhao Fu and waited for his response. Zhao Fu was unable to give a reply, and the scene became deathly silent. As time passed, the higher-beings' gazes became more and more ill.

Zhao Fu could only muster his courage and reply calmly, "Why do I need to tell you where I come from? Are you qualified to ask that of me?"

The higher-beings immediately gasped. The Ten Demon Empire was in the top three factions in the Demon Domain, and let alone in the Demon Domain, even in the entire Heaven Domain, very few people would dare to talk to the Emperor like this. If it was an ordinary person, they would not even have ashes left of them, but it was different for a Holy Son.

The Ten Demon Empire's Emperor looked quite angry and once again asked coldly, "What Holy Empire do you come from? Take out proof of your identity or else This Sovereign will cut you down where you stand."

The higher-beings once again cast their gazes to Zhao Fu. If Zhao Fu could not bring out conclusive proof, they would not completely believe that he was a Holy Son just on the basis that he had a Divine Bloodline.

Zhao Fu felt quite troubled and could not continue to keep up the act because he did not have any proof.

Seeing this, the Ten Demon Empire's Emperor coldly smiled and confirmed that he was not a Holy Son. He stretched out a hand and prepared to attack.

Suddenly, countless rays of blood-red light spread out, covering the heavens and earth as massive rose-like blood-red flowers gave off terrifying auras as they bloomed. There were 12 flowers in total, and they were Evil Spirit Abyss Flowers. However, they were not Zhao Fu's Evil Spirit Abyss Flowers.

The Evil Spirit Abyss Flowers bloomed in the air and each one was 100,000 meters tall, surprising the higher-beings. The auras from the 12 Evil Spirit Abyss Flowers could rival the auras of higher-beings.

The 12 Evil Spirit Abyss Flowers gave off terrifying auras as they started to spin, and petals started to fall. Immense power gathered at the center of the flowers, forming 12 black orbs that contained countless black arcs of lightning.

The higher-beings' expressions all fell, and they hurriedly escaped backwards because the 12 Evil Spirit Abyss Flowers were self-destructing. The 12 black orbs exploding would be comparable to 12 higher-beings self-destructing, and the self-destruction of 12 higher-beings was something that could destroy worlds. If they were too close, they would definitely die.

The petals continuously fell, and the black orbs became larger and larger as the terrifying power that they gave off became more and more powerful. Countless destructive arcs of black lightning flashed, seeming to cause the entire world to feel fear.

The higher-beings did not understand what was happening and they looked quite panicked as they unleashed their defensive barriers and retreated.

Zhao Fu also looked quite afraid as his body trembled under this destructive power. Once the 12 black orbs exploded, even higher-beings could die, let alone someone with measly Earth Realm cultivation.

Swish, swish, swish...

The following scene caused Zhao Fu to feel quite surprised. Even though the 12 black orbs were next to Zhao Fu, they did not explode and instead turned into rays of light and shot towards the escaping higher-beings.

Zhao Fu did not understand what was going on, but he quickly ran in the opposite direction as he unleashed his own defensive barrier.

Boom! Boom! Boom...

Massive explosions sounded out as terrifying black light blasted out and tore apart the surrounding space. The ground, mountains, trees, and beasts were all annihilated and turned into nothing as the world continuously trembled.

The historical remnant hidden in the sky was blasted apart and black light shot out as countless massive rocks containing terrifying power shot out.

Zhao Fu was caught in the shockwaves and lay on the ground, covered with injuries and blood.

Fortunately, the black orbs had flown far away from Zhao Fu, or else Zhao Fu might have died here.

The higher-beings who had been close to the explosions were not in a good state. Their clothes and hair were in disorder and traces of blood leaked out of their lips. The ones who had been the closest were heavily injured, but most of them had been prepared so no one died.

The Ten Demon Empire's Emperor was completely unharmed and walked out from the air. He looked at Zhao Fu coldly with a trace of condescension, thinking that what had just happened was a result of Zhao Fu's doing.

"Today you must die!" The Ten Demon Empire's Emperor's voice was cold and he could now confirm that Zhao Fu was not a Holy Son. He raised his hand and prepared to kill the heavily wounded Zhao Fu.

Zhao Fu did not hesitate and used his final life-saving measure. The four other Emperor Stars had already disappeared, leaving only the Demon Lord Star. The 12 Evil Spirit Abyss Flowers had been damaged but were not dead.

“Arghhh!” Zhao Fu roared as the 12 Evil Spirit Abyss Flowers burned with black flames. Fiery light rushed up into the sky and an extremely dark and evil power spread out, creating massive storms.

The Demon Lord Star seemed to be summoned by something and once again gave off terrifying might and fathomless black light.

The higher-beings hurrying over from other Domains felt quite perplexed. When the other Emperor Stars had disappeared, they had thought the matter was over, but the Demon Lord Star seemed to suddenly come to life again.

Boom!

The Demon Lord Star gave off a sky-toppling aura as the clouds in the sky were dissipated. The tops of countless mountains were shaved off and the higher-beings hurrying over had to stop and defend against the aura sweeping out.

As everyone looked up again, they saw that at the center of the Demon Lord Star, there appeared a massive blood-red Evil Spirit Abyss Flower. The Demon Lord Star had gone through massive changes and looked like an enormous eye in the sky.

After the eye appeared, countless rays of black light spread out and covered the sky. The higher-beings present and the higher-beings on the way felt their bodies being locked down by a formless power and their eyes became black.

The eyes of the Ten Demon Empire’s Emperor, who was about to attack Zhao Fu, also went black and he froze in place.

Zhao Fu knew that he could not stop them for too long, so he breathed in and quickly ran away. However, Zhao Fu was shocked to see a massive demon-like monster that did not seem to be affected by the Evil Flower Bewitching World, which devoured Zhao Fu in one bite.

Chapter 1512: Evil Flower

After devouring Zhao Fu, the monster disappeared, and the Demon Lord Star in the sky gradually disappeared. The Evil Flower Bewitching World was also dispelled, and the heavens and earth became peaceful again.

The higher-beings' expressions were all quite unsightly and had never thought that the Evil Flower Bewitching World would fuse with the Demon Lord Star. Now, Zhao Fu did not need 12 Evil Spirit Abyss Flowers, and just the Demon Lord Star alone would be able to activate the Evil Flower Bewitching World.

The power of the Evil Flower Bewitching World boosted by Heaven and Earth Power was incredibly terrifying, but Evil Spirit Abyss Flowers could only do this once.

Even if they cast it a second or third time, it would no longer be boosted by Heaven and Earth Power, and relying on their own power, they would not be able to affect 10,000 worlds. However, if the Demon Lord Star and the Evil Flower Bewitching World fused, it would still be able to unleash a portion of the terrifying power.

The higher-beings hurrying over from all directions came back to their senses and felt quite shocked. When they arrived, they saw an incredibly wretched scene as well as the grim-faced higher-beings.

They did not see the person who had the five Emperor Stars, and their hearts sank, not knowing if that person was dead or alive. Only after asking the higher-beings who had been present did they know that the person with five Emperor Stars had already escaped.

Everyone looked quite surprised; that person had actually been able to escape from so many higher-beings' hands – this was quite shocking.

They had traversed countless worlds but did not even get to see what this person with the five Emperor Stars looked like, making them feel quite disappointed. After looking around, they made their way back.

This matter, which had gathered so many higher-beings, ended as Zhao Fu was now gone without a trace. However, Zhao Fu once again became a hot topic within the Heaven Domain, and he became incredibly famous.

As for where Zhao Fu was now, after being devoured by the monster, he had fallen unconscious.

When he once again weakly opened his eyes, he saw 12 peerlessly beautiful middle-aged women. Zhao Fu was quite shocked and did not understand what was going on, but he could sense that the 12 women all gave off the aura of the Evil Spirit Abyss Flower.

“Who are you all?” Zhao Fu understood that it was them who had saved them and felt quite confused as he asked.

Their leader was a dignified and composed woman, who lightly smiled and said, “Can’t you guess who we are? We can be counted as your master’s wives, as well as your master’s Evil Flower Emissaries.”

Hearing this, Zhao Fu immediately understood who they were, and he could not help but feel anxious. Zhao Fu did not have a master, and the Evil Spirit Abyss Flower Ancestor could be counted as his enemy. In that case, these 12 Evil Flower Emissaries would also be his enemies.

If they knew about his true relationship with the Evil Spirit Abyss Flower Ancestor, they would definitely immediately kill him – he could not afford to allow them to know.

He was heavily injured at the moment and did not have any strength. If they wanted to kill him, he would not be able to resist at all.

Zhao Fu smiled and replied, “Thank you for saving my life!”

The leader of the women smiled as she replied, “For your master to choose you as his legatee and give you all of his power, that means that he regards you highly and deeply cares about you. As his wives, how could we allow you to die?”

“You didn’t let down your master either – not only do you have five Emperor Stars, but you also have a Divine Bloodline. You will definitely surpass your master and become the most brilliant person in the world.”

Zhao Fu felt quite embarrassed and gave a shy smile as he said, “Madam, you’re flattering me. I’m not all that amazing.”

Seeing how shy Zhao Fu seemed, the 12 women felt that they liked him more; if he acted as he usually did, he would definitely annoy them.

The leader lightly laughed as she said softly, “Alright, there’s no need to be modest. We’re your master’s wives and are your family in a sense, so there’s no need to act like a stranger. Your injuries are still quite bad, so you need to rest; we won’t continue to disturb you.”

Following this, the women left the room and Zhao Fu let out a sigh of relief as he started to recover from his injuries.

In the next few days, under the diligent care of the women, Zhao Fu quickly recovered and understood why they had rescued him.

He heard how they had self-destructed their thousands of years of cultivation, which could rival those of higher-beings, and they sacrificed their Evil Spirit Abyss Flowers to rescue him.

Zhao Fu felt incredibly grateful – very few people would be willing to self-destruct their cultivations. Even though he had used the Demon Lord Star to cast the Evil Flower Bewitching World, it had only been able to stop the higher-beings for a few moments, but he would not have been able to escape very far during that time. He had only been able to escape because they had rescued him.

Because they were Evil Flower Emissaries, they were naturally not affected by the Evil Flower Bewitching World, and he understood why that monster had been able to move within the Evil Flower Bewitching World.

He had become familiar with them over the past few days and it was as if they were a family.

Zhao Fu was currently in a hidden realm, which was the 12 women’s residence. Ever since the Evil Spirit Abyss Flower Ancestor had been sealed, they had been hiding here. If it was not for Zhao Fu casting the Evil Flower Bewitching World, they would not have known about his existence.

Zhao Fu planned to stay here for a while to recover and avoid the storms raging on the outside. After he was better, he would return to Great Qin.

A bright moon hung in the sky at night, giving off a pristine moonlight. The surroundings were incredibly peaceful, and there was a trace of coldness.

“Ye’Er!” a voluptuous and beautiful woman, who had a trace of flirtatiousness, snuck into Zhao Fu’s room and softly called out.

Zhao Fu did not tell them his real name, and he instead told them that he was called Mo Ye.

“What is it, Ninth Madam?” Zhao Fu was already very familiar with them and naturally knew much about them. The person who had come in was the Ninth Madam, Qing Le.

Qing Le looked quite sad as she sat next to Zhao Fu’s bed and sighed, saying, “Your master has been sealed for a few thousand years and we have been missing him. You know that the Evil Spirit Abyss Flower has intense desires and we’ve been enduring here for thousands of years.”

Seeing how sad the Ninth Madam seemed, Zhao Fu understood and lightly hugged her. Qing Le lightly struggled a bit out of propriety, but her face was already red and her eyes were hazy.

What happened next did not need to be described. Qing Le did it madly with Zhao Fu, as if wanting to make up for the past thousands of years of loneliness. As an Evil Flower Emissary, they were the women of the Evil Spirit Abyss Flower and no one else could touch them.

Even though they were not Zhao Fu’s Evil Flower Emissaries, Zhao Fu had inherited all of the Evil Spirit Abyss Flower Ancestor’s power and had also inherited his Evil Flower Emissaries.

After a night of lust, in order to avoid being found out by others, Qing Le left early in the morning. However, she seemed to have become a different person – her cheeks were ruddy, she had a bright smile, and her body gave off a bewitching aura.

Chapter 1513: Twelve Madams

Qing Le’s changes caused the other women to feel quite strange, but they did not pay it too much attention and another day passed normally.

Everyone was focused on recovering their cultivations, as they had self-destructed their cultivations, causing their cultivations to plummet. They now only had Divine Realm cultivation, and if they wanted to return to the peak of their strength, it would require an extremely long time.

During the night, Qing Le gave a flirtatious smile as she once again came to Zhao Fu's room, and Zhao Fu lightly laughed as he hugged her.

Qing Le leaned against him and wrapped her arms around Zhao Fu's waist as she pouted, saying, "I thought you were a tame person and had never expected you to be so bad. However, you're much more powerful than your master in that regard, and I've already fallen to you."

Zhao Fu smiled and prepared to have another good taste of the woman. Because of the Six Desires Demonic Art, Zhao Fu could recover his strength by doing it.

Qing Le stopped Zhao Fu and said softly, "Ye'Er, you haven't recovered from your wounds yet; let me serve you!"

Zhao Fu smiled and nodded, and the two of them started to go about it.

The next day, Qing Le's changes were even more obvious. Her cheeks were ruddy, and she gave off a bewitching aura that could charm anymore. Moreover, her strength was also recovering faster than everyone else.

This made the others realize that something was off. They asked Qing Le what was going on, and of course she would not tell them about Zhao Fu. After all, they were still the Evil Spirit Abyss Flower Ancestor's women in name and felt deeply towards him.

Seeing that they could not get much out of her, they still felt quite suspicious but did not continue.

The third night, Qing Le could not help but once again go to Zhao Fu's room. The two of them did not say anything and directly started doing it.

Suddenly, a few beautiful women charged in, and looking at Qing Le panting under Zhao Fu's body, their suspicions were confirmed.

A fiery-figured and bold-looking woman in tight clothes said angrily, "I see, ninth sister, so you've been secretly enjoying him by yourself and didn't tell us." This was the Eighth Madam, Yan Qianlan.

“That’s right! You were keeping him to yourself, that’s so selfish! Don’t you know how painful it has been for us to endure every day?” a graceful-looking woman said in dissatisfaction. She was the Seventh Madam, Gu Qianmei.

A cheerful-looking woman with a seductive figure lightly harrumphed as she said, “Ye’Er, you can’t just satisfy your Ninth Madam; what about us?” She was the Tenth Madam, Pian Zhu.

There was another woman who looked quite shy. She was the Twelfth Madam Yan Xiaoqi, and seeing Zhao Fu ravaging Qing Le, she looked quite shocked and could not help but say, Ye’Er, you’re so powerful.”

Qing Le felt quite embarrassed and did not know how to face the other women.

Zhao Fu smiled and walked towards the four women, whose faces became red, and they started to do it together.

Afterwards, the women lay red-faced next to Zhao Fu as they panted.

The Eighth Madam Yan Qianlan said happily, “Ye’Er, I feel like I’ve fallen for you. In the future, you can do whatever you want to me.”

The Seventh Madam Gu Qianmei said flirtatiously, “Ye’Er really is quite powerful; even a few hundred women would not be a match for him. You’re much stronger than your master by dozens of times; in the future, our bodies will be yours.”

The Tenth Madam Pian Zhu lightly harrumphed, “This fellow is not as tame as he looks and who knows how many women he has played with. His movements are so practiced, but it’s the first time I’ve felt such pleasure before.”

The Twelfth Madam Yan Xiaoqi said somewhat worriedly, “Now that we’ve done it with Ye’Er, we must not let big sister, second sister, and third sister know. They feel the most deeply towards husband and big sister is our leader. If she finds out, we’ll definitely be punished.”

Yan Qianlan lightly laughed as she said, “As long as we drag in our other sisters, big sister naturally won’t punish us. We’ve endured for a few thousand years, and I don’t believe that our other sisters will be able to endure it.

“In actuality, ever since we saved Ye’Er and sensed husband’s power within him, everyone had the same thoughts, but it was just that ninth sister acted first.”

Yan Xiaoqi said somewhat guiltily, “We’ve really let down husband; he’s still in the seal and yet we’re doing such things with his disciple.”

Qing Le looked at Zhao Fu with her beautiful eyes and said in infatuation, “Husband has been sealed in the Emperor Path College and it’s impossible for us to save him. I’ve decided that I want to follow Ye’Er and become his woman.”

The other women looked at Qing Le in shock and had never thought that she would say such things. She had only done it with him for a few days and yet she had completely fallen for him.

Gu Qianmei said flirtatiously, “I also support ninth sister. We’ve already done it with Ye’Er and our Soul Marks have already fused with him. Now, he controls everything about us. Even if we’re not willing, we can’t resist Ye’Er.”

Yan Qianlan thought about it and understood, and she hugged Zhao Fu as she smiled and said, “Then let’s all become Ye’Er’s women! I can’t leave him either.”

This was Zhao Fu’s goal, to control the 12 of them. That way, he would not have to worry about them harming him.

In the next few nights, Zhao Fu continued to do it with the five women and his strength greatly recovered. The five women’s auras became more and more mature, and the other madams could not help but notice.

However, even though the other women noticed, they did not ask. Zhao Fu and the five women did not disclose their relationship, and everyone continued to act as they did before. During the day, the five women behaved as Zhao Fu’s master’s wives, and during the night they became lewd women.

The one who caved in first was the Sixth Madam. She had a bewitching figure and a seductive aura, and she was called Zuo Qianli.

One night, she tossed and turned and could not sleep. She came to the courtyard to try to dispel her gloominess, but after hearing the intense moans, she could not help but open Zhao Fu's door.

Seeing the scene inside, she shyly joined in with a red face.

Next was the Fifth Madam, Shi Wen. She had a graceful figure and was a very elegant woman.

Seeing her sisters enjoying such extreme pleasure, she was unable to withstand it. She continuously thought about it before walking into the alluring room in the end.

Apart from the Big Madam, Second Madam, and Third Madam, this only left the Fourth Madam and Eleventh Madam.

The Eleventh Madam was a fair and clear-looking woman called Ming Ji'Er. Zhao Fu's body had already recovered and seeing her watering the flowers, he smiled, went up, and hugged her, after which the two of them started to do it.

Chapter 1514: Evil Spirit Abyss Flower Ancestor

The fourth madam had a seductive figure and was exquisitely beautiful, and she was called Ye Qingqing. Zhao Fu did not hold back anymore and entered her room one night.

Ye Qingqing stared at Zhao Fu and asked, "Ye'Er, why have you come to my room? Go and keep the others company."

Zhao Fu smiled as he said, "I've been neglecting Fourth Madam, so I came here."

Ye Qingqing's face became a bit red and she flirtatiously looked at Zhao Fu as she said, "So you do have a heart after all. Looks like I didn't treat you so well for nothing."

Zhao Fu stood there and bashfully smiled.

Truthfully speaking, she really did treat Zhao Fu very well. She did her utmost best to care for him like he was a family member, and Zhao Fu almost felt bad for laying his hands on her.

However, thinking about his relationship with the Evil Spirit Abyss Flower Ancestor, if they knew about it, they would definitely turn against him and might even kill him. Seeing how great of a price they had paid to save him, he did not want to become enemies with them, so he could only take them in.

“Ye’Er, what are you standing there for? Hurry up and come here.” As Zhao Fu thought to himself, Ye Qingqing had already taken off her clothes and spoke to him.

Hearing this, Zhao Fu grinned and walked up.

In the following days, Zhao Fu and the women did not hold back at all and did not try to hide things anymore. Whether it was day or night, as long as someone wanted it, they would start to do it.

The nine women fully cooperated with Zhao Fu, soaking in the pleasure and unable to stop themselves.

This finally resulted in the displeasure of the three other women, who had the deepest feelings with the Evil Spirit Abyss Flower Ancestor. They gathered all of the women and had Zhao Fu wait outside.

The Big Madam, who was the dignified and composed woman, was called Gong Yuehua. The Second Madam was slim and tall and had a cold-looking face, and she was called Han Qiuzi. The Third Madam was a beautiful woman with a gentle aura, and she was called Ru Keke.

Gong Yuehua’s expression was cold as she looked at the other women and said, “You’ve gone too far lately with Ye’Er; you’ve been completely unbridled. I understand your pain, so I did not interfere with your matters with Ye’Er. However, you’re becoming more and more outrageous.”

Han Qiuzi also said coldly, “Back then, you were so led with husband, and yet you’re doing it with Ye’Er whenever and wherever you want. How can you face husband?”

Ru Keke sighed and said, “Originally, we did not want to stop you from doing what you do at night. However, you’re all going too far, especially ninth sister. Ye’Er was still recovering and yet you tempted him like that.”

Qing Le's face went red and had never expected that others had long since known, but she said resolutely, "Big sis, I'm already Ye'Er's woman and my Soul Mark has fused with him. I'm no longer husband's Evil Flower Emissary, and it's impossible for us to save husband."

"That's right! Big sis, second sister, and third sister, I know that you're suffering as well. Why not enjoy yourselves with us? Husband gave all of his power to Ye'Er; perhaps he knew how much we were suffering and wanted Ye'Er to satisfy us," the Seventh Madam GU Qianmei said.

Yan Xiaoqi shyly said, "It's not that we were going too far but that Ye'Er has some charm about him – when we're with him, we can't control ourselves. We've never felt such a thing before."

The women all spoke and gave their opinions. In the end, Gong Yuehua and the two others sank into their thoughts and did not blame the nine others, and the meeting concluded.

Right after the meeting was over, the nine women ran to Zhao Fu's room to enjoy themselves. They told Zhao Fu that Gong Yuehua and the two other women were somewhat tempted, and if Zhao Fu took some initiative, he would definitely be able to subdue them.

Zhao Fu first sought out the Third Madam Ru Keke. She was working in the kitchen, and seeing Zhao Fu come, her face became slightly red.

"Third Madam, what are you doing?" Zhao Fu gave a gentle smile as he asked.

Ru Keke glared at Zhao Fu and said, "Ye'Er, you still haven't fully recovered and yet you're doing those kinds of things with the others. I made a special recovery soup to help you recover."

Zhao Fu wrapped his arms around Ru Keke's slender waist and smiled as he said, "Third Madam, you're the best medicine for me."

Ru Keke's face became red and she lightly struggled as she said, "Ye'Er, let go of me or else I'll get angry."

Zhao Fu ignored her and took off her clothes before they started to do it.

Next was Han Qiuzi, who was the Second Madam. At night, she was under a tree as she looked at the moon by herself. She was wearing a white dress and looked incredibly beautiful under the moonlight.

Zhao Fu did not say anything before he hugged her and looked into her eyes, saying, “Second Madam, you’re so beautiful.”

Han Qiuzi’s cold face became slightly red and knew what was about to happen. She said softly, “Ye’Er, be gentle with me.” Zhao Fu smiled and nodded, and he started to do it with her.

Last was Gong Yuehua. She sat in her room by herself, deep in thought. Only when Zhao Fu walked in did she come back to her senses.

Seeing Gong Yuehua, Zhao Fu smiled and asked softly, “Big Madam, what are you thinking about?”

Gong Yuehua looked slightly worried as she said, “I’m thinking about your master. Who knows how he is right now, and he has been sealed for so long but we have no way of rescuing him.”

Hearing this, Zhao Fu slightly frowned, as he did not like to think about the Evil Spirit Abyss Flower Ancestor. The Evil Spirit Abyss Flower Ancestor had tried to take over his body, and they could be said to be enemies.

However, Zhao Fu quickly covered this up and walked up to lightly hug Gong Yuehua, and he prepared to kiss her.

Gong Yuehua stretched out her hand and stopped Zhao Fu as she said softly, “Ye’Er, I can give you my body and become your woman, but I have a condition. With your potential, you will definitely become a world-shaking expert. When that time comes, you’ll definitely have the power to save your master.”

Zhao Fu inwardly hesitated but he did not show this. After all, she thought that Zhao Fu’s relationship with the Evil Spirit Abyss Flower Ancestor was very good, so if he hesitated, they would sense that something was off.

“If I have the ability to do so, I will definitely save master. Even if you did not ask this of me, I would go to save him,” Zhao Fu smiled as he said earnestly.

In actuality, Zhao Fu had already decided that if he had the ability to save the Evil Spirit Abyss Flower Ancestor, he would re-seal him again.

Gong Yuehua gave a beautiful smile and lightly nodded as she looked at Zhao Fu. She wrapped her arms around Zhao Fu's waist and said with a trace of shyness and eagerness, "Come, Ye'Er!"

Following this, Zhao Fu started to do it with Gong Yuehua.

Afterwards, Zhao Fu enjoyed the 12 women together. As the Evil Spirit Abyss Flower Ancestor's Evil Flower Emissaries, not only were they incredibly powerful and able to rival higher-beings, but they were also incredibly talented and would be of a great help to him.

Chapter 1515: Demon Lord Constitution

Zhao Fu had been in the hidden realm for a while. He felt that the danger outside should be gone, so he decided to bring the 12 women back to Great Qin.

This hidden realm was called the Hidden Flower Realm, and it was an extremely valuable treasure that could be taken away. It was like a very large spatial ring, and it could allow living creatures to live within it.

There were countless spirit plants growing in the hidden realm as well, and all of them were extremely valuable. There were 1,000 years old Hundred Spirit Grass, 2,000 years old Red Dragon Fruits, 4,000 years old Water Life Trees, 3,000 years old Cow Snake Flowers...

These spirit plants were all grown by the 12 women, and obtaining this hidden realm was equivalent to obtaining a treasure trove, making Zhao Fu feel quite delighted.

After coming out of the hidden realm, the 12 women continuously performed hand seals and rays of red light shot into the air. Countless traces of red light shot out, giving off a massive aura.

The red light continuously condensed, finally a red flower in the end, which landed into Gong Yuehua's hand. This was the Hidden Flower Realm.

Gong Yuehua had a blissful smile as she looked at Zhao Fu with her beautiful eyes and said, “Ye’Er, we can leave now.”

Zhao Fu smiled and brought her into his embrace, and he then contacted Di Moji and the other women before meeting up with them.

Seeing that Zhao Fu was fine, the women let out sighs of relief.

However, they felt quite annoyed that another 12 beautiful women had appeared by Zhao Fu’s side. As Evil Flower Emissaries, they were all extremely beautiful and could contend with Yuan Ziyuan’s beauty.

Seeing how their red faces and the intoxicating auras they gave off, it was evident that Zhao Fu had been having the time of his life while they had been worrying for him.

Zhao Fu did not make any explanations and brought them to the Multitude Demon Region, and he collected Yeye and the other women who were waiting for him there.

Seeing Zhao Fu bring back so many women, all of them as beautiful as goddesses, Yeye rolled her eyes and could not say anything.

Zhao Fu wanted to directly go to the Mountain River Kingdom, but after hearing that it was a long journey, the women dragged Zhao Fu to do it with them before they were willing to move. In the end, it took some time for them to arrive at the Mountain River Kingdom.

When Shan Luoshui saw Zhao Fu again, she felt that his aura had greatly changed, that it now had a trace of darkness and evilness. Seeing so many women by his side, she slightly frowned.

Back then, when Zhao Fu had sent over a group of women here, Shan Luoshui had felt quite displeased and felt that Zhao Fu was quite fickle. However, seeing this scene, Shan Luoshui realized that Zhao Fu was incredibly, incredibly fickle.

Fortunately, they were only husband and wife in name only and not a real husband and wife, so she did not mind. She only felt worried that Hua Niang had decided to follow a man like this.

Zhao Fu stopped at the Mountain River Kingdom for a short while before bringing all of the women back to Great Qin, completing his trip to the Demon Domain.

His gains from this trip had been immense. Firstly, he had awakened the Demon Lord Star – with the five Emperor Stars, Zhao Fu no longer feared anyone cursing him because anyone who cursed him would die from the backlash.

He had also brought back two Emperor Heaven Realm experts and many Extreme Divine Realm experts, as well as the 12 madams who were still recovering. Once they recovered their cultivations, their strength would be able to rival higher-beings, which was quite terrifying.

After returning to Great Qin, Zhao Fu started to examine the changes in his body. Firstly, within Zhao Fu's eyes, he had an extra set of black, vertical pupils from the Demon Race.

Now, Zhao Fu's left eye had eight different layered pupils, and Zhao Fu's right eye had a cross-shaped pupil with six gray dots around it. Apart from the cross-shaped pupil, there was also a black circle around it now.

Moreover, Zhao Fu's constitution and bloodline had greatly increased. Now, Zhao Fu had the Demon Race's strongest constitution, which was the Demon Lord Constitution. Zhao Fu's affinity with demonic qi also reached its peak, and he innately had great control over large amounts of demonic qi.

Moreover, all demon-attribute attacks against him would be greatly reduced, and Zhao Fu had a formless might towards all demons.

This type of might was not something that even people with Emperor Constitutions could ignore. After all, the Demon Lord Constitution was the lord of the entire Demon Race, which was why it was one of the strongest constitutions in the Demon Race. This was why only people who had awakened the Demon Race's supreme Emperor Star could have it.

Next was his bloodline. Zhao Fu's bloodline had originally broken through to a Basic Divine Bloodline, but it had now leveled up to a Level 19 Orthodox Divine Bloodline.

The difference between a Basic Divine Bloodline and an Orthodox Divine Bloodline was quite great. A Basic Divine Bloodline was not very pure, but an Orthodox Divine Bloodline was a true Divine Bloodline that was completely pure.

Upgrading his constitution and bloodline caused his cultivation to reach the Heaven Realm. Within the historical remnant, as he had absorbed the boundless Evil Spirit Abyss Flower Power, his cultivation had quickly increased and had reached the peak of the Earth Realm. After awakening the Demon Lord Star, he had broken through to the Heaven Realm.

The higher one's cultivation was, the harder it was to progress. It looked like Zhao Fu's cultivation was rising quite slowly, but it was actually quite quick. After all, he had only been in the Heaven Awaken World for nine years and reaching the Heaven Realm from Stage 0 was incredibly shocking.

Apart from this, Zhao Fu had also obtained a terrifying power, which was the power of the Evil Flower Bewitching World and the Demon Lord Star fusing.

Now, as long as Zhao Fu summoned the Demon Lord Star, he could cast the Evil Flower Bewitching World whenever and wherever he wanted. The effects would not be as powerful as the previous time, but they would not be weak either.

At the same time, Zhao Fu also obtained a large amount of Fate and received the acknowledgement of a large amount of the Demon Race's Fate.

The Emperor Killer Curse that had once threatened Zhao Fu's life was once again greatly weakened. It was only 10% as it was originally and did not pose much of a threat to Zhao Fu.

Finally, Zhao Fu's aura also now gave off a trace of darkness and evilness, which made people feel an instinctive fear.

By now, Zhao Fu's bloodline had become quite complicated. It had traces from the Human Race, Death Race, Devil Race, and Demon Race. Of the eight major races, he had four of them and there were only four left.

Now, Zhao Fu had some ideas. Since he already had the Emperor Stars of four races, he did not mind having a few more. He started to think of how he could awaken the Emperor Stars of the remaining four races.

The remaining races were the God Race, Outlander Race, Water Race, and Spirit Race.

Thinking about having the supreme Emperor Stars of the eight major races, as well as his own Fate Star, nine Emperor Stars in total, Zhao Fu's heart could not help but race.

Chapter 1516: Rainbow Crystal Pearl

Those were the benefits of Zhao Fu awakening the Demon Lord Star. After examining his body, Zhao Fu felt quite eager to do something, which was to turn the world's consciousness into a lifeform.

Everyone world had its own consciousness, and the world's consciousness was like a heavenly law that governed everything. It could also control the world's energy, and it was an extremely terrifying existence.

However, this kind of existence had no life of its own and its existence was tied to the creatures within it. It could be said that it was birthed by the countless creatures in the world, and it was limited and could not grow stronger.

What Zhao Fu wanted to do was to turn the human world's consciousness into a lifeform that could grow stronger.

He wanted to have it continuously devour the consciousnesses of other worlds and then devour other worlds. That way, if it continued to grow stronger, wouldn't the human world become a new Heaven Awaken World?

If he could succeed at this, Zhao Fu would become an existence like the ruler of the Heaven Awaken World and would control countless worlds and stand at the peak.

Just thinking about this could make anyone feel excited. However, Zhao Fu was not sure if this was possible or whether or not things would turn out as he expected them to.

Fortunately, he had the Sealing Heaven Suppressing Earth Formation, or else he would not have the ability to gather the world's consciousness and split it off from the rest of the Heaven Awaken World. Otherwise, even if he obtained the five-colored stone, it would be useless.

Zhao Fu felt quite excited as he went to the tower at the center of the Sealing Heaven Suppressing Earth Formation and looked at the beautiful blue crystal pearl floating at the center of the magic formation.

Zhao Fu needed to split off a trace of his soul and let out some of his blood.

With how important the world's consciousness would be in the future, Zhao Fu was extremely careful in controlling it; he did not want it to turn against him in the future.

Fusing a trace of his soul and his Divine Bloodline would be equivalent to fusing a portion of himself into the blue pearl. That way, he would be able to retain control over it even as it grew.

Splitting off a trace of his soul was incredibly painful, and he had done this before, which was when he had taken over Ye Cang's body.

The trace of his soul that he split off was a mote of light as big as a bean and it gave off a faint rainbow light. Zhao Fu's face was incredibly pale and looked much weaker. Even though it was just a small portion of his soul, it had massive effects.

He then took out a dagger and cut his palm, causing blood containing a black crystal-like light to spill out. Under the control of a formless energy, it formed a blood-red orb.

Under Zhao Fu's control, the orb of blood and mote of light gradually fused into the blue crystal pearl floating in the air.

The blue crystal pearl did not offer any resistance. It seemed very willing to accept Zhao Fu's soul and blood, and the process went smoothly.

After all, the blue crystal pearl was formed from part of the human world's consciousness. Zhao Fu had once been the World Protector, the person the human world itself had chosen. As such, it was very close with Zhao Fu and did not resist at all.

After the blue crystal pearl fused with Zhao Fu's soul and blood, it became slightly black and blood-red colored. It was no longer a pure blue color, but the light it gave off was still blue.

Zhao Fu took out a five-colored stone, which would turn the blue crystal pearl into a lifeform.

Zhao Fu carefully controlled the five-colored stone and slowly moved it towards the blue crystal pearl. The five-colored stone gave off an intense light and a shocking aura as it slowly fused into the blue crystal pearl.

Boom!

A massive explosion sounded out as the two items fused together and formed a rainbow crystal pearl which gave off a boundless rainbow-colored light and exploded out with a powerful aura.

The source energy of the heavens and earth madly gathered, and the entire world became dim as clouds quickly swirled. Wild gales caused countless trees to sway as the ground trembled.

Sensing these changes, Great Qin's countless subjects stopped what they were doing and looked towards the center of the human world.

The rainbow crystal pearl absorbed the massive amounts of source energy and gave off an even brighter rainbow-colored light as its aura became stronger as well.

A circular-shaped image came out from within the rainbow crystal pearl. It did not resemble anything at first before it started to change into various animals, such as goats, cows, bears, pigs...

These animals were quite ordinary, but they were all animals from Earth. Zhao Fu stared at the rainbow crystal pearl and waited to see what it would form in the end.

Boom!

An even greater wave of source energy flowed into the rainbow crystal pearl, and the constantly changing image stopped on a human form.

Right after it settled on a human form, an energy that defied the Heaven Awaken World's laws spread out. Massive dark clouds quickly gathered, covering the entire sky and giving off an extremely suppressive aura. An intensely dangerous feeling swept out, causing everyone's hearts to feel quite cold.

Crash!

Countless lightning bolts that were as thick as buckets containing the power of divine punishment struck down, seeming to want to destroy everything.

Zhao Fu was quite startled and unleashed his Saint Realm Domain as wide as possible, forming a 10,000 meter wide black, dragon-inscription barrier to protect the rainbow crystal pearl. He also covered the top of the tower within the barrier.

Countless bolts of lightning containing destructive auras crashed against the barrier, causing it to violently tremble, and it looked like it would soon be destroyed.

Zhao Fu was not too worried. Since this rainbow crystal pearl was of utmost importance to Great Qin, Zhao Fu directly used his Nation Armament's power. Using the Nation Armament within Great Qin's territory made it much stronger.

The black, dragon-inscription barrier became a bronze energy barrier filled with an aura of killing and conquering, blocking the onslaught of lightning bolts.

Boom! Boom! Boom....

However, the lightning did not stop, and even more ferocious bolts of lightning slammed into the bronze energy barrier.

The image that the rainbow crystal pearl gave off was already fixed as a human shape and continued to absorb the heaven and earth source energy. It was becoming more and more corporeal as the lightning bolts descending became more and more powerful.

The bronze energy barrier started to become unable to withstand the lightning bolts' assault, and it began to crack.

Fortunately, Great Qin's three Emperor Heaven Realm experts – Gui Ji, Di Moji, and Yuan Ziyuan – quickly arrived and unleashed their own Domains, creating a four-layered barrier that protected the rainbow crystal pearl.

Chapter 1517: World Consciousness

With their help, there was much less pressure on Zhao Fu. The lightning bolts became more and more terrifying as a destructive aura filled the sky. Sensing this terrifying aura, everyone's hair stood on end, and they did not dare to come closer.

In the end, Zhao Fu and the Emperor Heaven Realm experts managed to hold on, but they were all slightly injured. Traces of blood leaked out of their lips and their auras became quite chaotic.

However, this was all worth it, as the human-shaped image had become corporeal. It turned into a mature and beautiful woman with long black hair. Her eyes were blue like sapphires, and she wore a blue palace dress and gave off a motherly aura.

“Thank you, Zhao Fu!” After the image became corporeal, it gave Zhao Fu a warm smile and spoke its first sentence.

As the image became corporeal, the lightning disappeared and the dark clouds dissipated, revealing the blue sky. Birds happily chirped and butterflies flew about as the world once again returned to peace.

Hearing this, Zhao Fu felt quite surprised, but he soon understood.

The woman in front of him was a portion of the world's consciousness. Zhao Fu had once received the acknowledgement of the world's consciousness, or else he would not have become the World Protector, so it was only natural that the woman knew Zhao Fu.

Zhao Fu gave a trace of a smile and said, “What should I call you? Ancestor of the human race? God of the human world? Or Mother Earth?”

The woman lightly laughed and replied, “Since you are my master, you can give me a name!”

Zhao Fu felt quite surprised and had never thought that the woman would accept him so easily, and she did not seem aggrieved at all. After all, she had once been the sovereign of the human world and could control the life and death of all things, including Zhao Fu.

However, since she had taken initiative, Zhao Fu thought about it and said, “From now on, you will be called Ling Ji!”

The woman smiled and nodded and accepted this name.

Ling Ji looked at Zhao Fu with her blue eyes and gave a beautiful smile as she said with a tone of praise, “Zhao Fu, looks like I did not choose the wrong person. You haven’t disappointed me at all, and no one in the human world could compare to you.”

Being praised like this by the former sovereign of the world, Zhao Fu could not feel quite proud and lightly laughed as he said, “You gave me much help back then as well, so I need to thank you too.”

Ling Ji smiled and said, “There’s no need for that. With potential like yours, any world consciousness would do the same.”

Zhao Fu chatted with Ling Ji for a bit longer before asking, “Do you know if you can devour the consciousnesses of other worlds and make the human world stronger?”

Ling Ji sank into her thoughts before saying earnestly, “Right now, I am only a portion of the world’s consciousness. The majority of the world’s consciousness has fused into the Heaven Awaken World. If it wasn’t for you using the Sealing Heaven Suppressing Earth Formation, I would not have been able to be extracted from the Heaven Awaken World.

“I will try to fuse with the remainder of the world’s consciousness and control the human world again. However, you might be noticed by the Heaven Awaken World’s consciousness and will be in extreme danger. At worst, you might be killed by the Heaven Awaken World’s consciousness.

“Also, fusing with the consciousnesses of other worlds is not as easy as it seems, and I currently don’t have the ability to do so. Only if you prepare a few rare divine materials and forge a World Armament will I be able to devour other worlds’ consciousnesses.”

Hearing Ling Ji’s words, Zhao Fu’s expression became quite serious as he sank into his thoughts, especially the matter about the Heaven Awaken World’s consciousness. This made Zhao Fu feel a chill in his heart and his hair stood on end.

Thinking about how big the Heaven Awaken World was and how many worlds' power it could control, let alone Celestials, even beings above Celestials would be reduced to dust. Zhao Fu definitely would not be able to resist at all and would definitely die.

Thinking about such a dangerous matter, Zhao Fu could not help but feel like giving up. After all, the Heaven Awaken World's consciousness was unimaginably terrifying.

At that moment, Ling Ji lightly laughed and said, "In actuality, I support your idea, I was just letting you know what you need to be aware of. In actuality, the Heaven Awaken World is not in a very good situation, so you should make preparations."

Hearing this, Zhao Fu thought about how various things in the Heaven Awaken World were weakening, and he asked seriously, "What is happening?"

Ling Ji shook her head and slightly frowned as she replied, "In actuality, I don't know either, but I can sense that something big and bad will happen in the future. As such, you need to make preparations to avoid being destroyed."

Zhao Fu nodded seriously and became set on his plan from before. He asked, "What kind of rare divine materials do you need? I'll immediately start collecting them."

Ling Ji smiled and replied, "They're not set things; anything that fulfils the requirements will do."

Following this, Ling Ji named a few materials and Zhao Fu committed them to memory.

Most of these things were things that were impossible for Zhao Fu to obtain for now, and he could only hope that he could collect them by chance in the future. Ling Ji remained in the tower and used the Sealing Heaven Suppressing Earth Formation to continue to gather the human world's consciousness.

After dealing with this matter, there was something else that Zhao Fu was quite eager to take care of, which was fusing the Blood-Sucking Mosquito Den.

Before, Zhao Fu had obtained a damaged Stage 10 Den. He had been waiting to see if he could fuse it with the Blood-Sucking Mosquito Den to form new creatures fused of the Heaven Awaken World and the Outer World.

Thinking about that, Zhao Fu felt quite excited and went to the Outer World Battlefield.

“Owner, I missed you so much!” Seeing Zhao Fu arrive, Xue Ji leapt into Zhao Fu’s embrace and tightly hugged him as she looked at him happily and flirtatiously.

Zhao Fu smiled and hugged her body and looked at Arasina, Bai Xihan, and the other women, whose faces were somewhat red, and he asked, “Did anything big happen recently?”

Arasina lightly harrumphed, seeming a bit angry as she said, “With This God here, how could anything big happen? Also, I heard you brought many women back again, and they all seem to be quite extraordinary.”

Zhao Fu smiled and replied, “Don’t worry, there’s nothing amiss with them. I haven’t been back for long and came here quickly.”

Xue Ji said impatiently, “Let me service owner!”

Arasina’s face also became slightly red and she gave off a bewitching aura as she walked towards Zhao Fu. The other women did the same; after all, Zhao Fu had been gone for a long time and they greatly missed him.

After doing it with all of them women, Zhao Fu brought Xue Ji to an empty area and took out the 30 meter tall Blood-Sucking Mosquito Den, as well as the Darkness Demon Snake Den, and prepared to fuse them.

Zhao Fu had no idea if it would work, as they were things that came from two different worlds.

Chapter 1518: Blood Demon Snake Mosquito

The Blood-Sucking Mosquito Den gave off an intense blood-red light and gave off a massive aura as it moved towards the Darkness Demon Snake Den. The Darkness Demon Snake Den gave off an intense demonic light and a powerful demonic might as it moved towards the Blood-Sucking Mosquito Den.

As the two Dens moved towards each other, there was much resistance from both sides. Zhao Fu stretched out his hands and created two massive formless hands that grabbed the two Dens and forced them closer.

However, as the two Dens came closer and closer to each other, the resistance became stronger and stronger. After all, they were items from two different worlds and Darkness power naturally suppressed Outer World creatures, which added to the difficulty.

Since ordinary methods did not seem possible, Zhao Fu thought about it and suddenly had an idea.

As someone from the Heaven Awaken World, Zhao Fu was unable to use the Blood-Sucking Mosquito Den, and people from the Outer World would not be able to use the Darkness Demon Snake Den.

Zhao Fu could first refine the Darkness Demon Snake Den and have Xue Ji refine the Blood-Sucking Mosquito Den so that they would be under their control. The two of them could then use their blood and fuse the two items; perhaps this would increase the prospects of success.

Thinking about that, Zhao Fu started to act. Because his blood contained the power of an Orthodox Divine Bloodline, it was very easy for him to refine the Darkness Demon Snake Den. Because Xue Ji was the Queen of the Blood-Sucking Mosquitos, it was also very easy for her to refine the Blood-Sucking Mosquito Den.

Zhao Fu and Xue Ji stood on opposite sides, and soon they gained control over the two Dens and the resistance indeed became weaker.

However, as the Dens moved closer, the resistance once again began to increase. When the distance was at one meter, the force of the resistance was enough to form a wild gale.

At that moment, Zhao Fu and Xue Ji cut their palms and blood flowed out. They controlled their blood to fly towards the two Dens, which transformed into a bloody mist that covered the two Dens. The two of them then sent large amounts of their own power into the Dens.

Boom!

An explosion sounded out as the two Dens started to fuse under the immense power. One gave off powerful black light and the other gave off powerful blood-red light, causing wind to sweep out.

Suddenly, countless fiery lights gathered in the sky, forming a boundless sea of flames that covered the surrounding 1,000 kilometers. The searing aura made people feel like they were going to be roasted alive.

The fusion of the two Dens once again triggered divine punishment. However, this time it did not come from the Heaven Awaken World and instead came from the Outer World.

Whoosh, whoosh, whoosh...

Waves of flames started to descend, containing enough power to raze everything as they fell towards the two Dens.

Zhao Fu and Xue Ji were wholly focused on the fusion process and could not divert their attention, but fortunately Arasina was by their side.

She stretched out a hand and the 24 wings on her back spread out, and a powerful black light spread out as a mighty God Domain containing ferocious power spread out, blocking the incoming fiery rain.

This divine punishment was not very powerful, and Arasina alone was enough to block it. This allowed Zhao Fu and Xue Ji to remain focused on the fusion.

Finally, the two Dens successfully merged together, forming a new Den.

This Den was not very big, and it was four meters tall. It was a cube and was blood-red colored, and it gave off a dark and bloody power. This power was quite terrifying and could cause people's hairs to stand on end.

Zhao Fu placed his hands on it and found that he could use it, and its name was now the Blood Demon Snake Mosquito Den.

The Blood Demon Snake Mosquitos were most likely a mix of the Blood-Sucking Mosquitos and the Darkness Demon Snakes. Zhao Fu did not know what they looked like yet, so he found a suitable place and established the Den there.

A blood-red wave of light spared out and the Den floated into the air, giving off an intense light as a blood-red crystal stage appeared on the ground.

Suddenly, countless traces of blood-red light condensed, forming thousands of monsters that flew in the sky and gave off humming noises.

The monsters were three meters long and had mosquito-like heads but snake-like eyes. They also had black, snake-like bodies and six pairs of mosquito wings on their backs. They also had two black claws, and they looked quite terrifying.

All of the Demon Snake Mosquitos had Stage 3 strength, and even though they were weaker than what Zhao Fu had expected, as the Darkness Demon Snake Den had been a Stage 10 Den, he was not too disappointed. After all, what was key was their numbers.

Moreover, the Den was still a low-grade Den and yet it could already produce thousands of Demon Snake Mosquitos every day. If it continued to level up, perhaps in one day it would be able to produce tens of thousands or hundreds of thousands of them.

These Demon Snake Mosquitos had stage 3 strength, which meant that the Den was producing an equivalent of thousands of Stage 3 soldiers every day. This made Zhao Fu incredibly delighted.

Moreover, the Demon Snake Mosquitos had blood-attributes and demon-attributes and were not afraid of Darkness elemental essence like Outer World creatures. They also had a trace of Divine power, and they were much stronger than other monsters with Stage 3 strength.

Zhao Fu gave this Blood Demon Snake Mosquito Den to Xue Ji to manage. Seeing that there were no other matters, Zhao Fu returned to Great Qin.

He first had people construct temples. Gui Ji's temple was already completed, and she was absorbing faith energy, which helped her quickly recover her power.

Zhao Fu now had people build a temple for the Demon God and Darkness God. Within the historical remnant, Zhao Fu had obtained a Darkness Divinity.

With the Fallen Angel God, Demon God, and Darkness God, Great Qin will have gathered three powerful godly spirits of the darkness attribute. They would be incredibly useful when dealing with the Outer World in the future because Darkness energy greatly countered Outer World creatures.

The temples were built quite quickly. Zhao Fu did not need to take care of matters with the Demon God Temple, and everything was left to Mo Qianmo.

Zhao Fu came to the Darkness God Temple and fused the Darkness Divinity into a piece of large Darkness Crystal. Zhao Fu then cut his palm and dripped some blood onto the crystal.

Zhao Fu had been letting out quite a lot of blood lately, which he felt quite frustrated about. After all, his Divine Bloodline was an incredibly precious resource and had powerful effects and abilities. With his Divine Bloodline, many things became much more convenient.

The Darkness Crystal quickly devoured Zhao Fu's blood and gave off an intense black light as it gradually melted. The liquid continuously changed before forming a woman's statue.

The statue gave off a black light as a figure appeared in front of Zhao Fu – she was the Darkness God.

She was tall and slim and had a western-looking face. Her jet-black hair fell to her waist and her skin was quite white. She wore a black dress with a strap and had a trace of seductiveness about her, and she gave off the powerful aura of a darkness godly spirit.

Chapter 1519: Spirit Race

“Owner!” the Darkness God smiled and looked at Zhao Fu with her beautiful eyes as she called out. She already understood her situation.

Zhao Fu smiled and nodded, and he brought her into his embrace.

The Darkness God lightly laughed and did not resist, nor did she look surprised. She hugged Zhao Fu with both arms and called out flirtatiously, “Owner, let me serve you!”

Following this, indescribable sounds came out from the Darkness God Temple. Because it had just been constructed, there was no one around, or else people would have been shocked to know that the godly spirit that they worshipped was so lewd.

Following this, Zhao Fu left the temple to take care of other matters.

The Darkness God's face was completely red as she strengthlessly returned to the statue. A few priests walked in and started to manage the temple, and they had believers come in to provide faith energy for the Darkness God.

Zhao Fu arranged for the 12 Madams to stay at the Flower Domain. After all, they were Evil Flower Emissaries and they greatly liked flowers, so he also had the Hidden Flower Realm set up there.

Following this, Zhao Fu handed the demon grass to others to take care of. Its body and fluids all contained powerful spiritual attributes, and it was a powerful demonic treasure and would have powerful effects.

Zhao Fu placed the mouse, Zi Yue, near the Dens, where it could play with Moon Wolf, Black Forest, and Fat Cat.

After taking care of the various matters, Zhao Fu sent out people to collect information. Zhao Fu had already decided to make the human world into an existence like the Heaven Awaken World, and in the future, he would be the ruler of such an existence.

Ling Ji was currently fusing with the remainder of the human world's consciousness, and this would take a long time. During this time, Zhao Fu wanted to collect the rare divine materials for her.

Zhao Fu first had people gather information to see where they could gather those materials; this was the most important thing for Great Qin right now.

There was another important matter, which was that Zhao Fu wanted to awaken the remaining four races' Emperor Stars. That would require countless terrifying things or legacies, so he sent out people to gather information about this as well.

For example, when awakening the Celestial Emperor Star, he had relied on his Sovereign Bloodline, the Heaven Murder Empire's Fate, and the three General Stars. Awakening the Nether Emperor Star had relied on the Six Paths Demon Images, the Ghost Dragon, and a large amount of Underworld aura.

Awakening the Violet Sky Dragon Star had relied on the Ten Thousand Dragon Mark, the Sun and Moon Devil Marks, and a large amount of Devil Qi. Awakening the Demon Lord Star had relied on the Evil Spirit Abyss Flower and the various things Zhao Fu had devoured.

All of those things were incredibly terrifying; the supreme Emperor Stars of the major races were not so easy to obtain, or else they would not be so rare and valuable.

Of the remaining four races, Zhao Fu was not too worried about the God Race as he had his own Divinity within his mind. It could absorb the power of other godly spirits and when it reached a certain stage, Zhao Fu would definitely be able to awaken the God Race's Emperor Star.

What was key was the three other races. The Water Race and Outlander Races were not as bad, but the Spirit Race's supreme Emperor Star was the rarest and most difficult to awaken.

After all, within the eight major races, the Spirit Race had the fewest numbers. Moreover, the Spirit Race was the only major race that did not have an institution within the Heaven Awaken World's Seven Great Colleges. Moreover, the Spirit Race always had the fewest Emperor Stars out of the eight major races, which was why it was the race that possessed the least Fate.

Zhao Fu decided to start from the Water Race and Outlander Race, which were relatively easier. He did not know when there would be any news about this matter and he could not just keep waiting, so he decided to turn his attention to other matters.

During the time that Zhao Fu had been away, not too much had happened. The Wind God Empire had behaved itself and defended its four worlds, and it did not show any signs of arrogance or aggression.

On the other hand, the Devil Horn Empire had been doing its best to expand and had conquered another world. That world had been a Demon Race world, and it had been occupied by a race of demons with long fur.

Those people from the demon race were about 2.6 meters tall and had one meter long fur that covered their bodies. They were not weak at all and could use their long fur to turn into steel-like needles and attack. Adding on their height and their innate attributes, they were powerful warriors.

However, because the Devil Horn Empire had been expanding too quickly and continuously conquered four worlds to its left, many other worlds had allied together against it, making its situation on the left quite unfavorable.

Now, part of the Devil Horn Empire's army was locked down against those worlds, but those worlds were relatively weaker and did not want to fight with the Devil Horn Empire, just wanting to stop it from expanding further to the left.

By now, the Devil Horn Empire had six worlds, which was equal with Great Qin. After taking a serious blow, the Wind God Empire had become incredibly low-profile, making it so that Great Qin and the Devil Horn Empire were the only two overlords in the area.

However, the Wind God Empire had billions of Stage 3 soldiers defending here, so they were not to be taken lightly. As such, neither Great Qin nor the Devil Horn Empire wanted to make any trouble with the Wind God Empire.

If the Devil Horn Empire fought with the other worlds, Great Qin would definitely join in. After all, the Devil Horn Empire was Great Qin's greatest opponent, and anything that was unfavorable to it was favorable for Great Qin.

Moreover, if it was not for Great Qin tying down a portion of the Devil Horn Empire's army, no matter how the other worlds allied together, they would have been too weak to stop the Devil Horn Empire.

The Devil Horn Empire now realized how dangerous and difficult its position was, so it started to focus on its foreign policies. It established friendly relations with worlds further away to prevent them from joining in before gradually taking apart the alliance.

During the time that Zhao Fu had been away for, Great Qin had also developed rapidly. Great Qin's army had become much stronger in terms of weapons and equipment, as well as various other resources. They had also established some new policies in governance, making Great Qin even more prosperous and lively.

By now, Great Qin had also finished digesting the Desolate Crow World and had taken control of it, and it could once again attack other worlds.

Its targets were the two new worlds on either side of it. They were quite weak and were easy to bully; if Great Qin did not attack them, who would it attack?

However, Zhao Fu did not plan on participating in this as it was now the ninth year and it would soon be time for the Emperor Path College's examination. Zhao Fu was definitely going to go there, and he had been making preparations.

However, what happened next completely surprised Zhao Fu and interrupted his original plans. The higher-being friend he had made advised him not to go to the Emperor Path College – after all, the matters caused by Zhao Fu in the Demon Domain had caught many people's attention, and many factions in the Human Domain knew about him and guessed at Zhao Fu's identity.

Chapter 1520: Wind Spirit World

If Zhao Fu went to Emperor Path College, he might be in great danger. Moreover, facing so many higher-beings and factions, it would be very difficult for Emperor Path College to protect him.

Zhao Fu felt quite startled and had thought that Emperor Path College would be his place of refuge, but it seemed that he could not rely on it as it could not guarantee his safety. Zhao Fu's heart sank, and his expression became quite grim.

He had never thought that the Human Domain's people would hear about what had happened in the Demon Domain, and his identity had also been leaked. It was evident that the Human Domain's various factions knew who he was.

They definitely knew that the person who had unleashed the Evil Flower Bewitching World in the Demon Domain was Zhao Fu. If Zhao Fu headed to Emperor Path College, countless factions and higher-beings would definitely come, and no matter how powerful Emperor Path College was, it would not be able to stop so many people.

"Ai!" Zhao Fu could not help but sigh. He had prepared for the Emperor Path College's examination for three years, yet he was now unable to participate.

Zhao Fu was very grateful to his higher-being friend; ordinary people would not be so considerate. After chatting with the higher-being for a bit longer, they concluded their talk.

The higher-being advised Zhao Fu to keep his identity a secret no matter what. If it was leaked, no one would be able to protect him, and he would definitely die.

However, Zhao Fu did not have to worry about any curses or divinations. Now that he had five Emperor Stars, including the dark and evil Demon Lord Star, no higher-being wanted to risk their life.

Zhao Fu took the higher-being's warning seriously. He did not have anyone to rely on, so he could only rely on himself. Only by being strong himself would he have peace of mind.

Afterwards, Zhao Fu put his focus on attacking other worlds. Great Qin had been developing to the left, taking down the Dark Demon World, Spirit Light World, and Corpse Pall World.

The world next to the Corpse Pall World seemed to be another human world. Zhao Fu found that that world's World Protector was someone who he had some grievances with.

That world's World Protector was a young man with white pupils who had also gone to the Spirit Light World to fight for the Primogenitor Statue. After fighting with Zhao Fu, they had left with resentment.

Zhao Fu had people spy on that world first and make preparations before they attacked.

Suddenly, Zhao Fu thought of the Void Mirror, which could break open spatial energy. It was what he had used to open the historical remnant from before.

Zhao Fu was wondering if he could break open the barrier to the Wind Spirit World to the right. Great Qin could not just keep continuing to expand to the left. They would have to open up the right side sooner or later and not have it block them forever.

Zhao Fu also sent over people to the Wind Spirit World to investigate. The Wind God's Son there was developing quite quickly, so it was better to attack as soon as possible. The more powerful he became, the more difficult attacking would be.

Zhao Fu brought the Void Mirror, Yu Ling, Mosax, and Molaf to the area near the barrier of the Wind Spirit World.

During the time Zhao Fu had been gone, Yu Ling, Mosax, and Molaf had become much stronger, and they should be able to break through the barrier.

Mosax first leashed his powerful Nothingness Domain, which now covered 10,000 meters. As it covered the barrier, it greatly reduced the barrier's power.

Molaf stretched out a hand and exploded out with a powerful Nothingness energy that blasted against the barrier. Zhao Fu held the Void Mirror and sent large amounts of power into it, causing it to shoot out a powerful ray of light.

Boom!

The two types of energy blasted against the barrier, causing the incredibly tough barrier to tremble.

Yu Ling went up and placed his small hand against the trembling barrier. A silver energy silently spread out and covered the trembling barrier.

Bang!

A large explosion sounded out as cracks appeared on the barrier before falling down, forming a 1,000 meter wide hole, from which green-colored wind flowed out.

A trace of a smile appeared on Zhao Fu's face; they had finally breached the wind Spirit World. Even though it was only a 1,000 meter wide hole, Great Qin could enter as they pleased and could transport a large number of people within.

It was likely that the Wind Spirit World had sensed the ripples here and would respond. Zhao Fu decided to immediately attack the Wind Spirit World and not give it any time to prepare.

Now that the Wind Spirit World's barrier was still up, it was quite favorable for Great Qin. After all, if the Wind Spirit World's barrier was gone, the billions of soldiers from the Wind God Empire would be able to help, making it impossible for Zhao Fu to conquer the Wind Spirit World.

If that happened, Zhao Fu's path to the right would be blocked and he would have another powerful opponent. The Wind God's Son there definitely was not simple

Boom!

A shocking explosion sounded out, causing Zhao Fu's expression to fall. Clouds swirled as thunder boomed, and the entire world trembled.

It was not just Zhao Fu's expression that became grim, but many people's expressions all over the Heaven Awaken World were the same. These ripples were much more ferocious than before and lasted for longer, and they gave off an even more terrifying aura.

Everyone felt as if they had been tossed into icy-cold water and their bodies instinctively trembled as they felt terror in their hearts.

Only after a few hours did the ripples stop.

Bang! Bang! Bang...

Shocking explosions once again sounded out throughout many worlds, and countless people felt as if they were going to go deaf.

Zhao Fu looked quite confused as he saw the Wind Spirit World's barrier shatter and fall, smashing out large craters. Sand billowed into the sky, making it difficult to see.

"Bastard!" He had taken great pains to break open the Wind Spirit World's barrier, but the rest of it had now shattered. All of what he had done had been wasted, and Zhao Fu could not help but curse.

However, this was not just the case for the Wind Spirit World but also for the Fish Scale World as well. The barriers of the new worlds all shattered without exception.

The massive sounds had come from countless Heaven Domain Boundaries shattering, and two of them had been the Fish Scale World and Wind Spirit World.

This meant that all of the new worlds' protection was over, and they were about to face the true trials of the Heaven Awaken World.

At the same time, countless system announcements sounded out within Zhao Fu's mind.
